## Man Killed in Fire In His Home Here

A 71-year-old man, J. L. (Bud) Greer, was burned to death in the flames of his home at 508 South Bassett in Eastland about 10:50 Thursday night.

It was the first fire fatality in Eastland in 11 years, according to Guy Robinson, fire marshal.

Robinson said that the elderly man apparently had been trying to reach a window when he was overcome by the heat. His body, with burns over 80 to 90 percent, was found in his bedroom.

The fire, which was confined mostly to the den area in the south side of the house is still being investigated by police and fire officials.

Funeral services were held at Arrington Funeral Chapel in Eastland at 10:30 Saturday morning with W. E. Hallenbeck, pastor of the Church of God in Eastland, officiating. Burial was in Eastland Cemetery.

Survivors include a sister, Mrs. H. B. McDeowell of Lyndell, Texas; a brother, W. C. Greer of Mansfield, Texas, and three nephews.

Mr. Greer, born March 17, 1899 in Gorman, came to Eastland in 1945. He was a retired oil field worker.

A birthday party was held Thursday, November 19, at Hickman Nursing Home, for everyone who had had a birthday in November. The party was hosted by the Nursing Home Volunteers and the Nursing Home. Those having birthdays in November were: Tennie Jordan, 86; Lilla Lester, 82; James Sims, 79; Annie Cunningham, 77; Fannie Nash, 83; Margaret Watson, 62; Mary Ellen Lewis, 89.

Mr. W. C. Smith was foreman for this term.

Friends have begun a fund raising drive to assist the parents of a four-day-old child who underwent surgery in Abilene Friday.

Little Melissa Palmer was born Monday at Ranger General Hospital, first daughter of Mr. and Mrs. Bill Palmer of 502 S. Mulberry St., Eastland. The infant had surgery at Hendrick Memorial Hospital Friday. She has a brother, Charles, one and a half years old.

Mrs. Palmer is the daughter of Mrs. Jearleida Buckley of Olden and W. C. Ensor of Odessa.

## Homemaker of Year Sought

The search is on for the Texas Conservation Homemaker of the Year for 1971.

Each county may enter one woman in the contest. The contestant and/or her husband must operate a conservation farm or ranch under a basic soil and water conservation plan developed in cooperation with the local Soil and Water Conservation district. She does not have to be a member of a home demonstration club or live on a conservation ranch or farm.

Each homemaker who enters will submit a record which will be judged on farm or ranch conservation as improvements in the home and leadership and community life.

Record books are due in the county Home Demonstration Agent's office by February 1.

Further information may be had by calling the county HD agent's office.

## Few More Acres to Make '70 Crop 'Almost as Good' as Peanuts of '69

The 1970 Eastland County Peanut crop is expected to yield slightly under the good crop of 1969. County Agent De Gordon says with about 80 per cent of the peanut crop harvested, it now appears that the average yield will be about 100 pounds per acre under the average yield of last year. Last year's average yield was 1,277 pounds per acre, second only to the 1968 yield of 1,474 per acre.

Tommy Lawson, ASCS County Executive Director, reports that the average yield is between 1,170 and 1,175 pounds per acre on farms that have turned marketing cards into the office.

There were 34,057 acres of peanuts in Eastland County this year. This compares to 33,799 acres in 1969. The county agents says the total peanut production in the county should be about 49 million pounds compared to 43 million pounds last year. If the estimates are correct the value of the county peanut crop would be just under 5 million dollars.

## CofC Directors Map Year-End Plans Here

A lot of year-end business and future plans were discussed and handled at the regular monthly meeting of the Eastland Chamber of Commerce Board of Directors Wednesday at the White Elephant Restaurant in a luncheon meeting.

Vice President Jeff Glazner presided in the absence of President Ben McKinnis. Discussion was held on Christmas promotions, including the appearance on Saturday by Santa Claus, a kiddie show and other details. The directors instructed Glazner, who heads the retail committee, to plan in line with previous years activities and budgets.

The chamber will sponsor a public investment seminar to be held at the Texas Electric Service Co. Reddy Room on Dec. 8 and 15, to be conducted by Bach and Co. Investment Services, with approval by the directors. The firm provides the training at no charge.

The chamber banquet is tentatively set for Thursday, Jan. 7, depending on arrangements with the speaker, it was reported.

have reported better yields than last year, but most are reporting lower yields. Yields on irrigated peanuts have been very good while dry land yields have fluctuated considerably.

Several farmers had lower yields caused by salt damage in irrigated peanuts this year. Generally the dry land grades are down.

