Sunday - November 7, 1971

Tid Bits

By HVO

THE WEEK upcoming has got to be Week That Is for Mavericks and their fans...Here we are, down to the traditional wire and the Coleman Bluecats come to town Friday. There won't be a spare seat at Maverick Stadium, and in any body's books, it'll be the game to see. Undefeated, the Mavericks are going after the big one here. They were denied the District Representation into post-season play last year by the BlueCats, and "it ain't goin' to happen again" the Mavericks shout loud and clear.

Scouts report that the Coleman crew's trophy on show in their case there reads District Champion for 1970, while the Mavericks have their's which reads "Co-Champions" so Friday night, there'll be a major decision made.

They're both good teams, no doubt, to have advanced so far—but there's no question but what the Mavericks show the most. They've got the most talent per pound, the best spirit, the best Coaching Staff, and the Loudest Fans. If ever a team deserved the Golden Cup, it's Eastland, this year, this week.

BEST BET for Fan Coming the Farthest has to be Air Force Sgt. Larry Mace, ex-Maverick and son of Mr. and Mrs. Jack Mace. Larry's been on duty in Vietnam and he's coming home this week especially to see his wife, Donna, and their daughter, and too, to see Brother Bob, outstanding Maverick end, who's been practicing intercepting opponents' passes and scoring touchdowns in preparation for doing the same against Coleman, before his older brother, Larry.

It'll be an exciting night at Maverick Stadium.

Mavericks Blast Blizzards, 52-0 -- Bluecats Next In Sight For District Crown

Here comes the "Herd," and that's exactly how Winters felt after Friday night's 52-0 defeat.

In the first quarter Eastland had the ball a total of three times to their opponents two. The score at the end of the first quarter of play was a shocking 0-0.

In the second quarter the Mavericks took the ball on Winters 44 on a bad punt. Lund, Thomas and Howard King made the drive count with King scoring from the one-yard line. Howard King tried the PAT for no go and the score was 6-0 in favor of the Mavs with 10:22 left in the second quarter.

On an interception, Eastland returned the ball to the Eastland 47 yard line. A combination of Craig Lund to Rexroat and Lund to Bob Mace made for the next score from 14 yards out. The PAT run was no good and the score continued to mount with Eastland 12-0.

On the next drive Eastland took the punt from Winters of 4 and returned it to the Winters 49. With 1st and 10 on the Winters 38 yard line Quarterback Craig Lund passed to Bob Mace for 10

yards and then on 1st and 10 on the Winters 38, Lund again found Mace for a 38 yard touchdown pass play. And with 4 minutes left in the second quarter the score Mavs 18, Winters 0.

In Eastland's last drive of the first half the Mavericks took the punt on fourth down from Winters on the Winters 43 yard line, and again Quarterback Lund passed to Bob Mace for a 43-yard touchdown play. Jim

Eidson's PAT kick was good and with 18 seconds left in the second quarter the Mavericks machine had racked up 27 points.

In the third quarter, the Mavericks drive started on the Eastland 25. On first, on that line, Lund passed to Randy Rexroat for a 75 yard pass play and another touchdown.

In the first half the Mavericks and Blizzards had the ball a total of seven times each.

Tony Thomas carried for the two points to make the score Mavericks, 35, Winters, 0.

On the next series of downs, Steve Lopez intercepted a Winters pass and returned it to the Winters 49 yard line. Ruben Gaeta who had been on the injured list took a hand off from Craig Lund and traveled 49 yards for the score. James Eidson kick was good and the score climbed to 42-0.

Again in the third quarter Mavericks took over on the Eastland 30 with a fumble

recovery by Garry Barnes. Lund then passed on first down to Bob Mace for a 70 yard pass play and another touchdown. The PAT

by Eidson was good and the Mavericks rolled on to the tune of 49-0.

In the fourth quarter the Mavericks drove to the Winters 22 yard line where James Eidson tried a field goal but was just short of the uprights. Winters took over in their own 20 and could not make it go. On 4th and 8 yards on their own 20, the Blizzards tried to punt the ball but a bad snap from center made the kicker miss the ball and in order to pick it up had to retreat to his own 10 yard line where he tried to run an end and was downed. The Mavs took over on the Winters 25 and on the 20 yard line again James Eidson tried for a field goal and this time put just a little more toe into it and it went sailing thru the goal posts. With the field goal the score was 52-0. The only other drive was from the Eastland 42 to the Winters 33 yard line. Winters took over on downs with the Mavericks second team unable to move the ball.

| EASTLAND | | WINTERS | |
|----------|----------------------|----------|----|
| 33 | First Downs | 33 | 33 |
| 19 of 12 | Yards Gained Passing | 3 of 10 | 33 |
| 4 for 32 | Passes Completed | 4 for 21 | 3 |
| 7 for 31 | Yards Per Carry | 3 for 28 | 3 |

In other 8-AA action Friday Hamilton handed Cisco a good setback with a score of 29-22. Clyde shoveled Comanche under at 14-8, and Coleman held Ballinger to a total of 4 yards rushing to win 28-0. The Mavericks meet Coleman for the district title here Friday

THE EASTLAND Mavericks had a new treat in store for them on their trip to Winters Friday night. A new tap player had been installed in the school bus. It was a very enjoyable trip not having to listen to the roar of the bus for some 90 miles. The choices of tapes ranged from Hard Rock to Country and Western, and from Rhythm and Blues to Soul music. The Boys themselves even have a new record out but no one knows what label it on. The title is "CORN."

THE SENIOR CITIZENS Bazaar held Thursday and Friday was a great success. Over twice as many people entered this year and they made a total of over \$600.00. Next year there are already plans for a "big" old car parade, a fiddling contest, and several other activities that they have not had in the past. Janet Thomas and Judy Cardwell Home Demonstration agents for Eastland County are to be congratulated for a job well done.

ONLY TWO people came close to the football contest this week. Wade Freeman and Douglas Rogers were the closest but not correct. Remember you have to have a perfect entry including the Game of the Week score to win. Next week the prize money will be \$15.00. Send your entries in NOW...

WHAT ABOUT noise at football games when the school bands are playing the school song and Star Spangled Banner? I would like to hear some comment about this. Mail to Eastland Telegram, P.O. Box 29, Eastland, Texas 76448, in care Editor.

EASTLAND NATIONAL BANK EASTLAND, TEXAS

It Takes a Lot of \$\$ To Do the Eastland Job

those who could afford to give more, but who do not, because of a lack of concern.

