EASTLAND, TEXAS, MONDAY EVENING, MAY 16, 1938

PRICE FIVE CENTS

NO. 169

FARMERS WILL ASSEMBLE AT 12 MEETINGS

Farmers of Eastland county were urged Monday by County Agent Elmo V. Cook to attend one of 12 meetings the week beginning May 25 when the 1938 programs will be clarified and cotton, peanuts and general soil depletion allotments will be discussed.

At the same time suggestions will be offered for the production of good feed crops and its saving. It has been pointed out that usually Eastland county farmers do not produce enough feed.

The agent expects to be able to announce at the meetings cotton, peanut and general soil depletion acreage allotments.

The meeting schedule:

- Elising Star theatre, Monday, May 23, 2 p. m.
- Pioneer high school, Monday, May 23, 8 p. m.
- Gorman theatre, Tuesday, May 24, 2 p. m.
- Seranton school, Tuesday, May 24, 8 p. m.
- Carbon Methodist church, Wednesday, May 25, 2 p. m.
- Desdemona city hall, Wednesday, May 25, 8 p. m.
- Ranger First Christian church, Thursday, May 26, 2 p. m.
- Kokomo school, Thursday, May 26, 8 p. m.
- Cisco city hall, Friday, May 27, 2 p. m.
- Eastland county courtroom, Saturday, May 28, 2 p. m.
- Okra tabernacla, Saturday, May 28, 8 p. m.

Girl's Slaying Believed Solved

The mystery of the chain-laden corpse, identified as that of 23-year-old Sophie Kujat, top, which floated to the surface of the Passaic river at Newark, N. J., was declared solved by police who arrested the girl's former sweetheart, Edward Holtz, 24, lower photo, in connection with the murder. Police say Holtz, desperate at the persistent advances of the girl after his marriage 10 months ago, strangled her, trussed the body in chains and dumped it in the river.

GAS GATE RATE REHEARING IS ORDERED TODAY

WASHINGTON, May 16.—The supreme court today ordered further judicial consideration of an order of the Texas Railroad Commission setting a rate of 32 cents per 1,000 cubic feet as the maximum to be charged by the Lone Star Gas Company for gas delivered at city gates of Texas municipalities.

The court reversed Texas court decisions approving the rate order. It ordered further trial of the question of whether the rates are confiscatory.

The company challenged the order on the grounds that the rate was confiscatory, the company was an interstate concern, not subject to state regulation and the order illegally called for abrogation of contracts.

The company delivers gas to about 270 Texas municipalities. It has charged the old rate of 40 cents a thousand during protracted litigation.

House of Refuge in Besieged City

Center of refuge for Americans as the Japanese launched the furious naval assault that led to the capture of Amoy, south China seaport, was the U. S. consulate, pictured above. After the Japanese had taken the city all Americans were reported safe. American warships were in the harbor during the battle.

ATLANTA FIRE DEATH TOLL IS AT 24 TODAY

ATLANTA, Ga., May 16.—Boiler of 24 persons were taken today from the ruins of the old Terminal Hotel in downtown Atlanta after a fire swept through the five-story structure.

It was believed that the toll would reach 35 when the ruins cooled to permit firemen to search.

The fire started in the basement while patrons were asleep. It spread quickly through the building. Floors collapsed and the victims were crushed to death, some while they slept.

It was estimated that 60 to 75 were in the hotel when the fire started. The blaze was brought under control within an hour.

Warns Mothers of War Menace

Declaring that the vital concern of all mothers is to keep the U. S. out of war, Mrs. Horace B. Blake, above, national president of the American Gold Star Mothers, warned 126 members gathered in Philadelphia for their fourth biennial convention that they must fight "subversive elements."

JAPAN PUSHES FORCES INTO SUCHOW AREA

Japan's militarists "saved face" today with a sledge hammer blow through the greatest Chinese defense line since the great wall. Japanese troops and artillery crashed through the northern front, scene of Japan's worst defeat a few weeks ago.

Chinese forces abandoned their "Hindenberg Line" in Central China as six Japanese columns surrounded Suchow, important railroad junction, the fall of which will enable Japan to consolidate all coastal provinces in Northern China.

Japanese planes in South China meanwhile dropped bombs on civilian areas of Changchow and caused serious damage to American and other foreign mission hospitals.

