Big Spring Builds Churches

Our County In The Making

A Series Of Articles By John R. Hutto

(This is the second of two articles in this series dealing with organization of Big Spring churches. Other churches were mentioned in last Sunday's article.—Editor's Note.)

First Presbyterian Church

The organization of the First Presbyterian church of Big Spring which was perfected under the leadership of Rev. J. H. Zivley and Judge William Kennedy of Dallas dates back to November 11, 1891 when the town had just passed the first decade of its history.

Rev. Zivley acted as stated supply until 1899 when he became the first pastor. The first officers were James P. Carlyle, ruling elder, and Capt. F. M. Ross, deacon. The woman's auxiliary was organized in 1897.

The first church building constructed on the corner of Fifth and Main streets was finished in July, 1895. The trustees were J. I. McDowell, Frank Wynn, M. F. Bressie, J. W. Shrive and J. E. Ewing.

The St. Paul's Lutheran Church

Since the early 90's people of the Lutheran faith residing in Big Spring and vicinity have been visited by ministers of their church. At first religious services were conducted in the German language.

On February 14, 1909, the congregation was organized into a church of 13 members by Rev. C. Beyer. Among a number of other appointments, Rev. Beyer often preached at Luther.

Rev. C. F. F. Jurgenson, 1926-28. The coming to this charge of Rev. W. G. Buchsacher in 1925 injected new life into the congregation. The church was still worshipping in homes and in the North ward school building.

Church of Christ

The Church of Christ is a vigorous organization, missionary in spirit, that had its beginning in modern Big Spring history. In August, 1912, these people gathered together on the Lord's Day for worship.

For the first five years of its existence the congregation met for worship on each Lord's Day afternoon in the building of the Cumberland Presbyterian church on the corner of Third and Goliad streets.

In 1924 a location was secured at 207 West Fourth street where a tabernacle was constructed for a place of worship. This building is still standing and is used as a laundry.

Ministers who have served the congregation have been Ministers Smith, J. D. Boren, Thornton Crews, Jas. L. Standridge, Melvin J. Wise and Forrest R. Waldrop.

The East Fourth Street Baptist Church

The East Fourth Street Baptist church is unique in the rapidity of its growth, in its missionary spirit, and in the fact that it has a full history of all business transactions since the date of its organization on January 19, 1913.

Gaines Test Logs Shows

Andrews Extension To Test Higher Oil Shows

SAN ANGELO, April 30—Lan-dreth No. 1 Dalmont, in the north-east corner of section 24-A21-pal, 1 1-2 miles northwest of Landreth No. 1 Kirk, Gaines county's first oil producer, this week recovered oil stained samples from 4,731-41 feet and began standardizing.

H. C. Wheeler No. 1 F. E. Gardner, 2 1-2 miles west of the Means pool in Andrews county and in the southwest corner of section 15-A35-pal, showed sulphur water at 4,647 feet and plugged back to acidize upper oil shows. Walter J. Donnelly No. 1 University, 4 1-2 miles farther west and in the northeast corner of section 16-14-U, awaited plugging orders at 4,703 feet, a Schlumberger survey having shown sulphur water. Frank E. Perkins and others' No. 1 Cowden, southwestern Andrews wildcat in section 14-A55-pal, was reported to have passed out of the Permian lime in drilling to 7,168 feet.

Magnolia and Tex-Mex No. 1-A McKee, northern Pecos county wildcat in section 24-9-H&GN, after 5,746 feet showed only 45,000 cubic feet of gas daily on a 45-minute drill stem test. Early in the year it headed oil from Simpson sand at 5,271-80 feet.

SHOWS FOCUS INTEREST ON WESTERN HOWARD TEST

Record Producer Is Completed In The Snyder Area

Shows of oil focused interest on the Texas Co. No. 1 H. H. Wilkinson, wildcat test eight miles west of Big Spring, here this week. It precipitated announcement of three other tests in that vicinity within the next three months.

On hourly bailer runs the test returned about a gallon of free oil from a showing at 3,224-84 feet. Gas and dead oil samples were logged from 2,303-11 feet in lime. Friday it drilled to 3,410 feet in the same formation of sandy lime, about 90 feet short of contract depth. Some believed the test would be carried to sulphur water. Ward Powell blocked acreage, including six sections of the Gular ranch, and announced that a wildcat test would be drilled 1,320 feet from the north and east lines of section 17-A, B. & C. survey. Texas Co. was reported planning another test on its 16,000 acre block surrounding the Wilkinson well. T. G. Shaw, who blocked the Wilkinson acreage, staked location for a wildcat 2,310 feet from the south and 330 feet from the east line of section 35-A, B. & C. in Martin county. It is approximately nine miles northwest of the Texas Co. test.

Record Producer Three completions were recorded in the Snyder pool of southeastern Howard county, one of them for a new high for the pool. Moore Bros. No. 3-A Snyder, 1,650 feet from the south and 2,310 feet from the west line of section 28-30-1a, T&P, shot with 600 quarts from 2,647-2,800 feet, tested 1,482.84 barrels on a 24-hour flowing test, giving it the strongest rating in the pool. It is on the northwest edge of production.

At the same time, the Moore Bros. No. 1-A O'Daniel, 330 feet from the west and 2,310 feet from the south lines of section 34-30-1a, T&P, extended the field a quarter of a mile to the southeast with a showing of 975.84 barrels. It was shot with 600 quarts from 2,650-2,800 feet. Moore Bros. No. 7 TXL, in the northwest corner of the northeast quarter of section 33-30-1a, T&P, rated 824.28 barrels after being shot with 600 quarts to 2,819 feet.

Magnolia No. 4 O'Daniel, a west offset to the Condon-Kahn No. 1 O'Daniel, which extended the pool a half a mile to the east, was watched following a 980 quart shot. It was cleaning out Friday. Iron Mountain No. 6 Snyder, 1,650 feet from the east and 330 feet from the south lines of section 28-30-1a, T&P, likewise was cleaning out from an 850 quart shot from 2,665 to 2,885 feet.

Outpost Cleanings Austin C. Taylor (Jno. Moore, Agt.) No. 1 W. P. Edwards, 990 feet out of the northeast corner of section 44-30-1a, T&P, two and a half miles south of Snyder pool production, was cleaning out following a 600 quart shot to 3,000 feet. Shows in the test have been light.

Midway between this and the pool, the Moore Bros. No. 1-D TXL, in the northeast corner of section 41, drilled to 2,400 feet. Half a mile northeast of this, the Moore

Bros. No. 1-B TXL, 1,650 feet from the west and 2,310 feet from the south lines of section 33, drilled past 1,605 feet. Moore Bros. No. 5 TXL, east offset to the completed No. 7, was at 1,650 feet.

