UAWA Plans New Drive

Industrial Unit

CLOSE ROUGE PLANT
FOR THE WEEKEND

Welter Of Contradictory
Claims Surround At-
tempt To Organize

DETROIT, May 29 (AP)—The United Automobile Workers of America, seeking to unionize the 150,000 Ford Motor company employees, pushed plans today for another drive against the gates of the company's Rouge plant, largest industrial unit in the world. The plant was closed today for the Memorial Day week-end, resumption of operations being scheduled for Tuesday.

A welter of contradictory claims surrounded progress so far in the attempt to organize the 89,300 persons employed in the Rouge plant in suburban Dearborn.

Harmer Martin, the former Baptist minister who as UAWA president led the union in its strikes at General Motors and Chrysler corporation plants, contended "hundreds" of Ford workers are through membership offices, recently opened just outside the Dearborn city limits.

Harry H. Bennett, director of personnel for the Ford company, said unsolicited "pledges of loyalty" to the independent manufacturer who opposes labor unions have been received from approximately 60,000 of the Rouge plant employees. Some, he said, before the notation, "stand pat against the union."

Try Distribution Again
Sometime next week—presumably Wednesday or Thursday—the union plans another foray into Dearborn to distribute handbills and a special edition of its official publication to Ford workers arriving or departing from the plant.

Apparently unconnected with the UAWA organizing efforts or with the recent statement of Henry Ford "that really high wages" would come when the "strike mess is over," was an announcement by Bennett that production schedules at the Ford plants would be cut from 40 to 32 hours a week during June. Recent speculation has centered on reports that Ford contemplated a \$7 daily minimum wage and five six hour days a week.

The union has named one of its aims, in the campaign against Ford, as the 6-hour day and an \$8 minimum daily wage.

At Richmond, Calif., where the CIO-affiliated United Automobile Workers walked out, closing a Ford assembly plant, the American Federation of Labor sought to gain leadership by promising to put the men "back to work" at \$8 per day.

Reviewing The
BIG SPRING
WEEK

by Joe Pickle

Big Spring has as its guest for a short time today the man who stands second only to President Roosevelt in the councils of the party which this section and all of Texas will, for untold decades to come, support. But more than a phenomenal political figure, Henry A. Farley, who pauses briefly here this morning, is a capable postmaster general, and a man who loves to mix with men. The city is fortunate for having had him as its guest.

One of the most important meetings ever to confront the citizenship of this city is slated for Monday at 8 p. m. on the Settles mezzanine. It concerns the Big Spring campaign for location of a West Texas hospital for insane in or near Big Spring. The meeting is being held with two primary purposes in mind—to inform and enthuse the public.

Lack of information has created a corresponding indifference on the part of a few influential persons. By Saturday much of this had been dispelled, and it is hoped that the Monday evening session will completely allay all doubts. Big Spring has an excellent chance to get the location of an institution which will precipitate at least a \$317,000 building campaign, which will produce a lasting and steady payroll estimated in excess of \$60,000 a year, and which will annually bring hundreds of visitors into the city. Big Spring is the place for the hospital. It's up to Big Spring to get it.

Not in five years have such beneficial spring rains visited Howard county and surrounding areas. The rains of last Monday and Tuesday gave the soil a

Town Constable

COLUMBUS, May 29 (AP)—Robert Lee Bobbitt, chairman of the state highway commission, was stopped here today by Constable "Cowboy" Davis.

The constable lectured the commissioner on the evils of the regarding a red light traffic signal and closed by presenting Bobbitt with a ticket.

Bobbitt asked that a plea of guilty be entered for him when the traffic case comes to trial. He said he would remit the amount of the fine.

Propeller Breaks As He
Roars Close To Ground
At 250 M.P.H.

ST. LOUIS, May 29 (AP)—A spectacular crash landing by Roger Don Rae, champion American racing pilot, chilled 12,000 spectators today at St. Louis' air show but the young Lansing, Mich., flier escaped serious injury in the smashup of his tiny monoplane.

Losing half his propeller as he roared close to the ground at 250 miles per hour toward a pylon in front of a gasping grandstand, Rae jerked his plane up to 200 feet, fighting hard for control. It flutered and came down hard to a "belly" landing, its nose and undercarriage smashed.

Rae's accident occurred at the end of the eighth lap of a 50-mile free-for-all as he roared in pursuit of Art Chester's blunt-nosed "jeep," Chester, a Los Angeles flier, sped over the two remaining laps of the race to win \$900 with a speed of 258.5 miles an hour.

Events Postponed
The air show, the first in St. Louis since the Pulitzer Cup races in 1923, got off to an inauspicious start when the first two events were postponed, but Rae's crash set the keynote for thrill after thrill during the remainder of the first day's program.

Mrs. Louise Thaden, winner of the Bendix and Harmon trophies last year, set a new speed record for women, flying a 100 kilometer (62.5 mile) course at a speed of 197.9 miles an hour.

The former record was 175 miles an hour, held by Amelia Earhart, famed aviatrix.

AF OF L COMPLETES
CIO FIGHT PLANS

CINCINNATI, May 29 (AP)—The American Federation of Labor, its battle plans completed, set in today to fight John L. Lewis for the leadership of the American labor movement.

The federation's first move was to drive all Lewis rebels from its own ranks.

William Green ordered the New York and Chicago city central bodies to expel immediately all locals affiliated with Committee for Industrial Organization unions.

Similar orders, Green said, would go to all.

This action was directed by a conference of loyal union representatives here this week. The conference also ordered the council to collect double dues from all unions (two cents instead of one cent a month for each member), to start a coordinated organization campaign and to require all loyal locals to join their city central bodies and state federations.

In planning its anti-Lewis campaign, the council's most sweeping decision was to drop craft lines temporarily in enrolling new members. Federation leaders expected this decision to result in numerous inter-union squabbles, but they felt it would be better to increase the membership first and settle jurisdictional disputes later.

DEATH LIST MOUNTS
AS VOLUNTEERS DIG

TLALPUJAHUA, Mexico, May 29 (AP)—The death list in the avalanche of mud and sand from a rain-weakened dam mounted tonight. Volunteer rescue workers today recovered eight bodies from the wreckage of 300 houses caught in the big slide, boosting the total to 61.

Mayor Rafael Juarez estimated 168 persons had been killed. The mayor reported 400 families were homeless and receiving aid from the government.

FDR LEAVES FOR
HYDE PARK VISIT

WASHINGTON, May 29 (AP)—President Roosevelt left Washington tonight for a brief visit to his Hyde Park, N. Y., home. His special train departed at 11 o'clock. He took advantage of a congressional interlude to spend the Memorial Day in his home state.

Two Out-Of-State School
Men Mentioned For
Position

AUSTIN, May 29 (AP)—Names of possible successors to the late Dr. H. Y. Benedict, president of the University of Texas for 10 years, were mentioned freely but unofficially today despite indications action would not be taken for several months.

Leo Haynes, secretary, said the board of regents meeting in Galveston May 31 probably would pick an acting president to serve in the interim. Faculty members have been performing administrative duties since Dr. Benedict succumbed to heart disease May 10.

The fact that none would say whether the regents were considering a permanent head did not deter speculation and many educators, including two out-of-state schoolmen, were named.

Dr. Smith Considered
Mentioned frequently since a recent visit here for a lecture was Dr. T. V. Smith, head of the department of philosophy at the University of Chicago and a member of the Illinois senate.

Though he has long since centered his activities in the Midwest, the educator-politician is a native Texan and graduate of the University of Texas.

Another native son, Dr. W. B. Bizzell, now president of the University of Oklahoma, was mentioned also. A graduate of Baylor university, Dr. Bizzell served as president of the College of Industrial Arts at Denton, Tex., from 1910 to 1914 and Texas A. & M. college from 1914 to 1925.

Some persons gave credence to a report that Maj. J. R. Parton of Houston, a member of the board of regents, might be chosen. An attorney and president of an oil company, Parton represented the regents in hearings before legislative committees considering university appropriation for the next biennium.

Authoritative sources would not say but some believed that ex-students, faculty members and the administrative council might have a voice in selection of a permanent head.

This gave rise to further speculation that a present university official might be favored and some suggested the position might go to Dr. T. H. Shelby, director of the extension division, native Texan and graduate of the university.

Dr. H. T. Parlin, dean of the college of arts and sciences and native of Colorado, or J. W. Calhoun, comptroller.

There was talk, although generally discounted, that Governor James V. Allred or Dan Moody, former governor, would be considered.

BANKER IMPROVES
AFTER OPERATION

HONOLULU, May 29 (AP)—Doctors, nurses, relatives and friends administered aid today to port-tomata-stricken George F. Baker, New York banker, after his yacht Viking entered Honolulu harbor to end a 300-mile race from mid-Pacific with the sailing multi-millionaire.

Physicians reported his condition was improved and that the banker was resting comfortably. Mrs. Baker, who arrived by Clipper plane from the mainland, hurried directly to the yacht, accompanied by her cousin, J. Gordon Douglas, and Henry P. Fletcher, former Republican National committee chairman.

The yacht reached port shortly after midnight, accompanied by the Coast Guard Cutter Taney. The corps of waiting physicians and nurses was permitted to board it immediately, without the usual quarantine formalities for ships arriving from foreign shores.

Dr. James R. Judd of Honolulu conferred with Dr. Arthur R. Ambler, the physician who operated on Baker at sea Tuesday night.

JUSTICE IN FINAL
COURT CONFERENCE

WASHINGTON, May 29 (AP)—For the last time Justice Van Devanter sat in today at a Supreme Court conference, helping to decide whether the high tribunal should review a variety of litigation affecting the Roosevelt administration.

Whatever action was decided upon at the regular Saturday secret meeting will be announced on Tuesday, just before the tribunal adjourns for the summer.

The 78-year-old "conservative" jurist, who has been on the bench 26 years, will attend the public session on Tuesday and then retire to run his recently-acquired Maryland farm.

Postmaster General Is
Accompanied By
Karl Crowley

Postmaster General James A. Farley, on a tour of the southwest, will pause in Big Spring early Sunday to informally greet citizens before resuming his journey to Fort Worth and to engagements in Louisiana.

Originally scheduled to arrive on the 7:40 a. m. Sunshine Special, Farley will leave the train at Stanton where he will join Postmaster Nat Shick for the trip to Big Spring. Shick said that plans were to arrive here for a short address not later than 7:50 a. m.

With Farley will be Karl Crowley, solicitor of the post office department, who formally dedicated the new post office building here.

JIM FARLEY

In early April, and Smith W. Purdom. Both may be called on for a brief talk before the appearance of Farley.

Farley Hospital
Saturday Farley warmly praised the Carrie Tingley hospital for crippled children at Hot Springs, N. M., as he visited the institution with Gov. Clyde Tingley, Sen. Dennis Chavez and Rep. John Dempsey.

Balked by state-wide flood conditions, the governor and his guests were limited to an informal visit and luncheon at the hospital on the day Farley was scheduled to make the dedication address.

Earlier the postmaster general had told an audience at Deming, N. M., that the president's "reform plan" for the supreme court "is generally approved by the people" and President Roosevelt "will carry out to the end his program as outlined."

At El Paso Saturday evening the high democratic political prospect of "46-2" fame was honored with a dinner.

PROPOSED NEW AAA
TO BE DISCUSSED

BROWNWOOD, Tex., May 29 (AP)—State headquarters of the Texas Agricultural Association here today announced a series of district meetings to discuss the proposed new AAA now before the House Agricultural Committee at Washington.

Directors of the Association recently endorsed the program. The meetings follow: June 1, Karnes City; June 2, Brady, Victoria; June 3, Robstown, Pittsburg, Eastland; June 4, Wichita Falls, Richmond, Corsicana, Cerrillos; June 7, Big Spring, McKinney; June 8, Amarillo, Tulia; June 9, Lubbock.

The Howard County Agricultural association, affiliated with the Texas association, was recently organized here with six local divisions. Walter Robinson, Midway, is head of the organization.

DAMAGE MOUNTS AS FLOODS CONTINUE

EL PASO, May 29 (AP)—Considerably worried over the flood situation at Roswell, Gov. Clyde Tingley of New Mexico remained Saturday night in El Paso in the governor's suite at Hotel Cortez to wait for first hand reports from his adjutant general, Russell Charlton.

If conditions warranted it, Governor Tingley said he would go to Roswell, otherwise he would leave Sunday to look into flood conditions on the northern end of the Rio Grande. He will go as far as Santa Fe.

"We have a serious situation up there," he said.

Steel Strikes Are
Costing Three
Million Weekly

(By The Associated Press)

YOUNGSTOWN, Ohio.—Loss in wages and profits set at more than \$3,000,000 a week as steel strike enters fifth day with at least 72,000 idle.

CHICAGO—Union and company make counter claims of intimidation as score injured in fighting treat wounds.

CANTON, O.—Republic's stainless steel division shuts down with 300 men joining strikers.

WARREN, O.—Republic protests to postmasters stopping of mail trucks by pickets seeking to enforce "strike or starve" strategy.

BUFFALO—Spokesman for Republic calls "ridiculous" union's prediction of end to operations within few hours.

YOUNGSTOWN, O., May 29.—The cost of the steel strike soared into millions of dollars tonight against a background of pickets pacing a 500-mile front where at least 72,000 men are idle in the nation's greatest manufacturing industry.

While companies and strikers locked horns on the union's "strike or starve" strategy designed to remove a few thousand men remaining in the mills, a survey set at more than \$3,000,000 a single week's losses in the strike as measured by wages and profits.

With the walkout moving into its fifth day and little apparent prospect for settlement before it has

lasted a week, figures indicated a loss of about \$2,000,000 weekly in wages. The basic wage for Northern steel mill workers is \$5 a day for five eight-hour days, with time and a half for the sixth day which virtually all mills have been utilizing to keep abreast of orders unqualified since 1929.

The three companies involved—Republic Steel Corp., Youngstown Sheet & Tube and Inland Steel Co.—were losing at the rate of \$1,189,384 on the basis of their first quarter earnings this year.

This yardstick, admittedly fallacious, indicated that the steel industry's loss would be \$1,189,384 a week.

Meet Monday
To Discuss
Hospital Plan

Large Attendance Urged
By Dr. M. H. Bennett,
Committee Chairman

Big Spring citizens will rally to a campaign for securing the location of a West Texas insane hospital here in a meeting called for 8 p. m. Monday in room No. 4 on the Settles mezzanine.

Dr. H. M. Bennett, chairman of the hospital committee, has urged every interested citizen to take part in the meeting.

Grover C. Dunham, vice-president of the chamber of commerce, will call the meeting to order and will introduce Dr. Bennett.

Dr. G. T. Hall will discuss the matter briefly and B. Reagan will point to benefits to be derived from the location of the hospital here.

George White, chairman of the site committee, will enumerate the requirements for the location and reveal progress made in that direction.

Phases of utilities mentioned in a board of control questionnaire will be explained by James Davis, gas; E. V. Spence, water; electricity, Carl Blomsheld.

An open forum concerning the matter will be encouraged.

Questions asked by the board of control, which will locate the hospital, refer to the size of the city, railroad, highway and transportation facilities, hotel accommodations, shape and type of land plot, utilities, etc. The city which secures location of the hospital must donate at least 300 acres of land as a site. The institution, designed for 540 inmates, will cost \$817,000.

STATE DEPARTMENT
MAY MOVE EMBASSY

WASHINGTON, May 29 (AP)—The State Department may move its embassy in Spain for a second time to escape the menace of insurgent air raid.

Summer Welles, Acting Secretary of State, voiced his government's concern today over the perils confronting the six American representatives in Valencia, the Spanish Loyalist capital. He received word of yesterday's insurgent aerial bombing attack on the city in which more than 200 persons were reported killed.

Welles said the flood has backed up to such an extent the waters probably will not begin to recede before late tomorrow.

Business was at a standstill. The Roswell Record, although publishing this afternoon, faced the problem of distributing its papers. Police ordered people to remain at home. Those venturing forth navigated the streets in hip boots and boats. The Hondo spreading over the lands on the south and west and the Pecos, rising more than an inch an hour, covering an ever-widening area 19 miles east and north.

