Such men as Mr. McCarty are a valuable asset to any community. He will no doubt have a most prominent part in any festivities that may be in the offing for the celebration of the event. Temporary meetings for plans for the events we understand will be held in Eastland. The location for the celebration has not definitely been decided, but to Thurber should go the honor if reports heard from all sides have the earmarks of truth. The citizens of Thurber never let up, both by personal service and by putting in their money. There should be no discussion of the matter and the selection of Thurber should be unanimous. Of course, wherever it will be located will be left entirely to the committee and whichever place is selected everybody should get in and do all they can to make it the complete success that it deserves.

Tornado Does Property Damage in Del Rio

DAMAGE RUNS NEAR MILLION IN TEXAS TOWN

Del Rio, Texas, March 22.—Del Rio business men today surveyed the wreckage caused by a tornado and torrential rain which struck here last night and estimated the damage would amount to upward of \$800,000.

The Illinois Pipe Line company reported 21 of the 25 tanks on its tank farm near Del Rio collapsed during the blow when the wind reached a velocity of 56 miles an hour.

The tanks had a capacity of 80,000 barrels each of oil.

Stocks in stores here were damaged by wind and water and several hundred sheep in a pasture near town were drowned. Hundreds of porches and roofs of houses were damaged.

TWO QUEENS UNDER DOCTORS' CARE

Dowager Queen Elizabeth

GERMANY IS CONFIDENT ON HER POSITION

Berlin, March 22.—Germany, confident its position is diplomatically dominant, will demand a bigger navy as well as a big army and air force, it was said on reliable authority today.

The demand, it was said, will be made by Hitler in negotiations with Sir John Simon Monday and Tuesday.

It was believed Hitler was little disposed to make political concessions, such as acceptance of an Eastern European treaty, a pact of Danubian nations or a speedy return to the League of Nations.

It was not expected Simon would make, at first, a concrete offer for recognition or rearmament as legal because of the law for compulsory army service and militarization of the air force which precipitated the crisis.

The colonial concessions were mentioned but will not figure prominently.

As regards the navy it was said Hitler would demand one one-third as large as Britain. This would give Germany 387,000 tons as against her present 150,000 and France's 555,000.

He was expected to make it clear that Germany did not intend to build up to the demanded strength now. His argument was expected to be that Germany needed the ships for coast defense and they would be no menace. Germany was expected to seek small ships including 10,000-ton "pocket battleships" and submarines.

COUPLE BELIEVED LOST IN JUNGLE

Planes zoomed over the African jungle in a desperate search for Mme. Edouard Renard, right, wealthy widow of the late American manufacturer, Michael Winburn, now wife of the governor general of French Equatorial Africa, who, with her husband (at left), and five companions, was believed to have crashed while on an aerial inspection tour of the Congo.

What minds me...

And pleasant reactions were noted after the first day of the annual arrangement of the Happy Kitchen Cooking School on the roof of the Connelley hotel, sponsored by the Eastland Telegram and the merchants of Eastland. Commendable comments were heard from all sides on the arrangement of the Happy Kitchen and the excellent display of those participating. The Happy Kitchen will be continued today and through Saturday. Mrs. Howard made many admirers for her work on the first day and will no doubt receive the applause of the women of this community in the finale. The Telegram is deeply appreciative of the wonderful cooperation of everybody and trusts that this first school will develop into a regular annual affair.

JURY DISAGREE IN LOWE CASE, REPORT ONCE

The 12 men were given the case of Jep Lowe, charged with murder in connection with the fatal shooting of Seaman Garrison, reported today at noon in 91st district court, stating they had voted 8 to 4.

Whether for conviction of acquittal was not indicated.

The 12 men were given the case at 5 o'clock Thursday afternoon.

Officers Seeking A Gypsy Slayer

Dallas, March 22.—North Texas officers were engaged today in a grim game of hide-and-seek with a band of gypsies, sought for questioning in the fatal slaying of B. D. Wood, 27, near Bennington, Okla.

One group of eight were questioned all night at Denton and were released today as officers surrounded another group at McKinney, where 15 or 20 women and children were encamped with their expensive automobiles. Several men with the group at McKinney last night had disappeared today. The women said the men had gone to look for work.

Former Belle Now Lives In a Hut

Amarillo, Texas.—A mean adobe hut today houses the "Belle of Wild Tascosa," once called the most beautiful girl in West Texas. Now 90, her face is marked deeply with wrinkles.

