EASTLAND, TEXAS 76448 — SUNDAY, SEPTEMBER 6, 1970

PRICE 10¢

READY FOR LABOR DAY — Members of the Eastland Jaycee Club are ready for the Annual Labor Day Rest Stop to be held on the North side of the Courthouse Square this holiday weekend through Monday in an effort to encourage drivers to rest and refresh to promote safety on the

highways. Urging one and all to "Drive Friendly," are from left, Oak Farms Safety Man Bill Leonard, Jaycee President Bob Phillips, Labor Day Rest Stop Chairman Jerry Buchanan, Dix Dixon, Highway Patrol Sergeant Jerry Matthews and Roy Gevera, formerly of Cisco.

Parade List Is Impressive; Deadline Extended Week

Impressive is the list of entries to date for the Saturday, Sept. 19, Peanut Bowl Parade. The deadline for the Peanut Bowl Parade has been extended until Thursday, Sept. 10, due to the Labor Day holidays, and the fact that some organizations are not completely organized this soon after the beginning of school, Jaycee Parade Marshal Herman Alsop reports.

Entries thus far are: Bands—Eastland High School, Cisco High School, Baird High School, Ranger Junior College, Cisco Junior College, and CJC Wrangler Belles.

Production Credit Meeting To Be Sept. 19, Stephenville

Production Credit Stockholders meeting set for September 19, Stephenville City Park.

Each office is allocated its share of \$450 in the regular drawing with \$50 bonus drawing for the office with the best percentage attendance.

The city recreation hall will be the center of activity in Stephenville when some 500 stockholders, wives and guests will assemble for the Annual Stockholder Meeting, Sept. 19. Election of two directors will highlight the business portion at this. Stockholder meeting. The terms of directors T. W. Winters and C. M. McCain expire on the meeting date. Both Winters and McCain were re-nominated, by the nominating committee. Along with the incumbents, two additional stockholders were nominated, Mr. Fred Klutts in Hamilton County and Mr. Tommy Bacon in Eastland County. Carryover directors are board Chairman, James W. Crouch, Winston Handie, and R. W. Evans. All directors are elected for three year terms. The Stephenville Production Credit Association serves dairymen, stockmen and farmers in a ten county area with offices in Stephenville, Fort Worth, Comanche and Eastland.

An added attraction to stimulate attendance will be the cash drawing for \$500.

Floats or decorated cars: Little Miss Eastland Zeta Pi Chapter of Beta Sigma Phi, Three D. Bake Shop, Mrs. Donna Brown, Eastland Farm Bureau, Eastland Jaycees Queen Float, Eastland County Republican Party, Sororite Club and Eastland Girl Scouts.

State Peanut Queen Royalty: Susie Howard-Queen, Davitt County, Carolyn Teiford-1st runner-up, Atascosa County, Beth Pearson—Eastland County Princess, Beth Calhoun-Camanche County Princess, Martha Thibaud-Erath County Princess, and Barbara Ritter-Jones County Princess.

Past Queens: Sharon (Denton) Read-1964 and Beck (Patterson) Guy-1966.

Other Royalty: Miss Ranger-Ramona Camacho and Jr. Miss Majorette of Texas, Brenda Nikirk of Fort Worth.

Riding Clubs: Cisco Riding Club and Calhoun County Riding Club.

Equipment: 1970 and 71 automobiles, Fullen Motor Company, 1970 automobiles for processes to ride in parade-Pipkin Motor Co. and City Cab.

Special Events: Mosiah Temple Shrine Motor Corporation, Fort Worth. Any individual, organization, or group that would be interested in entering the parade, please send in a form or call 629-1010 by Thursday, Sept. 10, Alsop said.

MRS. ROBBIE Robinson, manager and friendly hostess at the Village Hotel has retired and is now living in Arlington. Assuming duties as manager is Mrs. Fay Harbin who is well versed in the operation of this, one of Eastland's oldest institutions.

