Maverick Band to Compete In UIL Marching Saturday

The Maverick Band will compete in the U.I.L. Marching Contest at Brady, Saturday, Nov. 21. Each Friday night the band has performed at the football games and in somewhat of a contesting way: they didn't openly compete with the other band, but inside, they would always try to do a better show by playing and marching to a greater degree of precision.

City Employees Get 10% Pay Hike

Eastland City Commissioners met Monday night at 7:30 p.m. in the City Hall for their regular monthly meeting with all commissioners present. The idea was discussed of buying new parking meters for Eastland. City Manager Lewis Tiner was authorized to purchase additional parking meters as he thought best.

The band will not compete against other bands but will compete against a standard of perfection, with each mistake lowering the band's rating. With this type of contest, the standards are fairly consistent throughout the state and there is not the comparison of one band looking better than another. The ratings reflect the skill with which the band performs with a first division being the highest rating, and a fifth division being the lowest.

Hootenany Is Saturday at LC

Members and guests are invited to an old-fashioned Hootenany at Lone Cedar Country Club, starting "when the sun gets behind the shed."

The informal party will be a come-and-go event, with old-fashioned singing. Mrs. Ina Ruth Taylor will be at the piano. Honored will be Club Manager Mrs. Jean Meyers who will be beginning her fifth year at the club, and Mr. and Mrs. Claud Crews of Cranger who will be moving soon, it was reported.

Previous Sing-Song of this nature have proved very popular and members and guests are invited to attend.

Harvest Good, Weather Fine

Peanut harvest is nearing completion in Eastland County and according to County Agent Dee Gordon, grades and yields generally are a little higher than had been expected.

Good harvest weather is credited with getting the crops in. Dry, windy days has speeded the harvest. There's only been 10 of an inch of moisture this month—coming on Friday 13, when the wet norther blew in. October's 1.90 inches and the little amount in November brings the year's total to 24.51, reports Official Weather Observer James Dabney.

Lowest temperature for the year was recorded about 5 a.m. Monday when 23 degrees was shown, Dabney reports.

Pleasant Valley Road Planned by THD in County

The new facility will be rural type two-lane highway having a 26 ft. surfaced travelway with 9 ft. paved shoulders.

Any interested citizen may request that a public hearing be held covering social, economic and environmental effects of the proposed location and design for this highway project by mailing or delivering a written request to the Resident Engineer's office on or before Dec. 10. Maps and drawings of the proposed road are at Resident Engineer R. P. Haun's office and at the County Judge's office.

7-B Champion Wolverines Set For Playoff Tilt

Carbon is the District 7-B Champ, as of Friday night, November 13, when they defeated the Gordon Longhorns.

The Wolverines play their last district game in Moran at 7:30 p.m. Thursday night, Nov. 19.

The bi-district game for the Carbon Wolverines will be played against Cranfills Gap. The Cranfills Gap team has a record of no losses. They have just recently come down from 11 man football to six man.

Plans for where and when the bi-district game will be played, were made at 1 p.m. Wednesday, afternoon.

The performance that is put on at the U. I. L. Marching contest is always the finest performance of the year for the band knows that a slip in memory, or playing the wrong note is not overlooked by the audience that is concerned about the football game. They also realize that they can march through the show only one time for the Judges and there is no second chance to overcome any problem that might have occurred during that one performance.

The band has practiced every day from 7:30 until 8:45 a.m. and has had after school rehearsals on Tuesday and Thursday nights since the beginning of school in order to bring to the Eastland people a fine half-time performance each week.

This tremendous amount of work will be reflected Saturday at Brady. Eastland will march from 1:30 until 1:38 p.m., and fans are welcome.

DBITS

Continued from page 6-10
and we thought you
to read it. It won't
aid, offer the Dallas
such ammunition.

Several community news-
papers and church newsletters
in Texas have carried editor-
ials charging that the familiar
peace symbol is a Communist
"anti-Christ" sign.
That allegation has been
made by persons who want

to discredit the symbol and
turn American Christians ag-
ainst those who use it. The
tactic is to play on the fear
of subversion by Communism.
The symbol in question is a
wide inverted "V" with verti-
cal lines passing through its
point, all within a circle. It ap-
pears in decals, posters, Jew-
elry and many other places.

