

British-U.S. Agreement Announced By FDR

NAT'L GUARDSMEN CALLED OUT TO AID IN HUNT FOR FUGITIVES

Arkansas Gang Charged With Two Killings

Several Of Group Surrounded Near Columbia, La.

CUMMINS PRISON FARM, Ark., Sept. 3 (AP)—National guardsmen were called for today to reinforce the hunt for 33 desperate convicts already charged with two killings in a wholesale prison break.

Hampered by fear of bringing harm to two girls and a boy held as hostages, Sheriff B. E. Erskine called on Louisiana Governor Sam Jones to send soldiers to Columbia near where six of the fugitives were believed surrounded in swamplands.

Two of the ringleaders of yesterday's spectacular escape were captured early today near Garland City in extreme southwest Arkansas and several hours later a third convict was found slightly wounded in a negro cabin near that town.

Two others were captured today by a posse at Yancopin, 25 miles east of the prison.

Sheriff Erskine appealed for soldiers after a posse of between 500 and 1,000 men had tried for hours to hem in the convicts who yesterday killed Posseman Frank Garman of Columbia while using the three youths as shields.

About 4 a. m. today some of the fugitives were seen emerging from woods four miles north of Columbia in an apparent effort to reach the road but fled back to shelter when farm dogs barked at them.

COLUMBIA, La., Sept. 3. (AP) One of six Arkansas convicts who escaped into Louisiana after fighting their way out of the Arkansas Cummins prison farm yesterday in a break of 36 inmates was shot and killed by possemen here today.

The convict, about 25 years old and tentatively identified merely as "Frank," was the third person killed since the Labor Day bloody break.

Tracks inside the woods indicated these killers still were holding the youths they kidnaped yesterday at Rayville, La.

Later, two airplanes patrolling See FUGITIVES, Page 8, Column 5

Pair Confesses To Slaying Aged Man
SCOTLAND, Conn., Sept. 3. (AP) Charles S. Garvin, 58, and John Shimenaki, 18, confessed today, State Police Commissioner Edward J. Hickey said, that they engaged in the bizarre killing of Garvin's 84-year-old father, George H. Garvin, who was fatally injured by a dynamite blast as he sat in his son's automobile.

The commissioner said that the blast, shattering the holiday quiet in this little Windham county town, was touched off yesterday afternoon by the younger Garvin, crouching behind a tree 30 feet from where the automobile was parked in the yard of Garvin's farm home.

Court Encounters Heavy Docket As New Term Gets Underway
Difficulty in finding time enough in a four-week term to schedule all cases on a heavy docket was encountered Tuesday, as Judge Cecil Collins called the docket for the new session of 70th district court.

As the court conferred with attorneys on the dating of trials, the new grand jury went to work on a long list of complaints. There was no indication as to when jurors would make their initial report. Criminal cases will be heard during the second week of the court term.

Judge Collins called the petit jury panel back during the afternoon, when the Willie Adkins vs. W. Y. Bengt, et al, case was set for trial.

Other settings for the term: September 5—W. E. Allison vs. Cunningham & Jones
September 6—Jose Salazar vs. Mrs. Eugenia Liberty, et vir. Bradford Motor Woc. v. B. N. Wagner, et ux.
September 9—State vs. Howard Sage, C. M. Martin vs. Montgom-

NORTH CAROLINA SWEPT BY FLOODS—Rampaging streams, swollen by torrential rains, swept over widespread areas in the mountainous sections of western North Carolina, causing high property damage in many communities. At the same time the western coast of the state was advised to prepare for full hurricane winds headed for the Carolina capes. Hardest hit Saturday was the town of Marshall, N. C., where the French broad river rose 8 feet in the business section. This picture shows the town's inundated depot, with tracks at left background completely wrenched from their foundations.

Nazi Bombers Thrown Back In Raid On London

Duncan Named To ABC Post

By a unanimous decision of the district convention of American Business club members, Hugh Duncan was named district governor at the convention held at Amarillo Sunday and Monday.

Other officers elected were Frank Steele of Ponca City, Okla., first lieutenant governor, and Jake Malsen of Lubbock, second lieutenant governor.

Ponca City was chosen as the 1941 meeting place. A dance was held Sunday night for entertainment and Monday business sessions were held during the morning.

A model luncheon was held at noon and election and choice of the next meeting place took up Monday afternoon.

A dinner and dance was given Monday night. Attending from here were Cecil Snodgrass, Mr. and Mrs. W. D. Carnett, Edith Bishop, Ernest Wisdom, Fowler Faulbion, W. D. (Scotty) Jack Terry, Tom Cates, Chester Chuck, Roy Roeder and Hugh Duncan.

