## Eastland T&P Agent, Depot Fate in Hands of R.R. Panel

Eastlanders presented their case for retaining the railway road was not only making money in Eastland, but coming freight agent and depot in Eastland Tuesday before a Texas Railroad Commission Examiner — and indications were that it was a strong case that might block the T&P request to scuttle personal service here.

Commission Examiner Wallace Nations presided at the meeting held at Eastland National Bank's Board Room.

T&P, through its attorney, Rex Watson, requested that the Eastland freight agency be closed with customers here to be served out of Ranger where an agent is maintained.

Eastland Attorney Cyrus Frost, eloquently lead the opposition to the request, and Examiner Nations said that he will make his recommendations to the commission based on the facts stated at the hearing, which began at 9 and concluded at 12 noon.

Mr. Frost successfully lead the same type of opposition two years ago at a hearing in Strawn when a similar proposal by the railroad was vetoed by the Commission.

## Fullen Motor Co. Presents

## LAUGH-A-DAY

The new minister's family was presented with a pie baked by one of the congregation who was a rather poor cook. The pie was inedible, so the minister's wife reluctantly threw it into the garbage.

The preacher was faced with the problem of thanking the lady, while at the same time being truthful. After much thought, he sent the following note:

"Dear Mrs. Jones— Thank you for being so kind and thoughtful. I can assure you that pie like yours never lasts long at our house!"

## Front Good for Lower Temps, .38 Inch Rain

A weak cool front that passed through the Eastland County area late Monday afternoon brought a welcome relief to 15 successive days of over 100 degree temperatures as well as much needed moisture, according to James Dabney, National Weather Service observer.

Monday's total rainfall was .14 of an inch with .09 of an inch falling in the early morning hours of Wednesday. However according to Dabney, after the gauges were emptied at 7 p.m. Wednesday, another .15 of an inch fell between 7:30 a.m. and 9 a.m. bringing the three day total to .38 of an inch.

## City Engages Firm to Help In Sewer Financing Plant

Word is expected Thursday from the state attorney general's office regarding possibility of financing for a proposed new sewer plant for Eastland.

Once again, the city's 1923 charter may have tossed a bit of a wrench in planning.

Commissioners, in regular session Monday evening entered into an, as yet informal, agreement with the First Southwest Corp., to handle financing arrangements for the badly-needed sewer treatment plant, which is expected to cost \$195,000. Federal and state funds are available to assist and lighten the city's load, but expert assistance is mandatory to process all points successfully.

The city fathers heard Mr. Joe Smith, a Southwest representative, explain the various financing methods available, and heard him say that Eastland, being out of debt, and free from the old court orders, is in excellent shape, except that a quick look at the charter had posed the problem to be decided by the state legal office.

The federal participation could be as high as 55 per cent and the state part could go up to 25 per cent, leaving the city, 20 per cent to raise either in cash or with bonds, which of course must be approved by the voters. The commissioners lean in favor of a short-term bond program which would allow the city to continue to operate in the black without straining the city finances. Even with proceeds from the sales tax, and other good revenue including water sales and tax collection, the city continues to "play A close to the belt" and with the purchase of the new tractor, now just about ready to be put into service at the new sanitary land fill project, the city couldn't comfortably come up with the necessary 20% soon.

The old charter sets out however that no bonds may be voted of the general variety, for less than "20 years" and not more than 40 years. The commissioners want a

\* agreed to a contract with Yeats and Decker for sewer plant work.

\* Read for the second time the anti-pollution ordinance as required.

\* agreed to pay half cost of fencing with a neighbor on the airport property.

\* formally conveyed airport land to the Industrial Commission.

\* Decided to enter a sewer line cleaning project for Commerce St.

\* Discussed but took no action on complaints tendered by citizens as follows: one sought city help in a new sewer line from the main line to his property; one sought a new storm drain to protect his property from flooding; one sought paving of a street where but all but one of the residents there have agreed to provide curb and gutter (a sixth resident has refused to pay for the curb on his property.)

In each case it was learned that standard city policy was being followed.

## TOMATO SHOW FRIDAY, 9-3

The annual Eastland County Tomato Show will be held on Friday, July 23, in the lobby of the County Courthouse. Tomatoes will be entered between 9:00 and 10:00 a.m. with judging beginning at 10:00 a.m. stated Paul Campbell, Assistant County Agent. Ribbons will be placed on the tomatoes until 3:00 at which time the tomatoes will be released.

All 4-H members growing tomatoes may enter them in the show. Classes will be Nema-Tex, Improved Porter, Pink Deal, and others. Campbell said that he expected entries from all over the county with many good tomatoes. All 4-H members are urged to enter their tomatoes.

## Jury Wheel to Spin In Eastland County

The method of selection of a petit jury in Eastland County will be changed as a result of a new law signed by the governor June 15, and which became effective July 15.

For many, many years this county, like many others throughout the state, has used the jury commission method of selection of petit jurors.

The new law makes the use of a jury wheel mandatory for all counties of more than 10,000 population. The same law repeals the jury commission set-up in statutes, thus the attorney general's office has issued an opinion that all counties of the state would now use the jury wheel method of selecting a petit jury.

The jury wheel is nothing more than a squirrel-cage type of container that can be rotated on its axis, something like the chamber of commerce used to use in the weekly drawings.