The flooded area of the city, which is situated between two hills, is approximately four square miles. One of the few places to escape the

Reports from Riverside Camp, 30 miles above the city, said the crest of the Hondo had passed. There was no appreciable rise or fall in the water late today and authori-

ties said the flood has backed up to such an extent the waters probably will not begin to recede before late tomorrow.

'Very Grave Events Happening In Germany,'
Holy Father Says

CASTEL GANDOLFO, Italy, May 29 (AP)—Venerable Pope Pius XI, with his 80th birthday only two days off, in a vigorous utterance today sent special blessings to German Catholics to fortify them against a fierce new Nazi attack.

The holy father said "very grave events are happening" in Germany where last night the Nazi regime's movement against the Catholic

church reached new heights of bitterness in a speech of propaganda Minister Paul Joseph Goebbels.

While preparations for the celebration Monday of the Pope's 80th birthday went on at his summer home here, he addressed a group of pilgrims, including some from Germany, who brought greetings on his completion of four score years. He said:

"The holy father, feeling himself near to all his German sons, bleases with all his heart and affection not only those present here, but all others who are united by the same feeling of faith and devotion to their religion."

ADMINISTRATION FAILS
TO WORK OUT COMPROMISE

WASHINGTON, May 29 (AP)—Failure to reach an understanding on expenditure of funds for highways blocked tonight an administration attempt to work out a compromise on the riddled relief bill.

A round of conferences at the White House and capitol ended without a decision by leaders of a house bloc to withdraw amendments that tentatively earmarked \$505,000,000 of the \$1,500,000,000 relief fund for public works, flood control and road projects.

Chairman Cartwright (D-Okla.) of the roads committee led the battle to earmark \$150,000,000 of the relief fund for highway purposes.

Representative Rayburn (D-Tex) house majority leader, told reporters clustered in his office tonight that on public works the administration had agreed to carry out projects "wherever there was a moral obligation on the part of the government to do the job."

That means, he said, that the administration would go ahead with all projects for which bond elections have been authorized to be held.

Rayburn had conferred with Mr. Roosevelt a short time earlier.

Tax Drive
Started By
LaFollette

General Income Tax
Increase To Be
Sought

WASHINGTON, May 29 (AP)—Senator La Follette (Prog-Wis.) informed his colleagues today that he would try to write a general income tax increase into the administration's suggested anti-tax evasion legislation.

Roughly, La Follette's tax program, one that he has been urging for years, contemplates a general increase from the lowest brackets and the inclusion in the income tax paying group of thousands of low salaried citizens who now are exempt.

He would bring this about by increasing the normal tax rate and by raising the surtaxes paid by those whose incomes run into the taller figures.

Exemptions at present are \$1,000 for an unmarried person, \$2,500 for a husband and wife, and \$400 for each dependent, when there are children in the family below 18. The normal tax rate is four percent.

At the White House, it was said today that the president will send a message to congress on Tuesday covering the subject of tax evasion legislation.

SEVENTY DIE IN
RAIN OF BOMBS

BARCELONA, Spain, May 29 (AP)—An insurgent air armada like that which struck Valencia yesterday roared in from the sea today to attack Barcelona and 70 persons died in a rain of bombs.

More than 100 were injured as seven heavy bombers scattered their missiles over a wide area, including the suburbs of this chief industrial center of Spain.

As at Valencia yesterday the raiders struck just before dawn, and they came from the same direction, apparently from Mallorca Island in the Balearics, where the insurgents have established a formidable air and naval base.

POLICE CONTINUE
SEARCH FOR SLAYER

GALVESTON, May 29 (AP)—Police continued their search tonight for Dan M. Schreck, 46, charged with murder in the slaying of his estranged wife, Mrs. Ida Mae Schreck, 28, while she lay in bed this morning with her mother.

A bullet, fired from a small caliber pistol, pierced the window of her home and entered her brain as she lay asleep in a bed near the window. Marvin De Berry, news paper route carrier, told police he saw a man enter the yard and run past him a few seconds later after a shot had been fired.

Matrimony Is Spurned By Girl Quads

Keys Quadruplets To Receive Degrees From Baylor Monday

By DAVID A. CHEAVENS

WACO, May 29 (AP)—The Keys quadruplets looked back today on a college career about to close and chorused they do not intend to dissolve their foursome for matrimony or any other reason.

Monday morning they will be graduated from Baylor university with the degrees of bachelor of arts—the first quads in history to complete a college course.

Leota, generally the voice of the famous Hollis, Okla., quadruplets scratched out matrimony as an immediate prospect. Vaudeville she explained, seemed more attractive.

"We would get to travel all over the country and get to stay together for a while longer, anyway," she said.

The plump Mary, impulsive and cheerful, added her say on matrimony.

"Goeh, no!" she exclaimed, "we are not thinking of anything like that—not yet, anyway."

Roberta, the serious one, added: "We don't mean that we intend to become old maids. All of us look at this problem sensibly and we realize that sometime we will have to part and lead individual lives. What Mary means is that the right man just has not come along yet."

Popular On Campus

The four vigorously nodded their approval of this statement. The quads, since freshman days here, have been popular with both boys and girls and there have been dates aplenty for each.

The Keys girls—Leota, Mary, Mona and Roberta, are all good musicians and have appeared on many radio and stage programs. Leota said they have had a number of offers to enter vaudeville and the movies, but have not decided on any of them definitely. They play saxophones and sing.

The pretty Mona pointed out they could teach school "if necessary."

"Mary and Leota have permanent teacher's certificates while Roberta and I have temporary ones," she explained.

The girls have done practice teaching in Waco public schools in connection with their courses in education. Their chief objection to teaching is that it probably would necessitate a break in their companionship.

"College life has brought us more happiness than we hoped for," Leota said for them all.

"We have made so many friends. The best part of it is that they look on us as individuals, and not as something that comes in fours."

The Keys quadruplets were born to Mr. and Mrs. Fiske Keys at Hollis June 4, 1915. Mr. and Mrs. Keys and a number of relatives are here for the graduation. The girls will go to their home in Oklahoma for a few weeks immediately after commencement.

Elreath. Presents were sent by Mrs. C. V. Wash, Mrs. M. C. Forbes, Mrs. A. E. Gilbert, Mrs. J. R. Smith, Jr., Mrs. D. A. Dixon, Mrs. W. E. Towery, Mrs. A. M. Talant, Mrs. P. R. Cook, Miss Hazel Gilbert and Mrs. Lonnie Gray.

McCARLEY ACQUITTED OF MURDER CHARGE IN BROTHER'S DEATH

McKINNEY, May 29 (AP)—Kemp McCauley was acquitted this afternoon by a jury in district court of a charge of murder in the fatal shooting Aug. 19 of his 25-year-old brother, Oscar McCauley.

The verdict was returned after an hour and forty minutes deliberation.

Testimony indicated the defendant and his brother had several arguments prior to the latter's death from a wound from a pistol at the home of another brother, Gene McCauley, in the Blue Ridge section of northeast Collin county.

Large Rodeo Prize Purse Draws Many

Awards To Total \$2,000, Specialty Performers Are Booked

Prizes in cash and merchandise totalling over \$2,000 will be offered contestants in Big Spring's Fourth Annual Cowboy Reunion and Rodeo, directors of the association voted Friday night. The big money, if inquiries mean anything, will draw many talented performers.

Eighteen hundred dollars in cash prizes will be distributed to the winners of day money in calf roping, bell calf roping, bronc riding, steer riding and bulldogging. Additional prizes, including two special money saddles, will be offered to winners of three-day averages.

Engagement of Bud Spillbury of El Paso and his educated horse, "Silver King," and the trick riding combination of Mr. and Mrs. T. J. Richards will run the total expended for competitors to approximately \$3,000.

Considerable increase in purses offered to bronc riders, steer riders and bulldoggers is expected to supply these events with new talent this year. Daily prize money of \$50, \$30, \$20 and \$10 will be offered in these events. Vic Schwartz of Byers and Dan Utley of San Angelo, who have fought it out for the "busting" laurels in the last two rodeos, have both assured local officials they will be on hand July 4.

Prize lists are being prepared and will be mailed out to prospective contestants soon.

On they march . . . heads held high . . . spirit soaring with the pride of patriotism. Veterans of the wars in which our glorious nation participated to help the world in a cause of fair play and democracy. On they march, and yet they have no more firmly rooted hope in their hearts than that the world go on in peace forever. A just cause may justify the supreme sacrifice—but how much more noble it would be of man to settle international disagreement with intellect rather than bloodshed!

Judge Shoots Marble Game To Reform Boy

WALTHAM, Mass. (UP).—A wise judge has stooped to a game of marbles and thus conquered stubborn tendency of an eight-year-old boy.

Because he played hockey and wouldn't mind his parents, the child was brought before District Judge P. Sanford Cunniff. He called the judge "slay" because of

his long, black robe, then fell silent.

Judge Cunniff finally found common ground in a discussion of marbles. Later he bought "migs" for a game and the lad won them all.

Now the boy has a new home under state supervision. No more hockey or stubbornness.

Instead, he has confided to the judge, he wants to be a cop.

Typhoid Fever Is Fatal To Rich Indian

Quiet, Conservative Indian
Had Made \$1,270,000
From Oil

MUSKOGEE, Okla., May 29 (UP).—Known as the world's richest Indian since the death of Jackson Barnett, Enus Wilson, 35-year-old Creek fullblood, died this afternoon of typhoid fever at a hospital here.

Wilson was brought here 10 days ago from his \$80,000 home at Bald Hill, near Okmulgee, but was believed recovering until he suffered a relapse Friday night. He contracted the disease while on a fishing trip early this month.

Wilson was quiet and conservative. He disliked publicity and his wealth never brought him litigation.

The millionaire Indian lived at his expensive home about eight miles northeast of Okmulgee with his white wife and two children. His family and his boyhood guardian, Ed Hart, Okmulgee banker, were at his bedside as he died.

From his 160-acre allotment in Creek county, Wilson's fortune from oil and gas began piling up in 1912. His estate consists of \$1,270,000 in cash and bonds in addition to his home.

POLICE CAPTURE MURDER SUSPECT

ATLANTA, May 29 (UP).—County police tonight announced the capture of Milton Jackson, negro suspect of the torch slaying of Mrs. Robert Fluker, at her home here today.

The capture was made by city police officers in a downtown street. County police said the negro was driving Fluker's blue automobile.

He was rushed to the city police station where he was questioned, and then was transferred to the

FLOOD WATERS IN 'DUST BOWL'

BEAVER, Okla., May 29 (UP).—Flood waters, a rare spectacle in the nation's "dust bowl," raged today where one week ago a Panhandle windstorm whipped dust out of dry creek bottoms.

The North Canadian river, rising suddenly after a series of downpours in New Mexico, pounded eastward into the Panhandle, overflowing its banks at Beaver.

Swollen Panhandle tributaries, filled by several successive rain storms, added their contents to the river and the federal weather bureau warned Oklahoma communities to the south to be prepared for flood within 48 hours.

At Beaver, the North Canadian stood three feet deep in U. S. Highway 270. At Mooreland, in Woodward county, motorists were routed around a flooded section of state highway 15.

The South Canadian was rising to flood proportions in West Texas after a downpour which measured 2.06 inches at Amarillo. The crest of the stream was expected to reach Union City, Okla., tomorrow night.

MOTHER, DAUGHTER FATALLY INJURED

VAN ALSTYNE, May 29 (UP).—A mother and daughter were fatally injured when two automobiles collided on the highway a mile west of here today.

Mrs. Jim Harris, 55, died almost instantly. Her daughter, Ruth, 17, died later in a Sherman hospital.

J. Williams, driver of a car involved in the wreck, was only slightly injured. Two other occupants of the Harris automobile were unhurt.

Ruth Harris, a senior in Van Alstyne high school, would have attended baccalaureate services for her class tomorrow night and graduated Monday night.

Montana Building Rises

HELENA, Mont. (UP).—Increased building in Montana was forecast with the announcement by the state office of the Federal Housing Administration that loans made by state building and loan associations, accepted for federal insurance, had risen 29.1 per cent as of April 1. There was a total of \$2,060,000 in loans accepted.

In Jerusalem's 33 centuries of history, she has endured over 20 sieges and blockades, about 18 reconstructions and six changes from one religion to another.

MEXICO'S GASOLINE SUPPLY IS SHUT OFF

MEXICO CITY, May 29 (UP).—Motor traffic in Mexico dwindled steadily tonight as the gasoline supply, shut off by a nationwide strike of oil workers, diminished rapidly.

Negotiations to end the two-day old walkout of 18,000 employees were stalemated.

A threat of extension of the oil strike increased as the FROC, regional federation of workers and peasants, voted its central committee authority to declare a general strike in the federal district, if petroleum companies fail to yield in 72 hours.

The Confederation of Workers of Mexico, after presenting minimum demands to Vasquez, announced the opening of an "energetic campaign" to prevent profiteering.

The newspaper Universal Grafico estimated 10,000 persons vacationing outside the capital were facing difficulties in returning because of the lack of gasoline.

Canada Counts Jobless Cost

OTTAWA, Ont. (UP).—It has cost Canadian governments and taxpayers \$4 a second to care for the country's jobless during the last six years. The Dominion provincial and municipal governments have spent nearly \$800,000,000 since March 31, 1931.

When Leland Stanford, Jr., died in 1894 in his seventeenth year, his parents founded that university of that name at Palo Alto, Calif., as a memorial.

THE SPORTS CIRCUIT— A Possibility Of Two Loops Has Arisen

By HANK HART

The Sandbelt baseball league has suddenly become popular with teams of this vicinity. According to the latest reports, Ackerly, Coahoma and another team from Forsan has asked entrance into the circuit. However, the eight teams who originally organized the loop seem ready to go. If as many as 12 outfits arouse enough interest it may be possible that two circuits of six teams each can be organized.

The TP uniforms have arrived and, taking the word of Manager Ralph LaLonde, the Shoppers look the part of champions if they can't fulfill all requirements on the field. The suits are light grey trimmed in blue.

There will be no admission charge at the TP-Knott games this afternoon and managers of both teams have requested that all persons who wish to witness the affairs come inside the fence. A collection will be taken up to help in meeting expenses of the game.

The services of Banker George Neel have been recruited by the combined TP-Co-Op team for the Monday game with the Coahoma Bulldogs. Neel, who was a pitcher when he could find the place several years ago, will play second base for the locals.

The high school B Association enjoyed an outing at Christoval Saturday accompanied by Flossie Razor Low, local commercial teacher.

Obie Bristow's first round match with H. L. Agnew in the Westex golf tournament Thursday revived an old links feud. The Big Spring siege gun and the veteran Agnew have been going at each other for the past decade.

Local netters are planning to revive the old Sandbelt net tournament the second week in June. Curtis Bishop won the last staging but that was B. J. D. (before Joe Davis).

Lois Madison, Finchers' right fielder, still boasts every now and then of a single off Grover Alexander. "Shorty" batted against the old boy when the ex-card star played with the House of David team here several years ago. The bearded beauty won, 14-0.

Oddity: Father and son playing in the same ball league. Popper Martin, regular Coeden center fielder, has a son, Pop Jr., playing third for the Anderson Devils. Little Popper is on his way toward a better brand of ball and one of these days may do his father proud.

WHITE SOX AND INDIANS SPLIT

CLEVELAND, May 29 (AP)—The Cleveland Indians and Chicago White Sox split a double header today, the Sox taking the first, 4 to 1, and the Indians the second, 13 to 5. A collection of 12 hits in the first game and 15 in the second spelled victory in each case with disastrous misplays charged to the losers.

Rip Radcliff and Luke Sewell each tallied twice in the opener for Chicago while John Heath counted as the only Cleveland run on a sacrifice by Jules Solters.

Lyn Lary and Solters, ex-St. Louis star, led the attack on Dietrich and Rigney in the aftermath, getting four hits each.

John Whitehead, who had been retired by Manager Dykes due to the fact that he would not keep in training, returned to action and set the Indians down with six hits.

PASTOR HEADS EAST AFTER WIN

LOS ANGELES, May 29 (AP)—Matchmaker James J. Johnston of Madison Square Garden, preparing to return to New York tonight, declared he would seek to match Max Schmeling of Germany and Bob Pastor of New York for a heavy-weight bout in June.

Pastor, who upset California's hope, Bob Nestell, in a vicious 10-round encounter here last night, caught a train for home this morning.