"Robbie" served as manager for 15 years and her smiling face is being missed. Built in 1921 by the Fessie Jones Construction Co. of Houston, the hotel has quite a history. Eastland's beloved benefactor, the late Mr. C. L. Connelie donated the foundation for the edifice and originally the hotel carried his name, as the Connelie Hotel.

Actually completed in May of 1928, the hotel was another Eastland "people project" in a way. They donated some \$150,000 to furnish it and held a gigantic two-night dance to celebrate the event.

First manager of the hotel was Dan Garrett, who was replaced by a Mrs. Dick. Scott followed Mrs. Dick and he served from 1934 to 1943. That year, the property was sold to Mr. and Mrs. D. C. Hill of New Mexico. An Oklahoma City physician owned the hotel for a while before selling to Eastlander Don Pierson who operated and renamed it for some five years. The present owner is Mr. J. B. Reed of California.

Guests at Eastland's biggest over the years have included the famous and in famous. Among the most noteworthy visitors were Mr. J. C. Penney and Gen. Jonathan Wainwright.

WENDELL T. SIEBERT, Supt., advises:

"WE HAVE JUST BEEN ADVISED BY THE Texas Education Agency that the Special Milk Program that has been in operation in our schools for a number of years was cancelled as of Sept. 1, 1970. The Congress did not include the Special Milk Program in the Continuing Resolution under which we are now operating, and we will no longer be able to sell extra milk to students at a reduced price. Effective Tuesday, Sept. 8, 1970, extra milk served to students will be priced at 10¢ for each ½ pint. They will continue to receive one ½ pint of milk with their lunch at no increase in price."

U.F. Screening To Be Tuesday

The Eastland United Fund Screening Committee will hear requests beginning at 9 a.m. Tuesday, Sept. 8, at the bank conference room.

Mrs. Ed Etheridge, president and Drive Chairman Dick Dixon, urged all representatives to interested agencies to be prepared to explain in detail the use intended for funds requested from United Fund.

"We want as many people helped as possible," Mrs. Etheridge said, "and must of necessity, see that the contributions made by Eastlanders, be as carefully placed as possible."

BOWL DUCATS ON SALE TUES.

Get your reserved tickets for the 11th Annual Peanut Bowl Game, Saturday, September 19. Tickets go on sale Tuesday, September 8, according to an announcement by the sponsoring Eastland Jaycees. They can be purchased at the Desa Drug Store in Cisco, Maverick Barber Shop, in Eastland, and the Ranger Rexall in Ranger.

Jaycees Wade Freeman and Don Baird are in charge of ticket sales, under the direction of the Club President, Bob Phillips.

Get your tickets just as soon as possible!

4 Named in Drug Charges Free on Bond

A quartet of young men are free on \$5,000 bonds each after having been charged in Justice of the Peace Court with possession of marijuana. Charged are Richard Raymond Rutledge, 18, and Dennis Bryan Cotten, 20, both of Cisco; William Daniel Kemper, 20, of Coleman; and Randall Shelton, 20, of Lubbock.

The four were arrested in Cisco early Wednesday, Sept. 2, near the T&P Railway right-of-way inside the city limits, by Cisco Patrolman Milton R. Brady.

They were later taken to Eastland County Jail and charged in JP Wells Dalton's Court in Eastland.

The four were apprehended in the act of smoking marijuana, small quantities of which were found on the boys, according to Cisco Police who earlier reported the four to be minors.

Mr. and Mrs. Larry Rexroat arrived Tuesday from Ft. Polk, La., where he has been stationed with the army. He received his discharge Monday and has enrolled at Tarrant State College at Stephenville, where they will be making their home.

Mexia Sunshine Choir Due Here on Sept. 22

The Sunshine Choir from the Mexia State School will present a special program of religious music at First Methodist Church, Eastland, Tuesday, September 22, at 7:30 p.m. in the Auditorium.