For example, a dollar gift would be divided up like this:

- Teenage League, 12.5 cents;
- Boy Scouts, 16 cents;
- Texas Rehabilitation (Gonzales), 2 cents;
- Salvation Army, 9 cents;
- Muscular Dystrophy, 5 cents;
- Red Cross, 11.5 cents;
- USO, 2 cents;
- Little League, 12 1/2 cents;
- Texas United Fund, 1/2 cent;
- Cancer, 1 cent;
- Heart, 1 cent;
- Birth Defects and Arthritis, 1 cent;
- Eastland Welfare Association, 6 cents;
- Girl Scouts, 9 cents;
- West Texas Rehabilitation Center, 4 cents;
- Local Contingency Fund, 4 cents;
- and Campaign expenses, 3 cents.

All of these agencies participate in United Fund for the convenience of the public -- so

Motto of the Eastland UF is: Eastland Support One Drive Only.

Really now: would your conscious let you give only 9 cents to a Girl Scout if she were to ask?

GIVE Eastland United Fund

NOTICE

Special Note: The C.W.F. of the First Christian Church will have a Bake Sale in the church annex on November 10th beginning at 9 a.m.

Committees Named for Vassarette Open House

The employees at the Vassarette of Munsingwear Eastland plant are busy planning and organizing their open house scheduled for Sunday, Nov. 21.

Over 80 employees have volunteered to work on the project and they have been organized into various committees and committee chairmen have been named. The working committees and their chairmen are as follows:

Badges: Lillian Robertson; Invitations: Tina Mc Bee; Display & Decoration: Faye Goforth; Door prizes: Frances Burns; First Aid: Virgie Jarrett; Refreshments: Connie Gate; Flowers: Vinetta Young; Hospitality: Ruby Guy; Machine Demonstration: Mary Crenshaw; Parking: Ruby Lee Jackson.

The open house will celebrate the company's 25th anniversary in Eastland.

RJC Homecoming Nov. 13

Attention Ranger Junior College exes: homecoming is Saturday, November 13. Scheduled events are as follows:

11:00 a.m. - "coffee" reception for alumni and families in Student Union Building. 2:00 p.m. - football game between RJC and CJC. 8:00 p.m. - Get-acquainted dance in SUB. Mr. William P. Buckner III, chairman of the Homecoming activities, extends a cordial invitation for exes and RJC fans.

Lions Hear Safety Talk

A familiar subject presented in a fresh and entertaining manner was program for members of the Eastland Lions Club at their meeting Tuesday.

Mike Culliford, safety engineer for Lone Star Gas Co., admitted that his subject is old and unchanging, but important, emphasizing that safety at home is a personal matter which everyone is charged with.

Don Martin was program chairman and introduced the speaker, who touched briefly on these important safety factors: stairs, electricity, tools, lifting, flammable liquids, medicines, first aid.

Friday, November 12, is announced as Game Day at Lone Cedar Country Club. "Reservations are coming in fast, even from Baird and Abilene", announces Mrs. Joe Stephens.

Game play will begin at 10 a.m. and everyone will play with the same partner all day. Lunch will be served, and then two more games will be played in the afternoon. Prizes will be given in all games. Prizes will be given in all games. Door prize and Bingo Prizes will also be won. Fee for the day will be \$2.00. Everyone is invited to attend.

E.M.H. Banquet Set Here Dec. 9

Approximately 40 employees of Eastland Memorial Hospital will receive service pin awards at the first Hospital Employee Banquet to be held Thursday,

Dec. 9, Hospital Board Chairman Charles Freyschlag had announced.

The board of directors is establishing the annual employee banquet to honor their faithful employees, and this first one appears to be trend-setting.

To be held at the Eastland Elementary School Cafeteria it will be catered, and the principal speaker will be The Honorable Virgil T. Seaberry Jr., Eastland attorney. Musical entertainment will be provided by Mrs. Vivian Jones and the Choir of the First Baptist Church, North Seaman.

The guest list for the event runs to some 250, with the some 115 hospital employees each bringing a guest. Other honored guests are to be members of the hospital medical staff.

Deadline Nears for Zeta Pi UNICEF

REMINDER! Only a few days remain to get your proof of purchase seals from nationally known products to UNICEF. The Zeta Pi Chapter of Beta Sigma Phi is collecting these seals to help these manufacturers help the world's needy children.

SUPPORT UNICEF Seals from Pet or Paul candies.

Front panel from Hunts Snak-Pak.

Bird's Eye vegetable wrappers.

Clarks' gum pack wrappers. Pals and Pals plus Iron Vitamin boxes.

Welch's jam or jelly labels. HELP US HELP UNICEF! NOVEMBER 10 IS OUR MAILING DEADLINE.

Hetzel Is GOP Candidate Game Day Friday

Jack Hetzel, Pastor of Bethel Assembly of God in Jacksboro, visited Eastland Friday and announced that he will be a Republican candidate for State Representative, 54 District, in the Republican Primary of next spring.

A 20-year retired Army non-commissioned officer, Mr. Hetzel calls Brownwood his native home.

The 54th District is comprised of Eastland, Stephens, Palo Pinto, Jack and Montague Counties.

It Takes a Lot of \$\$ To Do the Eastland Job

All Eastland United Fund contributions are appreciated. Drive Chairman Don Nicholas reports as he reminds citizens of the importance of their gifts.

There are 16 very important agencies participating and when our funds are divided, each receives a proportionant share.

The drive is well underway toward the \$8,675 goal, and once again this year, UF officials are hopefully that Eastland will be able to maintain its record of always achieving its goal, President Grover Hallmark reports.

Volunteers will be working their cards and a Victorious

Senior Bazaar Called Success

The Senior Citizens Fall Harvest Bazaar was proclaimed a big success by the 1,200 persons who attended the two-day event in Eastland Thursday and Friday, according to County Home Demonstration Agent Mrs. Janet Thomas.

Mrs. Mary Black of Eastland, and Neil Moore, of Cisco, received special honors and recognition as being the oldest man and woman exhibitors. The honorees cut the ribbon to officially open the 1971 Bazaar Thursday morning. During the special opening ceremonies, Mayor James Reid welcomed the participants and visitors to Eastland. Special greetings to the county's Senior Citizens were extended by County Judge Scott Bailey.

At the special opening ceremonies, State Rep. Joe Hanna was introduced to the group. Rep. Hanna complimented the Senior Citizens of the county on their participation and sponsoring the Senior Citizens Fall Harvest Bazaar.

A total of 61 exhibitors participated in this year's bazaar earning \$628.73 from the sale of their lovely hand-made articles. Last year's Bazaar in 1970 had 48 exhibitors who earned \$374.15. The Bazaar has grown in interest and participation this year. The money from the Bazaar sales goes to the person who made the articles.

