

Marines Killed In Ambush Attack By 300 Chinese Reds

PEIPING, July 30 (AP)—Three hundred Chinese, some wearing the bluish green uniforms of communists, killed at least four US Marines and wounded 19 others with automatic weapons, rifles and grenades during a violent four-hour attack on a truck convoy of 100 Leathernecks, eyewitnesses related today.

Frees and West, both army men, were convoy passengers. Major Frees, a special service officer for Peiping headquarters, told the Associated Press: "If the marines had not reacted as efficiently and swiftly as they did, the convoy would have been taken in the first rush."

Mrs. B. Lamun To Head Local Women's Council

Election of officers was chief item of business at the regular fifth Monday meeting of the local Federated Council of Church Women when they met Monday afternoon in St. Mary's Episcopal church.

Mrs. Bernard Lamun was elected as president of the council for the coming year. Mrs. G. W. Dabney was named vice-president. Mrs. Frank Wilson will act as treasurer and Mrs. C. R. Donaldson will be secretary. Mrs. J. C. Lane was named as chairman of the welfare committee, and Mrs. Bernard Fisher was selected to head the program committee.

The meeting, presided over by Mrs. Sylvan Dalmont, was opened with repeating in unison of the Council creed, followed by the singing of "America." Mrs. Agnes V. Young gave the devotional and prayer, after which Mrs. Wiley Curry sang, accompanied by Mrs. M. H. Bennett.

Theme of the program was "The Changing World," and Rev. Charles Able, speaker, set the date for the real change of the world as Aug. 6, 1945. The speaker stated that the American philosophy as it now stands is a combination of Christianity with scientific and economic beliefs. As a result, he continued, Christianity is taken by too many as a matter of course.

"Christ was a radical," Rev. Able reminded, and added that Christians should be more radical, in order to keep from falling into uninspired worship. However, peace is the desire of all people of the world, the preacher declared, and in the present atomic age, ethics is the problem. Able struck out at parents, shaming them for their cowardice in not opposing their children's misconceptions on the basis that opposition would be a stifling of their freedom. As a result, he said, the vast number of crimes performed by 17-year-olds is the fault of the parents.

In concluding Rev. Able turned again to his theme that Christianity was too lightly taken and reminded that the crown Jesus wore to his death was not one of lilies, light, beautiful and sweet smelling, but one of thorns, pricking into His skull. His cross was not to be likened unto a neon sign, light and attracting the attention

of the people to its beauty and light, but was of heavy, splintery wood.

Mrs. F. O. Shuttars of Odessa, district president of FCCW, re-emphasized America's lack of understanding of the true Christianity, and reminded that in addition more than 72,000,000 of the inhabitants of this country are not Christian.

In speaking of the work of the Council she urged that the Big Spring council have representatives at the state and national council conferences this year. She told the women that there has been a division of the district and the present area now includes the Odessa, McCamey, Big Spring and Midland councils.

At the close of the meeting Mrs. Dalmont announced that the next meeting will be on September 30 at which installation of officers will be held. A committee to include Mrs. Bernard Fisher, Mrs. D. A. Koons and Mrs. W. A. Laswell, will be in charge of the program.

Present for the meeting were Mrs. Bernard Lamun, Mrs. W. A. Laswell, Mrs. M. H. Bennett, Mrs. J. D. Benson, Mrs. Shelby Hall, Mrs. Harry Lee, Mrs. W. G. Wilson, Jr., Mrs. P. Marion Simms, Mrs. J. T. Culpepper, Mrs. Joe M. Faucett, Mrs. W. R. Settles, Mrs. Lee Hanson, Mrs. Iva Huneycutt, Mrs. Frank B. Wilson.

Mrs. Harvey Lee Bass Complimented At Bridal Gift Tea In McClinton Home

Mrs. Harvey Lee Bass, the former Marie Bingham before her marriage on July 24, was complimented at a bridal gift party Monday evening in the home of Mrs. Allen McClinton with Mrs. R. B. Hood, Mrs. Mary Delbridge and Mrs. Bill Bonner as co-hostesses.

Guests were received by the hostesses, and registered in the white brocade satin bride's book by Mrs. Hood. The honoree was attired in a frock of white eyelet pique and wore a corsage of peach giddioli.

The house was decorated with arrangements of cut summer flowers. The table was laid with a lace cloth and centered with an arrangement of cut summer flowers, flanked on either side by green candles placed in crystal holders. All appointments were crystal, and the bride's chosen colors of yellow and green were carried out in refreshments. Mrs. Bonner and Mrs. S. M. Ginhm were at the refreshment table.

Approximately 50 guests were registered during the calling hours from 8 until 10 o'clock.

Arkansas Holds Primary Vote For State Posts

LITTLE ROCK, Ark., July 30. (AP) — Arkansas balloted today for governor and two other state officers in the second of four Democratic primaries in the state this summer.

Governor Ben Laney, seeking a second term, is opposed by former county judge J. M. Malone of Lonoke, and by Virgil Greene of Blytheville.

If none obtains an outright majority in today's preferential voting, the two high men will enter a second primary August 13.

Most observers predicted a light vote — some forecasts running as low as 150,000 ballots. Approximately 370,000 holders of poll tax receipts are eligible to vote.

State Senator Dean Roy Miliam of Harrison; Nathan Gordon of Morrilton, a World War Two Congressional Medal of Honor winner; and K. T. Sutton of Helena are seeking the lieutenant governorship to succeed J. L. Shaver, who did not seek renomination.

Rhode Elected Head Of Colorado Legion

COLORADO CITY, July 29. (Spl) — New post commander for the Pond-Hooker American Legion post, Colorado City, is Dr. Oscar E. Rhode, former major in the medical corps and veteran of many months service in the South Pacific during World War II. Dr. Rhode was elected Ken Eastin. Other officers succeeded at the recent business meeting here were Dr. W. B. Hays, first vice-commander, Homer Webb, second vice-commander, and Bernie Grable, third vice-commander.

