## Carbon Boosters Quarterbackers Call Members

S. O. S!

That's the word coming from Eastland Quarterback Club. "Here we've got a winning football club, and our faithful Maverick fans are so busy rooting for the team, they're forgetting that there's a lot of behind-the-scenes work to be done," President Bill Harrison says.

We need more members, he said, and the dues derived from membership are going to be very important to us in providing the equipment and supplies we've already committed ourselves for. The fee is \$5 and every fan should be a card-carrying Quarterback, he says.

Funds for Quarterback work are derived from two sources, he said. Dues of course, and the annual Invitational Basketball Tournament. Optimistically assuming that the mavericks roll right on along, it's going to be impossible to stage the tournament, so that could cut out one source of revenue, he said.

So, can a coach, or see a Quarterback, and get your name on our rolls. Our team needs the Quarterback Club, and the Club needs your dues," Harrison said.

New members announced are as follows: Mrs. Charles Marsland, Herman Hamilton, Oboe Duncan, Roy Swill, Wendee Stewart, Mrs. Wendell Siebert, Bob Emfinger, Mrs. Bob Emfinger, Ruoen Gaeta Sr., Gilbert Garcus, Everesto Jannex, Joe Gray, M. G. Key, Anne A. King, Francis Bond, Lon Blackwell, Wels Daton, S. G. McCullough, Harley Fox Jr., A. T. Ruffing, Dr. B. B. Alexander, Rosemary Miller, Dr. J. O. Jolly, Mrs. J. O. Jolly, Dick Dixon, Henry Parsons, Neta Fay Parson, Leo Gunn, Vernon Humphrey, San Hunt, Scott Body Works, D. O. Allen, C. L. Mens Restaurant, Eastland Motel, J. D. Parsons, W. M. Jones, T. M. Fullen, Ollie Essom, Tip Arthur, Dr. H. J. Bulgerin, Fiesta Bowl, Albert Honea, Bill Morton, Roy L. Taylor, Gil Gaeta Sr., Dale Bakker, Kenneth Butler, and Rebecca Horton.

## Mavericks to Host Indians Here Friday Night at 7:30

The Comanche Indians bringing their war chest of pigskin to Maverick Stadium Friday night to engage the Magic Mavericks of Eastland High School.

Kickoff time in this, the second District 8-AA big game of the season, will be 7:30. Comanche will be starting one offensive and two defensive keys from their last year's team in Paul McGettes and Ronald Shaw who will be prime backfield Braves, and Jerry Gore, Jimmy Chester, Danny Coleasure and Jack Boyd lead the line charge.

It's been less than a spectacular year for Comanche who lost to powerful Coleman last week, 56-6. The Indians won one non-conference game, dropping two others.

The Mavericks, undefeated to date, have shown power in "naives." It was in the second half last week against Cisco, winning, 58-6, in the conference opener. Against De Leon, it was the first half for the Mavericks. Just about everybody got a lot of Maverick experience in Cisco as the score mounted.

In other district games Friday, Winters will be at Balingir, Cisco at Clyde and Hamilton at Coleman.

To date Comanche has amassed 40 points, their opponents, 116. Eastland has racked up 168 points allowing their opponents only 32.

## Smith in for Perry, Rivers Slot Open In DPS Switches

"Technically we are fully-staffed," Highway Patrol Sgt. Jerry Matnews says, "but we've still got a vacancy in our Eastland County office."

This unusual circumstance comes about with the recent promotion and transfer of patrolman Bob Rivers, who was one of six men in the state picked to start the newly-organized DPS Organized Crime Investigating Unit in Dallas. Since the new section wasn't funded by the state legislature yet, patrolman Rivers is still carried on the Eastland Sergeant's rolls.

Local Patrolmen are looking forward (?) to a Friday night of Special Duty in Dallas in helping patrol rowdies there for the Texas-Oklahoma football game and other events.

