ST. LOUIS, Aug. 4.—The biggest fire in the history of the city during the period of Jefferson was the fire which destroyed the old St. Louis cathedral. It was 20 feet high. It took 20 hours to burn down. It cost \$1,000,000 to build.

TODAY and SUNDAY
What reminds me...
Just at this time when prices on his and that have been showing an upward trend and each time it has bought it is just a little higher, long comes the "dreaded" gas bill, but on looking it over Lo and behold—the bottom dropped out of it. That's about the most cooling sensation the Eastland folks have felt all through this hot weather as surely, the gas bills of all consumers have taken a like drop against the old bills. Since it was just as hot when the period of the previous bill was rendered there is only one solution and that is that the new low price made the difference.
Naturally when a thing simmers down to a satisfactory level, there isn't much excitement and folks even in some instances forget all about it and just go on whistling. However there must be a feeling of perfect harmony in the minds of every citizen with the decision of the Community Natural Gas Company to make this great saving in gas consumption possible at the same time the City Commissioners can be commended for their untiring efforts in bringing it about.
New families continue to move into Eastland according to reports from those who have charge of renting houses. All that are moving in have steady work and Eastland will receive the benefit. Employees of the Texas Electric Service Company and the Lone Star Gas Company are chief among the new citizens. This means more revenue for "the butcher, the baker, the candlestick maker" and all the rest of the businesses and will no doubt take up extra pews in the churches as well as add to the civic and social activities in Eastland. We can well afford to make them feel welcome and extend them the hand of fellowship. That's the only way folks can get along and that's the one safeguard against dissen-

Mr. Hitler is now in German power. The whole world is in a tension as to just how well he can handle the job of keeping 63,000,000 people together. It is hoped that he will change his attitude of rule or ruin.
For the first time in several months the key was turned in the Texas State Bank building Wednesday morning. The depositors committee have established temporary offices in the bank to carry out the further plans for the establishment of a bank for along with those that they have been working on. Naturally the entire community is in a tension as to when the bank will open. This cannot yet be definitely determined as such preliminary work is still necessary. Suffice to say however that the committee is faithfully prodding along and will have nothing undone to make this much needed institution a reality in Eastland. It will no doubt be a Godsend to the people and should lay the foundation for a more prosperous and progressive future.
Final returns that are sitting in from the Texas Election Bureau are changing the positions of candidates that were running close in the race. The changes in some instances eliminated candidates in the run-off and in other instances gave the third man at first the privilege of going into the run-off with the high opponent. Saturday's canvass of returns by the executive committee may change final set-ups, however the county chairman made the most careful analysis of returns and that is highly likely.
Drought in some sections of the county is taking its toll of the trees and in many instances trees on the hills and prairie. West Texas can hardly spare its shade trees, and those with fruit orchards can have no consolation if they lose. Peaches are now in abundance and they are good size and flavor.
The usual woody taste which is experienced each year is lacking this summer season in Eastland as our drinking water is especially pure and palatable. The officials can be congratulated for seeing that their patrons get good pure water to drink. In places are not so fortunate. It would be wonderful if this were so that all the water could be preserved both (Continued on page 6)

HITLER ENJOYS MORE POWER THAN KAISER

By United Press
Adolf Hitler enjoys more power than did Kaiser Wilhelm or any other monarch of modern times because he rules as a real autocrat, with no opposition of any sort. He is absolute.
In pre-war Germany though the Kaiser was powerful, he was, by title, a constitutional monarch. Hitler, like the Kaiser, has a parliament, but it is a one-party affair, a single chamber which meets infrequently for one day to rubber stamp its approval of acts for which Hitler desires formal parliamentary sanction.
There were strong socialists and Communist parties in Germany before the war; to mention communism or socialism now is open sesame a concentration camp. Hitler started out in his absolutism where the Kaiser left off.

Friends of John White Rally to Aid His Campaign

Friends of John White, who have known him for the last 20 years and who vouch for his honesty and fair dealings and his personal business reputation, are now urging that he be elected to the office of county treasurer, an office he sought in the first primary and will seek again in the second primary on Aug. 25.
Mr. White has lived on a farm south of Ranger, near Staff, for the last 30 years. He was educated in the public schools of Eastland county and spent two and a half years in the colleges of the state completing his education.
He was in the mail service, after passing the civil service examination, and served for eight months as a railway mail clerk. He was transferred to Louisiana where he had to resign on account of his health and return to Eastland county.
He was married in 1923 and has one child, eight years old. In 1928 he and his wife purchased a little farm, which they paid on for six years. His health became so bad that he could not do the hard work on the farm and was unable to pay for the farm longer and lost it. He also had to sell his livestock and farm implements to pay for a major operation in January, 1933.
The fact that his friends in this section have taken an active interest in his candidacy and have spoken so splendidly of his character and reputation is the outgrowth of no solicitation from Mr. White, as he has not, as yet, been informed of this united effort on their part to aid him in the campaign between now and Aug. 25.

