No. 269

## Relief Bond Bill Finally Passes in the House

### HOUSE VOTES SENATE BILL FOR NEW BONDS

Measure Goes to Governor For Signature By Late This Afternoon

AUSTIN, Sept. 25.—The Texas house of representatives voted to accept the \$6,000,000 relief bond bill which it had rejected yesterday. The house vote was 120 to 18. The senate had previously voted for the bill, 21 to 6. The bill therefore can become effective as soon as it is signed by Governor Ferguson. Final passage of the relief bond bill was believed to have lessened likelihood of another session being convened tomorrow. The bill provides for issuance of all but \$3,500,000 of the possible state relief bonds, budgets them so that not more than \$1,500,000 shall be used in any one month and pledges all state funds for retirement except funds put into other channels by the constitution. The bonds may bear 4 1/2 per cent interest. The existing relief setup is discarded. The state board of control is placed in charge of administration with full power to remove county boards and all administrative officials including the state director. The bill will probably reach the governor's desk late today.

### Suit is Started In Litigation Over Huge Oil Fortune

DALLAS, Sept. 25.—Hearing of a suit against C. M. (Dad) Joyner, in which his divorced wife, Mrs. L. A. Joyner, seeks half of his \$3,000,000 estate, was carried on in 14th district court here today. Joyner brought in the discovery well in the East Texas field and is reputed to hold large oil interests. Mrs. Joyner pleaded she signed an alleged divorce settlement in Ardmore, August, 1933, while she was under the impression it was a joint will. In his answer, Joyner contended that the settlement was bona fide. Mrs. Joyner was given title to the couple's former Ardmore home and \$500 monthly for life under its terms, he said.

### TEXTILE MILLS MOVING NEAR NORMAL TODAY

The cotton textile industry moved nearer normal today but isolated trouble spots remained from the general strike, called off Saturday. North and South Carolina and Georgia were disbanding state troops. Not all units were recalled, however, as four companies remained at Shannon, Ga. Labor charged mills were discriminating against union workers in several mills in Georgia, North and South Carolina. Nearly 75 per cent of New England's 160,000 workers were at their looms today. All were expected to be employed in a week.

### Bring Crime Near Solution

Here are the heads of the three anti-crime agencies whose cooperation and unrelenting efforts are credited with the New York arrests which promise to clear up the Lindbergh kidnaping. Left to right: Col. H. Norman Schwartzkopf, superintendent of the New Jersey state police; J. Edgar Hoover, chief of the division of investigation of the Department of Justice; and John F. O'Ryan, police commissioner of the city of New York.

### JURY IS BEING COMPLETED IN BRITAIN CASE

SEYMOUR, Texas, Sept. 25.—Completion of a jury was scheduled today in the trial of Miss Ruby Britain, 40, charged with murder in the roadside shooting of Forest Nichols, 39, prominent Seymour banker. Six jurors were selected before court adjourned last night. Miss Britain's attorneys in questioning veniremen indicated they would plead self-defense. Nichols, father of two children, was shot to death Aug. 15 as he sat in a parked car on a country lane with Miss Willie Mae Couch, 19-year-old New Mexico school girl. Nichols' widow was in court today as the trial neared the testimony stage.

### Troops Guarding Man Held in an Assault on a Girl

RIVERHEAD, N. Y., Sept. 25. State troopers guarded the Suffolk county jail today where they had lodged Patrick Downey, 31, after a grim game of hide-and-seek with 2,000 Islip citizen inflamed over the brutal assault and strangulation of Rita Lazzari, seven years old. Twenty-two troopers spirited Downey to the jail today from Islip. The mob gathered after a search of a woodland disclosed the child's body. Police said Downey confessed the crime. The child disappeared Sunday night when she went next door for her father.

### ROCKEFELLER NEPHEW DIES OF OPERATION

NEW YORK, Sept. 25.—Percy Avery Rockefeller, 56, nephew of John D. Rockefeller Sr., who built up his own family fortune to tremendous proportions, died today in Doctors hospital of a stomach disorder. Accompanied by Mrs. Rockefeller and members of the family the millionaire stock market operator whose name was listed on the directory of half a hundred companies, came here from Connecticut last Friday. He underwent an operation for stomach ulcers but failed to rally. The least known member of his famous family, Rockefeller made his financial power known through subsidiaries. Even his control of the National City bank, second largest in the country, was dispensed through employes.

### Dusty Tomes Gave Answer On School Term at Missouri

COLUMBIA, Mo.—The faculty was in an uproar and historians had to refer to dusty tomes to determine what academic year the current one was for the University of Missouri. A special committee appointed by the president finally agreed the 1934-35 term will represent the ninety-fourth year of academic instruction. Dr. Jonas Viles, professor of history, Floyd Shoemaker, secretary of the State Historical society, and other historical authorities were summoned before the matter was settled. Provision for establishment of the university was made in 1839. Research in a volume by Thomas J. Lowry disclosed that "President Lathrop entered on the active duties of his office and X X X courses of instruction were opened on Wednesday, April 14, 1841, in the old Columbia college building." Missouri's is the oldest state university west of the Mississippi.