BRITISH RETIRE
LONDON, Sept. 3 (AP) — British forces have retired southward from Buna, Kenya colony on the Ethiopian frontier, London military circles acknowledged today in confirming previous Italian reports to this effect.

With the year-old war blazing on all fronts, Mussolini's high command reported that newly-formed squadrons of Italian "Picchiatori" (little divers) attacked a fleet of British warships in the central Mediterranean, scoring hits on a battleship, an aircraft carrier, a cruiser and a destroyer.

An Italian communique acknowledged the attack.

22 Inch Gauged In Local Showers
Refreshing rains marked a welcome start for September over the Big Spring area Monday, with moisture reported from all directions. The fall was generally light, but of sufficient intensity to aid ranges, crops and tank supplies.

The afternoon showers gauged 22 inch at the airport weather bureau. A heavy fall was reported at Coshoma, and to the west the rain extended to Odessa.

British Capital Undergoes Two Attack Alarms

By The Associated Press
Waves of German Luftwaffe raiders—300 in a single onslaught—twice sought to bomb London today, but fell back under the lash of RAF fighters and a "wall of flame" defense by anti-aircraft guns.

By mid-afternoon, the British air ministry reported 23 Nazi planes shot down, with 15 RAF planes missing. By contrast, Berlin said 54 British planes were destroyed while 12 German planes failed to return.

The British capital underwent two air-raid alarms in the forenoon and afternoon, lasting a total of 142 minutes.

As the war entered its second year, hard-fighting RAF airmen cut "victory roll" capers in the skies after scattering the Nazis' first mass attack.

Apparently trounced in an hour-long battle over the Dover "Hell's Corner" region, the German aerial armada jettisoned bombs and raced homeward with RAF fighters in pursuit.

Shortly afterward, however, the Nazi raiders roared back to renew the assault in the same s-utheast coast vicinity and in northeast Scotland.

Danger Not Passed
In London, War Minister Anthony Eden told the British public it would be "foolish" to assume that, because of the approach of autumn, with its equinoctial storms, the menace of a Nazi invasion has passed.

With the year-old war blazing on all fronts, Mussolini's high command reported that newly-formed squadrons of Italian "Picchiatori" (little divers) attacked a fleet of British warships in the central Mediterranean, scoring hits on a battleship, an aircraft carrier, a cruiser and a destroyer.

An Italian communique acknowledged the attack.

Sales To Great Britain Mount

WASHINGTON, Sept. 3 (AP)—Great Britain has ordered a \$2,000,000 bill of goods in the United States since she declared war on the third Reich a year ago today.

British purchasing agents, who gave this figure, estimated that another \$2,000,000,000 in orders would be forthcoming in the second year ahead.

The British have bought nearly everything from fire hose to airplanes. The list runs into hundreds of items, but with the air war relentlessly growing more intense, the emphasis has been constantly on planes. About \$1,200,000,000 of the first year's contracts were for aircraft.

Probably not more than \$500,000,000 of the first year's contracts have yet been filled. In many cases new factories—a number of them paid for by the British—had to be built before a start could be made on the orders. In some cases items had to be standardized with United States needs so that a single factory could handle both, and so delay ensued.

Details on just how many planes have been bought or delivered, their types, and similar information about other purchases are not available. Inquiries bring the polite but firm British reply: "Sorry, but you know we are at war."

From other sources indications are that Britain and the empire now are getting about 10 new military planes a day off American assembly lines. By next summer, they seem to have hopes for about 70 a day.

To pay the cash required by the neutrality law for their purchases, the British have been sending gold here at the rate of about \$100,000,000 a week.

Removal of Kansas City Officers Is Demanded

JEFFERSON CITY, Mo., Sept. 3. (AP)—The state supreme court today ordered the removal from office of Jackson county's prosecuting attorney and sheriff on the findings that they neglected law enforcement in Kansas City.

Prosecutor W. W. Graves — of whom Gov. Lloyd C. Stark once said, "his continuous failure to prosecute ghastly felonies justifies his immediate removal from office" — was fined \$1,000 plus court costs which already have reached \$5,000.

Over-Age Destroyers To Be Transferred To England

WASHINGTON, Sept. 3 (AP)—An agreement to trade 50 over-age American destroyers for a chain of naval and air base sites in British possessions in the Atlantic and Caribbean was announced today by President Roosevelt.

At the same time, the state department announced that Britain had promised this country "never to surrender or sink" her fleet.

The chief executive sent congress a message containing first news of the historic trade of warships for defensive bases.

"This is not inconsistent in any sense with our status of peace," Mr. Roosevelt told the legislators. "Still less is it a threat against any nation.

"It is an epochal and far-reaching act of preparation for continental defense in the face of grave danger."

