

Compulsory Work Assignment May Become Necessary

WASHINGTON, Sept. 29. (AP)—A national service act, for compulsory assignment of workers to jobs where they are most needed, emerged today as the probable administration answer to the multiplying manpower problems of fighting a war on three fronts—the firing, food and factory lines.

USO Center To Be Open Saturday

Temporary USO center at First and Rannels streets will open for soldier use Saturday afternoon at 1 o'clock, the War Recreation Council voted Monday afternoon at a called session of the group at the chamber of commerce.

Delay in opening the center has been occasioned by the need of a partition in the building. The facility committee reported that the partition would be put in today and that the committee would be able to meet at the center by Thursday to arrange the furniture and equipment.

Those to be in charge of the furniture arrangement are Mrs. Ben LeFever, Mrs. R. R. McEwen and Mrs. Anne Gibson Houser. The Music Study club and the Airport Widows will be in charge of arrangements at the first day of the center and will be responsible for arranging for hostesses to be present and providing refreshments.

Local women will be asked by two clubs to assist in both hostessing the event and in providing refreshments.

Mrs. L. A. Eubanks, chairman of the hospitality committee, reported on the hostesses and furniture secured for the center. An explanation was made that while only eight clubs had been selected to be in charge throughout the seven days a week the center will be open, this arrangement was only to secure a responsible body to be in charge. The clubs will call on all local women to assist with both making refreshments and donating their time as hostesses.

Vessel Sinks Without Trace

NEW ORLEANS, Sept. 29 (AP)—Another story of an American ship lost without a trace and apparently with all hands dead by enemy action came to light here today with publication of the merchant marine casualty list which listed as missing Gus Warren Darnell, master, of Houston, Tex.

Captain Darnell, hero of an earlier submarine sinking in which he brought all but one of his crew through to safety in a vicious attack, was the captain of an American merchant ship that sailed from a Gulf coast port last July 23 on a short trip, and has never been heard from since. The navy department considers Darnell and the 22 crewmen aboard missing and presumed lost, but there is not a hint as to the fate of the vessel. It disappeared without a trace, joining other historic vessels in the history of the sea, lost without an inkling of their fate.

Grocers To Meet On Fats Salvage

Grocers of Big Spring, 72 in number, have been issued a call to meet Wednesday at 3 p. m. at the Settles hotel to consider the coming drive for waste fats. City Manager Boyd J. McDaniel announced today.

A complete explanation will be made at the meeting to the grocers as to how to collect, care for and dispose of the grease which will be converted into explosives for the army and navy.

Normal Advertising Expense Allowable In Income Tax

WASHINGTON, Sept. 29. (AP)—Guy T. Helvering, commissioner of internal revenue, said in a formal statement today that advertising expenditures of businesses would continue to be deductible from income tax returns as long as they are "ordinary and necessary and bear a reasonable relation to the business activities in which the enterprise is engaged."

WASHINGTON, Sept. 29. (AP)—A national service act, for compulsory assignment of workers to jobs where they are most needed, emerged today as the probable administration answer to the multiplying manpower problems of fighting a war on three fronts—the firing, food and factory lines. Paul V. McNutt, war manpower chief, told the house agriculture committee which is inquiring into farm labor scarcities that an administration-sponsored bill for allocating labor probably would be submitted to congress soon.

While remaining silent on the extent of powers such legislation would embrace, he told newspapermen he disliked the terms "labor draft" and "labor conscription." Testifying before the committee, he said: "Persuasion is not enough and there's not sufficient patriotic urge. I hope in the very near future that certain recommendations will be made. It's not an easy task. We've never had such legislation. Certain constitutional questions are involved. x x x The job ahead is a question of putting every man and woman in the place where they could contribute most to a speedy victory."

He stressed that England passed such an act virtually at the outset of the war, and he expressed the opinion that compulsion would have to be used with very few persons in this country, that the mere existence of the law would go a long way toward correcting conditions.

Several proposals for war service legislation already have been submitted, including bills by Senator Hill (D-Ala.) and Austin (R-Tx).

Turning directly to the farm labor problem, McNutt told the agriculture group that one way to keep workers on the farm was to increase their wages so as to diminish the lure of industrial pay.

In answer to a question from a committee member, whether this would bring about higher farm prices, he said "it would seem to follow, logically." Later he told newspapermen he did not intend his statement to be construed as having any relation to the current farm bloc fight for higher prices in the anti-inflation bill.

McNutt told the committee that "food requirements will not permit a curtailment of farm output."

He expressed confidence that this year's crops would be harvested without serious difficulty, although "minor" crop losses had occurred. Despite the departure of 2,000,000 persons from farms since April, 1940, he testified, the number now employed in agriculture is virtually the same as that of last year. He said experts expected a further withdrawal of 1,800,000 by the end of 1943, of which 900,000 would be men.

But by more older and younger persons entering farm work, he predicted the net deduction in the total of farm workers by the end would amount to only about 750,000.

He suggested that, if other means failed, "freezing of labor in agriculture is a very real possibility."

Ship Launched 2,000 Miles From Ocean

KANSAS CITY, Kas., Sept. 29 (AP)—A heavily-armed, ocean-going ship destined for foreign service slid into the Kaw river yesterday 2,000 river miles from the nearest salt water.

It was another of the many new ships that have gone down the Kaw to war, but it was the first launching concerning which the navy has authorized publicity.

Before leaving Austin today Bobbitt declared it was not the intention of the 12-state organization to protest rationing but rather to assist officials in mapping the best program possible to meet the situation in the west.

The Judge Gets Cracked Ribs

LONG BEACH, Calif., Sept. 29 (AP)—Judge Leslie E. Still sits stiffly on the bench. And it isn't altogether judicial dignity.

The judge's 190-pound son, Bill, tried to hurry his dad off to a football game. Bill grabbed the judge, gave him a bear hug. The judge did his yelling at the doctor's office instead of the game.

Tape keeps two cracked ribs in place.

Brits Take Last Madagascar Port

LONDON, Sept. 29 (AP)—Prime Minister Churchill told the house of commons he had heard today that Tura, the last remaining port in Madagascar, had surrendered to the British.

6TH FOR HOUSTON

HOUSTON, Sept. 29 (AP)—The 66th traffic fatality of the year in the county outside the city limits was chalked up early today when Daniel Edgar Bell, 31, of Fairbanks, was instantly killed on the Tomball road about 10 miles northwest of the city.

Clark Lee Back—Clark Lee (right) Associated Press theatre, whose stories of America's fighting men have been widely praised, was interested in domestic news at San Francisco Sept. 28. It was Lee's first visit to the U.S. mainland in six years and four months. Harold Turnblad, AP San Francisco news editor, is at left.

Churchill Hits At Second Front Talk

LONDON, Sept. 29 (AP)—Prime Minister Churchill voiced emphatic disapproval of speculation on the time or place of a second front, as the subject cropped up in the house of commons today and as the BB broadcast to France that an allied offensive "is in the making."

Churchill's remarks were provoked by a question from Capt. Peter MacDonald which was prefaced by the assumption that "the period of offensive operations by the United Nations is now approaching."

First WAAC Joins Here

The first woman to report in Big Spring for army duty is Mrs. Maude Wood of Ackerly.

Mrs. Wood reports today to Sgt. Turner, local army recruiting officer, who will issue orders for her shipment to Lubbock. From Lubbock she will be sent to Des Moines, Ia., for training.

At Des Moines she will be given the choice of serving in one of the many branches of the Women's Army Auxiliary Corps. Some of the capacities in which the WAACs serve are truck driving, nursing, diet planning, clerking and stenographic work.

More than considerable interest in Mrs. Wood's arrival has been occasioned by the fact that she not only is the first woman to enter the army in Big Spring but is a West Texan also.

Bobbitt To Capital On Ration Problems

AUSTIN, Sept. 29. (AP)—The effects of a too restrictive program of gasoline rationing on western and southwestern states will be laid before federal officials in Washington by Robert Lee Bobbitt, member of the Texas highway commission and president of the Western Association of State Highway Officials.

Col. Neyland Sent To Dallas Post

KNOXVILLE, Tenn., Sept. 29 (AP)—Col. Robert Neyland, former University of Tennessee football coach who has been district engineer at Norfolk, Va., for more than a year, has been transferred to Dallas, Tex., as divisional army engineer, friends here reported today.

John Blomshield Is Enlisted In Army

John B. Blomshield, Big Spring enlisted at the local army recruiting station Monday and was assigned with the privilege of entering the chemical warfare branch of the army.

Two other men, Wallace A. Napier, Lamesa, and Phillip E. Smith, Coahoma, were enrolled in the army air specialist corps.

As parliament met for the first time since Sept. 11, a high officer of the British army broadcast in French that "today more than ever before the possibilities of a British and allied landing on French soil must be foreseen."

The message followed the pattern of previous BBC broadcasts to France. It told the French that there would be no advance warning of the day or point of attack but that "the offensive of the allied nations is now approaching."

McDonald was anxious lest someone with inside information indiscreetly tip off the enemy with too free talk. In response to the member's request for a word of caution, Churchill said: "I welcome this opportunity of again emphasizing the undesirability of public statements on speculation as to the time and place of future allied offensive operations even though such statements are based on inference and not, as the suggestion seems to imply, on inside information."

The house's applause was punctuated by the remark — which Churchill did not answer — "will that be conveyed to Mr. Wendell Willkie?"

Willkie, speaking in Moscow Sunday, urged a second front "at the earliest possible moment which our military leaders will approve." Churchill reported on the British occupation of Madagascar, announcing that he had been informed of the fall of Tulear, the island's last port remaining in French hands.

He was expected to make a brief statement soon bringing the house up to date on the progress of the war.

Insurance Men To Plan Program On Fire Prevention

A meeting of the Big Spring Insurance Exchange will be held at the chamber of commerce today at 5:15 p. m. according to Boyd J. McDaniel, city manager.

Returned AP Correspondent Writes A Saga Of Survival In The Primeval Jungle

Copyright, 1942, By The Associated Press

MELBOURNE, Australia, Sept. 29. (AP)—The story of what happened to Vern Haugland, Associated Press war correspondent, during the first 32 days of the six weeks he was missing in the wilds of New Guinea was disclosed today in the diary he kept while he was able to write.

The penciled entries constitute a moving human document of a struggle for survival in primeval, trackless jungles.

The diary ends abruptly Sept. 9, when the last entry tells of finding a path and the first signs of human habitation—the first sign of hope after endless hopeless days.

How Haugland fared in subsequent days and how he came to be in a native village where missionaries found him Sept. 19 is not known for he was delirious when found and remained so until his first period of lucidity in a Port Moresby hospital, where he now is recovering.

Demo Leader Urges Action On Inflation

Congress Told The Legislative System Facing A Test

WASHINGTON, Sept. 29. (AP)—Denying that President Roosevelt's call for anti-inflation legislation by October 1 was "a pistol at the head of congress," Democratic Leader Barkley (Ky.) urged immediate action in the senate today "to justify the legislative system."

Barkley declared that Mr. Roosevelt set the deadline because "he could not, beyond the first day of October, control prices and keep the spiral (of inflation) from rising unless he or congress took action."

