### 4-H Camp Is Ended Friday With Awards

Approximately 100 boys and eight adult leaders from four West Central Texas counties completed the 30th annual 4-H Club Encampment at Lake Cisco Park Friday afternoon.

County Agent DeMarquis Gordon of Eastland County, who directed arrangements for the two-day event, described the camp as outstanding from the standpoints of program and attendance. The event opened Thursday and included swimming and athletic contests as well as a formal program featuring safety topics.

John Huffmyer, Cisco pharmacist, spoke to the group Thursday night, emphasizing the importance of care in the use of medicines. He suggested that a good rule was to avoid any remedies not recommended or prescribed by a doctor.

County agents in attendance and helping with the program were Ralph Lindsey, Palo Pinto County; Gregg Greengross, Callahan; Floyd Key, Comanche; and Gordon and Assistant Jim Wells, Eastland. Each of the four counties had delegations of boys and leaders in attendance.

Mr. and Mrs. Floyd McBee of the Mangum Community of Eastland County were on hand for their 28th consecutive camp to serve as the chefs. Tribute was paid to the farm couple.

Larry Alloggio, 10-year old 4-Her from Santo in Palo Pinto County, suffered a flesh wound in the chest in a fall. He was taken to the Eastland Memorial at 11 p.m. Thursday and treated for his injury. Several stitches were required to close the wound, which was not regarded as serious.

## One Man Shot; Woman Tells Of Incidents

Eastland county and area officers Saturday were seeking three men, said to be AWOL soldiers, and a woman who have been charged with armed robbery in justice court in Cisco after a shooting near Dothan, five miles west of Cisco, about 5 a.m. Saturday in which another man was shot five times and he and his girl friend robbed, according to statements to County Sheriff L. E. Sublett and other investigating officers.

The man who was shot gave his name as Rene Joseph Binette of Lewiston, Me. He was in a satisfactory condition at Graham Hospital, attendants said. According to information to the Press, he had been shot five times with a .22 calibre pistol—in the neck and throat, in the abdomen, the arm and legs.

Binette and a woman who gave her name as Charleona Irene Mears, told officers that three other men and a woman robbed them, and after Binette was shot, left them on a country road near Dothan.

Charges of armed robbery were on file in justice court here against Robert Carlton Bruce of West Palm Beach, Fla.; Kenneth Redford of Atlanta, Ga.; Carol A. Smith, a woman, of New York City, and a third man whose first name was given as Ray, also of New York City.

According to officers at Lawton, Oklahoma, where the fugitives also face armed robbery charges, all four of the men are AWOL from army posts at Fort Sill, Okla., and Fort Benning, Ga.

According to statements made to Sheriff's officers and Justice of the Peace W. L. Lewis by the Mears woman, the four fugitives picked her and Binette up at Lawton on Friday morning, and started an odyssey in crime that included two robberies before they reached the Dothan area. One of the robberies was that of a gas station near Lawton and the other that of a grocery store 30-miles north of Dallas.

The Mears woman said she used to go with Bruce but had broken up with him to go with Binette.

In the Dothan melee she and Binette were robbed of their money and clothing before the four others fled in a Ford 1960 station wagon, she said.

The Mears woman, who was being held without charge as a material witness by the county sheriff's office, said she was not sure how the group got to the Dothan area because she slept most of the time.

She said that Bruce and Redford took turns using the pistol during the shooting.

In spite of his wounds, he was able to walk with the girl to the home of Mr. and Mrs. E. L. Hazlewood near Dothan. Mr. Hazlewood brought them to Cisco.

## Jack Adams

### Back in Hospital

Jack Addams, known to his friends as Guber, is back in Parkland Hospital for another major operation to remove his old kidneys. The new kidney is functioning properly, but the old ones are causing complications and high blood pressure, it was reported.

Mrs. Dick Reeves of Gulfport, Miss., and Mrs. Dexter Patterson of Dallas, were weekend guests in the home of Mrs. May Marshall and also Jack Addams.

## S. Jack Chapman Buried Friday in Ft. Worth Rites

Funeral services for S. Jack Chapman, 64, a resident of Eastland County for ten years, were held Friday, July 17, at 2 p.m. at the Lucas Funeral Home in Ft. Worth.

