

Red Guns Fire On UN Escort

By ROBERT TUCKMAN MUNSAN, Korea, Thursday (AP)— U. S. fliers spotted two convoys of Allied sick and wounded Wednesday rolling south high up in North Korea along roads jammed with Red military traffic and bristling with anti-aircraft guns that fired at the spotter planes.

The Communists apparently were taking advantage of the immunity from Allied air attack to pour in military supplies. One pilot watched the masses of Red military trucks and declared: "In all my 96 missions over North Korea I've never seen so many trucks."

Arrogant Communist sick and wounded staged a showdown strike at the other end of the repatriation road at Pusan in Southeast Korea but gave up and went ashore when Allied guards with bayonets came aboard their landing ship. As the day of liberation neared, reports flew that discussions for reopening the whole prisoner exchange question might be opened soon. Prisoner exchange is the only issue blocking an armistice.

Prisoners' 'Freedom Road'

This map locates "Freedom Road" down which the first truck convoy carrying Allied sick and wounded for exchange at Panmunjom, Korea, has started. The 23-vehicle convoy left Camp No. 8 at Chonma, North Korea, near the Yalu River and is threading its way down winding roads and trails to the Red armistice site at Kaesong. It will take two and one-half days to make the trip. (AP Wirephoto Map).

WORK TO START IN 40-60 DAYS

City Fathers Accept Paving Bid From San Antonio Firm

City commissioners Tuesday accepted the lowest of eight bids for paving 183 blocks of Big Spring streets. Contract was awarded to the H. B. Zachry Company of San Antonio on its offer to install quadruple penetration asphaltic paving for \$335,810.89.

City commissioners Tuesday accepted the lowest of eight bids for paving 183 blocks of Big Spring streets. Contract was awarded to the H. B. Zachry Company of San Antonio on its offer to install quadruple penetration asphaltic paving for \$335,810.89.

was opening paving bids in Austin Tuesday. City Engineer Cliff Bellamy estimated it will be 45 to 60 days before actual work can get underway on the city-wide paving project. Public hearings, property assessments, and the sign-up of property owners must be completed before work order can be issued.

MIG Down As Red Push Turned Back

SEUL, (AP)—Three U. S. Sabre jet pilots shared in the destruction of one Communist MIG over North Korea today and on the ground withering fire from American 45th Division infantrymen hurled back 150 to 200 attacking North Koreans on the Eastern Front.

The contract with H. B. Zachry means paving will cost property owners about \$3.87 per front foot on 30-foot streets. The cost will be about \$4.26 for each foot of a 36-foot street, \$4.52 for 40-foot paving, and \$4.85 for a 45-foot street. Cost to property owners on a 52-foot-wide street will be approximately \$5.32 per front foot, and for 55-foot paving it will be \$5.52.

Dabney To Stay As Mayor For Two Years

G. W. Dabney will be Big Spring's mayor for another two years and Willard Sullivan is to fill the post of mayor pro tem for the same period. That's what city commissioners decided Tuesday following the official canvass of municipal election returns.

discussing the sale of water to Cabot Carbon Company. The City of Big Spring wants to serve the carbon plant with water, but will need an additional tap on the CRMWD supply line in order to do so. Commissioners also instructed that copies of all correspondence with the U. S. Corps of Engineers pertaining to a claim for pay for rock be sent to Senators Lyndon Johnson and Price Daniel and Congressman George Mahon.

Regime Against Fast End Of Rent Control

WASHINGTON (AP)—The Eisenhower administration took a stand today against a hurry-up move in the House to kill almost all remaining federal rent controls April 30. Defense Mobilization Director Arthur Flemming urged the House Banking Committee to continue general rent controls over 5,550,000 housing units in 32 states until Oct. 1.

bill to lift ceilings April 30 on all the 4,300,000 housing units in non-critical areas and to remove controls June 30 on perhaps half of the 1,300,000 units in areas declared to be critical because of defense activity which has led to a housing shortage. The bill by Wolcott, an influential GOP spokesman on economic affairs, also would abolish the present Office of Rent Stabilization and transfer rent control administration to any federal agency chosen by Eisenhower.

about 20 trucks of POWs carrying Western Soldiers. PANMUNJOM, Korea (AP)—A Communist correspondent today said at least 20 of about 65 trucks reportedly carrying sick and wounded Allied prisoners through North Korea for an exchange here next week contain Americans, Britons and other non-Koreans. The correspondent, Wilfred Burchett of the French Red newspaper L'Humanite, indicated that the trucks carrying the non-Koreans would arrive at Kaesong, the Communist truce camp, Friday.

Reds Being Repatriated Stage Sit-Down Strike

Senate Refuses To Plunge Into Car Law Debate

By BO BYERS AUSTIN (AP)—The Senate refused today to be rushed into debate on softening of the embattled auto inspection law. It turned down a request 13-9 to take up the House-approved measure out of its regular order. That was far short of the two-thirds necessary to set aside the rules and begin immediate debate.

At Probe

Harold Glasser, a former government economist, refuses to tell Senate investigators whether he conferred with Communists on advice he gave to former Secretaries of State George C. Marshall and Dean Acheson. Glasser, appearing before the Senate Internal Security Subcommittee, in Washington, also balked at saying whether he is a Communist now or was during the 12 years he worked for the federal government. (AP Wirephoto).

Incident Viewed As Harassing Tactic

By GEORGE SWERS PUSAN, Korea (AP)—About 750 disabled Chinese Communist prisoners today staged a 2 1/2-hour sit-down strike aboard a U. S. landing ship which brought them on the first leg of a journey to Panmunjom for repatriation home. A reliable source said North Korean prisoners on Koje Island also have balked. No figures were mentioned, but two more landing ships carrying North Korean disabled prisoners from Koje were due here this afternoon.

Col. Richard D. Boerem of Ontario, Calif., deputy commander of the POW Command, told the Chinese over a loud speaker at 12:15 p.m.: "You have refused a lawful order to land. I don't care to talk to your representative. You will have to move out at once." At this point one of the prisoners yelled, "No, we won't do it. We will all stay here. We won't move."

Senate Refuses To Plunge Into Car Law Debate

A renewed effort to secure House decision on Rep. Lamar Zivley's companion bill was promised. The Senate hurriedly approved and sent to the governor a bill to appropriate \$750,000 for legislators' salaries and other expenses of the session. It was the second such \$750,000 appropriation this session. Debate began in the Senate on a proposed amendment, already passed by the House, to permit military servicemen to vote in Texas. Changes were adopted to require the usual resident and citizenship qualifications. Then, without taking final action, the Senate adjourned until 10:30 a.m. tomorrow.

Six Persons Die In Crash; 19 Live

SEATTLE (AP)—Rescuers followed a trail of blood left in deep snow by a plucky stewardess yesterday and brought 19 airline crash victims out of the wild Cascade mountains. Six others were killed in the crash. The DC3 plane, chartered by the Army to fly 22 servicemen from Scranton, Pa., and Washington, D. C., to Seattle, plunged into thick trees after one of its two engines failed and ice formed on its wings. Arduous, day-long rescue work began after the stewardess, Mrs. Adra Long of Berkeley, Calif., was spotted hobbling down the mountainside. Her winding footprints were spotted with blood. She had struggled six miles from the crash despite a long gash in her leg and severe chest injuries.

Clean-Up Is Early As Trash Volume Is On Upswing

Big Spring's clean-up campaign already is being reflected in the volume of trash being put out for city garbage disposal trucks, R. V. Foresyth, city street department superintendent, reports. Foresyth says volume of trash put out for removal has increased sharply in the past few days. The official starting date for the clean-up drive is next Monday, but residents are being urged to start early so that all trash and rubbish will be ready for hauling off by the following Thursday, date set for city trucks to start their part of the clean-up operation.

183 Korea Casualties

WASHINGTON (AP)—The Defense Department today identified 183 Korean War casualties in a new list (No. 791) that included 41 killed, 117 wounded, 13 missing, 3 injured and 9 captured. The committee returned to its inquiry after ducking around an obstruction thrown up by Sen. Morse (Ind-Ore). Senate committees normally ask—and are given—the Senate's unanimous permission to conduct committee work while debate is in progress on the Senate floor. Morse argued that he would not give his consent to these meetings during the submerged lands debate, which is expected to continue for several more days.

Wilson In Frankfurt

FRANKFURT, Germany (AP)—U. S. Secretary of Defense Charles Wilson and Army Secretary Robert Stevens arrived today to begin a three-week visit to American military units in Europe and North Africa.

Wilson In Frankfurt

WASHINGTON (AP)—The Eisenhower administration took a stand today against a hurry-up move in the House to kill almost all remaining federal rent controls April 30. Defense Mobilization Director Arthur Flemming urged the House Banking Committee to continue general rent controls over 5,550,000 housing units in 32 states until Oct. 1.

Chaplin Gives Up Re-Entry Permit

WASHINGTON (AP)—British movie comedian Charlie Chaplin has surrendered his U. S. re-entry permit, indicating he does not intend to resume residence in this country. The action was made known today by the Justice Department. The department last year posted a stop order against Chaplin at all American ports, after he had gone to Europe on a visit. That order requires the actor submit to re-examination upon his return, to establish his readmission to the United States.

Ammo Output Stood 'Still' From 1945-50

WASHINGTON (AP)—Lt. Gen. George Decker told senators today that ammunition production for the Army was "at a virtual standstill" between the end of the war in August 1945 and outbreak of the Korean War in June 1950. This, plus the fact that it requires from 18 months to two years to get production lines moving, were chief causes of ammunition shortages in Korea, Decker asserted. Decker, Army comptroller, was first of three generals called to testify today before a Senate armistice services subcommittee investigating charges of Korean shortages.

'X' Chemical May Be A Key To Leukemia

By ALTON L. BLAKESLEE
AP Science Reporter

SALT LAKE CITY (AP)—Discovery of an "X" chemical which may be a key to leukemia, dread cancer of the blood, was reported today.

The "X" was described by Doctors Thomas F. Dougherty and Jules A. Frank of the University of Utah Medical School to science writers on a tour sponsored by the American Cancer Society.

It causes production of millions of white blood cells within minutes. The white cells fight off invading germs, among other jobs.

It helps make up for a terrific loss of white cells caused by almost any kind of stress or shock. The stress can be cold, heat, fear, emotional upsets, allergies, infection. The stress makes your adrenal glands turn out more cortisone, a hormone that destroys white cells.

The hormone and "X" work together, like thermostat controls, to keep the number of white cells more or less in balance. Actually, your white blood cells do a roller-coaster ride and fall all through the day, with big dips the cells stress produce a jolt of cortisone.

Substance "X" brings a quick rise in white cells or lymphocytes, especially one kind. This kind is called the stress white cell. It is resistant to destruction by cortisone. Normal white cells are easily destroyed by cortisone.

There is a possibility that the stress cells stimulated by the "X" stuff might somehow change to become leukemic white cells, which also resist cortisone destruction. Leukemia means too many white cells, and overgrowth of blood-forming organs.

In animals, Dougherty and Frank produced a leukemia-like condition in mice by subjecting them to repeated stress.

Something going haywire in humans because of repeated stress might lead to leukemia. Learning why leukemia occurs could lead to better control of it.

It is not yet known what the

"X" stuff is, or where it is made. It could be histamine, the chemical released when allergies strike; something like histamine; or one of a number of other things.

The studies promise a gauge of how well a patient with tuberculosis, rheumatoid arthritis, allergies, jaundice or other diseases is responding to drugs, or how sick he is. For by checking on the stress cells, and hormones in the blood, it can be learned which ones are overcoming the stress of sickness.

By testing the blood of 30 TB patients, whom they had never seen, the physicians were able to tell which ones were very ill, which had recovered, and which were responding to treatment.

School Board Re-Elects Miller As President

The Big Spring school board re-elected Marvin M. Miller president and John L. Dibrrell Jr. secretary Tuesday night.

H. W. Smith was named vice president of the board, succeeding Dr. J. E. Hogan who retired from the board.

Returns of the April 4 election were canvassed and Clyde Angel, R. E. McKinney and Dan Conley were confirmed as winners. One new board member, McKinney, was unable to attend the Tuesday night session.

Conley, the only incumbent who sought re-election this year, and Angel, were formally seated on the new board.

Supt. W. C. Blankenship presented a list of classroom teachers, along with recommendations of the various principals, for the board to study in preparation for electing a faculty for the 1953-54 school year.

The board plans to take action on classroom teacher applications at a called meeting April 27. Administrative and supervisory personnel for the coming year already have been named.

The board gave its approval to a proposed trip to Enid, Okla., by the Senior High Band, J. W. King Jr., band director, said the Senior High Band hoped to attend the Tri-State Music Festival in Enid during its annual trip. During recent years, the Senior High Band has arranged a trip of its own each spring.

