In this terse statement Tues-

lay Mayor C. W. Hoffmann announced that effective April 4 his our years of service to the City of Eastland will come to an end. The announcement by Mayor Hoffmann declaring that he will not be a candidate for re-election ollowed calling of the election for April 4 at a meeting of the comsion Monday night.

At that time two other oners' terms expire. They are H. O. Satterwhite and L. J. Lambert. Mayor Hoffmann was elected to office four years ago on a "citizen's party" ticket.

Eastland leaders are unaninous in praise for the work of Mayor Hoffmann and point to his i administraton as being one which has accomplished much. Accomplishments of the Mayor

Hoffmann administration include vast improvement of Eastland roads and lakes through sponsorship of WPA projects. Particularly have Eastland's recreational failities been developed. The construction of the swimming pool and consequent improvements at City Park were among the initial projects of the city after Mayor Aoffmann was inducted to office.

Will Courtesy Be Met With Courtesy?

The law has been upheld which is intended to protect foreign diplomats from harassing or threatening "demonstrations" in front of embassies. By refusing to review the sentences of four men convicted under the law, the Supreme Court apparently closed any further direct appeal.

Congress passed the law at the suggestion of the State Department after street "demonstrations" before the German and Italian embassies by people opposed to the policies of those governments.

"Congress shall make no law," says the Constitution, . abridging . . . the right of the people peaceably to assemble and to petition the government for a redress of grievances." The cardinal point of the first amendment must be carefully and vigilantly guarded. It is one of the very cornerstones of liberty.

The new law skates uncomfortably close to the edge of this guarantee. But as nothing is said about assembling and petitioning other governments for the redress of somebody else's grievances, one must presume that constitutional rights have not been infringed.

The law is based on courtesy. Ever since nations began to deal with one another, an ambassador has been granted special immunities and privileges. The most savage tribes often take pains to guard and protect one who Township Treasurer comes on a mission from another. So it has been always the custom in civilized countries to consider the actual grounds of a foreign embassy as practically territory of

In return for this sort of consideration, nations have with the money to establish poor citi-ed a "20th century Robin Hood," zens on farms so they would not I did time an Eliasville man enter the money to establish poor citi-ed a "20th century Robin Hood," zens on farms so they would not always expected foreign ministers and ambassadors to mind their own business with equal punctiliousness. Any dabbling in the internal affairs of the country to which they are credited has always in the past been considered the worst of bad manners and a poor repayment of the courtesies extended.

In passing the law as that under discussion, the United States has put something of a strain on the rights of her own citizens in order to guarantee to foreign representatives a courtesy by no means extended to ours in all other

It has every right to expect courtesy and consideration in return. If any foreign representatives do not understand such language, and use their diplomatic status and privileges to mix into American domestic affairs, thus repaying courtesy with discourtesy and abuse, then the next work should not be courteous. It should be "Out!"

Three Cleveland bandits entered a store, frightened the proprietor by blowing their noses vigorously, then walked off with \$150. That's the first time we've ever heard of anything profitable from a cold.

"You can't be sluggish in during the same period of 1937. posture does express pers

he Safety Sensation of 1939! restone The Only Tire Made with the

NEW SAFETY-LOCK CORD BODY

and NEW GEAR-GRIP TREAD ...

NEVER before in our experience has a tire met with such instant and unanimous approval as the new Firestone Champion Tire. It's the Safety Sensation of 1939! Our customers have started a word-of-mouth campaign

that is making this the biggest selling tire we've ever had. Motor car, manufacturers have been so impressed by its superior performance that they have adopted it for their 1939 models.

Why? Because the Firestone Champion Tire is an entirely new achievement in safety engineering.

Stronger Cord Body. This is accomplished first, by the use of a completely new type of tire cord called "Safety-Lock," in which the cotton fibers are more compactly interwoven to assure cooler running and provide greater strength. Then, the fibers in each individual cord, the cords in each ply and the plies themselves, are all securely locked together by a new and advanced Firestone process of Gum-Dipping which provides amazingly greater strength. And greater strength means greater safety.

More Non-Skid Mileage. The new Safety-Lock cord construction provides the extra strength needed for the use of the new, thicker, tougher, deeper Firestone Gear-Grip tread which delivers remarkably longer non-skid mileage. This sensational new tread is called "Gear-Grip" because of its unique design - it has more than 3,000 sharp-edged angles which grip the road with a sure-footed hold to protect against skidding and assure a safe stop:

Drive in today and equip your car with a new set of Firestone Champion Tires - the only tires made that are safety-proved on the speedway for your protection on the highway.

WPA's biggest trouble, how-

ever, has come from the very nature of its job. WPA exists primarily to put men to work; that has to come first, even when—as (Copyright, 1939, NEA Service, Inc.)

SISTER MARY'S KITCHEN

BY MRS. GAYNOR MADDOX NEA Service Staff Writer

ALL in the young in heart, set up the buffet table, decorate the table and room with hearts and arrows and pale pink flowers —and honor the patron saint of

Make a fruit punch of pineapple and grapefruit juice and color it appropriately with some of the fresh strawberries you will find in the market. Slice a few berries and have them float in the punch. Have sandwiches, of course— delicate, heart-shaped ones filled with tuna fish and peppers, sliced whole pimientos, radishes and cream cheese.

A chafing dish of hot creamed chicken and mushrooms would be a delicious addition, particularly for the Valentine supper party.

Your cakes will sing the affectionate praises of St Valentine.

They should have pink icing and ribben.

They should have pink icing and pink and pale green icing flowers on them. Include strawborn They should have pink icing and pink and pale green icing flowers on them. Include strawberry ice cream for dessert, of course, or a strawberry gelatin concoction in a heart-shaped mold.

Finish off with tea and coffee, with reconstructions of the paper plate on the under side, pasting it firmly in place.

nuts, peppermint wafers with lovers' messages, cigarettes and as-sorted sugar candies.

Natural Sandwich Trays

Paper sandwich plates in red, gold and powder blue are effective and easy to make for the Valentine party.

To make one tray use a paper lace doily. Decorate it with hearts and flowers cut from decorated paper. Paste this to a paper plate.

The handle is made from two wires wrapped in white crepe paper. Bend wires to form the two hearts at the top and then wrap the four ends of the wires into one stem.

The stem is put through a hole punctured in the center of the paper plate. On the under side of plate, separate the four ends of the under side of plate, separate the four ends of the under side of plate, separate the four ends of the under side of plate, separate the four ends of the under side of the plate, at the second plate on the paper plate. On the under side of plate, separate the four ends of the plate, at the paper plate.