The Rev. Hasston Brewer, pastor of the First Baptist Church in Eastland, officiated.

Mr. Chapman is survived by his wife; daughter, Mrs. Paul Harter of Ft. Worth; H. B. Chapman of Ft. Worth, and five grandchildren.

## DIALOGUES

## Is There To Be A Community Center In Eastland's Future? Who Knows?

A COMMUNITY center in Eastland?

A place for the youth; for reunions; luncheon sites for service clubs; a little theatre; a library; an activity center for young and not-so-young; could it be done in Eastland?

Eastland people built a hospital — when they decided they wanted and needed one. Some said it couldn't be done then. But the leaders, the clubs, and most of all, the people, said it could be done and it was.

The Thursday Afternoon Club is fixin' to get serious about a new library, scouts report, and others are anxiously thinking about expanding some ideas and making it really first class. 'Course it'd take some doing but then there's some that hope that

maybe the men's service clubs and the women's clubs could be doing more.

Working projects seem to be the lifeblood of any organization, and can we imagine a more challenging TOWN-WIDE project than a community center — on the hill, or elsewhere.

It might even take a bond issue with the city involved. It's going to take one for a needed sewer system apparently. We might as well for the whole ball of wax. We've sorta touted the "debt-free" image for all its worth. Why be out of debt . . . if there's things the people need.

A virtually new city commission should be organized at the regular monthly meeting Monday evening. It'll be interesting to see the think-

ing and the direction this commission takes on these and other matters.

DIALOGUES was asked by an Eastland mother: "Find out why the Y was closed." It was shut down on the recommendation of Police Chief John Morren who held that there was not adequate adult supervision. On the Saturday night of the Eastland homecoming, the Y was open without sufficient adult supervision, Chief Morren reports, and there was been drinking on the streets outside the club. A policeman served as chaperon until it was closed.

THE TEEN CLUB is re-organizing and appealing for adult help . . . Many of the teens dance; many do not. Adequate facilities should be provided so that ALL may have a safe, good time.

QUESTION: Is Eastland an educational-deprived city because the television cable does not offer the National Educational Channel and its youth-stimulating Sesame Street?

QUESTION NO. 2: Should the City of Eastland consider trading its new infrequently-used \$13,000 street sweeper for about a dozen easily operated \$3 push brooms?

## FULLEN MOTOR Co. LAUGH-A-DAY

The house agent decided that he had better be quite frank with his latest clients.

"Of course," he began, "this house has one or two drawbacks which I feel I must mention. It is bounded on the north by the gasworks, on the south by a paper mill, on the east by a vinegar factory, and in the west there is a glue-boiling establishment."

"Good heavens!" gasped the husband. "What a neighborhood!"

"Quite so" replied the agent. "But there are advantages. The rent is cheap, and you can always tell which way the wind is blowing."

## Green Backs Win 4th Title In Pony League

Monday the Greenbacks will play their last season game against the Eastland Blue Six at Eastland.

The Greenbacks will go to Brownwood for District Play-offs later this summer.

## League All-Stars Here Thursday Nite

Members of the All-Stars are: Barry Hart, Terry Gaeta, Rex Morgan, Jerry Boles, Chris Brown, Jackie Arrington, Mikie Lewis, Charles Harvey, Tommy Williamson, Len Majan, Asron Arnold, Robbie Sharp, Brian Hau, and Bernie Wolford.

The All-Stars will be wearing their new uniforms. All fans are urged to come to the game.

# As It Looks From Here

By Cong. Omar Burleson

WASHINGTON, D. C. — IF "WHAT HAPPENED ON THE WAY TO THE FORUM" was strange, equally so was a recent court decision in Credit River, Minnesota. (The name of the town is coincidental with the circumstances in a court case to foreclose on property.) What occurred could be of vital interest later on or it might be nothing at all.

A FEDERAL COURT IN MINNESOTA HAS RULED that Federal Reserve Notes, some of which you likely have in your pocket at the moment, are worthless.

IN MAY, 1964, A MAN IN SAVAGE, MINNESOTA borrowed \$14,000 from the First National Bank, securing the loan with a mortgage on real estate.

THREE YEARS LATER THE BORROWER still owed \$476 and the bank foreclosed.

