EASTLAND, TEXAS, SUNDAY MORNING, NOVEMBER 25, 1934

DOGGETT FILES APPEAL FROM DEATH SENTENCE

That reminds me...

Took time off Saturday to especially see what happens around rain time at the crossing on the old Breckenridge road leading from and to Eastland. Taking everything into consideration there is danger lurking at that spot almost every hour of the day and night when trains are due and traffic is going on. There has been much overlooked by both the citizenship and the railroad to make this crossing safe for both concerned.

The East bound passenger train due in Eastland which was the subject of the investigation at 1:10 a. m. It was 11:23 by the watch when it first came in sight, from the time it could be seen by raising one's neck on the north side of the track until it reached the crossing it was exactly 21 seconds. There is absolutely no protection whatever for the traveling public in its present outlay. A gasoline and oil wholesale warehouse obstructs the view entirely from trains going West. A row of trees and shrubbery obstructs the view from the trains going east. The road leading to the crossing both ways is elevated making it necessary to slow down and another handicap is that there are curves at each approach in the road. There is a "Booster" Gasoline plant on the south side which keeps up a noise with their engines. Unless a person knows exactly what time all trains are due and stops at that time, there is danger. The railroad sign which only says "Railroad Crossing" is not even placed in a position to read it from those approaching from the north side, as it faces towards a field and not towards the approaching traffic. The train in question blew its whistle, but we happened to be looking for it and heard it distinctly, however if not looking for it and traveling (we happened to be in a dead stop) it is doubtful if the whistle would have been entirely clear due to noises of the car and those of the gasoline plant. It is a dangerous crossing that should be remedied once.

Now let's take the side of the railroad which also has no protection from the passing traffic. As stated the train was due at 11:10. While waiting for it and on the time it was due there were seven cars in all that passed over that crossing practically at the time the train was due and overdue; four passenger cars and three trucks, not a single one of them stopped on the crossing, but just slowed down on account of the curve and going approach on each side and went going. Had the train been in sight at any time that the traffic was crossing the railroad it would have been impossible for them to avoid being hit.

The remedy is for immediate action to be taken by the citizenship and the railroad company. Every road should be closed except one and all traffic directed through the channel from the depot to the old Breckenridge road, and that channel should be an underpass. E. Driscoll, always active and interested in the best welfare of the community stated, that there was a project that was entirely essential and that he would do everything possible to cooperate in the same. The Rotary club has a committee appointed to look into the matter and take some kind of steps to have it remedied. The Chamber of Commerce and other civic organizations are ready to lend their full support, and it is now the time to see that it is done. Delay is dangerous and only delay to the citizenship and the railroad company. Nothing could be left undone until this thing placed on a safe basis and the only way to do it is to get busy and active. This is no time for delay.

No intentions are implicated in criticism that would reflect on the person or corporation, nor do we particularly place the blame on the situation and if not done the blame can easily fall on the shoulders of those responsible for neglecting to take proper steps to avoid a repetition of accidents in the instance involved over the past several years.

Business is better, and there is a new taking place around the systems operated by the City Market and Grocery which is operating.

JOCKEY TELLS OF SLAYING OF WATCHMAN

By United Press FORT WORTH, Nov. 24.—Donald Say, 17-year-old Hollywood, Calif., jockey was charged with murder today in connection with the fatal shooting of Tom Watson, 75, night watchman at Arlington Downs race track. Say, a meek 97-pound youth, said that he tried to rob Watson in order to get \$5 with which to redeem a watch from a negro stableman. The jockey, in a signed confession, said he had no intention of killing the night watchman, but was "forced to wound him because he tried to get his gun out."

"I walked into the medicine room at the stables and said 'Stick 'em up.'" Say told officers. "Then I saw Watson was trying to pull his gun. This was the first time I knew he carried one. I shot him then, but did not intend to kill him. I was only trying to wound him so I could get away."

Driscoll Presided Over Relief Meet

H. E. Driscoll, county administrator, presided over the recent mid-west administrative conference held at Stephenville. Representatives from 22 counties were shown by registration of 128 in attendance. Seventeen from Eastland county attended the meeting. Hunter George, case supervisor; E. R. Trimble, assistant administrator; E. Myer, certifying officer; and Flyde Gilbert, payroll auditor were among those present from the county. H. L. Davis, field supervisor; J. C. Bissett, engineer examiner; J. C. Harper, representative of state auditing department and David Orand, veteran's replacement representative, all working out of Austin, were present at the meet. The next meeting of the body will be held at Lampasas in the next 60 days.