Action has been delayed by a controversy over whether the cost of farm labor should be made a factor in determining the parity price of farm products. The house already has so provided, over the administration's objections.

Barkley, telling the senators that they might have to stay in session today until they completed action on the price and wage stabilization bill, said he had urged the submission of the problem to congress, "even if the president had powers" to solve it.

He said Price Administrator Leon Henderson "took the same position and urged it constantly and consistently," motivated, Barkley said, by a desire to "preserve the legislative process and that harmony and accord which ought to exist between the legislative and executive branches of our government."

Barkley said he felt "the country is impatient" and that "the whole legislative process is undergoing a test which I hope will be terminated in a fashion that will justify and vindicate the legislative system."

Confident they had majority support behind them, Barkley and Senator Brown (D-Mich.) co-sponsor of the bill, said they were standing pat on an amendment calling for administrative, rather than statutory, adjustment of food and fiber price ceilings to absorb rising costs of farm labor.

Farm bloc members meanwhile cast about for an acceptable compromise which would provide a wider price spread "to cover all cost of production."

Before formally offering any such proposal, however, they hoped to obtain a vote to write into the measure, which would direct the president to stabilize prices, wages and salaries at certain levels, a provision altering present parity standards to include labor costs as a factor.

Senator Thomas (D-Okla.) one of the farm leaders, said he thought 50 of the 98 senators would support the proposal.

Shark Fighter Now Will Combat Subs

NEW ORLEANS, Sept. 29. (AP)—Captain Wallace N. Caswell, 37-year-old tiger shark fighter, has given up his shark fighting to battle the "tin fish" that have been preying on merchant ships in American waters.

The husky boat captain enlisted here today in the United States coast guard.

ANYTHING GOES

DALLAS, Sept. 29. (AP)—This tire problem—

W. O. Maupin asked city detectives today to help recover the two rear wheels and tires—stripped from his son's tricycle when it was left on the lawn last night.

EXECUTION FOR FIVE

RIO DE JANEIRO, Sept. 29. (AP)—The Brazilian army general staff recommended today that five persons whose names were not disclosed be executed for offenses threatening the security of the state.

Returned AP Correspondent Writes A Saga Of Survival In The Primeval Jungle

Michael, met the co-pilot on the second day of his wandering, but the two became separated Aug. 16. Following are typical extracts from the diary:

Aug. 7—Bailed out about 6:30 at about 18,000 (feet). Nile in chute in rain. Uninjured.

Aug. 9—Hiking. Aug. 11—Co-pilot Michael and I may get separated. I have a life preserver; he hasn't. If you find me and not him, send him quickly as he is starving. With food he can make it. x x x

Red Flanking Drives Try To Relieve City

Fresh German Penetration From Northwest Threatens Stalingrad

BERLIN (From German Broadcasts), Sept. 29. (AP)—German military quarters said in a noon-day broadcast today that "the last phase in the struggle for Stalingrad" has started in Stalingrad.

By HENRY C. CASSIDY MOSCOW, Sept. 29 (AP)—A Russian offensive northwest of Rzhnev was reported today to have cleared the Germans from a bank of the upper Volga while Soviet troops expanded flanking attacks from the lower Volga to the Don Bend in an effort to relieve the embattled garrison of Stalingrad.

A fresh German penetration from the northwest added to the gravity of Stalingrad's position. Nazi tanks pivoted and charged within a worker's settlement in an effort to hold the gains of a bloody assault measured at times in yards.

Billions More Requested For Navy Planes

WASHINGTON, Sept. 29. (AP)—President Roosevelt asked congress today for \$2,982,000,000 additional funds now for the navy to construct airplanes which the budget bureau said were necessary for "the prosecution of the war."

The request, bringing to \$5,585,154,508 the extra funds sought for the navy within the last two weeks, was among nine estimates for additional funds the president requested for various departments. The total requested today was approximately \$3,460,000,000.

The others included \$600,000,000 for war housing and \$48,000,000 for the treasury department.

The navy request, which the house appropriations committee arranged to give immediate consideration for inclusion in a deficiency bill expected to be sent to the floor next week, would increase to \$20,000,000,000 the total cash supplied the sea service for the fiscal year ending next June 30.

Included in the additional funds the president requested on September 21 was \$100,000,000 for arming merchant ships.

Boys' School Hit By Nazi Raider

LONDON, Sept. 29. (AP)—A German raider, diving out of the clouds this morning, bombed a boys' school in a small town near the south coast and killed at least 10 boys and two teachers. Others were injured.

Troops and townspeople who recovered the 12 bodies searched for hours in the heaped debris for others who might have been killed or trapped. All but one of the school walls collapsed.

There were 100 boys in the school when the bombing occurred, and many still were unaccounted for.

Shipyards To Need 150,000 Women

TORONTO, Sept. 29. (AP)—Shipyards of the United States will need at least 150,000 women workers in the coming year, Paul R. Porter, chairman of the shipbuilding stabilization committee, told the American Federation of Labor metal trades department convention today.

They will be paid on the principle of "equal pay for equal work," quality and quantity of work considered, he said, which means that their weekly take-home earnings will average between \$45 and \$60 and will reach \$70 in some cases.

Later Aug. 16—Mike went up over the hill. I started down the river, saw I couldn't make it and came back to dry my clothes. Will try and follow him tomorrow. Made bed between rock and log. Hope no rain. Maybe Mike can go faster alone. I hope so. He's a wonderful boy and deserves to live.

Aug. 19—Second day lying on rocks, chewing grass and reeds, praying a great deal.

Aug. 20—Worst rainy, nite since Mike and I spent two terrible ones. I was just lying in the mud, soaked and stinking, all night. Somehow stronger today. Foot healing, too. If it could get real food think could hike around Mt. Seem to bad to die in when maybe could struggle to a village. If only the Mts. didn't stretch on, sharper and sharper. If only knew short-cut way to go to sea.

24—Hard warm, dry nite. Two and one-half weeks with nothing to eat—my body looks terrible. If someone comes today I can still live—but I need food.

Aug. 25—Worst nite of all. All search for life. If any, must have been given up, so my plight is about hopeless.

Aug. 28—This may be wrong date. Either last nite was very long and full of bad dreams or I

have been semi-delirious x x x two or three days. x x x Only one nite, tho, because it must have been fairly dry and my clothes are only damp. If can summon strength, may hike thru woods in hope of finding a shelter hut. Also berries or food. Found some delicious berries on shore.

Aug. 30—Got dry during nite so fairly comfortable despite lack of cover. Now at Mt. top. Most vivid, terrible scene I ever witnessed. Such peaks! Only thing to do—keep away from river and keep x x x, cut to east or south much as possible. In every other direction x x x stretch farther away x x x

Sept. 1—Reached top, for first time see great valley—far away—and not impossible to reach. Dear God, help me keep my strength—

Sept. 6—Reached river's end valley x x x now surrounded by rivers which cut Ford. Guess have to go back x x x one on right. Only chance now active come. I guess. Almost nothing edible several days—very weak.

Later—answer to prayers—dozens and dozens of berries berries. Sleep under great log—perfectly dry—good sleep. Mountains are

Allies On The Offensive In Pacific Area

WASHINGTON, Sept. 29. (AP)—A determined Allied offensive appeared definitely under way in the far-flung Pacific war theater today causing the Japanese invaders to fall back in New Guinea and inflicting heavy losses on enemy planes and troops in the Solomon and Alutian islands.

The unleashing of Allied air and ground power on two of the three strategic Pacific fronts coincided with announcement of a conference of the U. S. navy and airforce's high command somewhere at sea. The attacks brought destruction of 48 Japanese planes in the Solomons and Alutians and damage to five ships in four days of raids.

Taking the offensive for the first time on New Guinea, General MacArthur's ground forces hammered back Japanese troops in the Owen Stanley mountains with an infiltration and outflanking attack about 23 miles north of the important Allied base at Port Moresby.

MacArthur's Australian headquarters announced last night the attacking forces were "making progress" for the first time since the invaders landed at Gona Mission July 31 and began pushing through the heavy, crocodile-infested jungles to ward Port Moresby, which, if captured, could serve as a springboard for an assault on Australia.

Meanwhile, Allied air forces continued savage pounding of the Japanese bases and supply lines in New Guinea. These persistent attacks, an army spokesman observed, may have stopped the invaders' progress by smashing vital supply lines.

The aerial assaults on Buna, the enemy's main southeastern New Guinea base, set supply dumps and huts ablaze. Barges were destroyed by bombs and supply columns strafed. Airdrops dispersed areas, a destroyer and a transport ship were bombed off Buna on Bougainville island in the northern Solomons with unobserved results.

The greatest blow to the Japanese air forces during the activity commencing Sept. 25, was struck in the Solomons where 48 planes were shot down and three others damaged, the navy department said. Navy and marine corps fighters bombed four ships, setting a cruiser afire and probably sinking a transport and ruined Japanese gun replacements.

Without loss of a single U.S. plane, the American forces bombed a Japanese cruiser and a seaplane tender, and shot down three seaplanes at Tonolet harbor on Sept. 25; destroyed six more enemy seaplanes, damaged a seventh, hit a cruiser and probably sank a transport near Shotland Island on Sept. 26.

Continuing their attacks yesterday, the American air forces successfully intercepted 25 Japanese bombers which were accompanied by 18 Zero fighters and were headed for marine installations on Guadalcanal. The navy and marine fighter-planes destroyed 23 of the enemy bombers and one Zero and forced the others to jettison their bombs into the sea.

Continuing their attacks yesterday, the American air forces successfully intercepted 25 Japanese bombers which were accompanied by 18 Zero fighters and were headed for marine installations on Guadalcanal. Husbands Are Guests At Homemaker's Class Banquet At The Church

Husbands were included as guests when the Homemaker's class met at the East 4th St. Baptist church Monday night for a banquet and program.

Dahlias and roses and babies breath decorated the rooms and the table.

Charlotte Holden played a violin solo followed by songs from the Victory Girls trio composed of Wanda Don Rees, Dorothy Moore and La Vern Wilson.

Mrs. W. H. Sandridge acted as master of ceremonies. The Rev. R. Elmer Dunham told the story of "Trip Through the Holy Land."

Installation of officers was held with Mrs. A. W. Page in charge. Mrs. A. S. Woods is teacher and Mrs. E. H. Sanders, president. Mrs. T. B. Clifton was installed as membership chairman and other chairmen included Mrs. W. W. Bennett, class ministers, Mrs. Bob Wren, fellowship chairman, Mrs. C. R. Bird, stewardship.

Mrs. O. C. Chapman is to be secretary and Mrs. Elmer Rainey assistant secretary. Group captains include Mrs. John Porter, Mrs. N. O. Dickey, Mrs. Tom Stewart and Mrs. Otto Couch.

Others present were Otto Couch, C. E. Bird, E. H. Sanders, A. S. Woods, H. L. Smith, Tom Stewart, Mrs. Lela Satterwhite, Mrs. A. W. Hamilton, Mrs. George Holden, Mrs. Elmer Dunham, Mrs. Charles Barnard, Mrs. Albert Gilliland, Mrs. W. O. Leonard.

Jean Edwards, Dauphine Rees, Claudine Bird, Ada Mary and Billie Sue Leonard.