"I believe a Pastor-Schmeling bout would do \$200,000 or \$300,000 in New York, maybe more," Johnston asserted. "I also believe Bob can knock Schmeling out in fifteen rounds, and he can do the same thing with either champion, Jimmy Braddock or Joe Louis."

U.S. NETTERS COP OPENING MATCHES WITH AUSSIES

BIT GRANT WINS MATCH, 6-2, 7-5, 6-1

BY ALAN GOULD

FOREST HILLS, N. Y., May 29 (AP).—Shot by illness and with the frontline survivors unable to withstand the shock of America's robust tennis attack, Australia's hard-luck Davis Cup forces were put to rout this afternoon in the opening singles matches of the North American zone finals.

Under a broiling sun, before a crowd of 7,500 spectators, Donald Budge of California and Bryan Grant of Georgia swept the Australians right off the turf courts of the West Side club's big stadium.

Budge, ace of the American team, blasted the veteran Jack Crawford 6-1, 6-3, 6-2. Grant then signaled his debut in the zone finals by trouncing 18-year-old Jack Bromwich, ambidextrous Australian substitute, 6-2, 7-5, 6-1.

The Americans now need only one more victory to clinch the series, with the doubles scheduled Sunday and the final two singles contests booked for Monday. They seem assured of a decisive triumph, thereby qualifying to play the European zone winner for the right to challenge England, and making the trip abroad with U. S. hopes of international conquest higher than they have been in most years since the famous trophy was lost, in 1927.

The Australians, who beat America 3-2 last year, played today with two of their stars, Adrian K. Quist and Vivian McGrath, on the side. Quist, erstwhile singles ace, who had been named to play the second singles match today, was withdrawn upon the team doctor's advice. Quist was taken ill just a week ago, with intestinal "flu."

Jim Snyder Wins Prizes At Speedway

Wild Bill Cummings At Pole Position, However

INDIANAPOLIS, May 29 (AP)—Thirty-three kings of speed were ready tonight for the sound of the starting bomb which will send them away at 10 o'clock Monday morning in quest of \$50,000 in prize money awarded at the annual 500-mile Indianapolis motor speedway race.

The two-week qualifying trials ended promptly at 4 p. m. today, with a full field of 33 starters and two alternates. There was one car on the track attempting to qualify when the trials ended. It was driven by Johnny Seymour of Detroit, but he was flagged down.

Heading the list of qualifiers was Jimmy Snyder of Chicago, who won \$400 in qualifying prizes by running 25 miles at 125.287 miles an hour.

The coveted pole position, however, was held by "Wild Bill" Cummings of Indianapolis, who qualified on the first day at 123.445 miles an hour.

The trials, which saw the highest speed in history at the Indianapolis track, resulted in the deaths of two men. Both, George Warford of Indianapolis and Albert Opalko of Gary, were killed yesterday in separate accidents.

BROOKLYN AND BOSTON SPLIT

BROOKLYN, May 29 (AP)—Vince Dimaggio's single in the tenth inning, driving in the winning run, gave the Boston Bees an overtime 4 to 3 win over the Dodgers in the nightcap of a double-header today, after Van Mungo had pitched and batted the Brooklyn to a 2-1 victory in the opener.

Mungo held the Bees to three hits in the opener but the Boston outfit was leading until the seventh as result of Moore's run in the second.

First game:
Boston...010 000 000—1 3 0
Brooklyn...000 000 101—2 11 0
Batteries: Bush and Lopez; Mungo and Phelps, Spencer.

Second game:
Boston...001 020 000—1 4 15 1
Brooklyn...100 011 000—5 5 0
Batteries—Pette and Lopez; Hamlin, Frankhouse, Henshaw and Phelps, Spencer.

ASIA'S MUSCEL MAN

Shiek Mar-ala, who gives local fans an opportunity to see him in action on Tuesday next in the main event of the Big Spring Athletic Club's card. Mar-ala's opponent is Gorilla Pogi.

MAR-ALA DEBUTS AGAINST GORILLA POGI TUESDAY

Jack Hagen Bennett Lined Up For Semi-Go

By HANK HART
Debonair Shiek Mar-ala, a Persian by birth and temperament, has but to step into the ring of the local athletic club Tuesday night to show why he has earned the reputation as the most perfectly built human of his weight in the world and step he will as the main attraction on next Tuesday night's card.

He comes to Big Spring for the first time with ample color and ability to share the spotlight as a main event. The Asian's purpose is two-fold. He'll attempt to qualify himself for a right to the championship match to be held next month and at the same time will be out to put an end to the win streak of Gorilla Pogi, who has yet to be beaten here this season.

Pogi has gone the farthest on the way toward a chance at Titalist Jack Reynolds and this time has chosen something tougher and more difficult to handle than ever before.

Jack Hagen and George Bennett get together as the semi-final attraction. Hagen was disqualified last Tuesday in his bout with Ace Freeman while Bennett took a severe licking at the hands of Joe Kopecky.

Will Krause and Joe Bauers will argue it out in the curtain raiser. Krause returns after a draw with Jack Terry last Tuesday while Bauers hits Big Spring again after a tour of west coast fight arenas. First bout is slated to begin at 8:30 p. m.

Tigers Lose To Elton Walkup

DETROIT, May 29 (AP)—The St. Louis Browns pounded three Detroit pitchers hard today for a 13 to 9 victory in the third game of the series. Sam West, Browns' center fielder, hit two doubles and three singles. Billy Rogell and Gerald Walker hit home runs for the Tigers with the bases empty in the ninth.

The Browns collected 21 blows off George Coffman, Jack Russell, Vic Sorrell and Jake Wade with Vosmik getting four of the hits. Every man in the Brown lineup collected at least one hit except Beau Bell.

A five run rally in the second frame chased Coffman from the hill.

St. Louis...151 020 130—13 21 0
Detroit...201 002 202—9 14 1

Coahoma Loses To Hamlin, 2-1

HAMLIN, May 29—Coahoma lost a pitcher's duel to the Hamlin General Crude outfit Friday, 2-1, as Courtney set the Bulldogs down with two hits.

E. Rose, short stop, garnered both the bingles off the opposing twirler.

Al Smith, Sinclair pitcher, was also as good, limiting the Hamlin crew to three hits but was not as settled in the pinches as was Courtney.

The Coahomans go to Big Spring Monday for a game with TP and June 6 meet Lorraine in Coahoma.

Leadership Reward In SB League

Rebels And Continental Clash In Forsan, TP And Knott Meet

Out of today's Sandbelt baseball games will come the leader who will probably march on toward top honors in the first half.

Already having won two games, the strong-Continental Oilers will mix it up with the Co-Op Rebels and, if they win both games, the Forsan team should have little trouble in going on through to the first half title.

Should the Rebels cop one of the games or sweep both affairs the league standings would be thrown into a muddle with any of the teams capable of taking the lead.

The Rebels and the Oilers clash at Forsan with the opening game slated to begin at 2 p. m.

The locals will probably depend on Pap Payne and Melvin Bontant on Pap Payne and Melvin Bontant to strong-arm them to the decisions while "Windmill" Brown and Alvis Brown are scheduled to pitch for Continental.

TP's Shoppers and Knott get together for two games on the East Third dismond. Manager Ralph LaLonde will rely on Marty Martinez and D. Piorro for the pitching chores. The Shoppers have one victory in league play thus far, having defeated the Rebels two weeks ago. Anderson's Devils meet Luther in a doubleheader at Luther and Sparenburg and Richland tie up in two games at Sparenburg in other league games.

Earl Meadows Sets Up New World Vaul Record

LOS ANGELES, May 29 (AP)—Two world's records were bettered and seven meet marks went down today at University of Southern California's track and field squad won the Pacific coast conference championships.

Edipping the Trojan's 55 to 54 victory over their rivals from Stanford university were the performances of Southern California's pole vaulting twins, Bill Sefton and Earle Meadows, and Washington State's mighty four-man mile relay team.

The Sefton-Meadows duo cleared the bar at 14 feet 11 inches and quit because the standards weren't fashioned to go higher.

The Washington State quartette of Jack Orr, Harry Nettleton, Lee Orr and Loren (Bill) Benke, running in that order, nosed out the Stanford team in the time of 3 minutes 12.3 seconds. A Stanford team ran the distance for a world mark in 3 minutes 12.5 seconds in 1931.

Three weeks ago Sefton and Meadows vaulted 14 feet 1-3 inches at Berkeley, bettering the mark hung up just a few weeks previously by Sefton alone at 14 feet 7-3 inches.

The Dalai lamas have lived in the great palace of Potala at Lhasa, capital of Tibet, for centuries.

DEFENDING CHAMP IN PGA FINALS WITH HAROLD McSPADEN

MANERO IS TAKEN OUT BY SHUTE

By SCOTTY HESTON
PITTSBURGH, May 29 (AP)—Denny Shute and Harold "Jug" McSpaden fought their way into the finals of the Professional Golfers Association championship. Shute, the defending titleholder, defeated National Open Champion Tony Manero, Peabody, Mass., 2 and 1. McSpaden beat Ky Laffoon of Chicago, 2 and 1.

Relentless par golf gave Shute the battle of the champions. He simply went out and reeled off 34 holes in par, while the able and lionhearted Manero struggled and slipped and rallied, but never quite caught up.

McSpaden blew hot and cold. In the morning he shot a 69, three better than par. In the afternoon he quelled a wicked hook just when it threatened to land him on the sidelines.

Smith took the lead at the fourth this morning when Tony explored a trap, and he held it without a break the rest of the day. Tony kicked him farther ahead at the fifth by missing a two-foot putt, but Denny made up for it by missing a four footer on the sixth.

A perfect brassie to within 10 feet of the 12th cup gave Shute a birdie and a two-hole lead. Tony cut it down with a par to Denny's bogey at the 13th, and they halved the last five holes of the round in pars.

Denny started out in the afternoon by clipping a maschie nibble shot six inches from the 20th cup. He was two up until the 26th green where he flubbed an approach.

One up on the 30th tee, Denny dropped putts of six and 18 feet at the 30th and 33rd to win both holes and stretch his advantage to three up, the highest it was all day. A par at the 34th closed Tony out.

McSpaden was two putts better than par and three holes better than Laffoon on the first nine. He rapped in a 45-foot putt for a birdie three at the first, topped the 3rd from the cup in two, "Jug" rolled one in from 18 feet to increase his morning lead to two holes.

"Jug" won the first two holes with pars in the afternoon. Four up, then, it looked as if he would

MRS. HEAD WINS VALLEY TOURNEY

HARLINGEN, May 29 (AP)—Mrs. J. L. Head of Harlingen, won the third annual Rio Grande Valley women's golf tournament today by defeating Mrs. J. E. Posey of Brownsville, 3 and 2, in a 36-hole final match.

The new champion went into an early lead of 6 up at the end of the first 18 holes. Mrs. Posey picked up 3 holes to pare the margin, but could not cope with Mrs. Head's steady approach shots and putting.

First flight honors went to Miss Mildred Goodrich, Brownsville, with a 1 up win over Miss Marion Williams, Harlingen. Mrs. Herman Bupp, Harlingen, won from Mrs. Claud Liston, 6 and 5, in the second flight playoff; Mrs. Roy Porter, Harlingen, defeated Mrs. R. H. Kerns, Mercedes, 1 up in 19 holes.

In the third flight, and Mrs. Mary Brier, Houston, defeated Mrs. R. E. Albert, Harlingen, 2 and 1, in the fourth flight.

run off with Laffoon.
Ky won the 21st by curling in a five footer for a birdie four, and took the 25th when McSpaden's hook started flying over the thick grass.

Laffoon dropped a 10-foot putt for a birdie at the 28th, and evened the match with another birdie on the 30th. They played the next two holes in par, and McSpaden went one up again at the 33rd when Ky drove in the rough.

McSpaden still held a one-hole lead on the 35th tee. He hit two perfect shots to within four feet of the cup and dropped the putt for a birdie and the match.

CHICUBS BEAT REDS TWICE

CHICAGO, May 29 (AP)—The Cubs beat the Cincinnati Reds in both ends of a double header today, winning the first game, 4 to 2, and the second by the same score. More than 20,000 fans saw the Cubs hold the Reds to seven hits in the first game and Leroy Parmelee limit them to three hits in the night cap.

Walker collected three of the seven hits Carleton gave up during the opening, including a double. Carleton struck out four.

Billy Herman paced the Cub at bat in the nightcap, collecting three bingles off Paul Derringer.

It's Reynolds And Don Again In Golf Finals
SULPHUR SPRINGS, Tex., May 29 (AP)—Reynolds Smith and Don Schumacher, both of Dallas, will match strokes over a 36-hole route tomorrow for the Sulphur Springs invitation golf tournament championship.

Smith nosed out L. F. Bridges Jr., Sulphur Springs, today 2 and 1, while Schumacher defeated the former Texas university ace, David Davis, 2 and 1.

Cornell's Poloists Win Over NMMI, 9-7

ITHACA, N. Y., May 29 (AP)—Clarence (Bud) Combs scored all except one of the goals as Cornell's polo four, Eastern Intercollegiate indoor champions, rode to a 9 to 7 victory over New Mexico Military Institute today.

The Southwesterners rode the faster, smarter ponies but missed shots frequently on the soft, sodden turf after playing most of their games on dirt fields.

The visitors, champions of the Southwest, trailed from the first chukker as Combs, who counted eight times, converted two penalty shots. A New Mexico pony kicked in the other point for the Cornellians.

Jack Shirley led the Southwesters attack with five goals.

FORMER WINNERS IN TRANS. - MISS.

SAN ANTONIO, May 29 (AP)—Four former winners, a like number of Curt's Cup team members and a whole flock of champions of one kind or another will combine at the San Antonio Country club this week to make the 11th annual Trans-Mississippi golf tournament one of the largest and fastest in the history of the event.

Tomorrow most of the ruling golf queens in 22 western and mid-western states will take part in Scotch foursomes. Monday they will be entered in four-ball mixed foursomes. Tuesday they will get down to serious business and qualify.

Match play will begin Wednesday with two rounds scheduled for the first day and will continue through Friday when the 36-hole championship final will be played.

Mrs. R. S. Fellows of Tulsa, president of the Trans-Mississippi Golf association, pointing to a list of more than a dozen entrants all very capable of taking medalist honors, calls the field greater in stars than any of the preceding ones. She also is looking forward to a record field of more than 150 golfers.

TO ENTER CAMP

Mrs. J. L. Wood and children, Mary Louise and J. L. Jr., are in Georgetown for a visit with relatives. Mary Louise plans to spend about ten days and then enter Camp Mystic at Kerrville.

Oilers Meet Clover Team In Hobbs, NM

Charlie Morgan Is Slated To Throw For Locals

Manager Pepper Martin and ten Couden Oilers leave for Hobbs, N. M., this morning where they are scheduled to meet the powerful Amerasia Oilers in the Hobbs baseball park.

Lorraine failed to show up for the game Saturday and the locals held only a short practice session Saturday afternoon.

Pitching duties today will fall either to Charlie Morgan or Pat Stacey with the former favored to start. Stacey, a heavy hitting combination man, will probably patrol one of the outfield posts.

Tommy Hutto and Carmen Brandon will assist Stacey in the game while the infield will be composed of Horace Wallin at first, Mike Sherrod at second, Jake Moran at short and Pat Ramsey at third. Milesaway Baker will don the harness again behind the plate.

Two of Martin's regular pitchers, Allen Wiggins and Bill Cook, are out of town.

Weaver is slated to twirl for Hobbs.

LEES FORFEITS

Lees Store forfeited to Fincher's Sporting Goods Friday night leaving the Roadrunners only half a game behind the league leading Couden Oilers. The league will probably be reorganized June 21, end of the first half.

PITT WINS IC4A OVER COLUMBIA

NEW YORK, May 29 (AP)—Scoring in nine of the fifteen events, the University of Pittsburgh's well-balanced track and field forces today won their first intercollegiate A.A.A.A. team championship with a total of 30 1-2 points to 30 for Columbia.

Not until the final race on the program, staged before a crowd of 7,000 at Ralldalls Island Stadium, was the title bestowed on the Panthers, who have been trying to win ever since 1915.