### Black Widow Spiders In Kansas For Years

MANHATTAN, Kan.—While the "black widow" spider has achieved a wide degree of ill-fame only recently, Dr. R. S. Smith, department of entomology of Kansas State college here, says the insect has been more or less common in Kansas many years. The bite of the "black widow" or "hour-glass" spider, as it is properly termed, rarely is fatal, Smith says, adding that he never has heard of a victim who received prompt medical attention dying. Smith says the hour-glass spider is not aggressive and that few persons bitten by spiders are victims of this variety. Bites of any spider should be treated with antiseptics, he says, and in case severe pain develops a doctor should be called at once. Both the male and female hour-glass spiders are poisonous, and have a distinctive reddish hour-glass marking on the abdomen.

### Buy Duck Stamps Now, Urges The Biological Survey

With seasons opening in many states early in October, the Bureau of Biological Survey reminds all waterfowl hunters over 16 years of age that they must carry a migratory bird hunting stamp affixed to the state license or to a federal certificate. The new so-called "duck stamp" sells for \$1 at post offices in all county seats, in all towns with populations of 2,500 or more, and in certain waterfowl centers. Emphasizing that the money collected from the duck-stamp sales will be used by the Federal Government to increase the supply of waterfowl, the Biological Survey also urges all conversationalists to cooperate by buying stamps. Of the total proceeds 90 per cent will be spent in acquiring and administering waterfowl sanctuaries, and the remaining 10 per cent will be used in administering the act. The bureau expects the stamp will have an unusual appeal for collectors. It is the first waterfowl stamp and is the work of J. N. Darling, Biological Survey chief, well-known as the cartoonist "Doug". Stamp purchasers are not hunters, the Bureau advises, should fill out the Federal certificate, stating that they are not required to have a state game license. The postmaster will affix a stamp to each certificate filled out. To correct a widespread misunderstanding, the Biological Survey explains that every purchaser may buy as many stamps as he desires. Mr. Darling opened the nation-wide stamp sale with a purchase of 25 stamps. Postmasters, according to instructions recently issued by C. B. Eilenberger, Third Assistant Postmaster General, are permitted to affix adhesively to the state game license of the applicant as many stamps as are desired, and only one to application need be filled out by an applicant. Purchasers who are not required to have state hunting licenses may buy any desired number of federal certificates, but only one stamp will be affixed to each certificate.

### Packing House to Increase Salaries

CHICAGO, Sept. 25.—Wage increases which will exceed \$10,000,000 yearly will become effective Oct. 1 in the plants of the "big four" packers. More than 1,000 persons were benefitted. Companies were Armour & Co., Swift & Co., Wilson & Co., and the Cudahy Packing Co.

### HAUPTMANN MORE CLOSELY LINKED WITH THE LINDBERGH CASE BY NEW DISCOVERIES

NEW YORK, Sept. 25.—Investigators of the Lindbergh kidnaping claimed to have clamped their case against Bruno Hauptmann today with discovery of the telephone number and address of the ransom negotiator written on a closet wall in the Hauptmann home. Samuel Foley, Bronx County District Attorney, said Hauptmann admitted writing the scrawl. The telephone number and address were those of Dr. Condon, who delivered \$50,000 ransom to a man now believed to be Hauptmann. The announcement that detectives had ripped from the prisoner's home a board on which the notation was written came after federal agents had connected the prisoner with footprints outside the Lindbergh home. Hauptmann's footprints were similar to prints found at the scene of the kidnaping and at the scene of ransom payments, experts decided. Despite claims by Hauptmann's counsel the defense had been greatly strengthened by developments today, District Attorney Foley considered the notation found in Hauptmann's home as the final link in an iron-clad case. In addition, numbers were written in the closet which were connected with the serial numbers of Lindbergh ransom bills. Hauptmann admitted writing the notations, but explained it by saying he was interested in the case. 1.—The Chief of Police at Savannah, Ga., announced that Hauptmann had been identified as a man who used an island, near Savannah, in 1932 and 1933, possibly as a "refuge" after the kidnaping. 2.—Eight pairs of shoes in a bag were locked up under guard at Foley's office. They were taken from the Hauptmann home and were said to be of proportions comparable to those of footprints found outside the Lindbergh home and at the ransom scene. 3.—A shoe box was presented to the grand jury to support charges Hauptmann passed the ransom money. He said he discovered it among a dead friend's belongings. The shoes, purchased with a \$20 gold ransom certificate, were bought by Hauptmann this month.