Their program is endorsed by various civic groups, the Ministerial Association, and the Chamber of Commerce. According to Mrs. Ed Etheridge the program is a community affair and she encourages the public to attend this unique program.

Chaplain W. B. Hammond of the school will serve as narrator.

The choir's visit to Eastland is only part of a tour made by the choir in an effort to raise funds to furnish a new chapel to replace a World War II prisoner of war barracks currently serving over 2,700 students at the Mexia school.

Following the choir's visit to the Central Baptist Church in Athens, Texas, the school received this letter from Bill Slayton, pastor of the church:

"In the past we have had many singers come our way, but never have we had a group that stirred our people as much as the Sunshine Choir from Mexia."

After the group's appearance in Bowie, Texas, the school received this letter from L. S. Partridge:

"Last evening at the Methodist Church here in Bowie, some of us heard some people from your school sing to us with a very touching effect. Personally, it has been a long time since I have heard and seen something that has touched me so much."

"It is very difficult to even

imagine the dedication the Chaplain puts forth in his work. I'll say he has the patience of Job and then some. But the satisfaction of accomplishment must be very rewarding."

He further stated that "It is sheer blasphemy for the rest of us not to use our own talent."

The public is invited to attend their performance Sept. 22.

Hull's Vast Collection Would 'Make' Any Museum First-Rate Attraction

A dream was previewed here this week.

George and Lil Hull, a local husband and wife collecting team, had open house at Texas Electric Service Co.'s Ready Room for company employees and others.

The dream is that their extensive collection may one day be on permanent display for the enjoyment of everyone.

They see it in their dreams as an Eastland County Museum—as a part of a complex maybe, including a library, civic center, or what-have-you, for the pleasure of locals and visitors.

And their collection would enhance any combination. It's a varied assortment, and under the Hulls' careful management, always tastefully displayed.

Over 900 18-inch displays of barbed wire and many barbed wire tools and stables are a part of the groupings. In their wire display, you'll find stays, etc., and the "grand-

daddy" of it all, is a piece of Durad Wire—not old, but a treasured collectors item. It was originally a piece used on Apollo Spacecrafts Eight and nine.

The Hulls don't just "gather," as so many collectors and dealers appear to do. One gets the feeling, that the word "embrace" best describes their searchings and finds. They love it and when they add a treasured piece, it joins a collection of loved ones. And the love that radiates between the husband and wife, and their collections, and to others who truly enjoy their collections, is readily apparent.

The Hulls' favorite display is their Indian Artifacts Collection which includes tools, bowls, pottery, eleven mounted frames of birdprints, spears, etc. Their favorite being five petrified arrows found on a beach at Temple a few years ago.

The item of most interest to many is a quilt made in

Germany in 1833 and presented to D. B. Roark, deceased, his granddaughter. He died in 1940 and is buried in Eastland Memorial Cemetery.

A few old timers recall Mr. Roark and this delights Mrs. Hull, his granddaughter. (Continued on Page 8)

Lloyd Nail Is Critical; Friends Start Help Fund

Friends throughout Eastland County have joined in an effort to raise funds for a young man who was seriously burned here last weekend. A special account has been opened at the First State Bank in Ranger for Lloyd Nail, Jr., who was seriously burned Saturday, Aug. 29.

Residents in the Eastland area may leave their donations at the Eastland National Bank or mail their donations to P.O. Box 391 in Eastland.

Mr. Nail was burned over 90 percent of his body when some hay he was hauling caught fire. It was reported that he and another man were hauling hay south of Eastland when the truck they were using got stuck.

The hay caught fire from the hot tires of the truck. Nail crawled on to the hay to cut a rope to let the hay loose, a spokesman said, when the burning hay fell.

Mr. Nail was burned seriously and taken to the Eastland Memorial Hospital for treatment and later transferred to Parkland Hospital in Dallas where he remains in critical condition.

Mr. Nail and his family lives at 809 Young St. in Ranger.

