**NEW TEACHERS FOR MULESHOE...**Several new teachers, aides and a new secretary were among the guests at a Chamber of Commerce and Agriculture breakfast in their honor Thursday morning. The teachers who attended the breakfast are from left, standing, Charles Faulkner, Reuben DeLeon, Edna Cargill, Lola

Faye Pylant and Gentry Lynn. Seated from left are Frances Kirkland, secretary; Jean Allison, Vicki Lynn Loyd, Carol Beene and Diane Skipworth, teacher's aide. They will join the more than 100 other Muleshoe school employees with the start of school tomorrow, August 29.

## School Starts Monday, Safety Rules Outlined

### Local Deputies Attend Law School

Lawmen attending their first police class have learned, if they already didn't know it, that one common penny-more or less-can mean the difference between misdemeanor and felony charges being filed on a culprit. The point of law came up when several area police officers took a close look at the Texas Penal Code and what it says on theft. They were learning how to determine what type of case to file.

Texas A&M's law enforcement classes, basic and advance, are held on the Wayland campus

Cont. on Page 3, Col. 5

### Police Department Asks Driver Safety

At 8:30 a.m. Monday, students will pour into the four Muleshoe Schools to begin another nine month school term. Eager students and teachers will begin nine months of study and instruction following a long, hot summer vacation. Teacher in-service training ended Friday. As the school term begins, the Muleshoe Police Department issued the following announcement:

"Thanks for your cooperation."

Added to the words of caution by the Muleshoe City Police Department is a short statement by Louis Cardinal, Department of Public Safety Trooper in Muleshoe. "Bailey County has good country roads, and good paved roads, but there are some blind corners, dead end roads and sand.

"We would like to add our caution to that of the city police, and ask your cooperation in driving safely, and especially watch for the youngsters as they approach the school buses. Let's try to keep our school year as accident-free as possible."

Several new teachers will begin with the Muleshoe School System this year.

New High School teachers are Mrs. Dick (Lola Faye) Pylant. She will be teaching physical education and health; Gentry Lynn, vo-ag teacher; Charles Faulkner, band director and Mrs. Harold (Jean) Allison, migrant I tutorial teacher.

The two new teachers at junior high school are Reuben DeLeon, assistant coach and teacher and Carol Beene, special education.

Both Mr. and Mrs. Charles Brewer will be teaching in the Muleshoe School system. He will teach in Title I at Mary DeShazo and Mrs. Brewer will be a kindergarten teacher at Richland Hills.

Vicki Lynn Loyd will be at the reading station at Mary DeShazo reading station at Mary DeLeon. Cont. on page 3 Col. 1

### Fine Arts First Meet Set Monday

Muleshoe Fine Arts Boosters will hold their first fall meeting on Monday August 29, at 8 p.m. in the Muleshoe High School Band Hall.

Duane Lloyd, 1976-77 president, has asked that all parents and friends of students in any of the Fine Arts programs, in Muleshoe Junior High or High School, attend the meeting. He is urging support for the Fine Arts Program, which include art, band and the speech departments.

He stated that new officers for the Fine Arts Boosters would be selected at the meeting and other important business will be discussed. Outgoing officers include Duane Lloyd, president; Owen Jones, first vice president; Doyle King, second vice president and Clara Lou Jones, secretary-treasurer.

Department heads will be present for the meeting and said they would appreciate the support parents represent to the students and to themselves. Lloyd said he would like for as many people as possible to plan to attend the meeting.

### Grand Jury Returns Nine Indictments

Twelve grand jurors met Wednesday to consider several cases and return indictments.

George Washington served as foreman of the jurors, who included: Florence Morgan, Wilma Embry, Gladys Black, Dale James Roberson, Barney Locke, Mary Hunt, Norma Bruce, Joe Wheeler, Frances Brand, Ernest Ramm and Lewis Wayne Shafer.

Nine indictments were returned by the jurors including two for burglary; one for desertion; one for aggravated robbery; two for theft; one for forgery by making and forgery by passing; one for aggravated assault and one for forgery by passing.

On the same date, District Judge Pat Boone took several guilty pleas on the following cases:

Joey James Parks, four years probation for burglary; Danny L. Parks, four years for burglary; Ramon Rincones Cisneros, four years probation for theft; Barbara Edwards, three years probation for worthless checks and Ernesto Rubio, five years probation for theft of a vehicle.

### City Council Special Meet Slated Tuesday

Muleshoe City Council will meet in special session at 8:30 a.m. on Tuesday, August 30, with several items to consider.

They will open bids for the street paving project; appoint a member to the airport board; reappoint housing board members; issue a resolution authorizing the addition of a street light and consider the transfer of delinquent accounts to Bad Debits.

Other items will also be discussed during the meeting.

### Chamber Offers Reward Of \$100 For Burglary

Muleshoe Chamber of Commerce and Agriculture, along with the Muleshoe City Police Chief Buddy Black, have offered a \$100 reward for information leading to the arrest of the burglar or burglars who broke into Western Auto Tuesday night.

The intruders apparently entered the store through the roof and took a .12 gauge Revelation shotgun; a .410 gauge Revelation shotgun; a roll of dimes, three transistor batteries; five silver dollars; two gun bags and a 'Pepsi' radio.

The reward fund has been set up as a service to members of the Muleshoe Chamber of Commerce and Agriculture, and CoC Executive Director Tommie Black said the reward has proven to be successful since it was instituted to help solve the break-ins reported by local businesses.

All information will be held confidential, as will the name of the informant. If you have information on this break in, or any other recent burglary in Muleshoe, call the Chamber of Commerce office at 272-4248 or the Bailey County Law Enforcement Center at 272-4268.

## Dove Hunting Hours Extended This Year

### Police Report

Headlining the list of activities by the Bailey County Law Enforcement Center was activities by Roy Bayless, animal warden. He reported at mid-morning on Thursday, that to date since Monday, he had picked up 15 dogs, with constant backlogged calls from citizens reporting stray dogs.

Officers were investigating two burglaries. One was from a Mobile station who reported the theft of gasoline. The other was the burglary of Western Auto on Tuesday night. In that burglary, a .12 gauge and a .410 gauge shotguns were taken, along with a roll of dimes, three transistor batteries, five silver dollars, two gun bags and a 'Pepsi' radio.

Two arrests were made after mid-week, including one for public intoxication and one for no driver's license and driving while intoxicated.

### PEACE Justice Report

Speeding continued to lead the list in the office of Justice of the Peace K.B. Martin, as he heard ten speeding cases during the past week.

Other activity included four for no driver's license; one for failure to drive in a single lane; one failure to control speed; three for overload of gross weight and one for assault.

### School Board Sets Wednesday Special Meeting

Members of the Muleshoe School Board will meet in special session at 6:30 a.m. Wednesday, August 31, at the Corral Restaurant.

The meeting was called to study, review, and consider approval of the official amended budget for the 1976-77 school year. Members will also approve the employment of personnel to fill vacancies in the system.

All-day shooting for mourning doves have been approved by the Texas Parks and Wildlife Department with the season running from September 1, 1977-October 31, 1977.

The daily bag limit of ten birds and a possession limit of 20 birds is the same as last year and should furnish hunters with plenty of chances to bag the fast-flying dove with shooting hours from 30 minutes before sunrise to sunset.

### Rotary Hears Jaws Of Life Presentation

Special guest speaker at the Muleshoe Rotary Club on Thursday was Muleshoe Volunteer Fire Department Chief, H.E. Reeder. He spoke to Rotarians asking support in the present campaign to obtain the Jaws of Life rescue tool for the fire department.

Reeder explained the make-up and operation of the scissor-type, hydraulically operated tool. He said one man can operate the Jaws of Life, as it weighs 38 pounds.

The fire chief said the rescue tool can be used to release trapped victims in five minutes or less, and can cut off window posts, car tops and other obstructions to remove a victim.

"There's really no limit to what you can do with the Jaws of Life," he told the Rotarians. Reeder concluded by answering questions about the cost of the rescue tool and said, "We are asking your support in discussing the Jaws of Life and helping us to obtain it."

Rotary was conducted by first vice president Carson Clayton, in the absence of President John Blackwell, who was unable to attend because of business.

Most counties of northwest Texas are reporting good populations of doves with Andrews, county in the southwest corner of the South Plains, Scurry and Mitchell counties in the Southeast corner of the South Plains and Wheeler county in the eastern Panhandle reporting excellent populations of doves.

Only Hale, Motley and Deaf Smith counties are reporting poor populations of birds for the coming season but, cool weather could affect all these areas.

The passage of cold fronts in late August and early September through Texas has as much effect on the local dove population as any one factor. An increase in the sunflower acreage in some counties should help to hold the birds a little longer than normal.