In the northwest corner of Howard county, the S. S. Owens No. 1 Dr. J. G. Wright was preparing to spud 990 feet out of the southeast corner of section 35-33-3a, T&P. It is on a 4,000 acre block organized by Owens and is 18 miles north of the Texas Co. No. 1 Wilkinson and 22 miles north of nearest production.

Hockley Pool Is Extended

Order Curbing Production Slows Activity

SAN ANGELO, April 30—Completion of Gulf No. 1 M. G. Gordon, three-quarters mile southeast extension to the Slaughter pool in Hockley county, for a 529-barrel oil flow in 24 hours followed by a daily average of 30 barrels of oil by Sinclair-Prairie No. 1 Paul Moss, 2 1-2 miles southwest of the Harper pool in Ector county, while cleaning out following a shot were among principal West Texas oil developments this week.

Shell No. 1 F. W. Hensley staged a comeback to again indicate a three-quarter mile northwest extension of the Denver field in southwestern Yoakum county, and Magnolia and Tex-Mex No. 1-A McKee, northern Pecos county wildcat, cored saturated sand between 5,715 and 5,756 feet, deep in the Simpson, middle Ordovician. Failures included Walter J. Donnelly No. 1 University, in Andrews county and Standard No. 1 University in Crockett county, both wildcats.

Order Slows Activity Cutting daily allowable production in West Texas several thousand barrels while quotas of all other districts in the state were raised for May drew protest in many quarters. The order followed by many of the order Thursday. Meanwhile, however, there was a drop in locations to 26 for field tests and four for wildcats in eight counties from 30 for field tests and seven for wildcats in 13 counties during the preceding week. Completions of producers increased to 50 from 33 the week before and only four failures were abandoned compared with seven during the preceding week.

Gulf No. 1 Gordon, the Hockley extension, was completed for 429 barrels daily at a plugged back depth of 5,074 feet after treatment with 8,000 gallons of acid in three stages. It is in the northeast corner of section 12-X-pal, Gulf No. 1 Mallett, in the northeast corner of section 6-X-pal, two miles southwest of production, was cleaning out following a 120-quart shot from 5,030 feet.

E. T. Marion of Midland was reported planning to drill in labor 57, labor 39, Maverick county school land, one-half mile northeast of Sid Richardson's No. 1 E. S. Slaughter, which in February extended the Slaughter pool 2 1-4 miles north.

Devonian and others' No. 2-A T. B. Duggan, east offset to Ingelright & Fogelson No. 2 Houston, most southerly well in the Duggan pool in Cochran county, flowed 174 barrels of oil in 24 hours through choked tubing for completion at 5,071 feet after treatment with 7,500 gallons of acid. It is in the southwest corner of labor 13, league 55, Oldham county school land. Shell No. 1 Hensley in Yoakum county, in the northeast quarter of section 767-D, John H. Gibson, swabbed 6 1-2 barrels of fluid, mostly oil, hourly from 5,125 feet before being saturated with 2,500 gallons of acid. It is three-quarters of a mile northwest of Wynne No. 1 Clawwater, most northeasterly producer in the Denver field.

Outpost Flows Flowing lightly at a total depth of 5,040 feet, after being swabbed in, Shell No. 1 C. A. Dowden, in the northwest quarter of section 894, promised a three-quarter mile southwest extension of Denver production. One and three-quarter miles farther southwest, Helmerich & Payne No. 1 Ohio-O'Dowd, in the northeast corner of section 988, gauged 3,200,000 cubic feet of gas daily at 4,825 feet and shut down at 4,830 for a control head. More lime slightly porous but 100 per cent saturated and bleeding at intervals was cored between 5,005 and 5,291 feet by Shell No. 1 Roberts, wildcat west of the Denver pool, in the southwest quarter of section 793.

Bond & Hobago No. 1 J. L. West in the southeast corner of section 907, was abandoned at 5,038 feet after showing only a trace of oil with water. It was 1 1-2 miles southwest of the same operators' No. 1 M. M. West, a small discovery well eight miles north of the Denver pool opener, which was shot in mid-week from 5,126 to 5,252 feet and was cleaning out. Gulf No. 1 Dixon, wildcat in section 609, between the Bond & Hobago well and the Bennett pool eight miles to the southeast, pumped 26 barrels of water and no oil in 24 hours at 5,491 feet in lime.

Sinclair-Prairie No. 1 Moss, 2 1-2 miles southwest of the Harper pool in Ector county but separated from it by a dry hole, indicated small production as it cleaned out from a 230-quart shot from 2,890 to 4,110 feet. It is in the southeast quarter of section 40-22-2a-T&P.

New Pay Area Indicated In Haskell Co.

Wildcat Northeast Of Stamford Gets Good Showing

ABILENE, April 30—Opening of new oil pools for southern Haskell county and western Jones county featured a week of important wildcat development in the West Central Texas area as April closed. Most important was the unexpected discovery of commercial production in the Haskell county wildcat, J. W. McMillen of Midland, trustee, and Forest Development corporation of Abilene No. 1 A. E. Pardus, five miles northeast of Stamford and about 12 miles north of the Jones county Avoca field. At the weekend, six-inch casing had been cemented at a total depth of 2,854 feet with 125 sacks, leaving a plug inside the pipe which will be drilled out for gun perforation into the pay horizon.

Prior to setting pipe, the well made a small head into pits showing much gas for about five minutes. A 12-minute drillstem test showed 1,300 feet of oil and 60 feet of drilling fluid in the hole. Samples recovered indicated that top of saturation had been entered at 2,810 feet, but cores were not taken until it had reached 2,835 and at that depth it was cored to the bottom showing continuous saturation and no water. Forest geologists correlated the lime as Adams Branch which has yielded no other pool in this district.

Acresage Deals Most of the acresage near the well had already been taken prior to the strike, but several minor deals were reported toward the end of the week at \$30 to \$40 per acre on lease a mile from the location; royalty sold as high as \$33 per acre base inside the block and near the well.

The well is located 440 feet from the north and west lines of the south half of M. Colium survey No. 4, abstract 685, near the center of a 2,500-acre block assembled by

Forest Development, coredrilled, and turned over to McMillen.

In western Jones county, eight miles northwest of Anson, the Mack Hays and Montour Production company No. 1 Chittenden estate was waiting on tubing to take a 12-hour pumping gauge using spudder after the well showed as a prospective pool discovery from the Swastika sand.

Saturated Zone Sample determination placed top of the saturated zone at 3,004 feet in lime. Heaviest saturation was from that point to 3,014 feet where the formation edged into sand and sandy lime to 3,022 feet, present total depth.

The No. 1 Chittenden drilled into the oil pay with a hole full of water from above. Pipe was lowered to 2,088 feet and the hole dried. Fifteen bailers of oil were recovered and the well was allowed to stand overnight, filling 1,700 feet with oil and showing no water. Owners estimated it at 90 to 100 barrels daily, and considered shot and acid treatment. Tanks were being directed.