The bank bought the property at a sheriff's sale and a year later brought suit for possession. The case was tried in 1968 by a jury which held that the bank was not entitled to recover possession of the property and that the debt was void because the borrower did not receive lawful money on his mortgage.

THE BANK THEREUPON APPEALED TO THE Federal District Court. The filing fee was \$2. The bank presented two paper \$1.00 bills in payment. The Court refused the fee as unlawful tender, citing the Constitution as legal reason.

ARTICLE I, SECTION 10 OF THE CONSTITUTION PROVIDES "no State shall make anything but gold and silver coin a tender in payment of debts." The Court said "these Federal Reserve Notes are not lawful money within the contemplation of the Constitution of the United States and are null and void. The Notes on their face are not redeemable in gold or silver coin. . . ."

THE COURT WENT ON TO SAY THAT AN ACT OF Congress to make Federal Reserve Notes legal tender was unconstitutional and no authority existed for their issuance.

THE COURT HELD THAT CONGRESS has only the authority to coin money and regulate its value. The last time Congress so acted was in 1878 when it fixed the value of the dollar at 412.5 grams troy weight of silver. This stands as the present intrinsic value of the dollar in spite of the sandwiched coins now in circulation, authorized by Congress in 1965. On the other hand the silver dollar has not had the "sandwich" treatment by adding copper. When melted down, which is illegal, it has a greater silver value than that fixed in 1878.

SOME CANADIAN MONEY

TARY EXPERTS contend that any United States currency is not legal money unless the holder can go to any bank window and receive silver or gold in return for it. The other side of the coin (no pun intended) is that United States citizens are not allowed gold coin. The contradiction is obvious.

WHAT THE COURT DECISION IN MINNESOTA really means is anyone's guess at the present time but the man owed the bank \$476 on his \$14,000 loan, still owns his farm. No test has been made of the case in the Supreme Court and the question remains undecided as between the authority to issue Federal Reserve Notes and the interpretation of the Constitution.

IT IS A CASE OF MANY RAMIFICATIONS. If the decision of the Federal District Court in Minnesota should be upheld by higher courts, it would mean that mortgage holders all over the Country would be denied the authority to collect unless the loan was paid in gold or silver. The question as to how or for what purpose the borrowed money was used seemingly was not an issue. Logically the acceptance of Federal Reserve Notes all down the line as legal tender would later the situation but apparently this was not resolved by the decision.

BE THIS AS IT MAY, THE MATTER deserves the attention of the Supreme Court and the Congress before more serious consequences occur.

The Dallas Summer Musicals' production of "Little Me," playing at the Music Hall from July 21-Aug. 2, has the Oscar-winning star of TV's "Peyton Place," Dorothy Malone as Belle Poitrine, the Hollywood glamor-girl. Co-starring is the Carol Burnett TV Show regular, Harvey Korman, impersonating seven widely varying roles of the men in her life. The musical, based on the novel of that name by Patrick Dennis, is a clever, hilarious take-off on the biographies of great ladies of the screen — first made famous by Sid Caesar in the original Broadway production.

TEXAS GOVERNOR Preston Smith discusses rural accident prevention with state safety leaders as he proclaims July 19-25 Texas Farm and Ranch Safety Week. George William Perry, left, Dallas, President, Texas Safety Association, officially receives the proclamation from the Governor. Joe Smetana, right, Waco, T.S.A. Vice-President for Farm and Ranch Safety, shows a hard hat and goggles which farm and ranch workers are being urged to use to help minimize personal injury.

## 6 People Power tips to make air conditioning work better, cost less.

Providing you with good electric service takes the best efforts and ideas of the 2600 people at Texas Electric. That's why we call it People Power. Here are six ideas our people have found that will help you get the most comfort from your air conditioning at the lowest operating cost:

**Set the thermostat properly:** Set the thermostat no lower than necessary for your personal comfort. Most air conditioning specialists recommend a thermostat setting of 76° to 78°. Remember, the lower the setting, the more electricity the unit uses.

**Trim shrubbery:** The outdoor unit needs free air circulation. Help it maintain full efficiency and keep operating costs down by trimming nearby shrubbery and by checking to make sure compressor coils are clean.

