Cosden Petroleum To Rebuild One Of Its Cracking Units

Rebuilding of a cracking plant, partially destroyed by fire in May 1947, was authorized by directors of the Cosden Petroleum Corp. here Monday. This action was taken by the board of directors after its re-election at the annual stockholders meeting and came as its members reviewed operations of the company during the past year and approved plans of the management for the coming year.

Fighting Is Still Reported In Palestine

CAIRO, July 20 (AP)—Jewish sources in Haifa said today fighting still was going on in Northern Palestine on the third day of the truce imposed by the United Nations. A main Cairo thoroughfare was blasted last night when a single unidentified plane raided the Egyptian Interior Ministry and explosives experts said the plane dropped an "Aerial mine" which damaged a motion picture theater and two department stores.

The Israeli government said it was not one of its planes. Premier Mahmoud Fahmy Nokrashy Pasha left a cabinet meeting and rushed to the scene of the explosion. He told newsmen: "If this plane proves to have been a Zionist plane and such an action is repeated by the Zionists, we will reply immediately." First estimates said two persons were killed and 17 wounded.

Navy Denies A-Bomb Lost

WASHINGTON, July 20 (AP)—A statement by Rear Adm. Ellis Zacharias, retired, that a Navy ship carrying an atomic bomb sank without trace in the Pacific during the war had this terse official denial pinned to it today: "No Navy ship carrying an atomic bomb ever disappeared."

The former Navy intelligence officer told a Mutual network radio audience Sunday that near the close of the war a vessel bearing an atomic bomb headed for the island of Tinian but disappeared before getting there.

A Mutual spokesman said Zacharias had identified the ship as a destroyer and had added that the story was once released by the Navy, but was generally overlooked in the flurry over the Hiroshima and Nagasaki atomic explosions.

Douglass Has Fire

City firemen were called to the Douglass hotel at 7:30 p. m. Tuesday when a fire was discovered in a store room. The blaze was extinguished, with only slight damage recorded.

Reds Claim They'll Feed All Berliners

Western Area Is Included In Program

BERLIN, July 20 (AP)—With great propaganda fanfare the Russians announced today that they were prepared to supply food for all Berlin including the two million German inhabitants of the Western sectors whom they have blockaded for more than a month.

They claimed they would be able to do this with 100,000 tons of bread grains imported from the Soviet Union. The Soviet food was not available for the present. Shippers sent into the Russian sector of the city to buy rationed foods found that storekeepers refused to honor their coupons.

It was held likely the Russians would put a limited amount of food on the market for its propaganda value, but not enough to supply all needs. An announcement by the official Soviet news bureau told Western Berliners they must buy food with Soviet-sponsored German Currency which circulates here as a rival to the Western-sponsored deutschemark.

The announcement was timed to coincide with a statement by the Western allies that they were unable because of the Russian land blockade to deliver proposed increases in food ration scales for their sectors of the city.

Thus the Soviet announcement was a double-barreled attack on the Western powers. Not only did the Russians claim they could feed all Berliners but their announcement sought to discredit Western-sponsored currency as worthless for the primary function of buying food.

In Frankfurt Gen. Lucius D. Clay, American military governor, showed skepticism of the Russian offer to feed all Berlin.

West Europe Urges Caution

THE HAGUE, Holland, July 20 (AP)—The five powers of the Western European Union agreed today on a go-slow policy toward Russia in Germany. The representatives of Britain, France, Holland, Belgium and Luxembourg were represented as considering the crisis "extremely grave."

A usually well-informed source said the five-nation council reached complete agreement on a cautious policy for all five countries in the dispute with Russia over Berlin.

This, in effect, presented the United States with a united front of the countries of Western Europe interested in Germany. It showed them opposed to any show of force on the part of the United States.

Says Dixiecrats Are Not Bolters

LONGVIEW, July 20 (AP)—So you thought it was the Dixiecrats who bolted the Democratic Party. Meritt Gibson of Longview, who leads the Texas states rights group, says it was just the other way around. "It's the Democrats who bolted in Philadelphia, not us," Gibson said yesterday on his return from the Dixiecrat convention in Birmingham, Ala. "We're the ones sticking to our old party beliefs of local self-government."

South Carolina Gov. Strom Thurmond and Mississippi Gov. Fielding Wright were named as presidential and vice presidential nominees at the meeting in Birmingham. "It seems to me that the only fair and accurate way of determining the will of the people of Texas is to let them decide in the second primary whether they want presidential electors pledged to Truman and Barkley or electors pledged to Thurmond and Wright," Gibson said.

Valley Cotton Hits 66,659 Bale Mark

HARLINGEN, July 20 (AP)—Gins in the four county Lower Rio Grande Valley area turned out 66,659 bales of cotton through July 16. J. A. Alderdice of the State Department of Agriculture, in announcing the figure, said rains last week damaged lint, caused lower bolls to rot, sent some cotton pickers migrating to other areas and favored a rapid increase in boll weevils.

President Issues Draft Proclamation

Registration Will Start August 30

WASHINGTON, July 20 (AP)— President Truman today issued a proclamation calling for the draft registration to start August 30. On that date, persons born in 1922 after August 30 will register.

The proclamation also fixes the following dates for the registration of other youths between the ages of 18 and 26: 1. Persons born in the year 1923: Aug. 31, and Sept. 1. 2. Persons born in 1924: Sept. 2 and Sept. 3. 3. Persons born in the year 1925: Sept. 4 or Sept. 7. 4. Persons born in the year 1926: Sept. 8-9. 5. Persons born in the year 1927: Sept. 10-11. 6. Persons born in the year 1928: Sept. 13-14. 7. Persons born in the year 1929: Sept. 15-16. 8. Persons born in 1930 before Sept. 19: Sept. 17-18. Boys born on or after Sept. 19, 1930, under the proclamation, will be registered on the day they are 18 years old or within five days thereafter.

The President's proclamation called on the governors of each of the states and the territories of Alaska, Hawaii, Puerto Rico and the Virgin Islands and the commissioners of the District of Columbia to comply with the drafting program to "accomplish effective and complete registration." There was nothing in the proclamation to indicate when actual inductions into the armed services will begin. By law, the draft can't start until Sept. 22. That is 90 days after Mr. Truman signed the selective service act.

The draft law passed by Congress last month requires men 18 through 25 to register, although none can be drafted until reaching 19. Eighteen-year-olds can avoid the draft by enlisting for one year and then serving for a longer period in the reserves. Such enlistments will be accepted starting tomorrow. Some 4,000 registration places will be used, as compared with 120,000 used before World War II, and 13 million draft and registration cards have been prepared. The first registration is expected to total 9,600,000, with several thousand more men to be listed each month after that.

Attempt Made To Assassinate Jap Communist

TOKYO, July 20 (AP)—A new labor drive for political power can be expected to follow last night's attempt to assassinate Communist Leader Kiyochi Tokuda. Behind that will be a sharper clash between radicals and conservatives—with only the presence of Gen. MacArthur's troops preventing what MacArthur himself once predicted could be "a blood bath."

A former Communist, brought home to Japan from a wartime Russian prison camp, threw a dynamite-filled pop bottle at Tokuda. "Communism is no good for Japan," he told police to whom he surrendered. Tokuda was speaking at a political rally in Saga City, Kyushu, when the bomb was thrown from a balcony by Ichiro Koga, 27-year-old coal miner.

