25,000 Troops Mobilized For 'Mock War'

Red Army Will Seek To Stand Off An Invading Force

JASPER, April 27 (AP)—Twenty-five thousand troops bedded down in the historic East Texas forest country tonight—a quiet prelude to a mock war involving one-third the entire United States army.

Concentration Ended

Arrival at Nacogdoches of the 69th coast artillery anti-aircraft regiment from Fort Crockett (Galveston) brought to an end the concentration of the ninth corps—the Red army—a band of units from Texas, Oklahoma, Utah, South Dakota, Kansas, Pennsylvania, Colorado, and Illinois.

After the weekend holiday, the doughboys will get down to brass tacks in maneuvers designed to prepare them for actual combat with the invading Blue army, starting about May 11.

The Blue army is the fourth corps, which accomplished its preliminary work at Fort Benning, Ga., and will move into the Alexandria, La., territory May 5-11.

Collision of the two forces will inaugurate the greatest peace-time maneuvers in the army's history, in which will be tested the new "streamlined" division; the value of a civilian warning net in defense against aircraft; the use of horse cavalry with and against mechanized forces; and the movement and supply of large motor masses.

During the Red army's preliminary maneuvers starting Monday, the Fourth Cavalry from Fort Meade, South Dakota, will represent the enemy.

The quality of its attempts to smash the superior strength of the remainder of the corps by concealed, lightning movements through the thick pine woods will be a gauge upon which the Red army may conduct itself later in the big battle.

At the end of the preparatory period, the Fourth Cavalry will rejoin the corps and on May 9, the Red army will cross the Sabine river, which will represent an international boundary line, and move 50 to 75 miles inland.

From the east will come the Blue army, numerically superior with its 40,000 troops, in an effort to dislodge the defender. The opposing forces are not evenly matched because, army theorists say, "fewer can defend than it takes to attack."

Coahoma Band Is Winner At Abilene

COAHOMA, April 27. (Sp.)—The city's Scarlet Cadets captured first place for class C bands in the Region 2 band festival at Abilene Friday and Saturday.

It marked the second time the Coahoma band took premier marching honors in regional competition and entitles it to represent the area in its class at Waco May 10 when the state festival is scheduled.

The young musicians, under the direction of J. J. Hensley, added to their laurels by taking third place in sight reading and fourth place in concert playing. There are 60 pieces in the unit.

REVIEWING THE BIG SPRING WEEK

BY JOE PICKLE

Virtually everything of a community-wide nature in Big Spring will be shunted into the background from now until May 15, when the 22nd annual West Texas Chamber of Commerce convention will have been over. Right now the big meeting seems to have precedence over all else. Because it is a big job, everyone interested in seeing it will do so to the credit of the community should call at the chamber of commerce and pay \$1 for a registration button.

The announcement of a Salvation Army home site and an explanation of the group hospitalization plan, especially for those in the low income bracket are community wide in scope—but likely nothing can be done about either until the convention is over.

You may expect news of a new industry for Big Spring early this week. Those who are developing the project have everything just about ready to go. It will be on a modest basis at first, possibly with an experimental period, but if it develops as is indicated, it may well be a nice little addition to city industry.

In event you have, or know of, better than average property for sale or rent—which will soon be for rent—notify the chamber of commerce. The chamber housing committee has a job on its hands in supplying houses to Couden general office employees who will come here this week. Page 12, Col. 2

Registration About A Third Toward Goal

With nearly a third of the 1,000 goal reached without a formal campaign, R. E. McEwen, chairman of West Texas Chamber of Commerce registrations committee, Saturday mapped plans for a "mop-up" campaign here Monday.

Although the number of registrations coming in voluntarily is not quite as large as McEwen had hoped for, he expressed appreciation for the spirit of cooperation manifested thus far. The organized campaign, he believed, would result in the city reaching its pre-convention goal this week and leave all free to concentrate on other convention arrangements.

He called a meeting of his sub-committees for Monday at 9:30 a. m. in the chamber of commerce office and planned to carry the appeal for convention support to everyone in the city.

These were the men lined up for the drive:

D. D. Douglas, chairman, C. L. Rowe, H. W. Smith, T. J. A. Robinson, R. L. Cook, J. B. Collins, V. A. Merrick and W. M. Gage.

Pat Kenney, chairman, Albert Darby, C. L. Roden, Walter Wilson and Ira Thurman.

R. E. McEwen, chairman, Jim Friend, Frank Boyle, Ben LeFevre, E. W. Potter, and Robert Stripling.

A. Swartz, chairman, Elmo Wason, D. W. Conley, Alfred Collins and Albert Fisher.

A check late Saturday showed more than 300 registrations actually turned into the chamber offices and more than 200 others unofficially reported sold. There were some 300 others on which no report had been made.

Slayer Is Shot Down By Posse

EL PASO, April 27. (AP)—The double slaying of Deputy Sheriff John Cramer, 55, and Rosalvo Ontiveros, 25, in the Rio Grande Valley east of here was marked closed today.

Chief Deputy Harry Wiley announced that Cramer was slain by Ontiveros after the deputy had arrested him on the complaint of a girl alleging abuse.

A posse, tracking Ontiveros on horseback after finding Cramer's body in his car, caught up with him 18 miles from the scene of the killing and shot him to death.

Before locating the girl, officers had been seeking to learn the circumstances behind Cramer's death. "Cramer was taking Ontiveros to a justice of the peace to file a charge against him, and Ontiveros resented having such a charge filed," the chief deputy announced.

Safety Week Observance Opens; Contest Questions In The Herald

In an effort to stimulate interest in safety, the schools will observe Safety Week from Monday through Friday, as proclaimed today by Mayor Grover C. Dunham, through the medium of contests for high school, seventh grade and elementary pupils.

Students planning to compete in the contest were reminded that the initial 12 of 25 safety questions, around which the program is built, are carried in advertisements of The Herald today. Others will follow on Monday and Tuesday.

High school students are to submit answers to the questions in the space allotted and turn the entire advertisement into King Sides, assistant superintendent, by 3 p. m. Friday. Seventh graders and elementary students will create posters around any question appearing in the advertisements.

Awards in the high school division will be six, four and two tickets to the R&K theater. Boys in the seventh grade division will get prizes from Albert M. Fisher Co., Homan's Auto Store, and Elmo Wason's Men's Store. The girls will receive prizes from Cunningham & Phillips, Montgomery Ward & Co., and Collins Bros. Drugs. Ticket for the home room.

Germans Continue Advance In Mid-Norway, Menacing Allies

Sponsors, Speakers And Bands Being Entered In WTCC Convention Lists

Sponsors, speakers, contestants, bands, entertainers—these were among the mechanically clicking developments of the West Texas Chamber of Commerce convention preparations here Saturday.

While the 22nd annual regional meeting is not until May 16-18, the My Home Town speaker entry total was only 25 away from the record number of 71 in Abilene last year. Stephenville, Monahans, Meridian, Balm and Strawn entered to bring the number to 47. Jack Terrell of Monahans won the Thomas Etheridge cup last year.

Likewise, the number of cities promising sponsors for the WTCC party and its colorful revue increased three to 25 with addition of Margaret Stacey, as Sul Ross college representative, Marilyn Parkinson for Lamesa and Evelyn Colburn for Stephenville. Miss Stacey, who hails from Millers View, represented John Tarleton at the Wichita Falls convention in 1938.

Lamesa confirmed participation with its Tonorado high school band in the convention festivities, making 13 bands listed for the meeting. Besides vying for the honor of being named "official band of the WTCC," the young musicians will join in an outdoor talent show the evening of May 16 on the courthouse lawn under Dan Conley, band committee chairman, and the singing with massed school choirs under William R. Dawes next day.

Mineral Wells let it be known that the docks had been stripped for action to support its bid for the 1941 meeting. At least 100 people will be here to push the entertainment, including a 64-piece band, sponsor, My Home Town speaker, and a square dance team under direction of John Winters. With him will be Miss Sidney Miller, Jim Barkley, Lola Ferry, Mr. and Mrs. W. O. Shore and Mr. and Mrs. Homer Archer. Elmo Grable heads a three-piece square dance band to accompany the group in two nightly appearances in the revue, which, incidentally, goes into production this week under direction of Mrs. Dorothy Lawrence.

On the business side of the convention, acceptance of three outstanding speakers was considered big news. Joe Clarke, Albany, president of the West Central Texas Oil and Gas association, will be one of three to address the Producers General Assembly the morning of May 17. He will speak on oil. Jay Taylor, Amarillo, head of the Texas and Southwestern Cattleman's association, will speak for the livestock industry, while Burris A. Jackson, Hillboro, chairman of the Statewide Cotton committee, will discuss the cotton problem.

