

O'Daniel In Race With \$50,000,000 Tax Proposal

Same Platform, Same Aims He Tells Texans In Announcing For Reelection

AUSTIN, April 4 (AP)—Governor W. Lee O'Daniel, master radio entertainer, and his far-famed hillbilly string band are hitting the campaign trail once more.

His name will be on the ballot, he announced toward the close of a one-hour broadcast, "and if I am again elected, I will continue to honestly and persistently fight for the rights of the great rank and file of the common citizens of this great state of Texas."

"My platform will still be the 'Ten Commandments' and my slogan will still be 'Less Johnson grass and more smoke stacks and business men.'"

O'Daniel's announcement speech proceeded by exactly 24 hours the opening campaign address of Railroad Commissioner Jerry Sadler.

The governor said Texas should have additional taxes yielding some \$30,000,000 annually because:

1. It will take about \$1,000,000 to pay \$30 pensions to all needy persons past 65 years of age. Existing taxes for pensions yield only \$10,000,000 a year.

2. A continuing sum of \$2,500,000 a year is needed to match teachers' contributions to their retirement fund. In addition, the state will be nine or ten million dollars behind on such matching by the close of the current biennium and that amount must be raised to put the fund in balance.

Trade Program Survives New Senate Test

Move To Require Congressional Approval Is Defeated

WASHINGTON, April 4 (AP)—The administration's reciprocal trade program survived another major senate test today when the chamber defeated, 44 to 38, an amendment to require congressional approval of future trade agreements.

For Both Houses The amendment, sponsored by Senator O'Mahoney (D-Wyo.), would have subjected agreements to approval by a majority of both houses. O'Mahoney sought to write it into pending legislation to continue for three years the administration's power to readjust tariffs by agreement with other nations.

The senate last week rejected, 44 to 41, a proposal to require ratification of agreements by two-thirds of the senate.

Today's vote helped clear the way for final action on the trade legislation. Several other amendments remained to be disposed of, however, and it was problematical whether a final vote could be reached by tonight.

Opponents sought to put a one-year limit on the system. Pending legislation would continue for three years from next June 12 the executive power to alter tariffs in exchange for foreign concessions.

In a series of informal conversations, opponents of the house-approved measure decided that a one-year extension would be preferable to the legislation as it now is drafted.

Senators Townsend of Delaware and Austin of Vermont, republicans, indicated their party would support the proposal.

The house worked meanwhile on the war department appropriation bill. Amid waning economy hopes, Democratic Leader Barkley of Kentucky said meanwhile that President Roosevelt had decided the national debt below the \$45,000,000 limit even if congressional spending tops that figure.

Farley, In Garner Territory, Admits Own 'Willingness'

Postmaster General, On Texas Visit, Says Nice Things About Cactus Jack

DALLAS, April 4 (AP)—Postmaster general and winning presidential candidate James A. Farley sat in a cluster of John Garner supporters here today, eulogized Texas' Cactus Jack and then smiled: "But as for myself—well, like Barkis, (the Dickens character) I'm willing."

Politely he brushed away questions as to the significance of the Wisconsin primary of two days ago, commenting only once, vaguely, that he did not interpret the vote as meaning an increase in republican voting power generally.

Mayor Woodall Rogers of Dallas broke the ice for Garner supporters who crowded the breakfast hall, when he arose to greet Farley with: "Old Man Texas asked me to ask you to get acquainted with his son John. The old man also said to tell you he thinks you two would make fine partners."

Farley arose and laughed: "On more than one occasion I have met up with your son Jack. I have known him long enough to have just as high regard and just as sincere affection for him as you Texans."

"During a long and active career no man in the history of American politics has left his mark on history as has Jack Garner. He is a man of great ability. As such as any man, he has made the present administration a success. He is honored by the nation as much as by Texas."

"No man ever brought greater ability to his position than Jack Garner. He is a man of great ability. As such as any man, he has made the present administration a success. He is honored by the nation as much as by Texas."

"I am pleased to call him my friend. "As to what's going to happen in the future—well, like Barkis, I am willing."

Farley counseled Texas democratic committeemen and committeewomen to keep "cool, calm and collected."

WPA Seeking 985 Million For New Year

Appropriation Submitted To Committee By Agency Chief

WASHINGTON, April 4 (AP)—Col. F. C. Harrington, works progress commissioner, asked a house appropriation subcommittee today to recommend an appropriation of \$985,000,000 to finance WPA for the fiscal year starting July 1.

Problem Discussed Acting Chairman Woodrum (D-Ia.) told newsmen after the committee's closed session: "The whole subject of employment and unemployment was presented and several tables were presented dealing with various sets of circumstances. Col. Harrington merely completed his formal statement and will return Monday morning for further questioning."

Woodrum asserted the only estimate the committee had before it was that contained in the president's budget. He said that would give WPA a net sum of \$985,000,000, explaining it did not include estimates for the Farm Security administration, Puerto Rican Reconstruction administration and administrative agencies which perform services for the WPA.

These additional amounts would bring the total relief estimate to about \$1,235,000,000. Harrington was accompanied by John M. Carmody, administrator of the Federal Works Agency. Neither would discuss the testimony.

Gasoline Prices Further Reduced LONGVIEW, April 4 (AP)—A two-weeks-old gasoline price war ended a new phase here today, with some major companies making additional reductions in retail quotations.

Many independent stations were selling third-grade motor fuel at 9 cents a gallon, off two cents from the 11-cent low in effect last Monday.

The nine-cent quotation was half a cent below the official posted wholesale prices at independent refinery docks, and service station operators admitted they were losing money on each gallon sold.

The contention they were forced to meet competition or lose regular customers and other business.

More Confident Of Victory Than Ever, Chamberlain Says

Leaks Being Stopped, He Asserts, In Wake Of British Cabinet Shapeup

LONDON, April 4 (AP)—Prime Minister Chamberlain declared today he was "ten times as confident" of victory now as he was when the war began because Adolf Hitler "missed the bus" by failing to use the arms superiority Germany had at the start.

The prime minister addressed his conservative party council proud by a day after shaking up his government for was strategy on the organization and to put chief responsibility for the admiralty, the shoulders of Winston Churchill, energetic first lord of the admiralty.

Britain still is building up her strength, Chamberlain declared, while Germany is close to the limits of her strength. Chamberlain hinted an impending new measure to make the allies' blockade of Germany escape-proof.

"You can take it from me," he said, "that one by one leaks and loopholes are being stopped and that as the war goes on that strangling effect will more and more drain the lifeblood of our enemy."

On the other hand the prime minister declared, there is no shortage of food in Britain. He said sometime later on "we may have to do without some things that we have been used to but we can stand a lot of curtailment yet without feeling any the worse for it."

He said consideration for neutrals had hampered the allies' blockade but warned that "it cannot be expected that we should allow Germany indefinitely to profit by our scrupulousness and to draw aid and comfort from neutrals who are not free agents and who know in their hearts, whatever they may say, that our victory spells freedom for them whereas our defeat would doom them to slavery."

The recent British-French declaration of a closer alliance gave the "best assurance" that "we shall not be cheated out of fruit of victory and that the essential elements of European security will be available to use when the war is over," he told the council.

Meanwhile, Churchill climbed into the drivers' seat of the British war machine after a new shakeup in Prime Minister Chamberlain's cabinet. The shakeup answered clamor to "tight the war" but there was skepticism whether the prime minister had succeeded in plugging all the gaps.

Concert Goes On After Member Of Orchestra Dies On The Stage

SAN JOSE, Calif., April 4 (AP)—Not until today did a San Jose concert audience know they had applauded last night while life slipped away from Charles Hanson on the stage before them.

Hanson, 78, a violinist, slumped in his chair in a heart attack as the Adult Center orchestra finished its first number in Horace Mann school auditorium. The curtain was lowered and Hanson's body was carried off stage.

Then the curtain went up, and the orchestra finished its program.

Employment Placements Up 67 Per Cent.

Sharp Increases In Employment In Many Lines of Trade Were Shown Here Thursday in the quarterly report by the Texas State Employment Service.

Over the three-months stretch, placements were up 67 per cent, TSES figures disclosed. From 235 placements during the first quarter of 1939, the total ran to 391 for the initial quarter of 1940.

More encouraging than the thumping big percentage gain was the preponderance of placements in private enterprise and the healthy percentage of regular jobs.

Of the placement total, only about 70 went on public works projects, and these were handled as private jobs. There was one placement in federal service employ.

Out of the 391 jobs found by the TSES for the three months, 146, or about 40 per cent of them, were regular places.

Biggest gain, according to S. G. Merritt, manager of the local TSES office, occurred in January with a net increase of 33. The gain was 14 in February and 24 in March. Public and agricultural increase was 88 for the period.