By the exchange the United States obtained sites for outposts to protect its Atlantic coast, gulf ports and the Panama Canal and at the same time received assurances that if Britain ever had to move her fleet from home waters it would be sent to fight for other parts of the empire, including Canada.

Along with his message Mr. Roosevelt sent congress an exchange of notes between Secretary Hull and Lord Lothian, the British ambassador, consummating the negotiations, and a 4,200-word statement by Attorney General Jackson holding that the president had power to make the trade without congressional action.

That point immediately became involved in controversy at the capitol. Senator Nye (R-ND) said the president's action "indicates that our leadership is already using dictatorial practices and ignoring laws and treaties in the name of an emergency."

On the other hand, Senator Barkley (D-Ky) said there "was no need for congressional action" and he predicted that the public would give "full approval" to the arrangement.

The White House issued no details of the trade other than those set forth in the message. Whether the 50 destroyers already had been or were being turned over to the British was not commented upon.

It was made clear that the rights to bases in Newfoundland and Bermuda were given by the British without charge.

Rights to sites for the other bases were put on a 999-year lease basis in return for the warships, which the British long have sought. There will be no other cost, it was said, except for compensation to property owners whose lands may be affected.

Outright Gifts
The United States will acquire naval and air bases in Newfoundland and in the islands of Bermuda, the Bahamas, Jamaica, St. Lucia, Trinidad, and Antigua, and in British Guiana.

The right to bases in Newfoundland and Bermuda are gifts—generously given and gladly received," the president said in a special message.

"The other bases mentioned have been acquired in exchange for 50 of our overage destroyers."

The president enclosed an opinion by Attorney General Jackson dated August 27, 1940, "regarding my authority to consummate this arrangement."

Jackson said the arrangement "may be concluded as an executive agreement, effective without awaiting ratification."

The senate was not in session today, so the message went only to the house, meeting to debate the senate-approved conscription bill.

Mr. Roosevelt said the arrangement with Britain was effected in an exchange of notes between Lord Lothian, the British ambassador, and Secretary of State Hull on September 2.

It "is not inconsistent in any sense with our status of peace," he declared.

"Still less is it a threat against any nation," he continued. "It is an epochal and far-reaching act of preparation for continental defense in the face of grave danger."

The value to the western hemisphere of these outposts of security "is beyond calculation," the chief executive stated.

Ready To Leave
More than 100 of the United States' 123 over-age destroyers have been recommissioned and a naval authority said on August 20 that at least 50 could be made ready to leave for Great Britain within a week. They would need only to take on fuel, supplies and ammunition. Most of them are at Philadelphia.

All the destroyers have four-inch guns and 21-inch torpedo tubes, the same size as those the British use. They are all above the 16-year over-age limit, having been completed by 1922.

Almazan's Attack On Cardenas' Government Proves Bombshell

MEVICO CITY, Sept. 3 (AP)—The first reaction in political quarters early today to General Juan Andre Almazan's statement in New York attacking President Cardenas and his administration was of bombshell proportions.

Sources in touch with politics and close to the government agreed the independent presidential candidate's declaration was an "open invitation to revolution" and an "advance notice that he intends to seize power by force if necessary."

Germans Move To Block Red Expansion

Motorized Units To Take Over On Rumanian Border

BUCHAREST, Sept. 3 (AP)—German motorized divisions will take over on Sept. 15 protection of Rumania's south Bucovina border, newly formed by Rumania's cession of north Bucovina to Soviet Russia, informed sources said today.

This first line of defense against the possibility of any further Russian penetration in that area, they said, will be centered at Vatra Domel, with Rumania's own forces dropping back to form a second line in the vicinity of Piatra Neamt.

The reported date for German forces to take over is two days after Hungarian occupation of northern Transylvania, ceded by Rumania under the axis' dictate, is slated to be completed.

Both Rumanian government and semi-official German sources said strong Nazi force would be supplemented by some Italians as a token of axis collaboration in the guarantees given King Carol's country in the Vienna arbitration last week.

Troubled conditions in northern Transylvania continued with clashes for possession of communications, railway stations and barracks reported in some places between armed Hungarian groups and Rumanian gendarmes and police.

From border towns came reports of sporadic armed clashes with many injuries and some deaths.

Plans for military resistance against transfer to Hungary continued in northern Transylvania despite stern warnings.

General Ian Antonescu has been made commander-in-chief of Transylvania units and released from the monastery where he was confined after organizing armed opposition to the government after the Russian occupation of Besarabia.

It was uncertain, however, whether he would side with General Ion Dragalina, who sent word to Bucharest that he and his men would resist to the end although Rumania troops are under orders to withdraw in preparation for Hungary's entrance into Transylvania Thursday.