### Officers Probing Deaths of Two Men At Gordon Sunday

Palo Pinto county officers, including the county attorney and the sheriff, were investigating the deaths of Jack Robinson and Floyd Hughes of Gordon, whose mutilated bodies were discovered on the Texas & Pacific railroad tracks at Gordon late Sunday night. Special detectives of the Texas & Pacific railroad were also reported to be aiding in the investigation. Funeral services for Floyd Hughes were held Monday afternoon, at Gordon and services for Jack Robinson were conducted the same afternoon at Strawn cemetery. The officers conducting the investigation would not make any statement this morning, but indicated they would have reports on the deaths later in the day or Wednesday.

### Rainbow Wins But Race Was Protested

NEWPORT, Sept. 25.—Harold Vanderbilt sailed across the finish line today in the Rainbow to retain the Americas cup for the United States, providing the protest signaled from T. O. M. Sopwith's defeated challenger, Endeavor, is not sustained. A red protest flag was also flying from Rainbow's rigging. Vanderbilt trailed over the first 10-mile leg, but the American skipper hauled his sloop over the second leg a beat to windward, in brilliant style, outguessing the challenger, and finished leading by nearly three minutes. Acquaintance of the filing system used by the Eastland county case workers and the procedure of issuing disbursing orders in the home instead of office will be made this week by Miss Ruth Nunnally, case work supervisor of Parker county, who has arrived in Eastland. Miss Nunnally is expected to observe the system used in the county for several days.

### Acquaints Self With County Case Systems

Acquaintance of the filing system used by the Eastland county case workers and the procedure of issuing disbursing orders in the home instead of office will be made this week by Miss Ruth Nunnally, case work supervisor of Parker county, who has arrived in Eastland. Miss Nunnally is expected to observe the system used in the county for several days.

### Burkett Delays Action in Allred Litigation Today

SAN ANTONIO, Sept. 25.—Joe Burkett, attorney for plaintiffs seeking to keep James V. Allred's name off the general election ballot, announced today he would delay action pending study of the litigation as it now stands. Burkett had intended to file a motion asking the court of civil appeals to rehear Allred's appeal for an order issued by District Judge W. W. McCrocy restraining the democratic party and state officials from certifying Allred's name.

### Accident Victims Still in Hospital

Tom Bruce, who was critically injured in an automobile accident near Ranger early Sunday morning, was reported today to be still in a serious condition and not doing as well as could be hoped. Tom Needham, who was also injured in the accident, was reported to be resting better. The others who were injured have been released from the hospital.

### Methvin Guarded In Oklahoma Jail

MIAMI, Okla., Sept. 25.—Henry Methvin, former Texas convict and Pal of Clyde Barrow, was back in a closely guarded cell today after pleading not guilty at arraignment on a charge alleging he killed Constable Cal Campbell. The prisoner will get a preliminary hearing next month. He is accused of killing Campbell in a roadside clash near Commerce, last April, during which Police Chief Percy Boyd of Commerce was wounded and captured.

### Gift of Fish to Cop Lands Angler In Jail

CLEVELAND.—Never hand a patrolman a fish. With this admonition, Martin Smith, 60, trader in fish from suburban Rocky River was released and told to go home by Police Judge George S. Teney. Smith, fresh in town with a fresh basket of fish, started trading them. The trading was good, where a fine, firm fish brought a fine, firm drink. It was the last fish that got Smith into trouble. Assuming that Patrolman Charles Jelinek liked fish, Smith graciously flipped his last one inside Patrolman Jelinek's coat.

### STATE RELIEF IN COUNTY TO BE DELAYED

According to a letter received from Austin Monday by the Eastland county general relief board, state funds for October if granted by the legislature, would not be available for thirty days. H. E. Driscoll, county administrator in telling of the contents of the letter said the following: "Monday the Eastland county relief board received from Austin an estimate for October on which is placed the figures showing total funds required to cover the needs of the county for the month of October. We are also advised due to the fact that the legislature has not acted concerning relief measures at time the letter was written. "Austin could not definitely tell us any funds would be available for October and states that when they have acted it would be at least 30 days before any state funds would be available. "To date we are not promised any federal funds but it is required we submit our estimate promptly, and we were also advised accordingly to conserve our present unobligated funds as much as possible." Funds for the last half of September amounting to \$17,500 arrived at the Eastland county general relief office in Eastland last week.

### Two Headed Calf Born Near Cheaney

A two-headed calf was born on the farm of Cam Lee, who lives on a rural route out of Ranger near Cheaney, it was reported this morning. The calf was well developed otherwise, but was killed and is being stuffed by Dr. Williams. The calf was born to a full-blood Jersey cow, Mr. Lee reported.

### Services Wednesday For R. F. Lawrence

Funeral services for R. F. (Cherry) Lawrence, 33, employee of the government in the county agent's office at Eastland for four months and former appraiser at Big Spring with the land department of the federal land bank, have been changed from this afternoon to Wednesday afternoon at 4 o'clock in the Eberly chapel at Big Spring. Lawrence, in College Station representing Eastland county before a state board of cotton allotments, died in a hospital at Bryan at 6 p. m. Monday following an operation for a stomach ailment. He was a graduate of the Big Spring high school and of Texas A. & M. college. Survivors are his parents, Mr. and Mrs. L. F. Lawrence of Luther; one brother, Chas. B. Lawrence of Luther, and three sisters, Mrs. J. Herman Finley of Coahoma, Mrs. W. M. Travis of Mount Pleasant, Mich., and Mrs. Lester Caughey of Luther. Several employes of the Eastland county agent's office will attend the funeral and the office will be closed during those hours.