Bruce Hart, Navy veteran of the recent war, will serve as post adjutant, Gus Chesney as finance officer. Chaplain for the post will be Rev. R. Y. Bradford who was a lieutenant-colonel in the chaplains corps until his recent discharge. The new sergeant-at-arms will be Roy Miller. Newby Pratt was chosen child welfare officer, and T. J. Goss Jr., as post service officer.

All the above named officers are veterans of the second World War. John Williams, World War I veteran, will serve as post historian. L. E. Gressett and August Armstrong were elected executive committeemen. All officers will be formally installed at the September meeting.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barentrate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

Mrs. Silveira Feted At Pink, Blue Gift Party Last Night

Mrs. Frank Morgan and Mrs. Leon Pearce were hostess Monday evening to a pink and blue shower honoring Mrs. Isadore Silveira, held in the Morgan home.

The house was decorated with bowls filled with sprays of crepe myrtle and fern. The table centerpiece included the crystal punch service was surrounded by fern queen's wreath and white sweet peas. The pink and blue color scheme was carried out in refreshments. Mrs. L. D. Jenkins presided at the punch service.

Mrs. Morgan greeted guests at the door, and Mrs. Pearce was at the guest register.

Attending were Mrs. Buddy Petty and Jeanette, Mrs. William J. Hefer, Mrs. O. A. Maynard, Mrs. Sam Hefer, Mrs. Raforrd Liles, Patsy Stalcup, Mrs. Henry James Covert, Mrs. Jim Zack, Mattie Jean Queen, Mrs. Jimmy Mason, Mrs. James Underwood, Mrs. Jim Freeman, Mrs. Roxie Dobbins, Marjorie Laswell, Edna Ellis, Mrs. Dwayne Leonard, Mrs. Jess Sanders, the honoree and hostesses.

Bowles' Political Chances Hinge On His Predicted Rise In Prices

By STEWART ALSOP
WASHINGTON — There is a curious sidelight to the fight of the Truman Administration to prevent really steep price rises. Truman is now reported to have decided to go all out against inflation, with the limited instru-

ments at his administration's command. If he succeeds against all the odds, or if he is successful at least for the next couple of months, his friend Chester Bowles, who was for so long the very symbol of price control, will have suffered a severe political setback. It is an odd commentary on American politics that the harbinger of Bowles' political future will rise, at least in the judgment of astute politicians, in direct ratio with the rise in the cost-of-living index.

That at least is the opinion of Senator Brien McMahon and of his friends in the portion of the Connecticut democratic political machine which McMahon controls. McMahon apparently holds the key to Bowles' immediate future. The Connecticut senator is a remarkable figure. He is a tough, hard-headed, likable politician, apparently in the precise tradition of the Irish-American machine boss. It is in his role of machine boss that McMahon becomes important to the future of the former price administrator.

The Nostalgia Vote
McMahon and his Connecticut political friends have made two decisions about Bowles. First, they will not support him for governor. The governor of Connecticut contrains a lot of political grudge, and the McMahon machine is reportedly nervous about the possibility of seeing the organization, with CIO backing, becoming in effect a Bowles organization. Second, the professional Connecticut democratic politicians have sized Bowles up as a good bet for the senatorship only if his most dire predictions come true, and prices rise really steeply. If that happens, McMahon and his friends believe, Bowles will be a sure thing with most Connecticut housewives. If the housewives find themselves paying a dollar a pound for butter, they will vote for Bowles out of sheer nostalgia. However, if butter and other commodities fail to rise much over June 30 levels, Bowles won't look too good. That, in a nutshell, is the reasoning of the Connecticut professionals.

If the democratic machine finally settles on Bowles for the senatorial nomination, and Bowles accepts (which is certainly doubtful) there is still a chance that his opponent might be Congresswoman Clare Boothe Luce. All amateurs of good politics fights should fervently hope so, as this would be one of the most fascinating contests in many years. However, the odds on such a fight seem considerably reduced. No one seems to know (possibly not even Mrs. Luce) whether she would accept the senatorial nomination if it were offered her. But word from Connecticut indicates that considerable opposition to giving her the chance of accepting or rejecting it is developing within the Connecticut republican party.

If it becomes apparent that Bowles will be the democratic nominee, the chances of Mrs. Luce's being offered the nomination will increase, although democratic leaders deny that the reverse is true. It is still possible that Bowles might attempt to fight it out for the governorship against the McMahon faction, with the backing of liberal and labor groups. The CIO is strong in Connecticut, a heavily industrial state, in which the farm vote (strongly anti-Bowles) is only 11

per cent. Even so, it seems most unlikely that Bowles could successfully buck the machine.

They Parted Friends
There is little doubt that Bowles, in common with a great many other people, has his eyes on the top job. For that purpose, neither the governorship nor the junior senatorship from a small state would seem a very satisfactory springboard. If he decides against running in Connecticut, however, or if the decision is made for him, he still has another string to his bow. Contrary to some reports, Bowles and President Truman parted the best of friends. There is no doubt that the relationship between the two men during the period of the Bowles-Snyder row could mildly be described as cool. However, on the occasion of their last meeting, Truman warmly congratulated Bowles on a hard job well done, and promised to support him for any office for which he cared to run. He also, it is reported, offered Bowles the social security cabinet post, if and when that post is created by congress.

Such a cabinet job might be a far more effective stepping stone to the top than any Connecticut elective position. At any rate, Bowles is not to be counted out. Like Franklin Roosevelt, he has the capacity of arousing both undying hatred in his enemies, and an astonishing loyalty among his

Only One Runoff In Borden County

Final results from Borden county indicate only one local run-off race. Out of a field of four, Hubert Walker, with 69 votes, and John Stephens with 51, were left to contest for county commissioner of precinct No. 1. Sid Reeder was re-elected sheriff, getting 275 votes to 147 for W. T. Long. Mrs. Jesse B. Patterson was winner in the county clerk's office with 266 votes to 160 for Mrs. Opal Stephens. Complete figures showed 298 for George Mahon for congress, 95 for Hop Halsey. Albert S. Maury received 190 votes for associate justice of the 11th court of civil appeals, and E. L. Miller received 127 votes. The seven hills upon which Rome was built are the Capitoline, Palentine, Aventine, Quirinal, Viminal, Esquiline and Casilium.

