City Park Draws Greater Crowds

Undoubtedly, the City Park had more persons to enter its gates this year than any year in its history, within three days of 1949, during the presentation of the Centurama at the amphitheater at the City Park, as many as 12,000 persons passed through the park gates. There is no accurate way to judge the attendance at the park during the summer months, except to note that picnic tables were almost in constant use, tennis courts and croquet courts were seldom without activity.

Swimmers, 18,780 of them, swarmed the pool during the summer months. This number was somewhat more than the 16,587 swimmers of 1948.

Improvements at the park this year consisted mainly of general maintenance with a few trees and shrubs being added all along.

Immediate plans for improvement this year include a general clean-up of the east park entrance.

Senate Spurs GOP Proposal Of \$25 Pension

WASHINGTON, Jan. 19. (U. P.)—A surprising Republican proposal of \$25 or so a month "old age pensions for everyone" has died a-borning in the Senate.

Sen. Taft (R-Ohio), who tossed the idea into the Senate Finance Committee hearings yesterday, later explained he was only seeking reaction.

The committee is considering expansion of social security benefits. Chairman George (D-Ga.) said the flat "pensions for everyone" would mean abandoning "our whole present program."

Taft, George and Sen. Millikin (R-Colo.), former finance chairman, agreed in separate interviews they would push along with the House-passed bill expanding coverage and benefits under the existing program.

For the third consecutive day Arthur J. Altmeyer, social security administrator, was recalled for questioning today about additional benefits sought by the administration under the various social security programs.

It was an exchange yesterday between Altmeyer and Taft that touched off the flurry over a flat pension for all old persons without payroll taxes or other contributions.

Taft denied that the old age and survivors insurance, now covering some 35 million persons, could properly be called "insurance" or that it was sound.

He contended that only about 2 million of the 8 million persons over 65 years old now benefit from the old age benefits. He said too that there is no real relation between how much a worker pays in and how much he can hope to receive back later.

Wildcat Oil Well Is Closed Down

SANTA FE, N. M., Jan. 19. (U. P.)—A wildcat oil well drilled by the Mountain States Drilling and Exploration Co. of Lubbock has been shut down by the state oil conservation commission.

The well, known as the Mountain States-Veal, is located just north of Mountainair, N. M.

Commission Director R. R. Suppurrier said the shutdown order, issued Tuesday, was given for three reasons: The firm failed to supply a registered surveyor to file in the location, failed to file in the results of running the casing and cementing it.

Meeting Set Friday In Phone Dispute

ST. LOUIS, Jan. 19. (U. P.)—Federal Conciliator A. E. Johnson plans to meet tomorrow with representatives of the Southwest Bell Telephone Co. and the CIO Communications Workers Union.

The union has postponed indefinitely a strike of its 50,000 members in Texas, Oklahoma, Arkansas, Missouri, Kansas and a part of Illinois.

Brownwood Livestock Judging Underway

BROWNWOOD, Jan. 19. (U. P.)—Open and district competition in the seventh annual Brownwood Livestock Show began today.

State Sen. Dorsey B. Hardeman of San Angelo last night crowned Miss Barbara Fry, Brownwood High School junior, queen of the show.

The Bangs FHA club showed the grand champion calf, a Hereford.

AHEAD OF SCHEDULE

Dixie Newsprint Plant Producing

BIRMINGHAM, Ala., Jan. 19. (U. P.)—A \$32 million plant — once only a dream of southern newspaper publishers — today is providing the first new domestic source of newsprint in more than a decade.

The Coosa River Newsprint Co.'s huge plant went into production yesterday, three months ahead of schedule. It is designed to turn out 300 tons daily, or more than 100,000 tons a year, at peak production.

Stock in the company is held by 128 newspapers throughout the nation, and 119 newspapers have contracts for purchase of its products.

The plant was designed, built and will be operated by the Kimberly-

Clark Corp., of Neenah, Wis. It is located on 710 acres which were once part of the huge Childersburg Ordnance Works during World War II.

The company has a 40-year lease on an \$8 million power plant at the ordnance works, and also has a lease on the water filter plant used in powder-making operations.

The plant, about 40 miles southeast of Birmingham, will employ around 750 fulltime workers, together with another 1,500 part-time and seasonal workers in woods operations. Plans will be used from the river valleys in the area.

A. G. Wakeman is executive vice president and general manager of the company. Donald Comer of Birmingham is chairman of the board of directors, and Edward L. Norton of Birmingham is president.

About 4,000,000 tons of newsprint were used in the United States in 1949. Of this about 87 per cent came from Canada. Thus, at peak production, the Coosa plant would turn out about 2 per cent of U. S. requirements.

U. S. Ambassador Visits Orphanage

FRASCATI, Italy, Jan. 19. (U. P.)—A visitor yesterday at the Church of Christ orphanage here was U. S. Ambassador James C. Dunn.

Dunn talked with the superintendent of the orphanage, Clive H. Paden of Brownfield, Tex. Most of the orphans here are from Texas.

\$120 MILLION ASKED Korea Aid Question Comes Before House

WASHINGTON, Jan. 19. (U. P.)—The House turned today to the question of further aid to Korea, described variously as "our last toe-hold in Asia" and as a "rathole" for swallowing cash.

A bill authorizing \$120 million in economic aid to the young post-war republic in southern Korea (the Communists control the northern half) was the first major legislation reached by the House this year.

Advance indications pointed to House approval, although there were strong objections.

Rep. Vorys (R-Ohio) called further Korean aid "just rathole money."

"Unless and until we have a policy in Asia that makes sense, we aren't justified in pouring this money into this vulnerable area," he told a reporter.

Korea exists "solely through the sufferance of Russia," Vorys added.

Woman Who Fired Mental Hospital Adjudged Insane

DAVENPORT, Ia., Jan. 19. (U. P.)—Mrs. Elnora Epperly, 22, accused of setting the Mercy Hospital fire in which 41 persons were killed Jan. 7, is to be committed to a mental hospital.

The Scott County Sanitary Commission ruled yesterday the attractive young woman, of Rock Island, Ill., is insane.

County Atty. Clerk O. Filseth, who filed a charge of "murder in the perpetration of arson" against Mrs. Epperly said she would not be brought to trial. He said she admitted starting the fire.

However, he said all evidence against her would be submitted to the county grand jury. Filseth said any indictment the grand jury returns could be activated if she is found sane in the future.

Burnet Plan To Be Studied At Austin Meet Jan. 26-27

AUSTIN, Jan. 19. (U. P.)—How ideas gleaned from 30 months of planned community development at Burnet can be made to work for all Texas communities will be studied at a conference of state, county and city officials here Jan. 26 and 27.

Invitations to the conference to all Texas mayors, county judges, county school superintendents and others went out yesterday signed jointly by state American Legion Commander Joe Sparlock, Gov. Allan Shivers and University of Texas President T. S. Palوتر.

The National American Legion used Burnet as a "guinea pig" for the past 30 months to see what could be done to make a single American community economically self-sufficient. In the first 24 months 325 new jobs and 59 new businesses established in the community of 4,500 persons.

Dr. Joe Sheppard, Burnet's mayor, will explain how the plan worked.

Purple Gangster Held

FBI Gets Its Man After Long Search

MIAMI, Fla., Jan. 19. (U. P.)—Harry Fleischer, a member of Detroit's notorious Purple Gang, was held by the FBI today after a 14 months search.

Fleischer, 46, was arrested yesterday on charges of unlawful flight to avoid confinement after conviction on a Michigan robbery charge.

He was picked up by four FBI agents while sunning himself at Pompano Beach, 35 miles north of Miami.

Crawford H. Carson, FBI agent in charge of the Miami office, described Fleischer as "one of the most badly wanted men in the country." He said the FBI had been searching for him since Nov. 1, 1948.

Fleischer was sprawled on the sand in bathing trunks when the agents closed in. He was taken without a struggle and readily admitted his identity.

Arrested with him was a woman identified as Bernice Jackson, 31,

alias Hines. They had been staying at a tourist cottage since Jan. 12 where they had registered as Mr. and Mrs. Marvin Goldwyn of Toledo, Ohio, Carson said.

Fleischer and a companion, Myron (Mike) Selik, were convicted and sentenced to 25 to 40 years on a charge of armed robbery in Pontiac, Mich.

He also was under a sentence of four and a half to five years for conspiracy in the slaying of Michigan State Senator Warren Hooper of Albion in 1945.

State Receives \$85,139,505 In Welfare Funds

Federal participation in welfare funds to Texas in 1949 amounted to \$85,139,505, according to J. H. Bond, regional director of the Federal Security Agency in Dallas.

A total of 373,110 men, women and children in Texas benefited directly from the federal funds, supplemented by state contributions.

Health and welfare services to mothers and children approximated \$1,041,000. Aid to dependent children accounted for \$6,139,000; old age assistance \$55,067,000, and aid to needy blind \$1,710,000.

Futurity Entry List Totals 70

Nominations for the second annual Sheriff's Futurity, to be held here April 23, have closed with apparently 70 entries registered for both divisions.

Posse officials point out that entries must have been made or post-marked not later than Jan. 15 to be accepted. While several nominees arrived as late as Tuesday, bearing the required postmark, they held out little hope of additional ones being delayed in the mails this long and were preparing to close the entry book.

Last year 52 were nominated without regard to division breakdown:

Lady Vandy and Vandy, Jr., both owned by Dennis Baker, Okmulgee, Okla.; O'Rose, W. L. Ballew, San Antonio; Jimmie D. Benson and McSpadden, Artesia, N. M.; Legal Tender and Texas Twister, Lewis Blackwell, Amarillo; Rocket Express, H. P. Brimberry, Seminole; Texas Tick, Sam Chumley, Big Lake; names pending for two entries of Eldon Cluck, Dalhart;

Zipper T. Franklin and Cockerham, Chickasha, Okla.; names pending for two entries of Marshall Cook, Garden City.

Also Bystander, Just Vee and Otro Vex, Jim Derrick, Carlsbad, N. M.; Single Saddle and Secret Call, J. R. Dillard, Big Spring; The Ghost, Gomer Evans, Tulsa, Okla.; Rayne Girl and one horse with name pending, Ellis Faulk; Lemonade, Tony Fesach, Houston.

