

# EASTLAND TELEGRAM

TIME 90, NUMBER 104

EASTLAND, TEXAS 76448 — THURSDAY, DECEMBER 29, 1966

TEN CENTS (10c)

## idBITS

By H.V.O.

J. H. CATON, one of the favorite persons, celebrated his 58th birthday. A samil man in Dr. Caton is a giant comes to concern for people. He's just a heart. After practicing Eastland for about 30 years, he retired some ten years ago, and has only returned to give up one of his favorite interests—that being RRotary. Would be surprised to learn that he helped picked that motto: "We serve." Visiting and his birthday brother, Dr. and Mrs. Caton of McAllen.

BEEN a busy week for Robertson Jr., graduate and son of Robertson here, as he is made for a Bowl event in a weekend. He's a competitor with the Methodist University Band ("The best in the land," and I should have picked up his from the cleanest host for the class—Alabama U. grid du—accompanying half—ties, Floyd is busy the routine, and the music down just help accompany the Messagerettes in their names. The Cotton trusts the youths well, down up in a motel, practice time, and a party in their honor. Year's Eve, but will be busy that night, with his combo, so is the party.

IN the mail received the Texas Fine Commission is under a noteworthy project—ends to convert the of the Governor's Austin into an outdoor garden that would be (Continued on Page 2)

## Indictments Name Four

Capias in only five indictments had been returned to the 91st District Court clerk's office at mid-week. Capias in 11 other indictments were yet to be returned.

Of those returned, charges Harold Dean Nichols in connection with the burglary of the Henry Pullman home on Sept. 20, and another indictment named the same person for theft in connection with the disappearance of plow points and discs from E. O. Hollinghead.

Also named were Edward Lynn Hamner, burglary, the Pullman home; James Gofforth and Charles Thompson, both for felony theft, in connection with the theft of a pickup from Ray Rankin, Gorman, on Dec. 7.

Indictments yet to be returned include two for theft, one for disposal of mortgaged property, five for felony theft, one for burglary and two for DWI, second offense.

## Mrs. Ruth Adams Buried In Rites Held Tuesday

Funeral for Mrs. Ruth Alice Adams, 74, was held Tuesday afternoon in Arrington-Hammer Funeral Chapel with the Rev. H. B. Terry, pastor of Temple Baptist Church in Abilene, officiating. Burial was in Murray Cemetery in Carbon.

Mrs. Adams, who moved to Eastland from Kerrville seven years ago, died Sunday in Eastland Memorial Hospital following a long illness. She married Luther Adams in San Saba on May 26, 1913. Survivors include her husband; five brothers, Roy Taff of Ballinger, Clyde Taff of San Angelo, Wayne Taff of Tucson, Arizona, Edward Taff of California, and Walter Taff of Odessa; five sisters, Mrs. Carrie Hicks of Abilene, Mrs. Ida Bull of Abilene, California, Edith Drake of Winters, Mrs. Billie Gordon of Tucson, Arizona, and Mrs. Louise Toles of Odessa.

## California Productions Feature Local Girl's Family Busy in Music

The family of a former Eastland girl is labeled a "family of Musicians" in their Los Angeles, Calif., area home. Connie Westmoreland, daughter of late Eastland Photographer Joe Canaris and Mrs. Canaris, and her family are featured in a recent article in the Garden Grove, Calif.,

Independent News. Mrs. Canaris now lives in an apartment near the Westmorelands. The article outlines the family member's talents, spotlighting Daughter Melody, who dances "like her mother" according to friends here. The article: (Continued on page 4)

Melody Westmoreland, 19-year-old member of one of Garden Grove's most talented families, danced in the production of Orange County Ballet Company's "Nutcracker." Featuring 61 young people from Orange County, choreographed by director Madame Tam-

## Big After-Christmas Event Gets Underway Thursday

An After-Christmas Clearance Sale will get under way in Eastland Thursday, and early reports are that "Bargains will never be Better." Planned and executed by the Retail Trades Committee

of the Chamber of Commerce, the event will give local and area shoppers the opportunity to stock up on much-needed items at great savings, earlier than usual. An all-out participation is

predicted, with prices being slashed drastically for the special event. Special buys have been made in some instances, and mark-downs on other merchandise assure the shopper a complete and up-to-the-minute selection of items. Sale items include wearing apparel, household furnishings, and many other much-needed items.

Shoppers are finding a multitude of reasons for coming to Eastland to do their shopping — convenience and savings being the major reasons. Doing business with home-town folk also assures satisfaction, and a pleasant business climate.

The event begins Thursday morning and probably will continue as long as the specially-priced bargains last, and that may not be too long, so early shopping is being urged.

Member of the Retail Committee include: Clint Bray, chairman; Don Viergever, Mrs. Floyd Robertson, Wayne Jackson, Willard Griffin, Grover Hallmark, Ann Jernigan, B. W. Robertson, Gene Haynes, Monroe Rollins, Ralph Sittler and H. V. O'Brien.

## Alice Woman Joins List of Brown Heirs

An Alice, Texas, woman — Mrs. Cecil McGriff — has advised The Eastland Telegram that she is one of the heirs of the late Nelson Brown in line to inherit an \$88 million fortune.

Mrs. McGriff, one of 22 great-grandchildren of Mr. Brown, wrote that she hired Mrs. M. Moriarty of Memphis, Tenn., to work on the claim a few months ago. Mrs. Moriarty represents an heir tracing service and obtained immediate results, according to Mrs. McGriff. Mr. Brown died at Flatwoods in Eastland County in 1900.

Location of the Brown grave, near Strawn, is believed to be the final key in unraveling the estate, she said. There are some six persons in Eastland County reported as heirs, including Elmer Hall of Ranger; his aunt, 89, of Cisco; and his daughter, also of Cisco.

