Sales to July 8.....\$245,000
Still to go.....\$100,000

In Strict Secrecy, Germans Go To Trial For Sabotage

WASHINGTON, July 8 (AP)—In a setting of utmost secrecy, guaranteed by heavily armed soldiers, police and secret agents, and walled-off corridors, eight German-born men went on trial for their lives today before a military commission sitting in the justice department.

The eight, accused of violating the Articles of War by stealing into this country with intent to spread fire and destruction by Nazi sabotage methods, were rounded up by the FBI after they had been landed by U-boats on lonely beaches of Long Island and Florida.

So vigilant with secretiveness was the commission proceeding—the first important one of its kind since the Civil War—that not even the fact of the starting trial was made known officially.

An informed person confirmed it, however, after it became obvious from the arrival of the prisoners, the seven generals who compose the commission, the prosecution and defense counsel and a number of witnesses.

No official information has been given out beyond the presidential order naming seven generals to the commission, the prosecutors, defense counsel and time.

The eight defendants, all German-born, though two had acquired American citizenship before the war, face a swift, unappealable decision. President Roosevelt barred all civil courts to them in a proclamation last week. The commission will decide, by votes of at least 5 to 2, whether they are guilty, and if so, what their punishment is to be.

A formal accusation alleging four violations of the laws of war and the articles of war—each carrying the death penalty—has been filed with the commission by the prosecutors, who are headed by Attorney General Francis Biddle. Biddle's office said he had cancelled all engagements for the next ten days.

The justice department was closed to all but accredited persons, while a fifth floor corridor was walled-off and barred to all but those participating in the trial. The defendants are George John Dasch, 39, leader of the group of four which landed near Amagansett, Long Island, on June 13; Edward John Kerling, 33, leader of the group of four which landed near Jacksonville on June 17, and these others: Ernest Peter Burger, Herbert Hans Haupt, Henry Heinrich, Hermann Otto Neubauer, Richard Quirin and Werner Thiel.

The commission named to try them was headed by Maj. Gen. Frank E. McCoy as president. His colleagues were Maj. Gen. Walter S. Grant, Maj. Gen. Blanton Winship, Maj. Gen. Lorenzo D. Gasser, Brig. Gen. Guy V. Henry, Brig. Gen. John T. Lewis and Brig. Gen. John T. Kennedy.

The British regarded this as a security measure against a flank attack but there was no indication whether it was because Nazi Field Marshal Erwin Rommel was organizing a new attempt to burst the bottleneck or because he had strength left only to hold on.

(Stockholm newspaper dispatches from Berlin indicated uneasiness in the Nazi capital over Rommel's position. One correspondent reported that he was in difficulty because his exhausted troops faced British Gen. Sir Claude J. E. Auchinleck's fresh reinforcements.

British Air Force Pounds At Axis Lines

Foes In Egypt Are Holding Up Their Heavy Blows

CAIRO, July 8 (AP)—Intensive British air blows and harrying patrol stabs against the Axis forces, both aimed at wearing down the enemy's power in the still undecided battle at the threshold of the Nile, were reported by the British today.

Still, however, there were no major attacks on either side and both forces evidently were stabbing to test out the opposition and saving their heavy punches for a decisive battle that might be joined at any time.

A British headquarters bulletin said that patrols operating near the coastal end of the line destroyed some Axis tanks yesterday and took a few prisoners while the RAF again pounded Tobruk and started "violent explosions and fires" with direct hits on enemy machines, gun nests and oil stores in the battle area.

Against three enemy planes downed on the North African front and nine more over Malta, the British said they lost eight but that six of their pilots were saved.

Behind the lines, the Egyptian government put its military and civil defenses in readiness for any emergency.

Both desert armies were established firmly on their corridor lines between the Mediterranean and Qattara depression in the El Alamein area, both closely concealing when or how they would try to break the stalemate situation.

In the past 48 hours the Germans have withdrawn from the southern end of their line, in effect turning a corner at the inland anchor and establishing a side-wall.

The British regarded this as a security measure against a flank attack but there was no indication whether it was because Nazi Field Marshal Erwin Rommel was organizing a new attempt to burst the bottleneck or because he had strength left only to hold on.

(Stockholm newspaper dispatches from Berlin indicated uneasiness in the Nazi capital over Rommel's position. One correspondent reported that he was in difficulty because his exhausted troops faced British Gen. Sir Claude J. E. Auchinleck's fresh reinforcements.

Reds Smash German Efforts To Get Across River Don

Returns With Trophy—Major Henry Cabot Lodge, back in Washington, shows his wife and their two sons a German helmet he retrieved from West African desert battleground where a group of American tank observers he commanded later saw action against Germans and Italians. The boys are Harry, 11, and George, 14, (left to right).

City, County Join In Application For Health Unit Here

Big Spring city and Howard county commissioners Tuesday afternoon voted approval of a plan to apply for a city-county health unit.

The action came after officials expressed concern about health problems, particularly those arising out of an influx of migratory population and the impending activation of the U.S. Army Flying school here.

Cost of the unit, said Louis Dodson, state health department representative who came here at the request of officials, would be approximately \$10,000 to city and county jointly. To this the state would add around \$4,000, or 40 percent of the total cost. Division of the city and county expense would be worked out if and when the plan were approved, representatives of the two units decided.

Application is to be made to the state health department if and when the local medical association gives approval of the unit. This, said Dodson, is in keeping with a state health department policy. Similar units are now operative at Midland and Odessa, both in the Six-County Medical Society, of which Howard county also is a part. The state medical association has endorsed the plan which now is functioning in 65 counties embracing two-thirds of the state's population, according to Dodson.

Work of the unit is purely preventive. There is no curative practice nor any case nursing. A generous part of the work is supervisory and educational.

The program is set up under a director, who must be a graduate of a grade A medical school, and have had special training in public health. Under him will be one or more sanitarians, possessing basic technical knowledge, one or more nurses, and a clerk.

The director serves as a program coordinator, holds immunization clinics at request of local physicians, works closely in cooperation with a physicians' committee in preventive programs, and in control of communicable diseases. The sanitarian checks on water, excreta disposal, milk supplies, insect and rodent control, etc. The nurse does educational work, especially at request of physicians, in pre- and post-natal cases, counseling with mothers in lower income brackets on health habits before and after baby is born. She also visits schools and performs educational services for children and parents.

The health unit would mean no disturbance to the city and county procedure in dealing with indigents. There is no medical practice among indigents, nor will the unit perform services which should normally go to doctors.

Among points in this area where units are active are Midland, Odessa (operated under one director but with separate personnel, and with whom Howard might be linked similarly because of a director shortage due to war), Sweetwater, Lamesa, Littlefield, Levelland, Brownfield and Plains.

Dodson estimated that action would require 90 to 60 days. The city offered quarters in the space now given over to the city health department pending outcome of an application for a federally financed building, which hinges first of all upon the establishment of a unit. The city has agreed to furnish a site for the structure if and when built.

LONDON, July 8 (AP)—Major Gen. Dwight D. Eisenhower, commander of the United States army in the European theater, had an audience with King George at Buckingham Palace today. It was announced only that it lasted "for some time."

Bridgeheads On East Bank Wiped Out

Grim Defense Said To Be Slowing The Nazi Onslaught

MOSCOW, July 8 (AP)—The counterattacking Red army was reported tonight to be wiping out German bridgeheads on the east bank of a bitterly contested river in the Voronezh sector (apparently the River Don) and to be repulsing successfully all further enemy attempts to cross the stream.

The Germans yesterday reported their columns had crossed this river at several places, but today Russian dispatches from the front said landings on the east bank were being wiped out.

Violent combats still raged along the river's course, but light enemy units which had reached the east bank were reported destroyed and the bulk of the German forces held on the west bank.

Holding grimly to its new lines and counterattacking strongly in some sectors, the Red army reported that it had slowed the mighty German onslaught against Voronezh, key link between Russia's central and southern armies.

Red Star, mouthpiece of the army, announced "It is with great difficulty, but nevertheless our troops are holding the pressure of the enemy."

The German claim of the capture of Voronezh by reinforced Nazi troops which streamed across the Don river 10 miles west of the city went unconfirmed. The Soviet information bureau declared that the withering fire of massed Russian tanks had beaten off bitter German assaults upon a height in the chalky hills just west of Voronezh.

Russians gave ground in two areas of the Staryi Oskol sector and counterattacked in another and fought before Voronezh to pile up a toll of 3,000 Germans killed and 35 tanks destroyed, it was announced. Both before Staryi Oskol and Voronezh, the Russians said, their guns flamed through the night, rounding out a two-month defense against regional German offensives.

Violent combat was reported in both the Voronezh and Staryi Oskol sectors of the upper Don basin as the Russians battled twin drives to the east from the Kursk-Khar'kov zone dangerously threatening the Red army communications.

The invasion salient apparently widened slowly.

Heavy pressure before Staryi Oskol, all town of 22,000 on the Oskol river 65 miles southwest of Voronezh, forced the Russians to withdraw to new positions, but only after they had exacted a heavy toll, the Soviet information bureau announced.

