America Contributed War Ideas to Japan

Any American who feels that the Japanese have shown themselves up for a crew of greedy and unprincipled muscle-men by their unprovoked assault on China ought to remind himself that a pretty fair part of it is America's fault.

Along with the rest of the western world, America made Japan what she is today. The war in China and all the horrors that go along with it are not native growths. The orient imported them, and we Americans did our share of the shipping.

The whole recent history of Japan, for that matter, is by way of being a sharp, ironic commentary on our civilization.

Until the middle of the 19th century, Japan was living like a silkworm in a cocoon. She neither knew nor cared what was going on in the outer world. She was the "forbidden kingdom" in sober truth. Nobody could get in and nobody could get out; as a result, Japan was living in the middle ages.

Then the dikes were broken. If you remember your history, you may recall that it was the United States navy which broke them. Japan came out of her cocoon and confronted a world which had got about six centuries ahead of her.

And it was right there that the western world, including America, handed out a stone in place of a loaf of bread.

For the Japanese seem to have looked around and decided that the more advanced white nations were relying on a policy of force, pure and simple. No matter which nation Japan took for an example—America, England, France, Germany, Russia—she could not fail to see that national expansion, prosperity and greatness were being sought and won at the point of the bayonet. And the power of example is the most forceful of all arguments.

So Japan followed suit. She modernized her army along western lines. She built a great navy along western lines. She adopted a policy of imperialism along western lines. She saw what kind of game was being played, called for the same sort of cards, and set out to get all she could out of them.

So what is happening in China today is happening because Japan learned her lesson from the western world too well. The very airplane with which Japan is scourging Chinese noncombatants is an American invention; the idea of using it on defenseless cities came from Europe; and the notion of taking another nation's territory by force may well have come—in part, at least—from our own excursion into Mexico in the 1840's.

FRECKLES and HIS FRIENDS—By Blosser

British Cabinet Is Called to Meeting

LONDON, Oct. 5.—A meeting of the British cabinet has been ordered for tomorrow to consider the international situation, including President Roosevelt's Chicago speech.

Static Broadcast from His Brow

When Nurse Anna Gurgart placed the broadcast "mike" on George Yocum's head, 500 medical students and doctors in Philadelphia plainly heard "static" produced by Yocum's blood stream in a head wound. The static also was translated into visible rays for scientific study. Yocum, a coal miner, has been troubled with the roar of blood since injury by falling rock.

Guard Is Drowned Pursuing Fugitives

SUGARLAND, Oct. 5.—Two negro convict whose escape from Central State Prison farm resulted in the drowning of a guard, eluded posses of officers today. John Ford, 35, the guard, at-

tempted to cross the Brazos river on a horse yesterday to trail the negroes, Sonny Miller and Edward Taylor, fell into the stream and was drowned.

As a friend of the working man, the best a retiring congressional lobbyist can claim is that he spent a lifetime railroading.

Back in the Swing

A happy smile brightens the poker face of Helen Wills Moody as she examines the trophy she won for capturing the Pacific Southwest doubles championship at Los Angeles with Baron Gottfried von Cramm. The victory sent the former Queen of the Courts off to a good start along the comeback trail.

Rep. Marvin Jones To Address Cotton Meeting On Oct. 14

TAYLOR, Tex.—Congressman Marvin Jones of Amarillo, chairman of the House committee on agriculture, has accepted the invitation of Elmore R. Torn, agricultural director of the East Texas Chamber of Commerce, to be the principal speaker at the one-day regional cotton agricultural meeting to be held here on Oct. 14.

SISTER MARY'S KITCHEN

By Mrs. Gaynor Maddox, NEA Service Staff Writer. CARROTS for health is not news, but carrots for a caramel pie is sweet news. And it comes from California where they used to talk only about the climate.

- Carrot Caramel Pie (6 to 8 servings) One and one-half cups carrot pulp or 5 medium size coreless carrots, 1 cup evaporated milk, 1-2 cup water, two eggs, 1-2 cups brown sugar firmly packed, 1 cup chopped dates, 1-2 cup chopped walnuts, 1-2 teaspoon salt, 1 tablespoon mixed pastry spices, 1 unbaked nine-inch pastry shell. Wash, scrape and cut carrots. Cook until tender in boiling water to cover. Drain and force carrots through a sieve or ricer. Scald milk and water. Beat eggs only enough to mix. Gradually add scalded liquid. Then add sugar, spices, salt, carrot pulp, dates and walnuts. Pour into unbaked pastry shell. Bake in hot oven (450 degrees F.) 15 minutes. Reduce to moderate oven (350 degrees F.) and bake 30 minutes longer, or until a silver knife inserted in the center comes out clean. Cut when cold. Serve plain or with whipped cream. It may be the influence of Hollywood that makes carrots dress for dinner. And dinner, to the carrot family, consists of a lot more than pie. Salinas Carrot Casserole (6 to 8 servings) Two bunches carrots, 4 medium size potatoes, 1 onion, 2 cups medium white sauce, seasoning, grated Italian cheese for dusting top. Wash, scrape and cut carrots in rounds. Pare and cut potatoes in rounds. Make medium white sauce and season well. Place al-

Caught a Cold?

To help end it sooner, rub throat and chest with VICKS VAPORUB

"FAIREST OFFER I EVER HEARD OF!"

Says ROLL-YOUR-OWNER, R. N. McCULLOUGH,

about Prince Albert's money-back-if-not-delighted offer.

FOLKS down here say I'm kind of fussy about 'makin's' tobacco. I tried them all before I found my choice—Prince Albert! It burns slow and cool. It's mellow and it rolls so smooth and firm. That's because P.A. is crimp cut. And it's processed with a special no-bite treatment that makes it mellow as you could imagine. So you can roll a lot of pleasure out of a tin of Prince Albert. That's why I say—Try P.A. on that no-risk offer! (Special offer for pipe-smokers too!)

SMOKE 30 MILD, TASTY CIGARETTES BEFORE DECIDING...

Roll yourself 30 swell cigarettes from Prince Albert. If you don't find them the finest, tastiest roll-your-own cigarettes you ever smoked, return the pocket tin with the rest of the tobacco in it to us at any time within a month from this date, and we will refund full purchase price, plus postage. (Signed) R. J. Reynolds Tobacco Company, Winston-Salem, North Carolina.

IT'S THE twin-star features of Prince Albert that roll-your-owners go for, as Mr. C. C. Reynolds brings out. He says: "While I want my smoking tasty, it's just got to be mild and mellow too. Prince Albert's got all that." BETWEEN spares and strikes, Al Twiggs (above) and W. E. Henderson, Jr. (right) agree: "Prince Albert lays, packs, and rolls right. It draws elegant and burns gradual. Cool smoking too. That's important to any roll-your-owner." THERE'S Al Twiggs about to roll a winning ball after he's rolled a winning "makin's" smoke. C. C. Reynolds (left) and W. E. Henderson, Jr. (right) are also having cool, tasty P. A. smokes. 70 fine roll-your-own cigarettes in every 2-oz. tin of Prince Albert. SO MILD. SO TASTY. THE NATIONAL JOY SMOKE.