It is located near the center of a 2,500-acre block assembled by Mack Hays, Albany and Abilene operator, and is 330 feet out of the southwest corner of Amgrada subdivision 18, L. Kratz survey No. 335.

Commercial production was assured for the Humble Oil & Refining company No. 1 L. N. Irwin, discovery well of a new pool a mile and a half east of the southwestern Jones county Noodle Creek field, when it pumped 73 barrels of oil to 10 of water this week after a cement plug effected an almost complete bottomhole shutoff.

Offset Location Cored into Fisher county lime saturation at 2,500-67 feet, it had initially swabbed 80 per cent water, but it was twice cemented after a spudder was moved in. Plugged back depth is 2,555 feet. Location is a mile west of the town of Noodle, 330 feet out of the southwest corner of section 48-18-T&P survey.

Humble prepared to move the spudder to a diagonal southwest offset location, the No. 1 Riley Horton, staked 330 feet out of the northeast corner of section 40-18-T&P survey. A third test, offset to the west on the L. L. Huddleston farm, is also scheduled for drilling soon before expiration of leases.

The rose was the favorite flower of many of the rulers of Greece and Rome, and was used as a symbol on their banners and shields. Native mostly to the north temperate zone, a few species of roses are found near the Equator and even above the Arctic Circle.

MOTHER'S DAY

MAY 8

Remember Your Mother...

Next Sunday is MOTHER'S DAY, a day that calls for something nicer, something finer and better than the things of everyday. Sons and daughters "remember" with a gift from A.M.F.Co.

For Mother knows that A.M.F.Co. gifts are always the finest. No expense and time being spared in selecting the many items for you. Only outstanding quality, unexcelled craftsmanship and style merchandise are selected for "the sweetest mother in the world."

A gift from A.M.F.Co. is rich in appearance, rich in traditional quality, rich in sentimental value — and coming from you it will give double pleasure — why not see these many gifts now.

More Than 250 Club Women Attend Meet

State President Of H. D. Assn. Makes Talk

More than 250 club women of District Eight of the Texas Home Demonstration association assembled in the city Saturday for a one-day conference and to hear an address made by Mrs. J. L. Morris, Lamesa, president of the Texas association, who spoke on the progress of women in home demonstration work.

Speaking in the morning at the First Baptist church where the entire meeting was held, Mrs. Morris said "when you educate a man, you educate an individual, but educate a woman and you educate the whole family." She related the strides women had made in the world the past few years and encouraged those listening by telling a little story to illustrate that women are accomplishing even more than they think.

17 Counties Here

Seventeen counties were represented with 15 giving reports. The Rev. C. E. Lancaster, pastor of the First Baptist church, opened the session after registration at 10 o'clock with invocation, Mrs. O. N. Green, chairman of the Howard County Home Demonstration council, gave the welcome address and Mrs. Will Janek of Tom Green county responded.

Little Miss Alice Fay Dorsey, president of the Coahoma 4-H club, gave a report on the girls' district show held in Big Spring last fall. Following lunch served in the basement, Mrs. S. T. Johnson led the group in songs. In the afternoon Miss Helen Swift, organization specialist, College Station, spoke on the advance made in home farming. She said home demonstration workers were helping to put culture in agriculture.

Marie Duff, Dawson county, gave a report of a girls' rally held there and a round table discussion was held on "The Good Neighbor Program." The entire meeting was presided over by Mrs. G. F. Thorp, Lamesa, vice president of the district. Near the close of the meeting she gave a brief talk.

The meeting closed with the audience repeating the club pledge. A resolution committee composed of Mrs. Duke Lipscomb, delegate of Howard county, Mrs. Jenek, Tom Green county, and Mrs. Wyatt Richards, El Paso, submitted a resolution to the delegation thanking the Howard county association for its hospitality and expressed appreciation to church members for use of the building. Mrs. Clyde Edmondson, Dawson county, was the official secretary during the conference. Miss Ruth Tompсон, district home demonstration agent, College Station, was also a special guest.

County agents here were Lora Farnsworth, host agent, Margaret Stewart, Schleicher; Dyora Crowder, Tom Green; Joellen Vannoy and Jewell Hipp, Fisher; Christine Czako and Virena Stinson, Nolan; Estella Rabel, Scurry; Mattie Phe-nix, Dawson; Mrs. Elsie Glickerson, Martin; Mrs. Laura Hollingsworth, Midland; Annabel Titus, Hudspeth; Irma Sealy, El Paso; Mamie Pryor, Pecos; Elizabeth Parker, Gaines; and Vera Crippen, Mitchell.

HOME DEMONSTRATION LEADERS

Mrs. O. N. Green, left, chairman of the Howard County Home Demonstration council, and Mrs. Duke Lipscomb, chairman of the County Reporters association, who officially represented club women of the county at the Sixth District meeting of the Texas Home Demonstration association held here Saturday.

Nursery Open To Visitors

Women Of Big Spring Observe Special Week

May 17 is National Baby week—Monday is Child Health Day—and Big Spring women are planning to do something about it. The Church Federation is sponsoring open house of the Big Spring WPA Nursery every day next week from 9 o'clock to 3 o'clock and extends the public a cordial invitation to visit the school which serves more than fifty pre-school children from the standpoint of mental, physical and social development.

In progress here since 1935 under the sponsorship of the school board, the nursery was moved recently to the West side of town at Fifth and San Antonio streets and is the only school in the state that has permanent quarters. Children from 3 to 5 years of age are taught the simple rules of health, given balanced meals and learn to get along harmoniously with their playmates. They arrive at 8:30 o'clock in the morning and are bathed, dressed and directed in play. At noon they are given a balanced meal they take a nap in the afternoon and go home at 3 o'clock.

Entertain 5 Days

The school is in session Monday through Friday and open house is to be held all five days. Various auxiliaries in town and three members of the nursery school Mothers' Club are to serve as hostesses during the week. The First Christian council is to be hostess Monday; St. Mary's Episcopal, Tuesday; First Methodist and Wesley Memorial, Wednesday; Jewish Sisterhood, Thursday, and Presbyterian, Friday.

Hostess

Women from the Christian council to act as hostess Monday morning are Mrs. J. H. Grey, Mrs. C. A. Murdock, Mrs. T. E. Baker, Mrs. W. K. Baxter, Mrs. Cliff Wiley and Mrs. J. G. Coldiron. In the afternoon, Mrs. Roy Carter, Mrs. George Hull, Mrs. W. M. Taylor, Mrs. Glass Glenn, Mrs. J. H. Stiff and Mrs. G. C. Schuman. Members of the Mothers' club to serve will be Mrs. D. F. Watson, Mrs. E. Canada and Mrs. A. A. Chapman. Episcopal hostess for Tuesday will be Mrs. D. O. Jones, Mrs. John Clarke, Mrs. George Garrette, Mrs. Shine Philips, Mrs. Carl Blom-field, Mrs. E. V. Spence, Mrs. M. K. House, Mrs. Lee Hanson, Mrs. Seth Parsons, Mrs. T. C. Thomas, Mrs. Van Gleason and Mrs. H. W. Wooten. Mothers are Mrs. C. R. Bird, Mrs. E. M. Wooten and Mrs. Robert Wooten.