"In one of the sectors the Germans hurled about 200 tanks and a large infantry force into the attack," it said. "The Hitlerites were firmly met by antitank, trench mortar crews, anti-tank riflemen and tankists."

"Eighty German trucks were disabled. Our men mowed down the Hitlerites by point-blank fire of machine-guns, automatic rifles and rifles. After killing several hundred enemy officers and men, our unit retired to previously prepared defense lines."

The school is operated at the Sweetwater airport under a lease arrangement.

Joe Plosser and Charles Prince, Americans who operate the school, said they had received no official advice regarding the removal of the students.

He added he did not know yet where he and the cadets would be sent.

Unicycles May Be In Store For These Citizens

LOS ANGELES, July 8 (AP)—What, asked Paul Barkedale d'Orr, is half of nothing?

"Orr, California director of the office of price administration, was peering into an empty envelope. The letter from Washington stated the July and August price rationing quota was "nothing."

Then d'Orr picked up another envelope. It instructed him to have the previous quota.

Oil Pipeline Bill Approved By Committee

WASHINGTON, July 8 (AP)—The senate commerce committee approved 11 to 3 today a house measure authorizing total expenditures of \$20,000,000 for construction of an oil pipeline across Florida, and other lines from Mississippi to the east coast, and enlargement of the gulf intercoastal waterway.

Senator Vandenberg (R-Mich.) who with Chairman Burton (D-NC) and Senator Bailey (R-Ohio) opposed the measure, said an agreement had been reached to bring the bill before the senate one week from today.

As approved by the committee, the measure was revised to prohibit the imposition by the petroleum co-ordinator's office of restrictions on the drilling of shallow oil wells of 3,000 feet or less depth "until the shortage of petroleum products on the eastern coast has been overcome and restrictions upon deliveries and sales removed."

As an adjunct to the pipeline construction, the measure would authorize the construction of a navigable barge canal across Florida at an estimated cost of \$44,000,000.

Senator Pepper (D-Fla.), sponsor of the measure, said that under its terms President Roosevelt could direct the construction of one or more pipelines across Florida, explaining, however, that only about \$10,000,000 of total expenditures had been allocated for this purpose.

Lint Acreage Up 3.8 Pct.

WASHINGTON, July 8 (AP)—The agriculture department reported today that 24,005,000 acres had been planted to cotton this year and was in cultivation July 1.

The planted acreage is 3.8 per cent more than last year, when abandonment from a natural cause amounted to 3.8 per cent. The planted area last year was 23,135,000 acres, the harvested area was 23,338,000 acres, the yield 231.9 pounds to the acre and total production (amount ginned) was 16,741,879 bales of 500 pounds each.

Two years ago the planted area was 24,871,000 acres, the harvest area 23,861,000 acres, the yield 222.5 pounds to the acre and the total cotton ginned was 12,564,840 bales of 500 pounds.

The acreage of cotton in cultivation July 1 for the ten-years, 1931-40, averaged 31,105,000 acres, and the average abandonment from natural causes in those ten years was 2.0 per cent. Ginnings in the ten years averaged 13,108,447 bales of 500 pounds each.

The acreage of cotton in cultivation July 1, the percentage that average is of the 1941 plantings and the 10-year average percentage of abandonment from natural causes, by states, include:

Missouri, acreage 427,000, per cent of 1941 acreage 102.0, and 10-year average abandonment, 1.0 per cent; Texas, 8,325,000; 103.0 and 2.4.

Ration Board OK's 30 Tires, 28 Tubes

Certificates for the purchase of 30 new tires and 28 tubes were granted by the county rationing board Tuesday.

Those granted were classified as follows: Passenger car tires, 5; passenger car tubes, 5; truck tires, 23; truck tubes, 15; and obsolete tires, 2.

A total of 35 certificates for retreads gave 15 to passenger cars and 20 for trucks.

The board also authorized the purchase of two new automobiles in this week's session.

South Texans Forced Out By Flood Waters

By The Associated Press

More than 400 persons who "took to the hills" around Three Rivers Tuesday night were staying there today as they watched the rain-choked Nueces and Frio rivers back water into their homes and stores.

Meanwhile, 200 to 300 lowland residents at Victoria, 60 airline miles northeast of Three Rivers, were ready to evacuate their homes as the Guadalupe river brought closer an expected 30-foot crest.

Approximately 900 persons fled to high-ground safety at Sinton Tuesday while a crest caused by an 11-inch rain passed down the Chitilpin creek.

The flood waters receded quickly at Sinton, leaving considerable damage to residential property and heavy crop losses throughout that area. Rain at Sinton totaled 11.3 inches.

Another death was attributed to the high water yesterday as Martin Gonzales, 13, drowned while swimming in Buffalo bayou, at Houston.

"Practically every business house and home either has water under it or in it," Bryan Boyd, Three Rivers city secretary, said. "Water is standing from two inches to two feet in stores."

Homeless residents slept in tents, in trucks, "or just under trees" on near-by hills, Boyd said, explaining that it will be two days before they can return to their homes, although the rivers were falling today.

The Nueces rose to at least 42 feet there, the highest in 25 years, but the Frio which is only three blocks from the town, backed up most of the water. The confluence was about three miles wide today.

"Damage to cotton, corn and small grains is heavy," Boyd said. Some livestock was lost.

Coastal Batteries Exchange Shells

LONDON, July 8 (AP)—German and British guns along the English channel traded shells for more than an hour early today in firing precipitated by the Germans' first bombardment of the southwest coast in many weeks.

(These outbreaks usually mark attacks on shipping moving through the channel.)

Dover had its first shellfire warning in some time but there were no reports from the southeast coast of casualties or property damage.

British planes laid mines in naval waters and attacked German shipping off the Netherlands coast overnight, the air ministry said. #1 the aircraft were reported to have returned.

Bad weather continued to keep the RAF bombers from attacking Germany.

Air Chief—Major General Carl Spaatz, of Byerstown, Pa., has been named commander in chief of U.S. air forces in the European theatre.

Deal Is Still Open On Use Of Hangars

Negotiations between the city and Art Wintheiser for use of hangars, which must be removed from the municipal airport where the latter party has been operating his Big Spring Flying Service, were continuing Wednesday.

City commissioners, in a called session Tuesday evening, reiterated and made even more positive their stand that they were not interested in going to the expense to open another municipal airport. Revenue statements showed receipts to the city from operation of the port for the past 13 months was only slightly over \$100 per month.

Members of the commission authorized B. J. McDaniel, city manager, to hear proposals from Wintheiser for use or sale of the hangars. The army has ordered the buildings to be removed, and in turn this also means that the Big Spring Flying Service will have to transfer its activities from the port site, which is to be a part of the army flying school.

Loss Of Licenses Cuts Down Driving

AUSTIN, July 8 (AP)—There's something more than the conservatism behind lessened highway traffic, the Texas Safety Association believes.

Executive Secretary George Clarke declared the new drunk driving law—one year old in June—took 3,113 drivers from behind the wheel for a six month mandatory suspension of permits.

and is prompting "good customers" who normally retire accounts over 90 to 120 days to attend to them at once. Those who had no intention of paying in the first place along with those who are too heavily involved are not paying—not even at the risk of having their credit shut off.

Based on the amount out, collections have been gratifying, one hardware firm reported. Part of this may be attributed to "early bird" tactics, for supplemental statements with a brief credit regulation notice, were fired out as quickly as they became law. The firm was experiencing "results weeks before others."

A large department store viewed the general effect of the law would be beneficial. Particular response had been experienced on the 60- to 90- to 120-day paying group. Where payment cannot be made now, many are coming in to verify the accounts and reassure the firm. Most aged in the wood accounts are still aging.

Collections have been good for a drug concern. Many petty accounts are being paid up. All in all, the regulation is going to pave the way for tighter credit, which in turn will reduce losses which inevitably have been in the thousands over a period of years.

Only one customer refused to sign the \$5 per month amortization agreement when unable to pay, a woman's apparel shop reported. Some few accounts thought to be dead and gone have been paid—but these were the exception.

Reaction of jewelers ranged from elation to diffidence. One unit, with accounts already in a sound shape felt it would help little and would force embarrassment in the case of many "solid gold" accounts with ranchers and farmers who can pay only seasonally. Another said it was having little effect on steady retirement plans, but was encouraging cash payments on moderate items.

Several food firms were reported to be voluntarily adopting a policy comparable to that of the government regulations, although they do not directly fall under the law.

Netherlands Comes Under Lend-Lease

WASHINGTON, July 8 (AP)—The United States and the Netherlands signed a lend-lease agreement today. Its provisions are in all essential respects similar to those already concluded with Great Britain, Russia, China, Poland and Belgium.

Continued Help Urged As Rubber Drive Nears End

"Don't let this drive be a failure," was a slogan emphasized Tuesday for completion of the scrap rubber drive, as a reminder came from Joseph Edwards that the collection campaign is scheduled to be terminated Friday night, July 10.