I sincerely thank each and every voter in Big Spring and Howard County for the nice vote you gave me in the Election as of the 27th of July.

I have enjoyed being your County Treasurer and shall continue to render the service that you so justly deserve.

Thank you again.

Livestock Badly In Need Of Rain

Howard county may part with much of its livestock by September unless the drought is broken. Farmers and ranchers in these areas keep vigil on the elements hoping that a "rainy spell" will move in and dampen the soil, the ranges and replenish the water tanks. The tanks and earthen dams, scores of which were built as long ago as 1934, have maintained varying levels of water despite the fact that some have not caught moisture in over two years. However, the arid weather that moved in to stay this year has served to tax the water resources to the limit and the supplies are gradually disappearing. One rancher has already sold his entire herd of cattle. If rain doesn't rescue his range soon, he'll dispose of his sheep next month. Most of the others are standing pat but a break will have to come soon, or they'll have no alternative but to turn to the market and get what they can out of their stock or ship them off to greener pastures.

Willson is returning the check — in another envelope — to Hartford. Virginia had the first glass works in America.

What Is Wrong When Prayer Fails?

Thirty years ago, in Forbidden Tibet, behind the highest mountains in the world, a young Englishman named Edwin J. Dingle found the answer to this question. A great mystic opened his eyes. A great change came over him. He realized the strange Power that Knowledge gives. That Power, he says, can transform the life of anyone. Questions, whatever they are, can be answered. The problems of health, death, poverty and wrong, can be solved. In his own case, he was brought back to splendid health. He acquired wealth, too, as well as worldwide professional recognition. Thirty years ago, he was sick as a man could be and live. Once his coffin was bought. Years of almost continuous tropical fevers, broken bones, near blindness, starvation and danger had made a human wreck of him, physically and mentally. He was about to be sent back to England to die, when a strange message came — "They are waiting for you in Tibet." He wants to tell the whole world what he learned there, under the guidance of the greatest mystic he ever encountered during his twenty-one years in the Far East. He wants everyone to experience the greater health and the Power, which there came to him. Within ten years, he was able to retire to this country with a fortune. He had been honored by fellowships in the World's leading geographical societies, for his work as a geographer. And today, 30 years later, he is still so athletic, capable of so much work, so young in appearance, it is hard to believe he has lived so long. As a first step in their progress toward the Power that Knowledge gives, Mr. Dingle wants to send to readers of this paper a 9,000-word treatise. He says the time has come for it to be released to the Western World, and offers to send it, free of cost or obligation, to sincere readers of this notice. For your free copy, address The Institute of Mentalphysics, 213 South Hobart Blvd., Dept. 480A, Los Angeles 4, Calif. Readers are urged to write promptly, as only a limited number of the free books have been printed. (adv.)

● Reddy Kilowatt is right — there is at least one item of household expense that is lower in price now than ever before — your electric service.

Various estimates have been made by expert economists as to just how much living costs have increased during the past few years. Some of these estimates run as high as 40% or more — substantial increases, to say the least.

Under present-day conditions, it is refreshing to note that your dependable electric service has actually DECREASED in cost — your low electric rates are down, lower than ever.

MAKE FULL USE OF YOUR ELECTRIC SERVICE — THE BIGGEST BARGAIN IN YOUR HOME

Your new, low electric rates mean that you can operate your electrical appliances at still lower cost, right at a time when the cost of living is going up.

Marshall MP's On Regular Duty, Connally Says

WASHINGTON, July 30 (AP) — Senator Tom Connally late yesterday quoted war department officials as saying that military police carrying on regular duties gave rise to the reports that federal troops were patrolling polling places in the Texas primary election last Saturday.

Connally added that unless there was some further report from Texas democratic party officials the matter is a closed incident.

The senator had protested to Secretary of War Patterson after receipt of a complaint from Myron G. Blalock, Texas national democratic committeeman, that soldiers were patrolling outside ballot boxes at Marshall.

Connally said that the war department's reply stated that two military police from Barksdale Field, Shreveport, La., regularly go to nearby Marshall each Saturday to look out for military personnel. Last Saturday, an unidentified national guard officer in Marshall called Barksdale Field and asked that extra MP's be sent because of the democratic primary.

An unidentified officer at Barksdale, Connally said, then took "unauthorized action" and dispatched six MP's to Marshall, and it is believed the unusual number gave rise to the belief that the polling places were being patrolled.

Livestock Slaughter Quota Unrestricted During July Period

The amount of livestock that may be slaughtered under Control Order Two is unrestricted for the July accounting period, M. Weaver, AAA supervisor, announced Monday following receipt of the order from the Office of Price Administration.

This action, effective immediately, permits unrestricted slaughtering of livestock by licensed Class Two slaughterers during the current accounting period which began on or before June 24. Announcement for the quotas for the succeeding accounting period will be made within the near future, Weaver said.

Slaughter quotas on federally inspected plants were lifted July 1, by action of the State Department of Agriculture. OPA said it had taken later action in order to permit non-federally-inspected plants to acquire and slaughter their proportionate share of the larger number of livestock currently moving to market.

Keichline Charged In Resort Slaying Of Former Major

LAS VEGAS, N. M., July 30. (AP) — Frank W. Keichline, 43, San Angelo, Tex., was held to district court trial here yesterday on a charge of murder in connection with the death of Percy Ralph Perry, 42, of Detroit, former San Angelo Army major.

Keichline's bond was set at \$5,000 for appearance at the December term.

Perry received fatal gunshot wounds last Wednesday when he, Keichline and Mrs. Keichline were at a mountain resort cabin near here.

"When Perry saw me enter the cabin," Keichline testified at a preliminary hearing yesterday, "he grabbed the gun and it went off."

The hearing was conducted by Justice of the Peace Luis E. Armijo.

Keichline also testified that he and his wife had been separated for about six weeks and that Mrs. Keichline had been visiting with relatives.

The Perrys, he said, had been close friends for several years, visiting the Keichline home at San Angelo five or six nights a week.

Mrs. Perry was in Detroit at the time of her husband's death.