One of the highlights of this year's Bazaar was an antique car parade that kicked off Thursday mornings opening. The men who brought their cars and drove in the parade provided a special treat. Mr. Jonah Finley of Eastland drove his 1927 Model T. Coming from Ranger were Mr. W. W. Mitchell and Gaston Dixon. Mr. Mitchell drove his 1938 Chevrolet and Mr. Dix on sported a 1923 Model T which was the oldest car in the group. A 1936 Buick was driven by Owner Alfred Green of Eastland. Wendell Armstrong of Eastland shined in his 1940 Chevrolet which he proudly states has its original factory tires and the speedometer reads less than 25,000 miles. A 1931 Chevrolet was driven and owned by Roy Taylor of Cisco.

The parade was a real eye catcher and lots of fun, all reported.

Requests have already been made that another antique car parade be held next year.

The Bazaar is a county wide project being sponsored by the Home Demonstration Council and Cisco, Eastland and Gorman Senior Citizens clubs.

FREYSCHLAG Insurance Presents THE WEATHER

MAYBE YOU DON'T NEED INSURANCE--

If you don't own a home, furniture, jewelry or a car, you can get along without the services of an insurance agent. But for the most of us, life is not that simple. Modern living has

become so complex that the protection of property and personal liability is a major problem and we must be insured. The individual you can always depend on for accurate solutions of your insurance problems is your local agent.

Glenn Bakkers Invite Club Participation

Mr. and Mrs. Glenn Bakker have recently been named as managers of Lone Cedar Country Club. They are replacing Jean Myers, who resigned to accept another position.

Glen is a native of Ohio and served with the US Navy for twenty years before retiring August 9, 1953. Mary, also an Ohio native, married Glenn in 1953. They have 5 children, Albert 16, Keith, 15; Linda 12; Mark 7; and Penny 6.

Glen is the son of Mr. and

Mrs. Albert Bakker of 305 N. Ammerman, Eastland, and the brother of Dale Bakker also of Eastland. Another brother, John, is serving with the US Army in Germany. A sister, Claudia B. Harrigan, resides in New York City.

Activities at Lone Cedar are listed as follows:

Open Tuesday through Saturday and Sunday from Noon until 2 p.m. The dining room is open from 6 until 9:30 except on Sunday. A Bingo

buffet is served every Tuesday from 7 to 8 p.m. In addition, the Bridge Club meets every Saturday at noon, a game day is held once a month, and a dance is held once a month.

Also, banquets and special parties can be arranged for members.

Glen stated that his aim was to clean up and improve the service at Lone Cedar and invites all old and new members of the club to come out and meet him.

can be controlled, mankind will be provided with a virtually inexhaustible supply of power. This is because nuclear fusion power plants could use as fuel the deuterium (heavy Hydrogen) that is abundant in the oceans, rivers and lakes of the world.

Approximately 30 plasma physicists are currently at work in the Thermonuclear research center at UT Austin.

The Texas Tokamak was conceived by Dr. Anthony E. Robson who came to the University from the Culham Laboratory in England.

Dr. Robson's original concept of this machine was that it should combine the developments in turbulent heating which had taken place at UT Austin with the confinement developments which were first introduced by the Russians. Dr. Robson assembled a team of

Staff Water Advised Plan is Feasible

The steering committees representing the Lake Leon area, the La Casa community and the Kokomo community met Monday night in the Ranger Room of the First Federal Savings and Loan Association with Mr. J. E. Foster, District Supervisor, and Mr. O. M. Boyle, County Supervisor of the Farmer's Home Administration and Mr. Leon Decker, P. E. with the firm of Yeatts and Decker, Consulting Engineers, of Abilene, and were advised by the two officials and the engineer that the plan for providing treated water for people living in the Lake Leon Area, the La Casa Community and the Kokomo community was entirely feasible, with the Lake Leon area coming well within the loan limits and the other two communities eligible for grants that will complete the requirements.

Cecil Reeves who is chairman of the steering committees presided during the meeting during which resolutions were adopted that the Engineer be authorized and requested to present the proposal to the West Texas Council of Governments for approval which approval is necessary before the application is presented to the Farmer's Home Administration, and

authorizing Mr. Reeves to request the attorney to prepare the application for a charter.

Mr. Foster advised the group that if everything went as scheduled the first phase of the project could be approved in December with actual construction beginning in February with completion of the Lake Leon phase area in five to six months.

It was agreed by the Steering Committees that persons who had indicated a desire to come into the plan but had not actually paid their \$50.00 fee and signed the agreement be given until November 11, 1971 to do so without penalty.

Ostrum Church Sets Series Here

Don Lemley, the associate minister, of the North Ostrum Street Church of Christ, will be holding a series of meetings dealing with the "PLAN OF SALVATION". The meeting is to begin on November 7th and run through November 14th. The time for these services will start Sunday morning, at 10:30 a.m., that evening at 5:00 p.m.; then will begin to meet during the following weekdays at 7:30 p.m. A WELCOME HAND will be extended to each and everyone of you that wish to attend!

Creel Files Motion For New Trial

Attorneys for James Duke Creel, 33, a Dyess airman convicted and sentenced to life in prison for the March 15, 1971, murder of Tona Worthington of Abilene, filed a motion for a new trial in Eastland Friday.

James Robinson of Abilene, one of Creel's three court appointed attorneys, said in Abilene Friday night that the motion was filed because of many technical points in the trial that the attorneys think might be cause for the court granting Creel a new trial.

Robinson said the court had 20 days to make a decision on the motion for a new trial.

Creel remains in Eastland County Jail.

scientists and began construction of the Texas Tokamak before the laboratory building in which it was to be housed was even completed.

Despite the hardships of working in an incomplete laboratory, Dr. Robson and his staff have brought the Texas Tokamak to virtual completion in record time. Much of the "state of the art" technology, as well as the underlying physics for the machine was developed by Dr. Robson in his earlier work on collisionless shock waves at The University of Texas. His work on collisionless shock waves has attracted worldwide attention to UT Austin.

Dr. William E. Drummond, the director of the Center for Plasma Physics and Thermonuclear Research, is also a professor of physics at UT Austin. He is an internationally recognized authority in the field of plasma physics, and under his direction the center has become the nation's largest and strongest academic organization in fusion research.

Mrs. Gilke Hosts Pancake Supper

A pancake supper was enjoyed recently in the home of Mrs. Solora Gilkey, co-hosted by Mrs. Nora Harbin, and Mrs. Jewel Golson.