Calendar Of Weeks Events

Tuesday
REBEKAH LODGE 284 will meet at 7:30 o'clock at the I. O. O. F. Hall.

Wednesday
SCHOOL OF INSTRUCTION will be held at 1:30 o'clock at the First Presbyterian church for local P. T. A. members and officers.

REPORT WIDOWS will meet at 1 o'clock with Mrs. F. V. Kinsey, 506 E. 4th St., for a covered-dish luncheon.

Thursday
SOUTH WARD P. T. A. will meet at 8:45 o'clock at the school. G. I. A. will meet at 8 o'clock at the W. O. W. Hall.

Friday
TRAINMEN LADIES will meet at 2:30 o'clock at the W. O. W. Hall.

VFW AUXILIARY will meet at 8 o'clock at the hall at 9th and Goliad.

SEW AND SEW CLUB will meet at 2:30 o'clock with Mrs. W. H. Scott, 428 Dallas.

SUSANNAH WESLEY CLASS will meet at 11 o'clock at the First Methodist church.

Saturday
COUNTRY CLUB members will be entertained with open house beginning at 9 o'clock.

VFW BARN DANCE will be held at 9 o'clock at the hall, 9th and Goliad.

JUNIOR MUSIC STUDY CLUB will meet at 10 o'clock with Mrs. J. H. Parrott, 301 Washington Blvd.

Natalie Smith Named To ACC Wildcat Band

ABILENE, Sept. 29 — Natalie Smith, daughter of Mr. and Mrs. S. E. Smith of 303 Johnson street, Big Spring, is a member of the Abilene Christian college Wildcat band for the 1942-43 session. D. W. Crain, director, announced this week. Natalie is enrolled in Abilene Christian college this semester as a sophomore and appeared with the band Saturday, Sept. 26, at the ACC-Lubbock Army Flying school game when it marched for the first time this season. The Wildcat band appears at all the football games and gives frequent concerts in and near Abilene.

Council To Have District Meet In Colorado

Planning visitations this week in preparation for World Community Sunday, the First Christian Council met at the church Monday afternoon for a business session.

Devotion was given by Mrs. Grace Pinnell and prayer by the pastor, the Rev. J. E. McCoy.

Patricia Selkirk, accompanied by Mrs. J. H. Parrott, played a violin solo during the program.

Cookies were brought to be sold for the Juliette Fowler home in Dallas. Funds for the rice bowl for China relief were also collected.

Announcement was made of the district council meeting on October 6th in Colorado City.

Mrs. Willard Read presided during the business session and closing prayer was given by Mrs. R. W. Ogden.

Others present were Mrs. A. G. Hall, Jr., Mrs. O. E. Manning, Mrs. A. M. Runyan, Mrs. J. J. Green, Mrs. J. E. McCoy, Mrs. J. R. Parks, Mrs. O. P. Griffin, Mrs. C. M. Shaw, Mrs. C. A. Murdoch, Mrs. George W. Hall, Mrs. W. M. Taylor.

Entertainment For Soldiers Talked By Wesley Women

Group discussions on how to best serve the boys in the armed services stationed here were held by the Wesley Memorial Methodist Women's Society of Christian Service Monday afternoon at the church.

Mrs. J. A. English gave the devotion. Attending were Mrs. Cecil Nabors, Mrs. J. W. Tabor, Mrs. W. W. Coleman, Mrs. J. P. Ferguson, Mrs. J. E. Nix, Mrs. W. D. Lovelace, Mrs. J. B. King, Mrs. H. J. Whittington.

Farewell Barbecue Held Monday For Eloise Kent

Farewell barbecue was held for Eloise Kent in the home of her parents, Mr. and Mrs. C. C. Kent of Foran, Monday night.

Mrs. Kent left Tuesday morning for Washington, D. C., where she will be employed. She has been working at the Big Spring Flying school.

Attending were Mrs. Maurine Word and Ross, Opal and Oneta Chapman, Christine McDonald, Mary Nell Smithman, Melvina Miller, Cecilia Mae McDonald, Mrs. W. D. McDonald, Carmen Brooks, Lena Crowley, Ruth Smith, John Blomfield.

Bible Study Given For Presbyterian Auxiliary At Church

Bible study on Luke was led by Mrs. O. L. Savage for the First Presbyterian Auxiliary when members met at the church Monday afternoon for study.

Attending were Mrs. T. S. Currie, Mrs. D. A. Koons, Mrs. G. D. Lee, Mrs. E. L. Barrick, Mrs. G. T. Brooks, Mrs. Julia Beacham, Mrs. J. G. Potter, Mrs. Cecil Watson, Mrs. R. T. Piner, Mrs. F. H. Talbot.

Blue Bird Troop Has Program Monday

The Blue Bird girl scouts met at the First Methodist church Monday afternoon with Elizabeth Bond and Joyce Ann Howard in charge of the program.

Refreshments were served and pictures taken of the group.

School Of Instruction To Be Held At First Presbyterian Church

School of Instruction for the local Parent-Teacher associations members and officers will be held at 1:30 o'clock at the First Presbyterian church Wednesday.

Mrs. L. G. Byerley of Midland, will be in charge of the meeting.

Colorado Teacher Into Federal Work

COLORADO CITY, Sept. 29 — Teacher of Spanish in Colorado City for the past nineteen years, Miss Mabel Smith resigned her post here Monday to accept government work with headquarters in San Antonio.

Miss Smith, a graduate of North Texas State Teachers college, received both her B.A. and M.A. degrees at Texas University. She taught Spanish at Baylor college and Hardin-Simmons before coming here as head of the Spanish department in the high school. She has done graduate work at the University of Colorado and the University of Mexico in Mexico City.

Colorado schools have previously relinquished five men to the armed forces and a librarian to an army camp. Two faculty members are awaiting orders to report for active duty in the naval reserves, and another will leave this week for physical examination for possible induction into the army.

Women Asked To Join Nutrition Class Here

Women interested in learning essential knowledge of food, vitamins, and food preparations are asked to contact the Red Cross or phone Mrs. J. G. Carner, 1053, this week in order that a class in nutrition can be started.

Fairview HD Club To Meet Thursday In D. F. Bigony Home

The Fairview Home Demonstration club will meet Thursday morning at 9:30 o'clock in the home of Mrs. D. F. Bigony, 603 E. 12th, for an all-day session.

O-Cedar
FINER CARE FOR THE HOME

Miss Laneous Notes

It's amazing and fascinating to watch a man buy a hat. He makes his purchase in three simple steps. First he asks for a hat, tries two on, and walks out with his choice on his head. A simple operation that takes approximately five minutes.

But for the gentler sex, buying a hat is an operation that consumes weeks before she goes to the store, hours of trying on and considering color, style, and fit, and finally she asks the sales girl to help her choose. She may or may not take the bonnet.

A man glances once or twice in a mirror, gives it a few testings, yanks it around his finger ones, and he knows whether the hat is his or not.

The girls, bless 'em, look in a mirror with three way views, try a full length mirror, consult with friends, passers by, the sales girl and maybe a swatch of material they are trying to match.

They try the hat over one eye, on back of the head, with the veil up or down and then demand to see what else is in stock. Unless they spend an afternoon trying on all the available bonnets in their head size that the store keeps, they have a feeling they've made a hasty purchase. In such a case, the hat is likely to come back the next day—just not what they want.

Buying a hat for a man is a duty, done quickly and quietly. A buying a hat for a woman is an epic occasion, based before and after on the comments of friends, enemies, and their husbands.

Colorado High Has Election Of Its Class Officers

COLORADO CITY, Sept. 29 (Sp)—The election of class officers for the Colorado City high school was held recently with Jack Reid named as head of the senior class. Reid was president of his class last year and is active in sports and all student activities. Dudley Chesney was named vice-president; Sarah Carter, secretary, and Edwin Bodine, treasurer. Class yell leaders are Gwen Carter and Betty Grubbs. Faculty sponsors are C. B. Roland, Eugene Haley, Miss Lenora Cook and Mrs. Charles Godwin.

Sue Thompson was chosen by the junior class as president; John Adams, vice-president; Mary Ann Latham, secretary-treasurer; Austin Fuller and Frances Reynolds, class yell leaders.

Faculty members sponsoring the junior class include Miss Mabel Smith, Merrick Pysatt and Miss Ruby Pack.

The sophomore class selected Betty Slagel as its president; Elizabeth Hague, vice-president; Creighton White, secretary. Sophomore sponsors are Miss Gladys Miller, Miss Iris Riden, O. W. Cline and G. J. Koen.

Pep squad leaders for the 1942 term are Betty Grubbs, Dimple Sue Hart and Weldon Miles.

Pull the Trigger on Constipation, with Ease for Stomach, too

When constipation brings on discomfort after meals, stomach upset, bloating, dizzy spells, gas, coated tongue, and bad breath, your stomach is probably "trying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's better. Get genuine Dr. Caldwell's.

Renewed Appeal For Magazines

Another reminder from the VFW auxiliary officials came today asking local residents to remember to leave their magazines at the Douglas hotel shoe shop for distribution to troop trains.

A continuous supply is necessary to keep enough on hand to give to men going through Big Spring on troop trains.

Baptist Women Observe Week Of Prayer For Missions In Meetings, Beginning Monday Afternoon

Groups To Meet Today And Wednesday

Opening programs of a three day series of meetings observing State Week of Prayer were held Monday afternoon by the Baptist churches of Big Spring.

Study on the book, "That They May See" by Mrs. B. A. Copass was led by members for each church.

First Baptist

Mrs. K. B. Beckett and Mrs. Alton Underwood were program leaders for the First Baptist Women's Missionary Society Monday at the church. The devotion from Matthew 5-16 was given by Mrs. W. J. Alexander.

Mrs. Beckett talked on "Payment of Our Debts" by W. W. Melton. Mrs. R. Reagan discussed foreign home and state missions and the cooperative program. Mrs. Theo Andrews talked on the worth of the district missionaries and state evangelists.

Mrs. J. C. Douglass discussed the Buckner Orphan's home and the ministerial retirement plan. Mrs. Alton Underwood talked on the Baptist schools.

Prayers were voiced by Mrs. Alexander, Mrs. M. E. Harlan, Mrs. W. B. Buchanan and Mrs. Inez Lewis.

Others present were Mrs. E. H. Switzer, Mrs. George Mclear, Mrs. Bennett Story, Mrs. Carl McDonald, Mrs. Roy Rogan, Mrs. V. W. Fugle, Mrs. E. E. Bryant, Mrs. A. T. Lloyd, Mrs. D. C. Maupin, Mrs. Roy Odom, Mrs. George Williams, Mrs. Gene Crittenden, Mrs.

C. A. Amos

This afternoon the second program was held with Mrs. Gene Crittenden in charge of the program. Wednesday night the observance of the week will close with a night meeting at the church and the young people will be in charge.

East 4th St. Baptist

Mrs. A. E. Woods discussed the first party of the study book for the East 4th St. Baptist Women's Missionary Society Monday at the church.

Plans were made for a meeting this afternoon at 3:30 o'clock with Mrs. R. E. Dunham in charge. Wednesday night at 8:15 o'clock the last of the programs will be held.

The society is to meet next Monday at 1 o'clock at the church to quilt for Buckner Orphan's home.

