REV. EUGENE SURFACE IS BURIED SATURDAY

The Rev. Eugene Howard Surface, pastor of First Presbyterian Church, died at 3:30 a.m. Friday at Eastland Memorial Hospital after suffering a heart attack Thursday night.

Funeral services were held at 3 p.m. Saturday at Central Presbyterian Church in Abilene. Among those officiating were Dr. Harry Saries of the Texas Presbyterian Senate Office in Denton and Father Willis P. Gerhardt of the Church of Heavenly Rest, Episcopal, Abilene.

Burial was in Elmwood Memorial Park in Abilene, under direction of Kiker-Warren Funeral Home.

Rev. Surface moved to Abilene with his family in 1923. His father, the Rev. E. B. Surface, was minister of Central Presbyterian Church there for many years. His parents died in Abilene; his mother in 1951 and his father in 1952.

Born Oct. 21, 1904, he was a 1927 graduate of Hardin Simmons University and a 1930 graduate of McCormick Theological Seminary in Chicago.

Rev. Surface did further graduate work in Southern Methodist University. He was a supply pastor at Ranger and Brownfield before beginning a full-time ministry at Lamesa.

He served Oklahoma churches at Oklahoma City, Watonga, and Tonkawa. He was professor of Bible and Philosophy at Trinity University at Waxahachie before the school was moved to San Antonio.

Pastor of the Eastland church since 1955, Rev. Surface was active in Ministerial Alliance and had served as its president for many years.

Survivors are his wife, the former Melmadoris Bantau; one son, Mark, of the home; and one sister, Mrs. Connor Robinson of Abilene.

Pallbearers were Cyrus B. Frost, Jr., Jack Germany, E. G. Rice, Richard Johnson, E. C. Johnston, Virgil Seaberry Jr., and H. T. Wilson.

County History Pageant Gettin' Ready For July 4

CLASSIC BARBWIRE DISPLAY IS FIRST PERMANENT ITEM IN HISTORICAL COLLECTION

By PAT COLLINS

Mr. Berry Greenwood who lives nine miles south of Carbon has the first barbed wire collection for the Eastland County Historical Museum.

Mr. Greenwood said he started his collection in November of 1966 but did not really get started until after the first of the year.

This reporter asked Mr. Greenwood about himself. He said, "Nothing of the ordinary." He said his grandfather settled the homeplace where

he now lives in 1883. Mr. Greenwood now lives on the adjoining place.

He said he attended an antique convention in Brownwood to help get the idea going. He said people have donated various types of wire to get the display started.

Mrs. Charles Morgan of De Leon was given credit for donation of the wire and labeling the wire that is now on display at the Eastland National Bank and will be on display in all county banks and the County Courthouse.

A booklet, written by J. Jenkins, was given to the Historical Committee that has several pictures and illustrations of wire.

Fifty-six pieces of wire are on display at the bank. Mr. Greenwood said, "If there had been room for more, the collection would have been larger."

He has started another display that will be made in the out-line of the map of Texas.

The standard length of the species of wire is 18 inches. He has over sixty pieces of wire to put on this collection. Mr. Greenwood said he hoped to have Mrs. Morgan assist him in labeling the wire.

Some of the wire dates back to about 1869. The collectors have paid as high as \$31 for the wire, an 18 inch piece, being bought by a collector in Kansas. There is still some of the wire being used in Eastland County.

This being the first piece for the museum, the committee is looking forward to other items given to the museum.

Others present were Mrs. Grace Funk, Mr. and Mrs. Bobby and Jim; Mr. and Mrs. Frank Funk, Loyd and Sonta, all of Levelland; Mr. and Mrs. Clay Henderson and Lee of Lubbock; Mr. and Mrs. E. Funk of Tuscola; Mr. and Mrs. Bill Whatley of Hico; Mr. and Mrs. Alton L. Whatley, Weldon and Gary of Electra; Mr. and Mrs. Mark McElroy Jr., and Lisa of Mesquite; Mary McElroy of Waco; Mr. and Mrs. C. E. Funk of Wickett; Mr. and Mrs. Doug Warren, Starky, Wayne and Robbie of Abilene; Mr. and Mrs. C. R. Funk of Graham; Mr. and Mrs. George Gafford and Peggy Ann of Weatherford.