That race, the 220-yard dash, was won by Ben Johnson, Columbia's negro flash who thereby completed a "triple," but the shade by which

Edgar Mason of Pitt placed second ahead of Larry Scanlon of Holy Cross in a postage-stamp finish was also the shade by which Pitt placed first ahead of the Lions.

It was a crushing disappointment for Columbia, seeking to add its first outdoor crown since 1879 to the indoor title it won last March.

With Pitt and Columbia staging the closest battle since California edged out Princeton, 26 1-2 to 26, in 1922, the rest of the field was strung out well behind. In third place, with 23 points, came Cornell, winner last year, followed by Michigan State, with 20 1-2; Dartmouth, 18

points; Princeton 14 1-2; Yale, 13, and Manhattan and Marquette tied for ninth at 10 each.

Sweeny Bags GB Amateur

BY GAYLE TALBOT
SANDWICH, Eng., May 29 (AP)—Youth and stamina carried the 25-year-old American expatriate, Bob Sweeny, to the British amateur golf championship today.

Lionel Munn, veteran Irish lawyer who was playing golf before Sweeny was born, gave the Anglo-American youngster a terrific battle but finally wilted in the sweeter heat and surrendered, 3 and 2, in the 36-hole final.

"I confess I'm a trifle weary," the Irishman, obviously exhausted, said with a smile as Sweeny rammed down the final 20-foot putt that ended the match on the 34th green.

Sweeny's victory gave America a technical claim to the title for the third time in four years. Bob was born in Pasadena, Calif., and still is an American citizen although he was reared abroad and for the last 15 years has lived either in France or England.

Lawson Little, another Californian, won the championship in 1934 and 1935 but then turned professional. Hector Thomson, Scottish star who won last year, was prevented by ill health from defending the crown.

Sweeny, a sensation on the greens during the early rounds of the tournament, had lost that fine golfing edge by the time he squared off against Munn.

Jumping into a three-hole lead at the outset of the morning round, Sweeny never looked like a loser though Munn, fighting doggedly, caught him at the 22nd and even went ahead momentarily at the 23rd.

That proved, however, to be the Irishman's last gasp. Stung into action, Sweeny won the next three holes in a row and thereafter was never headed.

NAVY WINS
PHILADELPHIA, May 29 (AP)—Navy finished with an undeniable rush today to retain its undefeated record by beating heretofore unbeaten Harvard by a quarter length in the Adams cup race. Pennsylvania was third.

Go ahead, Mister!
IT'S YOUR MOVE UP!

IT doesn't make much difference what kind of car you're driving now—when you see what you can do in this bellweather Buick, you'll agree you've gone ahead, moved up, stepped away out front!

Sit in it—settle back in its cushions and sense the bulk of its fine mass beneath you—you feel better already and you haven't made a start!

Take the wheel, it fits your hand like a sword-grip—swing it, it's easy and responsive as a bandmaster's baton!

Touch the treadle—quiet and silky that waiting engine leaps into life

quick as a hungry trout—that's no mere six you're bossing, but the matchless valve-in-head straight eight that only Buick knows how to build!

Let's find a highway, any kind of highway! Be it straight or be it winding you'll ride erect, smooth, steady, without heel-over, sideways, dip, even on the sharpest curves.

Hills? They flatten out like linen under the iron! Traffic? It only gives

you better proof that this is the most manageable car you ever drove.

What's to keep you from going ahead with this king-pin car this spring and summer? If you think it's money, think once more—for this great eight costs little more than the average six, and actually less than some!

So come see us now. Once in a Buick your own good sense will make you reach for the dotted line.

Delegates Select Lubbock As Next Year's Meeting Place

DALHART, May 29 (AP)—Delegates to the West Texas convention of Young Democrats selected Lubbock as next year's meeting place and elected officers tonight after an afternoon devoted to hearing speakers and passing on resolutions.

The convention elected G. L. Stanley, president; Angus Woods Kress, first vice-president; Byron Singleton, Amarillo, second vice-president; Miss Peggy Arnold Pampa, secretary-treasurer; A. F. Curry, Tulsa, executive committee chairman; Jack Douglas, Lubbock, Dan Christum, Amarillo, and John Kettler, Pampa, executive members.

District Judge Reese Tatum of Dalhart told the delegates democracy is the rule of the majority, but not the oppression of the minority.

District Attorney Lewis M. Goodrich, Shamrock, lauded the Young Democrats as "young enough to have vision and hope, and old enough to appreciate advice and experience of the elders."

The convention tabled a resolution which endorsed the court reform plan, and defeated a blanket endorsement of the administration and its program because of the court plan action.

Among other resolutions passed were those condemning sit-down strikes; asking a selective sales tax as a supplement to or substitute for ad valorem, but not in addition to ad valorem; opposing a constitutional amendment to restore the fee system, and asking the next legislature to provide local option on the fee system; endorsing the proposed flood control and water conservation program and endorsing the unicameral legislature.

The convention also passed a resolution by Earl Mayfield asking for investigation of the books of those connected with horse racing, after amending it to ask an immediate vote by the senate, on the pari-mutuel issue and striking out a section calling on the attorney general to begin the investigation if the vote in the legislature was not immediate.

During the morning Keynoteur John McCarty of Amarillo declared the present national administration holds both the greatest responsibility and opportunity of any in American history, and advised the young party members to consider problems in the light of the past, present facts, and the possible future.

Memorial Pipe Organ Is Unveiled By Baylor

WACO, May 29 (AP)—Completion of a giant 118-stop memorial pipe organ which will be dedicated at Baylor university tomorrow to the memory of Samuel Palmer Brooks, president of Baylor for 29 years, was climaxed today by a gift of \$2,000 from Karl Hoblitzelle of Dallas.

The gift cleared the project of debt, the Brooks Memorial committee announced.

The organ, which comes as a gift of the Baylor Alumni association and friends was evaluated at \$55,000 and consists of 78 ranks of pipes with harp and chimes, playable from a four-manual console comprising a total of 163 stops and couplers. Musical authorities say it is the largest and most complete concert instrument in the Southwest.

FORT WORTH TOPS BUILDING PERMITS

DALLAS, May 29 (AP)—Fort Worth led in building permits this week with a total of \$963,327, bringing the total for the year to \$3,918,715. Houston was second in the week's total, which was \$297,355, bringing the year's total to \$9,648,800.

OPEN HOUSE AT ABATTIOR TUESDAY

Open house will be held at the Bugg Abattoir on Tuesday when the public is invited to inspect the facilities of the new slaughter, storage and marketing unit for meats. Behind the business are Finis Bugg, left, A. H. Bugg, center, and Alfred Henry Bugg, right.

Meat Plant Open House On Tuesday

Bugg Abattoir Meets Sanitary Code Of Market

Open house for the new Bugg Abattoir will be held Tuesday at the new, modern plant just north of town a quarter of a mile west of highway No. 9.

During the day visitors will be permitted to inspect the plant, to witness modern methods of slaughtering livestock, of storing beef under most sanitary conditions, and to learn of marketing methods very similar to packing house trade.

As an added feature, barbecued beef will be served to visitors. Other accessories will round out the plant.

The new abattoir is operated by A. H. Bugg, long time resident and merchant, and his son, Finis Bugg. Another son, Alfred Henry Bugg, will be interested in the concern following his graduation from school. Finis will be on duty at the plant at all times.

Well Equipped
Constructed especially with the thought in mind of keeping the building clean, the abattoir consists of a slaughter unit, a cooling room, storage vault, and a marketing room.

Adjacent to the plant are pens for livestock awaiting the butchers call and below the building across a ravine are hog pens where porkers are fed and fattened for market.

A water cooling system tops the building and through it runs a copious water supply, too highly mineralized for human consumption but ideal for playing a continual stream on the floor of the slaughter unit. The mineral content of the water has been found effective in reducing one of the former menaces of butchering—flies.

Screens also all but eliminate the fly hazard so that now the meat goes to the cooling compartment under almost perfect sanitary conditions.

Once skinned and disemboweled, the carcass is cleaned and pulled

Gunmen Kill Man In Bookie Shop Robbery

Bob Rutledge Is Shot By Men Posing As Texas Rangers

HOUSTON, May 29 (AP)—Three gunmen, armed with automatic pistols and posing as Texas Rangers, shot R. E. (Bob) Rutledge of Houston in the heart and took several thousand dollars at a race horse bookmaking place in nearby Stafford today.

Officers of the Houston and Galveston vicinity and Fort Bend county were joined by rangers in efforts to track down the robbers who fled in an automobile (blue Plymouth, license No. 415-559) bearing license plates Houston police said were stolen at Galveston last night from a car belonging to Bert Breath.

Rutledge, 43, fell dead at the feet of his wife who was accompanying him up the stairs leading into the place. C. F. Hall was immediately ahead of the Rutledges and was carrying two money bags. He dropped them when one of the robbers stuck a pistol in his ribs and held another one on the crowd.

Rutledge, officers said, pushed his wife aside and the robber fired without warning. Mrs. Rutledge fainted.

Aware of Plans

Hall and Rutledge had taken the money from a Houston bank. It was their custom to arrive about 4:45 a. m. daily. Officers said the robbers apparently were aware of the custom and had planned the robbery well in advance.

Some of the 20 or 30 persons in the place said the three gunmen arrived several minutes before Rutledge and Hall were due and declared: "We're Texas rangers and this is a raid. You all just sit down. We don't intend to hurt you."

The men started wrecking the place, first ripping loose the telephone connections.

LONGSHOREMEN MAY JOIN LEWIS FORCES

WASHINGTON, May 29 (AP)—Harry Bridges, Pacific Coast president of the International Longshoremen's association, threatened today to call a union referendum to consider withdrawing from the American Federation of Labor and joining the John L. Lewis Committee for Industrial Organization.

After a three-hour conference with Lewis Bridges recalled that the west coast ILA had gone on record strongly in support of the CIO and issued this statement:

"Recently two locals of the ILA were ousted from the central labor parties of Portland and Seattle because of their support of progressive unionism."

"If the A. F. of L. continues such purges and does not change the obstructive attitude toward industrial organization, there is no doubt of what action the west coast ILA will take. No other course will be left open to it than to join forces with the CIO."

Bridges said his union had a membership of about 20,000.

STAR STUDENT

STANTON, May 29 (AP)—Ethel Bridges, who had an "A" average for this year's work, presented the valedictory at graduation exercises for Stanton high school this week. She also received a certificate of award for having been neither absent nor tardy during the school year.

She will leave June 21 for Stamford hospital to enter training to be a nurse.

Ethel is the daughter of Mr. and Mrs. G. A. Bridges of Stanton.

JUNE LANG, VIC ORSATTI MARRY

HOLLYWOOD, Calif., May 29 (AP)—June Lang, pretty young movie actress, and Victor Orsatti, actors' agent, were married today in the presence of 300 guests, most of whom were members of the film colony.

After a reception in a Hollywood restaurant, the newly-weds embarked on the liner, Lurline, for a honeymoon in Hawaii.

STATE AFTER CLAIM TO PADRE ISLAND

AUSTIN, May 29 (AP)—An investigation which may involve a search in Mexico for lost papers was begun today by the attorney general's department to determine if the state owns any part of Padre Island.

Governor James V. Allred requested the investigation after he had vetoed a bill authorizing the state to acquire 90,000 acres for a park development on the narrow strip in the Gulf of Mexico extending from Brownsville to near Corpus Christi.

The chief executive said "the authority to purchase this land from private owners implies a complete title to the entire area of the island."

Attorney General William McCraw said the title of private claimants seems to be based upon an old Spanish grant to Nicholas and Juan Jose Ball.

Whereabouts of the grant has never been established, he explained, but in 1852 the legislature confirmed the title of the Ball's "11 1/2 leagues called Padre Island."

"This would seem to imply that 11 1/2 leagues took in the entire island when, as a matter of fact, the island contains more than 37 leagues," he declared.

Farmer Near Marshall Is Fatally Shot

Killed While Discussing Crop Conditions With Negro Tenant

MARSHALL, May 29 (AP)—Raymond Henderson, about 34, farmer, was shot to death today by an unknown assailant as he stood in front of a negro tenant house on the Sile Keasler farm six miles northwest of Hallsville in Western Harrison county this afternoon.

Clay Sybert, justice of the peace at Hallsville, told officers that Henderson, who assisted his sister, Mrs. Keasler, in the management of the farm, was shot while he talked with Sam Fuller, negro tenant. Sybert said Henderson, carrying a shotgun, went to the negro's house to discuss crop conditions and as he talked with Fuller, who sat on the porch of his house, the assailant shoved a gun through a window of the house and fired once.

Witnesses to the shooting were Charles Eusey, who lives in this section of the county, and Mrs. Keasler's small sons, 10 and 12 years old, who were at the Keasler home 300 yards away.

Harrison county officers were joined by officers from Gregg county in a hunt for the slayer.

SUPPLIES ASKED FOR FAMILY HERE

An appeal for supplies for a family at 1001 Galveston street was issued by residents of the west part of town Saturday.

Mrs. B. G. Richbourg, speaking for those interested in the case, said that the family had been restricted to a diet of bread, goat milk and molasses for the past two weeks.

The head of the house, she said, is desperately ill of tuberculosis and was too weak to be moved for an examination at an institution Saturday. Two children in the family have shown positive symptoms of the malady.

She indicated that a subsistence ration of staple commodities has been available for the family, but some variation to afford a needed change in diet is desired. Contributions, she said, could be left at the address mentioned.

CHARGED WITH ROBBERY

SAN ANTONIO, May 29 (AP)—Charges of robbing C. J. Travis, Wolff and Marx company cashier, of nearly \$4,000 in cash and checks, and attempting to rob A. Kraeger, Kahn Oil company messenger, were filed before Justice of the Peace Raymond Gerhardt today against Leo Brunson, 30, and Alton James Whitley, 29, both of San Antonio.

SEIZE NARCOTICS

SAN ANTONIO, May 29 (AP)—Texas rangers seized a quantity of narcotics, and a whiskey still in a raid here today.

Demonstrations AT PETSICK TIRE CO.

Prove it in this one-minute test

Find out why the New U.S. ROYAL Master IS AMERICA'S MOST SKID-PROOF TIRE

With its HUNDREDS OF ADDITIONAL SHARP-EDGED READ UNITS, the De-Skidded U.S. Royal Master has introduced a new degree of safe, positive control over all wet weather skidding hazards. The clean-cut edges bite through slippery road film—wipe the water away—eliminate the very cause of skidding by giving every inch of the tread a safe, dry road contact. Only Royal Master has so many hundreds of gripping edges in both directions... only Royal Master gives complete control from both forward and side skids.

waters was the New Mexico Military Institute.

Residents, who remembered the flood of 1904, said damage was more widespread and the water higher.

In the meantime a light rain continued to fall here and precipitation was widespread over the state as the El Paso to Albuquerque road and other main highways remained impassable.

Extra Shift At Dam
Extra shifts worked overtime at Alamo dam on the Pecos a hundred miles north in an effort to perfect a temporary spillway in time for an expected overflow of the nearly completed irrigation project. Construction engineers said there was no fear that the dam would go out, and the river was not expected to reach Roswell in any event.

The storm, which swept in from the Gulf of Mexico two days ago, precipitating "flash" floods in many parts of the state, has taken a toll of six dead.

Extending into the southwest part of the state it left from three to six inches of snow on the Black range and relieved a drought condition there that had resulted in the death of some livestock.

The heaviest precipitation was reported in the dust bowl rim country of Tucumcari and Clovis near the Texas border where more than five inches of rain has fallen to gladden the hearts of dry farmers.

Plans Completed For Oil Scout Convention

DALLAS, May 29 (AP)—Officers of the National Oil Scouts Association of America, Inc., in a meeting here today worked out final details for the annual convention of the association to be held in Dallas June 25 to 28.

Claude Strahan, Shreveport, national president, presided. Plans for deliberation and entertainment were discussed, and W. R. Boyd, Jr., New York, executive vice president of the American Petroleum Institute, was announced as one of the principal speakers.

Among those in attendance were M. E. Miesse, Shawnee, first vice president; P. A. Barenham, Tyler, second vice president; Harry Layendecker, Houston, chairman of the executive committee, and John H. Langston, Dallas, past national president.

close in part, was however the best available. The three companies reported net profits of \$15,461,881 for the first three months this year, and their operations have continued into the spring at about the same level, steel men said.