### Kiwanis Hosts Fire Chief As Guest Speaker

Jaws of Life, which is becoming a very well know expression in this area was the topic of discussion at another civic club meeting this week. Fire Chief H.E. Reeder and Fireman Bill Kinard presented a program on the rescue tool for the Muleshoe Kiwanis Club Friday morning.

The 16 Kiwanians and three guests, along with sweetheart Benetta Roming, heard the story of the rescue tool. Reporter R.A. Bradley for the Kiwanis Club said, "This is an expensive piece of equipment that is needed by the Muleshoe Fire Department to help them in rescue work."

"This equipment can cut an automobile in half, pry a door off, pull a steering column clear out or raise a car, and many other things to help rescue someone from a wrecked car, collapsed building or other obstructions."

He continued, "The fire department wishes that this would never be needed, but since accidents happen, we need someone equipped and trained to help us. This is not just a project for the Muleshoe Fire Department, and all civic clubs of Muleshoe, but this should be a community project to help obtain this Jaws of Life."

"Each and everyone of us, city and county citizens, need to get involved, your donation of \$1 to \$10, or any other amount, will help considerably."

"Who will be the next one in this community who will need this kind of equipment? I for one, hope it is not me, but we never know. So please, everyone, mail your donations today to 'Jaws of Life', in care of the Muleshoe Fire Department. Don't put it off, your help is needed," he concluded.

Reporter Bradley reported that Bob Gage gave the friendship coin to Bill Kinard because "he figured Bob needed a friend."

## County Co-op Manager J.W. Coppedge Dies

Funeral services were conducted Friday at 2 p.m. in the First United Methodist Church in Muleshoe for J.W. Coppedge, 62 manager of Bailey County Electric Cooperative in Muleshoe. Officiating was Rev. David Hamblin, minister of the church. Burial was at 6 p.m. Friday at Fairview Cemetery in Memphis.

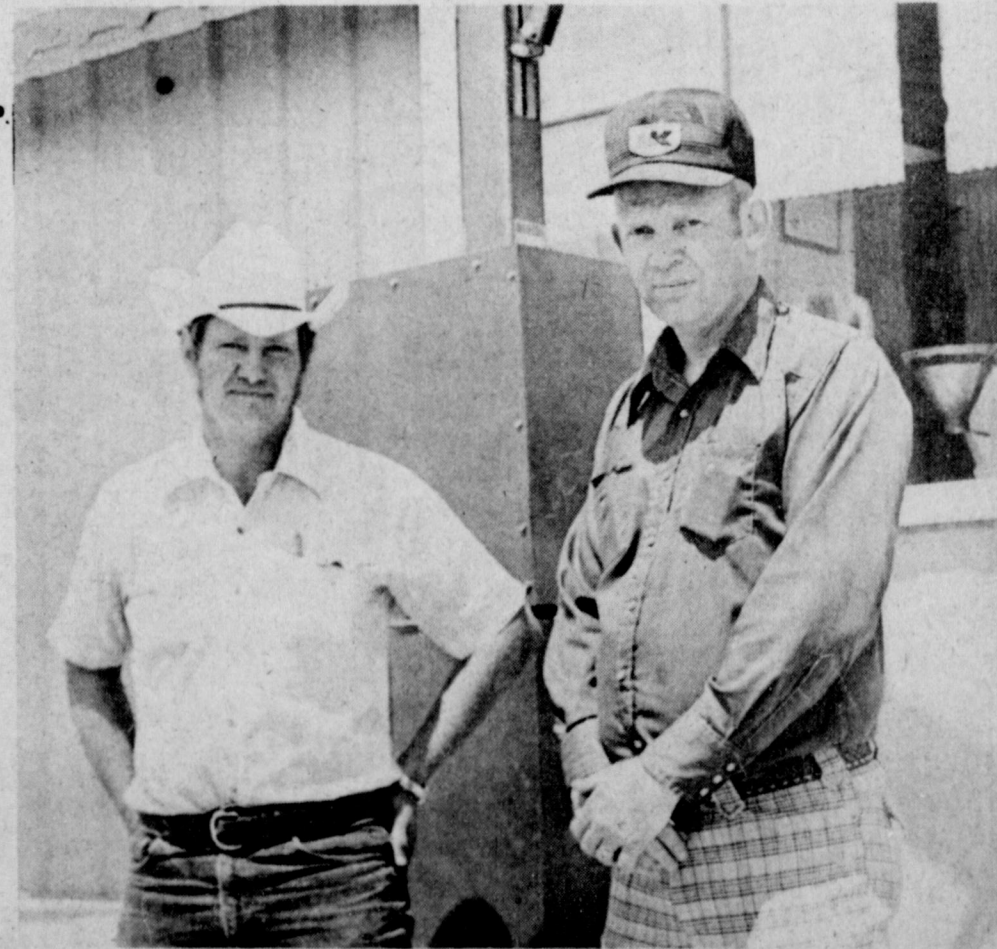

J.W. COPPEDGE

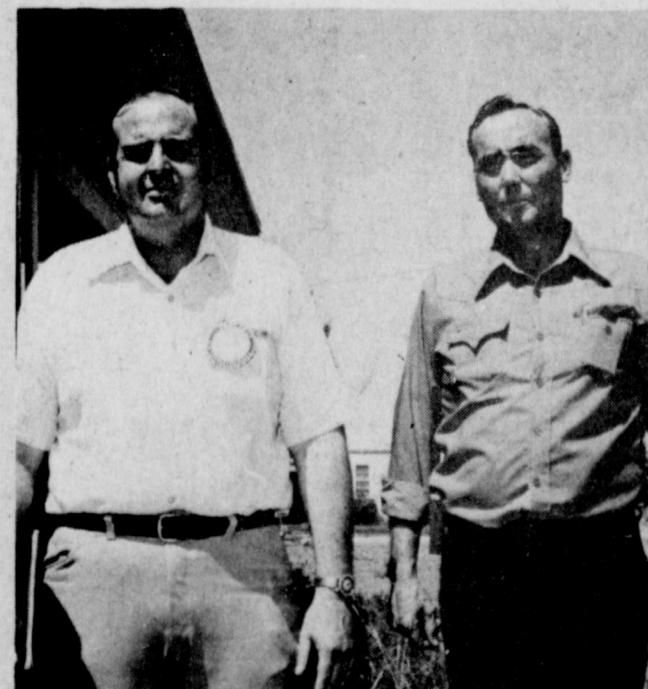

Coppedge apparently had a heart attack around 6 p.m. on Wednesday, followed by another heart attack late Wednesday night. He died at 1:09 a.m. Thursday in West Plains Medical Center where he had been hospitalized for several hours.

A resident of Muleshoe since October 1, 1967, he moved here from Memphis. He was born July 23, 1915 in Ore City, Tex. He married Nita Daniel on May 17, 1947 at Memphis. A member of the First United Methodist Church of Muleshoe, he had held several offices in the church and was a past president of the Muleshoe Lions Club and a member of the Muleshoe Chamber of Commerce and Agriculture. He was a veteran of World War II, having served in the U.S. Navy.

Survivors include his wife, Nita; one daughter, Kay Coppedge of Dallas and his stepmother, Mrs. Mae Coppedge of Fort Worth.

**AREA FARMER BRINGS IN FIRST CORN...**Bobby Kindle, left, brought in the first load of corn to the Farmer's Co-op Elevator this week. Kindle, who farms near Maple, brought in 30,000 pounds of Cotton Burleson, right, manager of the elevator. Corn harvest is getting into full swing in the area as farmers are taking advantage of the hot weather to harvest their corn crops.

**ROTARY HOSTS SPECIAL GUEST...**First Vice President Carson Clayton, left, conducted the noon meeting Thursday of the Muleshoe Rotary Club. Special guest speaker was Muleshoe Volunteer Fire Department Chief, H.E. Reeder. He spoke on the Jaws of Life rescue tool.

### Current Fisherman Report

**Lake Greenbelt**-Fishing for channel catfish is very good with fish up to ten pounds being caught. The catfish are being found in all areas of the lake. Bass fishing is fair with a few good strings coming in. Two bass in the six pound class were caught during the period. White bass fishing is picking up, large schools of "sandies" have been seen on the surface recently. One good string of 32 nice crappie was caught. Fishing for sunfish and bullhead catfish is excellent.

**Lake Meredith**-The lake is up nine inches from recent rains. The water temperature at five feet deep is now 76 degrees F. Fishing for catfish is excellent, particularly for channel catfish in the five and six pound size. A new lake record was set last week when Attaboy Akins of Borger caught a 41 pound flathead catfish on a troutline in North Canyon. The walleye fishing has slackened off from earlier in the summer but good strings are still being taken by fishing deep off of rocky points.

**Lake McClellan**-Fishing for channel catfish and bullheads is very good on minnows and worms. Several channel catfish in the three to six pound class have been caught over the period. A few small bass have been taken recently and crappie fishing seems to be picking up some.

