

American Infantry Enter Aachen

Reds Near Tilsit

Tanks, Infantry Strike Prussia In Junker Lands

By DANIEL DE LUCE MOSCOW, Oct. 13 (AP)—Russian tanks and infantry stormed the centuries-old Junker lands of East Prussia, barely nine miles northeast of the important city of Tilsit today, while in doomed Hungary the victorious Red army raced for the 160-mile distant Austrian frontier.

Great offensives against the northern and southern extremity of the reich rolled back maimed German divisions like driftwood in a flood. Hungary's admission of defeat was expected hourly. Russian columns were converging on Budapest along the main rail lines, approximately 60 miles east of the capital and reportedly less than that on the south. All major communications between Hungary and Serbia were reported in Russian hands.

No natural barriers stood in the way of Marshal Rodion Y. Malinovsky's four-pronged blitz on Budapest across the Hungarian plains.

Russian forces were less than 15 miles from the only Hungarian rail lines connecting Budapest with Magyar troops at the Carpathian passes in Ruthenia. The routed German-Hungarian forces in northern Transylvania were virtually cut off.

Southern Hungary was a race-track for Russian armor. The Hungarians were reported resigned to the immediate loss of Kecskemet, rich provincial city famed for its peach brandy, situated 49 miles southeast of Budapest.

With Hungarian resistance all along the invasion front seemed to substantiate diplomatic hints that the exhausted satellite nation was about to quit Hitler.

Roosevelt Tells Italians US Is Not Conqueror

WASHINGTON, Oct. 13 (AP)—President Roosevelt, saying the American army entered Italy "not as conquerors but as liberators," has promised the Italian people that they "will be free to work out their own destiny, under a government of their own choosing" when the Allies defeat Germany.

"The United Nations are determined that every possible measure be taken to aid the Italian people directly and to give them an opportunity to help themselves," the president said last night in a radio address from the White House.

It was directed to the meeting of the Italian-American labor council in New York in acceptance of the council's four freedoms award.

Earlier, Mr. Roosevelt addressed chiefs of diplomatic missions from the other American republics on the occasion of Columbus Day. Recalling the millions of Italians who have followed Columbus to the western hemisphere, he said:

"This is one of the many reasons why the forces of liberation have been welcomed so cordially by the Italian people after 22 years of fascism."

Saying aviation has brought the old and the new worlds closer, Mr. Roosevelt asserted "that if we do not now take effective measures to prevent another world war and if there were to be a third world war, the lands of the western hemisphere would be as vulnerable to attack from Europe and Asia as were the island of Crete and the Philippine Islands five years ago."

"Our objective," he said, "is to establish the solid foundations of the peace organization without further delay, and without waiting for the end of hostilities."

Fighting Flares On Bologna Road

ROME, Oct. 13 (AP)—Heavy fighting flared up in the hills along the Florence-Bologna road today following yesterday's massive air assault on German positions and installations south of Bologna, key communications center of the Po valley.

Allied headquarters announced that Fifth army troops took more than 300 prisoners in the new assault in the central Italian sector.

Aided by warm weather, American forces pushed ahead in the wake of yesterday's tremendous aerial attacks and partly flanked the town of Livergnano, 10 miles south of Bologna on highway 65, the communiqué said.

The doughboys again encountered stiff enemy resistance. In describing the heavy fighting astride highway 65 the communiqué said "no material advances have been made."

Foot troops reached the summit of one hill only nine miles southwest of Castel San Pietro on the Bologna - Rimini road, while other forces captured Mount Delle Formiche, two and a half miles east of Livergnano where the fiercest fighting seems to have centered.

Yesterday's pulverizing raids by American planes in their greatest blow yet in the north Italian campaign were made in an attempt to blast a pathway into the Po valley for Fifth army forces which have been virtually stalled south of Bologna for two days by a Nazi death-stand.

Meanwhile the Eighth army found itself on firmer ground and appeared to be moving steadily forward everywhere except in the immediate Adriatic coastal sector where a succession of streams at short intervals gave the Germans a wide choice of defensive positions.

Eighth army troops rolled the Germans off another segment of highway 9 — the Bologna-Rimini road — penetrating to a point three miles beyond Savignano and capturing three villages south of the road.

Headquarters disclosed that the three heavy bombers and 17 other planes were missing from yesterday's aerial operations in the Mediterranean sector, which included strafing of airfields and other targets in Austria and Hungary.

U. S. medium and light bombers based in France added their weight to the siege of Aachen by attacking bridges and road junctions outside the frontier Prussian city.

The U. S. Ninth air force yesterday flew more than 1,300 sorties, 1,000 of them by fighters-bombers, in attacks on Aachen and German communications in the Ruhr, where 62 locomotives were destroyed and 31 damaged. 207 railway cars knocked out.

Long-range British Mosquitos yesterday zipped all the way to Czechoslovakia and Yugoslavia and destroyed 14 aircraft and damaged a number of others on the ground.

A Canadian wing racked up eight on two airfields 90 miles south of Prague and another group got six on two fields near Zagreb in Yugoslavia. For the latter out-let it was a roundtrip of more than 2,000 miles.

Colorado Boy Missing COLORADO CITY, Oct. 13 — Reported missing in action in France several weeks ago, Pvt. Tomas Lares is now officially listed as "killed in action on July 20," his mother, Mrs. Maria Lares of Colorado City has been informed by the War Department. He had been in the infantry for the past two years and in foreign service since May.

AUSTIN, Oct. 13 (AP)—President Homer P. Rainey of the University of Texas, who has been at odds with the school's board of regents for several years, today had laid before the public his side of the controversy in a 16-point enumeration of specific matters which he said had brought disharmony.

Disclaiming any intention of indulging in personalities, the university president yesterday read before the faculty in special session a 26-page statement naming the regents and stating the principles upon which the differences

Yanks Bombard Formosa

HEAVIEST BLOW OF WAR HITS JAPS IN DARING DAY RAID

By LEONARD MILLIMAN Associated Press War Editor

Strong formations of U.S. warplanes striking 100 miles of the China coast destroyed 221 Japanese planes, sank or damaged 35 ships and bombed Formosa from end to end, Adm. Chester W. Nimitz announced today.

The attack Wednesday (U. S. time) was the heaviest blow in a series of daring strikes this week along more than 2,000 miles of Japan's inner defense line which included new carrier raids on the Philippines and destruction of vital oil refineries at Balikpapan, Borneo.

Tokyo reported today the Pacific fleet struck for the fifth time in five days with a repeat performance over Formosa Thursday (U. S. time).

The raids on the Philippines, Formosa, the Ryukyu islands and Marcus, cost the Japanese 310 planes destroyed, 93 surface craft sunk or damaged, and demonstrated the fleet's ability to strike almost simultaneously at widely scattered targets.

The Japanese fleet failed to give battle. Nimitz said no American ships were damaged. The only losses he has listed in his incomplete reports were 22 American planes shot down over Formosa.