Four Firemen Killed In Frisco Hotel Blaze

SAN FRANCISCO, July 30 (AP) — Fire which swept through a downtown hotel early today killed four firemen before it was brought under control in a three-hour battle by a large concentration of equipment and men.

About 240 guests were warned before the flames shot upward from the Herbert hotel basement, and all were reported to have escaped, most of them clad in night dress. Some were treated for smoke effects.

Acting Fire Chief Marlin Kearns through his office announced one fatality and that three others were missing in the raging blaze.

Charles Lynch, 29-year-old fireman, was dragged lacerated and unconscious from his post and died in an ambulance on the way to an emergency hospital.

Kearns said that at least 20 firemen were overcome by the smoke and that some of them required hospital treatment.

Cause of the blaze was undetermined, Kearns said, and because of the heat, fire-fighters were unable to reach the basement of the backstage bar, where the chief said the fire apparently started.

Kearns described the fire as the most difficult to subdue in San Francisco in the last 10 years.

Tel Aviv Placed Under Curfew

JERUSALEM, July 30 (AP) — British troops placed the 200,000 residents of the all-Jewish city of Tel Aviv under virtual house arrest at dawn today as they opened a prolonged and deliberate round-up aimed at finding the persons who bombed the King David hotel in Jerusalem last week.

The entire city was placed under a 22-hour-a-day curfew, with residents forbidden, under pain of being shot on sight, to leave their homes except during an authorized two-hour period for purchasing food and other supplies.

It if were possible, I would like to shake the hand of all who were for me and encouraged me during my campaign for Sheriff. But since this is impossible, I take this method to say "Thanks" in all sincerity. I extend my congratulations to Sheriff R. L. Wolf and pledge my support in the cause of law enforcement.

Two Costly Fires Break Out In Dallas, Several Injured

DALLAS, July 30. (AP) — Nine persons were injured, none seriously, as two spectacular fires, which the Dallas News estimated cost \$300,000, broke out here last night, accompanied by explosions.

All the injuries were suffered at the Strickland Transportation Company warehouse and loading docks, which were leveled. Destroyed were ten cross-country tandem trucks, and ten lighter, city delivery trucks, and huge quantities of merchandise.

Exploding gas tanks endangered firemen as well as employees and volunteers who attempted to save some of the trucks and their cargoes.

An estimated \$50,000 damage occurred when a brick shopping center was gutted. Seven stores were burned and others damaged. The two fires were reported within minutes of each other.

The trucking company is one of the largest truck concerns serving Dallas. It has routes to Wichita Falls, Amarillo, Houston, San Antonio, Fort Worth, Little Rock, Shreveport, Memphis and Oklahoma City. Twenty trucks were at the docks with half a million pounds of varied merchandise for the night runs.

Firemen attributed the Strickland blaze to a cigarette.

How About Changing Some Boxes?

The courthouse has long been a handy place for voting boxes, but the time has come, we believe, for a further placement of some of these boxes at other points.

It would not be fair to reach a decision on the basis of what happened Saturday, but the confusion on that day alone argues for the wisdom of making other arrangements.

For the past decade the facilities available at the courthouse have not been adequate for accommodating voters in a manner in keeping with the voting tradition. For one thing, there has been a growing demand for space on the part of public servants. This has led to the elimination of the county courtroom and partitioning of the space into two offices. Moreover, other spaces devoted to boxes have been apportioned out to office space so that at best it is unhandy to hold election in these places.

Even before these demands were manifest, it was not possible for voters to mark their ballots in comparative secrecy. That certainly has been true in recent elections, and Saturday it was necessary for voters in one box to receive their ballots in one room and sometime retire to an entirely different one to mark them. Even then, there was such

limited space that one voter could easily glance at the ticket another was marking. Perhaps no harm resulted, but it is annoying to many who already complain that the Texas ballot is not secret.

The remedy, as we see it, would be to move at least two boxes out of the courthouse.

While on this subject, attention also should be called to the need for a realignment of commissioner precinct lines within the city. The present lines are confusing if not complicated. Whether this accrues from an attempt to balance the voting population or whether, like Topsy, the system just grew, we cannot say; but we can see a need for a simplification of the lines. For practical purposes, all that the lines should indicate is a division for voting purposes.

With a realignment of precinct boundaries, it would be simple to transfer two big voting places. No. 2 might be moved to the fire station and No. 3 to the Red Cross headquarters, for example. Ultimately, if a sub-fire station is erected at 18th and Main, No. 3 might be split into another box and facilitate balloting. Continued growth would indicate a division for No. 2 with a box perhaps at South Ward school.

Washington Merry-Go-Round—Drew Pearson

Byrnes' Heart Set On Winning Peace

PARIS—One year ago, Jimmie Byrnes, newly appointed secretary of state, was one of the cockiest men in Washington. Bustling back and forth between the state department and the White House he gave the impression of complete confidence in his own ability to unravel the tangled state of the world.

Today, James F. Byrnes is a visibly older and wiser man. His air of cocksureness is gone. He is tired and his health is not too good. His gracious South Carolina charm is just as contagious as ever, but sometimes his buoyant spirit lags and it is easy to see that the past year has taken its toll on Jimmie Byrnes.

The past year has seen Jimmie take five grueling air trips to Europe, attend five crucial conferences on which depended the peace of the world. No wonder Jimmie is tired.

The past year has also seen Byrnes experience two slight tiffs with his boss in the White House and some extremely unpleasant rows with his old sparring partner, M. Molotov. Once they came nearer blows than ever leaked out to the papers.

It began all in fun. Byrnes was attending a diplomatic tea at the American embassy in Paris, was in jovial mood, and started to joke with Molotov by playfully wrestling with him. The Russian, also in good humor, at first pretended to spar back. Then Byrnes, by accident, slipped his hand in Molotov's inside breast pocket. The Soviet foreign minister stiffened with anger, grabbed Byrnes' hand. At first, it was embarrassing. Then Molotov, realizing it the more it demanded appeasement and that the chief thing Molotov understands is firmness.

