15-YEAR SAFETY AWARD—Employees of the Eastland Transmission Division of Texas Electric Service Company were presented a plaque Monday night for their outstanding safety achievement in completing 15 years without a lost-time injury. W. G. Marquardt, company vice president of operations, right, made the presentation to A. E. Ethridge Jr., transmission division superintendent, center, at a meeting of the employees at Lone Cedar County Club. The 43 employees of the transmission division worked 902,921 man-hours during the 15-year period ending July 5 when the

record was set. There has been no lost-time injury since that time to mar their record. Attending the meeting from the company's general office in Fort Worth were J. M. Pennebaker, superintendent of power, left; J. W. Godfrey, manager of transmissions services; C. K. Shelton, manager of safety services; and H. E. Stratton, assistant to the manager of transmission services. Also, R. S. Beard, R. D. Burton and K. R. Thompson, former transmission division superintendents and now in the company's general office, were present for the ceremony. (TESCO Photo)

Local Housing Is Big Topic At City Commission Meet

11 Acres Annexed for 1st-Line Development

The critical shortage of housing in Eastland—long cited as one of the city's greatest needs—may have taken a turn for the better as the result of a city commission meeting here Monday evening.

Eleven acres to be used for the development of fine homes was annexed into the city, and the commissioners listened long and hard to a proposal regarding government-financed low-rent housing.

These two moves, if carried to conclusion, could open housing at both ends of the economic spectrum, and result in the availability of medium-range housing too, it was felt.

With all members present, the Commission side-stepped immediate action relative to the Volunteer Fire Department and the appointment of an assistant fire marshal, as requested by the VFD. New-Commissioner Dale Bakker was named to review and study the Volunteer-Paid Fire Department difficulties and report back with recommendations at the next meeting.

Mayor James Reid presided and accepted a petition by Carl Garrett in behalf of his mother, Mrs. Sally Day Garrett, requesting an ordinance annexing the 11.4 acres adjacent to Highway 6 north of town to be known as Airport Acres Subdivision. The commission approved the annexation with the ordinance to be published, and agreements were discussed on the developer providing the installation of sewer and water connections.

Mr. Garrett said that the plot will be divided into 11 tracks, two of which is already zoned. Other restrictions are written into the deeds, he said, and "we're going to see that nice homes are built on this piece of property."

Each lot will comprise about an acre and will have approximately 110 foot frontages.

Commissioner Duriel Reid made motion for annexation and Commissioner Jay Staggs seconded, with a unanimous vote.

A request from a citizen, \$800 delinquent in taxes, offering to settle for \$200, was declined when Staggs pointed out to do so would be precedent-setting.

City Manager Lewis Tiner was asked to investigate a proposal by the West Central Council of Governments requesting that Eastland join a network of telephone police service, cost of which is \$55 per month, to be shared by the county and the city, Commissioner W. Q. Verner asked about maintenance and pap-

er cost on the machine. The city fathers briefly discussed the need for such a system, and Tiner suggested that Mr. Eubank, Crime Director for WCCTCoG be asked to appear before the group and better explain the program.

Improvement of water pressure in Hillcrest Addition got favorable attention after Tiner reported that Yakes & Decker engineering firm, in a special \$175 survey, is recommending that an eight-inch water line off City Park

Hill be constructed to Hillcrest to provide sufficient water volume. Guesses are that the cost might be from \$7,000 to \$8,000.

Commissioners agreed that this project needs attention and that the city budget should be able to handle it, assuming the cost for machine for the land-fill project doesn't run too high. No action on the Hillcrest water line was taken as talk turned to the land-fill project, but indications were that action may be forthcoming.

Mayor Reid reported that the Thursday Afternoon Club had requested that the city take some action on disposing of the abandoned autos over town. A program will be studied, it was said.

The Mayor also announced that more mosquito spray has been ordered.

Low-Rent Units Now Under Study

Discussions of the Housing and Urban Development (HUD) low-rent housing program that could provide one-bedroom apartment apartments to qualified persons for as low as \$21 a month, was John F. Gildersleeve of the Midland firm of Pierce, Pace & Associates, Architects and Planners.