Some 500 miles east of the Philippines Yank soldiers occupied Arimasaku. Chinese belatedly acknowledged the loss of Fochow, last port city on the east coast opposite Formosa.

In southwest Burma British beat off an artillery-supported counter-attack east of the enemy's Tiddim base. Allied raiders slashed through the jungles 22 miles south of Tiddim.

Looney Tops Quota COLORADO CITY, Oct. 13 — First Mitchell county community to slide over the top on the war fund quota is Looney. Led by Chairman Mrs. Clyde Hart the little farming community donated \$25 more than their assigned \$100 on the first and second day of the drive.

With no other community chairman having made reports, a total of \$2,000 had been deposited Thursday morning, according to Dr. Merritt, county chairman. Mitchell countians are trying for \$7,500 in a ten-day drive.

Texarkana Testifies Before House Committee That Group Innocent

DALLAS, Oct. 13 (AP) — Arthur Temple, Texarkana lumberman, told the house committee on campaign expenditures yesterday that a leaflet headed "\$10,000 is a lot of money," which he said mentioned Rep. Wright Patman (D-Tex), was circulated by the Committee for Constitutional Government in New York and not by the local Texarkana group.

The committee has been investigating whether the CCG has been engaged in politics. Temple and E. M. Biggers, Houston printer, yesterday testified before the congressional group in its closing session here.

Temple told the committee chairman, Rep. Anderson and two other committeemen, Rep. Sparkman (D-Ala) and Rep. Gathings (D-Ark) that he was familiar with the leaflet mentioning Rep. Patman.

The Texarkana lumberman replied "that depends on your point of view," when Anderson asked him whether he considered the Patman reference favorable or unfavorable.

Temple said he recalled that the leaflet referred to Texarkana's part in the national debt, and to Patman as being in favor of spending.

Sparkman asked Temple if he had seen in leaflets distributed by the Committee for Constitutional Government any statements directed against the president.

Temple said he recalled "a good many statements directed against the philosophy he represents."

He added that there was a difference, in his opinion, between statements directed at an individual and statements directed at the "philosophy of government" with which an individual was connected. "When you discuss philosophy of government you include a lot of people," he said.

He said the local committee in Texarkana was conducting a school quiz contest on the constitution.

Temple testified that approximately \$4,150 was raised at Texarkana for the Committee for Constitutional Government after a dinner there in April at which former Rep. Sam Pettengill spoke.

He said that the money went to the headquarters of the organization, and that the local group received back 35 per cent to be used for quiz contests on the constitution.

COMMUNICATION RENEWED STOCKHOLM, Oct. 13 (AP) — Direct telephone communication between Berlin and Stockholm was resumed today after a four-day break. No explanation was given.

Two major issues were involved, said Dr. Rainey: "1) The issue of the freedom of the university without which it is not a university and can never become a university of the first class; and 2) the issue of the proper relationships between a governing board and the executive and administrative officers of the university."

Among the 16 incidents which Dr. Rainey recited were: A request by Regent H. H. Weinert, Seguin, in 1939 not to renominate Prof. J. C. Dolley; a request to

Outskirts Taken By Famous Group

LONDON, Oct. 13 (AP)—A famous American infantry division fought its way into Aachen proper, once the proud capital of Charlemagne but now a smoking hulk of old ruins, after capturing all the suburban Schlichtof factory district on the northeastern outskirts.

The Germans wheeled up reinforcements, including one of their finest tank divisions, in a last minute attempt to save the great frontier city of 165,000. The enemy counter-attacked heavily at Bardenberg.

Opposition was surprisingly weak as the doughboys entered the city, which had been bombed and blasted for two days by hundreds of divebombers and an almost solid ring of heavy artillery plunging shells by the thousands into its ancient structures.

The Americans entered the city itself at 9:30 a. m. (central war time) along a path blasted by artillery and mortars. The Yankees gingerly crossed 16 rows of tracks and started routing out dirty and bearded Germans holed up in the narrow streets which were cluttered with debris.

The fighting was close quarters, sometimes with bayonets, sometimes with small arms and it went from house to house, from street to street.

The Allies improved their positions in Holland. Signs appeared that Field Marshal Gen. Von Rundstedt was preparing a stiff defense of southwestern Holland, despite reports of the destruction of the Rotterdam docks. Front correspondents said the Germans were strengthening their forces near the Schelde estuary, possibly for a major attack against the Canadian First army to retain approaches to the Belgian port of Antwerp. Planes spotted heavy German traffic moving west from Tilburg toward Breda and destroyed 31 vehicles.

British forces lunged a mile forward from the right flank of their Dutch salient pointed toward Arrhem and moved within ten miles of the German border. The advance was south of newly captured Overloon.

Supreme headquarters disclosed that Canadians on the south bank of the Schelde estuary had been reinforced and gained new ground beyond their Leopold canal bridgehead.

North of the fortress city of Metz, Lt. Gen. George S. Patton's American Third army was fighting the Germans hand to hand in the streets of Metzleres Les Metz.

This outfit was the first actually to enter Aachen proper, although troops have been in the suburbs for days. What we found here is not really a city at all any more, but only a dirty derelict of what had once been a city. Ruins are everywhere. Even the trees are stripped. Pools of water stand in the streets. There is the smell of ashes, old and new. Occasionally we stumble across German dead.

When it is all over it will be surprising if it is found as many as 10,000 of Aachen's normal population of 165,000 remained behind.

This city which refused an ultimatum is going to provide an object lesson to all Germany.

OPA Broadens Gas Rationing Program The Office of Price Administration today broadened its gasoline rationing program to include a number of functions that heretofore have been handled by the Office of Defense Transportation.

All operators of commercial motor vehicles that require certificates of war necessity—such as buses, trucks, taxicabs, rental cars, etc., will be affected by the change. OPA and ODT announced.

Under the new procedure, applications for commercial motor vehicle operators for temporary and non-recurring rationing will be made to OPA local war price and rationing boards rather than to ODT district offices. These rationing will be issued by local boards and any appeals from decisions of the boards will be handled by OPA. Thus OPA will have complete authority over the issuance of such additional rationing.

Applications for certificates of war necessity or for permanent changes in certificate allotments will be handled by ODT district offices as in the past. Forms for making such applications may be obtained at all OPA boards, and also at ODT district and field offices and offices of county farm transportation committees. ODT will continue to certify permanent commercial vehicle needs and issue certificates of War necessity to cover these needs.

NATIONAL DEBT INTEREST WASHINGTON, Oct. 13 (AP) — It now costs more than \$4,000,000,000 annually to pay the interest on the national debt.

The treasury's monthly bulletin, out today, placed the public debt at the end of August at \$208,794,000,000 and the annual interest charge at \$4,033,000,000. This is at an annual rate of interest of 1.923 per cent.

Rainey Gives His Side Of Regent Controversy

The faculty cheered Dr. Rainey twice during his reading, but took no action after he had said that the purpose of the meeting was to hear the reading of his statement.

