SCENE OF DARING SANTA CLAUS BANK ROBBERY, Dec. 23, 1927
During Christmas Festivities, costumed Santa and three fellow bandits looted bank of \$12,200 cash, \$150,000 in securities. They escaped through gun battle with two little girls as hostages. A three-day manhunt followed.
The children and money were recovered; the robbers captured. Six persons were killed, eight injured. Later, a mob lynched 'Santa' when he broke out of jail.

DON'T BLAME THE CHILDREN

We read in the papers and hear on the air, Of killings and stealings and crime everywhere; We sigh and we say as we notice the trend, This young generation; where will it end? But can we be sure it's their fault alone— That maybe a part of it isn't our own? Are we less guilty who place in their way— Too many things that can lead them astray? Too much to spend and too much idle time— Too many movies of passion and crime. Too many books not fit to be read, Too much of evil in what they hear said; Too many juke-joints and too many bars, Too many hot-rods and rattletrap cars. Too many reasons for children to roam, Too many parents who don't stay home. Kids don't make the movies, they don't write the books. That paint a gay picture of gangsters and crooks; Kids don't make the liquor, they don't buy the cars; They don't make the LAWS, they don't run the BARS. They don't sell the REEFERS that addle their brain. That's all done by older folks, GREEDY for gain. We're shocked at their morals, amazed at their crimes, And grieve that we live in such perilous times. By the rule of the BLAMELESS, the Saviour made known; Who is there among us to cast the first stone? Remember these words, for oh, they're so true, The label "DELIQUENT" fits older folks too.

Title I Okayed For \$100,970.00 In This County

A total of \$100,979.15 has been authorized for 624 Eastland County children in low income families, aged 5 to 17, by the Office of Education, under the Elementary - Secondary Education Act, according to word received here.
The figure was announced by Cong. Omar Burleson this week.
County School Supt. O. L. Stamey, said he figure is part of the Title One program, and actually represents a confirmation of an additional ten per cent in available money. The program had originally been authorized for 85 per cent of the total received here last year, and word was received that an additional ten per cent might be forthcoming.
This announcement confirms the additional money. The program for which this money is labeled is already in operation, Mr. Stamey said.
J. B. Arther is coordinator of the program for the county.

Progress Being Made In Spring Cleanup Event

Progress is being made in the annual spring clean-up in Eastland, according to Mrs. James Horton, chairman of Civic League clean up committee.
Mrs. Horton reported that the city sweeper and scraper have both been in use, cleaning several streets. Wendell Siebert and Charles Marshall have had the high school grounds cleaned from the building to the street. Bill Leslie has painted the building on the corner of Main and Lamar.
Mrs. Jim Query has prepared posters and displays of articles used to clean up the town. These are around the square.
Saturday, March 18, has been named as "All-out Effort Day" to completely clean Eastland.

Letters TO THE EDITOR

DEAR EDITOR:

I read with much interest your account. "A Town's Tragedy is Told In Old News Paper Clipping." The outlaw referred to as 'dying on a rought pallet' in a boarding house didn't die. That one was Emmett Dalton, the youngest member of the gang. Emmett was shot 14 times, but made a miraculous recovery under the quick emergency surgery of Dr. W. H. Wells. While Emmett was still under surgery, a member of the mob formed to lynch Emmett came in and demanded Emmett. Dr. Wells said, "No use boys, he's going to die anyway. You wouldn't want to hang a dying man would you?" The mob leader said, "How do you know he's going to die, Doc?" Dr. Wells looked the man square in the eye and said, "Hell, yes, he's going to die." "Did you boys ever hear of one of my patients getting well?" This remark broke the spell, and the mob all started to laugh and withdrew in good humor.
Emmett did recover thrughly. He was tried, convicted and sent to Lansing Federal Prison for life. Emmett proved to be a model prisoner, and with good behavior and 14 years came free. Emmett Dalton by grace of a governor's pardon came to Bartlesville, Okla., his old stomping ground in 1907 to marry his old boyhood sweetheart, Julia Johnson. Emmett used to loaf around and spend his idle hours at the old Bartlesville Daily Enterprise, the local Evening paper.
This writer, at that time, was living in Bartlesville, and had a paper route on the Bartlesville Daily Enterprise. Most of us boys with the paper knew Ol' Emmett. In those days to know and speak to a famous or infamous (as you will) outlaw was really something. And in the eyes of us boys, Ol' Emmett was a real hero to be worshiped. Us boys would try to get Emmett to tell us about the Coffeyville robbery, but he would always give us a 'stony stare' and walk away. We finally figured that maybe Emmett didn't want to talk about it.
Emmett Dalton lived on from his prison release and made a useful citizen. Emmett was around Bartlesville for several years, and then went to Calif. He died July 13, '37 at 66 in Hollywood, Calif. He was cremated and came back to Coffeyville, Kan. in an urn, to be buried at the scene of his early crime.
Respectfully yours,
P. B. Alworth