Byrnes Grows in Stature

Not everyone in the Truman White House likes Jimmie Byrnes. Some of the president's friends are jealous of his rise to the chief of state. He has grown with the months. Despite his critics in Capitol Hill, Byrnes is running a far more efficient state department than his old friend, Cordell Hull, did. And his successes abroad must be measured not merely in achievements but in relation to the obstacles in his path.

It is true that Jimmie Byrnes has learned to be a good secretary of state at the expense of the nation. But it is also true that he has so far outstripped his predecessors in intelligent handling of foreign affairs that his lessons in diplomacy are a good investment. It is a pity they could not have started sooner.

Byrnes began at the London foreign ministers conference last September by being vigorously anti-Russian. Repeatedly he and Molotov were at odds. At one point when Byrnes proposed discussing the Dardanelles, Molotov countered:

"Now we will discuss the Panama Canal."

"That's none of your damn business," exploded the American secretary of state.

Not Thinking of Presidency

But despite that background, Jimmie Byrnes is not anti-Russian. Despite his vigorous tiffs with Molotov, those who have watched him on the inside know that he is severely anxious to cooperate. When he was war mobilizer, Byrnes brought down the ax on 72 heavy warships proposed by Adm. Ernest King for construction after the war. The only nation they could be aimed against was Russia, and Byrnes emphatically said they could not be built.

Later he aroused the resentment of US army-navy chiefs by ceding the Kurile Islands to Russia, though they had been captured by the USA. Byrnes, however, thought it would improve US-USSR relations if Russia got them.

But finally Byrnes concluded that the more he appeased Russia, the more it demanded appeasement and that the chief thing Molotov understands is firmness.

Way To Halt Obnoxious Practice

County commissioners have issued another warning against the dumping of trash and garbage on public roads and highways.

Unless it is for reasons of pure cussedness and laziness, we can not understand why people will resort to using rural roads and highways, as well as obscure streets and vacant lots in town, for dumping grounds. We

have no patience at all with those that resort to such a practice. The public can help put a stop to it in short order by taking the number of any vehicle from which trash is seen being disgorged at an improper place. Authorities should be called at once, and in the case of wagons, which obviously do not have numbers, authorities can follow up swiftly enough to make the catch.

Mirrors Of Austin—By Paul Bolton

Background On Paris Peace Meeting

WASHINGTON (AP) — Here is an ABC explanation of the peace conference which opened in Paris yesterday.

1. The conference is to help draw up peace treaties with these defeated Axis nations only: Italy, Finland, Bulgaria, Hungary, Romania.

2. The conference has nothing to do with Germany, Japan, or Austria. Austria will be handled later, separately. Peace settlements with Japan and Germany are far in the future.

3. Although 21 of the United Nations are taking part in the conference, the show is being run by only four—the United States, Britain, Russia, France.

4. The other 17 United Nations were invited to attend so they can make suggestions. That's all. This is what the peace treaties mean:

The loser nations, all of them, will have to pay in some way for their part in the war and the damage done. The Big Four can make them pay like this:

1. By taking territory away from them or changing their boundaries.
2. By making them pay damages to the victors, or some of

the victors, in the form of ships, money, equipment like machinery or in goods produced over a number of years.

3. By setting a limit on the size of the armaments and armed forces they can have hereafter.

This is the background:

When the war ended, the victor nations couldn't say to the losers: "All right. The war's over. Now you're back in the family of nations. Welcome home."

The loser nations had been wrecked or overrun by the United Nations. Their governments were gone. New governments had to be set up.

Their industry, farming and business had to be put in motion again. It was a big job but the longer the losers remained sick, crippled and dependent on the United Nations, the more of a burden they were.

Since those losers were going to have to pay for the war damage, the details of what they were going to have to pay had to be worked out.

So the foreign ministers of the Big Four met four times in all. They wrangled a great deal. For special reasons of their own, each of the Big Four wanted this or that done about the defeated nations.

Finally, the Big Four foreign ministers agreed on enough points about Italy, Finland, Bulgaria, Hungary and Romania to draw up what they call first drafts of treaties with those countries.

Those treaties will be laid before the conference of 21 United Nations. When the conference is over, the Big Four will consider the suggestions of the other 17, and then finish the final treaty drafts as they see fit.

The losers — Italy, Finland, Bulgaria, Hungary, Romania — may be allowed to express their views of the treaties at the conference. But the Big Four still will do as they please.

German Lanes Of Barter

GERMAN LANES . . . 2-36. NUERNBERG, Germany. (AP) — German highways today are lanes of barter and pilgrimage.

Farm wives and children stand by the roadside hawking produce, but they let you know at once that they are little interested in your Allied marks. Like their brethren in the bombed out cities, they are looking for a straight trade for such items as chocolate, soap, cigarettes, or wearing apparel.

It has been more than 14 months since the war ended, yet the roads are still walked by thousands of wayfarers with everything they have in the world on their backs. This backwash of battle will go on indefinitely, a restless tide of human misery fluctuating endlessly between the Allied zones, until Germany is put again into some kind of productive order by her conquerors.

Sprightly, among the bent figures that plod dully along the road shoulders, are a new war-created class — the painted ladies of the autobahns.

They are wayward young German girls who have modernized the world's oldest profession. Their beat, instead of a few city blocks, may stretch along a hundred miles of highway.

Their quarry are the soldier truck and jeep drivers.

These "Macadam Magdalenes" are regarded by Army authorities as one of their most serious problems in reducing venereal disease. Most are infected and they are difficult to catch.

German fields are heavy with harvest. Because of the shortage of farm equipment, whole families from young children to old grandmothers work together to reap the precious grains.

To scare away birds the fields are studded with scarecrows so delapidated they would stir a wise crow to apologetic caws of derision.

Program Restricted On Trial Insurance

No new commodities will be added to the trial insurance program in the immediate future, the Federal Crop Insurance Corporation has announced through the local AAA office.

Preparatory work was done a year ago on insurance for potatoes, citrus fruits, and peanuts. However, insurance plans on the five commodities for which insurance is already in effect are still being modified, and it is considered best to concentrate efforts on developing and perfecting a sound program on these commodities.