By occupations, placements for the three months period were: 33 in agriculture, 82 in building and construction, 38 in food manufacturing, four in other manufacturing, 14 in commercial and mechanical service, 80 in wholesale and retail distribution, 83 in domestic and personal service, 36 in hotels and restaurants, one in federal government service, seven in professional service, and 14 in public utilities.

NEW EARTH SHOCKS IN TURKISH AREA ANKARA, April 4 (AP)—Floods and violent earth shocks brought terror to northern Anatolia today in the same general area in which about 40,000 lives were lost in the earthquake of Dec. 27.

Mahon Offers His Name For Reelection

ASKS REELECTION—George Mahon Thursday formally announced his candidacy for reelection as congressional representative from the 19th district.

From Washington Thursday came a communication to the press from George Mahon, announcing that he would be a candidate for reelection to congress from the 19th district. Although it had been generally assumed Mahon would ask to be re-elected in his post, he had not made formal announcement.

Mahon advised that his duties in Washington would make improbable his return to the district prior to the adjournment date of congress, which likely will be earlier than June 1.

Mahon said, "I expect to remain on the job in Washington until adjournment, and I shall continue to serve our district to the best of my ability on all matters of both national and local concern. When congress adjourns, I shall return immediately to West Texas and visit every community that I possibly can in the 25 counties of our district, not only for the purpose of the primary campaign but also in line with my policy followed in previous years as endeavoring to keep in close touch with the people and their needs in every part of the district."

The congressman expressed his gratitude and appreciation for the fine cooperation, confidence and support of the people of the 19th district throughout his service in congress.

Earl Of Athlone Is Named As Canada's Governor General

OTTAWA, April 4 (AP)—Canada obtained a member of the royal family, the Earl of Athlone, as its new governor-general today, appointed by King George VI to succeed the late Lord Tweedsmuir.

The Dominion, partner-in-arms with the mother country in the European war, learned of the appointment of the tall, soldierly brother of Queen Mother Mary while Canada was being urged to do everything possible to win "the active support of the United States in the cause of the allies."

"MUST BE CRUSHED" SOMEWHERE IN SOUTHERN ENGLAND, April 4 (AP)—Dominion Secretary Anthony Eden today told members of the Royal Canadian Air Force's first overseas squadron that "Hitler and all that for which he stands must be completely crushed."

Farm Parleys Are Slated

Farm planning conferences will be held in a series of important meetings over the county Monday and Tuesday, M. Weaver, county AAA administrative assistant, announced here Thursday.

Sessions have been planned for 10 communities in the county and community committeemen and clerical assistants will be on hand in every place to expedite the work.

Weaver stressed the importance of farmers attending the conferences and at the place designated in notices mailed them.

Drive For Permian Basin Association Membership Closes

Off to a good start during the first day, the success of the Permian Basin association membership drive here depended upon the final punch delivered by workers Thursday, said Cliff Wiley, general chairman of the campaign.

Complete figures on the two day whirlwind drive will not be known until late Thursday evening, but H. B. Spence, Midland, executive secretary of the regional oil and gas unit, said he was pleased with the results of the drive opening Wednesday.

Approximately 30 business and professional men were assisting in the appeal for memberships in the organization which has as its primary object the protection of the petroleum industries in the Permian Basin area.

Schedule Is Fixed For Vaccinations

Schedule for vaccination of rural school children against smallpox for the remainder of this and all of next week was released Thursday by Anne Martin, county superintendent.

The service, under direction of Dr. Frank Boyce, county health officer, starts at 1 p. m. each day.

Friday he will serve students of Elbow, Cauble, Lomax and Hartwells at Elbow school. Monday he will give his time to Cosahoma students.

Kills Three In Insane Attack, Then Dies

LOS ANGELES, April 4 (AP)—A mother, police reported, beat her three small children to death today with a claw hammer and then died on a flaming mattress after setting fire to her own hair.

The dead, officers reported, are: Mrs. Lolita Davis, 43. Daphne Davis, 16. Deborah Ann Davis, 7. Marquis Davis, 3.

A fourth child, Chloe, 11, was beaten almost unconscious but officers said she probably will recover.

"Mama believed demons were after her. She thought she had killed my aunt's little girl a long time ago," Chloe sobbingly told investigators who went to the little home in the southwest part of the city.

"She loved us and we loved her. That's the only reason she could have done it," Chloe continued, officers said. "I saw my sister, Daphne, unconscious in the bath tub. Then mother hit me on the back of the head with a hammer."

"I fought my mother and tried to take the hammer away from her. I ran into the kitchen and there I saw my other sister and my little brother dying."

Churchill Appointment Termed One Of Allies Great Forward Steps

By DEWITT MACKENZIE Britain's cabinet shake-up means to me nothing so much as that at long last one of the greatest geniuses of English history—Winston Churchill—has been accorded a political position which puts him close to level footing with the prime minister in prestige and may easily lead to the premiership soon.

I venture the suggestion that his appointment as director of all the armed forces of the nation represents one of the most constructive moves towards victory which could have been made for the allied cause.

The Churchill brain is a magnet for Britain and France. One of the most striking features of this change is that it is the result of an insistent public demand that Churchill be given greater scope for his ability. Rarely indeed does such a situation arise.

Beyond this the cabinet has no special significance in the sense that an immediate change of fundamental policy is involved. A drastic alteration in the plan of action would have meant the downfall of Premier Chamberlain. The ministerial shifts were forced in large degree by public demands for greater initiative in the conduct of the war.

There is no other man in England at this time who has the varied marks of greatness possessed by this 65-year-old son of the empire's bluest blood.

Churchill's appointment opens up a new and intensely interesting phase of the war. From the standpoint of Germany he is the most dangerous man who could be given this power of laying plans to circumvent the enemy.

Trustee Vote Slated Sat.

Having discharged the duty of selecting three city commissioners with a record vote, the Big Spring electorate prepared to join with voters over the county in choosing some 27 district school trustees in elections Saturday.

Balloting will be done in 15 common and three independent school districts. The hours of voting will be from 8 a. m. to 7 p. m.

In addition to picking district trustees, outside the independent districts the voters will ballot on three members of the county board of trustees.

Commission's Pullman-Conductor Order Is Set Aside By Court

AUSTIN, April 4 (AP)—An order of the state railroad commission that all Pullman cars operated in Texas must be in charge of a Pullman conductor and regulating transportation rates on such cars was set aside today by a three-judge federal court.

The order was attacked in an injunction suit brought by the Pullman company, joined by Texas railroads and the case was heard by a three-judge court here after the plaintiffs had been granted a temporary restraining order.

Commission's Pullman-Conductor Order Is Set Aside By Court

The court found from evidence that 18 or 17 routes exist where Pullman coaches are in charge of a porter but in most cases they were of short distance and invariably occur where only one Pullman car is attached to a train.

The general control of the Pullman coach and passengers in such cases is lodged with the railroad conductor the court further held. On trains where two or more Pullman cars are operated they are in charge of a Pullman conductor subject, however, to the train conductor.

Weather Forecast

WEST TEXAS—Fair tonight and Friday with some high clouds; slightly cooler in southeast portion tonight; warmer in north portion Friday. EAST TEXAS—Cloudy to partly cloudy, colder in north and cooler in south portion tonight and Friday.

K. Sox, Tribe, Tigers Wait For NY Slip

Pinned Down, Most Of Them Admit Yankees Are The Best

LAKELAND, Fla., April 4 (AP)—The Tigers, Indians and Red Sox remind me of a trio of young kids waiting for the tough guy of their gang to stumble and fall so that they may pounce upon him. You can readily guess that the Yankees are the Bully in this gang.

When you visit the training bases of these American League challengers from Detroit, Cleveland and Boston you find the players full of optimism—and hope that the worst will befall the Yankees.

If you pin them down they'll admit that the Yankees are the class of the league but they can't figure how the Yanks have held out so long. Baseball history shows that these marvelous clubs just don't hang together forever and they think the Yanks are overdue.

Given as good breaks as their rivals the Yanks probably will win their fifth straight world championship. That's generally conceded. But there is a feeling that the Yankees' luck can't hold out forever.

If Bill Dickey should fall apart or suffer an injury or if Gomez and Ruffing should bump into a disastrous year or perhaps if Joe DiMaggio or Charley Keller should run into a long slump the Red Sox, Tigers and Indians figure that one of them might win the flag.

"If something should happen to chop them down to our level midway of the race we would have a fine chance of beating them," says Joe Cronin, the Boston manager.

Hurling Must Improve

The Red Sox, the Tigers and, to a lesser extent, the Indians figure that they have the power to challenge the Yankees but none of these clubs has the pitching to stand off the Yankees nor a catcher to equal Dickey.

"We would have a great chance if our pitchers, the youngsters as well as the veterans, began clicking just when the Yankee corps went into a slump," one American coach believes.