Peanut harvest continues

CISCO FIREMEN fight diligently against heavy odds — 40 mile an hour winds — Wednesday in an attempt to save a dwelling alongside Highway 80 midway between Cisco and Eastland. The unoccupied house reportedly caught when bone-dry grassland surrounding it caught fire. Major grassfires were out of control south of Highway 80, and units from both Cisco and Eastland Fire Dept's. were on hand trying to extinguish the blazes. The fire spread across the highway in the powerful south wind and ignited land there.

## Carbon Wins Bi-District; Plays Star for Region Title

In post-season football playoffs, the big one for Eastland County is a win by the Carbon Wolverines over Cranfills Gap, 38-21, in Comanche Friday night.

Claiming the Bi-District title, Carbon will advance and according to Supt. James L. Hughes Saturday morning, will face Star (Between Goldthwaite and Hamilton) in the final playoff for Six-Man at the regional level.

Eastlanders were looking at a game in San Angelo which pitted Haskell with Ozona, and District 8-AA is still rolling, with Haskell winning that one, 17-15, and advancing toward the state playoff titles.

The other powerful AA contender, Iowa Park polished off Clifton, 28-12 in Abilene Friday night.

Haskell will meet Childress next week in the regional quarterfinals with the winner undoubtedly to face defending champion Iowa Park in the semi-finals.

In a hurried meet Friday night Star officials asked that the game be played Thursday, but Carbon officials were seeking a Friday date, and representatives from both schools are to meet Sunday to hammer out site, date and details to be announced here in Thursday's paper.

The Regional spot is as high as the Six-Man brackets go this year, Supt. Hughes said.

Running back Bobby Carlton scored twice and tossed a touchdown pass to Doug Bryant as Carbon outclassed Cranfills Gap Lions.

In ten days of play, eight major titles will be decided, and between four and five thousand players will compete.

The Past Matrons and Past Patrons of the Eastland Chapter 280 order of the Eastern Star will be honored at the stated meeting Tuesday, Dec. 1, 1970, at 7:30, in the Ballroom of the Hall of Eastland.

Carlton and his Wolverine teammates scored first, raced to a 32-21 intermission lead and then turned off the Cranfills Gap offense in the second half for the victory.

## 11-Lb. Parcels Okayed for POWs

Relatives of Americans held captive in North Vietnam will be permitted to mail packages weighing up to 11 pounds during the months of December 1970 and January, 1971.

The increased weight limit was permitted as an exception to the regular bimonthly parcel program by North Vietnamese authorities.

New authorization cards (white) have been issued to the next of kin for this parcel mailing only.

Carlton had offensive help from quarterback James Norris, end Larry Griffin and running back Dale Jackson. And the Wolverine defense came up with the big plays when it had to, especially in the second half, to complete the win.

Carbon is now 11-0 for the year. Cranfills Gap finished at 9-2.

Carlton got both his TDs on passes from Norris — for 29 and 48 yards — and threw 65 yards to Bryant for another six-pointer. The 178 pound senior had 22 yards on nine carries.

Griffin was the leading Wolverine ground gainer. He had 89 yards on five carries — one of them a 39-yard TD gallop. Jackson had 77 yards on 15 carries. Running back Tom Leach was the offensive star for the Lions with 144 yards on 20 carries.

Leading 32-21 at halftime, coach Charles Bryant's Wolverines turned the second half into a defensive battle, then added a touchdown with 3:12 left in the game to ice the victory.

Midway of the final quarter Carbon forced a Larry Simmons punt into the end zone and set up with first down on the 15-yard line. It took 11 plays to move the 65 yards — the longest drive of the game.

Both Carlton boys — Darrell and Bobby — and Jackson, Griffin and Norris produced yardage in the drive as Norris performed well with his signal-calling duties. Darrell Carlton got the TD from the six. Griffin's kick was blocked, but Carbon had a commanding margin, 38-21.

The teams traded touchdowns in the first quarter, but Carbon slowly began to take the upper hand and ended the first half with a 280-159 total offense advantage.

The Wolverines tallied first, moving 36 yards in three plays on their second possession of the night after recovering a Leach fumble. Jackson carried twice, then Norris hit Bobby Carlton over the middle from the 29 for the six points.

Don Duncan's PAT kick at 5:45 put Carbon out front, 8-0.

Cranfills Gap came back on the next series to tie the count. The Lions moved 65 yards in seven plays. Six rushing plays carried to the Carbon 23, then quarterback David Brown hit Simmons with a touchdown pass and Simmons kicked the tying points.