She is Mrs. Mickey McCormick whose husband lies in a grave in notorious "Boot Hill" cemetery, last resting place of raucous cowboys and ruthless killers, victim of six-shooters in the wild days of West Texas.

Tascosa, once the rendezvous of riders of the old Chisholm Trail, lies molding in the dust of the plains country, its former glory only a memory.

The gaudy little town had 21 saloons, numerous gambling houses and other places frequented by cowmen on their drives from Texas to Kansas.

All that remain are stories of Billy the Kid, the Catfish Kid and other outlaws, the old Tascosa courthouse which now is the headquarters of the Julian Bivins ranch, Boot Hill cemetery—and Mrs. McCormick's adobe hut.

Mrs. McCormick has lived in Tascosa since Mickey fell mortally wounded by a killer's bullets. All efforts to persuade her to go to a home for the aged have failed.

She vows she will be the last of the Tascosans. And her last wish is to be buried with her vivid memories of the wild west alongside Mickey in Boot Hill cemetery.

Cotton Futures Up In Brisk Trading

New York, March 22.—Cotton futures ran up more than a dollar a day today after passage of the Patman bonus bill. Trading was active with outside buying noted.

July rose to within striking distance of the 11-cent level.

HOUSE PASSES PATMAN BILL TO PAY BONUS

Washington, March 22.—The house passed today the \$2,000,000,000 Patman inflation bonus bill.

Passage came as a climax to a desperate last minute drive of anti-inflation bonus blocs to shelve the controversial measure and pass the Vinson bill. The inflation proposal won by only three votes 207 to 204.

A cheering house greeted passage of the Patman bill, which in two previous sessions had won approval only to be killed in the senate.

The bill provides for payment of the adjusted service certificates in "new money" and carries a provision designed to act as a brake on unbridled inflation. Veterans would receive the 1945 cash value of their certificates, minus loans they have been made.

The same bill in slightly different form passed the house in 1932 and 1934.

A commission of five legislators confer with a similar group from Oklahoma is proposed. The strip in dispute is about 500 feet wide at the west end, dwindling to nothing at the east end. It includes the city of Texhoma.

Persons residing in the strip do not know if they are citizens of Texas or Oklahoma and do not know to which state they should pay their taxes.

Thurber Highway Meet Postponed

Word was received from W. R. Ely of Abilene, member of the state highway commission, stating that the meeting called for this afternoon at Thurber had been postponed.

Judge Ely was not sure, as yet, whether he would be able to attend the overpass opening celebration at Weatherford tonight at 8 o'clock, but urged as many as possible from Cisco, Eastland and Ranger to attend.

As there have been heavy rains through the Brazos bottoms during the night, those going to Weatherford or Fort Worth have been advised to go over the old highway, as the new road is wet and slippery.

RANGERS' WAR ON GAMBLING TO CONTINUE

Austin, March 22.—The rangers' war on gambling houses and saloons will be continued "without quarter," Gov. James Allred said today.

He announced he will speak to the Texas citizens tonight from 8 to 8:30 p. m., over a southwest radio hookup on the campaign against law violation.

"I want the people of Texas to know the shameful conditions that have prevailed in communities where these raids have taken place," he said.

"This war is on between open saloons and gambling houses and the law. There will be no quarter as far as the governor is concerned or the adjutant general."

He said he will take his text from the senate crime committee report on investigations of law violations, particularly as the report applies to communities already raided by rangers and local officers.

Hopkins Warns Politicians Not To Meddle In PWA

Washington, Mar. 22.—Relief Administrator Harry Hopkins today gave notice to politicians to "keep your fingers out of our business" of feeding the nation's needy.

"We won't tolerate political meddling. Whenever the playing of politics gets into relief I mean to get rid of it—and damn fast, too," he said with characteristic bluntness.

He said his stand had been approved by the White House.

PWA investigators have been checking records for months to prevent graft on projects financed by federal money. Their reports resulted in indictment of seven in an alleged plot to defraud the government in a \$4,835,000 Texas irrigation project.

VOICE IS KEY TO CHARM
SAYS GRACE MOORE

"Voice is a highly important part of personality," declared Grace Moore, ravishing screen star, "and my advice to American girls, whether they aspire to careers as singers or actresses is seriously to cultivate their voices." Miss Moore is credited with Tullio Carminati, screen Romeo, in "One Night Love," operatic career picture coming to the Lyric theatre Monday.

To me Margaret Sullivan, an outstanding screen person largely because of the distinctive pleasing impression made by her voice. She has perfect diction, enunciation, and the most charming richness of voice of any actress. It is perfectly obvious when one sees and hears her pictures that she has devoted time and work to voice cultivation."