Mrs. A. W. Page was re-elected as president and Mrs. E. L. Patton was named program chairman. Mrs. A. S. Woods is secretary-treasurer and reporter. Mrs. R. Elmer Dunham will be mission chairman and Mrs. W. D. Thompson, benevolence chairman. Mrs. Otto Couch was elected to be in charge of the personal service

Committee and Mrs. H. C. Bird will have charge of stewardship.

Others present were Mrs. Jack Dearing, Mrs. Otto Couch, Mrs. W. W. Bennett, Mrs. R. E. Bird, Mrs. R. Elmer Dunham, Mrs. A. W. Page, Mrs. Walter Barbee, Mrs. Cleve Reese, Mrs. Garland Sanders.

FINER CARE FOR THE HOME

School Children To Become 'Rangers' In Hunt For Scrap

AUSTIN, Sept. 29. (AP) — More than a million Texas school children will be junior Texas rangers this week to comb the state for every available ounce of scrap metal to help meet the nation's critical need for war material.

Thornton Hall of San Antonio, chairman of the Texas newspapers scrap drive, announced that Homer Garrison, director of the state department of public safety, would formally issue the commissions in bulk to the youngsters during a statewide radio broadcast Friday (TQN) from 1:15 to 1:30.

The program will go out through the facilities of the Texas school of the air, and an effort also will be made to get it into every rural and negro school in the state as well as to institutions now receiving the program.

Use of the name of junior rangers was approved by Garrison and Governor Coke Stevenson, and the departure from custom in using the name of ranger for any-

thing but real rangers was made only because of the state officials' desire to contribute the utmost in the drive.

Decision to turn to the school children for help came, said Hall, when it was realized that the "bottleneck in scrap collection to date has been in determining how to get it in."

"The committee decided that the school children of Texas—proud of their designation as Texas rangers for this vital war work—could do the job," he said.

Explaining to them what their work will mean in terms of tanks and guns, the radio program will feature talks by Stevenson, Garrison, and State Superintendent of Schools L. A. Woods. To each child commissioned will go a badge, and awards will be made schools and rooms reaching a certain standard in the collection drive.

The school drive actually starts Oct. 5. Many schools have already gotten a head start, setting unofficial goals in many cases under which each child would try to bring in his own weight or more in scrap.

"The drive is a great thing and we should all chip in," said Governor Stevenson. "I know the school children of the state will do their part."

Entertainment Is Planned For Oil Men At Dallas Meeting

W. D. McBEE

DALLAS, Sept. 29 — Entertainment for oilmen attending the 23rd annual convention of the Texas Mid-Continent Oil and Gas association to be held here at the Baker hotel, October 9 and 10, is being arranged by the Dallas wildcat committee, according to W. D. McBee, prominent Dallas oil operator, who is chairman of the committee.

The Dallas wildcat committee, which will act as hosts to the visiting oilmen during the Texas Mid-Continent oil convention, includes the following Dallas oilmen: W. D.

McBee, chairman, Creston H. Alexander, Rushton Ardrey, Harry Baas, W. E. Butler, D. Harold Byrd, B. C. Clardy, J. B. Cowden, George C. Gibbons, N. G. Gulberston, Jake Hamon, Al G. Hill, Ray E. Hubbard, Wm. Irish III, J. C. Karcher, H. W. Klats, Jim Loftin, J. F. Lucey, W. P. Luce, Lewis H. McNaughton, Eugene McDermott, R. S. McFarland, F. M. Mayer, H. J. Morlang, Harry Moss, Fred Murray, C. J. Payne, John G. Pew, Elmer Schmidt, Eric G. Schroeder, L. S. Sinclair, E. L. Smith, W. L. Todd, Perry Wallace, P. N. Wiggins, J. E. L. Wilson, Toddie Lee Wynne and C. A. Young.

Mr. McBee said no effort will be spared to make Dallas visitors to the Texas Mid-Continent oil convention feel at home. Entertainment events now being planned will include an evening reception at the Dallas Petroleum club Friday, Oct. 9, followed by the annual dinner meeting at which a prominent speaker will address the oilmen.

From where I sit...
by Joe Marsh

I missed getting my hair cut this morning on account of the scrap collection.

When I climbed into the barber chair, Ray says to me:

"Sorry, Joe. Ain't got time for you today. We're closing up this morning at ten."

And then I remembered. This was the day the town had agreed to drop everything—and I mean everything—and collect scrap for Uncle Sam.

Yes sir, the drugstore, the corner garage, Sam Abernethy's general store—every place in town except the post office—closed up tight today from 10 to 5.

And you ought to see the result piled up in front of the fire house. One hundred and fifty tons of metal that had been lying around in attics, cellars and back yards of our town since Charlie Jenkins' great-grandfather joined up with the Texas Rangers.

That's almost 200 lbs. of metal for every man, woman and child in our town. Just shows you—when American citizens go out to do a job for Uncle Sam they do it right.

Men From Odessa, Lamesa Listed As Casualties

WASHINGTON, Sept. 29—Mark Alexander Davis of Odessa is reported dead and Frank Smith of Lamesa is reported as missing in the list of merchant marine casualties issued by the U. S. coast guard headquarters for the period covering September 27, 1941, to August 1, 1942.

Despite the same surname there is no known connection between the two men. Mark Alexander Davis, whose mother is Mrs. A. L. Webb of Odessa, was a merchant while Frank Smith Davis, son of Mrs. Z. T. Davis of Lamesa, is an officer.

The list gave the merchant marine casualties from Texas as 23 dead and 232 missing—a total of 255.

A WAR MESSAGE to Truck Owners and Drivers

America's truck transportation system is faced today with a very serious situation, and the Office of Defense Transportation is asking the help of every truck owner and driver.

Normally, this country scrapes 40,000 trucks a month. We have left now a pool of less than 120,000 new trucks—a mere 3 months' supply—to be rationed for our civilian needs for the duration of the war. This means that we must squeeze every possible mile of transportation out of the 5,000,000 trucks now on the road.

When you realize that most of our every-day needs are utterly dependent on truck transportation—the baby's milk, your daily newspaper, the servicing of your utilities and many others—you can realize that this breakdown would mean a complete breakdown of our entire way of life. This must be prevented at all costs.

That's why the Office of Defense Transportation is asking that every truck owner and driver join in a nation-wide movement to conserve all existing trucks and tires through the program of the United States Truck Conservation Corps.

Your Country asks your Cooperation in this National Program

AS A TRUCK OWNER...

Your Patriotic Duty is to Make Sure That

- ✓ Your truck receives a thorough mechanical check-up at regular intervals.
- ✓ Your truck is never overloaded. (Overloading shortens both truck and tire life.)
- ✓ Your drivers turn in daily forms reporting on the mechanical condition of their trucks.
- ✓ Only thoroughly instructed, competent drivers are allowed to operate your trucks.
- ✓ Broken or worn-out parts are immediately disposed of to a scrap dealer, if they cannot be salvaged for future use.

AS A TRUCK DRIVER...

Your Patriotic Duty is to Make Sure That

- ✓ You take every precaution to avoid accidents; one careless moment can spoil a year of caution.
- ✓ You remember that "easy does it" when you start and stop. Otherwise, you waste tires, gasoline, strain the clutch, brakes and other mechanical parts.
- ✓ You report, conscientiously, on the condition of your truck at the end of each day.
- ✓ You avoid unnecessary delays because loss of truck time slows the war effort.
- ✓ You check tires daily for inflation, cuts, nails, glass, bruises and any indication of unusual wear.

HUMBLE STATIONS have been designated OFFICIAL STATIONS for the U. S. Truck Conservation Corps

A nation-wide program of conservation has been outlined and the Humble Oil and Refining Company has signed the U. S. Truck Conservation Corps pledge to help promote this Official Program.

Here's how YOU can help. Stop at your nearest Humble station and ask to join the U. S. Truck Conservation Corps. You'll be given full information on the program of preventive maintenance that will make your truck last longer. On your truck door will be affixed the Official Insignia that designates you as a thoughtful and patriotic citizen pledged to cooperate with your government in this important program.

Remember—this job needs the cooperation of everyone. Whether you're the owner of a fleet or the driver of a single truck, drop in at your nearest Humble station—today—and sign up to do your part to help—KEEP AMERICA'S TRUCKS ROLLING LONGER.

For high achievement in the production of war equipment.

HUMBLE OIL & REFINING COMPANY

Helping YOU keep 'em fit to keep 'em ROLLING

Air Field Workers Send \$8,492 As Labor-Day Salary Gift To Uncle Sam

The contribution to their government of Labor Day salaries of workers at the Big Spring air base project reached a total of \$8,492.25, it was revealed Wednesday in a report from the office of John W. Bergant, engineer in charge.

Post-War Electrification Needs Surveyed By The REA

A check-up is being made in this area by the Cap Rock Electric Cooperative, Inc., to determine the number of un electrified farms, rural schools, churches, and places of business. O. E. Bryan, superintendent, has announced.

Labor Division Work Merged

DALLAS, Sept. 29 (AP)—Investigators and field workers in Texas, Oklahoma, Arkansas and New Mexico for two divisions of the U. S. department of labor—wages and hours, and public contracts—will meet here Friday for a conference and school on merger of the two divisions effective this week.

Gus C. Street Jr., regional director, said in announcing the meeting that after this week employers would be visited by only one agent for a combined inspection on compliance with both laws. In the past two agents made the inspections.

Skilled Workers Needed At Once On Air Base Jobs

Positions for skilled aircraft workmen to be employed at the Big Spring flying school must be filled immediately, according to Lawrence T. Lee, representative, 10th U. S. Civil Service region. Wages range from \$1260 to \$2300 per year.

Livestock

FORT WORTH, Sept. 29 (AP)—Cows active and strong; other slaughter cattle and calves unchanged. Better grades of stockers were about steady.

Good butcher hogs were mostly steady to 15c lower while packing hogs and stocker pigs were strong to 25c higher. The top was 14.85 while packers paid up to 14.75.

Slaughter ewes were steady at 4.75-5.25 for cull and common kinds with practically nothing else sold to 10.30 o'clock.

Estimated receipts: Cattle 4,800; calves 2,500; hogs 1,400; sheep 11,500.

Medium to good fat steers and yearlings 11.00-12.00; four loads of grass steers 11.00; load of fed heifers at 13.00; cutter and common steers and yearlings 7.75-10.50; good beef cows 9.25-10.00; common to medium butcher cows 7.85-9.00; canners and cutters 4.50-7.75; good heavy bulls 9.50-10.00; common to medium bulls 7.25-9.00; good fat calves 11.25-12.50; common to medium kinds 8.50-11.00; culls 7.50-8.00.

Good to choice butcher hogs 18.00-19.00; 14.75-16.00; good and choice 15.00-17.50; averages 13.75-14.85; packing hogs 13.50-14.00; stocker pigs 13.75 down.

Confiscated Slot Machines Will Go On Scrap Pile

The local scrap salvage pile will be a little higher Wednesday because of slot machines. Some 50 or 60 of the "one-armed bandits", confiscated over a period of several years by authorities, have been in storage here.

Tuesday, the county court, on petition of District Attorney Martelle McDonald and Charles Watson, district supervisor for the state comptroller's department, ordered the machines destroyed.