IN OLNEY HOSPITAL
Mrs. Warren Chapman of Eastland and formerly of Cisco, was admitted to Hamilton Hospital in Olney June 18 after she became ill while visiting in the home of her parents in Graham.

Visiting with Mr. and Mrs. Lee Horn last week were their granddaughter, Diane Horn, and her friend, Julie Kendrick, both of Graham.

Want to see the history of your county all rolled up in one fabulous Fourth of July entertainment evening?

Then make plans now to attend the Kendrick 4th of July Wild West Spectacular of the History of Eastland County.

This show promises to be exciting from the beginning to end; as it includes things which have happened since before the Indian up until the present time; and there are few counties in the state which have had a more picturesque history.

The cast includes people from throughout the county, also Mineral Wells and Weatherford. The show will start at 8 p.m. on the 4th of July in the Kendrick Amphitheater located halfway between Eastland and Cisco on US 80, with an hour of music preceding the main western pageant which will cover 24 scenes of the main events that have taken place since the beginning of Eastland County.

To mention a few: The great oil boom of Ranger and Desdemona along with the saloons and shoot outs of the early days; the Santa Claus robbery of Cisco which has made national wide history; the story of Old Rip that is known throughout the world; covered wagons, cattle drives, Indians and many other scenes to keep you entertained throughout the show.

The show is free so bring your chair or a cushion to sit on the ground or you can rent a chair on the grounds for 50 cents each. The concession stand will be open to serve you.

Fifty years ago on Monday June 26, 1917, the first United States World War I troops reached France.

Mr. and Mrs. W. F. Herweck have returned from a visit with their daughter and family in Wichita Falls. They also visited his mother and other relatives in Oklahoma.

Several Eastland families attended Order of the Arrow call-out ceremonies at Boy Scout Camp Billy Gibbons Thursday night.

Eastland Scouts called as candidates for membership in the Order were Rocky Maynard, Ricky Harrell, and Pat Campbell, all of Troop 103; Mike Kelly, Jimmy Sayre, Michael Parsons, and Steve Hart, all of Troop 6; Wade Tidmore and Larry Wilson, both of Explorer Post 23.

Adult Scouters A. D. Taylor and Bill Leslie were also called.

Four Indian dances preceded the campfire ceremonies. Dances were the rarely-presented "Feather Dance," and "Death of Red Dog," Eagle and Buffalo.

City Road, Bridge Damage Is Repaired

Eastland County roads and bridges damaged during the recent heavy rains have been repaired, according to the county highway department here.

The pattern of the heavy rains — up to 13 inches in many areas — was blamed for the unusual, and probably the most serious road damage in recent years, according to the highway people.

Hardest hit through the county was the Sabanna River area and the area touched by the south branch of the Leon River.

A nine-inch rain at Putnam Saturday night set the stage for Eastland County's damage as the waters rolled south-eastward, filling every reservoir and crevice. Then when heavy rains followed on Sunday and Monday in the county, "Something had to give," and did.

The bridge on FM 1027 to Okra south of Carbon has been replaced, with full crews working "Around the clock" two or three nights, and from nine to 18-hour days for about a week, repairing the various washouts.

Two old cement bridges east of Carbon have been replaced with iron pipe (one of up to five feet diameter), and repairs have been completed south of Rising Star on the Okra Road where a bridge went out, and south of Cisco on the Leon.

"We've got everything back in shape now," Roy Taylor of THD said this week. Right now we're re-building shoulders and areas near bridge ends, the things that were severely damaged, but not immediately as serious as the washed-out bridges, he added.

Traffic was closed on county highways for very short periods due to the extreme flooding conditions.

