Solons To Pass On Promotion Of Forrestal

WASHINGTON, May 11 (AP) -Speedy senate approval was predicted today for President Roosevelt's promotion of Undersecretary James V. Forrestal to be Secretary of the Navy.

At the navy department where Forrestal had served with the late Secretary Frank Knox for four years it was generally expected that the main line of administra tive policies would continue uncnanged.

Forrestal's chief task still will be that of getting production and delivery of ships, guns and supplies on time but to this he will have to add responsibility of being the navy's principal spokesman to the public

Japanese Launch Major Campaign **Against China**

Concern Spreads As Nips Take Rail Line And Cross River

CHUNGKING, May 11 (AP)-An atmosphere of unconcealed concern spread in China today as Chinese reports told of yet another thrust on Loyang, several times capital of ancient China in northern Honan province, and admitted that the enemy finally had succeeded in gaining control of the full length of the Peiping-Hankow railway linking his northern and central forces. The Chinese claimed they had

repulsed a Japanese attempt at another crossing of the Yellow river near Menghsien, about 25 miles northwest of Loyang. But they acknowledged that they were battling enemy forces

which had forced the river near Yuanchu, 45 miles northwest of the city, and that a third enemy spearhead had pushed along the Lunghai railway to the vicinity of Yenshih, only about 21 miles east of the city.

The most important Japanese

offensive in China since the successful drive on Hankow in 1938 already had carved out an area of roughly 60,000 square miles of territory, much of it rich wheat-growing country, and was opening the possibility of a drive on the strategic town of Tungkwan, west of Loyang at the elbow of the Yellow river. Tungkwan is the gateway to the rich northwest.

The crossing of the Yellow river, a Chinese communique said, was accomplished by the Japanese in the vicinity of Yuanchu, 45 miles from Loyang, and threat-ened to outflank the defenders of the ancient city, already menaced by another enemy column only mity undoubtedly will have to be six or seven miles away on the forsaken now as he takes his southeast.

The communique announcing that the enemy had crossed the Yellow river said bitter fighting was raging as the invaders attempted to enlarge their bridgehead. The possibility was seen that the Japanese might atenforcements to the battlefield and sever the Chinese escape route by dynamiting some the numerous railway tunnels west of Loyang.

Units of at least six Japanese divisions have been identified in the fighting, as well as numerous other elements, a communique

Nothing comparable to the pres ent Japanese operations, at least in amount of territory involved, has developed since the invaders captured Hankow, then the capital of China, in the fall of 1938 after a bloody campaign which resulted in the removal of the Chinese government to Chungking.

A seamless, small-topped or hooded milk pall is recommended by the Texas A. and M. college extension service. If a hooded straight-edge one certainly should be provided, says Gladys Martin. extension specialist in home dalrying.

Another important piece of equipment necessary to clean milk is the strainer. Select one which can be cleaned easily and which is large enough to take care of the milk produced, Miss Martin advises. She considers preferable the strainer in which a cotton filter pad can be used. The pad should be used only once, then discarded.

Use of chlorine water to act as a sterilizer also is essential to the proper handling of milk. Following their use, milk utensils first should be rinsed with cool or lukewarm water, Miss Martin explains. Using hot water cooks the casein in the milk and makes the con-tainers hard to clean. Next, wash the buckets, strainers, and bottles with hot water and an alkaline washing powder. Use a stiff brush, for it will clean much better than a dish rag and soap.

After the bucket, strainer and milk containers have been washed they should be rinsed with boiling water and turned wrong side up to dry. They should not be wiped. Just before starting to milk, rinse the utensils in the chlorine solution to sterilize them. This practice costs only about a half cent a day, Miss Martin estimates.

Sixteen million of the 22 million victory gardens needed this year are expected to be in cities, smali towns and villages.