### Three Fires Were Reported on Morro Castle By Officers

NEW YORK, Sept. 25.—Three separate fires may have been burning aboard the liner Morro Castle the day it was destroyed, Arthur J. Bender, head night-watchman testified today at the department of commerce inquiry. As early as 10:30 p. m. the night before Bender said he smelled gasoline or a cleansing fluid in the vicinity of the writing room where the fire is believed to have started. He assumed the stewards were following the custom of cleaning late the night before docking and did not report the incident.

### Turtle Eggs Hatched And Played Piano

HOUSTON.—Two months ago Mrs. Ethel Reich of Houston and her husband went fishing on a creek near Sugarland, Texas, where they found a soft-shelled turtle's nest and took from it nine eggs. Against the advice of her husband, Mrs. Reich washed and polished the eggs and took them home where they adorned the piano top as decorations. Several nights later Reich was awakened by noises emanating from the piano similar to those which might be expected from an unskilled pianist. He found the eggs had hatched "nine blinking, but very much alive turtles. They were slowly walking along the keyboard.

### Over 100 Rotarians At Inter-City Meet

Over 100 Rotarians and Rotary Annes from four Oil Belt clubs gathered in Eastland for their annual inter-city meet when Tom H. Taylor, district governor, of Brownwood, delivered an address. H. C. "Andy" Anderson of Ranger presided over the meet and presented the following: Julius Krause of Eastland, leader of songs. Rev. J. C. Pierce of Cisco, invocation. Presidents of the Ranger, Cisco, Eastland and Breckenridge clubs, Odie Minatra of Breckenridge, address. Mrs. W. B. Ammerman of Eastland, humorous readings. Tom H. Taylor, principal address. The next year's meet will be held at Ranger.

### PEDIGREE HUNTERS HAVING BUSY SEASON

LONDON.—The call of the pedigree hunter is resounding throughout the land. The geniuses of genealogical research are again profitably engaged in tracking down the ancestry of those people, who for one reason or another, want a picture of their family tree, with every twig in its proper place. Many wealthy American clients

are reported to have employed genealogists to determine their origin, while in some cases the searchers have come over from the United States especially for the purpose. A common place of search is the parish register, which often goes back for centuries; while tombstones in country churchyards have proven many a claim to noble descent.

Ancestors, who had their first sight of the United States from the decks of the Mayflower, still are the most sought-after by American clients, states a prominent genealogist. A really distinguished line in pedigrees is one that can be traced in an unbroken line back to the 15th Century, this expert states. There are not a great many that can be authentically traced very

much earlier than that. Ancestries dating back to the 12th Century are exceedingly rare, and it is estimated that every person who nowadays claims descent from Norman Conquest ancestors, must have had more than a million and a half other ancestors, who were contemporary with William the Conqueror, and accordingly some of them must have been serfs.

DID YOU EVER STOP TO THINK?

By EDSON R. WAITE, Shawnee, Oklahoma

Thus life goes. And the old world jogs along. Fat years follow lean years. Wet seasons follow dry seasons. Prosperity appears to come in cycles. Likewise the reverse of prosperity.

Texas, all things considered, is in splendid shape to face the future. Man was made to hustle. He was not made to loaf or moan or dodge responsibility. Life is not one glad, sweet song. Life is an endurance test and sacrifices are the common lot of all. Hundreds of millions of dollars have been poured into Texas by the setup agencies of the federal government. Cotton growers have been aided. Wheat growers have been aided. Thousands of young men have been called to the camps of the country to make their own way by working their brains as well as their hands.

F. D. R., the author and the backer of the New Deal experiment, never moans or groans or sidesteps.

Facing the newspaper correspondents in the city of Washington the President declared that business conditions were more promising than he had expected. On the whole, he said, he thought conditions were generally in good shape. Speaking of the livestock industry, the greatest shipment of cattle in the history of the world from the 17 states of the far west, is promised by the United States department of agriculture in its western cattle marketing report.

Shipments of cattle and calves from the 17 states extending from North Dakota to Texas and westward during the five months, August to December, will be 100 per cent larger this year than last year, and will be the largest ever made during these months.

Getting down to brass tacks, it seems probable between 5,000,000 and 6,000,000 cattle and calves will be shipped by the federal relief agency and in addition to this number probably between 2,500,000 and 3,000,000 head will be shipped through regular channels, making a total movement of about 8,500,000 head.