Edwards is chairman for Howard county of the petroleum industry's participation in the rubber drive, as a reminder came from Joseph Edwards that the collection campaign is scheduled to be terminated Friday night, July 10.

"Although figures released by the president showing 334,293 tons of scrap rubber collected up to July 1 is rather disappointing, Howard county on the whole has made an excellent showing," Edwards said.

"We want to thank the chamber of commerce, Boy Scouts, oil industry representatives and all citizens who have worked so diligently,

but we also want to remind everyone that we have only a few days to get the job done right, and we trust that every loyal American will continue to give his cooperation up to the last minute of this drive.

"There is still lots of scrap rubber in the county to be turned in. Remember you can deliver your rubber to any filling station and get 1 cent a pound for it, and this money goes to agencies assisting our men in service.

"Whether we walk or ride will depend largely on the results of this drive. It will also have a serious bearing on our winning this war. Don't let this drive be a failure."

Mrs. L. A. Eubanks, operator of the Retail Merchants association, said that most merchants were prepared to abide by the law to the letter.

As a whole, however, the regulation of credit was drawing praise from retailers. One said it was the "first constructive step the administration has ever taken," and another saw in it and companion regulations concerning down payments and amortization "the putting of independents and little fellows on an equal competitive footing with the chains and the big fellow."

Supposedly, what they don't know won't hurt them, but a few lightly regarded credit customers have had the "screws" put to them already although accounts may not properly be frozen before Friday. In one case the party went ahead and shelled out the long green for a purchase. In others there was wailing and gnashing of teeth—and secretly the retailer praised God that Uncle Sam had at last come between him and his career credit buyers.

Merchants Report Good Collections — Bills Being Paid At Uncle Sam's Urging — Though Some Accounts Still Aging

With Uncle Sam on their side, merchants are bringing in thousands of dollars on past due accounts.

The implement is the consumer credit "Regulation W," and the response, based on a survey of a number of Big Spring retail establishments, has been generally good.

H. W. Whitneys Given Surprise Picnic Supper

A group of friends surprised Lieut. and Mrs. Herbert Whitney with a picnic supper at scenic Mountain pavilion Tuesday night. Lieut. Whitney was presented with a gift from the group.

Lieut. and Mrs. Whitney and family plan to leave on July 14th for Atlanta, Ga., where he will be with the United States army in engineering corps.

Those attending were Mr. and Mrs. Boyd McDaniel, Mr. and Mrs. J. D. Stenbridge, Mr. and Mrs. J. D. McWhirter, Mr. and Mrs. Roy Anderson, Mr. and Mrs. Ennon Lovelady, Joe Keating, Virginia Wear, Ileen Barnett, and the honored couple.

Ice Cream Supper Is Held For East 4th St. Training Union

An ice cream supper was held for the East 4th St. Adult Training Union Monday evening following services at the home of Mr. and Mrs. L. L. Telford.

Visiting was entertainment and guess attending were the Rev. Bill Colson of Eunice, N. M., Orine Hughes, Norfolk, Va., Mr. and Mrs. Frank Cuthbert and Leslie, Mr. and Mrs. Earle Rainey, Gordon and Royce, Mr. and Mrs. A. W. Page and Mary Alpheus, Mr. and Mrs. Roy Lee Williams, Hollis Lloyd, the Rev. and Mrs. R. E. Dunham, Tommy, Harley, Dixie Lee and Lanellie, and Mr. and Mrs. Telford.

Garden Club To Meet On August 4th

The Garden club flower arrangements contest will be held on August 4th at 10 o'clock in the home of Mrs. Harry Stalcup, 510 W. 13th St., in place of this month as originally planned.

Couple Married In San Antonio Tuesday Night

Mary Louise Wood, daughter of Mr. and Mrs. J. L. Wood, and B. Oliver Wood, son of Dr. and Mrs. B. O. Wood of San Angelo were married at 7:30 o'clock Tuesday evening in a ceremony read at the Presbyterian church in San Antonio.

The bridegroom's father, Dr. B. O. Wood, pastor of the Presbyterian church in San Angelo, read the ceremony.

The couple left today for Ethica, N. Y. where they will make their home. Mrs. Wood was a senior student at the University of Texas where she is a member of the Zeta Tau Alpha sorority.

Wood is an ensign in the United States navy and was graduated from the University of Texas where he received his degree in petroleum engineering. He is a member of the Lambda Chi Alpha fraternity at the University. Wood will continue his studies at Cornell University.

Sisters Celebrate Birthdays With Picnic Supper

Birthday celebration for Mrs. D. P. Day and her sister, Mary Le Vernie Franklin, was held at the city park Tuesday night in the form of a picnic supper. Mrs. Day and Miss Franklin, whose birthdays occur on the same day, celebrate the day each year together.

Games were played and picnic supper served. Attending were Mr. and Mrs. F. H. Franklin, Sr., Mrs. A. L. Woods, Le Fay and Dallas Wilburn, Mr. and Mrs. John Nyst, J. E. and Vonna Beth, Mr. and Mrs. D. P. Day, Dorothy Lee and D. W. and Mary Le Vernie Franklin.

Morning Bridge Party Held For Club

COLORADO CITY, July 8 (Sp) - Summer garden flowers were used as decorations throughout the house when Mrs. Charles Wyatt entertained the members of the Bridgette club and several guests with a breakfast and bridge party Tuesday morning.

Breakfast was served on quarter tables to Mrs. Paul Crenshaw, Mrs. Harry Logsdon, Mrs. John Reese and Mrs. J. J. Billingsley, guests, and Mrs. A. L. McSpadden, Mrs. Lester Manning, Mrs. O. E. Rhoda, Mrs. W. S. Rhoda, Mrs. H. E. Simons, Mrs. Arlie Taylor, Mrs. R. D. Bridgeford, Mrs. Ben Smith, Mrs. W. R. McEntire and Mrs. Charles Mann, Jr., members. High score in the after-breakfast bridge games was made by Mrs. Mann for the club members and Mrs. Crenshaw won the prize for high score among guests. Defense stamp prizes were presented.

Eastern Star Holds Memorial Service

Memorial services for Mrs. John Clarke were held by the Order of Eastern Star at the Masonic hall Tuesday night. A patriotic pageant showing the history of the goddess of liberty was also presented. There were approximately 45 persons present.

Have you heard Bill? Come to East Fourth and hear him at 8:30 this evening. You'll like Rev. Bill Colson!—adv.

VISITS AND VISITORS

Mrs. L. C. Vann returned Tuesday from Plainview where she visited her parents, Mr. and Mrs. E. A. Young.

Mr. and Mrs. R. V. Foresyth have as guests this week, Mr. and Mrs. J. H. Foresyth of Eastland and Mr. and Mrs. Clyde Garrett and children of Olden.

Mrs. Cecil Wasson and Mrs. Bob Parks left Wednesday for a visit in Dallas and Fort Worth. They will return this weekend.

Mr. and Mrs. F. M. Purser have as guests her sister, Mrs. N. L. Smitham of Eastland and Mr. and Mrs. Webb Smitham and Jimmy of Wichita Falls.

Mr. and Mrs. W. N. King have as guests her sister, Mrs. Charles Peterson and son, Charles Ray, of Mineral Wells, who will be here for a ten-day visit.

Mrs. C. W. Deats, Wesley and Richard, have returned from a two week trip to San Antonio and were accompanied home by Mrs. Deats' nephew, Edward Rose, of Houston. Rose will spend two weeks visiting here.

Mr. and Mrs. Oscar Steward and Dee Ann of Shreveport, La., have returned to their home after a visit here with Mr. and Mrs. Bob Wren and Mr. and Mrs. W. T. Steward. Donald Wren accompanied them home for a visit.

Mr. and Mrs. C. O. Nalley have as a guest her sister, Miss Curtis Gregory of Talpa.

Dr. and Mrs. J. M. Woodall are spending the week in Corpus Christi and San Antonio.

Mrs. S. J. Boynton, Mrs. L. V. Walker, Mrs. Charlie Moore and Emily Stalcup will leave Thursday for Cattedsburg, Ky., after a visit here with friends and relatives.

Couple to Make Home Here After Wedding In Norton Church

Gladys Redman, daughter of Mr. and Mrs. Gus Redman of Norton, and Leroy Ellis, son of Mr. and Mrs. R. L. Ellis of Norton were married Saturday at 6 o'clock at the Norton Methodist church. The Rev. G. C. Bowman, pastor, read the ceremony.

The bride, who was given in marriage by her father, wore a navy blue frock with white accessories.

Following the wedding a reception was held in the home of the bride's parents.

The couple will be at home in Big Spring where Ellis is employed by Hodges grocery. Mr. and Mrs. Ellis both attended Norton high school.

Among out of town guests for the wedding were Mr. and Mrs. Aubrey Leonard of Big Spring.

BACKS MOODY
CORPUS CHRISTI, July 8 (Sp)—Mrs. Clara Driscoll, democratic national committeewoman, today announced her support of the candidacy of Dan Moody for U. S. senator.