It burst near Tokuda's feet, just behind him, and tiny fragments of glass peppered his leg, arm and neck. "This was dangerous, I thought," Tokuda later told newsmen as he washed his 38 minor wounds—while some of the panicky audience plunged unharmed from windows. Then he finished his speech and went to a hospital. "I regret extremely that I did not assassinate Tokuda. As long as there is communism in Japan, she cannot be rehabilitated."

Truman Will Ask For Approval Of Wheat Pact

WASHINGTON, July 20 (AP)—The White House said today President Truman will ask the Senate next week to ratify the international wheat agreement immediately. Mr. Truman also will ask Congress to approve the proposed \$65 million loan to the United Nations for the erection of permanent headquarters in New York City. Presidential Secretary Charles G. Ross said both actions are part of the President's program for relieving international tension and promoting world peace.

Ross said Mr. Truman has not decided yet whether he will deliver his message or messages to Congress in person or send them to Capitol Hill next week. He said drafting of an anti-inflation bill is just being started. Ross said he does not have any information whether the President will ask for price controls on meat or other commodities. Asked about the cost-of-living bill, Ross said: "The whole subject is still being studied. The bill has not been drafted yet."

HERALD TO CARRY PRIMARY FORECAST

The Texas Poll will publish the results of its pre-election survey in the U. S. Senate race and the Governor's race Friday and Saturday in the Herald. This latest statewide survey of voters was launched Monday and will continue until Friday, the day before the primary election. It will include interviews with 1,500 eligible voters representing a scientific cross-section of the electorate. Seventy-eight professional interviewers are now conducting the poll in every section of Texas.

REGIME FALLS

Communists Seek French Premiership

PARIS, July 20 (AP)—Communists proposed today that their leader, Maurice Thorez, be designated the new French premier to head a coalition government of Socialists and Communists. Thorez was the first majority party leader to call on President Vincent Auriol, who is searching for a new premier. France's middle-of-the-road government, headed by Robert Schuman, toppled last night after a dispute over the army's budget.

There was no immediate prospect of Thorez being invited to share in the government. He called on Auriol first because the Communist Party has the largest representation in the National Assembly. They and affiliated groups have 186 out of 618 deputies. They were not represented in the last cabinet. Following Thorez was Andre Colin, secretary general of the Popular Republican MRP group, with 153 members in the assembly. Schuman is a member of the MRP, and many believe he will be called upon to form a new cabinet.

Auriol was expected to try to find a premier who could reunite the "third force" coalition of Popular Republicans, Socialists and Radical Socialists. Under Schuman's leadership they had opposed the Communists on the left and Gen. De Gaulle's French People's Party on the right.

Death Claims T-Man Founder

WASHINGTON, July 20 (AP)—Elmer L. Irey, who snared Al Capone and many another public enemy for tax evasion, is dead. The 60-year-old former chief of the Treasury Department's law enforcement agencies succumbed to a heart attack late yesterday at his summer home in Shadyside, Md.

During his 40 years in government service, Irey played a major role in recovering millions of dollars from income tax dodgers, big and small. here yesterday met almost in full American demands denounced only a short time ago by Belgrade as exorbitant. Among other concessions, Tito agreed to hand over \$17 million within the next six weeks to pay for American property the Communist regime has taken over in Yugoslavia.

COMpletely REVERSES STAND

Tito Patches Up Old Quarrel On Holdings And Killings

WASHINGTON, July 20 (AP)—By patching up an old quarrel with the United States, Yugoslav Marshal Tito fed new speculation today that he may be warming up to the West after falling out with Moscow. An amicable settlement which his Communist government, signed here yesterday met almost in full American demands denounced only a short time ago by Belgrade as exorbitant.

Among other concessions, Tito agreed to hand over \$17 million within the next six weeks to pay for American property the Communist regime has taken over in Yugoslavia. Belgrade also will pay for two United States Army transport planes which Tito's fighters show down in 1946. In return Yugoslavia will receive some \$30 million in monetary gold which was shipped here in 1942 to keep it out of Axis hands. The gold supply thus was unfrozen just when Russia and some loyal Soviet satellites appeared ready to add economic support to the Communist break with Tito.

Besides the gold, Yugoslav assets to be released by the Treasury include a government bank account of possibly \$225,000 and private holdings of Yugoslav citizens amounting to perhaps \$10 million. The private assets are to be released to their original owners and not to the Yugoslav government, so Tito will have to make his own terms with them. The United States made the same terms in unfreezing assets of Franco Spain. Despite Tito's willingness to settle the long-standing dispute with the United States, wary American officials said they want stronger evidence than this that Tito is seeking closer ties with the Western powers because of his break with the Cominform.

Many of these were seeking samples of the "master cell" in hopes it would relieve their ailments. (AP Wirephoto.)

First Induction May Grab Up 25 Year Olds

WASHINGTON, July 20 (AP)—Selective Service officials may make their first draft grab at 25-year-olds—who otherwise would be ineligible after one more birthday. Maj. Gen. Lewis B. Hershey, selective Service director during World War II, made that known yesterday as he was sworn in as head of the new draft setup.

The draft law passed by Congress last month requires men 18 through 25 to register, although none can be drafted until reaching 19. Hershey told a news conference after the swearing-in ceremony: "There has been quite a little discussion of starting with the older ones first."

Eighteen-year olds can avoid the draft by enlisting for one year and then serving for a longer period in the reserves. Such enlistments will be accepted starting tomorrow. Hershey said he does not know when registration will begin, how many men will be needed, or when they will be called up. The law says drafting cannot get underway until Sept. 22. Some 4,000 registration places will be used, as compared with 120,000 used before World War II, and 13 million draft and registration cards have been prepared. The first registration is expected to total 9,600,000, with several thousand more men to be listed each month after that.

Yugoslavians

Belgrade also will pay for two United States Army transport planes which Tito's fighters show down in 1946. In return Yugoslavia will receive some \$30 million in monetary gold which was shipped here in 1942 to keep it out of Axis hands. The gold supply thus was unfrozen just when Russia and some loyal Soviet satellites appeared ready to add economic support to the Communist break with Tito.

Besides the gold, Yugoslav assets to be released by the Treasury include a government bank account of possibly \$225,000 and private holdings of Yugoslav citizens amounting to perhaps \$10 million. The United States made the same terms in unfreezing assets of Franco Spain. Despite Tito's willingness to settle the long-standing dispute with the United States, wary American officials said they want stronger evidence than this that Tito is seeking closer ties with the Western powers because of his break with the Cominform.

Property in this country of three other Soviet satellites—Romania, Hungary and Bulgaria—remains blocked along with assets of six other countries. These are Germany and Japan, the Baltic states of Latvia, Estonia and Lithuania which Russia has absorbed, and Portugal, a wartime neutral. Negotiations are going on for an agreement only with the Portuguese.

# Inflation Still Vital Problem

President Truman is all set to hand Congress an anti-inflation bill when it reconvenes Monday.

Whether anything is done about it, or whether Congress attempts any action of its own on the subject, is doubtful.

However, none can argue that this is not a prime question. That period of six months, was it—brief inflation in which a few people would be pinched for a little while after lifting of wartime controls has now stretched into a couple of years.