Ranchers Given Advice on 1938 Federal Program

Recommendations by members of the Eastland County Agricultural committee to ranchers who wish to earn part of their range allowance by the use of artificial reseeding were announced Monday.

The committee, composed of J. D. Guy of Carbon, R. R. Bradshaw of Cisco and E. E. Blackwell of Ranger, stated that it approved the use of one of the following pasture grasses and legumes: Rescue grass, bermuda, Italian rye grass, bur clover, black medic and annual sweet clover.

The payment for the practice of artificial reseeding is 20 cents per pound of seed sown but not in excess of \$2 per acre. The committee ruled that the practice must be used in combination with pasture contour listing, furrowing or ridging in order to earn payment for reseeding. If both practices are used on the same land both will earn payment.

Rescue grass is abundant along roads and fence rows where seed may be gathered. It was emphasized that the seed must be obtained from its will shatter in a few days. One of its advantages, it was declared, is that it makes good late and early spring pasture. Bermuda and Italian rye grass seed must be bought from dealers who import them. Italian rye is temporary winter and spring grass but may reseed itself. Bur clover and black medic sweet clover is similar and will not thrive unless considerable winter rainfall in that respect only.

VIOLENT DEATH RATE CHECKED OVER WEEK-END

Violent death was checked slightly in Texas during the week-end, but the toll still reached 11.

Mrs. Will Wyatt, 39, and her 19-month-old daughter were killed Sunday, and Wyatt was critically injured when a truck struck their sedan near Brownwood. Ernest Watts of Abilene was charged with negligent homicide.

Bobbie Farris, eight, son of a Texas prison guard, was drowned Sunday in a cattletank near Huntsville.

Two persons were dead and a third was not expected to live at Corpus Christi. Douglas Vicker, 24, a mechanic, was found dead in a grocery store. It was believed that gas in the store asphyxiated him.

Mrs. J. E. Puett, 64, of Abilene, died in a Hamlin hospital Sunday a few hours after she was found unconscious in her car five miles north of Hamlin.

Crippled Children Clinic Is Slated At Abilene Hospital

A free clinic will be held soon at Abilene for crippled children of the area. B. E. McGlamery, Eastland, supervisor in this district of the crippled children's division of the state department of education, announced Monday.

The clinic will be at the Hendrick Memorial hospital with whose cooperation the affair is to be conducted.

Approximately 175 parents of crippled children are expected to bring their sons and daughters to the clinic. Date is to be set soon.

Peanut Warehouse Accounts Closed Without Deficit

J. E. Meroney, secretary of the Ranger Chamber of Commerce, has announced that the Ranger Bonded Warehouse was operated for the past few months at a cost of only \$20.96, which was considered very cheap considering the amount of good the warehouse did for peanut growers in this part of the country.

The Southwestern Peanut Growers Association was so well pleased with the way the warehouse was handled and the good it did that directors of the association voted unanimously to refund the \$20.96 to the chamber of commerce, and the local organization has been refunded all the money it spent in promoting the warehouse.

AIRPLANE TO STOP THURSDAY AT EASTLAND

H. J. Tanner, secretary, Eastland Chamber of Commerce, announced today that plans are under way for a short snappy program at the airport and for at least 100 or more business interests and citizens headed by postmaster F. A. Jones, to meet the special airplane, that will stop in Eastland, Thursday to pick up airmail as a feature of National Airmail Week, May 15 to 22.

The plane is making a round trip from Fort Worth to this area and will pick up airmail letters posted at the Eastland post-office and will arrive in Eastland Thursday, May 19, at 12:35 p. m. and will depart at 12:50, Mr. Jones stated.

The special cachet stamp that will be used on all airmail letters brings out the story of "Old Rip" in brief, and Postmaster Jones urges all citizens if possible to route all out of state mail matter via airmail, especially for Thursday. All mail deposited in the Postoffice by 12 noon Thursday, will be dispatched on the special plane.

The pilot of the plane will be sworn in as a special carrier of United States Mail before leaving Fort Worth.

The first game will be at 7:45 p. m.

State Police Will Have Sub Stations Over West Texas

AUSTIN, May 16.—State police substation will be opened along West Texas highways soon after June 1. W. H. Richardson, Jr., chairman of the public safety commission announced today.

The extra patrol will start as soon as 100 recruits complete their training course.