Also Hard Boots and Racy, R. C. Fitzgerald, Big Spring; Cheryl Mae, Kenneth Gann, Big Spring; horse with name pending, G. H. Garrison, Houston; Pair of Rose, J. F. Hamby, Sonora; Anne Again, Elmer Hepler, Carlsbad, N. M.; Bullie C. L. L. Huddleston, Abilene; Little Boy Blue, and Adios, D. E. Hughes Estate, Big Lake; Double Treat and Anthem, James Hunt, Sonora; name pending for horse of W. H. Ingerton, Amarillo; Lady Norfleet, J. E. Johnson, Littlefield; Hard Stuff, Ralph Jones, Claude, Texas; Comet, J. W. B. Jones, Claude; Wonder Boy, M. H. Kelley, Big Spring.

Also On Time, Charles E. King and Wilburn Bedford, Wichita Falls; Belle Star, Howard Kaslin and Gordon Covery, Van Nuys, Calif.; Teddy McCue and Ruth's Son, C. B. Lambert, Plainview; Reticule, Ia-Marga, Encantadora and Senor Hyero, E. H. Lane, Odem; Hy Aethel, T. G. Benson, Refugio; names pending for two horses of Hop Lee, Alamogordo, N. M.; Tight Wad and Vada, L. Lewenthal, Abilene; Betty Ann, V. L. Miller, Gall; Texas Dick, W. T. McCabe, Colorado City; Wynita, B. G. McKee, Eden.

Also Jet Blitzen, J. H. Moon, Colorado City; Ace Away, Ace Myers, Amarillo; Thunder P. Joe Priest, Tavares, Fla.; Brown Jack, Beale Queen and Flood Fowler, Tascosa; Hy Dale, Little Mvch, Hy Pink and Watch Pen, Tom Rosten, Big Spring; Ponca K. T. J. Searev, Ponca City, Okla.; Little Pair, Fred G. Smith, Eldorado; Bay Badger, I. F. Sumrall, Littlefield; name pending for entry of Mrs. S. A. Tanner, Dalhart; No Toy, C. C. Lewis Heuvel Recruits Team

FORSAN, Jan. 19—Forsan and Stanton high school will tangle in one of the attractions of the March of Dimes basketball doubleheader booked to be played here the night of Wednesday, Jan. 25.

Stanton, coached by Leo Fields, hoas one of the finest Class B teams in West Texas. The Martin county Bisons have now won 14 consecutive contests.

Lewis Heuvel is concerned with the task of selecting an all-star team from the YMCA league, which will meet the strong Check-Cab club of San Angelo in the evening's first game at 8 p. m.

Heuvel indicated Wednesday he would try to use such men as Larry McCulloch, Paul Soldan, Frank Dunn, Harold Berry, Bert Brewer and a couple of Forsan slayers for his lineup.

No admission will be charged for the game but a donation for the March of Dimes will be taken up. A capacity turnout is expected, which means that around 800 persons should attend the contests.

LOOKING 'EM OVER

With Tommy Hart

A football coach has his worries, even when it's January and the grid season is far, far away.

Take Carl Coleman, the local high school mentor, as an example. Recently, Carl directed a training program for youths who had gone no further in school than the seventh grade.

During the sessions, he and his aides picked out about 15 lads who showed promise and spent some time teaching them the things they ordinarily wouldn't learn until later.

The most promising of the lot was a youth by the name of Willie Burden, a back with fine all-around ability. He looked good enough to fit into Coleman's plans by the time he reached high school.

Came the final day of practice and what happened? Willie approached Coleman and informed the mentor he was moving with his family to Odessa, which needs football players about like this reporter needs another hole in his head.

Glean Scobie (Pop) Warner, who coached both players when they were in their prime, says he'd prefer Ernie Nevers over Jim Thorpe.

Warner says Nevers a great Stanford player, was the more dependable player. Thorpe, he adds, may have been more brilliant but, Saturday after Saturday, season in and season out, Nevers filled the bill for him.

James Fannin, quite a miler for the Big Spring high school track team a couple of years back, is enrolling at MCJC Monday and will run with J. A. Jolley's thinny clads this spring.

National ABC Club Board Thanks City For Hospitality

A resolution expressing appreciation to Big Spring for its hospitality to members of the American business club which held its national convention here last June was adopted by the organization's national executive board in Cincinnati, Ohio, recently.

Doug Orme, president of the local chamber of commerce and a past district ABC governor, attended the executive board meeting Jan. 14. Orme returned to Big Spring this week.

The board also contracted to produce a film on spastic paralysis for distribution through chapters of the National Society for Crippled Children. The picture will be previewed at the national ABC convention in Greenville, N. C. next July.

Girl Scout Benefit Jamboree To Be Held Here Feb. 6

A square dance festival for benefit of the Girl Scout building fund has been slated for Feb. 6.

Sponsored by the Junior Women's Forum, the jamboree will be held at the American Legion hall, starting at 8:30 p. m.

Callers and the Legion are donating services and facilities for the occasion. Plans call for presentation of several exhibition sets during the evening along with guest callers.

Music will be furnished by Hoyle Nix and his West Texas Cowboys, a widely-sought unit by square dancers.

All net proceeds from the dance (script \$1.20 per person, tax included) will go to the Girl Scout fund for improvement of kitchen facilities at the hut.

Sam Baugh And Ponies Had Woes With Bristow's Grid Trickery

Nearly 18 years after he gave him away from the Redskin camp, but Owner George Marshall apparently whispered some more important plans in Baugh's ears. Meantime, he continues to operate a ranch successfully near Rotan.

When Baugh played with the Sweetwater Mustangs, he was overshadowed in the press notices somewhat by Ney (Red) Sheridan. Local fans recall that he was the bean pole pony with a dead eye and whip-like arm that turned the trick against Big Spring more than Sheridan, in his senior year.

That was the game in which Oble Bristow, then Big Spring coach, unmasked his hidden ball trick. Bristow never publicly revealed the secret of this mysterious play, but it resulted in springing a backfield man 20 or 30 yards downfield apparently from nowhere.

Officials flustered around in confusion after it had been pulled two or three times. Then one strolled over to the Big Spring bench.

"I don't know what you're doing," he stormed at Bristow, "but cut it out."

The secret weapon was to no avail. Baugh passed the Steers to submission, 7-0.

Plate fee for the affair, slated for 7:30 p. m. Jan. 28, is \$1.50. Persons outside the club must call their reservations to Dibrell at Dibrell's Sportings Goods store before next Wednesday. Women guests are welcome.

For approximately a decade, the grid banquets have been a tradition with the Lions club here.

Porkers Assume Lead By Bopping Ponies, 63-55

By The Associated Press

The Arkansas Razorbacks beat Southern Methodist, 63-55, last night and swapped pieces with the Mustangs for the lead in the Southwest Conference basketball race.

In other games, Texas Christian trimmed Baylor, 64-54, to gain a tie for third place with Texas. The Texas Aggies trimmed the Rice Owls, 56-37.

The conference is idle until Saturday night when the Owls visit Texas in Austin.

Arkansas' victory gave the Porkers a record of three victories and one defeat. That was the record SMU went scoreless for the first seven minutes of the second half, but the Razorbacks scored almost at will to go ahead, 48-33. Razorback Captain Jimmy Cathcart led the scoring with 20 points. Charley Lutz was high for SMU with 15.

TCU's Frogs squared away their record at two victories and two defeats, closing with a burst in the last five minutes after leading Baylor most of the way.

The Frogs held a 30-26 edge at the half. Forward Harvey Fromme paced TCU with 21 points, while Guard Bill Hickman led Baylor with 13.

Sharp shooting and tight defense routed Rice as the Aggies went ahead from the word go. The closest Rice came to tying it up was after 11 minutes of play, when A&M led, 14-7. The winners piled up a 28-16 halftime margin.

Big Joe McDermott was about the only reason the Owls left the court with some honor. He scored 18 points, the game's highest total. Jewell McDowell got 14 for the Aggies.

Army And Navy Are Defeated

NEW YORK, Jan. 19. (AP) — It was a black Wednesday for the Army and the Navy in college basketball.

Army was toppled from the unbeaten ranks by Pennsylvania, 66-45, while Navy suffered its second defeat of the season at the hands of Columbia, 43-37.

Yale made it two straight in the Eastern "Ivy" League. The Eli trounced Dartmouth, 68-54.

The Oklahoma Aggies crushed Oklahoma, of the Big Seven, 45-37. Missouri, another Big Seven team, romped over another Missouri Valley Conference quiet, Wichita, 70-45.

Notre Dame likewise enjoyed a romp against Michigan State, 71-45. Arkansas took the lead in the Southwest Conference, spilling Southern Methodist, 63-55. The Texas Aggies moved into a tie for second with the SMU by defeating Rice, 56-37, while Texas Christian deadlocked Texas for fourth by whipping Baylor, 64-54.

Arizona State of Flagstaff won its great game of the season, after four defeats, by tripping West Texas, 44-37, in the Border Conference. It was West Texas' first conference setback.

Carolina walloped South Carolina, 64-42, in the Southern Conference and Miss State took a close 64-60 game from Mississippi in the Southeastern Conference.

Williams Top Wage Earner

COAHOMA, Jan. 19 — Warren Woodson, Hardin-Simmons university coach, will deliver the principal address at the annual Coahoma high school football banquet, which will be held at 7:30 p. m. Friday.

All members of the Bulldog grid eleven and members of the coaching staff will be guests of honor.

Williams Top Wage Earner

NEW YORK, Jan. 19. (AP) — The popular baseball argument — who will be the biggest paycheck, Williams, Dimaggio or Feller? — won't have the old familiar ring this year.

Ted Williams, the Boston Red Sox's fly hawk, is almost sure to stand out by himself as the highest paid employe on the major league diamonds.

Cleveland's Bob Feller, his one-time fireball now just lukewarm, took a reported \$20,000 salary whack yesterday. Joe Dimaggio, the New York Yankees' sore-headed question mark, is said to face a \$25,000 salarying on his contract.

But Williams received in the neighborhood of \$100,000 for his efforts last season, according to reliable reports, and there is no reason to believe he won't take an equally large gouge this time from Tom Yawkey's millions.

C-C Membership Drive Brings In Five New Members

The chamber of commerce membership drive which started Monday has netted five new members Wednesday.

Ed Fisher, realtor; J. A. Jolley, junior college instructor; R. F. Lyons, oil and gas properties; the Cecil Hamilton flying service, and Falkner Floor company have joined the organization.

Conducting the membership drive are J. W. Purser, committee chairman, and Eugene Sonnenschein, Gilbert Gibbs, E. H. Bouillon, W. L. Broadus, Elliott Yell, Troy Harrell, Munson Compton, and Worth Feeler.

Local Recruiting Staff Briefed On Income Tax Forms

Ben Hawkins, internal revenue officer, discussed the preparation of income tax forms for members of the local Army and Air Force Recruiting Main station staff at their monthly meeting yesterday.