Downtown Stroller

We know a chum who about this time of year sends out Christmas cards with such remarks as "Cold is it not?" She claims this helps her beat the heat. Personally, we can be positive it sends the recipient of the card into a dither, raises their blood pressure, and doesn't help their temperature a bit.

Some folks that everybody will have to see leave our town are the H. W. WHITNEYS but then the army being like it is, they didn't ask our opinion on whether the WHITNEYS should stay or leave. But here's hoping that L. T. WHITNEY and family will prosper with the army wherever they may be stationed.

And speaking of the army, you gals from 17 years on up who have been wanting to "do something" about the war will get your chance Thursday night at 8 o'clock at the Settles ballroom. There is to be a meeting of all the girls who wish to join the girls club to help entertain soldiers to be stationed here. Also, be thinking of a name, girls, it's got to be something cute, you know.

Visitors in the home of the R. H. SNYDERS are Mrs. A. G. HEINZE, PAT and KENNY and JUDY all of Houston. KENNY and JUDY are four year old twins, by the way. Mrs. HEINZE and Mrs. SNYDER are sisters.

A group of friends of CONNIE CUSHING surprised her the other evening on her birthday anniversary with a record party and ice cream and birthday cake at her home. A swell birthday and a good time for everybody was the verdict on the party.

Farewell Party Held For The F. Faubions At The Country Club

Farewell party was held Tuesday night at the Country club for Lieut. and Mrs. Fowler Faubion with Mr. and Mrs. Douglas Orme, Mr. and Mrs. Roy Reeder as co-hosts.

A gift was presented Lieut. Faubion from the group by Douglas Orme. Lieut. Faubion will leave today for San Francisco where he will be stationed with the United States Navy. He recently received his appointment as Lieut. (Jr. G.).

Picnic supper was served at individual tables and dancing was the entertainment that followed.

Attending were Mr. and Mrs. Leon Lederman, Mr. and Mrs. Mike R. Mason of Austin, Mr. and Mrs. C. O. Nalley and Janice, Miss Curtis Gregory, T. E. Keating of Dallas, Mr. and Mrs. Bob Murray, Mr. and Mrs. Chester Cluck, Floyd and Chester, Mr. and Mrs. W. B. Younger.

Mr. and Mrs. George Thomas, Mr. and Mrs. Hudson Henley, Mr. and Mrs. T. J. Dunlap, Averil McClain, George J. Zachariah, Mr. and Mrs. W. D. Carnett, Mr. and Mrs. O. G. Rivore, Alma Borders, W. D. Scott, Helen Duley, Mrs. Clyde Thomas, Jr., Mr. and Mrs. V. A. Whittington.

Allen Seale And Rosalie Pitts Wed

Announcement is made of the marriage of Allen Seale of Denver, Colo., and formerly of Big Spring and Miss Rosalie Pitts of Giddings on July 5th in Bastrop. The couple visited with Mr. and Mrs. Don Seale Monday en route to their home in Denver.

Stitch In Time Club Entertained In McCrary Home

Mrs. Jim McCrary entertained the Stitch in Time club in her home north of town Tuesday with a sewing session.

Summer flowers decorated the rooms and a sweet course was served. Club members sent a gift to Mrs. Fowler Faubion, who left today for San Francisco, Calif., to make her home.

Others attending were Mrs. Bob Satterwhite, Mrs. C. W. Keaterson, Mrs. John Chaney, Mrs. Clyde Johnston, Mrs. Satterwhite is to be next hostess.

Ladies Bible Class To Meet Each Thursday

The Church of Christ, Ladies Bible study class, will meet at 9 o'clock Thursday at the church. The meeting today has been changed for the summer months to Monday afternoon to Thursday mornings.

Youth Temperance Council Has Hobo Hike

The Youth Temperance Council of the Main Street Church of God met Tuesday night at the church for a hobo hike. After the novel hike, the group returned to the parsonage lawn to eat what they had gathered. There were ten persons present.

First Nutrition Class Completes Study

COLORADO CITY, July 8 (Sp) - The first Mitchell county nutrition class completed the course Tuesday with nine women taking the final examination. The class has met twice weekly at the Hutchinson school and has been taught by Mrs. J. D. Williams, nutrition chairman of the county defense council. The home economics group, a food-for-defense organization sponsored the class and plans future classes over the county.

The women completing the course were Mrs. J. G. Merritt, Mrs. A. L. Whippley, Mrs. Will Berry, Mrs. Arlie Taylor, Mrs. Joe Wright, Mrs. L. B. Elliott, Mrs. A. L. Geer, Mrs. L. H. Fitzgerald and Miss Nelle Riordan, who served as class chairman.

What You Buy With WAR BONDS

Gas masks which came into use in warfare for the first time when the German used poison and mustard gas in World War I, are much improved today over those used then. The Chemical Warfare Branch of the War Department issues these gas masks to every man in the service. We are taking no chances.

The type pictured here is the "can" and "elephant nose" mask and costs about \$9.25 each. The headgear is transparent, made of material resembling cellophane and does not cloud with the breath. You can buy two of these gas masks with the purchase of an \$18.75 War Bond. We need thousands of them. Don't fail to give at least ten percent of your income every pay day for War Bonds. Buy them at your bank or postoffice regularly.

Baptist Women Have Bible Quiz And Social Meeting

KNOTT, July 8 (Sp) - Bible study quiz program and social were entertainment for the Missionary Society of the Baptist church Monday afternoon in the home of Mrs. J. W. Phillips, Jr.

Marjorie Smith was named as delegate to the girls encampment. Donations were also taken for the camp which will begin July 13th at the Big Spring park.

Refreshments were served to Mrs. Hershell Smith, Mrs. Oscar Smith, Mrs. J. T. Grass, Mrs. Roy Phillips, Mrs. Albert Anderson, and the hostess.

Mr. and Mrs. Oscar Smith are expecting their son, Morris, who is with the air corps at Alamo, N. M., to spend a six day furlough with them next week.

Mr. and Mrs. W. O. Jones have returned from Abilene where they accompanied his brother, Lacey Jones, to a hospital there for surgery.

Mr. and Mrs. J. H. Gross and sons, Gene and J. C., of Loraine spent the weekend with his brother and family, Mr. and Mrs. J. T. Gross.

Mr. and Mrs. Albert Anderson spent the weekend with her sister and family, Mr. and Mrs. W. A. Robinson of Tazan.

Shower, Picnic Given For The B. Fullertons

Members of the Church of Christ honored their minister, Byron Fullerton, and family with a shower and picnic at the city park Tuesday evening.

Mr. Fullerton and family will leave Thursday and will make their home in Schurman, Tex., where Fullerton will be minister of Church of Christ there.

Gifts were presented and picnic supper served. Visiting was entertainment for the 50 persons attending.

County Tax Rolls Slow Coming In

AUSTIN, July 8 (Sp)—On file in the state comptroller's office today were tax assessment rolls from less than half of Texas' 254 counties.

The rolls are directed by law to be delivered to the comptroller by July 15 so calculations can be made upon which the state automatic tax board can set the state ad valorem tax rate.

Scheduled to meet July 20, the tax board usually postpones its meeting until the full list of tax rolls is on file.

Attends Wedding Of Niene In Plainview

Mrs. L. C. Vann has returned from Plainview where she attended wedding ceremonies of her niece, Vivian Rodgers and Lieut. J. D. Smith on Sunday evening at 9:30 o'clock. The ceremony was read in the home of the bride's parents, Mr. and Mrs. V. R. Rodgers.

The ceremony was read by Dr. John Cobb, dean of Wayland College. The couple left following the ceremony for San Antonio and New Orleans, La.

Lieut. Smith is home on furlough from his station with the army in Jamaica, British West Indies. He is a former resident of Plainview. Mrs. Smith will return to college this fall.

WARNING! BEWARE OF BOWEL WORMS Inside You or Your Child

Roundworms can cause real distress! And nowadays, thousands have this nasty ailment without even knowing what it is. So, watch for each warning sign: nose itching, appetite, nervousness, uneasy stomach, itching parts. Use JAYNE'S VERMIFUGE to drive out roundworms before they can "get set" and make trouble. JAYNE'S is America's leading proprietary worm medicine; scientifically tested and used by millions for over a century. It acts very gently, yet drives out stubborn worms. When no worms are there, JAYNE'S is just a mild laxative. Be sure you get JAYNE'S VERMIFUGE!

He Brings His Pals Along To The Navy

SEATTLE, July 8. (AP)—Walter K. Myer, former high school athlete, hated to leave his friends behind when he entered the navy.

The sympathetic officer who signed him up assigned him to recruiting duty. Two days later Apprentice Seaman Troyer left for the San Diego training station, accompanied by fourteen pals who are in the navy now, too.

Premier Of Turkey Dies Of Attack

ANKARA, Turkey, July 8. (AP)—Premier Rafik Saydam died early today following a heart attack. He

was 61 years old and had been premier since January, 1939. A semi-official announcement Dr. Faik Eustrak, minister of interior, would serve as acting premier until a new appointment could be made.

