Diana Casey and David Hazard Are United in Marriage on July 19th

Marriage vows uniting Diana Lee Casey, daughter of Mr. and Mrs. W. T. Casey and David Earl Hazard, son of Mr. and Mrs. O. E. Hazard of Eastland, were recited at 8 p. m. Friday, July 19 in the home of the bride's parents.

The Rev. Jack Walker read the double-ring ceremony. Maid of honor was Bettie McKelvin; bridesmaid was Elvera Renteria. Best man was Weldon Hazard, brother of the bridegroom.

Presented in marriage by her father, the bride wore a sheath frock of white lace with white accessories. A pearl necklace was her only jewelry. She carried white carnations on a white Bible.

Miss McKelvin was wearing a pink sheer dress; Miss Renteria, a blue sheer; both complimented with corsages of white carnations.

Reception followed the ceremony. The bride's table was laid with a white cloth and centered with a beautifully decorated two-tiered cake. Appointments were china and silver. Members of the wedding party served cake and fruit punch to approximately 40 guests.

Former Student Named "Woman Of The Year"

Selma Rae Henry, former student of Ranger High School, has been named "Woman of the Year" in Monahans by the American Business Woman's Association of that city. Miss Henry is librarian of the Ward County Library.

The nomination qualifies her to compete for the national title "American Business Woman of the Year". The winner will be announced at the association's national convention in Jacksonville, Fla., Oct. 18-20.

Miss Henry was cited for her 20 years service in library development in West Texas. In 1961, she was named "Handicapped American of the Year" and received a Presidential Citation.

Miss Williamson And Mr. Coplen To Wed Aug. 24

Mr. and Mrs. Lee J. Williamson of Olden announce the engagement and approaching marriage of their daughter, Pamela, to John Ed Coplen, son of Mr. and Mrs. J. M. Coplen of Eastland.

The wedding will be in the Olden Baptist Church Aug. 24, at six o'clock p. m. Miss Williamson is a 1968 graduate of Olden High School. Her fiancé, John Ed Coplen, is a graduate of Eastland High School and Cisco Junior College. They both plan to enter Sam Houston State in Huntsville this fall.

The wedding reception will be held in the home of Mr. and Mrs. Lee Williamson, grandparents of the bride-elect. Relatives and friends of the couple are invited.

Mrs. Kenneth Watson of Eastland, sister-in-law of the future groom, registered guests in the white bride's book. Each wore a corsage of pink carnations.

An arrangement of pink roses and white wedding bells accented with silver was placed near the bride's book.

The table was laid with off-white lace over deep pink and centered with an arrangement of pale pink flowers and greenery. Napkins were printed "Connie and Richard" in silver beneath a silver bride and groom. Cake squares frosted white and decorated with flowers in shades of pink, deep pink punch, nuts and mints were served.

Look into a Chevrolet pickup

See more truck for the money!

Start with the Chevy pickup's frame. If the gauge of the steel seems extra heavy—it is. To make it truck-tough. And notice the solid, light double walls of the cab.

Next: take a look at the truck-designed coil springs at all four wheels. A Chevrolet exclusive. And the independent front suspension for a ride that's just like a car's.

See how the fender liners are smooth as soup bowls inside. Road splash and dirt run right out.

And check the engine compartment. Power plants go all the way up to 310 horsepower. And Six or V8, they all use regular gas.

Pickups built this strong ought to be looked into. Your Chevrolet dealer's the man to see—today.

Junior College Grid Picture Given In New Football Book

Dave Campbell's popular 1968 edition of TEXAS FOOTBALL says this of Texas Junior College teams:

Over the past three seasons, Henderson County has lost just enough games (four) to appreciate the delightful sensation of winning—28 times. And even with the high rate of turnover among junior college players, the Cardinals still don't appear ready to relinquish their championship perch. "We have as good — or better — chance to win the championship as any other team," admits coach Bob Bacarini.