Mrs. K. Garrett Is Dorcas Hostess

Mrs. Kenneth Garrett was hostess to the Dorcas Sunday School Class of First Baptist Church Thursday night. Mrs. Adele Whitten, class president, presided and Mrs. J. C. Poe reported on the last meeting. The teacher, Miss Opal Hearn, led the opening prayer.
Mrs. Whitten announced that the pastor, Rev. Hoston Brewer, is part of an evangelistic team working in Jamaica and asked that the class pray for this revival. Mrs. Clyde Manning led the prayer.
The president introduced Mrs. I. C. Inzer, who presented a devotional based on Psalm 104:26: "There go the ships." She compared a Christian life to a ship in three ways; discipleship which is a small boat with no motor, holding only two people; fellowship, a tug boat serving others; and stewardship, a cargo boat carrying many things, including talents, ambition, willingness to use talents through personality, influence, and prayer.
Mrs. Inzer said, "Our lives are the only Bible some ever see. What do they say about the Gospel according to you? She read the words of "Jesus, Saviour, Pilot Me and closed the program with prayer.
Mrs. Garrett served cherry tarts, coffee and spiced tea to the following members and visitors, Mmes. Mary Oglesby, C.M. Kelly, Pearl Martin, Inzer, Victor Edwards, Jim Garner, Don Estes, Whitten, Poe, Manning, W. H. Hailey; and Misses Hearn and Florence Barber.

Morton Valley HDC Has Business Meet

The Morton Valley Home Demonstration Club met February 22 for a regular meeting. Mrs. D. J. West, the new president, presided during the business session.
Mrs. M. V. Harrison led the opening exercise and Mrs. L. E. Orms read the devotional from James 1:22-25.
Mrs. L. W. Leach, secretary, called the roll which was answered with "What I notice in a woman's choice of clothing."
Mrs. West appointed Mrs. J. B. Bryant club leader. Mrs. Bond read a letter pertaining to a trip to Chandor Gardens in Weatherford. Mrs. Leach read a letter from the Travis State School, asking the club to 'adopt' a boy. The clubhostess,

School Students To See Archery Demonstration

Duke Gordon will bring "Bow Magic" to the High School auditorium Monday, February 27, with an archery demonstration. The program will begin at 9 a. m. and admission is 15c.

An expert with the bow-and-arrow, Duke Gordon has long been active in archery circles. In national championship competition, in organization of archery clubs, in stimulating interest among youth and in writing articles on the subject, Duke has established an enviable reputation. His articles have appeared in the Pacific Coast Bowhunter, Archers' Magazine and other publications. In Southern California, he is best known as the founder of the "Open Your Heart" Association, an organization designed to develop interest in archery and good citizenship among underprivileged youths.

Gordon presents a fast-moving, accurate and fascinating demonstration.

Mrs. Sam Johnson's mother, Mrs. J. P. Hearn, and sister, Mrs. W. W. Phillips of Dallas, visited with her and her husband over the weekend.

Kindergarten Event Honors Mrs. Ferne Green

The children and teachers of the Green Kindergarten held a birthday party for Mrs. Ferne Green on Thursday. It was a complete surprise for Mrs. Green and a triumph for the children in keeping the secret so well. From the moment until she walked through the door and the children sang a Happy Birthday, Mrs. Green was entirely unaware of any party preparations.

