## TidBits

By H.V.O.

A LOT of people lose their shirts at Ruidosa, N.M., but word is that an Eastlander lost his jump suit and other assorted garments en route home from that resort area recently. A top-tied down bag came unzipped, so if you're driving the Pecos, Van Horn area and come upon such a sight, you'll know they belong in Eastland. The clothes were insured we understand.

DON PIERSON calls to wonder why Lake Leon is the only lake in West Texas area that doesn't have gasoline pumps. Cisco and Hubbard have floating tanks. A modern gas pump would be highly profitable, he says, and would be a great service to tourists as well as local people.

GOLF PRO H. W. (Hab) Simmons and his best friend, Sox, also a golf enthusiast, were written up nicely by George Dolan in the Star Telegram recently. "Sox is getting pretty old now and doesn't play much any more. He prefers to sit in the shade and watch after things at the clubhouse. He was well-liked by golfers from all over the country. Many would ask him to play with them. He never raised his voice at the wrong time and he never chased a ball or bit a golfer," George reports.

IT WAS happy birthday time for Mrs. Ellen Hayes of 203 N. Walnut St. Tuesday, when she celebrated her 98 birthday. She's from a family of long-lived members. She has two sisters, Mrs. Lize Hamilton, 95, of Snyder, and Mrs. Kate Cutbirth, 100, of Quannah. A granddaughter is Mrs. Gene Myers, manager of Lone Cedar Country Club.

AS MIGHT be guessed, the Eastland Jaycees are busy once again getting ready for Continued on Page TWO

## 11 Beauties Entered In 2nd Annual Pageant

Officials of the Texas State Peanut Queen Pageant today released the names of the counties which have entered princesses in the 1970 state pageant.

These counties are: McCulloch, De Witt, Fannin, Wilson, Eastland, La Salle, Erath, Comanche, Stephens, Jones and Atascosa.

The girls and their home towns are: Miss Brenda Bratton, Brady; Miss Susie Howard, Cuero; Miss Marilyn Hill, LaDonia; Miss Mary Ann Woolsey, Floresville; Miss Beth Pearson, Ranger; Miss Joan Frances Booth, Cotulla; Miss Martha Thiebaut, Dublin; Miss Beth Calhoun, De Leon; Miss Gail Homme, Breckenridge; Miss Barbara Ritter, Comanche; and Miss Carolyn Telford, Pleasanton.

The Pageant, which is the second annual, takes place Aug. 14 and 15 at the Majestic Theatre in Eastland. It is sponsored yearly by the Texas Peanut Producers Board with headquarters in Gorman, and is under the direction of the Eastland Jaycees. The Peanut Queen is chosen each year from peanut princesses who represent counties with peanut allotments. The girls, between the ages of 17 and 21, are judged on poise, personality, beauty and talent. Judges for the pageant are chosen from a variety of professions from over the state.

The 1969 Queen was Miss Marsha White of Katemcy, representing Mason County.

During the past year, Miss White has traveled extensively for the Peanut Board as a representative in state and national events. She will crown the new 1970 state peanut queen.

Another young lady returning from the 1969 pageant is Miss Courtney Mayes of Floresville. She was "Miss Congeniality" of the 1969 Pageant and will present the Miss Congeniality Award this year. The new queen will be crowned on stage at the Majestic Theatre the evening of Saturday, Aug. 15 and will be presented with a \$500 scholarship to the college of her choice during a special half-time ceremony at the 11th Annual

Peanut Bowl Football Game which will be played in Maverick Stadium in Eastland on Sept. 19. The scholarship will be presented by Mr. De Voe Willard, president of the National Peanut Council.

Master of ceremonies for the Pageant this year will be Sgt. Clo Lewis of Dyess AFB, Abilene. Sgt. Lewis is also featured vocalist for the evening. Music for the presentation is to be presented by the "Swing Lows" of Abilene, with Mrs. Dora Nel Finch as featured organist. The Pageant is under the technical direction of Mrs. Mary Douglas of Abilene. Larry Rollins of Eastland is the chairman of the Pageant for the Jaycees.