J. O. Hagood, school tax assessor-collector, reported that 93.5 per cent of the current tax roll had been collected. In addition, he said more delinquent taxes had been collected by court action and that all delinquents up to 1947 were due to be cleared soon.

Winds Present Conservation At Best In Tour

The farmers, ranchers and businessmen making the soil conservation tour Tuesday afternoon had a rare opportunity to see soil conservation in action.

High winds made it a little unpleasant but at the same time presented a better demonstration of the effectiveness of approved soil conservation practices than could possibly have been anticipated when the tour was originally mapped out jointly by the supervisors of the Martin-Howard Soil Conservation District and the Big Spring Chamber of Commerce.

On almost any other day the visitors would merely have been told that Howard County soil tied down with a good growth of Austrian winter peas or a good stand of Blue Panic grass will not blow. But yesterday, Morris Patterson, chairman of the SCD supervisors and master of ceremonies on the tour, was able to show them quite visibly as heavy clouds of dust arose from unprotected fields while there was no blowing of the adjoining fields with the soil tied down by the cover and root systems of peas and Blue Panic.

Some folks might have thought there couldn't have been a worse day for such a tour, but in the minds of many of the conservationists there couldn't have been a better one.

The tour started at the Edgar Phillips farm one mile east and a half-mile south of the Knott Post Office and was concluded at the B. O. Brown place in the Vincent community.

Projects seen on the tour included not only several plantings of Blue Panic grass and Austrian winter peas, but new blocked terraces on the Roy Phillips farm and Blue Grama and mixed grass plantings at Brown's, where a new grass seeder purchased by the district and just received was on exhibition.

Among other farms visited were those of Durward Zant, Jim Hodnett and Willis Winters. At each of these

places the farmers explained the conservation practice which was observed. At the Zant place Cecil Hyden also told of his experience with Blue Panic grass. Most of those who have plantings of this grass appeared to agree that it can be counted on to carry at least a cow to the acre during a normal year. A public address system mounted on a truck was made available for the use of those speaking to the group of about 100 persons who made the trip.

Soil Conservation Service specialists were present to make technical explanations where such explanations were required. Cold drinks, provided by the Chamber of Commerce, were served at all stops.

Pickets Shut Down Work At Sandia

ALBUQUERQUE, N. M. (AP)—Sandia base, where atomic bombs are assembled and men taught how to use them, was to be struck today by 2,500 members of office and production workers' unions.

Pickets were to start marching at 6 a. m. at gates leading into the tightly guarded installation. Security guards at the base were reported ready to take a vote on

joining the office and production workers.

A strike vote, which union officials said was unanimous, was passed last night as the climax of more than a month of negotiations with Western Electric, which operates the top-secret base for the Atomic Energy Commission.

Striking unions are the AEC Atomic Projects and Production Workers Metal Trades Council and Local 251, AFL Office Employees International Union.

Union demands include a 25-cent an hour wage increase, a union shop and increased vacation benefits.

Trygve Lie Warns Free World Must Not Let Down Its Guard

NEW YORK (AP)—Trygve Lie, newly retired secretary general of the United Nations, says the free world must not let down its collective security guard "at the first flutterings of the dove of peace."

Lie spoke last night at a dinner of the World Veterans Federation, which presented him with its first annual peace award.

Although not specifically mentioning the Soviet peace offensive, Lie said it is dangerous to indulge in "wishful thinking" and added: "It would be the height of folly to abandon or relax our efforts for collective security in the present juncture of world history."

El Paso Mayor Wins

EL PASO (AP)—Mayor Fred Hervey swamped two independent candidates in voting here yesterday to win re-election to a two-year term. Hervey polled 3,621 votes to 1,792 for C. D. Evans and 216 for George Schneider. Elected with the mayor was his four-man slate for aldermen.

Vegetable Crop Above 1952, But Rain Is Needed

AUSTIN (U)—April showers would be welcome to farmers and ranchers almost anywhere in Texas, the U. S. Department of Agriculture says.

Its weekly survey of conditions through noon yesterday said that in most Plains counties wheat is in the downgrade and moisture is badly needed to keep it alive.

Another report from the USDA said indicated production of spring crop vegetables in Texas is 47 per cent above last year's. That was based on conditions to April 1.

The weekly crop review supplemented this by saying current conditions are favorable in most commercial vegetable areas.

The recent cold snap was expected to do only light damage.

The warm weather that preceded it gave farmers a chance to work early and late in their fields, and stimulated plant growth.

This fast growth, plus high winds, was pulling available moisture out of the soil at a fast rate.

Livestock was doing well in the east where clovers and small grains were available. Grass has started in the northwest, west and south, but it is generally too short for cattle. Supplemental feeding continues.

Rainfall is still badly needed in northwestern, western and southern sections. It would be welcome now anywhere in the state.

Prospects for wheat varied. The outlook in some High Plains counties was brightened by moderate to heavy showers last week, but in most other Plains counties wheat was going down.

Small grains in most eastern and northern low rolling Plains counties were in fair to good condition. Elsewhere in the Plains rain was needed. North Texas rains were doing well. In the Edwards Plateau rain is again needed.

Cotton was making good growth in South Texas. Planting was active in central blacklands.

45,000-Word Speech On Tidelands Is Set

WASHINGTON (U)—A 45,000-word speech by Sen. Hill (D-Ala) was on tap today as the Senate began its third week of debate on the tidelands.

Hill wrote an amendment he describes as "oil for education." It would recognize federal control of the submerged lands, but earmark government revenues from offshore minerals to defense and aid to the 48 states for school purposes.

The senator estimated his speech would require six hours.

Majority leader Taft (R-Ohio), urging his colleagues to quit talking and start voting, said senators usually speak twice as long as they estimate.

Taft predicted that from now on

Suspect In Beating Is In Jail Here

A 30-year-old Negro, suspected of beating and robbing A. V. Hardin of Odessa here Mar. 30, was transferred from Odessa to Big Spring jail Tuesday by Detective C. C. Aaron.

Aaron located the suspect in Odessa while checking leads uncovered when two Negroes were reported missing from Big Spring since shortly after the time Hardin was beaten. A bloody fingerprint on a check which was taken from Hardin matched one of the Negro, Aaron said.

The man denies any knowledge of the incident. He may be taken to Austin for a lie detector performance, according to Police Chief E. W. York.

Charges of robbery and attempt to murder probably will be filed against the man, said York.

Hardin, who came from Odessa to Big Spring on Mar. 30 to pay off a hospital bill, was beaten and robbed near the northside park here. He was hospitalized for nearly two weeks as a result of the beating.

He told officers a Negro man got in his car when he stopped at Third and Gregg, and forced him to drive to the Negro park where the robbery occurred.

Missionaries Picked

RICHMOND (U)—Twenty-one young persons have been named to missionary services overseas by the Southern Baptist Foreign Mission Board. Those who will serve in Brazil include Jerry Smyth and Frances Smyth of Lubbock, Tex.

HOG PRICES BEAT CATTLE

FORT WORTH (U)—For the first time in seven years, cattle on the hoof were cheaper at hot stockyards here yesterday than hogs on the hoof.

Top prices: Hogs \$22.50 per 100 pounds cattle \$22.

Packers said the reason was simple: supply and demand.

Stanton Trials Set Thursday

Trials will be held in Stanton Thursday for men charged with burglary.

District Judge Charlie Sullivan stated that a jury has been called for 10 a. m. Noble S. Kirk and Joe Andrew Gunn will be tried.

The two men allegedly burglarized Dan McDonald's Grocery in Stanton. District Attorney Elton Gilliland stated that a gun, vending machine and a package of rolls were taken from the store.

A grand jury has been called in Gillespie County Monday. Gilliland stated that he will ask the jury to indict three men on charges of cattle theft.

Those charged with cattle theft are J. A. Walker, William McNew and Dwayne Myrick. Judge Sullivan said that several civil cases will be tried in Garden City beginning Monday also.

Passion Play Is Off

OBERAMMERGAU, Germany (U)—The town council said today it had abandoned its plans to present the Passion Play in 1954.

House Group Gives Its Okay To Canadian River Dam Bill

AUSTIN (U)—The Canadian River dam bill entered the home stretch last night.

Sponsors won easy approval from a weary House committee. The group had just finished hearing lengthy, unexpected debate on another bill.

Possible federal control—the feature that has dogged the bill with opposition before—wasn't brought up. Committee men merely tacked on two amendments to protect railroads whose tracks will be flooded. Twelve Panhandle and South Plains towns originated the plan several months ago. They want to build an \$5 million dollar dam near Pampa to provide municipal water.

The towns are Amarillo, Lubbock, Plainview, Pampa, Borger, Littlefield, Brownfield, Tahoka, O'Donnell, Slatt, Lamesa and Levelland.

The only part of the bill that provoked argument was a clause saying the water authority could buy land for playgrounds.

"A water district doesn't have the right to go into the park business," declared Rep. Dorothy Gurely of Del Rio. The committee decided to leave this section as it is.

Spraberry Case To Be Heard On Monday

AUSTIN (U)—Judge Charles Betts will hear arguments on injunctions sought against enforcement of the Railroad Commission's shutdown order in the Spraberry oil area of West Texas in 98th District Court Monday.

Previously the hearing had been announced for April 22. The commission ordered production shut down in the area to halt what it called wasteful flaring of gas.

BOYS' JACKET—REGULAR 1.98
Sanforized zipper Jacket. Matching jeans available. Colorful knit trim. 2 to 6X. 1.57

Looks like beer—

but WOW! What a drink!
Country Club Malt Liquor

You'll taste the difference with your first sip! And you'll be sold on the difference with your first glass. Here's an entirely new kind of drink—extra light, extra dry, sparkling bright. Yes, it looks like beer—but man, how different when you drink it! Country Club Malt Liquor is the first truly different new drink in years. Why don't you try it right now!

EXTRA LIGHT, EXTRA DRY, TASTES MILD—BUT OH, MY!

EXTRA! THE LITTLE CAN WITH THE BIG SURPRISE!
Get the handy-pack of six 6-ounce cans. This new size can holds one brimming glassful of this sensational new drink.

M. S. QUINN BREWING COMPANY
ST. JOHNS—BALTIMORE, MD.

By the waters of Babylon, and in building the wall, poets and singers were inspired to write, and sing great songs of exultation. A country that has no history writes no poems, sings no songs. "These are the singers, they were employed in that work day and night." — I Chron. 9:3.

Interesting Observations On The Post-Stalin Reds Given By Tito

The European News Editor of U. S. News & World Report, Charles Folts Jr., called on Marshal Tito in the latter's "relatively simple villa overlooking Belgrade" on April 6, after the dictator's return from Britain, and put to him a number of questions concerning the post-Stalin moves of the Soviet government of Russia.

The man who broke with Stalin thinks these various moves show that "the Soviet leaders now responsible for both internal and foreign policy in Russia have come to the conclusion that this is the proper time to get out of the deadlock created in Stalin's time." Tito continued that "whatever they say, whatever they write, the fact is that what they are trying to do is in itself a denial of Stalin's whole policy up to this time. . . . They are trying to find a new positive form to calm down their internal situation and to find some way to approach the outside world."

Tito said it would be a mistake to assume that Moscow would take its hands off the satellite countries. "I just do not believe this 'cold war' will come to an end

now, it will continue in other forms and not on any one front or on any one question. It will be waged on many issues which they consider of primary importance to them. To wage cold war they will try to hold on to the countries they now have as instruments of the cold war."

Respecting China, Tito said it would be a mistake to deal with Moscow on Chinese questions. "You have got to deal with China on Chinese questions and only with Moscow on other matters. It would be a blow to Chinese pride if the Western Powers looked to Moscow for answers on Asian matters. This would be only recognition that Russia had some authority to deal on Asian matters which concerned China primarily."

The Yugoslav dictator discussed the personalities of the new regime in Moscow in a rather guarded manner. Perhaps he sees an opportunity to find a common meeting ground with the successors of the man who kicked him out of the cominform. Stalin, he does think that Malenkov is just one of the new rulers. "They have accepted the idea of collective leadership."

Our Schools Experience A Good Week-End In Competitive Events

Too often we tend to look upon the success of a football team—and sometime basketball—as the yardstick of measuring a school and its activities. If the team is successful, the schools are good; if it has a bad season, the schools have gone to pot.

While this was going on, the senior high band achieved a long-held ambition in winning a sweepstakes award in regional competition. To do this, it took concert playing (on an exceptionally difficult piece) and sight reading in stride. Then, in the face of a stiff gale, marched to top honors, too.

As a matter of encouraging coincidence, winners in the Permian Basin Home Builders essay contest were announced during the week end. Out of all the entries from the mid-West Texas area, Big Spring High School furnished the first and second winners. Our young people are to be commended upon their achievements.