Mrs. McGriff and others interested in the estate have had to prove they are the heirs of Nelson Brown, and she said it has been a costly and lengthy process.

She related that Nelson Brown was the only heir of his brother, Bayard Brown. Although Nelson Brown died 26 years before Bayard, a will was not made by Bayard and therefore Nelson Brown's descendant's were heirs.

Bayard Brown died in 1926. In addition to the \$88 million he left a large estate in Britain.

Mrs. McGriff explained that she had lost close contact with

## W. M. Slatton Is Buried In Rites Held Thursday

Funeral services for William Murphy Slatton, 65, Cisco were to be held at 2 p. m. Thursday (today) in the First Methodist Church with the Rev. Odie Brown, Methodist minister from Kerens, officiating. He was assisted by the Rev. J. Morris Bailey, church Grace of Talpa.

Burial under the direction Rust Funeral Home was to be in Oakwood Cemetery. Mr. Slatton, 101 Amis Drive, died at 12:40 p. m. Tuesday in Graham Hospital where he was taken after becoming suddenly ill at his home. The retired farmer and Methodist minister had worked in maintenance at the Cisco Junior College Annex (former Victor Hotel for 11 years. He had worked as usual Tuesday morning.

The long-time resident of Cisco was born Sept. 7, 1901 in Scranton. He married Eula Lee Stewart Oct. 24, 1920, in Scranton. Several years ago he served as a supply minister for area Methodist Churches.

He is survived by his widow; three sons, Bill M. of Cisco, and Dale and Don, both of Abilene; three daughters, Mrs. Virginia Morgan, Abilene, Mrs. Wanza Jean Barr of San Angelo and Mrs. Gloria Belle Harris of Abilene; three brothers, Burret Slatton of Lamesa, Hoyt of Dallas and Stewart of Sonora; six sisters, Mrs. Agnes Miller, Mrs. Eunice Penn, Mrs. Lela Mae Swartz, Mrs. Catherine McCrary, all of Cisco, Mrs. Clara Faye Dollinger of Tyler, and Mrs. Mary Sneed of Eastland.

## Willis Carney Funeral Service Held Wednesday

Willis W. Carney, 84, of 615 South Halbryan, died Tuesday, December 27. Funeral was held Wednesday afternoon in Arrington-Hammer Funeral Chapel with the Rev. Haston Brewer, pastor of First Baptist Church, officiating. Burial was in Eastland Cemetery.

Members of the Masonic Lodge served as pallbearers and Masonic graveside services were conducted.

Born December 4, 1882, in Silver Hill, Virginia, Mr. Carney married Nannie N. Liston in Davisville, West Virginia on Dec. 27, 1908. They moved to Eastland from Lovington, N. M. nineteen years ago.

He was retired from Magnolia Oil Company and was a member of First Baptist Church and Masonic Lodge No. 467 in Eastland.

Survivors include the wife; two sons, Floyd L. of Kermit, and Howard C. of Lovington, N. M.; one daughter, Mrs. E. E. Paschal of Fort Worth; six grandchildren, five great-grandchildren; several nieces and nephews.

## Look Who's New

Mr. and Mrs. Gaylon Poe, Jr. of Bowie, Maryland, announced the birth of a son, Samuel Duane, on December 27, 1966.

The baby weighed 7 and 1/2 pounds and has two sisters, Gay Lynn and Penny.

He is the great-grandson of Dr. and Mrs. W. S. Poe of Eastland.

## Flying Is 'Just The Thing' for Many People in County

note: The first airplane flight December 17, 1903. Hawk, North Carolina. The Telegram asked pilots to discuss their experiences at an anniversary date. (Buddy) Carter is connected with the report and holds a Pilot Instructor Rating. Arrington and Sittler hold Private Licenses and have many years.)

**Highlights of Flying**  
By J. T. (Buddy) Carter  
My first airplane ride was during a March of Dimes campaign in Sweetwater. Anyone who contributed one cent for each pound he weighed received an airplane ride. A lady, two children and I went in a Bonanza. The pilot was nicknamed "Cap'n Rickenbacker" and was noted for his daredevil flying. This day was no exception; he proceeded to show

us (all on first ride) various maneuvers including the stalls (where one second you are flying, the nose comes up so that all you can see is blue sky). It starts getting real quiet, the stall horn screams like a wounded panther, the airplane quivers like a house in a hurricane and suddenly you have the sensation of lightness in the seat and stomach and pressure in your head (the airplane has stalled and is falling like a rock). The nose of the plane

is coming down now, and all you see is the ground rushing toward you. As the airspeed increases, the nose is brought back to level flight which reverses the pressure on you and gives a light fainting sensation in your head, sagging cheeks, and downward pressure in the seat. The landing? Instead of using a 150 foot wide runway, he landed on a 25 foot wide taxiway, heading straight for a hangar, mumbling something about wearing an airplane out taxing it on the ground.

Who would believe that six years later, after passing through student pilot, private, commercial, and instructor rating, I would be teaching people how to do these maneuvers and many more? I learned about flying from that.... After a solo flight early in 1963, I was out flying late one spring afternoon. A small thundercloud had developed in an otherwise relatively clear sky, between me and the airport, with part of it over the airport. The rain was not hard as you

could see through it to the horizon beyond. My instruction had been if there was no lightning in the cloud and you could see through it, there was no danger of turbulence. However, I decided to go around the rain on the front side. After going around the leading edge and beginning to turn back toward the airport (at least 1/2 mile from the nearest rain and in calm air), I heard a noise similar to a shotgun fired three feet behind you, and at the same time, the left wing of the plane went up about 60 degrees in addition to a terrific jolt. Many thoughts raced by in that split second - one of which, I was sure a wing was gone. Instinctively, I brought the wing down and after about five seconds (it seemed a lifetime), the pounding slowed and a quick glance showed no visible structure damage, then it started again. One second you had nose down and full throttle trying to maintain flying speed (60 mph); the next second, power off and nose up with airspeed in the caution range (120-150 mph), trying to slow it down. After about three or four minutes of this, it began to ease up, and it looked like I might make it even though I had lost over 1,000 feet, was too close to the ground and it was getting dark. After a somewhat harrowing landing in the high wind and rain, I found out there is a vicious down draft out in front of a thunderstorm, sometimes as far as one mile even in clear sky. The lesson: Go behind a thunderstorm if you can, and if you must go in front, give the leading edge about a five mile clearance.