Wednesday the Methodist women are to be in charge and they have arranged the hostess according to hours: Mrs. E. M. Conley and Mrs. N. W. McCleskey, 9-10; Mrs. V. H. Flewollen and Mrs. W. A. Miller, 10-11; Mrs. W. D. McDonald and Mrs. Fox Stripling, 11-12; Mrs. L. S. McIntosh, Mrs. B. C. Verner and Mrs. Plunkett, 12-1; Mrs. C. E. Shive and Mrs. Clyde Waitz, Sr., 1-2; Mrs. Robert Hill and Mrs. G. S. True, 1-3. Members of the Wesley Memorial will be assistant hostess as well as Mrs. Henry Richbourg, Mrs. E. Hall and Mrs. Una Jones of the Mothers' club.

Other Hostess

Mrs. Joye Fisher, Mrs. Max Jacobs, Mrs. Bernard Fisher, Mrs. M. Prager, Mrs. Julius Eckhaus and Mrs. Vic Mellinger are to be the hostess Thursday for the Jewish Sisterhood. They will be assisted by Mrs. L. D. Adams, Mrs. U. Gibbs and Mrs. L. W. Wright. Presbyterian women to serve Friday are Mrs. Raymond Dunagan, Mrs. W. G. Wilson, Jr., Mrs. Emory Duff and Mrs. S. E. Gibson. Mothers' club members will be Mrs. Annie Newman, Mrs. E. E. Huitt and Mrs. John Wright.

M. D. Collins of Dallas is a week-end guest of his father, Dr. T. M. Collins.

Approaching Marriage Of Rector Is Announced

BRIDE-ELECT OF P. W. HENCKELL

Miss Lou Heyes of Colorado, daughter of Archdeacon and Mrs. J. W. Heyes, whose approaching marriage to the Rev.

P. Walter Henckell, rector of St. Mary's Episcopal church of Big Spring, was announced last week.

Lou Heyes Named Bride-Elect Of P. Walter Henckell

COLORADO, April 30.—An approaching marriage of wide interest in West Texas became known this week when Archdeacon and Mrs. J. W. Heyes of Colorado announced the engagement of their daughter, Lou, to the Rev. P. Walter Henckell, rector of St. Mary's Episcopal church in Big Spring. Archdeacon Heyes, father of the bride-to-be, is rector of All Saints Episcopal church in Colorado and also serves Episcopal churches at Coleman, Sweetwater, Stamford, and other points. Miss Heyes is the younger daughter of Archdeacon and Mrs. Heyes. She was born in Ellsworth, Maine, and was reared in North Carolina and Alabama, being graduated from high school in Greensboro, Ala.

She came to Colorado with her parents from Greensboro in November, 1937, when her father succeeded the Rev. Alex B. Hanson as rector of All Saints'. He was made an archdeacon of the North Texas Episcopal diocese soon after coming here.

The Rev. Mr. Henckell was born and reared in Birmingham, Ala., being the son of Mrs. Carl Henckell and the late Rev. Dr. Carl Henckell of Birmingham. Dr. Henckell established and built Grace Episcopal church in Woodlawn, a suburb of Birmingham.

After attending high school in Birmingham and receiving his A. B. degree from Birmingham Southern college, the Rev. Mr. Henckell did work for his B. D. degree in Virginia Seminary at Alexandria, Va. He came to Texas as a missionary clergyman under the Rev. E. Cecil Seaman of Amarillo, bishop of the North Texas diocese. He was made rector at St. Mary's at Big Spring four years ago.

Present plans are for the wedding to take place in Grace church at Woodlawn, Birmingham, early in August.

District Executive Board Meets Here For Luncheon And Business

Mrs. J. J. Strickland, president of the Eighth District Executive Board of the First Baptist W. M. U., was hostess to a semi-annual luncheon and business session of the board at her home Friday.

The serving table was attractively decorated with pink larkspur flanked by pink tapers in crystal holders. The hostess was assisted in serving by Mrs. Cleo Cienert and Miss Imogene Lay.

In the business session plans were made for a mission study institute to be held in Colorado June 16 and here June 17 under the direction of Mrs. R. L. Brown, state chairman of mission study, College Station. The board also discussed a Y. W. A. house party to take place some time in July.

Devotional was led by Mrs. K. S. Beckett, reports heard from the various chairmen and associational reports given by Mrs. Paul Moss of Odessa, Mrs. O. C. Speck of Lamesa and Mrs. J. M. Byrd of Colorado.

Members present were Mrs. A. B. Heffernan, chairman of the Margaret Fund, and Mrs. Speck, district secretary, Lamesa; Mrs. Moss, president of the Big Spring Associational auxiliary, Mrs. Ben Nutter, corresponding secretary and treasurer of Big Spring association, and Mrs. N. W. Pitt, district mission study chairman, Odessa; Mrs. Byrd, president of the Mitchell-Scurry association, and Mrs. T. A. Patterson, district young people's leader, Colorado; Mrs. J. C. Douglas, chairman of Methods and Finance; Mrs. Beckett, chairman of Benevolence, and Mrs. B. Reagan, president of the local auxiliary, all of Big Spring.

Chattergrams

By Jeane Suits

I'm fed up to here on all this tripe that's been going through the country the past few years—on the radio, in newspaper columns, magazines and books—on what makes a wallflower always a wallflower. Everytime you turn a dial or page, up pops an avalanche of reasons for unpopularity and if a girl were to take it all seriously her life would be an interminable nightmare. One feminine writer read so much of the stuff that she actually got to believing it and set out to console inevitable lonely hearts by writing a book on "How To Live Alone and Like It."

Everything from runs in the stockings to red noses and pink toothbrushes have been listed as causes for wallflowers flourishing—all reasons for never being asked the second time. And recently I read several noted orchestra leaders' ideas about why some girls were never asked to dine and dance the second time. A few mentioned included the danger of who clings tenaciously to her partner; the shoulder-leaner who leaves evidence of her relaxation on the dinner coat; the girl who burdens her escort with a vanity or enormous purse; and the worst yet—the one who goes in for ostentatious display of the volume of her lungs and laughs boisterously—yes, to the point of embarrassing the young man. Which is all well and good

Clever Maytime Banquet Held By Church Group

Young People Of First Baptist Are Entertained

A clever Maytime banquet was held Friday evening in the ballroom of the Crawford hotel for the young people's department of the First Baptist church.

The Maytime theme was carried out with Maypoles in the center of three tables. Pastel streamers radiated from the poles to each plate and was attached to Maytime baskets which were the programs. Favors were nutcrups filled with colorful mints and wrapped in cellophane.