Washington Calling — Marquis Childs

Could Be One Of Peace Offense' Targets Is American Prosperity

WASHINGTON — All through the inflationary boom of the Truman administration a wiry little man with a far-reaching knowledge of finance provided a sober commentary for those who cared to listen on the mistakes that he thought were being made. That was Marriner S. Eccles of Salt Lake City, Utah, a governor of the Federal Reserve Board, who finally came into prolonged and bitter conflict with President Truman and his secretary of the Treasury, John Snyder.

are not likely to be increased; automobile and consumer durable goods generally are being produced as fast and in many cases faster than they can be absorbed by the market; the peak of home building has now been reached and houses are now being built in many areas more rapidly than they are being sold; government expenditures are scheduled to reach their peak this year and then start to decline; the capital outlay of American business has been running at abnormally high levels since the end of the war and will likely taper off this year. . . .

In this report, Eccles implied criticism of the new administration for undertaking at this time to shift a large part of the short-term debt to a long-term basis at higher interest rates. Privately, in his talks here, he was much more critical of the policy now being pursued by the Treasury, feeling that it will add one more deflationary pressure to those he listed.

Some of this may seem to concern only a few Wall Street bankers and brokers—the Wall Street which is his favorite target for demagogues. Actually the state of the American economy and whether it will be sustained at more or less the present high levels is directly related to high policy and high politics at home and abroad.

The specialists searching for motives for the peace-drive launched by Russia's new premier, Georgi Malenkov, have studied closely a speech made by Malenkov in November of 1949. That was at the time when there were signs of a slump in this country. Unemployment had begun to increase.

Malenkov in his speech gloated over these signs of decline. He held out hope to the Moscow Soviet that he was addressing that the long awaited American depression was about to begin. Communism would prove, said Malenkov, that it was the superior system. He went on to give the familiar mish-mash of claims and statistics.

But it is quite possible that one of the principal targets for the peace offensive is American prosperity. A fixation of Communist thinking is that this prosperity is dependent on war or preparation for war.

So with the whole world watching—and the free nations conscious of a direct relationship with America's economic well-being—it is supremely important to show that peace and prosperity are compatible. The robust, unflinching optimism of secretary of Commerce Sinclair Weeks may be a helpful tonic.

But something more than this is necessary from government. In the past decade government has intervened on a colossal scale. Largely with the aid of government tax writeoffs and with government war and defense contracts, total production has been increased two-and-a-half times. After that kind of intervention for war and preparedness the government cannot just walk away while invoking natural economic laws. A little common sense of the Eccles variety will be helpful at this point.

Become A Borrower To Cut Down On Expenses And Bolster Bank Account

NEW YORK (AP)—There is a quick easy way to beat inflation and cut down on your expenses. Become a borrower.

Many people today are behind the financial 8-ball all the time because they waste money buying things they could borrow.

A good borrower always has a fat bank account because he doesn't fritter away his take-home pay by purchasing gadgets and luxuries his neighbors own.

There are tricks to every trade and if you want to become a skillful borrower you have to develop know-how. Here are a few tested tips:

1. Avoid a pleading, hangdog look. People admire only a borrower with nerve and self-confidence. Never borrow one item if you can get two.
2. If the fellows at the office you mooch your cigars from use the wrong brand, don't sneer. Just cough and remark, "do these ever bother your throat a bit?"
3. Tell Neighbor Jones you're in the market for a car and a television set, but you can't make up your mind which to buy. Jones will take you for week-end rides to brag up his car; he'll invite you over to see what a swell TV set he got. While you are there, naturally, he will wine and dine you—and that is also a good time for you to borrow his phone for an hour of social calls on his bill.
4. Little leaks will sink a great ship. So, never fork out your own dough for things people lend and never really expect to get back—such as stamps, umbrellas, books, magazines, cigaret lighters and pocket combs. They all add up, you know.
5. If you develop an ailment, find somebody with the same one.

Then see what his doc is doing for him, borrow his medicine. . . . Never play the stock market except with the money Jones lends you. If the stock goes up, you can pay him back. If it goes down, and he presses you for payment, just tell him firmly, "Look, Jones, old boy, if I thought you were going to be stuffy about this, I'd have gone to my bank."

The World Today — James Marlow

Reds Could Stall Any Ike Moves For Korean Peace

WASHINGTON (AP)—No one could in fairness expect President Eisenhower, in his less than three months in office, to produce any sensations in the cold war with Russia or the hot war in Korea. He has produced none, and can point to some obvious reasons. In Korea, for instance, where the troops have been tied down by winter, the warmer weather which permits larger maneuver is only just arriving.

The Communists could forestall any bold plans the President has, if he has any, by demonstrating they seriously want peace and honestly agreeing to settlements in Korea and elsewhere.

No doubt they could forestall him for months or longer by pretending to want settlements. He would want to exhaust every reasonable means before going further. That may be one of their reasons for talking peace now. But if the Communists talk is phony it's anybody's guess who the winner will be. By pretending peace is close and possible they might lead the Allies into slowing down armaments while they built up their own strength.

But if the Communists lost their own momentum during prolonged discussions while the Allies kept on arming, no matter how close peace seemed, the West might have the edge.

Eisenhower has not taken any publicly known steps which are basically different from the strategy and programs laid down in the Truman-Acheson "containment" policy so roundly criticized by Republicans in the campaign.

But Secretary of State Dulles recently claimed a strong position taken by the Eisenhower administration was partly the cause of the Communist peace moves. He cited (1) Eisenhower's order to the Seventh Fleet off Formosa, put there by former President Truman; to let Chiang Kai-shek attack the Chinese mainland; (2) a joint French-American warning to the Communists not to start new Asian attacks; (3) the building up of South Korean forces, which was being done under Truman; and (4) plans to increase aid to Indochina, an aid program which had been carried out under Truman.

Chiang had been raiding the mainland in a small way while the fleet was in Formosa waters. No sizeable Chiang raids have been reported since the order. This was no surprise, since it was understood he needed more time and help before he could be much beyond a nuisance to the mainland Communists.

The joint French-American warning might be considered new. But the rest of what Dulles cited was simply addition to the policy laid down and carried out under the Truman administration. It's possible the points he mentioned were factors in inducing the Communists to talk peace, even if they never go beyond mumbling

about it. It's also possible they had other and more compelling reasons, not now known. . . . But one fact is clear: The Russians and after them the Chinese have started a peace offensive. Dulles has repeatedly emphasized the importance of psychological warfare against the Communists, the kind that would win this country friends and push the Communists into a position of not knowing what to expect next. . . . But the Communists by their sudden peace talks may be playing Dulles at his own game, a game which he can hardly claim to have developed very far yet. By their new tactics the Communists are keeping the Eisenhower administration guessing.

Ex-Gov. Tuck Vote Winner In Virginia

DANVILLE, Va. (AP)—Virginia's Fifth District returned to its customary Democratic voting ways and elected former Gov. William M. Tuck to Congress in Tuesday's special election.

It was the nation's first election since November in a normally Democratic district that bolted to Eisenhower.

Tuck, 56, who walked out on the national Democratic ticket last fall, trounced Republican Lorne Ross Campbell by about 4,500 votes in a total vote that fell short of 30,000. Tuck's majority was less than the district's usual comfortable margin for Democrats in congressional elections. . . . Nearly complete returns from all of the district's nine counties and two cities here near the North Carolina border showed 233 of 245 precincts gave Tuck 16,439 to Campbell's 11,942.

'Picnic' Named Top U.S. Play Of Year

NEW YORK (AP)—William Inge's play, "Picnic," was named the best new American play of the 1952-1953 season by the New York Drama Critics Circle.

In balloting yesterday the Circle also made these awards: Best musical: "Wonderful Town," starring Rosalind Russell. Best foreign play: "The Love of Four Colonels," starring Rex Harrison and Lilli Palmer.

Japanese Returned MAIZURU, Japan (AP)—The Japanese ship Koman Maru today brought home 1,969 Japanese nationals who had been "stranded" in Red China since World War II. The arrival opened a second round of repatriation.

Make The Person Feel He Does Good Job And He Will Do Better

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald.—Editor's Note.

When I was a lad, my Mother had a system for getting me to work — if, indeed any system could accomplish that. It was simple. All she had to do was to brag a little on me. Or if she got me started on something, all she had to do was to say to someone, loudly enough that I couldn't help but hear, what a wonderful job I was doing.

This is a fundamental rule of psychology that still works with youngsters. The secret, of course, is getting the ball to roll; once it is, a word of praise here, a pat on the head there; a moment of encouragement and admiration reaps results. Educators have put their finger on this thing — they call it a fundamental longing for approval. Practically everything we do is predicated on this unconscious desire, they tell us.

I'm not so sure but what they are mostly correct in this assumption. And if it is so, why don't adults make greater use of this knowledge? . . . Too many of us like to occupy what the poet has called the scorer's seat. When someone attempts a job, we are all too likely to sit idly by and wait for him to fail. Well, he fubbed that one, we say. Too bad, the job was too big for him. Alas, he went off half-cocked. He should have known better.

At the root of this — along with the more vicious practice of the scorer in sniping, biting and hacking away with criticism at people attempting worthwhile projects — is probably a combination of guilt and jealousy.

Most of us who have a snide remark to make about a person or project have at least faint feeling that perhaps we should

be helping, too. So we try to cover up our unconcern or laziness with critical attitudes. . . . Sometimes, when someone does a job we should have done or to which we should have contributed our efforts — and that job succeeds, we let our unconscious jealousy justify us by minimizing or disparaging the accomplishment.

How much better it would be if we would keep silent if we can't keep busy. How much finer it would be if we could speak a word of praise and encouragement if we can't contribute time and effort.

We might find it in our hearts to speak that word or write that note that would furnish the spark for success. Out of my own experience I remember how, weary and discouraged, I was engaged with some others in a certain community project. Secretly, I almost wished someone would suggest giving up and forgetting the whole thing. At this moment, for no reason I could fathom, a friend put his arm around my shoulder as we walked down the steps away from a meeting. In a few words, undeserved and overly-generous but spoken with sincerity, he told of his personal appreciation and admiration. It was a tonic to my soul and something I shall never forget.

Why can't all of us do more of that? Just say that word, or pen that letter simply and directly and without fulsome-ness to some friend or acquaintance who is going his best at a task for his home, community or church. It might well be the spark or push that makes difference between defeat and success. — JOE PICKLE

Today And Tomorrow — Walter Lippman

Unpreparedness Could Seriously Affect German Peace Negotiation

When Mr. Dulles visited Bonn early in February and invited Dr. Adenauer to visit Washington, no one could have foreseen the present activities of the Malenkov administration. Stalin in fact was still alive and the atmosphere of terrorism in the Soviet Union and the satellite states was mounting.

Dr. Adenauer's visit was, therefore, intended merely to confirm and consolidate policies already agreed upon between his government and ours. His visit was to have been essentially ceremonial and symbolic, to mark the restoration of friendship between the two nations, and to enable this country to salute one of the truly remarkable men of our time.

But the Malenkov turn has made a big difference in that there are now great questions which must be examined, great questions on which Washington and Bonn must understand each other fully. They are questions which must be answered if — as is now a practical possibility — the Soviet government is moving towards a serious negotiation for an all-German peace treaty.

Nothing could be more dangerous to the Adenauer government, to the German Federal Republic, and to American and Western interests in Europe than to remain unprepared — as we are now — for an all-German peace negotiation. There could be no better indication of our unpreparedness than the groundless fears which exist in Western Germany at this moment that this country could or would negotiate with the Soviet Union behind their backs at their expense.

When Mr. Dulles and Mr. Stassen went to Bonn and to Paris in February, the primary question was whether the treaty for a European army could be ratified in the two parliaments. The question which now looms up on the horizon is what, assuming the treaty is ratified, is to be done with it, in case the Soviets propose to negotiate seriously for the unification and evacuation of Germany.

It is evident that this is a question — though as yet to be sure it is only hypothetical — which touches the very foundations not only of the European Defense Community but actually of the whole diplomatic system which has been put together in Western Europe since the war. It involves the fundamental military planning of NATO, it involves the Schuman Plan now operating under Mr. Monnet in Luxembourg, it involves the Strasbourg Council of Europe, and last but not least it involves the very structure of the German Republic itself. For all these projects in this whole system have as a major

premise the division of Germany at the Iron Curtain and the outposts of the Red army of occupation. If the major premise changes, the system will have to be reconstructed.

It has long been clear, so it seems to me that the Western diplomatic structure was fragile and highly vulnerable to a serious Soviet peace offensive. It has been built to withstand the threat of actual military aggression and of internal Communist conspiracy. But, so at least I venture to think, the Atlantic policy in Western Europe has never taken adequately into account, has never prepared itself for, the possibility that the Soviet government would use not its army, nor the native fifth column of the Communist parties, but diplomacy to upset the improvised system of Western Europe.