ABILENE EAGLES SWAMP THE EASTLAND MAVERICKS 20-0 ON ABILENE'S FIELD FRIDAY

By J. L. COTTINGHAM Coach Petty's Mavericks went down under the determined onslaught of the Abilene Eagles, taking the short end of a 20 to 0 score. There is no apparent alibi for the fiasco. The Mavericks were not the team that defeated Cisco and Olney. There was something lacking and no possible way to say what the something was. John Garrison made most of the running gains around the ends and did almost all of the passing. Tully was only sparingly used, mainly for punting. Garrison completed 13 out of 23 passes attempted and the Mavericks took 10 first downs against the Eagles' 15. King, Abilene's substitute quarterback, was by far the outstanding star for the Eagles with Howell and Holliday next. Garrison for Eastland made most of the decisive gains and Schoopman deserves mention for defensive work. The play-by-play report: Abilene won the kick and Howell, Eagle captain, did the booting. The ball took a deceptive bounce and Garrison recovered but was downed on the 11-yard line by Jones. Garrison through center failed to gain. Tully punted to Gathright, who was downed by Brainerd and Hart on the Eastland 40-yard line. Shyles plunged center for no gain. Walters went off left tackle for eight yards. Walters tried to kick and was thrown for a one yard loss. Walters punted over the goal line but both teams were offside and the play was called. Shyles went off left

Plans Nonstop Pacific Hop

A nonstop flight from Los Angeles to Tokio, 6400 miles across the Pacific, is the aim of Monty Mason, above, transport flyer and navigator. Mason will fly a remodeled plane with a top speed of 225 miles an hour and hopes to take off about Dec. 1.

INSULL PLEA FOR MERCY IS REDICULED

By United Press CHICAGO, Nov. 24.—Plea for sympathy and understanding for Samuel Insull drew a flood of scornful oratory from federal prosecutors today as they cleared the way in final arguments for trial of the 75-year-old financier and associates to go to the jury.

Jabbing an accusing finger almost into Insull's face, Special Prosecutor Leslie Salter concluded four hours of arguments with a mimicked repetition of the plea yesterday of Floyd Thompson, former state supreme court justice and counsel for the chief defendant, to "send this old man back to his home and send his son back to a motherless boy."

STEEERS PLAY

F. D. Crosland, coach of the Junior High Steers, has announced that team and Cisco Grammar play on Welch field at 4 p. m. Monday.

THREE SISTERS ARE MURDERED; BODIES FOUND

By United Press HARRISBURG, Pa., Nov. 24.—The bodies of three golden-haired sisters, ranging in age from 5 to 14 years, were found today beside a mountain road near Pine Grove Furnace. The bodies were covered with a large, red blanket which attracted the attention of a caretaker on the nearby estate and his helper. The scene was two miles north of Pine Grove Furnace, which is in Cumberland county, about 15 miles from Harrisburg. Witnesses said it appeared that the little girls had been dead several days, but that their bodies had been placed at the roadside no earlier than yesterday.

Street Cars Run In Spite of Strike

By United Press LOS ANGELES, Calif., Nov. 24. Despite a strike voted by some 1,800 employees of the Los Angeles Railway company, the organization's street cars moved regularly over its rails during early traffic today. Union officials had claimed the walkout called shortly before dawn, would paralyze the public transportation system of Los Angeles. The railway company said it had no difficulty in manning its cars with experienced operators on 11 lines.

Eastland Will Entertain Delegates

Preparations by the Eastland Chamber of Commerce for entertainment of Texas Piggy Wiggly operators on Dec. 3 are in progress. H. C. Davis, secretary, announces. A near 100 is expected at the meet. Secretary Davis Saturday stated that courtesy cars will greet incoming delegates to the convention. Tours through the oil fields and points of interest around Eastland will be extended the delegates, Davis said.

Between 40 and 50 In Motorcade to Abilene

Between 40 and 50 Eastland cars were in the motorcade to Abilene Friday, a member of the Lion club reports. The motorcade was one of the series sponsored by that club to out-of-town conference game. Transportation arrangements for the Eastland band and pep squad to the games had been arranged by the same club. Motorcycle Patrolmen Myers and Daniels led the group to Eagle headquarters.

Fort Worth Pastor, Rev. Hogan, to Fill Presbyterian Pulpit

Presbyterian church members of Eastland will find their pulpit filled this morning by Rev. L. R. Hogan of Fort Worth. Services begin at 11 a. m. Rev. Hogan notified friends the latter part of last week of his trip to Eastland.