## My First Plane Ride by Ralph Sittler

My first airplane ride was also my first flying lesson. It was 1934 and I was in Wenatchee, Washington. I had decided to learn to fly, so I made an appointment with an instructor for a Sunday morning. I remember that on the way to the airport, I kept thinking that flying must be dangerous and that I might even crash and be really badly hurt that Sunday, but I went on just the same.

Now I see that I was never more wrong in my thinking as I was that day. But these things go through your mind before your first flight, even though flying then—as today—is the safest means of transportation, going somewhere, or just having fun in the world.

I remember my instructor saying as we talked around this plane, "This is a Piper cub one of the easiest-flying

Presents

BREAD of Life

Why art thou cast down,  
O my soul? and why art thou disquieted within me?  
hope thou in God: for I shall yet praise him. — Ps. 42-11.

The storm may roar without me,  
My heart may low be laid,  
But God is round about me,  
And can I be dismayed?

Freyschlag  
INSURANCE

Presents the WEATHER —  
THURSDAY — Snow or rain. The sun rises at 7:11, sets at 5:49. The moon rises at 7:02 p. m. Fishing good.  
FRIDAY — Clearing. The sun rises at 7:15, sets at 5:50. The moon rises at 8:15 p. m. Fishing fair.  
SATURDAY — Fair. The sun rises at 7:15, sets at 5:51. The moon rises at 9:29 p. m. Fishing poor.

FLYING ENTHUSIASTS — Among the many people in Eastland County "taking up" with flying are these: Jay Staggs, Mrs. Harold Turnipseed, Mr. Turnipseed, Ralph Sittler, Jack Arrington and J. T. (Buddy) Carter alongside an Eastland-based airplane.

### Questions & Answers

My son enrolled in college Sept. 14, 1966, taking 12 semester hours. He expected to receive \$100 per month educational assistance. He was advised that he would only receive \$75 per month. His first check was \$42.50. Why will he not receive \$100 a month, and why was his first check \$42.50 when he was advised he would receive \$75?

Your son received the amount for the month of September since he was enrolled for only 17 days of the full month. He should be paid for the actual days of attendance during September at the rate of \$75 a month. Seventeen days at this rate amounts to \$42.50. To qualify for the full amount of \$100 he must be enrolled for at least 14 semester hours. Since he is taking more than 10 but less than 14, he receives allowance, or \$75 per month. Payments are made on a calendar month basis, and if he does not have excessive absences his future checks will be \$75.

Q — I recently converted \$100 of "E" bonds which I had owned for 20 years to "H" bonds. Must I report interest paid on "E" bonds as income for pension purposes this year?

A — No. Interest should be reported when "H" bonds are cashed.

Q — Several years ago my claim for pension was denied as I had less than 90 days active service. I served only 89 days. Am I now eligible for pension?

A — The requirement concerning length of service has been liberalized to the extent that you are allowed credit for the travel time required to travel from your point of separation to your home at the time of enlistment. This travel time is added to active duty to determine whether there is the prerequisite of 90 days of service. You should write your VA Regional Office and ask that your case be reconsidered.

(Photo by Lloyd Armstrong)

### MONTH OF DECEMBER BUSY TIME FOR KINDERGARTEN PUPILS

Mrs. Ferne Green of Green Kindergarten says, "We have had a full, rewarding month. Birthdays, celebrated with cake and punch, were: Richard Rodgers, six on Dec. 8; Darla Moore, six on Dec. 9; and Rickey Watson, who will be six on Christmas Day."

Clyde Manning thrilled the children by bringing a large stick. Mrs. Cushman's group decorated the windows, made

special things for their scrapbooks and things to take home to parents. Mrs. Garrett's group made two surprises for the kindergarten: a huge Santa for Mrs. Green's picture window and a vase of Christmas holly and candy for Mrs. Cushman.

As a community project, the children arranged a large bouquet of artificial flowers for Rev. Asa Hoskins for his

birthday on Dec. 9. The Rev. Hoskins, who was 87 years old, has been ill for several months.

Mrs. Howard Upchurch of Midland, who formerly taught at the kindergarten, came with her daughter-in-law, Mrs. Billy Howard Upchurch of Stephenville. Billy Howard is a music and educational director there.

On Dec. 21, the children held a Christmas party and had pictures taken by Mr. Lloyd Armstrong. Christmas songs were sung and Mrs. Cushman brought a Christmas story. A gift exchange was also held.

so held around a large tree in the Green living room. Mr. and Mrs. Bill Wofford and 6-year-old Mark served hand decorated cupcakes and presented each child a Christmas ornament filled with candy. Mr. and Mrs. Clyde Manning and Jimmy Lewis gave each child a tall glass of ice cream.

The kindergarten will resume classes Jan. 3. We will be busy from 9 a.m. until 12 noon each Tuesday, Wednesday and Thursday.

Because we have many requests for increased enrollment, we will add two or three teachers to our staff before Jan. 3.

Present teachers at the school are Mmes. Kenneth Garrett, A. E. Cushman and Ferne Green.

