Summer Fun In Sun, Water Gets Underway in Eastland

Y Camp, City-Rec, Diving, Swim Lessons on Agenda

Summer fun is in full swing for Eastland area youngsters, and with the temperatures hovering nearer and nearer the 100 degree mark, cooling water sports dominate the recreation programs.

Almost as in answer to the recent Chamber of Commerce Survey which showed that

young people want "more things to do", several new programs are being launched. One is a basic swimming lesson program and another is a SCUBA diving course.

Expected to attract hundreds of youngsters to City Park Hill Monday is the YMCA Summer Day Camp, which begins Monday for those ages six through 12. Director Mrs. Barbara Newberry registered participants Friday.

The Y Camp will offer swimming, crafts, hikes, archery, baseball, cheerleading and other activities. The fee is \$10 per youngster.

Also beginning Monday is the City Recreation Program under the direction of Coach Shirley Frazier. This is for youngsters 11 years of age and above. Registration will be Monday at the City Park. This program includes ping pong, shuffleboard, weightlifting, baseball, track and gymnastic skills. The program is free.

Baseball is still a major attraction, with Little League play nearing the end of its regular run here, with All-Star action to begin soon. Pony League play is just getting underway and will continue through the summer months.

SCUBA DIVING

Jimmy Kendrick and Jerry Stephens, directors of the SCUBA diving course in cooperation with the YMCA, announced that registration will end Monday evening for the course. Approximately a dozen are signed up for the special training.

GEORGE VAN LINES

Jim George and wife, Rachel moved here in 1963 and opened the local and long distant moving and storage service which is located at 304 West Commerce Street. Employees are Bill Kliener, truck foreman, and Jimmy Jesse. Mrs. George maintains the office.

Mr. George is in the process of purchasing a statewide permit which will enable them to expand their moving operations and establish branch office and warehouse.

At present they are planning to build or buy and install modern storage facilities with warehouse. Each individual shipment will be wrapped and stored in large storage containers, which in the moving industry, are called pallet vaults.

They are agents for Atlas Van Lines, Inc. which is one of the largest nation wide movers of today. The George

PIONEERS TO MEET

The Pioneer Club's noon luncheon will be held Thursday, June 20, at the Lake Leon Cabin of Mrs. Sallie Garrett.

Plans are to meet at the City Park Pool on Mondays, Tuesdays and Thursdays from 7:30 to 10 p. m. for classes, Kendrick said, so that most can be qualified by July 1, when many will be leaving on vacations with their parents.

Parents and visitors are welcome to observe the classes in the relatively new sport. Signed up so far are: Eugene Kitchens, Steve Lund, Bill Weems, Mike O'Dell, Steve Key, Randy Boles, Bob Day, Jimmy Nelson of Cisco, Jimmy Wright, Joyce Kendricks, and Cheryl Stephens.

The program is for 14 year olds and older, girls and boys, Kendrick said. Fee is \$15.

Three of the city's churches closed Vacation Bible Schools this past week, so the beginning of the new programs is well timed, it was said here.

SWIMMING LESSONS

Approximately 40 youngsters are expected to sign up for the basic swimming lessons, Coach Frazier said. Sign up will be Monday at 9 a. m. at the City Park Pool. Fee is \$2 per child, and only age requirements, according to Frazier, is that the youngster be able to stand up in the shallow end of the big pool at the Park.

The swimming lessons will provide a badly needed service in the city and the inquiries have been numerous in regard to such a program. The Coach is employed by the City to provide a summer recreation program which includes keeping the gyms open for the youngsters to work out in with supervision, and he recognized the need for swimming lessons, and in cooperation with the City and the Pool, will offer them for the first time in quite a while here.

A native of Gainesville, Mr. Yeakley attended North Texas State Teacher's College and graduated from Abilene Christian College. He says, "My high school aptitude tests showed that I was better adapted for teaching than for the ministry. Mrs. Yeakley was born in Nashville, Tenn., and moved to Texas when she was 13 years old. She was also a student at NTSTC when she met Mr. Yeakley and says, "I promptly abandoned hopes for a career as a teacher in favor of being a wife and mother."