An elderly person with an income of from \$3,000 to \$3,600 could qualify, he explained to members of the city commission, and families are given additional \$500 exemptions for each child, to qualify, he said.

The programs are administered by local boards and managers, and in most cases, he said, rentals pay the loan approximately 65 per cent off in 40 years with the remainder being paid by HUD in the form of grants. At the end of the period the property belongs to the city.

In answer to questions, he explained that in all cases possible, materials and labor are secured locally for construction, and invariably the some 30 to 40 units which Eastland might use, are built in scattered patterns rather than in one project area.

While the Commission did not take action on the proposal, it was agreed to give further study, and sound out the feelings of the people in Eastland, regarding the need for such housing.

The little town of Seymour has 140 occupied units, he said.

Under the plan, a two-bedroom unit could rent as cheap as \$26 and a three-bedroom for as little as \$34, plus utilities.

In a formal statement, Mr. Gildersleeve explained: "This is a program for Cities and/or Counties to provide decent, safe and sanitary rental housing for low income people including elderly. It is an old program dating back to 1934 nationally and back to 1937 in Texas. It is set up to be a non-profit-operation and to not compete with private rentals. It is locally controlled program and pays for itself over the finance period. Financing is achieved through the sale of revenue type bonds by the LHA with the assistance of the Regional HAA. These are for a 40 year term and usually at 6 or 7% interest. They do not affect the City and/or county bonding status and pay for all project costs including land."

"There is an Annual Contributions Contract between the Federal Government and the LHA to insure payment of principal and interest on the bonds leaving the only obligation to the LHA and the City and/or County for maintenance and management costs, which they in turn have first call on the rents of the project. Good operating projects do not need the annual contribution, but it exists for your protection should you have a problem."

"There are good and bad comments about this program. Most of the bad comments come from objections to the Federal Government sponsorship and from owners of large blocks of "junkers." In our opinion these are outweighed by the good aspects, such as helping the City and or County to compete with larger Cities, stimulate development or rehabilitation, eliminate "junkers" and create a local "industry" that provides a building stimulant, employment, 10 per cent payment in lieu of taxes, cash flow through the bank and many minor purchases.

"The steps necessary for Cities and or Counties in Texas to participate are as follows:

"Each City and or County has a dormant Housing Authority that needs only a resolution to be activated. This resolution states that there is a "need" for the authority to function and must be followed by one authorizing the "publication" of intent to enter into a Corporation Agreement with the authority at the expiration of 60 days.

"After this period the City and or County has a hearing and decides whether to proceed further. If they go on the authority is appointed and begins to function by requesting a Preliminary Loan and or Grant for a survey to determine the need. This is a minor amount of money and is used to defray the cost of a representative from Fort Worth to work with local enumerators to gather statistical data first hand and come up with an answer as to number of units as well as rent levels. Should the need not exist the amount expended becomes a grant and non-repayable, but if it exists and the Authority proceeds, it becomes a loan to the project.

"From this point the LHA proceeds on into site selection, acquisition, planning, and to contract documents. Competitive bids are then taken and a contract awarded. The project is constructed complete with landscaping and lawns, and the LHA begins management. In this management phase the LHA has the power to screen tenants and other landlord rights. Generally they have little vandalism and breakage in well operated projects. Tenants take care of lawns, but should this fail to work the LHA can take it over and make a monthly charge."

Magic Mavericks to Host De Leon Here Friday at 8

"Over-Confidence," the biggest bug-a-boo of all, will be facing the Eastland Mavericks when they play host to the De Leon Bearcats in Maverick Stadium Friday night in an 8 p.m. kickoff.

The traditional rivals of long-time Class A competition are known for putting together surprises. De Leon has an impressive early season record already, with a respectable loss in the opener to Hamilton, 26-13, and bested Comanche last week, 20-8.

This for the Mavericks will be the last "non-counter" in that they open District 8-AA competition next week, so in order to close out the pre-season play on a high note, they need this up-coming win badly.