The Sept. 1 transfer of Patrolman Dan Perry to Arlington where he will join the Dallas-Fort Worth Turnpike Duty for DPS, created a vacancy filled by Patrolman Kenneth W. Smith, who is making his first post assignment. A native of San Saba, Smith and his wife Gay live at 701 W. Patterson. He completed the recruit school on June 1 and worked at Austin headquarters before coming to his first station here.

Eventually the vacancy left by Rivers' transfer, hopefully will be filled here. Sgt. Matnews says.

Looking out the patrol window are two relative newcomers: Gary Brown, a Post native, who with his wife Carol, live at 303 W. Moss St. He's been here about two years.

And George Maybe who's been here about a year. He's a native of Lometa and he and his wife Tony live on West Main St. They have a year-old son.

Roy Petty heads up the Drivers License Division and Barbara Rushing is D. L. clerk. Longtime Eastland County Resident Carl Boustead heads up the Motor Vehicle Inspection Division here and Don Alexander of Breckenridge works for the License and Weights Division in this county.

# Everyone Should Build a Float' Says Place Winner Mrs. Brown Here

**Ann Baker**  
float in the Eastland Peanut Bowl is a huge wedding cake made by Mrs. Fred Brown of Eastland. Mrs. Brown, who bakes cakes of every kind for the public, said this was the largest cake she had ever made.

The cake stood 13½ feet high. The bottom layer was a 14 ft. square; the second round layer was 8½ feet in diameter; the third layer was 4½ feet in diameter.

Mrs. Brown, her husband, and son, Jim Cole, worked on the float for almost two weeks. They would like to say a special thanks to the Richard Robinson family, Mr. and Mrs. Don Massengale, Mrs. Fred Walker, and Mr. and Mrs. Bill Brown and Kris who all worked very hard on the float. A special thanks also goes to Mr. Bob Perkins for the use of his building. They would also like to thank the Jaycees for their help and for the first prize.

The cake float was built over a jeep. The wooden frame was covered with butcher's paper over chicken wire. The outside edges were made of toilet paper and the roses were of crepe paper. The pink scallops were made of copper tubing.

The bride and groom on top of the cake were dolls belonging to Patti and Sherri Robinson. Mrs. Brown made the costumes herself. The tuxedo for the groom required six and one half hours to make and the bridal dress took two and one half hours.

Mrs. Brown said, "Every body should make a float at least once. I had nightmares for a week before the parade in fear of a flat. Then our cake would have really fallen. We really had a lot of fun and I think it would be really great if some of the other businesses in town would enter floats in the parade. Parades are for little children and I think we should do more for the little ones. We really had a lot of fun working on this float and we have already got some ideas for next year's parade."

Editor,  
On Sunday afternoon, Sept. 20, I was driving home from Dallas when my car became over heated and I was forced to stop just a few miles from your town. Like most women, I knew only vaguely what to do. The cars were going by, not offering to stop and help. Then to my great relief, a young man and his wife who lived near by came to see if they could help. This young man worked about an hour before getting my car started and filled with water.

I do not know their name, so may I use this letter as a means to thank them again. Eastland should be very proud to have this kind of young people.

Sincerely,  
Mrs. Doris Carmack  
ED. NOTE: We'd love to be able to print the names of this couple, so we could all share in thanking them for representing our town so well.)

Jean Bosworth has lived in Eastland most of her life. She is presently in the Green of the Valley Hospital, West Covina, California.

The Eastland Telegram received a letter and poem from her just before she is to have four major operations. She has already had eight major surgeries.

Her father was Mr. Elick Hamilton, he is buried in the Eastland Cemetery, along with her sister, Jewell Phillips. Mrs. Bosworth has also got a plot in the cemetery, underneath a tall oak tree.

She wishes to share a poem with us that she has composed for herself at this time in her life.