Judge Says Courts Inspire Patriotism

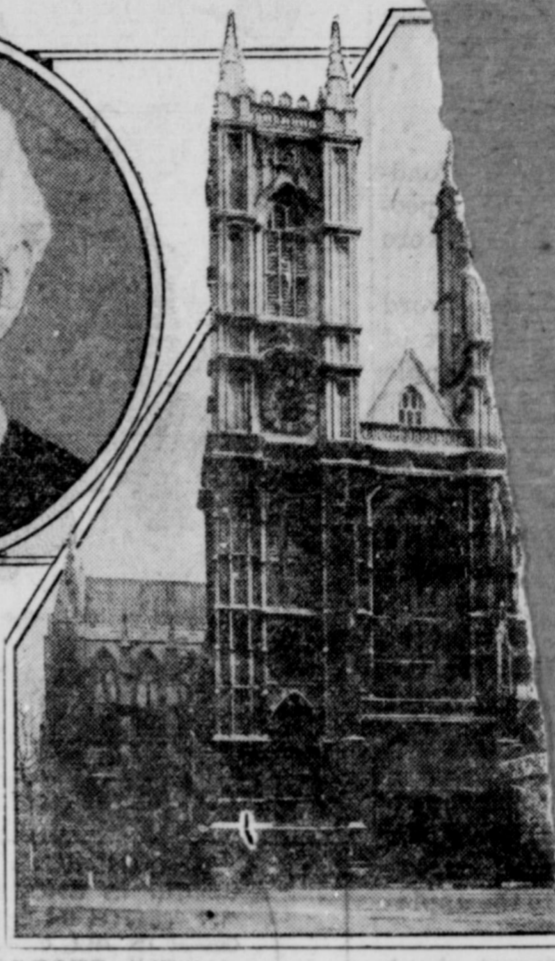

Invitation to attend court to see how differences of people are settled, was extended spectators in 88th district court last week by Judge B. W. Patterson. The public is always welcome the judge stated. The courts, said Judge Patterson were one of the most impressive manner in which patriotism is inspired for the country.

TO AUSTIN Deputies I. J. Killough and Omar Burkett will attend a hearing at Texas Railroad Commission headquarters in Austin Monday.

Preparing for Princess Marina's

The elaborate state wedding ceremony that will unite Princess Marina of Greece and England's Duke of Kent will be celebrated in famous old Westminster Abbey (right), scene of so many of England's most momentous events. Above is the Archbishop of Canterbury, who will read the marriage vows of the Church of England. The ceremony will be celebrated Nov. 29.

German Rearmament Adds to Seriousness of War Situation

(Copyright 1934 by United Press) LONDON, Nov. 24.—Germany's rapid rearmament in deliberate violation of the treaty of Versailles and the danger of it forcing a regrouping of continental powers or the eventuality of the next major war, were drawn sharply to the forefront of Europe's fears today. In fact negotiations for an eastern European treaty of security which would include Poland—France's ally and a buffer between Russia and Germany—are still proceeding. Conversations have been proceeding between France and Russia regarding the situation created by Germany's rearmament and it is well within the bounds of possibility that there eventually will be an entente.

If and when it occurs it will be among the most important diplomatic developments since the World War because it will constitute a reversion to the pre-war balance of power system with Europe grouped into hostile armed camps. It will also mean the virtual end of the phase of attempts by collective security treaties to prevent war. It will also be a shattering blow at the League of Nations' methods. ROME, Nov. 24.—Italy came to Hungary's defense today and backed a demand for immediate discussion of Jugo-Slavia charges that Hungary sheltered terrorists of the gang which killed King Jugo-Slavia. League of Nations asked that the League consider the charges. An official today said that responsible quarters acknowledge the situation delicate but believe it is such a to immediate more serious complications. ROME, Nov. 24.—A decree forbidding disclosure of information regarding land or air defense and design make Italy spy-proof, was public today.

Insull Acquitted By Federal Jury

By United Press CHICAGO, Nov. 24.—Samuel Insull, former multimillionaire utility magnate, who has been on trial on a charge of complicity in a gigantic scheme to use the mails to defraud, was today found not guilty in Judge Wilkerson's court. The jury deliberated the case but two hours before bringing in its verdict. Acquitted with Insull were his son, Samuel Insull, Jr., and 15 other defendants.

Students at Junior High 100 Per Cent For the Red Cross

Students at Junior high school are 100 per cent for the Red Cross, contributions from all students to the cause disclose. The students by way of their contributions, which amounted to \$11.12, made it possible for the institution to gain the honor of donating more than any other school in Eastland. It was stated that the 7A class gave \$4.89, the largest contribution of any class in the school. Thirty-two students are in that class.