The university president told his faculty that the rift between him and regents was not irreparable, that he believed the administration could work with the board if it would "recognize, guarantee and protect the essential freedoms of the university x x x of freedom of thought, freedom of research and investigation and freedom of expres-

sion" and if it would "recognize and observe" legitimate functions of administrative authorities.

Dr. Rainey said "the recent effort on the part of one or more members of the board of regents to set limitations upon my activities x x x is only the last in a long series of restrictive actions. He referred to a statement that Regent D. F. Strickland had told Vice President J. Alton Burdine the president was making too many speeches. "Like those before religious groups," Strickland denied he had such a conversation with

Hernandez Wounded COLORADO CITY, Oct. 13 — Pfc. A. M. Hernandez, Jr., has received wounds of a "serious nature," his mother, Mrs. Ellen Hernandez of Colorado City has been informed. Fighting with the infantry in the French theater of operations, he was wounded June 2 but had recovered from his first wounds and rejoined his company. He was wounded a second time on September 8, the War Department message told his mother, and is now in a base hospital somewhere in France.

# Dr. R. L. Pritchett Speaks Activities At College Heights P-T.A. at the USO

The College Heights Parent-teacher association conducted a regular meeting at 8:30 at the school Thursday afternoon. Girl scouts were on duty to care for the children.

An executive meeting preceded the regular meeting with all committee chairmen present. It was announced that a rummage sale would be held Saturday 14, next to the Bollinger store. Those with rummage should call Mrs. W. P. Edwards, Mrs. G. T. Hall, or Mrs. J. H. Bennett and they will pick it up.

Membership chairman, Mrs. R. F. Bloom took dues with a total of \$93 paying. The membership drive will be intensified next week with October 20 as the deadline for dues.

Mrs. G. T. Hall presided over the executive meeting and Mrs. H. G. Keaton was there as the newly elected secretary and Mrs. W. P. Edwards was in charge of the program. Rev. J. E. Moore opened with an invocation and Mrs. Ada Harrison's 5th grade students sang two numbers. Rev. Moore introduced the speaker, Dr. H. L. Pritchett, professor of sociology at S. M. U. spoke on "Relationship Between Child and Parents." Mrs. Earnest Hock sang a solo and Mrs. J. E. Brigham made a short talk on P-T. A. work.

Those attending were Mrs. S. W. Wheeler, Mrs. T. Lloyd, Mrs. B. E. Freeman, Mrs. James E. Moore, Mrs. Joe Barbee, Mrs. Robert Fairlee, Mrs. R. Y. Clowd, Mrs. Horace Beene, Mrs. Mary Locke, Mrs. C. D. Watson, Mrs. E. W. Love, Mrs. T. E. Osburn, Mrs. A. Swartz, Mrs. Cleo Fuller, Mrs. J. S. Bennett, Mrs. H. P. Wooten, Mrs. A. J. Haines, Mrs. L. Robinson, Mrs. V. D. Strahan, Mrs. Kelly Jones, Mrs. D. George French, Mrs. J. T. Farquhar, Mrs. G. L. Hardin, Mrs. Albert Dillon, Mrs. Pat Murphy, Mrs. A. Joseph, Mrs. John DiBrell, Mrs. H. S. Keaton, Mrs. D. I. Boone, Mrs. A. L. Hodds, Mrs. R. C. LeFevre, Mrs. Bud Petty, Mrs. Ray Patton, Mrs. R. B. G. Cowper, Mrs. Iva Honeycutt, Mrs. R. F. Bloom, Mrs. M. McDonald, Mrs. Clayton McCardy, Mrs. Charles Stagg, Mrs. W. a y n e Ground, Mrs. W. D. Rowland, Mrs. G. T. Hall, Mrs. Clyde Angel, Miss Neal Cummings, Mrs. E. J. Coverdill, Mrs. J. E. Brigham, Mrs. W. P. Edwards, Mrs. Bill Early, Mrs. T. J. Williamson, Mrs. Effie McWhirter, Mrs. Earnest Hock, Mrs. C. W. Norman, Mrs. W. R. Dawes, and Mrs. Ada Harrison.

## XYZ Club Meets At Settles Thursday

Mrs. Vernon Whittington and Mrs. W. L. Thompson entertained the X. Y. Z. club Thursday evening at the Settles Hotel. A business meeting was held and a gift was presented to Mrs. Vernon Whittington, out-going president of the club.

The remainder of the evening was spent playing games. Mrs. Jennings won high bridge, Mrs. O. C. White won high 42, Mrs. Charles Girdner bingoed.

Others attending were Mrs. George Thomas, Mrs. Jack Johnson, Mrs. J. B. Apple, Mrs. Edmond Lovelady, Mrs. J. D. Jones, Mrs. Walker Bailey, Mrs. Alec Miller, Mrs. R. B. Reeder, Mrs. Ryle, Mrs. Johnson, Mrs. James Edwards, Mrs. O. L. Nabors, Mrs. O. C. White, Mrs. Leon Lederman, Mrs. Charles Girdner, Mrs. Harvey Wooten, Mrs. Vernon Logan, Mrs. Elvis McCrary, Mrs. Dwayne Leonard, Mrs. Murie Creighton, Mrs. Douglas Orme, and club guests were Mrs. Frank McCleskey and Mrs. Joe Drane.

## Polly Ann Class Holds Social And Business Meeting

The Polly Ann class of the First Baptist church met Thursday evening in the home of Mrs. R. R. McEwen Jr. for a social and business meeting.

Refreshments were served to Mrs. Seth H. Garrison, Mrs. Otis Johnson, Mrs. Jerry Bucher, Mrs. Mervin J. Bowers, Mrs. S. V. Blankenship, Mrs. Rubin Creighton, Mrs. Eidon L. Hull, Mrs. Charles R. Nelson, Mrs. G. H. Hayward, Mrs. E. E. Elliott, Mrs. T. M. Lawson, Mrs. R. R. McEwen Jr. and Mrs. C. K. Shelton.

## How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel sputum laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREOMULSION** for Coughs, Chest Colds, Bronchitis

Jean Ellen Chowns is to be the piano soloist at the devotional hour for the Philathea class of the First Methodist church, which meets at 9:40 a. m. Sunday. Miss Chowns is the daughter of Mr. and Mrs. G. W. Chowns.

**GLASSES**  
That Suit Your Eyes Are a Pleasure

I have resumed my optical practice at my old stand, 122 East 3rd St. Dr. S. E. Womack is now my associate.

**Amos R. Wood**  
OPTOMETRIST  
Phone 382 Douglass Hotel Bldg.

## Yesterday, Today and Tomorrow

We look to Christianity not only for the world's culture and civilization, but to find within it those inherent forces which alone can save society and make permanent any sort of a civilization. Without the reinforcement of religious experience, life sooner or later becomes the helpless victim of mad passions and unregenerate ambitions. More than once civilization would have been lost in oblivion but for the intervention of Christianity and the schools which had been established by the church. It is no wonder, then, that men and women who think, cry loud and long for a continual support of and allegiance to the improved system of religious education in our church schools.