Those present for the occasion were Mmes. Bertha Hazard, Nora Harbin, Johnnie Laughlin, Iris Reed, Flora Townsend, Solora Gilkey, Ada Wright, and special guest, Mrs. Francis Cole of Euncie, New Mexico.

W. S. C. S.

Mrs. Cecil Collings was hostess of the Willman Circle of the WSCS of the First United Methodist Church Tuesday morning, Nov. 2nd.

Mrs. Ed Willman presided over a business session when the Harvest Festival and Turkey dinner was announced for Wednesday, Nov. 17th at the church.

Mrs. Henry Van Geem gave the devotion: "Love For God" and closed with an appropriate prayer.

The Pledge Service was presented by Mesdames Joe Stephen, Ed Willman, and Carl Elliott.

Refreshments of coffee, assorted cake, nuts, and mints were served from a beautifully decorated table with autumn appointments.

Those present were: Mesdames R. A. Poole, Earl Bender, George Olive Heck, O. O. Mickle, Essie Laughry, C. T. Brockman, Charles B. Harris, W. F. Davenport, Cora Davis, Pearson Grimes, Ed F. Willam, Joe Stephen, Carl Elliott, Roy Stokes, Henry Van Geem, T. M. Collie, E. M. Grimes, and her guest, Mrs. J. B. Morris of Dyersburg, Tennessee, Miss Opal Morris and the hostess, Mrs. Cecil Collings.

Music Club Honors District President

The Music Study club of Eastland met Wednesday, November 3rd at 3:30 p.m. in the Woman's Club to honor Mrs. J. C. Dyer, president of the Third District, of Texas Federated Music Club, and Mrs. S. E. Hitton, Third Vice-President of Texas Federated Music Clubs.

Mrs. Durel Reid presided and also served as leader of the program due to absence of Mrs. Richard Rossander.

National Federation Collect, by Ruth Haller Ottoway, was led as a prayer, by Mrs. Jack W. Frost.

Hymn of the month: "For the Beauty of the Earth", by Dix F. S. Pierpont-Conrad Kocher was sung in unison, led by Mrs. Frost, Mrs. Pipkin, and Mrs. Perkins and Mrs. Reid. Mrs. Kinnaird was pianist.

The National Federation hymn was sung by Mrs. Frost, soloist, with Mrs. Donald Kinnaird, pianist.

"News and Advantages of Federation" was given by Mrs. Dyer, president of District III; and "Division of Life and Special Memberships" was given by Mrs. Higginson, third vice president, TFMC.

Guest and members were served delicious refreshments from a lovely tea table, beautifully and artistically done in autumn colors.

Mrs. Herndon served delicious punch and Mrs. Perkins served the cake.

Hostesses were: Mrs. Herndon, Mrs. Robertson, and Miss Van Hoose.

Members attending were: Mmes. C. L. Bigby, Jack W. Frost, Dale Herndon, Robert F.

As It Looks From Here

by Omar Burleson

17th District, Texas

WASHINGTON, D.C.— THE ACCEPTANCE OF THE ADMINISTRATION'S WAGE-PRICE FREEZE HAS BEEN ALMOST PHENOMENAL. According to official estimates between 70 and 75 percent of the people approved the President's initial action in setting up Phase I. There appears to be just as strong support for Phase II. Of course, those who had an agreement on wage or salary increases were disappointed and it is not difficult to understand they would be. Many had depended on a raise and had planned their affairs accordingly.

GENERALLY, HOWEVER, CONSUMERS are so fed up with constantly increasing prices that they are willing to submit to controls of about any kind. Most of the biggest businesses in the Country endorsed controls and some executives and economists even suggested a ceiling on profits and interest rates. The only trouble here is that no one could really come up with any satisfactory plan of making it work. The prevailing argument has been that if wages and prices are successfully controlled, profits and interest rates will adjust in the economic process. Although not enough time has elapsed there are some signs to indicate it may be working in this direction.

HAVING SAID THIS, there is a fear and concern on the part of many that temporary controls may turn out to be permanent. Within government has been heard—"They may say they (the people) will take an administered economy after 45 to 60 days of it but this attitude will change after about 90 days." Those of this opinion feel certain that after a year's experience under controls people will want no more of it. They cite what happened in the 40's and 50's when controls were imposed. At first the reaction was accepted and supported as a necessary veil. At the present time, there is recognition that runaway inflation must be checked and that "something is being done." It furnished a comfortable feeling.

THE RUB COMES WHEN THE CONTROLLERS start to make "adjustments." Not everyone is going to be happy if they are "adjusted" and pretty soon probably no one is going to like it.

GOVERNMENT ADMINISTRATORS SAY they see "a million problems involved." After the new wears off and there is less cooperation from business and individuals the problem of enforcement will be immense. Whereas now there is good voluntary response, the time will likely come when it will take an army of enforcers and there are never enough. This is when the going will be rough, even with past efforts showing favorable results. During world War II the OPA

employed about 70 thousand people and those old enough to remember will recall the black marketeering that became rampant. Even under patriotic influence prevailing at that time many simply didn't respect what they considered to be undue and burdensome controls. The obedience to controls became something like our conscience towards violating traffic laws or some other laws we feel the violation of which is really no violation at all. Laws not respected are difficult to enforce.

WHO IS REALLY SMART ENOUGH to figure out equitable "adjustments" on every segment in our vast economy? It is a question which will occur more and more if controls are extended indefinitely.

WE CAN ONLY HOPE AT THIS POINT and time that controls issued with Phase II will cool inflation to a tolerable level before public support wools.

IMAGINE WHAT MIGHT HAPPEN if the Country had a permanent system of price and wage controls. It's no joke but remember the fellow with a bear by the tail going around and around a tree? A friend who had managed to climb the tree to safety shouted down to ask if he should come down and help hold the bear. His companion said no but he could come down and help turn him loose. So with controlled economy — just as soon as prices are stabilized and unemployment reduced to an acceptable level, the economy should be turned loose.

Letter To Senior Citizens

This has become a complex world, and there are many problems confronting people today who have loved ones.

These problems include burial plans which can be underwritten by old line legal reserve insurance companies, with loan and cash values, paid-up burial coverage, guaranteed level rates, government benefits, social security and veterans benefits.

Funeral arrangements are so much easier to make while the family is still together. So, since you do care for your loved ones and while there is still time, why not take the time to contact a professional for assistance without obligation. He'll be glad to give you a full explanation of options that are available and benefits you may be entitled to receive.

Write: J. F. 'Jim' Faulk, Special Burial Representative & Counselor, P. O. Box 1272, Cisco, Texas 76357. Remember: It's much better to have a burial plan with a cash value or cash loan value, than to need one and not have it. Pd. Adv.