It's still stretching and so is the economic balloon. Most signs point to further aggravation of the spiral. Ford workers have voted for a strike, turning down an offer which would have made the hourly rate \$1.55 cents. Ford already had raised its prices and might again in view of the labor factor. U. S. Steel announced it was raising wages voluntarily, and at the same time it announced price increases. And this list could be continued for quite a spell.

These simultaneous announcements are accomplishing one thing and that is to remind people that prices and wages are linked with reasonable closeness. It ought to serve notice, too, that if it comes to controls, one can not be fairly or effectively bridled without the other.

Congress will do well to give tedious scrutiny to means of combatting further inflation, remembering that in economics it is also true that the bigger they are the harder they fall.

# The Ticklish Berlin Matter

Manifestly, the Berlin situation is in a very ticklish state.

In a nutshell, Russia seems to be using the blockade of the German capital as a means of forcing the issue on a conference on all of Germany. Under terms of agreements, to which Joe Stalin himself was a party, Berlin was to be administered as a four-power cooperative enterprise. Elsewhere in Germany the various powers were given specific territories over which they had control.

There are practical as well as psychological reasons why the United States, Britain and France can ill afford to write-off Berlin. In the first place it is still pretty much the nerve and transportation center of Germany. Most Germans regard it much the same as we would regard Washington, D. C. Thus, to abandon Berlin would in effect be to say openly that the hope of a central government for Germany had been abandoned.

Beyond this, of course, is the matter of prestige. From the very start, no one doubted that Joe Stalin was pulling the old squeeze play. Many feel that he is running a colossal bluff; others are not so sure.

Now a few would prefer to seize the bull by the horns and smash the blockade by force. That would call the bluff, they say. But they don't know exactly what the answer is in event we weren't able to smash a blockade or make it stay smashed, or what if we got chased entirely out of Berlin.

For the time being, we are temporizing. After all, there's not too much we can do to give substance to our words except to exhibit determination and hope that Russia understands it.

# HELPING HAND EARNS-ELMER HIS FORTUNE

By HAL-BOYLE  
NEW YORK, July 19. (AP)—Elmer G. Leterman, "the give away man," has earned a fortune on one principle—the more you help others the more you help yourself. They don't have to ask "Where's Elmer?" in the insurance field. He's at the top.

"I may not be the biggest life insurance salesman in the world," he says, "but I'm the best known." This would be hard to dispute. Elmer, at 50, has shaken hands with more celebrities than any man except Grover Whalen.

And thousands of people who reached out to shake hands with him have a few dollars in their paw with a life insurance policy in it. In 25 years Elmer has sold some \$35,000,000 worth of individual policies and \$300,000,000 in group policies.

This has netted him \$1,800,000 or more for himself.

How does he do it?  
"Well, I never smoked, drank, bet on a horse race or played golf in my life," Elmer told me just before taking off on a trip to Hawaii. "I never even played cards until a few years ago."

"You don't have to do those things to be successful," Elmer, a short, plumpish, balding man, does it by casting his bread on the waters of friendship. "Keep on doing little things that keep people talking about you," he said. And his idea of the best way to keep yourself in the other fellow's mind is to do him a personal favor.

Leterman sends carloads of toys a year to the children of Hawaii, his adopted home. He gives away tens of thousands of match books, hundreds of fountain pens and lipsticks, dozens of radios, scores of fine leather wallets.

"I hardly ever talk business," he said. He has a real passion for meeting and helping people. Somehow the business follows, too, and often in a way Leterman can't explain.

Elmer has sold policies to big-name people like Jack Dempsey, Mary Pickford, Ronald Colman, Paul Whiteman, Jane Withers, John Barrymore and Rudolph Valentino. Barrymore took out a \$2,000,000 policy.

Leterman also insured Harpo Marx's hands for \$500,000 and Jimmy Durante's nose for \$100,000. In similar publicity stunts he insured Adolphe Menjou's mustache and Charlie Chaplin's walk. But the backbone of his business is smaller policies.

# Special Session

By JAMES MARLOW  
WASHINGTON, (AP)—There's an important difference between a new session of Congress and a special session like the one President Truman has called back to work Saturday.

The difference is the ability to amend the Constitution.

The present 80th Congress adjourned in June.

Now, telling it that its work is not finished, Mr. Truman has called a special session. But this special session is still part of the 80th Congress.

For that reason, without lost motion, the special session can pick up the unfinished business of the 80th Congress and go on with it. But it would be different with a new session of Congress.

This will show what's meant: During the two-year term of a Congress, bills are introduced. Referred to the proper committee for examination, hearings are held and committees wrangle over them.

Then if a majority of the committee members agree, the bills are okayed and sent over to House or Senate for debate or vote. All this usually takes months of work.

No action means a bill is killed. A bill must be acted upon by the Congress in which it is introduced or it automatically dies.

Many bills, although they received a lot of thought and examination, were left lying around unacted upon when the 80th Congress quit in June.

But couldn't the 81st Congress, when it takes office next January, call up one of those much-worked-upon bills and vote on it?

No. A new bill, even though identical with one ignored by the 80th Congress, would have to be introduced in the 81st before action could be taken.

And it probably would have to go through the long months of more hearings and wrangling.

But that's not true with the special session. It could vote right away on the completed bills left unacted upon by the 80th Congress when it adjourned in June.

In this way the special session could do a lot speedier work than a brand new Congress.

# General MacArthur Has Own System For Dealing With Cocky Russians

By DREW PEARSON  
WASHINGTON—General MacArthur has his own special system of dealing with the Russians. One incident contrasts with the recent arrest of Marshal Sokolovskiy in Berlin by American military police for speeding, and the subsequent official apology to him despite the fact that he was clearly guilty of violating the law.

Meanwhile in Tokyo the top Russian general, Colonel General Galensky, was arrested by American military police outside of Tokyo for failing to have a pass. After his arrest, Galensky came storming into the office of Joseph B. Keenan, chief war crimes prosecutor, demanded an apology. Keenan took the request to MacArthur. "Did he have a pass?" asked MacArthur.

"Can you go outside Tokyo without a pass?" MacArthur asked Keenan. "Can I go outside Tokyo, can any American officer or enlisted man travel outside Tokyo without a pass?"

"Tell the colonel general," concluded MacArthur, "that he gets exactly the same treatment given to you and me. He gets no apology."

Keenan conveyed this message verbatim to Galensky at his home. The Russian colonel general listened carefully to MacArthur's words as relayed by Keenan, finally said: "What a man! Let's have tea."

DISPLACED PERSONS  
Senate Democratic leaders say that one of the first moves at the special session of Congress will be to revamp the displaced persons act. Many Republicans agree, are angry at the anti-Catholic, anti-Semitic restrictions.

The Senate accepted the bill in its present form, because it came up so late that to have fought for corrective amendments would have meant no displaced-persons legislation at all.

The bill is the handiwork of West Virginia's Republican Senator Chapman Revercomb, and the methods he used to foist it upon his fellow senators are some of the most shameful in the history of the 80th Congress. Soon after he was assigned to head a Judiciary subcommittee to study the problem, Revercomb bluntly told colleagues: "We could solve this DP problem all right if we could work out some bill that would keep out the Jews."

