North Zone Meeting A Success

# DEAREST DAUGHTER,

Thanks so much for sending that delightful little note, remembering my birthday. And please don't feel that its being so short made it any the less welcome.

Besides, I know what it is to have "shoppers headache"-to feel all worn out and dragged down, with your feet as heavy as lead from walking around all day.

But. my dear, why do you do it? I know you and Bob have something of a struggle to make ends meet. It won't always be that way, because I know Bob's a very ambitious young man-ambitious for you as well as for himself.

But take an old lady's advice, dear. Look for bargains-no matter how wealthy you become. But don't make an expedition of it. Make it a tour. You get a newspaper. Look for real bargains there, before you set out. Then you'll know where you're going, and you won't wear yourself out. I know, because I do it.

Give my best to Bob, and give Bob, Jr., a great big kiss from his grandma.

> Lots of love, Mother

Ann

**EVEN** on hottest days the air traveler is cool and comfortable. The clean, cool air far above the earth is invigorating no matter what the temperature may be on the ground.

Air conditioning brings to the home, office or store the same cool, clean comfort . . . not only is the indoor temperature maintained at an exact level far below the outdoor reading but the air is cleaned of all impurities. In addition, humidity is maintained at exactly the most healthful point.

Employes of your electric company will gladly discuss your air conditioning problems with you . . . just phone or write our office for information about just what air conditioning can do.