Col. John F. Taylor, new commander of the Big Spring Recruiting district, outlined the organization's policy for the staff of the Main station and representatives of sub stations in the area. Sgt. Charles G. Stroud was introduced as recruiting non-com for the new Brownfield sub station.

Staff meetings for recruiters are held each month.

Invitations Out

LAREDO, Jan. 19. (AP) — Invitations will be sent soon to 12 colleges, 10 junior colleges and 40 high schools to compete in the 19th annual Border Olympics March 10-11. Director H. W. Parker said invitations were sent yesterday to 10 universities.

AUSTIN, Jan. 19. (AP) — Texas Class AA high schools will begin golf competition this year. The Big City Conference inaugurated links competition last year.

Football Legislative Group Votes Several Rules Changes

Number Of Free Timeouts Upped

PINEHURST, N. C., Jan. 19. (AP) — College football, 1950 version, will not be changed drastically as far as the man in the stands is concerned, but coaches and players will note some differences in the fall.

The Football Rules Committee of the National Collegiate Athletic Association came up with two rather important changes and several lesser ones last night as it concluded three days of deliberations.

Following the leads of the coaches' association which last week recommended both changes, the committee indicated it believes the two-plateau style of play is more than a passing fancy. In addition it moved to curb the illegal use of elbows.

The number of free timeouts allowed a team was raised from four to five for each half. In addition, timeouts are now available to substitutions from the bench. Such changes may be made without penalty while the clock is running until a team's allotted five free timeouts are exhausted. This will permit insertion into the lineup of specialists, such as kickers, which last year called for a five-yard penalty.

To speed up play, however, the clock will be started when the ball is "spotted" for play by the officials rather than when snapped as before.

Retiring Chairman William J. Bingham of Harvard said the offensive block rule was a result of a unanimous demand by the committee for such legislation.

Under the new rule if a hand or forearm is used in blocking an opponent it must be kept below the shoulder of the man blocked and in contact with the blocker's body throughout the block. Just what will happen when the man opposing the blocker charges in low affording the small target below the shoulders remains to be seen.

Ted Williams, the Boston Red Sox's fly hawk, is almost sure to stand out by himself as the highest paid employe on the major league diamonds.

Cleveland's Bob Feller, his one-time fireball now just lukewarm, took a reported \$20,000 salary whack yesterday. Joe Dimaggio, the New York Yankees' sore-headed question mark, is said to face a \$25,000 salarying on his contract.

But Williams received in the neighborhood of \$100,000 for his efforts last season, according to reliable reports, and there is no reason to believe he won't take an equally large gouge this time from Tom Yawkey's millions.

Tampa Fems' Play Beginning Today

TAMPA, Fla., Jan. 19. (AP) — Most of the country's best amateur golfers today began a four-day struggle to make the "open" in Tampa Women's Open Tournament means something.

In the previous three years the 72-hole medal play event has been held it has been pretty much a closed deal among the big four in women's pro golf—Bebe Zaharias, Louise Suggs, Patty Berg and Betty Jameson.

Such crack amateurs as Marlene Bauer, Peggy Kirk, Polly Riley, Marjorie Lindsay, Betty McKimmon and Jenn Hopkins will be trying to smash the stranglehold.

Sammy Snead Beats Ben Hogan By Four Strokes In Los Angeles Open Playoff

By PETE ARTHUR AP Staff

LOS ANGELES, Jan. 19. — The greatest golf comeback of all time didn't quite hit its peak. Which is one way of saying that Sam Snead beat out Ben Hogan in the playoff for the Los Angeles Open title.

He did it by four strokes, too. But remember back a little. Last Feb. 5, that story from El Paso reported that "Hogan's left ankle, one bone of which was broken was placed in a cast. Physicians plan to apply a cast for a broken pelvis bone. The golf star also fractured a collarbone and rib."

And the item from El Paso March 3 read: "Golfier Ben Hogan was reported in a serious condition today as a result of a blood clot complication."

The doctors said Hogan might never walk around 18 holes again, much less play that distance.

But he's the same Hogan who shot a 280, four strokes under par, in his comeback to golf over Riviera's tricky, treacherous 18 holes last week. And who finally lost to Stamin' Sam yesterday's playoff, postponed a week by rain.

Stamin' Sam slightly spoiled the playoff. He went around in 72 strokes, one over par. Bantam Ben, the tiny Texan, took 78 strokes.

It was the same smooth Snead who last year won more than \$30,000 as the country's top pro golfer, replacing Hogan, who banked slightly less the year before.

"I was lousy," said Hogan in the dressing room at Riviera Country Club.

"He was terrific," said Snead, who never was behind from the first tee. "He's the same old Hogan. He scares you to death."

He wasn't quite the same old Hogan—the Hogan who's won this tournament three times before, plus the National Open over the same layout.

And Snead wasn't too scared. Not scared enough to foul up more than one hole in his drive for the tournament's first prize of \$2,600, plus his one-fourth share of the \$7,200 playoff gate. All told, Snead took in more than \$4,400. Hogan's gate share, plus \$1,900 second money, boosted his bank account by \$3,700 plus.

McCarthy Still Hopeful Texas To Get Pro 11

PHILADELPHIA, Jan. 19. (AP) — Houston and Buffalo bid for National-American Football League franchises today as the new league opened its first meeting. It looks like a long and stormy session.

Before the 13-team league can settle to the task of splitting itself into two divisions, it must decide the Houston and Buffalo matters. Their chances are not bright. A unanimous vote is necessary for acceptance.

Glen McCarthy, Texas oilman and hotel owner, met with Commissioner Bert Bell last night. McCarthy said he found Bell "affable and receptive."

"I feel that, if there are no prejudices, if the league does not meet us open faced," said McCarthy, "Houston will have a pro football franchise."

Despite the optimism, many of the NFL owners feel they already have enough teams. They prefer to weed out the weak teams from their own ranks before making any moves.

Houston and Buffalo may get an answer today.

An application by Frank Ciralo of San Francisco probably will get a quick brushoff. San Francisco already is in the league.

The big problem comes after the franchise bids and league alignment are settled. Then they have to apportion the players of the Los Angeles Dons, Buffalo Bills and Chicago Hornets. These former All-American Conference teams became defunct after the Dec. 9 merger with the National League. On top of that they must decide on a division of the available college players, many of whom already have been drafted and signed by the old leagues.

Dinner Club, Opera Appear On '49 Scene

Big Springers took another step forward in the social and cultural field in 1949 by organizing a Knife and Fork club.

Organization of the national dinner-and-lecture organization for Big Spring came at a preliminary meeting of about 50 members held on Friday, November 25. The inaugural dinner meeting was held on December 16 with Dr. Gerald Wendt, a noted science authority, as the speaker. The second meeting was held last Friday evening with Don Bolt, news analyst as featured speaker.

The new club plans seven meetings before the summer break is taken. At each meeting, an outstanding speaker booked by the national Knife and Fork organization will appear.

Membership in the unit is limited to 25 couples.

A nine-member board of directors includes: the Rev. R. Gage Lloyd, R. P. Koutz, and Mrs. Ralph Baker, three-year terms; E. Greenlee, Dr. P. W. Malone and Jessie Morgan, two-year terms and R. W. Thompson, A. Swartz and Lewis Price, one-year terms.

Price is the president, Greenlee, first vice president, Swartz, second vice president and Tom Rosson, secretary and treasurer.

Members of the American Association of University Women, provided Big Springers with another cultural treat in 1949 with the sponsoring of the opera, "La Traviata." Presented by the Boston Grand Opera Company, the opera was the first to be given here by a professional group. Some 750 persons attended the one-night stand which was acclaimed by many as a "very successful event."

The Big Spring Town Hall Association began its second year of providing entertainment by presenting such events as the Knickerbocker Quartet, Dr. Sigmund Spaeth, Dr. Frans Polgar and the Deep River Singers. The association is still directed by the Big Spring Federation of Women's club with Mrs. H. W. Smith as president.

Senate GOPs Say China Policy Is Based On 1944 Report By Wallace

By DON WHITEHEAD
AP Staff
WASHINGTON, Jan. 19. — Senate Republicans sought support today in the papers of the late President Roosevelt for their argument that U. S. policy on China is based on a 1944 report by Henry A. Wallace.

Sen. Ferguson (R-Mich) said the report, written after the former vice-president and cabinet officer had visited the Far East, is the framework on which the administration's "bankrupt policy" in China is based.

Wallace has said Ferguson is trying to smear him and the Truman administration through the report. In it, Wallace urged this country to work for a coalition government in China and predicted that China's leaders probably would emerge in a revolution. He was critical of Chiang Kai-shek, the Nationalist leader.

Wallace is said to have sent his recommendations on China policy to Mr. Roosevelt. The document never has appeared in the official reports of that period released by the State Department.

Wallace gave a summary of his report to Sen. O'Connor (D-Md) at the Maryland senator's request. This was released to reporters yesterday.

O'Connor said Wallace promptly supplied the summary when asked, and wrote that he was surprised his report had not appeared in the State Department's white paper on China.

Ferguson is leading the hunt for the Wallace report. He said he has been told it may be in the Roosevelt Hyde Park collection. Another Republican senator, who asked that his name not be used, reported the same information.

"I'll make an official request on Hyde Park to give us the report if we find it is there," Ferguson said. But he added he may run into trouble trying to get it.

"We've found that many state papers have gone to Hyde Park and we've been told we have no right to them," he said.

Two 'Y' Directors Named At Board Meeting Tuesday

Two vacancies in the directorate were filled and nominations returned for nine regular terms at the regular board meeting of the YMCA at the Douglas Tuesday.

S. M. Smith and Durward Lawter were selected to fill unexpired terms on the board. Placed in nomination for regular three-year terms were John Coffey, Ted Phillips, Tom Gunn, John Johansen, Shelby Reed, Rev. L. H. Thompson, Walter Reed, Otis Grafs, Sr. and Roy Cornelison.

Activities reports were given by Lee Milling, executive secretary. Matter of an expanded program said. But he added he may run into trouble trying to get it.

"We've found that many state papers have gone to Hyde Park and we've been told we have no right to them," he said.

tabled pending a clearer picture of the financial demands involved in occupying the new permanent Y home (First Christian church) in May. Milling called attention to the Y-Basketball league, now functioning with 10 teams.

Arnold Marshall and other members of the nominations committee were named in an elections committee to receive and tabulate ballots on the director vote from the membership.