STATE TAX RATE IS SET AT 77 CENTS BY AUTOMATIC TAX BOARD ON SATURDAY

By United Press
AUSTIN, Aug. 4.—The state automatic tax board met today and set a tax rate of 77 cents per \$100 valuation, the constitutional limit.
A rate of 35 cents was applied for the general revenue fund; 35 cents for the available school fund and 7 cents for the Confederate pension fund, totalling 77 cents.
Financial statements presented to the tax board revealed a rate of 60.1 cents would be required to discharge the deficit in the general revenue fund. The constitution, however, limits the rate to a maximum of 35 cents.
Similarly a rate of 35.5 cents would be required to pay the amount due to the available school fund, but the board was limited by law again to 35 cents.
Accrued deficits in the general revenue fund as of August 31, 1933 amounted to \$9,377,619.75. Estimates submitted to the board showed the accrued deficit on August 31 this year would be \$7,577,310.52, and on August 31, 1935, would be \$6,329,577.19.

By United Press
MINNEAPOLIS, Aug. 4.—Minneapolis newspapers were "requested" today by protest officers enforcing martial law, not to publish photographs of a non-union truck driver who shot and seriously wounded two drivers union pickets this morning.
Although Adjutant General Elard Walsh was given broad powers to suppress "defamatory" news stories in the proclamation of martial law, issued ten days ago, he said he had no intention of issuing any "orders" to newspapers.
The two picketing truck drivers were shot and severely wounded today in a new wave of the violence which has filled 19 days of a paralyzing transportation strike.

Those who escaped were Ida Rhodes, 25, Oklahoma City, serving 35 years for murder committed last October; Bessie Catlin, 29, serving 20 years from Ellis county for manslaughter committed in April, 1933; and Clarice Jones, 18, serving five years from Seminole county for robbery with firearms committed in November, 1932.

United States and Great Britain to Hold Navy Parley

By United Press
PARIS, Aug. 4.—The United States and Great Britain were reported today to have been in communication regarding the possibility of naval cooperation in the Pacific in event the 1935 naval conference failed.

Lay Telegraphs He Has Another Good Card Monday

RANGER, Texas, Aug. 4.—A telegram received in Ranger early Saturday morning from Chas. Lay, promoter of the Elks wrestling and boxing cards each Monday night at the arena, announces the following show for Monday night, Aug. 6, Jodi: Cason versus Bobbie Reed in a ten round fight.
Wrestling, Blackie Blackburn vs. Charlie Lay, and Verne "Kid" Lewis vs. Pat Swanson, both these bouts are two hour time limit.
"This should be an extra good card as Kid Lewis is always rough and ready and last Monday night put several out of the ring that tried to persuade him to leave. Pat Swanson has wrestled in Ranger and is plenty able to take care of himself. Pat outweighs the Kid some 10 pounds but the Kid says never mind that he expects to have Pat reeling before the first ten minutes. Pat says he expects to pick the Kid up and toss him out of the ring as the Kid uses these same tactics to toss others out."
The ten rounds of boxing, from what we learn will be a real fight. Both these boys are evenly matched and each packs a wallop that is good for the count any time either connects.
A free basket of groceries will be given during the show. These entertainments that are sponsored by the Elks are purely charitable affairs as every penny above the actual expense goes toward helping some deserving family in supplying them with food and medicine. The Elks lodge in Ranger last year gave in the neighborhood of \$5600 directly to needy families.

By United Press
DALLAS, Aug. 4.—A negro messenger was robbed of \$300 and his hijacker was captured in the space of a few minutes today while hundreds of persons in the downtown section passed, unaware of what was happening.
Leslie Haswell, 29, the messenger, employed by the Maytag Southwestern Company, was driving on Main street during the lunch hour when a white man jumped on the running board.
The bandit pretended he had a pistol under his folded coat. He jabbed a finger in Haswell's ribs and made him give up the money, which the negro had withdrawn from a bank for his employers.
The bandit jumped from the car and jumped into a parked car and fled. The negro called a motorcycle policeman and pointed out the bandit's machine.
The policeman pursued, caught up with and arrested the bandit, who, at police headquarters, said his name was T. E. Thompson, 24, of Dallas.