Speaker for the Americanization meeting the afternoon of the same day when the central theme of the convention will be climaxed with a gigantic All-Youth parade and a session at the municipal auditorium, will be Oscar H. Benson, New York, national director of rural scouting for Boy Scouts of America. Mr. Benson also is founder of the 4-H club movement.

WATERWORKS KEPT AT CAPACITY OUTPUT

Continued dry weather is forcing the city waterworks department to maintain a capacity production.

The demand to date has been so great that the department has not had opportunity to tie into the new reservoir in the 2300 block on S. Gregg street, whence it will be boosted to the pressure tank stop a hill overlooking Edwards heights.

If a rain comes to relieve the heavy consumption, this change will be made. Also a new well pump will be installed and a booster pump employed to give the airport addition, which suffers chronic afternoon shortages, 40 pounds pressure.

New Firm To Locate Here

Contracts in the approximate amount of \$1,500 have been let for remodeling the front and renovating a portion of the interior of the Williams building on Main street for the Shaw Jewelry Co. It was reported Saturday.

Work was scheduled to begin on the job Monday. The concern will have a 12 1/2-foot front and a 65-foot depth on the store. The front will be of porcelain enamel metal tile. Approximately three weeks will be required for the project and N. L. Peters is architect.

Mayor's Proclamation

The greatest civic problem, not only of Big Spring but of all Texas, is that of traffic accidents. The enormous cost of life, human suffering and property damage is a challenge that every citizen must accept.

That Big Spring has not solved the traffic accident problem is evident from its record for 1939, when eight fatalities were reported in the city and immediate vicinity. There is every promise that a better record will be made this year as a result of the coordinated traffic safety program now underway.

This program is being advanced by the Big Spring Safety Council, with the help of all civic organizations, public officials and school authorities. The work of this Council is being emphasized this week with special programs and contests to make the citizenship of Big Spring more keenly aware of the necessity of combating hazardous traffic practices.

In honor of the work of the Big Spring Safety Council, and to encourage this worthy program, I do hereby proclaim the week of April 27-May 4, inclusive, as

SAFETY WEEK IN BIG SPRING

and request that all citizens and organizations join in a united effort to make our streets and homes safe.

GROVER C. DUNHAM
Mayor of Big Spring

Hitler Claims Norway Asked For Invasion

BERLIN, April 27 (AP)—Adolf Hitler, in a characteristic stroke of lightning diplomacy sought today to justify his Scandinavian invasion to the world with alleged secret "war guilt" documents attributed to Britain and Norway, declared the reich at war with the Norse kingdom and absolved Sweden of unneutral connivance with the allies.

Allies Started It

Within a few hours of publication a sweeping proclamation from the fuhrer, dated Wednesday, proclaiming a state of war between Germany and Norway, his foreign minister, Joachim von Ribbentrop, was telling the assembled diplomatic corps, German and foreign press and high German army, navy and air officials that Great Britain and France began on April 6 and 7 to spread the war to the north and the German invasion of April 9 merely beat them to the Norwegian scene of battle.

Producing documents which, he said, were taken by the German army from captured British officers, from the Oslo foreign office and from allied consular and other sources in Norway, Von Ribbentrop said it was clear that British troops were on their way to Norway even before the British announced the laying of a mine field off the Norwegian coast April 8 to halt German ships in Norwegian territorial waters.

Chief among these alleged documents was what purported to be a British plan for an expeditionary force, outlined under the code name: "Stratforce."

According to this asserted document, an expeditionary force of the Eighth Battalion of Sherwood Foresters showed that on April 7, the battalion was on its way to Norway in the British cruiser Glasgow, to be landed at Stavanger, and the first battalion of Leicestershires also was scheduled to take part in the expedition.

Von Ribbentrop, speaking in the new reich chancellery to the impressive assemblage, declared Norway's government "aided and abetted" these plans for an allied Scandinavian front from which Germany might be "destroyed."

CARS IN FRONT OF U. S. EMBASSY IN MEXICO ROBBED

MEXICO CITY, April 27 (AP)—Despite reinforcement of the special guard assigned to the United States embassy, an official there reported today that three more cars parked in front of the building had been forced open and robbed.

The normal police detail of two uniformed men was increased to four uniformed men and six detectives two days ago after fifteen staff cars had been robbed within a month with estimated losses of nearly 5,000 pesos.

Various articles valued at several hundred pesos were taken yesterday and today, and the morning from the parked automobiles of Senior Consul George P. Shaw, Consul Morris S. Hughes and an American tourist visiting the embassy.

16 MORE BLOCKS OF PAVING PROJECTED

The city is now preparing to follow through on another 16-block paving project ordered earlier this year by the city commission.

Operations already are underway on four blocks of Aylford street and a similar amount on Douglas. Only one property owner on Aylford has not signed to date and most are in on Douglas.

Twelve more signatures are needed on Main street south from 10th to 16th street. In addition to these three sections, a four block stretch on W. 4th from Gregg to Douglas is about 60 percent signed.

WORLEY WILL SEEK CONGRESS POST

AMARILLO, April 27 (AP)—Eugene Worley of Shamrock, representative in the Texas legislature from the 122nd district, announced here tonight he was resigning from the legislature to make the race for congress in the 15th Texas district.

Worley entered the congressional race soon after Marvin Jones, congressman 24 years, was appointed to the U. S. court of claims. Eight other candidates, including Railroad Commissioner Ernest O. Thompson of Amarillo, have announced as candidates for the place.

Nazi Air Force Providing Added Strength In Drive; Military Efficiency Shown

By The Associated Press

Powerful naval forces, embarked officially now on war against the Norwegians as well as the allies, pounded on through the middle of Norway Sunday, threatening their opponents in a new and perhaps decisive phase of the struggle in the north.

Allied troops faced grave odds in two sectors below strategic Trondheim.

Superbly mechanized German flanking units were pressing on against allied concentrations at Storen, only 5 miles from Trondheim, important port which has been in German hands since Hitler's lightning move into Norway. The Germans' swift climb over mountain trails was described as a marvel of military efficiency.

In Sunday's early hours a British retreat was reported in progress in the Gudbrandsdalen (valley) sector south of Dombas where German forces were attacking with the aid of heavy machine guns and light artillery fire. Nazi airplanes aided in the push.

It was indicated that the result in that particular area was not yet decided, however, with the Germans having slowed their fast advance temporarily in order to reconnoiter.

Only Patrol Activity In Trondheim Sector

Only patrol activity was reported in the Trondheim sector proper but the German advance on Storen was reported proceeding up the Osterdalen (eastern valley), roughly parallel to the Gudbrandsdalen. The official German declaration of a state of war with Norway, published two days after President Roosevelt proclaimed it and invoked the United States neutrality act, put German-occupied Denmark in a strangle position.

She serves as a German base for operations against her traditional friend and neighbor in the north. And occupied Norwegian territories will be in a status similar to Poland's.

Great Britain and France, bracing for new operations in the north, promptly called Germany's document-backed allegations a provocation.

Sweden Warned To Be Wary Of German Talk

The allied supreme war council, meeting in London with representatives of the Norwegian and Polish governments, moreover said succinctly that there was "animosity" in its plan for measures to meet "various situations" in the future.

The French warned Sweden she'd better be wary of German complacency because Sweden "interpreted very seriously indeed" her declaration of neutrality. Poland also got bouquets like that at one time from nazis, the French recalled.

In the central Norway fighting zone the nazis motorized and mechanized detachments were making such progress that an experienced foreign neutral military observer opined that it was doubtful whether they could be stopped.

Other military experts were of the view that the vaunted British navy had not halted the transport of German troops by sea. Continued landing of nazis forces was reported at Oslo.

No Reports On Movements Of British Fleet

Without reinforcements, said these observers, the allies and Norwegians could not hope to drive the nazis out of the territory they hold.

Nothing further was reported on the movements of the Great British fleet, traditional "silent service." Presumably it was busy getting troops and guns to Norway and helping in the establishment of Norwegian air bases.

The British admit they are hampered by lack of air fields in Norway.

German bombing planes, in extensive forays over Norwegian waters, set off one British cruiser out of commission and damaged another, set off two British transports and sank a third, DNB, the German news agency, reported tonight.

Earlier, the high command issued a communique claiming the capture of some 400 British and Norwegian officers and men during the past five days' campaigning, including an English staff commander who was carrying "politically and militarily important British operations orders and documents."

Firm Winner In Oil Case

AUSTIN, April 27. (AP)—The oil operating firm of Broderick & Calvert of Fort Worth gained a preliminary victory in federal court here today in a fight to renege its pipeline outlet for production from seven wells in the North Cowden field, Ector county.

Federal Judge Duval West of San Antonio temporarily restrained the state railroad commission from enforcing an order, effective two days ago, directing the Humble Pipe-line company to discontinue its taking from the wells.