"My Tall Oak Tree and Home"

I  
There's a tall oak tree so majestic  
Leafy arms that reach for the

sky,  
In a little town of my childhood  
Where I long to sleep by and by.  
II  
For years its shades been a comfort  
Tho I've roamed on land  
on land and on sea  
No matter where I wandered  
It's beauty kept calling me.  
III  
Tho I am an artist they say,  
Flame and fortune has been good to me  
But when I am sick of tensil  
My bones creep calling me  
I could sleep with the high and pompous  
It would seem so cold to me  
For I know I will rest but  
Near the shade of my tall oak tree.  
Now the lot has all been

# Club Program More Cookin' and Cows'

Club members are still popular, however; others have been added which will be of interest to all young people as well as rural 4-H'ers.

Some of the newer projects are bicycle, dog care, automobile, and photography. Other projects which reflect the expansion of the 4-H program include camping, horsemanship, woodworking, public speaking, horticulture, and money management.

Ken Housnel, a fifth grade Rising Star student, worked on a dog care project for the past two years. He became interested in this project when he saved enough money to purchase his dohite poodle puppy, Mitzi. Ken has taught Mitzi several tricks as well as learning to feed, wash and clip her properly.

Other projects Ken has been involved with are swine, foods and nutrition, beef, and pond management.

Ken is the son of Mr. and Mrs. L. C. Housnel, Rising Star.

Becky Kincaid, active Eastland 4-H club member, has had home improvement as a project this past year. Becky has learned to arrange for new storage areas in her room. She painted her room selecting a color scheme that suited her personal taste.

Adult leaders who have knowledge or experience in a certain area help members with their projects.

If a 4-H club does not have a member wants to work on, the member can work on it with parents, people in the community and organizational leaders in his club, it was explained.

Certificates and or medals are presented to county winners in various competitive areas of 4-H. Saving bonds, trips relating to the subject of their projects, or trips to the National 4-H Congress in Chicago are awarded to winners on the state level.

Three Eastland County 4-H'ers have won state honors and brought home a total of \$5750 in scholarships.

## Mail Vote On Wheat Quotas Set October 12

A mail referendum on 1971 crop wheat marketing quotas will be conducted October 12, through 15, Sec. of Agriculture Clifford M. Hardin announced. In the absence of the new legislation for the 1971 wheat crop, current law requires that the referendum be held. However, a second congressional resolution like one initiated July 24, 1970, would result in a further postponement of the referendum. This congressional action could take place at any time prior to the start of a referendum on October 12.

Individual allotment notices will be mailed to about 1.6 million persons holding an interest in established farm wheat allotments.

Signed ballots need to be mailed or delivered to the county offices by October 15, 1970. Preliminary results of the referendum will be compiled and announced by USDA.

Carter Housnel was presented a 4,000 scholarship by the Houston Livestock Association for his outstanding project work with livestock.

Patsy Moseley, Olden 4-H club member, won at the State 4-H Foods Show. First place was a \$500 scholarship. Patsy is a freshman at Tarleton State College. This scholarship is sponsored by Fant Milling Co.

Tommit Lee was the latest scholarship winner. With his outstanding work in the field of wildlife, Tommie won \$1200 scholarship from the Foger Co. Tommie kept records of his work and entered his record book in Wildlife Conservation. A \$50 savings bond was presented him as a district winner.

The 4-H program is open to all young people in the United States between the ages of nine and nineteen.

Clubs in Eastland County include Happy Go Getters, Cisco, Olden, Nimrod Willing Workers, Rising Star, Gorman and Carbon.

See Hardin announced April 14, 1970, a national wheat marketing quota of 1.210 million bushels and a national allotment of 43.5 million acres.

A 2/3s or more "yes" vote for marketing quotas would bring a domestic marketing certificate, valued at \$1.39 per bushel, the total price support on that portion of the crop then would be \$2.54 per bushel — 90% of parity as of July 1, 1970. Domestic certificates would be issued subject to penalty.

If the referendum fails to carry, the price support loan rate would be mandatory at 50% of July 1971 parity. This would be \$1.41 per bushel based on current parity. Loans