Decision to establish the extra patrol was caused by the torture killing of Mrs. Weston Frome and her daughter, near Van Horn. Van Horn will likely be a headquarters city.

HIGH COURT GIVES RULING ON LABOR ACT

WASHINGTON, May 16.—The National Labor Relations Board today won Supreme Court victories in two issues of far-reaching significance in its administration of the Wagner Labor Act.

The Supreme Court decisions were presented in a test of labor board powers filed by the Mackay Radio and Telegraph company and in an unusual mandamus action brought by the board in connection with its case against the Republic Steel corporation.

In the Republic action, Chief Justice Hughes announced that the third court of circuit appeals is directed to "show cause" by next Monday why an injunction in the Republic case should not be vacated.

In another important case the Supreme Court accepted a new test on constitutionality of the Tennessee River authority, filed by 18 private utilities.

New Officers For Women's Group at School Installed

The Morton Valley Parent-Teacher Association assembled for their last meeting Tuesday, May 10 at 4 o'clock in the school auditorium.

Mrs. George Robinson presented a skit advertising the Senior play. Piano solos and songs were given by Misses Berta Lee Pickett, Maxine Mittag, Caroline Robinson and Ruth Davis.

Mrs. Ted May installed the following incoming officers: Mrs. Cecile Eubanks, president; Mrs. W. E. Hensley, first vice president; Mrs. W. F. Crouch, second vice president; Mrs. Josie K. Roosevelt Is Still For Reorganization

WASHINGTON, May 16.—President Roosevelt would like to see Congress enact a government reorganization bill at this session, but has not placed the measure on his "must" list, House Majority Leader Sam Rayburn said today.

Two Are Eliminated From Harlan Case

LONDON, Ky., May 16.—Two defendants were eliminated today from the list of 47 individuals and 22 corporations that went on trial in federal court on charges of conspiring to deprive Harlan county coal miners of their right to organize.

Jack Cathey, 44, one of those pleading guilty, was sentenced to four years in the federal penitentiary at Leavenworth. Sidney Miller who was sentenced to 30 months in prison, also was fined \$1,000.

Other defendants and their sentences were Roy Cathey sentenced to 30 months; James Petty, 18, months; James Morris, sentenced to two years but given a suspended sentence; Carl Williams, 30-months, and Rufus McNurin, two years.

McNurin formerly lived near Ranger.

Seven Plead Guilty To Mail Robbery At Lubbock Today

An eighth defendant, M. L. Cathey obtained dismissal of charges against him.

Farley Intervenes In One Campaign

PHILADELPHIA, May 16.—Postmaster General James A. Farley, chairman of the Democratic National Committee, intervened today in the Pennsylvania primary contest to put impetus behind the campaign of Thomas Kennedy, member of the CIO brain trust, for the democratic gubernatorial nomination.

Self Sufficiency Urged by Agents To County Farmers

A total of 1,500 farm families in Eastland county have been mailed recommendations by Elmo V. Cook and Miss Ruth Ramey, county agents, for the production of sufficient food and feed each year.

The agents recommended that food preservers, cookers and sealers be tested for accuracy.

With good seed and proper management every farmer in the county should be capable of producing his food supply each year, the agents declared in the letter.

Among other things, the agents recommended the use of the trench silo in saving feed.

Collie Decides Not To Make a Race

AUSTIN, May 16.—Senator Wilbourne Collie of Eastland announced today he would not be a candidate for lieutenant governor. The amount of time necessary for the race and the fact that if he were successful the office would force him to neglect his law practice, were given as reasons.

Violent Pressures, Violent Solutions

It is not so very long since earnest Americans were busy worrying about the spread of Nazi propaganda in South America.

Brazil had what looked very much like a Hitler-model government. Other large South American nations were slipping farther and farther away from democracy. German short-wave radio broadcasts were drenching the continent with propaganda. Minority European groups were organizing and preparing to demand their "rights," altogether it looked as if the Monroe Doctrine were being destroyed by a process of infiltration.

But there seems to have been a serious hitch somewhere. Brazil's government turns out to be a pretty stoutly anti-Hitler. The radio propaganda is failing to have its expected effect. Different governments are cracking down on the minority groups. German-language schools have been closed and foreign political agitation has been curbed, even though large German and Italian language groups do remain devote to the cause of the "leaders" back home.