Judge West set the case for hearing before a three-judge federal court here next Saturday. Circuit members of the court will be Circuit Judge Edwin R. Holmes of Yazoo City, Miss., and James V. Allred of Houston. The temporary injunction will remain in effect until the three-judge tribunal acts.

The commission had ordered disconnection of the wells on grounds that Broderick & Calvert had failed to comply with a commission decree requiring a re-test of well potentials.

The operating partnership contended in the injunction petition that it at all times had "complied with the oil and gas conservation laws of the state and the conservation rules, regulations and orders of the railroad commission."

Start Topping Of Hwy. No. 9

First topping on the state highway 9 south five mile project may be placed this week.

Plans are to start surfacing operations at W. 4th and S. Gregg streets and work southward until 19 blocks of the wide street have been paved to the city limits. Then operations will be speeded materially.

Virtually all the base is in good shape and contractors anticipate no further delay from this source. There is a large percentage of crushed rock in the base, a condition which might well result in the topping holding firm once in place and sealed.

The project, which will give Big Spring a straight and shorter route to connect with a new section of the road south of here, has been in progress since last autumn. In addition to several cuts and fills, it includes two major structures, one below the T&M lake and another in the city park extension.

PLANE DIVES INTO WATER, THREE DIE

PORT WASHINGTON, N. Y., April 27 (AP)—Three men were injured fatally today in the dive of a two-motored amphibian plane in Long Island Sound about a mile and a half from shore.

The man believed to have been the pilot, Eric Radke, a Civil Aeronautics Authority employe, went down with the ship as it sank under water. George Daufkirch, 40, an airplane broker, and William A. Bowerman, 25, a CAA inspector, were picked up by a powerboat crew but both died of their injuries.

ROOSEVELT ON WAY BACK TO CAPITAL

ABOARD ROOSEVELT TRAIN ENROUTE TO WASHINGTON, April 27 (AP)—Tanned and rested from eight days of sunshine and relaxation at Warm Springs, Ga., President Roosevelt rode northward toward Washington tonight to tackle problems related to war in Europe and to the approaching adjournment of congress.

White House officials said Mr. Roosevelt probably would have a chat with Secretary Hull soon after he reaches Washington tomorrow. Probably, too, the chief executive will check up on legislative issues at a Monday morning conference with senate and house leaders.

\$50 TAKEN FROM THE LUTHER POSTOFFICE

The Luther postoffice and store building was entered Friday night and \$50 in federal and private funds taken.

Burglars apparently gained entrance by prying open a door and then ransacking postoffice and store cash drawers.

F. J. Clappitt, postoffice inspector for this region, was notified at Fort Worth by Leslie Coy, Luther postmaster, and the postal department will actively enter the case.

The burglary was the second for the postoffice since its establishment more than 30 years ago. Deputy Sheriff Denver Dunn investigated the loss.

LATIN STUDES TAKE HONORS AT WACO

Big Spring's Latin students came through with more honors Saturday, in the Texas Latin tournament staged at Waco.

In the first year division, Bennett Peavee placed second, and in the second year class, Grover E. Cunningham was ranked third.

Answering A Call To Duty Asserts 'Ma'

Mrs. Ferguson Opens Campaign For The Governorship

WACO, April 27 (AP)—Asserting she was answering a call to duty, Mrs. Miriam A. Ferguson opened her fifth campaign for the governorship of Texas with an address here tonight.

Jim Also Speaks

Like his wife, twice governor and for nearly 30 years a stormy element in state politics, James A. Ferguson also spoke on the program, broadcast over a statewide radio hookup.

It was in Waco that Mrs. Ferguson in 1932 made the opening speech of her successful campaign for a second term as governor.

Both the Fergusons closely linked her campaign for a third term with efforts to nominate President Roosevelt for a third term.

Closely following statements made in her recently announced platform, Mrs. Ferguson also advocated:

Full penalties to those who are 65 years of age.

Financing the state's social security program by a gross receipts tax of one-half of one per cent, with reasonable exemptions, and a reasonable additional tax on natural resources if needed.

An investigation to stop discriminations because of their age against persons over 45 years old seeking employment.

Eliminating alleged waste in government spending.

Meeting reasonable demands of organized labor.

State and federal cooperation to help tenant farmers acquire ownership of homes by lending money for long periods at low interest.

Liberal appropriations for education.

Elaborating on Mrs. Ferguson's statements, Ferguson lauded the administration of President Roosevelt and called him the greatest humanitarian in the world.

"I have known John Garner for 20 years and I hope he is still my friend," Ferguson said. "But in the first place he won't be elected and hasn't got a ghost of a chance, and in the second place he could not handle it if he was elected."

"The Lord never did enough for him to qualify him to render the great service that has been rendered by Franklin D. Roosevelt."

There was no direct reference to Governor W. Lee O'Daniel, a candidate for re-election. Previously Ferguson had said the campaign would be without bitterness toward O'Daniel.

He declared, however, that the election of Mrs. Ferguson would mean restoration of "safety and soundness" in government and the Fergusons had experience needed to cope efficiently with governmental problems.

NEPHEW OF LOCAL PEOPLE IS AWARDED CARNEGIE MEDAL

Oswald Paxton, 15-year-old Elkhart schoolboy who has been awarded a bronze medal by the Carnegie Hero Fund Commission, is the nephew of Mrs. Jess Stauffer and Miss Lurline Paxton of Big Spring.

It was on July 12 that he saved Mrs. Lillie E. Davis, 31, and children, James A., 7, and Elizabeth Ann, 10, from drowning in the Trinity river. The boy had gone wading, got beyond his depth, pulled his sister out and then submerged the mother as she went to them 25 feet in the stream. Oswald, who had seen only the children, waded to them. He got hold of Mrs. Davis, had to shake the boy loose and then with great effort waded and waded the three to the bank where Mrs. Davis was revived. The children were all right.

Weather Forecast

WEST TEXAS—Partly cloudy Sunday with occasional showers in southeast portion. Monday generally fair.

EAST TEXAS—Monday, to end thunderstorms, cooler in west and north portions Sunday; Monday partly cloudy, cooler in northern portion.

Mitchell Test Hits Pay Lime

While all developments in Howard county lagged last week, activity in two adjacent counties warmed considerably as pay was encountered in the M. V. Hilburn No. 1 E. T. Strain northwest Mitchell county well and the Ray Albaugh No. 2 John Robinson northwest Dawson county deep test made 1,020 feet of hole.

The Hilburn No. 1 Strain, a shallow test on the west side of a bend in the Colorado river and two miles south of nearest production in Scurry county, drilled to 1,784 feet with 70 feet of saturated lime. First pay, showing 31.6 gravity oil, was logged at 1,093-97 feet in brown lime. The hole will be carried as far as 1,825 feet, under-reamed and shot. Location is 230 feet from the south and east lines of section 42-97, H&TC. The Hilburn No. 1 Jackson, 2,310 feet from the west and 330 feet from the north lines of the same section spudded and made 55 feet of hole Saturday.

South of this activity, the Hans No. 1 Grabie, in section 185-3, H&GN, prepared to set eight-inch string at 1,454 feet, some 70-80 feet short of anticipated pay horizon. Another test in the same area was reported under contract.

In northwest Dawson county, Ray Albaugh No. 1 J. A. Robinson spudded, set 10-inch string at 250 feet with 150 sacks of cement, shifted to rotary and drilled to 1,020 feet in blue sandy shale Saturday evening. The hole will be carried with rotary to 4,900 feet where seven-inch casing will be set and the shift made to cable tools.

Several major companies have become interested in the test and have acquired protective acreage, it was reported. Skelly, Magnolia and Atlantic have offsetting leases, the test, located 660 feet from the north and west lines of section 34-M, EL&RR, is a mile and a quarter northwest of the Albaugh No. 1 Robinson, 1,320 feet from the north and west lines of section 46-M, which ranked as a small discovery well. It is several miles south and east of the now plugged Tidewater No. 1 Buckner test.

Reid No. 1 D. H. Snyder, southeastern Howard county test, drilled as a northern edge well for the Snyder pool, was cleaning out to 2,562 feet following a 300-quart shot from 2,739-2,802 feet in lime. Approximately 100 feet of upper pay was treated with 2,000 gallons of acid. Location is 2,310 feet from the east and 350 feet from the north lines of section 28-30-1s, T&P.

IN EVANGELISTIC WORK—Rev. G. C. Schurman (left), who recently resigned as pastor of the First Christian church in Big Spring, has taken an appointment of Texas state evangelist, serving under direction of Patrick Henry, state secretary of the Texas Christian Missionary Society. Rev. Schurman will enter his new duties next Sunday, beginning a revival meeting at Overton. Mr. Schurman (right) will be with him in this work, directing music for the revival meetings. Rev. and Mrs. Schurman, who came here in the fall of 1935, will continue to make Big Spring their home.