AUTO ACCIDENTS FATAL TO 249

By United Press SALEM, Ore.—A total of 249 persons were killed in motor vehicle accidents in Oregon during the first ten months of 1934, official records disclosed today. This is an increase of 26 per cent over 1933.

BULLDOGS BLANK BROWNWOOD TO KEEP THE LIONS' SCORELESS RECORD FOR SEASON INTACT

Brownwood's hapless, luckless, and scoreless Lions went back home Friday night with an undisputed Oil Belt record to their credit, though it was not a record about which they can do much boasting. They carried back with them the record of going through an entire season without a score of any kind, though they made one big bid in the early moments of the game. The final score was 44 to 0 in favor of the Ranger Bulldogs. The game, despite its one-sided score, had several moments that stood out as exceptional, two turned in by the Lions. In the early moments of the game the Bulldogs advanced to the Brownwood six yard line, where Anderson hit the line and fumbled. Baker, fleetest man on the Brownwood club, caught the fumble in the air on his own goal line, hesitated a moment, then skirted around his right end and raced to the Ranger five yard line, where he was brought down by Walsh, who outran him in the 95-yard dash. Beautiful interference quickly formed for Baker in his dash for fame and he appeared completely blanketed by the Lions interference. As he raced down the field it seemed that only a miracle could keep him from scoring and the Ranger stands cheered him on with a mighty roar. But Walsh outran the interference, skirted it and closed in on Baker at the five-yard line, where he was brought down from behind within a few

paces of Brownwood's only score of the season. Immediately thereafter Anderson, standing five yards behind his own goal line, got off one of the prettiest punts ever seen on Lillard field. The ball soared high above the head of the safety, who had backed up to near the 50-yard line, and landed squarely on the intersection of the Brownwood 25-yard line and the sideline, bounding out of bounds. The actual distance of the punt was 80 yards in the air, as there was no roll to the kick. Other highlights in the game were Payton's circus catch of a pass from Anderson, Payton making the catch with his back to the field after a high jump, crossing the goal line untouched with no man within 15 yards of him; two 65-yard runs, one by Britt and one by Anderson through broken fields to score, and John Thomason's recovery of a fumble and kick that looked impossible. The punt came when Brownwood had the ball on her own 37-yard line in the second quarter. Thomason got back in deep punt formation to kick, but the pass-back was low and he missed it. He raced back five yards, recovered the ball, made a complete spin and got off a punt surrounded by Bulldogs. The kick traveled 33-yards from the line of scrimmage, which was on a par with the average of

RELIEF COSTS REDUCED BY STATE HEADS

AUSTIN, Nov. 24.—Texas relief officials, ears ringing with public protests against alleged waste in overhead cost of doling out dollars, today had pressed relief administrative costs down to 11 per cent. That meant 55 cents out of every \$5 distributed for relief for October went for the cost of administration. It meant, also that within a month the Texas relief commission chipped 3.5 cents off the cost of administering \$5 in relief. September administrative costs had amounted to 11.7 per cent. Federal relief Administrator Harry Hopkins has promised Texas as he "would not fuss" if administrative cost were kept under 14 per cent.

"OUT OUR WAY" By Williams

and Soul are one, and this one never included in a limited bind or a limited body. Spirit is eternal, divine... Only by losing the false sense of Soul can we gain the eternal unfolding of Life as immortality brought to light (page 335).

Hog Processors to Make Returns and Pay Taxes Thereon

According to information furnished by County Agent J. C. Patterson, through the Internal Revenue Service of Dallas, every processor of hogs is required to make monthly returns and pay the tax thereon.

Patterson's information: Under the Agricultural Adjustment Act every processor of hogs is required to make monthly returns and pay the tax due thereon to the Collector of Internal Revenue (Second District, Dallas, Texas). Such forms are required to be filed and tax due paid before the last day of the month following the month within which the processing took place.

Previous to November 1, 1934 a processor of hogs was defined as any person slaughtering hogs for market. Effective November 1, 1934 by Regulations of the Secretary of Agriculture, in addition to the above definition of a processor of hogs such definition was amended so as to include any person, market, restaurant, hotel, club or hospital or similar establishment purchasing hog carcasses or edible hog products from producers or feeders of hogs for resale, rehandling or further preparation for market, who is required by law to make monthly returns to the collector of Internal Revenue and pay the processing tax upon the live weight of all hog products purchased from farmers and feeders at the rate of \$2.25 per hundred pounds live weight.

From the foregoing, effective November 1, 1934, it will be noted that a person, market, restaurant, hotel, club, hospital or similar establishment can no longer purchase carcasses of hogs or portions from farmers or feeders without incurring legal liability for the payment of the tax on the live weight of such carcass or hog products where purchased for resale, rehandling or further preparation for market.