K. H. McGibbons will head a committee to encourage attendance at the area YMCA meeting in Wichita Falls Feb. 23-24. On the nominations committee for officers, President Walter Reed named Jack Y. Smith, Mrs. Anne G. Houser, Dr. E. O. Edington and the Rev. Lloyd Thompson. The committee on arrangements for the annual meeting included McGibbons and H. W. Smith and Rev. R. Gage Lloyd.

Others attending were John Coffey, R. T. Piner, Roy Cornelison, Joe Pickle, Mrs. J. Y. Robb, Otis Grafs, Sr., John Johansen and J. D. Jones.

Lions Get Lowdown On 'Flying Saucer' Mystery

Harold P. Steck tossed a few flying saucers at the Lions club Wednesday.

A self-confessed skeptic, Steck simply trotted out some highlights from a recent True magazine article. Steck held no brief for True's conclusion that there were flying saucers—he simply recited them.

The magazine, through its writer Donald Keough, former department of commerce bureau of aeronautics official, arrived at three points: 1) The earth had been under systematic and intelligent observation by extra-earth forces for 175 years; 2) the rate had increased during the past two years; and 3) the reported objects fall into three basic classes of small discs, large discs and cigar-shaped behemoths.

Continuing the True sketch, the speaker related three incidents purportedly to land some official credence to the wave of saucers. Then he threw in one carried by the press services last week in claiming a "fix" on objects over Tucuman, N. M.

"The Air Force, which had an official board which dissolved recently after two years of study, says there is no such thing as a flying saucer," he said. "Have you

seen any lately?"

Annual football banquet sponsored by the club has been set for Jan. 26 at 7:30 p. m. in the Settles ballroom. Both the high school and junior high squads and coaches are to be guests. A regular ladies' night program is scheduled for Feb. 8, Avery Falkner, president announced.

Appeals were heard from March of Dimes support. George Melear said the club-sponsored Boy Scout Troop No. 7 had been re-registered. Guests included Dr. Lloyd Anderson, superintendent of the Veterans Administration hospital here.

Community Chest Passes Its Goal

For the second consecutive year the Community Chest attained its objective.

By Christmas eve, the date when the Chest was reported over the press services last week in claiming a "fix" on objects over Tucuman, N. M.

"The Air Force, which had an official board which dissolved recently after two years of study, says there is no such thing as a flying saucer," he said. "Have you

First GI Insurance Refund Checks Being Received in City

Initial checks under the GI insurance refund program are being received here.

Among the first to get a check for his proportionate share of overpayment on GI policy premiums was O. T. Christoffers. Numbers of others have been arriving through the mails daily.

The fund is being followed serially. It results from a substantially lower mortality rate among GI policy holders than actuaries had anticipated. As a result, a big surplus was created in the fund and is being paid out to the veterans on the basis of amount paid in.

Conventions Were Numerous In '49

Conventions in Big Spring reached a national scale when the Big Spring Business club entertained clubs of the nation at their annual convention held during the latter part of June.

Pete Green, then local president, led his club in giving the delegates a real Western welcome which included such activities as a barbecue and rodeo. There was also a dance, reception and banquet for entertainment.

XYZ members auxiliary organization, aided the club with convention activities and entertained wives of the delegates with various activities including a breakfast, tea and luncheon.

Highlight of the local P-T-A year was the entertaining of the district conference in the spring. Mrs. W. N. Norred was general chairman of the conference for Big Spring.

Other conventions held here during the year included: January 20, adult leaders representing committees in the Buffalo Trail Council, Boy Scouts of America; January 7, vocational agriculture teachers, pupils from 30 West Texas high schools, regional meeting; February 6, Longhorn League directors meeting to plan season's schedule; April 7, area Texas State Medical Society meeting; April 28, district council of Assembly of God churches; August 12, annual six-man coaching school; November 5, Texas Employment Commission area meeting and November 23, district meeting of Episcopal youth.

Roll Out The Pork Barrel For Treats

CROWN ROAST... Special pork treat for company.

By CECILY BROWNSTONE
Associated Press Food Editor

Go gala with pork now that there's such an excellent supply of it on the market. A festive Crown Roast of Pork is wonderful to serve when company's coming. To make life easy have the crown of ribs prepared at your market, allowing 1 to 2 chops per person; 10 to 12 chops will make a medium-sized crown. When you get the roast home, turn the rib ends up and fill the center with your favorite bread stuffing. Lift the roast to the rack in an open roasting pan, holding your hands underneath the crown. Roast uncovered in a moderate (350 F.) oven 25 to 40 minutes per pound. To serve, place paper frills over the ends of the ribs, or use large stuffed olives or cooked white onions for garnishing. Add apple rings around the platter and you'll have a succulent dish as anyone could eat.

For a family dinner try the following recipe with pork chops, potatoes and other vegetables blending with a delicious tomato gravy. Pork is so rich in B vitamins and

offers such high quality protein, as well as essential minerals, that it's a fine meat to serve to a family. Take advantage of goodly pork supplies.

Pork Chop Skillet Dinner
Ingredients: 4 pork chops, 4 cups pared sliced potatoes, 2-3 cup coarsely diced green pepper, 1 cup diced celery, 1 cup sliced onion, 2 teaspoons salt, 1/2 teaspoon pepper, 1 can condensed tomato soup, 1/2 cup water, 1/4 teaspoon tabasco sauce.

Method: Brown pork chops in skillet; remove from pan. Starting with potatoes put vegetables in layers in a deep 2-quart skillet. (Reserve about 1-3 of the green pepper, celery and onion.) Sprinkle each layer with part of the salt and pepper. Place the browned pork chops on top of the vegetables. Top with remaining green pepper, celery and onion. Sprinkle with remaining salt and pepper. Mix together tomato soup, water and tabasco sauce; pour over meat. Cover and cook on top of range over low heat 1 to 1 1/2 hours. Makes four servings.

Ingredients: 2 firm all-yellow or slightly green-tipped bananas, 2 teaspoons butter or margarine (melted), salt, 1-3 cup whole cranberry sauce.

Method: Peel bananas, cut in two crosswise and place the 4 halves in a small shallow buttered baking dish. Brush with the melted butter or margarine and sprinkle lightly with salt. Pour the cranberry sauce over the bananas and bake in a moderate (375 F.) oven for about 12 to 15 minutes or until bananas are cooked through. Makes 2 servings.

Note: If the cranberry sauce is molded heat and melt before turning over bananas.

Ingredients: 2 pounds haddock filets, 3 cups soft bread crumbs, 1/2 cup milk, 2 eggs (well beaten), 1 1/2 tablespoons finely minced parsley, 1 1/2 teaspoons salt, dash of cayenne pepper, 1/2 teaspoon celery salt, 3 tablespoons butter or margarine (melted), 2 tablespoons finely grated onion.

Method: Simmer the filets in water until tender; drain. Flake filets and put in a mixing bowl; add the bread crumbs, milk, egg, parsley, salt, pepper, celery salt, butter or margarine, and onion. Mix well. Turn into a greased baking dish and bake in a moderately hot (375 F.) oven for 40 minutes or until firm in center. Serve accompanied with chili sauce or catsup if desired. Makes 6 servings.

Browned Bacon Rice
Ingredients: 4 or 5 slices bacon, 1 cup rice, 2 cups canned tomatoes, 1/2 cup finely chopped onion, 1 teaspoon salt, 1 tablespoon chili powder, 2 cups hot water, 1 1/2 cups whole ripe olives, 1 cup chopped American cheese.

Method: Chop bacon and fry over low heat in medium-sized skillet until crisp; stir frequently. Remove bacon bits from pan. Add rice (raw) to bacon drippings and cook stirring constantly, over low heat until rice is browned. Add the tomatoes, onion, salt, chili powder, water, olives, half of cheese, and bacon bits. Turn into greased baking dish. Bake uncovered in moderate (350 F.) oven about 45 minutes. Sprinkle remaining cheese over top and bake 10 minutes longer. Makes 4 to 6 servings.

Park Usage By Negroes Sought

AUSTIN, Jan. 19 (AP)—Hearing has been set for Jan. 24 in federal district court here in an injunction suit seeking use of state park facilities for Negroes.

Judge Ben H. Rice ordered the hearing for 9:30 o'clock. Members of the state parks board, named as defendants in the suit, were ordered to appear to show why the injunction sought should not be granted.

Four Texas Negroes brought the suit Dec. 29 in a petition alleging that denial of park facilities to Negroes abridged their rights under the 14th amendment of the federal constitution and under other federal laws.

The plaintiffs were named as W. Astor Kirk, professor at Tillotson College here, T. R. Register, J. W. Presley and P. E. Medlock, all of Smith County. The petition was filed by U. Simpson Tate of Dallas, attorney for the National Association for the Advancement of Colored People.

Carrasco Will Be Tried At Stanton On Murder Charge

STANTON, Jan. 19.—The criminal docket is scheduled to be resumed in 11th District Court here today when Calixtro Carrasco, 27, will be brought to trial on a murder charge.

Carrasco was indicted as a result of the slaying of Jose Cobos, last Oct. 3 near Ackerly.

It will be the second murder case here during the January term of court. Andrew Jackson, 30-year-old Negro, was found guilty of murder last week and was assessed a 20-year prison term. Jackson was charged with the fatal shooting of Rubin Moore, his father-in-law.

Sauce Adds Flavor To Vegetables; Lifts From Ordinary To Unusual

A sauce can lift a vegetable from the ordinary to the unusual. This trick is easy, too, since there are many simply-prepared butter sauces for vegetables. It's the delicate flavor of butter that complements vegetable flavors and causes the family to sit up and take notice. Cream sauce is excellent over cauliflower, provided the flour is added with a discreet hand, saving the paste for the wallpaper. Maybe you've shied from Hollandaise sauce because you've heard it's tricky. But it's a trick worth learning. Lemon butter is a good and quick substitute for Hollandaise.

Freight Volume Gaining Again At Year's End

Rail freight traffic to and from Big Spring was showing substantial gains by the end of 1949, following several months of decreased activity occasioned by suspension of large scale petroleum shipments for the area.

A distinct gain for the year was reported for inbound shipments, with a total of 3,015 cars for 1949, as compared to 2,816 for 1948.

Outbound shipments dropped sharply, from 18,975 cars to 9,142 cars, but by December, monthly figures were back above those of 1948.

Most of the record 1948 was compiled during the first seven months of the year when heavy petroleum shipments pushed figures almost to an average of 2,000 cars per month. Afterwards, there was a downward trend that continued until the fall of 1949, and the first comparative gain was noted in December when 1,341 cars were forwarded, as compared to 1,005 for the same period in 1948.