November 7, 1971

4-H NEWS

4-H club girls and boys are starting their foods-nutrition projects. This year we hope to have a record breaking number of boys participating. Our 4-lifers always enjoy this project as they get together at one another's houses with the supervision of 4-H adult and junior leaders and learn about nutrition as well as learning how to cook.

When they complete the project they have an opportunity to enter the County 4-H Foods Show.

Leaders are preparing for the project and will begin during the next month.

Ranger 4-H mothers are to meet on Tuesday, November 9 at 2:00 p.m. at the home of Mrs. Bill Herod. The purpose of the meeting is to plan for the foods-nutrition project for Ranger club members. All Ranger mothers are urged to attend. Information concerning the County 4-H Foods Show will also be given.

Rising Star 4-H mothers will meet at 7:00 p.m. on November 11 at the elementary school. Plans will be made for their foods-nutrition project also. At 7:30 on the same night the regular monthly club meeting will be held. All Rising Star members and parents are encouraged to attend.

Peanut Country Bowling

By Lloyd Manly

As you have no doubt noticed we now have a name for our bowling column. Gene V. Rhodes Sr., is the winner of our "Name the Column" contest and will receive 25 free games of open bowling. The name selected by Mr. H.V. O'Brien, the Staff of the Eastland Telegram and me, was Peanut Country Bowling. Thanks to all of the people who participated in our contest. We received quite a few entries, all of them good. However, in any contest there can only be one winner. Congratulations to Gene Rhodes, and again, our thanks to the other contestant The "Waco Flash" otherwise known as Dexter Nolen is back among the land of the living. His 702 Scratch series, bowled last Thursday night in the Men's League is the second highest scratch series bowled this year. He will receive and award from ABC for this achievement. Nice bowling Dexter.

THOUGHT FOR TODAY Today is the first day of the rest of your life. Make it count.

Hi game this week, Gloria Scott-171. Hi series, Juliene Casey-

Inasmuch as these figures reflect the league standing as of 10-28, I don't have the current hi game score. However there was a very high scratch series bowled in this league last week by Dexter Nolen. He put together games of 239, 230, and 233 for a 702 series.

Int. 20 Work Set East Ranger

A contract for highway construction in the Brownwood district has been awarded by the Texas Highway Commission. The work will be under the supervision of District Engineer E. M. Pritchard, and will be in Eastland and Erath Counties.

Zack Burkett Company of Graham was awarded a contract for grading, flexible base, hot mix asphaltic concrete pavement on main lanes and grading, structures, flexible base and two course surface treatment on frontage roads on 3.1 miles of Interstate Highway 31-25 20 in Eastland and Erath Counties. Low bid was \$880,102.69. The project extends from 3.0 miles west of Erath County line to Erath County line and from

Eastland County line eastward 0.1 mile. R. P. Haun, Jr. of Eastland is the Highway Department engineer in charge of the project which will take an estimated 200 working days.

Flatwood HD Club

The Flatwood Home Demonstration Club met in the home of Mrs. Zelma Lusk. The scripture reading was from Phil. 4: 3-6. The creed, motto, and prayer was led by the president.

County Judge, Scott Bailey brought the program for the day. His subject was "Law and Order," and what this means to a good citizen. We are not to infringe on other citizens' rights. Different states have different laws. Law enforcement officers are supposed to enforce the law impartially, but they do not make the laws. Then he discussed the different court procedures in our state. This was an educational program for the club. Delicious refreshments were served by the hostess to our guest speaker and the following members: Mmes. Sherrill, O'Brien, Harlow, Graves, Cavanaugh, Horn, Fambrough, and our hostess, Mrs. Lusk.

BREAD OF LIFE

Gordon Pot
by DeMarquis Gordon

The best news around the county this week is the weather. It has been great for peanut harvest. Peanut combines have been busy day and night while the weather is good. Some growers say they need at least two more weeks of good weather. By that time 85 or 90 percent of the peanuts will be harvested. Its too bad the good weather came so late. Rain during the fall reduced yields and grades considerably.

About 75 pig producers and pig buyers attended a meeting in Stephenville Thursday night to discuss the organization of a pig sale. As far as I know only one producer from Eastland County attended. Gayle Finch, County Agent of Henderson County told how a pig sale was organized in the Athens area. He said about 32,000 pigs had been marketed through their sale and the average selling price is \$16.99 per pig. Producers who attended thought a pig sale would be good and a committee was organized to make a complete study of the situation.

Nine agricultural bankers from various overseas countries will be visiting in Eastland County Wednesday and Thursday, Nov 10 and 11. They are taking part in an agricultural credit seminar sponsored by the International Program of Texas A&M University. Wednesday afternoon they will visit the Pioneer Farmers Cooperative and on Thursday they will visit the Southwestern Peanut Growers Association in Gorman. The bankers will be staying in Eastland Wednesday night. The countries they represent include Guyana.

Livestock receiving a low-quality hay actually may lose weight during the feeding season. If a producer assumes he has average quality hay and the quality is actually lower, performance of the livestock will be reduced accordingly.

A livestock producer with different classes of livestock should group his hay so that younger and growing animals can receive a higher quality hay. For example, dry cows need hay with a protein content of approximately 10 percent. Hay with a crude protein content of 15 percent or more is unnecessary for non-lactating animals.

Gordon News

The Gordon Lions Club met recently at the Plaza House Restaurant for its regular meeting and meal. Robert Dennis presided in the absence of Travis Milliard, president. He introduced the speaker, Dr. M. F. Ewten of Palo Pinto, who has been serving the First Baptist Church as interim pastor for the past three months.

The Methodist Youth Fellowship will have a training session Wednesday, Nov. 10 from 6:30 to 9:30 at the church. Five adult and youth counselors will direct the instructions for programming and organization of MYF's.

Mr. and Mrs. Edgar Ringo visited in Fort Worth Thursday and Friday with her sister and brother-in-law, Mr. and Mrs. Baker Wood.

Mr. and Mrs. L. O. Watson of Azle and Mr. and Mrs. Weldon Segars, Larry and Brian of Fort Worth visited Saturday with Mrs. Emma Segars.

Mr. and Mrs. Montie Phillips of Cool visited recently with Mr. and Mrs. Boyd Hart and Suzanne Boyd.

Weekend visitors in the home of Mr. and Mrs. G. D. McQueary were Mr. and Mrs. Buster Parker and family and Mrs. Sue Jackson and Daniel all of Odessa; Mr. and Mrs. John McQueary and Paula Ruth and Jack McQueary of Fort Worth; and Mr. and Mrs. Johnny Parker of Arlington. Other recent visitors in the McQueary home were Mr. and Mrs. Tony McQueary of Fort Worth and Mr. and Mrs. Ott McQueary of Mineral Wells.

