

## Road Bond Election Called For December 23

### HOME TOWN TALK

December 23 is the date.

Provided all those who believe you can't be back numbers in an up-and-going world stay on the job day and night from now until then Howard county will poll the necessary two-thirds majority in favor of the \$900,000 road bond issue for which an election was set yesterday by the county commissioners court.

Among those who ought to fight for the bond issue are members of that court.

Howard county has been expected for more than two years to vote these bonds. Other counties have wondered why this one of the fastest growing of all West Texas counties, and one with an unusually reasonable tax rate, continued to monkey around, dilly-dallying and doing nothing.

We've got our chance now. Every man and woman with a poll tax who owns real or personal property within the county is entitled to vote, and ought to.

The Herald could not maintain its self respect as a newspaper standing for the welfare of Big Spring and Howard county and not espouse this bond issue.

We believe this issue will be adopted December 23. If not then we favor calling an election after another year. These roads are provided for if it takes ten elections.

You can't live into yourself these days. You've got to stay up with the Big Parade. The fellow who wishes his town wouldn't grow so to more fellows in the line of business will find in a bound to die if he's not working on it.

Howard county can't expect business conditions which has been there since millions upon millions of dollars' worth of public in years to come and naturally stimulate an abundance of profitable business opportunities.

The road bond is the only way to get out of the hole. It is the only way to get out of the hole. It is the only way to get out of the hole. It is the only way to get out of the hole.

It is an indisputable fact. Here for by the experiences of members of counties in every state that highway improvement is the best business and the best way to get out of the hole. It is the only way to get out of the hole. It is the only way to get out of the hole.

The annual husbandry division of the United States department of agriculture, co-operating with the state extension service will conduct this test.

Midland Lumber Office Robbed

MIDLAND, Nov. 22 (AP)—After several hours' work burglars last night got only \$14.85 from the safe of the Midland Lumber company. A valuable diamond was overlooked. The knob to the safe was knocked off and there was evidence of considerable effort in getting the inner doors open.

HOME FROM HOSPITAL

C. S. Kyle, machanic in the Texas and Pacific shops, who suffered a serious knee injury several weeks ago when he fell at the railroad's hospital in Marshall where he spent 15 days. His knee is somewhat improved but the experts have to return for treatment.

## Community Chest Campaign Outlined

### Shop Employees Hear Talks At Open Meeting

Members of the local unit of the Association of Mechanical Department Employees of the Texas & Pacific Railway company, in their annual Thanksgiving season open meeting Saturday evening in W.O.W. Hall heard short talks by the president, S. J. Horton, City Manager, V. R. Smitham, C. T. Watson of the Chamber of Commerce, George Crouse, machine shop foreman and Shine Phillips, druggist.

Following the talks a Dutch lunch was served. An orchestra of Mexican shop employees furnished music. About 100 men attended.

Mr. Crouse urged that it is the duty of railroad men to give efficient service to their road, and the road in turn to give that type of service to the public. It is the duty of business to support railroad, which form the framework of the national system of transportation, he pointed out.

Particularly should Big Spring business men support the Texas & Pacific, he said, pointing out the heavy benefits derived by the city from T&P operations.

Mr. Watson told of work being done in preparation for the hearing opening December 3 in Lubbock, on the Texas & Pacific Northern's application to build a line north from here into the Panhandle.

Phillips Heard

Shine Phillips, pointed out instances wherein the railroad had benefited the city, how results had been derived from proper operation between business men and railroad men. He took occasion to criticize "hard times knockers" saying that the day his parents heard here his father, who came as a T&P employee, told his mother he thought they'd better not speak as the boys were likely to be roared.

And ever since then we had about nine hundred a week here who have moved the goods and have been here two weeks to three months on schedule on Saturdays. My mother and father were in the line of business and Mr. Phillips said.

### Three 'Drives' In One Effect Of Plan Here

A general committee has been designated with twelve members representing various groups and organizations. This committee, headed by Carl S. Blomfield, will direct the campaign.

When the fund has been raised a standing committee will be named to handle disbursements from the Community Chest.

Funds will be appropriated to the three participating organizations by this committee. They will not be given their entire shares in lump sums but will receive money through the year as the committee is convinced it is needed.

Members of the campaign committee are: Mr. Blomfield, chairman; G. R. Porter, Kiwanis club; Rev. R. L. Owen, clergy and Red Cross; J. E. Pickle, city secretary and Lighthouse club; Mrs. Homer McNeese, women's federated club and Parent-Teacher Association; C. W. Cunningham, Rotary club; Mrs. W. A. Barlett, publicity; J. R. Johnson, Boy Scouts; W. C. Fellowship, education.

Statement

Mr. J. E. Pickle last night issued the following statement with reference to the Community Chest:

"Some time ago a committee to consider the advisability of adopting the Community Chest plan in Big Spring was appointed. After diligent inquiry and careful consideration the committee recommended its adoption as a better method of handling financial affairs of Boy Scouts, Red Cross and public charity with the Salvation Army as administrative agency. All these causes are to be put into one solicitation. This will relieve the city of three separate solicitations and will save interested parties much time and trouble.

"I am fully persuaded that this Community Chest plan is the most sensible, the most feasible and the most practical method of caring for these worthy causes and this year 'the greatest of these is Charity.'"

"We are entering what promises to be a hard winter because of what we term the business depression. There are many unemployed. There are multiplied thousands of work who would welcome a chance to work and along with the rest of the country we have our unemployment problem. Existing conditions will cause heavy burdens upon funds for charitable purposes."

### Howard And Sterling County Farm Boys Win Honors

The boys picture shows Herbert Hayworth, member of the Cochran 4-H Club, with A. F. Pickett, director of the Texas & Pacific Railway, holding a purchased calf presented by the T. A. & P. Railway Association in Lubbock, Texas. The boys are from Howard and Sterling counties.

The county educators of Howard and Sterling counties are shown in the picture above. From left to right: A. B. Stroh, instructor; Arthur Mills, Delbert Deaton and Marvin Reed. They were crowned champions of Texas.

### Two Air Lanes Converging Here Being Lighted

Within a few days territory between Big Spring and San Antonio will be lighted for night flying. Installation of beacons is nearly complete. At the present the pilots run into darkness on the south-bound run just out of San Antonio in the mountainous region between that point and San Antonio. Pilots Paul Vance and McConaughey are flying the mail between these points, alternating with two days' flying and two-day layoff. The mail plane leaves here at 5 p. m. immediately after the arrival of the eastbound Los Angeles-Dallas S.A.F.E. passenger and mail plane.

That action between Big Spring and Fort Worth also will be lighted within the next few days, inasmuch as the east-bound craft runs into darkness soon after taking off from this city.

Beacons have been installed at Santo, Eastland, Weatherford, Baird, Merkel and Westbrook, according to an announcement made at Abilene Saturday by J. W. Gallion, inspector of airway construction.

Emergency landing fields have been arranged for at Westbrook, Merkel, Baird and Weatherford.