Mr. Yeakley said, "We invite everyone to visit us and to attend services at the church anytime they can." The Yeakleys will announce an open house later.

The Yeakleys moved here from Springtown, where they had lived for two years. Two IH-20 Projects Seen In Area Soon With 1970 Finish Expected

Two contracts are expected to be let on Interstate 20 (Highway 80) in Eastland County within a few months to assure completion of the super road across the county

by 1970, according to word from the Brownwood District office of the State Highway Department.

Plans call for the contracts to be let between Cisco and a

point one mile west of Eastland where much of the roadbed has been prepared in contracts during the past two years, the report said.

Contract already has been

let for IH 20 work in Eastland County from the east county line to near Ranger. A short distance of the present Highway 80 between the east edge of Eastland to approximately the west city limits of Ranger will be utilized in the super highway and it will be the last stretch to be modernized.

The two projects are expected to require about two years to complete and to cost several million dollars because twin bridges (each about 800 feet long) will have to be built across the Leon River as part of the work now on the planning boards.

Since one phase of the work on IH 20 from Cisco to 0.6 mile east of SH 6 will have been completed by the time the State Highway Department is ready to let new contracts on IH 20 in Eastland County, the Brownwood district office plans to ask for a completion of the work in one project and at the same time ask for a turn-key project on the sector from SH 6 to a point east of Eastland.

In the meantime, Ruby International, Inc. and W. D. York are at work on a project on IH 20 that extends 5.705 miles from a point 0.8 miles southwest of Ranger to a point 1.5 miles east of Ranger. That project is the freeway that goes to the south of the City of Ranger and which will be completed long before the freeway around Eastland, and the stretch of highway between Cisco and Ranger, are completed.

This Is News: It Didn't Rain

Rain amounting to .20 of an inch fell in Eastland on Saturday.

For the first time this year, Eastland has gone a full week without measurable rain, according to the weatherman here.

Weekly reports are mailed to the State Weather Bureau by Observer James Dabney, and the report for the week just ended carried the first notion of "None" under the precipitation column.

Temperatures were up, up and away, but perhaps not as high as might have been guessed. A 96 on Wednesday was high for the week.

FULLEN MOTOR Co. LAUGH-A-DAY

A teacher making a trip with a group of children stopped for lunch at a restaurant where one youngster noticed a slot machine and asked what it was. She launched into a lecture on the evils of gambling. To emphasize the futility of trying to get something for nothing, she said she'd show them what she meant. She marched up to the machine, put in a nickel, pulled the handle, and hit the jackpot.

Ann Boney and George Simms, both of Eastland, will attend Texas Farm Bureau Citizenship Seminar at Baylor University.

**Sgt. Lane With
Baseball Team
At Japan Base**

S-Sgt. Ernest Truman Lane, son of Mr. and Mrs. Roy I. Lane of Eastland, is pitching for the 6348th Softball Team at Hakata, Japan.

Lane, who has been in the Air Force for a number of years, served as Air Policeman at both Carswell and Dyess before going to Japan more than three years ago. He is expected home this November.

Articles in the Air Force paper said, "Last year's champs, Trk 3, open the season Tuesday night against 6348th. The champs think they will go a long way, but we expect Truman Lane to present a good argument against that hypothesis."

Following the game, the paper said, "On Tuesday, 6348th won 3-2 over Trk 3. Truman Lane struck out 15 batters in this game, pitching for 6348th."

A special article printed June 6, was headlined "Lane No Hitter... It said, "There is no doubt; the hottest property in the Hakata Softball circuit is Truman Lane, the fireballing pitcher of the 6348th. May 29, Lane threw a one-hitter at C FLT in winning 14-4 and in his next outing on June 3, he fired a no-hitter against A FLT, winning 7-1."

The 6348th, Lane's team, has five won, no games lost as of June 5.