LAUGH-A-DAY

A small boy was brought to a clinic for examination by his mother, an extremely talkative woman. During the preliminary quiz period, the doctor noticed that the boy didn't seem to be paying much attention to the questions. "Do you have trouble hearing?" he asked.

"No," the boy replied, "I have trouble listening."

NOBODY HURT, BUT —
... both cars were smashed! Have you read today's headlines? No matter how good a driver you may be, the highways are full of those who are not good drivers. There is nothing much that we can do about the other fellow's driving habits, but for ourselves, we can drive carefully and keep adequately insured. We write every kind of insurance that you will ever need and some kinds that you may never need. By all means, don't gamble on protection—have it!

Prospect of "Bumper" Peanut Crop Fades As Varied Weather Makes Yield Spotted

Peanut growers in Eastland or peanut crop this year. "It says County Agent De Gordon believe there is no was just a matter of the rain don. He says it is impossible longer a possibility of a bump-being too little and too late" to predict the size of the crop

LUSH VINES—This picture shows a portion of a field of irrigated peanuts bordering Highway 183 just north of Rising Star and south of Cisco. The crop is just now in the fruiting stage

at this time because conditions vary so much within the county. The agent thinks there will be high yields produced by individual farmers, but other farmers will not make enough peanuts to pay for the harvesting. Some areas of the county have received good rains since August 14th and other parts have not had more than one inch of rain since May.

He said the Gorman area was probably the driest peanut producing area in the county. Some dry land fields in that area do not have any peanuts under the vines. The irrigated peanuts around Gorman have also suffered. D. B. Warren reports that their irrigation water isn't adequate without some help from rain.

The picture is much brighter in some parts of the county Gordon says. Crops in the Carbon area look good. The county agent thinks some good crops will be made in that area. More rain and warm weather will be needed to mature dry land peanuts.

Farmers report that the lesser cornstalk borers have caused considerable damage again this year. The agent said it is hard to find a field where insects have not reduced yields.

Gordon warns the farmers to be prepared to control the leafspot disease. Leafspot has not been a problem through the dry summer, but now that weather conditions are ideal for disease, it is beginning to show up in almost all fields. When the humidity and temperature are high, the disease increases rapidly. The agent says it is most important to keep the leaves on the vines and off the ground. Leafspot causes leaves to fall and build up under the vines. When this occurs, the southern blight begins, and this causes loss of peanuts. Also, the vines need the green leaves to mature the peanuts.

He says the leafspot cannot be seen on the leaves, but the spots occur on the lower leaves first. There are several fungicides that are effective in controlling leafspot. Gordon suggests that farmers start spraying now if they have not already started. All leaves should be thoroughly covered to prevent the spread of the disease. When applying the fungicide it is very important to use equipment that will give good coverage of bottom leaves as well as top leaves. He says it is also important to remember that fungicides do little good after all leaves are infected; it only protects the clean leaves from the disease.

Trouble Saving Tips Suggested By S.S. Agent

Henry Badgett, social security claims representative who visits Cisco has some tips for those who might be getting ready to retire—tips to save time and trouble.

A telephone call to the social security office (915-877-5262) is a good first step. The office can answer all questions and tell anyone how to apply and when to do it. In some cases they can even call back and complete the application by phone and mail it out for signature. Otherwise they'll provide schedules of information as to where to meet the representative.

Information needed is the social security number, proof of age, and last year's income tax return if self-employed or withholding statement if an employee. If both members of a couple, a man and wife, apply the wife will need evidence of age and social security number.

The best evidence of age is a birth or baptismal certificate made at or near the time of birth. However, if neither exists, other documents may be used. Generally, the older the document the better.

If the couple has children under 18—or 18-22 who are full-time students—have their birth certificates and social security numbers, if any.

It's generally a good idea to apply about three months before retirement. Don't delay because the required documents are not available, the people in the social security office will be glad to help get the necessary information.

Those who are household and unable to come to the office may have arrangements made for taking application by mail, or if necessary, someone can come to their home. Just let the social security office know.