Theodore Roosevelt's picture appears on the \$1,000,000 U. S. Treasury Bond.

Morton Valley HD Has Meeting

The Morton Valley Home Demonstration Club met Wednesday afternoon at the Community Club House. Mrs. D. J. West, president, conducted the meeting.

Since it was Flag Day, the motto, pledge, and prayer were omitted and Mrs. M. V. Harrison led in the pledge of allegiance to the flag and Mrs. Joe Bond led the singing of "America".

Mrs. C. T. Brockman presented the devotional from Ecclesiastes 3:1-15. Mrs. L. W. Leach read the minutes of the previous meeting and called roll, which members answered with "A Wild Flower of Texas".

Mrs. Joe Bond gave the

council report and each member read a Gold Bond slogan. Mrs. L. E. Orms' slogan was selected to be sent in to the company.

Mrs. W. S. Rice sent a dollar for the club treasury.

Mrs. Alvin Kincaid presented the treasury with two dollars, instead of serving refreshments.

Mrs. Orms and Mrs. Harrison led the recreation.

Present were Meses. Harrison, Orms, Leach, Jeff Laughlin, Brockman, H. N. Sherman, West, R. W. Gordon, Bond, J. B. Bryant, and Kincaid.

The next meeting will be June 28.

City water was first piped into the White House in Washington in 1853.

Flatwood HD Club Meets Wednesday

The Flatwood Home Demonstration Club met Wednesday, June 14, in the home of Mrs. Jack Lusk.

Mrs. Fannie O'Brien opened the meeting with motto, pledge, and prayer.

Mrs. Lusk gave the devotional based on Matthew 44:45, and then she led the group in two songs, "Was That

Somebody You" and "The More We Get Together."

Members answered roll call by giving their "Biggest Mistake."

Mrs. Guy Sherrill gave the council report in absence of Mrs. E. W. Ballinger.

Plans were made to attend the 4-County Meet in Comanche July 6.

Mrs. J. S. Turner gave a program on "Seven Dangers of Cancer."

Top Soil Loss Expected To Be Biggest Damage From Rains

The "100-year" rain Eastland County experienced early this month will probably be responsible for a million dollars worth of damage when all is said and done.

With the biggest part of the heavy flooding coming through the mid-section's choice sandy land peanut growing area, the biggest loss will undoubtedly be the washing away of precious topsoil. Bridge road, livestock and other damage was great.

After-storm checks reveal that the less damage was sustained by those landowners who have and are practicing good soil conservation measures. E. E. McAlister, manager of the Eastland office of Soil Conservation Service estimated this week that land damage would have been at least 75 per cent less had structures on the Sabanna and Leon watersheds been in place. A Sabanna Flood Control application is now pending and an on-the-scene survey is expected to be made soon in preparation for protection controls. Talk of a Leon program is also heard and perhaps will develop, it is reported.

Some 165,000 acres received from seven to 13 inches of rain during the downpour and about 60,000 acres of that is in the deep sands of Nimrod and Chaney soils with about 36,000 acres in cultivation.

The other 55,000 acres is made up mainly of the shallow sand and sandy loams of the Bonti and Truce groups with approximately 16,500 acres in cultivation.

John Simpson, also of SCS, and McAlister reported that

land that was plowed up in preparation for growing a new crop was severely damaged. All terraces systems were damaged, they said, with some systems almost wiped out. Some newly constructed diversions were badly damaged and water ways that were well vegetated stood the pressure outside of some silting.