**Lake Rita Blance**-The lake has a fishing tournament underway which will run into Labor Day. Minimum weights for entry are: largemouth bass-two pounds, channel catfish-three pounds, and trout-11 inches. A variety of fishing equipment will be awarded to the winners on Labor

Day. Fishing at the lake has been good for catfish to four and one half pounds, small bass, and sunfish.

**Lake Baylor**-Fishing for bass has been spotty. Ellis Knight of Pampa caught a six and one half pound bass and the Pampa bass club had a good tournament there with several bass in the five to seven pound class being caught. Channel catfishing has been good at night for fish up to 11 pounds. The lake is low.

**Lake Marvin**-Bass fishing has been excellent with several limit catches reported. Most of the fish are in the two and three pound class and are taking black topwater baits early in the morning and late in the evening. Some nice channel catfish have been caught and fishing for sunfish is still pretty good.

**Copper Breaks State Park Lake**-Fishing for most species is poor with a few small bass and catfish being caught. One tiger muskie was caught which was 23 inches long.

**Lake Pauline**-Fishing has been slow with mostly small fish being caught. The water temperature is almost 90 degrees F. Fishing for large bass should pick up as the waters cool this fall.

**Lake Theo**-Fishing has been slow over the period with sunfish being the only species which have been consistently caught.

**Lake Mackenzie**-Fishing for catfish has been very good for both channels and flatheads. Several fish over five pounds were caught over the period. After the recent cold front, fishing for small bass in the coves was excellent. Sunfish are biting very well but crappie walleye are slow. The water temperature is 78 degrees F at six feet.

Laetrile backers and foes agree to clinical tests.

### 'Puzzletown' Exhibit At Muleshoe Library

You won't find the Mayor at City Hall these days. Not if you're looking for Mayor Fox of Puzzletown, that is. He's residing at the local library, along with some of his friends, and they're now conducting their daily activities there.

The Mayor and his friends are part of a special !Puzzletown! display currently exhibited in the children's reading section of the Muleshoe Area Public Library, 322 West Second Street.

The library was one of more than 2,500 libraries across the United States which recently received complimentary play sets from Playskool, Inc., a division of Milton Bradley Company.

Specially developed by Playskool for children three to eight years old, Puzzletown is a put-together, take-apart storybook town featuring the book characters of Richard Scarry, renowned children's book author/illustrator.

Playskool, a leader in the preschool toy field, made the Puzzletown set available to libraries since the toy creates a natural place for story telling, role playing and other special library activities, said Muleshoe Area Public Library Librarian, Anne Camp.

She said that most children and their parents are familiar with Puzzletown's characters through the more than 120 books that Scarry has written and illustrated. The books are popular library items, and many librarians recommend them to parents of preschool children.

Mrs. Camp added that Puzzletown was created as a result of consumer reaction to platform toys. Mothers requested imaginative toys in which the child could participate, rather than be directed or limited toward specific play patterns.

Business reply purchaser response cards inserted in some of the sets have indicated an overwhelmingly positive reaction towards the toy, she continued.

"In addition to soft, squeezable miniature Scarry characters, Puzzletown comes with a playboard bases and woodboard and plastic pieces that children can build, take apart and rebuild into various storybook settings," commented the librarian.

The Puzzletown pieces are brightly colored and decorated to give each scene a variety of functions. The roof pieces, for example, turn over and double

as base pieces, and they also serve as bridges connecting one playboard to another.

Once this construction toy is assembled, it can be taken apart and rebuilt, creating completely new scenes and hours of additional fun for children.

Playskool presently makes five different Puzzletown sets. They are Mayor Fox's Town Center, Huckle Cat's Family Cottage, Farmer Alfalfa's Farm, Dr. Lion's Medical Center and Lowly Worm's Rail and Roadway. Accessory sets are also available.

Libraries throughout the country received a set of Mayor Fox's Town Center. Included in the set are pieces to build a town hall, department store, candy store and vegetable stand. The Town Center also comes with a lamppost, traffic signs, trees and bushes.

In addition to Mayor Fox, other Scarry characters inhabiting the "town" are Sgt. Murphy, who patrols the town and his motorcycle, and Mrs. Murphy, who runs errands in her car.

### School....

con't. from page 1  
Shazo Elementary and Edna Cargill will teach reading and math at Mary DeShazo Elementary.

A new teacher hired Friday afternoon was Helen Grigsby, formerly of Clovis, who will teach first grade at Richland Hills.

Muleshoe buses will run at regular times, beginning Monday, and students are asked to clip and pin up the following schedule for the school buses:

The Muleshoe Independent School District School Buses will stop at designated stops only, for eligible bus riders to the Mary DeShazo and Richland Hills Schools.

#### BUS STOPS FOR MORNING RUN:

**Bus #1:** Main St. and Ave. E, Ave. D, and East 5th St., Ave. D and East 3rd St., DeShazo School, West 10th and Ave. D, West 14th and Ave D, Richland Hills School.

**Bus #2:** Ave. F and East 4th St., DeShazo School, 10th St. and Ave. D, 14th St. and Ave D, Richland Hills School.

**Bus #3:** Birch Ave., and Boston St., Chicago St. and Cedar Ave., Cedar Ave and Austin St., DeShazo School, West 10th and Ave D, West 14th and Ave D, Richland Hills School.

**Bus #4:** Highway 214 and Ave I, Ave F and 3rd St., DeShazo School, West 10th and Ave D, West 14th and Ave D, Richland Hills School.

**Bus #6:** DeShazo School, West

10th and Ave D, West 14th and Ave D, Richland Hills School.  
**Bus #7:** Richland Hills School, West 14th and Ave C, West 10th and Ave C, DeShazo School.

**Bus #8:** West Birch and Boston St., West Birch and Dallas St., DeShazo School, 10th St. and Ave D, 14 St. and Ave D, Richland Hills School.

**Bus #9:** Dallas and Elm St., Dallas and Cedar St., DeShazo School, West 10th and Ave C, West 14th and Ave C, Richland Hills School.

**Bus #10:** Richland Hills School, West 14th and Ave C, West 10th and Ave C, DeShazo School.

**Bus #11:** Richland Hills School, West 14th and Ave C, West 10th and Ave C, DeShazo School.

**Bus #12:** West 19th St. off Hwy. 84, Richland Hills School, 14th St. and Ave C, 10th St. and Ave C, DeShazo School.

**Bus #13:** Austin St. and Elm Ave., Austin St. and Cedar Ave., DeShazo School, West 10th and Ave C, Richland Hills School.

**Bus #14:** West 14th and Ave C, West 10th and Ave C, Richland Hills School.

**Bus #15:** Joliet St. and Ivy Ave., Joliet St. and Gum Ave., Joliet St. and Fir Ave., Ithaca St. and Fir Ave., DeShazo School, West 10th and Ave D, West 14th and Ave D, Richland Hills School.

The third, fourth and fifth grade stops will be Ave. C and West 10th St., Ave. C and West 14th and Richland Hills School. The Kindergarten, first and second grade will load and unload at Richland Hills School, Ave D and West 14th St., Ave D and West 10th St. and DeShazo School.

### City Manager To Attend Airport Meet Deputies...

Among interested persons at a Texas airport System Plan regional planning meet next week will be Muleshoe City Manager Dave Marr and members of the Muleshoe Airport Board. The meeting will be at 10 a.m. Thursday, September 8, in Levelland in the City Hall meeting room.

### Dove...

con't. from page 1  
of any type are legal for dove hunting.

No hunting will be permitted in game refuges, state and federal parks, game reserves, or from any public road or road right-of-way. Citations issued by Texas game wardens in 1976 included many for shooting from the road.

Sportsmen are required by law to get permission to hunt from the landowner prior to the hunt. A violation of the landowner's property rights will only result in a possible citation and more no-hunting or no-trespassing signs next year.

Sportsmen can help improve the relationship between the landowner and the hunter by being courteous, considerate, capable and, most of all, careful. These sportsmen will have an excellent chance at being invited back to hunt next year.

More information is available on dove hunting regulations and other P&WD rules by contacting the nearest Texas game warden or P&WD personnel in your county.

Airport development needs of Bailey, Cochran, Hockley, Lamb, Terry, and Yoakum Counties will be discussed. The meeting will be conducted by the Texas Aeronautics Commission.

All area citizens with an interest in air transportation and airport development are invited to attend. Participating in the meeting will be city and county elected officials, airport board members, airport managers, representatives of the South Plains Association of Governments, and other citizens.

During the meeting, the airport development needs currently identified in the Texas airport System Plan for the Texas airports will be reviewed. Airport pavement maintenance and rehabilitation programs will be covered. The availability of state and federal funds for airport development will be discussed. Information on area economic development, community goals and objectives, and other factors that may influence the need for, or timing of, airport development will be requested.