The Mavericks made a number of mistakes in Ranger and the Bearcats are the type that could capitalize on such to their advantage. Riding the crest of a 2-0 pre-season outing, the Mavericks' biggest hurdle is thought to be maybe their own confidence—in the

KATHY PARSONS . . . new Telegram staffer

Kathy Parsons Is New Staffer at Telegram Office

Pretty addition to the Eastland Telegram staff is Miss Kathy Parsons who has been named associate editor.

A talented Olden High School honor graduate, Miss Parsons also holds the title of Eastland County Farm Bureau Queen and competed in the district contest in Brady this summer.

Salutatorian of the 1969 Olden Senior Class, she was named an Outstanding Teenager of America, an Outstanding Teenager of West Texas, and was a football and basketball cheerleader. She was the 1970 Coronation Queen of O.H.S., basketball sweetheart, most popular girl Beta Club President, FHA President, senior class president, and member of the student council. She was a county representative to the Citizenship Seminar at Waco. She won honors for having the highest average in Home Economics, was a class favorite her sophomore and junior year and served as reporter and secretary for various clubs and classes.

She was active in all sports and was on the annual staff, and still found time to be active in church activities.

Her interest include business, English, sports and sewing.

Pretty Kathy is a welcome addition to the Telegram staff.

Funeral Services Set Today For G. M. Hargus

G. M. (Cowboy) Hargus, 66, died about 3:45 p. m. Tuesday in the Cartwell Memorial Hospital in Weatherford after a long illness.

Funeral services will be at 2:30 today (Thursday) in Arlington Funeral Chapel with Rev. Jay Darnell, pastor of Courts Methodist Church of Weatherford, officiating, assisted by Rev. Cecil Ellis, pastor of the First Methodist Church of Eastland. Burial will be in the Eastland Cemetery.

He was born Nov. 11, 1903, in Eastland. He retired in November, 1969, from Lone Star Gas Co. after 35 years of service. He had lived all his life in Eastland before moving to Weatherford two years ago.

He was a member of the Methodist Church in Weatherford, a 32nd degree Mason with Eastland Lodge No. 457, a Shriner and a member of Order of Eastern Star.

He married Stella Richardson in 1936 in Temple, Okla.

Survivors are his wife of Weatherford; three sisters, Mrs. Prudie Hardeman and Mrs. Pebble Boles, both of Eastland, and Mrs. Vae a Hargus of Long Beach Calif. Two brothers, G. L. of Austin and J. B. of Groesbe.

Murder Trail Nears End In 91st Court

Testimony in the Travis Winstett murder trial was expected to be completed late Wednesday in 9-st District Court.

James Henry Bishop, 32, is being tried for the June murder of the well-known Ranger area farmer.

Jury selection began Monday morning, and District Attorney Emory Walton wound up the state's case at mid-morning Wednesday.

Defense Attorney Bill B. Hart called Bishop to the stand and he testified that the shooting was an accident.

mid-afternoon Wednesday, Bishop's wife was on the stand, and it was believed that the defense would finish its presentation of witnesses by about 5 p.m. It was thought that jurymen might be given the charge early Thursday, hear arguments and go into deliberation.

SIGN-UP NOW OCT. 3 P, P&K

Boys ages 8 to 13 should be sure and sign up for the Punt Pass and Kick sign up at the Hood King Motor Company soon. Pick up an entry from and have your parent or guardian sign them and return them to Hood King.