PROFITEERS WHIPPED
ALEXANDRIA, Egypt, July 7. (Delayed) (AP)—The first whippings for the profiteering here occurred today when 13 convicted profiteers were given 30 lashes and three months' imprisonment.

Ration Book, Blown Away By Tornado, Is Recovered

KOKOMO, Ind., July 8. (AP)—This was sweet news to Mrs. V.

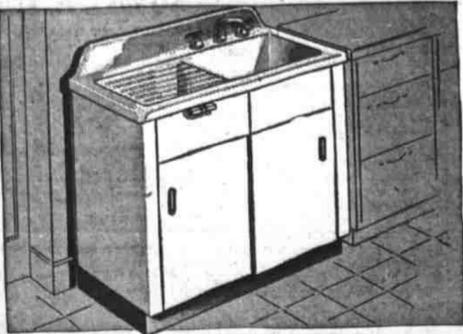

gina Alice Baker. A farmer plowing a field in Blackford county, 35 miles east of here, unearthed her sugar rationing book. It was blown away by a tornado

which destroyed Mrs. Baker's home last month.

An American Likely Would Get The Job

Supreme Commander Of All Allied Forces Needed?

WASHINGTON, July 8 (AP)—Some high inter-allied personages here speculated today on the possibility that an American—perhaps General George C. Marshall, chief of staff of the United States army—might some day become supreme commander of all United Nations land, air and sea forces throughout the world.

So far there is no official move toward creating a supreme commander, but it can be said for the idea now that some important people who refuse to permit use of their names, either expect or hope for one.

Assuming that the job went to an American—which both British and American sources here do assume—it might not necessarily go to Marshall. Other possibilities of course include Admiral William D. Leahy and General Douglas MacArthur.

Leahy, while 67, generally is considered one of President Roosevelt's closest military advisers. Since retiring as chief of naval operations a few years ago he has served as ambassador at ends, French government. Recently he left the White House with the statement that the president had "some kind of employment" for him.

General MacArthur might be a contender not only for his military skill but because of the near-world-wide hero worship that has grown out of his defense of East-tian peninsula. In fact one of the reasons for having a supreme command is the big supply of leadership talent. As one of the ranking inter-allied officials interviewed for this article put it:

"You might say the United Nations had a football team—Stalin and Chiang Kai-shek at ends, MacArthur at center, Wavell at guard, Roosevelt at quarterback,

Churchill at fullback, and similar stars all through the lineup. It might make sense to have a captain to promote teamwork."

At present United Nations strategy calls for area commands in different parts of the world—MacArthur in the Southwest Pa-

cific, Wavell in India, Auchinleck in the Middle East, Chiang Kai-shek in China. In Russia, there are only Russian forces, hence no inter-allied command. Now that Americans are in Great Britain, an appointment may be made there.

The fault, if any, with this setup is illustrated by the current German threat to Egypt. In the opinion of another official who likewise declined use of his name, theoretically, the naval forces could have been annihilated long ago if British tanks sent to Rus-

sia and American troops sent to Australia had been dispatched instead to Libya. Perhaps the routing of men and materials was the wisest possible in the circumstances, said this source. But actually the destinations were chosen on the basis of

day-to-day needs. He argued that in a global war, someone ought to be in charge of a master strategy plan for the whole world to see that such help went to places where it would fit the world picture.

MELBOURNE, MODERN AUSTRALIAN CITY—This aerial view shows the modern character of Melbourne, capital of the state of Victoria in Australia. Located on the southeastern coast, the city has a population of 1,046,750. Its climate is temperate.

Priority Means That Military Comes First

Will it fly? Will it float? Will it shoot? These are not iron-clad rules followed by the War Production Board in governing priorities, said Robert P. Harper, Dallas, WPA priorities division analyst.

The military, naturally, will be served first, said Harper. After the army and navy have been served, civilian needs for safety will be next and then civilian needs for health.

Harper predicted that the priorities pinch would be felt increasingly. Where Australia formerly required no oil or petroleum products from the United States, the nation must now draw on America for 100 octane gas, fuel and lubricating oils.

Priority orders, he said, were in three general classes. The M group is for conservation and embraces basic materials such as copper, tin, silk, rubber, etc.

Fish Oil Put In Water Left For The Germans

CAIRO, July 8 (AP)—Fishy water, so unpalatable that no stomach can stand it, was all that the British left behind for the Germans to drink on the western desert. This was the result of fish oil methodically poured into the wells at all oases.

Defense Guard Aids On The Home Front

AUSTIN, July 8 (AP)—The mission of the Texas Defense Guard, as outlined in a directive from the war department to Adjutant General J. Watt Page, is to meet domestic emergencies and to assist military police and other units of the army in surprising fifth column activity.

Under the war department policy, state guards will remain state forces for use within the boundaries of their own states, but their functions have been fitted into a broad pattern for the home defense of the nation, General Page said.

The first university in the western hemisphere was founded in Santo Domingo in 1538.

Plane Crash Fatal To Four

SIoux CITY, Iowa, July 8 (AP)—An army committee was due here today to investigate the crash yesterday of an army training plane in which four men were killed.

Officials of the army air base here, who took charge of the wreckage and directed removal of the bodies, said all the victims were from Feltz field, Spokane, Wash.

At their Feltz field base, second air corps officers said a report to the field stated the plane was preparing to land at the Sioux City air base and the undercarriage caught on a power line.

Feltz field officials identified the victims as: Second Lieut. Parker E. Everett, pilot and deputy flight commander, of Elk City, Okla. His widow, a bride of two months, is living in Spokane.

Staff Sergt. Robert W. Shores of Bentonville, Ark. Shores' widow, a bride of 10 days, lives in Spokane. Sergt. Jack R. Jones of Tucson, Ariz. Corp. Joseph H. Piew, Des Plaines, Ill.

Nine In Hospital After Gas Blast

NEW YORK, July 8 (AP)—Nine of 17 persons killed by chlorine gas when a supposedly empty tank exploded still were in Roosevelt hospital today.

The tank exploded yesterday afternoon outside the Columbia University college of pharmacy on West 58th street. The college had donated four tanks—the other three really empty—to the scrap metal drive. All the tanks were relics of World War I.

NYA Rolls To Be Cut More Than 50 Pct.

AUSTIN, July 8 (AP)—The number of youths employed by the National Youth Administration will be reduced from approximately 16,000 for Texas, Louisiana and New Mexico on June 30 to 7,000 under the abbreviated program for the nation announced in Washington.

J. C. Kellam, who has been state administrator for Texas, was named director for Region 10, comprising Texas, Louisiana and New Mexico under the new program of dividing the nation into 11 regional offices instead of the former state setup.

Headquarters of the regional office will be in Austin, and the regional administrative staff will be 10 to 15 per cent smaller than the former state staff for Texas alone, Kellam stated.

Instead of the former state and area divisions, the program will operate under what will be known as "master projects." Smaller projects will work out of the master projects and the master project directly to the regional office.

Master project locations in Texas will be as follows: Ranger, Fort Worth, Dallas, Marshall, Waco, Lufkin, Burnet, Austin, Prairie View, Houston, San Antonio, Cuero, Corpus Christi and McAllen.

American Leaguers Prove Might In Downing Service Stars 5 To 0

62,000 Watch As Feller Is Made Victim

CLEVELAND, July 8 (AP)—The American league all-stars have proved by all tests that they are, currently, the mightiest in baseball.

Before a patriotic throng of 62,004 spectators in Cleveland's mammoth municipal stadium last night, the triumphant American leaguers also proved their pitching was too sharp for eyes dulled by months of devotion to another task and their bats too potent for pitching arms grown rusty in the armed services of their country.

The American leaguers routed proud Bullet Bob Feller of the Navy, Cleveland's own fireballer, with a three run outburst at the start, and then went on to trounce Lieut. Gordon (Mickey) Cochrane's soldiers and sailors, 5 to 0.

For six innings the American leaguers clung to a 3 to 0 lead collected at Feller's expense in the first two, and then sewed up the game in the seventh with a two-run attack on Mickey Harris, former Boston Red Sox lefty.

"Iron Mike" Cochrane, once manager of the Detroit Tigers, and one of the greatest catchers in baseball history, took the defeat calmly.

"We lost in the first inning," Cochrane explained. "We had the bases loaded and a single would have changed the whole story. We just muffed a big opportunity, that's all. You don't get a chance to beat a team like these American leaguers every day in the week. Poor Feller didn't have a thing. I've never seen him get belted like that. It proves that he wasn't there—that his duties in the navy have robbed him of his timing, his control."

Best looking pitcher of the night was John Duncan Rigney, late of the Chicago White Sox, now a "gob" at the Great Lakes naval training station. The 27-year-old Rigney went to Feller's rescue with no one out in the second, and pitched five runless innings, allowing the mighty American leaguers only three hits, one a miserable infield grounder that Rigney was unable to field. Rigney left the game in the sixth to make way for a pinch hitter, Johnny Lucadello, formerly of the St. Louis Browns.