Our mid week prayer meeting each Wednesday night is inspiring. People talk about how to get into their church, or out of it; some try to glorify their denomination, enlarging upon some striking doctrine it teaches that especially appeals to them; some point their finger of envy at the other fellow's peculiar doctrine or church. We are not here to establish some denominational church, or found some particular creed. We recognize all Christians as members of the Church of God, and all who are unconverted we consider as our responsibility to endeavor to lead to the Christ. To this end we solicit the cooperation of all God's people. You will always find a Christian welcome at God's church.

Farm And Ranch Talk AROUND THE COFFEE POT

By Newton Robinson

Poe and Wilkison of Stanton bought 178 head of 2 and 3-year-old steers this week from Bledsoe and Moulton of Barnhart. The cattle will be placed on their ranch in Martin county.

Shipment of steers and yearlings from the Brady area for pasturing in the middle west began this week. Most of the stock is consigned to Kansas but some of it will be placed on Oklahoma ranges. Around 150 cars are expected to be shipped within the next 10 days.

H. M. Neel, local feed dealer placed first in a nationwide contest sponsored by Purina Mills of St. Louis, it has been announced. Mr. Neel received \$25 for his paper advising the proper feed supplements to use with home grown grains.

Dr. Otto Wolfe had a very distinguished patient in his veterinary hospital this week. A thoroughbred Hereford heifer belonging to Jack Frost of the White Hat Ranch near Blackwell and said to be one of the highest priced animals in America was placed under Wolfe's care for a slight ailment. The heifer was sired by Advance Mischief, herd bull for the White Hat ranch H-rebreds. Advance Mischief is the sire of President Mischief, herd bull belonging to the I. B. Cauble Hereford farm at Elbow.

Among those taking advantage of a new project allowed by the AAA for the first time in the 1940 farm program are E. T. O'Daniel and H. Noble Read of Coahoma who are enlarging their old tank dams. G. B. Stockton is also enlarging a dam on his place in the southeast part of the county.

Close to 12,000 acres of land in Howard county are being eradicated of prickly pears under the government's 1940 farm program. Among the farms and ranches that are carrying on this work now are the Chalk estate ranch, Dora Roberts ranch and the place belonging to M. L. Hamlin.

Ralph Graham of Kaw, Oklahoma, purchased 3 carloads of steer yearlings in the Midland area this week. One carload was secured from McClintic Bros. at 45 around and the other two cars were bought from Frank Orson. The cattle were shipped from Stanton.

Purchasing agents for the Army Remount Service bought a truckload of riding horses from Winston Bros. of Snyder this week. The purchase was made by Maj. Marion L. Voorbes and Lt. Col. Irby R. Polard of remount headquarters at Fort Worth.

Funeral services for T. J. Richards who died in an airplane crash-up in Dallas Wednesday were held at Blackwell Friday. Richards was well known in this section as a fine cattleman, rodeo performer and flyer. Richards belonged to the

Soul's Immortality Is Evidenced, Says Astronomer

PASADENA, Calif., April 27 (AP)—Dr. Gustaf Stromberg, eminent astronomer, believes "the essence of all living elements is indestructible."

"The individual memory is a living entity which can never be destroyed," he said today. "The soul is the owner of the memory, the personality behind it. It retains its memory in latent form at death."

"Seemingly a soul can never be annihilated. In what form it survives is not known. It may temporarily or permanently be submerged in the world beyond space and time. Or it may appear in reincarnations, for which there is a certain degree of evidence."

Dr. Stromberg shows how he reaches these conclusions in his new book, "The Soul of the Universe," which he described as dealing with: "The fundamental problem of

what is behind matter, life and consciousness. How can atoms become arranged in such a way that they form highly organized animals, and how can these animals feel and think? What is the origin of life and of mind? Is there any scientific basis for what we call the immortality of the soul?"

The astronomer said his study "leads to the inevitable conclusion that there is a world soul or god and a cosmic will."

U.S. Weapon Designs Offered For Sale

WASHINGTON, April 27 (AP)—The war department has released designs of the army's latest tanks, guns and other weapons for sale abroad, but officials reported today that thus far there have been few orders for such munitions.

Representatives of Great Britain, France and other governments, however, were said to be continuing negotiations looking to possible large scale orders for powder, shells and weapons.

Officials said the release of army ordnance designs was in accord with a war department policy of doing all possible to build up the nation's capacity to produce munitions in an emergency.

Whether the foreign contract also was for tanks was not disclosed, but officials said the war department would gladly turn over the designs if a friendly foreign government agreed to place a large order in this country for the new army weapon.

Kitchen Has The Latest In Equipment

In the Crawford cafeteria, as in any prepared foods business, the foods the thing. Hence the kitchen is the nerve center of the establishment.

The cafeteria kitchen is large enough to permit free operation, yet compact enough to prevent loss of efficiency. It has new equipment throughout including ther-

mostatic controlled deep fat fryers, oven, grill and broiler. Other modern gadgets employed include juicer, waffle iron, an automatic can opener, potato peeler, mixer, steak cuber and dish washer.

Cook tables are metal and other tables used in preparation of foods carry heavy oak slabs. There is a meat block handy. Walk-in boxes for perishables and for meats, dairy and poultry products are readily accessible. Nearby is a locker room for employees. The kitchen opens into both the dining room and the banquet hall.

Uniform Coffee Is Assured By A New Type Urn

Coffee, over which Big Spring men and women love to talk business and visit, will be of uniform quality at any hour of the day in the Crawford Cafeteria.

This is due to a new type coffee urn which is pyrex lined even down to the spigots. By means of a thermostatic control, an even 200 degrees is maintained at all times, thus keeping the coffee's original flavor and aroma. The coffee is all vacuum packed.

The ancient Phoenicians were the first people to fortify cities.

ATTRACTIVE FRONT is but one of the features of the new Crawford cafeteria. Designed along modern lines, the front of the cafeteria affords a sweeping view of the interior and its fine appointments. A massive sign further adds to the improvement of the exterior.

Electric Eye Gives Crawford Cafeteria A 'Wonder Door'

All Baba and his "open Sesame" worked no more wonders than the Crawford Cafeteria doors.

Utilizing the "electric eye" principle, the doors automatically open and close as a customer enters or leaves. It's all done by a beam of light, which, when broken by a per-electrical impulse which are trans- sion entering or exiting, sets up formed into mechanical action which operates the doors.

SCHOOL PRINCIPALS ARE REELECTED

STANTON, April 27. Spl.—Coach H. A. Poole and Harold D. Haley were reelected at the last regular meeting of the Stanton school board. Poole will continue as high school principal and head coach, and Haley continues as grammar school principal.

At the same meeting, the board gave Supt. O. C. Southall a three-year contract, which he accepted, in place of the one-year contract tendered him in February. Election of teachers will be made at the board's regular meeting in May.

Bryan Erases Vault Record At D'Moines

BOVINE RELAY QUARTET TIES HURDLES MARK

DES MOINES, Ia., April 27 (AP) — Soaring into the air on a determined final leap, Beafus Bryan of the University of Texas, smashed a 10-year old record in the pole vault today when he cleared 14 feet, one sixteenth of an inch, in the finals of the 31st annual Drake Relays.

Another record was equalled as the carnival, with survivors of a field of 2,500 athletes in hot competition, came to a brilliant close before 15,000 spectators.

The absence of more new records was attributed to a gusty, chilly wind, but the thrilling races and field events produced a splendid show of individual and team talent.

The University of Texas shuttle relay team ran the 450-yard back-and-forth event over the high hurdles in 7:01.1 to tie the record established by Kansas State Teachers College, of Emporia, Kans., in 1938. The Longhorns later came back to capture the quarter and half mile relays.

The University of Indiana relay teams which yesterday captured both university medley events, won the four mile event today while Michigan triumphed in both the one and two-mile championships.

The Wolverines' mile victory produced a thrilling finish when anchorman Warren Breidenbach, came from behind to pound home by a scant foot ahead of Frank Church of Louisiana State, who collapsed and plunged headlong into the cinders of the finish.

Penn State Scores
Bryan rubbed out the record of 13 feet 11 inches hung up by Tommy Warm of Northwestern in 1930. This was Beafus' best effort in the north since he leaped 14 feet two inches in the Kansas Relays a year ago.

Penn State College's two-man team scored brilliantly. Notwood (Barney) Ewell, Penn's great negro sprinter, won the 100-yard championship decisively, defeating Billy Brown, Louisiana State, defending champion, by three yards in :09.9.

The other Penn State athlete, Nick Vukmanic, won the javelin throw with a toss of 212.79 feet.

Freddy Wolcott of Rice Institute, America's greatest hurdler, captured the 150-high hurdle event for the third successive time to duplicate the performance of Ralph Metcalfe, Marquette's great negro sprinter of another day, who triumphed in the century three times in a row here.