Miss Moore, a native of Jellison, Tenn., began her voice training church singing. Much credit for the thrilling quality of her lyric soprano is given to study and use of foreign languages. The richness of her voice fits delightfully into the foreign atmosphere of much of her picture, which has for its background beautiful villas, intriguing student homes, and the old world charm of Milan, Vienna, Naples, the Mediterranean, and New York.

The time has gone by when business men and property owners in any municipality are justified in taking the attitude of "letting George do it." If they don't wake up the politicians will be running their business for them.

There is no encouragement for a business man to keep his place of business nice and clean if the street in front of it is littered with wastepaper and dirt.

A lot of "Brain Trusters" are making many empty arguments on the air nowadays. Most of them are mere flights of fancy—not supported by facts.

The taxpayer who neglects his duty as a voter has no right to complain and should be ashamed to complain about the quality of government he gets.

Men of affairs in each community can do no greater service to the business interests of America than to fight against unfair interference with sound business practices.

Expect Many at Endeavor Meeting At Cisco Friday

CISCO, Texas, March 22.—With "My Church and Myself" for their theme, Christian Endeavorers of the mid-west district of the Texas Christian Endeavor Union will open a three-day convention in Cisco this evening, to last through Sunday.

Through addresses by leading pastors and laymen of this district and discussion by groups all centered upon the convention theme, scores of young people will seek a clearer conception of their relationship to their churches and practical ways in which they may serve them, it was announced.

The convention will be called to order this evening at 7:30 p. m. After the regular session this evening, a social hour has been planned, during which the Endeavorers from the entire district will get acquainted with one another. Each society represented will present a short skit and the most nearly unique skit will be awarded a prize.

Of special interest to Endeavorers of junior and intermediate age are the sessions on Saturday morning for each of those groups. The high light of the convention will be

the banquet Saturday evening at 6 o'clock.

Sunday morning the Endeavorers will be transported to Lake Cisco for a sunrise prayer service. During the regular hours for church, delegates are cordially invited to attend the church of their choice. Sunday afternoon at 2:15 the closing session will begin. At this session the officers of the Mid-West C. E. union will be installed, after they have been chosen by the convention on Saturday night.

The address for the afternoon will be on the theme of the convention, "My Church and Myself." The convention will close at 4:30

p. m., with a great Mizpah circle in which all delegates pledge themselves to follow Christ through Christian Endeavor.

Convention headquarters are at the First Christian church. Joe Bob Winston, chairman of registrations, reports that 140 delegates have already paid their registration fees. "It is hoped that this number is not half of the final total," he said. Registration fees are 10 cents for juniors including age 11; 25 cents for intermediates from 12 to 17 years, and 35 cents for all others, 18 and up.

All registered delegates will be entitled to lodging Friday and Sat-

urday nights, and breakfast Saturday and Sunday mornings, in a Cisco home.

The Cisco Christian Endeavor society is working hard to provide homes for all young people who desire to attend this convention of enthusiastic youth. A small sum will be charged for the banquet Saturday night.

Registrations have been received from Albany, Abilene, Sweetwater, Breckenridge, Woodson, and Cisco, San Angelo, Eastland, Ranger, Snyder, Haskell, Brady, Brownwood, Coleman, Ballinger, Baird, and Colorado.

Rising Star and Gorman Winners In Playground Ball

The junior ward school playground ball contests of the county interscholastic meet were held in Eastland Thursday afternoon with Gorman defeating Desdemona in a closely contested game for first place in the boys' division. The Rising Star girls team won first place in the girls' division.

Gorman and Desdemona went into the finals and the final game went into the ninth inning without a score being made. Desdemona scored in the first half of the ninth and Gorman came back in the last half of the inning, after two were out, to score two

runners and take the tournament honors.

Other winners were Desdemona second place for both boys and girls; Hodger Oak Park, Ranger third place for girls, and Eastland Junior High, third place for boys. Other entries in the contest were Cisco and Carbon.

UNIVERSAL SIMMER-SAVE BURNER

"IF YOUR VEGETABLES HAVE EVER BOILED DRY, BURNED OR BOILED OVER... THIS WILL INTEREST YOU"

Just Another Reason Why Nothing Else

Equals Gas for Cooking

With this new development in top-burner cooking there's no longer need for watching, for this burner makes possible a control boiling heat which does not rapidly boil out water and the moisture in foods. There is no danger of foods burning and scorching. No longer is it necessary to lift the lid to see if water has boiled away—nor do you have to worry about boil overs.