Yet again and again there have been indications that there were men in the Soviet Union who were thinking of doing just that. Indeed, one of the great mysteries of Stalin's last years was why he always drew back, and indeed provoked the West into more rearmament and more solidarity than it would otherwise have achieved.

Evidently, we do not know that Malenkov will go through with it. But he has gone far enough already to make it certain that the opportunity should not be missed of having some very serious talks with the Germans while they are in Washington.

The event may prove that these talks were unnecessary, and that the present conciliatory gestures are no more far-reaching than Malik's in June, 1951. But the event might prove that these talks with the Germans are imperative and urgent. For while it may be that the Soviets intend to remain more or less permanently in the center of Germany, it is no longer prudent statesmanship to assume that this is the "one and only thing they can or will do, if they did something else, as they have so often promised or threatened to do, it would be most disconcerting if the Western nations had no agreed policy of their own."

Still Looking Around

SULLIVAN, Me. (AP)—At the age of 84, Stephen Bowles says he prefers the life of a bachelor but he's still looking around. "I've had lots of chances," he said, "so eventually they found someone else. Some of 'em were pretty nice, too."

Uncle Ray's Corner

Suffered Prison For Their Faith

At about the time of his twenty-fifth birthday, George Fox listened to a sermon preached by a minister of the gospel. Feeling that the minister was in error, he arose in the church and told his own viewpoint.

For that action, he was arrested and put in jail. This was only the first of many arrests. Word spread about England that there was danger in the ideas which Fox was preaching, especially in his position against war. Almost any excuse which could be imagined was used to take him before court.

A year after his first arrest, Fox was in a court, before a judge named Bennett. Of this event, he later wrote: "Justice Bennett, of Derby, was the first to call us Quakers, because I had him quake and tremble at the word of the Lord."

It came about that the followers of Fox were spoken of as Quakers by thousands of persons outside the group, but for a time they spoke of themselves only as Friends. Today the name of Quaker is employed with respect, both inside and outside the Society of Friends. . . . One thing which seemed strange to

most people in England was the teaching of Fox that a Friend should never take off his hat as a greeting, even to a king.

Not only Fox, but other Friends as well, suffered prison for the sake of their beliefs. They were peaceful people, and were gentle in their dealings with others, but they had a sturdy inner strength.

After Oliver Cromwell came to power, Fox paid him a visit early one morning. The one-time shoemaker greeted the Lord Protector by saying, "Peace be to this house."

The talk was pleasant, and the two leaders learned that they agreed about several things. On one important point, however, they were far apart. Fox told Cromwell that it was wrong to try to gain a good end by the use of cannon. For BIOGRAPHY section of your scrapbook. Tomorrow: Fox in the New World. Facts about Mexico's people and their strange customs, also about the ancient Aztecs, appear in the leaflet called MEXICO AND THE MEXICANS. This leaflet will be sent to you without charge if you enclose a stamped, self-addressed envelope. Send your letter to Uncle Ray in care of this newspaper.

Birthday Dinner Is Held By Philatheas

The annual buffet birthday dinner of the Philatheas Class of the First Methodist Church was held Tuesday evening in fellowship hall. Mrs. Eldon Appleton and Mrs. R. S. Youngblood were chairmen of the groups in charge of the dinner. Assisting them were Mrs. Bill McIlvain, Mrs. J. T. Batrd, Mrs. J. D. Jones, Mrs. C. D. McDonald, Mrs. Oma Anderson, Mrs. M. E. Ooley and Mrs. L. C. Maslin.

One hat, "April Showers," was made from card board boxes trimmed with a paper umbrella, filled in with flowers. "The Masher," another creation, was a kitchen colander trimmed with an egg beater, dish mop and colored tooth picks.

Choral Club Gives Cantata; Mrs. Carter Leads Study

GARDEN CITY (Sp) — Members of the Garden City High School Choral Club presented cantata at the Methodist Church in Sterling City recently. Girls participating were Margie Self, Jenny and Bonnie Gandy, Gladys Reynolds, Reta Elms, Janet Willingham, Donna Shirley, Conle and Kerney Sue Scudday, Thora Calverley, Kay Mitchell, Doris Cardin, Deanna Marie Watkins, Helen Cunningham, Doralee Schaffer, La Trelle Venable, Sandra Wilkerson, Mary Jo Cox, Marcelline Gill and Patsy Goucher.

Mrs. J. L. Parker and Mrs. Oliver Worst, Mrs. Boswell gave the opening prayer. Mrs. W. K. Scudday was appointed chairman of the nominating committee. Mrs. D. W. Parker and Mrs. J. P. Boswell will assist her.

Mrs. Wasson Entertains Church Group

Mrs. T. S. Currie gave the opening prayer when the King's Daughters Circle of the First Presbyterian Church met Monday in the home of Mrs. Cecil Wasson. The introduction of "The Portraits of the Masters" by Robert A. Lapaley Jr. was given.

Beta Sigma Phi To Have Bridge Party

The Beta Omicron Chapter of Beta Sigma Phi sorority met in the home of Francis Dunlap Tuesday evening and made plans for a bridge party and picnic meeting.

Rules Easy For Cooking Steak Right

Two simple steps can make the difference between a perfect broiled steak and one that is overcooked and charred. These are checking the distance of the meat from the heat, and the length of cooking time.

New Class Is Organized By Baptists

The Winsome Class of the E. 4th Baptist Church was organized Tuesday evening in the home of Mrs. W. E. Mann.

SS Class Makes Plans For Party At Meeting

Plans were made for a mother-daughter party to be held May 5 when the Loyal Class of the Baptist Temple met at the church Tuesday morning.

Altar Society Has Benefit Supper

Approximately 300 attended the benefit supper sponsored by St. Thomas Altar Society in the church hall Tuesday night. Proceeds will go to the building fund.

Mothers To Meet

The Gold Star Mothers Club will meet in the home of Mrs. Herbert Smith, 901 Scurry, Thursday at 2:30 p.m.

Lesson On Book Of Hebrews Is Given

The Ruth Church of the First Christian Church met in the church parlor Monday with Mrs. W. D. McNair bringing the lesson on the third, fourth and fifth chapters of Hebrews.

Pancake Topping

Pineapple and Rhubarb Sauce makes a delicious topping to serve on pancakes for a Sunday morning breakfast. Combine 2 cups of diced fresh rhubarb, 1 cup of crushed pineapple, 1/2 cup light corn syrup and 1/4 cup sugar and a dash of salt. Simmer until rhubarb is tender and sauce slightly thickens.

P-TA Installs President; Students Have Wiener Roast

WESTBROOK (Sp) — Mrs. H. W. Hardcastle was installed president of the P-TA at an installation service held in the school cafeteria. Mrs. David Crow was installing officer.

A group of juniors and sophomores had a wiener roast at Lake Colorado City Park. Attending were C. H. Fisher Jr., Charles Ritchey, Vesta Dorn, Rose Shackelford, Eddie Butler, Sonny Byrd, Russell Bird, Berta Rees, Lonnie Wilkerson, Jake Parrish, Dean Taylor, Bettye Bobo, Genelle Dorn, Walter Johnson, Joan Hayes, Cora Robus, Wilma Iglehart, B. F. Self, Supt. and Mrs. S. A. Walker and Mr. and Mrs. Earl Hays.

You won't need to embroider these gorgeous roses—just iron off the transfer—the pink of the rose and the green of the leaves are right in the transfer! There are 4 big roses measuring 5 inches and 8 smaller budding roses which measure 1 1/2 inches to use on place mats, scarves, luncheon and tea cloths; on hostess aprons, guest towels, pillowcases.

THIS IS GOOD EATING

Ingredients: For the filling — 1/4 cup sugar, 3 tablespoons cornstarch, 1/4 teaspoon salt, one ounce can (buffet or flat) crushed pineapple (undrained), 1 tablespoon lemon juice, 1 tablespoon butter or margarine. For the base — 1/4 cup butter or margarine (soft), 1 cup firmly packed brown sugar, 1 cup sifted flour, 1/2 teaspoon salt, 1 1/2 cups shredded coconut.

Mrs. Currie Speaks To Past Matrons

Mrs. Ruth Currie spoke on her trip to Africa at the meeting of the Past Matrons Club of the OES Tuesday evening at Smith's Tea Room.

Kevin Fryar Is Honored On Birthday

Mrs. Dale Fryar entertained for her son, Kevin, on the occasion of his fourth birthday Monday afternoon.

Three Initiated At Rebekah Meet

Toward Completion Reported; Mitchell, Martin Wells Flow

A completion was noted today in the Iatan-East Howard field of Howard County. Also oil flow was recorded on a Mitchell wildcat and a Martin venture in the Glass Pennsylvania field.

Locations were staked in Martin, Mitchell and Dawson Counties.

Sinclair No. 71 Dodge completed in Howard for 26 barrels of oil gravity oil by pump in 24 hours. Gulf No. 4-B Glass in Martin County had 114 feet of clean oil on a five hours drillstem test.

Sun No. 2 McCabe, wildcat in Mitchell, flowed 115 barrels of oil in 20 1/2 hours on drillstem test.

HS Faculty Members Will Get Secretaries

Faculty members at Big Spring High School are being furnished with private secretaries during the last six weeks of school.

For not more than two hours a week, senior girls, who are members of shorthand classes, are assisting faculty members with their letters, speeches, articles, lecture notes and other things of that nature.

Mrs. Betty Lou Ratliff, commercial teacher, believes that the dictation and transcription will give the students more practical experience.

The custom of furnishing secretaries began three years ago, Mrs. Ratliff said.

ESCORT

(Continued From Page One)

to agree soon to a resumption of the talks.

They also said the UNC probably would agree to a Red proposal that Communists who refuse to go home be placed under control of a single neutral nation—with Switzerland preferred as that nation. The Allies refuse to return any prisoner against his will. The Reds have insisted that all war prisoners be repatriated.

The Red truck convoys finally were spotted by Allied planes which will fly guard to shield them from any possible mistake bombings.

Pilots said other Communist trucks pulled to one side of the main road down the western side of North Korea as the convoys rolled by.

The first convoy was sighted shortly before noon 10 miles north of Yongsong. The second was seen at 3:30 p. m. near Sinaanju.

An unofficial Communist source permit Allied pilots to see and photograph the caravans on their route from far Northern Korea. The Reds said there were 68 trucks in the three convoys.

They are aimed toward Kaesong, where the 600 Allied troops will be held until released in groups at Panmunjom, six miles away.

About 120 are Americans, the Reds have said, with about 450 South Koreans and the rest split among other U. N. forces.

A unofficial Communist source at Panmunjom said American, British and other non-Koreans were among those already en route.

The brief Chinese revolt in the U. N. Navy LST died quickly.

Two of the several demands made by the prisoners were revealed later as follows:

1. That a "leader" from the prisoner group be allowed to go forward, inspect the destination area, and report back to the prisoner group.

2. That changes be made in arrangements for unloading the LST—that the prisoners were dissatisfied with them.

The Chinese were taken to a hospital camp at Pusan, where another group are already awaiting repatriation.

At Panmunjom, staff officers of both sides met for more than one hour. The U. N. officers asked the nationalities of prisoners the Reds will return Monday, the first day of the exchange.

North Korean Col. Lee Pyong II said the Reds would inform the U. N. as soon as possible.

They set another meeting for 11 a. m. Thursday.

Communist correspondent Wilfred Burchett of the French Communist paper L'Humanite, said that six camps were being prepared at Kaesong.

The first convoy is due there Thursday. The other two convoys are scheduled to arrive Friday.

Burchett said American and British wounded will be housed in a former museum and South Koreans will be sheltered in a former grade school building.

MARKETS

WALL STREET — The stock market was slightly higher today as the Dow Jones closed at 150.46, up 0.56 from 149.90. The S&P 500 index closed at 42.12, up 0.12 from 42.00.

GRAIN — Chicago wheat futures were higher today, closing at 1.12 1/2, up 1/8 from 1.11 3/4. Corn futures were lower, closing at 35 1/2, down 1/4 from 36.

LIVESTOCK — Cattle futures were higher today, closing at 11.50, up 1/4 from 11.25. Hogs were lower, closing at 10.00, down 1/4 from 10.25.

COTTON — New York cotton futures were higher today, closing at 15.00, up 1/4 from 14.75.

erator is preparing to complete the venture.

Sun No. 3 McCabe has been staked in Mitchell, and the new Martin wildcat is Brown and Wheeler No. 1 Morrison. Dawson's new wildcat venture is Shield No. 1 Bradford, a stepout to the Arvanna field.