The steel workers organizing committee tightened its strike strategy today in all the six states affected in an effort to drive remaining workers from the mills and shut all the plants of the companies, from which the union is seeking signed bargaining contracts.

Republic, which, with the other companies has contended a signed contract was unnecessary and that it would lead to a closed shop, lost 300 workmen or more during the day.

The SWOC—steel unit of the John L. Lewis organization which won agreements from United States Steel Corp. and the biggest units of the motor industry aside from the Ford Motor Co.—centered its attack on efforts to keep food from the men still in the plants.

In the Chicago area pickets marked time after the fighting with police in which a score were injured. Van A. Britner, SWOC director there, charged Republic was using "every unAmerican means possible" to break the strike.

The federal government took definite steps in the paralyzing strike situation by dispatching two national labor relations board attorneys to Cleveland to help Regional Director Ralph A. Lind investigate charges by steel union leaders that Republic Steel corporation was guilty of unfair labor practices.

The attorneys, Robert Erdahl and Christopher Hoey, took up evidence to the evidence. The investigation will determine whether a labor board hearing will be held.

For in that year heavy rains and strong winds caused many to plant as high as four times. A rain by early July and another by mid-August will send this section on to a wave of autumnal prosperity. It rains dollars when it rains in West Texas.

Death stilled the life of A. G. Hall here last week, ending a long and useful career as a citizen, civic and church worker, and a homely philosopher. He was one of those rare personalities who stuck closely to his work, yet found time to constructively view and act upon matters of community interest. Because of his well-balanced character and unselfishness, his loss will be keenly felt.

street line and the eradication of an obstruction on the eastern city limits. The sooner this project is started, the sooner it will be finished, and the better it will be for the city. Naturally, all possible should be done to make conditions right for the issuance of a work order.

Today is Memorial Day. This city, along with countless hundreds of others, pauses today to pay respect to the courage, love and sacrifice shown by those who died defending their country, and to look forward with inspired hope to a new day for the nation. While none would begrudge one iota of respect and just tribute to patriots, it should be felt that it is much better to look ahead with peaceful purpose, with love and ambition, than to look back with admiration tinged by sorrow.

Valuable indeed are the Feeders Day programs held annually by the U. S. experiment farm. Friday more stockmen and farmers came to witness the 40 calves which had been on West Texas feed for 180 days and to study results of the tests. The uninitiated could see that not a few of the steers were choice beefs, that they would put much of the finished import beef carcasses to shame. Stockmen and farmers, by using the test results, can learn how to finish stuff at home and turn cheap feed into more valuable meat.

Now with a lot of legal preparation the district is preparing to proceed. It may be the district will fool everyone and enlist the courts in an attempt to relieve the faithful from carrying the entire tax burden.

TOURISTS SWARM INTO MONTS, FRANCE

MONT, France, May 29 (AP)—Reinforcements of gendarmes and tourists swarmed into Monts today as the wedding of the Duke of Windsor and Mrs. Wallis Warfield was just five days off.

Police protection was increased for the grounds of the Chateau de Candie, in which the former King Edward VIII and his American-born bride will be married Thursday. Influx of tourists increased noticeably. Villagers found little else to talk about.

The Duke himself, apparently calmed after his earlier chagrin over the announcement his brother, King George VI, had ruled his bride could not be "Her Royal Highness," spent the morning playing golf with Herman L. Rogers, his American spokesman, under a hot sun.

It was announced that after the wedding the couple will take a trip by train and automobile to a honeymoon spot about 24 hours from Tours. The location was not disclosed.

It was expected the couple may make a world cruise taking in the United States.

Holiday Causes Cotton Traders To Mark Time

NEW ORLEANS, May 29 (AP)—Small trade buying and a little week-end realizing and liquidation was the only trading in cotton today. The close was steady, net unchanged to two points lower.

The triple holiday in New York caused local traders to mark time. It was 32 minutes after the opening before the next sale was made. The range during the entire two hours was but four to six points.

Liverpool cables were better than expected and initial transactions here were two to three points higher. July finished at 12.66, October at 12.70, December at 12.76, January at 12.81 and March at 12.86. Spots were quiet with middling two points lower at 13.05.

The commodity credit corporation announced that requests for release of loan cotton through May 27 amounted to 1,315,436 bales.

Authority On Indian Lore To Appear Here

Charles Eagle Plume, one of the foremost interpreters of Indian lore, life and culture, will be featured here in two appearances on June 17. It was announced Saturday.

His first program for the day will be before the Kiwanis club, and his second before the combined forces of the Boy and Girl Scouts, their parents and friends.

Will Fox, West Texas representative of the Frontier Fiesta, under whose auspices Eagle Plume appears, said that the Indian platform star had an amazing capacity for executing native dances, a ready wit, and dazles with colorful costumes.

The scout appearance will be in connection with sale of Fiesta tickets by the boys and girls. The scout organizations are selling the books this year, receiving 50 cents from the sale of each one.

US Chamber Commerce Opposes Labor Bill

WASHINGTON, May 29 (AP)—The United States chamber of commerce urged congress today to think long and hard before passing the administration's labor standards bill.

The measure, on which hearings will start Tuesday, would bar from interstate transportation the products of industries which violate minimum wage and maximum hour regulations, employ children or ignore collective bargaining rights.

"These proposals," the chamber said in its weekly survey of Washington developments, "raise in new form some of the questions involved by the now outlawed NRA and not since the codes have ended have there been brought forward such sweeping designs to regulate employment conditions throughout all industry."

POVERTY-STRICKEN FARMER IS HELD IN DEATH OF HIS WIFE

WOODBURY, Tenn., May 29 (AP)—John W. Davis, poverty-stricken mountain farmer, was bound over today for grand jury action on a charge that he was responsible for the abortion death of his wife, who helped to pull the plug.

"But of course," remarked Magistrate Doran F. Williams at the close of the preliminary hearing, "it's not first degree murder." Bond was fixed at \$1,000.

Davis expressed deep love for his wife and denied he was responsible for the illegal operation which the state charged was "performed by the use of scissors or some similar instrument."

The 65-year-old defendant, denied also that he was a "hard taskmaster" when he used his wife, Jodie, 34, and his two step-children in front of a plow because their horse had died.

Testifying at his preliminary hearing on a murder charge, Davis said: "This ain't the first time we made a crop this way" and added his wife "had been a doin' that—the same thing" before their marriage.

GIRL STRUCK WHILE WALKING ON HIGHWAY

KILGORE, May 29 (AP)—Allie May Morrow, 12-year-old Longview girl, was fatally injured today when a car struck her as she walked along the highway with Patsy Ruth Brown, 10, a companion.

Patsy Ruth told police they were trying to find their way back to Longview after having left their homes this morning. She said she was the daughter of Jack Brown, but she didn't know whose daughter Allie May was. They went to school together.

A motorist who brought the children to town, where Allie May died, told police lights of approaching cars blinded him, and he did not see the children as they walked along the road.

Morris Norton, Bob Coffey In Last Round In West Texas Golf Meet

BROWNWOOD, Tex., May 29 (AP)—Morris Norton of Wichita Falls, defending champion, and Billy Bob Coffey, Fort Worth municipal titleholder, clash tomorrow in the finals of the West Texas golf tournament.

Norton took out A. R. Holton of Lubbock, 3 and 2, in the quarter-finals and downed J. T. Hammett of Rising Star in the semi-finals, 1 up today. Coffey defeated Bill Boyer, Abilene ace, and went into the finals with a 1 up victory over Clyde Boyd, Brownwood school teacher, 5 and 4.

The final match will be over the 36-hole route.

W. P. Battle, Brownwood, and Hubert Leveridge, Brownwood, reached the finals of the first flight, Battle defeating Tim Barnett, Eastland, 1 up, and Leveridge taking out Dr. J. M. Staup, Cleburne, 4 and 3.

Jim Farr, San Angelo, advanced to the second flight finals, defeating E. J. Woodward, Brownwood, 1 up. Jack Lawrence, Brownwood, and H. Gooch, Wichita Falls, play the other semi-final match tomorrow.

Ben Jackson and W. C. Sturdivant, both of Brownwood, play for the third flight championship, and Delmar Sears, Lamesa, and Hilton Gilliam, Brownwood, meet for the fourth flight title.

Dr. J. N. Arvin, Brownwood, won the senior flight championship today, defeating H. G. Agnew, Balinger, 4 and 3.

Assault Charges Are Filed Against Youths

BRADY, May 29 (AP)—Sheriff Love Kimbrough today filed charges of assault with intent to rob against Ira McCoy, 17, and Elmo Wardlow, 18, growing out of an attack Thursday on A. F. McCoy of Brady, aged McCulloch county farmer.

The youths were brought here from San Angelo where they were arrested by officers.

RAINS BLANKET B'SPRING AREA

Rains blanketed the Big Spring area again early Saturday, but the showers were far lighter than those a week ago when the county received a soaking.

Big Spring received .13 of an inch in an early morning shower. At Chalk, in southeastern Howard county, the fall was much heavier. West at Stanton the precipitation measured one-quarter of an inch and northward near Lenoir in Martin county as much as an inch was reported.

ESTABLISH COMMUNICATION ACAPULCO, Mexico, May 29 (AP)—This Pacific coast port reestablished communication with the outside world today after four days of isolation, the result of a hurricane which cut telephone and telegraph lines. A woman was killed by a falling telephone pole, several fishing boats were missing, and a number of buildings were damaged.

Memorial Day Service In Charge VFW

Charles L. Bryant To Speak On 'The Meaning Of Memorial Day'

Special Memorial Day services will be held at 2:30 p. m. Sunday at Mount Olive cemetery under the direction of the Ray E. Fuller post of V.F.W.

The program, according to Robert L. Winn, post commander, will be opened by the sounding of assembly by a bugler.

After the audience has joined in the singing of America, invocation will be led by Dr. D. F. McConnell, pastor of the First Presbyterian church.

The Big Spring high school band will play musical selections and Judge James T. Brooks will read the Gettysburg address by Abraham Lincoln. Women's trio of the V.F.W. post will be heard in a song, followed by a salute to the colors and the pledge of allegiance.

Reading of "In Flanders Field" will be followed by the singing of the national anthem, "The Star Spangled Banner."

The Memorial Day address will be delivered by Charles L. Bryant, who is to speak on "The Meaning Of Memorial Day." Decoration of graves is scheduled by Boy Scouts.

After V.F.W. ritualistic work, Rev. G. C. Schurman will pronounce the benediction, and the services will be concluded by the sounding of bells.

Winn urged all ex-service men, local patriotic societies and civic organizations to attend the exercises.

The only time in the year the national flag flies over the post office will be Sunday, Postmaster Nat Shick said. In the morning it will float at half mast and at full mast in the afternoon.

The post office will remain closed all day Monday, it was announced.

GOLDEN GATE BRIDGE GIVEN SEVERE TEST

SAN FRANCISCO, May 29 (AP)—The double holiday gave the newly opened Golden Gate bridge a test in usefulness today, with weekend throngs crossing in both directions and flocks of birds spreading out to attend celebrations all about its terminals.

An official count showed 31,500 automobiles crossed the \$35,000,000 span in its first 24 hours of operation ending at noon and that 20,000 pedestrians traversed its deck in six hours yesterday.

CANADIAN RIVER GOES ON RAMPAGE

AMARILLO, May 29 (AP)—Waters of the Canadian river reached within four feet of the floor of the state highway Five bridge north of Amarillo tonight as last night's and this morning's torrential rains brought extensive flood damage into the Panhandle of Texas area.

The Rock Island railway's half-mile long bridge at Sanford was swept away at 2 o'clock this afternoon.

Warnings were issued the farmers living in the valley below the Amarillo dam southwest of here as the water reached a two-foot level in the spillway, unprecedented in the history of the dam.

Rampaging waters over federal highway between Hereford and Clovis blocked that highway, while water reached a level of six inches over the bridge floor across Tierra Blanca creek south of Canyon on state highway nine.

German Battleship Is Bombed By Spaniards

VALENCIA, Spain, May 29 (AP)—The Spanish government announced tonight two of its warplanes had dropped four bombs on the German "pocket battleship" Admiral Scheer at Ibiza in the Balearic islands tonight after the cruiser opened fire.

The exploding bombs set fire to the warship.

The ministry of defense said the planes, making a reconnaissance over the islands, were fired upon at 5 p. m.

"On passing over Ibiza," the ministry said, "the warship anchored 200 yards off the breakwater opened heavy anti-aircraft artillery fire against the planes which committed no act of aggression against either the ship or the city."

The airplanes responded to the attack by dropping bombs, four of which struck the ship causing explosions.

Fire Reported
Radio messages received here said fire broke out on the warship after the bombs struck.

The Admiral Scheer is one of the German vessels participating in the nonintervention control patrol to prevent arms and men from reaching either side in the Spanish civil war.

The Valencia government earlier in the day answered a protest from Admiral Von Feschel, commander

of German warships in the Mediterranean, declaring the nonintervention control plan provided that ships must remain at least 10 miles off Spanish coasts.

Von Feschel protested that government planes had flown over German control ships several times "as if to attack." This the Valencia government denied.

Eight Die As Empire Air Day Celebrated

LONDON, May 29 (AP)—England's celebration of empire air day today took a toll of eight lives. Four persons were killed in rehearsals yesterday.

A race to the Isle of Man cost two lives; four army flyers were killed participating in Royal Air Force displays; two persons died and three were injured when a passenger plane crashed at the Royal Air Force show at Doncaster.

The four killed yesterday were flyers practicing for Royal Air Force displays.

Teachers To Mexico, Japan For Vacations

Eastern States Also Attracting Pleasure Bound Vacationists; Many Teachers To Continue Study, Others To Visit With Families

With the dismissal of school here on Friday, teachers began to scatter or prepare to, for the four corners of Texas and as others get plans completed some will reach the far corners of the globe, what with several Mexico trips and one scheduled vacation jaunt to Tokyo, Japan.

As has become a general summer habit, many instructors will further their education this summer by studying in Texas schools, others will spend the summer with the homefolks while their colleagues will be in a foreign country watching the sights.

Miss Lillian Shick was one of the first to leave on a vacation trip, departing Saturday morning with a party of Sinton friends for a three weeks trip into Mexico. In the party was her former college roommate, Miss Jo Hestant who accompanied Miss Shick to Europe several years ago on a Simmons student trip. Miss Hestant has attended summer session at the University of Mexico and during a recent Rotary convention acted as interpreter for those Americans who 'no spoke Spanish.'

Miss Enid Avriett and Miss Dorcy Thomas plan a Mexico trip in the latter part of the summer, but Miss Avriett will spend some time in Georgetown before joining Miss Thomas for the tour.

Joining a party in San Francisco, Calif. for the World's Federated Education Association tours, Miss Agnes Currie of this city, and Mrs. Elma Thomas, Midland teacher, will sail from a San Francisco port on June 12 for a tour, the destination of which is Tokyo, Japan.

Friend in Honolulu
Miss Currie expects to visit with her friend, Miss Catherine Young, when the boat makes a brief stop in Honolulu, Hawaii. Other stops will be made at the Philippine Islands, and at several Chinese ports, in addition to other places of interest.

Miss Audrey Phillips, accompanied by her cousin, Miss Nancy Phillips, will leave Tuesday morning for Dallas, where they will join their aunt, Mrs. Henry Phillips, who is there for the graduation exercises at S. M. U., where her daughter, Betty, is to get her degree.

Leaving Dallas soon afterwards, the party will leave on an automobile tour into the eastern states, before arriving at the Phillips home in Edgewood Arsenal, near Baltimore, Md. Here the local girls will be the guests of the Phillips family for several months. They plan to visit in New York City while in the east.