HENDERSON COUNTY, just as last year has no proven-out QB in sight, but a look at some of the other football folks in camp provides an impressive nucleus. Among 5 offensive and 5 defensive regulars from an 8-2 are All America nose guard Ricky Gunnels (220), defensive tackle Tom Newton (220) and offensive tackle Ed Fusick (245). And the running game could be overwhelming with such names as halfbacks John Monk and Louis Scott Split end Steve Chatman, guard James Jenkins, tackle Danny Lewis and linebacker James Marcus (225) are other solid talents.

CISCO was a dandy second year, hewing out a 7-2-1 record, and now it returns Texas' highest scoring backfield intact. Alas, it also is shopping for defensive linemen. Halfbacks Calvin Hinderman and Clarence Jackson, QB Ronnie Bell and fullback Jim Frazier (215) are unadulterated class, as is offensive guard Gary Swan (225). But halfbacks A. D. Burton and Joe Eggins and linebacker Lennie Givens are the only defensive veterans.

KILGORE made 1967 a sort of building year, producing a 5-5 with a freshman-studded assemblage. Now 10 offensive and 5 defensive veterans return, including people of all-star potential in guard Allen Wilkenfeld (201), tackle Glenn Tucker (226), end Jimmy Malone and defensive back Jackie Miller. Charles Austin, a broken field wizard, is the offensive hub, with QB Wes Skeseters, fullback David Crow and wingback Danny Dorsey lending scoring class. Jim Sartain, Pat Murphy, Bill Snider, Jerry Gibson and Jimmy Kempf are other tested linemen.

TYLER managed a 7-4 year ago but all the losses were in league competition. With fine line potential and good QB

prospects among the 6 offensive and 6 defensive returnees, circuit rivals should be on guard for the Apaches this time around. Three QB possibilities are Mike Keveryn, Gay Ramm and Rick Nabors, who is also a class defensive back; tackle Steve McCoy (240), guards George Leigh-Page (225) and Ronnie Smith, and centers Sid Goff (235) and John Jackson (250) are the line behemoths. Glenn Seeton and Raymond Fontenot, one of the leagues top linebackers last year, are the top running backs.

BLINN will have 18 lettermen (8 offensive and 7 defensive starters) from a 4-4-1, plus an outstanding freshman fullback in Earl Marion (212). So the team could be a fine one. Halfbacks Josh Ashton (205) and Carl Hayes provide more offensive punch behind QB Allan Smith and a fine linebacking corps is present in Glenn Tegeler (215), Robert Young, Desj Elizondo and Charles Wilson. Fine line names include George Pachucka (240), Steve Burleson (230), Darryl Craft (225) and tackle Russell Harry (6-6, 250) who is gifted with fine agility.

WHARTON got a 3-7 initiation for a young team last year, now returns 20 lettermen, (8 offensive and 10 defensive regulars) and counts all that experience, plus overall size, as hopeful factors. Linebacker Ronnie Herman (230) is class in any league, and he has a fine running mate in Mike Yanowski (225).

Tornado Preparedness Plan Now Under Development

AUSTIN — C. O. Layne, State Coordinator of Defense and Disaster Relief for the Texas Department of Public Safety, announced today that the Weather Bureau and the State of Texas have jointly initiated a program of improved public preparedness against tornadoes.

The action is part of a major or national program designed

Halfbacks Clifford Branch and Scooter Corson own fine speed, while end Mike Parrott figures to balance the offense. Line men Willie Parker, Bill Hinkle, Wylie Frazer, Rocky Zierlein and Jimmie Franklin are other solid hands.

NAVARRO grades its passing, kicking and defense as improved over last year's 5-5 record but has reservations about its running game. Among 6 offensive and 7 defensive veterans, tackles Greg Abernathy (220) and Tom Measeles (220), guard Ronnie Hudson (230) and ends Jim Stewart and David Angie are the line standouts. Fullback Tom Burriss (208), halfback Steve Williams and wingback Dennis Watts (205) head up the backfield. Billy Mike Smith and Rusty Cogdell are the top QB prospects.