The Red Sox and the Tigers have a lot of power this year. Boston's big two punch supplied by Jimmy Foxx and Ted Williams about equals the Yankees' DiMaggio and Keller. Bobby Dore doesn't knock in as many runs but he'll furnish a batting average higher than Joe Gordon's. Joe Cronin hits much harder than Frankie Crosetti and Jim Tabor isn't too far behind Red Rolfe. Roger Cramer is a good batter and the Red Sox hope that Dominic DiMaggio will be a sensation. Anyway they have plenty of punch.

The Sports Parade

BY HANK HART

Joe Marek, Taken North, Draws Praise From Former Greats

Jack Charvat, sports scribe of the Tulsa Tribune, wrote this of Jodie Marek, the former Baron hurler, in a recent edition:

"When Jodie Marek, stout-hearted young right-handed pitcher, purchased conditionally by the Tulsa Oilers from Tony Rego's Big Spring club of the West Texas-New Mexico league, he didn't seem to have a chance.

"Tony had told us last winter: 'Watch that kid who used to play football at Texas Tech. He can pitch and he's got the heart of a burglar out there when the going gets tough.'

"The youngster was supposed to be a control pitcher strictly. He wasn't supposed to have much wrinkle on his curve ball and his fast one just wasn't."

"But the second time out, Earl Hamilton, former star southpaw in both the American and National leagues, was in the stands at San Antonio, and he remarked, after watching young Marek get the Browns out for six frames: 'That kid has a swell curve ball. He will bear watching. He pitches with all his stuff in a tight spot. Doesn't choke up and have to aim the ball in there. He's a prospect.'

"Now the youngster looks better every time out, and he has a chance to make the jump from Class D to A-1 in one season. Manager Roy Johnson told us he was sweet on the kid with the curve and the courage.

"We'll probably be seeing more of him. At any rate he's a cinch to be kept in Tulsa ownership."

Jodie was taken north when the Oilers left Seguin.

Berndt Passed Up Midland Contract To Try Out Here

Pat Stasey, another Tulsa hopeful who was with the Barons last year, got in the Oilers' final game at Seguin as a pinch hitter.

The Browns won, 3:15, but Stasey, hitting for Jack Hallett in the third round, rapped out a single and later scored in the midst of a four-run Tulsa rebellion.

Randy Berndt, brother to the former Baron catcher, here for a tryout with the Barons, wanted to come to Texas because he thought Curdele Lewis was returning to the Big Springs.

He and Loyd were close friends when the two played independent ball together in Washington.

Brother Al tried to persuade Randy to sign with Midland but the youngster decided to come here instead.

He's taller and faster than Al is. His brother is confident that he can hit better than .320 in circuit play.

All of the league's teams with the exception of the Barons have opened their drills. The locals will not break the barrier until Monday.

However, several of the youngsters, who will make a bid for positions on the team have arrived in town and are going through daily workouts.

Frank Jacot, former Baron, will probably get into today's San Antonio game between the St. Louis Browns and the Texon Oilers as a relief hurler.

Tommy Hutto, ex-Big Spring high school star athlete, is to start at first base and hit in sixth place for the Oilers.

Two other fellows may crack the publicized trio at Austin, however. Billy Brown, Louisiana State's fireball and broad jump wizard, and young Fred Ramadell sprinter, are also entered. Ramadell shocked track followers last weekend by beating Hill in a dual meet with the Texas Aggies.

Still another extremely dark horse is entered—one Harold Hall of Rice. Regularly he trims Wolcott in daily practice sprints, but his fitness doesn't seem in competition. Coach Emmert Brunson, a conservative, admits that Hall could be a tremendous runner if he overcame the tightness that ties him up in match races.

Some 17 states were expected to be represented in the big Texas meet.

The sprint will get top billing, but for many minutes all eyes will be focused on the high jumping pit where Don Eoydston, the Oklahoma Aggie stringbean, will be trying for a new world record.

Two weeks ago at Fort Worth he cleared six feet, 8-1/4 inches and just missed the six feet, 10 inches that would have been a new mark. The skinny fellow has his sights set at seven feet—called the human ceiling by track experts.

Prof. Artie McGovern, who put in a tough month conditioning the Dodgers at Clearwater, has gone on a cruise to South and Central America to recuperate. Doc Prothro started the baseball world by announcing even his rookies get \$500 per month. Gabby Hartnett and Jimmy Dykes have been made deputy sheriffs in two Arizona counties.

TODAY'S GUEST STAR

James C. Doyle, Cleveland Plain Dealer: "Be not too critical of the efforts of Johnny Fajstchek. Never should it be forgotten that he almost gave up his life for Finland."

News: Chicago photographers caught Tony Galento drinking a glass of milk. Lightweight Lew Jenkins reached Broadway from Texas minus coat and hat. He was driving north with Jack Marshall, a heavyweight, and lost each other in Washington.

HE'S EXCUSED

Just before Louis kayeed Fajstchek, one of the few western experts wrote that it looked like a terrific fight to him. But he's excused for he was a little too far away to smell it.

JIMMY DYKES NOT IMPRESSED WITH CHICAGO CUBS

EL PASO, April 4 (AP)—The Chicago Cubs may not have known it today as they pulled out for San Antonio, but in the opinion of Manager Jimmy Dykes of the White Sox the Bruin outfit is "not as good looking a ball club as it was this time last year." The Cubs dropped seven out of 12 against the Sox.

Richards, In Abilene, Refuses To Discuss Tampering Charge

ABILENE, April 4 (AP)—George A. (Dick) Richards, former owner of the Detroit Lions, said today he did not care to discuss the statement of Carl Storek, president of the National Football League, that he had fined Richards for tampering with players.

Storek asserted at Dayton that he had fined Richards \$5,000 before he sold his Detroit team to Fred L. Mandel, Jr., of Chicago.

Richards, who stopped off here to see Clyde (Bulldog) Turner, former Hardio-Simmons university center with whom the ex-Detroit owner was alleged to have "tampered," admitted that he had been fined.

"But that's all settled," he said. "Let's forget about the matter. I'm through with football and I don't care to get into a controversy at this time."

Williams, Hill Wolcott In Feature Dash

Three Of Country's Fastest Men To Run In Texas Relays

By FELIX R. M'KNIGHT

AUSTIN, April 4 (AP)—Three swift Texans bent on monopolizing the nation's sprint business meet up again here Saturday.

Wes Welby Williams, North Texas State Teachers college sophomore; Freddie Wolcott, Rice Institute's famed hurdler-sprinter and Lonnie Hill, the University of Texas sophomore giant, carry their feud into the Texas relays, the nation's first major outdoor track and field carnival of the season.

One of the trio—Wolcott—may not be ready for the relays' spotlighted 100-yard dash event, but Williams and Hill are swishing along towards peak form.

Slow recovery from a sinus operation and cautious training intended to bring him to his best sprinting for the mid-summer national meets has left Wolcott trailing in efforts to date—but he may start challenging this time.

Unknown until he ran his first college race at Laredo three weeks ago, Williams, a five-foot, seven-inch hurricane with an incredibly fast start, was the rail-bird choice. So fast does Williams come out of the starting holes, critics have whispered he bolts the gun.

But Wolcott, who has raced against him twice, flattens this gossip with:

"No sir, Williams leaves with the gun. He is like a bullet for the first twenty yards."

Beat Both

The tiny flier, who defeated Wolcott and Hill in the Laredo meet, has run two 88 hundreds since. Hill beat him by a foot in a special, 100-meter race at the recent Fort Worth Southwestern exposition meet.

Two other fellows may crack the publicized trio at Austin, however. Billy Brown, Louisiana State's fireball and broad jump wizard, and young Fred Ramadell sprinter, are also entered. Ramadell shocked track followers last weekend by beating Hill in a dual meet with the Texas Aggies.

Still another extremely dark horse is entered—one Harold Hall of Rice. Regularly he trims Wolcott in daily practice sprints, but his fitness doesn't seem in competition. Coach Emmert Brunson, a conservative, admits that Hall could be a tremendous runner if he overcame the tightness that ties him up in match races.

Some 17 states were expected to be represented in the big Texas meet.

The sprint will get top billing, but for many minutes all eyes will be focused on the high jumping pit where Don Eoydston, the Oklahoma Aggie stringbean, will be trying for a new world record.

YANKS WIN AS SELKIRK OUT AT PLATE — George "Twinkletons" Selkirk (right), Yankee ace outfielder, was out at the plate on this play during an exhibition game at Dallas with Rebels of the Texas league, but as usual, the Yanks won 3-0. That's Shanty Cronin, catching for Dallas, and Art Paanretha, umpire.