They'll be hauled out tomorrow and smelted, and the remains—due to make a sizeable amount of war-useful metal—will go into the victory salvage pile. The comptroller's agents have seized the machines from time to time under the tax laws.

OPA Manager For Lubbock To Be Named Soon

LUBBOCK, Sept. 29 (AP)—The manager of the new Lubbock district office of price administration will probably be announced in Dallas within a few days, Max McCullough, regional administrator of the OPA, and Mark McGee of Fort Worth, state OPA director, said yesterday after interviewing applicants.

Personal Items From Coahoma

COAHOMA, Sept. 28.—Mr. and Mrs. A. K. Turner Jr. of Long Beach, California, are here visiting her parents, Mr. and Mrs. E. L. Echola, and her parents, Mr. and Mrs. A. K. Turner Sr.

Ray Hall, who has been employed in the shipyards at "Ichmum, Calif., has returned here to join his family.

Pte. K. K. Coffman of Rowell, New Mexico, arrived Sunday to spend a fifteen day furlough with his parents, Mr. and Mrs. C. A. Coffman and other relatives.

Mr. and Mrs. Phil Smith of Abilene were visiting friends here last weekend. The Smiths are former residents.

Mr. and Mrs. A. W. Thompson were in Colorado City Sunday to see his brother, Sam Thompson and family.

Captain and Mrs. Horace LeRoy Borden spent the weekend in Midland. Captain Borden was stationed at Midland Army flying school before coming to the new Big Spring school.

Mr. and Mrs. Carl Bates had as weekend guests Mr. and Mrs. J. B. Martin and Winnie Belle Whigham of Gatesville and Sergeant Roy Watson, Sergeant French, Corp. Vernon Bates and Pvt. Herman Nelson of Camp Barkeley.

Mr. and Mrs. W. W. Cooper were in Roscoe visiting relatives last weekend.

Mrs. Everett Grindstaff and son, Everett Jr., of Ballinger were here Saturday visiting Mr. and Mrs. R. A. Marshall. Judge Grindstaff was in Big Spring attending the West Texas County Judge's and Commissioners convention.

Hezlie Read, who is stationed at the flying school in Big Spring, spent the weekend with his parents, Mr. and Mrs. H. Noble Read.

Mr. and Mrs. W. A. Hunter and daughter, Deanna, were in Dunn Sunday to see her father, W. A. Johnston.

Mrs. Palmer White received word Sunday that her father who lives at Andrews had received serious injury in a tractor accident.

Mr. and Mrs. Boone Cramer and sons, Rodney and Billy Joe, were in Colorado City, Sunday visiting relatives.

Mr. and Mrs. M. J. Richards recently moved here from Post. He is employed by the Ray Oil company.

Mr. and Mrs. J. A. Roberts, Mrs. B. R. Lay and daughters, Helen and Joan were in Lorraine Sunday to see Mrs. Ella Henderson.

Unity Party Has Texas Platform

AUSTIN, Sept. 29 (AP)—The people's unity party, which has entered Charles Lavergne Somerville of Dallas against W. Lee O'Daniel for the senate in the November elections, today announced a 25-point platform, the first plank of which was all-out support of President Roosevelt.

The party has named Glen E. Wilson as campaign director, with headquarters here. Clarence B. Fennell is listed as executive secretary.

The platform also calls for conscription of idle wealth, and payment of \$100 a month to "soldiers, sailors, marines and all members of our fighting forces and workers in munitions and defense plants with families" for 12 months after the war.

Suit Is Settled Out Of Court

The case of Marvie Shortes vs. M. L. Hamlin, suit for damages, due to come before Judge Cecil Collings yesterday afternoon in 70th district court was settled out of court Monday.

Jury recessed until this afternoon while Judge Collings spent the morning in Abilene.

Candidate Tries To Get Defeated

RENO, Nev., Sept. 29 (AP)—Walter S. Daring, candidate for the Nevada assembly, is making a serious campaign—to get his supporters to vote for someone else.

Daring enlisted in the navy, now finds Nevada laws won't permit him to withdraw as a candidate. If elected, he promises to resign.

Masonic Council To Confer Degrees

Council degrees will be conferred at a meeting of the Masonic council at the lodge hall this evening at 8 o'clock. All members are urged to be present.

Weather Forecast

WEST TEXAS: Quite warm again this afternoon. Temperatures tonight about the same as last night.

Here And There

Howard county had ginned 1,018 bales of 1942 cotton up to Sept. 18, an official report revealed Tuesday. The figure was far over the 417 total shown for the same date a year ago. The report is compiled by J. L. Hudson, named official county statistician for the department of agriculture.

The West Texan who gave up duties as a state senator for the duration to become a buck private in Uncle Sam's army—Marshall Formby of Plainview—is no longer a buck private, but a corporal.

Formby writes friends here that he sure likes to get letters. He is with the headquarters company, NIOSA, New Orleans, La.

Fifteen dollars fine! These words resounded 10 times in corporate court room Monday morning as Judge Tracy Smith assessed an identical fine to each of ten offenders charged with drunkenness and fighting.

Something new has been added to the hotel lobby at the Settles. At the door of the elevator there is a magazine rack furnished by the American Legion which asks people to leave their magazines there for the USO.

Mrs. P. D. O'Brien is visiting in San Diego, Calif., with her daughter, Mrs. Gordon Haynes, for several weeks.

And now there is the story going the rounds about the army lieutenant here who went on his first dove hunting trip. He claimed he had four doves and made the rest of the hunting party green with envy until they stopped to look at his catch. The "doves" were what are commonly known as scissor tails and were never meant for dove dinners.

Public Records

Building Permits: A. E. Rusk to add room 8 feet by 12 feet to box-house at 2102 Nelson. Cost \$75.

The death watch beetle causes most timber decay.

Army Relief And Red Cross Work Told To Club

Red Cross activities and duties of field directors in army camps were explained for the Rotary club members at luncheon, Wednesday noon at the Settles hotel.

Mrs. Ray Lawrence, publicity chairman for the Red Cross, explained the various divisions of the organization, personnel and activities.

Stoney Henry, first aid division chairman, introduced Mrs. Lawrence and M. J. Blue, field director of the Red Cross stationed at Big Spring flying school.

Blue pointed out the duties of the field director were to be in direct contact with the soldier while the home service was responsible to the soldiers families.

He explained that the field director arranged relief for soldiers families through home service, assisted in locating families for the men in the army and to locate soldiers for families of men in the armed service.

Such help as securing employment for soldier's families, assisting with business problems, furnishing information on government insurance, allotment problems, pensions and dependency discharge all come under the field director's work, Blue said.

He gave several case histories of work done by the directors. Marvin House was in charge of the program and introduced Otto Peters who introduced Henry.

A. V. Karcher gave a report on the boy scout drive to begin October 18th with Elmo Wasson in charge of the drive and A. S. Darby as ranch boss for the Rotary club. Ira Thurman spoke on the bond sale and Pat Kenney president, asked for contributions of furniture for the temporary USO center at First and Runnels streets.

Store Hour Survey is Being Made

Some concerted action may be forthcoming on Big Spring store hours.

The Retail Merchants association is conducting a survey, in the hope that merchants will agree on whether or not any changes are desired with the approach of short winter days and the prevailing wartime. Mrs. L. A. Eubanks, appearing before the chamber of commerce board of directors, asked that full cooperation be given on the survey.

The C-C board found that wartime will put restrictions on Christmas decorations this year, and as a result the customary street lights will not go up. However, there are sufficient globes on hand to light the tree on the courthouse square.

The chamber of commerce has been refunded several hundred dollars in social security taxes which it has protested for some years. A recent ruling was that the civic organization did not come within the scope of the tax program.

Ship Attacked By Nazis Near Iceland

REYKJAVIK, Iceland, Sept. 29 (AP)—A German air attack on an Icelandic ship off the east coast, the first by a Nazi flying boat, was announced by the United States army today, but it said there were no casualties and only superficial damage.

The vessel was machinegunned, but two bombs missed their mark. Flying boats are known to have operated in this area before, but none had been reported to have made an attack. The attack was the first reported since Sept. 9, when a German bomber machinegunned east coast workers in a hayfield and two Icelandic travelers.

Scrap Metal Goes Only To War

You can, and are urged, to donate scrap metal to the city for its scrap drive, but you can't buy it.

This was made clear by city Manager Boyd J. McDaniel today when he told of being besieged by would-be purchasers of items they find in the city's scrap piles.

Daily, McDaniel said, people come to him offering to buy pieces of mechanical equipment which they are no longer able to obtain and which they have discovered amongst the various pieces of junk piled high in the scrap heaps.

"These people," McDaniel said, "offer high prices for things they see and need and are disappointed when I point out to them the fact that the scrap has been donated by patriotic people in a desire to help win the war and that I have neither the desire nor the authority to sell the metal to individuals."

Of course, if you are a recognized dealer in scrap metal and offer a higher bid than your competitors, you stand a good chance of temporary ownership of the accumulated scrap, but the city makes sure that its scrap ultimately goes into making guns, supplies and ammunition for Uncle Sam.

SON IS BORN

Mr. and Mrs. Harry Robertson are announcing the birth of a son, who has been named Maxwell George Robertson, at the Malone & Hogan Clinic-Hospital on Saturday. The baby weighed seven and one-half pounds. Mother and son were reported doing nicely Tuesday.

HOSPITAL PROJECT

DENISON, Sept. 29 (AP)—Construction of a \$2,000,000 general hospital at McKinney, Tex., was officially underway today after Denison district army engineers announced award of contract to Thomas, Sharp, Welch and Goodwin of Dallas for water supply and sewage disposal plant architect-engineer services.

Nominees Must Take Oath To Get Name On Ballot

Walton Morrison, county, has received notice from the secretary of state's office that all nominees in the primary elections must sign an oath, recently passed by the legislature, that they believe in the constitutional and representative form of government before their names may be placed on the ballot for the November general elections.

All of these nominees are asked to sign the oath at the county judge's office right away where the forms will be sent in to the state office.

New Draft Board Member Named At Colorado City

COLORADO CITY, Sept. 29.—James Harrington of Colorado City has been named to the Mitchell county selective service board to fill the place left vacant by the recent resignation of Joe Earnest, who has served the board as chairman since December, Earnest, county attorney-elect, gave as his reason for resignation the fact that he is within the draft age limit.

Other members of the board are Huron Dorn of Colorado City and D. J. Clopton of Lorraine.

British Women To Learn U.S. Recipes

LONDON, Sept. 29 (AP)—British housewives are going to be taught how to prepare Johnny cake and apple pie so they can make United States soldiers feel at home when they invite them to dinner.

The ministry of food announced today a plan for a demonstration tour of the country to familiarize housewives with recipes from the United States.

What You Buy With WAR BONDS

Medical detachments in all branches of our military and naval forces require leg splints for emergency services. The so-called Thomas steel splints cost \$2.25 per pair.

Base hospitals and many field hospitals require these splints as regular equipment. . . although in many cases two rifles are used as splints when no regular equipment is available for use on broken legs. Your purchase of War Bonds and Stamps will help buy these essential splints for our injured soldiers and sailors. Join the Tom Peroni Club today at least ten percent of your income in War Bonds and Stamps every payday. A payroll allotment plan is your easiest way to invest.