BORAH WILL AID BAKER TO DEFY THE NRA

By United Press
GLENNS FERRY, Idaho., Aug. 4.—E. W. Nestor, the town's only baker, today did a thriving business selling bread to housewives for 9 cents a loaf in defiance of the NRA and with the support of Senator William E. Borah.
If the NRA attempts to prosecute the small town baker whose trade is restricted to his own townsmen, he will have the services of the state's senior senator, an outspoken critic of the NRA, without cost.
Senator Borah made this promise explicit in a telegram sent Nestor in answer to the baker's appeal.
No sooner had Nestor received the senator's telegram than he lowered the retail price from 10 to 9 cents.
That was the price he had been charging before Sidney Grades, Southern Idaho code administrator, ordered him to increase the price of bread one cent a loaf.

SEN. DILL PULLS HIS FACE AND FLAG OUT OF THE PICTURE

Sen. Clarence C. Dill of the State of Washington has a remarkable record of achievement as one of the progressive democrats of the West. He has had three terms to his credit. Now he is out of the picture. He gave as his reason for withdrawal from public life that the State of Washington as a home appealed to him 10 times more strongly than the City of Washington as a temporary residence.

Dill was the first democrat in years to represent the State of Washington in the American senate. He was a New Dealer long before the coming of a New Deal President or administration. Perhaps he is wise. But where will he find peace and happiness unalloyed? Ancient sages said that it was found in the cemetery or burial places of the departed. But life may be different in the State of Washington.

NORMAN THOMAS CALLS FOR FARM-LABOR PARTY

Norman Thomas is the chief apostle of the right wing socialists in his republic. He has been nominated by the socialists of New York as their candidate for the office of United States senator at the November election. He was a minister of the gospel before he became a socialist. He deserted the pulpit for the rostrum. He is a writer of ability, an orator of eloquence and perhaps the most outstanding leader of the followers of Kark Marx in this republic of Washington and Jefferson and Lincoln and Wilson and Franklin D. Roosevelt.

Speaking through the Today magazine columns he advises the formation of a national farm-labor party for the campaign of 1936. He would "preserve the rule of democracy but he would destroy capitalism and substitute for the same co-operative commonwealth system with profit eliminated."

This is the 158th anniversary of the celebration of the declaration of American independence. Its founders gave to the people who came after them constitutional liberty and the absolute right of a free people to do their own thinking and praying, and voting and to elect their own servants and to make their own laws under a free flag; for equal opportunities open to all and the right of life, liberty and the pursuit of happiness guaranteed to all.

WHEELING, W. Va.—Youthful members of the Mountaineers Club of McMechen had been puckering their lips in sweet anticipation for a fortnight. They were to hold the first "kissathon" ever staged in the Ohio Valley. But now the lips are drooping like withered tulips. Mothers protested, shouted, stormed. But the boys were adamant. Finally, Bernard Spenger, club adviser, was showered with protesting petitions. He promised the irate parents the contest was off.

"I Always Feel Safer in a Ford"

ALL-STEEL BODY AND SAFETY GLASS—The strength of steel protects you when you ride in a Ford V-8.

Around you is an all-steel body, electrically welded into one piece.

Beneath your feet is a rigid, X-type steel frame.

Out in front of you and behind you are strong steel axles, triangularly braced by steel radius-rods and supported by a steel torque tube.

You ride upon steel-spoke wheels, also electrically welded into one piece. The windshield **before your eyes** is safety glass. (All Ford V-8 De Luxe closed cars are equipped throughout with safety glass at no additional cost.)

Another reason why you feel safer in a Ford V-8 is something that makes every driver a better driver . . . ease of handling. There is always less strain and less likelihood of tight situations when you drive an alert, obedient car.

The Ford V-8 gives you an extra margin of safety because of its quick acceleration, eight-cylinder speed and power, ease of steering, stability on curves and rough roads, and powerful, oversize brakes.

Sunday will be the eleventh Sunday after Pentecost. The epistle read on that day is taken from the First Epistle of St. Paul to the Corinthians 15:1-10, and the Gospel is from St. Mark 7:31-37.

In this Gospel it is related how Christ cured a deaf and dumb man by first putting his fingers in the ears of the deaf man and putting spittle on the man's tongue. Christ performed miracles to show that he was not only man but also God. He can and does perform miracles on the souls by freeing the sinner from his sins if the sinner will only ask him.