The children in Mrs. K. Garrett's room gave Mrs. Green a velvet and silk pin cushion, and Mrs. A.E. Cushman and Mrs. C. Williams' room presented her with a potted bulb. The teachers gave her a new band instrument to be used in the Kindergarten. Mrs. Garrett baked the pink and white birthday cake.

NEW FOR EASTLAND!

ALL NUMBER CALLING

WHEN the new Eastland telephone directory is delivered this week, all telephone numbers here will be changed from two letters and five numerals to seven numerals.

The present prefix of "MA 9" will be changed to "629"—actually the same in dialing. The last four digits of each telephone number will remain unchanged.

For example, "MA 9-2691" will become "629-2691."

Eastland will thus become one of the first cities in Southwestern Bell to con-

form with the new nationwide system of numbering known as All Number Calling.

All the new numbers will be contained in your new telephone directory, to be mailed about mid-week.

We believe that you will find this new up-to-date numbering system simple and more trouble-free to use, with fewer chances for errors in dialing.

And Eastland, as in the past, will continue to be in the forefront of telephone progress.

"Stationery with 'MA 9' numbers can still be used after the change!"

Since "MA 9" and "629" are the same on the dial, stationery and other printed material bearing the "MA 9" telephone numbers can still be used after the change to All Number Calling.

However, you'll want to be sure to remember to use your new "629" number when you reorder printed material.

Tasty and colorful, Mexican food is a frequent choice whether prepared at home or eaten "out." The foods of Mexico and Texas-Mexican foods are closely related but not identical. Although some recipes date from as early as pre-Spanish times, they have been changed and adapted over the centuries in Mexico and changed even more as they moved north.

Chili, though sometimes a dish no Southwesterner would call Mexican food, is known the length and breadth of the United States. The origin of Texas Chili is disputable, but its popularity un-

questioned. Through the years it has stimulated argument, been the subject of articles and books, even prompted poets to sing its praises.

Texas Chili

For Texas chili, fry 1/4 pound beef suet in a deep saucepan or kettle over medium flame. Remove cracklings. Add 1 cup chopped onion and 1 pound coarsely ground beef. Cook until deep yellow, stirring frequently. Add 2 1/2 pounds of coarsely ground beef. Cook until gray. Add 1 tablespoon salt, 1/2 pod dried hot pepper, 1 teaspoon ground comino (cumin), 1/4 cup chili powder and 3 cups of boiling water. Bring to boil over full flame, reduce flame to simmer and cook 1 1/2 hours until meat is tender and flavors are thoroughly blended. Stir occasionally. If mixture becomes thicker than desired, add boiling water. To serve with beans: 30 minutes before end of cooking time, add desired amount of cooked pinto or canned chili beans. Chili and beans may be served separately so everyone may mix their own. Makes approximately 8 cups.

Enchiladas

Tortillas, the bread of Mexico, are used in many ways. They are the basis of Enchiladas. Heat 2 cups chili in a saucepan over a low flame. Dipping and filling one at a time, dip 12 soft tortillas in the hot chili. Place 2 tablespoons grated American cheese and 2 teaspoons chopped onion in the center of each tortilla. Roll each tortilla and place, seam side down, in a shallow baking dish. Cover with remaining chili. Top with grated cheese. Bake in moderate oven (350 degrees F.) 15 minutes or until cheese melts.

Frijoles Refritos

Mexico has many ways with beans and Frijoles Refritos (Re-Fried Beans) is one of the best. Mash 2 1/2 cups cooked pinto beans or drained, canned Mexican style beans with potato masher or wooden spoon. Heat 2 tablespoons bacon drippings in a skillet over medium flame. Add beans to hot fat and cook until fat is absorbed, about 15 minutes, stirring frequently. Makes 4 servings.