BY ALLYE TERRELL
Twenty-one members and six guests of the Charles Crawford Chapter Daughters of the American Revolution, met September 21 at 1 p.m. in the Corral Room, College Annex, for a Constitution Week luncheon. Mrs. Robert Stewart, vice-regent, opened the meeting. Mrs. F. E. Harrell gave the invocation, and Mrs. W. W. Wallace led the pledge to the flag.
Debbie Richardson sang "America the Beautiful" and "This is My Country" with Martha Brewer as accompanist. Both girls are CJC students.
Mrs. Hallmark of Ft. Worth with Mrs. S. E. Hittson at the piano, sang "Let There Be Peace," and "This is your land."
Mrs. Connie Condos of Dallas, immediate past parliamentarian of Texas Federation of Women's Clubs, was guest speaker. Her subject: "Our Constitution—Our Fortress of Defense."
In exploring the question, What of America? Mrs. Condos said, "America is nearing the 200th anniversary of her founding—a crucial age in the history of 19 great nations that have fallen, and we are charged with the responsibility of protecting the document upon which our country was founded."
She reminded the chapter that nations begin by going from bondage to spiritual faith; to courage; to abundance; to complacency; to apathy; to dependency, and return to bondage. She pointed out that we are standing dangerously near the brink of downfall and each one has an obligation to uphold and preserve our pride in our heritage.
To do this we must make sacrifices; we must be informed; we must be concerned; become involved. We must see to it that our young know the history of our country because 100 years from now our boast of an abundance of material things will not matter, but what we teach today will be reflected in the children of the time.
Mrs. Condos called the Bill of Rights the "soul of our constitution," and said "God, the cornerstone, is mentioned in every record from the Mayflower Compact to our documents today."

Volunteer Tells of How Elderly Appreciate Help

My name is Arleta Mace, I am a Nursing Home Volunteer.

My husband, Jack, is a serviceman for Lone Star Gas Co. We have four children, Mrs. Don (Norma) Popp of Abilene, Mrs. Robert (Gail) Norris of Graham, Sgt. Larry Mace, he is stationed at Dyess Air Force Base in Abilene, and our 16-year-old, Bob Mace of the home. He is a Junior at Eastland High School. We also have four grandsons and one granddaughter.

I am a 1937 graduate of Eastland High School, member of Bethel Baptist Church, and a member of Royal Neighbors of America.

My time is pretty well taken up, taking care of my home, checking on my mother and Aunt, who are patients in the Nursing Home, baby sitting with my grandchild-

ren, and trying to attend school activities. But I still find time to work one morning a week at the Nursing Home as a Volunteer. I receive a great Blessing from this work, as I am helping others.

The Nursing Home has wonderful Nurses, but they stay so busy, they just haven't the time to do the little things that help make the day brighter for the elderly people, who can't help themselves.

These small things include; cutting nails, combing and braiding hair, writing letters, or even, sitting and talking and listening to their problems or stories of their families.

The elderly get so lonesome, and you are always rewarded with a smile.

Anyone can be a Volunteer. It only takes a little of your time, and you will be greatly Blessed.

Family Plans Annual Reunion

Mr. and Mrs. George B. Hull of Eastland met in Colorado City, the week-end of Sept. 12 and 13th with their children and grandchildren, to organize a yearly family reunion for the third weekend in July each year.

Jeanne Bowen over the meeting and the following officers were elected, for 1971. Program Chairman, Bill

(Ed. NOTE: The Interstate 20 by-pass was opened this summer around the City of Ranger, and citizens were

Calvin Goforth Funeral Services Held Wednesday

Calvin C. (Tuck) Goforth, 80, died at 4 p.m. Monday in Ranger General Hospital following a brief illness.

Funeral was held at 2 p.m. Wednesday in Killingsworth Funeral Chapel with the Rev. B. Thomas Tribble, pastor of First United Methodist Church, officiating.

Burial was in Bullock Cemetery with Charles Bonney, Holland Boney, Elbert R. Holder, Jerry Wilson, S. L. Williamson and Bob Barnhill serving as pallbearers.

Born Feb. 19, 1890, in Pelahatchee, Miss., he married Mottie I. Agnew March 24, 1912 in the La Casa Community. The couple had lived in the Oakley Community 49 years. Mr. Goforth was a Survivor include his wife of Ranger; one son, Clifford C. Goforth of Ranger; two brothers, Marion C. (Guy) and Homer R. (Coon) Goforth both of Ranger.

Angus of Eastland; Coordinator, Don Vernon Bowen of Odessa; and Historian and Reporter, Mrs. Frank C. Manderson of Houston.

All relatives are urged to make plans for next year. Chairman Angus will notify via mail of place of meeting and cost.

disturbed that adequate placement of signs was not completed in conjunction with the opening. Ranger Mayor O. L. Cantrell got busy with the Texas Highway Department in an effort to correct the situation. The following is a letter from District Highway Engineer E. M. Pritchard, to Mayor Cantrell explaining the "signing" situation).

