# The Claw of the Forgotten Murder

By CARLETON KENDRAE

REIGN HERE TODAY  
When DAN BLEEKER, publisher of the Blade, learns that CHARLES MORDEN, police reporter, has been mysteriously killed he enlists SIDNEY GRIF, famous criminologist, to solve the murder.

Morden had been investigating the affairs of FRANK E. CATHY, wealthy and prominent citizen who had threatened to sue The Blade because the newspaper reported Cathy had been arrested. The man arrested was an impostor giving the name of Cathy and accompanied by a girl called MARY BRIGGS.

Soon after Morden is found dead comes news that Cathy is dead—possibly poisoned.

Morden's fingerprints are found in the apartment of a girl named ALICE LORTON, who has reported the disappearance of her roommate, ESTHER ORDWAY. Griff and Bleeker question Alice Lorton.

Griff learns that CARL RAY, CINE, detective employed by MRS. CATHY, is trying to locate a MRS. BLANCHE MALONE. He also discovers that the man who registered at the Hillcrest hotel the night of the arrest was the impostor and not Cathy.

NOW GO ON WITH THE STORY  
CHAPTER XX  
ALICE LORTON answered Griff's third ring at the doorbell. She was sitting in pajamas, slippers and a kimono. Her wide, innocent, blue eyes stared at Griff in startled appraisal, and then her lips broke into a smile.

"Oh," she said in a throaty tone. "It's you."

"Yes," Griff said. "I'm sorry I disturbed you, but I've got to ask you a few more questions."

"Come in," she said.

Griff entered the apartment. The windows were open and a night wind whipped the lace curtains about. Alice Lorton went to the windows, closed them, shivered slightly and dropped into an overstuffed chair, curling her feet up in under her.

"What time is it?" she asked.

"Not very late," he told her. "Somewhere around midnight."

"I guess I'd just dropped off to sleep," she said and yawned.

Griff took a cigaret case from his pocket, extended it to her. She hesitated for a moment, then took a cigaret. Griff took one and held a match to the tip of the girl's cigaret. Just as the flame illuminated her countenance, he said casually, "You knew Cathy was dead, of course?"

The girl's face stiffened into rigid immobility. She remained perfectly still, the flame from the match blackening the paper tip of the cigaret. She did not inhale the smoke. Griff watched her with narrowed eyes.

AFTER a moment she sucked a deep inhalation and expelled a cloud of smoke, drew back from the flame of the match and settled down in the chair.

"Who," she asked, "is Cathy?"

Minnie Foster and Mr. and Mrs. S. J. Lyler.

Relatives and friends gathered at the home of Mr. and Mrs. J. Foster of Sabanno Sunday and surprised him with a birthday dinner. Those present, his children, Mr. and Mrs. Ira Smith, Mr. and Mrs. James Foster, Mr. and Mrs. Haywood Foster, Mr. and Mrs. J. A. Woodard; grandchildren, Connie Fay, Alma Ruth, Darwin, Roma Smith, Catherine and Donald Foster; a sister, Mr. and Mrs. J. E. Reeves and daughter, Vera Mae, all of Cisco; Mrs. Minnie Foster and Johnnie and Pete of Flatwood; Junior Richardson of Cisco. L. E. Horn was doing business in DeLeon Friday.

THE CHRISTIAN'S STANDARD OF LIFE

Understanding God's will fills a life to overflowing with the spirit and all events of life will fit in with this making the happiest of all lives. WAYLAND

A good crowd in both size and interest met at Wayland Wednesday evening, Oct. 17, to discuss school matters and to perfect a P. T. A. organization. After discussion led by county superintendent Mrs. Millie Blackburn, Principal C. H. Ransdell and others, the following officers were elected: president, Mrs. T. C. Fambro; vice president, Mrs. Annie Woodfin; secretary, Mrs. C. H. Ransdell; program committee, C. H. Ransdell, Mrs. Tom Rich, and Miss Nola Gentry; committee on hospitality and socials, Mrs. C. M. Johnson, Mrs. N. M. Whitaker and Mrs. George Fambro; publicity, Mrs. C. H. Ransdell and Miss Oleta Moseley; membership committee, Mrs. Annie Woodfin, Mr. N. A. Richardson and Mrs. Floyd Ledbetter; finance committee, C. M. Johnson, Mrs. J. M. Brown and Mrs. A. P. Fambro; parliamentary, Miss Nola Gentry. Talks were given by Mrs. B. F. Kleinfelder of Breckenridge on publicity record books, Mrs. Kleinfelder being district chairman of this work. Mrs. John Deaton of Parks spoke interestingly on "Why Have a P. T. A.?" Mrs. Blackburn gave a thoughtful discussion on the cooperation that a P. T. A. engenders between parents and teachers.