**Inspect filters often:** Clogged filters make the unit work harder and use more electricity. Replacement of disposable filters—or cleaning of permanent types—will help keep the system running efficiently.

**Keep sunlight out:** Direct sunlight increases the heat in your home. Reduce the air conditioning unit's load by using awnings, blinds, shades or draw drapes.

**Have regular maintenance checks:** Have the unit checked at least once a year by a qualified air conditioning serviceman. Do this in the spring, prior to your need for cooling. It pays!

**Insulate:** Proper insulation keeps the hot air out, the cool air in. It reduces the cost of winter heating too. Ceiling insulation is particularly important.

## County Proclaims Farm Safe Week

designated the same period as Farm and Ranch Safety Week nationally and in Texas.

**PROCLAMATION  
BY THE  
County Judge of  
Eastland County  
TO ALL TO WHOM THESE  
PRESENTS SHALL COME:**

I, SCOTT BAILEY, County Judge of EASTLAND County, do hereby declare the week of July 19-25, 1970 as FARM AND RANCH SAFETY WEEK in EASTLAND County, for the following reasons:

WHEREAS, the citizens of EASTLAND County are proud of our farm families from whom comes our abundance of food and fiber; therefore, our citizens are deeply concerned about the safety and well-being of this segment of our population as they go about the sometimes hazardous task of producing the commodities needed by the entire population; and

WHEREAS, our great State of Texas, through farm and ranch accidents continues to reap "AN UNWELCOME HARVEST" of over 200 farm deaths and thousands of painful disabling injuries each year; and

WHEREAS, the President of the United States and the Governor of Texas have proclaimed the same period as FARM AND RANCH SAFETY WEEK; and

WHEREAS, during this week, a statewide farm accident prevention education program will be undertaken by the Texas Farm Bureau through the Texas Farm and Ranch Safety Council, the Texas Safety Association, the Texas Agricultural Extension Service, Texas 4-H Clubs, Texas Future Farmers and Future Homemakers of America, Young Farmers and Young Homemakers of Texas and the EASTLAND County Farm Bureau with the theme, "PROTECTION! make it work for SAFETY!"; and

WHEREAS, this "PROTECTION," such as Slow Moving Vehicle Emblems, roll-guards and crush-resistant cabs for tractors, fire extinguishers, safety shields or guards, hard hats and safety glasses as well as seat belts, are available and pay big dividends in safety;

WHEREAS, such a campaign will do much to call to the attention of our rural citizens the need for observing safety precautions which would reduce the tragic toll inflicted by accidents;

THEREFORE, I urge all citizens to recognize this special period, and especially urge farm families of EASTLAND County to become more safety conscious, not only during FARM SAFETY WEEK, but every day of the year.

(Signed) Scott Bailey  
EASTLAND County Judge

Tuesday visitors with Mr. and Mrs. Buford Cozart were Willie Cozart, Mr. and Mrs. Press Cozart, Mr. and Mrs. Doss Cozart, Jack Cozart and George Parks.

# 7 Entered To Date in State Peanut Pageant

Names of seven entries in the State Peanut Queen Pageant to be held in Eastland in August have been announced by Pageant Chairman Larry Rollins.

Eastland County's entry, Miss Beth Pearson of Ranger, will be competing with the following girls:

Brenda Bratton of McCullough County; Susie Howard

of DeWitt County; Mary Ann Woosley of Wilson County; Beth Calhoun of Comanche County; Joan Frances Booth of LaSalle County; and Martha Thiebaud of Erath County.

Band named by the Pageant sponsors to provide musical entertainment at the event is the Swing-Towns under the direction of Jarrell Finch of Abilene.

More entries are expected. The pageant will be held Aug. 14 and 15, to select the girl who will reign as Peanut Queen of the State of Texas for the coming year. The pageant is sponsored by the Texas Peanut Producers Board and is under the direction of the Eastland Jaycees.

The girls who will compete were chosen in their home counties. Each County in the state which has a peanut allotment is eligible to enter a contestant in the state event. The girls who enter must reside in a peanut producing county, be single, and not less than 17, nor more than 21 years of age as of Aug. 13.