## No Pretensions

L. A. Scott of 1315 S. Seaman St. is an honest man and not given to boasting. He keeps a few head of horses in a small area, for the enjoyment of his grandchildren.

Indigative of his humbleness, is the name he's given his place and the sign he's posted:

"Oleo Acres — One of the Cheaper Spreads."

## 60 Per Cent of Peanut Fields Borer Infested

AUSTIN—About 60 per cent of the peanut fields in Comanche, Eastland, Erath and Callahan counties have infestations of the lesser cornstalk borer, according to a recent survey by Texas Department of Agriculture personnel at the DeLeon Research Laboratory, Commissioner John C. White has announced.

"Development of the destructive pest is not uniform in all the counties nor even from field to field," Commissioner White said.

He urged farmers to check their fields at least every week for presence of the corn borer. The best time for checking fields for moths is early in the morning or late in the afternoon. During the middle of the day, the moths hide under peanut plants and are inactive.

Entomologists at the DeLeon Lab have found that control by insecticides is much easier when the larvae are small. After the larvae have begun to mature in their silken cocoons they become difficult to kill.

Commissioner White urges farmers to check with their county agents on the correct insecticide to apply to control the borer. He emphasizes that the correct insecticide for a specific pest is very important.

"Just because your neighbor is spraying doesn't mean you should also be applying chemicals," Commissioner White said. "Find out if you have an infestation, then try to determine what stage of development most of the pests have reached."

"Work for maximum effect with the least expense," he urged.

Personnel at the Texas Department of Agriculture lab at DeLeon can positively identify the moths, pupae, and larvae for persons not familiar with the pest.

will be a double elimination tournament, Menger Truman Maynard reports.

Teams are scheduled from Mineral Wells, Stephenville, Abilene and Eastland. The public is invited to attend at the Stadium, located at the corner of Valley and Central Sts. in Eastland.

# Homemakers Hints

**By JANET THOMAS**  
If you enjoy arranging flowers, then you may find these suggestions helpful in preparing cut flowers properly for arrangements states Mrs. Janet Thomas, County Home Demonstration Agent. Mrs. Thomas states that properly conditioned cut flowers last longer in the home and carry better than those freshly cut and not conditioned before arranging. Even iris and day lilies whose flowers are relatively short-lived, respond to conditioning.  
Four things are essential to successful conditioning: (1) Make clean cuts with a sharp knife or clippers. Scissors crush stems and partially plug the water conducting

tubes there. Cut either straight across or slanting, whichever will produce a clean cut surface. Only when the cut is made into old, hard stems, such as garden chrysanthemums, does crushing or splitting aid water uptake.  
(2) Place the cut stems in warm (110°F.) water as soon after cutting as possible. This may mean placing flowers in a container of warm water as they are cut in the garden.  
(3) Be certain that the water will remain one inch or more above the base of the stems after water uptake by the flowers. Remove the foliage from the basal portions of the stems which will be covered by water. Do not remove more foliage than is necessary.  
(4) Cover and cool the flowers in the container from 4 to 6 hours, or overnight. Plastic film bags placed completely over the flowers retards moisture loss. Some flowers benefit from being left covered at room temperatures for an hour before refrigeration. Others can be placed directly in the refrigerator or other cool places after covering.  
When flowers are properly conditioned, they can be arranged in shallow containers without wilting, as long as the water remains one-fourth inch or more above the stem ends and the arrangement is kept out of drafts and direct sunlight.  
Home Garden Calendar for August:  
1. Plant iris rhizomes this month. Prepare beds at least two weeks before setting out rhizomes.