Indeed, the feed situation in the 17 states from North Dakota to Texas and westward is said to be the most serious ever known. As a matter of fact, the drought in the 17 states was a more terrible visitation than the economic bolt which hit the American people in 1929. Now plans are being made by the federal setups to take between 4,000,000 and 5,000,000 sheep and goats from the Western ranges. Most of the sheep and goats will be purchased in Colorado, Texas, Eastern New Mexico, Wyoming and

"OUT OUR WAY" . . . . . By Williams

Eastern Montana. Funds for the purchases will come from the \$525,000,000 relief appropriation passed by the last congress. "It is a long, long road to Tipperary."

Retail Sales in August Above the Peak of Year 1933

AUSTIN, Tex., Sept. 24.—Retail trade in Texas during August made a favorable showing both in comparison with August last year and with July of the current year, according to the University of Texas Bureau of Business Research.

Reports from 95 department stores and specialty shops show total sales 5.3 per cent in excess of August last year," the Bureau's report said. "This situation has added significance from the fact that a year ago in August industrial activity reached its peak for the year whereas this year it reached its low point. Moreover, inventories are believed to be relatively low compared with last year. Sales in August were 18.6 per cent greater than in July, against an average seasonal increase of only 6 per cent.

"Considerable variation is to be noted in the comparative showing of the different types of stores. Men's clothing stores headed the list with a gain of 23.3 per cent over August, 1933 and 45 per cent above July of the current year; dry goods and apparel stores gained 21 per cent over August last year and 4.2 per cent over July; small department stores were up 13.2 per cent from August a year ago but 2 per cent below July; large department stores were up 2.3 per cent and 19 per cent respectively; women's specialty shops declined 2.3 per cent from August last year but gained 32 per cent over July.

"Similarly there was considerable variation in the relative showing of the different cities. Gains in excess of the average for the State were reported in Beaumont, El Paso, Galveston, Houston, Lubbock, Port Arthur, Waco, and in the group consisting of smaller cities listed in the Bureau's index as 'all others.' Collections of outstanding accounts amounted to 30.7 per cent in August against 27.3 per cent in the corresponding month last year."

Government Buys 'Chevon' Not Muttons

AUSTIN, Tex.—It's "chevon," not goat meat that the government now is buying and distributing as a part of its surplus commodity distribution. It may be goat meat to most of the recipients but any Texas goat raiser will tell you it is officially "chevon." Raisers are asking government agents to so label it in distribution.

"Chevon" was officially adopted as the proper name for goat meat in 1922. Goat raisers then offered a prize for the most suitable name. It was suggested by Mrs. E. W. Hardgrave of Sanderston, Texas.

Railroad diners and many hotels and restaurants now place "chevon" on their menus. It is a combination of the French "chevre" (goat) and "mouton" (mutton).

For some time a Frenchman has been trying to bring into the U. S. 100,000 gallons of whisky. This is the only instance we can cite where red tape is an advantage—the whisky is getting older all the time.

Report Says Kansas Oil Industry Rich

TOPEKA, Kan.—The oil industry has become the second most lucrative business in Kansas, according to the state corporation commission. In the last year the industry did a business of \$43,000,000.

Homer Hoch, chairman of the commission, credited government control with maintaining prices for crude oil at an average price of a dollar a barrel for the entire year.

Rep. Calvert Will Run For Speaker

AUSTIN, Sept. 25.—Representative Robert W. Calvert of Hillsboro today began an active campaign to be elected speaker of the 44th Texas Legislature, which convenes in January. Calvert's campaign was launched on a campaign against re-election of Speaker Coke Stevenson of Junction.

County Agents Sent Cotton Pool Forms

Forms are being sent to county agents in the cotton belt to enable 455,000 members of the cotton producers pool holding certificates covering 1,950,000 bales of cotton to obtain an additional advance of two cents a pound or to offer their certificates to the pool for sale, it was announced today by Oscar Johnson, manager of the Cotton Producers Pool of the Agricultural Adjustment Administration.

Mr. Johnson further stated that under the procedure that has been developed, together with the government's offer to lend producers 12 cents per pound on low middling cotton at interior points, it is not believed that the transaction with reference to the pool cotton will have adverse effect upon marketing of the 1934 crop or such of the 1933 crop as is still in the hands of the producers.

Mr. Johnson further stated that in his opinion, the majority of the certificate holders will take advantage of the offer of two cents per pound and retain their interest in the pool, thus obviating the necessity of the pool manager disposing of a large quantity of the cotton held in the pool. He stated, however, that there would be some pool members who would be desirous of immediately disposing of their certificates at the present market level, and that it would therefore be necessary for the pool manager, from time to time, to sell so much of the cotton under his control as may be necessary to meet the demands of certificate holders whose certificates are purchased.

ALLEY OOP

Health Meeting To Be Held Oct. 3 At Abilene Hotel

AUSTIN, Tex.—The Twelfth Annual Meeting of the Texas Public Health Association will be held at the Wooten Hotel in Abilene, October 3-5, stated Dr. T. J. McCamant, president. The meeting is open to physicians, health officers, nurses, sanitarians, and others interested in public health.