Harvey Calls Tuesday Meeting Of Big Spring Tennis Association

Disch Receives A Tribute For Long Service

AUSTIN, April 4 (AP)—Crafty, lovable old William John (Uncle Billy) Disch, thirty seasons the University of Texas' baseball coach, tonight receives the tribute earned over one of the greatest stretches in college sports history.

Educators, baseball fans and some of the stars he developed while winning 20 pennants in 25 Southwest conference starts, will crowd around the banquet table to commemorate officially his start of another season.

Homer Price Rainey, a pretty fair Texas league pitcher a few decades ago who has since ascended to the presidency of the University of Texas, will be the principal eulogizer for the 65-year-old Missouri born coach.

Before Uncle Billy goes to his party, he will send the Longhorns on the field against Southern Methodist university at the start of another conference campaign. The old-timers of Texas baseball, headed by F. T. (Star) Baldwin, captain of Disch's 1912 team, will host "a Disch pennant" out in center field with 20 smaller pennants streaming behind it. Each will represent a title he has won.

More than 30 former Longhorn players have been sent into professional baseball by Uncle Billy. But the most illustrious of the bunch is Bib Falk, the boy who stepped off the college campus and into the Chicago White Sox lineup as a clouting outfielder.

Bib Falk will be back for the banquet, as will many others. Uncle Billy's famed Pinky Higgins, Detroit's third baseman, and E. E. Koy, Brooklyn outfielder, wired regrets.

Disch, who coached at St. Edward's university in Austin before doing brief stretches as player and manager in the Texas league, came to the University of Texas in the spring of 1911.

Plans For The New Season To Be Discussed

The Big Spring Tennis association will hold its first meeting of the year Tuesday evening, 7:45 o'clock, on the stage of the municipal auditorium.

Harold Harvey, president of the unit, said he had been given definite assurance that the courts at the city parks would soon be completed and ready for play.

Harvey said the association is looking forward to a busy campaign the coming summer.

The Tuesday meeting will serve to set up the machinery for the season's functions.

All members of the association and players who are interested in competing here are urged to be in attendance.

Sox, Buccos In Clash Today At Lubbock

LUBBOCK, April 4 (AP)—Two temporarily managerless baseball clubs, the Chicago White Sox and Pittsburgh Pirates, opened an eight-game touring series here today. Jimmy Dykes of the Sox went to Philadelphia, where his wife was ill, and Frank Frisch rushed to Wichita, Kan., for treatment of a cold that settled in his throat. Muddy Ruel directed the Sox.

COAHOMA DRILLS BEGIN MONDAY

COAHOMA, April 4—Coach D. L. Townsend will inaugurate spring football practice at Coahoma high school Monday.

The Bulldogs will compete in the District 12, a six-man loop, next fall.

It will be Townsend's first year at the helm. B. C. Hays was the coach last fall.

The French government in 1790 declared foundlings to be "children of the state."

Bloomers, introduced in America in 1849, were named after Mrs. Amelia Jenks Bloomer.

Vet Trainer Is Not Conceding Derby Win

Quietly Training Eight Eligibles For The May Classic

By SID FEDER

NEW YORK, April 4 (AP)—Taking it by and large, there apparently isn't another three-year-old Johnstown, Gallant Fox or Omaha kicking around in the hay of Sunny Jim Fitzsimmons' barn these spring mornings.

But that's not saying Mr. Fitz won't be in there pitching with a chance to pull one out of the hat again come derby day.

The little man who's usually there when they start the run for the roses at Churchill Downs has eight eligibles getting ready at the stables of William Woodward (Belair) and Mrs. H. C. Phipps (Wheatley) out at Aqueduct race track. Not one of these—five for Belair and three for Wheatley—is rated more than an outside shot to grab the brass ring against Bimelech, Andy K. & Co.

Yet, Mr. Fitz beams and assures you he's not worrying.

"Four of the eight are coming along right nice," he pointed out. "Of those we're thinking of for the derby, only Merry Knight is still off for this period in his training."

Fenelon, the Sir Galahad III colt which came home in the mile-and-seventy endurance handicap at Bowie last fall, is the one that has been tabbed by "experts" as most likely to succeed. But his Belair stablemate, Dusky Fox, and a pair of Diavolo colts, Asp and Snow Ridge, from the Wheatley barn, also fit into Sunny Jim's plans.

Mr. Fitz, while agreeing with just about everyone else that Bimelech is the horse to beat in the derby, shrugs off any suggestion that the rest of the gallant gallopers might just as well not show up on May 4.

"They said that about El Chico last year," he pointed out, "and along came Johnstown. Now what do you suppose could happen this year?"

SPORTS ROUNDUP

By EDDIE BRIETZ

NEW YORK, April 4 (AP)—Joel Hunt, who resigned at Wyoming U. the other day, is said to be headed for Louisiana State to succeed Red Sanders as backfield coach.

Hunt went to Vandy as head coach. Red was at L. S. U. five years before going to U. of Georgia as head coach. The New York Post reports two big league clubs are willing to pay the Dodgers \$75,000 for shortstop Pee Wee Reese. One of them is the Red Sox who last fall sold Reese to Brooklyn for \$35,000.

RECRUITING OFFICE

Talk about the colleges going out and getting 'em!... Five prep schools are making passes at a certain Chicago eighth grade griddler we could name. That's as bad as the Yanks offering Joe DiMaggio a bonus for an option on his first born son.

Prof. Artie McGovern, who put in a tough month conditioning the Dodgers at Clearwater, has gone on a cruise to South and Central America to recuperate. Doc Prothro started the baseball world by announcing even his rookies get \$500 per month. Gabby Hartnett and Jimmy Dykes have been made deputy sheriffs in two Arizona counties.

TODAY'S GUEST STAR

James C. Doyle, Cleveland Plain Dealer: "Be not too critical of the efforts of Johnny Fajstchek. Never should it be forgotten that he almost gave up his life for Finland."

News: Chicago photographers caught Tony Galento drinking a glass of milk. Lightweight Lew Jenkins reached Broadway from Texas minus coat and hat. He was driving north with Jack Marshall, a heavyweight, and lost each other in Washington.

HE'S EXCUSED

Just before Louis kayeed Fajstchek, one of the few western experts wrote that it looked like a terrific fight to him. But he's excused for he was a little too far away to smell it.

JIMMY DYKES NOT IMPRESSED WITH CHICAGO CUBS

EL PASO, April 4 (AP)—The Chicago Cubs may not have known it today as they pulled out for San Antonio, but in the opinion of Manager Jimmy Dykes of the White Sox the Bruin outfit is "not as good looking a ball club as it was this time last year." The Cubs dropped seven out of 12 against the Sox.

Richards, In Abilene, Refuses To Discuss Tampering Charge

ABILENE, April 4 (AP)—George A. (Dick) Richards, former owner of the Detroit Lions, said today he did not care to discuss the statement of Carl Storek, president of the National Football League, that he had fined Richards for tampering with players.

Storek asserted at Dayton that he had fined Richards \$5,000 before he sold his Detroit team to Fred L. Mandel, Jr., of Chicago.

Richards, who stopped off here to see Clyde (Bulldog) Turner, former Hardio-Simmons university center with whom the ex-Detroit owner was alleged to have "tampered," admitted that he had been fined.

"But that's all settled," he said. "Let's forget about the matter. I'm through with football and I don't care to get into a controversy at this time."

TONY GALENTO MAY FIGHT IN ROME IN 1942

ROME, April 4 (AP)—Bruno Mussolini, son of Il Duce and president of the Italian Boxing Federation, disclosed today he would try to arrange a fight for Tony Galento during the Rome world's fair in 1942, at Tony's request.

Young Mussolini said the American fighter closed a long letter of congratulations on Bruno's appointment to the federation presidency by expressing hope he could lead a contingent of Italian-American boxers to Rome for the fair.

Bruno said he would do what he could to make Tony's wish come true.

MACK INSISTS A'S BETTER

FORT WORTH, April 4 (AP)—Although the Philadelphia Athletics have won only three out of 16 exhibition games against major league rivals, Connie Mack isn't discouraged. "I have had to do a lot of experimenting and no single lineup ever has been in action nine innings, but I am positive my team is better than last year."

COLLEGE FIGHT MEET UNDERWAY

SACRAMENTO, April 4 (AP)—Eighteen schools sent their boxing contenders into the ring here today to take it on the chin in a try for eight championship titles at the National Intercollegiate boxing tournament.

A series of elimination bouts this afternoon will start the campus boxers on three days and nights of matches in the Sacramento Memorial auditorium. Colleges from Florida to Washington are represented in the 67 individual entries.

Louisiana State university was a slight favorite over the University of Wisconsin, winner of the 1939 mythical team championship.