### TALENTED FAMILY

(Continued from page 1)

ara Elganova, the ballet was presented in Santa Ana Valley High School auditorium Friday and Saturday, Dec. 16 and 17.

The attractive young teenager whose ambition is to become a ballerina, danced the Spanish "Pas de Deux" with Wayne Beauvais who is also a resident of this city. She is a graduate of Garden Grove High School where she was a song leader for two years. While a student there, played Laurie in "Oklahoma." She is presently employed at the Bird Cage Theatre at the Knotts Berry Farm.

Melody, who celebrated her 20th birthday Saturday, is the daughter of Mr. and Mrs. Breece G. Westmoreland of 10542 LaDonna Drive, Garden Grove. A voice teacher, and choir director of the First Baptist Church of Garden Grove Choir, her dad is a former member of the American Opera Company, and the Masquers Quartet of the Enterpe Opera Company, both of Los Angeles. He sang professionally in New York for four years and has done movie work in Hollywood. In addition to coaching his talented family in voice and maintaining a regular teaching schedule in his home, he teaches one day per week in San Diego.

Kathleen Westmoreland, Melody's 21-year-old sister, recently completed a year's tour of the United States, Mexico and Canada, with the Metropolitan Opera Company. She also appeared in Melodyland Theatre's productions, "Annie Get Your Gun" and "Bye Bye Birdie." Katy is studying at home for a year and will rejoin the Metropolitan Opera Company next year. She was the youngest member of that company on tour. Graduated at Garden Grove High School where she was a member of the Concert Choir. Katy also worked at the Bird Cage Theatre.

In keeping with the family talents, Brent, 13, sang in the Garden Grove High School's production of "Music Man" in which he played the part of Winthrop. He is also an accomplished drummer.

Rounding out the family of musicians, Christie Jo, 9, took part in group scenes in that high school play. She also is showing promise of being endowed with a good voice and shows great ambition in this field.

Last but by no means least, is Connie (Mrs. Westmoreland) who is justly proud of the accomplishments of her talented offspring. A former ballet teacher, the attractive, petite mother of four looks much like a sister to her two older daughters. She holds the distinction of having been named "Sweetheart" of three U.S. Army facilities during World War II.

Mr. and Mrs. E. Milton Hunt, who have lived in Eagle Pass for nine months, visited in Eastland on Christmas Eve. They spent Christmas in Fort Worth with her parents, Mr. and Mrs. Frank Robason. Mrs. Hunt will fly to Huntington Beach, Calif., to spend New Year's Day with her daughter and family. Mr. and Mrs. Henry Marine. The Hunts plan to be in Eagle Pass until March.

Mr. and Mrs. Roy Mitchell and Mark of Dallas and Gayon S. Poe also of Dallas were the holiday guests of Dr. and Mrs. W. S. Poe.

Guests in the home of Mr. and Mrs. Charles Harris were their sons, Dick Harris, and Mr. and Mrs. George Harris and Kathy, all of Midland.

Mr. and Mrs. Kenneth Thompson, Larry, and Toxy, visited her sister, Mr. and Mrs. Capper Hall and Alvin of Vernon.

Mr. and Mrs. Paul Bowman of Austin visited his sister, Mr. and Mrs. Ewing Baker, Sr. and his nephew, Mr. and Mrs. Jack Baker and family.

Mr. and Mrs. Victor Cornelius are spending the holidays in the home of their daughter, Mr. and Mrs. Charles Meeks, Cary, Chris, and Teresa, of New Orleans, Louisiana.

Guests in the home of Mr. and Mrs. W. J. Stone, Joanna and Kelly, were her brother, Mr. and Mrs. Dale Riley and son of Colorado City; and her mother, Mrs. Lona Riley of Eastland. Mrs. Stone's nephew, Howard Kincaid of Fort Worth, is spending the week here.

Guests in the home of Mr. and Mrs. Francis Urban were their daughters and families: Mr. and Mrs. Gerald Parks, David and Stevie, of Cisco; Mr. and Mrs. Don Sherman, Michael and Robert, of Jackboro; Mr. and Mrs. Clifford Fox and Dwayne of Winters; and Mr. and Mrs. Leland Hallmark of Eastland.

"GAMBIT," the Technicolor film which will open at the Majestic Saturday, is a blend of comedy, romance and suspense. Nicole (Shirley) Eurasian dancer in a Hong Kong night club, holds the rapt interest of Michael (Caine), and engaging English rogue, and his dinner companion suddenly realizes the girl bears a startling resemblance to the priceless ancient Chinese empress. A man of enormous wealth owns the bust and it as the facial contours remind him of his dead wife. If Harry can get into working with him, the two may be able to steal the bust and sell it its rightful owner for an enormous sum.

# ing's The Thing

try the next one and he would help if needed. On the first landing I didn't do so good as my heart wasn't in the right place. (It was in my throat) I didn't breath too good and I couldn't see over it. (Guess I was scared). Somehow I made it.

That was my first plane ride and lesson. At that time I did not finish my course. I did not start again until after World War 2 and I then received my Private Pilot License.

I strongly recommend flying to the young people of today who want the better life and who want to have something real good to hold onto. Flying not only gives a thrill and challenge — it also gives you the best opportunity to advance in this modern world.

## FLYING AS I SEE IT

by Jack Arrington

Flying, as a simple matter of mathematics, is much cheaper than any other method of transportation. It saves time and money. If a company has a man working forty hours a week for, say, eighteen thousand dollars a year or more, even up to a hundred thousand a year, then that man's time is costing the company plenty. That man's time is valuable.

If the company can send the man from Dallas to Eastland on business, and he can complete the round trip in 45 minutes or an hour as compared to the five hours the round trip takes by car, the company is going to do this.