Wolcott bounded away to a two yard lead midway through the race.

Boyce Gatewood of Texas, turned on the power and began to move up on Freddie. They cleared the last barrier almost as a team, but Wolcott had the greater speed in the drive to the tape.

His time :44.3, was a tenth of a second slower than the record he set in 1938, but was exceptionally fast considering the brisk headwind.

Four Champions To Return To State Track Meet Next Week

Minor Seeks 2nd Win In 220-Yard Hurdles Event

By HAROLD V. RATLIFF
Associated Press Staff
Four hundred schoolboy track and field contestants will go to Austin next weekend for the state meet but only four of them will be there to defend championships won last season.

And of the four, only one is accorded a strong chance of repeating.

Max Minor, Tahoka's great all-around star, will be back for the 200-yard low hurdles, an event he won last year in 24.2 seconds, four tenths of a second over the state record.

Frank Haynie of Jeff Davis (Houston), the half-mile champion, will be hard put to repeat with Ralph Schrimpf of Highland Park (Dallas) as an opponent.

Haynie won the event last year in 21.1 but in this season's regional meet finished second to Jack Purcell of Angleton, who ran it in :20.8. Schrimpf has consistently made the distance in under two minutes and will be driving close to the state record at Austin.

Murrell McClothlin of Bartlett, last year's mile winner, is back but he, too, faces an uphill struggle to repeat. He finished fourth in the regional meet to Medicine of Harlingen (San Antonio), who won in :22.1, but above the class of such stars as Jerry Thompson of Wood-

DiMaggio May Be Out Of Lineup Several Days

WASHINGTON, April 27 (AP)—Joe DiMaggio's hopes of returning to the New York Yankees lineup within a few days were given a jolt today following an examination of his right knee injured in a pre-season exhibition game with the Brooklyn Dodgers.

Dr. George Bennett, Baltimore bone specialist, said Joe might be able to play within a week but the world champions' ace outfielder was not so optimistic.

Mrs. Chandler A Threat To Betty's Title

By FELLIX R. McKNIGHT
DALLAS, April 27 (AP)—Golf queen, Betty Jameson, labored at her game today for the start Monday over a rocky road she hopes will lead to her fifth consecutive Texas women's championship.

The husky national open champion, flanked by serious challengers, started her monopoly back in 1936 and still holds down the favorite's position—but three or four sturdy threats appeared in the field.

Betty, who arrived yesterday, played a "hit and miss" practice round today, calling it quits at the end of eleven holes after hitting two or three balls on every shot.

Over her home course, where she constantly mangles women's par. Mrs. Dan Chandler, former Texas champion, Old Mexico tittist and semi-finalist in the national, looms as perhaps the most formidable obstacle in Miss Jameson's march.

Reginald Form
The Dallas matron, a tremendous hitter, has regained the form that once gave her the monopoly on Texas titles and proved it yesterday with a 77 over the par 36-35-71 Brook Hollow course, despite an occasional putting lapse.

From Fort Worth came a challenger who has long been regarded as one of the nation's better competitive players, Mrs. Frank Goldthwaite, beautiful matron who twice played on the United States Curtis cup team. The one-time southern and Texas champion, still in her twenties, turned in the finest practice score—a 73 that threw many rainbirds over to her cause.

But from Betty's home town, San Antonio, came one of her most dangerous foes—Mrs. Earl E. Harty. Blessed with terrific length off the tee and deftness around the greens, Mrs. Harty, despite a comparatively late start in tournament golf, is overcoming a weakness that has marred her game. Too often she has collapsed in competition.

The expected field of 125 will have many other contenders, notably Mrs. Jamie Odum and Miss Hilda Urbanke of Austin; Miss Kay Pearson and Mrs. Marie Wohlfahrt of Houston; Mrs. R. E. Winger of Fort Worth; Mrs. Jed Roe, Mrs. Charles Armstrong, Mrs. J. Lee Wilson and Mrs. Jack Lapham of San Antonio, the latter winner of the state crown six times and still a grand competitor.

Scott's foursome play was scheduled for Sunday with the 18-hole medal round, beginning the tourney proper on Monday.

EAGLE THINLY CLADS SCORE IN RELAYS

By WHITNEY MARTIN
PHILADELPHIA, April 27 (AP)—The featured special mile race went in dog-trot time, but the thousands of other athletes in the final day's competition of the 46th annual Penn Relays today took up the slack by placing the record output on a mass production basis.

Before 32,000 spectators, the high school and college youths accounted for seven new meet marks, including the one set yesterday and broken twice today, and tied still another meet record.

Walter Mehl of Wisconsin won over Chuck Fense and Gene Venzke in the special mile in 4:25.3.

North Texas State team of Welby Williams, Olivis Hicks, John Jackson and Edward Rogers ran the college 860 relay in 1:25.4 to better the meet mark of 1:25.9 set by Pittsburgh last year.

Results included:
Invention 100 yard dash—won by Elberbe, Tuskegee Institute; second, Welby Williams, North Texas Teachers. Time :09.8.
One mile championship college relay—won by New York University, second, North Texas Teachers. Time 3:16.1.

Hubbers Lose To Gassers

LUBBOCK, April 27—The Lubbock Hubbers lost their fourth game in five WT-NM league starts, a 12-12 struggle to the Borger Gassers here Saturday afternoon.

Local Oil Man May Bring In Aggie Star For Tryout Here

Willard "Stud" Raines, ace of the Midland hurling corps who was treated rather roughly by the Big Spring Barons in his first start last week, has been traded to Tucson by the Waddies for Lefty Mitchell, another hurler. . . . Frank Talbot, sports scribe for the Fort Worth Star-Telegram, visited here Saturday, collecting story material on the Barons and other teams of the WT-NM league. . . . Frank takes off for Louisville and the Kentucky Derby next week.

Jess Willbanks, local oil man and one of the village's better baseball fans, may bring in Sonny Stumpers, Texas A&M pitching star, for a tryout with Tony Rego when school ends at College Station next month. . . . Bumpers recently shut out the Texas Longhorns in a seven inning relief job. . . . Up to Saturday's game, Emmett Fullenwider, Amarillo's rugged outfielder, had clouted out four home runs. . . . Ran Berndt, who tried out in the local camp, went to Lamesa Saturday to confer with Jodie Tate. . . . Hitting in the second spot for the Borger Gassers is Bobby Deckler, former Baron. . . . The keystone artist was the leadoff man when in the Big Spring lineup. . . . Frank Jacot, former Baron now with the Texas semi-pros, is a visitor here for the weekend. . . . So is Tommy Rutto, first sacker. . . . The Oilers are not playing this week. . . . Curdele Loyd, former Baron, is fitting into the scheme as regular first sacker for Yakima in the Western International league. . . . He's handicapped by an injured hand, however. . . . Lamesa apparently won the opening day attendance trophy again. . . . The Lobos and the Lubbock Hubbers played to about 1,500 paid admissions Thursday. . . . Cold weather limited the Amarillo crowd to about 1,200. . . . The official paid through here was about 1,000. . . . The high school band and the Kiwanis knot hole gang were admitted free.

Sam Scaling, the Midland Waddies first sacker, played 79 games at the initial crack for the Winston-Salem Twins of the Piedmont league last year, hitting .270 for a team that finished in the cellar of the Class B league. . . . Previously Scaling had seen professional service with Ballinger of the old West Texas league, Dallas, and Durham. . . . While at Ballinger he set up a league record by connecting for eight straight hits. . . . Well known as a pitcher in and around the Western league is Howard Taylor, new skipper of the Clovis Pioneers. . . . While at Cedar Rapids in 1936, Taylor hurried through the entire season, starting 25 games, without being relieved. . . . Too, he helped out by going in as relief man on 16 games, appearing in 41 games, all told. . . . He was credited with 19 victories and charged with ten reversals during the campaign despite the fact that his club was in the lower division during the first half. . . . Taylor started out with Meridian of the Southeastern loop last year but was sent over to Greenville, Ala., of the Alabama-Florida league as manager. . . . This is his eleventh year in pro circles. . . . He debuted with McCook of the Nebraska State league in 1930 and at one time played with Kansas City. . . . Claude "Bubba" Jonnard, new skipper of the sensational Amarillo Gold Sox, has been in pro harness since 1917 when he started out at Nashville. . . . His first taste of big league vicinals was in 1919, when he went up with Detroit. . . . Two years later his contract was purchased by John McGraw of the New York Giants where he remained for two seasons. . . . He later had hitches with the Saint Louis Browns, Philadelphia Athletics and the Chicago Cubs. . . . He began his managerial career with Shreveport a couple of seasons ago. . . . Last year he was with Joplin of the Western Association, leading that team to second place in the standings. . . . He is a brother to Clarence Jonnard, ex-big league backstop and now a scout for the Giants.