## BIG SPRING PASTOR'S ASSOCIATION

**FRIDAY**  
General activities.  
8:30—Decorating for Saturday carnival.

**SATURDAY**  
5:00-9:00—Free cookies and iced tea.  
8:30—Carnival, all GSO's participating.

## Brief Upholds Senate's Powers

WASHINGTON, Oct. 13 (AP)—A lawyer's brief strongly upholding the senate's advice-and-consent powers with respect to treaties was published as a senate document today at the request of Foreign Relations Committee Chairman Connally (D-Tex.).

Unanimous consent to print the brief as a public document was obtained just before the current congressional recess by the Texas, whose committee normally would be expected to pass on the peace treaty and other international commitments which may arise with the end of the war.

The argument was prepared by Harry S. Fraser, assistant counsel to the special committee investigating petroleum resources, of which Connally is the ranking democratic member. In obtaining consent for its publication Sept. 21, the day congress began its eight-week recess, the Texas explained:

"This is a brief treating with the difference between executive agreements and treaties, and in view of the many treaties which will probably come before the senate, I think it would be useful to have this document in the hands of senators."

Connally led the capital this week and it could not be ascertained immediately what his attitude toward Fraser's statement that "the increasing employment of the 'executive agreement' in the conduct of the foreign relations of the government indicates the desirability of a careful analysis of the validity of this technique in view of the treaty-making power under the constitution."

Who gets the first new cars when Germany quits? And how soon? The price? Will they be rationed? And what will they look like?

The honest answer is: At this time no one seems to know the answer except to the last question:

## Army Private Stretches In Bed That Kaiser Used In World War I

By HAL BOYLE  
SPA, Belgium, Oct. 10 (Delayed AP)—Pvt. Leland Holland stretched luxuriously on the cushioned comfort of the massive white bed once used by the late Kaiser Wilhelm and sighed:

"If I could only get this thing inside my pup tent."

The 20-year-old Baltimorean flopped on the bed, big enough to hold four persons, during a sight-seeing trip through the 27-room mansion where the kaiser lived in 1918 when the German army's general headquarters moved to Spa to steer the last great western offensive.

## Wounded Soldiers Indicate Toughness

TEMPLE, Oct. 13 (AP)—Interviews with wounded soldiers at McCloskey General hospital here indicate the toughness of the fighting on all of the battlefronts of the world.

Take Private Arturo Ramos of Laredo, bazooka gunner with the Second division, badly wounded by a shell that killed several of his buddies in a French village.

"I passed a large ditch on the way into town," he related. "I happened to look back and saw a movement in the ditch. I went back and when I got there noticed the ditch was covered with a roof of logs and dirt. I called for anyone in there to come out with hands up. I heard a jabber of voices but no one came out."

"I threw in a hand grenade and the noise stopped. I threw in another. Pfc. Higginbotham, a Texan, sprayed the interior with a full clip of bullets. We didn't stop to look in . . . that's a good way to get your face blown off. . . . We went on with the others to take the town.

From Salerno to the Rapido. . . . "It was the worst of all. . . . To Anzio, into the Velletri breakthrough where he was first wounded, to invasion No. 2 near Cannes, France, when Sgt. Albert Trevino, Jr., 36th division veteran from Brownsville, before a mortar kayoed him Aug. 24.

## Social Calendar Of Events For Week

FRIDAY  
WOODMAN CIRCLE will meet at 8 p. m. at W.O.W. hall.

## We Are Not Superstitious At All But Today Is Friday The Thirteenth

NEW YORK, Oct. 13 (AP)—Of course it's just superstition that Friday, or the 13th of the month, or Friday the 13th, is unlucky. It's just an old wheeze like "Friday's a dry day" or—Himmler. Come to think of it the country did go dry, or at least the 18th amendment went into effect, on a Friday.

Pure coincidence, of course. Maybe Friday wasn't lucky, either, for Solomon Grundy—"born on Monday . . . buried on Friday"—or for the spectators who lost their bibs and tuckers in Wall streets "Black Friday."

But what does that prove about the 13th?

Well, the record shows that an earthquake in Ecuador killed 200 on May 13, 1942, and a mine disaster at Cherry, Ill., claimed 239 lives on Nov. 13, 1909.

It was on Dec. 13, 1941, that Hungary and Bulgaria declared war on the United States—an unlucky day for Hungary and Bulgaria—and on May 13, 1940, that the Netherlands forces capitulated to the Germans.

The first blood of the American revolution was shed at Westminster, Vt., on March 13, 1775, and the United States declared war on Mexico on May 13, 1846. Long before the 13th amendment abolished slavery, 13 slaves were put to death in New York.

All coincidence, of course, with no more meaning than the old Pennsylvania Dutch belief that Fairies invade your house on Fridays. They won't hurt you if you say, "A blessing attend their departing and traveling; this day is Friday and they will not hear us."

Nobody believes in that sort of thing nowadays, but this being Friday the 13th, and just to be on the safe side, shall we repeat in chorus:

"A blessing attend. . ."

## Who Will Receive The First Autos When European Conflict Closes?

WASHINGTON, Oct. 13 (AP)—What will they look like? There is pretty general agreement that the first of the new cars—except for some appearance changes like a new hood line or a new angle to the windshield—will look pretty much like the pre-war cars.

When will the first post-war cars start rolling? Even on this automobile men do not agree. Their estimates range from 90 days to 6 or 8 months after Germany folds. A good guess is: Four months after Germany folds.

Why should it take that long? The auto industry will have to convert from war to peace production. That takes time. New machines, and so on.

How many cars are there now? About 13 million, 4 million less than at the time of Pearl Harbor. There are only 19,000 new cars left, unsold, and being tied.

Will the new post-war cars be rationed? Automobile men here say they "suspect" they will be. The government has announced no decision.

Why should there be rationing at all? The first demand for new cars will be tremendous. One government man explained: "Should the new car go to a guy who slips a dealer \$100 on the side, or should it go to someone like a doctor who really needs it?"

How much will the new cars cost? They'll hardly cost less than those sold in 1942.

But will they cost more? This is another point on which even automobile men do not agree. Some say yes, some say no. OPA Boss Chester Bowles thinks it possible there may be no increase. OPA will do the price-fixing.

## Stork Visits Burdicks

Lt. and Mrs. John Burdick announce the arrival of a daughter at the Post Hospital Friday at 6:44 a. m. The baby has been named Judith Ann and she weighed 7 pounds. The Burdicks are from Beloit, Wisconsin, but are living at 109 E. 18th St. while Lt. Burdick is stationed at A.A.F.B.S.