Some of these men have come to Eastland, looking for a site for an industrial plant of some kind or a place for a business. Very few of them come in by automobile; most of them came by plane. If Eastland anticipates industrial development, the Eastland must make concessions to these people. We must spend enough to bring our airport up to first class standards. A man flying an airplane costing around two hundred thousand dollars is hesitant to set it down at a two thousand dollar airport.

Now Eastland has an excellent facility; all it needs is a little care. A rock nick in a prop can cost from eight hundred dollars to several thousand. A company is going to hesitate a long time before risking an expensive piece of equipment on a runway needing repairs.

The governor has landed here, and this is an asset to our town to have him fly in to here. Ben Barnes and many others land here. The Eastland Airport has probably two or three business aircrafts landing each day. Most people don't realize this.

People seem to think that airplanes at our facility are used only for pleasure flying. Well, pleasure flying is all right. But its mostly an expensive hobby, just as joyriding in an automobile. Business men use planes for business purposes.

I have a 250 Comanche Piper aircraft and am part owner of a Cessna 182 Skylane. Bill Halden is a pilot and we use both planes for business reasons.

This is the coming thing, business planes. Five new types of business aircrafts are being manufactured right now. I've flown for twenty years or more, and have had a pilot's license for about ten years. More and more people are flying either their own or company planes.

Aircraft manufacturing and use and electronics are the fastest growing industries in the United States today. Flying is here to stay and we in Eastland must be ready to accept it in order to build our town.

We have maybe fifty or more licensed pilots in town now. And several are taking lessons to obtain a license. These people have realized that flying is rapidly becoming the first choice of transportation. I'm leaving the Eastland International Airport at 9:30 this morning and before 10:30, I'll be in Midland.

This about sums up the reason why flying is gaining popularity with working people. It's easier, it's cheaper, and it's safer than any other means of travel.

Mr. and Mrs. Joe Stephen were hosts during the Christmas holidays to all of her family: Mr. and Mrs. Joe Bull and family of Midland; Mr. and Mrs. A. V. Womack and family of Anson; Mr. and Mrs. Edwin Bull of Tacoma, Washington; and Mr. and Mrs. Francis M. Jones of Van, Texas. Also visiting them, their son, Red Stephen and a family of Longview. They will attend his Alma Mater (SMU) Coon Bowl game in Dallas Saturday.

Mr. and Mrs. Charles Crowder of Studio City, Calif., visited in Eastland Tuesday. Crowder, an Eastland High School graduate, writes for the San Fernando Valley News.

## MADAM PRESIDENT... Mrs. A. H. Brown Believes & Practices HD Club's Objective

The dedication in the yearbook reads: "To those County officials who have confidence in home demonstration work; to all homemakers; and to our County Home Demonstration Agent."

The yearbook is for the Flatwood Home Demonstration Club, one of seven such clubs in Eastland County. These clubs meet twice monthly and the general council, composed of delegates from each club, meets once a month.

The purpose of the club is to "increase knowledge in Home Economics and related subjects." The members have one home educational program a month.

Each club in the county sends suggestions for programs and roll call subjects to the County Home Demonstration Agent's office. Yearbooks are prepared from these suggestions and sent back to the clubs. The clubs are not obligated to use these programs, but must provide their own if they do not.

Flatwood Club meets in member's homes the first and third Thursdays of each month, except August. Mrs. A. H. Brown is president and other officers are: Mrs. Jess Taylor, vice-president; Mrs. A. J. Pogue, secretary-treasurer; and Mrs. Lon Horn, Council delegate.

Other members are Mmes. F. W. Ballinger, Wiley Harbin, Jack Lusk, G. M. Sberill, J. S. Turner, Fannie O'Brien, Jess Cavanaugh, M. W. Greiger, Jennie Poe, L. C. McNatt, and Myrtle Clark.

These women study together and work together to visit those who are shut-in. They make cancer dressings, and have a boy in the Austin State Home who receives from them a dollar a month for incidental spending. The club also remembers the boy on his birthday and at Christmas time.

At each meeting, except covered-dish luncheons, the hostess furnishes all refreshments and each guest presents her with a token gift.

President Mrs. A. H. Brown has crocheted dollies for club members and gives them as her hostess gift.

The club has an apron with a patch pocket to hold birth-her hostess gift.

At each meeting, a member having a birthday that month drops in enough money to equal her age. This money is used to cover club incidentals.

Mrs. Brown was born in East Texas and moved to Kress, sixty miles north of Lubbock, where she attended school and married Bill Taylor. The Taylors moved to Eastland in 1920 and he died here in 1937. Later, Genoa married A. H. Brown, who died in February, 1965.

She has three children: Mrs. Ella Mae Dalouis of Midland; Mrs. Louise Fields of Little Rock, Arkansas; and Jim Taylor of Campbell, California. Two sons have died: Jewel, in 1928, when he was seven years old; and Harry, who was killed in an airplane accident in Louisiana last year.

Harry's family lives in Odesa.

There are five grandsons, two granddaughters, and a great-grandson, two-year old Patrick Taylor of Houston.

Mrs. Brown will spend the holidays in Little Rock in the home of her daughter.

She says, "I was raised a Methodist, but have belonged to the First Baptist Church here for many, many years. I am a member of Friendship Sunday School Class and Adult 11 Training Union."

She is also a member of The Birthday Club, composed of seven local women who meet only on the birthday of a member, and at Christmas time; the "84" club, whose six members meet every Friday afternoon and play "84".

Genoa is a Past Noble Grand in the Rebecca Lodge and is now serving the Lodge as financial secretary for the second year. She joined Flatwood Club eight years ago and says, "I enjoy this club because of the wonderful fellowship with the nice ladies who are members."