Heavy cotton shipments accounted for most of the gains in the fall of 1949, and cotton was still moving rapidly at the end of the year.

Complete 1949 figures by months:

	In-bound	Out-bound
January	285	931
February	327	734
March	325	640
April	285	535
May	205	541
June	218	583
July	166	524
August	200	760
September	241	867
October	345	782
November	228	904
December	203	1,341

Girl Scouts Busy At Hut

As in 1948, so in 1949 the main project for the Big Spring Girl Scouts and their leaders was the Girl Scout hut. Opened last year at 1409 Lancaster, the hut received a pastel paint job on the interior, venetian blinds were installed, flooring was completed, siding was put on the outside, and the front door was sanded and waxed. Landscaping and electrical work also added to the appearance.

Many activities were carried on during the year, but no project received more interest than the hut. This house not only provides adequate facilities for Scout sessions, but is providing a space for other club meetings, too.

Twenty-three leaders and assistant leaders are now directing Scouting. In the city's 12 troops, there are 218 girls enrolled. This includes Brownie and intermediate troops which enroll girls from seven to 14 years-of-age. Twenty-five girls are enrolled in a newly organized Negro troop. Plans are now underway to organize a troop at East Ward school and a senior troop.

According to available records, last year found more Big Spring Scouts taking part in camping programs than at any time in the past. Big Spring's Girl Scout Council pays 85 of the expenses of each girl who attends the area Camp Tonkawa near Abilene in June. Fifty-nine Scouts attending from Big Spring gave their city the largest representation of any city in the area.

Local leaders conducted a day camp for Brownies and Intermediates July 11-14.

Just melt butter, add lemon juice and a little paprika. If you brown the butter first, the flavor is new and different.

Dressings Vary
Buttered crumbs make a wonderful dressing, as do silvered almonds browned in butter. Or be daring and mix sour cream with mayonnaise half and half, and grate in onion and celery leaves. A recipe follows telling how to prepare cauliflower and carrots.

Cauliflower With Olive Cheese Sauce
4 tablespoons butter
4 tablespoons flour
2 cups milk
1 teaspoon salt
Dash pepper
1 cup shredded American cheese
1/2 cup sliced stuffed olives
1 head cauliflower.

Melt butter in sauce pan over low heat; blend in flour. Add milk slowly and cook until sauce boils and thickens, stirring constantly. Add seasonings and cheese and stir until melted. Fold in sliced olive. Cook cauliflower in boiling, salted water until tender. Drain well and pour cheese over the top. Serves 6.

Minted Carrots
2 small bunches carrots
3 tablespoons butter
1 tablespoon chopped mint
Cook carrots whole in a covered pan in a small amount of boiling salted water until tender. Melt butter, add chopped mint and pour over carrots. Serves 6.

Among the riot of colorful vegetables on the market are green peppers at an unbelievably low price. An unusual recipe for stuffing pepper with corn follows.

Corn-Pepper Bake with Cheese Sauce
6 large green peppers
4 slices bacon
1 egg
1 tablespoon butter
2 tablespoons finely diced onion
2 tablespoons flour
1 teaspoon sugar, (optional)
1/2 teaspoon salt
1 1/2 cups milk, scalded
3 cups cooked corn
1/2 cup soft bread crumbs.

Wash peppers, cut a slice from the side of each and remove seeds and fibrous parts. Cover with boiling water and simmer 5 minutes. Meanwhile, cook bacon, drain and dice. Beat egg slightly. Melt butter in saucepan, add onion and cook until tender. Add flour, sugar and seasonings and blend. Add milk gradually and cook over low heat until thickened, stirring constantly. Add corn, crumbs and bacon, and stir into beaten egg. Fill green pepper shells. Bake in a oven, 325 degrees F., for 45 minutes or until filling is set. Serve with cheese sauce. Serves 6.

Many other stuffing mixtures may be used for filling the green pepper cases. For example, in place of corn, ground meat could be mixed with cooked rice or macaroni.

Chopped Celery
Chopped celery would be a good addition and meat stock might be used to moisten the mixture. Other seasonings might be used, such as Worcestershire sauce, dried herbs, or a touch of curry powder.

Other vegetables, too, can be filled with a meat stuffing and baked in similar fashion. Acorn squashes, tomatoes, large onions and white turnips are all good for this purpose.

Squash can easily be the most spectacular tribute to the harvest and to the cook who prepares it with an eye to both color and flavor.

Although the whites, yellow, Calavasas and acorn varieties are available, acorn is the favorite type.

Baked acorn squash, stuffed with broccoli and dressed with a cheese sauce is fit for a gourmet and plain, everyday families alike.

Broccoli Stuffed Squash
2 acorn squashes
1/2 lb. sharp pasteurized process cheddar cheese
1-3 cup milk
Butter or margarine, melted

Wash the squashes, split each in half lengthwise and remove the seeds. Invert on a greased pan and bake in a modern oven, 350 degrees for one hour or until tender.

Melt the cheese in the top of a double boiler. Gradually add the milk, stirring constantly until the sauce is smooth.

When the squashes are tender, brush them with melted butter or margarine and sprinkle with salt and pepper. Arrange on a chop plate. Fill the center of each squash with broccoli and garnish the plate with broiled bacon. Serve at once with the hot cheese sauce.

Baked Spanish Eggplant
1 medium eggplant, 1 1/2 lbs.
2 teaspoons kitchen bouquet
1-3 cup butter or bacon fat
1/2 cup finely diced onion
1/2 cup grated Parmesan - type cheese
1/2 cup finely diced green pepper
1 1/2 oz. can tomato sauce
1 teaspoon salt
1/2 teaspoon pepper

Peel eggplant and cut in 1/2 inch slices. Brush eggplant on both sides with kitchen bouquet. Melt butter in large frying pan over moderate heat and brown eggplant lightly on both sides in it. Remove eggplant to baking dish. Place onion and green pepper in frying pan and cook about 5 minutes, stirring frequently. Add contents of can of tomato sauce, salt and pepper. Cover and bake in moderate oven, 350 degrees F., until eggplant is just tender, about 20 minutes. Remove cover and sprinkle with cheese. Let bake about 5 minutes longer. Serve immediately. Makes 4 to 6 servings.

Hot buttered broccoli
Broiled bacon slices.
Wash the squashes, split each in half lengthwise and remove the seeds. Invert on a greased pan and bake in a modern oven, 350 degrees for one hour or until tender.

Melt the cheese in the top of a double boiler. Gradually add the milk, stirring constantly until the sauce is smooth.

Four Western Writers Given Boot By Czechs

PRAGUE, Czech., Jan. 19. (U.S.)—Associated Press Correspondent Richard Katschke, one of four western journalists ordered expelled from Czechoslovakia, left Prague by train for Frankfurt, Germany, today.

Two others — Miss Amber Boussoulog of the French Press Agency (AFP) and Eric Bourne of the Kemsley newspapers of Great Britain — already have gone. The fourth, Rob Roy Buckingham of the United Press, expects to leave

some time next week after winding up his affairs.

They were ordered Jan. 8 to leave the country after, a Czech spokesman said, the government decided to limit foreign news agencies to one foreign correspondent. The four western correspondents remaining will represent the AP, the United Press, Reuters, and the French Agency.

Katschke, 37, a native of St. Joseph, Mich., was chief of the Associated Press bureau in Prague. His expulsion leaves Kate Polowetzky, a native of Harrison, N. J., in charge of the AP's Prague bureau.

The four correspondents expelled were told they were guilty of actions ranging from "unobjective and not positive reporting" to "having acquaintance with reactionary Czechoslovaks." They denied the charges.

WASHINGTON, Jan. 19. (U.S.)—The Russians and Chinese Reds are saying that the United States is planning to take over Formosa — forcibly, if necessary.

State Department officials checking on Communist broadcasts and publications reported that the Red reaction to President Truman's "hands-off-Formosa" policy is that he's just lying.

The Communist-controlled press at Peking headlined: "Truman lies again," and "Truman has to cover up his plot of invasion."

Radio Moscow chimed in: "The American ruling circles are not even considering the abandonment of their imperialist policy toward China and, more important, are trying to take Taiwan (Formosa) away from China."

A Bible Thought For Today—

Those who have insight and understanding should try to make their message simple and clear. They should not try to make themselves seem wise. "Write the vision, and make it plain upon the tables, that he may run that readeth it."—Hab. 2:2.

State Hospitals Not New Problem, But It's Time To Do Something

Governor Allan Shivers has asked the people of Texas to let him know what they think about the state hospital situation, and how the problem should be solved. The problem is this: Experts have called the Texas state hospitals the worst in the nation. It will take about \$22 million to provide the feeding and clothing the state's 100,000 inmates for the next twelve months, and another \$5 million to put existing buildings into habitable condition.

So, the legislature is faced with doing something it doesn't want to do. If it finds the money for the hospitals, it almost certainly must levy some new taxes. This legislature is partly responsible for the money-shortage, for it went hogwild last year and converted the state's wartime surplus into a deficit. (But it didn't do so by providing decent housing for the state's unfortunate inmates, some of whom are in jail because there isn't room for them in hospitals.)

Polio Fund Appeal Is Urgent And Deserving Of Generous Support

Deserving of special and generous consideration at this time is the annual March of Dimes fund campaign. The Howard county chapter has a special stake in the success of this drive, for it has become involved heavily in meeting the emergency created by a record-breaking total number of polio cases treated here last year.

What this year will produce, none can say. We can only be prayerful that the cycle has turned. But it ought to be our resolve that we make adequate financial provision to help in the treatment and rehabilitation of victims, should there be any, as well as to discharge our responsibility for humanitarian services last year. One case alone last year ran into a tremendous figure.

Congressmen Are Adept In Art Of Slaughtering Bills Quietly

WASHINGTON, (U.S.)—SOME OF PRESIDENT Truman's program may get slaughtered without ever coming to a vote. This is because congressmen know more ways of killing a bill than voting it down or trying to talk it to death.

For many years there were great complaints against the kind of power given to one little group of congressmen. Along came the election of President Truman in 1948 with his Fair Deal program and particularly that part of it which promised new civil rights laws, mostly for the benefit of Negroes.

Dixiecrat-Republican Coalition In House Is Steam-Rolling Democratic Processes

WASHINGTON.—Here is how the Republican-Dixiecrat coalition is riding roughshod over the right of free Democratic processes in the House of Representatives. Meeting behind closed doors in the Rules committee the Republican coalition not only demanded the reinstatement of the old gag rule by which the committee can bottle up any bill, but even refused to let Chairman Adolph Sabath of Illinois, who opposed the gag rule, speak.