The homecoming of Feller, making his first appearance in Cleveland's ball field since late last September, was pathetic. When he proudly stroled to the mound, cheers greeted him. After Lou Boudreau, 24-year-old Cleveland manager, had filed out Tommy Henrich of the Yankees rolled a scratch single towards the box, which Feller was unable to reach, Ted Williams, the Boston cloutier, was passed and Joe Di Maggio blasted a single to center, scoring Henrich. Then Rudy York, Tiger first baseman, lifted a high fly to right, with Williams scoring.

In the second, Ken Keltner, Cleveland's sparkling third baseman, slammed a triple into deep center and Buddy Roser, a Yankee catcher, whacked a single into the left field grass, with Keltner scoring. That finished Feller. Sailor Rigney came in to stop the proceedings.

In all the American leaguers collected 10 hits; the soldiers and sailors six.

They Lost—Lieut. Gordon (Mickey) Cochrane (right), manager of the service squad which met the American league all-stars Tuesday night, was assisted by his old battery mate, Lieut. George Earnshaw (left), but the combination of their talents couldn't head the potent American leaguers who won, 5-0.

Western Amateur Qualifying Starts

SPOKANE, Wash., July 8 (AP)—The slickest field of golfers that could be mustered under present conditions started firing today in the last half of 36-hole qualifying tests of the western amateur championship and its first round performances were repeated high scores promised to be the rule.

Harry Givan of Seattle, 1937 American Walker Cup player, set the pace for the first round yesterday but his sub-par effort was only one of five turned in on the Manicouac course.

He knocked out the finest golf of the first day, with a controlled hook that brought tremendous distance off the tee on the flat but difficult layout. Givan carded a 35-34. Par requirements are a pair

Looking 'Em Over

With WACIL M'NAIR

First half play in both softball league's will be completed this week, and teams in each loop seem to have been fairly well balanced as there will be no runaway winners. First half titles will be decided in a series of playoff matches with the first four teams competing. Although there is a chance that any of the four top teams in the city league might win the playoff, W. O. W. rules as the favorite. State Hospital, who had a chance to tie W. O. W. for first place honors in regular play was jolted Tuesday night by an upset administered by the ABC-Lions. The night's play left Radford's, who won easily over Vaughn's, only a half game out of first place and the probable runnerup to W. O. W.

Regular play in the church league was finished last week, with the exception of one game between the First Methodists and North Nolan Mission. In this contest the Methodists can be undisputed first place holders by winning, or if they lose they will slip into a tie with the Mission. The game will be played sometime later this week.

Several players of West Texas-New Mexico league clubs are catching on with Texas league teams, and doubtless many of the more promising youngsters will acquire new connections before the season is over. According to reports from Milton Fries at Dallas, the WTNM loop could have lasted out the entire season with four clubs and maybe with six, but it appeared wise to discontinue operations while financial conditions were still up to par. Some regarded it as some sort of miracle that the league kept going as long as it did, but it must be remembered that it has always been known as one of the strongest class D circuits in the country.

There is even talk now that no baseball at all will be played by the professionals next year if the war is still going on. People are becoming less interested, except in some of the larger cities, as they are called on for more and more

Amarillo Crowd Waits On Pappy

AMARILLO, July 8 (AP)—Sen. W. Lee O'Daniel felt the pinch of the rubber shortage last night, but the trouble served only to demonstrate his ability at holding a political rally crowd.

Tire trouble delayed O'Daniel and Hal Collins, candidate for governor, outside of Plainview in the afternoon. The crowd stood in the broiling sun and waited more than an hour, during which the audience grew in size.

That delay held up the night rally in Amarillo for an hour, but here again the crowd stayed—and increased.

No estimate of the crowd was made here, but it was at least half as big as the 15,000 to 20,000 O'Daniel drew in an evening performance in 1940, when he was running for re-election to the governor's office.

One man remarked: "Pappy's biscuits don't get cold."

Collins spoke first. O'Daniel began his talk at 10 p. m. and held the audience an hour and fifteen minutes. His address followed the line of many of his other speeches.

Cliff Melton Out Of Giant Lineup

CLEVELAND, July 8 (AP)—Cliff Melton, ace of the New York Giant pitching staff who was kept off the National all-star team by injuries, is suffering from bursitis of the elbow and will be out of the lineup for at least a week, Secretary Eddie Brannick said last night.

HOOPER PRINTING CO. PHONE 109 206 E. 4th Street

SPORTS ROUNDUP

By HUGH FULLERTON, JR. Wide World Sports Columnist

NEW YORK, July 8—Besides a dozen "major" football games, Bernie Bierman's Iowa Seahawks offer spectators at their home tilts a parade of cadets, two cheering sections and the big Seahawk band as extra attractions. Main complaint from all the pre-flight schools, however, is too many 160-pounders....When a soldier from Boston drew a furlough in San Francisco, he wrote home: "Visited Joe DiMaggio's restaurant. The food was swell but the prices were as high as his batting average would be." Joe admits it would be hard to eat there regularly on a private's pay.

Hear the birds sing—Wifry Cox, veteran Washington pro, has figured out a way for all his Congressional country club golfers to become par-busters.... Instead of everyone trying to beat theoretically perfect figures, Wifry would establish a private par for each golfer, based on what he might expect to do on a good average day....For this golf author, the card might read: "No. 4, 447 yards. Par 7 (if the drive doesn't slice into the swamp by the dogleg and the approaches stay clear of deep traps)."

Only enlisted man on the Iowa pre-flight school baseball squad is George Hauck, who started out as Lieut. Col. Bernie Bierman's personal yeoman and a softball player. When Bernie played short field for the officers against the enlisted men one day, so many of Hauck's hits sailed over his head that he ordered George out for the varsity....Col. Heinie Miller of the marines, former N. E. A. president, once took part in an exhibition against a Jap jiu jitsu expert in Manila. The Jap advanced; Col. Miller swung his right in the best N. E. A. manner—time of knockout 50 seconds.

Today's guest star—John Mooney, Salt Lake Telegram: "J. J. Johnston is irked because Feller, Bob Feller would rather play golf than fight. After trying both, who can blame Bob for seeking birdies the easier way?"

Santone Beats Out Sports In 18 Innings

By The Associated Press

Fans at the Roosevelt Night game between San Antonio and Shreveport last night saw an 18-inning contest, which the Sports won, 4 to 2.

Thirty-five hundred attended the tilt, which ended at 1 a. m. today.

Zeks Trent opened the 18th with a triple and scored on a squeeze play in which Baron participated. On the throw to the plate Baron went to second, and he scored on Parker's single.

The Tulsa Oilers won from Oklahoma City, 4 to 3, scoring the winning run in the ninth.

With two down, Cy Block hit to Harrigan, who tossed the ball into the Oklahoma City dugout. Block went to second, Guy Miller then hit to Harrigan, who again threw wild as Block came in with the deciding tally.

Gordon Maltzberger held the Fort Worth Cats to five hits as Dallas won, 3 to 1. The Rebels made all of their runs in the first when Jess Landrum and Red Hayworth hit successive singles off Loren Bain with the bases full.

The Houston at Beaumont game was postponed.

Has A Good Team, No Opponents

MILLEDGEVILLE, Ga., July 8 (AP)—Most football coaches are complaining these days of a tough schedule and no team. But Lew Cordell of Georgia Military College has a fine team—and no schedule.

He has been conducting daily practices during summer school for one of the best football squads in recent years, but he says practically all his games have been cancelled by junior colleges which suspended athletics.

He Saves The Day, Then Leaves Town

OSAWATOMIE, Kas., July 8 (AP)—Oswatomie's baseball outlook was dark. The team hadn't won a game all season.

Then Tom Handrusky, 18, an unknown Arkansan, blew into town. "It couldn't be worse," sighed the management, putting him on the mound against Paola.

He won 9 to 2, fanning 15 and allowing no earned runs. Then he blew out of town. Oswatomie's baseball outlook is dark.

WOW Clinches Share Of Softball Title

W. O. W. assured itself a tie for the championship of the city softball league Tuesday night by thoroughly shelling the Boy Scouts 17 to 2.

Now one full game in the lead over the nearest rival, Radford, the W. O. W. will tangle with that team Thursday night in the final game of the first half. It will definitely decide the overall champions in case W. O. W. wins. However, if Radford's defeat W. O. W. another extra game between the two teams will be played to break the tie.

Teams to be in the Shaughnessy type playoff are W. O. W., Radford, Big Spring State Hospital and ABC-Lions.

A postponed game between the First Methodists and the North Side Mission was played Tuesday, and the Mission kept their first place slot by winning over the Methodists 8 to 18.

Play has been concluded in the first half of the church league, and it will be reorganized for the second half within the next few days.

Harris Had Long Trip For Nothing

CLEVELAND, July 8 (AP)—Hard luck honors in last night's all-star game easily went to Mickey Harris, the erstwhile Boston Red Sox fliker who came all the way from the Canal Zone to pitch one inning—and he tagged for two runs and three hits, all of them for extra bases.

Pinch Hitter Hits When He's Called

KANSAS CITY, July 8 (AP)—Here's a pinch hitter who actually hits!