Colonel Bennett earned his master's degree in public administration in 1969 at The George Washington University, Washington, D.C.

His wife is the former Mona G. Trice.

Volunteer's Biggest Worry Is Missing Patients' Need

"Not seeing a need," is the chief worry of one of several unselfish Volunteers at Hickman Nursing Home.

Mrs. Loretta Bulgerin, mother of five, says:

"I believe that working as a volunteer at the Nursing Home is one of the most worthwhile activities I do. One of my greatest worries is that I will not recognize the needs that I can fill. When we first started the volunteer program, the patients were hesitant to ask us to help, but they soon learned that our desire was to help and now they don't hesitate to call on us.

"It has been a process of education for both the volunteer and patients.

"When I first started working at the Nursing Home, I couldn't eat lunch because some of the patients' deformities would make me feel so sorry for them. After a while I became so involved in the patients' personalities, I forgot about the deformities.

"Persons who could spend some time at the Nursing Home are asked to contact Mrs. Bishop, coordinator.

Dr. and Mrs. Bulgerin, married 17 years, have five fine children, Stephen, 16; Donald, 13; Curtis 11; Keith and Claudia 10.

'STUDY' IS KEYWORD ON EHS HILL

By Jo Ann Baker

The key word among Eastland High School students since Tuesday is STUDY, STUDY, STUDY.

There are lots of new faces, but the books and the homework are the same.

The halls are a little more crowded this year with a total enrollment of 236 students in high school. This is an increase of 36 students over last year's enrollment of 250. Even though there were a few problems the first day of finding enough seats and trying to remember which class came next and which room to go to, most of the students have settled down to the old routine.

The Eastland Maverick Football team made a good showing at their first scrimmage with Rotan Thursday night in Albany. The next scrimmage will be with Stephenville in the Maverick stadium next week.

A short pep rally was held in front of the school Thursday at noon to boost spirit for the scrimmage and to help build spirit to be ready for Haskell! (The Mavericks play Haskell in the opening game of the season September 11 in Maverick Stadium.)

The May Band is working very hard to be ready to present an outstanding half-time show for the first game. Drum major Marcia Griffin said, "We haven't really marched much in the last time we did it looked like things were shaping up. Our playing sounds Great! I am very excited about the first game because we're going to do a good job!"

The band calendars are in and the Band needs everyone's support to help with their new uniforms.

It's a little hard to realize that school has started because it is still August. The mornings are cool but the afternoons are HOT.

It looks like it's going to be a good year!

EASTLAND TELEGRAM PAGE THREE Sunday, September 6, 1970

Coordinator 'Thanks' Volunteers for Service

MRS. SHIRLEY FROST

A Hickman Nursing Home staff member offers a different point of view about the Volunteer program.

I am Shirley Frost, L. V. N., and work as coordinator of the nursing services, and the volunteer organization. Gene and I have been married 14 years, and have 3 children, Randy 12; Janet 11; and Scotty 8. Gene is administrator of the nursing home.

A Hickman Nursing Home Volunteer is easily recognized by the way the patient immediately lights up all over when a volunteer is doing their normal routine of visiting. They have willingly sacrificed of their busy schedule at home in order to make some senior citizen's day a little brighter.

The Volunteers have out in many hours with nothing but a "Thank You" and a smile from the patients. They make the patient feel as though someone "DOES" care about them, and they are not forgotten.

A Volunteer spends more time talking to a patient than do nurses, nurses aides, or orderlies in a busy modern nursing home. The nursing home personnel tries to do the essential things, but sometimes, we feel like we need more time to chat with a very lonely patient, or perhaps fix their hair in a new style or have time for a game of checkers or "42".

The Volunteers play the piano and the patients join in and sing songs and hymns. They pass juice and ice cream to the bed patients, and in general, make everyone a little happier by showing they care enough to give of themselves, and their time, to help. These are but a few of the many things a volunteer finds time to do on each visit.