Carbon put three more touchdowns on the scoreboard in the second quarter. The first came on Bobby Carlton's 65-yard pass to Bryant. Then Griffin scored on a 39-yard reverse and Norris hit Bobby Carlton with a 32-yarder.

Duncan kicked PATs after each score.

### LAUGH-A-DAY

When P T Barnum was trying to enlist Indians for his Wild West show, he took his circus out west.

For one of the first acts staged to show the Indians his amazing performers, Barnum employed his fine, imported European knife thrower. A pretty young female assistant stood up against a backboard, the knifethrower took careful aim and plunked the big knife right next to her ear.

Instantly all the Indians got up and left the tent. Surprised Barnum ran after a chief to ask why. "Bah", said the chief. "Him miss target!"

# Oil, Gas Add Nearly \$2 Millions To County

Eastland County's petroleum industry produces 395,790 barrels of crude oil valued at \$1,270,187 and 4,968,219 thousand cubic feet of natural gas valued at \$680,646 for an annual economic value of \$1,950,833.

These figures, just released by the Texas Mid-Continent Oil & Gas Association, show the county ranked 151st among state counties in oil and gas production during 1969.

Texas production which has registered an increase over each previous year during the past decade hit another all-time high in 1969 with 1,151,775,000 barrels, according to U.S. Bureau of Mines statistics. This is a production increase of 24.2% since 1960.

"Production from Eastland County helped meet this record demand," says Kenneth E. Montague, Association President. "We are now calling on it and the rest of Texas to meet an even greater demand as events in the Middle East have again forced us to dip into our declining reserves. Fortunately, the price for Texas oil is inadequate to stimulate enough exploratory drilling to replace reserves."

Eastland County landowners and others with mineral interests received \$243,854 in royalty last year. Texas received \$58,429 from crude oil production taxes and \$48,326 from natural gas production taxes.

Estimated drilling expenditures totaled \$522,699 with \$203,970 of that amount spent on dry holes yielding nothing for the driller. Ira Rinehart's Yearbook showed drillers completed 9 oil wells, 3 gas

wells and 13 dry holes. Six wildcats were drilled and all were dry.

The county's oil and gas processing plants also added to the economy. The Oil and Gas Journal listed 6 natural gasoline plants with a capacity of 60.3 million cubic feet daily.

Reports from the Texas Employment Commission show some 130 persons were directly employed by the oil and gas industry in the county with an annual payroll of \$718,912.

NOBODY HURT, BUT... both cars were smashed! Headlines? No matter how good the highways are full of good drivers. There is nothing we can do about the other fellow's carelessness, we can drive carefully insured. We write every policy that you will ever need and may never need. By all means protection—have it!

## ment Notices For To Be Mailed Dec. 4

A national peanut allotment of 1,610,000 acres — the same as for 1970 — has been announced by the U. S. Department of Agriculture, Lyeria said.  
In general, peanut growers who grew their full allotments

in 1970 can expect about the same acreage allotments this year, said the ASC committee chairman.  
Peanut growers who comply with their allotments will be eligible for price support loans at a rate to be announced later. Marketing penalties will apply to peanuts produced in excess of allotment.  
"By law the secretary of agriculture is required to proclaim a national marketing quota and a national acreage allotment for peanuts each

year," Lyeria explained.  
"On the basis of the prospective need for peanuts for food uses, the national marketing quota would be 1,021,000 tons, which would result in a national acreage allotment of 1,218,031 acres. However, the law requires for a minimum national allotment of 1,610,000 acres, so the marketing quota has been set at 1,553,650 tons, which is the amount determined sufficient to provide for the minimum national allotment."

Peanut marketing quotas have been in effect since 1949. Growers vote at least every three years on whether or not to accept marketing quotas. The last referendum was held in December, 1968 when 96.9 percent of growers voting favored marketing quotas for the 1969, 1970 and 1971 crops.

The CJC Vocational Nursing Organization is having its 8th annual homecoming on Dec. 5, 1970 at 7 p.m. in the Corral Room of the CJC annex located on Ave. D in Cisco.

The homecoming consists of a covered dish supper and visiting among each and every person. Dr. and MMrs. Treadwell have a special part on the program.

All graduates, present students, R. N. Supervisors and Teachers are urged to attend.

# Pecan Bake Goods And Centerpiece Contest To Parallel County Show

The Pecan Bake Show and Pecan centerpiece contest will be featured in conjunction with the annual Eastland County Pecan Show to be held on December 11 and 12 in the Eastland County Courthouse lobby, Mrs. Janet Thomas, county H. D. Agent, reminded this week.