RANGER sustained an 0-10 season a year ago, but coach Ken Pair, elevated from an assistant's post, feels a legacy of 6 offensive and 8 defensive returnees can spell progress. Individual players of all-star status appear to be sophomore halfback Bill Cherry and offensive guard Bob Thacker.

to reduce the toll taken by tornadoes, considered by the Weather Bureau to be the most vicious of all natural hazards.

Last year was the worst in recorded history for tornado incidence in the United States. There were 912 tornadoes reported, causing 116 deaths, approximately 2,000 injuries and untold millions of dollars in damage.

A new tornado preparedness plan for community protection has been developed by the Weather Bureau, and is expected to be placed in operation during the next few years at all locations subject to tornadoes and severe thunderstorms.

"Vigorous programs of community action have been shown to increase substantially the degree of protection possible against the effects of tornadoes," Layne said. "In such programs, the Weather Bureau, Department of Public Safety, news media, and local officials all play major roles," he added.

A recent example of the benefits of community preparedness was exhibited in the Miami, Texas tornado of May 6. By the coordinated actions of the Weather Bureau, DPS, local television and radio stations, and local agencies and citizens, effective warning was given the city. The warning was then acted upon by local officials knowledgeable in tornado safety precautions and was directly attributable to the saving of lives.

A recent effort of the Weather Bureau program to keep the nation as safe as possible from tornadoes was the production of the film "TORNADO." This film has been viewed by millions, and is currently one of the most popular films in the libraries of the DPS and Weather Bureau.

"Additional meetings with city and community officials, state and local law officers, disaster agencies, and others will be held throughout the state in the future to work out the details necessary for the best possible protection of life and property," Layne said.

Large Crowd Attends FB Building Opening

More than 300 people attended the official Open House Sunday afternoon at the new headquarters of the Eastland County Farm Bureau.

The building, which has 1,600 square feet of office space, was built to provide office space for the Bureau, a community meeting room which is available free to county civic or farm groups, and additional office space which is leased to Federal Land Bank and M. L. Terrell Real Estate. A third office is available.

The Bureau has 753 members. Jack Cozart of Cisco is president of the Board of Directors. Ray Norris of Eastland, secretary-treasurer of the Board, was chairman of the building committee. Buddy Aaron is manager of the Bureau.

Reception arrangements were handled by Mr. and Mrs. Henry Fry of Cisco. He is a

past president of the Bureau. Mrs. Ann Justice, office secretary, registered guest.

Coffee, punch and cookies were served, and gifts were presented to guests.

The Bureau plans to build a picnic area, complete with bar-b-que pit and tables, in an oak grove behind the building. The annual Bureau picnic, which will be held Aug. 9 in Eastland City Park, will be held at the headquarters building in future years, Cozart said.

**Tuckers Enjoy
Vacation Visit
To North Dakota**

(Editor's note: The Telegram invites each of you to share your vacation with our readers. This is the report of Mr. and Mrs. E. T. Tucker.)

June 18, our son and his wife, Mr. and Mrs. Freddie Tucker, who teach school in Columbus, Georgia, came to our home to visit a week. June 26, we accompanied them to Mekeoek, N. D., to the home of our son, Mr. and Mrs. Walter Tucker. Freddie and his wife went from there to Poughkeepsie, N. Y., where he will attend school for six weeks.

Walter, his wife, and his step-son and wife, Mr. and Mrs. Dennis McKannon, brought us home to Eastland and went on to San Antonio to see HemisFair and to Houston to visit Mr. and Mrs. Walter Tucker Jr. and son. Sunday, the Walter Tuckers, the McKannons, the Jack Tuckers of Mineral Wells, the Pete Tuckers of Eastland, and our daughter of Throckmorton all ate lunch with us. Monday, Walter and his family returned to North Dakota.

Farm Bureau works for agriculture through:

- PUBLIC AFFAIRS**—effective representation at the county courthouse, in Austin and in Washington.
- MARKETING**—developing new markets overseas—cattle and poultry marketing programs underway at home.
- FAMILY SERVICES**—complete insurance protection, prepaid medical care, tire and battery program, plus personal services at the county level.
- EDUCATION**—citizenship seminars for young people, information meetings and publications for members.