The new law says that between August 1 and Aug. 15 of each year the sheriff, county clerk, tax collector and the district clerk shall get together and "reconstitute" the jury wheel. It goes on to say that to do his they shall place in the wheel the name of all the registered voters in the county on cards of uniform size and thickness within the wheel. The cards should be large enough to contain the name and address of the voter.

After the wheel is field and before any names are selected for jury service, the wheel shall be rotated as many and as vigorously as needed to thoroughly mix the cards within the wheel.

The law also says that 10 days before the start of a new term of court the district clerk, the sheriff, under the instructions and supervision

## Funeral Services For Fred O'Brien Thursday Lamesa

Funeral services for Fred O'Brien, former long-time Eastland County resident and father of County Auditor C. H. (Harl) O'Brien of Eastland, will be held Thursday at 2 p.m. at the First Baptist Church in Lamesa.

Mr. O'Brien died at a hospital there Monday night following a lengthy illness. He was a retired farmer and had lived in the Lamesa area for many years.

Other survivors include his wife; four other sons, Clea, Cecil, Connie and John; three daughters, Velma Kanady, Vera, and Mamee Lee O'Brien; a sister, Mrs. Clara Bisbee of Fort Worth; two bro-

Any interested volunteers are invited to attend.

## Bread of Life . . .

A man's life consisteth not in the abundance of the things which he possesseth. — Luke 12:15.

A man is really measured by what he is; and not by what he has.

of the district judge, if selecting a jury list for the district court, or, if selecting one for county court, the county judge shall withdraw from the jury wheel, one at a time enough cards from the wheel to make a jury list or lists that the court might need.

The wording in this section makes no provision for a county that has not been on the jury wheel all of the time and it will cause Eastland County some trouble. The 91st District Court's Term of Court runs for two months. The next term of court begins, by statute, August 2, and will run through August and Sept. This means that there is no possible way that Eastland County can draw jury 10 days prior to the beginning of the new term of court because the law says that the jury wheel will be "reconstituted" between August 1 and August 15 of each year. Also our term of court begins Aug. 2.

This seems to mean that we cannot have a jury trial in 91st District Court until the October term of court because the first time we will be able to draw a jury from the jury wheel will be 10 days before the beginning of the term of court in which the jury lists is to be used. This would mean that we cannot draw a jury until after August 15 which would be too late for the August-September term of court.

Therefore the next jury drawn will have to be for the next term of court, which in this case will be Oct.-Nov.

The new law also eliminates all of the jury exemptions many people have enjoyed over the years. The only citizens who are not now liable for jury duty are those who are 65 years or older and those females who have in their custody a child or children under the age to 10 years.

## Ray Infant Rites Held Wednesday

Velma Maxine Ray, infant daughter of Mr. and Mrs. John D. Ray of Eastland, was stillborn at 5:50 a.m. Tuesday in Eastland Memorial Hospital.

Graveside rites were held at 10 a.m. Wednesday in Scranton Cemetery south of Cisco with the Rev. Mart Agnew of Cisco officiating. Burial was under the direction of Arrington Funeral Home.

Survivors include the parents; paternal grandparents, Mr. and Mrs. P. A. Ray of Scranton and maternal grandmother, Mrs. Velma Starling of Eastland.

**County Water Supply District Office Urges Use Polystyrene Floatations**

In its meeting of last Thursday the Board of Directors of the Eastland County Water Supply District again directed that publicity be given on the desirability of replacing leaking steel drums as they are discovered with polystyrene barrels or slabs.

While the District has not as yet been ordered by State agencies that have jurisdiction over water purity control to prohibit the use of steel drums that were originally used for oil and other minerals it is anticipated that such orders will come in the future as the State intensifies its efforts to control the purity of water.

Dock owners who replace bad barrels with polystyrene floatation on a one by one basis will probably have all their floatation replaced with approved floatation by the time steel drums are prohibited in the event such prohibition is ordered by the State.

**Shrine Club Meets At Lone Cedar Saturday**

Some 65 members and guests attended the quarterly meeting of the Cross Timbers Shrine Club at Lone Cedar Country Club last Saturday night. President Floyd Killingsworth of Ranger presided.

A delegation of Moslah Temple Shriners was present from Fort Worth, including recorder Bill Hall, Oriental Guide Aubrey Phillips & Ambassadors Arthur Harris — Ernest Sellers, Leon Wilkerson of Bridgeport, president of the Wise County Shrine Club, was also present. They were accompanied by their wives.

A fish dinner was served to begin the evening's program. Entertainment included Bingo games.

Mr. Killingsworth gave a report on the recently convention of national Shrine organization in Miami Beach Fla. He reported that some 25 million Shriners now operate 21 hospitals for crippled children and three for burn victims.

Mr. Hall added to the report that next year's national convention will be held in the Dallas-Fort Worth area and that C. V. Thornton, a member and past potentate of Moslah Temple, is now potentate of the national organization.

Moslah Temple Shriners won seven trophies in 10 events at the convention, Mr. Hall reported.

The bingo program was staged by T. C. Wylie of Ranger, assisted by W. W. Sawyer and Roy Hathaway of Cisco. Prizes were provided by Moslah Temple.

The club paid tribute to Mr. Wylie for his work in the organization since it was formed. Mr. and Mrs. Wylie are moving to Houston August 1 where he is being transferred by his company.