The Texas Airport System Plan, developed for Texas and the Federal Aviation Administration by the Texas Aeronautics Commission, was published in January, 1976.

#### Optimist

An optimist is a fellow who expects a candy bar to be the size of the wrapper.

-Independent, Reno.

con't. from page 1  
because of its central location and facilities.

The basic law enforcement class is a 240-hour program required of all Texas policemen. Officers presently have only one year in which to meet basic certification requirements which are set by the Texas Commission on Law Enforcement Officer Standards and Education in Austin.

Rainey, headquartered in Texas A&M's West Texas Regional Training Center in Floydada, works with another Aggie, Stewart Dickson. A veteran lawman, Dickson was former chief deputy sheriff in Big Spring.

Both men are joined in their local teaching practices by other highly qualified police officers and representatives from related agencies. Last week FBI inspector Udo H. Specht spoke on Constitutional law and police liability. He was followed by another FBI agent, Lloyd B. Harrell, who outlined police-community relations.

Other guest lecturers will include officers and speakers from such agencies as A.S. customs, the Texas Department of Public Safety, and National Automobile Theft Bureau, among others.

Rainey says he believes in his work. "When you stop to consider that the police have been organized in the U.S. for a little over 100 years, and that very little opportunity for training has been provided for their profession, you wonder how they

have been able to do the job they have done."

Rainey, a graduate of the Texas Department of Public Safety Law Academy in Austin and seminars too numerous to mention, urges the professionalization of local police... "in order that the policeman can better carry out the responsibility of protecting life and property."

#### Bright Side

At least the kids are enjoying inflation; they always did prefer hamburgers and hot dogs to steak.

-Daily News, Chicago.

It's not what a man makes but what he saves that gives him security.

### Meet The Mules Night Success

Muleshoe Athletic Boosters hosted "Meet The Mules" night at Benny Douglass stadium with the invocation given by Martin Nowlin. Introducing head coach Don Cumpton was Paul Poyner, who then introduced his coaching staff. Introduced were Coaches Ronnie Jones, Raymond Schroeder, Gary Goodin, Randy Crook, Reuben DeLeon, Rodney Murphy and Lester Kirkland.

Each coach introduced his players and the cheerleaders for Muleshoe High school. Coach Cumpton and team members gave demonstrations of plays after the varsity cheerleaders performed and led the school song.

Ice cream was enjoyed by the crowd at the special night.

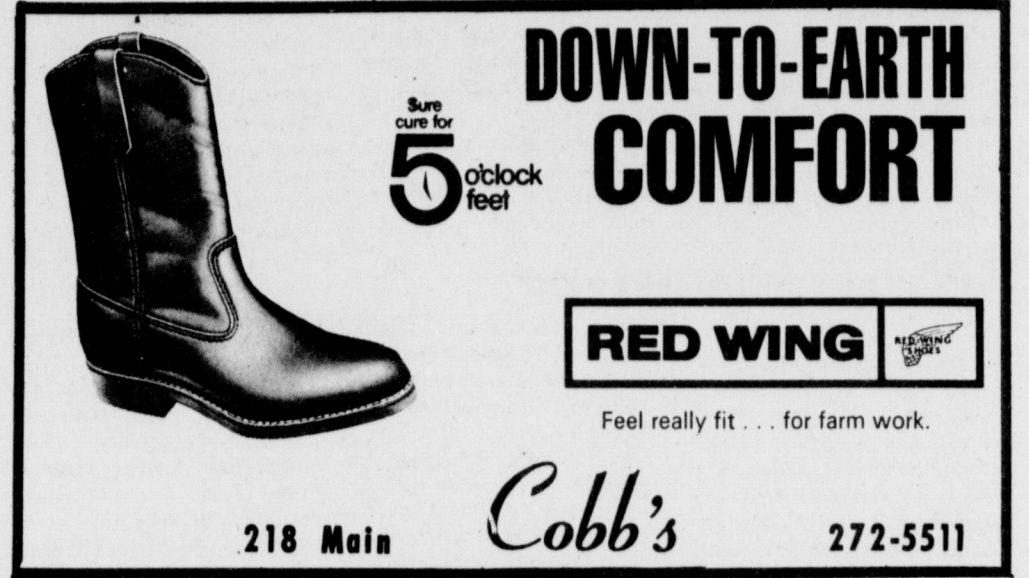

"The officers of the Booster Club would like to thank all who helped make the night a great success," said a spokesman for the Muleshoe Athletic Booster Club. "We especially thank all parents who brought ice cream and the Journal for their support."

Muleshoe Athletic Booster Club's first Booster meeting will be Tuesday, August 30, at 8 p.m. in the high school cafeteria. All interested persons are urged to attend.

# Miss Serratt Becomes Bride Of C.G. Collins

Miss Mickey Gale Serratt became the bride of Christopher George Collins in a double-ring ceremony, Thursday, August 18. The wedding took place in the home of Mrs. Katie Serratt. Officiating at the ceremony was Rev. Henry T. Clarke, minister of the Sudan Assembly of God Church.

The bride is the daughter of C.C. Serratt, Jr., and Mrs. Peggy Spencer of Cordell, Okla. She is the granddaughter of Mrs. C.C. Serratt, Sr., of Sudan. The groom is the son of Mrs. Ila Koprain and L.E. Collins of Portland, Ore. and the grandson of Mr. and Mrs. George Collins of Sudan and Mrs. Katie Serratt.

with a silver crown made by her aunt. Her bouquet was of yellow zinnias centered with two red roses.

Judy Ann Williams of Lubbock served as maid of honor. Bridesmaid was Betty Head of Albuquerque, N.M. Both wore floor length dresses that featured V-necklines with lace trim.

Best man was Hose Brown of Lubbock and groomsmen were Curtis Brown, also of Lubbock.

A reception was held in the home of the bride's grandmother following the ceremony. A three-tiered cake was decorated with pink and yellow roses and punch were served. The table was covered with a pink over white crochet table cloth.

Special guests were Mr. and Mrs. George Collins, and Mrs. Katie Serratt.

Out-of-town guests were Mr. and Mrs. C.C. Serratt, Jr. and

family of Albuquerque, N.M., Mr. and Mrs. Billy Collins and family of Bovina, Bill Koprain of Lubbock. Miss Ruby Tiller, Littlefield, Mrs. Shirley Cox and children, Mrs. Mike Sowder, Mr. and Mrs. Jimmy Tiller and family, all of Littlefield, and Willie Lee Brown of Lubbock.

Following a wedding trip to Iowa, the couple will make their home in Lubbock.

The bride is a graduate of Cordell, Okla. High School. The groom attended New Deal High School.

AUGUST BIRTHDAYS...Celebrating their birthdays this month at the Nursing Home were Archie Scarlett, 76 on August 20, and Mrs. Myrtle Guinn, 83 on August 25. Not pictured was Mrs. Emma Gardener who was 85 on August 18. Zeb Robinson provided music and the Needmore Community Club provided refreshments. Corsages were made by Beaver's Flowerland.

## Investigate Mattress Before Investing

Appraise mattress comfort, type and construction—investigate before you invest, says Claudia Kerbel, consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

**TEST FOR COMFORT**

"Just pushing or sitting on a mattress isn't enough," Ms. Kerbel says. "Put it to a real test. Lie down and feel if your weight is evenly distributed."

"A mattress should be firm enough to keep the spinal column level, with resilience to support all parts of the body. Be sure the hips get their share of support, too."

according to its density or compression. Ask a salesperson for compression information. Compression ranges in latex from 13 to 38—the average person needs a mid-range of 25.

Some foam mattresses are molded so that the center third provides the most support. Foam mattresses are four-and-one-half or six inches thick—the four-and-one-half inch mattresses are good if the spring foundation beneath is resilient.

Whatever the choice, be sure to provide a resilient foundation for a new mattress, Ms. Kerbel adds.

## TDA Milk Tank Inspectors: Keeping Things on the Level

COLLEGE STATION—No one will argue that the job of a Texas Department of Agriculture milk tank inspector is overly glamorous. He must drive an average of 30,000 miles a year and work in dairy barns that are usually steamy in the summer and frigid in the winter.

But there is no question that the service performed by the TDA's 10 inspectors is vitally important to dairy farmer and consumer alike.

Inspector Roy Hegefeld and inspector trainee Don Ross were at the Texas A&M Dairy Barns recently checking to see if the 1,200-gallon milk storage tank there was correctly calibrated.

The tank's measuring rod is marked off in inches and thirty-seconds of an inch. While it doesn't sound like much if the measurement were off by one thirty-second of an inch, Hegefeld stated, "if it's off just a little, it can make a lot of difference."

