

COTTON CROP OF U. S. TO BE THIRD LARGEST

WASHINGTON, Oct. 8.—The Department of Agriculture today estimated the United States cotton crop this year at 17,573,000 bales.

The estimate was up 1,475,000 bales from the September 1 forecast of 16,098,000 bales.

The Bureau of Census reported 8,256,445 bales ginned from this year's crop prior to Oct. 1, compared with 6,031,950 for 1936, and 4,233,068 for 1935.

Department of Agriculture officials pointed to the large estimate in substantiation of their demands for a special session of congress to enact crop control legislation for the next year.

The Texas yield was estimated at 5,925,000 bales.

WASHINGTON, Oct. 8.—President Roosevelt said today he might delay a decision on whether to summon a special session of congress, indicated as a possibility for November, until after his return to Hyde Park, N. Y., next week.

ATLANTA, Ga., Oct. 8.—The Commodity Credit Corporation today announced a revised schedule of loan values on cotton ranging from 6 to 9 cents a pound.

The corporation pointed out the new schedule qualifies certain grades of cotton formerly ineligible for loans and increases the loan value of certain low grade cotton.

HOUSE CHANGES ITS ATTITUDE ON TAXATION

AUSTIN, Oct. 8.—The House of Representatives showed surprising overnight change today and refused, 78 to 41, to recommend an omnibus tax bill.

Praying Rebels Will Spare Son

While the world waited the outcome of a Spanish rebel court-martial which was to decide whether Harold E. Dahl, 28, should live or die, no one waited with more anxious prayers than his mother, Mrs. Ida Dahl, pictured above in her Champaign, Ill., home.

Dahl, flying for the Loyalist government, was captured when his plane was shot down behind the rebel lines. His bride, lovely Edith Dahl, former singer with Rudy Vallee, appealed to General Francisco Franco for mercy, which was granted.

Blanton, former 17th district congressman in each of 14 counts in his \$100,000 slander and libel suit against Congressman Clyde L. Garrett of Eastland, and Garrett's campaign manager and secretary, J. W. Cockrill of Gorman.

In his charge the court defined legally the words "conspiracy" and "malice" and the phrase "to reside at a place."

River Authority Sets Yardstick For Cheap Power

AUSTIN, Oct. 8.—The Colorado River authority set a yardstick for cheap electric power in rates offered the City of Austin as revealed in litigation filed here today in the state supreme court.

A friendly mandamus petition asked the court to require officers of the authority to execute a contract agreed upon between the city councilmen and directors of the authority.

Under the rates offered, it was computed the city will be furnishing electric energy at 4.5 mills per kilowatt hour. A sliding scale provides still cheaper energy for larger quantities.

SUIT ASKING VOIDING OF 1936 BEER, WINE ELECTION DISMISSED

The Eleventh Court of Civil Appeals dismissed Friday the 19-month-old suit of Joe J. Mickle and others against C. L. Garrett, county judge last year, which had been appealed from 91st district court for the invalidation of a beer and wine election.

O. C. Funderburk, associate justice, stated in the opinion: "There is no statute so far as we know authorizing this suit by appellants (Mickle and others) and by their pleadings they show no right to sue."

Joe J. Mickle, O. O. Mickle, J. Mayes, P. L. Parker, purportedly for "themselves and more than 250 qualified voters of Eastland County, Texas" brought the suit to have adjudged null and void an election April 18, 1936, on legalizing the sale of vinous and malt liquors that do not contain in excess of 14 per cent alcohol by volume and to enjoin first temporarily, then permanently the then county judge, Garrett, from hearing or granting applications for licenses or permits.

George L. Davenport, judge of 91st district court, April 27, 1936, granted a temporary restraining order but provided the writ should require the defendant to appear in court April 30 to show cause why it should not be perpetuated and why he should not be restrained to hear applications for beer permits or licenses.

Garrett was named defendant because of his official office. On the date set by the court the restraining order was vacated and relief asked for the voiding of the election denied. From that judgment Mickle and the others appealed.

After the record of the case was filed in the appellate court Secretary Attends City League Confab

M. H. Kelly, city secretary of Eastland, was attending the final session of the League of Texas Municipalities convention at Mineral Wells.

The convention opened Wednesday. It marked the 25th annual convention of the league.

Lawyer Requests Vote Contesting Case Be Speeded

Criminal District Attorney Earl Conner, Jr., filed Thursday in the Eleventh Court of Civil Appeals a motion to advance submission of a case questioning the invalidation of the recent Eastland county prohibition election.

The election, as shown from official returns, showed the county favored prohibition of sale of all liquors.

Ninety-First district court Judge B. H. Atchison, sitting for George L. Davenport, disqualified, voided the election for Graham Connally and other wholesalers and retailers who contested the vote because of improper notices and an improper ballot.

Criminal District Attorney Conner and members of commissioners court are defendants because of their official positions.

The judgment was made upon the answers of a jury to special issues.

Casualty Underwriters was insurance carrier for the company by which he was employed.

The \$623.10 sum was ordered paid in 13.85 installments for 30 weeks dating from April 6 and in installments of \$6.92 for 30 weeks from the expiration of the 30 weeks from April.

EUROPEAN AND EAST CRISIS ARE WIDENED

WASHINGTON, Oct. 8.—President Roosevelt returned to Washington today and summoned his chief foreign advisors into conference on the international situation.

ROME, Oct. 8.—An Italian note, refusing to discuss withdrawal of volunteers from Spain except on Mussolini's own terms, will be delivered to Great Britain and France today or tomorrow, it was said today.