The volunteers and the home, host a birthday party every third Thursday of each month for the patients who have a birthday that month. Contributions are made by the volunteers, employees, and visitors to buy each one a gift for their birthday. The home furnishes cake, and punch. The volunteers wrap and bring the gifts, help patients to the recreation room, play the piano, sing songs, and try to make the patients day a little brighter. Everyone is invited to these parties, especially the patients' family.

When a patient asks what time a volunteer will be there to write a letter, or talk to them or something of this nature, you know you can say they have done a wonderful job, and all of the staff members at the Home say "Thanks" to all for a job well done.

Band Boosters Set Special Meet

The Band Booster Club has called a meeting for Tuesday, Sept. 8.

This is a very important, all members are urged to attend.

A lot of business needs to be discussed. Please come and help, president Lloyd Williams said.

Smith's Kin Buried In Cranbury Rites

Funeral services were held Wednesday, Sept. 2, at 2:30 in the First Baptist Church of Granbury, for Henry Swiefel, formerly of Fort Worth. Burial was in Granbury cemetery.

Mr. Swiefel was chief executive officer of the First National Bank of Granbury. He was postmaster for 6 years in Granbury, was admitted to the Law Bar in 1915 and appointed District Attorney of the Northern District of Texas from 1921 to 1927. He then organized the Fort Worth law firm of Swiefel and Tuohy. Later he became president of the Cosden Petroleum Co. for three years. He served as past Master of the Granbury Masonic Lodge, and is listed in Who's Who in America. He was also appointed Admiral of the flagship fleet of the American Airlines.

Mr. Swiefel is survived by two daughters, Mrs. John Luton and Mrs. A. B. Crawford of Granbury; one brother, Newton Swiefel of Weatherford; five grandchildren; and seven great grandchildren.

Nimrod to Receive Award For Improvements at State Dinner

Nimrod Community will receive special State honors for their community improvement accomplishments on September 9 in College Station. Mrs. Janet Thomas, County Home Demonstration Agent, and DeMarquis Gordon, County Agricultural Agent, have announced Nimrod has been a participant in the Texas Community Improvement Awards Program for some 17 years. The Community Improvement

Program is conducted by the Texas Agricultural Extension Service and sponsored by the electric companies operating in Texas.

The awards will be made at a special banquet in the Texas A&M University Memorial Student Center Ballroom. Honorable Preston Smith, Governor of Texas, will be one of the keynote speakers with the topic "Working to Make Texas Even Better." Other speakers

Miss Ready, Mr. Alford Wed Friday in Ranger Home Rites

MRS. JERRY ALFORD

are Dr. H. C. Kunkel, Dean, College of Agriculture at Texas A&M University; and Mr. C. W. Woolridge, Executive Vice-President of Texas Power and Light Company. Dr. John E. Hutchison, Director of the Texas Agricultural Extension Service will preside at this special occasion.

Nimrod Community is one of 39 communities in the State to be recognized for their continuing efforts and accomplishments in the Community Improvement Program. Silver trays will be presented to each of the communities at this time. Also the top four communities in the State Community Improvement Program will receive cash awards. These top four communities are Boling Community in Wharton County—\$550; Quitaque in Briscoe County—\$450; Cardinal Meadows in Jefferson County—\$350.00; and Rio Vista in Johnson County—\$250.00.

Attending the banquet and accepting the community award from Nimrod Community will be Mr. and Mrs. Herman Harrelson; Mr. and Mrs. Herman Schaefer; and Mr. and Mrs. Jack Cozart. Others attending will include County Extension Agents, Mrs. Janet Thomas and DeMarquis Gordon.

Miss Leta Jo Ready and Mr. Jerry Lynn Alford were married at 7:30 p.m., Friday, Aug. 28, in the home of the bride in Ranger.