Murder Is Much More Common Than Average American Thinks

Murder is a subject of never-falling interest to the human race. Probably everyone has toyed with the idea of making away with a hated enemy, but most of us are too well-balanced to try anything of the sort. Instead, we get vicarious satisfaction from the reading of murder mysteries, in which the victim is done to death in various ingenious ways.

Administration Will Go All Out For Middle-Income Housing Bill

WASHINGTON, — The administration has picked the new middle-income housing bill for its supreme Fair Deal effort in 1950. With expansion of the social security act it represents the real domestic maximum that congressional leaders think they can pull out of the present session.

Quinn Directs Scientific Mission For U. S. Navy In Gulf Of Alaska

The USS Norton Sound is plowing the waters of the Gulf of Alaska today on an important scientific mission and a Big Spring man is in charge.

He is Capt. John Quinn, USN, a career Navy officer and son of Mrs. Mabel Quinn, 600 Main.

The Norton Sound put out from Fort Huachuca, Calif. on Jan. 19 on a 21-day cruise to the Gulf of Alaska. One or more AEROBEE high-altitude sounding rockets will be fired from her broad after-deck.

The Gulf of Alaska was selected as the launching area because there are believed to be important relations in the area between the earth's magnetic field and the activity of the cosmic ray particles encountered. The cruise also will further the Navy's knowledge of the practical aspects of such operations under adverse conditions in cold weather.

Last March two AEROBEE rockets were launched successfully from the deck of the Norton Sound off the west coast of South America in a similar experiment. At that time the rockets attained an altitude of more than 65 miles above the ocean.

A set of complete instruments in the nose of the rocket record the research data and a radio transmitter relays the information to the Norton Sound.

Scientific direction of the cruise is in hands of Dr. J. A. Van Allen of the applied physics laboratory of Johns Hopkins University. Various technical experts are aboard the

ship, and Comdr. H. H. Larsen of Birmingham, Ala., is executive officer under Capt. Quinn.

Capt. Quinn has filled a multiplicity of assignments for the Navy, including command of ships during the war and several tours of special duty with the Navy department in Washington.

Youngster Going About In Skin Of Seven Felons

COLUMBUS, O., Jan. 18. (AP)—From his waist to his ankles, 11-year-old Jimmy Wallace was covered tonight with skin furnished him by seven inmates of Ohio penitentiary.

For two hours this afternoon the upper Sandusky boy, half of whose body was severely burned Dec. 4 in a kerosene stove explosion, lay on the operating table while physicians grafted on skin taken earlier in the day from the abdomens of the donors.

Some 448 square inches of skin—two four-by-eight inch grafts from each of the seven donors—were applied to the lad's body.

A hospital physician pronounced the operation an "assured success" and said Jimmy was resting easily and was "alert and taking nourishment well."

Underwood Offered Federal Reserve Post

WASHINGTON, Jan. 19. (AP)—A high government official says that Arch Underwood, prominent Texas banker and cotton man, has been offered an appointment to the board of governors of the federal reserve system. The official asked that his name not be given.

Underwood is a resident of Lubbock and has banking interests in Dallas and Plainview. He formerly lived in Athens.

Cripps Urges Britons Not To Change Horses

LONDON, Jan. 19. (AP)—Labor Chancellor of the Exchequer Sir Stafford Cripps urged British voters last night not to change horses in "the middle of what is still a pretty tough stream of world events."

In a major labor party campaign speech, the director of Britain's economy said a return to Winston Churchill's Conservatives would constitute "the death warrant of democracy."

He also attacked the extreme left, accusing the Communists of being "merely a sabotage party," and appealed to Britons to take the middle road of his Labor Party's "socialist democracy" when they vote in the national elections Feb. 23.

Cripps continued the labor strategy of wooing middle class shopkeepers, businessmen and professionals. At the same time he asked workers to hold the anti-inflation line set up by the labor government.

Meanwhile, Lord Balfour said in his annual report as chairman of Lloyd's Bank, Ltd., that the British worker "sheltered" by mounting subsidies, by an inflationary wages spiral and by secure employment even in the least essential occupations "was laying down on the job. Individual production, he said, has dropped under prewar levels.

16 Persons Killed In Plane Disaster

ALBACETE, Spain, Jan. 19. (AP)—A Spanish transport plane, apparently lost in a heavy fog, crashed into a mountain peak 30 miles south of here yesterday. All 16 persons aboard were killed, burned almost beyond recognition.

It was Spain's worst air crash since 27 persons were killed in the wreck of a passenger plane Dec. 23, 1948, near Tarragona.

The victims yesterday included two lieutenant colonels and a major in the Spanish air force. The plane was en route to Madrid from the Cartagena Air School. It crashed near the town of Tobarra.

Battleship Missouri Still Stuck in Mud

NORFOLK, Va., Jan. 19. (AP)—The 45,000-ton Battleship Missouri will remain stuck in the mud of Chesapeake Bay until tomorrow at least, according to latest Navy plans.

After postponing another effort to pry loose the nation's only active service battleship until tomorrow, the Navy last night sent divers below the water to blow mud and sand from about the ship's propellers with two high-pressure water hoses.

Greece's Election Put Off Two Weeks

ATHENS, Greece, Jan. 19. (AP)—Greece's general election for a new parliament has been postponed two weeks, until March 5.

Originally scheduled for April, the election date had been advanced to Feb. 19 by the new premier, John Theotokis, after a dispute over the election date resulted in the fall of Premier Alexander Diomedes' coalition cabinet.

Mrs. Bill Earley Named President Of Scout Leaders Club Wednesday

Mrs. Bill Earley was named president of the Girl Scout Leaders club at the organizational meeting held at the Scout hut Wednesday morning.

Purpose of the club is to provide leaders with an opportunity for more training and instruction concerning various phases of scouting and to provide them a chance to discuss mutual problems.

The group voted to meet at the Scout hut on the first Tuesday of each month at 9:45 a.m. There will be a steering committee elected for each month and that committee will direct the program for the month. Mrs. B. F. Mabe and Mrs. Floyd Mays will be the steering committee for February.

In order to be better prepared for late spring and summer activities, the group plans to devote coming meetings to the preparation for out-of-door activities. They will have discussions concerning all sorts of out-door cooking and camping equipment.

Plans were also discussed concerning the city-wide sale of cookies which has been tentatively set for mid-February. Cookies will be sold to raise money for individual troops.

The International Service Project for 1950 takes the theme, "Fill A School Bag For A Friend." Leaders voted to have a quota of

one school bag each for all of the city troops. Troop members will make and fill with school supplies one bag for a student overseas. The bags will also contain some personal item such as a hair ribbon or a toy. Deadline for completion of the bags is March 12th, 38th anniversary of Girl Scouting.

Attending the meeting were: Mrs. Truman Jones, Mrs. James McKinney, Mrs. E. J. Williamson, Mrs. Dee Davis, Mrs. W. R. Rogers, Mrs. B. F. Mabe, Mrs. Clyde Thomas, Jr., Mrs. Ray Nichols, Mrs. Ted Darby, Mrs. Floyd Mays, Mrs. A. J. Cain and Mrs. Zolite Boykin.

WERE WOMEN BORN TO SUFFER?

"No," say lots of lucky girls. Maybe you, too, can look back on those "dreaded days" each month and revel in pleasant memories. For if you suffer from functional periods cramps, stomach pain or many other women have—the wonderful help Gardol may bring. Gardol works internally to help minimize painful contractions of the organ muscles. Thus it aids in tremendous relief of cramps, spasms, etc. Maybe your suffering is needless. RIBBON RAMBLINGS

By Mildred Young

Here's something the teachers should like. Dr. Levi A. Olan, Rabbi of Temple Emanu-El in Dallas, in an address given in Dallas this week, said that public schools are failing to prepare children for democracy.

He didn't blame the teachers either. He laid the blame at the feet of everyone. "Why should anyone want to be a teacher?" he asked. "A builder of a school gets more money than a builder of a school. The public resists expenditures for its teachers and its schools. A mother who cannot manage two children for two hours criticizes a teacher who manages to do it in six hours."

Dr. Olan said that the test of whether public schools were preparing children for democracy is whether they are developing mature people of character who can think for themselves.

He pointed to World War II days when people fasted over taxation, rationing and advanced money to fight the war only by buying bonds. These things, he said, pointed to the lack of character.

He added that all signs point to generations who can't think as well as their forefathers and that the many discards published today show that people don't want to think too hard.

The Rabbi's remarks seem to tie in very well with a quotation from H. A. Overstreet's new book, "The Mature Mind."

"It has become increasingly apparent, not only that adults can learn, but that it is a threat to our whole society to have them stop learning, to have them become fixed in an unhappy or complacent unchangeability in a world where they are constantly confronted by the problem of change. This is an age of rapid evolution and sometimes revolution in politics and economics as well as technology. Facts and ideas that were right yesterday may be wrong or completely irrelevant today. One of the consequences of a rapidly changing world is that there is a much more important job for adult education than ever before."

"Whether or not old dogs can learn new tricks, old human beings can and must—learn new facts and insights as long as they live."

"If a person takes it for granted that his present store of knowledge is sufficient for the rest of his life, he is immature. Not only will his responses to new situations be inadequate but his mind will develop rigidities of dogma and false pride that will make it into an unchanging anomaly in a changing world."

Planting Of Pecan Trees Is Planned

COLLEGE STATION, Jan. 18—January 20 is doubly important this year to the tree lovers of Texas. First because it is Arbor Day in Texas secondly because it marks the beginning of the Pecan Tree Planting Month for Texas. The program is sponsored by the Garden Clubs of Texas. According to a joint announcement made by J. F. Rosborough and J. E. Hutchinson, extension horticulturists of Texas A and M College, thousands of pecan trees should be planted in the state, and each tree, they say, will add to the beauty and wealth of Texas.

The specialists point out that the pecan is the official State Tree for Texas and that it does well in many sections of the state. They say that a large pecan tree can bear from 100 to 300 pounds of delicious and nutritious nuts in a single season. They add that trees planted in 1950 can serve those of this generation, and if properly cared for, they will still be good trees in the year 2000. They will be living memorials to those who plant them.

The local garden clubs are asked by their state president, Mrs. Gertrude B. Windsor, Tyler, to be responsible for the planting of at least 100 pecan trees in their community during the program. County extension agents, teachers of vocational agriculture, coordinators and teachers in the veterans vocational training program, local nurserymen and leaders in civic and service clubs will all be asked to help with the program.