Longhorn Football Drills To Be Completed This Week

Pat Murphy will wind up the high school gridder's football drills this week, intends to have the youngsters scrimmage as much as possible. . . . He was far from satisfied with the way the lads looked in their 36-0 reversal at the hands of the exes Friday. . . . The hopefuls were not at full strength with three first stringers—Pete Pressley, Hal Battle and Jack Graves—out of the lineup. . . . Horace Bostick of the backs and Paul Kasch, center, looked to the best advantage. . . . Bostick was the most effective ball carrier. . . . Kasch came up with most of the tackles. . . . Harold "Lefty" Bethel, who was supposed to play in the classics, went to Fort Worth over the weekend to visit at Texas Christian university. . . . Battle and Graves were in Dallas while Pressley was sidelined because of a leg injury. . . . High school golfers who made the trip to Sweetwater Saturday to compete in the first annual District Five interscholastic league golf tournament were Johnny Burns, J. C. Anderson, Charles Harrell, Harold Day and Sam Burns. . . .

The fifth annual El Paso amateur invitational golf tournament is booked for May 30 through June 2. . . . James Parker, Alpine, is the defending titlist. . . . Prizes valued at \$1,000 will be offered with a big trophy going to the medalist. . . . Entrance fee will be \$5. . . . The tournament will be limited to 160 players. . . . Speedy Moffett is playing softball with the fire boys in Stanton. . . . The Texas A&M poloists will play the Lamesa quartet three matches instead of one as originally planned with the first one booked for 3 p. m. Thursday, the second for 5 p. m., Saturday and the third 10 a. m., Monday, May 6. . . . All matches will, of course, be played on the Lamesa field. . . . The Aggies will also meet NMMI at Rowell May 3 and 5. . . . Gus White, Sol Cleveland, Spencer Barron, Eric Barron and A. C. Woodward are the Lamesa players. . . . Major E. M. Burnett will be in charge of the Aggies. . . .

Larsen Tames Sox; Game Today At 3:30

MURATORE AND SCOPETONE BAT STARS

By HANK HART
Bob Larsen limited the Amarillo Gold Sox to six scattered blows and handed them their first reversal as he led the Big Spring Barons to an 8-5 victory here Saturday night before 300 fans who braved a wind storm to greet the homelings' return to town.

The San Francisco boy had plenty of trouble, battling the elements as well as the slugging invaders but finally pulled through when his mates rallied around him in the late rounds.

He limited the opposition to six scattered blows while the Barons got to Denzil Honeycutt and his successor, Al Dalki, for a total of 13 safe hits.

The locals went to work on Honeycutt in the first inning, putting together four consecutive base hits for two runs, then increased their advantage with a three-run outburst in the third.

The Sox retaliated with four runs in their part of the fourth, accumulated on hits by Emmett Fullenwider and Jole D'Antonio,

a brace of free passes and as many misplays and finally dead-locked the tally a round later when Bones Sanders, after doubling, romped home on Dick Ratliff's single through second base.

A double by Elton Muratore and a single by Bill Scopetone in the sixth enabled the Barons to take a permanent advantage but Muratore made it sure in the eighth when he contributed a mighty double with Willie Freitas and Lefty Augie Bentles up front.

The Sox made trouble in the ninth when Al Duarte and Fullenwider climbed aboard with free passes but Bentles pulled Larsen out of the terrific hole by turning Bill Aitenburg's line drive into a double play.

Scopetone had a field day, collecting a double and three singles in four official trips.

The two teams play here again this afternoon, 3:30 o'clock with two lefties, the Sox's Gus Dorman, and Irv Pellegrini slated to be the mound foes.

Harry L. Dorman Seeks Election As Constable

Harry L. Dorman, veteran peace officer and who was reared in Big Spring, Saturday announced that he would be a candidate for the office of constable of precinct No. 1.

subject to action of the democratic primaries.

Coming to Big Spring in 1905, Dorman was reared by the late G. D. Griffith, who for years operated the town's blacksmith shop, and obtained his education in local schools.

He left Big Spring to enlist in the army during the war and spent 18 months overseas. Dorman spent six years in the army and has two honorable discharges from it. He has 15 years experience as a peace officer, 11 as a policeman and two as a federal prohibition agent.

Dorman has a wife and three sons, one of whom is high school student body president.

In announcing he said: "In returning to Big Spring, I did so with intention of making my old home town my home. I have never before asked for public office, and would not now do so if I did not believe that my years of experience gave me every qualification for the job. I promise honest and fair discharge of my duties with no special favors to any individual or organization. On that basis, I respectfully ask consideration of my candidacy."—(Pol. Adv.)

M-C Softball Loop Begins Play Tuesday

Six Teams Set To Participate In Campaign

The 1940 Major-City softball league season will be inaugurated at the city park diamond Tuesday evening with two games.

The Standard Oilers, pre-season favorites, and the Phillips Tiremen will tangle at 8 o'clock while the 9:30 game will pit the Foran Oilers against the Carnett Sporting Goods aggregation.

Only six teams will start the race. Top Hat Cafe dropped out of competition last week.

Anderson's Devils and Montgomery Ward, the circuit's other members, will meet Thursday evening in the only game scheduled for that night.

Rules and regulations as adopted at the league meeting last week:

1. Each team shall pay a \$5 entry fee on or before April 26. A committee formed by H. F. Malone shall make recommendations relative to the use of the entry fees to be accepted, rejected or amended by the executive committee composed of the six team managers.
2. Each team manager shall furnish a new ball (team price not less than \$1.25, and official according to rules) before each game. A 50¢ umpire fee shall also be paid by each team manager before a game is played.
3. The executive committee of the league shall consist of the six team managers.
4. Marvin K. House was selected as league treasurer.
5. The recreation superintendent shall be charged with the responsibility of administering the routine affairs of the league.
6. Earl Scott and Carl Coleman were selected as umpires. George Neel (providing he does not play) was chosen as an alternate. In case these umpires are not available a competent official shall be chosen by the two team managers.
7. The umpires shall have full charge of the games assigned them.
8. Each team may carry a maximum of 16 players on its roster. Players must sign an agreement to play with a certain team before they are eligible to represent that team. Each manager must turn in his official roster for the opening game before the game starts.
9. New players must be signed seven days (signature in recreation office) before they participate in league play.
10. Out of town league players will not be permitted to participate in this league.
11. Teams may begin a game with a minimum of seven players.
12. Players may transfer or change from one team to another only through the waiver system. The team of lowest standings in the league shall have first choice to sign or waive any released player in the league, and the second team from the bottom, second choice, etc. Two teams tied in standings shall toss a coin for precedence.
13. Regular games of this league shall be played on Tuesday and Thursday nights beginning April 30 and continuing each Tuesday and Thursday nights thereafter through May 30, at which time a first half champion shall be determined on a percentage basis.
14. Postponed games must be played within seven days. The two team managers are responsible for arranging for playing postponed games. Contests may be made through the recreation office.
15. Second half league play shall begin June 11. A repetition of the first half season schedule will be played provided the league team personnel remains the same. Should other teams enter a new schedule will be made.
16. Winners of the first and second halves shall meet in a three-game series for the league championship.
17. In case of ties for first or second half championship, a three-game series shall be played if two teams are tied, if more than two teams are tied an elimination tournament will determine the half time winner.
18. All games shall be played on the city park diamond. The first game shall begin not later than 8 p. m. The first scheduled game not finished by 9:25 shall be called at that time by the umpire in charge. (Exception: An inning in play at that time shall be completed) and the team having scored the most runs shall be the winner. Second games shall begin not later than 9:35 p. m.
19. At the end of five complete innings of play in any league game if one team is ten or more runs ahead the game shall be terminated.
20. Only physical conditions or emergencies shall be grounds for postponement of games.
21. All equipment shall conform with the specifications in the official rules.
22. All protests shall conform with the regulations given in the official rules.
23. A protest board appointed by the recreation superintendent shall decide all protests.

STEER GRIDDERS CRUSHED BY ALL-STARS, 26 TO 0

Wrenching off the fireworks on the first scrimmage play of the game when Bobby Martin connected with Bobby Savage for a 70-yard touchdown play, Savage's All-Stars, composed of former players of Big Spring high school, rolled over the Steers in an exhibition football game at the Highland Park stadium Friday afternoon, 26-0.

The Steer hopefuls, now in the midst of their spring drills, played without the service of three regulars—Pete Pressley, Hal Battle and Jack Graves—and were never in the ball game.

Cochman Murphy's line stopped the Steer's running game cold but could do nothing with the passes Martin, Howard Schwarzenbach and the boys threw.

The Steer offense clicked at times but failed miserably when afforded scoring chances.