## VISITS AND VISITORS

Mrs. Owen Scott and son, John, of Washington, D. C. arrived October 11, for a visit with her parents, Mr. and Mrs. R. D. Urey. Mr. Scott is in the army stationed at Camp Blanding, Florida. Miss Marcella Urey also home from Baltimore where she served internment as a dietitian at John Hopkins. She will be here until November 1, when she goes to Brooks General Hospital at Fort Sam Houston where she will be a lieutenant in the medical corps.

Patricia Selkirk, student at the University of Texas, will arrive home today to spend the week-end with her parents, Mr. and Mrs. J. A. Selkirk, and Cora Ellen.

Mrs. Roy Cook of Houston is visiting here with her mother, Mrs. Mrs. Nellie Burns, and with her brother, Pfc. Sam Burns, who is home on furlough from McCloskey hospital after having been wounded in the Normandy campaign.

# Steers Play Lamesa In First Road Game Of Season

## Yearlings Tromp Tahoka B Team Easily 25 To 18

Avenging an early-season 13-6 setback and showing some very impressive football the Big Spring Yearlings roared over the Tahoka B team Bulldogs 25-18 last night in Steer stadium to furnish a handful of fans some eye-opening football and display individual starting that may bring new names and better football to local football supporters within the next year.

Passing was very outstanding for the younger high school squad with George Worrell slinging some very accurate aerials and finding good receivers in Paul Shaffer and Jimmy Thomas. Plugging at the line brought special attention to Ervin Campbell, Gordon Madison and Harold Berry who slash through their opponents' forward wall time and again for nice gains.

In the forward lineup it was Wesley Rogers, Benny O'Brien, Cecil Gilstrap and Pete Fuglar who were the most consistent attention-getters especially in their defensive play, although naming an outstanding man in

the light defense sparked by the Yearlings would be a hard job. It was also due to a lot of down-in-the-line blocking that the backs were able to get into the open so much.

The locals got off to an early lead, then slowed up to let the visitors draw near them in the closing minutes. The game could have been much different if reserve strength had been kept on the bench, although Yearling tacklers found it hard to keep Clois Leveret in his backfield. Leveret was the star for the invaders, scoring all their points.

In the opening period the locals received and scored without losing the ball. Sparked by Worrell and Campbell they marched 65 yards for their first touchdown, Madison clinching the score after Worrell had been called back from across the end zone for teammates being offside. Berry converted nicely to give the hosts a 7-0 lead.

Still in the first quarter Reed Collins sliced through the Tahoka line to block their punt and recover the ball on fourth down. The Campbell-Madison combination went to work and pounded down the field with short gains until Campbell ran it over the double-stripe.

In the second period Fuglar dropped out of the line and ran right end to begin the third scor-

ing march of the night. With Campbell and Madison alternating the Yearling eleven moved downfield with Madison again carrying over. Again the kick was bad.

After the kickoff Leveret started rampaging and finally broke loose for a 40-yard sprint and six points. The conversion failed and the Yearlings led 19-6.

But scoring during the opening half was not yet over as the locals again marched 90 yards for a score with Shaffer moving across from the 10 for the final local score.

Big Spring fumbled on the 15 yard line in the third period and a Tahoka led pounced on the ball. The locals held once, but again Leveret was too much for them and he broke loose for 20 yards and another score. The kick missed.

And in the final quarter the Tahoka flash broke loose for another 20-yard dash and paydirt. Final score, Big Spring Yearlings 25, Tahoka B 18.

Starting for the locals were Fuglar and Rogers at guards; Wright and Collins at tackles; Jones and Thomas at ends; Campbell, Madison, Worrell, Shaffer in the backfield with O'Brien at center. Substitutes were Smith, Thorpe, Gilstrap, Howser, Williams, Berry, McMillan, Hollis, Coleman, Sides, Lamb and Ervin.

## Locals Holding Slight Edge In Pre-Game Guess

With missing teeth replaced and bruises healed the Big Spring Steers journey into Dawson county today for their second conference tilt of the year, meeting the Lamesa Tornados tonight on their home grounds. It will be the first road game for the local eleven, and one of the very few that they have been the pre-game favorites.

Kenneth Huett, a lad who had two teeth broken in the Odessa clash, survived a second clash with the dentist and will be on the starting lineup at his regular left end position. I. B. Bryan, giant tackle is also ready to go in the fray tonight.

However, the local lineup may see some changes for the battle tonight due to outstanding action by several of the here-to-fore substitute members of the squad. Bryan, who has the advantage of weight over his smaller teammates, has been having some trouble keeping the starters posted due to the up-and-downing play of one John Cooper, a lad who likes it rough and makes it so on his foes. Cooper saw his first chance to have a night to himself against Cisco, as Bryan was out of town for an army physical, and since that time has been developing into one of the outstanding bearers of Steer colors. He is expected to see quite a bit of action tonight, if not on the starting eleven.

Another lad who has come in for a lot of favorable comment in the past two games is Jackie Barron, who is fast pursuing the shoes his brother Bobby left for him to fill. Barron stepped into the Lubbock game and threw quite a handful of passes that dropped into Steer end's hands, and repeated his performance again in the Broncho game last week. Tonight he should come even more into the spotlight if pre-game figures prove truthful and the Steers step out ahead of the hosts.

Joe Bruce Cunningham and Tom Clinkscales, starting end and guard, along with Ladd Smith, center, are three other men who will probably give a good account of themselves in the contest. Cunningham has been one of the outstanding defenders for the long-horn eleven this year, and against the local gridsters should give more than a good account of himself. Clinkscales and Smith have had no trouble in leaving a very good impression on visiting teams, but have been considerable outweighted. Against men their own size the two smaller boys will no doubt be a lot of concern for Lamesa ball carriers.

What Lamesa shall sport in the way of individual stars is unknown, but collectively they have a team about the same calibre as the locals. They have been dropped by the same teams that have beaten Big Spring and in the neighborhood of the same scores. At any rate they are said to be a tough team on their home grounds and nurse a grudge against the locals, as well as always being counted on to play their best against Big Spring athletic teams. It probably become more or less of a grudge battle with the loser destined for the cellar of league play, while the winner will have that conference game win to edge into the next highest place. Neither team is favored to win any other conference game.

No time has been received here for the opening kickoff but it is approximated at 8 p. m., and not later than 15 minutes from that. A sizable local representation is expected.

## Homecoming For Pirate Team Against Aggies

GEORGETOWN, Oct. 13 (AP)—It will be homecoming at Southwestern University tonight when the Pirates meet North Texas Agricultural college in football.

The Aggies, winners of only one game out of three and beaten 40-0 by Southern Methodist—the team that had plenty of trouble downing Southwestern 18-15—were decided underdogs but news from the Arlington school was that the Aggie running attack was greatly improved through the return to duty of Jesse Burditt, former Texas A. and M. back who was out two games because of a leg injury.