Big Spring Classroom Teachers Unit To Sponsor Address By President

Lions Auxiliary Has Luncheon Meet

Big Spring Classroom Teachers will present Philip Wardner, National President of the Department of Classroom Teachers association, in an address here Friday evening at the First Baptist church. His address will follow a public reception which is scheduled for 7:30 p.m. Wardner is a resident of Garden City, N. Y., and was elected president of the Department of Classroom Teachers association on July 4, 1949 at the Boston Convention. He received his bachelor's degree at Harvard University, his master's degree at Boston University, and New York University. He is an English teacher and adviser for the school newspaper at the Garden City New York High school. Wardner has been active in his city's association activities, having served as vice-president (1946) and president (1947) of Nassau County Classroom Teachers association. He is a member of the Executive Board of the Garden City Teachers Association, of the City Teachers Association, of the county chapter of the National Council of Teachers of English, and the New York State Teachers Welfare League.

Wardner has served on panels at the NEA Convention and at the Regional Conferences of the NEA Department of Classroom Teachers. He has also participated in several conferences of the National Commission on Teachers Education and Professional Standards. He served as vice-president of the NEA Department of Classroom Teachers during 1948-49 which automatically received his bachelor's degree at Harvard University, his master's degree at Boston University, and New York University. DIAGRAM OF HOLDUP—This is a diagram showing where seven gunmen entered (left) Brink's Inc., a Boston, Mass., armored truck firm on Prince street and went up stairs to the second floor, through hallway into counting room and through a safety room and cage doors to a vault. They tied up five employees and escaped with \$1,000,000 in cash and \$500,000 in checks. (AP Wirephoto from Diagram from the Boston Globe).

Police Baffled In Million Dollar Bandit Search

BOSTON, Jan. 19. (AP)—Police hit a blank wall today in their almost clueless nation-wide search for Boston's million dollar bandits. Police Supt. Edward W. Fallon frankly admitted topnotch investigators directing the multi-pronged probe lacked a single definite lead after running down scores of phony tips.

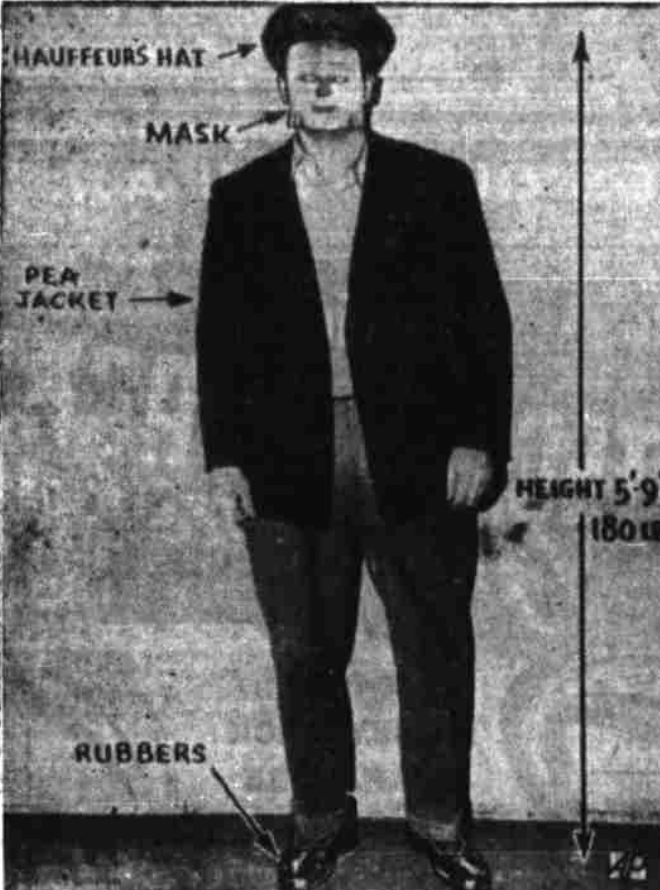

He clung to hope, however, that science may spring a trap on the seven commando-like raiders who seized a million and a half dollars—a million in cash—at the vaulted garage of Brink's, Inc., an armored transportation company, Tuesday night. The robbery was the largest cash haul in American history.

A visored chauffeur-type cap—possibly dropped by one of the gunmen—is being examined by FBI chemists for particles of hair that might produce a clue under chemical analysis.

Fingerprints appeared to be out as a medium of detection as the gunmen's hands were gloved. Dusty indentations of their crepe or rubber-soled shoes were blocked off for possible clues.

Every novelty shop in the city was being visited by special service men in an effort to find where the gangsters purchased the grotesque rubber-type masks they wore. Fingerprint experts alerted dealers and pawnbrokers to be on the lookout for four .38 calibre Smith and Wesson revolvers the gunmen seized from a rack the instant they surprised five cashiers and guards in the vault where the money was seized.

Police said they had strong evidence the gunmen passed up an additional million — not because they were unable to carry it—but because a sounding buzzer frightened them off.

ARTIST'S CONCEPTION OF HOLDUP MEN—This is an artist's conception of the general description of gunmen who held up and robbed the Brink's Inc., an armored truck firm, of more than a million dollars and left another million behind in Boston. The gunmen were described as all wearing chauffeur type caps, Halloween masks, Navy pea jackets and rubbers. All about five feet nine inches tall and weighing about 180 pounds. (AP Wirephoto).

Truman Leaves Open 'H-Bomb' Output Question

President Won't Negotiate with Reds On New Weapon

WASHINGTON, Jan. 19. (AP)—President Truman today left wide open the possibility that he will order production of a hydrogen super-bomb.

With the United States reported to be going ahead full blast on preliminary work leading up to production, Mr. Truman was asked at his news conference: "Do you have under consideration production of a hydrogen bomb?"

The President replied that he could not comment on that.

Mr. Truman also told inquirers that he is not considering direct negotiations with the Russians on the hydrogen bomb.

The phrase "direct negotiations" was the one used by the questioner.

In giving a negative reply Mr. Truman did not rule out the possibility of some less immediate approach to the Russians.

For example, negotiations within the United Nations were not flatly ruled out.

The chief executive was asked "has David Lillenthal offered to go to Russia?"

Mr. Truman said flatly that he has not.

Lillenthal is the retiring chairman of the Atomic Energy Commission. There have been reports, so far without substantiation from Lillenthal or the President, that the AEC chairman is opposed to development of a hydrogen bomb unless the United States first makes a new effort to work out an international atomic energy agreement with the Russians.

City Contributes 800 Playthings In 'Tide Of Toys' Drive

More than 800 toy items have been sent to the national pool of the "Tide of Toys" from Big Spring.

Frank Hardesty, commander of the American Legion post which sponsored the toy campaign here, said that there were that many toys stashed and suitable enough for shipment to Philadelphia. They will be put with similar collections from all over the country.

Toys are destined for distribution among European children. The event is to become an annual post-Christmas affair, Hardesty said, and more emphasis will be placed upon it.

In addition to the playthings shipped from here, there were many more which were new or sound toys but hardly strong enough for trans-Atlantic handling or not suitable for European homes where electricity is notably lacking in a majority of cases. These were turned over to the Salvation Army here for distribution to needy children.

"The entire membership of the Legion wants to say thanks to a big-hearted public," said Hardesty. "Although notice was short, co-operation was splendid. Many youngsters will receive their first real toy perhaps in their lives because of people with a big heart."

TEXAS SIZE STEER SOLD LOCALLY

A steer so big he made the other cattle look like dwarfs was sold by the Edwards Estate to the Berry Packing company of San Antonio at the Big Spring Livestock Auction Company's sale Wednesday.

The animal, who seemed to have little use for the auctioneer, ring men or buyers when put on parade, stood about seven feet high and weighed 1720 pounds. Purchase price was \$333.68.

Owners said they had tried several times to lead the beast on a truck and haul him to town but never succeeded until Wednesday. He battered down a couple of fence sections in the stockyards before he was finally hauled away.

Texan Hurt in Fire

COLORADO SPRING, Colo., Jan. 19. (AP)—A Texan was among the group of Camp Carson soldiers injured Tuesday while fighting the big brush fire near here. He is Corp. Bobby Coleman, Route 2, Whitewater.

State Trains Guns On Loretta's Story

STATE NORTHER CLAIMSONE LIFE

By THE ASSOCIATED PRESS

Freezing rain fell at Fort Worth, Dallas and Waco. Fort Worth reported dozens of minor accidents as vehicles slipped on ice and piled up on viaducts. The Star-Telegram said car and bus traffic at Fort Worth was reduced to its slowest crawl of the season.

On the warm side of the cold front, mild temperatures continued. Beaumont had sunshine and 68 degrees at 8 o'clock. Kerrville reported a regular spring day at 60 degrees.

The Weather Bureau in Dallas said the cold wave had become fairly stationary after whipping southward through Texas Wednesday and reaching a point between San Antonio and Corpus Christi. The line also reached through Del Rio, Bryan, Huntsville, Lufkin and Central Louisiana.

In the Panhandle, the temperature dropped to 12 degrees at Pampa. Other readings included: Dalhart, 15; Amarillo, 17; Claremore, 18; Childress, 19; Wichita Falls, 21; Lubbock, 24; Mineral Wells, 25; Dallas, 28; Fort Worth, 25; Waco, 32; San Antonio, 34; Abilene, 26; Big Spring, 29; Texarkana, 35; Tyler, 31; Lufkin, 43; Corsicana, 30. Misty rain fell at Corsicana.

Conditions over the state were cloudy except at El Paso, where the sun was bright.

Warmer weather was predicted for most of the state tomorrow.

Driving in the North-Central Texas area was hazardous.

The northern moving so fast it took the Weather Bureau by surprise, slammed into the Panhandle Wednesday and drove past Junction, in the southwest Texas Hill Country, and Lufkin in southeast Texas, late last night.

Then it steeled and slacked off its southward movement, but spread east past Texarkana and into Arkansas and Louisiana, covering all East Texas down past Lufkin. To the west, it expanded past Big Spring and early today was due to reach into far West Texas around El Paso before sunset.

Early morning temperatures included: Amarillo, 17 degrees; Lubbock, 23; Abilene, 28; Fort Worth, 27; Big Spring, 28; Waco, 35; Austin, 42; El Paso, 50; Lufkin, 58, and San Antonio, 57.

SURPRISE WITNESS—Loretta Fae Mazingo (above), 15, of Austin, Tex., hitchhike companion of Sandra Peterson, testified at the latter's murder trial in Brady, Tex., that she, and not Sandra, killed Lewis Patterson, Brady real estate man, last August 25. (AP Wirephoto).