C. R. Smith, vice president and general manager of Southern Air Fast Express, stopped here Friday, en route to Los Angeles. In his party were Inspector Vance and C. R. Smith, vice president and general manager of the United States Airmail division, and Mr. Henshaw, public relations official of the Aviation Corporation.

Workmen are busy at the local airport constructing the addition to the administration building. As soon as it is completed, offices of Lee Garner, manager, and Sam Hurry, radio operator, will be moved to the new addition. The other wing better used for quarters and baggage, the radio shop will be housed in the next addition. It is thought the wing will be ready for occupancy soon after December 1.

When the building is completed, installation of the new radio radio unit will be attempted, which allows varied communications between float planes and pilots of ships. The radio will be installed by C. C. Galt, radio technician, Houston, Texas.

Subsequent to this, the radio unit will be installed by C. C. Galt, radio technician, Houston, Texas.

### Midland County Man Shot In Bed

MIDLAND, Texas, Nov. 22 (AP)—O. O. Ball, 47, was shot fatally as he lay in bed with his wife, and a four-year-old child last night at their home in eastern Midland county. Four other children were sleeping in an adjoining room. A stab wound was found near the victim.

### Howard County's Scholastic Total For Year 5,287

AUSTIN, Nov. 22—Howard county's scholastic population for 1930 is 5,287, a gain of 1,682 over the closing year, according to final figures of the department of education.

As a result, the schools will receive \$29,435 more in 1931 or the \$17.50 state scholastic apportionment. The scholastic age this year was reduced from seven to six years, and the state total of scholastics was increased 126,736 to 5,643,595.

### D. DILLARD MOVES

Dr. and Mrs. J. R. Dillard will move early this week to an apartment on Floor 11 of the Settles Hotel. Mrs. Dillard is returning from El Paso, where she has been for several weeks.

### Oil Operators Join In Request for More Rigorous Rules To Aid Them In Cutting Production; Commission To Act Quickly

AUSTIN, Tex., Nov. 22 (AP)—An appeal for more production control rules in the oil-producing districts of the state was made today in a request to the state railroad commission for more stringent rules to aid them in cutting production.

The commission promised early action on the order fixing a production schedule for the next 60 days. The order probably will be issued Monday, since November 25 was set as the starting date for the 60-day period.

If the commission accepts recommendations of the operators, the order will provide an allowable output of 680,000 barrels; strict enforcement of the common purchaser act; limitation of 50 barrels a

## School League Organizes Six-Day Week Teachers Of County Pick John Coffey

CHICAGO, Nov. 22 (AP)—The teachers of the county are organizing a six-day week, after nearly two weeks of conference. A support of a proposal for a six-day week, as a means of relieving unemployment in the ranks of the workers.

A. F. Whitney, president of the Board of Education of Howard county, has made the arrangement on behalf of his colleagues. At the same time a formal statement was issued, according to a general conference of interests involved in the dispute, the question of a six-day week would be referred to the county board.

A meeting is to be held at Cleburne December 1 to vote on the plan for the conference. A long conference before definite decisions on the proposed change in working hours can be made, was suggested by the interested parties.

The Cleveland meeting, it was indicated, would be held on Monday, November 25, at 10 a. m. in the high school building, which had been reserved for an alternative. The six-day week would be a membership of 2,000 out of a population of 21,000 in the county.

After the Cleveland conference, Whitney said, proposals for a six-day working day would be submitted to railway executives.

If these executives refused to accept the matter would go to the federal mediation board. If the action came from that body, the president would be called on to appoint an emergency arbitration board. Lacking a decision there, Congress would be called in.

These steps would be taken in accordance with the revised railway laws.

### County Educators Hold All-Day Sessions Here Saturday

John Coffey, Big Spring, was elected director general of the County Interscholastic League, at an all-day session of the Howard county Teachers' Institute, held in the district courtroom Saturday.

Frank Boyle, Big Spring high school, was elected director of athletics for the rural school unit.

Other officials of the league who were named Saturday, were:

(CONTINUED ON PAGE 12)

### Less Loss By Fire Here With Larger Force

Although Big Spring's fire loss in January 1 to October 15 has already exceeded the total of 1929, very little loss has been sustained since a regular fire department was placed on duty 21 hours a day. It is believed from a letter written by J. W. DeWesse, fire insurance commissioner, to V. R. Smitham, city manager.

From July 12, only two fires were on duty, a volunteer force being used. From January 1 to July 12 the total fire loss was \$34,157. This included \$27,128 damages to buildings and \$7,029 damages to contents.

From July 12, when the regular department of six men was working, all losses were put into the hands of the regular force until October 17, the total loss was \$10,000.

(CONTINUED ON PAGE 12)

### Bullets End Life Of Leopard Killer Of Littlefield Child After Petition From Citizens, Including Boy's Dad

LITTLEFIELD, Nov. 22 (AP)—Two bullets this afternoon ended the life of the leopard which a week ago bit a child, wounded four-year-old James Eyles in a drug store here.

Upon presentation of a petition signed by Littlefield citizens, T. Wade Potter, Littlefield county attorney, granted permission for return of the leopard from Clovis, N. M., to which it had been taken by authorities after attacking the child.

O. H. Brown, Littlefield chief of police, and Bob Cox of Littlefield, carried the caged cat from Clovis and killed it at Littlefield.

### The Weather

FOUR AST. West Texas: Partly cloudy Sunday and Monday; rain is rising temperature in the Panhandle Monday.

Five TEXAS: Partly cloudy, slightly warmer in south portion in afternoon Sunday; Monday, probably late. Light to moderate northerly winds on the coast.

Six OKLAHOMA: Partly cloudy; Monday, late, slightly rising temperature. Partly cloudy Sunday; Monday, generally fair; little change in temperature.

## \$900,000 Sum Set By Court For Program

Howard county voters will go to the polls December 23 when they will either accept or reject a \$900,000 road bond issue for the construction of highways and lateral roads, it was decided at a called meeting of the county commissioners held Saturday afternoon.

The order calling the election and setting December 23 as the date, was passed unanimously. W. B. Sneed made the motion the order be passed, and Bete Johnson seconded.

Petitions Presented

The orders were signed by four commissioners and County Judge H. R. Debenport, and M. H. Morrison, chairman of the Howard County Good Roads Committee, and C. T. Watson, manager of the Chamber of Commerce, presented petitions bearing the signatures of 371 voters asking for the election. The petitions were filed with the order.

The order calls for an issue of \$900,000 with which to construct a paved highway north and south over the present state highway designation No. 1, running east and west, also will be reconstructed. The rest of the money will be used in building and improving lateral roads in the county. Passing of the order Saturday afternoon was the beginning of what is expected to be a strenuous campaign for the passage of the issue. Although only tentative plans have been adopted, a program which will carry advocates of the bond issue into every corner of the county will be followed up.

The first speaking in favor of the bond was held Saturday night at Bete Johnson, M. H. Morrison ad.