## FB Officials Due To Attend Meet In Brownwood

Mrs. Zelda Jordan of Gorman, informational chairman for the Eastland County Farm Bureau and Mrs. Ann Justice and Mrs. Cheryl Stephens of Eastland; Mrs. Dora Schaefer and Mr. Jack Cozart of Cisco will attend, according to Jack Cozart, president.  
The half-day session is one of 18 such training meetings scheduled across the state by the Texas Farm Bureau in July and August. County information chairman for the county Farm Bureau in this area are expected to attend.  
Purpose of the meeting is to provide training in new writing techniques and preparation of county Farm Bureau newsletters. Mr. Cozart said. Other subjects to be covered include: how to serve the different types of news media; how to enter the Farm Bureau public relations award contest; and how to recognize what's news in Farm Bureau.  
"Farm Bureau is a service organization designed to serve its members and agriculture in general," Mr. Cozart said. "The purpose of a public relations program is to provide support for the total Farm Bureau Program as set forth in policies."  
County newsletters and informational meeting should keep the members informed on what their organization is doing to carry out policies, he said. This type of information program should lead to the development of sound policies and generate support for these policies, he added.  
"Publicity programs carried out through news media should always be factual, should seek to secure widespread support for aims of the organization, and should seek to build a favorable image for agriculture," the county farm leader said.

One of the most common causes of death in house plants is improper watering. When water is often a perplexing problem. Here is where sound judgement is most needed. The only accurate gauge to follow is to water when the soil becomes dry to the touch.  
Spasmodic watering is most injurious. Long intervals of wet and then dry soil result in a poorly formed root system. Too much water does not allow sufficient oxygen in the soil, while excessive dryness causes the plant to wilt. The soil for most house plants should be slightly on the dry side rather than wet.  
At each watering, the entire soil ball should be moistened. To provide for cases of overwatering, all containers should have open drain holes. Many ornamental containers such as glazed vases and jardiniere do not have holes and overwatering is often the cause of death.  
Watering house plants from the bottom of the container with a saucer or tray is a common method of watering but is impractical for large plants. Plants kept standing in water for several days may dry.

By Vada Arnold

The Rising Star School opened on September 7, 1931 with an enrollment of 563. This was the records enrollment in the history of the school; a number of farm children were expected to enroll as soon as the cotton crop was harvested.

E. T. Dawson Superintendent announced the faculty members for High School as, J. E. Ginrich, Mrs. Bessie

Lowe, Mrs. W. H. Dryden, Miss Mary Roach; Ward School, Mrs. M. G. Underwood, Principal, Mrs. M. E. Crossley, Mrs. Ray Smith, Miss Ora Brooks, Miss Elma Ruth Clarkson, and Mrs. Fred Roberts, Weldon Gibson and ward school coach and drove a school bus. Fine Arts, Mrs. S. C. Butler, Music, Mrs. W. H. Henderson, Art and expression.

May, Texas, school opened with an enrollment of 450, the same year. Many was the second largest school in Brown County, being second to Brownwood High School.

Opening exercises were held in the auditorium of the new school building completed in 1930.

An interesting program was presented. Rev. D. L. Barnes, pastor of the May Methodist Church, made the opening address. Gerald Morrison, principal of grade school gave a talk. Musical numbers by Miss Lola Bowden, Heflin Bowden and Bill White with Mrs. Bowden at the piano pleased everyone.

By consolidation the May school was serving eight farm districts, Imola and Union Grove being added in 1931. Six school buses brought in three hundred students daily. Weldon Chambers served as football coach.

Through the years schools have changed as have newspapers, their style composition and reporters. They have changed as much or more than the style of women's clothing.

The former custom of newspaper writers was to say something highly complimentary about every person whose name appeared in the paper, whether, "rich man, poor man, beggar, thief, doctor, lawyer, merchant chief." Each person mentioned was wonderful, upright, honest, upstanding, 1st class, community promoter and intelligent and any thing else that would build up the current subject.

In case of weddings, for instance, the bride was the beautiful, charming, talented, gorgeous, popular young lady from one of the most prominent and wealthy homes of the community.

The groom was invariably industrious, (even if he chanced to be the laziest fellow in town). He was ambitious, a born leader and bound to succeed, the son of the most prominent couple in the country.