Miss Freddie Adkins will return to her home in Lubbock for the summer and Anderson Alexander

will spend his vacation in Dallas and San Marcos, while Miss Eleanor Byrley, who has been a long way from home, will return to the summer with her family. Mrs. M. W. Paulson, Miss Clara Secrest, Miss Lila Ted Watson, Mrs. J. J. Thorp and Mrs. H. H. Rutherford will go to school in Texas Tech at Lubbock while Mrs. R. M. Parks and Mrs. Mary Bumpass will attend the summer session at T. C. U. Miss Marguerite Collins is planning to go to Dallas while James Cunningham will study in Denton, along with Miss Alsey Forester and Miss Sarah McClen-

don. Miss Mamie Harris will make Grapevine her destination for the summer month, Miss Lorena Higgins, has planned to stay in Honey Grove and Miss Lottie Mae Liggett in Grand Prairie. Mrs. Laddia Patrick is going further west to El Paso and Mrs. A. S. Smith is going out of the state to Greeley, Colo., while Miss Grace Mann will go home to Colorado. Tex. Killen will be the destination of Miss Lola Carden and Miss Marguerite Wood will spend her time in Meadow.

Mrs. L. R. Mundt will make Abilene her home while going to Simmons university and Miss Ruth Fowler, J. C. Milburn, George Gen- try, Mrs. Ralph Houston and Miss Rita Debenport plan to attend Texas university in Austin. Miss Dorothy Jordan is looking forward to the Pan American exposition in Dallas. Mrs. W. O. Low and George Brown and his family will vacation in East Texas during the hot months. Miss Mattie Ramsey will return to Brownwood, Miss Pearl Butler to Arlington, Miss Lorraine Lamar to Stanton and Mrs. Charles Frost to Nixon for a short time.

ON CONCHO RIVER

Mr. and Mrs. Randall Pickle, Mr. and Mrs. Chester Matheny and Mr. and Mrs. Alfred Evans and son, Alfred, are spending the day on the Concho river near Sterling City fishing.

Trips, Moving And Contests Picture News

Planning of vacation trips, changes in residence, and the preparation of a Big Spring young woman to take part in the Frontier Fiesta Texas Sweetheart contest figured in the local social picture news of the week.

Miss Bobby Taylor, left, popular member of the Sub Deb club was named as honoree at a breakfast given for senior members of the club, will leave Tuesday morning for Fort Worth, where she will represent Big Spring in the Fort Worth Frontier Fiesta.

Mrs. Pete Sellers, right, left this morning for Austin where she will join Mr. Sellers in making their future home. Mrs. Sellers has been secretary to the superintendent of the Big Spring public schools for the past nine years and has been active in social circles. Sellers is employed by the Texas Highway department.

In the lower photograph are Misses Audrey Phillips, left, and her cousin, Miss Nancy Phillips, who will leave Tuesday morning for Dallas, where they will join their aunt, Mrs. Henry Phillips, who will be their hostess at her home in Edgewood Arsenal near Baltimore, Md., for several months. Graduate Sub Debs Honored

Relatives And Friends Favor Club Seniors At Social Affair

Social affairs given in honor of senior members of the Sub Deb club included a luncheon, a barn dance and a breakfast the last of which was held Saturday morning when Mrs. M. K. House was hostess for the graduates for breakfast at her home for which she named Miss Nancy Phillips as honoree. On Friday Mrs. Wilburn Barcus complimented Miss Don Hutto and her friends at luncheon and on Friday evening junior Sub Deb complimented the group with a barn dance at the country club to which they invited other friends.

At the House home Saturday morning the high school colors of black and gold were effectively used as decorations. Handpainted place cards were made attractive with the school emblem and an old fashioned bouquet of mixed flowers furnished the table centerpiece. Mrs. Wilburn Barcus chose miniature picture hats for the luncheon favors at her home. The meal was served buffet style from the dining table and guests were seated about four round tables laid in the living room. Each table held a small bowl of seasonal flowers. Mrs. J. Gordon Bristow attended with the girls.

The group includes Misses Phillips, Hutto, Camille Koberg, Mary Louise Wood, Evelyn Clements, Bobby Taylor, Clarinda Mary Sanders, Jan Lee Hannah, and Nina Rose Webb. Miss Wood did not attend the Saturday affair. Creating an atmosphere of a true barn dance, Junior Sub Debs decorated the country club house in true rural style and soon after the graduating exercises at the municipal auditorium Friday evening the party got underway. Shocks of feed, straw and hay drooped from the windows and fell to the floor of the club house where bales of hay intermingled with harnesses, pitchforks, and saddles gave the setting for the club's idea of a "hayseed" party.

Square Dance
Jim Winslow called the square dances while his string band furnished music. Other dances included the schottische and New Shoes in addition to the regular "ragtime" numbers.

Furthering the evening's theme and a far step from the social affairs of the past week, the girls adorned themselves in gingham dresses, socks, bow ribbons or straw hats in place of the frivolous frocks they donned for the prom. Their escorts wore overalls and checked shirts and ragged straw hats.

Mr. and Mrs. M. M. Edwards and Mr. and Mrs. Travis Reed were present for the affair.

The hostesses were Misses Marguerite Reed, Emily Stalcup, Mary Nell Edwards, Dorothy Rae Wilkerson and Inez Knutsen.

In addition to the honorees the guest list included Misses Joyce Croft, Billie Bass Shive, Wanda McQuain, Mammie Wilson, Betty Lee Eddy, De Alva McAllister, Mary Jane Reed, Jean Dublin, Jane Gilmore, Marie Dunham, Maurine Rowe, Emma Mae Rowe and Billie Jean Tingle.

Misses James Underwood, Gene Peters, Burr Lee Settle, Nelson Henninger, Johnny Miller, Tabor Ross, Vance Lebowitzky, George Cross, James Edwards, W. L. Thompson, Prentice Bass, Lawrence Liberty, Billie Danner, Billie Robinson, Jack Bishop, Roy Bruce, James Vines, Carmen Brandon, Jack Wilson, Doug Rayburn, J. T. GAINES CO. GETS 2ND PRODUCER

Loving Discovery Offset Shows Less Water, Higher Percentage Oil

SAN ANGELO, May 29.—Drilling in the Shell No. 1 Amerada-Humble, the second oil producer in the Seminole pool in Gaines county, the encountering of more oil and less water by Stanolind No. 1 Kyle, a south offset to the operator of the northwestern Loving county's Kyle pool as it drilled past the regular producing horizon and a promising oil showing in the lower Yates sand, were among principal West Texas oil developments this week.

Basin Oil Properties, Inc., (R. H. Henderson and others) No. 1 A. J. Herrington, 2 1/2 miles north of production in the northwest part of the McCamey district in southwestern Upton county, pumped 187 barrels of oil in 24 hours after being treated with 2,000 gallons of acid, bottomed at 2,825 feet. Sun No. 1-C Means, extending the Means pool in north central Andrews county a quarter mile west flowed 184 barrels of oil in 24 hours at 4,537 feet after a shot.

Locations staked for interesting wildcats included one each in Ector, Andrews, Hockley, Terry and Reeves counties. Shell No. 1 Amerada-Humble in Gaines county three miles north-west of Seminole, flowed five barrels of oil hourly, only 4 1/2 per cent rotary drilling water, on a three-hour test (late storage and registered 4,294,000 cubic feet of gas daily. It then was turned back into the pits to finish cleaning itself. Lime recovered from a core from 5,052 to 5,060 feet, the total depth, showed good porosity and as high as 60 per cent saturation.

Heavy Gas Flow Neither 7-inch casing cemented at 4,912 feet, nor cementing the formation from that point to 5,017 feet, shut off heavy gas above the oil bearing zone, and it was likely week.

General Crude To Drill Well

Plan On 4,000 Ft. Test In Northern Part Of Reeves

General Crude Oil company of Houston filed notice of intention to drill a scheduled 4,000-foot test in northern Reeves county three miles northeast of Hagertown and in the center of the northeast quarter of section 15-56-2-T&P. It will be on a block of about 5,500 acres assembled by Bruce McKague and J. N. Gregory of Midland, who turned the larger part to General Crude. Spreeds were sold to Magnolia, Tide Water, the Fidelity Oil company of Houston and others.

L. B. Hoss, Frank Downey and others No. 1 Blair, southern Ward county test in the east part of section 5-32-34-T&C, filled 330 feet with oil in 20 hours from 2,119-21 feet.

The operators decided to deepen from 2,121 before running casing. One of the larger completions of the week was Tide Water No. 25 Johnson in the Estes pool in Ward, which rated 4,061 barrels daily at 2,675 feet after a 300-quart shot. It is in the west quarter of section 28-34-H&T-C.

Adams, Hitchcock & Bradley No. 2-A Walton in the Keyes area, the Kermit field in Winkler county responded to a 220-quart shot by flowing 2,754 barrels of oil in 24 hours, bottomed at 3,088 feet. It is in the southeast quarter of section 26-26-psl.

Gulf-Edwards Flows Gulf No. 1-A Edwards, west offset to the opener of the Eaves pool in northern Winkler county but producing from a deeper zone flowed 111 barrels of oil in 19 hours while reworking 7-inch casing that was damaged by a 90-quart shot.

Total depth is 3,148 feet. The well is in the southeast part of section 6-23-psl, Uscan No. 4-A Walton in the Henderson field, in the northeast quarter of section 9-26-psl, registered a natural potential of 4,314 barrels daily at 3,060 feet.

Fuhrman Petroleum corporation of Dallas and Colton Bros. of Okmulgee, Okla., staked a location for an Ector county wildcat two miles southeast of the Harper pool on an 1,940-acre block leased from Elliott F. Cowden. It will be 330 feet out of the northwest corner of section 41-43-28-T&P, nearly three miles southwest of the Addis field. Amerada prepared to start No. 1 Lydia Lippman, a wildcat in extreme northwestern Andrews county, only 1 1/4 miles east of the New Mexico line and two miles east of Brown & Reynolds No. 1 C. M. Parcell, a small producer indicating a new pool in eastern Lea county, New Mexico. No. 1 Lippman will be 660 feet out of the northwest corner of section 6-A29-psl.

Standard of Texas No. 1 Gray, half mile west of production on the Boner land in the Fuhrman pool in southern Andrews and in the northeast quarter of section 21-A42-psl, tested 82 barrels of oil in 12 hours on gas lift while cleaning out following a shot, bottomed at 4,480 feet. Sun No. 1-C Means, which marked a quarter mile west extension to the Means pool by flowing 184 barrels of oil in 24 hours after a shot, bottomed at 4,537 feet, is in the northeast quarter of section 13-A35-psl.

Stake Hockley Test Stanolind staked the first location in Hockley county since The Texas Co. and others' No. 1 Bob Slaughter in the southwestern part of the county opened in March one of the farthest north producers in the West Texas Permian Basin. It will be on the Alex A. Slaughter

STAKE LOCATION FOR OUTPOST IN GLASSCOCK CO.

Test To Be Drilled Six Miles Southwest of Stanton On King Ranch, Mitchell Well To Spud

Location of a wildcat test on a 24-section block assembled by Moore Bros. corporation in the joint corners of Glasscock, Martin and Howard counties attracted most attention in oil circles here this week.

Location for the test, Moore Bros. corporation No. 1 King, is 1,320 feet from the north and 1,320 feet from the west lines of section 46-36-1s, T&P, Glasscock county. It is six miles southeast of the city of Stanton and eight miles southwest of the corporation's No. 1 Mable Quinn, outpost test in section 23-34-1s, T&P, Howard county. It is approximately one and a half miles southwest of an abandoned test in section 34-31-1s, T&P, Howard county, and four miles north of a test in section 6-34-2s, T&P, Glasscock county.

Moore Bros. were also most active in other new locations, staking three in proven areas around their No. 3 McDowell test in the westernmost Glasscock county pool, and a third location on its TXL tract midway between the East Howard and Chalk pools.

Moore Bros. No. 4 McDowell was staked 330 feet from the north and 990 feet from the east line of section 2-34-2s, T&P, Moore Bros. No. 5 McDowell, 330 feet from the north and east lines of the same section, and No. 6 McDowell, direct offset to the No. 3 well, 330 feet from the east and 990 feet from the north lines of the section.

To Acidize Producer Friday the No. 3 well had almost completed running tubing after drilling plugs and bottoming at 2,402 1/2 feet in lime. Oil rose 350 feet in the hole and operators planned to treat with 1,000 gallons of acid Saturday.

The location near the corporation's No. 1 TXL discovery in eastern Howard county is 990 feet from the north and 330 feet from the east lines of section 35-30-1s, T&P, and is the fifth location near the discovery test which is rated 213 1/2 barrels on a 24-hour proration test. Grisham and Hunter No. 1 Morrison, 328 feet from the west and north lines of section 34-29-1s, T&P, Mitchell county wildcat, has completed rigging and is preparing to spud. It is about 1 1/2 miles east of the one drilled two years ago by Gib Sawtelle, Big Spring, with good shows.

Seven inch casing was cemented in the E. L. Wilson, et al No. 1 Texas Land and Mortgage company in section 45-M, ELRR&RR, northwestern Dawson county, at land 2 1/2 miles southeast of the discovery and in the center of the southwest quarter of labor 76, league 37, Zavalla county school land.

Bond & Harrison No. 1 Cameron, eastern Cochran county wildcat, in the northeast quarter of labor 1, league 55, Greer county school land, had drilled to 4,700 feet in lime. Illinois and Maracabo No. 1 Yellow House, Bailey county wildcat in the northeast corner of labor 1,700, Capital Syndicate lands, had reached 4,202 feet in lime.

Hugh Corrigan and others No. 1 Lewright, southeastern Terry county wildcat in the northeast corner of section 1-C37-psl, cemented 5 1/2 inch casing at 4,995 feet preparatory to testing a showing of oil from 5,112-25 and gas encountered in the last 50 feet of drilling to 5,133. Anthony & Rice No. 1 Brownfield was listed a location in Terry county, in the center of the north-west quarter of section 28-A1-psl.

Cardinal No. 1-N Tippet, two miles northwest of the Toborg-Tippet pool in Pecos county, made 40 barrels of oil plus 70 per cent water daily at 1,245 feet, to which level it had plugged back and treated with 1,500 gallons of acid. It is in the southwest part of section 538-12-H&GN, Humble No. 1 Gray, western Pecos county wildcat, shut off water by mudding 7-inch casing at 4,371 and drilled ahead at 4,400 feet in grey lime.

A. H. Flaherty & Son No. 1 J. C. Cunningham, Pecos wildcat 5 1/2 miles southwest of Glavin in the southwest quarter of section 25-11-H&GN, was scheduled to be re-treated with 1,000 gallons of acid after pumping 13 barrels of oil daily, at 2,249 feet. Dobbs No. 1 University, seven miles west of the Taylor-Link pool, in the southwest quarter of section 30-18-1s, had drilled to 920 feet in red shale.

WILDCATS ON LANDS HELD BY BIG SPRING MEN DRILLING AHEAD

Two wildcat oil tests on lands owned by Big Spring people were drilling steadily ahead as the week ended, one running slightly low on formations, the other still a focal point for oil interests because of its showings.

Empire No. 1 J. D. Biles, north-eastern Andrews county wildcat in the southwest quarter of section 12-A31-PSL, topped the anhydrite at 1,677 feet, 1718 feet above sea level, and drilled ahead below 1722 feet in anhydrite. The marker, according to come correlations, was five feet lower than in the Humble No. 1 Nick Alley, four miles to the southeast, and 42 feet lower than in L. D. Stogner No. 1 Richardson & McWhorter, two and a half miles to the northwest.

Carter-Continental No. 1 A. L. Wasson, 14 miles northwest of Seminole in Gaines county and located in the northwest quarter of section 44-AX, PSL, drilled past 4,602 feet in lime after creating excitement and record royalty prices and a flurry of adjacent locations due to

Sayles Test Looms As Big Well Of Pool

Flows At Rate Of 80 Bbls. Hour, Big Spring Man In Record Deal

ARILENE, May 29.—Proof of the value of a 320-acre lease eight miles north of here in Jones county for which Lewis Production company of Dallas and others reportedly paid \$64,000 cash last winter was virtually assured this week-end as its third oil test loomed as the largest producer for the Sayles field.

Located midway between the first test drilled by the company, a dry hole, and a 12-barrel pumper completed last month, the Lewis No. 3 Henry Sayles was brought in flowing at the rate of 80 barrels per hour on short gauges.

A railroad commission potential test was to be taken this week-end after it had flowed 22 barrels per hour through casing from sand at 1,976 feet where cement plugs had been set, increased to flow 125 barrels on a four-hour test through two-inch tubing and later 47 barrels on a 35-minute head. Pay sand was drilled to a total depth of 1,883 feet.