The Honorable O.L. Cantrell
Mayor of Ranger
Ranger, Texas

Dear Mayor Cantrell:

I am in receipt of a letter written by you to the Texas Highway Department, Austin, dated Sept. 15, 1970. In this letter you have indicated some dissatisfaction with the signing of Interstate Highway 20 south of Ranger, and also the completion of the Interstate project at Ranger prior to the completion of the Interstate projects around Eastland and Cisco. I furnish you the following information and comments relative to this letter to the Highway Department.

Interstate Project I-20-3

(18)343, from 0.8 miles southwest of Ranger to 1.5 miles east of Ranger, is locally known as the Ranger Bypass. Work began on this project Feb. 2, 1968, and was completed and accepted by the State on Aug. 25, 1970. Project I-20-3 (5)343, from 0.8 miles southwest of Ranger to 1.5 miles east of Ranger, is the signing project for the Ranger Bypass. This signing project is under contract to the Big State Construction Company of Arlington, and the supplier of the Interstate signs is the Interstate Highway Sign Co. of Denton. A work order was issued by the Texas Highway Department to the Big State June 12, 1970, for the installation of Interstate signs for the Interstate south of Ranger. At the completion of the Interstate project south of Ranger, the Resident Engineer, Mr. Haun, made a request to the Big State Construction Company and the Interstate Highway Sign Co. (in fact, he pleaded with them) for the installation of at least two signs at the beginning and end of the project that would guide the traveling public to Ranger. A

promise was made to the Resident Engineer that these signs would be placed possibly by Sept. 15. On Sept. 18, Mr. Haun again called the Big State Construction Company and asked for the installation of these two signs. He was informed that there had been a delay in the shipment of materials from a supplier in New Jersey that had delayed the manufacture of the signs, but it was expected that this material would be delivered and the signs could be made within the next week or ten days. This is the situation on Interstate signs at the intersection of U. S. 80 and IH-20 at both the east approach and the west approach to the City of Ranger.

Immediately upon the completion of the project around Ranger, the State Highway Department made some over-size guide signs with twelve-inch letters, with the word Ranger, together with an arrow in advance of the exit sign to the east overpass and to the west overpass. Route and guide signs showing Ranger, U. S. 80, F. M. 2461 are

also in place at the overpass. These are very simple diagrams and interchanges. I cannot understand how anyone would get lost trying to find his way into Ranger if he wished to go there, but as I appreciate the fact that the installation of the regular Interstate signs will be of great benefit to the fast traveling public if they wish to turn off and go to Ranger and I will be very pleased with the signs are in place.

Now, as to the complaint about the opening of the Ranger Bypass ahead of the Eastland and Cisco Bypasses, I would like to make this statement: we have made an attempt to schedule the construction of the Interstate system through Eastland County to provide that these three towns would be bypassed approximately the same time. I realize that this would be an ideal situation if it were practical to do so, but the delays in acquisition of right of way and the delays in federal financing of each particular project have not allowed us to complete all projects on the

20 UNIFORMS TO GO-

Each square represents one band uniform. \$75 is the cost of one uniform, any and all donations will be appreciated. If you want to buy half of a uniform, that will be fine. Total to be raised: \$4,918.93 by Sept. 1st

BUY A UNIFORM FOR THE BAND — The Eastland Band Boosters are busy raising money for new uniforms for the Eastland Meyerick Band. A total of 60 uniforms are needed and the Booster Club has already raised enough money from pancake suppers and other projects to buy 20 uniforms. Other individuals and organizations are joining the drive to raise money at \$75 per uniform. The new band suits will replace the ten-year-old models now being worn and will be delivered by Aug. 24, date for the opening of the new school year. Contributions may be made to Booster President Floyd Williams at the Maverick Barber Shop, James Smith or Bernard Hanna.

Data Processing Comes to County For Vote Sign-Up

Voter registration in Eastland County is being modernized and efficient data processing techniques will deliver better poll lists more economically, County Tax Assessor-Collector Edgar Altom has announced.