Jack Smith Presides

Jack Smith, toastmaster, presided over an interesting program consisting of a reading, "Mustard Plaster," by Doris Cassel and a song, "One Rose," by Orville Bryant accompanied by the piano by Miss Lillian Shick. Bill Taggart gave a talk "Johnny Jump Up," and Mrs. Gene Acuff sang "Maytime" with Mrs. Bruce Frazier at the piano. The Rev. J. J. Strickland chose as his subject for the evening, "May Pop."

Guest list was made up of Mr. and Mrs. Jack Smith, Mrs. Mary Ola Smith, the Rev. and Mrs. J. J. Strickland, Bill Taggart, the Rev. C. E. Lancaster, Mr. and Mrs. T. B. Mallicote, Mr. and Mrs. Joe Pickle, Mr. and Mrs. Lindy Lauder milk, Tillman Bryant, Joe Lassiter, Mr. and Mrs. Orville Bryant, Mr. and Mrs. Gene Acuff, Mrs. Frazier, Opal Douglas, Lillian Shick, Mr. and Mrs. Lonnie Coker, Mr. and Mrs. Cecil Reid, Mrs. Ed Smith, Mrs. W. C. Blankenship, Mr. and Mrs. Marvin Trussell, Dr. and Mrs. Frank Boyle and Doris Cassel.

Dorcas Members Are Entertained With Monthly Social

Mrs. Annie Beasley and Mrs. W. C. Blankenship entertained the Dorcas Sunday school class of the First Baptist church with a monthly social and business session Friday afternoon at the Blankenship home.

During the business session Agt. T. J. A. Robinson presided in the absence of the president and Mrs. R. C. Hatch read the minutes. Mrs. Willie Clois gave the devotional and Mrs. Robinson read a poem dedicating it to Mrs. C. W. Willis, beloved member of the class.

Mrs. Blankenship was assisted in serving refreshments by her daughter, Joyce, to Mrs. J. B. Harding, Mrs. Lowell, Mrs. Mary Elmhann, Mrs. D. C. Maupin, Mrs. Clois, Mrs. F. C. Bennett, Mrs. Hatch, Mrs. A. P. Clayton, Myrtle Stamps and Mrs. Beasley.

Aviation Drama Of Top Rank, 'Test Pilot', Offered At The Ritz Today And Monday

Gable, Loy And Tracy In Featured Roles

M-G-M's "Test Pilot" in introducing every type of modern commercial and military aircraft, brings to the screen what is said to be the greatest picture of its kind since the memorial "Wings" ushered the industry onto the screen 11 years ago. The Victor Fleming directed picture gives to the cinema going public an outstanding interpretation of the dangerous lives that the little publicized "guinea pigs" of aviation live. The picture is at the Ritz today and Monday.

A cast headed by Clark Gable, Spencer Tracy and Myrna Loy also boasts Lionel Barrymore, Marjorie Main, Ted Pearson, Gloria Holden, Samuel S. Hinds, Louis Jean Heydt, Priscilla Lawson, Claudia Coleman and Arthur Aylesworth.

The story, as the title suggests, is dedicated to the test pilot, the man who gambles his life against the accuracy of an airplane designer's dream. The heroes of aviation are spotlighted as they risk their lives to secure the safety of generations of the future.

The plot is a simple relation of what happens to workers in the game. It takes Gable, playing the most daring and the most successful of all, shows him trying to crack a transcontinental speed record only to land with motor trouble on a Kansas farm. There he meets Myrna Loy, the simple country girl, marries her, and entangles her in the mess of his life which consists of countless bouts with death and roller coaster flights with boom companions.

Spencer Tracy, faithful friend and mechanic, is prominently seen. His untimely end brings Gable to stark realization of the dangerous job for he dies in Gable's own plane.

Lionel Barrymore, playing a typical "old man" as an aircraft manufacturer for whom Gable works, insists that the pilot give up test flying and rejoin the army. Flying scenes for the picture were filmed on the ports throughout Southern California, including Metropolitan and Union Air Terminal at Los Angeles, Lindbergh field at San Diego and March field, the army post, near Riverside.

Authenticity and realism were insured with the inclusion of army flying scenes. The giant new army bombers, only recently perfected, are seen during the run of the film.

Lieutenant-Commander Frank Weed wrote the original story and sided with the technical sciences.

Mrs. Ben Cole and son, Ben, Jr., left Saturday for Terrell, where they will spend several weeks visiting friends and relatives. They were accompanied as far as Dallas by Mrs. E. E. Franklin, who will spend some time with relatives and friends at Bonham.

Mr. and Mrs. C. E. Talbot are guests of their daughter in Arkadelphia, Ark., for several weeks.

TOP STARS IN A TOP PICTURE

Three stars who must be ranked at the top of any list of Hollywood luminaries are Clark Gable, Myrna Loy and Spencer Tracy. Metro-Goldwyn-Mayer has put all three in a picture which has been generally acclaimed as one of the really "big" productions. They, of course help make it that way. The picture is "Test Pilot," one of the aviation dramas which is at the Ritz today and Monday.

'Test Pilot' Showing Expected To Spur Interest In Essay Contest; Trips To Hollywood Are Prizes

Showing at the Ritz here today and Monday of the aviation drama, "Test Pilot," is expected to stimulate interest in the essay contest being staged in connection with the film. Two all-expense-paid trips to Hollywood are being offered winners in the national contest, and three winners in the Ritz local event will receive awards.

Writer of the first-place essay here—and this one will be submitted in the national competition—will receive a 12 1/2 inch silver trophy, a handsome standard on which is mounted a seven-inch plane. Second place award will be a \$3 book of tickets to the Ritz, and \$2.50 will be given the third place winner.

The winners in the national competition will be given free trips by plane to Hollywood and the M-G-M studios for a meeting with Clark Gable, one of the stars of "Test Pilot." Third prize in the national competition will be a \$250 custom-built pilot radio.

The subject of the competitive essay is "WHAT DO YOU THINK OF THE AIRPLANE AS A MEANS OF NATIONAL DEFENSE?" and the rules of the contest are simple:

It is open to anyone, anywhere, men and women, boys and girls. The essay must be between 200

Gay Comedy Returns To The Lyric

Lombard And March Furnish Laughs In 'Nothing Sacred'

Some of the best fun to be had out of the movies this season is that provided in "Nothing Sacred," a laugh-opus which makes its way back here Sunday and Monday with showings at the Lyric theatre. Heading its cast are Carole Lombard, the busy blonde who holds first rank as a dizzy comedienne, and Fredric March, who demonstrates that he's all right, too, in a light affair.