A producer or feeder of hogs is not defined as a processor where he slaughters hogs and sells carcasses or portions thereof to any person or concern for resale or further preparation for market. However the producer or feeder of hogs, who slaughters hogs and sells the carcasses or portion thereof direct to the consumer (not for resale), such feeder or producer in a case is the processor and is required by law to make returns and pay such tax as may be shown to be due on account of such processing.

The producer (not including a feeder) of hogs is privileged to slaughter and sell not more than 300 pounds of pork products during any marketing year direct to

FRECKLES and HIS FRIENDS—By Blosser

consumer, tax exempt. The 300 pound exemption referred to means that not more than 300 pounds of hog products can be sold tax free by any one producer to the consumer during the marketing year. The marketing year is from November 5th of one year to November 5th of the following year. The producer who sells more than 300 pounds under the above exemption provision of pork products during the marketing year incurs legal liability for payment of the processing tax on the full amount sold in excess of 300 pounds.

W. A. Thomas, Collector Internal Revenue Service Dallas, Texas.

RELIGION GOT THIEF

DANVILLE, Va.—Isaac Beaman received a money order for \$5 in payment for a sweater stolen from his store several years ago. The remitter said he had "got religion" and was trying to make the crooked paths straight.

BEHIND THE SCENES IN WASHINGTON WITH RODNEY DUTCHER

Cutting coincided with reports that Cutting was having a tough fight. And of course the administration's original blessing on Sinclair in California has cooled off at almost breakneck speed.

THERE'S a band down at Williamsburg, Va., where Roosevelt spoke recently, which doesn't know that "Hail to the Chief!" is supposed to be played only once at a time. Or maybe it gets the point now.

The president was about to enter his automobile when the band struck it up. He doffed his hat, held it across his breast and stood. Back went the hat as the piece was finished—and back went the proud band to "Hail to the Chief!"

Again Roosevelt stood hatless, though obviously a bit peeved. When the band started a third rendition, he passed into the car and gave orders to press on.

Deal is full of contradictions and one of them seems to be Mr. Forney Johnston, a public utilities lawyer and politician of Birmingham, Ala.

Forney Johnston is local agency counsel for the RFC down there and makes a nice little thing of it, drawing thousands of dollars from the government.

Forney Johnston is also the fellow who is bringing suit against the constitutionality of the Tennessee Valley Authority program, on behalf of half a dozen coal or power companies.

Christian Science Services

"Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 25.

The Golden Text is: "The word of God is quick, and powerful, and sharper than any two-edged

sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart." (Hebrews 4:12).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "God is a

Spirit: and they that worship Him must worship Him in spirit and in truth." (John 4:24).

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Soul and Spirit being one, God

CREAM OF THE CROP

Here are just six of the ladies of the ensemble from LeRoy Prinz's chorus of more than a hundred in Paramount's College Rhythm," coming Wednesday to the Lyric theatre. Since, as Prinz says, Hollywood has the most beautiful showgirls in the world and he selects only the most beautiful of those for his film chorus, "College Rhythm's" chorus girls really do represent the cream of the crop. Norman Taurog directed the film which features Joe Penner, Lanny Ross, Jack Oakie, Helen Mack and Mary Brian.

Texas Crime Probers Pay Visit to Houston

Senator Wilbourne C. Collie breaks into Houston with three colleagues on the newly appointed committee to recodify criminal laws of Texas and incidentally takes time out to go out and bag a deer. The proof of the goodness of the "pudding" is in the facts. Here they are clipped from the issue of the Houston Press of Friday, Nov. 23:

The Scotland Yard of the Texas legislature, grim, mysterious and s.e.c.t.i.v.e, swooped down on Houston Thursday for a protracted investigation of crime here.

Three members of the senate crime investigation committee settled down in quarters at the Rice Hotel and planned to take the South Texas underworld apart and see what makes it click.

Committee Members They are: Wilbourne Collie of Eastland, the man who, it is reported, has been selected by Governor-elect Alfred to recodify criminal laws of Texas, J.W.E.H. Beck of DeKalb, who was head of the fee investigation committee which revolutionized the fee system and saved the state millions, and Bob Poage of Waco.

Two other crime investigators, Frank Rawlings of Fort Worth, and Will Martin of Hillsboro, may be here later.

Crime Inquiry The purpose of the committee is to find out all about crime in Texas and to tell the next legislature about it.

Crime is going to be one of the most important problems of the next legislature and the work of the crime investigation committee is going to make a lot of headlines later.