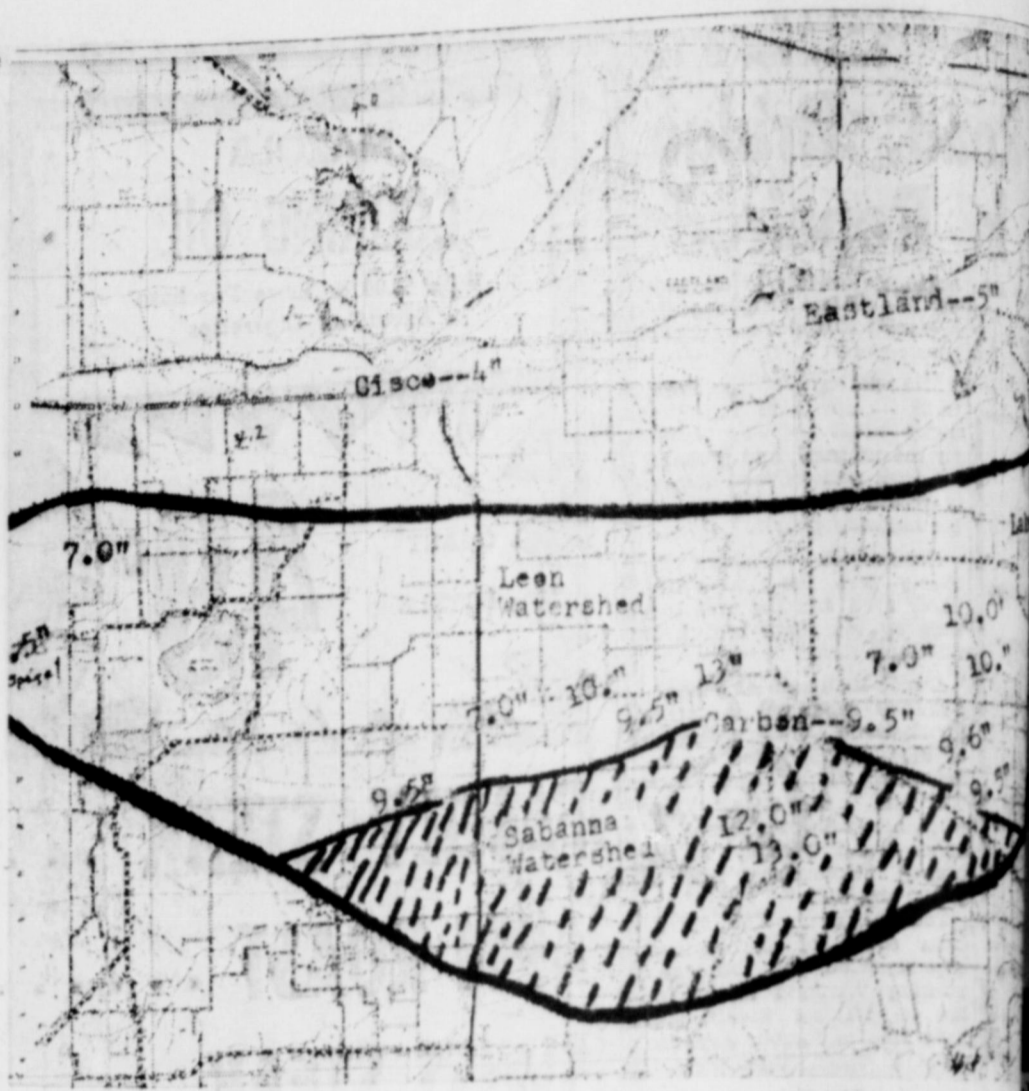

Bottomland soils scoured where vegetations was light but had only severe silting on other fields with vegetation.

Fences went out on both bottomland and upland draws, they said, adding that it is as costly to repair a fence covered by logs and brush as it is to construct a new fence. (They estimate about \$525 a mile for barb wire and \$680 for net.)

Crops just planted or only a few inches high will either need replanting or result in extremely poor stands. Costs for re-planting? Well, figure something like \$28 an acre, which includes about \$15 for seed; \$10 for fertilizer; \$1.50 for building the bed; and \$2 for replanting time.

Cost of replanting feed grains are about \$13 an acre, with \$2 for seed; \$8 for fertilizer; \$1.50 for land preparations; and \$1.50 for planting.