First Score

Savage thundered down the right flat to take a 25-yard loss from Martin and outraced Horace Bottick, Owen Brummett and one or two other pursuers some 45 yards to the double stripes for the initial six-point score. Savage, kicking into the wind, missed the boot for the extra point but it didn't matter.

The Steer v. 'ted until the second

period to strike for pay dirt again, moving down twice within the shadows of the Steer goal before finally going over. A 30-yard pass from Martin to Savage paid off and Savage made good on the try for point to elevate the score to 15-0.

That was all for the half but in the third period the All-Stars came back with a rush to count again when Martin passed to Johnny Miller for 30 yards and a touchdown. Savage faked the try for point, passing the ball to Swazy to build the lead to 20-0.

In the fourth, a short pass, Martin to Savage again resulted in a score.

In the final minutes Junior Moore, rabbit back for the Steers, took the ball from scrimmage and ran goalward unimpeded as the Steer elected to give the youngsters a score but young Moore tumbled over one of his own blockers.

Rosa Callahan displayed some of the blocking form that made him outstanding in his high school days in helping the cause of the case along.

Paul Kaech was outstanding in defensive work for the high school team.

RUPTURE SHIELD EXPERT HERE

H. M. SHEVNUM, widely known expert of Chicago, will personally be at the Settles Hotel, Big Spring, Wednesday, only, May 1, from 9 A. M. to 5 P. M.

Mr. Shevnum says: The Zoetie Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increase the circulation, strengthen the weakened parts, thereby closes the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume no matter the size or location. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnum will be glad to demonstrate without charge. Add. 6441 N. RICHMOND ST., Chicago.

You'll be No. 1 in the Hit Parade!

Look at Buick First...you can afford it and you can't know what your 1940 money ought to buy until you've seen this really modern automobile.

The Buick SPECIAL 4-door touring sedan \$895*

YES sir, something pretty special happens when you turn the ignition switch, press down the starter treadle, and drive away for the first time in your very own 1940 Buick.

In that little act, you get a years-long jump on the other fellow. You step out in a car that is not only 1940's biggest news but the pattern for many a season to come.

Style? Just look the others over and see how they mirror the trend Buick began a good twelve months ago!

Size? Just try to find a car as long as Buick, bumper to bumper, for the same money—or one with a frame as husky and rigid.

Comfort? Performance? Appointments? No other automobile on the highway has soft, coil springs all around that never need lubrication—combined with the steady rolling firmness of torque-tube drive.

No one else gives you a gas-thrifty Dynaflex valve-in-head straight-eight engine, much less a power plant electro-balanced after assembly to completely new standards of smoothness.

No one else has a Two-Way Direction Signal with automatic cut-off included—or standard equipment so complete that even a lock for the gas tank is included in the price.

And with the whole range of Buick's six dozen 1940 features you'll be No. 1 in the automotive hit parade, leading the way in a car that will still be full of big news many a season hence.

And the price? Unbelievable as it sounds, the Buick SPECIAL carries a price lower than some sixes—which spells "buy" in any man's language. Why not learn more right now from the nearest Buick dealer?

Indian Drama Featured At The Queen

'Geronimo' Tells Of Bitter Days Of Red-skin Uprisings

When in the furious border days of the latter Nineteenth Century, the cry "Geronimo!" was raised, there was no doubting the full meaning of the ominous warning. Muskets came down from their wall pegs, windows were barred and women and children hid—for the fiercest savage of them all, the ravaging redskin whom no trace could satisfy was on the warpath. This dramatic figure and his hectic times form the basis for Paramount's "Geronimo!" which plays today and Monday at the Queen theatre with Preston Foster, Ellen Drew, Andy Devine, Gene Lockhart, William Henry, Chief Thunder Cloud, Ralph Morgan, Marjorie Gatenon, Kitty Kelly and others.

Geronimo was leader in the last great Indian uprising in which the Apaches played the principal roles. In this conflict General Nelson A.

Negress Slashed, Another Jailed

One negress was in the city jail and another was suffering from slashes about the body Saturday as the result of a scrape at Shaw's place in the negro quarter Friday afternoon.

Police said that Lois Mae McGriff had to be taken to a hospital for treatment of cuts about the arms and breast. Ernie Davis was placed in jail. Police confiscated two long-bladed knives, the blade of one having been broken in the altercation.

They said witnesses quoted one of the negroes as saying: "Turn 'round, I don't wanna kill you in de back." The other turned around, but with a knife flying. Cause of one having been broken in the altercation.

Miles earned his spurs as commander of the United States army forces by routing Geronimo and his Apaches. He pursued the chief across the border into Mexico. Following the massacre of Gen. Custer and his band by the Sioux Indians under Sitting Bull at the Battle of the "Big Horn," Gen. Miles defeated Sitting Bull and his tribe and compelled them to withdraw to the reservation set apart by the United States and remain on these lands in restraint ever after.

Tyrone Power And Dorothy Lamour Starred In 'Johnny Apollo,' Feature At The Ritz

Lloyd Nolan And Edward Arnold In Major Roles

"Johnny Apollo"—college hero, banker's son, mobster; that's the role—considered one of his best to date—that brings Tyrone Power to the Ritz theatre today and Monday in a drama of that title, with Dorothy Lamour in a co-starring role.

Not since "Jesse James" has Tyrone had a part like this, and never in his career has he given such a great performance. And lovely Lamour reveals her true allure for the first time as "Lucky" Dubarry, the night club entertainer who falls hard for "Johnny Apollo."

When the story opens Power is an idealistic college man, but he doesn't remain that long. For when the banker father he idolized (played by Edward Arnold) is sent to prison for embezzlement, the boy's whole world crashes about his ears.

Spurred by his wealthy friends, broke and unable to get a job because of the stigma against his name, the young man assumes an alias, "Johnny Apollo," and joins the mob of Mickey Dwyer, brilliantly played by Lloyd Nolan. It is here that Johnny meets "Lucky" Dubarry, Mickey's girl, who understands and loves Johnny—regardless.

He also meets Judge Brennan, a tipping ex-judge turned underworld lawyer, who boasts a talent for "springing" his clients from jail. Charley Grapewin, who scored such a hit as Grampa in Darryl F. Zanuck's production of John Steinbeck's "The Grapes of Wrath," scores again in this role. And Lionel Atwill is excellent as the banker's helpless lawyer, McLaughlin.

The boy works tirelessly to help free the father who has turned against him because of his underworld connections, and the story works up to one of the most thrilling climaxes in screen history.

Time Change To Put Programs At New Hours

With the advent of daylight saving time on the Mutual network, many local and network programs undergo a change of time effective this week. Among the week-day programs: Keep Fit to Music returns to the air after an absence of several weeks, 9:15 a. m. Neighbors, with Blanchard McKee, moves away from 11:15 and takes over the 10 a. m. spot, formerly held by Julian Akin, Singing Cowboy.

The Crossroads Counsellor occupies the old position held by "Your Neighbor and Mine" at 11:15. John Metcalf returns to the KBST airwaves at 8:45, to bring his quarter-hour from the Choir Loft. The Texas School of the Air moves up to 1:45 instead of 2:15, and the All-Request Hour moves up an hour and a quarter—to 2 p. m. The Johnson Family also moves up an hour to 3:30, and Fulton Lewis, commenting on the news from Washington comes on at 5 p. m. one hour earlier.

The time change will also bring Ned Jordan, Secret Agent, to the air, and this exciting half hour drama, of particular appeal to the kiddies, will be heard at 6 o'clock on Tuesday evenings. Programs that hold down other spots, include local programs, mainly, Jane Tingle, Your Melody Sweetheart, will still be heard on Monday, Wednesday and Friday, but at a new time—5:45, following the program "Sunset Reverie." The latter is from St. Mary's Episcopal church, featuring Mrs. Pat Kenney at the organ console, and is to be aired over the network in Texas. The Chamber of Commerce program moves up a quarter hour, to 5 p. m. Consult The Daily Herald for full KBST schedules.

Local Girl Holds Life Membership

Dora Anne, 11-year-old daughter of Mr. and Mrs. W. C. Blankenship, will have an opportunity to use her lifetime membership in the West Texas Chamber of Commerce when the 22nd annual convention is held here May 16-18.

Dora Anne was born in Big Spring on March 27, 1929, soon after her father came here as superintendent of schools. He was a member of the WTCC and in accordance with a plan employed that year, Dora Anne was presented with a lifetime membership by E. H. Whitehead, WTCC staff member.

She had the opportunity to use it in 1938 when Big Spring first entertained the WTCC convolve. If, in another few years Big Spring should have the privilege of entertaining the convention, she might also be in line for a double opportunity—that of being Miss Big Spring as well as a lifetime WTCC member.

