#### **Political Parties** Prepare For Short Campaign Year

WASHINGTON, Feb. 17 .- Major political parties were set today for a streamlined 15-week presidential campaign shortened month from the period allotted to

that purpose in 1936. Chairman James A. Farley of the democratic national committee waited fewer than 24 hours after republican decision to open the G.O.P. convention June 24 in Philadelphia to announce democratic plans.

He fixed July 15 for the opening of the democratic national convention in Chicago. The announcement came from Miami where he is vacationing.

Other political developments included:

1. Decision of Vice-President John N. Garner to enter the May 7 California presidential preference primary.

2. Continued speculation over President Roosevelt's third term and fishing vacation plans, especially whether the latter include any diplomatic contact with foreign officials and, if so, where,

#### No More Mothers-in-Law

Those benevolent ladies who have given their sons and daughters in marriage have finally rebelled against the stigma that has attached itself to their lot. Every comedian has found mothers in-law a handy subject for some deroagatory quip, and the ladies don't like it.

They decided that maybe it was all in a name, and so they grappled with the problem from that angle. They changed the name of "mother-in-law" to "kin-mother." They have an idea that will help.

Maybe it will. Wisecracks about kin-mothers won't be nearly as funny as jokes about mothers-in-law. And, finally, funny-men will just abandon this field. That will be just as well. After several decades of abuse, it would seem the ladies are entitled to some relief.

#### No Meat for Civilians

War is never good for the digestion.

It doesn't make much difference as far as food is concerned, whether you live in Germany or England these days. Both nations are at war, and both nations are livaing on rationed food.

Beginning March 11, British citizens will be allowed from one pound to a pound and a half of meat each week - if they are over six years of age. Children will be on half rations. In Germany, the quota per capita is one pound 1.6 ounces.

No matter how righteous the cause it may be fighting for, a nation is far from normal during war. The people who don't get into uniforms are far from being mere spectators to a bloody game.

HARDLY A DAY goes by when we do not hear from Pontiac owners in all parts of the country who tell us, in enthusiastic terms, how glad they are they bought a Pontiac instead of a smaller car.

Now, they say, they can buy a big car, with all the advantages only a big car can give them, at a price right

down with the lowest! Why not be guided by the actual experience of these owners? Before you buy any car, investigate Pontiac. You'll be amazed to find this big car, with all its big-car roominess, luxury, comfort and performance, is just as easy to buy and just as economical to own as a smaller car!