Because this burner uses gas it provides the most flexible and economical cooking heat known. It's only one of many new developments in the 1935 Gas Ranges. See them and learn more about advances which bring you greater leisure and better cooking. One is easy to own because of our easy monthly payment plan.

— so far as we know tobacco was first used about 400 years ago

— throughout the years what one thing has given so much pleasure..so much satisfaction

It was a matter of pride with a host in Colonial days that his guests should smoke tobacco grown on his own plantation.

Today the Governor of North Carolina says to the Governor of South Carolina—
"Have a cigarette"

TODAY people all over the world use tobacco in one form or another.

They chew it, they smoke it in pipes, they smoke cigars and cigarettes, and here is what an eminent physician said about cigarettes:

"I have been something of a student of cigarettes, and it is my belief that they offer the mildest and purest form in which tobacco is used."

Yes, nowadays the cigarette is the most popular form in which tobacco is used. A good cigarette certainly gives men and women a lot of pleasure.

Have a Chesterfield—
For one thing—they're milder.
For another thing—they taste better.

FLASH—Craft Resigns as President of Lovers Club!!! Vincent, craft newly selected president of the Lovers Association, resigned early in the week, because of complications that have arisen between him and his one and only heart beat, Maxine Coleman.

From somewhere out of the wilds comes the story of Dean Hare quitting a quilt. Tut! Tut! What's the younger generation coming to?

Can you imagine a girl hunting for Boyd Tanner. Jane was the other day and that means something to Boyd.

Boy, Oh Boy does this Cordell Upton use the language when a little thing goes wrong. I tell you that boy has a real vocabulary, but it wouldn't fit the occasion every time.

The — that did exist between Coleman and Kimble is now a —, in a big way. Pipkin seems to be the big ham that broke the last string.

Mary Lou Ripley wishes to announce that she is one girl that hates Raymond Hamilton, and not the Raymond Hamilton that gets

all the publicity in the newspapers. We wonder if Ralph Mahon got the wrong impression the other day when Harrison called his car his sweetheart. It seemed as if Mahon thought Harrison was referring to Frances.

Satterwhite finally worked up enough courage to ask Evelyn Colium to go for a little ride. That was a mighty lovely moon Monday night, Bill.

I see Leslie Cook chumped off to, and after he had such a good warning.

Could there be any chance he is a choice bit of gossip about "Shady" Lane and Marie Plummer. I tell you it sounded bad, "Shady."

The northwest corner is a bit weak out at the gym now, since a certain heavy weight fell there at a recent dance.

Why does Tommy Hammond always leave town when his Abilene girl comes to see him. Looks like mutiny.

One of these fair mornings Edmond Herring is going to wake up with a time bomb lighting off a couple tons of nitroglycerin, and when that stuff goes off it sure pops.

Since when did L. J. Lambert have to start holding Kathleen Cottingham's head when they were out riding.

It was either Ralph Mahon or Parker Brown, out with Evelyn

Collum Tuesday night. We wonder how that makes Bob feel. And then Kate said, "Johnny" yours still my football hero. And to think she admitted it right out in public.

We often wonder if H. A. McCannies ever gets anywhere at the rate he walks. I bet he has to start out for school every night at midnight in order to get there by 8:55 the next morning.

We are still looking for the time when we can find Bill Bagley agreeing with someone.

Terrill and Cheyney seemed to be enjoying the moonlight all by themselves Tuesday night.

We wonder if Ava Claire Ewing has ever found that brown eyed boy she was looking for. You should get "Butch" Brogdon's idea of it.

We wonder if Forrest Noble has any idea he could give Russia about the five-year plan.

Let us all pray that Edmond Hurley gets to the track meet this time with all his equipment. Last year he failed to have his track pants.

My! My! but Glenn Collum was mighty interested in Edith Rosenquest at the sophomore dance.

This "Pest" Lovett would horn in on Parker Brown's territory, when Brown couldn't do anything about it. Some people ought to be shot at sunrise twice a week with a 12-inch cannon.

We certainly would like to know just where Horton stands at the present.

Could it be possible that Benny Kate and Curtis are getting what you might call a pretty good case?

To be Hart has dropped the former flame, and whether you believe it or not he now has a knack for writing letters. Her address is Muriel Reley, Snoma, Texas. I'm sure To be wouldn't mind if any of you boys dropped her a line. It might be advisable to speak to To be first or be doggone sure you kept it a secret, cause something tells me that To be Hart could swing a wicked left if he had to.