That is exactly what he did. By legalistic sleight-of-hand, he put through a bill admitting 200,000 of Hitler's victims to this country—but on Hitler's terms. Those who entered Germany after December 22, 1945, cannot be admitted. It so happens that most of the Jews now in refugee camps, fled into Germany from the Polish pogroms—after the December 22, 1945, deadline.

Revercomb's bill also assigns 50 per cent of the displaced-persons quota to the Baltic States for no valid reason, except that these states are predominantly Protestant. What's more, the bill requires that 50 per cent of those who come to this country must be farmers—in spite of petitions from employers and labor groups, asking for trained garment workers to fill the shortage in that field. Few Jews are farmers, many are garment workers.

Two months ago Undersecretary of State Robert Lovett wrote Senator Revercomb asking him to move up the eligibility date from 1945 to 1947. Revercomb kept the letter secret from his own committee until his West Virginia colleague, Democratic Senator Harper Kilgore, found out about it

several weeks later. "The State Department recommendation," snorted Revercomb, in reply to Kilgore's protest, "was made by the Jews. The department is full of them."

Later, while the Senate-House conferees were debating differences in the bill, U. S. Ambassador to Britain Lewis Douglas sent an urgent cable to the State Department, warning that Europe regarded Revercomb's bill as European anti-Semitic and anti-Catholic. He requested that his views be communicated to congressional leaders.

The State Department promptly got in touch with Senator Alexander Smith, New Jersey Republican, who urged Revercomb to present Ambassador Douglas's views to the Senate-House conferees. Afterward, Smith asked Revercomb whether he had done it.

"I did not," growled the West Virginia Republican. "I didn't want to raise any racial or religious issues in the conference."

# Film Feature Will Hurl New Barbs At Radio Field

By BOB THOMAS

HOLLYWOOD, (AP)—The radio industry had better get ready for another attack from Hollywood.

Still smarting from "The Hucksters" attack, radio will take another lacing in the currently shooting "Three Wives." A segment of the multi-starred film is aimed at satire of the sometimes uppity member of the show business family, with soap operas being the principal target.

June Allyson no doubt about it, is finally getting the recognition from MGM that her popularity deserves. She has a brand new queen-size portable dressing room which she designed herself. She even has a bathroom in it, and to my knowledge, Greer Garson is the only other Hollywood star so honored.

Susan Hayward has a real vehicle in "Tulsa." For the first time in her career, she works every day of the picture.

Linda Darnell may yet do "Anna Lucasta" at Columbia. She tells me the deal was all set, including permission from 20th-Fox, and then it suddenly fell through. She's still hoping.

Rita Johnson was telling about an actor friend who has been out of work for a year, yet one of his old pictures is doing well in a reissue here. That's why the actors have been complaining about reissues. Bob Taylor and Barbara Stanwyck may finally get a vaca-

# MANHATTEN'S DREAM HOMES JUST A DREAM

By PAUL PETT

NEW YORK—Remember when the real estate man used to beg you to look at a new house, when he'd drive you out and drive you back and thank you for coming?

Things are different now, as you may have noticed. In no place are they more different than in Manhattan. In this little island unloaded just in time by the Indians, people stand in line to look at new houses and frequently pay to do it.

In this borough of 2,500,000 people, the only one-family homes being built are houses New Yorkers can look at, not live in.

In Manhattan, a cozy little bungalow has become such a curiosity piece that until recently they had one model on display in a museum.

Right now, there's a 10-room, completely furnished, completely landscaped home on display at 48th St. and 5th Ave., an idyllic little half acre shaded by skyscrapers, throbbing with the noises of buses and cabs and humanity and wafted by breezes heavy with the fragrance of passing gas fumes.

It's called "Mr. Blandings' Dream House," a joint promotional project for the builders, the department store which furnished it, the movie company which supplied the name, and the New York Heart Association which gets the donations of each visitor who inspects it.

More than 50,000 people saw it during the first two weeks. The house is so complete it includes two radios, a television set, washing machine, barbecue pit, garden hose (in Manhattan!) and two new cars in the adjoining garage. The whole works, worth about \$50,000, will go to the person supplying the best last line for a jingle used in the heart fund campaign. The winner has to find his own site; the million-dollar corner is not included.

New Yorkers stand here in line for hours and leave wistfully. One house-hungry family developed a crisis when it was time to go. A small boy escaped from his mother's arm, jumped under a rope and planted himself on the couch, announcing:

"Mommy, I like this place and I'm going to stay."  
Mommy had to drag him out bawling.

At Wanamaker's, over a period of two and a half years, an estimated 2,000,000 people visited a floor completely devoted to eight completely furnished homes. They didn't pay to get in, but frequently waited long for a look-see.

ARGENTINA'S BIG DEFICIT  
An amazingly bold and simple sleight-of-hand act has been used by the Peron government in Argentina to persuade the Argentine people that their wobbly federal finances are really in fine shape.

On July 1 the administration announced with great fanfare that the fiscal year had closed with an unprecedented federal surplus of 558,000,000 pesos (about \$12,000,000). This was heartening news indeed to a populace made uneasy by the Argentine peso's spectacular drop on the international exchange.

Just the day before, the Peron-dominated Congress had approved a special, supplementary appropriation to the new national budget. The amount of this extraordinary appropriation was 3,000,000,000 pesos, and it was designated simply "for discretionary use by the executive power."

The straight fact is that 2,400,000,000 pesos of that sum are being used to pay off long-overdue federal bills, largely for army barracks and fortifications constructed by private concerns on contract from the government.

Payment of these accounts had been deliberately delayed until after the close of the fiscal year, so that the fictitious "surplus" could be announced. In many cases, the contractors have waited up to six months for their money.

The true federal treasury balance in Argentina for 1947-48 would, therefore, show a deficit of 1,842,000,000 pesos—the largest in the nation's history.

Affairs Of The World—  
Reds Must Toe Line  
By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

The intensity of the battle between democracy and communism in such important theaters as Germany and Italy has largely obscured a recent and highly important change in Moscow's strategy for conduct of world revolution.

Communist parties of all countries have been notified that henceforth they are to take the Russian party as a model to be emulated exactly. They are warned to tighten their ranks and conform to "Marxist-Leninist organization principles."

This means that all Communists must think alike. It means that the Communist parties of America and Britain will no longer adapt their policies to local conditions. All must toe the Moscow party line.

Announcement of this startling change of policy was made several weeks ago in the newspaper published in Belgrade by the international Communist agency known as the Cominform. The Cominform is widely regarded by objective observers to be a revival of the old Comintern, or general staff for world revolution, which Moscow announced was dissolved in 1943.

This development signals an intensification of the world revolution for the establishment of Communism. It undoubtedly has been inspired by such deviations from the Moscow line as we have seen in Yugoslavia, which has refused to go the whole hog in surrendering all individual rights to the state. As a matter of fact portions of the populations of all Russia's satellite countries have from time to time kicked over the traces in an effort to hang on to some portion of man's bill of rights.

So Moscow is putting the screws on. This foreshadows purging of every Communist party in the world.

Clear Weather Seen For Most Of U. S.  
CHICAGO, July 20. (AP)—Clear skies and near normal temperatures prevailed over most sections of the country today.

Warm and humid weather continued in the Southern states and muggy weather and rising temperatures were forecast for Midwest areas.

Showers were reported in the Missouri and Upper Mississippi Valleys and in the Rocky Mountain region during the night.