The Rev. Bill Hankins of Abilene officiated at the single-ring ceremony. Parents of the couple are Mrs. J. L. Ready of Ranger, and Mr. and Mrs. Cecil Alford of Eastland. Miss Barbara Rushing was Maid of Honor. She wore a green satin gown with empire waist, accented with a white bow, a green satin bow hairpiece, and carried a bouquet of yellow daisies.

Mr. Doug Fron of Ranger was best man.

Given in marriage by her grandfather, the bride wore a white A-line dress with a white lace empire coat and a satin bow in her hair. She carried a white carnation bouquet.

The bride's mother wore a tan dress with gold buttons accenting the front. The groom's mother wore a tan suit with scarf, held with a white carnation corsage. The bride's mother also wore a white carnation corsage.

The bride's home was decorated with yellow daisies, and green candle sticks.

Following the ceremony, a reception was held in the home of the bride's grandparents. The Bride's Table was decorated in her chosen colors of white and yellow. The table was covered with a full-length lace tablecloth, and was centered with a bouquet of daisies.

The couple took a wedding trip to Eastland. The bride wore a white A-line dress with a carnation corsage as her going away dress.

The bride is a graduate of Midland High School, and the groom is a graduate of Abilene Christian College.

The couple will reside at 416 E. Sadosa St., Eastland.

I'm going to heaven. Please don't stop me.

You can't. For a child is not lost. This is one of the truths of the Bible... a truth some people deny.

There are other Bible truths some people deny, or try to change, or try to "interpret." But truth is truth, whatever people say or do or think.

Now you can hear Bible truth on radio or television, on "Herald of Truth," presented by churches of Christ throughout the world.

Listen to it. And read your Bible. And obey the Christ revealed there. Then Heaven is yours and nothing and no one can stop you.

Report of Progress!

FROM YOUR GOOD-VIEWING PARTNER, ABEL-CABLE

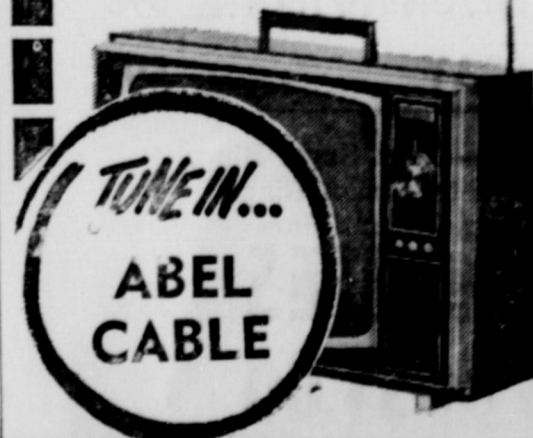

With King Football high on everybody's mind, and the 1970 Fall Television New Season just around the corner, We'd like to take this opportunity to thank all of our subscribers, and re-new our pledge to strive at all times to bring you the best in Cable Television Viewing, and FM Radio Sound.

Now that schools are back in session, we'd also remind drivers to be especially careful—we're going to need all the scholars we can get in the years ahead. And we'd further urge the scholars of today to stay in school, study hard and enjoy Cable-Viewing AFTER the lessons are done.

Southern TV is proud to be a vital part of this important area and our drawing boards are constantly busy in a continuing effort to bring to you, the cable subscribers, the best possible reception at all times. There's some surprises up our sleeves, to be announced later, but for now we want you to know that ABEL-CABLE cares, and works hard to be a good citizen of this community.

If you experience any difficulty with your cable reception, be sure to contact your local representative as soon as possible, and our local office welcomes you at all times.

Actually, our Progress Report is pretty much Business as Usual, but we, with you, look forward to the Big Color Fall Shows and an exciting season of pigskin action.

herbicides. The owners only intended to kill the weeds or to edge the lawn with the chemical. Many times the damage did not show up until a year or so later.

Pesticides are very helpful and have an enormous safety margin when properly used. The key is the phrase "when properly used". Pesticides, like automobiles and firearms, can be, and are, used improperly.