Each girl will be judged on her appearance in both evening Dress and Swim wear, as well as on her talent. The girl is also required to make a two-minute speech on the peanut industry in her county.

The Queen will receive a scholarship of \$500 to the col-

lege of her choice and will travel during the coming year as representative of the Texas Peanut Producers Board.

The official hostess of the 1970 Pageant is the reigning queen, Miss Marsha White of Mason County. Marsha has selected peanut queen over ten other lovely young contestants last September in the first State pageant.

For the ten years preceding the first State pageant, the Jaycees of Eastland sponsored a county pageant which selected a queen for the Peanut Bowl football game held each year in Eastland. This game is held during September and pits Cisco Junior College against Ranger Junior College. The pageant to choose a Peanut Bowl Queen was originally started to promote the bowl game between the colleges. It grew over the years until the Peanut Association asked the Jaycees to originate and produce a State Pageant to select a queen to represent the peanut industry of Texas.

This first state pageant was held at the Majestic Theatre in Eastland on Sept. 12th and 13th with girls from 11 counties across Texas competing. This year entries are expected from an additional nine counties, making a total of 20 girls.

The new queen will be crowned on stage at the Majestic on Aug. 15 before an expected audience of a 1,000 persons. She will be presented with her scholarship during ceremonies at half-time at the Peanut Bowl Game on Sept. 19 at Maverick Stad-

## Pleasant Hill Homecoming Set Sept. 13

The 1970 Pleasant Hill Community and Baptist Church Homecoming will be held Sunday, Sept. 13. President Robert Tucker has announced.

## 3 Life Sentences Accessed Williams In 91st District Court Thursday

Fort Worth rapists Mack Williams drew two more life sentences in 91st District Court Thursday after pleading guilty to two more incidents before Judge Earl Conner Jr.

He had drawn his first life sentence last week when he pleaded guilty to the rape of

a teenager Dec. 25, 1939 in the Beautonic Gardens. The case was moved to Eastland County on a change of venue.

Three charges of robbery facing Williams were dismissed by the court. Williams had been charged with taking Jewelry and personal from the girls.

After the sentencing, the man was taken back to Tarrant County by Sheriff's Dept. officials from there.

## Sunday Subject Announced Here

Questions about the origin and preservation of life are answered from a metaphysical viewpoint in the Lesson-Sermon on "Life," to be read in all Christian Science Churches on Sunday, July 19.

One of the readings from Science and Health with Key to the Scriptures, by Mary Baker Eddy, Discoverer and Founder of Christian Science, states:

"We apprehend life in divine Science only as we live above corporeal sense and correct it. Our proportionate admission of the claims of good or of evil determines the harmony of our existence, our health, our longevity, and our Christianity."

One of the Bible passages is from Job: "The Spirit of God had made me and the breath of the Almighty had given me life."

Services are at 11:00 a.m. in First Church of Christ Scientists, Corner Lamar and Plummer Streets, in Eastland.

1887. Beaumont was the big city in the southeast part of the State. It had 3,000 people and eight sawmills and a shingle mill.

That was 84 years ago, the year that marked the formation of the Lumbermen's Association of Texas one of the oldest non-profit trade associations in the Southwest. A few lumbermen met in Austin to form the organization which now has members in 413 Texas communities. The lumber dealer has played a big role in the growth and development of the Lone Star State.

It's a fact that Jack Elliott of Higginbotham Bartlett Lumber, Bernard and Minton Hanna of Hanna Hardware and Lumber and Frank Crowell, now retired of Crowell Lumber Co., have certainly done, and are doing their part for our area's development.

 5. Protect small children and others by covering tank openings, and fencing dangerous areas such as manure lagoons and farm ponds. Have life-saving flotation devices available at all ponds.  
 6. Check electrical wiring and make sure you are using the proper size fuses.  
 7. Spare your hands on rough jobs with heavy-duty gloves. Wear rubber gloves when handling farm chemicals, petroleum products and other solvents. Use good hand lotions to prevent chapping.  
 8. Observe state law and equip all your farm machinery that has occasion to be moved on the highway with the Slow Moving Vehicle emblem.

Rev. Coker of Rising Star and Mrs. Mamie Ledbetter of Scranton visited Mr. and Mrs. Edgar Townsend Tuesday.