"West Texas Finest"

FROM A STIRRING FILM, "Johnny Apollo," which plays at the Ritz theatre today and Monday, these scenes are taken. Tyrone Power and Dorothy Lamour, lower left, are co-starred; while Lloyd Nolan and Edward Arnold, shown at top with Power, have featured roles. "Johnny Apollo" is the story of rich man's son turned gangster, and saved from the extreme penalty through the love of a night club entertainer.

HERE COME THE WEAVERS—Those favorites of the vaudeville stage, the Weaver Brothers and Elviry, have gone to Hollywood again, to make a rural comedy called "In Old Missouri." Here are the Weavers in character, in a scene from the picture which plays today and Monday at the Queen.

Italy Hints At Involvement

ROME, April 27. (AP)—For the third time in as many days an important fascist leader today hinted at Italy's involvement in the European war but failed to indicate if or when she might abandon her non-belligerent stand.

Count Dino Grandi, president of the chamber of faces and guilds, told the cheering members of the chamber that the "fascist empire is not and knows it is not on the edge of this conflict of peoples."

Listening to Grandi was Premier Mussolini, who also heard addresses in a similar vein by two other fascists, the veteran leader Francesco Giunta and the undersecretary of the interior, Guido Buffarini-Guidi, Thursday and yesterday.

The Grandi address closing the chamber session was prominently displayed by the controlled Italian press.

At the same time the newsmen said:

published without comment German Foreign Minister Joachim von Ribbentrop's declaration in Berlin that Germany had proof that Britain had planned to extend the war to Norway.

The failure of an airplane bringing documents from Berlin to arrive on schedule caused the German ambassador, Hans-Georg von Mackensen, to call off a press conference. He had invited correspondents to receive a statement in connection with von Ribbentrop's address in Berlin.

DOUBLE THREAT

GREENVILLE, S. C., April 27. (AP)—A man signed a warrant before Magistrate Louis E. Smith charging a threat with breach of the peace. He said the tenant had threatened to kill him.

A day or so later the complainant rushed excitedly into the magistrate's office and said he wanted to withdraw the warrant.

"Why?" asked the magistrate. The complainant replied: "That man says he will kill me if I don't."

With Elviry, They Appear At Lyric In 'In Old Missouri'

The Weaver Brothers and Elviry, of vaudeville fame, are scheduled for another local screen appearance in Republic's "In Old Missouri," booked into the Lyric theatre today and Monday.

The story is a unique one, dealing with the adventures of a family of Missouri share-croppers who journey to the city to acquaint the owner of the land they worked on with the unfair practices to which the share-croppers are subjected.

They find themselves in the mansion of John Pittman, owner of the Pittman Land and Cotton Company, and soon discover that their own troubles are minute in comparison with his. Not only has his company nothing to show for a year's work, but it is hovering on the brink of bankruptcy.

STANTON SENIORS TO HEAR KLAPPROTH

STANTON, April 27. (Sp.)—Plans are taking shape for the commencement exercises for the Stanton high school, to be held the latter part of May.

An invitation has been accepted by Judge Charles L. Klapproth of Midland, former district judge, to deliver the address at the commencement exercises.

Rev. G. B. Shelbourne, Jr., of San Angelo, a former student and honor graduate of Stanton high school, has been invited to preach the baccalaureate sermon for the graduating class on Sunday, May 28. Rev. Shelbourne has not as yet indicated whether or not he can accept.

sumes Pittman's position as head of the Pittman Land and Cotton company, while John Pittman retires to the relatively carefree, though impoverished life which was the lot of the Weavers on the Osard land.

The Weavers have numerous amusing bits with Pittman's recalcitrant family. Soon, however, the innate good nature of Pittman's wife and son rises above their superficial animosity, and they join forces with the Weavers to round up the gang of crooks who are responsible for Pittman's financial difficulties.

Forced 'Drunk' Tests Outlawed In Mann Ruling

AUSTIN, April 27 (AP)—Evidence of intoxication obtained through breath, blood or urine tests forced on a motorist is not admissible in drunk driving cases in Texas courts, Attorney General Gerald C. Mann ruled today.

The opinion was at the request of Homer Garrison, Jr., director of the public safety department.

The attorney general said it would appear that such evidence when given voluntarily would be admissible.

Mann added the court of criminal appeals apparently had never ruled on the question.

He cited civil cases in which state courts have refused to require physical examinations and added the state constitutional provision that no person accused of a criminal offense shall be compelled to give incriminating evidence has been held to protect one from being required to produce private papers which are incriminating.

"In our search for precedents," he added, "it appears the Texas courts have never been called upon to sanction a forcible invasion of the body of a person charged with a crime."

Of course, Dallas men were trying to impress Big Spring when the trade trippers stopped here last week; perhaps this city muffed an opportunity to impress Dallasites as much as possible. One visitor remarked that Big Spring was the only town visited to that date that did not have its band out to greet trippers.

Last week was a tragic one in the ranks of old timers. Death knocked at the door of three of them, claiming Charles Duncan Read, a resident of the city for 59 years, Mrs. G. E. McNew, who lived here 39 years, and J. H. (Dad) Herfy, who came here in 1907.

None knows until the figures are actually released what the Big Spring population for 1940 will be. Informed quarters believe it may be around the 16,000 mark, a total which, unfortunately, will not include some 1,500 or more persons residing just outside the city limits. They live in Big Spring, but go in the county to work.

Now under advisement, with a proposed project being drawn up, is a flood control program which followed a survey report last week. The total involved is staggering. This much may never go into the job, but less prominent but equally costly is the recurring damage from eddy and flash floods in Big Spring.

The safety council is to be commended for its persistent work. Its leaders have kept on at the job in the face of discouragement and now have come out with definite, constructive objectives. Here's wishing the Safety Week program in schools success.

Maybe there's no point in mentioning the critical drought situation except to revive our worries, but it does put a humorous slant on the "early bird" tactics of two Big Spring men. They bought and had delivered a boat—twice to be the first on the city's Moss Creek lake. But the boat beat the rain here.

Smallpox quarantines are commanding more respect these days. It took three jailings to do it, but generally, quarantine means something. Incidentally, the infection is now on the wane here.

Indicate Case Was Tried At Urging Of The CIO

WASHINGTON, April 27 (AP)—A house committee heard today that the labor board prosecuted a case which the CIO was "extremely anxious" to be tried, although the board's own attorney regarded it as "too weak" to stand up in court.

Documents read into the record of the special committee investigating the board showed that, in order to avoid having its case against the Dunbar Glass corporation of Dunbar, W. Va., carried to the circuit court of appeals, the board finally settled the matter by agreement.

The case grew out of a charge by a CIO union that the company had discharged two employees—Earl Spradling and Harold Malins—for union activity. The company contended the men were fired for refusal to work a shift other than their regular one.

Edmund M. Toland, committee counsel, presented the Dunbar case documents to the committee during interrogation of Herbert Fuchs, a supervisor in the board's review division, who had worked on the case. Fuchs told the committee that he thought the board's order against the company should have been enforced.

'Old-Fashioned Religious Revival' Cited By Dies To Save Democracy

ATLANTIC CITY, N. J., April 27 (AP)—While several young men distributed circulars protesting his presence, Representative Martin Dies (D-Texas), chairman of the house committee investigating un-American activities, told the general conference of the Methodist church today that a "good, old-fashioned religious revival" was the only thing that would save democracy in the United States.

The congressman referred to "pernicious incultation" of communist and fascist doctrines by foreign agents in the United States and said:

"There can be no democracy, and no freedom in this country without the Christian religion. If democracy fails in our land it will be because the people turned their back on God."

While Dies condemned "Atheism and materialism sweeping over the world," 29 uniformed policemen stood guard at the Municipal auditorium entrance to prevent picketing. The young men who had announced plans to picket were distributing circulars among the conference delegates.

The circulars charged "Mr. Dies' committee has become the mouthpiece of disgruntled individuals who wish to use its avenues of publicity to smear their enemies," and added:

"To bring Mr. Dies before the Methodists is to throw support to a man who has brought shame and dishonor to those things which we as Americans and Christians have been taught to hold dear."

Highway Extension Is Recommended

CHILDRESS, April 27 (AP)—The Colorado-to-Gulf highway association approved at its 28th convention today a recommendation that the road be extended northward from Denver to Seattle and Vancouver, B. C.

The road would give a through channel from the Canadian border to the Gulf of Mexico by way of the Glacier National Park. Extension of the highway through to Mexico City may be proposed next year.

W. H. Wright of Vernon was elected president of the association today at the closing convention session.

PRECINCT MEETINGS SLATED SATURDAY

AUSTIN, April 27 (AP)—Warring factions of the democratic party in Texas—one supporting Texan John N. Garner and the other asking a third term for President Roosevelt—will be trying for knockout blows next week in their last arguments to the voters before the precinct conventions.

The precinct gatherings Saturday will name delegates to the county meetings the following Tuesday. These in turn will select delegates to the state convention at Waco May 28.