50 MILLION AMERICAN WORKERS

Can't be Wrong!

Lisen, Adolf, Benito, and Hirohito! I'm only one out of 50 million, but I'm here to tell you that you've got us workers to reckon with, too. This is our fight as much as it is our soldiers, sailors, and marines. And we aim to win this war.

In any war of machines, you're playing our game! No one can beat us when it comes to doing a quick mass production job on planes, tanks, ships. Not when we set our minds to it.

I head a welding crew, part of America's great shipbuilding program. We're already ahead of schedule, and going faster every day. In 20 years of welding all over the country, I've never seen a gang working as hard or as well. They are inspired to give the last ounce of effort because they know how necessary this is to destroy you and what you represent.

That's why, too, they are willing to save more than they ever did before in order to buy War Bonds. At least 10 percent of their pay every payday goes to smash you once and for all. Our employer makes it easy for us to buy War Bonds on the Payroll Savings Plan, and every man is signed up. Well, why not? No working man—or any other American—would miss this chance to serve his country and to safeguard his home, his family, and his freedom, now and in the years to come. Because we not only help to win the war by buying Bonds, we get back \$4 for every \$3 we invest, when we hold the Bonds 10 years. Every man, woman, and child putting every dollar in Bonds, every effort in work—that's the way we're welding America's strength for victory. And that's the way we'll beat you, Adolf, Benito, and Hirohito!

September is Payroll Savings Month—Do Your Part. AIM TO WIN THE WAR BUY WAR BONDS EVERYBODY AT LEAST 10%.

St. Louis Remains Calm On Eve Of The Big Test With Yankees

World Series Atmosphere Is Missing

ST. LOUIS, Sept. 29 (AP)—St. Louis remained extremely calm and collected about the impending World Series as its Cardinals took their final workout today and the renowned Yankees closed in from the east.

Unless one read the newspapers, there was nothing to indicate that the two flag winners were due to start battling each other at Sportsman's Park tomorrow afternoon. There were no banners; no hoarse talk in hotel lobbies about "our Cards." In short, the so-called World Series atmosphere of other years appeared to have taken a leave of absence.

The hotels were choked, and it took both a reservation and a willingness to argue to get any sort of room, but they say that is a normal condition these days and in no wise related to baseball's banner attraction.

The local explanation of the seeming apathy toward the series is that the town were itself out rooting the Cardinals home in their amazing September drive to the pennant. The fans needed a couple of days' rest before taking up the big assault on the Yankees tomorrow. All reserved seats to the first two games here were sold a week ago.

The Yanks—not riding a special train this time, but occupying uppers and lowers like everybody else—were due to arrive shortly before dark tonight, too late for a workout. They will not see the field until tomorrow, but the fact is of no importance because they played the Browns 11 times at Sportsman's Park this season and know its every shadow.

Shouting and carrying on much as they have all season, the flamboyant Red Birds held a long practice session yesterday, then attended a barn dance in their honor last night and were scheduled to hold another workout today. It was obvious that Manager Billy Southworth meant to keep his scrapping youngsters at razor-edge. He didn't want them to relax and start thinking too much about the series.

So far as the naked eye can discern, little if anything was taken out of Southworth's helions by their sensational stretch drive, in which they won 48 out of 53 games. They look full of fight, and every regular will be at his appointed post when the shooting begins. Captain Terry Moore still has one leg lightly taped, and Second Baseman Jimmy Brown might be a trifle tired, but otherwise the National league champs came out of it in remarkably good shape.

Incidentally, two baseball writers from the east who have been traveling with the Cards for a fortnight are raving about Stan Musial, the club's rookie left-fielder. They declare he has developed into as great a fielder as his teammate, Terry Moore, who generally is considered the best in the league, and they predict he will be a sensation in the play-off.

The diamond is the hardest and most imperishable of minerals.

Football Program To Be Launched In All City Elementary Schools

Coach John Dibrell, director of athletics and physical education for Big Spring public schools, has announced an extended program effective today. Six white ward schools in the city will begin work today on a proposed plan for ward school football teams.

Dibrell announced that, although this program will begin with football only, it will soon develop into a city-wide physical education program, covering all phases of sports.

District Play To Start This Week On The 3-AA Front

Although considerable activity is in store on the Big Spring front of the 3-AA war this week, interest in the schoolboy chess turns to two other games which mark the start of conference play.

The Steer-Lubbock Westerner tilt looms as one of the best of the affairs, but will have no bearing in district competition. Meanwhile, the percentage columns will be affected at Odessa and Midland.

The Bronchos will be host to the Lamessa eleven, and Midland will entertain the San Angelo Bobcats. Unless all the dogs go wrong, Odessa and Angelo are due to score triumphs.

The Abilene Eagles will be mixing it with Breckenridge, seeking a revenge victory over the Buckaroos, whom they haven't beaten in some years. Both teams took whippings last week, from Amarillo and Wichita Falls.

Colorado City engages Brownfield, a potent Class A club which already has taken the measure of Midland and Lamessa, while the Sweetwater Mustangs look to have another easy one on their hands in a setto with Graham.

The Big Spring-Lubbock match here is due to bring a fair gauge on the comparative strength of the Steers, since they will be the third 3-AA group meeting the Westerners. Lubbock has shaded Odessa by one point, and played a tie game with San Angelo.

Betty Jameson To Play In Chicago

CHICAGO, Sept. 29 (AP)—Betty Jameson, the former San Antonio, Tex., sports writer, now is working for a Chicago insurance house and will do her golfing as a representative of a Chicago area club next year.

Winner of the only two major women's golf tournaments held this year—the western open and the western amateur, the Texas girl has played golf only three times since her August victory over Mrs. Russell Mann of Omaha, Neb., in the finals of the amateur.

Betty was an honor guest, along with Patty Berg and Virginia Van Wie, both former national champions, at the Women's Western Golf association's annual meeting yesterday.

Oklahoma Cowboys Win In N. Mexico

ALBUQUERQUE, N. M., Sept. 29 (AP)—Three El Reno, Okla., cowboys took money last night as the first go-around was completed in the New Mexico state fair rodeo.

Andy Curtis won the bulldogging event; and his brother, Eddy, took second in bronco riding which was won by the third Oklahoman, Frank Finley.

The other winners included: Bulldogging—Dick Herren, Aubrey, Calif., third; bronco riding—Jesse Like, Kim, Colo., third; bull riding—K. J. Lewallen, Blackwell, Tex., first; Jimmie Hazan, Tucson, Ariz., second; David Shellenberger, Marietta, Okla., third.

Bowlers To Meet Wednesday Night

A meeting will be held in the lobby of Hotel Douglas Wednesday at 8 p. m. to organize a Big Spring Classic bowling league.

All men interested in joining this league are urged to attend the meeting.

Longhorns Due For Real Test This Week

By The Associated Press
Twice, so far, the University of Texas Longhorns have faced gridiron teams that were supposed to test their strength—and nobody yet can say just how strong Coach D. X. Bible's team really is.

Using first, second and third teams, the Longhorns beat Corpus Christi Naval Station 40-0 and Kansas State 64-0 Saturday the big, fast Orange and White eleven meets a fiercer foe in Northwest-ern, says Bible, who advised the experts not to rate his team too high.

More passing and more goal-kicking drills will be administered this week. Bible asserted on six occasions last Saturday, the Longhorns failed to convert after touchdowns. The extra points are going to become prelude cut on this week, the coach predicted.

There were no injuries to Texas players in the Kansas State game. Thirty-five men will start the trip to Chicago Thursday.

All Arkansas Razorbacks will be ready for their Southwest conference opener with Texas Christian this week, provided senior tackle Jay Lawhorn, 215-pounder who was shifted from line to backfield and back to line, recovers from a sprained back which has kept him in bed for three days. He was to work out today or tomorrow.

Charles Lively, 200-pound sophomore tackle, filled Lawhorn's place creditably last Saturday.

Paul Paladino, 202-pound junior guard was kept out of last week's opener because of a severe cut on his knee. He was counted on for the Frog tilt, however, and was to be spared heavy scrimmage during the week so the injury could mend.

Coach Dutch Meyer of the Horned Frogs was kicking, figuratively, and put his backs to kicking, literally. The Texas Christian coach was dissatisfied because three punts were blocked in the U. C. L. A. tilt.

Van Hall, Emery Nix and Dean Bagley were kept at punting practice in yesterday's session. The Frogs were free of injuries after the U. C. L. A. game.

The Rice Owls, also having escaped serious hurts in last Saturday's joust, sharpened their offense and defense for this week's meeting with Louisiana State.

Bob Tresch, the Owl captain, is out with a knee injury and will not play Saturday.

The Texas Aggies, looking toward a duel with Texas Tech, found themselves shy of tackles with blocking prowess.

"I'd even put Leo Daniels in at tackle if I thought it would solve our problem there," declared Coach Homer Norton.

In line for duty at the weak point were Ed Sturcken, passing back, and Hank Feldberg, Bill Henderson's understudy.

There were no serious injuries among the Cadets.

The Aggies loss last Saturday to L. S. U. took the pressure off. "The players will not have to worry about an undefeated season, national championships, and bowl games," said Norton.

Baylor's Bears inaugurated their preparations for the Oklahoma Aggies with skull practice. Coach Frank Kimbrough told the boys about their mistakes against Hardin-Simmons last week and gave them offensive plays.

All the Bears were in good physical shape.

Bible Has Two Good Men For Center

AUSTIN, Sept. 29 (AP)—Last year Dana X. Bible rubbed his bald dome and puzzled over who would start at center for the University of Texas Longhorns.

There's a repeat performance this year—but for different reasons.

In 1941 it was a problem, at least for a time, of scraping up a capable pivot man. This season it's a question of whether to start Aubrey Gill or Jack Sachse, a couple of West Texas lads who turn in excellent performances by use of widely different techniques.

Sachse is a rock-ern and sock-ern

SPORTS ROUNDUP

By HUGH FULLERTON, JR., Wide World Sports Columnist
NEW YORK, Sept. 29.—Serious stuff: Off his National league record, Mort Cooper ought to win a couple of world series games, but don't count on it too much. . . . Since the Yanks started their series winning streak in 1927, no pitcher has been able to beat the 1 for the big money just by throwing the ball past the batters. . . . They've lost four games in eight series—two to Carl Hubbell, one to Hal Schumacher and one to Whit Wyatt. . . . Stan Mustal's kid brother, Ed, an artilleryman at Fort Riley, Kansas, saw the Cards wind up the season and probably got more kick out of it than any ordinary fan. . . . Looks as if Whitney Moore had grabbed the "luckiest" title from French Bordagaray. He cut in on the series swag twice with the Reds and then landed with St. Louis this year because he hollered about being sent to the minors.

Prediction
After giving the Cardinals the benefit of as much doubt as we can muster, this department's world series choice is the Yanks in five games. . . . The Cards ought to win one, but we don't know when or how, since they can't match the Yanks at the plate and in pitching and fielding about the best you can give them is an even break.