## Bar Ponders New District Court In City

District Lawyers To Meet Here December 1 For Discussion

The matter of creating a new district court in the present district court building will be taken up at a meeting of lawyers of the district association to be held here the night of Dec. 1. It was announced Saturday by Clyde S. Thomas, local attorney.

Thomas acted as chairman at a meeting of the local bar held Saturday afternoon at which preliminary plans for the session were made.

A banquet will be given prior to the business meeting. The district session has been called by C. H. Ernest, Colorado attorney, president of the district association.

James Little, C. E. Rogers, and Judge H. R. Debenport are on the arrangements committee, with Garland A. Woodruff, Charles Sullivan and Wilburn Burgess as the program committee. The finance committee is composed of Cecil B. Colburn, M. H. Morrison and E. F. Dumas.

The purpose of the meeting is to discuss a method of equalizing the district and to review the proposal of a new court district for the county. Although it seems to be the consensus that Howard county is not in need of a separate district, it is believed by local attorneys that a new court session is needed.

At the present time only 12 weeks court is held in this county. At the present time civil justice is crowded seven hundred cases remaining to be tried. Of this twelve weeks, about half is devoted to trial of criminal cases, as District Judge Fritz H. Smith has the policy of trying all suspected criminals.

## County And City Educators To Visit Convention

Miss Pauline Cantrell, county superintendent, will attend the 52nd Annual State Teachers' Convention, to be held at Houston, Thursday, Friday and Saturday of this week.

Mrs. Ermine Favors Bishop, teacher in the Vincent School, also will attend the session. It is thought other rural school teachers will attend.

W. C. Blankenship, superintendent of Big Spring schools, announced Saturday he would attend the three day session of the state body. It is possible other teachers and principals of local schools will attend.

L. A. Woods, Waco, who will discuss rural school problems and how to solve them through the superintendent, is one of the principal speakers at the county superintendent's banquet. Mattie Epperson, Paris, will discuss a rural library through the superintendent, and Dr. Edgar W. Knight, professor of rural education, University of North Carolina, will speak on educational program through the superintendent.

## Oil Notes

Trails have been moved in for H. A. Albaugh, No. 1 J. Robinson, center, northwest quarter, section 46, block M. E. L. & R. H. survey, Dawson county. Mr. Albaugh resides in Big Spring.

Merrick & Lamb's No. 16 H. R. Clay, Howard county, produced 34 barrels initially from sands drilled at 1795-1823 feet, 1868-73 feet and 1888-93 feet.

Greene Oil & Refining company and Getty Petroleum company's No. 1 Denman, in the east half of the northeast quarter of section 14, block 30, township 1 south, Howard county, wildcat, was shot with sixty quarts from 2790-2816 feet this week. It is in a new area in the eastern section of the county opened several months ago by Sinclair's No. 1 Dodge Estate.

Daily crude oil runs to West Texas refineries for the week ending November 15 were: Big Spring Refining company, 1477 barrels; Couden Oil company, 9317 barrels; Great West Refining company, 2830 barrels.

## Nine Counties Gin Total of 87,825 Bales

Nine counties in this section of West Texas had ginned 87,825 bales of cotton of the 1930 crop, to November 1, compared with 107,891 bales to the same date last year, according to government figures.

Ginnings by counties for the two seasons, listing 1930 first: Lynn, 15,574-15,971; Martin, 4139-5977; Mitchell, 11,048-13,131; Nolan, 5183-7809; Scurry, 11,192-11,897; Taylor, 9785-17,365; Dawson, 18,009-13,760; Gaines, 1429-1773; Howard, 11,162-12,888.

## Communications From Readers

The Herald will print communications that are acceptable to it. They must be free of libel and personal abuse. Short ones will be given preference. Authors names and addresses must be given for publication. Only original communication addressed to the Herald will be printed; open letters or letters otherwise addressed to various persons in public life are not acceptable.

## Mexican Boy Scouts Hold First Meeting

At the first meeting of the members of Boy Scout troop No. 5, composed of boys enrolled in the Mexican school, the following attended: Pilar Yáñez, Jose Hernandez, Federico Aleman, Chon Marquez, Antonio Garcia, Luis Contreras, David Pizarra, Francisco Martinez, Pradeses Mancha, Romulo, or more than 33 times doña Claveria, Victoria Yáñez around the world during the last Aureliano Caceres, Ruben May

quez, Joe Mancha, John R. Hutto, principal of the school, and Juan Garcia, are in charge. Bob Bassett, of Troop 4 and J. H. Smith and Phillip Stuzer, leaders of other troops, met with the Mexican boys who are sponsored in the newly organized troop by the Lions club.

## Editor, Herald

Permit me through your columns to express my appreciation for your splendid paper. I say a word to our independent merchants.

The chain store is a thing of the future. The trucks and buses have supplanted the railroads and at this time we have thousands of railroad men with heavy years of experience out of the service. This was not happened to us when we allowed these road hog operators to monopolize our splendid system of railroads. They have not only put railroad men on the tramp but have endangered the investment of millions of dollars in these railroads. They are saving our highways and practically neglect while the railroads spend millions yearly for the upkeep of their property. Their trucks alone enable us to maintain our boasted splendid schools. Remove the T. & P. payroll from Big Spring and where in the world would we be? Answer me that.

For several months past you have urged us to spend our money at the home owned store and the railroad men are the ones who are being left out of the picture. We want you to stay and we want to stay. In the words of railroad men, let's act up, boys together.

The enactment of the laws at the next session of the legislature all that can save us. Force the truck lines to build their own highways and their overhead will put them where they ought to be out of business. Write your representatives at once and urge him to support such legislation. In the meantime we will be spending our money with those who take advantage of the splendid service now offered by the railroad that has helped make Big Spring what it is today.

Walter A. Miller, Big Spring

## Bisco Man Amplifies Statement On Road

W. L. Williams of the Bisco community, who attended the rally here Wednesday when a county-wide road repair campaign was started, stated The Herald Saturday to more explicitly state his remarks at the meeting.

Alabama ginned 964,749 running bales of cotton prior to October 15, 1932.

Grady Kinsolving, Corpus Christi, president, and Ray Lester, manager, were re-elected yesterday at the closing session of that body at the closing session of the annual convention here.

### Final Figure On Population Of U. S. Is Given

WASHINGTON, Nov. 22. (AP)—The 1930 population of the United States is 123,775,040.

This figure was announced today by the census bureau as the final total of the population it started at the beginning of the year. Its revisions have been completed.

The census report shows the number of inhabitants of the United States increased in the preceding decade by 17,641,326, or 16.1 per cent. The 1920 population was 106,133,714.