BROWNS PLAY IN SAN ANGELO

SAN ANGELO, April 4 (AP)—Fred Haney's St. Louis Browns took on their last non-major exhibition foe today in a test against the semi-pro Texon Oilers. The Browns will face the Chicago Cubs seven times and the Cardinals twice before the season opens.

ROOKIE HURLER TAMES REDWINGS

DAYTONA BEACH, Fla., April 4 (AP)—The Phillies, heading home toward their training site at Miami Beach, have a cheering topic of conversation today—rookie Roy Bruner's three-hit pitching against the Rochester Redwings yesterday in a full nine-inning performance.

POLICEMAN WOUNDED IN BOMB EXPLOSION

CHICAGO, April 4 (AP)—Policeman Walter E. Gray, 36, of suburban River Forest, lay critically injured in a hospital today, the victim of enemies who had attacked a station today—against the Rochester Redwings yesterday in a full nine-inning performance.

The officer touched off an explosion when he pressed the starter button.

Sarazen and Wood, Finalists In 1935, Team In Mesters Meet

By BILL BONI

AUGUSTA, Ga., April 4 (AP)—Perhaps by accident but more probably by well-conceived design, they sent Craig Wood and Gene Sarazen into today's opening round of the Masters golf tournament in the same twosome.

It was one of the most colorful pairings in the entire list. Wood, the handsome blond bomber from Mamaroneck, N. Y., at 28, is playing the game as well as ever, and Sarazen, the squat, out-spoken little gentleman farmer, also 28, is playing almost as well as he ever did.

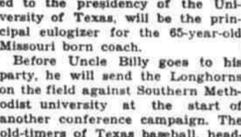

But there was more behind it than that. It revived one of the best Merriwell finishes in the history of this or any other gold tournament—Sarazen's double-eagle on the 15th hole of the last round in the 1935 tournament, which enabled him to tie Wood for first place and go on to beat him in a playoff the next day.

Sarazen's shot ranks as one of the epic ones of the game—a 230-yard No. 4 wood that cleared the deep ditch in front of the green and popped into the hole.

"If you think I lay awake nights, worrying over putts I might have sunk to win, you're all wrong," said Craig.

Wood has been playing some of his best golf lately—well enough to be graded right up with Ben Hogan, Ralph Guldahl, Byron Nelson, Henry Picard, Jimmy Demps-

and the other favorites in this hand-picked field of 48 masters.

I LOOKED LIKE A WILTED WEED

BEFORE I began wearing a HANES Undershirt on warm days, I used to look like a dishrag by afternoon. I felt clammy and uncomfortable, too.

Now, a cool HANES Undershirt takes the wet out of sweat. Its soft, absorbent knit rests on my chest as lightly as a breeze but blots up the perspiration. Evaporation is even and rapid. I feel as cool as a sail on a boat. And my top-shirt stays a whole lot neater.

Gentlemen, HANES Shirts are knit to fit snug across your chest and back with a trim, elastic feather-touch. And they have plenty of length to tuck down inside your shorts without creeping up to wad at your waist.

For matched comfort, wear them with HANES Crotch-Guard Sports or Shorts or with HANES Broadcloth Shorts. Have your HANES Dealer show you these comfortable garments today.

Newscaster Doubles As Lecturer

JOHN HOPKINS

John Hopkins, ace Southwestern commentator and newscaster, who may be heard as the "Star Reporter" over Station KBST and the Texas State Network each Monday through Friday at 7:30 a. m., lectures before civic groups whenever the opportunity presents itself.

On duty almost constantly during the European war crisis prior to Germany's march into Poland, Hopkins found time to lecture before par. t-teacher groups, to high school classes and civic associations in Fort Worth where TSN's main offices are located. John's resemblance of movie actor Don Ameche made his appearances doubly attractive.

Even though he is only 21 years old, Hopkins has been in radio four years, acting as program director and announcer at KPLT, Paris, when that station opened in 1936. He has also announced at KTAT and KPJZ, Fort Worth.

A former student of the Victor Acers school of fine arts, John's deep, resonant voice received its first experience in high school dramatics, at Paschal High in Ft Worth. His interesting and terse presentation of the news

keeps Texans abreast of latest world happenings on a regular, early morning schedule.

Masons Schedule Called Meeting

A called meeting of the Masonic lodge at 7:30 p. m. today has been announced by W. O. Low, worshipful master of the fraternal unit.

Two masters degrees will be conferred at the session, according to Low, and W. T. Black, Lamesa, right worshipful deputy grand master, will be present for the ceremonies. Consequently, Low was anxious for a large attendance.

CROP PROSPECTS ARE BELOW NORMAL

CHICAGO, April 4 (AP)—Two statistical agencies which have made exhaustive surveys of winter wheat conditions throughout the

United States today released estimates indicating that while there had been some crop improvement the past few months, the prospective harvest would be well below normal.

Two estimates of total winter wheat production were 449,926,000

bushels, made by Mrs. E. H. Miller, and 435,019,000, made by C. M. Galvin, both widely recognized in the grain trade as authorities.

The estimates of production in Texas were 28,078,000 and 27,001,000 bushels.

MEXICO NEGOTIATES TO BUY RAILWAY

MEXICO CITY, April 4 (AP)—Melquiades Argueta, secretary of communications and public works today reported that negotiations

with United Sugar company for the purchase of the Kansas City, Mexico and Orient railroad will be completed shortly.

Argueta announced that once the transaction is closed the Mexican government will push its plans to extend the railroad line to serve

the states of Chihuahua, Sonora and Sinaloa.

Seeing Double In Vogue As Twins Convention Gets Underway At Waco

WACO, April 4 (AP)—If there's an uncommon amount of double talk and you see triple here today think nothing of it.

It won't be caused by something you drank or ate because the second annual Texas college twin convention will be under way.

More than 100 sets of twins along with several sets of triplets

will attend, coming from at least sixteen states.

First delegates arrived early today. They were Clara and Ruth Crumpley and Bill and Bob Ailred, appointed by Governor Clyde R. Hoey to represent North Carolina.

The convention begins officially tomorrow but there will be an informal reception tonight.

The event also will give two university professors a chance to test multiples along biological lines.

Dr. D. C. Rife, professor of biology and entomology at Ohio State university, and Dr. Iva Cox Gardner, professor of psychology at Baylor university, will use the multiples as "guinea pigs" for science.

Dr. Rife will test particularly the blood count and eye pigmentation. Like thought patterns of the twins will be tested and evaluated by Dr. Gardner, who with President Pat M. Neff of Baylor is co-sponsor of the host Baylor twin club.

Among special guests will be Annette and Janette Tucker of Winters, Tex., sweethearts of Lions International, and five sets of triplets—the Talasaks of Rosenberg, Elmore of Moody, Lancaster of Hubbard City, McCauleys of Hillsboro and Merrells of Waco.

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys

If backache and leg pains are making you miserable, don't just conclude and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Pull the Trigger on Constipation, and Pepsin-ize Acid Stomach Too

When constipation brings on acid indigestion, bloating, dizzy spells, gas, coated tongue, sour taste, and bad breath, your stomach is probably loaded up with certain undigested food and your bowels don't move. So you need both Pepsin to help break up fast that rich undigested food in your stomach, and Laxative Senna to pull the trigger on those lazy bowels. So be sure your laxative also contains Pepsin. Take Dr. Caldwell's Laxative, because its Syrup Pepsin helps you gain that wonderful stomach comfort, while the Laxative Senna moves your bowels. Tests prove the power of Pepsin to dissolve those lumps of undigested protein food which may linger in your stomach, to cause belching, gastric acidity and nausea. This is how Pepsin helps your stomach help relieve it of such distress. At the same time this medicine wakes up lazy nerves and muscles in your bowels to relieve your constipation. So see how much better you feel by taking the laxative that also puts Pepsin to work on that stomach discomfort, too. Even finicky children love to taste this pleasant family laxative. Buy Dr. Caldwell's Laxative—Senna with Syrup Pepsin at your drugist today!

twenty-five year pins are Mrs. Susie Wiesen, Mrs. Gladys Shusser, Mrs. Flora Jones and Mrs. Frances Deason. The group made talks on the length of their membership. Mrs. Barbee gave a reading and Mrs. Maudie McCright's team won the attendance contest. Mrs. Ruth Burnam's team will entertain the lodge soon.

Punch and cake were served and others present were Mrs. Birdie Adams, Mrs. Annie Wilson, Mrs. Jewel Williams, Marvin Louise Davis, Mrs. Dora Sholle, Mrs. Willie Fyfe, Mrs. Maudie McTier, Mrs. Greta Shultz, Mrs. La Vell Nabors, Mrs. Iva Johnson, Mrs. Loys Garland, Mrs. Della Sullivan.