Mussolini, in an agreement with Adolf Hitler, had decided to defy British and French demands that he withdraw his men from Spain and his reply constituted in effect an invitation to Britain and France to take action if they saw fit.

The note was expected to precipitate a new European crisis and Mussolini evidently was ready for it. France's threat to open her frontier to the Spanish loyalists could get men and munitions through France, has failed to move him.

TOKYO, Oct. 8.—Foreign Minister Koki Hirota addressed a cabinet council today on the crisis started by the United States and League of Nations' condemnation of Japan's course in China.

Just before the meeting a foreign office spokesman disclosed that Hirota was drafting a statement on the situation in the name of the government and it was believed that, declining to take personal responsibility for it, he had submitted the statement to the government as a whole.

Indications increased that the result of the international criticism of Japan might be, sooner or later, a formal denunciation of the nine-power treaty concerning China's status and a flat challenge to the world to stop Japan if it could.

ONE CONVICT IS KILLED IN PRISON ESCAPE

ANGLETON, Oct. 8.—A convict who fled in a break from Ramsey State Prison during which another was killed and a third captured made good his escape today.

George Hernandez, 22, sentenced to two years from El Paso, was killed by guard Pat Safford.

Justo Cano, 20, serving 32 years from El Paso, for assault, robbery and burglary, escaped.

Antonio Martinez, 28, serving life from Houston for rape, was captured by Safford a few minutes after the break, which occurred at dusk yesterday.

Safford reported to prison officials the convicts were gathering corn. They worked their way behind a wagon and fled into the woods.

Two Sets of Girl Twins Raise Havoc On U. of T. Campus

By United Press
AUSTIN, Tex.—Those unbelievable Stamm twins, four of them, are bringing havoc to the University of Texas campus these days. There happen to be four because Aurelita and Eliska, 19, look so much like Joy and Jocelyn, 16, that only intimates—and not all intimates—can tell one from

the other. They look so much alike that the Alpha Delta Pi sorority pledged them all at once to avoid confusion.

Boys, they confess, occasionally go out with the wrong sister without knowing it. When Aurelita, for instance, gets a chance to make two dates for the same hour she merely passes one along to Eliska, Joy or Jocelyn. The boy never knows the difference, and everybody is happy.

All four are trim, brunette, and pretty. They live together and wear the same kind of clothes even the same sizes. They are almost always together and even catch colds at the same time, Eliska said.

The girls are the daughters of Mr. and Mrs. A. F. Stamm of Rayne, La. Stamm is an oil dealer. The older twins graduated from high school three years ago and went two years together to Southwestern Louisiana Institute, and then were separated for the first time in their lives.

Last year Aurelita taught at Merse, La., and Eliska at Lake Arthur, 25 miles away. The distance was short, but neither enjoyed the separation.

When Joy and Jocelyn chose the University of Texas, the 19-year-old twins came along to take some more education courses. The younger two are studying physical education.

When the four girls appeared on the campus, eye-hubbing started.

ed. Aurelita and Eliska were waved aside with "we've seen you, quit kidding" when they appeared for medical examination. Joy and Jocelyn had been there a short time before.

The girls have an older brother and a younger brother and a sister. "It's fun being twins," they admit.

Housewife to Pay High Meat Prices At Least a Year

CHICAGO.—The wife paid almost as much for tonight's steaks or chops as she—or her mother—paid in world war days, and she may expect to go right on paying these prices at least until next summer, a United Press survey showed today.

Price of beef and pork, especially the choice cuts such as steaks, have risen as much as 50 per cent since last Halloween. The biggest boosts are in the east and on the west coast.

Butchers and packers blame the droughts of past years. Corn and feed of all kinds was burned out, became so scarce there was not enough to feed the usual supplies of prime stock. Many ranchers and farmers sold what stock they had and decided there would be no profit in raising more. Others took a chance on buying expensive feed, but demanded higher prices.

Hope for relief lay in this year's bumper corn crop, but packers said its effect will not be reflected in the prices of meat until next summer.

Sharpest rises in beef prices were in Indianapolis, Omaha, Buffalo, N. Y., Memphis and Seattle. Sharpest pork rises were in Buffalo, Des Moines, Cincinnati, Columbus, Indianapolis and Memphis.

Success of Roosevelt's western trip to feel the nation's pulse seemed to depend on finding public thought in the right vein.

FINE HORSES DOMINATE CIRCUS PROGRAM

Motorized transportation has replaced horses to such an extent that in many localities the horse has actually become a curiosity. Even on the modern circus, the multiple teams of draft horses are more than ever an indispensable factor. Indeed, the horse's standing as a show animal has been materially enhanced by the horse's banishment as a work animal.

backs upon which acrobatic riders cavort with elfin agility; the galloping, mettlesome "pintos" and "paints" with which roughriders and Indians keep alive the vigorous sports of the old West. All these will be seen with the Russell Bros. Circus, not to mention capricious trick mules and cunning little ponies performing their drills with military precision or racing with tiny monkeys as jockeys.

Take away all else from the circus, leave only the horses, and still you will have an exhibition to stir the very soul.

The Girl Who Became a Man

The second such strange case in two years to crop up in Czechoslovakia—the metamorphosis of Miss Stephanie Pekarova—a pitcher, top photo, into Stepan Pekar, a man, lower photo, is drawing the attention of medical authorities. The pictures show Miss Pekarova as she was when the athletic commission officially declared her a woman two years ago after careful examination, and same individual, now Stephan Pekar, medical student at Prague University, as he looks today, with equal definiteness declared a man.