Borden

Green No. 1 Slaughter, C NW NW, 24-33-3n-T&P survey, got down to 5,578 feet in lime.

Superior No. 9-580 Jones, C NE SE, 380-97-H&TC survey, is cleaning out at 6,960 feet.

Vickers No. 1 Orson, C NE NE, 11-33-5n-T&P survey, is reported at 9,010 feet in lime and chert.

Dawson

Fred W. Shield No. 1 Bradford, 330-J from north and east of lines, 1-35-5n-T&P survey, is a new wildcat location. It will be drilled by combination tools to 4,500 feet. The well is five miles east of Lamea, and it is a stepout from the Arvanna field. It is also one mile southeast of Seaboard No. 1 King, a San Andres discovery.

Mitchell

Sun No. 2 McCabe, C NW SW, 224-1A-H&TC survey, will be completed from perforations at 5,900 to 5,910, at 5,922 to 5,928 and at 5,939 to 5,948 feet. A 20 1/2-hour drillstem test through a 12-64 inch choke showed a flow of 115 barrels of new oil and no water. The gas-oil ratio is 1100-1. Tubing pressure was 475 pounds. A packer was on the casing. Operator will complete and move the rig to No. 3 McCabe.

Glasscock

Sinclair No. 1 Cox, C SE SE, 32-33-4s-T&P survey, hit 9,938 feet in lime and shale.

Howard

Sinclair No. 71 G. M. Dodge, 1,664 from south and 1,621 from east of lines, 3-30-1s-T&P survey, pumped 24 hours for 26 barrels of oil and no water. Gravity was 40, and gas-oil ratio was 410-1. Top of pay is 2,570 and total depth is 2,750 feet. The seven-inch stringer hit 2,441 feet. Elevation is 2,255 on the Iatan-East Howard well.

Martin

Gulf No. 4-B Glass, C SW NW, 20-28-1n-T&P survey, is bottomed at 9,990 feet in Wolfcamp lime and shale. A drillstem test was taken from 9,930 to 9,990 feet with the tool open five hours. Recovery was 114 feet of clean oil and 535 feet of drilling mud. The mud was cut with 60 per cent oil. There was no water, and flowing pressure was 200 pounds. After 15

SENATE

(Continued From Page One)

Alice heard more testimony but took no action yesterday. The hearing continues today.

Aikin wasted no time bringing the teachers salary bill before the Senate following clearance of the top-priority appropriation bill for general state spending the next two years.

The senator from Paris, one of the sponsors of the 1949 Gilmer-Aikin laws that set up a guaranteed minimum school program for Texas, had been down attempts to make the pay raise good only for two years.

He also turned back efforts to make local districts bear 20 per cent of the increase, and to exclude all school personnel except classroom and vocational teachers and principals.

Aikin did put on an amendment to exclude superintendents from the increase.

Under questioning by Sen. Dorsey Hardeman, San Angelo, Aikin said his bill would not require a raise for teachers already making \$600 or more above the present scale of minimums.

However, he said 85 per cent of the school districts are now paying less than \$600 above the minimum. If a district is now paying more than the base figure it likely would want to continue that policy, Aikin believed. That would be up to the discretion of individual districts.

Sen. Searcy Bracewell, Houston, offered the amendment to make local districts pay 20 per cent of the increased salaries.

Passage of Aikin's bill without regard to where the necessary extra \$3 million dollars a year is coming from is dangerous, declared Bracewell. Bracewell's amendment failed, 26-4.

An attempt by Sen. Carlos Ashley of Llano to exclude special service teachers, supervisors and counselors from the pay boost was rejected, 20-10.

The Senate turned down 19-10 a bill to amend the necessary raise to the next two years.

The two votes against suspending the rules to allow a vote on final passage were cast by Senators J. T. Rutherford of Odessa and Bracewell.

minutes shutin the pressure was 1,850.

Brown and Wheeler No. 1 K. P. Morrison, C NE, 28-36-1s, T&P survey, is a new location. Two miles southwest of Stanton. Operator was reported digging pits today and preparing to move in rotary rig. The well will go to 4,500-foot depth.

Fan-American No. 6 Breedlove, 4,620 from south and 468 from east of lines, league 25S, Briscoe CSL, reached 11,260 feet.

Phillips No. 1-C Sehar, 1,320 from south and 700 from west of lease lines, section 324, LaSalle CSL, drilled to 12,826 feet.

Mitchell

Sun No. 2 McCabe, C NW SW, 224-1A-H&TC survey, will be completed from perforations at 5,900 to 5,910, at 5,922 to 5,928 and at 5,939 to 5,948 feet. A 20 1/2-hour drillstem test through a 12-64 inch choke showed a flow of 115 barrels of new oil and no water. The gas-oil ratio is 1100-1. Tubing pressure was 475 pounds. A packer was on the casing. Operator will complete and move the rig to No. 3 McCabe.

Sun No. 3 D. T. McCabe, C NW SE, 225-1A-H&TC survey, is a 6,300-foot rotary location about 23 miles southeast of Colorado City. Drilling will start immediately. Elevation is estimated at 2,144 feet, and the well is located on a 964-acre lease.

Humble No. 1 Cooper, C SE NW, 25-18-LaVach survey, reached depth of 6,989 feet, with the tool open one hour. Recovery was 40 feet of highly gas cut drilling mud.

Humble No. 1 Yarbrough, C NW NW, 6-28-1s-T&P survey, bored to 1,729 feet in lime.

Most Of State To Be Cooler

Cool temperatures followed fog from North Central Texas down to the southern tip of the state and all along the coast Wednesday, but by mid-morning visibility was improving.

The Weather Bureau predicted generally fair weather, slightly cooler, for most parts of Texas Wednesday night and Thursday.

Fog gave way to drizzles in some areas Wednesday. Wichita Falls had 74 inch of rain. Beaumont, Austin, Alice, Houston, Waco, College Station, Junction, Cotulla and Tyler had a trace.

The Wednesday morning lows ranged from 30 at Dalhart to 69 at Brownsville.

Lower temperatures were attributed to a cold front that moved from the Pacific to Virginia.

Early Wednesday the front stretched from Shreveport, Waco and Big Spring to Hobbs, N. M. But it was traveling fast and was expected to hit the coast before night.

Temperatures at sunrise include San Antonio 69, Alice 62, Houston 65, Brownsville 60, Abilene 60, Midland 54, El Paso 60, Lubbock 46, Amarillo 41, Dalhart 35, Texarkana 48, Lufkin 68, Longview 61.

San Antonio, Dallas, Alice and Houston reported fog in varying density. Longview had a light shower.

Patrol Cars Ready To Escort Victim Of Polio To Treatment

SANTA CRUZ, Calif. (AP)—Special relays of highway patrol cars were ready to escort a courageous polio-stricken doctor on a 380-mile dash for medical care today.

They will clear the way for an ambulance carrying Dr. Duncan Holbert from Santa Cruz to Rancho Los Amigos respiratory center at Honda in Los Angeles County.

Dr. Holbert was stricken in 1949. Although at first paralyzed from the neck down he has fought his way back to partial health and now holds regular office hours as an allergy specialist.

Dr. Holbert is going to the Los Amigos center for a general check-up and two weeks of treatment.

Because he can stay outside his iron lung up to 12 hours, no difficulties were foreseen on the trip. However, just to forestall delays by traffic jams or mechanical breakdowns, the highway patrol escort was arranged.

Local Girl Member Of ACC Symphony

Margaret Ann Nichols, daughter of Mr. and Mrs. Aubrey O. Nichols, 1107 Main, is a member of the busy Abilene Christian College symphony orchestra.

Celebrating Airman Given Fine Of \$100

Dewitt Mitchell, Webb AFB airman, who said he was "celebrating going overseas," was fined \$100 in County Court this morning after pleading guilty to charges of driving while intoxicated.

Mitchell was arrested by city police Tuesday evening. He told Judge R. H. Weaver today that he will leave Webb for an overseas assignment Thursday and that he was celebrating. He said he had quite a lot to drink before arrest.

Man Misses Serious Injury In Accident

L. C. Luttrall of 206 N. Gregg, roughneck for the Parker Drilling Company of Tulsa, escaped serious injury when a piece of drilling equipment fell on him at a rig near Vealmoor early today.

Mrs. Johnson Picked As AFB Mail Clerk

Mrs. Fayé Johnson has been designated as clerk-in-charge at the Webb AFB sub-station for the Big Spring Postoffice.

Officers Installed By Brotherhood

Officers of the Baptist Temple Brotherhood were installed at the regular monthly meeting Tuesday evening.

Carl Campbell Given Purse By Shell Firm

Carl E. Campbell, Big Spring, is carrying a fine leather, gold embossed purse these days.

First To Contact Returnees

Lieut. Mabry Garner of Memphis, Tenn., (left) and Lieut. Josiah McHale of Ann Arbor, Mich., two of seven medics at Panmunjom, Korea, exchange site for POWs, who will be the first U.S. Army troops to talk to sick and wounded UN personnel returned by the Communists under "Operation Little Switch" begins. (AP Wirephoto Via Radio Tokyo).

Texaco Dealers To Meet Here

More than three-score Texaco dealers and selling personnel will take part in a spring sales meeting this evening at the Skyline Club.

J. G. (Jim) Harris, Lubbock zone, will be in charge and M. Harwell, local wholesale consignee, will assist.

The 1953 sales promotion and advertising plans of Texaco will be outlined by F. L. Matthews, West Texas area manager. Tonight's meeting is one of more than 70 being held throughout the nation to inform Texaco dealers as to best methods of operation of their stations. It is part of a company year-round program.

Three films will be projected. The first, "The Texaco Dealer Looks at People" shows what customers think of the company's national advertising and sales promotions and how dealers can follow up. The second, "Which Would You Prefer?" is a short showing dealers how to take advantage of nationwide acceptance of products and services. The third is "How Am I Doing?" This stresses practical ideas on business management and how to use them in building a successful service station business.

Hila Weathers Gets Post With Chamber Group Of W. Texas

Hila Weathers, Stanton Chamber of Commerce manager, was one of eight officers and directors elected at the annual convention of the Chamber of Commerce Managers Association of West Texas in Lubbock this week.

J. H. Greene, Big Spring Chamber manager, was a member of the nominating committee. Officers and directors chosen were M. D. Fannin of San Angelo, president; Leon Huff of Snyder, formerly secretary-treasurer, vice president; Mrs. Weathers, secretary-treasurer; and Jim Crook of Lubbock, Fred Thompson of Borger, George Jordan of Breckenridge and Hex Jennings of Brownwood, directors.

A. C. Bishop, Sweetwater, retiring president, also became a director of the organization.

Greene and Loyd Wooten, membership secretary for the local Chamber, represented Big Spring at the annual CCMAWT meeting. The convention will be held in Eastland next year.

Ticket Clean-Up Drive Extends To San Antonio

The Big Spring Police Department's drive to clean up its file of delinquent traffic cases has reached into San Antonio.

A former Big Springer now residing in San Antonio pleaded guilty to a charge of speeding. Police said he came in as a result of hearing that a warrant had been issued for his arrest. The man was fined \$10.

Three other persons paid fines Tuesday for offenses for which they received tickets and subsequently failed to appear in court. All three were taken to court on warrants issued by the city judge.

Fines levied Tuesday as a result of warrants were \$25 for passing on a viaduct, \$10 for speeding, \$10 for driving on the wrong side of the street, and \$25 for breaking through a funeral procession.

About 90 warrants have been issued for arrest of persons who haven't responded to traffic summons.

Man Misses Serious Injury In Accident

L. C. Luttrall of 206 N. Gregg, roughneck for the Parker Drilling Company of Tulsa, escaped serious injury when a piece of drilling equipment fell on him at a rig near Vealmoor early today.

Commissioners Talk To Highway Engineer

Members of the Howard County Commissioners' Court journeyed to Colorado City Tuesday afternoon for a conference with Jake Roberts, district highway engineer.

Elks Install New Officers

Area dignitaries participated here Tuesday evening in the installation of officers for the Elks Club.

Taking office were W. C. Ragsdale, exalted ruler; Joe Clark, leading knight; Vernon McCoslin, loyal knight; Oliver Cofer, lecturing knight; Glenn Galt, five-year trustee; R. H. Snyder, tier; W. J. Kohanek, inner guard; Joe Tuckness, equirer; Joe Williamson, organist; Bart Wilkinson, treasurer; R. L. Heith, secretary; Bill Boyd, chaplain, and Don Anderson, assistant chaplain.

Dr. Harry Logsdon, Colorado City, past exalted ruler, past district officer, past president of the state Elks association, presented Glen Gale, retiring exalted ruler, with a diamond encrusted pin on behalf of the local lodge.