The rain this county experienced is generally expected to come once in about every 100 years. The conservation structures are geared to 10-year frequency amounts, the soil people report, but the fact remains that the best conservation practices result in the less damages when these things do occur.

BIG RAIN PATTERN — This Eastland County map prepared by John Simpson of the Soil Conservation Office in Eastland shows a vivid outline of the rains which swept the county a fortnight ago (June 10-11). The area within the outline represents that which received five inches or more, with the Leon Watershed at the top and the Sabanna shed at bottom. Estimates are that had structures been in on the Sabanna water-

shed (low seeking approval) would have been at least 75 per cent less had structures been in place. Severe flooding damaged county's prime peanut land. The area within the outline represents that which received five inches or more, with the Leon Watershed at the top and the Sabanna shed at bottom. Estimates are that had structures been in on the Sabanna water-

FREEZER FIXINGS -- here's top recipes from local residents

Summertime is home-made ice cream time.

The ice cream freezer, for many years almost unknown in the majority of homes, has made a great come-back. Manufacturers have expressed surprise that the crank freezer is currently out-selling the electric model.

Regardless of the type freezer used, the recipe basically is the thing.

We offer six recipes from county women who are noted for their good home-made ice cream. Each recipe makes one gallon.

Three different recipes for vanilla ice cream are:

From Mrs. Opal Marsh of Ranger:

Separate 12 eggs. Beat yolks; add 1 cup sugar and 1 teaspoon vanilla; beat well. Add one can Eagle Brand condensed milk and 2 tall cans evaporated milk. Beat egg white until frothy and fold into mixture. Pour into four quart freezer and finish filling container with water.

Mrs. Ross Hodges of Ranger uses this: Bring to a boil 1 pint milk, add 6 well-beaten eggs mixed well with 2 cups sugar. Cook until slightly thickened. Remove from fire; add one pint whipping cream and two teaspoons of vanilla. Pour into four quart freezer and add milk to fill container.

From Mrs. C. L. Webb of Cisco: Separate 6 eggs, beat yolks until lemon colored add 2 and one-half cups whole milk, 2 and one-half cups sugar, one tablespoon corn-starch, pinch of salt, one tablespoon vanilla. Fold in beaten egg whites, cook until boiling, stirring constantly. Remove from heat and cool. Pour in gallon freezer and finish filling freezer with whole milk.

Mrs. Dale Bakker of Eastland suggests this recipe for Cherry Ice Cream: Ingredients: 3 eggs, 1 can of evaporated milk, 1 can of Eagle Brand milk, one-half pint whipping cream; 1 cup sugar 2 packages vanilla Junket ice cream mix, 2 teaspoons vanilla, 1 jar maraschino cherries, one-half cup finely chopped nuts, and a few drops of red food coloring.

Mix as regular ice cream; pour into freezer and fill rest freezer with milk.

Any flavor fruit ice cream may be made by this recipe belonging to Mrs. J. E. John-

son of Cisco: Ingredients: 2 cans Eagle Brand milk, 3/4 cup white Karo, one-half gallon milk, 1 tablespoon vanilla, pinch of salt, 4 to 6 eggs. Any fruit may be added.

Mrs. Kenneth Watson of Eastland makes Banana Ice Cream by this recipe: Scald 4 cups whole milk. Combine 4 beaten eggs, 1 and 3/4 cups sugar, 2 tablespoons flour and one-half teaspoon salt. Add to milk. Cook in double boiler until custard forms (about 15 minutes.) Cool and add 5 mashed bananas with small amount lemon juice. Add 2 cups condensed milk, 1 can Eagle Brand milk, and 4 teaspoons vanilla.

Use any electric freezer according to manufacturer's directions. Pack ice and salt around the cream container in a crank freezer; cover freezer with folded quilt and perch small child on top.

Q

What does one do to defrost a modern refrigerator?

A

Absolutely nothing!

That's right. You don't even have to get a finger. Frost never forms in either the refrigerator or the freezer section, and since there's no frost, there's nothing to defrost. Think what that saves in time and work for you. Then hurry down and see the roomy no-frost refrigerator-freezers at your favorite appliance dealer's soon.