He explained that with a tank the size of A&M's, the small increment equals about seven pounds of milk. Of course, the larger the tank, the larger the potential error. The same increment in a 5,000-gallon tank equals around 30 pounds of milk, he said.

Hegefeld said testing the tanks to ensure the measuring rod correctly

reflects the true volume benefits both parties involved in the production. "If the tank is unlevel and the rod is measuring less than the actual amount, the farmer is losing," Hegefeld stated. "And if it's measuring over, the buyer is hurt."

A chart is kept by the farmer which shows how many gallons correspond to the measurements on the rod. If this chart checks out and is proven correct, within state tolerances, the TDA seal of approval is attached to the tank. If it doesn't check out, a new calibration chart will have to be prepared.

Why is it necessary for the state's approximately 4,000 milk storage tanks to be rechecked periodically?

Hegefeld says that several things can contribute to a tank becoming unlevel. Among them are shifting building foundations and unstable supporting legs on the tanks themselves. In addition, it is required that all new milk tanks be inspected as soon as possible after installation, and anytime they are moved.

Hegefeld estimates that approximately 60 per cent of the new tanks that the TDA inspects require recalibration. When considering the volume of milk that flows through these tanks every day statewide, the importance of them being accurate becomes clear.

## ESA Holds Crazy Bridge Night

Epsilon Chi chapter of Epsilon Sigma Alpha met Tuesday, August 23, in the Tri-County community room. Mrs. Terry Hillan and Mrs. Wayne Tunnell served as hostesses.

The members played "crazy bride". Winning high was Mrs. Barry Cowart and Mrs. Robert Montgomery won low.

Guests attending were Mrs. Daryl Foster, Mrs. Derrel Embry, Mrs. Robert Montgomery, Mrs. Perry Stockard and Mrs. Barry Cowart.

Members attending were Mrs. Derrel Matthews, Mrs. Terry Parham, Mrs. John Birdwell, Mrs. Larry Gulley, Mrs. Terry Hillan, Miss Janet Ellis, Mrs. Charles Moraw, Mrs. Wayne Tunnell, Mrs. Allen Smyer and Mrs. Grady Free.

## Tops Has Weekly Meeting

TOPS Club met Thursday night, August 25, in the Bailey County Electric Cooperative Association meeting room for their regular meeting.

Mrs. J.O. Parker, leader, was in charge of the meeting. She opened the meeting with the TOPS Pledge and Song. 24 members were present for roll call.

A visitor was Mrs. Travis Clements of Lubbock. She came with her mother, Mrs. Mae Provence and her mother-in-law, Mrs. Dee Clements.

Mrs. J.M. Hefner read the minutes of the previous meeting. She reported that Mrs. Lucille Nash will be at the next meeting to speak.

Discussion of the ARD meeting in Pampa on October 22, was given. Several members have listed their names to attend.

The new contest committee is Mrs. Raleigh Mason, Mrs. Wayland Harris, Mrs. Dale Griswold and Mrs. Luis Mata.

TOPS Queen of the week was Mrs. Dan Vinson. First runner-up was Mrs. Walter Sain and tied for second runner-up was Mrs. Wayland Harris and Mrs. J.V. Peeler.

### Check-Up Time

When a woman meets a man who looks her straight in the eye, she'd better do something about her figure.

-Grit.

### So It Seems

There are two periods when fishing is good at a summer resort—before you get there and after you leave.

-Transcript, Boston.

### Kevin Jack Bush

Mr. and Mrs. Dennis Bush of Needmore are the proud parents of a new baby boy born August 15, at 9:45 p.m. in the Littlefield Hospital and Clinic. The baby weighed seven pounds and eleven ounces and was named Kevin Jack Bush. He is the couple's second child.

Grandparents are Mr. and Mrs. Leland Jones of Needmore and Mr. and Mrs. Jim Robinson of Flagstaff, Ariz.

### Robert Nathan Bryant

Mr. and Mrs. Bob Bryant of Lamesa, formerly of Sudan, are the proud parents of a new baby boy born August 19, in the Littlefield Hospital. The baby weighed ten pounds and four ounces and was named Robert Nathan Bryant.

Grandparents are Mr. and Mrs. Neal Bryant of Big Spring and Mr. and Mrs. Harlan Gaskill of Dalhart.

### Steven Craig Ferguson

Mr. and Mrs. Kenneth Ferguson of Muleshoe are the proud parents of a new baby boy born August 23, at 2:57 a.m. in West Plains Medical Center. The baby weighed seven pounds and six ounces and was named Steven Craig Ferguson. The couple have one other son, Chris.

Grandparents are Mr. and Mrs. Charles Ferguson of McCaully and Mr. and Mrs. William Moore of Hamlin.

### Haley Gennett Hamilton

Mr. and Mrs. Clarence Hamilton of Earth are the proud parents of a new baby girl born August 23, at 7:55 p.m. in West Plains Medical Center. The baby weighed seven pounds and four ounces and was named Haley Gennett Hamilton. She is the first child of the couple.

Maternal grandparents are Mr. and Mrs. Lynn Cherry of Amarillo and parental grandparents are Mr. and Mrs. C.L. Hamilton of Clarendon.

Pay a lawyer to write your will, suggests Claudia Kerbel, consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System. "Homemade documents are sometimes not legal," the specialist warns.

## LOUISA'S LETTER

Dear Louisa;

My husband and I have a house at a beach where there are few conveniences but our friends love to come and they usually pitch in and help so that no one has much to do.

But this past week we asked this couple to go with us and they seemed to think they were staying at a hotel. The wife let me do all of the cooking and cleaning up while she watched a favorite program or went for a walk on the beach. My husband helped some but it was not an enjoyable week for me.

What do you think of people like this?  
Julia B.--N.C.

Answer:

People like those you described rarely get a second invitation. Some of them are simply thoughtless and never

realize that they are expected to do their part on a trip such as the one you described.

The best plan is to tell your guests, when you invite them, that each couple will be responsible for a day or that the chores will be shared by everyone, so that no one will be exhausted at the end of the week.

Good luck.  
Louisa.

Dear Louisa,  
What do you think of bikinis?  
D.B.--Va.

Answer:

I, personally, find one piece suits much more flattering to every figure than the bikinis.

Louisa.  
Address letters: Louisa, Box 532, Orangeburg, S.C. 29115

## Miss Danette Lane Feted With Shower

Miss Danette Lane, bride-elect of Allen Terrell, was honored with a miscellaneous bridal shower Saturday, August 20, in the Three Way School Home Economics Department.

The centerpiece of peach autumn shades carried out the bride's chosen colors of peach and white. The serving table was laid with a yellow lace cloth. Fruit punch, nuts, mints and decorated cakes with fresh daisy flowers on top were served from crystal appointments.

Special guests were Mrs. Jack Lane, mother of the honoree, Mrs. Ross Bennett, Cynthia and Melissa, sister and nieces of the

honoree and Mrs. Nettie Quesenberry, grandmother of the honoree.

The hostess gifts were a Sunbeam stainless steel mixer and the centerpiece.

Hostesses for the occasion were Mrs. Mickey Sowder, Mrs. Jack Ferguson, Mrs. O.A. Warren, Jr., Mrs. Ben Gibbs, Mrs. Buck Ragsdale, Mrs. Charles Latimer, Mrs. Ralph Nino, Mrs. Mike Duarte, Mrs. J.L. Partlow, Miss Pam Partlow, Mrs. James Partlow, Mrs. Bob Klutts, Mrs. Bud Huff, Mrs. Al Miller, Mrs. Lanny Knowles, Mrs. Mike Bridges, Mrs. Elmer Lee and Mrs. Cecil Cole.

**CLASH OR LAYAWAY**

# Need a bank to keep your wages? Let your fingers check these pages.

# Back To School Fashions

## For 1977

**LEAVING FOR TECH...**Miss Cynthia Isaac, daughter of Mr. and Mrs. Charles Isaac, will be attending Texas Tech University this fall as a freshman. She has selected business as her major. She is wearing a short sleeved navy blue shirt with printed collar. Cindy likes to wear the popular blue jeans with many of her outfits. She likes to listen to music, dance and participate in sports in her spare time.

**WEST TEXAS FRESHMAN...**Miss Nancy Ramm, daughter of Mr. and Mrs. Ernest Ramm of West Camp, plans to be a travel agent. She will be attending West Texas State University this fall in Canyon. Typical of the style many girls will be wearing this fall, Nancy has on a brown corduroy jumpsuit with an elastic waistband and zipper front. An Indian design front in shades of brown and matching cuffs accent the outfit. She finishes off the outfit with a brown scarf around the neck. Playing music, sports, cooking and reading are a few of Nancy's hobbies.