Tamale Pie

Tamale Pie is a modern recipe that goes back to the Aztecs, or even beyond. Place four cups of water and 1/2 teaspoon salt in a saucepan and bring to a full rolling boil. Slowly add 2 cups white cornmeal, stirring constantly. Continue cooking 20 minutes, stirring frequently. Heat 3 tablespoons vegetable oil in a deep skillet over medium flame. Add 1 pound coarsely ground beef chuck, 2 chopped medium onions, 1 minced clove garlic and 1 finely chopped green pepper. Cook until the meat is browned. Add 1 can (16 or 17 ounce) tomatoes, 1/2 teaspoon salt and 1 tablespoon chili powder. Bring to boil. Line bottom and sides of a well-greased 2 - quart casserole with the cornmeal mixture, reserving some for topping. Pour meat mixture into lined casserole. Top with reserved cornmeal mixture, bringing it to the edge. Bake in moderate oven (350 degrees F.) 1 hour. If desired, top with grated American cheese 10 minutes before removing from oven. Makes 4 servings.

Guacamole

The versatile avocado can be made into equally versatile Guacamole. Guacamole can be served as appetizer, salad, snack or main course. Peel and mash 2 avocados. Peel and dice 1 medium fresh

tomato. Add diced tomato to salad. Makes 6 servings. If mixture must stand before serving, add avocado seeds to help keep it from darkening. Mixture may be served as a dip. If desired, cream and add a 3 ounce package of cream cheese, to make a

thicker dip. For a snack or main course, spread guacamole on tostados (crisp fried tortillas) and add cubed cooked chicken meat, preferably white. Garnish with shredded lettuce and radishes.

Senior Citizens Invited To Have Forms Checked

Older people in the Abilene district are invited to have their medicare claims checked at the Abilene social security office before mailing, says R. R. Tuley, Jr., district manager.

Tuley believes that most people will need this help only the first time they make a medical insurance claim. "The Medicare Handbook, given to all beneficiaries, shows how to make claims," he said; "the form is relatively simple, but most people can use some advice the first time. We're glad to offer aid, and believe we can help some people avoid a delay in payment."

The medicare claim may be made either by the patient or by the doctor. If the doctor applies, he bills the patient only for any part of the \$50 deductible remaining to be paid and for 20 percent of the bill over the \$50 deductible.

Under the other method, the patient pays the bill and then sends the completed request for payment form to the medicare carrier. A statement from the doctor showing the treatment given and the charges already paid by the patient must be furnished either on the request for payment form or on a separate receipted bill. In Texas, medicare doctor bill insurance is handled by Blue Cross-Blue Shield in Dallas.

The same one-page request for payment form goes to the carrier no matter whether the payment is to go to the patient or to the doctor. Doctors' offices, accustomed to filling out insurance forms, should have no difficulty providing the few items of information requested, Tuley noted. But handling of forms received directly from medicare beneficiaries is sometimes delayed because some essential item of information has been omitted.

If the beneficiary omits his medicare identification number, or doesn't get adequately itemized receipts from the physicians, or fails to enclose the receipts, the medicare carrier has to write him back, thus delaying payment.

"The social security office does not make the decision or pay the claim," Tuley said. "The law requires that the payments be handled through the selected carrier. But we can answer general questions about medicare and help people in this area get their applications ready for review by the carrier."

The Abilene social security office is located in the Post Office Building. The phone number is OR 4-5262. Representatives of that office make regular visits over the 15 county area. Each post office has a copy of the current schedule. See a representative at the place most convenient for you.

Hargraves, Whitehead Make All-District Team

Eastland and Cisco each placed a man on the District 7-AA All-District Basketball Team, as did Granbury, and Clyde holds the honor for two men on the team.

Eastland almost made with a second man, but the coaches' scoring put him in sixth and therefor top man on the second team.

Named to All-District honors are Larry Hargrave of Cisco, Cecil Eager of Clyde, James Tidwell of Granbury, Jim Paylor of Clyde, and James Whitehead of Eastland.

On the All-District Second Team are Jim Herridge of Eastland; Billy Williams of Comanche, Tom Tyson of Hamilton; Butch Williams of Hamilton, and George Raines of Granbury.

No honorable mentions were picked by the coaches at the meeting in Comanche Thursday night, and there were no unanimous votes in the placings, it was reported.