Neely Could Bring Home Bacon—

Rice, With Flock Of Lettermen Returning, May Be Team To Beat

DALLAS, July 30 (AP)—Drawing Jess Neely will be starting his seventh season as head coach of the Rice Owls in September. He was plucked from the Cotton Bowl in 1940 when the Clemson team beat his Boston College. Neely hasn't won a Southwest conference championship at Rice but he has produced some fine

teams—teams that invariably were as good or better than the best in the league in October and November. He did such a fine job Rice voided him a new contract before his old one expired. This may be the year when Neely brings home the bacon—the first title for Rice since 1927. At least, the critics say the Owls

have a great chance to come through. They rank Rice, Texas and A. & M. about on par.

There is justification for such rating. Rice, if all the fellows come back as expected, will have one of the greatest lines in the country. We hear a great end like Froggie Williams, Waco high's all-star of last fall, will have plenty of trouble breaking regularly into the line-up.

Reason: Rice will have Windell Williams, Ted Scruggs and Jack McBride. Windell Williams was the conference's best in 1942 and Scruggs, who played later, was as good as could be found. McBride was a stand-out last year. Weidon Humble, H. J. Nichols (all-America in 1944), Charles Malmberg and others who attained all-conference give Rice its brightest line prospects in history.

Jinx Tucker, Waco sports writer, says Temple is due to have its best team since 1941 when it went to the state schoolboy finals. He got his information, he reveals, from none other than Les Cranfill, the Temple coach of 1941 and through last season. Cranfill now is at Denton.

That's the most optimistic report we've ever heard of Les making about Temple. He certainly wouldn't talk that way to us when he was at Temple. If Temple is that good you can figure on the Wildcats being at least in the semi-finals next fall.

Abilene this year will put all its football into one basket.

Meaning all home games of Hardin-Simmons, McMurtry, Abilene Christian college and Abilene high school will be played in one central stadium instead of being scattered over town. The four schools got together on a project for enlarging the Fair Park stadium to 10,000 permanent seats and with temporary bleachers to be used when needed, can take care of approximately 13,000.

There will be 18 games at the stadium this fall over a period of 12 weeks. On six of the weekends there will be two games.

Veterans Romp On Lamesa, 14-7, With Aid Of Four Circuit Swats

ACKERLY, July 30—Breaking the barrier with three home runs in the first inning, the Veterans of Foreign Wars of Big Spring went on to maul Lamesa, 14-7, in a second round game of the Ackery Invitational softball tournament here Monday evening.

The win enabled the Vets to qualify for a game with the Stanton Independents tonight. Horace Bostick set a torrid batting pace for the Big Springers, hitting home runs in the first and second rounds. Johnny Burns and Tom Davis also connected for the circuit in the initial stanza.

Six Wood's troupe found enemy pitching fat and to their liking, collecting 15 assorted bingles as compared to seven for the opposition.

LOOKING 'EM OVER

With TOMMY HART Award limit for Texas high school athletes was raised recently from \$7.50 to \$10, which means that Our Town can pay a saw buck—and no more—for anything they pick in the way of a sweater, blanket or trophy for its prep lettermen.

It also means that, if the basketball players who make the intersectional trip into Kentucky and Ohio next December are going to wear the western regalia which the Mid-West press is more or less demanding, the boys are going to have to work for the money to buy the toggery. They can't be given the outfits outright.

If business men interested in the expedition—and who isn't within these precincts—can put the lads to work for a day or so in exchange for the duds or the collateral with which to buy same, school officials will appreciate it.

Coach John Malaise hopes to have the lads suited out in typical Texas garb—cowboy boots, plaid or fancy-cut shirts, native belts and corduroy or gabardine trousers. The old blue denim slacks won't do, according to reports, since every youngster in the Mid-West wears them, elumating the youngsters down here.

Johnny Daylong of the Big Spring Hardware softball club says his team has mis-placed the mask his catcher uses to catch his tricky slants and a crisis has developed. No one will risk going behind the disk and snagging John's pitches without noggins protection.

The Odessians open up with Lubbock on Sept. 13 at Lubbock, take on Hollis, Okla., Sept. 27 at Odessa, then tangle with Amarillo at Amarillo Oct. 11 after meeting two conference foes, Big Spring and Abilene.

Age rules in Oklahoma permit a lad to play high school athletics until he is 21 years of age. Thus the Hollis team can be expected to be hard to handle.

Lubbock and Amarillo are District 1AA standouts every year.

Sweetwater starts with another District 1AA stand-out—Pampa—in Sweetwater Sept. 20, then meets Brownwood at Sweetwater Sept. 27, Wichita Falls at Wichita Oct. 4 and Plainview in Plainview Oct. 18.

If the Mustangs conquer all those foes in addition to their league tests, they can lay claim

Cosden Refiners Roll On, Smother Fordmen, 13-6

Redcaps, Manhattan Also Record Wins In Monday's Tests

Led by hard-hitting Pat Stasey, who has finally seroed his sights on the ball, Cosden's Oilers continued their head-on charge for the second half Muny softball league crown by knocking over Big Spring Motor, 13-6, in a game played at Forsan Monday night.

The Cosdens were kept away from the plate until the third inning but spiked the plate 11 times that round to put the decision out of reach.

Stasey lacked a single of hitting for the cycle. His third inning round tripper gave L. D. Cunningham plenty of margin to work on.

Frank Barton lashed out a triple and Leonard Morgan came through with a couple of blows. The Motorists, who earned one victory by virtue of a forfeit from Dub's Garage, were playing without the services of Charley Teague, who was called to California because of an injury suffered by a member of the immediate family.

Forsan's Cosden Pipeliners scored four runs in the initial inning off Jimmy Daylong but Manhattan Club rallied in the third to go ahead and defeat Jack Keith's gang, 5-4, in the other game unrecruited at Forsan.

Lewis Heuvel, Bobby Asbury, Bobby Yarbro and Lefty McCabe tallied the Forsan runs.

Heavy Montgomery was the victim of the Manhattan uprising.