Done in Technicolor, "Nothing Sacred" is just what its name implies. New York is made the target of some good satire, and all traditions that the big town upholds come in for a great deal of kidding. Miss Lombard and March let themselves go in a fast-moving story that is built for laughs in every sequence and in all dialogue. Two able funsters are in the supporting cast, Charles Winninger and Walter Connolly.

The story tells how the great Manhattan takes to its heart a poor little girl from New England, a girl reputedly slowly dying of radium poisoning. Now what could be nobler for New York than to give this girl her every desire when tragedy is so near? New York goes noble. The customers appreciate it all the more when they find out—that as New York doesn't—that the young lady isn't suffering radium poisoning at all. That leaves her on the well-known spot, and how she—and her boy friend, beat the dilemma makes for the picture's hilarious climax.

March appears as the reporter of a New York paper which learns of Miss Lombard's supposed plight. He is assigned to her case when she reaches Manhattan, complicates matters further by falling in love with her. Winninger is the country doctor who made the error in diagnosis, then tries to straighten matters out. Connolly is a managing editor who has his hands full in trying to keep reporters on the straight and narrow.

Politicking Begins In Earnest On The Texas Tech College Campus

By NANCY PHILLIPS

Lubbock, April 30—"Politicking" has begun in earnest on the Tech campus as election of student proxy and other high officers has begun. The campaigns have already become quite hot and on the surface the races seem to be fairly evenly divided between the two candidates. It's dangerous and risky to prophesy what the outcome will be.

Tonight an "all College Dance" took place in the gym. It was sponsored by the girls' social clubs and the profits will go into the book benefit fund which will lend out books to those who cannot afford to buy them.

Not only the professor is absent minded these days. A student desired to check out the book "Lamb in His Bosom," by Caroline Miller. By the time the student reached the library he had forgotten the title but the thought remained so he asked for "Sheep in His Chest." Still another coed made out a slip for the book by "Ma Fessant." It was found that what she really desired was a book containing stories of French life by Maupassant. Worse still was the careless boy who returned his own personal volume of "101 Ways to Mix Drinks" instead of a library book. It is the custom of one boarding house for each person to carry his dishes to the kitchen to after finishing the meal. One young fellow frequently carried his upstairs to his bedroom instead. A co-ed, pressed for time, took it with her. On the way to school she discovered that she was carrying the alarm clock. Then, of course, there's always the one about the student who put a match in his mouth and tries to strike the cigarette.

Mr. and Mrs. Pete Johnson, who have been visiting friends and relatives in Dallas, have returned home.

TROUBLE ON THE HIGHWAYS

Lloyd Nolan and Mary Carlisle are shown here in a scene from "Tip Off Girls," a drama of crime and the hijacking rackets which headlines the Queen theatre's program for Sunday and Monday.

Swimming Pool And Park Opening On KBST Today; Broadcast Of Baseball To Be Discontinued

When the swimming pool is formally opened for the season today at the city park, KBST microphone will be on hand to present a word-picture of the proceedings to radio listeners.

Broadcast of the program by remote control lines will begin at 2:30. The opening will feature the Big Spring high school band which will furnish music for the occasion. Speakers will be heard as they are presented to the audience.

Baseball games played in Big Spring will not be broadcast in the future as previously announced. Said a statement issued Saturday by the KBST management:

"Because operators of the local baseball franchise feel that perhaps broadcasts of games played here cut the attendance, KBST has cheerfully agreed to discontinue them.

"At the start of the season we felt that broadcasting the baseball games would be a distinct service not only to the public but to the franchise holders as well and permission for the broadcasts was readily given. While the experience of high schools and colleges generally has been that broadcasting builds attendance at football games, KBST is anxious to do nothing that would decrease attendance. This station feels that the baseball franchise holders should be given every support and for that reason has decided to discontinue broadcasting on the chance that attendance might be increased."

Crime Story Is Featured At Queen

Lloyd Nolan, Mary Carlisle Seen In 'Tip Off Girls'

Another version of the crime and gangster photoplay is offered as the headline on the Queen program for today and Monday. The piece, which stresses the feminine angle in the cops-and-robbers activities, is called "Tip Off Girls."

Lloyd Nolan, at home in the crime stories, Mary Carlisle, and J. Carroll Naish have the featured roles. Naish is that fellow the fans like to hate, one who has probably portrayed more gangster roles than any player in the cinema capital.

"Tip Off Girls" tells the story of hi-jackers on the highway, depicting how traffic holdups are developed into a big business. The robber barons who buck both business and the law find themselves in the end, however, in the toils of the law. There are girls who play a part in such crime and who play a part in tracking down the criminals. These girls are portrayed, too, in the Queen film.

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all churches of the Christian Science denomination. The Golden Text is: "Have I any pleasure at all that the wicked should die? saith the Lord God; and not that he should return from his ways, and live?" (Ezekiel 18:23).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He taketh the wise in their own craftiness: an dthe counsel of the forward is carried headlong." (Job 5:13).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Truth bestows no pardon upon error, but wipes it out in the most effectual manner." (page 11).

READING AND WRITING

A Novel for Each Day Next Week
Sunday: "Run, Masked" is Robb White's fast, rather violent story of life and passion and such on a Caribbean island, coming to a climax in a day of carnival in which many people get what they want, and some get what they don't want. (Knopf; \$2.50).
Monday: Philip Gibbs is at his least engaging for this reader, when he writes propaganda novels—and he is always doing that. "Great Argument" is a peace novel, full of Gibbian talk and people who are Symbols. People are always such obvious symbols to Sir Philip. (Doubleday; \$2.50).
Tuesday: If you persist until you get over the hump of historical background and whatnot at the

beginning of Frank O. Hough's "Renown," you'll probably not stop to the end. It is a fictional "recreation" of Benedict Arnold's career, well studied and convincing. (Carrick & Evans; \$2.50).
Wednesday: Marjorie Kinnan Rawlings has done another novel about the inland people of Florida, about the Baxters to be explicit, and the people around the Baxters and especially the animals which surround them. The book has understanding and its color is authentic. It is given unity by the fact that the reader passes through one year, a complete cycle of life with the Baxters. She calls it "The Yearling." (Scribners; \$2.50).
Thursday: W. R. Burnett has gone to the Kansas-Missouri border conflicts for the background of "The Dark Command," his new novel. The book is short, compactly written and combines exactness of character drawing rather remarkably with action of the more violent sort. Middle westerners

will be especially amused by certain pages. (Knopf; \$2.50).
Friday: "Father Coldstream" is Julian Duguid's latest. It is called a historical novel and set in the Paraguay jungle as it was in the 18th century and may be today. If you liked "Green Hell," you'll find the same steaming atmosphere in this book. (Appleton - Century; \$2.50).
Saturday: "Each One Was Alone," by Donald Barr Chidsey, is the dire tale of what happened to five stranded people on a Pacific island; it's more amusing than this old idea seems likely to be. (Knopf; \$2.50).