Girl Friend Of Sandra Will Be Recalled Today

Murder Conviction Predicted Despite Surprise Testimony

BRADY, Jan. 19. (AP)—An court opened today in Sandra Peterson's trial, Special Prosecutor Sam McCollum, Jr., said the state would call back Loretta Fae (Baby) Mazingo, Sandra's 15-year-old hitchhike companion, and attempt to break down her sensational testimony yesterday.

"We're going to get some action today," said McCollum, who joined County Atty. Evans J. Adkins last night in predicting Sandra's conviction, despite the younger girl's testimony that she, not Sandra, held the pistol that killed Lewis Patterson, 34-year-old Brady man near here Aug. 25.

Loretta Fae was not brought to the stand as testimony was resumed today.

E. H. Taylor, firearms examiner for the State Department of Public Safety, testified that a .22 caliber bullet, submitted to him by Sheriff A. B. Wilborn of McCulloch County, and Texas Ranger Ralph Roach of San Angelo, was fired by the black .32 caliber pistol he held in his hand.

The pistol was recovered by Roach, he testified yesterday afternoon, from a locker in a San Angelo bus station, with a key that was turned over to San Angelo police by Sandra Peterson, the afternoon of the slaying.

A bloodstained white shirt and undershirt, presumably worn by Lewis Patterson on the day he was slain, was submitted by C. H. Beardsley, a chemist for the Department of Public Safety.

Sandra's face remained devoid of expression.

Beardsley testified he tested the shirt and undershirt for powder burns and found a pistol had been fired at the garments from a distance of not less than three inches nor more than eight inches.

Sandra came into court at about 9 o'clock wearing her gray coverd cloth suit and a white and green V-shaped blouse. She appeared to have recovered some of color and was more composed.

Denham Acted On Own In Coal Row, Says HST

WASHINGTON, Jan. 19. (AP)—President Truman said today that Robert Denham acted on his own in bringing action against the short work week and on-again-off-again strike in coal mining.

Asked at a news conference whether the NLRB counsel acted with his blessing, Mr. Truman said that Denham worked for the National Labor Relations Board and that it was not his business to bless or unblock his court proceedings.

Mr. Truman added that Denham had consulted the White House before proceeding. Denham said yesterday that he had kept the White House informed.

The President told reporters that he still feels there is as yet no national emergency warranting his intervention in the coal situation.

Some Congress members have been insisting that Mr. Truman ought to go ahead and act without regard to the court proceedings brought by Denham.

They said Denham's move promised no immediate relief from a growing coal shortage.

Federal Judge Richmond B. Keach has set Denham's injunction plea for a hearing on Jan. 26.

Meantime, with his miners free to work or strike next week, Lewis kept his plans to himself.

About 90,000 miners in seven states stayed away from the pits entirely this week, refusing to work even the three days Lewis has ordered. This was the third straight week in which key groups of miners have quit.

NEWSMAN HURT IN FREAK BLAST

DETROIT, Jan. 19. (AP)—Certain favorite reading matter of Detroiters wasn't available today.

And at the same time the Detroit Free Press was forced to cover a story which it wished had never happened.

Neither the Free Press' "Good Morning" column nor its "Tify The Dopester" was in print, a circumstance which was nothing less than remarkable.

For years they have been daily features.

But the man who writes them both, Editorial Director Malcolm W. (Bing) Binyag, 65, was flat on his back and helpless in a hospital bed.

Binyag was critically burned in a freakish incident at a banquet Tuesday night. A coffee and brandy mixture, known as "Cafe Diablo" ("Devil's coffee"), blew up.

Grace Hospital reported early today that Binyag's condition remained critical.

Jury Still Is Incomplete In Smithwick Trial

BELTON, Jan. 19. (AP)—Fifteen veniremen were questioned today in the murder trial of Sam Smithwick, but all were excused.

Since the trial opened Monday only five jurors have been chosen to hear the case of the former deputy sheriff who is accused of fatally shooting W. H. (Bill) Mason to death last July 29.

The first 14 of the veniremen were excused quickly today but Defense Atty. Byron Skelton questioned the 15th at length before excusing him.

During the questioning, since K. Everts, district attorney, once interrupted to say to Judge Wesley Dice:

"Your honor, I hate to start this again today, but this is three times he asked that question. If he hasn't"—Everts' paused and waved his cigar—"I'll jump out that window."

Smithwick watched today's proceedings from a table near the judge's bench. Mrs. Mason, widow of the slain man, also was present today.

Twenty seven veniremen took the stand on the second floor of Belton's old stone courthouse yesterday. One of them—Albert Friedrich, a middle aged farmer from Barlett—was accepted.

Truman Bitter About Byrnes

WASHINGTON, Jan. 19. (AP)—President Truman said today James F. Byrnes is a free agent to do as he damn pleases about running for office.

Mr. Truman made the statement when he was questioned at a news conference about Byrnes' decision to seek the Democratic nomination for governor of South Carolina.

Byrnes, Mrs. Truman's former secretary of state, has sharply criticized some of the Truman "fair deal" program in a series of speeches.

When a reporter asked Mr. Truman for his reaction to Byrnes' announcement of his candidacy, the President answered:

Mr. Byrnes is a free agent to do as he damn pleases.

That ended the questioning.

Deathless Days 771 In Big Spring Traffic

Adm. Denfeld Makes Retirement Request

BOSTON, Jan. 19. (AP)—Adm. Louis A. Denfeld announced today he had submitted a request for retirement after more than 40 years naval service.

Adm. Denfeld had been removed as chief of naval operations after stormy hearings in Washington on unification of the armed services.

He said he had asked that his retirement become effective March 1.

Adm. Denfeld said he had no plans for the future although he had received many offers.

He said he expected to continue to reside for the time being in Westboro and to have a temporary office at first naval district headquarters pending orders.

He declined to comment on the action of Sen. McCarthy (R-Wis.) who produced a document in Washington to show that the President commissioned Denfeld for a new two-year term as chief of naval operations shortly before firing him.

Denfeld said he didn't believe his case "warranted the publicity it had received.

"Everyone must retire eventually," he said, "and while I regretted doing so now, it would come sooner or later."

BURGLAR ALARM FOILS PROWLERS

Would-be burglars of Bill Lovings liquor store on Highway 87 north of town were foiled by a burglar alarm Wednesday night, but they took no chances on getting caught.

The intruders tried to make entrance into the establishment by throwing a stone through the window. When the alarm went off, the light-fingered gentry decided not to hang around. They climbed into their vehicle and roared off before the management could get to the scene.

Marlin Has Its First Fatality in 2 Years

MARLIN, Jan. 19. (AP)—The first fatal-traffic accident in two years occurred in misty weather this morning in this East-Central Texas town of about 6,500 people.

Bryson Elder, about 60, a retired Falls County farmer who made his home here, was killed in the collision of two cars at an intersection.

Flood Danger Easing In Midwest Region

By The Associated Press

Flood threats at two of the danger-spots in the Midwest watershed appeared easing today but cold weather and freezing rain heaped more discomfort on thousands of refugees.

A severe cold air mass extended from the northern plains to Texas and spread over the Great Lakes to the Ohio River Valley.

A belt of snow, sleet and freezing drizzle dampened an area from southern Idaho to much of Oregon. Northwestern California lowlands were flooded and high waters isolated some communities. Fifteen persons have perished in a week of sumbing cold in the Pacific Northwest.

Four persons lost their lives in the Midwest flood area yesterday, two in southern Illinois and two in western Kentucky.

Flood conditions remained critical at many points along the surging Mississippi, Ohio, Wabash and other rivers in the Ohio and Mississippi Valleys. More than 11,000 persons have been evacuated from their homes along the Mississippi.

The flood threat moved down the Mississippi Valley and floodwaters from many rain-swollen rivers forced hundreds from their homes in Arkansas and Tennessee.

Although there were indications that the flood threat in the Cairo, Ill., district was easing the Army was ready for an emergency if the flooding Mississippi appears headed for a stage of 57 feet. But the big river appeared nearing a crest which might fall more than a foot short of the stage fixed for possible opening of the Birds Point-New Madrid floodway.

The weather bureau forecast a crest around 53.5 feet tonight. Unless there are indications of a stage of 57 feet, Army engineers said the southeastern Missouri floodway "in all probability will not be placed in operation."

AGED, HANDICAPPED NEED NOT PAY \$1.75

Rodgers Points Out Certain Citizens Are Entitled To Poll Tax Exemptions

Although Texas still has its poll tax law, thousands of its citizens are permitted to cast ballots without submitting the required \$1.75 each to the county tax collector. County Attorney Mack Rodgers reminded this morning.

Entitled to exemptions are all persons over 60 years old, in addition to persons who are blind, deaf, dumb, permanently disabled, or who have lost a hand or a foot, or were disabled 40 percent or more in a foreign war.

In addition, citizens otherwise qualified who become 21 years old during the year are entitled to a free vote. They are not required to obtain exemption certificates, but may be called upon to execute affidavits when they report to the polling places. This year, that particular group will include those who become 21 after Jan. 1, and before the election in which they vote. Persons who become 21 after the primaries this year will not be permitted to ballot on the nominations, but if they reach 21 before the general election they may still vote in that election.

Persons over 60 are required to obtain exemption certificates by the end of January from the tax collector's office, if they reside in a city of 10,000 or more. Consequently, those who live in Big Spring must obtain certificates, while all others above 60 in the county may vote without certificates.

Persons who have served in the armed forces, its auxiliaries and nurses from armed forces medical units may vote without paying poll taxes during the first calendar year after their discharge. However, in the case of WAC's, WAVE's and nurses, the privilege applies only when they are still in the service after Jan. 1 and not personally present to pay poll taxes.

Basic qualifications for voters include citizenship, residence in the state for at least a year and in the county at least six months immediately prior to election.

Those who are not qualified include persons under 21 years old, idiots, lunatics, paupers supported by the county, persons convicted of felonies, unless they are pardoned and have citizenship restored, soldiers, marines and seamen serving in the Army, Navy and Marine Corps.

WANTS ACTION—Sen. Robert A. Taft (R-Ohio) demands action under the Taft-Hartley act to get coal miners back to work. He is testifying in Washington before the Senate Labor Committee in favor of a Republican-sponsored resolution which would "tell President Truman Congress must be kept in act quickly. Taft spoke before Senator N. Denham, general counsel of the National Labor Relations Board, said he was filing in federal court a complaint against the miners union. (AP Wirephoto).