## Central, College Heights And West Win Junior Loop Openers

Football for the sub-teen age and those in the early teens got off to a bang yesterday afternoon in Steer Stadium with three fast action-packed games that left the

few fans well satisfied for the Steer prospects for 1948. In the opening game the South ward found Central too much for them and lost 0-19. College Heights ran wild over the East squad 24-0, and the last game saw the best of the day when the North ward eleven jumped to an early lead, but by virtue of a safety and touchdown plus extra point lost 9-8 after having one fifty yard gallop to paydirt called back.

In the opener the Central ward crew got off to an early start when Jackie Kilway romped 45 yards for the initial touchdown and then dropkicked a perfect conversion, which would have made any college athlete proud, to get a 7 point lead.

Minutes later J. E. Nutt allied through the South line and blocked a punt and then followed up to recover the ball for the winners. After a series of downs Donald Wren, a guard, took a lateral on a snappy razzel-dazzel play to romp 30 yards and a score.

Bobby McMillan closed the scoring for the second half and the game with a 15 yard drive to paydirt. The conversion missed. This gave the Central eleven a 19-0 lead and victory.

College Heights roared out with the powerhouse of the junior league in their 24-0 swam of East ward. Earl Rusk a red headed fullback led the team in their victory with three touchdowns and an outstanding play during the entire game, both defensively and offensively.

Amos Jones made the first College Heights score when he circled end for 25 yards and paydirt behind some pretty nifty interference. Then in the second quarter Rusk ploughed over for the second tee dee.

Skipping a period the winning eleven got rolling again in the fourth quarter as Rusk ploughed over twice from the three yard line to total 24 points for College Heights and 0 for East ward.

Leslie Sherrod was the diminutive star who led his teammates to victory in the finale and topped it off by scoring the extra point to clinch victory had not the safety two points been tacked on earlier.

North scored first and very early in the game when their captain, Lynn Hodnett, raced from the 25 to reach paydirt. Their attempted conversion was no good. Then in the closing minutes of play, after West had made a sustained effort to score, being stopped on the three yard marker once and dominating the play the entire period, Tommy Rupard was tripped behind his own goal line where Vernon Atkinson tackled him for West's initial two points and the eventual game clincher.

After the kick the West boys once again drove toward paydirt and this time were not denied as Danny Scott ran over from the 15 and Sherrod added the point with an off-tackle plunge.

In the last few seconds Hodnett again raced for paydirt but his teammates were in motion too early and a 45 yard scoring dash went for naught. The game ended a few plays later.

It may take as many as 12 bottles of dried blood serum to keep a fighting man alive when he has been gravely wounded.

## Sliding Down The Sports Chute

with BILL

It seems to be the precedent set by all other sports scribes that each Friday bring a few pre-game prognostications about the various high school and college games. It will be my duty to fall heir to this duty of exposing my own neck to city-wide contradiction without a murmur and to proceed in the usual manner.

In District Three AA there are some "stumpers", where I must let discretion take the better part of valor, close my eyes, choose a team and let go.

Lamesa-Big Spring—Due to the comparative statistics I take the Steers to win by three touchdowns. They have the defensive power to keep the Tornados from scoring, and if their scoring punch develops as it has promised they should have no trouble in Dawson county.

Abilene-Odessa—This is a tough one and almost a toss up. The Eagles have earned but one win of import this year and have dropped two tilts. Odessa has lost one and come up with three top-heavy wins over noticeably weak teams. It will be a close one but Abilene should take the shorter end of a close score. The Broncho line will hold its own with the foes, and with Cook and Kelly they should score one more touchdown than the visiting team.

Sweetwater-Midland—Another game that is like running over a cliff blindfolded to choose. Midland came up in statewide standing last week by impressing score. They are undefeated and untied. Sweetwater holds the same distinction, but last week barely beat a tough Ballinger team 18-6, dropping them somewhat as a favorite. But I'll string along with the Mustangs of Mack Alexander by at least two general information.

It is for the general information of sports fans that I mention San Angelo. The Bobcats are unoccupied this week and should have no trouble on their front in maintaining their high standing with Bloody Cross.

Now that the worst part is over let's look around to a few of the major college games.

Texas Tech-Tulsa—The Golden Hurricane is rolling along in its third year of bowl-game football. The Raiders have dropped three in a row but are fast improving. Their defense is one of the tightest and will be a good test for Henry Frnka's team. However the Hurricane should take this one by four touchdowns, with one score for the Lubbock squad. (As an ex-Techian I hope I'm wrong).

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.  
NEW YORK, Oct. 13 (AP)—Three games of the little world series at Baltimore drew 95,832 cash customers—52,833 Monday night. . . . This probably explains why Baltimore figures so importantly in post-war sports plans. . . . Three or four rival groups want to put pro football teams into the Maryland city. There's talk of rebuilding the burned Orioles' ball park on a major league scale and latest indications are that Baltimore's hockey promoters have big league ideas.

Today's guest star —  
Dom Donaghy, Philadelphia  
Evening Bulletin: "Any defense

patterned after Martin Marion's resistance to the progress of ground balls should guarantee a football team at least a scoreless tie each time out."

**Sportspourri—**  
Juan Amador, 80-year-old from Panama who covered his 12th world series this year, spent his spare time trying to convince major leaguers that some club should train in Panama after the war. Amador reported it isn't unusual for Panamanian fans to watch a ball game in one league during the morning, see a doubleheader in another in the afternoon and attend a boxing match at night. The ones who skip the doubleheader usually visit the race tracks. . . . Johnnie Orr, 17-year-old Illinois end, was a nine-letter athlete in four sports at Taylorville, Ill., high school. . . . Jimmy Johnston offers: "If the Mighty Menichelli isn't in better shape than he ever was in his life before, I'll eat one of my derby hats—the worst looking one at that." . . . That's the first indication that Jimmy ever had more than one iron skimmer.

**Roped and tied—**  
When Assistant Coach Lil Dimmitt accompanied the Texas Aggies to last week's Oklahoma game, he wore a real fancy new sport coat. . . . Proud of his new garb, Lil asked an Aggie player what he thought of it. . . . "Too much coat for you, Coach," the kid replied soberly. "It looks like a \$100 saddle on a \$40 hoss."

**VILLA DECISIONS EVANS**  
EL PASO, Oct. 13 (AP)—Manuel Villa of Mexico City last night retained his state welterweight championship by winning a unanimous decision from Benny Evans, Oklahoma City challenger, in ten rounds. Villa weighed 146, Evans 144.

THE OLD JUDGE SAYS . . .

"We can't argue with the Judge on that point, can we Mabel? It's not fair to penalize the many for the actions of the few."  
"That, folks, is exactly what we would be doing in this country if we ever voted for prohibition again. Authorities who have made a careful study of the problem, report that only about 5% of those who drink abuse the privilege occasionally. . . . 95% drink sensibly. Probably doesn't compare with the number of folks who overeat and do other things to excess. Prohibition certainly isn't the answer. It's not that simple. We had nearly 14 years proof of that, didn't we?"  
"The real answer is education and better control. In fact, the responsible members of the distilling industry are working constantly toward that end. They don't want anybody to abuse the use of their product any more than the three of us do."  
"If everybody would take that sensible attitude, Judge, and cooperate as more and more are now doing, we'd be a lot better off a lot quicker."