On December 9th, Mrs. Brown entered a pie in the Eastland County Pecan Show in Rising Star—the first time she ever entered anything she baked in any contest. The pie won Reserve Champion. She says, "I've always loved to cook and have cooked all my life. My dad said his daughters were the best cooks he knew."

Mrs. Brown enjoys reading, preferring good books and current magazines, which include home decorating ideas and recipes. Her pecan pie recipe was one she found in a magazine.

She sews, making her own clothes and dresses for granddaughters. She crochets, and makes many items for her home. Her motto, she says, is the one the Flatwood Club uses: "Make the best of what we have."

Mr. and Mrs. Joe Stephen holiday o all of her family: Mr. and Mrs. Joe Bull and family of Midland; Mr. and Mrs. A. V. Womack and family of Anson; Mr. and Mrs. Edwin Bull of Tacoma, Washington; and Mr. and Mrs. Rod Stephen and family of Longview. The (SMU) Coon Bowl game in Dallas Saturday.

Mr. and Mrs. Paul Bowman Mr. and Mrs. Ewing Baker, Sr. and his nephew, Mr. and Mrs. Jack Baker and family, their children, Mr. and Mrs. J. W. Bailey of For Worth; Mr. and Mrs. Jack Baker and children of Ealand; and G. J. Carter of Dallas.

Genoa in the home of Mr. children were Mr. and Mrs. Dave Boney and Mr. Annie Harper, all of Ranger; Harold Kimmel of Texas City; and Mr. and Mrs. Bob Harper and family of Irving.

Genoa in the home of Mr. and Mrs. W. J. Sone, Joanna and Kelly, were her brother, Mr. and Mrs. Dale Riley and her mother, Mr. Lona R. R. nephew, Howard Kincaid of week here.

READ THE CLASSIFIEDS

## Airman Lane Is Commended

Word has been received in Eastland of the recent accommodation of Airman First Class Truman Lane, son of Mr. and Mrs. Roy Lane.

Airman Lane, assigned to the Military Police section at Hakata AFB, Japan, was commended by his commanding officer and the Chief of Police of East Fukuwka, Japan, for assistance in helping break up a blackmarket operation there, and for assistance in helping solve a DWI case, which had caused the death of a child.

In Japan for the past two years, Lane, was complimented by his CO, as follows: "I feel you are highly deserving of the recognition and letters such as this only confirm the high opinion I already have for your work."

His brother, Roy, Jr., on duty with the Air Force in Viet Nam, was to have spent Christmas in Japan with him.

## Sgt. David Herridge In Viet Nam Unit

The 9th Infantry Division's 3rd Brigade arrived in Viet Nam December 19. Sergeant David R. Herridge, 20, son of Mr. and Mrs. Bert T. Herridge, Eastland, Tex., sailed with the brigade when it departed the west coast of the U. S. last month.

The 9th Division, stationed at Fort Riley, Kansas, was formed a year ago from veteran cadre personnel and soldiers considered to be among the best ever trained by the U. S. Army.

Sgt. Herridge is an administrative supervisor in Headquarters, 2nd Battalion of the brigade's 60th Infantry.

Christmas guests of Mr. and Mrs. Vernon Carter were their children, Mr. and Mrs. J. W. Bailey of Fort Worth; Mr. and Mrs. Jack Baker and children of Eastland; and G. J. Carter of Dallas.

## BETHANY MINISTER WILL LEAD NAZARENE REVIVAL

The Church of the Nazarene, 10th at Avenue N in Cisco, will hold Evangelistic Services at 7:30 p. m. each evening, Jan. 2-8. The Rev. Leon Wyss, evangelist, will be the featured speaker and singer, according to announcement by the Rev. Hillis Herren, pastor.

Rev. Wyss, of Bethany, Okla., is an elder in the Church of the Nazarene. He is now devoting full time to the work of itinerant evangelism in his denomination, as preacher and singer.

Rev. Wyss is a graduate of Bethany Nazarene College at Bethany, Okla., and prior to entering this field of labor, he served as pastor of Churches of the Nazarene in Missouri and Texas.

Rev. Wyss is a strong holiness preacher, Rev. Herren said. His messages are stirring, challenging, and inspirational, and he has a unique delivery which appeals to both young and old, he added.

Rev. Wyss has served as a district NYPS president, as a youth camp director, and while in college he traveled with the A Cappella Choir, and also as a member of a male quartet.

The church is pleased to extend a hearty welcome to you and your friends to each and every service, Rev. Herren said.

REV. WYSS

Nazarenes in the Eastland area are invited to hear Rev. Hillis Herren preach from the subject "Wake Up and Lift" next Sunday morning at 10:50 at the Church of the Nazarene in Cisco. The message will emphasize the layman's role as participant in the Evangelistic Services beginning January 2nd and extending through the 8th.

The Sunday evening service will be a service of commitment build around the Lord's Supper by candle light. The pastor stated, "You are always welcome in all of our services."

The church is located at the corner of 10th and Avenue N in Cisco.

## MR. AND MRS. RAMSEY OBSERVE ANNIVERSARY

The Golden Wedding Anniversary of Mr. and Mrs. H. G. Ramsey will be observed with a reception to be held in their home, 815 Walnut St. from 2 to 4 p. m. Sunday, Jan. 1st.

The couple was married Dec. 24, 1916 in the home of their parents, Mr. and Mrs. J. W. Kyle in Timpson, Texas. She was the former Lula

Florence Kyle. They were married by the Rev. W. W. Thomas of the First Methodist Church of Tennessee.

Hostess for the celebration will be Mmes. Mary Anderson of Gainsville, Opal Little of Eastland and Marie Mahaffey. They invite their many friends to visit them on this date.