Chatter
(Continued from Page 1)
my little baton wielders, but there are also reasons why girls never go the second time asked.
If you call up a gal a few nights or even weeks after the first venture and she politely but emphatically says she has another engagement or feels it necessary to stay with Aunt Susie, an old maid who is alone, you'd better look out. It's probably because the first time you made a date for 8 o'clock and called at 9 o'clock. (If there's any waiting to be done, you'd better do it.)
Or maybe you wore a striped shirt, got higher than a kite on a windy day, and ordered a hamburger steak. What do you think her friends thought of that? You neglected to help her find a chair at the table, (they're really awfully

hard for the average girl to locate the way they so neatly tuck her under the table) shoveled your food like a farmer pitching hay from a wagon to the left, and haggled over the check. You might have been too insistent about a good night kiss when you left her at the door, and there are dozens of other ways you could have made yourself unpopular. Is there any wonder your nickel came to no good and the second time you called?
Auxiliary Meeting
There will be a called meeting of the American Legion Auxiliary Tuesday evening at the home of Mrs. L. E. Jobs at 7:30 o'clock.
Mr. and Mrs. F. G. Moor of Walla Walla, Wash., are expected to arrive this weekend for a visit with their daughter, Mrs. Ray Lawrence.

Woman of the Week Ann Mergen: Drawing-Board Crusader

By The AP Feature Service

The only woman in the country who holds down a job as regular editorial cartoonist of a metropolitan newspaper, as far as she knows, is a pretty Miami, Fla., housewife with blue eyes, black hair and freckles. But Ann Mergen, of "The Miami Daily News," dislikes housework. She'd rather shut herself up in her den at home—where she does all her work—and draw Mars and Mussolini, Uncle Sam, the British lion or the World making a wry face. Best of all she likes to satirize city politics and the paper runs her cartoons on the front page sometimes during campaigns instead of their usual daily position on the editorial page.

Ann Mergen

About five years ago Mrs. Mergen decided she wanted to draw, virtually taught herself and got a job in the advertising department of a department store. That work put her in contact with newspapers, and she started to do fashion drawings for them. The work only came during the winter, however, and she noticed the cartoons were used the year round. So she applied her Irish wit to that field and found she liked it better than fashions. She still does some free-lance commercial drawing for the stores.

At first her cartoons were contributed spasmodically but in 1936 she was hired as regular cartoonist. When she started, she said, it took her a day to turn out a cartoon. Now she does it in about two hours. All her ideas are her own.

Her husband, Frank, is a utility company clerk. They have no children.

Lemons and limes do not fall under the regulations because they do not harbor the pest.

States which had embargoed valley citrus for fear of spread of the Mexican fruit fly menace removed restrictions when quarantine was imposed to provide inspections and pest free periods each summer.

The pest free period beginning at midnight, during which time no ripe fruit may be left on the tree, will last until October.

Mr. and Mrs. Calvin Boykin and daughter, Joan, left Thursday for Temple, where Mr. Boykin was admitted to the Scott & White clinic to undergo treatment.

New Motor 'Vitalizer' Installed

Modern Piece Of Equipment At Lone Star Chevrolet

Convinced that its popularity will justify the heavy expenditure necessary to install it, Lone Star Chevrolet company has added a motor "vitalizer" to its list of mechanical equipment.

The vitalizer, first of its kind to be installed in this territory, is designed to give a thorough internal wash to the interior of a motor. By removing foreign matters from the working parts of the engine, its life is prolonged.

Automobiles are driven on the rack, oil drained and the line from the vitalizer attached to the crank case of the engine. Pressure pumps then fill the motor to its normal oil level. The engine is started and run for a few minutes, then halted. Again the pumps are thrown into action, drawing off the cleaning oil.

Through a glass bulb the dirt and impurities drawn from the engine may be seen. When the cleaning oil is removed from the motor, the procedure is repeated—again and again until the oil returning is as pure as it is when it enters the motor.

Oil returning from the motor is deposited in a filter container and is cleaned through 150 pounds of Fuller's earth, and used again.

Every car that is given the treatment gets at least 50 quarts of cleaning oil passed through its motor and some require two and three times that much.

The procedure, said Cliff Wiley, manager, leaves the motor like new.

Big Spring Couple To Take Marriage Vows This Morning

Miss Frances Satterwhite, daughter of Mrs. Lula Satterwhite of Big Spring, will become the bride of Tommie Reeves this morning at 8 o'clock at the home of Mr. and Mrs. W. B. Satterwhite, 1206 Nolan, in a ceremony read before a flower banked fireplace by the Rev. W. G. Garnett, pastor of the East 4th Baptist church.

The bride-elect is to wear a beige suit with British tan trim and a corsage of gardenias. Mr. and Mrs. Kyle Gray are to be the attendants.

Reeves is the son of Jimmie Reeves of Big Spring and is employed by the Kyle Gray Trucking company. He was graduated from Big Spring high school in 1936 and Miss Satterwhite in 1937. She is working in the credit department of Montgomery Ward.

Wedding guests will include Mr. and Mrs. A. F. Woods and children, Mr. and Mrs. R. E. Satterwhite, Mr. and Mrs. Glenn Harris, Frances Hurley, Ray McCullough and Mr. and Mrs. W. S. Satterwhite, brother of Miss Satterwhite. The couple will be at home with her mother at 206 Golland.

Temperance Union Meets At The East 4th Baptist

Women's Temperance Union met recently at the East Fourth Baptist church with Mrs. S. E. Early in charge of the program on missions. Mrs. Anall Lynne spoke on "Good Neighbor".

The union decided to present a sunshine box to an invalid who lives in the first house west of the Baptist church in the valley. Anyone wishing to contribute to the box may do so by calling 591. All of the members present promised to be responsible for five visitors at the next meeting.

Senior P-T-A To Have Final Meeting Tuesday

Final meeting of the Senior High School P.T.A. is to be held Tuesday afternoon at 8:30 o'clock in the library for installation of new officers, observance of National Music Week, and social hour. Joe Faucett is to talk on "World Goodwill" and several selections will be heard from the school choral club. Following a social hour, refreshments are to be served. All members are urged to attend this last meeting.

CITRUS QUARANTINE GOES INTO EFFECT

WESLACO, April 30 (AP)—Paul A. Holdale, quarantine service inspector, said today quarantine regulations for the Rio Grande valley would go into effect at midnight, prohibiting shipment of grapefruit or oranges picked after the deadline.

States which had embargoed valley citrus for fear of spread of the Mexican fruit fly menace removed restrictions when quarantine was imposed to provide inspections and pest free periods each summer.

The pest free period beginning at midnight, during which time no ripe fruit may be left on the tree, will last until October.

Lemons and limes do not fall under the regulations because they do not harbor the pest.

Judge Irked When Writ Set Aside

**Kirby Says He May
Run For Governor
In Cause Of Justice**

QROESBECK, April 30 (AP)—District Judge H. Fountain Kirby, critical of the action taken to set aside an injunction he granted which would have delayed further the execution of John W. Vaughn, said today he may run for governor "in order that justice may be done."