KING CAROL IS FIRED UPON

BUCHAREST, Sept. 3 (AP)—An attempt to kill King Carol failed tonight.

The incident occurred at 8:55 o'clock as crowds passed by on a busy thoroughfare.

The would-be assassin, presumably angry over the cession of Transylvania to Hungary, took the guards by surprise. He rushed through the iron gates, firing as he ran. All seven shots apparently struck the palace wall.

He was seized by guards and unconfirmed reports spread saying he was killed. Other reports said he was taken into custody unharmed.

Ever since the Vienna conference—at which the axis made the decision that Rumania must give up part of Transylvania—special precautions have been taken to guard the king.

An unidentified man broke through the heavily guarded palace gates and fired seven shots at the brightly-lighted windows before he was over come.

Flare flying over the palace indicated that the king was in residence there at the time.

French Empire Still Intact, Says Petain

VICHY, France, Sept. 3. (AP)—Premier Marshal Philippe Petain declared today that the unity of the French empire, "forged by a thousand years of effort and sacrifices," remains intact.

In his first broadcast addressed directly to France's colonial empire since the armistice with Germany, Petain declared "no attempt, no matter from what direction or concealed under no matter what ideal, can prevail upon this unity."

(The Vichy government, however, has acknowledged a rebellious movement in some French possessions in Africa and General Charles De Gaulle, self-appointed leader of "free Frenchmen" has claimed the allegiance of all French equatorial Africa for his force, still in line with Britain. There have been signs of defection also in French Indo-China and New Caledonia, French South Pacific possessions.)

Fleet Will Never Be Surrendered—Lothian

WASHINGTON, Sept. 3. (AP)—Great Britain has given the United States definite assurance of its intentions "never to surrender or sink" the British fleet in the event of the waters surrounding the British Isles becoming untenable for his Majesty's ships.

The state department made this known today by making public an exchange of correspondence between Secretary Hull and Lord Lothian, British ambassador.

The announcement was made public after the White House announced an arrangement for the acquisition of air and naval base sites from Great Britain in exchange for 50 over-age destroyers.

Instead of being sunk or surrendered, the state department was told, the British fleet in the last resort would "be sent overseas for defense of other parts of the empire."

In his letter Secretary Hull wrote:

Arms Bill Amendment Is Given Approval

Sales Course Opens Tonight

First classes in the salesmanship course offered here by Texas Christian university are scheduled for this evening, in the Crawford hotel ballroom, with a prospective attendance of around 115.

Two classes will be conducted each night for three nights, by Jack D. Brown, head of the TCU department of salesmanship. The first starts at 7:30, runs until 8:55, the second runs from 9:05 to 10 o'clock. For an enrollment fee of \$5, all six classes are offered.

Brown said Tuesday that he will over 100 had enrolled for the course, which is offered here through cooperation of the chamber of commerce. The work is devoted to an exhaustive study of sales methods, and is open to all the public.

Weather Forecast

WEST TEXAS—Partly cloudy with scattered showers and thunderstorms tonight and Wednesday; little change in temperature.

EAST TEXAS—Considerable cloudiness, scattered thunderstorms in northwest portion tonight and in north portion and near the upper coast Wednesday. Gentle southeast winds on the coast tonight becoming moderate Wednesday.

Mr. and Mrs. G. W. Chown and Jean Ellen and Mr. and Mrs. R. E. Blount and Helen spent Labor Day at Carlsbad Cavern.

Mrs. C. O. Murphey had as weekend guests her niece and husband, Mr. and Mrs. Clifton Greenleaf, of Moonshans.

Mrs. W. B. Younger and Billie Gene and Maxie Dec. left Tuesday for Plainview where they will visit her sisters, Mrs. R. O. Taylor and Mrs. Glen Mabry. They will return Saturday.

Mr. and Mrs. T. E. Wood have as guest his mother, Mrs. A. G. Wood, of Hubbard City, who is spending a few days here.

Mrs. J. K. Scott spent Labor Day in Christoval visiting with her brother, G. W. Lewis. Mr. and Mrs. Sidney Wood and Odell and Clara Bell accompanied them to Christoval for a fishing trip.

Mr. and Mrs. C. R. Thompson and children, Clarence Earl and Robert Wayne, have returned from Fort Worth where they have been visiting.

Clarinda Mary Sanders returned Sunday night from Brownwood where she spent a week.

Naomi Tillerson of Dallas stopped Sunday here en route home from a vacation in California to visit with Maxine Thomas, who is confined in the Big Spring hospital. Evelyn Merrill, who has been visiting her parents, Mr. and Mrs. E. D. Merrill, here, accompanied Miss Tillerson to Dallas.