# Town Hall Hinges On Ticket Sales

The Southern Town Hall Association will present programs here this fall according to plans made by the Big Spring Federation of Women's Clubs last Monday night; but how much will the organization go in debt is the \$64 question.

At the time the decision was made, there was still some \$700 to be obtained through ticket sales before the minimum requirement of 200 dual tickets is reached—and it all sounded so easy on paper; but what happened to the ticket sale?

Some people, when contacted concerning the purchase of a ticket decided against it, mainly, I suppose because the \$10 seemed important now and the Town Hall would not present its programs until in the fall. The ticket sales had to be staged now because definite plans had to be made and \$1,300 is better than nothing.

It is my honest opinion, however, that the general public has not been contacted is the reason why the ticket sale is lagging so badly. My sphere of acquaintance is small; but when I enter into a discussion of the Southern Town Hall with the persons I know, they either have not heard of it, or only have a vague idea of what it is all about. So naturally, the people do not want to go up to the persons who are selling tickets, of their own accord, to give them \$10 for a series of programs that they scarcely know anything about.

Quite a number of organizations had this project under consideration before it was finally taken as the project of the Big Spring Federation of Women's Clubs jointly with the 20-30 Club; The American Association of University Women sponsored the idea first, but they got no response. Along about the same time, the Business and Professional Women had a similar organization under consideration, but decided to give up their idea in favor of the Southern Town Hall; and even though the B&PW Club is a member of the Federation, my guess is that only a small percentage of the members even know what the organization is for, much less have paid ten bucks for a dual membership.

It certainly is not the lack of ideas that so many people sit around and fuss about, but what is it?

An average citizen will sit and tell you that Big Spring does not go in for things like that and it displeases them, or so you gather from a dissertation on the subject for an hour; however when they get a chance, they do nothing about it; but are the first to say something about it, during a dull season.

Will the Southern Town Hall become a success before the fall or will the member clubs have to absorb the load because of it? Seems as if a number of us will have to get busy.

Broadway—  
'Angel In Wings' Offered Movies  
By JACK O'BRIAN

NEW YORK—The four authors of "Angel in the Wings" have finished a screen treatment and are offering it to Hollywood. Reviews are seldom good grist for the Hollywood mill but the authoring quartet have dreamed up a "twist" which might make it a movie his book, "Wine, Women and Words" to be his book, "Wine, Women and Words" to be bought for pictures, but one separate chapter of the reminiscent tome to be bought as a single movie property.

This reporter beat Actor Everett Stone for a small wager on the engagement of the warm and winning comedy, "Me and Molly" . . . Sloane, who used to be in the radio serial, "The Goldbergs," before it was turned into a play, gave it six weeks. . . I gave it six months. . . I am glad to say I've won, and to spare. . . Some silly character started the rumor that Edgar Bergen would be dropped from his radio show. . . Couldn't be, as they say, wrong.

Bert Parks had to decide more than just to stop smoking—he had to make up his mind which of two cigar sponsors to accept. . . Nancy Walker radio show idea shelved for the nonce. . . Vic Damone, latest swoon favorite, may be lost to his sponsors via the draft boards. . . He's 20. . . Herb Shriner, war mummy though not ecstatically received when he opened in "Inside U. S. A.," is starting to catch attention. . . One critic called him "Better than Will Rogers!" . . . Come, come now, fellow, let's not go quite that far.

Dennis Day will be back with Benny this year, scotching the annual rumors of a split with the Waukegan flash. . . Kay Kyser wants to star in a talent hunt network show. . . Jimmy Gardner, wealthy Texan, who produced several shows, is readying a night club singing routine. . . "Anna Lucasta" producer John Wildberg is sponsoring a new salon act which will have a pair of identical boy twins and six girls who'll prance about in the quickly popularized Kay Thompson style. . . Bill Callahan, recently of "Call Me Mister," had to vacate the Manhattan apartment he'd sublet from Mae West while Mae was in London.

Faces in Places: Bert Lahr assuring me in the Stork's Club Room that he saved money by playing the "Subway Circuit" Theater in the Bronx and Brooklyn before the subway fare went up to a dime. . . Raymond Scott taking bows in the Edison Green Room for his sparkling new "Quintet," which incidentally numbers six men. . . Scott, famous for his daily musical titles, has some weird new ones: "In a Subway Far From Ireland," and hitting the top, or bottom, of things with, "Dedicator Piece to the Crew and Passengers of the First Experimental Rocket Ship to the Moon."

**American Citizen Is Stoned To Death By An Enraged Egyptian Mob In Cairo**

WASHINGTON, July 20. (AP)—An American citizen was stoned to death by an Egyptian mob in Cairo last Sunday, the State Department announced late yesterday.

Stephen Haas, 53, a Philadelphia real estate man, was set upon while visiting the city as a tourist with his wife, Press Officer Lincoln White said. The U. S. Embassy in Cairo reported several Egyptian companions of the coup-

le, as well as members of a British family, were hurt by the mob.

Mrs. Haas apparently escaped injury.

Haas, a native of Hungary, entered the United States at the age of three, and became a naturalized citizen. His wife, the former Kathryn Maynes of Philadelphia, was chairman of the women's division of the Treasury Department's War Finance Committee during World

War II.

Haas was a Jew, but a business associate in Philadelphia said he took no part in Zionist activity and was not active in religious affairs.

Feeling occasionally has run high against Americans in Cairo and other cities in the Arab nations at war with Israel. The Egyptian capital has been bombed by Israeli planes, and some Americans have been accused of violating blackout

PEIPING, July 20. (AP)—Nationals striking south today reached the suburbs of the rich coal and iron town of Anshan, 55 miles south of Mukden. Pro-government dispatches predicted early recapture of that Mukden-Dairen rail line center.

The reports also said national troops had retaken the highway town of Niuchuang. It is 70 miles south of Mukden and 25 miles from the Communist-held seaport of Yingkow, on the Gulf of Chihli.

That indicated an early attack on Yingkow, to provide government forces a corridor from Mukden to the sea to ease the difficult supply problem.

**Lone Sentry Guards Grave Of Pershing**

WASHINGTON, July 20. (AP)—A sentry kept lonely vigil today over the Arlington grave of General of the Armies John J. Pershing.

Until sundown Thursday night a single guard will watch the spot where the 87-year old leader of American forces in France in World War I was buried yesterday.

By custom, a guard is maintained for 72 hours over the graves of famous men buried in the national cemetery. For the next 30 days, flags will fly at half-staff at all army posts.

The stirring tribute that the military gave the general was matched by the unplanned, spontaneous farewell from the public. More than 300,000 men, women and children stood through a beating Washington rainstorm to see the long cortege and the caisson with its flag-draped casket roll by.

Upwards of 3,500 soldiers, sailors, marines and airmen marched the four-mile route from the capitol to Arlington—and marching with them were a dozen generals.

Gen. Dwight D. Eisenhower, who in World War II was supreme allied commander in Europe, made the long trek, rain soaking through the uniform he donned again for the occasion. Gen. Omar Bradley, chief of staff, Gen. Jacob L. Devers, chief of field armies, and

**Meat Rationing, Oleo Tax Repeal On Solon Agenda**

WASHINGTON, July 20. (AP)—Meat rationing and oleomargarine tax repeal have been added to the legislative bill-of-fare that congress will look over when it returns a week from Monday.