The picturesque jurist was undecided whether he would institute contempt proceedings. Vaughn, granted a week's reprieve after electrical equipment in the death chamber failed, died last night for the slaying of a San Antonio policeman.

District Judge W. W. McCrory of San Antonio last night set aside Judge Kirby's injunction, holding the Groesbeck judge had no jurisdiction. Judge Kirby's injunction

had restrained the execution until a sanity hearing could be held. Regarding the action, Judge Kirby said:

"When it reaches the place where a district judge grants an order upon a proper application that a condemned man be given a hearing to determine whether or not he is insane as provided by the laws of this state and the governor orders another district judge to dissolve the writ without a hearing and the accused is executed, it is high time that there would be a governor elected who will accord every person a fair and impartial hearing in order that justice may be done."

"I may be a candidate myself. As to whether or not an application will be filed to hold anyone for contempt of this court, I do not at this time know."

"SEEING IS BELIEVING"

The Lone Star Chevrolet announces the installation of the Latest and Most Modern Piece of Automotive Equipment for the Motoring Public Known as the Graco Motor Vitalize, or an Internal Complete Motor Wash, using a minimum of FIFTY quarts of SPECIAL flushing oil to remove all MUCK, GRIME, SAND, GRIT, and OTHER FOREIGN MATTER THAT IS IN YOUR MOTOR OR CRANK CASE.

ONE of the most important factors of your motor, REGARDLESS OF THE MAKE OF YOUR CAR, is keeping the internal parts of your motor THOROUGHLY LUBRICATED AND CLEANED. With this new modern operation we clean bearings, crank shaft, connecting rods, piston, pins, and frees piston rings. In fact it cleans the oil pump, oil pump screen and oil lines. It completely cleans the inside of your motor from the oil pan to the top of the cylinder walls. This service cost you ONLY \$1.50 plus the motor oil that is necessary to put back into your motor. "SEEING IS BELIEVING." If we do not show you muck, grime, sand, grit, and foreign matter removed from your car this operation will be absolutely FREE.

We will be glad to call for and deliver your car.

MARKETS Stock Prices Show Little Change In A Dull Session

NEW YORK, April 30 (AP)—Stocks muddled through the second slowest market session in 30 years today and price changes generally were regarded as meaningless.

A handful of rails and specialties managed to emerge with minor advances, but small losers were plentiful and numerous issues were at the closing levels of Friday.

The turnover for the 2-hour proceedings amounted to 147,770 shares against 410,950 last Saturday. There has been only one lesser volume since 1913, and that aggregated some 113,000 shares on Sept. 1, 1924.

The Associated Press average of 60 stocks was unchanged at 38.2 on the week this composite was down 2.2 points.

Bonds were quiet but some rails did better. Commodities were mixed.

Sales, closing price and net change of the fifteen most active stocks today:

NEW YORK COTTON

NEW YORK, April 30 (AP)—Cotton moved irregularly today but the tone held steady. July advanced from 8 7/8 to 8 7/8 and closed at the high, with final quotations 1 to 4 points net higher.

The market opened with easier Liverpool cables and light foreign selling balanced by trade buying and small domestic offerings. In mid-session prices dipped a few points under July liquidation and local selling. Week-end covering developed in the late trading, when additional offerings failed to appear.

CHICAGO GRAIN

CHICAGO, April 30 (AP)—After dipping to new four-year low levels, wheat prices rallied about a cent to close at net gains ranging from 1-8 to 5-8 cents compared with Friday's finish.

Short covering prompted by a belief the market had been well liquidated for the time being and buying stimulated by references in two private crop surveys of increased abandonment in Texas and Oklahoma helped the recovery of prices.

At the close May wheat was quoted at 79 1-4 to 3-8, July 79 to 79 1-8, September 79 7-8 to 80; corn was 1-8 to 1-2 lower, May 58 to 58 1-8, July 59 5-8 to 3-4, September 60 7-8 to 61, oats 3-4 to 1 1-2 higher, May 28 1-2 to 5-8; rye 1 1-8 up, May

FIGHTING FLAMES AFTER CROSSING CRASH

Trainmen frantically fought flames that threatened to destroy their train in Chicago. The fire, which followed a collision with an automobile transport truck on a crossing, was fed by spilled gasoline. Wreckage of the truck can be seen jammed against one of the coaches.

58 3-4; provisions unchanged to 17 lower.

New Cleaning Shop Opens

All New Equipment
At Crawford Ho-
tel Cleaners

In a formal opening Monday, Big Spring's newest business establishment makes its bow to the public. It is the Crawford Hotel Cleaners, cleaning and tailoring firm located on the Scurry street side of the Crawford hotel first floor.

The manager is G. C. Potts, well known in Big Spring. He has resided here for 10 years, operating cleaning shops, and his experience in the cleaning and tailoring business dates back 27 years. He recently acquired the Crawford space, and has purchased complete

ly new machinery for the entire shop.

Associated with Potts are T. B. Strong, head of the cleaning department; Mrs. Strong, finisher; Mrs. Nina Cauthen, cashier; and Phil Stone, head of the tailoring department. Stone, bench tailor of wide experience, will specialize in measuring for suits.

The Crawford Hotel shop features the new cleaning principle called "Sec," which provides, Potts says, faster and more efficient service, with greater clothes protection. "We ask only that this method of cleaning be given a trial," he said, "and we believe that patrons will see at once its superiority."

Equipment in the Crawford Hotel shop, representing a considerable investment, is all of the most modern type, Potts said. He reported he thoroughly studied the equipment market before placing orders for the makes he believed to be the best.

SINCE KNIGHTHOOD WAS IN FLOWER...

A GRADUATION GIFT

Steeped in the romance of the ages

IN THE HEROIC DAYS of chivalry and knight-errantry, a girl's hope chest was built by the most skilled cabinetmaker the family purse could afford. Weeks, sometimes months, were taken by this combined artist, designer, carver, and finisher to build the chest.

And the girl, taught to sew, to spin, to weave, took years to fill her hope chest with precious things for that happy day when she would start a home of her own.

Today LANE, the glorified modern hope chest, brings the hope chest to its richest significance. More beautiful than those of any other age, the LANE Hope Chest provides absolute moth protection and features found in no other cedar chest. Parents, brothers, sisters—come in and see this ideal gift.

LANE HOPE CHEST

THE LANE ALICE FAYE CHEST

Center panel is 4-piece matched Oriental wood flanked by 3-piece matched swordwood American black walnut end panels. Marquetry inlay of satinwood and mahogany, bordered with ebony, divides the panels. Top is A-matched black walnut with rounded waterfall effect. Hand-rubbed to a beautiful satin finish. Equipped with Lane Automatic Tray.