Mrs. McCormick Honored With A Dinner

Mrs. Agnell Is Hostess At Affair

District vice presidents and local unit presidents were guests of Mrs. Della K. Agnell Wednesday afternoon at the Colonial hostess room at a 6 o'clock surprise dinner honoring Mrs. W. W. McCormick, newly-elected vice president of sixth district and president of West Ward Parent-Teacher association.

Guests listened to the Mother Singers broadcast over KBST on the Chamber of Commerce program. Mrs. McCormick was asked to attend an important call meeting of unit presidents and when she arrived found the group singing congratulations to her.

White and gold were the chosen colors emphasized in the bouquet of jonquils and fern centering the lace-laid table. A fried chicken dinner was served.

Mrs. McCormick was presented with folios of varied-size scroll designed parchment stationery wrapped in white and gold as her work as vice president will entail considerable correspondence.

The guest list included Mrs. L. L. Mayfield, outgoing district vice president; Mrs. W. H. Ward, president of Howard County Council; Mrs. Hayes Stripling, president of Big Spring council; Mrs. H. W. Smith, past president of council; Mrs. James Brooks, president of high school P-T. A.; Mrs. W. E. Younger, president-elect of local council and president of South Ward unit.

Mrs. Aultman Smith, president of College Heights; Mrs. H. E. Howie, president of Central Ward; Mrs. M. E. Boatman, president of North Ward; Mrs. Lex James, president of East Ward; Mrs. Buel Fox, council representative; Mrs. McCormick and the hostess.

INCOME UP

CHICAGO, April 4. (UP)—Livestock producers received approximately \$122,000,000 for meat animals dressed under federal inspection in March, livestock statisticians estimated today. This was about \$3,000,000, or 3 per cent more than was received in February.

Saucy Meat Ideas Are Handy For Springtime Meals

By MRS. ALEXANDER GEORGE, AP Feature Service Writer

When spring fever gets the best of you it's almost too much to try to think up a new dinner or supper. Well, don't.

There are ways to get around such cookery problems, pleasant ways, too. Here's one: Plan a meal that comes naturally to you, then just trick up the meat. Bake a sauce along with the meat; make vegetable layer, or cover a roast of chops with a spicy fruit sauce.

Here's a meat idea for hearty eaters: Shape chopped raw pork,

veal and beef (in about equal portions), well seasoned, in rolls, two inches long and an inch thick. Roll in flour and fit into a casserole. Cover with tomato juice seasoned with chopped onions, green peppers and parsley. Take a tablespoon of each seasoning for each two cups of juice. Cover and bake for 45 minutes, add a cup of sliced meat or fish loaf and then give it a new twist by providing a mushrooms and three tablespoons of butter and bake fifteen minutes.

Here is a way to use up left-overs so they will never be known as such. Mix two cups chopped cooked meat, add one cup of soft bread, two eggs or four yolks, one-half cup milk, two tablespoons mixed seasonings (depends upon what you have—celery, pimientos, onions, green peppers and parsley, are suggested) and one-fourth teaspoon salt. Half-fill buttered custard cups or individual baking dishes and then carefully add a half-inch layer of vegetables. Cover with the rest of the meat and bake 25 minutes in a moderately slow oven. Unmould onto a heated platter and surround with a well seasoned sauce.

CORN FILLING for steaks is a new idea. Select two steaks (pork, lamb, veal or beef) about half an inch thick. Fit one into a buttered casserole, cover it with a two-inch layer of corn filling (two cups of corn, seasoned with parsley, salt, pepper, minced onion and butter). Put the other steak over the corn and sprinkle it with seasonings and melted fat. Cover and bake an hour in a moderate oven. Uncover and bake thirty minutes more to brown.

Celery sauce takes on new interest when linked up with sausages. Cook the sausages until they are well browned—about ten minutes. Arrange on toast and cover them with creamed celery.

Just watch what happens when you serve veal steak topped with apricots. Cook veal steak, well floured, in a little fat until very brown and tender. Spread with apricots and sprinkle them with a little brown sugar, cinnamon, cloves and lemon juice. Top with some of the veal drippings and bake or broil ten minutes. Carefully transfer to a heated serving platter.

Air Meet Set For Sunday At Monahans

MONAHANS, April 4—More than a hundred sportsmen pilots are expected to gather here Sunday, April 7 for the first annual West Texas Air Meet. From points throughout the southwest fliers had indicated that they would be here to take part in the contests and witness one of the biggest exhibitions of flying ever to be held out here.

Practically all new models of airplanes will be on exhibit as word has already been received from the Texas distributors for major companies that their product will be represented. The meet will last all day Sunday, although most of the show will be in the afternoon. The morning will be consumed with eliminations in the spot landing contests, races, balloon bursting and paper strapping.

One of the highlights of the day will be aerobatic exhibition flying by some of the top pilots in Texas for a handsome trophy. Trophies will be awarded winners in all divisions of all events. In the spot landing contests all classes of pilots will have a separate division. The visiting pilots will be honored at a barbecue dinner served at the airport at noon. Climax of the evening will come at 5 o'clock when a parachute jump is to be made.

Invitations went out to more than 200 pilots all over Texas, New Mexico and Oklahoma, and at least half of that number is expected to be on hand when the show gets underway early Sunday. The meet is sponsored by the West Texas Air Meet association, a non-profit organization of fliers of this area.

Cripple Finally Exhausts Federal Agents' Patience

ST. LOUIS, (UP)—More than 20 times Federal agents raided the home of Sylvester Gaston and in 16 of the raids illicit liquor was found. Gaston, 40-year-old crippled negro, escaped prosecution because Federal authorities internal revenue agents once too often, however, and Federal Judge John Collett sentenced him to two years in prison. While Gaston was in court, hearing sentence pronounced, police raided his home again and found more liquor.

Appointive Commission?

One can find evidences in Austin—and in other points in Texas where they talk politics—of growing sentiment in favor of an appointive railroad commission. It probably is not a new trend of thought, but apparently is more prominent this year for various reasons.

The appointive school of thought has some merit, as most unprejudiced observers of the political situation will recognize.

The members of the commission hold six-year terms. It was originally intended, no doubt, to have this rotation method in effect to minimize political activities of commission members.

The term of one commissioner expires this year, and he, as is not unexpected, is seeking reelection. Another, who four years to go in the present office, already has announced for governor; and the third, with two years of his term remaining, is generally conceded to have long eyes on the gubernatorial chair.

Thus, although only one member of the commission faces termination of his term this year, all three are in political wars just the same.

This is not a unique year. It has been the same in other election seasons, with railroad commissioners running for other offices while serving out their own terms.

The railroad commission is too important in Texas affairs to be used for such purposes. Its members have an administrative task to perform as vital as that of the governor's; the influence of these men is almost as great; their responsibilities certainly are comparable.

This is not to say that the railroad commission has not functioned to a satisfactory degree; but it might function even more ably. The state highway commission, an appointive agency, has demonstrated that such bodies can be as efficiently manned as those filled by the electorate.

The appointive method obviously would cut down on the apparent abuse to which the railroad commission posts have been put in times past.

Hollywood Sights And Sounds

HOLLYWOOD—Paulette Goddard was making color tests in the bright sunshine of an outdoor set. She was getting ready to play a half-breed hell-cat in "North West Mounted Police," and about a hundred spectators, mostly male, and workers were in the audience.

After the first test, a change of costume was in order. It was a long way to the wardrobe and dressing rooms. A wardrobe woman borrowed Gary Cooper's leather jacket, tied it about Paulette's waist, slipped off her skirt under it and slipped on another. Then she repeated the routine with a coat tied about Paulette's shoulders while the blouse was changed.

The lookers looked. Paulette smiled. Modesty and efficiency had met, bowed and gone on serenely. John Carroll would have you believe he was happier being Monogram's Clark Gable than Metro's Gable No. 2. And John Carroll can spin other amusing yarns, too.

Gene Towne and Graham Baker, who as writers used to keep Joe Breen on the alert, have been making only standard, innocuous subjects ("Swiss Family Robinson," "Tom Brown's School Days," etc.) since they became producers. And when Frank Capra worked for Columbia, he never would consider more than one story at a time. Now that he is working for himself he is preparing two stories for future production besides "The Life of John Doe"—on his one-picture Warner deal. (Or maybe Capra merely didn't talk about the others he was thinking of.)

"I Married Adventure," Osa Johnson's fine new book, is already in film—release awaiting announcement of the tome's selection by one of the national book-a-month clubs.

Bob Hope, unable to borrow Jack Benny's Rochester for his own "The Ghost-Breakers," is using Willie Best—and dubbing him Syracuse.

Accustomed as we are to exploitation's Colossals, Gigantics and Supers, we here know but little of what is Stupendous. I quote an ad from an India periodical: "Fatigued with feverish fury of excitement when forsaken by her husband. . . . She threw her beautiful cloak of modesty and ran after him. . . . See how they met in the thickest and yet most comical moment in 'Laxmi, Laxmi,' Circo's greatest festival of the year!"