Among others here for the ceremonies of the club room in the Crawford, were O. Y. Alexander, past exalted ruler; J. A. Peurifoy, past exalted ruler; and L. A. White, past Texas West district vice president, all of Odessa.

Paper Carrying Geo. Washington's Obituary Exhibited

G. H. Clifton, 804 East 12th, who moved to Big Spring from Callahan County about two years ago, is showing his friends a "certified copy" of the Ulster County Gazette published at Kingston, New York, Saturday, Jan. 4, 1800. It is the issue carrying the obituary of President George Washington, including congressional resolutions and a reply from President John Adams.

Among other news is a notice that the Hamburg mail had just arrived bringing news of what had happened in Switzerland, New York, Saturday, Jan. 4, 1800. It is the issue carrying the obituary of President George Washington, including congressional resolutions and a reply from President John Adams.

Officers Installed By Brotherhood

Officers of the Baptist Temple Brotherhood were installed at the regular monthly meeting Tuesday evening.

60 Day Term Is Given For Theft

Dois Wayne Barber was sentenced to 60 days in jail Tuesday after pleading guilty to charges of theft.

He was arrested by sheriff's deputies after he stole three radiators from a local auto parts firm. Barber was identified by the man to whom he sold the radiators.

When first taken before Judge R. H. Weaver yesterday, he pleaded not guilty. Weaver set his bond at \$1,000. Barber later went before the judge and pleaded guilty.

Barber also has a case pending in the Court of Criminal Appeals, where he appealed the decision of the 118th District Court giving him a five year sentence on charges of robbery with assault.

In Barber's trial here, he was found guilty of taking money from a Negro airman at this point. The Court of Criminal Appeals has already upheld the judgment of the local court, but Barber has applied for a rehearing.

Baptist Meeting Slated Thursday

Trusteeship will be the theme of the Big Spring Baptist Association monthly workers conference at Hillcrest Baptist Church at 5:30 p.m. Thursday.

Board and WMU meetings are set for the opening hour with Dr. P. D. O'Brien, First Baptist pastor, presiding over the general assembly.

After dinner, the Rev. Mark Reeves, Coahoma, will read the Scripture and lead the prayer. The Rev. Carlos McLeod, Northside Baptist pastor, is to speak on "God's Appointed Plan of Finance." Dr. P. W. Malone will give the tithe's testimony and the Rev. J. M. Stagner, Forsan, is to speak on "The Individual's Responsibility to be God's Trustee."

Chamber Group Votes For National Officers

The National Affairs Committee of the local Chamber of Commerce Tuesday voted for Texas, Missouri and Washington men for contested positions on the USCC board of directors.

The group voted for Marvin Nichols of Vernon as Southwest representative on the board, Doane D. Howard of St. Louis as agricultural representative, and Corydon Wagner of Tacoma for natural resources director.

Charles Marchbanks Initiated Into Group

Charles Lindsey Marchbanks, son of Mr. and Mrs. Lindsey A. Marchbanks, 1004 E. 15th, has been initiated into the Pi Kappa Alpha fraternity at Southern Methodist University.

Charles is a sophomore majoring in pre-law and government. He is manager of the SMU baseball team.

Wade Choate, son of Mr. and Mrs. Harold Choate, has pledged to the Delta Sigma Pi professional fraternity for business and commerce majors. He is a member of the Mustang band and is majoring in business education.

Carl Campbell Given Purse By Shell Firm

Carl E. Campbell, Big Spring, is carrying a fine leather, gold embossed purse these days.

It was presented to him at the 10 and Over Club of Shell Oil Company employees at Midland over the week end. The award was for operating a company's new automotive equipment for 25 years without an accident.

Commissioners Talk To Highway Engineer

Members of the Howard County Commissioners' Court journeyed to Colorado City Tuesday afternoon for a conference with Jake Roberts, district highway engineer.

Arthur Stallings, who was contacted after the trip, stated that no specific project was discussed. He said the general road set-up in Howard County was talked over. Commissioners made the trip about 2:30 p.m. In addition to Stallings, those present were Pete Thomas, Earl Hall and Ralph Proctor.

Man Is Injured In Car-Truck Accident

Vern Eugene Christie suffered minor injuries in a car-truck crash at the south end of the west viaduct about 6:45 a.m. today, police report.

He was taken in an Eberley-River ambulance to Big Spring hospital where he received first-aid treatment and was released.

Officers said Christie's car, a 1950 Studebaker, was in collision with a truck driven by Gilbert Wayne Land, 809 N. Scurry. The mishap occurred at First and Gregg. Extent of damage to the vehicles was not estimated.

Tyler Battles To Get Into Water District

By ROB PIERCE

AUSTIN (AP)—"We don't want that dam delayed another ten years," said the representative from Palestine.

That set off a three-hour committee tussle between Tyler and three of its neighbors yesterday. Tyler wanted in a water district being formed by Jacksonville, Palestine and Rusk—but the three didn't welcome the larger city right now.

The House Conservation and Reclamation Committee finally decided to leave Tyler out and report a bill favorably to the House floor. It would set up the Upper Neches River Municipal Water District.

Rep. James Paxton of Palestine led the defense of his bill. He said he thought Tyler, with its larger population, would vote down any bond issues.

"Tyler has enough water to last another 10 or 15 years," Paxton argued. He said the people there don't want any more taxes.

But Tyler has a right to say what happens to the Neches River, insisted Sen. Warren McDonald of Tyler. The river borders all affected counties.

"If they're going to take water out of the river, Tyler should either be in on it or have the water taken out limited," McDonald said.

Rep. Paul Hill of Tyler protested.

Examining Trial In Murder Case Is Put Off Here

Justice Court examining trial for Mrs. Anita Jimenez, charged here with murder, was postponed today. Mrs. Jimenez is charged with the death of Gavino Montanez.

The hearing had been set for 10 a.m. this morning. The postponement was granted on request of defense attorneys.

Montanez, pipe layer who was working in Midland, was shot and killed about midnight Saturday in Mrs. Jimenez's home, 618 NW 4th. Officers said a party was in progress at the house at the time he was killed.

Mrs. Jimenez is the mother-in-law of the deceased. Charges were filed against her by Police Chief E. W. York. Gavino was shot with a pistol in the left side of the chest, and a .38 caliber pistol was unearthed in the alley behind the house.

Breach Of Contract Suit Filed In Court

Charles N. Staggs filed a breach of contract suit in Howard County Court today against A. A. Cooper and D. D. Johnston.

Staggs alleges that Cooper is \$250 in arrears with payment of rent for the building at 417 East 3rd Street. Staggs claims he leased the building to Cooper on August 10, 1951.

According to the petition, Cooper sub-leased the building to Johnston. It is alleged that the two men removed some fixtures from the building and have refused to pay back rent.

Staggs also alleges that he is entitled to \$15 for repair of the building in places where damaged during time Cooper leased it. He is asking the court to issue a restraining order keeping fixtures from being moved.

Habeas Corpus Writ Is Sought In Court

Jerry D. Ford filed a petition for a writ of habeas corpus in 118th District Court today against Mr. and Mrs. Joe Robert Boadle Jr. and his former wife, Mrs. Betty Jean Ford.

He is asking that his son, Jerry Lawrence Ford, be brought to court to determine custody. He alleges his son is being illegally held now at the Boadle home in Martin County.

Ford alleges that his rights are being violated, and that his son's custody is now contrary to the better interests and welfare of the boy.

that his city isn't trying to slow up the project.

The three other cities want to dam the Neches River to provide municipal and industrial water. They originally planned two dams. But now that Tyler is out, they plan to settle on one site.

They also had figured Athens in the project. But Rep. Grady there, told the committee Athens doesn't care whether it is included.

The committee went along with him and dropped Athens along with Tyler.

"If they want in at a later date we'll welcome them, just like Smith County," Paxton said after the meeting. Tyler is county seat of Smith.

Both cities left out could still buy water from the district, the sponsor added.

HOSPITAL NOTES

BIG SPRING HOSPITAL

Admissions — Mrs. Verla Webb, 1011 E. 12th; Mrs. Lotie Reed, Sweetwater; Mrs. Patcg, Dial, Rte. 1; Mrs. Maureen McCright, 711 E. 13th.

Senate Hires 4 South Africans Vote Ex-FBI Agents To Do Probing As Race Issue Tops

By ARTHUR GAVSHON
WASHINGTON—The Senate's rash of investigations was broadened today with the appropriations committee's hiring of four former FBI agents for a practically unlimited field of inquiries.

Confirming employment of the staff, Chairman Bridges (R-NH) said the four will investigate anything and everything the committee thinks is necessary to the intelligent handling of money bills.

As an example, Bridges said the agents—headed by Paul Kammerick with Elliott Wyman as counsel—probably will look first into reports of "terrific waste" in the handling of surplus property.

"We have been told that some agencies have declared certain items surplus, disposed of them for almost nothing, and a short time later other agencies have come along and bought them for about what they originally cost," Bridges said.

The new addition brought to eight the number of Senate investigations currently under way.

Some lawmakers traced the rash of inquiries primarily to Republican promises in last year's campaign to clean up the mess in Washington.

Civil Suit Is Planned

WASHINGTON—The government will drop a criminal investigation of an alleged international oil cartel and instead file a civil suit against major oil companies involved in the inquiry.

Atty. Gen. Brownell announced the plan yesterday after a conference with lawyers for several companies.

Indians stood silently, even sullenly, by as the white man's election began—sullen because they are voteless, sullen because the two chief parties are pledged to maintain white supremacy. Their major campaign difference was over how to do it.

The governing Nationalists, with a highly geared political machine controlled by Prime Minister Daniel F. Malan, claimed right up to the opening of the polls that victory would be sure and easy. The rival United party, which the late Field Marshal Jan Christian Smuts helped found, said sagely they could win if every supporter voted.

A record turnout of 1,200,000 white voters was expected. At stake were 136 of the 153 seats in Parliament. Three white lawmakers already hold seats on behalf of the 50,000 coloreds (mulattoes) in Cape Province—the only non-whites in South Africa who vote

Ragged Racketeering Probe Is Underway

ST. LOUIS—A federal grand jury today begins an investigation into labor racketeering in the St. Louis area with special precautions to keep identity of witnesses secret for their protection.

The jury's session is backgrounded by violence. Two union officials have been shot to death in the past 13 months and two others have been wounded.

James Bowler Wins A. J. Sabath's Seat

CHICAGO—James B. Bowler, 78, a Chicago alderman for more than 40 years, appears the successor to the Seventh Congressional District seat of the late Rep. A. J. Sabath.

In a special primary in the predominantly Democratic West Side district yesterday, Bowler polled 72 per cent of the total vote of both parties in winning the Democratic nomination.

Big Spring (Texas) Herald, Wed., April 15, 1953

Rotary Given Advice On Cancer Detection

One of the 60 persons attending the Rotary Club luncheon Tuesday will die of cancer within a year, if the killer strikes the group on the same basis as the national ratio for deaths due to the disease.

Dr. George Peacock offered Rotarians that bit of information, along with advice to get routine physical examinations regularly in order that cancer might be detected and cured in its early stages.

The physician pointed out that at least one third of the 280,000 persons killed by cancer last year could have avoided death by receiving prompt treatment.

He said cancer is the leading killer of children up to 15 years of age. After 15 years, it ranks second only to heart disease.

Dr. Peacock recommended that persons up to 40 years of age get annual check-ups. Persons between 40 and 50 should get semi-annual examinations, he said, and those over 50 should see their physicians on a quarterly basis as a means of catching any possible cancer in its curable stages.

A movie, "The Traitor Within," was shown, explaining the sudden uncontrolled action of body cells which is known as cancer. The picture also emphasized the seven warning signals of the disease, such as a sore that doesn't heal, lump or thickening in the breast or elsewhere, unusual bleeding or discharge, change in a wart or mole, persistent indigestion, persistent cough or hoarseness, and any change in normal bowel habits.

W. C. Blankenship reminded Rotarians that the club members of the city-wide clean-up drive which starts next week. Adolph Swartz, who presided, announced that the club will meet at the Big Spring State Hospital on April 28, on invitation of Dr. Roy Sloan, superintendent.

Guests at the club meeting were Dr. Peacock, Dick Simpson, both of Big Spring, Kenneth Stanley of Fort Lauderdale, Fla., James Lemons of O'Donnell, and Tom Dean of San Antonio.

New member introduced was Raymond River, formerly of Mineral Wells and now operator of Eberley-River Funeral Home here.

Lots Of Time Next Year For Any Tax Cuts

WASHINGTON (AP)—House Republican leaders either are going to open the door to a tax cut this year or they are going to keep it shut.

That much, and that they still hope for early tax cuts, was clear after a 2 1/2-hour parley late yesterday of the House GOP Policy Committee.