A new anti-Communism bill also was an added starter. Proposals for all three came from the lawmakers themselves, not from White House.

The trend appeared, likely to spread. President Truman can and did call Congress back; he can tell Congress what he wants; but he can't make Congress stick to that program.

Some guarded talk was heard of possible investigations—inquiries conducted by the Republican majority which would probe the workings of some of the executive agencies controlled by Democrats. But the Republicans weren't telling—yet—just what they had in mind.

## GIANTS WIN AGAIN Durocher Is Off To Good Start

By The Associated Press  
Leo Durocher is off to a splendid start in the toughest baseball job he's ever tackled—managing his erstwhile worst enemies, the New York Giants.

More important than their victories, however, is the way these "new" Giants have so quickly caught the spark and fire of Durocher. Leo has been in charge only three playing days, but already he has his team hustling and running as never before this season. Yesterday the Giants scored a 14-2 rout of the Reds in Cincinnati.

The Giants collected 18 hits against Kent Peterson, Tom Hughes and Walker Cress in one of their biggest batting days of the year. Larry Jansen went the route for his 11th victory. He permitted only seven hits, including Hank Sauer's 26th home run. That tied Sauer with Ralph Kiner of Pittsburgh for the major league lead. The Pittsburgh Pirates moved into a three-way tie with Brooklyn and St. Louis for second place when they won a 1-0 shutout victory over the National League-leading Boston Braves. All three teams now trail by seven and a half games. Danny Murtaugh's infield single off the glove of Pitcher Johnny Sain in the seventh scored Ralph Kiner from third with the only run of the game.

Although tagged for 11 hits, including Andy Paiko's 16th home run, Emil (Dutch) Leonard pitched the sixth place Philadelphia Phillies to a 5-4 victory over the cellar-dwelling Chicago Cubs.

## Broncs Routed By Sweetwater In 21-5 Melee

SWEETWATER, July 20 — Big Spring's league-leading Broncs played the role of the goat here last night in one of those comedies that sometimes pass for baseball in the lower minors, as the Sweetwater Sports clubbed out a 21-5 decision to sweep a two game series.

The Cayuses appeared to be keyed for a battle to the finish until the sixth inning when suddenly their starting pitcher, Gerry Rodriguez, was no longer a puzzle. The Sports paraded no less than 16 batters to the dish in the riotous sixth and 11 of them made complete trips around the sacks.

Rodriguez retired in favor of the Broncs' reliever in the seventh as the Broncs tried to repair the damage, but it was too late. Although the Hosses managed to pick up four tallies, the veteran Claude Horton held them scoreless during the last two stanzas.

Ken Peacock drove over the boards with the sacks loaded in the seventh for the Sports. Horton belted a two-run circuit wallop in the eighth.

Despite their humiliating setback, however, the Broncs contributed some creditable play afield, with Ortilleo Bosch and Ace Mendez leading the way.

## Tigers To Play At Home Sunday

Idle last weekend, the Big Spring Latin-American baseball Tigers return to action at Steer park Sunday afternoon when they meet the Grandfalls Eagles in a contest which starts at 3:30 o'clock.

Yacho Martinez, Tiger skipper, said he would probably start Gus Fierro on the pitching rubber.

# Gann And Fahr Opposing Hurlers In All-Star Imbroglia Tonight

## LOOKING 'EM OVER

With TOMMY HART

If and when the Big Spring Athletic association revives its amateur boxing program here, the local US Army recruiting station has a fellow who could creditably serve as coach or trainer or both for the local team.

He is Lt. Fred N. Massey, formerly of Shamrock, Texas and a one-time professional fighter.

Massey fought as a middleweight on the West Coast, in Canada and Mexico. He since has served as trainer for Army teams around Fort Bliss and other reservations.

The lieutenant fought something like 28 ring battles and gained the nod in 30 of them. He quit to go into the Army and liked the soldier's life so much he elected to stay with it.

We was in Europe with the 91st Infantry division, 70 the Infantry division and the 3rd Infantry division. While in Europe, he received a battlefield commission, later served in the CIC in Germany, did not return to the states until last month. He wears the Silver Star with Oak Leaf cluster, Bronze Star medal and Purple Heart with three Oak Leaf clusters.

**OFFICER SAW WINTER OLYMPIC GAMES IN EUROPE**

Massey received two big thrills last winter. He was privileged to witness the Winter Olympics in Switzerland and later rode a bob sled solo down the same chute on which that part of the Olympics had been run.

Massey says the best individual performer he saw in the Olympics was Dick Button, the New Jersey youth who wrapped up a skating title for America. Barbara Ann Scott of Canada was good, Massey recalls, but couldn't begin to compare with Button for know-how and grace.

Here are the World and Olympic track and field records the athletes will be shooting at a few, short days in London:

**HIGH JUMP** — World, 6-foot-11, Les Steers, USA, 1941; Olympic, 6-foot-7-1/2, Cornelius Johnson, USA, 1936.

**JAVELIN THROW** — World, 258-feet, 2-3-8, Yrjo Nikkunen, Finland, 1938; Olympic, 238-feet-7, Matti Jarvinen, Finland, 1932.

**HAMMER THROW** — World, 193-feet-8-7/8, Erwin Blask, Germany, 1938; Olympic, 185-feet-4-3/16, Karl Hein, Germany, 1936.

**BROAD JUMP** — World, 26-feet-8-1/4, Jesse Owens, USA, 1935; Olympic, 26-feet-5-1/8, Jesse Owens, USA, 1936.

**SHOT PUT** — World, 57-feet-1, Jack Torrance, USA, 1934; Olympic, 53-feet-1-1/2, Hans Woelke, Germany, 1936.

**DISCUS THROW** — World, 180-feet-2-3/4, Bob Fitch, USA, 1947; Olympic, 165-feet-7-3/4, Ken Carpenter, USA, 1936.

**POLE VAULT** — World, 15-feet-7-3/4, Cornelius Warmerdam, USA, 1942; Olympic, 14-feet-3-1/4, Earl Meadows, USA, 1936.

**CLARK TO STAY WITH ODESSA HIGH SCHOOL**

Odesa high school is going to have its football coaching staff back intact, according to reports from the west.

Bob Clark, who resigned during the winter after hiring on as assistant to Joe Coleman last year, has changed his mind and will be back in the fall.

Clark served as a scout for the Broncho team and a very capable one he was, too. A great defense and offense aren't built without a fairly general idea of what the upcoming opposition is going to throw at it and it was Clark's job to relay that information. He did it to perfection.

**FORMER MUNY PREXY NOW LIVES IN SEMINOLE**

Dewey Collum, who operated a combination eating house and drug store here for several years, is now bossing a drive-in eatery at Seminole.

Dewey was a crackerjack baseball player until he broke his leg. He performed at Ranger in the old West Texas league, then moved to Dallas and from there to Gulfport in the Cotton States league. He also played with Chattanooga and Columbus before hanging up the spikes.

Collum served as president of the Muny softball league here a couple of seasons ago.

## Local Players Set To Start

Longhorn baseball league teams take time off from their hectic race for their second annual West-East battle tonight and, despite the fact that three of the top teams are grouped in the West, there is no favorite listed.

Two Big Spring players will start for the West along with three from Midland, two from Odessa and two from Sweetwater.