South America, in other words is not proving a very fertile field for the planting of Nazi seeds. When the dust finally settles things will probably be just about as they were before the fuss started. The continent's democracy will still be imperfect, of course, but it will not be perverted by the importation of some European ideology.

Which suggests that perhaps this whole business of Nazism, or Fascism, is after all a European growth, which needs the peculiar conditions of Europe in order to thrive.

Heaven knows that the world as a whole has a great number of problems to solve. But nowhere are these problems as pressing as they are in Europe. Nowhere else do they exert such unendurable pressures on the common people.

For in Europe they are all intensified by the density of the population, by the intensity of nationalistic sentiments, by the wreckage left by the World War, by the intricate web of suspicion, jealousy, fear and hatred that has been built up over many generations. They drive people to seek bizarre and violent solutions. They create an atmosphere in which reason and the spirit of friendly co-operation are crippled.

And this whole Nazi-Fascist business, apparently, can grow only under such conditions. It is not what its leaders boast and its enemies fear—a new world-movement that must inevitably grow and spread. Transplant it and it withers. It cannot take root in the Americas.

Not—and here is the warning to keep in mind—not unless the people of the Americas, by their own folly, erect on their continents the same set of pressures that are driving Europe to ruin and war.

THAT NIGHTMARE IS HERE AGAIN

Hugh F. Barnhart Relates History Of Jersey Group

By Assistant County Agent, Hugh F. Barnhart. The Eastland County 4-H Club boys have made wonderful progress during the past two years in introducing and encouraging the production of Registered Jerseys in the county. The Eastland County 4-H Registered Jersey Club was organized in July, 1936, with nine boys who had purchased nine bred registered Jersey heifers.

This measure was adopted by the club. Briefly the plan was that "Each member deposited \$5.00 in the bank, along with an agreement that the money was to remain in the bank for a period of one year. Should a boy's heifer die within one year's time from the time the agreement was made, then the boy would receive the full payment of \$40.00 deposited by the other eight members. Should two heifers die within this stated time each boy would receive a payment of \$20.00. It was stipulated in the agreement that the animal must die from a disease and not from the lack of feed, before a payment from the insurance fund could be made. The insurance was carried for one full year, and no death losses occurred in the club. These heifers began calving in

December, 1936, bringing five bulls and four heifers. Some of these bulls were kept by the boy's father to be bred on his grade Jersey cows, while others were sold to farmers in Eastland county to be used as a herd bull. All of the heifers remained on the 4-H Club Boys' farm. For the first six months lactation period a daily milk record sheet was kept on each heifer. Once each month a butterfat test was run on each heifer. Some of these heifers produced as high as 900 lbs. of milk and 51 lbs. of butterfat per month. An accurate feed record was kept by the boy, and at the end of each month the boy could determine whether or not his heifer showed a profit or loss. Winning \$464.00 in premiums as well as having eleven grand

Three Blondes, Three Brunettes--All Beauties

Showing a safe impartiality, Bandleader Art Jarrett chose three blondes and three brunettes from the sixteen Texas State College for Women beauties who paraded before him on the stage of the Pan-American Casino last fall.

The chosen six are Misses Alice Bryan, Shanghai, China; Lucy Nelle, Dallas; Jeanne Hansen, Plainview; Joan Ladd, Sherman; Ruth Martin, Denton; and Leta Ruth Edson, Stanton.

Four nominees from each class were introduced at the Revue, from which Jarrett selected each classification and two at large. His decision has been kept secret all winter in order to enhance the traditional presentation of beauties at the Spring Senior Formal. Each of the girls has a full page picture in the Daedalian yearbook, which was released the day of the senior prom.