**READY FOR TECH...**Miss Patty Pena will attend Texas Tech University this fall. She is the daughter of Mr. and Mrs. Benny Pena. She is anxious to start her trip to Lubbock and begin her studies in pharmacy. She is wearing overalls typical of many coeds. She tops her outfit off with a red button-front blouse. Some of Patty's hobbies include playing the guitar, music and sports.

**BOUND FOR HOWARD PAYNE...**Attending Howard Payne University this fall in Brownwood is Miss Judy Precure. She is the daughter of Mr. and Mrs. Kenneth Precure. Judy will be majoring in music. She is wearing an orchid wrap-around skirt with a tie front that is the new fashion. Her peasant-style blouse is of an orchid print with a button front. Judy likes to spend her spare time playing the piano and other instruments. She was also very active in the band at Muleshoe High School.

**BUSINESS ADMINISTRATION MAJOR...**1977 Valedictorian of Muleshoe High School, Miss Laura Beene will be attending Texas Tech University this fall. She is the daughter of Mr. and Mrs. Eddie Beene of Needmore. Wearing a striped blouse with a button front and long sleeves and light blue ribbed corduroy pants, Laura will be a business administration major. Her hobbies include music, reading and sports.

### Sudan News

By Evelyn Ritchie

Mr. and Mrs. O.J. Parrish were recently in Albuquerque, N.M. where he underwent a medical checkup.

Mr. and Mrs. Adrian recently vacationed at Lake Brownwood.

Paul Chisholm underwent open heart surgery Monday at Lubbock Methodist Hospital.

Mrs. Vicki Short of Llano and Mrs. Georgia Newcomer of Odessa are spending a few days here this week with their parents, Mr. and Mrs. Jerry Rayl and Tanya.

Mr. and Mrs. Jay House of Andrews visited friends in Sudan.

Mr. and Mrs. B.A. Beauchamp and Derwin returned home from vacationing in Cadiz, Mansfield and Tippicanoe, Ohio, where they visited their daughters.

Mrs. W.V. Terry has returned home after spending the past six weeks in Oklahoma City, Okla. where she visited relatives.

Wayne Doty and Glen Cardwell flew to Brownwood Thursday where Mrs. Doty accompanied them back to Sudan. She had been in Brownwood a week with

her parents, Mr. and Mrs. J.C. Wells. Mrs. Wells was in the Brownwood Community Hospital. She was dismissed Tuesday of this week and is recuperating at their mobile home there at Lake Brownwood. All of the Well's children were there for several days.

Mr. and Mrs. L.E. Harper, Greg and Chris vacationed a week in Colorado.

Mrs. E.C. Minyard has returned home from Houston and a vacation to the southern and northern states, and Canada. She accompanied her sister and brother-in-law, the J.R. Anslows and his mother. While in Houston she visited her daughter Kathy.

Mr. and Mrs. Bob Bryant moved Saturday to Lamesa where he will be director of bands during the 1977-78 school year.

Mr. and Mrs. Glen Cardwell and Glenda were in Hobbs Sunday visiting her brother and family, the Daryl Hobbs', and her father who returned home with them. The Cardwell's other daughter and son-in-law, Mr. and Mrs. Barry Hart of Lubbock visited here with them Saturday night.

Mrs. Louise Parrish returned home one day last week from Methodist Hospital, Lubbock where she underwent tests.

Dexter Baker is scheduled to

undergo back surgery one day this week at Lubbock hospital.

Mrs. Marion Stephenson, vice president and general manager of NBC radio Network, New York City, N.Y., visited over the weekend in the home of Mr. and Mrs. John K. Milam. Miss Stephenson accompanied Dr. Evelyn Milam, president of Cotley College, to Nevada, Mo. before returning to New York City.

Mrs. James A. Parrish and children of Amarillo visited here a week with their parents, Mr. and Mrs. Truman Parrish. Suzanne is staying for a longer visit.

Doug Rice and Chris of New York City, N.Y. and Mrs. Jim Holt and boys of Greenwood, Miss., visited here recently with their mother and grandmother, Mrs. W.L. Rice, and with their sister, Willie Mae Rice and with their other sister, Mr. and Mrs. Gary Gatewood and boys.

Mrs. Evah Doty and her son and daughter-in-law, Mr. and Mrs. Kelton Doty of Shallowater and Jan Doty of Santa Fe, N.M. vacationed last week in Colorado.

Mrs. Ronnie Gatewood and family and Mr. and Mrs. Earl Parrish were in Ruidosa for a weeks vacation.

The Sudan "Future Homemakers of America" executive council had their first meeting Friday, August 12. At the start of the meeting they traveled to Lubbock, where they ate at Steaks for Sirleon. After which they returned to the Home Economics cottage for their meeting.

After the opening ceremony they reviewed all officers duties. They then discussed coming events and activities. The only definite dates set were those of the annual FHA sweetheart banquet, February 14, and that of their monthly meetings, which will be on the second Wednesday of each month at 3:30 p.m.

Those attending were Diana Gardner, president, Becky Byerlye, first vice-president, Kathy Swart, second vice-president, Cindy Powell, third vice-president, Pam Kent, fourth vice president; Ruth Withrow, treasurer; Martha Withrow, secretary; Joann Gibson, parliamentarian; Mechele Hanna, reporter; not present, Wendy Wise-

man, historian.

Visitors during the weekend with Mr. and Mrs. Wayne Doty and Donald were Jo Gaye and David of Lubbock, Sheila Jackson of Littlefield and Richard Wells of Pasadena, Texas. They celebrated birthdays for Donald and Jo Gaye.

Mr. and Mrs. Billy A. Gore, Rusty, Randy and Giner assisted Mr. and Mrs. Billy Wayne Gore and Stephanie in moving from Midland over the weekend to their new home in Odessa.

Attending an Art Show and Sale in Hereford Friday and Saturday were Mr. and Mrs. dood Haragan, Jo Ann Chester and Waynette Fisher.

Mrs. Fred Mince of Dallas visited all of last week with her sisters-in-law, Miss Ruby Mince and Mrs. Ves Patterson.

W.O. Parrish is a patient in the South Plains Hospital in Amherst.

Mr. and Mrs. Charles Logan are vacationing this week.

Wendy Knox, daughter of Mr. and Mrs. Jimmy Knox, visited several days with her grandparents, Mr. and Mrs. R.B. Knox while her parents moved from Carlisle to Abertathy.

Mr. and Mrs. Mike Fisher and children of Ralls have been here during the weekend to visit his parents, Mr. and Mrs. Lee Roy Fisher, Missy and Kathy. They were all in Clovis Saturday evening for dinner at El Monterey.

Mrs. Roy Hunter, III, and children of Amarillo visited this week with her parents, Mr. and Mrs. Charles Logan and her grandparents, Mr. and Mrs. Roy Day.

Miss Melanie Baccus, daughter of Mr. and Mrs. Jim Baccus of Euless, has been visiting with her grandparents, Mr. and Mrs. Jack Ingram, while her parents are in the process of moving to Houston. Melanie also visited with her aunt and uncle, Mr. and Mrs. Tommy Moss.

Mr. and Mrs. Bob Drake returned home last week from Houston while visiting with their daughter, Mr. and Mrs. Bill Myer and Adrienne.

### WTSU Plans Luncheon For Dean Sherman

West Texas State University's new president, former State Senator Max Sherman, will be feted at a September 15 "Max Sherman Appreciation Luncheon" in the WTSU East Dining Hall.

Co-sponsoring the luncheon are the Canyon Chamber of Commerce, headed by WTSU Bookstore Director Phil Langen, and the WTSU Alumni Association, directed by Jim Edd Wines.

"We wanted to let everyone have the opportunity to meet Max on a more informal basis," Langen said.

The buffet luncheon will begin

at 12:15 p.m., after which Sherman will give a short talk on his general plans for the University.

The new WTSU president and his wife, Gene Alice, will also be presented gifts during the luncheon.

The luncheon is open to everyone wishing to join in the festivities welcoming Sherman to the West Texas State University administration. All Canyon, Amarillo and area residents, and WTSU faculty, students and staff are invited to attend.

Tickets are \$4.25 per person, and can be purchased at the door or at the Canyon Chamber of Commerce, the WTSU Alumni Association or the WTSU Director of Development Office. The Alumni Association and the development office are located in the WTSU Student Union Bldg.

### Energy Problem Concerns Leaders

J. Fike Godfrey, Executive Vice President of the West Texas Chamber of Commerce, warns that knowledgeable estimates forecast that the Administration's energy plan will require the largest increase in peacetime taxes in U.S. history and will place unfair burdens on West Texans because of the region's wide open spaces.

"It has been reliably estimated that by 1985, and thereafter, these taxes would add an average \$1,320 to the annual tax burden for a family of four, and for a West Texas family, it will probably be more," Godfrey stated.