Pro-Roosevelt Forces To Woo Uninstructed Convention Delegates

AUSTIN, May 11 (A) - Pro-Roosevelt forces in Travis county today disclosed plans for opening headquarters with the objective of uniting as many uninstructed delegates to the democratic state convention for a fourth term

A spokesman who refused use of his name said it was apparent the numerous delegates in uninstructed groups did not oppose President Roosevelt's nomination.

Objectives of the movement, it was said, are favoring former Governor James V. Allred as temporary state convention chairman and keynoter; Mayor Tom Miller of Austin as permanent chairman and Governor Coke R. Stevenson as chairman of the Texas delegation to the national convention with Rep. Lyndon B. Johnson as an alternate chairman in the event Governor Stevenson does not attend the national meet.

Lessening Tax Burden Envisaged By Snyder

WASHINGTON, May 11 (P) -A lessening of the tax burden in the near future was envisaged to-65 day by Rep. Snyder, (D- Fa.)—as 60 tno result of a \$33,607,263,800 64 "kickback" in war department appropriations.

The turn of the war in our favor during the last twelve months means a huge saving to the taxpayers," said Snyder, who is chairman of an appropriations sub-committee.

Salad for the first course, as greens, such as Boston lettuce. dandelion and watercress. Wash these well, drain and erisp in the refrigerator. When ready to make the salad, prepare a French dressing in the bowt in which the salad is to be served. For four people use six tablespoons of salad oil, two of vinegar, a tiny pinch of mustard, a half teaspoon of salt, and a good grind of fresh pepper. Tear the green slightly with your hands right into the bowl. Now slice a few radishes thinly, with out feeling them, for color. Toss all ingredients together well, to make sure that every one is coated with the dressing.

Meat Pin-Ups 1 pound ground meat

teaspoon salt 1-2 teaspoon pepper 1-4 cup chopped onion

tablespoon chopped green tablespoon lard egg

1 cup drained cooked or canned Short Biscuit Squares

Combine ground meat, salt and pepper. Brown onion and green

pepper lightly in lard. Add meat; cook, stirring with a fork until the meat is lightly browned. Remove from stove and add beaten egg. Stir in tomatoes. Pile mixture in AP Food Editor

If Mother is really to have her ambrosia to Mother, and the up corners of each square to meet day in these times of plenty of young will be rightly proud of in center on top. Press edges in center on top. Press edges firmly together. Bake in hot oven (400 degrees) 20 to 30 minutes. Makes about 8 squares.

Short Biscuit Squares 2 cups sifted flour 3 teaspoons baking powder 1-2 teaspoon salt

1-4 cup lard 3-4 cup malk (about)

Sift together flour, baking powder and salt; cut in lard with two knives or pastry blender until particles are the size of small peas. Gradually add milk, stirring with fork until soft dough is formed. Roll out dough into rectangle to 1-4 inch thickness on lightly floured board. Cut into four inch squares. Top with meat mixture and bake as directed above. Prepared biscuit mix may be used to nake these squares, if preparing the dough is too much for the young person or persons involved, out, made with lard, as this recipe indicates, the squares will be richer and more the "cook's own" than

if they come out of a bex!

In preparing the new potatoes scrub them well and then cut off a strip of the skin about a half nch wide, around the middle of the potato. Boil and serve just as is, sprinkled with finely chopped parsley and with a little melted margarine poured over the top.

The fresh fruit cup can be

made of whatever fruits are most plentiful in the area where you live. Oranges and grapefruit make a good base, and the addition of just a few strawberries will lend a festive touch to both appearance and flavor. Three or four kinds of fruit is plenty.

And don't by any chance let mother join in serving the mealor in washing the dishes. Don't let her persuade you to even leave them for her to do tomorrow. It's no holiday if it involvesdouble tasks for the day after!