champion animals, the 4-H Club Dairy Boys have made a creditable showing in the various dairy shows entered. In 1938 L. C. Love showed the grand champion heifer of the 4-H Club division at the Southwestern Exposition and Fat Stock show. Animals have been entered and showed at the following shows: Ranger, Cisco, Dallas, Fort Worth, Abilene and Eastland. At the Southwestern Exposition and Fat Stock Show at Fort Worth in 1938, four Eastland County 4-H Club heifers were sold for an average price of \$145.00 each. Having a higher average price of any 4-H Club heifers in the auction sales ring. At the Texas Centennial in Dallas, 1936 one 4-H Club heifer was sold for \$150.00. In addition to making a good showing of their animals in the show ring, the Eastland County 4-H Dairy Club boys have entered in other activities in the dairy field. L. C. Love and James Dean, members of the Alameda Boys' 4-H Club won the State Dairy Demonstration Contest in 1937, and were awarded a free trip to the National Dairy Show in Columbus, Ohio. In 1937 Jack Walker, James Dean and Buster Wheat were awarded, gold, silver and bronze medals at the Fort Worth Fat Stock Show for exhibiting the best fitted 4-H Club Jersey heifers, and displaying the best showmanship, in competition with all of the other 4-H Club boys entered at the show. In 1937 Elbert Bennett and James Dean as two of the one hundred outstanding club boys in Texas, and were awarded a Gold Star Boy. Again in 1938 a dairy calf boy, L. C. Love was awarded honor by being one of the Eastland County Gold Star Boys and he too will receive a medal in July at the State Encampment in Dairy cattle judging these boys have made an exceptional record. In a recent dairy judging contest held at Abilene in connection with a Dairy Field Day, the Eastland County 4-H Club boys again topped the 4-H Club Dairy Judging Contest, by placing first as a team and having high point man of contest. Jack Walker and Marvin Dyer are helping to improve the Jersey Cows in their community by the purchase of two registered

Henry Picard

LOOKS THE SITUATION OVER!

"I've never favored one particular cigarette, Mr. Picard. I can see you do though. Do you find Camels different?"

Picard's game seems effortless. He's a long driver—in a tight spot, a heady strategist. "A cigarette, too, has to be sized up from a lot of angles," he says.

FAMOUS GOLFERS—men who need iron nerves and steady hands for that winning stroke—and millions of other people under the strain of everyday life—all appreciate this fact: Camels suit your cigarette taste from every angle. Naturally, CAMELS SET YOU RIGHT! There's a world of enjoyment in a cigarette like that. Smoke Camels yourself. See why they are so different. And note particularly the greater pleasure and contentment you experience from Camel's costlier tobaccos!

"Camels are distinctly different from other cigarettes, Mr. Stahl—and they're different in many ways. The longer I smoke Camels, the more I appreciate their natural smoothness and mildness—the real mildness that's easy on the throat. Camels never tire my taste. Camels agree with me—from all angles. You know, I hear so many top-flight golfers praise them. Camels never get on your nerves, and Camels set you right!"

On the air Monday nights

ONE SMOKER TELLS ANOTHER "CAMELS AGREE WITH ME"

TOBACCO PLANTERS SAY:

"We smoke Camels because we know tobacco"

At auctions, Marvin Holloman, well-known planter, sells Camel buyers pay top prices for the finer grades of his crops. Mr. Holloman says: "At auctions the Camel buyers pay more and take the real choice lots of tobacco. That's why we tobacco planters, who know tobacco quality inside and out, make Camel our cigarette. Then we're sure we're smoking finer, COSTLIER tobaccos, and they sure make a big difference!"

"I'm a tobacco planter," says Mr. T. Strickland, who sold his highest grade tobacco to Camels. "Last year those Camel buyers bought up the finest lots of my tobacco. And they sure bid up to get them. There's a big difference in those expensive Camels tobaccos—so I smoke Camels myself. And there's your reason why most planters I know smoke Camels."

John T. Bone, who cultivates some of North Carolina's choicest leaf tobacco, remarks on the sale of his last crop: "Yes sir! I saw my best lots go for Camel cigarettes, and you can bet those Camel buyers paid top prices for them. It no wonder I smoke the cigarette made of finer, more expensive tobaccos—Camels! Most planters smoke Camels too, for smokers who grow tobacco know tobacco."

Don't Provoke Your Friends In Summer Is Official's Advice

HOUSTON — Don't provoke your friends during the hot summer months if you think they have homicidal tendencies. R. T. Harbo of Washington, D. C., administrative assistant of the federal bureau of investigation, offers this advice. In an address here Harbo said that people are more likely to commit murder in hot weather than at any other time. Harbo further advised husbands not to taunt or tease their wives unnecessarily. "If you examined the records of 100,000 killers at large," he said, "you probably would find that more of them are women than men. The G-man said that less than half of the nation's killers ever served prison sentences for their crimes. "Last year there were 12,000 murders," he said. "Police took into custody 9,000 men. Half of this number were not punished at all. Almost half of them were sentenced to serve less than four years in prison. "Persons who have shown that they are going to commit crimes as soon as they get out of prison again should serve lifetime sentences. "We have records of 13,600 kid-