The coaches voted to repeat the basketball schedule of the year just ended, next year, with the sites reversed.

THE GORDON SPOT

By DeMarquis (Dee) Gordon
Eastland County Extension Agent

Several people have recently requested information on the control of Scale insects. Scale insects attack a wide range of plants from ornamentals to fruit trees. There are some 2,000 species of these tiny insects, but the control practices are about the same for all scale insects.

Adult scale insects form a protective layer of wax over the body. This wax may be merely a thin layer or it may be in the form of tufts, plates or powder. The females lose their legs and never move after once inserting the beak into the plant. The females lay eggs and after a short period die. The tiny eggs soon hatch into little "crawlers" or nymphs which begin to crawl about the tree, searching for a place to eventually repeat the above process.

Dormant "winter" oils are most effective in controlling scale insects. Oils are toxic to all three stages of the scale: eggs, nymphs, or "crawlers" and adults. This type of oil can only be applied during the dormant period of the year, and even then, should not be applied to plants retaining green color.

Another type of oil commonly referred to as "summer" oils has been used during the remainder of the year with some success. The summer oils are much "lighter" than winter oils but may still cause serious foliar burning or even death to the plant if excessive amounts are applied. Extreme care should be taken in using only the recommended amounts on the label when applying either of these two oils.

Three other insecticides have been effectively used against most scale insects during the growing periods of the year. Malathion, diazinon, and Cygon have given good control if applied while the

nymphs or "crawlers" are present. These insecticides only control the "crawler" stage of the scale. The adults are protected from these chemicals by their waxy covering and the chemicals have no effect on eggs which have been laid.

Generally, three to four applications at seven to ten day intervals are necessary before control is obtained if chemicals other than dormant oils are used.

Some Eastland County livestock men may be interested in attending a beef cattle field day at the Livestock and Forage Research Center near McGregor on March 2.

Tours of the cattle pens will be held from 9:30 a. m. to 12. The afternoon program begins with "Are Small Beef Cows More Efficient?" A. A. Melton has been doing research to find out which size beef cow is most efficient. His talk will be a report on what he has found to date. Other interesting topics will also be discussed.

The Research Center also sells bulls on that day. One local rancher plans to buy a bull from the Center. The Research Center is located 3 miles south of McGregor on State Highway 317.

Eastland Auction Sale

The Eastland Auction Company reported an active market last Tuesday with cows and calves and springer cows higher, stocker and feeder cattle steady, and butcher cattle weaker.

Receipts: 675 head of cattle, 141 hogs and 29 sheep and goats.

Prices were reported as follows: butcher bulls, 20 to 23-

80; stocker bulls, 22 to 28; butcher cows, 16 to 19.20; canners and cutters, 13 to 18.50; butcher calves, 20 to 24; stocker steer calves (light choice), 25 to 32.30; heavy choice, 24 to 29.

Stocker heifer calves, 22 to 26.40; yearling heifers, 20 to 24.50; stocker cows, 135 to 195; pairs, 185 to 240; butcher hogs, 16 to 20; sows, 13 to 17; packer goats, 9; stocker goats, 6.50 per head.

Brownwood

Brownwood Cattle Auction reported 622 head of cattle for the Feb. 22 sale. The cattle as a whole were not as good as last week's, the report said. Quality considered, the market was fully steady with pairs strong to \$15 per pair higher.

Prices were reported as follows: stocker steer calves, 26 to 34.50; stocker heifer calves, 22.50 to 26.50; steer yearlings, 23.50 to 28; heifer yearlings, 21.50 to 24.50; plain feeder steers, 19 to 23; plain feeder heifers, 18 to 21.50.

Cows and calves, pair: good, 200 to 240; plain, 165 to 200. Stocker cows, 16.50 to 21.

Slaughter cattle: fat calves, 21.50 to 24; fat cows, 16.50 to 18.50; utility and cutter cows, 15.50 to 19; canners, 13.50 to 15.50; shells, 13.50 down; stocker bulls, 19.50 to 26; and slaughter bulls, 18.50 to 24.