Among those who attended funeral services at Calvary Baptist Church in Mineral Wells Sunday for Mrs. Alvin Jones, were Mr. and Mrs. Webb Spear, Jess Tucker and Mr. and Mrs. Boyd Hart and Suzanne Boyd, who were accompanied by Mr. and Mrs. Cecil Nevels of Strawn.

The Pre-School P-TA will meet Thursday, Nov. 11, at the home of Mrs. Elizabeth Evans, with Mrs. Vicki Stockstill as hostess. Pre-School members will meet at 10 a.m. and pre-school children will be cared for at the old school building during the meeting.

Rev. James Lane, pastor of the First United Methodist Church announced that the

Youth Fellowship collected \$117.00 for UNICEF when they "trick or treated" for the fund Wednesday night.

Mr. and Mrs. Lloyd Elkins were honored with a housewarming Sunday from 2 to 4 p.m. They recently moved in their new home on Jefferson Street. The Fidelis Sunday School class of the First Baptist Church was hostess for the open house where about 100 registered in the guest book.

Mrs. Benny Johnson and daughters, Benita, Denise, Phyllis and Teresa, accompanied by Nicie Beck of Mingo visited Six Flags Over Texas recently.

The Rev. Cecil Harper has been called as pastor of the First Baptist Church. He will assume the pastorate at the 11 a.m. service Nov. 7. He has served as pastor of the First Baptist Church at Walnut Springs for the past four years. The Rev. and Mrs. Harper have four children, Julia, Joy, Jim and Jay. They moved in the church parsonage Monday, Nov. 1.

Hospital Report

Patients in Eastland Memorial Hospital on Friday morning were:

George Dendy, Carrie Capers, Gorman. Darlene Guttorm son. Grace Lewis, Desdemona. Willie Harris. Dora Wilson, Cisco. Amy Rice, Carbon. Jacobs Sims, Olden. Eliza Malone, Moran. Grace Brown, Cross Plains. Faye Wilcox, Cisco.

State Bar Issues Statement

Crime in Texas grows at a faster rate than the population. Why?

Urbanization...poverty...broken homes...clogged court...leniency with criminals?

Is our judicial system working? Should jury trials be abolished? Can you get a fair trial in Texas? In Eastland County?

More than 1,000 Texans of all ages and ethnic backgrounds were asked penetrating questions in a statewide attitudinal survey conducted by the State Bar of Texas during a three-month period in late 1970. According to State Bar president Jim Watson of Corpus Christi, purpose of the extensive study was to determine what Texans really believe about our system of laws and where leadership was needed to accomplish change.

Findings of the landmark study have been announced here by County Bar Association President Bill B. Hart.

The State Bar has produced a 30-minute documentary film, narrated by newsmen Edwin Newman, and made it available for public showing through local Bar associations. In the film, entitled "Liberty and Justice for All?," Newman uses

man-on-the-street interviews to sample public response on two vital issues—crime and our judicial system.

Four groups were sampled in the survey, and graphs are used in the film to indicate differences in response. Groups include general public, adults seventeen and over; legal community, lawyers, judges, law enforcement; counselors, ministers, teachers; and media, editors, newscasters, managers.

All sample groups indicated that decline of family influence and control was the number one cause of crime. Though the general public believed drugs to be the next highest cause, this view was not shared by the legal community, counselors, or media. These groups mentioned court leniency more often. There were no significant differences in responses of young adults 17-22 years.

"Liberty and Justice" interviewed Dr. George Beto, director of the Texas Department of Corrections, who affirmed that family decline was probably the chief contribution to crime. 65 percent of our inmates come from broken homes, 20 percent are mentally retarded, 18 percent are illiterate, 85 percent are school dropouts, 40 percent have never worked, and 95 percent will be free men."

Al Havenstrite, federal probation officer for North Texas, challenged the term "court leniency," saying that "50 percent of our prisoners will be out in 33 months. For a man to come home with \$50, a suit, and no supervision is not desirable."

According to the State Bar SURVEY, Texas ns believe the best feature of our legal system to be trial by jury. Due process, presumption of innocence, and right to counsel also rank foremost. Texans believed that chances of getting a fair trial are better in Texas than California, New York, and some other states. Those interviewed also claimed

County Retains Rep. Hanna

State Rep. Joe Hanna, got a new number, kept Eastland County, swapped two others, and maybe picked up an opponent in the re-districting shuffle which may or may not stand up in court.

His 53rd District will be relabeled the 54th and the special board took Callahan and Shackelford counties out, and put Jack and Montague counties in -- taking Hanna all the way north to the Red River. The other three counties--Eastland, Stephens and Palo Pinto--remain the heart of the district.

The newest revision of the district on the one man-one vote situation is already being contested however and a suit has been filed claiming that all the House districts are too far off the allowed tolerance of two and one-half per cent from the prescribed 74,454 magic number for district population. Statewide the districts are about nine per cent off. (The 54th however is only some 3,000 off the prescribed off the prescribed, at 77,000 total for the five counties).

Rep. Hanna states that he definitely will be a candidate chances of a fair trial are better in the U. S. than in England or Canada, among other countries.

However, chances of getting a fair trial increased as the level of the court increased. Lower courts--the ones to which the public is most often exposed--were thought to be inferior, even by lawyers. And the public's chief complaint was slow motion justice--taking too long for trial.

Bar president Watson has stated that judicial reform will be a major concern of the Bar's 20,000 members this year. "But the Bar can only recommend. It will take executive and legislative cooperation plus media support and public voting to accomplish significant change," Watson added.

PECAN SHOW

The 1971 Eastland County Pecan Show will be held in Eastland December 10 and 11. The announcement was made today by Dan Childress, president of the Eastland County Pecan Growers Association. The show will be sponsored by the association and the Eastland Chamber of Commerce.

Jeff Glazner, President of the Chamber of Commerce, says the nineteenth annual county pecan show will be one of several activities going on the second week of December honoring this important crop. The county pecan queen contest will be held on December 9 at Eastland's Bell Hurst Theater and a pecan bake show and pecan centerpiece show will be held along with the pecan show in the courthouse.