## Postwar Golf Will Be Much Improved

CHICAGO, Oct. 13 (AP)—Post-war golf, says Walter Hagen, is going to be of a much higher caliber than ever.

"The Hag" bases his prediction on the conditioning youthful golfers are receiving in the armed services.

"One of the few blessings of this war will be a generation of athletically coordinated youths who, in normal times, never would have attained the peak of conditioning they now are getting in the service," Hagen said in an interview today.

"Much of their training is along lines where near-perfection can be reached only through excellent coordination—and coordination is the cardinal asset of the good golfer."

"When these young fellows who were showing promise both as amateurs and professionals before the war return, they'll capitalize on their added coordination and a new fighting spirit to raise the game to new levels. Then, too, with the amounts in prizes steadily climbing, competition is bound to be tougher."

Hagen, here to complete a merger between a golf equipment firm with which he is connected and a large sporting goods firm, said he expected a big boom in golf generally when the war ends.

American cities named for geographic features such as height, natural scenery, vegetation, animal life or industries number 154, termed For many years comere

## Chinese Go "Crazy" Over American Sport

MIAMI BEACH, Fla., Oct. 13 (AP)—The Chinese, says Lt. Hal Surface, have "gone crazy" about the American game of basketball.

The former ranking tennis star from Kansas City has just returned from 33 months in India and China as an army air forces special services officer.

Of the Chinese basketball players he said, "They'll make tough world competition some day."

## WANTED! SKILLED MECHANICS

To keep essential Fords rolling we need several more skilled automobile mechanics and helpers. Ideal working conditions, modern shop equipment, top pay and overtime work if you want it. Steady, pleasant work now and after the war. See us today. This is your opportunity to get set for the future.  
 319 Main St.  
 Big Spring Motor Co.

## Bufs Promise Passes

**CANYON,** Oct. 13 (AP)—The West Texas State Buffaloes promise the pigskin will fly tonight when they meet the mighty Sky Giants of Amarillo Army Air Field. At least they'll do their share of pass-pitching any time they get the ball.

Outweighed 20 pounds to the man and one of the youngest squads in football, the Buffs figure their only chance will be throwing that football around against the bulky, experienced outfit from Amarillo.

## ZURITA TO MEET SPOLDI

**SAN ANTONIO,** Oct. 13 (AP)—The NBA lightweight champion, Juan Zurita, has arrived from Mexico to fight Aldo Spoldi here next Tuesday night in the main event of a fight show.

"She said to entertain you 'til she's ready!"  
 It's a short wait when there's such satisfying entertainment—lots of milk, fruit, and Wheaties. And "Breakfast of Champions." Big whole wheat flakes. Roasted and flavored with sweet malt syrup—that's Wheaties. And that's your kind of dish.

**It's Attendance Week In S'west As Aas Play LSU**

By HAROLD V. RATLIFF  
Associated Press Sports Editor

This is attendance week in Southwest Conference football. The greatest throngs of the year turn out at this stage of the campaign when Texas plays Oklahoma and when other teams battle long-time rivals from the south.

More than 100,000 fans are expected to see five games Saturday in which conference teams figure with the top crowd at Dallas where over 30,000 are due for the Texas-Oklahoma tussle.

Texas A. and M. will play Louisiana State at Baton Rouge in a night tilt before a probable 25,000. Southern Methodist and Randolph Field are expected to draw 22,000 at San Antonio in another night game. Rice and Tulane look for 20,000 or more at New Orleans.

Arkansas meets the Norman, Okla., naval air station at Fayetteville with 4,500 expected to turn out.

It is doubtful if conference teams manage to come out ahead in these five battles. Texas is a betting favorite over Oklahoma but Rice is the underdog against Tulane and A. and M. is given no better than an even chance against Louisiana State. Arkansas definitely is not the favorite against the Norman fliers.

**Gonzales Wounded In Italy Again**

For a second time, Pfc. Leon P. Gonzales has been wounded in action in Italy.

Mrs. Josephine Gonzales, his mother, was informed by the war department that "your son was seriously injured in action in Italy on Sept. 17." No further information was available.

Pfc. Gonzales, with the 361st Infantry, was first seriously injured in action on June 4, 1944, but subsequently returned to duty.

Son of Mr. and Mrs. Leonardo Gonzales, he entered the service a year and a half ago, went to Ft. Sill, Okla., and trained at Camp Cook, La. and Camp Polk before going overseas a year ago.

**Sports Official Killed In Wreck**

DALLAS, Oct. 13 (AP) — L. G. Wilson, 54, who today was to have acted as starter for the Marshall Country Club Amateur invitation golf tournament, was killed yesterday in an accident in which the car he was driving enroute to Marshall overturned near Willis Point.

Funeral services will be held here Monday for Wilson, who was alone in his car at the time it overturned. He was widely known in Texas sports circles.

For several years Wilson has been official starter and scorer for the Texas golf association and the Texas Professional Golfers' association. He also had served as football, basketball and track official.

**Four Undefeated Teams Meet Tonight**

By The Associated Press

Four undefeated, untied Texas schoolboy football teams clash tonight (Friday) in the two top attractions of the 47 contests scheduled tonight and tomorrow.

In district 3, Midland and Sweetwater battle it out and in district 15, Brackenridge meets Keerville.

Last night's games saw North Dallas defeat Adamson (Dallas) 14 to 0; Sam Houston (Houston) and Milby (Houston) play to a scoreless tie. St. Thomas (Houston) trounce San Jacinto 21 to 13. Beaumont 38 to 0; North Side (Fort Worth) take Arlington Heights (Fort Worth) 35 to 7 and Burbank win over Alamo Heights, 15 to 6 in a San Antonio inter-city game.

Plus "Fox News", "Popular Science" No. 6 and "Anvil Chorus Girl"

**Read Sells Feeder Calves In Ft. Worth**

Norman H. Read, rancher of the Coahoma community, recently sold some good feeder calves. Seventy-eight calves, after taking the shrinkage to Fort Worth, averaged 415 pounds each, and sold at 11c per pound, according to Read. Believing that range conservation pays dividends, Mr. Read stocks his ranch at the rate of twenty-five cows per section.

Fire guards as a means of controlling grass fires on the range should receive particular attention by ranchers of the Martin-Howard District during the National Fire Prevention Week of October 8-14 according to E. T. O'Daniel and R. L. Warren, district supervisors. Loss of grass by fire would be a disaster to stockmen not only from a point of view of less available feed this year but also from a standpoint of water runoff and evaporation which would retard range forage production next year.

Livestock tank construction is still carried on by district cooperators. W. D. Anderson, Lawrence Anderson, and the J. P. Anderson estate is each having a 2,000 yard tank built according to T. R. Morris, soil conservation service technician, who located the sites and made the surveys. These ranches are located in the Luther community, Willis Winters of Vincent, also, has constructed a 2,000 yard tank on his stock farm.