# Local--Eastland--Social

OFFICE 681 TELEPHONES RESIDENCE 288

**CALENDAR TONIGHT**  
Organization of Little Theatre Group, Commissioners Court room 8:00 p. m.; all interested invited.

**WEDNESDAY**  
Week of Prayer Program, 2:45 p. m., Baptist church, Mrs. Carl Springer presiding. Auspices of Women's Missionary Society. All interested invited.

Rebekah Lodge, 8:00 p. m., I. O. O. F. hall.  
Prayer meeting, 8:00 p. m., all churches.

**Baptist Training School**  
The Baptist Training School had an assembly of seventy reported by Mrs. Bouchillon, secretary, at their Sunday evening meeting of the union.

The session opened with hymn, "There Is Power In the Blood," with Mrs. W. A. Stiles as leader, and Miss Geraldine Terrell, pianist.

Terrell Coleman presided over the session, and prayer was offered by Mrs. O. B. Darby.

Mr. Ray Lerner reported the zone meeting held in afternoon in Gorman, over which Terrell Coleman presided in the absence of the zone president, and for which devotional was led by pastor O. B. Darby of Eastland, and the address, "Christ In Business Life," given by Rev. Chambliss of Desdemona. Forty from Eastland were at the meet.

The senior B. Y. P. U. announced a social for Tuesday, on the church lawn.

The junior B. Y. P. U. announced that their parents would be their guests at next Sunday night Baptist Training School.

**Wedding Announcement**  
Mr. and Mrs. L. D. Hillyer, 1616 Avenue D, Brownwood, Texas, have issued handsome announcement cards, received Monday, of the marriage of their daughter, Belda Dee, to Mr. Ross Knight, Prescott, on Wednesday, Sept. 5, 1934, in Burnett, Texas.

The "at home" announcement is Santa Anna, Texas.

Mr. and Mrs. Hillyer and their attractive daughters have many friends in this city, where they resided for several years. Mrs. Hillyer was prominently connected with the music business, and Mr. Hillyer was a court reporter for some years.

**Interesting Program**  
Senior B. Y. P. U.

New officers took their places at the Sunday evening meeting of the Senior B. Y. P. U. at Baptist church, in Curtis Terrell, president; Miss Allene Williams, vice president; John Frank Williams, secretary; Miss Geraldine Terrell, Bible leader and pianist; L. J.

Lambert, Jr., and Miss Theima Wood, group captains, and Miss Della Webb, chorister.

The following program was presented, built around the topic, "Moral and Spiritual Effects of Alcohol."

Introduction by L. J. Lambert, Jr. Topic, Alcohol Destroys Health. Miss Geraldine Terrell, "Dethrones Reason." Miss Allene Williams; Undermines Responsibility by Miss Woods; Causes Dependencies by Miss Irene Williams; Stimulates Crime, by Curtis Terrell and Cripples Service by Miss Beulah Drake.

**Child Conservation League**  
The initial meeting of the Child Conservation League, was postponed from Tuesday to next Friday, when a one o'clock luncheon will be held, so announces the president of the group, Mrs. John Collins, who states that Mrs. Turner M. Collie, will be hostess.

**Thursday Afternoon Club To Open Season**  
The Thursday Afternoon club will open their 1934-25 season with a breakfast at the Community clubhouse, Thursday morning at 9:00 o'clock with the year book committee, Mmes. W. B. Pickens, Art H. Johnson and E. R. Stanford as hostesses.

The meeting will be confined to club members only. There will be an informal program and special music.

Officers who take their places at this time are Mrs. F. M. Kenny, president; Mrs. E. R. Townsend, vice president; Mrs. W. B. Pickens, second vice president; Mrs. M. J. Pickett, treasurer; Mrs. Turner M. Collie, corresponding secretary; Mrs. Ben E. Hamner, recording secretary; Mrs. James Horton chairman clubhouse board; Mrs. J. W. K. Jackson, reporter; Mrs. W. H. Mullings, auditor; Mrs. E. R. Stanford, critic; Mrs. A. H. Johnson, parliamentarian; Mrs. W. A. Whitley, historian.

The standing committee personnel has been changed to conform with the demands of this year.

Program committee, already announced. Library committee, Mmes. James Horton, W. P. Leslie, Ray Lerner.

Home committee: Mmes. Hubert Jones, R. E. Sikes and Leslie Gray. Civic committee: Mmes. W. A. Martin, Clyde L. Garrett and Carl Springer.

Music committee: Mmes. J. E. Hickman, W. A. Whitley and Wayne Jones.

Finance committee: Mmes. M. J. Pickett, J. M. Perkins and E. R. Townsend.

Clubhouse Board: Mmes. Horton and Leslie.

**Senior Epworth League**  
The Senior Epworth League presented an inspirational program Sunday evening in Methodist church, "On the Jericho Road," the subject, had first topic, "Jesus and the Jericho Road," presented by Milam Williams.