Aged Mason Will Blow Ancient Horn

By United Press
BEAUMONT, Texas — Hyman A. Perlstein will blow his Masonic horn again on May 26, when his lodge celebrates its 82nd anniversary. Perlstein operated a blacksmith and harness shop here in April, 1880, when he made the straight, seven-foot horn of tin to summon fellow Masons to lodge meetings. Many years ago, when Beaumont outgrew the scope of the horn's blast, Perlstein abandoned his method of getting a lodge quorum.

The aging Mason says his lungs are not as strong as they once were, but that he will prop the horn on a stand to summon 675 members to the homecoming celebration.

Quirks Plentiful In State Politics

By United Press
AUSTIN.—Quirks are plentiful in the state political campaign. Lane Terrell of Fort Worth, candidate for comptroller, has the combined names of two former state comptrollers. He has announced that his grandmother will be his campaign manager. Candidate for Governor William McCraw boasts he has no campaign manager, but has John Wallace, long a member of the state legislature, former secretary of the highway commission, and past member of the state board of control, in charge of his campaign office. Candidate for Governor Ernest O. Thompson names an Amariño cowman as his campaign manager but gets advice from a more experienced source. William H. McDonald led letters on his campaign automobile that he is running for a second term. No other candidate can make that claim. They seek either a first term or more than a second. McCraw is using color in his campaign cards. Former Mayor P. D. Renfro of Beaumont carried around Beaumont municipal reports showing how he made every department tell him monthly just how much was spent, and how it compared with previous spending. The method, he said, pulled Beaumont out of the red, and at the same time taxes were reduced and city employees' wages raised. G. A. Jerry Sadler carries along a four-piece string band in his campaign for railroad commissioner. He believes the "early morning" gag. He made a radio broadcast at Midland the other morning at 6 a. m.

Texas to Collect A Huge Sum In Taxes by August

AUSTIN.—At the current rate of income, Texas will have collected from all sources a total of \$211,910,636 at the expiration of the current fiscal year in August, 1938, according to a compilation by Comptroller George H. Sheppard. This figure was arrived at by projecting for the four remaining months of the year the collections of the past eight months, through April, which aggregated \$147,940,427. If the collections continue at the current rate, Sheppard said, the state's cash income in the 1937-38 fiscal year will exceed the 1936-37 total by \$67,790,604, the total for the entire previous year being \$154,120,032. Of the \$147,940,427 collected, Sheppard said, the tax income amounted to \$72,990,401, leaving \$74,950,026 from "other sources." The bulk of this amount is from federal aid. Other items comprising the total include the note stamp tax, comparatively small; income from automobile licenses, which goes directly to the highway department; interest on investments of the available school fund; and insurance taxes collected by the State Department of Insurance. The federal aid figure actually includes some direct state taxes—those collected under the term of "benefits" for unemployment compensation. These taxes pass through the federal treasury hence are lumped with all federal aid received. Collections from this source probably account for a large proportion of the increase since the compensation benefit tax has been returned to Texas, for payment to unemployed, only since January, 1938. On the state taxes, a substantial increase is indicated in most categories. This year, the monthly collection of gasoline taxes has averaged \$4,019,683, as against \$3,873,798 for the 12 months of the

"And they list her: HOUSEWIFE,"

On census report, or tax return, she may be listed only "housewife," while her husband bears the more definite title of "lawyer," or "doctor," or "storekeeper."

But housewife hardly does this wife and mother justice. She is the modern Jill-of-all-trades. Her job includes being dietician, interior decorator, costume designer, gardener, chauffeur—not to mention educator and health authority.

How does she get away with it? She is informed! Just as her husband depends upon business news in this paper, she finds in the advertising pages the latest facts and price quotations on all the materials needed for her various jobs.

Food for the family? Butcher and grocer answer on these pages... Curtains, spring dresses for mother and daughter, slip covers? Department store and specialty shop are ready. She has preferences about fuels and milk, dental creams and even motor oil—all determined by her persistent, intelligent reading of advertisements.

That's why, when she is termed officially "housewife," she can run six jobs instead of one, and have time left over for amusement and relaxation. (The advertisements help her here too.)