Mr. and Mrs. P. A. Smith had as weekend guests Mr. and Mrs. Alton Smith of Waco.

Vivian Ferguson of Uvalde arrived Saturday for a visit with Corneila and Bruce Frazier.

Helen Huff of Mason spent the holiday weekend here with Nancy Phillips.

Mr. and Mrs. Belbert Middleton of Breckenridge spent the weekend of Mr. and Mrs. W. S. Middleton.

Dorothy Bryson of San Angelo was the guest of Mrs. Della Agnell Sunday.

E. L. Fortune of Fort Worth is the house guest of Mr. and Mrs. Harold Akey. Fortune is Mrs. Akey's father.

Miss Letha Amerson will return Saturday from a vacation in Abilene and San Antonio.

Mrs. Ed Allen is leaving Wednesday for a two-week vacation in Dallas.

Mr. and Mrs. Lindsey Marchbanks, Mr. and Mrs. Hub Hayes, Mrs. Elmo Martin, Mrs. Morgan Martin and Bob Knox returned Monday from a Concho fishing trip.

Mary Proctor of San Angelo was the weekend guest of Mrs. F. E. Blalack.

Mr. and Mrs. J. T. Anderson returned Saturday from a six week vacation in Salt Lake City, Utah, and various places in the Eastern States.

Mrs. Norman Spencer of Aspermont, Tex., is the house guest of her parents, Mr. and Mrs. J. T. Anderson.

Bonnie Dale Anderson, daughter of Mr. and Mrs. W. D. Anderson, is being visited by Mr. and Mrs. A. B. Simpson in Elk City, Okla., and will remain there until she completes her high school work.

Mr. and Mrs. R. O. McClinton have as guests his mother, Mrs. Oliver McClinton, of Lubbock, who will be here two weeks.

Bethany Class To Have Luncheon At The Church

The Bethany class of East 4th St. church will meet at 11:30 o'clock Wednesday for a luncheon at the church.

Gold Star Pin Given To Martin County 4-H Club Girl

Frances Clements of Valley View 4-H club in Martin county was named gold star girl for her outstanding 4-H club work during the past year. The gold star pin was awarded Frances at a recent Farm and Ranch radio program. It was presented to her by Mrs. Elsie Gilkerson, county home agent.

Only 148 girls in the state were given such an honor. Frances was selected by a committee composed of home demonstration club women and 4-H club girls. There were five other girls in the county competing for this award.

The high points of her club work are given by Frances in her own words in the story that follows:

"On January 15, 1938 five of us girls met and organized, with the help of Mrs. Gilkerson, home demonstration agent, the first 4-H club at Volley View. This is my third year as a 4-H club girl and I am 17 years old."

"During the year, as clothing demonstrator, I completed all of the club goals by making two dresses, a shoe rack, apron, scarf, slip, equipped a sewing box, and wrote a story of my club work for that year. An account of my expenditures on clothing showed that I had spent \$27.75, and I took an inventory of my clothing and repaired and made over all the things I could - which I wouldn't have done otherwise."

"I naturally wanted a clothes closet to put the clothes in. With the help of my father, mother and brother we built one, which is 28 ft. x 48 ft. x 7 1/2 ft. Rows of shelves fill the end of it for my bed linens, shoe rack, hats, scarfs, etc., and the space at the top of the closet is for my quilts. A rod extends across the entire space on which to hang my dresses and coats. The inside of it is papered white for the purpose of giving more light. The total cost was only \$3.32."

"As part of my plan of work for the year as demonstrator, I made over seven dresses, two skirts, made three dresses, two skirts, and one pair of shorts. Now that I have such a roomy closet for my room, I am always doing something to improve my bedroom."

"I helped my mother wash the wool for two comforts, one of which she gave me to go in my room. All of the woodwork in my room has been painted ivory, and I stained the floor and then waxed it. Next I took all of the old wall paper off of my walls and papered them blue with pink flowers. The curtains are a soft rosy pink."

Denmark Modern According To Former Resident

By HELEN POOL

From movies, paintings and fairy tales, the American people have gotten the picturesque idea that Norway, Sweden and Denmark are quaint little countries with unbelievable customs, old foods and cathedrals blanketed with snow. These illusions would probably be shattered if you could hear Mrs. C. T. White, resident of Big Spring and native of Denmark talk of the interesting football games, the Danish ladies, their afternoon bridge and latest fashions.

Mrs. White came to America in 1925 from Elsinore, Denmark, where she was born and reared. Her father still resides in Denmark where he is employed by the railroad, but Mrs. White hasn't heard from him since May 28th.