In the column showing the percentage of increase by states was a key to several important trends in the past ten years. Leading in this table was California with 63.7 per cent, Florida on its heels with 51.8, both showing the pull of climatic attractions. Third with 32 per cent was in Michigan, center of the first growing automobile industry. Fourth was Arizona with 30.2. New Jersey had 28.1, suggestive of the shift from metropolises to adjacent suburban territory. Texas, 24.9, and North Carolina, 23.3, pointed to the southern advance in industry and agriculture. Oregon had 21.8, a symptom of the westward shift. New York, ninth in rank, had 21.2.

For tenth place West Virginia and Louisiana tied at 18.1 per cent. California led also in total gains, adding 2,250,390 inhabitants, while New York state gained 2,202,839.

Michigan, Texas and Illinois were the only other states to gain more than one million. Only one state, Montana, lost population, dropping 11,287.

Today's announcement included the outlying territories and possessions, except for the Philippine Islands. Substantial increases were shown by Porto Rico, Hawaii, and the Canal Zone, with the Virgin Islands the only loser.

Final population figures by states gave Texas 5,821,715, an increase of 1,161,487; Kansas 1,860,999, increase 311,742; Arkansas 1,851,482, increase 302,278; Louisiana 2,161,593, increase 302,081; Oklahoma 2,396,040, increase 367,757; Colorado 1,035,791, increase 96,162; New Mexico 423,317, increase 62,967; Arizona 435,573, increase 101,411.

### Suit On Will Of Mrs. Waggoner Reported Settled

FORT WORTH, Nov. 22. (AP)—The suit of Mrs. Leora Wharton of Los Angeles W. T. Waggoner and others, contesting the will of the late Mrs. Electra Waggoner Gilmore, has been dismissed on motion of the plaintiff's counsel, J. H. Barwise, attorney for the defense announced last night.

The original petition asserted Mrs. Gilmore was of unsound mind and was unduly influenced at the time her will was drafted. Barwise stated that attorneys for the plaintiff had moved to dismiss the case at their own cost, after an investigation and after testimony had been introduced at a county court hearing, tending to show that Mrs. Gilmore was of unsound mind and was unduly influenced in preparing the instrument.

Barwise said Tom Wharton, husband of Mrs. Leora Wharton, was willed one-half of the estate of his mother, to be held in trust by W. T. Waggoner, Fort Worth oil man and stock breeder. The Whartons were married in August, 1927. Wharton died at Hot Springs, Ark., Oct. 9, 1928.

The attorney explained that the estate consisted mainly of oil properties in Wichita, Wilbarger, Bowie, Archer and Foard counties. SAVE, you save at least twenty cents on every dollar on watches, diamonds, jewelry and silverware that you buy through us. Make us prove it by getting our prices on any standard article. Wilkes 122 Main.—adv. The United States bureau of forestry has made a plea to Kansas to plant more trees, especially in western parts of the state.

### Term of Infantile Paralysis May Be Found By Science

NEW YORK, Nov. 22. (AP)—In an unidentified substance appearing in the form of elongated particles, which was taken from a victim of the disease, science hopes to have found the long-sought germ of infantile paralysis.

Dr. Sergius P. Grace, vice-president of the Bell Telephone Co. told the science forum last night that Francis F. Lucas of the company's laboratories had photographed with his ultra-violet microscope a germ which had never been seen before and the significance of which still is in doubt.

"But he has apparently found something new," Mr. Grace said, "and it may lead to some important knowledge about this disease which may prove a great boon to mankind."

The ultra-violet microscope, most powerful of any type, was developed by Mr. Lucas, for the study of metals. Later, it was found to be of great value in analyzing biological and medical specimens, since it permits examination of the inside of a living cell without damaging the cell.

### Natalie Moorhead To Marry Director Of Screen Pictures

HOLLYWOOD, Calif., Nov. 22. (AP) Natalie Moorhead, blonde vamp of the screen, has announced her engagement to Alan Crossland, film director. She said they plan to marry within two weeks. Miss Moorhead declared she is a vamp for the cinema only, observing "most men prefer to do the vamping themselves."

# The Blowout Proof Tire

*Sweeps aside all standard air pressures—makes riding softer, easier*

**SAFER FROM ALL SKIDDING HAZARDS**

THE above photograph made from slow motion movies shows you the amazing result of skid tests on wet pavements! It pictures a new, sure kind of safety for the slippery season that's just around the corner—true skid-safety such as you have never known before!

Stiff, hard tires slip and slide. The tire that runs with extreme low air pressure is soft—skid-safe! It grips and clings, gives sure, safe traction on any road. It fulfills the most important purpose of pneumatic tires.

### Compare These Low Pressures!

General Dual Balloon	Others recommend
Buick 6—132" W.B. .... 24 to 28	32 to 42
Buick 6—124" W.B. .... 26	34 to 36
Buick—118" W.B. .... 26 to 29	32 to 40
Cadillac 8—All models .... 29	40
Chevrolet—All models .... 24	35 to 38
Chrysler—All models .... 24	35
Ford—All models .... 20	35
Hudson .... 22 to 26	40
LaSalle—All models .... 28	40
Nash 6 and 8—All models .... 26	30 to 35
Packard—All models .... 26	40
Studebaker 6 and 8 .... 22 to 28	35 to 40

*These pressures are for rear tires. In front tires, for easier steering, use a few pounds more air.*

#### Skid Test Results

(See Photo Above)

Successful turns with General Dual Balloons on wet slippery pavement at 47 miles per hour! 25 miles per hour faster than any other tires were able to go without excessive skidding!

Low pressure General Dual Balloons give you this remarkable extra safety margin for sudden curves, unavoidable turns and hairline stops.

High-speed turns are hazards no motorist likes to face. But every slippery mile of fall or winter driving holds its threat of emergency when you must turn quick, stop quick, or crash—when driving skill means little and the whole responsibility rests entirely on your rubber.

General Dual Balloons are made for just such moments. True low air pressure is the reason. The chart on the right tells the story. Notice the amazing difference in these low pressures, compared with the recommended higher pressures of other tires.

Come in and see this astonishing difference revealed by slow motion movies. Then you can make sure of safety for the slippery weather just ahead.

## The Sweeping Safety-First Trade-in Sale

Equipping Hundreds for Skid-free Fall and Winter Driving—And Year-Around Blowout-Proof Easy Riding that Challenges Any Comparison

CRUDE rubber selling below production cost! An unequalled opportunity to cash in your old tires and buy skid-safe Blowout-Proof Generals. Rubber at less than 10c per pound alone means unprecedented saving!

On top of that, we allow extra value for every mile unused in your tires, regardless of make or condition—trade-in allowance increased especially for this tremendous safety-first campaign.

Never before such an opportunity to equip at these low costs. No motorist need run another mile on risky tires. Terms arranged gladly. Charge accounts or time payments if desired.

The skidding bill of America is larger than the tire bill.

# "The Big Trail" Comes To R. & R. Ritz Theatre Today

## First Epic of Frontier In Sound Achieves Success As Pictorial Masterpiece

By HERALD STAFFERS  
The Big Trail, a colossal melodrama of the Missouri Ozark mountains, is now being shown in the R. & R. Ritz theatre. It is the first picture of its kind to be shown in this city. The picture is a masterpiece of pictorial art and is a real triumph for the Ritz theatre.