The system is being implemented through an agreement with Western Data Services of Waxahachie, Mr. Altom reports.

The company used the current voter roll to make up the first batch of data cards. Persons who registered in this county last year will receive a fully filled-in application card to be signed and returned to the tax office for registration.

Voters who are also on the county tax rolls, will receive their application card with their tax statements due to be received in the mail about Oct. 1. Previously-registered voters who are not on the tax rolls will receive the application cards through the mail direct about the same time, Mr. Altom said.

It will be necessary for would-be voters, who did not register in this county last year, to come to the tax office in order for a data-processing application card to be filled out.

A sample of the new data-processing application card is shown, and when a citizen receives his through the mail, either with his tax statement or direct, he simply must sign and return it to the tax office for a voter registration certificate.

The company will furnish the tax office with 12 lists of voters for each voting precinct and four master county copies.

Cost of the new system is comparable to the previous system used but the advantages through efficiency are much greater, Mr. Altom said.

Booster Club Seeks Members

A Carbon Booster Club was organized Monday with the following officers elected:

President, Clarence Wilson; 1st v-p, Vern Jackson; 2nd v-p, Victor Pack; 3rd v-p, Mrs. Ohie Duncan; Mrs. Ronnie Pack secretary; Arl Laster, treasurer; and Mrs. Arl Lasater, publicity director.

Fee is \$5 per family, per year and the public is invited to the Oct. 5 meeting.

These are members: Mrs. & Mmes. Truett Norris, Paul Norris, James Hughes, Ronnie Pack, L. V. Jackson, Ray Norris, Ewell Allison, Charles Davis, J. L. McDaniel, L. E. Brooks, Eddie Redwine, John E. Rodgers, Clarence Wilson, Garland Garrett, Charles Bryant, Victor Pack, H. C. Jordan and Arl Lasater.

Soil Conservation Field Day At Knox City To Be Held Sept. 30

More plans for the field day at the Soil Conservation Service plant materials center at Knox City on September 30 were announced this week by Soil Conservation Service State Conservationist Clyde W. Graham.

Guided tours will be conducted through the 60-acre center which is located on FM 1292, 2 miles north and 2½ miles west of Knox City, Graham said. Tours will run from 9 a. m. to 3 p. m. Sandwiches will be on sale by the Knox City FFA Chapter for those who wish to eat lunch at the center.

Grass seed growers, seed dealers, conservation district directors, research workers, sportsmen, and others interested in the search for better plants are invited to attend. The center serves both Texas and Oklahoma.

Seed or rootstock from plants that show promise for solving specific soil and water conservation problems are collected, then grown and evaluated at the Knox City center. The more promising ones are then grown under field conditions on farms of soil and water conservation district cooperators under a wide variety of conditions. Selections that prove superior to other strains available are then released by conservation districts to commercial seed growers. These producers then grow seed and sell it to the public.

Some 675 strains of 164 different grasses, forbs, legumes and woody plants are being grown at Knox City. Grass strains proven and put into use by SCS include Selection 75 Kleingrass, El Reno, Uvalde, and Vaughn sideoats grama; King Ranch bluestem; green sprangletop; and Grenville switchgrass.

HERE'S WHY EDWIN INCE LIKES LILLISTONS THE BEST

Edwin Ince, Box 192, Mason, Texas

"I have three Lilliston 1500 Peanut Combines and they do a fine job. The wide Lilliston headers make it easy to stay on the rows and maintain steady picking speeds. We like the new Lilliston Peanut Inverters, too, and don't worry as much about rain when the crop is in the wind-row stage."

"We'd tried other peanut equipment, but we like Lilliston the best."

If you've been saving to buy gas heating, here's help:

If you're like most homeowners in this area, sooner or later you'll probably buy gas central heating.

After all, it costs less to operate. It circulates fresh, warm air in every corner of your home. And a simple construction gives it a long trouble-free life.

So, why not buy gas heating now? And get a 15% discount. (We'll give you a 25% discount if you buy yours with a chiller coil that makes gas air conditioning easier to install.)

In short, save a lot of money now at Lone Star Gas or any participating gas heating dealer.

15% off