Great moments in contemporary history, from a publicity bulletin: "Before a group including Mr. Paul of Charles of the Ritz, Pierre of Antoine's and other hair stylists, Monsieur Andre of Paris demonstrated at his Salon in Sunset Plaza Square a new and revolutionary method of permanent finger-waving without the use of a machine or machine-less soap." And to think I missed it!

Clower Gulch—which sprang into the limelight with a shooting—was practically deserted shortly after the affair. . . . Most of the cowboys had answered a man's call to play roughneck con-

Leap Before You Look

Chapter 27 Train Trip "I want to win myself," Tomi told Pierre.

"Need anyone know?" asked Pierre seriously. "I would know," answered Tomi.

"Then, cherie," he came close, his arms extended—"let me lend you the money. We can slip it in, a little at a time. No one will know the difference."

"That isn't honest, Pierre," Tomi objected. "I couldn't play underhanded."

Pierre shrugged his shoulders. "Do you think Allen Bartell is playing an honest game with you?" he asked.

Tomi shook her head hopelessly. "It doesn't matter what he does. I don't have to live with him. I do have to live with myself—"

"Tomi, don't you see that is why a woman falls in business? She is too inherently honest to fight fire with fire. Do you want Bartell to win?"

Tomi stood up resolutely. "Bartell is not going to win," she stated emphatically. "I still have a fine chance. The Tolands threw me off the track, but I can make up the time I lost there. You're a dear, Pierre, to want to save me, but it's my fight."

"You'd win," Pierre shook her hands, warmly. "Abe," Tomi called him back in. "I want you to check the number of frogs we'll have available for sale between now and the last of October. See where you can cut down on feed cost."

Pierre remained after the others had left. "You won't let me help you with the book-keeping, Tomi?" "It's nice of you, Pierre, but I've been a bookkeeper."

"My salary could be suspended," he offered. "Oh, Pierre, if there were only a few more men like you. No, dear. The principle of the will is that I should prove my right to the farm. That is something I must do alone."

"My valiant," murmured Pierre. Tomi went over her market list. Everything within the radius of three hundred miles had been secured. No further markets there were available. She's have to extend her territory. But how could she do that and cut her sales cost?

"I can't let Pierre live in cheap hotels and dine at hamburger stands. I'll simply have to go back on the road, myself."

But where? The sensible thing would be to go to the places where the greatest number of markets were within the smallest radius. Los Angeles was the answer.

Tomi acted quickly. The next day was Saturday. She could take the Daylight Limited on Sunday, rest Sunday night and be fresh for work Monday.

She telephoned for reservations the next morning. She could take a train from Oakland at seven-forty Sunday morning and connect with the Limited at San Jose. She sent Abe for her reservation, then started to pack.

Dotty hovered over her, pressed clothes, checked lingerie, assured her she would keep the two men and the million frogs well fed and contented.

Occasionally he would let out a triumphant "whoop!" Tomi aped to the pen. "Abe, what in the name of goodness are you doing?" she asked.

"Well now—" Abe looked abashed—"frogs is fussy. They take their food movin' or not at all. I was experimentin'."

"Makin' 'em think they're gettin' live meat because it moved. See? I put a strip of raw beef on this here little hook. I draws it slow-like over the feedin' grounds and they snaps it up. Now watch."

Tomi watched. They did. Raw beef or horse meat might be cheaper and more filling than the soft-shelled mollusks she was buying for them every day.

Soft-shelled—the word stayed with her. "Abe," she cried, "why not try the soft-shelled crabs on the beach. It's alive with them. Come on, we're going to test them out."

The next morning Tomi, looking very much the bear to a million dollars rather than a million frogs, embarked on the branch line. She was feeling triumphant. The beach was to be cured of those spider-like little crabs which, once inside of her frogs, would materially assist the black army in defeating the reds.

The Daylight Limited, a cream and orange streamline, slid into San Jose like something out of another world. Even the porters were garbed to match the train, and the interior of her car was like nothing she had ever dreamed of.

Later, escorted by the official, they inspected the train from one end to the other. Tomi marveled at the tiny kitchenette in the buffet car, the equipment of the bar in the club car, and enthused over the kitchen of the diner.

A huge ice compartment held the perishable goods, steaks, roasts, chickens, fish. "And nary a frog leg," teased Allen.

Tomi looked at him, quickly, but (Continued On Page 16)

WASHINGTON—Into the office of "Cactus Jack" Garner the other day came "Cactus Harry" Carey. Occasion for the visit was simply that Carey was in town, making his return to the stage after 29 years. He wanted to see and chat with the vice president, whose chair he occupied for that "Mr. Smith" movie.

Occasion for this yarn was that the two got to reminiscing and out of that came a remarkable example of how life goes 'round and 'round. John Nance Garner, the son of a westerner, becomes a big politician. Harry Carey, the son of a big New York politician, becomes a westerner.

Mr. Garner, no doubt, could give Harry cards and spades and beat him to death at the political game, but Carey Pere would have given Mr. Garner a run for his money.

"Pop," says Harry, "was one of old Richard Croker's Tammany district leaders in Brooklyn and a judge of the court of special sessions."

CARRIED AN UMBRELLA "He anticipated Chamberlain by about 50 years—used to wear a high silk hat and carry an umbrella, rain or shine. Only difference was he used it all the time—used it to keep the sun off as well as the rain."

"Golly, what a bunch of thieves they had around Tammany in those days. Even Pop had a franchise. It was for a two-mile horse-car railway through Pelham Bay park. Pop set it up and charged 10-cent fare."

Seems like there was a state law in those days that you couldn't charge more than five cents on any street railway, so Pop was called up to Albany, umbrella and all.

"They put him on the pan, told him he'd violated the law, and Pop says, 'Now, gentlemen, I know the law. For years I have been on the bench. Doesn't that law say that no one street railway company can charge more than five cents? But does it say anything about two companies not being able to charge five cents each? Well, gentlemen, my two-mile mile is owned by two companies. One owns one mile, another the next. You can look up the articles of incorporation. And, gentlemen, if you want to sit here and issue an order that the thousands of poor people who ride those railways have to get off at the end of the first mile, in torrential rains and bitter cold, and transfer to the other company's railway just to comply with a silly law, then I guess I'll have to take the matter up with the voters.'

"Well that was the last Pop ever heard of that."

MORE TROUBLE "He did have a little trouble later on when they were building a wooden bridge across City Island. Pop wanted to run his horse-car line across there. They wouldn't stand for it. So one night, after the bridge was finished, Pop got a mixed gang of his Italian and Irish voters together and between midnight and dawn they laid those rails across that bridge."

"The next morning Old Dobbin was pulling the car across the bridge and the car was met with an armed force. Pop was on board and waving his umbrella. He just grinned when his car was stopped and he shouted: 'Gentlemen, if you want to hold up the United States mail, you'll have to take the consequences.' And right in their faces, he waved a full government mail pouch."

"How Pop ever got the United States government to throw in with him on that, I don't know, but that horse-car carried U. S. mail as long as the opposition could remember."

"Yesir, Pop was a great politician," concludes Carey. Pop has my vote, Harry. He undoubtedly could give the modern boys aces in the hole and beat them with a deuce-down draw, even with Vice President Garner in the game."

Man About Manhattan

ABOARD THE COMMODORE VANDERBILT—A sight of this trip was that Harry Oshrin and Jake Wilk traveled as far as Reno with us and then went on to the coast. As Oshrin is the owner of "Tobacco Road," this may indicate the Hayes office ban on that blunt and brutal comedy is about to be lifted, and that, after seven years on Broadway, it is to be made into a motion picture.

How much of this play, other than the title, can be salvaged for the films I wouldn't know, but Jake Wilk is the shrewdest story scout in the business, and if he is taking Oshrin to Los Angeles, it is for the purpose of talking terms with Jack Warner and not for the ride.

Jack Wilk is an old hand at buying novels and plays, and even back page feature stories for the movies. When he wasn't studying 24 courses in English Literature, which means an exhaustive study of plot, he was in the theater studying plays, or earning a fat living as a literary agent. Since 1929 he has scouted story material for Warner Brothers, and the list of his "buys" shapes up as something of a best-seller list through the last ten years.

It was Wilk who succeeded in obtaining the rights to "Anthony Adverse," but it required a trip to Europe and a dash to Hollywood to do it. "Oil For the Lamps of China," "Boy Meets Girl," "The Male Animal," "Fugitive From a Chain Gang" and "Brother Rat" are just a few of the name plays and stories he has corralled.

I asked Jake point blank whether he had bought "Tobacco Road." He said, "That's a nice tie you have on, but it ought to have a figure in it; I don't like solid colors."