The picture is a masterpiece of pictorial art and is a real triumph for the Ritz theatre. It is the first picture of its kind to be shown in this city. The picture is a masterpiece of pictorial art and is a real triumph for the Ritz theatre.

### Haines Plays In Western Picture At Ritz Theatre

William Haines, latest talking star, "Way Out West" will open Wednesday at the Ritz theatre with a cast which includes Lena Hyatt, Polly Moran, Cliff Edwards, Francis X. Bushman, Jr., Vera Moran, Charles Middleton, Jack Dennis, Buddy Roosevelt and Jay Wiley. The story, which is the work of Byron Morgan and Alfred Block, was directed by Fred Niblo and is the veteran director's first comedy in seven years.

### Ann Harding Has Lead In "Girl Of The Golden West"

The wistful appeal of Ann Harding stands out as the vivid spot of light in "Girl of the Golden West," which will open Friday at the Ritz theatre.

The story of this First National and Vitaphone feature was taken from David Belasco's powerful stage drama bearing the same name, which had a steady run for over two years in New York.

### Romance Amid Danger And Treachery In "The Big Trail"

Glorious young love that blossomed between a youth of the plains, John Wayne, and a daughter of the old South, Marguerite Churchill, leavened the hardships, privations and dangers of the interminable road to the land of promise. A scene from Raoul Walsh's gripping pictorial treatment of the historic trek of pioneers over the prairies, "The Big Trail", Fox Movietone production.

### Two Midnight Matinees At Ritz Theatre During Week To Be Marked by Fine Plays

Two midnight matinees will be presented this week at the R. & R. Ritz.

Wednesday evening at 11:20 o'clock the annual Thanksgiving Eve program will be featured by "Raffles" starring Ronald Colman.

The regular Saturday evening matinee, opening at 11:30 p. m. will feature Una Merkel and John Holland in "Eyes of the World."

Ronald Colman reverts back to his own childhood in "Raffles." As the famous "Amateur Cricketer" in this melodramatic success Mr. Colman engaged in both his favorite sports, motoring and cricket.

Colman didn't need any assistance in playing the cricket scenes. During his boyhood in England he was a member of the Hatley College team of Littlehampton. Later he played in the Inter-regimental League representing the London Scottish.

In many respects Una Merkel, who appears in "Eyes of the World," resembles Cinderella of the world.

Both are unassuming and both took the bricks and bouquets of life with a smile.

At one time she was an extra working for D. W. Griffith, "doubting" Lillian Gish and getting \$5 a day for it, at that.

She graduated from night school with a dramatic course and was given a small part in "Two by Two." The part consisted of two lines and the play lasted two weeks.

Soon afterward fate gave the leading lady of "Pigs" a cold or something. Director John Golden was desperate. Where could he get a substitute on a day's notice? Una Merkel got the job because she had memorized the play in three days after seeing it.

She appeared in many successes and now is sitting on top of the world.

Fort Mason, San Francisco, army supply depot for the western United States and Pacific area, handles 80,000 tons of supplies yearly for transshipment.

Ruth Cameron in "The Heart of a Heroine" is the heroine of the story. The role is entrusted to Marguerite Churchill. As the frame that surrounds the story is a tale of the treacherous days of the Civil War, with her young husband, and her sister, she is a heroine of the story.

David Harkness is the villain, Ruth's brother-in-law. He is the villain of the story, and he is the villain of the story.

Terme... and voice... and voice... and voice...

On the other hand she instantly falls in love with the dashing Dick Johnson, who mysteriously rides into town. He is a "bad man" and is planning to rob Minnie's saloon, which also serves as a depository for the miners' gold dust. Johnson really is Hamirez, the notorious bad-guy, who is being sought from one end of California to the other by the ever-vigilant agents of the Wells Fargo express. It is in those scenes that the thrilling story begins, and the novel twist of the picture together with the beautiful settings and expert characterizations, hold the audience spellbound from start to finish.

James Henshale's highly effective as Johnson and gives a performance that is convincing in its simplicity. He plays the role with a certain wildness, as a most effective foil for Miss Harding's noble and noble again. Marguerite as Minnie, undoubtedly portrays the most excellent and powerful roles in her screen career. Harry Bannister (Ann Harding's husband) is the "heavy" in the role of Bunker. Ben Hebert, Jr., J. Farrell MacDonald, George Cooper, Johnny Walker, Arthur Stone, Arthur Housman and many others make up a really superb cast.

The picture is colorfully set against the outdoor background of the Sierra Nevada in the gold country of the wild and lawless West. John Francis Dillon, who directed this First National picture from Waldemar Young's screen adaptation, has apparently gone to much expense and labor in bringing the story of "The Big Trail" to the screen.

### "Sinners' Holiday" At Queen Monday, Tuesday

One of Marie Baumer's most successful stage hits, "Sinners' Holiday," was adapted to the screen by Harvey Thew, with dialogue by George Rosener, is the Warner Brothers and Vitaphone production which comes to the Queen Theatre Monday and Tuesday.

Grant Withers and Evalyn Knapp head the all-star cast, which includes Lucille La Verne, James Cagney, Warren Hymer, Hank Mann, Ray Gallagher, Purcell B. Pratt, Joan Blondell, Otto Hoffman and others.

## R AND R RITZ TODAY MON. - TUES.

  - Monday, Tuesday— "Sinners' Holiday" with Grant Withers and Evalyn Knapp.
  - Wednesday, Thursday— "Scarlet Pages," with Marian Nixon.
  - Friday, Saturday— "Danger Lights," with Louis Wolheim, Jean Arthur, Robert Armstrong.

### WHY TRY 'EM? Will Rogers Gives His Plan For Dealing With Nation's Murderers

Well all I know is just what I read in the papers. And about all you read is a Murder, A Robbery, Another Murder, Another Robbery. Then a train hits a loaded Auto. (They never hit 'em till they are loaded.) The reason why more people are killed by a train is because there is so few really loaded Autos. An Engineer is careful that way, he won't hit a car with only one or two in it, he watches close and always calls his shots and gets a convey of em.

Then in between these above mentioned Columns in the News-papers there will be a fellow in the home town that has just killed his wife and attempted to kill himself. That brings up another old conundrum. Why is it that an attempted suicide that is going to kill somebody else along with him, if why is it they never miss the other party but they are poor shots on themselves? You would think on themselves as they are to themselves that they couldn't miss. But they must generally miss. They seem to be able to hit everybody else they shoot at but themselves. Out here in Los Angeles the other day we had a fellow who wanted his wife killed and he was going to kill her himself, and then missing himself, he had another fellow to do it, and what do you think he did? He hit her. One dollar and thirty cents, and he went in and got her in her bed, and all he got for it was \$120. He admitted it. The husband admitted it. That about holds the record for low wages. That's a mighty poor job for our Town where they are working for that kind of pay. Murder by contract has always been a fairly well paid industry out here in Chicago and New York, of course there has been an over supply of men in that business, but in these outlying Villages it has always cost anyone pretty dear to have someone in that type of work. But this old law just did for \$120 and all in time. AND THEY ARE TRYING HIM A YEAR. A community that would not be the capital of crime is held that way there about all we have. There's some things they do beyond the law.