THURBER

A group of old members met at the clubrooms Saturday night in order to re-organize the Thurber club. C. H. Martin was elected president. A large group of men attended and enjoyed the fine barbecue that was served. Dixie Fenner Jr. is home after a week's visit in Weatherford, Fort Worth and Denton.

Fee System Condemned

Rep. Emory B. Camp has reached the conclusion that adoption of the pending constitutional amendment to abolish the fee system of paying county and district officials would keep such officials from getting any sort of compensation after November until the legislature passes a law granting them salaries.

He backed this view up with citations from state supreme court decisions.

Rep. Camp conferred with Sen. George C. Purl, author of the present fee limiting law, and prepared to ask Gov. Ferguson to submit enabling legislation at this session, so if the amendment is adopted, the payment of these thousands of local officials will not be in a chaotic condition for months.

Rep. Camp cited the quo warranto case of State of New Mexico, ex rel. Delago, vs. Romero, county treasurer, 124 Pacific, 649, which said that no official is entitled to a salary until the legislature expressly has granted it, and the mere abolition of one form of compensation creates no right to another.

One does not like to pit his feeble wits against those of the brilliant Brain Trusters, but I cannot see how trade can be increased and work created by the raising of prices and getting them so high that the average citizen cannot pay and does without.

No matter what Brain Trusters or Economists may say, purchasers will buy as cheaply as possible, and if they can't buy at a reasonable price will do without, even in normal times. How much more does this apply in times of depression when wages are low?

Politicians and Brain Trusters are working day and night to turn things upside down in an endeavor to not only convince the world that there is over production, but to reverse all economic laws by insisting that the raising of prices will lead to larger consumption and bigger trade.

What is needed is a greater volume of trade—not to stifle it.

About the best instrument for peace is a strong Army and Navy.

FAMOUS FOOTBALL FEATS! YALE and Dartmouth played a heart-breaker back in 1929. The Big Green never had beaten the Blue, and early in the game a powerful Yale squad rolled up 10 points. But at the start of the second half Al Marsters, one of the greatest backs of all time, took matters into his own hands. He hit the Eli line with the fury of an enraged grizzly, and in six plays covered almost 60 yards for a touchdown. In five minutes he had plunged for another. Dartmouth cohorts went wild. Here was their first victory against Yale. But the cheers were short-lived. "Hoot" Ellis, noble son of Eli, intercepted one of Dartmouth's passes, outfooted the entire Green team, and scored a touchdown that broke 20,000 hearts.

Let's find out why Turkish tobacco is so important to a good cigarette

Native tobacco grower telling American tourists how Turkish tobacco is cured.

On the sunny slopes of Smyrna . . . in the fertile fields of Macedonia . . . along the shores of the Black Sea . . . grows a kind of tobacco that is different from any other tobacco in the world.

THESE Turkish tobaccos are the only tobaccos of foreign cultivation that are used to any great extent in making American cigarettes. Turkish tobaccos are famous for their spicy aroma, and a blend of the right kinds of Turkish tobacco with our own home-grown tobaccos is better than any one kind used alone.

In Chesterfield we balance mild, ripe tobaccos grown in this country with just the right amounts of the right kinds of Turkish.

It is by blending and cross-blending these different tobaccos that we make Chesterfield the cigarette that's milder, the cigarette that tastes better.

# Outstanding Attractions on Week's Bookings for Lyric

Theatre patrons of Eastland will find an excellent list of attractions on the Lyric theatre program during the coming week, according to Manager Burke, who stated that in his opinion the finest array of attractions that have ever been booked in the Lyric in a single week will be the coming week's attractions.

On Saturday only the attraction will be "Their Big Moment," co-starring Zasu Pitts and Slim Summerville, in a story of a bogus clairvoyant, who unknown to herself, really possesses psychic powers and blunders into uncovering one murder and plans for another. Combining drama with comedy this picture is of the most pleasing kind.

On Sunday only a current Metro-Goldwyn-Mayer release, "Have a Heart," will be presented. This picture will bring to the screen a new co-starring team. Jean Parker and James Dunn in their first co-starring role. A tender romance that stirs the heart with its depth of human feeling is offered in "Have a Heart." Hilarious comedy relief is supplied by Una Merkel and Stuart Erwin, who are also teamed together in this picture.