As for the attire of bride and groom: the bride was dressed in a white satin dress, the costliest, most gorgeous and the most stylist creation ever worn by a bride. She carried a huge bouquet of white roses and fern on her arm. Her veil was of white silk, imported net caught by lustrous beads and white rosebuds. Elegant white silk, elbow length gloves, white silk stockings and high heeled white kid slippers completed her lovely attire.

The groom came in for his handsome wedding attire, the latest tuxedo, and white wool flannel trousers, a white silk imported shirt and black cravat. He wore a diamond stick pin, spats and white gloves. His appearance was the envy of every young man in the community. His knightly bearing and gracious manners endeared this worthy young gentleman to everyone who knew him.

Mothers of the bride and groom wept softly during the solemn and beautiful ceremony. On and on went the flattery of newspaper reporters.

Once upon a time, years ago during a fire in a small city of the eastern United States, the editor of a local newspaper was unable to locate the regular reporter and the young woman who did the "society gossip" was sent out to cover the story. Her report read:

"A brilliant fire was held yesterday afternoon at the home of Mr. and Mrs. John Sopp on Crown Hill Drive. A large number of people attended the affair.

"Mrs. Sopp who recently had her hair shingled, made a charming escape in an exceedingly handsome henna blouse, the pattern of which appeared in our Woman's page last week.

"The firemen presented an attractive appearance garbed in navy blue tunics being full cut.

"The weather was quite delightful for an affair of that kind. A strong wind was blowing.

"It is rumored that the fire was on a larger scale than any affair of a similar kind for years. It is also rumored that it costs Mr. and Mrs. Sopp about \$25,000."

MISS DIANA MAYNARD

## 'Exciting' Says Diana Of State Pecan Event

"Busy, exciting, fun, and friendliness" was a brief description of Diana Maynard's experiences at the State Pecan Queen Contest held in Dallas July 19-21. Diana, who was crowned Eastland County Pecan Queen in December, arrived at the Baker Hotel in Dallas with her mother, Mrs. T. A. Maynard and sister, Nancy, Sunday, July 19, for the state pageant.

Monday was a busy day. The morning was spent in registering and meeting the ten other contestants. She attended a coke party given by Mrs. Lill Kothmann, co-chairman of the pageant that afternoon. After the coke party the girls rehearsed for the pageant. Each girl was presented a gift.

Tuesday activities began at 8:45 when the contestants were presented to the General Assembly. At noon they attended a luncheon and fashion show at Neimon Marcus. Diana commented, "All of us contestants were required to wear hats to the style show but we were the only ones there who wore them. It was funny. We had to scatter out and sit with the crowd wherever they put our name cards."

"For lunch we had a delicious fruit salad; it was a mixture of watermelon, canteloupe, pineapple, and grapes."

"On the way back to the hotel, we saw many long-haired hippies and a few ladies in maxi dresses. The streets were crowded and the air was heavy, but all the pecan people were so nice and friendly."

"That afternoon we met the judges from 2 to 4. The judges were Mrs. Carroll Coushey, of Dallas, Murray Cox, of Dallas, Lee Drain of Dallas, Scott Duncan of San Antonio, and Johnny Harris of Hamilton. They were all very nice, extremely patient, and understanding."

"The pageant was Tuesday night. We had a banquet at 6:30 and the pageant began at 8:30. The theme was 'Nuts and Bolts.' The opening was something really different this year. We took a 3-yard

All except the winners were given Texas State Pecan charms.

Diana said in her closing comments, "After the pageant one of the girls gave a coke party in her room for those who could stay, but I packed my bags and headed for the sweet smelling, uncrowded, safe streets of the friendliest town I know and love and sure missed—Eastland."

"I would like to thank the Pecan Growers for sponsoring me on that exciting, experiencing trip that I'll never forget. Particular thanks to Mr. Dee Gordon for his help and consideration and Mr. Ben McKinnis for his time also, and the Eastland Chamber of Commerce who made it all possible.

"The Pecan Show is worth any interested persons time. It mixes business and pleasure and bubbles over with Texan friendliness."