Ex-Students Area Dinner

Charles H. Sparenberg, auditor of the University system, will be featured at the annual Independence Day dinner, sponsored by the Texas Exes Club. Sparenberg who has been controller of the University system since 1962, is responsible for many of the University's financial and business transactions.

He joined the University staff in 1931 as auditor of the Main University at Austin, and later became auditor of the entire UT System.

Mr. Sparenberg received a Bachelor of Business Administration degree from the University in 1926 and became a Certified Public Accountant in 1928.

While attending the University, he worked part time for the Austin National Bank. After graduation he worked for five years with the San Antonio firm of Rodgers, Smith and Company, Certified Public Accountants. For a brief time in 1930 he was associated with State Auditors office.

Mr. Sparenberg is a member of regional and national associations of college and university business offices, Texas Society of Certified Public Accountants, Beta Gamma Sigma honorary business society, Beta Alpha Psi honorary accounting society and the Austin Chamber of Commerce.

He is married to the former Blake Stroud, and they are the parents of four children.

"Ex-Students and all friends of the University of Texas are urged to attend this program, whether or not they are members of The Association," said Scott Bailey, President of the Oil Belt Club.

Also on the program are Door "Surprises" with a Longhorn flavor.

Persons interested in attending the Texas Independence Day celebration should contact Lloyd McGrew in Cisco, James Clark in Ranger or Judge Baileys office in Eastland.

HOMEMAKERS' HINTS

By JANET MEYERS
Home Demonstration Agent

The 1967 Texas Home Demonstration Associations district meeting is scheduled for April 13 and 14 in Stephenville. Meeting facilities are being provided by Tarleton State College. Some 250 Home Demonstration women representing 20 central Texas counties are expected.

Making plans to attend from Eastland County are Mrs. W. V. Fenter, Rising Star; Mrs. Genoa Brown, Eastland; and Mrs. R. W. Gordon, Ranger. These three women will serve as voting delegates for Eastland County. Too, Mrs. Fenter will be a member of the resolution committee during the meeting. The recreation workshop will be conducted by the Eastland delegates.

ners is being stepped up in response to consumers' desire for brighter colors and upgrading of style.

Different brands of self-polishing wax have different formulas. Even the same brand changes from time to time as improvements are made. Because of these differences, never combine partially used cans of these waxes.

Never wash eggs before storing them, advises a nutrition specialist. Washing removes the natural protective coating which keeps air and foreign odors from entering the shell.

of 24 counties and is presided over by Judge Clyde Grissom, Judge Cecil Collings, and Judge Eco Walters. The court's staff is extensive.

At press time, plans were also being mapped to have as many members of the committee as possible flown to Eastland Monday afternoon so that an on-the-spot inspection of the facilities could be made.

A group of Eastland residents was in Austin last Tuesday for the West Texas Chamber of Commerce meeting and took advantage of the time to

More and more home owners are installing central vacuum cleaning equipment. This system has a motor, fan, filter, and bag located in a basement or other remote home location. Outlets are placed in strategic positions throughout the house. A long, portable hose and nozzle are connected to the outlets for cleaning.

Most central vacuum systems collect dust in an outside vented section attached to the motor unit. Dirt collecting bags may be emptied twice a year.

Advantages to the built-in system include non-recirculation of dust; near silence since the motor is remote; and convenience — no unit to carry, and minimum storage requirements.

Many of the portable type cleaners will sport a variety of new features for the homemaker in 1967. Canister cleaners that will float on air are in the experimental stage. Air exhaust is directed under the canister, lifting it just slightly off the floor. However, critics of this feature say it merely blows the dust and dirt away from the vacuum.

More research is being done on battery operated vacuums to lengthen the time between rechargings. The trend toward decorative clean-

visit with members of the committee with Musgroves' help about the proposed bill. All returned confident that their message had been well taken.

It was believed that proponents of the bill (those from Abilene) learned of the Eastlanders' visit and hastened to have the hearing. A lot of "winning and dining" has been reported on the part of the Abilene interests in behalf of their bill.