Using Our Imagination was discussed by Clyde Chaney.

Hymn, "Dare to Be Brave, Dare to Be True."

Miss Kathleen Cottingham presented the subject, "Our Personal Attitude."

A very interesting play was given entitled, "Did You Know That?" with characters taken by Wendell Seibert, Rex Gray, Maxine Coleman, Tom Harrison, Carolyn Cox, Mary Frances Hunter, and Edmond Herring.

The motif of the play showed that those people who had made improvements for the betterment of the world and society were not limited to white people, and emphasized the fact that a negro made the first watch in America, which he whittled with a knife out of wood.

The program closed with a discussion by Mrs. J. E. Hickman, "What Shall Our Department Do?"

Present: Misses Betty Perkins,

Clara June Kimble, Carolyn Cox, Joan Johnson, Mary Frances Hunter, Jo Earl Uttz, Edith Rosquest, Doris Lawrence, Maxine Coleman, Carolyn Doss, Edith Meek, Doris Van Geem, Gladys Davis, Lewal Chance, Olivia White and Kathleen Cottingham.

James Hill, Harry Brogdon, Raymond Pipkin, Milam Williams, Wesley Lane, Earl Braly, Horace Horton, Clyde Garrett, Billy Satterwhite, Wendell Seibert, Parker Brown, John Hart, Bob Sikes, Tom Harrison, Clyde Chaney, Edmond Herring, Ralph Mahon, Jr., Leslie Cook, Boyd Tanner, Bob Dwyer, Bob White, Rex Grey, and Mrs. J. E. Hickman.

## Eastland Personals

Miss Maifred Hale has accepted the position as secretary for McRae and McRae.

Miss Merle Ticer left Friday for a few days stay in Austin. Carl Tanner, son of Kenneth Tanner, is now located in Dallas, as an auto salesman, and will resume his studies at Texas University next year.

## COBB PRAISES FILM STARRING WILL ROGERS

"The butcher who sells you a ham doesn't worry about its fate. You can boil it or fry it or drop it in the well; it's all the same to him after he gets his money."

This is the attitude of Irvin S. Cobb, famous humorist and author, who sold a number of his "Judge Priest" stories to Fox Film to be welded into Will Rogers' latest picture, "Judge Priest," now showing at the Lyric theatre.

This tolerance toward the studio is refreshing when one recalls the action of many writers who have sold stories for picturization and left Hollywood panning everybody and everything connected with motion pictures.

Cobb arrived in Hollywood accompanied by his daughter, Elisabeth, who had also sold a story to Fox Film. Her novel, "She Was a Lady," was a recent vehicle for Helen Twelvetrees.

When he viewed the completed "Judge Priest," Cobb expressed the warmest enthusiasm for its handling by Director John Ford.

"Even if I was a man to worry about his yarns after they are sold to Hollywood, there'd be no cause for it this time," he said.

"Will is the perfect man for I know Judge Priest. No actor that I could have made him so warm and wise and human. As for the production, it's beautiful. If you want my opinion in one word," he added to an interviewer, "you can just say—'great!'"

In "Judge Priest," Will Rogers has the largest cast that has ever supported him in a film. Among the principals are Tom Brown, Anita Louise, Henry B. Walthall, David Landau, Rochelle Hudson and Stepin Fetchit.

## Difficult Tricks Easy for Sea Lion

"That one is easy Walter, try something hard," thinks Buddy, master performer and said to be the most intelligent sea-lion in the world, coming here with Tom Mix Wild West and Sam B. Dill's Circus combined, on Saturday, September 29th, at the Connellee race track.

Doing practically everything from counting by fives to playing musical instruments, Buddy will amaze circus lovers with his seemingly impossible feats at each performance of the big show.

"Sea-lions that are to be trained," says Walter Jenner, Buddy's trainer, "must be captured at

## SMART SEA-LION

Buddy, called the most intelligent sea-lion in the world, who is coming to Eastland Saturday, September 29, with Sam Dill's Circus.

exactly the right age. If they are taken before they have learned to swim they will die soon after being placed in captivity, and if more than six months of age they are extremely difficult to train."

## SHOOTING THE MAVERICK

With the Breckenridge game more than two weeks off on their schedule, the Eastland Mavericks can very well stand by and watch the outcome of the coming Buckaroo games.

The Buckaroos will meet W. C. Stripling Saturday night under the lights in Fort Worth. After that Highland Park will be their opponents, making the Buckaroos have the practice experienced in one Class B and three Class A games to their credit before they engage with the Mavericks.

Eastland remembers several times when the highly touted Breck team, which incidentally has been out of the money for about four years, nearly lost their everything. It was one game several years back when the two 28-mile apart neighbors were playing in a miniature marsh, the football field which everyone hopes will be discarded.

At the half the score was at a deadlock. Yes, Breck won after the half but not until they nuffed up superhuman ability. There's been lots of games like that for the Mavericks. They play in a manner befitting a championship team and then—

There is a game looming for the Mavericks this week-end, it's said, Stephenville or another team from down in that region.