Sale of the lease last winter was culminated following a three-quarter mile south extension to the field by the Condor Petroleum company No. 1-B Sayles, a 352 barrel well. The Lewis lease is half a mile south of the Condor completion.

New Location Operators immediately staked location 440 feet to the south for an offset to the No. 3 Sayles and 1,100 feet from the west line of the lease which is the center 320 acres of section 6-20-T&P survey.

Although no definite gauges have been taken on Condor's new half mile west extension to the field, the No. 1 C. W. Logsdon which encountered pay last week, unofficial estimates rated it better than 200 barrels daily.

Potential gauge on the west extension will probably be taken the first of next week. Operators have

IT IS GOOD BUSINESS TO SPEND WITH BIG SPRING MERCHANTS

Commodity prices are now on an upward trend—a sure sign of more prosperous conditions. It is obviously good business to buy now in anticipation of future requirements if possible, and it is a matter of self-preservation to spend what you do spend with Big Spring Stores.

Too many of us realize that Big Spring Stores buy in the same markets with the very stores in other cities that we are tempted to patronize. We do not stop to recognize

As we have said before, twenty five per cent of our people depend on Big Spring Stores for a livelihood. They have an annual payroll that runs into tens of thousands of dollars and they spend huge sums locally in other ways. If they sometimes fail to have what we want, they will gladly get it for us—and from the same source patronized by the merchant from whom we are tempted to buy in some other city. On a thousand other occasions they will have what we want,

and analyze the universal human tendency we have to think that the fields are greener elsewhere.

Our retail establishments have worked for years to make us proud of Big Spring Stores. Their stocks are adequate, their prices are equitable. When we think carefully instead of obeying our impulses we realize these things. And it is important that we do think, for our continued success and prosperity hinge thereon.

when we want it.

Let us, then, patronize Big Spring Stores. They are not only more efficient than we may have realized, but more essential. Quality and price being equal Big Spring Stores afford a wonderful opportunity to keep Big Spring money in Big Spring. Money spent elsewhere doesn't help that twenty five per cent of our people who depend on Big Spring Stores for their daily bread, doesn't build any schools, pave any streets or accomplish any other civic improvements.

HONESTY AND SECURITIES

Because all men are not willing to play fair it is necessary to enact laws, not to make them play fair but to punish them for not doing so. This was the reason for the bills enacted by the congress some time ago to regulate the selling of securities, the stock market act and the holding company act. Passage of these bills was bitterly opposed by most gamblers and by many good people who were misled by statements emanating from those who asserted such laws would be the death knell of the grand old American custom of gaming in Wall Street, and would shear a lot of widows and children of their living by ruining the value of their bonds and stocks.

Just the reverse was true, and stocks and bonds today are generally in better state than for many years. So when the cry goes up against some similar bills the congress is considering and which will most likely be enacted, there need be no fear of disaster, except perhaps to the professional gamblers and "operators in the Street".

A Washington correspondent gives an outline of some of the practices which these bills are framed to curb. One is the reorganization racket, where men on the inside have corporations thrown into bankruptcy and then organize a private pool to reorganize and get possession of the assets at a fraction of their original worth, leaving the widows and orphans who were the owners out in the cold.

Others are to prevent big bankers allowing their name to be used as trustees unless they are actually made so and carry out a genuine trusteeship for the benefit of all concerned instead of a few.

There ought to be no objection to laws such as these. Sellers of bonds and stocks should be required to tell the truth about their wares and to act as honestly as anyone else.

But it seems laws are necessary to make them do it.

Man About Manhattan

By GEORGE TUCKER

NEW YORK—Personal notes off a New Yorker's cuff: John LaGatta gave himself a complete education in drawing before he was 12 by sketching caricatures of his family on the living room wallpaper. . . . Of all things, a juggling act is the night life sensation at the moment. . . . It isn't the perfection of their juggling, it's the facial expressions and comedy angles employed by the trio of Limy actors.

Martha Madison, the authoress, is wedded to a French count—or was. . . . Not long ago this department spoke disparagingly of eels, and a lass from Maine has written in to protest. . . . Apparently I've offended her and I'm right sorry. . . . But I still don't like them.

Of all impressions made by this island, I think the most profound was on Jean Mital, a French chemical engineer. . . . As he strode the deck of an incoming liner he was not only speechless but flabbergasted. . . . "It's 30 years since I was here," he murmured presently, "and the Flatiron building was the tallest thing here. . . . I can't get over it."

Miriam Hopkins has a pair of gold ice-skates—at least the runners are gold. . . . But she never dares use them. . . . An earl gave them to her. . . . The next musical show at the Center is going to have colonial Virginia as a locale. . . . Jean Harlow hasn't been to New York in nearly six years, but she frequently comes to Chicago, St. Louis and even as far east as Washington. . . . Not long ago I ran into an old autographed theatrical playbill. . . . The signature on it was Evelyn Hoey's. . . . She was the torch singer who was found dead on a farm in Pennsylvania several years ago.

Visitors from Detroit tell me the baseball public has lost all patience with Schoolboy Rowe, who now is considered to be a big baby. . . . Vaudeville, in a haphazard sort of way, still exists, but it seldom attracts the big names, such as Cantor, Jessel, Durante and Holtz. . . . Occasionally one such will augment an orchestra of note, but the other entertainers are those of the dime-a-dozen variety—that is, they may have genuine talent, but the public has never heard of them.

Libby Holman is anxious for a musical play on Broadway next fall, but at the moment she doesn't know what it will be. . . . Her last one was "Revenge With Music." . . . One side of Times Square has changed so much during the past 18 months that visitors hardly recognize it. . . . A new cinema has sprung up, and flanking it are ritzy dime stores and drugstores where everything but automobile fenders, and probably drugs, may be purchased.

New York being a "season" town, scarcely a week passes in which a new one is not ushered in. . . . There's the theatrical season, the fishing season, the fall sports season, the baseball season, the style season. . . . Now it's the park season.

NEWS

BEHIND THE NEWS

By PAUL

MALLO

Copyright, 1937, By Paul Mallon

Social Note
WASHINGTON, May 29—The average congressman around here has learned of President Roosevelt largely by reading the newspapers. The busiest of all White House occupants has found little time and few occasions to meet personally with the great bulk of his legislators.

For this reason, there was excitement in the house smoking room the other day when Mr. Roosevelt's legislative liaison man, Charles West, delivered a very verbal invitation for a night visit to the White House. Not much more enthusiasm would have been aroused by a personal invitation to the Windsor-Warfield nuptials.

When the guests trooped into the executive mansion, however, they looked at each other and discovered that they were the joint committee considering Mr. Roosevelt's government reorganization plan.

Oversight

This took the edge off the festivities slightly, but they had a very nice long personal chat with the chief executive, discussing such problems as the proposed six new executive secretaries, the proposed creation of two new government departments, etc.

The callers must have been further discouraged when they left and discovered no newsmen or photographers around. Their call went wholly unreported in the press, and, after a while, some of them seemed to consider it a political, if not a social, slight.

At any rate, they again considered the reorganization program a few days following and discovered they were nowhere nearer an agreement than before their sightseeing trip downtown.

Normality

Subsequent negotiations were effective in pushing the committee along toward further work on its four bills. Perhaps, in the end, the White House talk was partly responsible.

Legislative authorities believe there should be and probably will be more of these West-conducted talks in the future. Such talks represent a cooperation which is essential between the legislative and executive branches. They are needed far more at this time than in the recent past because both branches now appear to be resuming their normal places, after the hectic depression period in which congress was little more than a typewriter writing executive laws.

Chart

Not much news is contained in the government's balanced business figures this month. There have probably been few times in history when industrial production has fluctuated so narrowly in accord with seasonal expectations as since the first of the year. An average level of 117 per cent of the 1923-25 "normal" has been closely maintained.

Lines which have been going strong lately are steel, foods, auto, tobacco, plate glass. Down are textiles, shoes and coal (after the strike threat caused cessations of demand).

Current strikes may cut into steel. Prospects are that textiles will go lower. Coal is regaining Ford production is being threatened. The immediate outlook, therefore, is not encouraging, but would be, if the strike situation cleared.

Purchasing Power

A strong economic factor lately has been farm income. The agricultural department has been giving out figures, generally unnoticed, indicating that farm income for April was up to an index of 89, as compared with 81.5 in March and about 70 a year ago. In the first four months of the year, farm purchasing power was 16 per cent higher than a year ago.

It is due entirely to better prices, as the volume of marketing during the first four months was five per cent less than last year.

Master

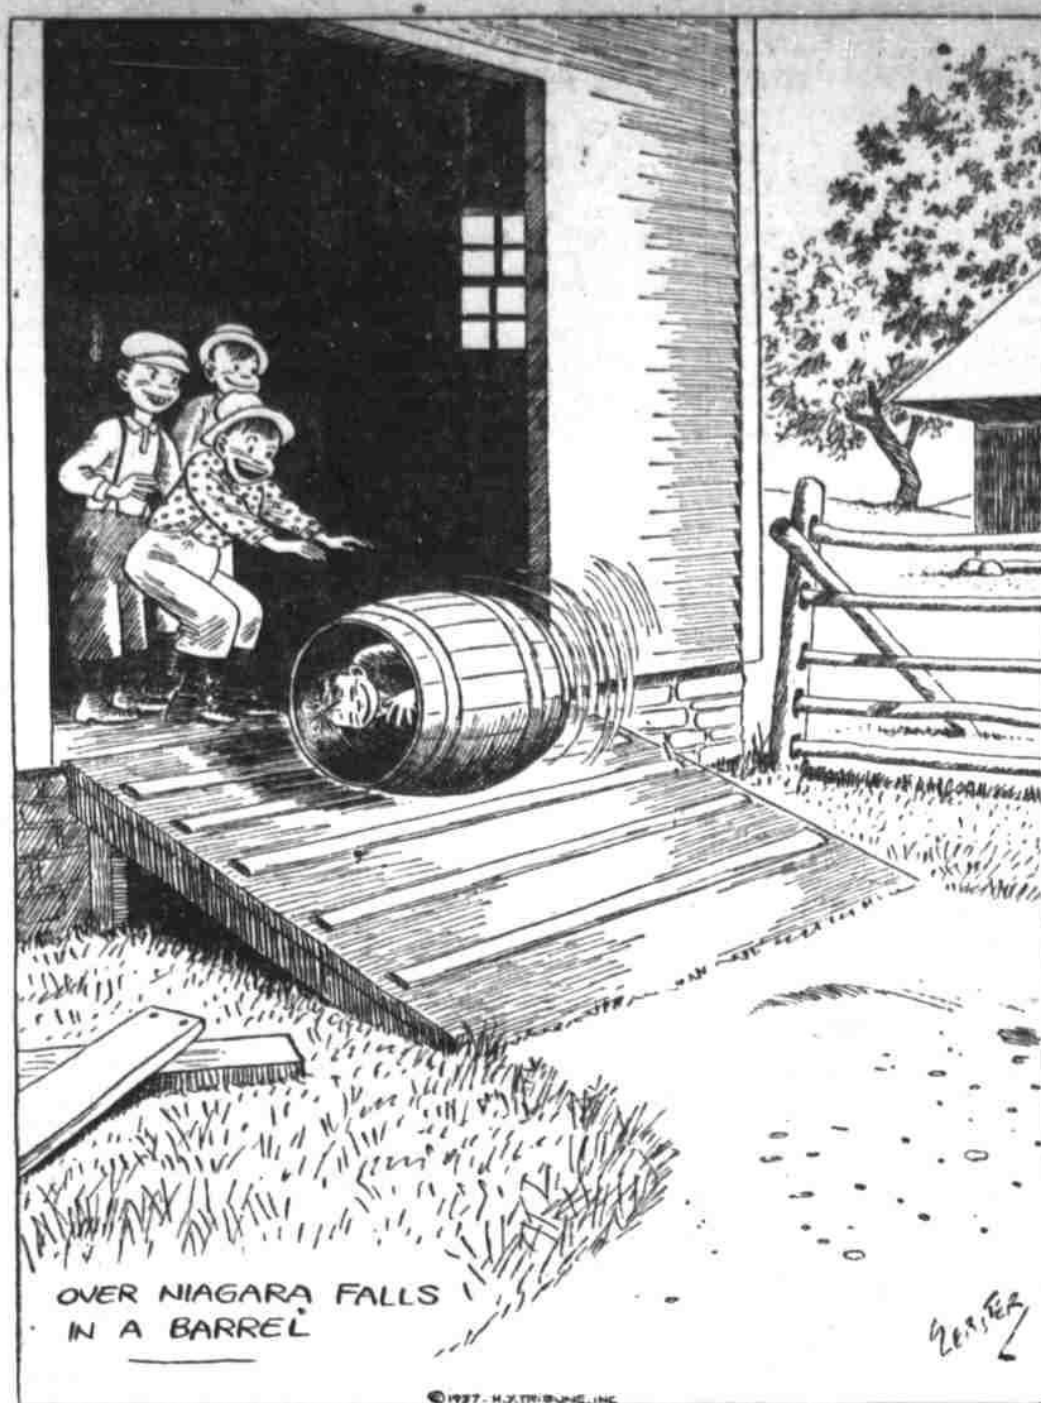

The greatest speech which the famous Idaho orator, Senator Borah, ever made was one which was not recorded and will never be. It was delivered extemporaneously in a recent executive session of those members of the senate judiciary committee opposed to court packing. Mr. Borah was asked by another member to name someone to write the anti-packing report. He replied that it should be a democrat and he launched into a free expression of his opinion that these democrats had displayed great courage on a great issue. Years hence, he said, senators would be reading their words, just as they are now reading Webster and Calhoun. No greater example of a democrat in principle in the face of political obstacles could be found in history.

At the end, two hard-boiled old senators were actually weeping and the rest were coughing into their handkerchiefs to keep from crying.

The Thrill That Comes Once In A Lifetime

Hollywood

Sights and Sounds
By Robin Coons

By ALICE FAYE
(Guest columnist for Robin Coons)

HOLLYWOOD—Ever since I was a child I have wanted to travel. So I have perfected a way of living in "every part of the world" without even leaving Hollywood.

I move from house to house, hotel to hotel, apartment to apartment. I have moved exactly 22 times since I came to Hollywood a little less than four years ago from the New York stage. And each time I move, I choose a different style house. Always I select one representing a different part of

Alice Faye

the world from the home I lived in last.

In spring and summer I live in houses. During the winter I prefer hotels and apartments. I moved into a home in Beverly Hills last week just before starting "You Can't Have Everything."

My new place is a 12-room English style home. It has a swimming pool, which is one of the main reasons I rented it. But since I couldn't go to the coronation in person, at least I could go to England in fancy by living in an English style home.

A New Outlook

You might wonder why I move so often. It's an escape mechanism, I admit, but a very pleasant one. Most persons have some way in which they renew their outlook on things. Some buy a new hat, a pair of shoes, a dress or a suit, I move.

Although I've had only a few days off from picture work since last August—when I took a brief trip to New York—I have been all most around the world, residentially speaking. I have just moved out of a French Normandy home in Hollywood. Before that I lived in a Swiss chalet apartment house, two months before that I lived in a hotel of Mediterranean architecture.

"Wait Till I Move"

When the casting office calls me instead of saying as many other players do, "Wait until I get my hat," I always say, "Wait until I move."

Don't get me wrong. I don't buy the places. I don't own even an apartment chair. I merely move my personal belongings each time I rent another place. When I finish my current picture I expect to move into a long, rambling, lazy Spanish style home.

WEALTHY TEXANS GRANTED LEASE AND OPTION ON MINES

RENO, Nev., May 29 (AP)—J. K. Wadley and Sherman and H. L. Hunt, wealthy Texas oilmen, have been granted a lease and option to purchase for \$10,000,000 the famous George H. Austin Jumbo gold mine in Nevada's awakening district. It was announced here.

Austin said the lease and option, under terms of an agreement reached yesterday, will cover a period of 35 years. He also said he had received the first payment of \$250,000.

The money has been divided into six equal parts and is to be distributed to the six members of the Austin family. They are George, his wife Bernice, his brother, J. S. Austin; two sons, Wilfred G. and Kenneth; and a daughter, Mrs. Bonnie Jean Sobrie.