The Search for VALUE

THE gold or silver miner does much work before his mine is on a paying basis. That's "development work." He carries on in the hope that soon he will come to the pay-streak and will have his reward.

Compare this miner to your reading of the advertisements. Not every thing you read is of vital interest to you at the moment. But many thousands of others are reading. One finds a well-recommended suit or dress at an attractive price. That's a pay streak for him. Another rejoices to find a sales announcement of dry goods, groceries or furniture. Another wants the latest automobile or radio, and is mightily pleased to find the advertisement that tells all about it.

The advertisements carried in this newspaper are helpful to the business of living. They tell of equipment, appliances, things for personal and household needs. Beautiful Home Wedding Unites Popular Young Couple

The handsome home of Mr. and Mrs. J. R. McLaughlin was the setting for a very beautiful home wedding, Saturday morning at 9:30 o'clock, uniting Miss Agnes Luettie Odum and Mr. James Ruan McLaughlin Jr.

The impressive ring ceremony was read by the officiating clergyman, Rev. Michael Collins, of the Ranger Catholic church.

The bridegroom was attended by his brother, Keith McLaughlin, best man, and the bride by her maid, Miss Juanita Harper of Fort Worth.

The prenuptial song, "Drink to Me Only With Thine Eyes," prior to the wedding was beautifully rendered by Mrs. Grady Pipkin.

Miss Margaret McLaughlin, sister of the groom, was the talented pianist for the music of the ceremony and the morning, playing Mendelssohn's Wedding March, as the bride and groom entered and took their places before the mantel massed in pale pink garden flowers and ferns, starred with lighted white tapers in silver holders, the improvised altar.

The bride was attired in shell pink silk qipua, with white accessories and carried a bride's bouquet of pink roses, snapdragons, and ferns.

Following the ceremony a wedding breakfast was served. Several small tables seated the guests, with the bride's table, seating the bride party. All tables were decorated in silver bowls of daisies, and the lovely white iced wedding cake, wreathed in flowers, had the place of honor.

Misses Barbara Ann Arnold, Gwendoline Jones, and Marguerite Quinn, assisted in serving, and Miss Sara Mae McLaughlin, sister of the groom, assisted throughout the receiving hours.

Guests were informally received by Mrs. J. R. McLaughlin, mother of the groom, and Mrs. O. D. Powers, mother of the bride.

The bride donned a smart dark sheer ensemble for their going-away motor trip of several days.

Upon the return of Mr. and Mrs. McLaughlin, they will be located in Eastland at the McLaughlin family residence until September.

The former Miss Odum has been one of the popular members of the younger set and is a recent high school graduate.

Mr. McLaughlin is connected with the Illinois Pipe Line company at Mingus, but makes Eastland his home.

Many beautiful gifts were received by the young couple from relatives and friends.

A list of the out of town guests was not available at this writing.

Artistic bouquet of petunias verbenas carried out the color motif and other appointments of playing tables and refreshments of Swedish cookies, round open face sandwiches, with creamed cheese and olive topping, and tinted fruited punch.

The high score favor, in contract, a lovely Italian pottery pitcher, went to Mrs. Hubert Jones, and the cut-for-all, a hand-made handkerchief, to Mrs. A. H. Johnson.

Chance was opened to the friends of their young daughter, Miss Lewal Chance, and her co-hostess, Miss Bessie Kate Wood, on Thursday night, for the entertaining on the lawn, illumined with colored electric lights, and with tables and chairs spacing the sward, and dancing in the big livingroom, and on the veranda, to radio music.

Each guest impersonated some favorite movie star, the clever assemblage forming an effective masquerade party.

People of this community can well consider home manufactured products when they purchase their needs. Ice cream made by a local factory with a payroll should and does taste better and certainly keeps the cash register ringing for the interests of everybody. Likewise all other dairy products. If a person will take the trouble to look around a little there are many things made in Eastland that should be patronized when in need of them. It is only by payrolls that any community can exist with a profit. To ignore their products and purchasing out of town manufactured products is only killing the very thing that

takes to keep a community prosperous. Fall merchandise is already beginning to show up in the shops of Eastland—advance showing of ready-to-wear and shoes in particular as well as hats. There isn't much time before fall—just a little over a month. Time do fly. We notice that particularly as we grow older. Fair catalogues are beginning to come from different sections of the state which also gives advance notice that Fall is on the way. Which reminds us that Eastland will be host to the "Best Fair that Eastland Ever Had" September 19-22 inclusive.