## Citrus Operations Will Start Soon In the Rio Grande

McALLEN, Texas. — One of the Southwest's major agricultural industries, the Lower Rio Grande Valley's \$125,000,000 citrus industry, will start operations for the 1934-35 season about Oct. 1.

Probably more than 5,000 persons will go to work picking and racking, inspecting and selling, the Valley's huge harvest of fruit—a harvest expected to be one of the biggest in the section's commercial production history. More than 100 large factories and scores of smaller ones will be engaged in packing.

Estimates of probably production are now steady at 7,000 to 8,000 cars, nearly twice the size of any previous crop, despite a heavy drop of fruit in the early summer resulting from shock to the trees rainfall and irrigation after a long dry spell.

The crop will come from about 5,200,000 trees planted on 81,000 acres of some of America's richest land. The citrus tree "population" of the section totals 8,201,211 trees on about 122,700 acres of land, but no tree less than four years old is considered in commercial bearing.

The 1934-35 crop of Lower

## WILL AND THE "YOUNG FOLKS"

Will Rogers, as Judge Priest, confers with Anita Louise and Tom Brown, the youthful sweethearts of Will's latest Fox film, "Judge Priest," at the Lyric now.

Rio Grande Valley citrus fruit will be more completely controlled as to marketing than any previous crop. In addition to the usual quarantine railings set up by the federal department of agriculture in an effort to eradicate the Mexican fruit fly, three other governmental agencies will participate in handling the crop.

The state department of agriculture enforces the Texas citrus standardization act and the green fruit law, both of which concern the quality of the fruit. Its jurisdiction is concurrent with that of the Texas citrus control committee, an organization set up under the NRA for the national citrus industry with regard to the standardization act.

The third governmental division assisting in citrus control is the shipping point inspection service maintained jointly by the federal and state departments of agriculture.

The Texas citrus control committee is a federal government organization established under provisions of the national citrus marketing agreement, a branch of the NRA. The committee will supervise all shipments of citrus, particularly under proration orders from the national stabilization committees for oranges and grapefruit. The national committees will set state quotas and the state committees will set individual quotas.

Co-operative marketing again will play a highly important part

in selling the Valley's fruit. Rio Grande Valley Citrus Exchange of Weslaco has 13 local units in as many citrus-producing sections and will operate seven packing plants. Two new \$20,000 plants will be opened at Alamo and Progreso.

Efforts of both shippers and governmental agencies this year will be directed toward improving quality of Valley fruit and removing cull fruit from retail outlets.

By-product manufacture seems to offer the most encouraging solution to the cull fruit problem. The one by-products plant in the Valley last year used more than 3,000,000 pounds of cull fruit for which growers received about \$22,500. This year the company expects to use 10,000,000 pounds in manufacturing nearly a dozen different products. Also there will be several canning plants obtaining culls from fruits whose poor outer appearance would prevent ready retail sale.

Pink grapefruit is another new "money crop." About 30 solid cars of pink grapefruit were moved from the Valley last season in the first movement of the fruit in commercial quantities. Two new types of pink grapefruit will also be produced during the next three or four years.

If the Valley produces an average crop of citrus, according to figures compiled for the past five seasons, it will market over 5,600 cars of fruit and receive a total of more than \$2,200,000.

## Judge Sold One Defunct Bus Line

By United Press  
KANSAS CITY, Mo.— Judge Merrill E. Otis of federal district court, interested in getting as much money as possible for creditors of the defunct St. Joseph and Excelsior Springs bus lines, of a bankrupt interurban company, threw open the bidding on the property and virtually turned the proceedings into an auction.

In so doing he secured \$53,000 for the bus franchise and the out-moded rolling stock, which was \$30,200 above the original offer.

In opening the bidding Judge Otis pitted against one another such interests as the Union Pacific of Burlington and the Missouri Pacific and Van Swearingen companies. The Union Pacific's bid finally prevailed.

As the time for closing the bids neared representatives of the companies interested stepped up the tempo of their offers.

"Here's a bid of \$45,000," said the Burlington representative.

"And here's one of \$45,000," snapped the Missouri Pacific and Van Swearingen spokesman. Un-

derstanding the bidding procedure, he had lost his bid, but he had found the winning bid for him.

# A Pledge For Patriotic Texans

A hundred years of freedom and progress is to be celebrated in 1936. Our progress as a State has been phenomenal. It is a source of pride to the Nation. Texans, true and unafraid, pledge themselves to the unparalleled success of their State's hundredth anniversary.

"Men of thought, be up and stirring." Put this purpose before you. Let every Texan burn the Centennial pledge into his heart:

**Pledge**  
I will think—talk—write... Texas Centennial in 1936! This is to be my celebration. In its achievement I may give free play to my patriotic love for Texas' heroic past; my confidence in its glories that are to be...

**Texas Centennial Commission**  
Publicity Committee