Even persons who are re-
pulsed by the symbol should
be fair-minded enough not to
attack it with trumped-up
charges.

Detractors say the symbol
has been revived from the
Middle Ages when it was "the
sign of those who were op-
posed to Christianity." They
warn that it is an upside down
broken-armed cross: "the
witches foot," "the anti-
Christ symbol," "the symbol
of the devil," "the mark of
atheism." "The Communists
are gleeful when they see this
symbol worn by Americans,"
the alarmists say.

Actually the symbol was
designed in England in 1958
for a group campaigning for
nuclear disarmament (it is
possible to call that a Com-
munist plot, too, of course).
Since then, it has been adopt-
ed by other peace movements.

The symbol is a composite
of the semaphore signals for
the letters "N" (flags pointing
downward at 45 degrees) and
"D" (flags held in vertical
line). These superimposed
lines are in a circle represent-
ing the world.

Hence, to those who devised
the symbol, it means, "Nu-
clear disarmament in the
whole world."

But symbols are tricky.
They can be read many ways.
And they can be used to say
different things at different
times.

So to some persons the
peace symbol is Communist-
inspired. That is the theme
of a flier circulated across the
country by American Legion
Post 544 of Minersville, Penn-
sylvania and a 16-page arti-
cle in the June issue of the

White Birch Society's Ameri-
can Opinion magazine has a
similar thrust.

On the other hand, peace
movements that appropriated
the symbol sometimes inter-
pret the central lines as hum-
an despair and the circle as
an unborn child.

A Christian Church pastor
reassuring the parents of his
congregation that their chil-
dren are not wearing a Com-
munist emblem wrote in his
newsletter that the symbol
can be interpreted as "very
Christian." He said that he
chooses to interpret the circle
as "a symbol of God and eter-
nity" and "the dove's foot in
the circle" as "a symbol of
peace."

Not even the most repeated
symbols of the Christian faith
have escaped corruption be-
fore or after their appropri-
ation by the church.

Long before the Christian
era, the cross was a sacred
figure in religions of antiqui-
ty. And a form of the cross
Christians inscribed in the
Roman catacombs, the swastika,
was painted on pottery by
early American Indians and
became the hated insignia of
Nazi Germany.

The fish had meaning for
pagans before Christians began
using it as a sign for Christ.
And the lotus blossom, an im-

portant symbol in Hinduism
and Buddhism, has been in-
corporated meaningfully in
Christian sanctuaries in Asia.

Don't be spooked into see-
ing Communist behind the
peace symbol.

**Fish, Inc. Topic
For Rotarians
At Meeting**

Fred Williams, employee of
Texas Electric, has in the
past year begun a new in-
dustry in Eastland, Fish In-
corporated.

Mr. Williams is the Vice
President of the Corporation.
Films of the work this indus-
try is doing was shown to
Eastland Rotarians at their
meeting in the White Ele-
phant, Monday noon.

The meeting was opened
with song and prayer, Buddy
Carter introduced the guest,
L. C. Davis, John McCowan,
Dr. Leland Willis, and Stan-
ley McCracken, all of Cisco.

Also guest at the meeting
were Bob McCoy of Eastland,
and Steve Steed of Arkansas.
Saul Pullman introduced the
speaker, Mr. Williams' Fish
Farm is located on Lake Leon.
This business is open six
days a week from 10-6, closed
on Wednesdays. The fish are
cleaned while you wait. A
call-in order can be ready
when you arrive.

Action films were shown of
the daily life of the fish. The
process was begun by first
building a dirt pond and us-

ing water from Lake Leon.
They now have a total of 10
ponds with water and fish.
The fish average from one to
two pounds a packet. They
take the fish and breed and
grow them.

The secret to having good
healthy fish is for them to be
stocked properly, and have a
regular seven days a week
feeding process, during the
growing season. A question
answer period followed the
talk.