In the Danish schools, English is taught along with reading, writing, and arithmetic, she declares, and in the third grade students take up German, Norwegian, Swedish and other languages.

Mrs. White attended the University of Copenhagen, and was recognized as one of the best nurses in Denmark. Few of us can talk of having had tea with the Norwegian Crown Princess, and nursing her lady in waiting during an illness, but Mrs. White who is no exception to Danish modesty, is somewhat shy about talking of her interesting experiences.

Speaking of conscription, Mrs. White pointed out, "We have always had compulsory military training, and think nothing of it since the defense of our country depends upon its training."

Her beautiful Danish Royal China decorated with the famous Copenhagen blue is one of the many valuable and interesting things which she brought with her to America.

She also has several pieces of George Jensen's hand beaten silver and a handmade scarf her mother made for her over 25 years ago.

When Mrs. White first came to America she was amazed to find that she had not been taught all the English language, and was quite puzzled when Americans spoke of "two bits," "scram" and "OK."

Baptist Choir To Hold Rehearsal Tuesday

The First Baptist church will have a special choir rehearsal Tuesday evening at 7:45 o'clock at the church.

Has Tonsils Removed

Mrs. E. R. Finck of Sand Springs underwent tonsillectomy at the Hall and Bennett clinic Tuesday morning.

HOLIDAY TAKES TERRIFIC TOLL

By The Associated Press

The nation counted 514 violent deaths today for the three-day Labor Day holiday—147 more than were tabulated for the same period a year ago.

Motor vehicle deaths numbered 325, greater by 97 than those of last Labor Day weekend.

Deaths from other causes totaled 189, including the 25 who died Saturday in the crash of an airliner in Virginia. Drownings, shootings, private plane crashes and other causes contributed to the total.

Mrs. D. N. Senter entered the Big Spring hospital Monday for medical attention.

Loren McDowell is in the Big Spring hospital for medical care.

Called Into Service

BOSTON, Sept. 3 (AP)—The war department today called into federal service the 211th coast artillery, an anti-aircraft unit better known in Boston as the First Corps of Cadets, and the 197th coast artillery of New Hampshire.

The order is effective Sept. 16. The men, numbering approximately 2,000, will be sent to Camp Huie, Texas, near Galveston, for a year of training.

The "First Corps" is one of the oldest military units in the country.

Newton Family Has A Reunion And Picnic At The City Park

The Newton family held a reunion in the home of Mrs. J. E. Davis Sunday and a picnic lunch was served at the city park.

Pictures of the family were made. Several out of town relatives attended from Moore and Fairview.

Other out-of-town relatives were Thelbert and Elbert Newton, Mr. and Mrs. Cal Newton, Mr. and Mrs. Ed Newton, Bill and Homer Newton, all of Dimmitt, Mr. and Mrs. Ralph Dushman of Denver City, Mr. and Mrs. Aubrey Davis and sons of Big Spring.

South Ward P.T.A. To Hold First Meeting September 12th

South Ward P.T.A. will meet September 12th at 3:15 o'clock at the school for the first session since last spring. The group meets regularly each first Thursday in the month but will hold its first meeting September 12th.

Texas, Oklahoma Crude Output Shows Gain

TULSA, Okla., Sept. 3 (AP)—Texas and Oklahoma—continued to gain and Illinois to lose as daily average crude oil production in the United States dropped 24,017 barrels to a total of 2,490,433 for the week ended Aug. 31, the Oil & Gas Journal reported today.

The Texas flow swelled 4,704 barrels a day to 1,205,036, with East Texas gaining 50 to 374,568. Oklahoma's was up 7,700 to 415,000, and the Rocky Mountain states' 170 to 100,180.

California production declined 22,750 to 594,500; Illinois 9,800 to 371,500; Kansas 4,900 to 176,900; Louisiana 1,079 to 272,740; Michigan 345 to 83,869, and the eastern states 400 to 103,200.

McNUTT OILERS S'BALL CHAMPS

ABILENE, Sept. 3 (AP)—The McNutt Oilers of El Paso will represent Texas at the national softball tournament in Detroit.

They won the state championship here last night, defeating American Liberty Pipeline of Dallas, 1-0.