At this time the committee is as mum as an oyster. It has set a record as being the tightest-lipped committee ever appointed by the legislature. Its members even refuse to admit they are on the committee.

Back From Deer Hunt Senators Poage and Collie have just returned from a deer hunt in West Texas.

"Collie hit one running at 400 yards and Poage hit his over the head with an ironing board at three paces," said Senator John Redditt of Lufkin, who was visiting with the investigators.

Poage suggested the committee might investigate the "crime" of hotels charging a dime for a cup of coffee.

"We're going to do something about that at the next session of the legislature," said Redditt. "When somebody says let's go down to the coffee shon, we're going to say, no, they are unfair to the members of the legislature."

Officer Stands Guard When the crime investigation committee meets it does so with the utmost secrecy, posting a grim officer of the law without the door.

Emerging members even refuse to admit they had a meeting. "Word about our fee investigations got out and two men committed suicide after reading it," Senator Beck explained.

Thursday the committee was to hear "a big bunch" of witnesses from Buffalo and other East Texas cities.

The senators plan to spend considerable time in Houston.

Houston and Galveston are favored in the legislature as being the "inside open" towns of Texas where a man can bet all he wants on a roll of the little red dice, or buy all the liquor he wants across the counter of a cafe or drug store.

Will Look Into It The crime investigators will look into that.

Horse racing today is on trial in Texas. The crime investigation committee is the jury in the case. There will be a very strong movement to repeal the law allowing pari-mutuel wagers. If the crime investigators bring in a verdict against horse racing, it is almost certain that the legislature will outlaw race track gambling.

The committee to a large extent sits as a jury on liquor. If it condemns conditions relating to liquor sales, it is going to be almost impossible to get the legislature to call an election on repeal of the state dry laws.

A great many liberties of the

On Crime Probe

W. B. Collie of Eastland, who visited Houston on a crime investigation committee.

people and many sins of the underworld hang in the balance as three earnest members of the legislature meet in a locked room of a Houston hotel.

FARM NEWS

Williamson county farmers have turned to terracing with a will this fall, cooperating with the CCC soil erosion camps. They are putting in a daily average of 91 tractor-grader hours of work in 24 hours of the clock. To keep ahead of the camp engineers with crews of CCC boys are busy surveying terrace lines from sun-up to sun-down.

A fall garden is now offering 11 fresh vegetables to the family table of Mrs. Burt Dudley, member of the Elwood home demonstration club in Fannin county, in spite of the drought.

There will be more pea-vine hay harvested in Comal county as a result of the experience of Gus Krause, Sr., who planted 100 pounds of Brahm peas as a soil building crop and when the feed shortage developed cut 250 bales of hay from it. Mr. Krause expects his stock to eat this hay with good appetite.

P. C. Colgin, farm demonstrator of Baylor county, has worked with one leather demonstrator who has tanned 127 hides since the short course in 1933. Of these, 95 were cow hides, 16 were sheep pelts, 10 were wolf and coyote skins, two were horse hides, and four were bob cat skins.

Ginger Rogers in "The Gay Divorcee"

In a role that gives scope for her versatility, winsome Ginger Rogers laughs and sings and dances her tempestuous way through "The Gay Divorcee," RKO-Radio Picture, in which she is co-starred with Fred Astaire.

Bottom Hole Tests In East Texas to Be Made Public

By United Press KILGORE, Texas—Results of bottom hole pressure tests begun in the East Texas field last week will be announced soon.

The tests were made by the engineering department of the East Texas division of the railroad commission. It was not known whether the tests will show an increase or decrease.

At the last reading on Oct. 10, the bottom hole pressure stood at 1,225 pounds per square inch which represented an increase from September and a steady increase from the all-time low recorded in June.

24-Year-Old Steer May Be Exhibited

By United Press KERRVILLE, O.—"Old Paint," a 24-year-old almost toothless bull in a herd of Texas Longhorns, called the last surviving herd and belonging to L. A. Schreiner, Kerrville banker, may be on exhibition at the Texas Centennial.

The Kerrville man, who has a private game park at his suburban home, has written to a centennial official at Dallas, offering to let the herd of Longhorns be exhibited, "Old Paint" was sent to Chicago last year on exhibition at the Century of Progress.

SUPER-GOVERNMENT ONLY FOE OF WAR

By United Press PAINESVILLE, O.—"War will never be stopped by forming peace societies or by discussing the futility of war with peace-minded people," Dr. William F. Pierce, president of Kenyon college, told Lake Erie college students here. He recommended "a super-government—a world court with teeth in it—and a military organization."