THE FUNCTION AND WORKINGS OF THE 91ST DISTRICT COURT

CONSTITUTION Article V — Section VII state shall be divided into judicial districts now or hereafter be by law, which may be created or diminished.

There are more than a hundred judicial districts in Texas. In some instances, there are two or three counties in one district court in one county.

The 91st District Court is in Eastland County.

ty. However, the first week of April, new judicial districts for the State were considered in a public hearing before the House Judicial District Committee.

House Bill No. 1043 by Representative Walter Knapp and others directly affects judicial arrangements for the 3rd Legislative District. Under the proposed plan, Eastland County would add Callahan and Comanche Counties to the 91st District.

Representative Burke Musgrave has stated that, if the bill passes, he plans to introduce legislation which would create the position of District Attorney to meet the demand of a three-county district. (At this time, the office of District and County Attorney are combined.)

If the bill passes, Representative Grant Jones of Abilene supposedly intends to run a bill which would essentially shift the 91st District Court criminal jurisdiction to a Taylor County Court.

"For each district there shall be elected by the qualified voters thereof, at a General Election, a Judge". When Judge Turner M. Collier died in Feb., 1965, the Governor appointed Judge Frank Sparks to serve until the next general election, which was in November of 1966. At that time, Judge Sparks was elected by the people to serve the remainder of Judge Collier's term, to wit, December 31, 1968. (This is in accordance with the State Constitution's provision for filling vacancies during an un-expired term. The regular term of election is four years.)

The Constitution also provides that the office of District Judge becomes vacant when the incumbent reaches the age of 75, with certain exceptions. Judge Sparks said, "My job is to administer the court in accordance with the Constitution."

The Constitution provides the District Court exclusive jurisdiction of such as divorce cases, felony cases, all civil cases where-in the amount involved is over one thousand dollars, contests of elections, and others. It has concurrent jurisdiction with the County Court in civil cases wherein the amount involved is between five hundred and a thousand dollars.

It also gives general jurisdiction over everything not specifically given to another court.

The District Judge has general supervision over all court officials serving in the district court.

Mrs. Susan Hunt of Ranger is secretary to the Judge. She is present at all trials, taking all testimony in shorthand. She records the arguments of lawyers on both sides if they request it.

Her transcript is added to records from the District Clerk's office to form "Statements of Facts" used in appeals courts.

Article V — Section XIX "There shall be a Clerk for the District Court of each county, who shall be elected by the qualified voters of the State and County."

Roy Lane has served as District Clerk since January 1, 1945. He said, "My responsibilities are to keep all records of the Court and of anything handled by the Court; to collect and disburse all fees in each case, whether civil or criminal; and to handle Trust Fund Monies and Child Support Monies."

"Court costs vary from ten to fifty dollars, usually. This covers filing and issuing of papers connected with the case. Jurors are paid by this office, with checks drawn on the County Treasurer's office, so actually the taxpayers of Eastland County pay the jurors. Those people who hire lawyers pay the lawyers directly and taxpayers pay the jury. The only money we collect is the court costs for filing and issuing."

"Often the court directs a person to pay a given amount to another person, through this court. In this instance, the person responsible for paying sends money to the Registry of the Court. We then pass the money to the time."

"The Court does not always take the authority of deciding how the money is sent nor does the receiver report back to us how the money was sent. We merely act as a go-between for the two parties."

"We handle between \$13,000 and \$14,000 annually for child support and between ten to forty thousand annually in Trust Funds."

Mrs. Henry (Myrtle) Van Geem is Chief Deputy District Clerk and has authority to handle the duties of the office in the absence of Mr. Lane.

Judge Frank Sparks, District Clerk Roy Lane.

Mrs. Susan Hunt of Ranger, secretary to the Judge of the 91st District Court.

Roy Van Geem is Chief Deputy Clerk, 91st District Court.