OFFEE HELPS IN REDUCING ? Why Sure! Most excess weight, doctors agree, comes from over-eating. Well, then, why not satisfy your appetite, particularly for in-between snacks, by drinking a cup of Admiration instead? Its energy-producing goodness gives an instant pick-up, thereby reducing desire for larger quantities of food, whether in-between or at mealtime. Can you imagine an easier or more delightful "weight reduction method"? Eat The Foods You Like Here you eat the foods you like and drink a coffee that's a thrill to the taste, a delight to the smell, and a boon to waning energy! Thousands upon thousands in the Southwest drink Admiration several times daily, often for various reasons of their own. But all agree enthusiastically on one point: for a coffee of unsurpassed flavor, aroma, and richness the Admiration blend has never been approached by any other brand of coffee.

National Sport Is Sunday Business In Times Of War

Associated Press Sports Writer Night baseball's first 1944 turnouts totalling 58,078 for three games could be taken today as proof that the national pastime is strictly an afterdark and Sunday business in wartime.

The five day games, featuring similar openings of intersectional series, drew only 19,414 or a per average of 3,883 as compared to 19,359 under the arcs. Actual night results were overshadowed by the encouraging crowds but all the home teams n to make it perfect for the

Sunday, the amateurs will clash with the pros in the Texas cup matches. Five amateurs already have been selected for the team. The others, together with the professionals who will furnish the opposition in the matches, will be determined on the basis of low scoring in the open. The pros at the same time, will be shooting qualifying rounds for the national P. G. A.

Already named to the amateur cip team are Todd, David Goldman, Dick Martin and Pfc. Jack Munger, all of Dallas, and Sgt. T. J. Hammett of Eastland. Private cations what with John Hickman Munger is stationed at Sheppard Field. Sgt. Hammett is home from air service in Africa and Italy. The golfers actually were pray

"The Ghost Talks" Big Spring Social Charmed Medic Saves Life Of Pals **Security Office** After Withstanding Direct Hit

TEMPLE, May 11 (AP) - Corporal Andy Armstrong could relax for the first time after 20 days of constant fighting.

His unit had been withdrawn from the Mount Maggiore sector and was comfortably altuated high up in the Italian hills just

of monthly benefits to several members of the family group such as a widow and several the folks back home at Leuders, Texas. A company medic was dig-ging his foxhole at the base of a giant tree about 30 feet away. Other members of the unit were playing cards or writing letters. Then it happened.

An artillery shell, a huge one, exploded in their midst. "I yelled for a medic." Cor-

poral Armstrong will tell you as he grins at you at McCloskey General Hospital here, "and I'll be doggone if one one didn't walk out of the smoke. He was right under the tree when the shell hit it and only received a minor head wound. The tree

Rate A Point For Pride

Sale of the city's \$400,000 waterworks development issue for a record low rate of interest doubtless is cheering news to every municipal taxpayer. It ought to be a point for pride as well.

After all is figured in, the rate of interest for the issue is 1.61 on the average. Although these bonds are optional at or after 10 years, there is little prospect that this issue ever will be disturbed at this rate of interest which is well below the 1.75 per cent with which we were so pleased in 1941 when we floated a \$25,000 airport bond issue.

While it must be admitted that now is a most propitious time for entering the bond market (municipal issues being almost non-existent, there is more than a favorable market behind the rate which the city obtained. It should be remembered that the city, so far as bonded indebtedness is concerned, is now something better than 20 per cent of the amount of assessed valuation. Normally this would be cause for many bidders either being wary or raising their rates to care for whatever element of risk was involved.

Offsetting this, however, is the city's record of never having defaulted on any tax bond payment. The record has been so good that with the exception of the depression days, City of Big Spring bonds have commanded a premium. Added to this is a sound financial condition which must have had a persuasive effect on bidders-for virtually every bid offered was a good one.

One could only wish that all our bonds in the past had been issued on a callable basis after a given number of years. Had it been so, Big Spring today could refund its bonded obligations at an interest savings of about a quarter of a million dol-

But alas it is not so. We shall have to be content with our current good fortune and with the extending of commendations to those who contributed to a record which made it possible.

Let Patton Fight

If General Patton had deliberately tried, he could hardly have produced in small compass a bigger batch of propaganda for the Nazis, the Japanese and the Chicago Tribune than he did in his speech opening a club for American soldiers in England.