Childress says growers will have to work hard to get enough entries to have the largest pecan show in the state. The pecan crop will be small this year, but the quality of nuts will be extremely good, Childress predicts. seedlings and improved varieties may be entered in the show. A grower may bring one entry of each variety and as many different entries of natives as he chooses. All entries become the property of the pecan growers association. Entries winning first, second, and third will be sent to the regional pecan show. Ribbons will be given to exhibitors who have first, second and third place entries. Trophies will be given to the exhibitors of the champion shelling pecans, champion native pecans and a grand champion trophy for over-all champion.

Both commercial pecan growers and yard tree growers in Eastland County and surrounding areas are encouraged to enter pecans in the county show.

Childress warns that pecans selected for the show should not be put into an air-tight container and sealed. Paper or cloth bags are more desirable than fruit jars he said.

Pecan entries may be left at the county agent's office in Eastland or with the following growers: Ben Freeman in Ranger; Charlie Underwood in Gorman; Lee Lieske or A. D. Ellington in Cisco; and Mrs. C. E. Smith in Rising Star. Each of these growers will be working to bring in the largest number of entries from their area.

7 Foot Snake Becomes Academically Oriented

The Ranger Junior College Biology department is frequently the recipient of a wide variety of local animal life, collected and presented by biology students for numerous reasons. In almost all instances these gifts contribute more to curiosity and conversation than to scientific advancement but the gifts are always received and handled with the greatest of care and either released to return to their natural environment or preserved for further study.

One of the more recent gifts was a seven foot Bull snake, an Eastland County native, brought in by Daniel Dunson of Ranger and given to Mr. Ned Strenth of the biology department.

The snake's size and his obvious distrust of any human form made him the number one attraction in the biology lab.

His lack of respect for his captors was voiced through a very loud hissing noise and frequent and violent attempts to escape his new home.

Of all the spectators, only one attempted to make friends with the big fellow, snakes being what they are. Craig Bigler, a freshman student from Baytown, Texas, was the only one with sufficient interest in the large reptile to handle him.

The snake responded to the friendly gesture and as a result appeared much more at ease in the company of his captors.

The friendship flourished and the snake has now moved into the dorm where Craig resides. He is well cared for by his benefactor who provides him with all the eggs he can eat.

CRAIG BIGLER, a freshman student at Ranger Junion College, displays a new friend in the form of a seven-foot Bull snake. Craig and the snake are roommates in Newell Hall on the RJC campus.

Football Contest

RULES OF THE GAME

Win cash simply by picking the winning football teams in the Telegram 1971 FOOTBALL CONTEST. Pick only the winner of the games listed below, then the winner and the exact official score in the game of the week. You must have a perfect entry in order to win. If there is no winner, Jackpot increases \$5.00 each week. Mail your entry or bring it by the Telegram office no later than 4 p.m. Friday. In case of a tie, the money will be split between the winners. NO ENTRIES WILL BE ACCEPTED AFTER 5 p.m. ON FRIDAYS. This weekly contest is open to everyone except this newspaper's employees and their families.

OBITUARIES

William Leroy Wright, 67, was Saturday at 10 a.m. in the Arrington Chapel with Gary Adams, Church of Christ minister from Cisco, officiating, assisted by Dr. Bob Evans, pastor of the First United Methodist Church in Cisco.

Burial will be in the Eastland Cemetery. Mr. Wright died at 5:15 p.m. Thursday in Eastland Memorial Hospital.

Born July 22, 1904 in Ashland, Ala., he had been a resident of Eastland since 1929. He retired from Texas Electric Service Company in 1966 after 30 years service. He was a member of the Scranton Baptist Church. He married Eula Pettus on May 11, 1924, in LeGrange, Ga.

Survivors include his wife;

one son, Red of Abilene; five daughters, Mrs. Mary Jeffus of San Antonio, Mrs. Jane Lynz of Bringham City, Utah, Mrs. Virginia Ogden of Anderson AFB Base, Guam, Mrs. Nancy Trout of Eastland and Mrs. Norma Meroney of San Antonio;

sister, Mrs. Nora Putland of Five Points, Ala.; three brothers, Wilbur of Fort Worth and Howard and Hubert of Ashland, Ala.; and 12 grandchildren.

Pallbearers will be Rudolph Little, Charles Underwood, Ed Landry, Gene Perdue and J. I. Brinkly and J. L. Kuhn.

Employees of Texas Electric will be honorary pallbearers.

BUMPER STICKERS

Fullen Motor Co.

Sunday's Subject

"Depart from evil, and do good; seek peace, and pursue it."

This verse from Psalms will be among those read at Christian Science church services Sunday, November 7. The Bible Lesson-Sermon is entitled "Adam and Fallen Man."

Commentary from Science and Health with key to the Scriptures by Mary Baker Eddy includes: "When speaking of God's children, not the children of men, Jesus said, 'The kingdom of God is within you,' that is, Truth and Love reign in the real man, showing that man in God's image is unfallen and eternal."

Services in Eastland will begin at 11 a.m. in the First Church of Christ Scientist, or the corner of Plummer and Lamar.

Shelter...

when you need it most

At MFA Insurance we sincerely hope your property will never be touched by fire. But we'll do more than hope. We'll provide you with shelter from the damage of fire — shelter that gives you the where-with-all to rebuild, just in case. For shelter for your shelter, call your MFA Insurance Agent today. October is Fire Prevention Month; help us prevent fires.

If it has anything to do with insurance: We do it better.

BE PROUD

Once FOR THE MANY!

Take pride in your community...and do yourself proud, by giving now to United Fund. Your one gift aids many worthwhile agencies and efforts, community wide. The ill, the aged, the needy benefit...and so do you, for whatever helps our neighbors helps ourselves. Youth and youth groups benefit...and so do you, for whatever helps the young helps us toward a truly brighter future. Of course, it's easier...to give just once. And it's better, too...for with just one gift, you help many. Be proud to give, the United Way.

Every hour of ironing an electric dryer saves you is an hour you'll have for better things.

You can save yourself hours of ironing every month by teaming an electric dryer with permanent press clothes. It takes an automatic dryer to bring out the best in all permanent press fabrics. And there's no heat like flameless electric heat for smoothing out bothersome wrinkles.

Accurately-controlled flameless heat is truly gentle.

It's kinder than sunshine for all kinds of fabrics, colors and white things. Regardless of the weather, an electric dryer lets you dry clothes any time of the day or night.

Get rid of your washday hang-ups with a flameless electric dryer. It'll save you time and worry. And take lots of ironing off your hands.

END WASHDAY HANG-UPS

See your appliance dealer soon about an electric clothes dryer.

Zeta Pi Meets In Ranger

The Zeta Pi Chapter of Beta Sigma Phi met in the home of Mrs. W. W. Warford in Ranger, Monday, November 1. Mrs. C. R. Kinser was hostess for the meeting. President Mrs. H. D. Alsop presided.