In 28 trips as a pinch hitter for the Kansas City Blues, Jack Saltzgaver has tallied 10 safeties and driven in 18 runs. Majority of his hits led directly to victory for the Blues, now riding atop the American Association standings.

A Diesel-type streamlined locomotive costs from \$100,000 to \$125,000.

Angott Given Decision Over Montgomery

PHILADELPHIA, July 8 (AP)—Lightweight champion Sammy Angott had to his credit today a third straight win over Philadelphia's Bob Montgomery, but his latest victory has started a controversy that may lead to a fourth meeting.

Angott pulled and mauled his way to a split decision over Montgomery at Shibe park last night in a 12-round non-title scrap. The decision was booed by many in the crowd of 18,000 that contributed to a gross gate of \$32,500.00, but there seemed to be as many who declared the decision was just.

Charley Jones, manager of the Washington, Pa., champion, summed it up in a few words: "We won, didn't we. We've beaten him three times now, twice in Philadelphia. But we're willing to fight him again if the fans want it."

Political Announcements

The Herald is authorized to announce the following candidates, subject to action of the Democratic primary of July 25, 1943:

For State Representative,
51st District
DORSEY B. HARDEMAN

For District Judge:
CECIL C. COLLINGS

For District Attorney,
70th Judicial District--
MARTELLE McDONALD

For District Clerk
HUGH DUNAGAN
GEORGE C. CHOATE

For County Judge--
J. S. GARLINGTON
WALTON B. MORRISON

For Sheriff:
ANDREW J. MERRICK

For County Attorney
GEORGE THOMAS
H. C. HOOPER

For County Superintendent or
Public Instruction
AYNE MARTIN
WALKER BAILEY
HERSCHEL SUMMERLIN

For County Treasurer--
MRS. IDA COLLINS

For County Clerk
LEE PORTER

For Tax Assessor-Collector
JOHN F. WOLCOTT

For County Commissioner,
Precinct No. 1--
J. E. (ED) BROWN
WALTER W. LONG
ROY WILLIAMS

County Commissioner, Precinct
2--
H. E. (THAD) HALE
W. W. (POP) BENNETT

For County Commissioner,
Precinct No. 3--
**RAYMOND L. (PANCHO)
NALL**

For Co. Commissioner, Prec. 4--
C. E. FRATHER
AKIN SIMPSON
E. E. (EARL) EDENS

For Justice of the Peace
Precinct No. 11
WALTER GREGG

For Constable, Prec. 1
J. F. (JIM) CRENSHAW
J. A. (DICK) ADAMS
L. A. COFFEY

French People Losing Weight, 11 lb. Average

BERN, Switzerland, July 8 (AP)—France has become a nation of thin men.

A Lyon dispatch today said doctors estimated the French people since the armistice of June, 1940, had lost at least 440,000,000 pounds, or an average of 11 pounds per person.

This is due, they said, to lack of meat, cheese, eggs and fats. Before the war the average Frenchman ate 96 pounds of bread or flour products monthly as against half of that amount now.

The meat, sugar and cheese intake now is 25 per cent of the pre-war regime; butter and oil is 30 per cent and coffee 12 per cent.

Population Gain Estimated At 2,000 Due To Air School

How many people have come to Big Spring since beginning of the U. S. Army School project? Based on available housing figures, the chamber of commerce estimates that the figure might be pegged conservatively at 2,000.

Through the chamber's housing bureau, operated in an effort to relieve the housing press, 273 families have been placed, exclusive of those quartered in tourist courts.

Ninety-one families have secured houses, averaging \$38.37 in rentals (some went up above the \$75 mark), and 152 had apartments from one room up to six rooms at an average of \$32.50. Tourist courts and hotels hold at least another 100 families. It was estimated. There is no reckoning of the scores of families placed through newspaper advertising and regular rental agencies.

At the same time, many former residents have moved away, it was admitted. There has been a considerable displacement among those going into defense production and those entering the service. But arrivals in Big Spring have far exceeded departures, the chamber said.

Livestock

FORT WORTH, July 8 (AP) (USDA)—Cattle 3,200; calves 1,000; cows slow and weak, other slaughter cattle about steady. Killing calves opened active and some slowness late. Stockers dull and steady to weak. Common and medium beef steers and yearlings 8.50-11.50; good kind 12.00-50; choice heifers 13.50, and steer yearlings topped at 13.75. Beef cows mostly 7.25-9.50; bulls 7.25-10.00; slaughter calves largely 8.50-12.25; choice lots to 12.75; good and choice stocker steer calves 11.50-13.25.

Hogs salable 1.100; around steady; top 14.25, packer top 14.15; good and choice 175-300 lb. 14.10-25. Sheep 7.50; mostly steady on all classes; some spring lambs weak to lower; medium and good spring lambs 10.50-12.00; yearlings 9.50-11.00; aged wethers 6.00, feeder lambs and yearlings 8.00 down.

Big Spring Hospital Notes

Mrs. Mary A. Tolbert is receiving surgery.

Mrs. J. C. Archer, Stanton, is receiving observation.

Marilyn Keaton is a medical patient.

Claude Redden is a surgical patient for hand injuries received yesterday when his hand caught in machinery while at work.

Cornelius Carter, negro, is a medical patient.

Mr. and Mrs. R. H. Skurlock are the parents of a daughter born Tuesday weighing 6 pounds, 8 ounces.

Mrs. E. T. Simmons, Stanton is receiving medical care.

Mrs. J. W. Whitton is a medical patient.

Mrs. Joe Denlow underwent surgery today.

Mrs. R. B. Bliss is slightly improved today.

Women Supervisors Needed In War Work

AUSTIN, July 8 (AP)—Forty thousand women supervisors and foremen will be needed in war industries in the next 18 months, predicts the regional director of the U. S. Office of Education's engineering, science and management war training courses.

Director W. R. Woolrich, University of Texas engineering dean, cites a need for 12,000,000 additional workers in war industries in the next year and a half and asserts these jobs must be filled by women or by men above military age.

Absentee Ballots Coming In Slowly

Absentee votes are coming in slowly, County Clerk Lee Porter said today, and there is indication that the number cast will be fewer than last year.

About half a dozen turned in their ballots Monday, the first day, and none has been received since. Last year the county had one of the heaviest absentee votes in history, but fewer people will probably be out of town on vacations at election time this year.

Colorado Woman Has Two Sons In Service

COLORADO CITY, July 8 (AP)—F. P. Gibson of Colorado City has two sons in the service since the recent enlistment of her younger son, Frank Pierce Gibson, Jr., 18, in the air corps. He is stationed at Sheppard Field in Wichita Falls.

Morris Winford Gibson, her older son, has arrived safely in Alaska, according to word received by his mother this week.

One Of Founders Of S.M.U. Dies

DALLAS, July 8 (AP)—One of the founders of Southern Methodist university, Dr. John Oliver Reynolds, 78, died here yesterday.

He was an internationally-known eye specialist and a pioneer in the motion picture recording of major eye operations. He had served as president of a number of the leading medical societies of the western world.

Fireman Injured At Colorado City

COLORADO CITY, July 8—The call which sent the Colorado City fire department on a wild ride Monday night turned out to be a false alarm. The ambulance call which followed quickly in its wake was real. Lucien Madden, volunteer fireman, received painful minor injuries when he was struck in the back of the fire truck as it struck a dip in the pavement.

Madden was given first aid treatment at Root Hospital and dismissed.

Weather Forecast

U. S. Department of Commerce Weather Bureau

WEST TEXAS—Continued warm this afternoon. Temperatures tonight about the same as last night. Scattered late afternoon or evening thunderstorms west of the Pecos valley.

EAST TEXAS—Little temperature change tonight.

MEDICAL FOUNDATION

DALLAS, July 8 (AP)—The Baylor college of medicine and the dental college will participate in the Southwestern Medical Foundation's proposed medical center in Dallas according to an agreement signed yesterday by the executive board of the Baptist general convention of Texas.

Wheat Jumps 5 Cts. Bushel

CHICAGO, July 8 (AP)—Wheat prices advanced almost 5 cents a bushel today as a result of heavy flour business and buying inspired by senate passage of legislation which would lift government loan rates on basic crops from 85 per cent to full parity. Wheat prices were the highest since late in May.

Flour brokers said buying came from all interests in the market with mills active as a result of greatly expanded flour business approaching last week's proportions following a let-up in demand from bakers earlier this week.

More People Are Urged To Assume Air Raid Duties

Scoring "passive patriotism," E. B. Bethel, head of the city's air raid wardens and in charge of the training program for them and auxiliary firemen, appealed Wednesday for more recruits in the program.

"There is not a unit in the entire civilian defense set-up as important as that of the air raid wardens," he asserted. "There is no more responsible for so many programs in a Lions club talk."

Bethel said many had openly scoffed and laughed at invitations to participate in the training programs. "But," he said, "I tell you this is not a laughing matter."

He preferred not to call it "civilian defense" but "civilian protection," and said beside this essential preparatory service, equipped organization also equipped the people with a vital psychological weapon, increased security, and hedged against disruptions and delinquency problems if and when attack should come. He pointed out that the program embodies little or nothing for superficial display.