House Speaker Joseph Martin (R-Mass.) emerged smiling from the closed-door private session to tell reporters what happened.

The long discussion, he said, had centered on taxes and appropriations. That was all there was to it.

The reporters wanted to know a little more. Martin and other GOP leaders have been holding down a firm foot against action now on a bill by Rep. Daniel A. Reed (R-N.Y.) to cut income taxes 10 percent starting July 1 instead of the Jan. 1 date now scheduled. When were they going to permit the Reed bill to come to the floor?

Well, Martin said, the discussion of possible budget cuts held out hopes that taxes could be reduced. When a balanced budget is in sight, that is, he added.

Someone wanted to know if a balanced budget is in sight for the

year beginning July 1. President Eisenhower has said the budget should be balanced before taxes are cut.

Well, Martin said, the picture should be clearer around the middle of May or the first of June. Republican Leader Halleck of Indiana quickly interjected: Better not stick to any specific dates, though, Martin nodded.

Do the leaders insist that the budget for the year beginning July 1 has to be balanced before taxes can be reduced?

Well, Martin said, the budget ought to be close to balance that year and really reduced—in sight, that is—the following year. That might justify tax cuts.

Would it hurt the Republican party, as Reed has contended, if individuals don't get any tax relief July 1?

Oh no, Martin said, there is lots of time next year for tax cuts.

British Hoping For Release Of Citizen

LONDON (AP)—The British government hopes that communism's seemingly conciliatory new attitude to the West will lead Red-ruled Hungary to free Edgar Sanders, a British businessman imprisoned by the Budapest government on spy charges.

This was disclosed last night by Anthony Nutting, parliamentary under secretary for foreign affairs, when he turned down a Labor party request that Prime Minister Churchill's Cabinet ask Russia to intercede for Sanders' release.

Riding THE GRUB LINE With Franklin Reynolds

HE'S HEADED FOR THE BARN

Those South Texas Brahma calves are going to get a run for their feed at the Rodeo Bowl Sunday afternoon in the roping match between Toots Mansfield and Shoat Webster of Oklahoma.

Heretofore since the Bowl has been in use the calves have been both fed and then released from gutches at the north end of the arena underneath the timers' stand. Too often this has resulted in the calves turning back toward the feed pen and handicapping the roper by mingling with the cowboys. Not enough of them have made a straight run down the arena.

Now all that has been changed. For Sunday's match, the calves will continue to be fed in the pens at the north end of the arena but will be released to the ropers from these new chutes at the south end since they instinctively make for the home corral.

These south end chutes are permanent and will also be used for all roping and bulldogging events during the regular Big Spring Cowboy Reunion Rodeo in August.

Sunday afternoon's show will start at 2:30 after Toots and Shoat have each drawn 10 calves by lot. Admission charges are \$1.50 for adults and 75 cents for children.

The event is being sponsored by the Cowboy Reunion Association. Tickets are now on sale at the First National Bank by Bob Middleton, treasurer of the Reunion Association; at the Big Spring Chamber of Commerce in the Settles Hotel; at the E. P. Driver Insurance Agency, 107 East 2nd St., and at the Creighton Tire Co.

When one of them was roped to this column we couldn't believe such a thing possible, were sure an error had been made and checked with several technicians to see if it could be true.

This situation places emphasis on the decided advantage a farmer will have if he will submit soil samples for testing.

Painter Wylie, SCS work unit conservationist at Colorado City, says a study of the soil analyses recently made from various types of soils under a range of conditions indicates very clearly that the soils in the Mitchell SCD need improvement. Most of these tests, he says, show a condition of low organic matter, low nitrogen content and low phosphorus acid content. All the soils analyzed so far, he comments, have been high or very high in potash.

In studying these tests coupled with conversations with farmers concerning their crop yields and experiences, Wylie says it is plain why many will say their soils are not producing as well as they once did even in most favorable years. This downward trend in yields, he explains, has been caused by the effects of soil erosion and by depletion of soil minerals and the burning up of the organic matter once present in the soil.

Some of the ways to correct these deficiencies and weaknesses in the soil is to first check, or control, all active erosion whether caused by wind or water or both; second, the addition of minerals to the soil in those cases where known deficiencies exist to produce more abundant growth of higher quality; third, the use of grasses and legumes in regular rotation to build up the organic matter, add humus to the soil, and to deposit nitrogen in the soil in the case of legumes; and fourth, the leaving of large quantities of crop residues on the surface soil to mulch into the top soil yearly. The use of a green manure crop turned under is beneficial on some soils, says Wylie.

He says these practices if followed regularly will do much toward rebuilding and improving the soil and toward bringing it back to a condition similar to its state when the first white man put foot on it.

Wylie says that at this season of the year the conservationists always turn their attention to those seasonal crops which fit into the co-ordinated program which has been suggested.

Grass planting is now in full swing, he recalls, and adds that most summer-growing grasses can be safely planted up until the middle or even last part of May. The other types of crops adaptable and needed to be planted at this season are the summer legumes, and he says there are many summer legumes adaptable to the soil and expected rainfall in Mitchell County. Among those he recommends are Madrid Sweetclover, Hubam Sweetclover, several cowpeas, Guar, and Crotalaria. Legumes play an important part, as Wylie sees it, in a co-ordinated soil and water conservation program, as well as in fitting into the economy of a well-rounded farming enterprise.

Leguminous crops are not only valuable and important for their ability to add to the store of plant nutrients in the soil, says Wylie, but they are also valuable for their ability to improve the physical condition of the land. The many kinds of legumes serve equally as well as cover crops, he also points out.

Legumes are used effectively in the crop residue management program, and are of great value as green manure crops where such is needed. Wylie says they are far superior to non-legumes in their ability to utilize and aid in the assimilation of commercial fertilizers, and in many cases they have proved to be good income crops. He says the soil-conserving and soil-improving value of legumes is greatly enhanced when used in combination with grasses, a practice which many West Texas farmers are now following. Wylie has launched a program of trying to get all Mitchell County farmers to devote at least a part of their land to legumes this year.

Swiss Said Acceptable To UN As Neutral Nation For POWs

WASHINGTON (AP)—The United Nations Command was reported today as ready to accept the Communists' suggestion for resumption of the Korean truce talks which have been bogged down since last October.

No final decisions on details have been made, informed officials said, but the U. N. probably will be prepared to accept the Red proposal that War prisoners who refuse to go home be placed under control of a neutral nation.

Switzerland reportedly may be the U. N. choice of a truly neutral nation which would be satisfactory to the Allies. The U. S., it was said, will advocate selection of Switzerland. There was no indication whether she would be acceptable to the Communists.

Instructions on these points to Gen. Mark Clark, the U. N. commander in the Far East, have not yet been confirmed, responsible sources said last night.

Rep. Short (R-Mo.), meanwhile, said the U. S. should refuse to undertake any peace negotiations that would leave Korea divided. A peace conference would follow agreement on a cease-fire.

"There can be no permanent peace or stability in the Far East or in the world with a divided Korea," said Short, chairman of the House Armed Services Committee.

"After all of the cost in tremendous battle casualties and billions of dollars for the Korean War, we can be content with nothing short of complete victory."

The Chinese and North Korean Communists have insisted that agreement on exchange of sick and wounded prisoners should be followed by resumption of full truce talks.

The Reds have offered to waive their previous insistence on forcible repatriation of prisoners by agreeing to have them sent to a neutral country.

There was considerable uncertainty in official quarters here as to whether it would be possible to negotiate a final, successful solution of the prisoner problem.

But the U. N. was said to be about ready to resume talks which should bring a clarification of the Red intentions. One possible stumbling block, officials say, is that the Communist compromise offer may be only a screen for some indirect method of forcing reluctant prisoners to return home.

Among the questions which could be answered only by a resumption

of the talks were these:

1. What would happen to the prisoners if, after being turned over to a neutral nation, they still refused to go home?
2. Would the unwilling prisoners actually be taken to the neutral nation, or would they be kept on one of the islands off the Korean coast under the authority of a neutral state?
3. How would the Reds propose to carry out their avowed intention of explaining the situation to these prisoners—a situation which would give them an opportunity to pressure the prisoners to go home?

The exchange of sick and wounded prisoners is scheduled to get under way next week. How smoothly it goes off may determine to some extent whether truce talks are resumed, and on what basis.

to carry out their avowed intention of explaining the situation to these prisoners—a situation which would give them an opportunity to pressure the prisoners to go home?

Lemon Show, Yankee Loss Highlight Play

Tigers Kayoed By Ex-Teammate

By BEN PHLEGAR
Associated Press Sports Writer

The major league's script writers gave it the old college try for opening day.

In seven games they came up with an extra inning thriller won by a Milwaukee rookie's homer; a one-hit sensation by Cleveland's Bob Lemon; come-from-behind victories by Brooklyn and the Chicago Cubs; the New York Yankees' first opening day shutout loss in 17 years; a decisive setback for Robin Roberts, last year's best pitcher; and an expert whitewashing of his former Detroit teammates by Virgil Trucks.

Even the one postponement had a special twist. The Boston Red Sox were forced to cancel both days of a two-day series with Washington because of snow—the first snowed-out game in Boston since 1933.

Polar bear weather prevailed generally, holding the total crowds to 176,269, almost 50,000 below expectations.

The hardy souls who ventured out saw Milwaukee nip St. Louis, 3-2; Chicago edge Cincinnati, 3-2; Brooklyn whip Pittsburgh, 6-5, and New York defeat Philadelphia, 4-1. In National League encounters and three American League shutouts—Cleveland over Chicago, 6-0; Philadelphia over the Yankees, 5-0; and St. Louis over Detroit, 10-0.

The day's largest crowd, 53,698 watched Lemon give up a clean single to Minnie Minoso in the first inning for the first and last Chicago hit. Only three other times did the White Sox get the ball out of the infield although four walks and two errors gave them six other base runners.

At Yankee Stadium, Casey Stengel ran up his fourth straight American League pennant. That was about the last thing the crowd of 23,534 had to cheer about because the A's Alex Kellner made the world champions look like minor leaguers the rest of the afternoon.

The Yanks managed only five singles. Vic Raschi, pounded early and often, was the loser.

Bill Bruton, a grinning, hollow-cheeked Negro rookie who probably is the fastest man in the majors, continued to write the Milwaukee success story with a hold hand as he homered in the 10th inning to give the Braves a home town triumph over the Cardinals.

Ken Raffensberger, who has lost more games in the National League than any other active pitcher, dropped his 139th yesterday when Chicago scored two unearned runs in the eighth inning to defeat

Cincinnati, 3-2, before 21,222 Chicago fans.

The Dodgers bragged all spring about their pitchers but they couldn't find one to go the route on opening day. Carl Erskine was the choice and the Pittsburgh Pi-

rates got rid of him with a four-run outburst in the fourth inning. Joe Black saved the day for the Dodgers found the range for four runs in the fourth and fifth against Murry Dickson.

LOOKING 'EM OVER

With Tommy Hart

There's no doubt but that the Big Spring High School football team will benefit more than the majority of schoolboy elevens in Texas by the Texas Interscholastic League's decision not to outlaw platoon-type football.

Coach Carl Coleman has a wealth of material coming back this fall and more than one specialist would have had to ride the bench had the TIL elected to copy the CCAA's decision to eliminate multi-platoon ball.

Even though the Steers will use about the same type of attack and play under the same substitution rules as last year, Coleman will do a lot of experimenting when he gets spring training underway this afternoon.

Roger Brown may be moved from end to tackle or guard. Carlisle (Frosty) Robinson could get a trial at quarterback. If he doesn't land there, he's due to be switched out to a terminal post. Coleman wants to make maximum use of his talents.

Big Spring will be wealthy in ends, what with Don Reynolds, Wayne Medlin, Jimmy Porter and Brown all returning, so some one is almost sure to wind up at a new position.

The Steers should have one of the best punning games in the state, what with J. C. Armistead, Billy Martin, Brick Johnson and others ready to tote the mail. They should have good, if not great, passing.

The Steers' worry is defense, although they'll have a big, mobile line. Many of the griders still shudder when they remember how they shifted into high gear on their opening day of spring workouts last spring. They can stand alerted. They're in for an equally tough day this time out. Coleman figures he has a long way to go and, without getting mean about it, will start with a rush.

Fortunately, most of the lads are in fair physical trim. They've been working out for track and Coach Mac Alexander hasn't been letting them ease up.

O'DONNELL MAY BE THE TEAM TO BEAT

When the ex-Coahoma mentor, Ed Robertson, brought his O'Donnell field and track team have recently for the ABC Relays, reformed that a number of people were trying to put him on the spot by rating his team the favorite for the State title.

His Eagles did nothing to undermine that confidence in their own district meet last week end, however. They scored 41 points to take first place in the 9-B show at Lubbock, winning ten first places in 14 events.