But others will hardly accept as settled government policy the thoughtless bombast which came out the first time the general has had a chance to blow off since the unhappy soldier slapping incident last July. United Nations efforts to win the war and organize the peace will not be thrown askew by any assertion that Britain and America are destined to "rule the world."

If the Sioux tribe were asked to provide an Indian name for the General, they would doubtless come up with something like "Chief Foot-in-Mouth." General Patton fights well; his superiors should keep him at it.-Christian Science Monitor.

The War Today

WASHINGTON

by DeWitt Mackenzie Associated Press War Analyst

Allied bombing and other preparations for D-

Day are slipping rapidly towards their peak. It's evident that we are approaching the peak of preparedness. That's true not only in the invasion zone but in all other European theatres. For this greatest land-water-air operation of history ("triphibian," the phrase-coining Winston Churchill calls it) is to be supported by the coordinated, all-out efforts of every fighting unit that can lend a useful hand, wherever it may be.

Everything seems to be gauged by its relation to D-Day. The recapture of Sevastopol normally would have the world on tiptoe of excitement, since

it has everything that makes for drama. Yet we measure its fall by its relation to the invasion of western Europe.

The two events are related in a big way, for the recapture of this strategic Black Sea naval base was essential to the perfect functioning of the great Russian war machine which will come into full action again as the Allies strike in the west. The Russian fleet now will be able to give full cooperation to the projected Red offensive through Romania Into the Balkans, even landing reinforcements on the Romanian coast if necessary.

Meantime the Red armies are getting set on other fronts for the concerted onslaught against Hitler's fortress, and the fall of Sevastopol will ex-

Over in Italy, too, there are signs of Allied operations to support D-Day. The Hitlerites are looking for offensives both on the Cassino front and from the Anzio beachhead.

Berlin, feverishly trying to check on the invasion machine, reports that the southeastern coast of England swarms with troops ready to embark, and that a huge invasion fleet is assembled in channel ports. Of course, the Allies don't take the trouble to deny that. You can keep D-Day a dark secret, known by perhaps six or eight people, but you can't hide thousands of ships and hundreds of thousands

Naturally, the high command ground operations now in progress can say nothing whatever about the disposition of our forces. against Japan. This gives us some mean not only that all the Rusidea of what enormous forces can slan and British forces were be released for use against Japan pinned down in Europe but that

> In the European theater the Italian campaign engages only a fraction of the German army. A considerably larger part of the German army is drawn up in western Europe facing the invasion forces under General Eisenhower. The greatest part of the German army faces the Russians,

In the great battle which is impending, the western allied armies and the Russian armies will be like the two blades of a pair of scissors. Each blade separately could do much damage: the Russian blade has done immense damage, our blade, using its air power, has done much damage.

Mitchell County To **Furnish Rat Poison**

COLORADO CITY, May 11 -Mitchell county commissioners voted in their May session here this week to purchase poison grain for use of farmers and ranchers of the county in controlling rodents. T. . H. Roensch, county

munition for farm use makes the poisoning method particularly necessary in ridding crops and ranges of large numbers of jackrabbits. Rats, prairie dogs and sparrows are also creating a problem which commissioners hope to help solve with the grain.

Farmers and ranchers have been informed that the poison grain will be available to them at the county courthouse the last of next week.

Wildcats Win From Ordnance, Bombers Shut Out Medicos

Behind the six-hit pitching of Spinosa, the Wildcats turned back the Ordnance boys, 8-5, in the second round of the Big Spring Bombardier School enlisted men's softball league Wednesday evening under city park lights.

In the finale for the evening the Bombers clipped the Medics,

13-0. Riley led Wildcat hitting with two safe blows and Haider, Ordnance twirler, managed to scatter the remaining six hits well. Robinson gathered two hits for the Ordnance. Catcher for the Wild-cats was Bristow and for the Ordnance Taylor.