## JOTTINGS 'N DOTTINGS

Mrs. Wanda Chilton  
Assistant County  
Home Demo. Agent

### 4-H Club News

Prepared

By

Mr. Bob Cohen  
Assistant County  
Agricultural Agent

The Youth Division of the Pecan Bake Show, held Friday and Saturday, Dec. 9-10, was a big success. There were 32 entries in the Youth Division. The success of this Bake Show can be attributed to the faithful parents, 4-H leaders and homemaking teachers throughout the County. The Youth Division of this show is growing more every year and we hope that in future years, it will continue to grow.

In our 4-H program, there is an electric project. A discussion of Christmas lighting demands consideration of a few basic rules for electrical safety. Although we all now know these things it seems as if we forget from year to year:

Check old strings of lights carefully for chipped sockets, cracked connections and frayed wires. If any are badly damaged, throw them out! If you must keep a string of lights with frayed cords, tape the frayed wire carefully and separately. When buying new lights, buy only UL approved lights. Use only fireproof decorations. Mount bulbs so they do not touch foil, paper, or cotton.

IF WE MAY ASSIST YOU, CALL US COLLECT OR MAIL THIS AD

NAME \_\_\_\_\_ PHONE \_\_\_\_\_  
ADDRESS \_\_\_\_\_ CITY \_\_\_\_\_

Place cords out of traffic areas.

Use flood or spot lighting for metallic trees, because non-flammable, metallic trees will conduct electricity.

Some plastic and metalized trees sold will burn as readily as natural trees. Do not be over-confident.

These are only a few safety tips on electrical safety. If you are interested in electricity why not enroll or enroll your child in a 4-H Electric project. 4-H Club is open for membership for all boys and girls between 9-19.

Mrs. Beverly Nicholson, Home Economist, Texas Electric Service Company, gave an interesting Christmas program to the Carbon Girls 4-H Club, Monday, Dec. 12.

The Gorman 4-H Christmas Party was held in the home of Mr. and Mrs. Ray Williams Thursday night, Dec. 13.

The Asst. County Agricultural Agent met with the Cisco Beef Subject matter group Sunday, Dec. 11. The group practiced showing their livestock by setting the steers up and parading them as they will at stock shows this January, February, and March.

I served as the judge and worked the calves, feeling of them much as they will be felt in the shows. Also, the boys and girls who exhibited at the small show received pointers on showmanship on each of their calves.

There was a relatively large group in attendance at the three hour afternoon meeting. Those who attended the meeting were: Mr. and Mrs. Irvin Phippen and Lynne; Mr. and Mrs. J. G. Lee, Tommie, Bobby, Caddy, and Caryn; Mr. and Mrs. Tom Toland; Mr. and Mrs. L. C. Hounsel and Carter; and Al Heysler.

We had a very good meeting and the young men and women responded wonderfully to the pointers which were given them.

## Deer Season To End Dec. 31st; Harvest Is Good

AUSTIN—Calling all hunters! Here's an opportunity to help the larder and to strike a blow for sound conservation.

So reminds the Texas Parks and Wildlife Department with the deer season heading for the stretch and still thousands of prime venison on the hoof needing harvesting.

The pinch becomes harder on the herd as dry weather continues to ravage the ranges, mainly in the famed Edwards Plateau area.

Department biologists admonish sportsmen to avoid possible tremendous later loss of salvagable deer by joining in the closing roundup.

They also stress the possibly long range effect of overpopulated ranges going into a harsh winter; since, first to perish would be the young, promising animals because of their sheer inability to compete with larger deer in reaching for tree foods.

The Department said it is simply a matter of good conservation to remove from the land what cannot be supported under the extreme adverse circumstances.

Field men report ample facilities prevail for hunters to share in the closing harvest. They also emphasize that much of the Hill Country has adopted the maximum antlerless deer program and therefore allows an individual limit of three deer. All may be antlerless deer but only two may be bucks. The third tag in the cluster is marked for the third or "bonus" deer.

Biologist describe deer still in "prime condition" and report that the cold weather has brought many fine racked "moss backs" out of seclusion.

They say deer are moving good mainly because of the need to search for food.

The deer season continues through December 31 in many areas.

### Dance Set Friday At Country Club

A holiday dance will be held Friday, Dec. 30, beginning at 9 a. m. at the Cisco Country Club, according to Gene Abbott, arrangements chairman.

Dance music will be provided by Joe Grazzola and his band. Admission will be \$3 per couple, and the dance will be open to the public.

### OIL TEST SPOTTED

A shallow oil project has been announced for Eastland County by Barron - Moorehead et al of Ranger as their No. 1 Roy Adams, located five miles west of Cisco. A 600-foot hole was planned on the 170 - acre lease to test the Fry Sand. Site was in Section 3169, TE&L Survey.

"Be careful with those skis I got in the Want Ads, dear — when you land!"

## Fruit, Broilers In Good Supply At Food Stores

COLLEGE STATION — Oranges spotlight the foods in big supply during January.

That's the report from the Texas Agricultural Extension Service.

Winter pears, grapefruit, broilers, dry beans and green split peas also are reported especially plentiful by the U. S. Department of Agriculture.

The 1966-67 orange crop, excluding California Valencia, was estimated on November 1 at 162.3 million boxes, up nearly one-third from last year and about 85 percent over the 1960-64 average.

Florida and Texas show the largest increase.

Winter pear production is also set at well above average, with D'Anjou making up 80 percent of the supply.

Grapefruit stocks are up about 10 percent over last season and 31 percent above the recent 5-year average. Florida, California and Texas show across-the-board increases.

Broiler production is expected to continue well above average throughout the winter. Marketings based on head slaughtered under federal inspection during October and early November was 11 percent above the same 1965 period, according to USDA's Consumer and Marketing Service.