A three-run triple and a home run by Steve Baker enabled Doc Wilkinson's Redcaps to outdistance Johnny Daylong and the Big Spring Hardware Spartans, 8-5, in the only contest played here.

ABC and Coahoma's Standstill Oilers were originally booked to meet at the city park but their game was postponed until Thursday evening due to a mix-up in the schedule. The Thursday game will get underway promptly at 7:30, preceding another bout between the Spartans and the Redcaps.

Baker hit his triple down the first base line in the second stanza with Witt, Davidson and Greider aboard. His four-master came in the sixth.

Greider rattled out two hits in pitching the Scarlet Kellys to the win, giving up a single to Noel Hull in the second and a long triple to Clyde Wynans in the seventh.

Iverson Martin Enters Invitation Golf Tourney; Roden Moves Here

Pro Shirley Robbins of the Big Spring country club announced this morning that Iverson Martin, Fort Worth city champion and one of the finest amateur golfers in the state, would compete in the Labor Day Big Spring Invitation golf tournament.

Robbins said Martin would captain the "foreign" team in the Hall-Bennett trophy matches, which will be unrecruited on Aug. 30, the day preceding the qualifying round for the big show.

Martin's addition to the list of entries means that the most illustrious field in the history of the tournament will compete for the laurels, which were commandeered last year by Doug Jones of Abilene.

He'll probably represent the village in the cup matches along with such linksmen as Obie Eristow, Jimmy Moon, Bob Satterwhite, Bill Crook, Champ Rainwater and Sam Hefner.

Gaugers Return To League Wars

Teams in the Forsan Community softball league will pick up where they left off three weeks ago, with Lees facing Phillips at 7:30 o'clock and Cosden's Gaugers tangling with Continental at 9 p. m. in tonight's bill of fare.

Blacky Hines' Cosden troupe is yet unbeaten in circuit play and will be slightly favored to bowl over the Continental gang while Phillips should edge the Lees gang.

The schedule has been extended a week and will run through Sept. 3, it has been announced.

Rube Melton Due To Face Cardinals

Reiser's Home Run Enables Dodgers To Build Lead

By The Associated Press

Former St. Louis Cardinal player and graduate of their farm system have been responsible for a number of defeats suffered by the Red Birds this season and the aspirants for the National league pennant will run into some of their former mates when they open a crucial three-game series with the pace-setting Brooklyn Dodgers at Ebbets Field tonight.

Leo Durocher, manager of the Brooks and a member of the St. Louis famous 1934 "Gas House Gang," has nominated Rube Melton, who hurled in the Cards' chain system to start for the Dodgers.

Pilot Eddie Dyer of the Cards, who train the Dodgers by two-and-one-half games, has selected southpaw Howie Pollet, who holds three straight victories over the Brooks, to oppose Melton.

Brooklyn's Pistol Pete Reiser, another ex-St. Louis farmhand, and who since has been a fixture in Durocher's outfield, figured prominently in the victory scored by the leaders over Cincinnati yesterday.

Reiser smacked an inside-the-park three-run homer in the fifth inning to overcome a 3-1 Cincinnati lead, and the Dodgers went on to win 7-3.

Pitcher Mort Cooper and outfielder Carden Gillenwater, former Cardinals now performing with the Boston Braves, played important roles in the Braves' 2-1 win over the mound city aggregation under the lights at Boston.

Chicago's third place Cubs nosed out the New York Giants, 5-4, in 11 innings.

In the American league, the New York Yankees fell 11 1-2 games back of the idle Boston Red Sox by losing in 12 innings to the Chicago White Sox, 4-3.

The Washington Senators trimmed the Cleveland Indians in a double header, taking the opener 2-1 in ten innings and the nightcap, 3-4.

Detroit's third place Tigers climbed to within two games of the Yanks as Freddie Hutchinson scattered seven hits in beating the Philadelphia Athletics, 4-1.

The Pittsburgh Pirates, Philadelphia Phillies and the St. Louis Browns, along with the Red Sox, were not scheduled.

Tigers Outscore San Angelo Team

Fresh from a 14-10 triumph over San Angelo's Greyhounds here Sunday, the Tigers will take on Colorado City this weekend, Manager Elias Gamboa has announced. Gamboa combined with "Cha" Mendoza to pace his teammates to a victory. He homered in the second with two mates aboard while Mendoza held the visitors at bay with nine safeties and 10 strikeouts. The Greyhounds were held scoreless until the sixth when Angelo counted twice and continued their scoring ways in the seventh and eighth frames, adding eight more.

In Hollywood— Bogey Thinks He Outboogies The New Powell

By HOWARD C. HEYN HOLLYWOOD, (P)—Humphrey Bogart is a bogier boogie-man than Dick Powell. That's what Bogey thinks, anyway. I caught the yachtsman-actor watching Dick Powell at work in "Johnny O'Clock." Powell, simulating a deep abdominal wound, was holding a covey of cops with a smoking pistol. The old maestro viewed the proceedings deadpan for a few minutes, and then said: "The new Powell is just the old Bogart." Bogie, in HIS picture, "Dead Reckoning," keeps the law at bay while the room burns up around them. "I stand there nerveless, fire all around me, until they crack," he said ominously. When we left the set Bogey admitted that even HE doesn't enjoy working in these hard-boiled roles. "But it's not because I dislike being a tough guy," he amended quickly. "I just don't like working at all. I'm the laziest man alive. I just do this for a miserable fortune." A rare smile curled his upper lip, then he growled again: "Say," he demanded, "when do you suppose taxes are going to come down?" In Bogart's case, that's considerably more than the \$64 question.

Colorado Rodeo Plans Shape Up

COLORADO CITY, July 29. (Sp)—Colorado City's 1946 Frontier Roundup, Mitchell County's annual rodeo, will again be staged this year by Earl and Jack Sellers of Del Rio, professional rodeo directors who in 1945 put on the first "pro" caliber show here, according to announcement made by Pat Bullock, president of the Roundup directors. Dates for the western event have been set for Sept. 4, 5, 6, and 7, with all shows to be night performances. Work on the grounds and stands has begun under supervision of Brunson Gregory, grounds chairman, and Bob May, May will also direct the parade which will signal the opening of the 1946 Frontier festivities. Leonard Henderson has been named head of decorations; Mack Gideon will be in charge of lighting; Clay Smith will be in charge of concessions; and sponsors will be entertainment by a committee composed of Mrs. Frank Kellett, Mrs. A. L. McSpadden, and Mrs. Pete Ainsworth. John R. Baze is publicity chairman. This week the Mitchell County Pioneer Association will hold its first meeting of the season to plan their annual reunion and program. Members hold a yearly party and program as part of the Roundup celebration.