So until we find a better dance team than Olivia White and "Country" Williams so long.

J. H. Ainsworth and son, Monroe, took supper Saturday night with his daughter, Mrs. Leroy Thomas.

D. H. Hale and Lavoice Hale were business visitors in the Howard community Monday.

Game Tourney Tonight
The Alpha Delphian chapter will entertain with a beautifully arranged game tourney in community clubhouse, for the benefit of the chapter expenses. The club is one of the four clubs that support the community clubhouse.

Ticket selling has been going nicely and several tables have been reserved for quartet parties. The price is very reasonable, only 25 cents, and includes everything. Several handsome prizes in each department of game, and delicious refreshments.

Games are auction, contract, "42" bridge, dominoes, and anagrams, and the patron may have his choice.
A cordial invitation is extended to the public to attend. Those who do not play any games will be afforded a delightful evening of visiting with friends.

Four P.-A. T.'s Will Aid In Interscholastic Meet
Saturday at the field and track meet, the four Parent-Teacher associations of the city have combined into a one-booth offering of hamburgers, sandwiches, cold drinks, ice cream, and what have you. The proceeds after expenses will be divided equally between the four associations.

High score favor in games went to Mrs. Roy L. Allen, and a guest, Mrs. R. W. Chalker, each receiving green suede bridge cases.

The cut-for-all, a talcum set, went to Mrs. E. R. O'Rourke.

Dainty refreshments were served of cheese sandwiches, pickles, coffee, and icebox cake topped with whipped cream.

Guests, Mmes. W. J. Peters, R. W. Chalker, and members, Mmes. J. V. Freeman, Faye Earnest, Roy L. Allen, Joe Kraemer Jr., R. L. Ferguson, James Harkrider, Veon Howard, James Watson, Guy Patterson, Jack O'Rourke, and hostess.

Mother-Teacher Club Entertains With Tea
Mrs. J. L. Cottingham was a pleasing house hostess to the members of the high school students, on the occasion of the seated tea of the Mother-Teacher club of Eastland high school. Guests called at 3:30 p. m., and were received by their president, Mrs. W. E. Coleman, and Mrs. J. LeRoy Arnold, the program chairman and co-hostess.

After guests arrived a brief business session was opened by

Mrs. Coleman, with minutes by the secretary, Mrs. Kimble.

The program presented Julia Brown in reading; Mrs. W. P. Palm in a voice solo; Annette Bender, reading; Mrs. Joe C. Stephen gave an unusually fine analysis of mental hygiene and program closed with a clever dance by Patsy Sparks. Mrs. H. R. Breazeale was pianist for the program.

A tea plate was served of devil food cake, salted nuts and coffee. There was a large number of callers.

Tomorrow Last Day Of Cooking School

The splendid series of lessons in cookery that opened Thursday under auspices of the Eastland Telegram, and demonstrated by Mrs. Johnetta Howard, on Connellee roof, will come to a close Saturday afternoon, and those who have missed the former should not fail to attend that of tomorrow.

A marvelous array of dishes are developed and the new ideas brought out seem impossible and

yet are very practical, and easy to do.

It has been a very creditable thing to have this cooking school and many expressions of appreciation are heard concerning it.

Sixth District Meeting
Sweetwater will be the host city Saturday to the all day session of the Sixth District of Texas Federation of Music Clubs.

Mrs. A. F. Taylor of this city, Sixth district chairman in junior department, states there is a very large number of entrants and that the program promises to be a most brilliant one.

A large number of people are going from Eastland, the only violinists from this city being Miss Alma Williamson and John Allen Mouser.

Booster Class Party
Judge and Mrs. W. P. Leslie opened their lovely home and spacious yard Wednesday night to members of the Booster class, for their monthly party.

The grounds were lighted with electricity and arranged with easy chairs, and the house profusely decorated with flowers throughout.

Spring time tallies for the five tables in auction and "42" brought the motif of decorations.

Refreshments were served of congealed apple salad on lettuce, wafers, devil food cake, and coffee, by Mrs. Leslie and her co-hostesses, Mmes. W. W. Kelly, Ed F. Willman and P. L. Crossley.

Those present, Messrs. and Mmes. C. M. Heald, P. L. Crossley, E. H. Jones, Neil A. Moore, W. W. Kelly, Dace Myers, Ed F. Willman, M. H. Kelly, Joe C. Stephen, C. W.