Bennie Clark, O'Donnell fine all-around athlete who was off his feed here, was back in the groove. He won the broad jump, high jump, discus and was second in the 120-yard high hurdles.

Local track enthusiasts who hope HCJC puts in a cinder track might like to know that the total outlay for such a venture, concrete curbing and all, would be about \$25,000.

ROSWELL HAS ABUNDANCE OF LEFTIES

When Buddy Grimes, the ex-Big Spring, put in his appearance in the Roswell baseball camp recently, he became the fifth outfielder seeking a job with the Rockets. Oddly enough, all five hit left-handed.

Manager Pat Stacey is still seeking a right-handed hitter who can break into the lineup. He may try to swing a trade for such a player shortly.

Maybe you missed it.

Ramon Towry, Vernon's fine all-around athlete, has been named to play in the annual Texas Coaching School's all-star basketball game in August.

FOOTBALL DRILLS OPEN AT HIGH SCHOOL TODAY

Spring football drills got underway for the Big Spring High School griders this afternoon.

Some 60 youngsters are due to report. Ninth Graders will work separately from the Steers, under the direction of Mac Alexander.

The workouts will extend for 30 calendar days and several intra-squad games are in the making.

Prospects are brightest here in many years. Coaches Carl Coleman and Wayne Bonner can field an all-jetterman team.

Jim Gibbons, guard on the Notre Dame basketball team, set a field-house record recently when he connected on a set shot over 60 feet long.

Houston Links Play Underway; Rogers Is Out

HOUSTON (AP)—A determined 64 golfers moved out today in the 25th renewal of the Houston Country Club Invitation Golf Tournament.

Paced by co-medalists J. E. Greenwood, Kerrville, and Ben Gossett, Houston, the linkmen were contesting for the championship now held by Ken Rogers, Oklahoma City oilman who was unable to make a title defense.

Greenwood and Gossett both shot 73's—two over par—yesterday to lead the 64 qualifiers. It took ten-over par 81 or better to qualify for today's first round of match play.

The 32 first-round losers will drop back to the first flight after today's round.

Six players tied at 81 and entered a swiftest for four championship flight positions. They were Sid Frink, Blake West and Happy Lenz, all of Houston, Major Fred Moseley, Waco, John Bell, Lubbock, and John H. Smith, Shreveport. Moseley withdrew and Bell was eliminated on the first hole.

Tied at three-over-par 74 were John Hare Jr., San Angelo; Tyrrell Garth Jr., Beaumont; Ed Hopkins, Abilene; Joe Ruby, San Antonio and Tom Cruise, Dick McCreary, and Dave Ritchie, all of Houston.

Grouped at 75 were Dick Goerlich, Beaumont, Bud McKinney, Dallas and Jack Munger, Dallas. Ray Borneman, Jack Selman and Russell Myers, Houston.

Two of the favorites zoomed to 79. They were Bud Holscher, former National Jaycee champion from Santa Monica, Calif., and Jim Vickers, Wichita, Kan., last year's national intercollegiate champion from the University of Oklahoma.

Cuban Keed Near Upset Victim

CLEVELAND (AP)—Despite a close, split decision, welterweight Champion Kid Galvin insisted today that Livio Minelli of Italy "not show too much" as a fighter.

But the fans who witnessed their 10-round non-title bout last night thought differently. For fully two minutes they booed in protest after the verdict was announced.

Referee Jackie Davis and Judge Herb Williams gave it to the "Keed" 6-4 rounds for Davis and 5-4-1 for Williams. But Judge Charles Bill scored it 6-4 in favor of the durable Italian campaigner.

Gavilan admitted it was close, but thought a 6-4 verdict on his side would hit it about on the nose.

"Nice show and people like, but he not show too much," said the Cuban Hawk, who was making his first start since scoring a technical knockout over Chuck Davey in their Chicago title bout last February.

Schwegman Back

SAN ANTONIO (AP)—Harry Schwegman, who announced last week he was quitting baseball, is back on second base for the San Antonio Missions of the Texas League. He rejoined the Missions over the week end.

LONG HURLS

Bovines Upset Odessa, 6 - 5

ODESSA (AP)—The Big Spring High School Steers are today breathing the rarified air of second place in District 3-AA baseball standings.

They got there by springing the prize upset of the season here Tuesday afternoon. They beat the highly-touted Odessa Bronchos, 6-5.

A home run by Raymond Gilstrap with the bases empty in the seventh inning enabled the Steers to finish in front. Immediately before Gilstrap came to bat, Tommy McAdams had crashed one be-

yond the outfielders and had gone all the way around, only to be called out for falling to touch third.

Ronnie Wooten bashed out a four-master to help the Steers to a big three-run uprising in the third.

Frank Long, who pitched the best game of his career, settled to strike out three batters in a row after Edd Tyler had singled to lead off Odessa's half of the seventh.

Big Spring outlived the Bronchos, 10-6, and richly deserved the triumph. McAdams and Gilstrap paced the attack with three long hits, respectively. Jimmy Hollis also came in for two blows.

Joe Webster started on the mound for Odessa but the loss was absorbed by Carl Schlemeyer, ace of the Odessa staff.

Youths Launch Drills Today

Workouts of Little League players will begin at 5 p.m. today on the new Little League diamond in the northeast section of town.

Eight Little League teams, competing in two leagues, are being organized. Only five functioned here in 1952.

Any youngster who will not reach his 13th birthday before Aug. 15 will be eligible for workouts.

A mass meeting of players and parents was held at the Junior High Gymnasium last night. League officials said the turnout was excellent.

Webb To Meet Hensley Nine

Webb Air Base's Dusters will open their 1953 softball season here at 8 p.m. Thursday, meeting Hensley AB of Grand Prairie, Texas.

A new lighted diamond, located west of Wing Headquarters on the base, will be used.

Manager of the Dusters is Henry Studdard, who is now drawing up a schedule.

Webb will also enter a team in the YMCA Industrial League, if such a circuit is organized.

Coast Fems Pace Trans-Miss Field

PHOENIX, Ariz. (AP)—Defending Champion Mrs. Lyle Bowman of Richmond, Calif., and Medalist Barbara Romack, her neighbor at Sacramento, led the way into the first round of match play today in the 23rd annual Trans-Mississippi Golf Tournament.

On the basis of comparative qualifying scores, the Sacramento girl, California state champion, and Mrs. Bowman, a former Oregon titleist, had easy touches.

Mrs. Bowman, who qualified with a one-under-par 75 for women at the par 38-39-76, 6,545-yard Arizona Country Club course, was paired against Lois Schrader of Los Angeles, who had an 82 yesterday.

Miss Romack clipped four strokes off par with her 72 and was teamed against Thelma Carr of Phoenix, who had an 82.

free of bugs completely!
with Bug-a-roo

The Miracle Lamp

9.95 value
for only **6.95** while they
last

After many years, decades and even centuries of hit and miss at-
tempts at insect control, science now provides a clean safe method of ridding
your Home, Business, Dairy Barn or Chicken House of such destructive and
tormenting insects as roaches, silver fish, ants, flying moths, bed bugs, flies,
mosquitos, spiders, fleas, weevils, and water bugs . . . and many, many more.
It's an exciting experience to see what a wonderful job Bug-a-roo
does over night. You'll say "good-bye to pesty germ-laden bugs and messy
insecticides forever."

South Texas Judicial Problem Not Settled

By MARTHA COLE
AUSTIN (AP)—South Texas political drama plays a holdover engagement in the Legislature today.
At 2:30 p. m. the House Judiciary Committee will consider once more a proposal to reshuffle the counties in the 79th Judicial District.
The judge, Woodrow Laughlin of Alice—center of political warfare that boiled out of the district over into the Legislature this week—was at the capitol yesterday.
In a quiet and deliberate manner he told the committee "I come here not to argue.
"I have no malice toward anyone in the district. I love all the people in all the counties of the district."
Men who testified before he appeared begged the committee to help the situation by taking Starr County out of the 79th, now composed of Starr, Duval, Jim Wells and Brooks Counties.
Raeburn Norris, district attorney of the 79th, said that was just their attempt to get legislation to select a judge when they couldn't get the votes in an election.
Laughlin and Norris are friends of George Parr of Duval County, longtime political leader of the area and oft-time challenged.
The challengers appeared at a subcommittee hearing Monday and begged for relief from a "political machine."
At the request of committee chairman Joe Kilgore of McAllen, they stayed away from politics for the most part yesterday.
Five men asked that Starr County be put into a judicial district with Cameron, Willacy and Hidalgo Counties because of their common water problems.
Joe Guerra of Roma in Starr County asked "for the sake of the name of our good state that you disintegrate the 79th."
He said the 79th "has become the scandal of Texas."
When Guerra started to speak of indictments on election irregularities in Starr County last fall, Rep. A. J. Vale of Rio Grande City (Starr County) and a committee member, objected. Kilgore then asked Guerra to stay away from politics.
Norris said he thought Laughlin was a judge "with as much integrity as any I have served under."
He added: "I do not feel this is the place for an attack on him because the particular men were not able to get votes to defeat him. I'm not afraid to go before the electorate of any district you see fit to make."
The recommendation of the subcommittee was to split up the 79th District by putting Jim Wells up with Nueces County; Brooks in with Nueces and Kleberg; and leaving Duval and Starr in the 79th and adding to them Jim Hogg and Zapata Counties.

Junior High To Present Choral And PE Program

Pupils in junior high will be presented in a physical education and choral program Friday at 8 p. m. in the junior high gymnasium.
A varied program has been arranged for the evening, said Truett Johnson, principal. He urged patrons to attend the program.
The opening number will be girls folk dances. The boys will present a special selection, then a mass drill.
Girls will give a tumbling demonstration before the junior high choir gives a brief concert. Afterwards there will be tumbling by the boys, a tap dance and then acrobatics for the grand finale.
A good portion of the student body will be involved in the program, said Johnson.

Firemen's Group Sets Kermit Meet

Program for the May 9 meeting of the Permian Basin Firemen's Association at Kermit has been announced by the Kermit Volunteer Fire Department.
"During the morning, starting at 9 o'clock, there will be business sessions. In the afternoon, there will be competition in pumper races and two-man hose races. Prizes will be awarded to the firemen who demonstrate greatest speed and efficiency in setting up their equipment.
A barbecue and a dance at the Community Center will conclude the day's activities. Wives and friends of firemen from some 20 cities will be special guests."

Editor Elected Mayor To Go To Court For Post

By CLAYTON HICKERSON
TERRILL (AP)—A battling editor who ran a successful write-in campaign to be elected mayor of this East Texas town said today he would go to court to gain the office.
Eugene Whitt, 36, newly-elected mayor and two commissioners elected in Tuesday's city election—James Coltharp and George Bruner—were to have been sworn into office last night.
The commission meeting failed to produce a quorum when Mayor H. C. Barnes, auto dealer, and Commissioners Reeves Holmes and C. M. Barksdale failed to show up.
The lack of a quorum prevented an official canvass of the vote, which prevented the swearing-in ceremonies. Holdover Commissioner Henry Earnheart was the only old commissioner present.
"For some reason, they're just stalling for time," Whitt said today. "They don't want me and Coltharp to take office—why, I don't know."
Whitt said he would petition to set a hearing for a writ of mandamus in an effort to force the incumbent commissioners and mayor to convene the April 7 vote.
"I've never seen anything like it in my years as a newspaperman," the editor added heatedly.
"There's something fishy about it," his wife, Mary, added. "I think there's more than shows on the surface."
City officials refused Whitt a place on the ballot last month, he said, because they claimed he held a "chummy" title to a city lot here and owed \$15 back taxes on an automobile.
A mandamus suit to force them to put his name on the ballot was set for hearing March 19, the editor said, but the judge ruled the question moot because absentee voting began a day earlier.
"That's when I decided I'd run or bust," the small-statured editor said, "so Mary and I went to work on the write-in campaign."
The write-in paid off and Whitt won, tabulations showed, by a vote of 444 to 383 over Mayor Barnes.

Cap Rock Co-Op Has March Gains

March was a million kilowatt hour month for Cap Rock Electric Cooperative.
Cap Rock at least passed the million KWH mark in current purchase. The actual figure was 1,121,246 as compared with 832,390 for February. Metered to customers was a total of 858,929 KWH, up substantially from the 820,577 for February.
At the end of March Cap Rock had 1,622 miles of line energized, a gain of five miles for the month. The number of members connected gained from 2,702 to 2,723. Density of members per mile rose from 1.67 to 1.68.
Average KWH consumption figured at 316, which was 12 KWH over the previous month. The average bill was \$9.27, slightly up from \$9.18 in February. However, 315 qualified for minimum bills during March as compared with 270 in February.
