LONDON, Eng., Nov. 17.—Death and widespread ruin were left by a severe three-day storm which moved into England from central Europe today.

Fifty persons are known to be dead, many are injured and homeless and damage already estimated at many millions of dollars.

Small ships in the harbors sank at their anchorage or were torn away and dashed like toy boats against the rocky coast or beaches.

Large ships fought a losing battle and called for help.

So severe was the gale in England that London is virtually cut off from the rest of the British Islands.

Communication to the continent is almost severed. Only a few of the many telephone and telegraph lines are working.

Church Revival **Creates Interest**

Creates Interest

Notwithstanding the bad weather there was a good service last night at the revival being conducted by the Rev. A. G. Lovell, of Dacoma, Oklahoma, at the church of God. Not so many were out as on previous nights but the message by the evangelist on the subject, "Remembering Christ" well repaid all who were present, for their effort in coming.

Evangelist Lovelt took, his text from 1 Cor. 12:24, "This do in remembrance of me."

"It is impossible," he said, "to forget Christ, In 3 1-2 years Christ made more of a mark in the world than all the rest of the famous men put together. Napoleon made himself remembrance as the greatest general that ever lived. William Jennings Bryan stands head and shoulders above numberless politicians of the present time as a statesman and upholder of right frinciples—and many others also but everywhere we look and an everything we see puts us in semembrane of Christ."

The evangelist took his audience on an imaginary tour, a day's journey, showing step by step how Carist is evident in everyhing with wheh we come in contact and d with a stirring appeal to the

Announcing

The Outstanding Chevrolet of Chevrolet History - a Six in the price range of the four!

The Chevrolet Motor Company announces The Outstanding Chevrolet of Chevrolet History . . . a Six in the price range of the four!

Spectacular as Chevrolet's achievements have been in the past
... nonble as its engineering triumphs have proved themselves
to be—this remarkable new car dwarfs every
previous Chevrolet accomplishment. Not
only does it introduce into the low-priced
field an entirely new measure of performance,
comfort, beauty and style—but it is sold at
prices so low as to alter every previous conception of motor car value.

The

ception of motor car value.

The new six-cylinder valve-in-head engine—developed from more than a hundred motors designed especially for this sensational carstands out as an engineering masterpiece. With a power increase of approximately 32% over the previous Chevrolet motor, with sensationally greater speed and faster acceleration—it offers a type of performance that is literally astounding. And it affords an economy averaging better than 20 miles to the gallon of gasoline!

in appearance, this Outstanding Chevrolet is destined to become an automotive sensation—so smart, so stylish and so distinctively appointed that it rivals the costliest custom reations! The marvelous new Fisher bodies we longer, lower and roomier with adjustable driver's seat in all closed models—and eveal the matchless artistry of Fisher designers. With their modish new colors, their smart

dual mouldings and their distinctive concave pillars, they achieve a degree of original beauty that has seldom been equalled in motor car design.

You are cordially invited to visit our showroom and secure complete detailed information about this sensational new car which will be ready for delivery beginning January 1st.