Now! EAT CANDY GROW THIN by NEW, EASY PLAN

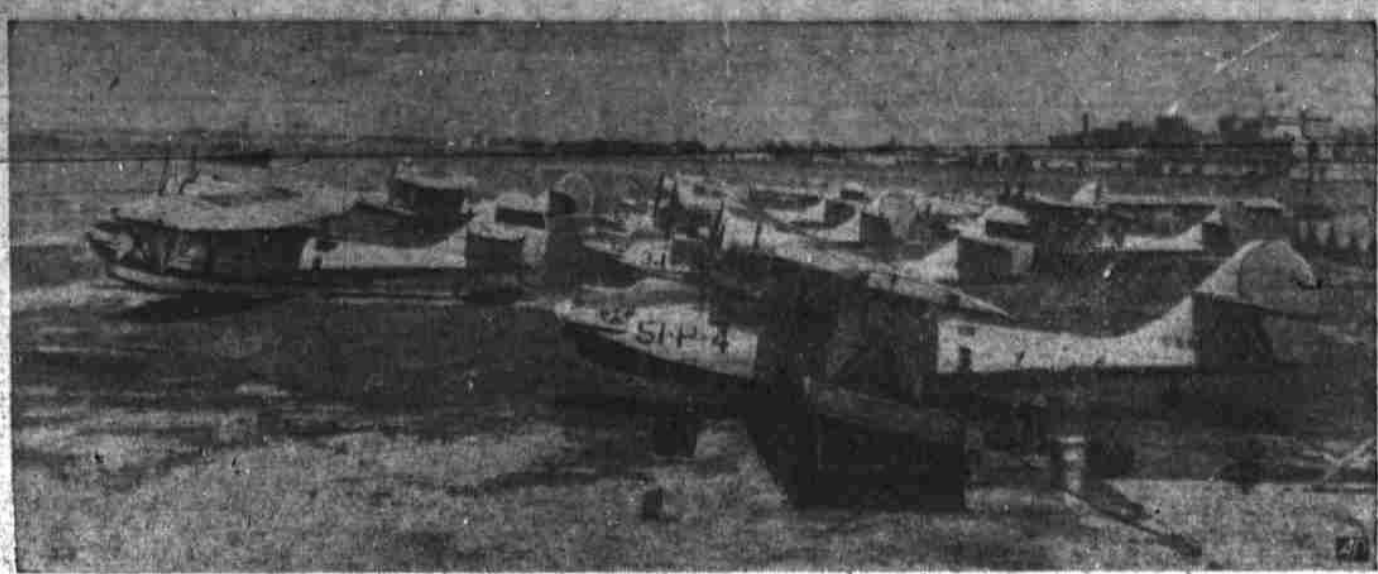

Perhaps you too can lose ugly pounds and have a slender, graceful figure. No drugs. No exercises. No weakening diet. Many simply follow this easy AYDS Candy plan and lose weight. Mrs. C. Miller, Chicago, writes that she lost 42 pounds in 60 days and feels 100 per cent better.

SATISFACTION GUARANTEED

Learn how you can lose up to 5 pounds a week. AYDS delicious Candy contains vitamins A, B, and D, and essential nutrients. Satisfies hunger without excess fat or calories. AYDS is backed by a \$1,000,000 Purify guarantee. (AYDS contain no drugs, so not recommended for overweight due to constitutional defects.) Only \$2.00 for a 30-day supply. Free delivery in plain wrapper. Satisfaction guaranteed. Start now to reduce. Mail orders filled promptly. Just phone.

FISHERMAN'S

'TIME OUT' FOR CARIBBEAN SENTRIES.—Possibility that U. S. may lease Britain's western hemisphere air bases heightens interest in the U. S. Caribbean Sea patrol, in which planes like these of Squadron 51 at Puerto Rico take a vigilant part.

SANTONE TEAM IS SWIM CHAMPION

SAN ANTONIO, Sept. 3 (AP)—Four records fell here last night as San Antonio's swimmers won the T. A. A. F. championship with 71 points. Dallas was second with 61.1-2 and El Paso third with 58.

Jane Dillard, Fort Worth star, set two marks, making the 100-yard women's free style in 1:07.7 and the 220-yard free style in 2:36.

Bob Gentry of Denton broke the record in the 100-yard breast stroke for men with a time of 1:07 and Bobby Taylor of Dallas hung up a new mark in the 440-yard free style for men with a time of 4:41.8.

Houston finished fourth with 44 points. Other scores: Fort Worth 26, Beaumont 22, Denton 19, Waco 10, Austin 6 1-2, Texas A. and M. 6, San Angelo 6, Galveston 6, Jasper 1.