Bry bean production is at a record high, or nearly one-third above last year. A large carryover and a larger 1966 crop has pushed prices on green split peas to the lowest level in over 6 months.

## Earnings Test Liberalized For Social Security

Many people past 62 could draw at least part of their social security benefits if they filed a claim for these benefits for these benefits now, according to R. R. Tuley, Jr., social security district manager in Abilene.

"Many people of retirement age believe that if they continue any work at all, no benefits are payable to them until they fully retire, but this is not correct under the liberalized retirement test," he said.

For example, a worker reaching 65 in 1966 who has always paid on the maximum amount creditable under social security would have a monthly benefit rate of \$135.90. The first \$1,500 of his 1966 and 1967 earnings would not count under the new retirement test; he would miss \$1.00 in benefits for each \$2.00 earned from \$1,500

to \$2,700, and dollar for dollar for earnings over \$2,700. So he could still earn up to \$3,730 in a year before no social security payments at all would be due. No matter how high the annual earnings, benefits are payable for only months where earnings are \$125.00 or less.

If he had a wife 65 also entitled to benefits on his record he could earn \$4,546.00 before no benefits would be payable.

The present time might be the best time to visit the social security office to see if some social security benefits are payable.

Another advantage in filing early, Tuley said, is that if something unexpected comes up such as illness, loss of job, etc., benefits can start right away since the claim has already been approved.

Another advantage in filing 2 or 3 months before 65, is that medicare protection automatically becomes effective on the 1st day of the month of reaching 65.

## Booklet Gives Data On Careers In Engineering

AUSTIN — A new 24-page booklet describing engineering careers with the Texas Highway Department is available now.

Entitled "Engineering Opportunity and Challenge," the booklet briefly outlines the organization and functions of the Highway Department.

Aimed primarily at the soon-to-graduate engineer, the booklet tells of the benefits, advancement potential and professional attainments possible with the Department.

Noting that the Texas highway network now totals more than 67 thousand miles of highways, the booklet adds: "The Texas Highway Department is not satisfied with tomorrow."

New scientific and engineering techniques, the booklet says, will be important in shaping the future highways of Texas.

"But most important is the need for men — men of vision who can see and grasp the challenge of the world before them."

Copies of "Engineering Opportunity and Challenge" are available from the Texas Highway Department, Travel and Information Division, P. O. Box 5064, Austin, Texas, 78703.

The first elephant arrived in the U.S. at Salem, Mass. in 1796.

A "claquer" is a paid applauder.

# First Plane Ride Be A Real Thrill

band, your mother, even your grandmother traveled by plane. Never seen inside a plane? Time seems to be filled without flying you've never missed.

You begin to talk with the pilot and soon you are giggling suspiciously. You are the only adult who has never ridden a plane. You ask to be more subtle, but the pilot says, "Men react to a specific request, and you're getting without an airplane."

The invitation comes on Monday morning, and you agree to leave work early. (A woman who has a late afternoon is due at 5:30 p.m.)

Another woman suggests you go to the airport. You react lightly, another woman in Keen's famous remark "planes and diets are fine those silly enough to go them. You find both statements in poor taste. Also the pilot, but you do not mention feeling that numbness, lack of reality to taste that he subjects for laughter."

Because it is 3:30 p.m., you give up trying altogether and begin to talk a great deal. Your employer must be ill; you can understand what he is saying.

The girl at the next desk describes air sickness to you, vividly and at great length. You wonder suddenly if, by flying today, if you are breaking a vow you once made to your Lord: that if He would get you safely off the State Fair roller coaster, you would keep you on the ground. Did you actually say "on the ground?" Or just "off roller-coaster?" Probably both, you imagine, remembering that ride.

The pilot and his wife come by for you. You get into the car, forgetting to speak to them. No, you answer truthfully, you have never been car sick. You hope they don't think to ask about roller-coasters. They do not ask.

At the airport, you circle the plane, watching carefully for loose belts. Maybe it's out of gasoline? But, no, everything is all right. Except you.

Why didn't somebody tell you it was so far from the ground, just sitting in the

thing? The pilot asks you to check the seat belt. You ask him to check our door. Is it really closed?

He drives down a little ways. (In his language, he taxis down the runway.) and waits. He explains the various instruments. You hope he knows as much as he seems to know.

Should you, perhaps, have gone flying with the other pilot? This man isn't subject to dizzy spells, is he? Or maybe heart attacks? You see visions of headlines: Plane crashes over Eastland. Now, even in a car, you want something to hold. Preferably a steering wheel, being a better driver than passengers. But something. You are afraid to touch anything in the plane. Finally you locate an indentation on the dash. The pilot says you may put one hand there.

You realize you are in the air. Did this happen while you were hunting the indented place? How did you get from the airport north of town to the south side of the new school? No wonder you couldn't find your own home; you were looking in the wrong place.

You find your house, then, almost this quickly, you are over the Leon Power Plant, then Lake Leon, and here comes Ranger.

Now, don't be frightened, the pilot says. Frightened? Is he talking to you? This man must be out of his mind. Why would you be frightened? He reminds you that you're fifteen hundred feet above ground. Oh, that. You feel it will hardly be worth mentioning at supper tonight, a mere fifteen hundred feet.

What do you think, the pilot asks. You merely shake your head. What you think is that God must have had a good reason for creating the earth in nearly-square patterns; and isn't He wonderful for letting man kind enjoy the view from here? But you must shout to be heard, and these thoughts are not for shouting.

You climb from the plane, feeling much as you feel when taking down the Christmas decorations: wonderful and yet sad.

The only thing about flying you don't like is not having something to hold in your hands. That would be easy to solve. You begin to wonder just how expensive flying lessons would be? And could you find time for them?