ST. FRANCIS XAVIER CHURCH Mass on Sunday will be at 10 a. m. by Rev. Joseph Fernandez. Sunday will be the Twenty-Seventh and last Sunday after Pentecost. The Epistle read is taken from St. Paul's Epistle to the Colossians 1-9-14; the Gospel is from St. Matthew XIV, 15-33. This gospel deals with the end of the world and also suggests thoughts of death and judgment. All men must die and are judged according to their works. Now is the time to prepare for death and judgment.

Treasury Department OFFICE OF COMPTROLLER OF THE CURRENCY

Washington, D. C., Nov. 3, 1934. Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that Eastland National Bank, in the City of Eastland, in the County of Eastland and State of Texas, has complied with all the provisions of the statutes of the United States, required to be complied with before an association shall be authorized to commence the business of banking;

Now therefore I, J. F. T. O'Connor, Comptroller of the Currency, do hereby certify that Eastland National Bank, in the County of Eastland and State of Texas is authorized to commence the business of banking as provided in Section 5169 of the Revised Statutes of the United States.

In testimony whereof witness my hand and seal of office this 3rd day of November, 1934.

(seal) J. F. T. O'CONNOR, Comptroller of the Currency.

"What Every Woman Knows" ACTING, ABLE DIRECTION

"What Every Woman Knows," Helen Hayes' latest starring picture which opens Sunday at the Lyric theatre, is a triumphal return for the star after a year's absence from the screen. After one of the most successful seasons in the history of the New York stage in "Mary of Scotland," Miss Hayes came back to Hollywood for the immortal role of Maggie in Sir James Barrie's famous romance, and has reached new emotional heights. Maggie's efforts to win a husband, although often declared to be a "woman with no charm," provide a strong theme for the plot. After she wins a man through a marriage contract, her life is devoted to building his success and guarding the happiness she has won through much difficulty. Brian Aherne heads the supporting cast in the leading male role of John Shandi and brings the character out with living reality. Made Evans has a distinctly new portrayal as Lady Sibyl, designing young siren, in contrast to the unsophisticated and sweet roles she has done recently. A newcomer to the screen is Lucille Watson, New York stage heart-breaker of a decade ago, who recently scored

South Ward School P. T. A. Program

The Parent Teacher Association of South Ward school will hold their once-a-month program, that of November, on this coming Tuesday, at 3:15 p. m., in cafeteria of the school.

Thursday Afternoon Club Thanksgiving Luncheon

One of the most brilliant affairs in hospitality that the Thursday Afternoon club has staged for its membership, in many seasons, was that of recent occurrence in the Community clubhouse assembly-room, lavishly and artistically decorated in glowing autumn leaves, and charming bouquets of yellow cosmos and small chrysanthemums.

The long room was centered with the "President's Table," the keynote of the decoration, a song of praise in Thanksgiving for the bounties of nature suggested by the gorgeous fruit of every color as the central motif for the small tables encircling, each table centered in yellow cosmos, with guest place marked by a wee chopping block, on top of which the name of the club member was lettered in red; each block held a sunken axe, a suggested idea of the colonial era, and the daily use of the chopping block for many household purposes.

Autumn leaves under the block and edging the linen covered tables repeated the Thanksgiving theme and harvest thought.

Guests were informally received at the door by the club president, Mrs. F. M. Kenny, and the hostesses for the club, Mrs. Ray Lerner; Mrs. Clyde L. Garrett and Mrs. Julius B. Krause, whose hostess talent was greatly complimented.

After the first course of tomato

cocktail, all stood and sang, "America the Beautiful." Mrs. Lerner, the toastmistress, presented Mrs. Clyde L. Garrett, who gave the invocation.

The recent State Federation Convention in Austin was then given in group fashion, Mrs. James Horton, secretary sixth district, president by Mrs. Garrett, picturing the formal convention program; Mrs. Art H. Johnson, another glowing word picture of the social program.

At close of the luncheon Mrs. Perkins, president sixth district T. F. W. C. sketched the business program of the convention and the high lights of the social happenings. Mrs. Lerner then presented Mrs. Kenny, club president, who in an informal, delightful manner, touched on the traits of each member.

The resignation of Mrs. Grady Owen was regretfully accepted during a brief business moment, and the names of Mmes. F. V. Williams and Carl Hill were unanimously elected to membership.

The delicious turkey luncheon included dressing with nuts, creamed cauliflower, pineapple fritters, lettuce, hot rolls, coffee, pumpkin pie and salted nuts in pretty cups.

The program was closed by Mrs. Hazel Carter Ammerman, guest reader, in a group of wonderful readings of a Thanksgiving nature.