On Saturday night at 11 p. m. and Monday and Tuesday a new musical film will be presented, "Happiness Ahead," starring Dick Powell, who has skyrocketed to stardom by his performance in other musical films—the past few months. Although the story is straight comedy-drama there are four special song hits in the picture. Powell sings two of these songs alone, "Pop Goes My Heart" and "Beauty Must Be Loved," and also joins in a duet, "Massaging Window Panes" with Frank McHugh. A fourth song, "All on Account of a Strawberry Sundae," is sung by Dorothy Dare, a favorite on Broadway, who makes her screen bow in this production. Another new face in the picture is Josephine Hutchinson, who from all indications has a very promising future in films.

For a special Halloween midnight matinee one of the outstanding attractions of the new season will be presented. Cecil B. DeMille's "Cleopatra." With a cast of 5,000 with Claudette Colbert, Warren Williams, and Henry Wilcoxon in the starring roles, this is probably the greatest screen spectacle ever produced by the noted director, Cecil B. DeMille. All the glory that was Egypt, all the grandeur that was Rome, is shown in a screen masterpiece bringing to the motion picture once again all the talent of the master of spectacles.

On Wednesday for one day only, "She Was a Lady," starring Helen Twelvetrees, will be shown. This story was written by Elizabeth Cobb, daughter of Irvin S. Cobb, and was one of the most widely read serials stories ever published in McCall's Magazine.

The Thursday and Friday attraction will be "Student Tour," a sparkling musical comedy starring two famous screen comedians, Jimmy Durante and Charles Butterworth. This picture will be found to be different from other musical shows in that it is not a revue, but tells an engaging story, with the musical numbers interspersed during the run of the film.

**NEW DeMILLE FILM PROVES MOST LAVISH**

During the production of Cecil B. DeMille's most recent film, "Cleopatra," at the Paramount studios in Hollywood, someone with a penchant for plain and fancy statistics unearthed the following choice tidbits.

More than 5,000 persons were employed on the picture, which is coming to the Lyric theatre Halloween midnight matinee.

The feathers of 600 pheasants were used to make up the fans of the Egyptian dancing girls in one scene.

A total of 185 pounds of clothing was worn by Claudette Colbert, as Cleopatra, and Henry Wilcoxon, as Marc Anthony, in one of their love scenes. Wilcoxon's armor weighed 110 pounds, and Claudette's beaded gown weighed 75 pounds.

It took 600 ostrich feathers to make up the solid feathered arch before which stood Cleopatra's couch.

### MAVERICK

Eastland plays Weatherford Kangaroos tonight at 8 in the latter city. A former Weatherford high school player stated Thursday that his town had little or no players of any ability and expected Eastland to chalk up a win.

However, there's many a slip between a report and a win. That's been demonstrated time and time again. More than likely Maverick coaches Petty and Hart, will not take any chances of losing players or sacrificing a man who otherwise would be eligible for play in the Cisco game. The Cisco game means more to the Mavericks than any conflict of the season. For night onto a decide Cisco has defeated Eastland. Can Eastland break the apparent jinx?

The game Nov. 2 will be the unofficial dedicatory for Welch field. As one put it Thursday, "Eastland can't afford to be beaten by Cisco, why they haven't ever been defeated on that field—they haven't ever played on it before," he added. And that from a school official, who, however, meant all in a spirit of jest.

Eastland has several former Mavericks pawing dirt on gridirons of universities and colleges of the state. Estes Burgamy, Truett Fulcher and Robert "Squint" Pentecost are at Simmons in Abilene.

George Brogdon is combining a business administration course with football at McMurry. Robert Barrington is mixing law with football at the University of Texas in Austin.

Ranger Junior College has in its roster many who commute daily from Eastland to that city. Joe Simmons, Lewis Bargsley, Ed Mackall, Carol Allison, Willie Taylor, Carl Garrett and W. E. Kolett are among those. Daus Simmons, formerly of Eastland is on the R. J. C. lineup.

### Eastland Personals

Dr. A. W. Thomas, connected with the government cattle buying program in Eastland county, and family left Friday for their home in St. Paul, Minnesota.

Judge and Mrs. J. E. Hickman will be the guests of Mr. and Mrs. E. H. Benton of Breckenridge during the home-coming in that city this week-end.

### Fort Worth Trippers In Eastland Today

Fort Worth trade trippers will visit Eastland this afternoon. H. C. Davis, secretary of the Chamber of Commerce, stated today.

The information came by way of Charles G. Cotton, trade extension secretary of the Fort Worth chamber body, who informed Davis. He stated they would leave Breckenridge at 2:30 p. m. after attendance at a homecoming in that city.
