For those reasons, citizens have a personal interest in a proposal made by the Veterans of Foreign Wars at their recent national convention.

purpose and in practical accomplishment.

A resolution "demanded" that the 300,000 youths now enrolled in the CCC be signed as a permanent corps and "be recognized as a complement to our national defense."

This plan, carried out to its logical conclusions, would mean, in the first place, that every boy seeking the advantages of the CCC as it stands today would have to admit Big Spring and Eastland Out For the government's right to call him out for military duty in case of war.

- It follows also that the duties which the CCC has performed so admirably thus far in conservation and community building projects would have to be curtailed to al- seasons with defeats will be fight- club that may hit its stride later low for the teaching of the basic principles of army prac-
- tice. And out of it all would come the inevitable growth of

a junior military clique patterned after those now in vogue with the European dictatorships. * *

Of course, the CCC candidate himself would have to Spring are expected to have prof- game. LEAVES FOUR

Wrong, Well, yes-and no. The arithmetic of your school days taught that "If Mary had five dollars and spent two ... " three dollars remained.

But that is mathematics-not shopping! In managing a home . . . guarding a limited family income . . . we've simply got to do better than Mary did. We must sharpen our buying wits ... ascertain where the dollars of extra value lurk ... take five dollars to town and get much more for the money spent.

Fortunately, there are ever-willing guides right at hand-the advertisements in this newspaper. Advertised merchandise is often exceptional value merchandise. It makes dollars S-T-R-E-T-C-H.

> **MODERN DRY CLEANERS** EASTLAND, TEXAS

25,000 people a day in the Southwest hang up before the called party has a chance to answer. To get more answers:

1. Be slow to hang up when calling. 2. Be quick to answer when called.

IT'S IN THE News!

There are two classes of news in these columns every day:

(1) Interesting stories about events all over the world; and (2) The advertisements. Yes, the advertisements are news, and in many ways the most important of all, because they affect you more directly and personally than any other.

A new and better method of refrigeration is devised - and you learn about it through advertisements. Improvements are added to automobiles which make them safer than ever again advertisements carry the story. Styles change in clothing - and advertisements rush the news to your doorstep. A manufacturer finds a way to lower the price on his products - he advertises to tell you about the savings.

You'll find that it pays to follow this news every day. Reading the advertisements is the sure way to keep abreast of the world . . . to learn of new comforts and conveniences . . , to get full money's worth for every dollar you spend.