Then in between all these things about Sunday and Monday paper he always have space Auto accidents that happen on way home from Football. It looks like the power the Herald the biggest accidents.

Plenty of Advice

And I don't care how long the season is, the equality list will be bigger. They run about two C-grades and one student injured to each point made by the team. Then you must always have one Column on the front page for Prominent men to Predict Prosperity in May. It will be a big thing and Mr. T. P. F. Everything is the Guest of Honor. Maybe he got into selling "Not to Cards" or Machine Guns. But the associated P. C. engages him to do something that "The trend is upward."

Then there is always a Column for Russia, for they will have been in some kind of default during the previous night. Last week they said the World was plotting against them. Then another the men that have it in for you. Well these will get all their people excited over that, and that will be in the period for awhile till somebody thinks of something else. Rural or the Auto accidents that happen on our way home from Football then they have to have a pretty fair grade of taxation to stick

has come nearer doing it than anyone we ever had during our time. He jumps up and slaps some Johnny down with a statement more often than any other man that ever lived. He gets on there once a week or more, if he is going good. He keeps France so busy denying and denouncing that they don't know what its all about. Bernard Shaw can make the front page any time he wants to express an opinion about anything. Tom Einstein's Theory, to the cultivation of Whiskers or Birth Control among Authors. He is the highest paid A Union in the World yet he has given away more free stuff to the papers than any man that ever lived. For everything he ever said was news, and everything any other Author ever said was Publicity.

The poor old Editorial pages are just about empty. Nothing that is not surrounded by pictures of the petted hills. Will be around any more. The readers don't want to see any more of that kind of stuff. The country has been advised to death. An editorial might explain the right course for everyone to pursue, but who wants to pursue it? An Editorial is supposed to be the guide of the day. Copy writing books, a new one is supposed to be published but it has not been published. A Column on Mary Queen of Scots, the last is to have appeared that what Queen is going to appear in. Her and Oh. They got in Australia and got in an argument and made an agreement to have a new page of what they had. They will have to leave room with another President. So now we have a lot of "Publicity" that is not surrounded by pictures of the petted hills. It is the wrong fellow. It ought to be something, never spend a dime on an elected President from any of those Countries till he is in any way of us who take the whole world. There is only a difference between the Poles and the White Russians that is not in the Country is thoroughly adjusted. Later ever in Germany or have that the column pretty much here, with a smaller recognition. He has not about run out of his pocket. You just ever they will all be in the paper to our that, and page continues. It is really hard, sometimes it is hard to see what you are doing, you continue to put it enough things to do. Misreading it, but you go to have it every day.

and its intelligence is always keeping with its readers.

(Copyright, 1920, by the McNaught Syndicate, Inc.)

### The Elbow Signal

The students of Elbow school have organized a staff to handle news of the school and community in The Herald and under the above title for their particular department.

Orville Low was named editor. Editors for various grades are: tenth, Ide Horton; ninth, Wilbur Ford; eighth, Beatrice Wheeler; seventh, Lamora Bruton; Charlie Benton and Dorothy Caudle are assistant editors.

### TO PLAY FORSAK

Elbow junior and senior girls and junior boys basketball teams will play for Forsak Tuesday for games with the teams of that school.

### IN SHIR BOYS WIN

A mixed team of Elbow junior boys defeated Forsak last Tuesday on the Elbow court 8 to 9.

### ENROLLMENT GROWS

Enrollment in Elbow school has risen a pretty good figure. The school has now 288. Two high school students were lost, boys, Doris and Ewell. Mrs. W. J. C. will be moving to Brownwood.

Miss Thelma Boyd spent the week-end with her parents at Ft. Worth, Texas.

Miss McMurtry was absent from school two days because of illness.

### INTERMEDIATE HONOR ROLL

The crops are being gathered very slowly because of bad weather, making an average grade there.

### Primary Honor Roll

The honor roll for the past month in the primary room is: Frank Bartlett, L. A. Ford, Raymond Cotter and Lawrence Coleman.

Two pot plants have been given the primary room, adding much to attractiveness of the room.

The third grade has already begun thinking of and planning a Christmas program.

Mr. and Mrs. C. V. Potter of Hunt county spent the week-end with their parents. Mr. and Mrs. L. J. Low and Mr. and Mrs. W. H. Catter.

Mrs. Roy Bates Jr. spent last week with her parents. Mr. and Mrs. L. A. Ford.

The three Duncan children have been absent several days because of illness.

Miss Thelma Boyd spent the week-end with her parents at Ft. Worth, Texas.

The crops are being gathered very slowly because of bad weather, making an average grade there.

### Three Automobiles Stolen During Night

Three automobiles were stolen in Big Spring Friday night, according to deputies of the sheriff's department. A Plymouth coupe, belonging to E. T. Holley, 3106 Main street; a Dodge coupe, owned by Mrs. J. L. Lawson, East Third; and a Ford coupe, belonging to Mr. Echols, 102 North Second street, were taken.

## You'll go to bed WITH A SMILE

You can rest content when you bring your Ford here for service. You know that the job's done right and that everything's running smoothly. Low charges. Genuine Ford parts. And a guarantee that your car will be ready at the hour promised.

Our mechanics have been specially trained and our equipment is as new and modern as the Ford itself. Ask about the periodic inspection service that helps to keep your Ford miles ahead of trouble.

Complete stock of parts, tires, and accessories. Also special facilities for washing, polishing and painting.

## SPECIALIZED Greasing Job FREE!

To All Car Owners

Important Announcement!

Mr. Goodwyn, Representative and Lubrication Specialist with the Vacuum Oil Company, will be at this station

### Monday and Tuesday, Nov. 24-25

for the purpose of acquainting the people of this section with Our New Specialized Greasing Service

WE WILL CORRECTLY LUBRICATE YOUR CAR

1. MOBIL-GREASE For Chassis and Steering and some Transmissions and Differentials where a grease of this character and quality is required. It resists heat and water, and lasts longer.
2. VOCO-UNIVERSAL JOINT GREASE To withstand centrifugal action of the joints and correctly lubricate.
3. VOCO WATER PROOF GREASE To correctly seal the glands of all water pumps and prevent leakage and wear.
4. VOCO WHEEL BEARING GREASE To correctly lubricate all wheel bearings. It resists high temperatures, and will not leak through to brake bands, causing slippage and ultimate replacement of brake bands.