The East's lineup will be composed of players from Del Rio, Ballinger, Vernon and San Angelo. Bobby Martin of Angelo will start in event Stu Williams, Ballinger, is not ready to play center field.

Bobby Fernandez, left fielder, and Catcher Tony Traspuesto are the Big Springers who will get into the fray at the start. Other Broncs who are eligible to play are Pat Stasey, reserve right fielder who may appear only as a pinch hitter, and two pitchers, Jimmy Perez and Freddy (Trompoloco) Rodriguez.

Bill Gann, Sweetwater's veteran righthander who has won 13 and lost five games, will probably twirl the first three rounds for the West. Perez, Rodriguez, Ed Arthur, Odessa; and Leland Crissman, Midland, are eligible to succeed him.

None will probably work more than three innings.

Gerald Fahr, boasting a 12-5 record, is apt to start on the mound for the East. Other hurlers who may see action are Eddie Jacome, Vernon; Jimmy Baker, San Angelo; Joe Lanham, Del Rio; and Derwood Cox, San Angelo.

Harold Webb, Midland, is skipping the West while Lloyd Rigby, Vernon, is serving in that capacity for the East.

The East will be seeking revenge in this one, having suffered an 11-4 battering at the hands of the West last time out.

A crowd of something like 5,000 fans are due to crowd into the spacious Odessa plant, biggest in the Longhorn league. Many are planning to make the trip from Big Spring.

The league warfare will be resumed Wednesday night.

## Sluggers Play Here Thursday

LeRoy Modkins will lead his Big Spring Colored Sluggers into action at Steer park Thursday night when they meet the Midland Skyscrapers in a baseball game beginning at 8:15 o'clock.

The Sluggers have lost but two of ten games played to date but one of those was at the hands of Midland and Modkins' forces will be seeking revenge.

LeRoy said he was lining up his strongest team to play against the invaders.

Special sections will be reserved for the white customers, according to Modkins.

## Curtis Loses To Murdock

Georgie Curtis won the fastest fall ever clocked at the Big Spring Athletic club Monday night but he still lost a decision to Frankie Hill Murdock.

Curtis toppled the Texan in something like seven seconds by drop-kicking him into submission but that was as close as he ever got to victory.

Murdock used his size to good advantage to win going away.

In the opening match, Al Gets performed as expected in cruising through Gil Knutson without experiencing too much trouble.

## Double Header At Park Tonite

T & P Shops plays McKee's Construction company and Big Spring Vocational school opposes T & P Motor Transport in Muny softball games at the city park this evening.

Thurmond Lashes 'Rabble-Rousers'

COLUMBIA, S. C., July 20. (AP)—Gov. J. Strom Thurmond of South Carolina, the presidential candidate of rebellious Southern Democrats, says the advocates of states' rights neither need nor want the aid of "rabble-rousers."
Thurmond yesterday refused an offer of support from Gerald L. K. Smith, leader of the Christian Nationalist Party, with these words: "We do not invite, we do not need, the support of Gerald L. K. Smith or any other rabble-rousers who use race prejudice and class hatred to inflame the emotions of our people."
Thurmond said in an interview that the states' rights movement "is not based on racial hate nor racial prejudice," and he predicted that most of the South would support the rebellious Democrats. He said he planned a vigorous campaign.

Murphy Says He'll Marry Actress

NEW YORK, July 20. (AP)—Texas' hero of World War II, Audie Murphy of Farmersville, says he is going to marry Screen Actress Wanda Hendrix but her mother says she thinks the romance is not very serious.
Murphy returned yesterday from a two-week flying visit to France, where he was decorated by the French government.
The most decorated soldier of the war, now a Hollywood actor, said he will marry Miss Hendrix as "soon as I can afford it."
Said Miss Hendrix, informed in Hollywood of Murphy's announcement: "Oh, wonderful!"

Mitchell Wildcat To Test Deep Shows

Fullerton, at No. 1 Strain, north-central Mitchell county venture, did not core from 7,886 in the Ellenburger, as planned but is running rubing and is to make a swabbing test.
It will then probably treat a section from 7,855-56 feet with acid and try to develop production. Location is in lot 10 Reigers survey. Magnolia No. 1 Winston in Scurry county cured from 8,555-75 feet with recovery of bleeding oil, gas and water. Another core was dug from 6,875-91 and is now coming out of the hole. Location is in subdivision 37, lot 72, Kirkland and Fields.

Cub Day Camp Set Wednesday

Annual day camp for Cub Scouts in the Big Spring district will begin on schedule at 9 a. m. Wednesday in City park, Scout officials reported this morning.
H. D. Norris, Scout field executive, said that Elrod Furniture Co. will furnish a truck to carry Cubs who do not have transportation to and from the park each day. The vehicle will leave the court house at 8:45 a. m. and it will stop at 18th and Gregg intersection en route to the park each morning. Cubs can board the truck at either of those two points. Return trip will be at 6 p. m.
The day camp will continue for three days, and a closing feature will be a family picnic at the park Friday evening. Parents of Cubs registered for the camp have been invited to attend the picnic.
Activities at the camp will include swimming, handicraft work, games and work toward advancement in Cub work. All Cub Scouts in Martin and Howard counties are eligible to attend.

Three Are Jailed After Affrays Here

Three Latin-Americans are in the county jail charged with assault and attempt to murder in connection with two different affrays which happened at a north side night spot last Saturday night.
Juan Garza is in confinement, accused of stabbing Greorio Bont in the back. Luis Fernando and John E. Garcia have been charged with an attack on Luz De La Santos was cut with a knife.
Both the injured are in local hospitals. Attendants said Bonillo's condition was critical. The knife used in the attack upon him was still in his back when police arrived on the scene.

Two Persons Fined On Charges Of DWI

Two persons charged with driving while under the influence of intoxicants were fined \$75 each in county court Monday afternoon.
They are S. B. Smith and Raymond Jackson Bray, both of whom were picked up by members of the city police force last night.
Judge Walton Morrison also suspended the driving privileges of each for the ensuing six months.

Lawman Is Enrolled In Training Course

Capt. L. P. Trammel of the Big Spring police department has gone to Austin where he is enrolled in a special training course for law enforcement officers sponsored by the Texas Department of Public Safety.
The training course, which will continue through remainder of the week, is being conducted at Camp Mabry.

Firemen Take Short Course At Texas A&M

Three members of the Big Spring fire department have returned from College Station where they attended a short course for firemen at Texas A&M college.
Chief H. V. Crocker of the Big Spring department served as an instructor at the session, while John Waddell and Fred Winn were enrolled for the course.

Veterans Are Sought For Europe Theatre

The enlistment in the Regular Army of applicants from civil life for initial assignment to the European Command in grades up to and including Sergeant has been authorized by the Department of the Army, Capt. O. T. Ham of the local recruiting station announced today.
Qualified applicants must also have had prior service in one of the Armed Forces terminated by honorable discharge on or after May 12, 1945. Enlistment may be for three, four, five or six years.

Knights Of Pythias To Install Officers

Officers will be installed at the regular meeting of the Knights of Pythias at the K-P hall at 8 p. m. today.
Z. F. Loftis will be the new chancellor commander. Other officers will be Manley Cook, vice-chancellor commander; Carl Gross prelate; Jack Thompson, master-at-arms; George Wallace, secretary; J. E. Fort, financial secretary; Paul Darrow, inner guard; Wendell Parks, outer guard; L. D. Crane, master of work. After the meeting, refreshments will be served, said Crane, retiring chancellor commander.