Present: Mmes. B. M. Collier, T. M. Collier, Dan Childress, H. M. Conley, Clyde L. Garrett, Leslie Gray, Ben Hamner, Ira L. Hanna, J. E. Hickman, James Horton, A. H. Johnson, Hubert Jones, Wayne Jones, F. M. Kenny, J. B. Krause, Ray Lerner, W. P. Leslie, W. A. Martin, W. H. Mullings, J. M. Perkins, W. B. Pickens, Grady Pinkin, H. O. Satterwhite, R. S. Sikes, Carl Springer, E. R. Stanford, W. A. Whitely, E. Roy Townsend, Otho Barton, W. B. Collier, and W. S. Poe.

Mrs. J. C. Creamer Hostess

The Busy Bee Sewing club spent a very delightful afternoon Friday with Mrs. J. C. Creamer at her home in the Lovett Apartments.

The knitting race was in evidence as it is invariably at all these informal gatherings, and proved as

usual a stimulus to pleasant visiting. The club drew names for exchange of Christmas gifts at their Christmas party on December 14, at the home of Mrs. Earnest Daniels.

At the tea hour the hostess served an attractive refreshment plate of pimento cheese sandwiches, potato flakes, olives, delicious chocolate cake and coffee, to Mmes. Ira L. Hanna, Dee High, Merl Griffin, Earnest Daniels, R. L. Ferguson, Joe Kraemer Jr., and the guest of the afternoon, Mrs. Wayne Caton.

Susan Steele Class Entertained

Mrs. Anna E. Day entertained the Susan Steele class at her home Thursday in a pleasant all day association, with a bounteous covered dish luncheon at noon.

The forenoon was spent in covering a quilt cover. After luncheon a devotional was led by Mrs. Gatliff, followed with a hymn, ensemble, and prayer offered by Mrs. Iola Mitchell.

A short business session was conducted by their president, Mrs. Sally Hill, and plans were made for the holding of a bazaar, about the 15th of December, some place on the square, with Mrs. Hill as general chairman.

At four o'clock, the hostess served a refreshing cup of hot chocolate with fruit cake to Mmes. J. J. Mickle, Sr., M. Westbrook, May Harrison, L. C. Roach, Gatliff, T. M. Johnson, Jonathan Jones, Margie Dulin, Iola Mitchell, Sally Hill, Ed Townsend, R. B. Braly, and the small guest, Ruth Kinard.

Announce Thanksgiving Dinner

The Ladies Auxiliary of the Fireman's Association will entertain with a Thanksgiving dinner at 7:00 o'clock this coming Tuesday evening in the City Hall. The invitations are limited to the firemen and their wives, and the Ladies Auxiliary.

Mrs. Ed Bill's will be the hostess mother of the dinner, which will be a covered dish affair.

Beautiful Thanksgiving Program Announced

The West Ward school announces a double Thanksgiving program for Wednesday of this

week, the first opening at 9:00 a. m., under direction of Miss Marjorie Spencer, whose class will take part in the song, "Little Indians," a reading will be given by Harold Gene Harkrider.

Dance of Little Indians, by boys. The above will be the preface to a playlet, "The Wise Turkey."

The Pilgrim Girl, Betty Jo Mitchell; The Pilgrim Boy, Foy Towers. Minor characters will be taken by the entire group, many representing barnyard fowls. Program concluding with Thanksgiving song by assembly.

The afternoon program, presented by Miss Maxwell's room, opens at 1:00 p. m., and is a Play-ment Colony.

This closes with a reading, "Thanks Giving," and with an assembly "Thanksgiving" song.

The public is cordially invited to these programs, it was announced.

Mrs. Raymond Webb Hostess

Mrs. Raymond Webb entertained the Sew Sew Sewing club most hospitably at her home, 415 East Sadosa street, Thursday afternoon. Needlework and knitting occupied the members, who enjoyed these friendly hours.

At the tea hour the hostess served hot chocolate with marshmallow topping, nut chocolate cake

and peans. Plate favors were candy turkeys. Those present: Mmes. L. M. Cawley, G. B. Lanier, O. M. Hunt, M. P. Griffin, Claud Crossley, R. S. Harris Jr., Leslie Spaulding, Lee Horn, and hostess, Mrs. Raymond Webb.

Will Entertain Civic Club

The Daughters of the American Revolution, of Cisco, will be guests of a 1:00 o'clock luncheon in their honor Monday at the residence of their hostess, Mrs. Joseph M. Perkins who has her membership in this organization.

Mrs. Philip Pettit of Cisco is the recent of that organization, which has been in effect several years.