Lady Nearly Choked While Lying In Bed—Due To Stomach Gas

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got INNER-AID and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly. INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring. (adv.)

S. C. Hunter Dies In Local Hospital

Stafford Cecil Hunter, 44, who resided at 703 Abrams street, died at 3:30 p. m. Monday in a local hospital.

Born in Ashdown, Ark., he had made his home in Big Spring for the past eight years. He had been in failing health for four or five years, but his condition became serious only a few days ago.

Survivors include two sisters, Mrs. J. A. Drake and Mrs. H. D. Drake, both of Big Spring, an uncle, Joe Gill and an aunt, Maggie Hunter, both of Texarkana.

Final arrangements for the funeral, which will be held in the Nalley chapel, are pending arrival of an aunt who has been visiting in New York City.

Rotarians Honor Wives At Lunch

A large crowd attended a special "Ladies Day" luncheon held by the Big Spring Rotary club at noon Tuesday in the Settles hotel.

Wives of most Rotarians were present, and Dr. P. D. O'Brien made a brief welcoming address. Mrs. Charlie White urged that an organization for Rotary wives be formed in giving the response.

Entertainment was furnished by Harry Echols, pianist from Coahoma, who played "Till the End of Time," "I'm Forever Chasing Rainbows," and an unnamed composition of his own.

One hundred percent attendance pins, one for 10 years, one for four years, one for three years and seven for one year, were distributed by the club secretary.

DOE IN LINEUP WITH LAMESANS

LAMESA, July 30 (Sp)—Robert "Huck" Doe, short stop from Big Spring, will be among the boys who will represent Lamesa in the state American Legion Junior Baseball tournament, which opens in Austin Thursday and continues through the following Monday.

The Lamesans, who won the right to play in the Texas finals by beating El Paso here Sunday, 8-1, leave Wednesday for Austin.

Competitors for the state crown along with the Dawson county crew are Polytchnic of Fort Worth, Longview and San Jacinto of Houston.

Poly eliminated Sulphur Springs in two impressive victories for the Division Two crown. Longview claimed Division Three title after two consecutive triumphs over Brownwood. Houston won Division Four laurels with victories over Austin, Laredo and Beaumont.

The tournament will be a double elimination meeting, with all games played at night except Sunday, when afternoon contests are scheduled.

Huck Doe, Big Spring's gift to the Lamesa team, collected a single blow in three official trips to the plate as Lamesa tromped El Paso Sunday by an 8-1 score.

The bingle drove in a brace of runs. In addition, he scored once.

Conferees Agree On Terminal Pay Bill

WASHINGTON, July 30 (AP)—House and Senate conferees reached agreement today on a GI terminal leave pay bill providing for the use of bonds to settle the bulk of veterans' claims. Action in both houses alter today was forecast.

The compromise calls for payment of most of the estimated \$2,400,000,000 leave pay in non-negotiable, five-year bonds. These, however, would be accepted immediately for the conversion of war risk insurance to permanent policies under the National Service Life Insurance Plan, and for the payment of premiums under that plan.

Panthers Rally To Repel Buffs

By the Associated Press

A five-run eighth inning scoring spree enabled the Fort Worth Cats to defeat the Licuiston Buffs last night, 9-6, and maintain their three-game lead over the second place San Antonio Missions who turned back Dallas, 1-0.

At Tulsa, the Beaumont Exporters trimmed the Oilers' fourth spot advantage to three games by winning, 3-2, after nailing two late Tulsa rally threats.

The Shreveport Sports jumped on the Oklahoma City Indians twice, taking an abbreviated first game, 3-1, and then scoring late to take the second, 6-2.

Before the Cats counted their five runs in the eighth, Houston had pushed across three scores in their half of the inning to tie the game, 4-4. The Buffs tried again in the ninth with an uprising that produced two runs and required pitcher Al Zachary's services to make secure John Van Cuyk's 12th victory of the season.

Dallas and San Antonio battled for seven scoreless innings before outfielder Pete Kraus of the Missions slammed a two-bagger into right-centerfield and scored a moment later as Ray Coleman lined a single into left field.

Hurlers Charles Eisenmann and Felix Penso limited the Exporters to only three hits but Tulsa could not find a scoring punch to develop the late inning threats after Beaumont had taken a 3-1 lead in the sixth.

In the first game of the Oklahoma City doubleheader, Shreveport's Bill Reeder survived an Indian ninth inning uprising as he hurled a five-hit game, allowing but one man to reach second until Oklahoma City broke out with a two-hit, one-run seventh inning.

The Sports gathered four runs on four hits and a walk in the ninth to break a 2-2 tie and take the second game.

Oilers Shellacked By Texarkana, 11-3

By the Associated Press

First place Henderson took a sound defeat from third place Texarkana while Tyler, in second position, split a twin bill with fourth place Paris last night as the leaders of the East Texas league turned their power against each other.

The Oilers lost to Texarkana's Bears, 11-3. Paris took the first game against Tyler, 4-3, but dropped the second in track meet fashion, 5-20.

In other games, Lufkin won over the Sherman twins, 6-5, and Jacksonville defeated Greenville, 15-3.

First baseman Hal Van Pelt hit a home run with the bases loaded in the sixth to lead the Bears attack against the league leaders.

Two home runs, by Drake and Snyder, were not enough to pull Sherman out of the hole once Lufkin had staged a three-run rally in the third inning. Both teams registered 12 hits.

Tommy Reed and Vernon Rupp of the Jax hit homers to add to the scoring spree against Greenville.

George Bernard Shaw had only five years of formal schooling.