Some additional small grain has been drilled lately following recent rains. Included among those drilling small grain are J. E. Norris, W. D. Anderson, and R. V. Middleton.

**Weather Forecast**

Local sunset: 7:16 — Sunrise Saturday: 7:49.

**Oil Field Expands To Top Other Finds**

TULSA, Okla., Oct. 13 (AP)—The west Edmond oil field, most important strike in the United States in recent years, was extended a mile southward this week and surpassed the great Oklahoma City field in total area.

Discovered in the spring of 1943 by Doodlebugger Ace Gutowski, the west Edmond field now sprays over a three-county area extending more than 11 miles from north to south and more than three miles from east to west.

Four new producers were added to the field during the week, increasing the total to 164, and more than 100 rotary drilling rigs were in operation, making this the most active area in the nation.

The Denver Producing and Refining Company announced it was dismantling its idle refinery at Gainesville, Tex., and moving it to Edmond. The plant has a capacity of 1,500 barrels daily.

**New Plant Planned For Trinity School**

WICHITA FALLS, Oct. 13 (AP)—A new Trinity University plant at San Antonio is envisioned by the Texas Synod of Presbyterians, U. S. A. which has announced a construction program calling for at least 12 buildings and authorization of purchase of 75 acres near Brackenridge Park as the site of the new institution.

The site overlooks the municipal Alamo stadium, to be used by the University, which has been using the old Methodist college location in San Antonio the past two years.

The transaction was announced by Dr. Monroe G., University president, and C. W. Miller, chairman of the board of trustees.

**Livestock**

FORT WORTH, Oct. 13 (AP)—Cattle 2000; calves 1500; all classes weak to 25c lower compared with Thursday and 25-50c below the week's high time; a few medium grade slaughter steers and yearlings around 10-50-11.00 with better kinds scarce; most beef cows 7.00-9.00; good fat calves 11.00-12.00; good quality stocker calves and yearlings 10.50-11.00.

Hogs 800; unchanged; good and choice 180-240 lb. butcher hogs 14.55; light weights 13.75-14.55; heavy butchers mostly 13.80.

Sheep 3500; unchanged; medium to good fat lambs 11.50-12.65; medium grade yearling sheep 9.00-75; medium and good ewes 4.75-5.25.

**CUB PACK ORGANIZED**

**CHESHIRE TO SPEAK**

Capt. Homer L. Cheshire is to be speaker at the youth's closs in the First Methodist church Sunday at 9:40 a. m., Dr. W. B. Hardy, teacher announced. He invited young men, particularly those of high school age, to hear the talk by the captain, who was forced down at sea off N. Africa, a lone survivor of his crew, was held captive during the Cap Don campaign and eventually took his captors captive.

**President Declares Ball Rushing Issue**

WASHINGTON, Oct. 13 (AP)—President Roosevelt said today Senator Ball (R-Minn) is a little bit ahead of time in asking whether United States representatives on a world security council could commit military forces to action without further congressional approval.

The president said he wasn't going to talk about it when a reporter asked him if his ideas followed those of the senator.

Ball, who recently said he was withholding his support from Gov. Thomas E. Dewey until the republican nominee clarified further his views on foreign policy, yesterday proposed this question to both candidates.

"Should the vote of the United States representatives on the United Nations security council commit an agreed upon quota of our military forces to action ordered by the council to maintain peace without requiring further congressional approval?"

Mr. Roosevelt said there had been no decision yet on the "higher level" conferences left over by the Dumbarton Oaks world security talks to work out final phases of the international peace organization.

Senator Ball today promised an announcement before the Nov. 7 election on whether he will support Dewey for the presidency.

In any case, Ball told a reporter, he would not decide between the republican nominee and President Roosevelt until both speak next week on foreign policy.

**Regulars To Meet To Complete Work**

AUSTIN, Oct. 13 (AP)—A meeting to "complete campaign strategy" will be held here Saturday by the Texas regulars. Chairman Merritt H. Gibson announced.

"Every stalling horse of the New Dealers has been soundly defeated by true democrats," said Gibson, who cited Sen. W. Lee O'Daniel's two senate races as "two affirmative defeats of the New Deal in Texas because O'Daniel actively, openly, boldly and aggressively opposed the New Deal."

Gibson also attributed the reelection of Agriculture Commissioner J. E. McDonald to the fact that "for 12 years McDonald has denounced the New Deal both in and out of Texas."

**Roosevelt Wants To Remove Ban**

WASHINGTON, Oct. 13 (AP)—President Roosevelt said today he would like to do something about the refusal of James C. Petrillo's Musicians Union to make recordings for two major companies, but added that he would have to look into the law first.

Mr. Roosevelt told a news conference he is going into the matter in the next few days.

A week ago the president wired Petrillo asking him to lift the ban, but Petrillo declined to do so unless RCA-Victor and Columbia would sign contracts with his union as he said others had done.

The president said it is a great question whether he can legally force the head of the Musicians' Union to remove his restrictions on record-making.

**Leecroy Clifton Missing In Action**

COLORADO CITY, Oct. 13 — Word that their fighter-pilot son, Lt. Leecroy Clifton, has been missing in action since September 22 was received Thursday by Mr. and Mrs. E. L. Clifton of Butler Camp, near Colorado City.

Recently promoted to first lieutenant, the officer has been assigned to a day fighter squadron of the 12th AAF operating out of an advanced airbase in the Mediterranean theater of operations.

He is a graduate of Westbrook high school.

**Christian Science Service**

Christian Science services will be held at 11 a. m. at 217 1/2 Main street Sunday with "Doctrine of Atonement" as the subject of the lesson-sermon. Golden Text is from I Thessalonians 5:9, 10; the Bible citation from John 6:40, and the passage from Mary Baker Eddy's text on page 202.

**McPherson Death Could Be Accident**

OAKLAND, Calif., Oct. 13 (AP)—A pathologist testified today at the inquest into the death of Almee Semple McPherson that the evangelist died last Sept. 27 "of shock and respiratory failure due to overdose of a barbitol compound" and a kidney ailment.

The witness, Dr. Mary Ruth Oldt, said she had examined the stomach contents.

Coroner Mark L. Emerson asked Dr. Oldt whether the death could have been accidental.

"It could," she replied. "A person could get in such a state of forgetfulness that he may not remember how many he has taken of these pills."

**AT LAST**

The problem child of the painting industry has been solved.

Dye-Crete Floor Enamel is entirely unusual from the present concrete floor enamel.

1. Dye-Crete concrete floor enamel can be used on damp or dry concrete floors.
2. Dry-Crete will not wear and form traffic lanes.
3. Dry-Crete differs from all other concrete floor treatment.
4. Dry-Crete becomes an entegral part of a concrete floor.
5. Dye-Crete floor enamel cost no more than ordinary floor enamel.

USE DYE-CRETE — WE RECOMMEND IT