Four new members to the organization were welcomed and they are Mrs. Jackie Hallmark, Mrs. Robert Mangum, Mrs. Russell Walker, and Mrs. Richard Wilhelm.

Members discussed final details of their Pledge Banquet held Saturday night and began plans to sponsor an Art Show and Raffle to be held in Eastland later this month.

Also, the club voted to sponsor a contestant in the Eastland County Pecan Queen Contest. Mrs. Walker was named chairman of this project.

Refreshments of Italian Cheese Cake, cheese roll, party crackers, spiced tea and coffee were served to Mmes. Alsop, Hallmark, Mangum, Walker, Wilhelm, Don Joiner, L. R. Webb, and a guest, Mrs. Don Barron, by the hostess.

Civic League Garden Club to meet Wednesday

The Eastland Civic League and Garden Club will meet Wednesday, November 10, at 12:00 noon in the Woman's Club for their monthly luncheon and business meeting. The program will be presented by Mrs. A. L. Williams, Jr., Resident Director of THE GREENHOUSE.

THE GREENHOUSE, an elegant and famous beauty spa midway between Dall

THE GREENHOUSE, an elegant and famous beauty spa midway between Dallas and Fort Worth, is owned and operated by the Great Southwest Corporation and guided by Neiman-Marcus of Dallas and Charles of the Ritz. At THE GREENHOUSE, in a setting of exotic gardens, opulent pools and background music, a small number of women participate in a carefully planned ten-day regime of exercise, massage, sunbathing, and beauty counseling.

Mrs. Williams was invited to become the Directress of THE GREENHOUSE in May of 1968. Having been a member of the staff of Tulane University in New Orleans, Louisiana for several years, working with young people in counseling and making a social life for university students, she came to THE GREENHOUSE with an excellent background.

Mrs. Williams is a third generation Texas. She lived for many years in Sherman, Texas, where she maintains a home and has been active in the social and civic life of her community.

She attended Texas Women's University and The University of Colorado.

Reservations for the luncheon must be made not later than Monday noon by calling Mrs. Marcus O'Dell, 629-1395.

Engagement, Announced

Mr. and Mrs. Sam O. Powell, 121 Joe Prince Drive, Athens, Texas announce the engagement and approaching marriage of their daughter Miss Juliaann Powell to Mr. Stephen Lance Foster, of Eastland.

The wedding is planned for January 8, 1972 at the First Baptist Church, Athens. The pastor, Rev. Curtis L. Mathis will officiate.

4 Eastlanders To CJC N.Y. Trip

Four Cisco Junior College students from Eastland are among the 110 boys and girls making up the CJC Band and Wrangler Belles, who will appear in the nationally-televized Macy's Thanksgiving Day Parade in New York on Thursday morning, November

25. The Macy's parade, which is the nation's most prestigious event of its kind, will be seen on the NBC Television Network and will also be carried on CBS-TV.

Students from Eastland in the group are: Marcia Griffin, Richard Robinson, and Mike Robinson in the Wrangler Band and Belinda Herring in the Wrangler Belles girls' dance and drill team.

The Cisco Junior College band will be one of only fourteen bands in the entire nation appearing in the parade, and the Wrangler Belles will probably be the only girls drill team to be featured. The CJC group is also the only performing group from Texas in the 1971 parade. The Belles will do a featured performance at Herald Square, adjacent to Macy's, and the performance will be carried live in its entirety by NBC-TV.

Cisco Junior College is currently conducting a large-scale fund-raising campaign to help defray expenses for sending the group to New York

via chartered airliner. A goal of \$6,000 has been set for the participation of the community of Cisco in the campaign, and the college is also hoping to raise another \$2,000 to \$3,000 from the local communities in which the boys and girls in the Band-Belles live. Letters of solicitation have gone to local news media, banks, and Band Booster organizations, and many have already responded with generous donations.

Persons desiring to help send the CJC Band and Wrangler Belles to New York may mail their donations to Dr. Leland Willis, President; Cisco Junior College, Cisco, Texas 76437.

The donations are of course tax-deductible, according to CJC officials. A record will be kept of each contribution received, and the donation will be acknowledged by the college. The school will also attempt to have the donations acknowledged in the local newspapers at the end of the campaign, according to CJC Public Relations Director Eris Ritchie.

RJC Library Construction Continues

Construction work on the new Ranger Junior College library is progressing on schedule in spite of the recent rains and the projected completion date is for May of 1972.

The new facility, designed by the architectural firm of Zapalac and Griffin of Austin, will be a complete resource center when completed. The building will house not only the printed media, space for 28,000 volumes, but all multi-media sources as well.

a teaching auditorium, a seminar room, media production and storage center and a library work area.

The teaching auditorium will seat approximately 200 and will be equipped with multiple audio-visual devices for the teachers' use during a lecture. All visual projection and sound equipment will be readily accessible to the teacher through a remote control console in a moveable lectern in the front of the auditorium.

will be sound proof for the teachers' use in recording lectures either for cassette use in the learning labs or on video tape for use in the classroom or in carrels by individual students.

The seminar room has been designed specifically for small group discussion sessions but will also serve as a meeting place for other campus functions.

The new library will be a major contribution to the Ranger Junior College campus and a link to future plans for continued growth.

To Speak at Workshop

Ben Lancaster, manager here for Texas Electric Service Company, will speak at a workshop for company managers to be held in Fort Worth Thursday and Friday, Nov. 11-12.

He will review recent community achievements and progress of this area before some 50 other managers and company executives.

The workshop is being held as part of TESCO's Program for Economic Progress (PEP) which is aimed at providing help in area development and growth to communities served by the company.

PAGE TWO

THE RIGHT ATTITUDE
It seems queer to us in 1927, that so many of the older folks appear to like school life so much more than they do through with it. We are prone to believe that they are somewhat forgetful and that perhaps they found the actual school facts quite as interesting as we do now. However, the fact is that they are really sincere and that they do mean what they say, incredible as it may seem to some of us now. I don't see a chance that we must wait until we finish school to realize just how much we do think of our teachers, studies, and class. It is really necessary to look back upon such things to realize their true worth. It has often been said that when a young thing is too close to us we can not see it in its real light. We must be at some distance from it to see it clearly and distinctly. When you feel like complaining, grumbling about the length of your assignments, and a general discontent of school you might read a few of the letters from old students, or talk to them, and perhaps this such a terrible thing to be afraid of. It is impossible to accomplish any real work or to receive any real pleasure from your school career if you go through it in such a state of mind as this.

WE'RE WITH YOU TEAM!