I asked Harry Oshrin point blank. He said, "Who me? I'm just along for the ride."

After putting a curse on both of them I went back to reflecting on the curious, unbelievable history the "Road" has had. It was damned by the critics. It is replete with sordid atmosphere, and every other line is an unsavory puddle.

Yet, it caught on. It hung by a thread for a week, and nearly died. Then it hit with a big loud bang. That was seven years ago, and it is still running on Broadway. No other play in the entire history of the theater has even come close to this mark.

Prosecutor Dewey simply announces he "will be glad to make the fight" for the presidential nomination. Goodness, isn't he going to await a "demand from the people?"—Kansas City Star.

Business Of Hay Fever Remedy Is Getting To Pills

By HOWARD W. BLAKESLEE Associated Press Science Editor

CLEVELAND, April 4—People who said they helped their hay fever by eating clover honey in the spring and chewing ragweed leaves in the summer received medical justification today at the American College of Physicians.

This curious legend was investigated by the allergy clinic of the university hospitals of Cleveland, with the result that eating pollen was tried as a medical remedy and found quite effective.

One hundred and thirty hay fever victims acted as the guinea pigs. About half of them took injections of the ragweed pollen, a standard method of relieving hay fever. The other half swallowed capsules filled with the same pollen.

As a result, 65 per cent of the pollen eaters were helped considerably, 24 per cent had fair relief and 11 per cent were not relieved at all. This was almost as good as the results of the regular vaccination method, where 70 per cent experienced considerable relief, 19 fair and 11 none.

The capsule method had one advantage. It was easy to take a capsule every day or two, whereas the vaccination requires going to the doctor 15 to 30 times.

Moore Party Attended By Large Crowd

MOORE, April 4—Several people enjoyed an old fashioned occasion of visiting, play, and dinner on the ground here April first when they assembled at the school building at nine o'clock to celebrate an annual affair. The group played various games in the morning. Also a Parent-Teacher program was given. In the afternoon the local softball team played the Hartwells team. The Parent-Teacher association held its regular monthly session Monday at the school building. Mrs. W. H. Ward made a report on her trip to the district P.T.A. meeting at Abilene last weekend. The group made plans for the chamber of commerce dinner which is tentatively slated for the same time during the first part of May. The next meeting date will be the first Monday night in May.

A volley ball league was organized at Moore last Friday night, with four teams to play over a period of six weeks. Friday night has been set aside for the time. Play will be open to everyone from 6:30 to 8:00 p. m. after which the two league games will be played. There will be no charge for admission. Tuesday night has been set aside as play night for men's volleyball, and all have an invitation to participate.

Mrs. Arthur Alexander surprised Mrs. Oran Lancaster with a miscellaneous shower at her home last Wednesday. Visiting and conversation were the diversions of the evening. CAT RISKS ITS NINE LIVES IN LONG LEAP

LOS ANGELES, April 4. (AP)—A scraggly black and white kitten was able to sit up and enjoy a saucer of nice warm milk today after raking all of his nine lives in a leap from a ledge atop a five-story downtown building, where he had been stranded for six days.

The death-defying feline decided upon the leap after escaping from the arm of a man who ascended the 72-foot height to rescue it.

On its way down, the animal's fall was broken when it struck some trolley wires, but it was able to get up from the ground and walk away. It was believed the cat crawled to the ledge from a hole leading from a fire escape and was unable to find its way back again.

FORT WORK ASKED

SAN ANTONIO, April 4. (AP)—Improvements totaling \$70,765 for Fort Brown at Brownsville received WPA approval Wednesday given for work to begin at once, according to Stearns S. Tucker, deputy state WPA administrator.

AROUND THE COFFEE POT

Kenneth Lewis, who had the grand champion calf here in the 4-H club show and placed third at Lubbock, won first place with his calf at the Nolan-Fisher county boys livestock show this week. The 935-pound calf sold at auction there for 41 cents. Young Lewis has realized \$2,238 from the sale of his two champion calves, the first shown at Fort Worth bringing \$2 per pound.

Twin colts foaled by a Palomino mare on the Jay H. Floyd ranch near Midland were found this week. Although the animals were dead, records for double births among horses are rare.

H. S. Miller, our favorite weather-maker, predicts a rain for this vicinity April 12 or thereabouts. Lambing on Mr. Miller's place in the Center Point community will begin next week. He expects a high per cent lamb crop.

If you notice a big per cent increase in Hampshire hogs in the county within the next few years, you can give the Kiwanis club credit for propagating the breed. Last year the club placed four sows with boys in the county with the condition that each boy turn one sow out of the litter back to the organization. This year the club purchased two more sows, making 10 animals that will be placed with boys next year. Average litter for the Hampshires is about 10 pigs.

A remount stallion from the U. S. Cavalry has been placed on Terrell

Miles' place three miles south of Midland. The horse, named Bad Guess was sired by Craigangower and out of the mare Quince Bush. Both animals have racing records.

A number of calves shown at the Nolan-Fisher show this week were sold at Fort Worth Wednesday.

Produce houses were paying 20c for fryers; 7 and 8c for hens; 11c for eggs and 20c for No. 1 cream Wednesday.

The Big Spring Cattle Auction reported a good sale Wednesday. Around 350 head of cattle were sold through the ring. Market on all classes of stock was generally lower. Bulls sold for \$5.25 to \$5.50; fat cows \$5.50; canners and cutters \$3 to \$4.75; butcher cattle \$6 to \$7.50 and stocker cattle \$9 to \$9.50.

Fifty calves from the Sweetwater 4-H club show were sold at auction Tuesday for an average price of \$12.95. E. A. Tennis auctioned the animals.

J. F. Willingham of Martin county attended the sale Wednesday. Mr. Willingham said that a good rain was needed on his place. The grass is showing green close to the ground and a rain would put it in top condition.

Cottonseed cake (43 per cent) was selling out of local feed houses Wednesday for \$2.15 per sack. Meal sold for \$2.10 and hulls at 80c.

he was talking to the official. He left her alone as soon as they returned to the car.

Tom! nestled down in the seat, adjusted the blind, and sat staring at the unbelievable beauty of the scenery; miles of blue water, fading to amethyst at the horizon line and when the road-bed curved, purple hills that dropped straight to a line of white sand.

"And nary a frog leg," repeated Tomi. She sat up. That was her cue. And Allen Bartell had given it to her. Unconsciously he had placed her black army someone would use to win the farm from him. Tomi swayed from one end of the train to the other before she finally located the official. From him she obtained the name of the head of the commissary. She sounded him out on the idea of frogs' legs as a delicacy commensurate with the other fine features of the Daylight's service.

"It is an interesting idea," he conceded, "but not in my jurisdiction."

However, when Tomi returned to her seat, she had his card with an introduction to the commissary buyer written on it.

For a little while she watched the view, ragged cypress black against a now amber sea. Someone remarked that those houses low against the water were the beach homes of movie stars. She wished she might be a star for a few days.

A series of serrated peaks thrust purple heads from the water. An island. She lived on an island, Bay Farm Island . . . and somewhere within her few acres there was someone helping Allen Bartell Pierre, Dotty, or Old Abe.

It was a disturbing thought. Of course Allen might be due in court the next morning. But it was too much of a coincidence for her to accept. The man persisted in staying one jump ahead of her.

"When I return," she promised grimly, "I'll find out which one it is. I don't believe it's Pierre. It's either Dotty or Old Abe."

Continued tomorrow.

NOT A BUCK IN 5 YEARS

Q-How does she "stand up" on a farm or ranch?

SAYS MRS. R. E. DILLARD, OF TUSCOLA, TEXAS:

Trigger-tray release—just a lift of the finger and tray is free—Cubes instantly released from flexible grid.

Vegetables and fruits stay fresh in the two big, roomy porcelain vegetable fresheners.

A perfect place to keep fresh meat—right below the freezing unit. Fresh meat any time you need it.

- No moving parts in the freezing system
- Permanent silence
- Continued low operating cost
- More years of dependable service

were sold through their auction ring last year. The company celebrated its second anniversary last Wednesday.

Howard county farmers were waiting for a planting rain this week. Small amounts of sudan and corn were planted earlier in the season but little planting is being done at present.

DROUTH CONDITION IS CONTINUING

WASHINGTON, April 4. (AP)—The weather bureau reported today the continuance of serious drouth conditions in the southern grain plains.

The drouth condition centers in Oklahoma, central and western Kansas, and parts of Texas, the bureau said.

The winter wheat crop was said to be making fair progress in the Ohio Valley, Iowa, Missouri, South Dakota, Montana and in Texas, except in local areas of the latter state affected by deficient rainfall.

The bureau reported that in general, March was seriously deficient in moisture to the lower great plains and the southwest, excluding the Rio Grande Valley of Texas.