He went on to say that "the West Texas Chamber of Commerce certainly endorses conservation efforts and goals for our nation's energy, but the only viable solution to the nation's energy problem is greater production of energy from all sources, not more taxes to force up the price of oil and gas which will further rob consumers of more of their purchasing power. The American System of Free Enterprise can supply this nation's energy needs if allowed to by the federal government. The natural law of supply and demand should be allowed to function because it can achieve voluntary conservation and, at the same time, greater energy production.

"As a source of energy becomes more expensive, the free enterprise approach will provide adequate incentive for innova-

tive American business to produce more energy from alternate or new sources in competition with the higher priced energy. It is estimated that natural increases in prices of oil and gas without government influence would cost about \$420 per family of four...a savings of \$900 or more a year over the Administration's punitive tax plan.

"Letting the American Free Enterprise System work would create hundreds of thousands of new jobs and hold the overall rise in consumer prices to about one half the increase that the proposed taxes would cost. The Administration's proposal would drain money from the marketplace and would put a damper on employment.

"These taxes will severely discriminate against West Texans and favor the more populous north-eastern states. In West Texas, we have to travel further to our jobs, and we will be paying a lot more taxes just to be able to earn a living, causing a West Texan's cost of earning a living to be far out of proportion to those living in more populous states. This is discrimination of the worst kind. I believe I see the influence of the Northeast Coalition in this program as they try to use this massive tax as a means to stop industrial development and the creation of more jobs and profit opportunities in Texas and the Sun Belt.

# Pet Animals Pose Rabies Problem

Pet skunks and other exotic animals shouldn't be household pets because they are a definite human health hazard and a danger to other pets, says the Texas Department of Health Resources.

"There is no proven vaccine that will insure the necessary protection in preventing rabies from occurring in skunks and in other exotic animals," says Dr. William R. Bilderback, of the Department's Bureau of Veterinary Public Health. "Unfortunately, the skunk and raccoon are the two exotic animals usually sought for pets as opposed to everything else." An exotic animal, he says, is one that hasn't been domesticated like a dog or cat.

When rabid, skunks are a particularly threatening source for human rabies. "Rabies virus may be excreted in skunk saliva as much as 18 days before death, and the animal might not even show any signs of sickness until the last day," Dr. Bilderback said. "Anyone who plays with or pets a skunk that looks well but is shedding rabies

virus, is in danger and often doesn't know it. He would have a cut or small scratch on his hand which could cause an exposure to rabies."

Dr. Bilderback cited a recent example of the problems that pet skunks can cause both the public and the Department. At an Auction Sale in Canton, Texas, on July 2-4, pet skunks and raccoons were sold. Later, one of the animals was diagnosed as rabid. This meant that all of the animals were exposed and could be incubating rabies.

"There is an immediate danger to any person who bought, sold, traded or even just cuddled one of these animals," Dr. Bilderback said. "Right now an extensive search is being made to find the person or persons who either own or sold these animals at the auction in Van Zandt County. The general manager of the auction wasn't able to remember who sold the pets, but he thinks the man lives in Oklahoma. The Oklahoma Health Department hasn't been able to find him."

The one skunk with rabies was

found in Paris, Texas, and so far a total of five of the animals have been recovered. As of now, 11 people have had to take the anti-rabies vaccine.

"There were people from 28 states attending the sale, and we don't even know how many of the exotic animals were sold," Dr. Bilderback said. "It's a sad thing, but all of them will have to be destroyed for the safety of the families and other pets. Right now we are asking those who have any information whatsoever about the skunks and raccoons sold at the Canton sale to notify the State Health Department or a local veterinarian immediately."

"We really don't have enough precise information about the incubation period of rabies in skunks but we do know that it can be a long term thing," Dr. Bilderback said. "For example, there is a documented case in Oregon of a skunk which was adopted by a family and lived happily in the protected household environment for 18 months. The animal had no contact with other animals, but then one day it suddenly went mad with rabies."

The ecology of skunks make

then a particularly likely source of human exposure to rabies. The majority of rabid skunks are caught in the summer, a time when human activity outdoors is also high. Usually nocturnal and shy, rabid skunks may be seen in the daylight, and attack rather than run away. At night they may enter campers' tents and sleeping bags and bite without provocation.

Rabid skunks often do not scent eliminating another factor that might reduce human exposure. Even in the wild, skunks tolerate close proximity to man, often living near houses or suburban homes. Moreover, their tolerance for man is reciprocated, and the skunk has been brought into the home as a favorite exotic pet. All these factors combine to enhance the likelihood of human exposure to rabies.

"If skunk bites caused only pain, local infection, and tetanus, one would wonder if keeping skunks as pets makes sense. But since skunks not only can but often do get rabies, and since we still have no absolute post-exposure treatment for rabies in man, I think there is a strong argument for prohibiting skunks as pets," Dr. Bilderback said. Special days speak for Amer-

**CHEERLEADERS IN ACTION...**Members of the Muleshoe Varsity cheerleaders performed for visitors during Meet The Mules Night last Tuesday. The cheerleaders are enthusiastically boosting the start of school and the football season which gets underway at Portales on September 2.

## Maid Of Cotton Entries Sought By Lubbock C of C

Robert McKinsey, Chairman of the South Plains Maid of Cotton Committee of the Lubbock Chamber of Commerce, encourages interested girls to enter the Maid of Cotton Selection before the deadline 5:00 p.m. Tuesday, September 13, 1977. The selection will be made on October 7th and 8th.

Basic qualifications for entry are: (1) 19 to 23 years of age, inclusive before December 27, 1977, (2) never been married, and (3) be at least 5 feet 5 inches tall.

The South Plains Maid will be flown to Memphis for the National Finals and will receive an all cotton wardrobe. First and Second alternates receive \$100 gift certificates. Contact Lubbock Chamber of Commerce for information.

## Oral Cancer Increasing Says Cancer Specialist

Persons over the age of 50 who smoke and drink heavily while neglecting dental care are prime targets for cancer of the mouth, warns a Houston dental expert.

Explains Dr. Samuel Dreizen, professor of oncology at The University of Texas Dental Branch, despite impressive advances in treatment methods and the publicizing of warning signs for oral cancer, the death rate from this disease has not declined appreciably in the last 25 years.

In Texas alone, the American Cancer Society estimates there will be 1,100 new cases of oral cancer diagnosed this year.

"There are really two problems we are dealing with here," explains Dr. Dreizen. "First, a large part of those patients with oral cancers do not have regular dental care. Secondly, they are generally

people not too concerned about their own mouths. In many instances they are victims of their own neglect," he adds.

There are exceptions, he cautions, where people with good dental care have been diagnosed with the disease.

Thus, cancer of the mouth can be found in anyone and, like all other forms of cancer, the key to curing the disease lies in finding the deviant cells before they have a chance to spread throughout the body when the options for treatment are greatest.

Although it is not known what specific conditions cause a cell in the mouth to become cancerous, researchers have identified certain conditions which may precede or be associated with oral cancers.

Problems in the mouth such as jagged teeth that can cause constant irritations of the tongue or cheeks, poorly

fitting dentures as well as unhygienic mouth conditions are all considered suspect.

"There is no question that there are also certain habit

patterns that are associated with cancer of the mouth," adds Dr. Dreizen.

While it is commonly known that the combination of heavy smoking and drinking leads to a higher incidence of mouth cancer, what is not entirely clear are those inborn genetic factors that give one person a greater potential for triggering the cancer than another, he says.

The importance of understanding genetic factors is evidenced by the fact that 20 percent of all patients diagnosed with cancer of the mouth develop cancer in another part of their body during their lifetimes, he notes.

In addition, occasionally cancers of the mouth actually represent undiscovered cancers from distant parts of the body — primarily cancers of the breast, kidney, lung, colon or prostate.

Early detection of oral cancer can result in cure in a very high percentage of patients. Fortunately, the mouth is easily accessible for routine examination and lends itself to early detection of changes within.

## '77 State Fair Will Honor Food Industry

The 1977 State Fair of Texas will salute the food industry with "The Great Food Round-Up", October 7-23.

More than three million visitors are expected to enjoy impressive exhibits sponsored by national companies—to sample Kraft's caramels, dip into a Heinz pickle barrel, munch a Pillsbury biscuit or find their fate in a La Choy Fortune Cookie. Displays, demonstrations, special guests and music will educate, entertain and please with taste treats in a Kaleidoscope of flashing lights, appetizing aromas and animated illustrations.

At the Music Hall irrepressible Debbie Reynolds will star as the straight-shootin' Annie Oakley in the musical gem, "Annie Get Your Gun". Directed and choreographed by Gower Champion, the show sparkles with imaginative dance treatments, glamorous costumes and lilting Irving Berlin tunes.

In a nine-day round-up of thrills, October 8-16, the State Fair Rodeo will again draw top riders to assault the record books and standings of the professional Rodeo Cowboys Association.