SOMETHING NEW IN DIVORCE

MILWAUKEE, July 20. (AP)—Here's something new in divorce settlement — a new car every year.
Circuit Judge Otto H. Breidenbach approved their terms yesterday for Mrs. Elsie Jaeger, 49.
Her husband is an automobile dealer.
Jaeger also must pay all maintenance and repair costs on the new cars. In addition, Mrs. Jaeger gets the home he lives in, \$17,500 in cash and monthly alimony of \$300.

Blount Expresses Stand On Labor Record In House

Co-authorship of the so-called "right-to-work" bill brought condemnation upon him as anti-labor from a paid lobbyist, Peppy Blount said in a radio address over KBST Monday evening.
"This was the anti-closed shop bill that branded me as anti-labor... because I chose to support this and other measures that would benefit all working men," he declared. "The guys who pull the strings didn't publish in their little blue book (Report of the biennial session from the Texas Joint Railway Labor Legislative board)... that Peppy Blount led the fight on the floor of the house to exempt the railroad unions or any organization coming under jurisdiction of the national railway labor act from SB 167, an act to prevent secondary strikes, picketing, and boycotts. This amendment was passed."
He continued that he had supported measures which would require that all cabooses and hand cars be equipped with electric tail lights; had fought for a bill to extend workmen's compensation to cover occupational diseases, to increase working men's compensation from \$20 to \$25 per week, and a measure to provide compensation for secondary injuries in such a manner that employers will be encouraged to hire persons with physical disabilities.

Bill Conn Silent On Future Plans

SAN ANTONIO, July 20. (AP)—Billy Conn, the fighter who twice met Joe Louis, isn't talking to newspaper men on his reported comeback but a local boxing matchmaker says Conn definitely is going to seek the heavyweight championship.

Charlie Sikes To Tour East

Charlie Sikes, Big Spring, drum major for the famous Cowboy band of Hardin-Simmons university, will leave Abilene Friday for a tour of eastern states.
The band is going to New York, accompanying the Texas delegation to the Lions International convention, and stops include one Saturday in Washington, D. C., where the musicians will play a brief concert on the capitol steps.
On Monday the band will lead the Texas delegation in the New York parade. Last year the band was judged the best musical organization at the Lions International convention in San Francisco. Two transport planes will be used to carry the band members to New York.

Caravan Members At Rotary Meet

Members of the Presbyterian Youth Caravan presented the program for the Big Spring Rotary club's luncheon meeting at noon today in the Settles.
Wyatt Eason, who was in charge of program arrangements for the club, introduced Carolyn Lightfoot, Dallas, who, in turn, presented other members of the caravan. The Caravan is composed of Miss Lightfoot, John Craig, Dallas, Frances Pishney, Fort Worth, Dorothy Symes, Abilene, and Lena Clausell, Waco, adult supervisor.
Miss Pishney led the club members in several songs, and Craig gave a short address in which he appealed for leadership in support of youth movements.
Visiting Rotarians were Roy Neal, Lubbock, Floyd Smith, El Paso, and Iva Huneycutt, San Gabriel, Cal. Cecil Hamilton was a visitor at the session.

Board To Consider Its Tax Problems

A meeting of the Big Spring Independent School district board of trustees has been called for 7:30 p. m. Wednesday at the administrative offices of the schools.
Chief problem confronting the board in the special session is the course of action to be taken by the district regarding collections which have achieved a status of excess due to a supreme court decision. The district had levied a \$1.50 rate; the high court rules that an election, on which the board based its action, was valid as reported originally and thus the tax rate increase from \$1 to \$1.50 was invalid.
Last week the board sought the advice from approximately two dozen businessmen.

LEGION AUXILIARY

The American Legion Auxiliary will have a tea Thursday night in honor of the new members at 8 p. m. at the Legion Clubhouse.
All members are urged to be present.

Candidates' Rally Is Set At Knott

A candidate's rally has been set for 8:30 p. m. Thursday at Knott, it was announced Tuesday.
Sponsors of the event will be the Knott baseball club, and the traditional entertainments along with speaking, will be held.
H. E. Barnes, superintendent of the Knott school, said he was anxious that a large number of people be present in order that a discussion be started relative to whether to remodel the gym, attempt a new gymnasium or let the situation continue as it is. The gymnasium, a frame building, is in bad condition.

Death Claims G. B. Walters

George B. Walters, 74, who was active as preacher and layman in the Church of God for two score years, died here Monday.
Victim of a stroke on June 14, Mr. Walters died at 11:40 p. m. Monday at his home at 1003 Main. He had returned here June 10 from Mississippi, where he had been visiting, on learning of the serious illness of an old friend, Mrs. Mary E. Spears, who died on June 13.
Mr. Walters served the Main Street Church of God at one time as pastor. He had been in Big Spring for the past 27 years and a preacher for 40. In recent years Mr. Walters looked after his farm and urban property interests. At one time he also was a rural mail carrier.
Arrangements are pending word from relatives. The body is to lie in state at Eberley Funeral home, where rites will be held.
Surviving Mr. Walters are his wife, Mrs. Mittie Walters; two sisters, Mrs. J. E. Giles and Mrs. Patsy Ulmer, both of El Paso. He also leaves several nephews and nieces.
The first newspaper published in the American colonies was in 1680 when the Boston "Public Occurrences" was founded.

A REAL RECIPE FOR TRAFFIC JAM

WAUKEGAN, Ill., July 20. (AP)—Want a new recipe for traffic jam?
Take: 300 cases of red raspberries; 25 cases of black raspberries; 15 cases of currants; 30 cases of dewberries and 25 bushels of apples.
Mix well and press with a ton and a half truck.
That's what Wayne Hellenga of Three Oaks, Mich., did last night. His truck, loaded with the juicy ingredients overturned on a highway 41 north of here. There was plenty of traffic jam. Hellenga was not hurt.

**Years Of Suffering Relieved By Retonga**

**Wife Of California Oil Man Tells Her Story Of Suffering With A Happy Ending. Gives Retonga Full Credit.**

"Anyone who is suffering as I did is missing a bet if they don't try Retonga," declares Mrs. Inez Mitchell, of 811 Funston Ave., Norwalk, Cal., whose husband is a well-known oil man.

"I don't suppose I was any more miserable than lots of people with acid indigestion," continues Mrs. Mitchell, "but I certainly suffered tortures. I had to be very careful about what I ate or I would have the most terrible gas pains and become so bloated with gas that I couldn't seem to get rid of it. I was made miserable by a stubborn case of constipation and had to take strong laxatives regularly every other day. I seldom got a full night's sleep. I felt so awfully

littery and run-down that what little housework I had the energy to do was only half done.

"I thank my lucky stars for the day I started taking Retonga, for in just a short time I began to get relief from the discomforts that had hounded me for years. Today I can eat anything I like. I sleep soundly and have been relieved of constipation. I've got plenty of pep and energy, too, and can do all my housework the way it should be done. Retonga deserves all the credit for the way I feel today."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, bordering Vitamin B-1 deficiency, and constipation. The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. You can get Retonga at Collins Brothers Drug Store, Adv.