Lawrence Robinson, president, issued specific instructions to committee chairmen and asked them to meet with their groups. Dan Conley, club secretary, presented Schley Riley with a past president's certificate.

New Conservation Programs Mapped

Plans for 11 additional farm and ranch conservation programs were approved by the board of supervisors of the Martin-Howard Soil Conservation district Monday as procedure for completing the annexation of Midland county was outlined.

The farms and ranches were pretty well sprinkled over Howard and Martin counties and involved around 20,000 acres. I. O. Sturke, Midland county agent, was present for the meeting, held at Stanton, to go over plans affecting Midland county, which recently was included by the state board in a new charter for this district.

Attending were E. T. O'Daniel, Coahoma, chairman; R. L. Warren, Big Spring; Earl Heald, Ackery, and M. L. Koonce, Lenorah.

2 Sentenced Under Food Stamp Law

HOUSTON, July 8 (AP)—Sentenced to federal prison yesterday by Federal Judge T. M. Kennerly were two Houston men who pleaded guilty to violations of regulations governing the food stamp plan.

They were Harvey Sellers, former groceryman, who received an 18-month sentence, and Robert B. Anderson, former employe in the food stamp office.

Here 'n There

The name of Jones Lamar was omitted from the list of those receiving certificates in the Basic Industrial Safety Engineering course which was completed Monday night at the high school. This will raise the total to ten persons receiving certificates in the 96 hour course taught by King Slides.

Drilling on the W. M. Pentrice No. 1 Wulffsen is down to 75 feet after beginning operations Monday. The well is located on section five, Block 13, H. & T. C. Railroad Survey, Mitchell county, 12 miles south of Colorado City.

Add to the list of "home town boys making good" with Uncle Sam the name of Harry Blomsheld, son of Mr. and Mrs. Carl Blomsheld, who is at Detroit for specialist's training. Harry has made superior grades in mathematics, is developing as a bugier and has been assigned to appear in several public programs.

W. C. Calase, representative of the War Production Board out of the Washington office, was here Wednesday conferring with persons with building problems.

Those who had contacted him said he substantiated information given by FIA and other WPE officials, namely that new construction is extremely doubtful.

First Half Of Year Exceedingly Dry; You Guess On Next 6 Months

Prospects for a bona fide drought or a season of gully washers are good.

Records reported by the U. S. department of commerce weather bureau for June showed .61 of an inch moisture for the month, which brought the first six months figure to only 4.54.

Few years since the turn of the century, when rain record-keeping started here, have produced such dry first periods. This compares with a 40-year normal of 8.99 inches for the period and the remarkable 12.12 for the first six months last year.

If there is anything to the theory, harbored in some quarters, that weather runs in seven-year cycles with super-cycles thrown in for good measure, the last half should prove pretty wet. Seven years ago the annual total was up to 25 inches with at least 10 of it falling in the last half. In 1928 around 10 inches fell in the last half after June of that year turned up a deluge of 10.10 inches. The year 1921, that super-cycle year, turned out to be a parched sister with a total of only 11 inches for the year. And thus it goes back through the years, consistently only in inconsistency.

June was a peculiar weather month here. The mean maximum was 82.5 as compared with 84.8 for May. The mean minimum was 63.3 as compared with 59.3 and the mean (average) 80.8 as compared with 72. Seven days had temperatures of 100 up to 105.

It was as dry as it was hot. After a shower with .06 of an inch on June 7, only a trace fell the rest of the month. And the wind, as both memory and records bear out, blew almost constantly.

Dutch Vessel Is 344th Loss

By The Associated Press

The sinking of a medium-sized Dutch cargo vessel in the Caribbean two months ago, which was announced by the navy today brought to 344 the unofficial Associated Press tabulation of United and neutral nations' ship losses in the western Atlantic area since Pearl Harbor.

All 37 persons aboard the ship were rescued although the vessel was sunk by an enemy sub within 10 minutes, the navy reported.

The navy announced yesterday the destruction in the Caribbean of three merchantmen—a U. S. vessel, a small British tanker and a medium-sized Norwegian cargo ship—which with the loss disclosed today swelled the toll in that area to 113.

Meanwhile, Mexico struck her first blow since she declared war last month with a dive bombing attack in the Gulf of Mexico which the Mexican army general staff said apparently crippled an enemy submarine.

From Buenos Aires, a high official source said that neutral Argentine, while still holding to her right to freedom on the seas, ordered her merchant vessels to avoid the east coast of the United States which Germany has declared a blockade zone.

The Argentine authority said that in the future Argentine ships would dock instead only at U. S. ports in the Gulf of Mexico.

Chinese Cling To Vital Rail Lines

CHUNGKING, July 8 (AP)—With the Chinese still clinging to a 25-mile sector of the Chekiang-Kiangsi railway, the Japanese were reported today to have started a new thrust southwest from Nanchang in a fight for the Kiangsi-Hunan line, second loop toward an overland rail trunk with which the Japanese seek to link Shanghai and Singapore.

A delayed central news dispatch from Kiangsi said the Japanese penetrated 45 miles southwest of Nanchang, Monday afternoon.

Fierce fighting was said to be going on around the two towns, the first main stops on the line which connects with the Chekiang-Kiangsi line at Nanchang and runs into Hunan province to join the trunk line south to Canton at Chuchow, south of the provincial capital of Changsha.

Berlin Now Claims 32 Vessels Sunk

BERLIN (From German Broadcasts) July 8 (AP)—The sinking of four additional merchantmen in a "British-American" convoy reported attacked on the Arctic supply route to Russia was claimed today by the high command, which said altogether 32 ships of the convoy of 38 had been sent to the bottom.

(There was no confirmation of the German claim from any other source. Previous German accounts of ship sinkings along this route have proven far in excess of actual losses when the convoys reached their destination.)

Acid Treatment For Read Test

Operators waited Wednesday to see if there would be any reaction to an acid treatment of the Ray Oil Co. No. 1 Willard Read out-post test in eastern Howard county before drilling plug on bottom pay and continuing exploration of a lower stratum.

Initial returns from the acidization seemingly were negligible. Unless there is a reaction after being shut in, the test probably will pull tubing and rods, drill plug over the lower pay horizon and resume drilling at 2,732 feet in saturated sandy lime where it was left off. The well then probably would be shot. Location is in the extreme eastern edge of Howard county in the Rattlesnake Gap country.

Martin county's currently active wildcat, the Magnolia No. 1 E. B. Powell, section 18-35, 1n, T&P, was reported drilling below 5,000 feet in lime.

The Humble Oil & Refining Co. No. 1 Newman, 8,000-foot wildcat nine miles northwest of Snyder, prepared to set 13 3/8 inch string at 315 feet, with bottom two feet lower in redbeds. Location is in section 288-97, H&TC.

Still Not Enough Machine Tools

FLINT, Mich., July 8 (AP)—"We are making the greatest number of machine tools any country in the world has ever made, and it's still not enough," Lieut. Gen. William S. Knudsen, former General Motors president, told Flint war manufacturers yesterday.

Bund Leaders Held On Bail

NEW YORK, July 8 (AP)—Eleven of 29 persons indicted in the government's coast-to-coast drive to put the German-American Bund "out of business" were held in high bail today as the FBI announced that all those concerned were now in federal custody.

The last of 26 named in indictments charging conspiracy to evade the selective service act, conspiracy to counsel Bund members to resist service in the U. S. armed forces or conspiracy to conceal Bund membership in alien registration, was arrested at New Haven, Conn., last night. He was Wilbur V. Keegan, counsel for the Bund until last January with offices at Teaneck, N. J.

13 Texans Die In Fires During June

AUSTIN, July 8 (AP)—Fire fatalities in Texas for June numbered 13, hiving the total for the first six months of 1942 to 185. Marvin Hall, state fire insurance commissioner, reported today.

June deaths were eight less than in May and the lowest recorded for any month this year.

Weather Mostly Favorable For Texas Farms

AUSTIN, July 8 (AP)—Favorable conditions for carrying on farm work and for progress of crops were more or less general farm work and for progress of crops were more or less general over the state most of the week ended July 5, the U. S. department of agriculture extension service reported today.

Harvesting of small grains was interrupted temporarily by showers in parts of the northwest, but the moisture was welcome for growing crops. Another full week of work was possible in most of North and East Texas and crops were improved as a result of cultivation and the fair weather.

Rains over most of the south and southwestern half of the state were beneficial to corn, feed crops, peanuts and to range pastures, though some upper coastal counties were to wet. Soil moisture, both surface and subsoil, appears to have been improved on the whole.

As the peak of harvesting of small grains moved up into the panhandle showers resulted in some delays, some loading of grain and several hail losses in certain areas. Yields of wheat were generally exceeding expectations.

Calotabs

Next time you need calomel take Calotabs, the improved calomel compound tablets that make calomel-taking pleasant. Sugar-coated, agreeable, prompt and effective. Not necessary to follow with salts or castor oil. Use only as directed on label.