4-H Club News

Prepared

By

The County eliminations contest will be held Saturday Feb. 25, 1967 beginning at 1 p. m. in the Eastland High School Auditorium, in Eastland. 4-H Club Members will be giving method demonstrations in many project areas. Public Speaking is one of the areas in which there has been an increased amount of interest. The public is invited to attend the contest and see Eastland County 4-H Club members in action.

Beginning at 10 a. m. Saturday, Feb. 25, 1967, the 4-H Foods Show will be under way for 1967. Members of the Foods and Nutrition Subject matter groups will be participating. The Foods Show will be judged by two home economists. A record number are expected to participate in this achievement event this year. Come by to see the exhibits

in the Eastland High School Auditorium between 10 a. m. and 12 noon.

Nine 4-H Club members from Eastland County will be carrying 27 head of steers, heifers, lambs and breeding sheep to be exhibited in the Junior Show of the Houston Livestock Show. These individuals are going to compete for prizes and the opportunity to sell their steers and lambs in the auction sale.

Those who will be showing are: Cynthia and Carter Hounsel, Sandy Warlick of Rising Star 4-H Club; Tommie, Bobby, Caddy, and Caryn Lee and Bill Farnsworth of Cisco 4-H Club; and Gary Wheat of Morton Valley 4-H Club.

Other than showing 2 animals at the same time, some of these boys and girls will be attending the Beef Scram-

ble Banquet and the Sheep Breeders' Banquet.

The week's schedule is a full one as you can see from the following schedule:

Tickets for the luncheon and style show are \$2 each and may be purchased at Altman's, Bray's or the Corner Drug Store.

Mrs. Arthur Murrell will be coordinator and commentator for the "Fashion Fiesta." Mrs. Jack Frost is in charge of special arrangements and Mrs. Gwen Meacham will be organist.

Other hostesses are Mmes. Cyrus B. Frost, Sr., I. C. Heck, Milburn Long, T. E. Richardson, and Esco Walter.

Important ASCS Dates Announced

Jesse G. Meredith, office manager of Eastland County ASCS, has announced the following important dates to remember: Feb. 28, final date to apply for new farm feed grain base; March 3, final date to release or request additional cotton acreage; and April 4, final date to release or request additional peanut acreage.

Meredith also said that incentive payment on mohair, wool, and unshorn lambs probably will be made in April. Aerial control of mesquite has been added to the list of approved ACP practices. Cost-share is approved at \$150 per acre. The average cost for spraying mesquite by the aerial method is \$3.00

per acre and spraying should be done about 45 days after the first leaves appear in the spring. Sign-up dates will be announced by the ASCS office.

Requests for a measurement service prior to planting are now being filed. The rate of charge is \$10.00 per farm plus \$2.00 per acre based on allotment or base, whichever is applicable.

Requests for cost-share may now be filed for springing Coastal Bermuda. Recommended is 180 pounds of sprigs per acre with 150 pounds of 16-20-0 per acre. Maximum acreage for cost-share is 30 acres. Applications must be filed before work is begun.

Let us try to help

The handicapped and bedridden need to communicate too. These are special people requiring special aid.

Businessman, housewife, child, anyone may have need of special communications.

If you, or someone you know could benefit from special telephone service, let us try to help. Whether the need is for an existing service we have, or for a tailor-made system, we'd like to be of service. That's what we're in business for.

A few of the many items we offer are shown here. For further information, just call your telephone business office.

Magical Automatic Dialer
Push-button dialing for those who are unable to use the standard telephone dial. A simple push of a button recalls the wanted phone number from the instrument's memory unit. Another push of a button dials the number.

Volume-Control Handsets
For those who have difficulty hearing on the telephone, a handset is available with a wheel which adjusts the volume of the voice being received. For telephone users whose speech is impaired, another handset is equipped with a wheel that amplifies speech.

Electronic Larynx
This battery-operated device substitutes artificial vibrations for the natural vibrations produced by vocal cords. It can be used in certain cases by vocally handicapped people.

School-To-Home Service
Shut-in students can attend classes via telephone. This two-way communications system lets the student speak and listen to anyone in the classroom.