WE ARE ALSO EQUIPPED WITH A GEAR FLUSHER TO THOROUGHLY CLEAN UP YOUR TRANSMISSION AND DIFFERENTIALS. THERE IS NO EXTRA CHARGE FOR THIS SERVICE. YOU PAY ONLY FOR THE FEW POUNDS OF LUBRICANTS USED. OUR CHARGES ARE NO HIGHER THAN YOU PAY FOR UNRELIABLE SERVICE WHERE ONE OR TWO GREASES ARE USED. IF ALWAYS OUR SINCERE DESIRE TO GIVE OUR CUSTOMERS THE BEST. TRY THIS NEW SERVICE NOW AND EXPERIENCE A NEW THING IN DRIVING YOUR CAR.

## Notre Dame Defeats Northwestern In Final Minutes 14-0

### Those Irish Maulers Make Two Touchdowns and Fight For Third In Last Quarter

#### Northwestern Misses Two Opportunities In First and Second Stanzas to Drive Touchdowns Across Marker

BY CHARLES W. DUNKLEY, Associated Press Sports Writer  
DUCHE STADIUM, EVANSTON, Ill., Nov. 22 (AP).—Notre Dame, marching on to America's football championship, defeated the hitherto unbeaten Northwestern eleven 14 to 0, as the seconds were clicking off precious time in the closing minutes of the game.

### Nebraska Bows To Battling Hawkeyes

TOWNSHIP, IOWA, Nov. 22 (AP).—Nebraska's leading Hawkeye football team today defeated the Cornhuskers 12 to 0 in a game that was a real battle. The Cornhuskers were held to a field goal in the first quarter and a touchdown in the second quarter. The Hawkeyes scored a touchdown in the third quarter and a field goal in the fourth quarter.

### Bucaroos Oust San Angelo Bobcats

Special to The Herald  
BRICKENRIDGE, TEX., Nov. 22 (AP).—The Bucaroos today defeated the San Angelo Bobcats 14 to 0 in a game that was a real battle. The Bucaroos scored a touchdown in the first quarter and a field goal in the second quarter. The Bobcats scored a field goal in the third quarter.

### GOPHERS LOSE TO WISCONSIN

MADISON, Wis., Nov. 22 (AP).—An inspired Wisconsin team today defeated the Gophers 14 to 0 in a game that was a real battle. The Gophers scored a field goal in the first quarter and a touchdown in the second quarter. The Wisconsin team scored a touchdown in the third quarter and a field goal in the fourth quarter.

### DRAKE DOWNS IOWA ELEVEN

DES MOINES, Ia., Nov. 22 (AP).—The pent-up fury of the Iowa State College football attack today scoring through thirteen consecutive defenses, fared again today only to be Grand Sederberg. Drake substitute halfback on the third play before the final period, passed to Captain Lynn Kinn for a touchdown that gave Drake a 19 to 13 victory in the traditional battle.

### Spur Withdraws From Grid League

LUBBOCK, Nov. 22 (AP).—Spur high school officials today announced their withdrawal from the Texas Intercollegiate League. The school officials stated that they were unable to find a suitable opponent for the school's football team.

## PONIES PLUCK OWLS

### Another Rice Sophomores 32 to 0

Youngsters Hold Vets In First Quarter of Fray  
HOUSTON, Texas, Nov. 22 (AP).—The Fiving Mustangs of Southern University, University sophomore Rice today today 32 to 0, defeating their famous aerial attack with running plays. Two of Rice's touchdowns were made by the sophomore team.

Notre Dame's victory over Northwestern was a real battle. The Irish maulers made two touchdowns and fought for a third in the last quarter. Northwestern missed two opportunities in the first and second stanzas to drive touchdowns across the marker.

### Misses Country

There might have been a different story to tell if that Class B classic which was witnessed by 2,000 and 2,500 fans Friday afternoon at Buckle had not dropped a pass as he stood on the field. The game was a real battle and the outcome was a real surprise.

### Football Season To Youthful Player Is Just In Its Prime

The football season is nearly over to the greatest part of Big Spring residents, but to Frank Norman, 13-year-old gridiron advocate, it has just started. In fact, the youthful athlete will remember his Saturday afternoon game for several weeks to come.

### Belfast Bartenders, Widow and Clerk Share In Manchester Handicap Money

Forest in England, spent the day in a daze, for she had won \$200,000 because Nestorian, a 100 to 1 shot, had one in second, men and women on both sides of the ocean—all holders of sweepstakes tickets—were richer by sums which ran from \$100,000 to \$2,000.

## STANTON BISON FALLS BEFORE STEADY PUNCH OF MIDLAND BULLDOGS

### Victor Over Lions

Special to The Herald  
SWEETWATER, Nov. 22 (AP).—Sweetwater Mustangs ran and passed to a 31-13 victory over the Brownwood Lions here this afternoon in the last game of the season and the Mustangs' second victory of the season in the oil belt.

## Tigers Downed By Kansas

COLUMBIA, Mo., Nov. 22 (AP).—A superb Kansas football team, executing its running and air attack perfectly, swept to a 32 to 0 victory over a fighting but ineffective Missouri team today in their 39th annual contest. The victory, the most decisive in the history of this traditional contest, assured Kansas of a tie for the Big Six championship.

## INDIANA FIGHTS TO DEFEAT PARDUE

LAFAYETTE, Ind., Nov. 22 (AP).—A fighting underdog Indiana football eleven won in the last game of a disastrous season and upset Purdue 7 to 6 in the annual Hoosier gridiron classic.

## Kansas Aggies Tounce Centre

MANHATTAN, Kas., Nov. 22 (AP).—The Kansas Aggies tounded Centre today with a 12-0 victory over the sectional football contest here today, blanking the Kentuckians easily. Nigro scored three of the Aggie touchdowns. The Centre eleven showed a flimsy offensive power in a second period passing attack but otherwise was held to defensive tactics.

## Navy Conquers Maryland 6 to 0

ANNAPOLIS, Md., Nov. 22 (AP).—After two successive defeats, Navy started back on the road to victory today, defeating the University of Maryland, 6 to 0, in a renewal of the football rivalry that started in 1887. The Navy margin was gained on the second play of the game when Lou Kinn broke through his own right tackle and raced 65 yards for the only score. Maryland often threatened. The game was witnessed by 23,000, among them Charles Francis Adams, Secretary of the Navy, and Sir Ronald Lindsay, British ambassador.

## Stanford Routs Univ. California

BERKELEY, Calif., Nov. 22 (AP).—A valiant University of California defense that checked Stanford with one touchdown in the first half fell apart before powerful Cornell thrusts in the second half and went down to a record 41 to 0 defeat in the thirty-sixth annual contest between the two institutions.

## Little Jake Wilson Shines As Christians Are Victims Of Terrific Dope Upheaval

### Two Tallies In Final Seven Minutes Save Fort Worth Contingent From Suffering Top Heavy Defeat

BY GAYLE TALBOT, JR., Associated Press Sports Writer  
FORT WORTH, Tex., Nov. 22 (AP).—Texas Christian University's reign over Southwest Conference football circles was brought to an abrupt and definite close here today, when the Baylor Bears swept them off a bleak, wind-swept gridiron, 35 to 15, in the outstanding upset of the current season.