For 25 years the Pan American Livestock Show and Exposition has attracted visitors from all parts of the world to this showcase for the finest beef and dairy cattle, swine, sheep and goats. Other major events in the Coliseum and pavilion areas will be the State Fair Horse Shows, Junior Livestock Shows and Sales, regional Sheep Dog trials and the highly entertaining Donkey and Mule Show.

The Coca Cola Big Tex Stage will vibrate with the daily fury of Los Argentines, and their jingling spurs, flashing knives, whirling bolos and South American Indian drums. From October 16-23 the spectacular Trinidad and Tobago Championship Steel Orchestra will also entertain with multiple daily free performances while their villagers present a Folk Festival. Singers, dancers, aerials and local talent will round out the entertainment in the shadow of Big Tex. Also without charge the Dr. Pepper three-ring circus will perform daily to "standing room only" crowds.

Dancing Waters, a fantasy of fountains, lights, flowers and music to be viewed from the

beautifully landscaped banks of the Esplanade, will provide a restful change of pace from the lively carnival atmosphere of the fair.

Football fever will strike early when an overflowing crowd jams the Cotton Bowl for the Texas-Oklahoma battle, October 8. Texas will return October 22 to meet SMU in a Southwest Conference game.

Nightly Cotton Bowl entertainment begins October 10 with the Parade of Champions, a super marching contest for high school students. America Day, October 4, will feature military bands and pageantry; East Texas Day, October 17, city queens and bands, and La Fiesta Mexicana, October 18, singer Johnny Rodriguez.

Always crowd pleasers, the contests for dessert makers, china painters, needlework experts and pumpkin carvers will draw throngs to the Creative Arts Department in the Women's Building. In Marine Square competitive military events will be topped only by the precision drills, marching and concerts of the famed scarlet-coated U.S. Marine Drum and Bugle Corps.

At the 1978 Southwest Automobile Show, the first-of-its-kind in sleek shiny cars, and in the Food and Fiber Pavilion, bountifully filled with Texas-grown products, musical talent will enliven colorful displays in floral settings.

Special days speak for America as a melting pot as Texans with Norwegian, Czech and German heritage celebrate with their national foods, music and dancing.

At twilight the daily Torchlight Parade with floats and beauties will wind past Big Tex on the track through the park before the fireworks light up the sky with everybody still enjoying tempting snacks served over the fairgrounds.

**Has A Point**

"Major oil companies would make more than \$120 billion in windfall profits if natural gas price controls go."

### On Wall Street By Bob Hill

Those raging forest fires in the West and Northwest have cost millions of dollars in loss of forest land and property damage. The effects will be felt for years to come.

Almost three million acres of land have been burned to the worst still to come. The National Park Service is nervous about new outbreaks before the dry spell ends. The dollar loss in land and wildlife will top \$1 billion. The fire in the Big Sur country of northern California cost over \$300 million alone just to that area's watershed. Fighting the fires has cost state and federal governments between \$20 million and \$30 million with more money to be spent reseeded and reforested burned over areas.

The lumber companies haven't

### Letters To The Editor

**Dear Editor:**  
To the people who have contacted my Senatorial Office during the past four legislative sessions:

One of the rewarding experiences of serving in the Texas Senate is the opportunity to work with people from throughout the district and the state. I sincerely appreciate the suggestions and comments you have made during these few years.

In September of this year, I will assume the presidency of West Texas State University in Canyon, Texas. It was a difficult decision to leave the Texas Senate, but the anticipation of working with young people and other students is challenging and exciting.

My family and I are looking forward to this new experience. If I can ever be of any help or assistance to you in this new position or in our part of the state, please let me know.

Sincerely,  
Max Sherman(s)  
Max Sherman

totalled their losses and, surprisingly little private timberland has been burned. But officials are concerned that a series of lightning fires could break out at any time. So, lumber buyers have started a panic buying spree, driving the price of lumber up 10 percent in the past two weeks.

Losses haven't been limited to just wilderness and timber areas. Property damage to homes in the Santa Barbara area last month was \$25 million, not including furnishing and personal property. Fire near Corona, California wiped out citrus and avocado orchards worth over \$1 million.

Drought, low humidity and high temperatures together with a prevailing dry wind from the east have been the key reasons for the fires. Almost 90 percent of all the fires were started by lightning, but others were started by human carelessness. A New Mexico fire, which burned 12,000 acres and threatened the Los Alamos scientific laboratory, was started by sparks from a motor bike. Colorado has had 350 fires this summer. Oregon had 375 and Alaska had 625 which damaged over two million acres. Much of the Alaskan acreage was fragile tundra, where fire damage results in erosion of up to 12 feet a year. Tundra can be restored in 40 years, but timberland takes a century to be restored.

**NEW ALBUM PUBLISHED...**The Southland Boys, who include a former local resident as lead singer, have published their third album of gospel songs in Mississippi. Michael Clark, center, standing, is married to the former Rejane Hardaway, daughter of Mr. and Mrs. Bob Hardaway of Muleshoe. Their newest album is "Heaven Will Be Such a Beautiful Place." The group also cuts tapes and perform in concerts.

### Air Force Seeks More Enlistees

A one third increase in the number of vacancies for women enlisting in the Air Force during Fiscal Year 1978 has been announced by Recruiting Service officials. The increase will bring the projected goal for women to 13,120.

About 7,000 of the women who enlist in FY 78 will enter training in nontraditional jobs.

"We hope to have approximately 47,000 women in the Air Force by the end of FY 78 as compared to 39,000 presently assigned," explained Col. You-

ng. "This FY 78 total represents a 194 percent increase over the 16,000 women assigned to the Air Force in 1972."

The strength of the nation is no greater than the strength of families within it.

The art of saying something to please both sides is what explains the way people vote.

Oliver, heretofore doing business as a partnership have ceased to continue such business as a partnership and hereby give notice that such business was transferred to a corporation on January 1, 1977, under the name "Irrigation Supply Company". 34s-4tsc

\*\*\*\*\*  
The trouble with vacations is that most of them end too soon.

**Card Of Thanks**

There are times when even I cannot find words to express my thanks and appreciation for the place where we live. I know of no other place where we have friends and loved ones who really care so much.

Even though I was allowed no phone calls or visits while I was in the hospital, I could feel God by me and prayers being said. As he said, he is with us always, even until the end of the earth. Gifts of Friendship by Helen Steiner Rice expresses my thoughts better than I can.

Friendship is a priceless gift than cannot be bought or sold, but it's value is greater than mountains made of gold, for gold is cold and lifeless. It can never see nor hear and in time of trouble it is powerless to cheer. It has no ears to listen, no heart to understand, it can not bring you comfort or reach out a helping hand. So, when you ask God for a gift, be thankful if he sends not diamonds, pearls or riches, but the love of a real true friend.

Maybe with God's help, I too, can be that friend.  
Janie Moraw 35s-1tp

Thurmond urges examination of Carter's B-1 decision.

**RECIPE**

By Sarah Ann Sheridan  
You can not only save time but also fuel by cooking a meal in one pot.

**Chicken Dinner**

- 2 2 1/2 lb. fryers, cut up salt and pepper
- 8 medium potatoes, pared
- 8 medium onions
- 8 medium carrots, pared
- 1 c margarine
- 1/2 c granulated sugar
- 1/2 c wine vinegar
- 1 T Worcestershire
- 3 bay leaves, crushed
- 8 ears husked corn

Season chicken with salt and pepper and let stand while preparing vegetables. In a 4-gallon pot, place chicken in center. Surround with potatoes, onions, and carrots; dot with margarine.  
Combine 3 cups boiling water and sugar, vinegar, 2

tablespoons salt, Worcestershire, bay leaves and 1/4 teaspoon pepper; pour over chicken and vegetables.  
Cover and simmer about 1 1/2 hours until chicken is tender. Add corn about 10 minutes before end of cooking. Serve with salt and additional margarine.  
Makes 8 servings.

**IN MOTHER'S FOOTSTEPS**

What joy in life is seen in those eyes. That smile is given freely to everyone. Now look at them both. Which one am I talking about? Aren't they both the same? No, she's not an exact, carbon copy, of her mother — for when you look again, you see that there is a generation between them. She wears the bright colors in her dress with the cute designs. Her dreams are different than her mothers. She is more outgoing. Yet in the mother you can see a quiet humor and in her closeness to her daughter, a gentle protectiveness. Her mother's dreams are sometimes too ambitious, but in the "Encouragement Department" she works just fine.

There is one dream and ambition they both have, however; and that is to be like our Lord and Saviour Jesus Christ, and to be of service to the church. Their goodness is of God.

"For the eyes of the Lord are over the righteous, and his ears are open unto their prayers; but the face of the Lord is against them that do evil." 1 Peter 3:12.