The Austin family is to receive royalties of 20 per cent of the gross production, less expenses of marketing the bullion. Another provision of the deal is that not more than \$1,000,000 or less than \$100,000 may be paid on the purchase price in any one year.

Bill To Extend Time On War Risk Insurance Is Vetoed By Roosevelt

WASHINGTON, May 29 (AP)—President Roosevelt vetoed Friday a bill to extend the time in which war veterans may renew their five-year war risk term insurance policies.

In a message to the house Mr. Roosevelt said it was not believed that further extension of the privilege of converting the temporary war risk life insurance was "warranted or ultimately will prove profitable to the individuals concerned."

Chairman Rankin (D-Miss) of the house veterans committee said that the veto message and bill be tabled until Tuesday and indicated that he would ask then that the house vote to override the veto.

Three previous extensions were granted.

"The lower initial premium rates of term insurance policies are not going," the president said, "and unless we will you be good enough to let me go? We are not friends, we never can be. Shall we be fair to each other?"

"You have made the decision," he said, stepping aside so she could leave the box.

CHAPTER IX

For the first time since she had started following the races, Carol was uncertain as to what horse she would back. She was furious, and for once her anger was with herself instead of Duke Bradley. In her own mind she tried to justify her indecision by saying that she had been too tired, too distracted by the noise of the train, to keep her mind on the scores she had been working out. But her deep honesty would not permit her the comfort of self-deception. She knew the real reason she could not keep her mind on her figures was that thoughts of Duke jumped between her and her calculations. Why, when she hated him so, couldn't she forget him for a moment?

"Aragon doesn't look so good," she heard a man say as she was leaving the train. "But, of course, Hand-Riding Kelly is riding him, so."

She smiled. Calculations could go by the board for once; after all, "hunches" had their place in betting and so did sentiment.

Duke raised his eyebrows when she placed her bet and Tip O'Brien had to turn away to hide his smiling face.

"I've decided to give you a break," said Carol sweetly to Duke. "You are going to have Madison join us?" he asked eagerly.

"Wrong, as usual," she answered. "I mean that I'm not sure about Aragon. It is rather more than possible you'll get back part of your losses."

"Oh, fair lady, I beg of you do not let your kind heart get the better of your clever brain."

"It's that Hand-Riding Kelly is the jockey. He worshipped my father and last night he was so sympathetic."

She turned and walked away hurriedly. Why had she let that impossible Duke know what was in her heart? Anyone would think she was justifying herself to him; trying to let him see there was a soft side to her nature. As if she cared what he thought of her!

"Can you beat that dame?" asked Tip as she walked away.

He was to say the same words a few hours later, but with a different intonation.

"She's done it again—and the odds—when! Its spooky, I'm telling you, Boss. First she's hard-boiled and never misses. Then she goes soft and we shell it out again. Soft! That frosty-hearted doll!

This'd be the happiest day of my life if I knew I'd never see her again."

"Oh, Tip, don't shatter an illusion—I always thought you had an unerring eye for a pretty woman."

"If all the stars of Hollywood were rolled into one—combining the best features of each of 'em—I'd hate the sight of the result. If she'd nicked us for thirty-five G's, he said savagely. "And you—I don't get you at all."

"She's some distance from her goal yet," said Duke. "She'll be going on to Florida and then she'll be in a love with Fritzie. This idea was too ridiculous. Kiffie was so jealous little fool. Why, Duke wasn't in love with anyone! He was too egotistical, too selfish, too vain, too mercenary—too everything that was despicable, to be in love ever. She heard Kiffie's voice droning on between sneezes, but she did not hear one word he said. She was too engrossed in a mental cataloging of Duke Bradley's shortcomings.

As they left the wicket, Fritzie and Duke halted them.

"Kiffie lamb," said Fritzie, "why did you neglect your itty-bitty girl? Now stay right by my side. Kiffie, his trooper, seemingly forgotten, beamed as he slipped his arm through hers. Duke fell into step with Carol.

"What that your final word—really?" he asked.

"Absolutely."

"O. K. lady fair. If you won't play along with me, you'll have to take the consequences."

Carol has had a shock from Kiffie's confidences. It has affected her more than it should, she knows. On top of this, Duke has delivered a veiled warning. Why does he mean to do? He's sure to read tomorrow's high-geared installment.

"I want to get this thing straight, about your having Madison come to Florida. No—don't try to go on. I've had my say. You have to listen to me. The way you neglect that man may turn out to be very serious for you. Don't smile. I know he is deeply in love with you. But a man will stand only so much—and he's taken a lot, already. At first, the whole thing just seemed a little screwy, but I tell you it is serious."

"Of course, I understand it all perfectly. What you mean, is the way I neglect Hartley, as you put it, is serious for you. I've been cleaning you right along. You could take that, if only you could take some of Hartley's bankroll. It is all so clear, Mr. Bradley."

"Please, let us drop our scrap-ping for a minute. Just this once let's forget trying to out-smart each other. I'm serious about this. I want to see you two kids happily married. I want it for the two of you and I promised your father."

"Mr. Cupid with a vengeance," she said, "you'll be pulling a tremolo on me in a minute. I know why you want Hartley to come to Florida. And again—is it the milk month time?—I say he is not coming. You may think you're a good actor, but I know you and all your wily ways. And now, as our gal-

lantry and lofty emotions do not galling," the president said, "and unless we will you be good enough to let me go? We are not friends, we never can be. Shall we be fair to each other?"

"You have made the decision," he said, stepping aside so she could leave the box.

Reading The Riot Act

by Fred Locher

Reading + Writing

By John Selby

"YANKEE IN ENGLAND," by Gerard B. Lambert; (Scribners: 65).

"Yankee in England" rather turns the tables on the modern book world. We have been reading, perhaps too often, about the life "they" live on the wrong side of the railroad tracks. Gerard B. Lambert, with a frankness and charm quite remarkable, now shows how they live on the right side of the tracks.

It means something to be able to add that he does it without offense, even though it is his own life he is describing. Perhaps this is accomplished because Mr. Lambert didn't realize what he was doing—he started out to tell about a summer of racing in the "Yankee." He has done that too, of course.

Mr. Lambert's summer was perfectly successful, even though his yacht lost its mast, and the British trawling outfit which towed him in for repairs tried to force him to pay salvage rates. The races were evenly enough balanced so that no one felt slighted; Mr. Lambert's "Yankee" lost, as a matter of fact, and everybody was delighted with every thing; toward the end of the season the visiting yachtsmen even had a royal bust, which Mr. Lambert writes of with gusto.

It seems that ashore they ran into a tent show, and that hard by the spot upon which they stood, there was a sign pointing to the "American Freaks." This was too much for Mr. Lambert's sense of humor, so he and another chap climbed into the pen with the "American Freaks," and entertained themselves, the freaks, and the audience.

The disarming was the occasion of a telegram from King George V which got lost, and although it was much appreciated, it still gave Mr. Lambert rather an amused feeling. Because for all the British carelessness it was just simply their fault, and the king's equities and so on wasted 10 days solving the mystery.

Mr. Lambert is so unconscious that he is particularly lucky in life, or that his book might cause envy or surprise, that it does not cause either of those things. And his honesty is superb; so are his photographs.

Personally Speaking

Dr. and Mrs. W. B. Hardy and children are spending the week-end in Fort Worth.

Jim Kelly, editor of the Stanton Reporter, and Sheriff Zimmerman of Martin county were visitors here Friday.

Carl Griffin, Borden county ranchman, reported good rains over Borden county while a visitor here Friday.

Mrs. Carl Strom and daughter have arrived from Fairfax, Okla., to join Mr. Strom in making their home here. They will reside at 1800 Main street.

CALENDAR OF TOMORROW'S MEETINGS

Monday
WELCOME STRANGER tea between hours of 3 and 5 o'clock on the mezzanine floor of the Settles hotel.

FAST FOURTH STREET Baptist Women's Missionary union meeting at the church at 3 o'clock for short devotional services before beginning fifth Monday visitation.

Baptist Young Folks Plan Day On Concho

Plans are being made for approximately 30 members of the East Fourth Street Baptist young people's department to spend Monday on the Concho river, according to their supervisor, Mr. Ben Carpenter who will accompany the group along with Johnny Moreland and Rev. W. S. Garnett.

Hoping to catch enough fish to serve the group at noon a party of six men plans to leave soon after midnight tonight while the others in the group will meet at the church and leave from there at 4 o'clock.

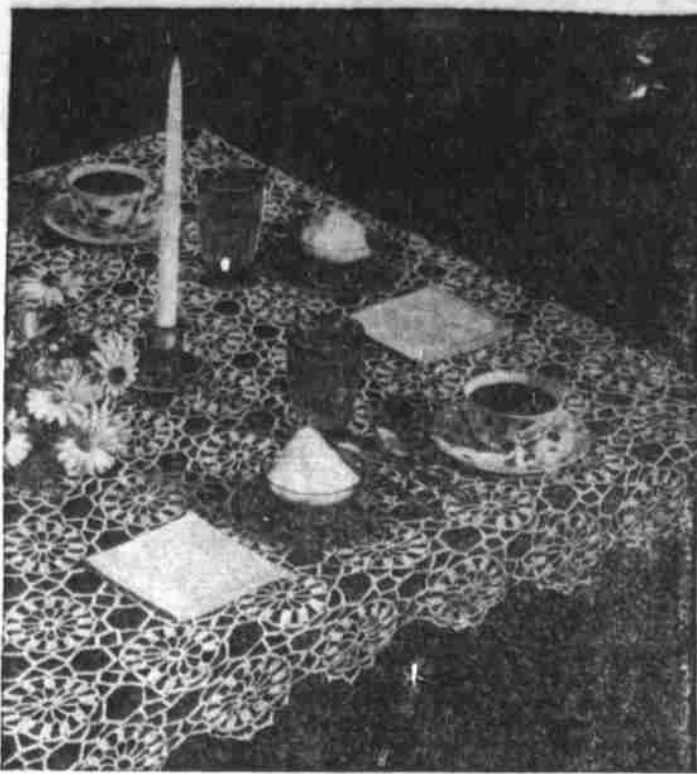

PITMANS ON VACATION

Mr. and Mrs. Omar Pitman and son, Omar Jr., left Sunday morning for San Antonio, where they will be guests of Mr. and Mrs. J. B. Whelan for a visit before continuing to Corpus Christi and other South Texas points.

Combined Motifs

By PEGGY ROBERTS
Pattern No. 619

Believe it or not, but this lovely design for a tablecloth is entirely made by combining motifs that are all made in the same way. The pattern is so simple that after you've made several, you'll have it memorized. And the work goes so quickly, because the motifs measure 5 inches across, that in no time you'll have a beautiful dinner cloth. The design would also be charming for a bedspread, for you could use a colored cloth beneath the crochet, and obtain a beautiful effect.

The pattern envelope contains complete, easy-to-understand illustrated directions, also what crochet hook and what material and how much you will need.

To obtain this pattern, send for

No. 619 and enclose 10 cents in stamps or coin (coin preferred) to cover service and postage. Address Big Spring Herald, Needlework Department, 72 Fifth Ave., New York, N. Y.

GOLDENS PLAN TRIP

Mr. and Mrs. Glenn Golden plan to leave late Monday for an automobile trip into New Mexico, Colorado and Kansas. They will spend several days near Elephant Butte, in Colorado Springs and will stop for short visits in Newton and Wichita, Kas.

They will return by June 11. Mrs. Ted Bishop of Eunice, N. M., is visiting with friends here.

MISSOURI GUESTS

Mr. and Mrs. George W. Hall have as their guests Mrs. Hall's sister, Mrs. Lucille Steers and daughter, Susan, and Mr. and Mrs. Oscar Hull all of Kansas City. The party will visit here several days before Mrs. Steers continues on to Fort Worth where she will take a nursing case. The others will return to their home.

WHIPKEYS EXPECTED

Mr. and Mrs. Bob Whipkey who have been vacationing in Mexico City for the past two weeks, are expected to return here this afternoon. They made the trip by automobile and were accompanied by R. B. Merritt of Abilene.

JACOBS' GUESTS

Mrs. M. L. Swartzberg, niece of Mrs. Max Jacobs, and little daughter, Rita Anne, of Fort Worth are the house guests of the Jacobs. They came to attend the graduation exercises in which Miss Janice Jacobs took part.

WILSON GUESTS

Mr. and Mrs. Leon J. Wilson have as their guests Wilson's mother, Mrs. Jane Wilson, a brother, Clyde, and an aunt and uncle, Mr. and Mrs. Orey Morris, all of Austin. Mr. and Mrs. Morris planned to continue on to their ranch in Levelland today.

already staked location for a north offset, the Condor No. 2 Asa Holt, in the Henry Millard survey No. 243, Condor, developer of the Sayles field, owns approximately 2,500 acres solid on all sides of production.

No. 1 Logsdon is half a mile directly west of the No. 1 Clayton Holt, completed in 1933; pay was logged from 1,914-17 feet.

A quarter mile west outpost to the Gular pool was spudded this week by Brown Eagle Oil company, headed by J. C. Hunter of Abilene,

and the S. B. Roberts company on the Will S. Lewis land.

Force East Offset

Production will force an east offset by the Gular Trust estate on land owned in fee and will extend the limits of the pool into the townsite of Hawley. The test is located 660 feet from the north and 220 feet from the east line of the Lewis 26-acre tract in G. Martinez survey No. 194.

Thomas D. Humphrey No. 3 Gular, on the east side of production in the pool, has been spudded 1,100 feet from the north and 220 feet from the west lines of the south-east quarter of section 44-15-T&P survey.

Two wells were completed in the Hawley field this week. The Sinclair-Prairie No. 3-A King, in section 20-Buena survey 196, flowed 124 barrels in eight hours through two-inch tubing after acidization in lime at 2,223-28 1-2 feet.

In the same section, Danziger, Fortex and Owens-Snebold No. 6 Dorsey estate, before potential gauge, was estimated for 350 barrels daily flowing from Lower Hope pay where it was treated with 3,000 gallons of acid at 2,227-35 feet.

Five Tests Planned

Location was staked this week for an east offset to Fisher county's new pool opener, the Southern Oil corporation No. 1 Joe Robinson, by Tide Water Associated. At least five other tests have been planned to start within 30 days in the vicinity of the well, two and a half miles northeast of Rotan.

Operators, delaying running of six-inch casing until equipment arrived and boiler was moved from the derrick to the field as a safety measure, said the flow would completely fill the 4,100 barrels of storage available by the end of the week. It continues to rate 20 barrels per hour through defective control head.

A new high for both royalty and lease sales was reported in the excitement. A base of \$500 per acre on three-eighths royalty was paid by C. W. Guthrie of Big Spring for

GOVERNOR TO ATTEND STAMFORD'S RODEO

STAMFORD, May 29.—Governor James V. Allred, an annual visitor at the Texas Cowboy Reunion, has accepted an invitation to attend this year's reunion which will be held July 1, 2 and 3.

The governor's acceptance was contained in a letter to W. G. Swenson, president of the Texas Cowboy Reunion, Inc. He is to be here July 2 to lead the grand parade which is staged each year on the second day of the gathering.

Paul Whitman, who is a colonel of the governor's staff, has been invited to ride with Allred at the head of the procession. Whitman has "gone western" and is greatly interested in horses and in ranch activities.

In 1832, when leech farming was a profitable industry, 57,000,000 leeches were imported into France.

The New Tiltaway

....Brings Added Features To Studio Couches

A new Studio Couch with ingenious new "tilt-up" feature. All of the advantages of the front pull-out. Very convenient when preparing for sleeping... Has spacious box for handy storage of bedding... Tubular backrail supports the pillows at comfortable sitting position... Attractive tubular sides have wood arm rests, Walnut finish... A complete selection of beautiful rough-textured cover fabrics... Simmons innerspring top mattress and coil spring base... Legs, Walnut finish... May be used as twin beds or a double bed.

Tiltaway opens for sleeping by merely tilting the front upward—the balanced spring mechanism does the lifting and the auxiliary caster-legs holds it in position... No need to move end tables or other furniture... The back rail pivots forward to avoid rubbing rear walls.

The handy bedding box slides forward on casters... Note the fabric spring top for use under the inner-spring mattress.