## Yale Defeated By Harvard 13 to 0

YALE BOWL, NEW HAVEN, Conn., Nov. 22 (AP).—Harvard's gridiron machine after a succession of mishaps along the football road this season, clicked on all cylinders today for the first time and flattened Yale with an sensational come-back before a crowd of 78,000 that packed the big blue bowl to capacity.

## Fordham Beats Bucknell 12-0

POLO GROUNDS, NEW YORK, Nov. 22 (AP).—Fordham's sturdy football team wound up its season today with a 12-0 victory over Bucknell, one of the best small college eleven in the east.

## GENTS DEFEAT TECH ELEVEN

RUSTON, La., Nov. 22 (AP).—A valiant University of California defense that checked Stanford with one touchdown in the first half fell apart before powerful Cornell thrusts in the second half and went down to a record 41 to 0 defeat in the thirty-sixth annual contest between the two institutions.

## Stanford Routs Univ. California

BERKELEY, Calif., Nov. 22 (AP).—A valiant University of California defense that checked Stanford with one touchdown in the first half fell apart before powerful Cornell thrusts in the second half and went down to a record 41 to 0 defeat in the thirty-sixth annual contest between the two institutions.

## ILLINOIS BOWS TO OHIO STATE

CHAMPAIGN, ILL., Nov. 22 (AP).—Ohio State reversed itself on Illinois today by defeating the Illini, 12 to 9, in a hard-fought football battle before 20,000 spectators.

## ARMY SECONDS BEAT URSINUS

MICHIE STADIUM, WEST POINT, N. Y., Nov. 22 (AP).—West Point's first team sat on the bench today while the second and third string Cadets ran over little Ursinus from Collegeville, Pa., 14 to 0.

# EVERYDAY QUESTIONS

Answered By  
**Dr. S. Parkes Cadman**

Questions from readers are answered by the Rev. Dr. S. Parkes Cadman, Radio Minister of the Federal Council of Churches of Christ in America. Dr. Cadman seeks to answer inquiries that appear to be representative of the trends of thought in the many letters which he receives.

Lexington, Ky. I would like to know why you churchmen interfere in political and national affairs. Don't you know that Americans resent that sort of thing?

Speaking broadly, every Church in America, Jewish or Christian, disavows interference in partisan politics, and is too careful of its own rights to trespass on those belonging to the state as the organ of the people's will.

But during the postwar period millions of patriotic churchmen have been concerned by what happened from 1914 to 1918 that Judaism and Christianity have been deliberately repudiated in the practice of theocratically civilized nations.

Why single out our Jewish brethren? The term "salvation" covers every process which redeems a soul from sin, transfers its activities to life's present aims, creates that character which secures God's approval and fosters those spiritual capacities without which heaven is a sheer impossibility.

The wisest doctors of the Church have long since expounded these truths. They have expounded authority, are identified with every believing person's actual experience and should be considered as a complete process of salvation in all its bearings of human life and destiny.

Jesus as the Christ, the agent of redemption, is the world's savior. The version of this process the papacy has created is the most heinous of all. It affects all their activities in behalf of permanent peace, and should be rejected as a complete process of salvation.

Plenty of people are not theologically minded. They are interested in the things of this world. They are interested in the things of this world. They are interested in the things of this world.

By no means do all scientists assert what you state. A large part of those who have an open mind on the issue grow more and more marked tendency among skeptical scientists to exclude from their consideration whatever is not measurable by their yardstick and comfortable to their methods of research.

When Sir Oliver Lodge declares that "a beneficent spiritual world is the ultimate reality behind all knowledge, he speaks not only as a specialist in science but as a profoundly cultured man who is not unacquainted with the religious calling. He is not a religious fanatic. He is not a religious fanatic.

Besides, human experience of God and the world and what is happening in that beneficent spiritual world, cannot be wiped out.

Charlotte, N. C. Is the salvation of sinners wholly dependent upon acceptance of Jesus Christ? If so, what about the Jews?

Why single out our Jewish brethren? The term "salvation" covers every process which redeems a soul from sin, transfers its activities to life's present aims, creates that character which secures God's approval and fosters those spiritual capacities without which heaven is a sheer impossibility.

The wisest doctors of the Church have long since expounded these truths. They have expounded authority, are identified with every believing person's actual experience and should be considered as a complete process of salvation in all its bearings of human life and destiny.

Jesus as the Christ, the agent of redemption, is the world's savior. The version of this process the papacy has created is the most heinous of all. It affects all their activities in behalf of permanent peace, and should be rejected as a complete process of salvation.

Plenty of people are not theologically minded. They are interested in the things of this world. They are interested in the things of this world. They are interested in the things of this world.

By no means do all scientists assert what you state. A large part of those who have an open mind on the issue grow more and more marked tendency among skeptical scientists to exclude from their consideration whatever is not measurable by their yardstick and comfortable to their methods of research.

## Youth Chased And Arrested For Passing Check

A youth, giving his age as 19 and his home Coahoma, was held in the Howard County jail Saturday night pending investigation of passing a check, alleged to have been forged, at the Grayson Cafe, 205 Main street, early Saturday night.

It is alleged by H. W. Seaman, proprietor of the cafe, that the youth purchased \$12 worth of wearing apparel and gave a check for \$12. The check was drawn on the First State Bank of Coahoma on the account of the Farmers' Cooperative Co. They were signed by K. O. Holladay, manager of the bank. Twenty dollars in change was given the youth. The youth, upon receiving the change, returned to the cafe and gave the change back to Seaman. He then returned to the cafe and gave the change back to Seaman. He then returned to the cafe and gave the change back to Seaman.

## Father Of Local Man Killed In Motor Accident

G. R. Hatley, 212 North Johnson street, was informed last night of the death of his father, C. J. Hatley, 70, who was killed near Chilton enroute from Waco to Lott, his home.

The car in which the elder Hatley was riding, after having been a witness in United States District court against Henry Lott, former cashier of the bank, on trial for alleged violations of the national banking laws, crashed into a truck which had broken down in the road with a cracked axle.

According to Associated Press dispatches, W. R. Taylor, president of the bank, and Percy Drove, of Lott's retail car, business and motor outfit.

## Thompson Jury Still In Deadlock

## RESTORING the SKIN to whiteness

AN INDISPENSABLE preparation for restoring the skin to Anti-Brown Spot Ointment. Before applying the ointment, a gentle and thorough skin scrubbing is necessary. I have given you all earlier lessons.

Next coat the skin with a protective layer of Orapay Skin Food. Then, using the fingers, rub the Anti-Brown Spot Ointment over the area to be treated, keeping your hands away from the eyes and lips. Almost immediately you will feel a refreshing sensation indicating the activity of the preparation. I will continue to help you to five minutes, depending on the condition of the skin. However, with the regular application of Orapay Oil.