The rundown on the Fall
hunting season for Eastland
County hunters was given in-
to detail by Game Warden
Kenneth Payne, at the Ro-
tary meeting Monday, Nov. 9,
at the White Elephant.

Bill Angus presided as the
meeting opened with song and
allegiance to flag.

Buddy Carter introduced
the guest, which included: O.
D. Dillingham of Dallas; Roy
Hathaway, Bob Quall, and
George Brazell of Cisco; Steve
Stever of Arkansas; and Bob
McCoy of Eastland.

Grover Hallmark, program
chairman, introduced guest
speaker, Kenneth Payne. Mr.
Payne has been employed as
a game warden for almost
four years, and is a 3 year

game warden of Eastland.
The opening and closing
hunting dates, shooting hours,
bag limits, and hunting rules
for duck, geese, deer, jave-
linas, quail, and turkeys were
explained to all Rotary mem-
bers and guest.

All hunters need to be fully
aware of these rules before
beginning their hunt. Failure
to observe these laws will re-
sult in penalty action.

Age privileges cost and
exemptions for hunting licen-
ses were given. Questions
were answered by Payne.

**Parcel Post
Rates Upped**

Parcel post rates were in-
creased effective Saturday,
Nov. 14. Local Postmaster
Marcus O'Dell has reported.

The increase is expected
to bring in an estimated \$125
million in postal revenue per
year, nationally, he said.

The hike varies from five
cents for more than two pounds
on close shipments of up to
150 miles, to \$2.10 on 70
pounds for far shipments to
points like Alaska, etc.

The Readers Write

The football season has name because this is the feeling of the still Mighty Mavericks but one thing that stays in my mind as something that should be expressed. Possibly you might bring it to the attention of your readers who are football fans. The game at Coleman indeed did not go as Eastland wanted it to, but it was an outstanding game never the less, I was greatly disturbed to see Maverick fans leaving the stadium before the game was over. That game didn't end for those boys until the final whistle sounded and if people were leaving the stands before that, it should have been to go down on the field, as it was for a great number of fans and the student body, to tell those players how they were proud of that team even in defeat!

I have been told that the football boys on the field of play noticed the people leaving and commented on it. It was not the student but fans. If they cheered them in the winning games they should back them "All the way" as the cheer says.

It isn't necessary to use my

name because this is the feeling of a great number of people I have talked to since the game. Please express this in some way to the people who maybe do not realize this. Thank you, Name Withheld By Request

County Deposits Total \$31,804,215 In Five Banks

Deposits in Eastland County banks continue to rise and stand at an all-time recent-history record, but total loans are down a wee bit from three months ago, but still far ahead of the same period last year, according to reports just issued.

Money on deposit in the five banks as of Oct. 28, totaled \$31,804,215. That's up from a combined total of \$30,985,338 on June 30 of this year. At the Oct. 21, 1969 report, \$29,290,712 was recorded.

Loans on the current report show \$19,437,260 — just a tiny bit below the June 30 figure of \$19,467,197, but far ahead of the \$17,355,216 on Oct. 21, 1969.

Annual County Pecan Show To Be Held Dec. 11 & 12

Annual Pecan Show in 1970 and be entered by the person who produced the pecans. They are judged on the basis of size, per cent kernel, thinness of shell, quality of kernel and attractiveness of the pecan. Natives, variety seedlings and improved varieties may be entered in the show. All entries become the property of the pecan growers assn. Entries winning first, second, and third will be sent to the regional pecan show. All other entries will be sold to help pay for ribbons and trophies. Ribbons will be given to exhibitors.

who have first, second, or third place entries. A trophy will be given to the champion shelling pecan, champion native pecan and a grand champion trophy for over all champions.

Both commercial pecan growers and yard tree growers in Eastland County and surrounding areas are encouraged to enter pecans in the county show.

The County growers assn. voted last Thursday night to ask commercial growers to donate 5 to 10 pounds of pecans to be sold at the show. The income will be used to help pay the pecans queen's expenses to attend the state queen contest.

Other features of the show

will include a pecan Queen Contest, a bake show, and a centerpiece show in conjunction with the pecan show.