I have heard recently that some peanut farmers in Eastland County are applying parathion through irrigation water. This may be an effective and economical method of controlling the lesser corn-stalk borer, but it may also be a fast method of ending a life. Parathion is cleared for use on peanuts since it is not a long residual insecticide.

The problem occurs when someone walks into the field to move the irrigation pipe to a new location. Parathion is classed as very toxic to man and will penetrate the

skin and go into the blood stream.

Symptoms of poisoning may not show up until several hours or days later. Parathion builds up in the blood without any way of detecting damage except by blood test. Growers are urged not to use this practice because of the health hazard involved. No one should go into a peanut field for at least 48 hours after parathion has been applied even when recommended application methods are used.

September 9 will be an important day for the Community of Nimrod. On that day Governor Preston Smith will present a silver tray to leaders of Nimrod and to leaders of 34 other communities who have participated in the Texas Community Improvement Program for at least 10 years. Actually, Nimrod beats that. They have been in the program for 15 years.

Would you like to know the names of other communities to be honored Wednesday night? The list includes Dimpie, Fouke, M. L. Creek, Fish Creek, Arifwood, McBeth and Schattel.

About 120 people attended the 4-H & FFA field day in

Cisco August 29. A judging contest was one of the activities conducted. The contestants were divided into four groups—high school youth, grade school youth, out of county youth, and adults. Awards were given to the winners by the Cisco Livestock

Association. Seven of the 10 awards given were won by girls. Boys only won three judging awards. We don't know if the girls are that much better judges or not. Maybe while the girls were looking at the calves the boys were looking at the girls.

COLLECTION—with photo...

(Continued From Page One)

A collection of old fruit jars and kitchen gadgets always get a lot of comment anytime it's shown.

No specialists, the Hulls collect just about anything that strikes their fancy, and their nest home on North Daugherty St. proves an attractive display for much.

They're particularly proud of their collection of 677 insulators (no two alike). These are from both telephone and utilities, with the smallest being a Hemingway Chicago World's Fair Give Away. It's clear embossed, thimble size and is shown in a red velvet-lined jewelry case. The tiny insulator was given to the Hulls by Esther and M. J. Israel of Keyes, Okla.

Unusual in their insulator line is five different Roman helmet numbers, D. C. insulators, which vary in color—green, blue, ambers, sun colored purples and even Carnival glass and milky and milk glass.

In the vast Hull trove of treasure you'll find old photographs, sunbonnets, high-buttoned shoes, a churn, washboards, 21 different irons and dozens of other items. Early Americana on display.

Their date nail collection is a thing of beauty. A complete set of Texas and Pacific Railroad date nails, a set of T&P R.R. date nails, a set of Pen-

ous than seen in many other "going" museums. So any organization or interested person, truly instructed is invited to contact the Hulls. They live at 405 N. Daugherty — with their dream.

The Texas Date Nail Collectors Association was formed in August of this year and the Hulls serve as secretary-treasurer. They trade with people in 32 other states, so they keep very busy with correspondence, and no small feat of the incoming letters say: "You Hulls should see your collection in a permanent museum in Eastland."

With Int. 20 slated for bypassing next year, the Hulls feel that the time is now for getting a tourist-attracting museum going.

There are many publications, price guides and knowledgeable dating helps linking the world of collectors together. These folks read them word by word and seek out other collectors, ever seeking for more information and da-

ta about their "goodies." A museum here wouldn't be kept secret.

In my garage, it may be junk, but in the hands of collectors like the Hulls, who appreciate, group, and properly display, the most unusual things become priceless Americana.

Among the better authorities, the Hulls sight the Jack Glowers Wire Bible to identify barb wire and tools. There's three volumes of Tibbett's Insulators with price guide, numerous bottle books and Date Nail Data on the market.

Truly happy is this collecting couple, and the really inspiring thing is that they're so willing to share with others.

Chances are readers have some good ideas on how such a museum might become a reality, and make the Hull's dream come true.

The Telegram would be happy to hear and report ideas and suggestions.