All entries in the youth and adult Bake Show must contain pecans. The five divisions include: pie, cake, nut bread, candy (must enter at least 8 pieces); and cookies (must enter at least 8 pieces).

All entries must be in place by 11 a. m. on Friday, December 11. Any man or woman, or school age youth in the county is eligible to participate in the bake show or centerpiece division.

Cash awards and ribbons will be awarded to the top three place in all five divisions of the Bake Show. Cash awards shall be as follows: First place, \$2.50; second place, \$1.50; and third place, \$1.00. There will be a grand Champion and reserve champion in both the youth and adult divisions. Cash awards shall be as follows:

Champion - \$5.00 and reserve champion - \$4.00. Grand champion and reserve champion entries become the property of the show and will be sold. Bake show entries, belonging to home demonstration club and 4-H club members, will also be sold to the public during the show.

The Pecan centerpiece and show will consist of centerpieces and arrangements made from pecan or parts of the

pecan plant, such as leaves. All centerpiece arrangements must be in place by 11 a. m. on Friday December 11. There will be three prizes given to the top three entries as follows:

First place - \$10.00; Second place - \$5.00; and Third place - \$3.00.

The Pecan centerpiece and bake show divisions are being sponsored by the Eastland County Home Demonstration Council. All entries in the bake show are to be brought on disposable plates so that there will be no risk of losing cake or pie plates.

The Eastland Home Demonstration Club members will also sponsor a bake sale during the show. All entries are welcome.

## Sunday Subject Is Announced

What the healing ministry of Christ Jesus can mean to today's world will be brought out at Christian Science church services Sunday.

Services in Eastland, will begin at 11:00 a. m. in the First Church of Christ, Scientist, on the corner of Lamar and Plummer Streets.

Scriptural readings in the Lesson-Sermon, "Soul and Body" include the account in Matthew of the healing of the daughter of the woman of Canaan.

One of the accompanying passages to be read from Science and Health with Key to the Scriptures by Mary Baker Eddy states:

"Knowing that Soul and its attributes were forever manifested through man, the Master healed the sick, gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific action of the divine Mind on human minds and bodies and giving a better understanding of Soul and salvation."

## Christmas Party For HD Members

Home Demonstration Club members will have their annual Christmas covered dish luncheon and party on Wednesday, December 2 at the First Baptist Church fellowship hall in Eastland, Mrs. Janet Thomas, County HD Agent announced.

Mrs. Paul Dietz, of Desdemona, will present a Christmas program on holiday decorations and gifts.

Home Demonstration Council will meet prior to the luncheon at 10:30 a. m. in the church fellowship hall.

## "Long Distance Is Calling..." Recipe for Christmas Loneliness

There's no feeling quite so lonely as being far from home at Christmas time, but a long distance call can do a lot to alleviate that loneliness.

This holds especially true for U.S. servicemen in Vietnam and this Christmas those long distance calls can be accomplished more easily than in years past.

Since last year, a half-dozen overseas telephone circuits have been added—making it possible for more servicemen to talk with their families in the United States this Christmas.

John F. McGowan, Manager for Southwestern Bell, said a total of 16 circuits are now available to Vietnam.

He pointed out, however, that due to the volume of calls generated by holiday calling, persons wishing to call servicemen in Vietnam should plan ahead for the rush.

"It is generally easier for a serviceman to call home than for his family to try reaching him in Vietnam," said Mr. McGowan. "This is because servicemen can call the U.S. from Saigon, Tan Son Nhut, Long Binh, Cam Ranh Bay, Nha Trang, Qui Nhon and Da Nang. Calls originating from the U.S. can be placed only to Saigon."

He added that it is more difficult to reach a serviceman in Saigon unless the caller knows the serviceman's unit, APO and telephone where he can be reached. "Although servicemen place calls from Vietnam on a first-come, first-served basis, it usually only takes a few minutes to reach the states once he gets access to a phone at one of the Vietnam telephone centers," Mr. McGowan said.

McGowan also reminded residents of the 14-hour time difference between the U.S. and Saigon. For example, when it is 11 a. m. on December 25 here, it is 1 a. m. on December 26 in Saigon.

"The one thing customers won't have to plan on is high-

er calling rates to Vietnam," he said. "With the prices increasing on almost everything, the cost of a call to Vietnam has stayed the same," he noted.

The first three minutes of a station-to-station call to Vietnam cost \$9, while a person-to-person call for the same time costs \$12. Additional minute rates for both kinds of calls are \$3, according to Mr. McGowan.