Today's Guest Star
Samuel E. Cohen, Meriden (Conn.) Daily Journal: "The Athletics ended the season a week early, which wasn't soon enough. . . . The Phils moved into Ebbets Field in the midst of a scrap drive and had quite a battle to prevent themselves from being included in the salvage."

One-Minute Sports Page
Two days before Secretary Stinson called off the Louis-Conn fight Mike Jacobs had handed his resignation as promoter to War Boxing (Red) Inc. He didn't want any part of a suit over the broadcast. . . . The Dodgers' pennant "fight" carried right on after the season ended—into a mild "rhubarb" between Bobo Newsom and Leo Durocher and a livelier row between Ducky Medwick and Ed Head. . . . When the president signs a bill cutting the West Point course from four to three years army will announce that Flebes will be allowed to play on the varsity. . . . Marty Glickman, the old Syracuse U. and Olympic sprinter who has been broadcasting sports for WHN, has reduced from 185 to 169 pounds for another fling at track competition this winter.

Al Hostak Fights Matthews Tonight
SEATTLE, Wash., Sept. 29 (AP)—Al Hostak, who despite his fragile fists once fought his way to the N. B. A. world middleweight title, will emerge from almost a year's retirement tonight.

He faces Harry (Kid) Matthews, a war worker who has found time to collect nine knockouts and three decisions. Each is expected to weigh 160 for the 10-round bout.

Texas To Join Pre-Flight Team
ATHENS, Ga., Sept. 29 (AP)—Jack Crain and Noble Doss, former University of Texas players, will make their debut with the Athens navy pre-flight school football team in its game with the Chapel Hill, N. C., pre-flight eleven here Friday night.

Crain, a tailback, and Doss, a wingback, reported for duty in the military department here last week. Both are ensigns.

The Diesel engine was developed in 1892.

Steers Due To Be At Full Strength For Friday Game

Series On Air—Exclusively again the Mutual Broadcasting system will present the radio version of the world series between the New York Yankees and the St. Louis Cardinals. Red Barber and Mel Allen (seated), the nation's front rank baseball announcers, have been selected for the play-by-play chore and Bill Corum, famed sports authority, will handle the color highlights. The broadcast will be heard locally over KSTP, and the first game starts Wednesday at 8:15 p. m.

Loberth Happy With Phils' 42 Wins
PHILADELPHIA, Sept. 29 (AP)—The Phils lost 109 games this year and finished 62 1-2 games behind the pennant-winning St. Louis Cardinals—but Manager Hans Loberth is sorry the season has ended.

"Sure we won only 42 games," the 50-year-old veteran smiled, "but I wish the season was just getting underway. That's how much I like baseball. It's in my blood."

Kansas Gridders Without Equipment
MANHATTAN, Kas., Sept. 29 (AP)—The reason Kansas State football players kicked up their heels so lightly in yesterday's practice:

They had no heavy pads or equipment to drag around.

They arrived home from Texas all right, but the equipment hasn't.

Every time a 16-inch gun is fired, 120 pounds of nitrogen is released.

Three Players Report For First Time

The Big Spring Steers, looking forward to a tough game with the Lubbock Westerners next Friday night, are very busy these days ironing out difficulties in preparation for their first real test of the season. A few minor injuries were realized in their game with the Cisco Lobos, but all the players are expected to be at full strength Friday night.

Coaches John Dibrell and Tommy Beeno were pleased to have three more boys report for practice yesterday. Tackles Willis Kenedy and "Dopey" Anderson, and Kenneth Hiett, end, are expected to bolster the Steer reserve strength. All three players have not reported since Spring training.

New plays will be given the Steers sometime this week, and Lubbock's eleven may be in store for a few surprises. Off-side penalties—costly to the Steers in previous games—are in the process of being eliminated with long practice on this phase. The boys are also receiving added instructions on the elimination of fumbles.

Light scrimmage is on the docket for the Steers the early part of the week, but rough and tumble practice will be given by the middle of the week. Wind sprints are in order for some of the Steers, who still seem to be "out of shape."

Coach John Dibrell commented, "Lubbock will have a very good team, but we are going to give them everything we have."

Editorial - - Govt. Will Have To Act On Farm Labor

Secretary Wickard's warning of shortage of farm labor only brings into the open from a prominent official what the farmers themselves have known for some time. The shortage is due, of course, to the war which takes men into the ranks or on the ships and into the factories and shipyards and the building of cantonments and other training bases.

Washington Daybook - Teacher Shortage Worse Than That Of 1917-18

WASHINGTON—With the back-to-school movement in full swing, U. S. Office of Education officials are up to their pedagogic chins in a teacher shortage situation that threatens to outstrip the crisis of 1917-18.

The Office of Education wasn't caught napping when the statistics began to scream for help. The office's wartime commission committee on teacher supply and demand had been studying the situation for a long time. They can't pull qualified teachers out of thin air, but they are making a lot of suggestions that help.

Enrollment At TU Is Off Ten Pct.

AUSTIN, Sept. 29 (AP)—Registration at the University of Texas reached 7,908 students today, a drop of 10 per cent from the same day a year ago.

Speed Laws Up To The States

WASHINGTON, Sept. 29 (AP)—The 35-mile-an-hour speed limit ordered by Director Joseph E. Eastman of the Office of Defense Transportation, theoretically is enforceable by a maximum \$10,000 fine and two years imprisonment, or both, as provided for violations of the second war powers act, but actually speeding violators probably will be handled by states as in the past.

Story

(Continued from page 6)

But Pete too! Maybe, she concluded acridly, she might have won Pete's devotion to herself if she had only played this game of naive, unguarded innocence!

As Bart drove into the gravelled driveway, Hulda appeared on the front porch, flapped her apron frantically.

"Miss Joodle! Hurry! Your father. On the telephone. As she flew up the steps, into the library. "Yes, Dad?"

"There's been a bad accident at the yards, Julie," her father's voice came steadily across the wire. "Pete Fowler's been injured."

"Pete!" Julie's heart contracted. "Badly, Dad?"

"Don't know yet. They are bringing him in. Understand it is his bad leg. Thought you'd want to come down."

"Are you at the Hospital?" "I will be in about ten minutes. Shall I meet you there?" "Yes—yes, of course. I'll be there."

To be continued.

Special Tests To Be Held For Typists, Stenos

Special examinations for stenographers, typists and junior clerks willing to accept immediate appointment to positions in Washington, D. C., with an entrance salary of \$120 a month will be held daily at the local postoffice beginning at once, Lawrence T. Lee, representative, 10th U. S. Civil Service region, announced today.

Applicants will be informed of their grades within five days after the examination and those who pass will be offered immediate appointment.

Junior stenographers must be able to take dictation at the rate of 80 words a minute and pass a general test of spelling and English.

Typists and clerks will be required to pass a speed test and a general test. Senior typists must be able to type at least 35 correct words a minute.

Only women are eligible to take this special examination. Applicants must be 18 years old or be 18 within 6 months after they are appointed. Maximum age limits have been waived.

The Federal Housing registry assures appointees of a place to live in Washington at a reasonable price.

Applications can be obtained by applying immediately to Lee, whose offices are in the city hall.

FAMED CATHOLIC—14 ... SHOW IN DALLAS DALLAS, Sept. 29 (AP)—Army emergency relief will benefit from a performance here Nov. 10-14 of the army war show, which drew 789,915 in Chicago, Maj. Charles S. Hart announced.

Merchant Marine Casualties Are Listed By Navy At 2,301

WASHINGTON, Sept. 29 (AP)—The navy disclosed today that more than 2,301 officers and men of the American merchant marine were either dead or missing as a result of enemy actions in the war at sea.

The total was composed of 410 known dead and 1,891 missing and included, by unofficial count, 61 ship captains and one woman, a stewardess identified as Mary Culom Kimbo of Nashville, Tenn. No wounded were accounted for in the report.

Since the report generally covered casualties announced to next of kin up to Aug. 1, 1942, it did not include all dead and missing resulting from attacks on American merchant ships to date. These will be listed in later announcements.

One name listed was that of Mack Burton Bryan of Randleman, N. C., who was third assistant engineer of the City of Bayville, which was sunk off Australia Nov. 8, 1940. The navy said Bryan "was reported as the first American merchant seaman casualty of the current war."

Otherwise the list dated from Sept. 27, 1941, when the I. C. White was torpedoed and sunk in the South Atlantic. Beginning then enemy air and submarine attacks have sunk or damaged more than 200 American merchant ships.

The navy said that the dead and missing list "includes only those casualties resulting directly from enemy action."

"Names of personnel of United States merchant vessels which are overdue and presumed lost are considered casualties of enemy action," the report continued. "The list does not include persons who were wounded, nor does it contain those who were casualties resulting from ordinary hazards of the sea. Neither are names of American citizens sailing on foreign flag vessels included."

The "missing" classification was described as covering some landed at remote places from which they were unable to communicate with U. S. authorities.

USES Staff Putting In Overtime

Aiding cotton growers in finding and placing pickers plus the increasing demands being made by war industries have compelled employees of the local branch of the United States employment service to work many hours overtime each day, O. R. Rodden, manager of the branch, reveals.

"For several weeks we have been working seven days a week," he said. "Week-days we have been working from seven o'clock in the morning until 10 o'clock at night and, though the offices are closed on Sunday, we have been working on that day also to keep up with our work."

All vacations have been cancelled and two new employees—an interviewer and a clerk—have been added to the staff, Rodden said.

No immediate prospect of a reduction in the amount of work that will have to be carried on by this office is in sight for Rodden because, he said, each day brings new requests for help of all kinds to carry on the war effort.

At present laborers are sorely needed by the employment service. Common laborers are paid 50 cents an hour and there is a need for many of them. Seven hundred railroad laborers are also wanted.

In addition to laborers, skilled workers of all kinds, stenographers, typists, cooks, butchers, and others are needed. In fact, just about anyone looking for a job can find to the USES offices and find immediate employment.

For example, if you can qualify as a fire marshal, they'll give you a job paying \$225 monthly, if you're skilled in culinary art to the extent that you can prepare good substantial meals for war workers, you'll be handed a job as camp cook with a salary of from \$100 to \$200 per month. Butchers, bakers, furnace-chargers, mechanics, skilled laborers, and office workers are needed and will receive pay consistent with their duties. Stenographers are paid \$175 a month, typists \$100.

The employment service rightly argues that it is the patriotic duty of every person not now employed to make application and to do so immediately.

Cotton Ed Now Is Concerned With Sweet Potatoes

WASHINGTON, Sept. 29 (AP)—Chairman Smith (D-SC) of the senate agriculture committee—some times called "Cotton Ed" because of his reputation as a cotton grower—has taken a sudden interest in sweet potatoes.

He told the senate during debate on anti-inflation legislation yesterday that a daughter had paid 30 cents for "two and a half potatoes" at a Washington store.

"They were charging 10 cents a pound," Smith added. "At that rate, some of my jumbo potatoes would sell for 60 cents apiece. If I could get a ceiling like that, I wouldn't grow anything but potatoes."

The trouble was, he said, the big profits went to "the middle man."

Shreveport Will Turn Out For Its First Dixie Game

SHREVEPORT, La., Sept. 29 (AP)—A record crowd of 10,000 was expected here tonight for the first Dixie series game ever played in Shreveport. Three thousand and reserved seats were sold yesterday.

The Shreveport Sports, who finished second in the Texas league and then conquered Fort Worth and Beaumont, in playoffs, enter the local set with one-game tie with Nashville, Southern association champion.

Shreveport fans were hopeful that Larry Gilbert would start Paul Erickson, a righthander, on the mound for the Vols. The Sports drove Erickson from the hill in the first game in Nashville last week.

Gordon Maltzberger was the probable starter for Shreveport.

Women Match The Men In Stamina

SAN DIEGO, Calif., Sept. 29 (AP)—Women the weaker sex? Not so, says Dr. A. C. Dick, chief surgeon of Consolidated Aircraft Corp., when it comes to endurance on a war production job.

"Put a man and a woman, both in good physical condition, at equal tasks—tasks, that is, which do not depend on brawn—and the woman will not tire so easily as the man," Dr. Dick told interviewers.

Lubbock Office Reports Recruits From Big Spring

The West Texas recruiting and induction district headquarters at Lubbock announces the names of several Big Spring men who have been enlisted in the army.

They include Israel Valdes in the signal corps, and the following as air corps specialists: Earl Myron Baker, Ellie Orran Parrish, Lovie Leonard Dorn, Alvin Eugene Gobel, Leo Eugene Nix, Thomas Brackton Dickson, Cecil Marion Scott, Kenneth Ray Williams, Eldon Lewis Hull, Clyde Vance Wilson, John Andrew Whisenant, Paul Revere Daw, Errett Austin Nance, Jr.

Colorado has more than 8,000 miles of fishing streams.

NOTICE
EFFECTIVE OCTOBER 1, AND FOR THE DURATION

Effective October 1, we are sorry to announce that we can no longer continue our credit business and delivery service. We are working short-handed, and yet trying to care for more customers, making it necessary to cut down on work every way we can. We do not have time to carry your accounts and take care of them as they should be taken care of. This is an action we are indeed sorry for, and we hope you understand.

Thank You,
Frank Rutherford

100% For Uncle Sam—These women are 100 per cent for Uncle Sam these days—both working and saving for him. As sub-depot employees at the Big Spring Army Air Force Advanced Flying School, they all signed for systematic purchase of bonds—averaging 10 per cent of their salaries for the purpose. They are, left to right, top row, Sue Reed, Lucille Frazier, Joyce Glenn, Glendell Rogers, Evelyn Thurston; second row, Gussye G. Brown, Lois Fowler, Catherine Penny, Judy Pickle, Bennie Doyle; third row, Olla Webb, Bea Yeager, Hazel Self, Mary Reidy, Fern Hornbeck; bottom row, Berniece Hardy, Dorothy Driver, Alice Pichman, Ruth Carr, and Maxine Pitzer.

Few On Hand To Assist In Plans For Industrial Scrap Collection

"Scrap slackers!" That's the term Ben LeFever, chairman of the Howard county war production board applied to industrialists who failed to attend the meeting held Monday night at the chamber of commerce to lay plans for the collection of scrap iron from industrial plants to be used in the manufacture of vital war materials.

One hundred men were, to quote LeFever, "invited, begged, cajoled, and summoned to attend the meeting." And yet, again quoting LeFever, "only ten men or ten per cent of those notified, had the common decency and patriotism to meet with us to work out one of the most important problems now facing this country at war."

Speaking to the handful of men assembled LeFever said, "If we have to get tough, we'll do it. Howard county industrialists, if they wish to save machinery replacements, should get busy and aid in this scrap drive or they will soon find the government taking away their scrap metal, that saved for replacement purposes and all."

LeFever and others at the meeting paid high tribute to newspapers for their unstinted efforts in publicizing scrap metal drives and other war efforts.

Though attendance at the meeting was disappointing, much was accomplished. Plans were formulated for picking up heavy collections of scrap on farms and industrial plants. Volunteers came forward offering the use of winches and trucks for the purpose. Others offered not only to donate scrap but to haul it as well.

The group that met at the chamber of commerce Monday night did not condemn efforts made by Howard county citizens on the whole, but they were resentful of the apathetic attitude on the part of industrialists evidenced by the lack of attendance at the meeting.

That Howard county has done its bit in the collection of scrap iron can be realized when it is noted that from Jan. 1, until Aug. 31 of this year Howard county has contributed and shipped 6,429,000 pounds of scrap iron. No figures are available on the amount of rubber, aluminum, copper, brass, and other materials collected and shipped.

It was tentatively planned to hold a meeting at Forsan in the near future.

Those attending the meeting included: Ben LeFever, Earl Sawdy, Ike McGann, R. W. Thompson, Mack Ooley, E. C. Masters, Bernard Lamun, Horace Wooten, L. V. Fritchard, Ted Grobel and J. H. Greene of the chamber of commerce.

THE WAR TODAY: Balkans Suffer Increasing Stress

(This column, conducted as a daily feature by Dewitt Mackenzie, Wide World war analyst, is written today by Glenn Babb, Mackenzie, seeking a shorter range view of the war, arrived in Britain last night and will resume the writing of the column tomorrow from London.)

An optimistic but anonymous Yugoslav official in London has likened today's frenzied situation in the Balkans to that of 1918 on the eve of the collapse of the Hohenzollern-Hapsburg axis. That autumn Turkey, Bulgaria and Austria-Hungary one by one raised the white flag and the German surrender followed quickly.

But hopes built on any imagined parallel between that September and this almost certainly will prove illusory. Undoubtedly Hitler, like the Kaiser, is having trouble keeping his lesser allies of the southeast up to the mark. There can be little doubt that it requires the strongest kind of pressure to keep the Rumanians and Hungarians side by side against the Red army, not to mention the Italians. But the parallel ends about there. In 1918 the British already had conquered large sections of the Turkish empire; Bulgaria had been invaded by the French and Serbs under the French General D'Esperay. The polyglot armies of the Austro-Hungarian empire were simply melting away.

Today the threat of invasion is far away from Hungary and Rumania. The armies they have contributed to the Russian campaign are fighting from 500 to 1,000 miles from home and the promises that they are to share in the spoils of conquest, or at least have favored places in the Hitlerian new order, have the appearance of fairly sound currency. Then, too, the ties with which the Nazi conqueror grapples his satellites to his cause are of far tougher fibre than those of 1918, far more ruthless terrorism, greater thoroughness of political control, the all-pervading fear invoked by the Gestapo.

But signs are appearing that the one-sided alliance is suffering increasing stresses. Fear was the primary force that brought the Bal-

Band To Start Rehearsals On Wednesday Eve

The newly organized Big Spring band will hold its first rehearsal in the Settles hotel Wednesday night at 8 o'clock. Sam Goldman, director, said Monday night at the close of an organization meeting.

More men are needed, he said, and urged that any one interested in joining the organization report at the rehearsal.

Goldman said that in view of the fact that the new band was obliged to draw from men outside the draft age the prospects for a good musical organization were bright. Cadets from the airfield, he said, were planning to "sit in" with the band while they were stationed here.

Egyptian Cotton Acreage Increased

AUSTIN, Sept. 29 (AP)—A substantial increase next year above the 200,000 acres of Egyptian cotton in Texas, New Mexico and Arizona was predicted by State Agriculture Commissioner J. E. McDonald.

The long staple is used in producing many articles used by the armed forces. Egyptian cotton is grown in the El Paso and Pecos valley sections in Texas.

McDonald said a reasonably big supply of certified seed should be available next year.

Band To Start Rehearsals On Wednesday Eve

The newly organized Big Spring band will hold its first rehearsal in the Settles hotel Wednesday night at 8 o'clock. Sam Goldman, director, said Monday night at the close of an organization meeting.

More men are needed, he said, and urged that any one interested in joining the organization report at the rehearsal.

Goldman said that in view of the fact that the new band was obliged to draw from men outside the draft age the prospects for a good musical organization were bright. Cadets from the airfield, he said, were planning to "sit in" with the band while they were stationed here.

Farm Payments To Be Based On Production Goals

DES MOINES, Ia., Sept. 29 (AP)—The 1943 agricultural adjustment program "will make payments directly conditional upon meeting the war production goals for each farm," M. Clifford Townsend, administrator of the national farm program, declared today.

"If the farmer falls below his goals, he will get reductions from payments that he would otherwise earn," Townsend, administrator of the agricultural conservation adjustment administration, said in an address prepared for delivery to a meeting of midwest members of the Farmers Union.

Forecasting expansion of the AAA payment program to other crops than those now included, Townsend asserted:

"This year farmers were asked to meet their goals for all commodities, but there were control provisions on only a few basic crops."

"Next year the farm goals for all products will represent what might be called a war production contract between the farmer and his government."

Crude Production Declines Again

TULSA, Okla., Sept. 29 (AP)—Daily crude oil production in the United States declined 7,025 barrels to 3,916,925 for the week ended Sept. 26, the Oil and Gas Journal said today.

California production was down 11,000 to 728,750; Kansas, 4,100 to 296,900; Louisiana, 10,200 to 380,050; and Oklahoma, 1,550 to 368,550. Illinois production increased 8,720 to 260,920; eastern fields, 2,300 to 97,500; Rocky Mountain states, 7,532 to 125,675; Texas, 2,100 to 1,280,850; and Michigan, 100 to 63,000.

East Texas was unchanged at 632,400.

Famed Catholic Layman Expires

DALLAS, Sept. 29 (AP)—A heart attack yesterday was fatal to George T. Burgess, 59, outstanding land title lawyer and recipient of the Sign and Jewel of Knights Commander of the Order of St. Gregory the Great, one of the highest honors which may be bestowed upon a layman by the Catholic church.

Cotton Bowl Plans Will Be Mapped

DALLAS, Sept. 29 (AP)—Cotton Bowl Athletic association officials meet today to consider whether the Southwest conference football champions will play a collegiate team or a service eleven in the 1943 show.

The choral works of Johann Sebastian Bach include more than 250 sacred and secular cantatas.

GREAT SPORTS EVENTS covered by a GREAT SPORTS STAFF

It takes the country's greatest sports staff to cover the country's greatest sports events for hundreds of America's newspapers. The Associated Press, and its affiliate Wide World, have that staff.

Right now it's swinging into action on the 1942 World Series, fall football from coast to coast, and the Louis-Cane fight.

Millions of American fans will follow these events with such experts of AP and Wide World as AP Sports Editor Herb Barker, Wide World Sports Editor Dillon Graham, columnist Whitney Martin, Hugh Fullerton, Jr., sports cartoonist Tom Paprocki, and AP sports writers Sid Feder, Judson Bailey, Gayle Talbot, Harold Claassen, Austin Bealmar and Orlo Robertson.

At the same time AP's Wirephoto and Teletext services provide the play by play pictorial story.

It's a sports coverage without parallel, because—

AP has full time sports writers in Chicago, Boston, San Francisco, Atlanta, Dallas, Los Angeles, Columbus, Des Moines, Denver, Kansas City, Detroit and Philadelphia in addition to its large general staff in New York and more than 200 special correspondents.

AP operates six football wires throughout the gridiron season, providing at least 100,000 unduplicated words every Saturday, exclusive of state coverage.

AP delivers the picture with the story and in addition, through Wide World a complete feature sports service.