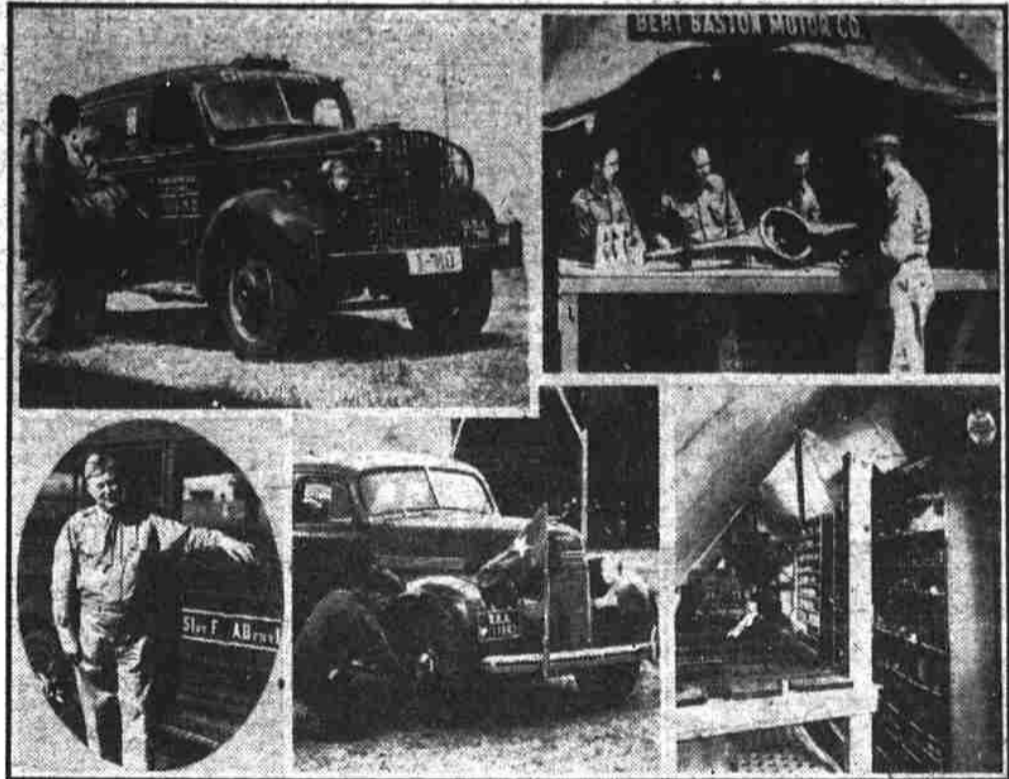

Denton's points included C. E. Hastings, Jr., third in boys' 50-yard back stroke; Gentry, first in men's 220-yard free style; Hastings, fifth in boys' 200-yard free style.

MAN KILLED IN SPEEDWAY RACE

ALTOONA, Pa., Sept. 3 (AP)—Before the eyes of 10,000 spectators, the car of Ammon Kelchner, 28, of Lebanon, Pa., crashed into a guard rail and overturned three times, killing Kelchner during the 30-lap feature event of the Labor Day automobile race here.

Euddy Runch of Dallas, Texas, who placed second, was slightly injured when his car struck the rear of Kelchner's. Duke Dinmore of Dayton, Ohio, won the race.

Industry Ready to "Keep 'em Rolling" for Defense

Graphic illustration of the way in which one of America's greatest industries gears its activities with the United States Army for national defense is found at Little Falls, Minn., where the greatest peacetime maneuvers in the history of the country are being held Aug. 2—Aug. 24. To "keep them rolling," Chevrolet, one of the largest suppliers of motor transport equipment to the nation's armed forces, has set up through one of its dealers, the Bert Boston Motor Co., of Minneapolis, a complete parts and service headquarters in the military reservation at Little Falls. More than \$10,000 worth of parts is maintained at this depot, where three service representatives are on duty 24 hours daily to service Chevrolet equip-

ment in use. The 85,000 troops in actual combat maneuvers will use 1,180 Chevrolet transport units, including officers' cars, reconnaissance cars, hundreds of trucks adapted to special uses, and military ambulances. Upper left in the photo shows army transport crewmen servicing an ambulance. Upper right is the Chevrolet parts and service headquarters tent, where service experts are always on duty. Lower left is Lieut.-Col. R. F. Rossberg, of the Minnesota National Guard Quartermaster Corps. At lower center, an officers' car used by the major-general in command of the Little Falls encampment is being serviced. Lower right is an interior view of the Chevrolet parts tent, showing completeness of stock.

YOUR ARMY

A Series Of Articles Describing The Arms And Services Of The Regular Army NO. 1—THE CAVALRY

From the very earliest days of the United States Army, the cavalry has been a combat arm noted for its dash and brilliance.

Perhaps there never has been more brilliant service in any army of the world than of the American cavalry from the days of George Washington's Continental Army, on down through the Indian wars of the great west, the Civil War, the Spanish-American War of "Rough Riders" fame, to the World War of 1917 and 1918, when American cavalry troops played a most important part.

Today the cavalry arm of the United States Army is still a hard-riding, hard-fighting order of men. But the progress of modern times has brought to the cavalry much of the mechanization which has added speed to all military life. In addition to horse cavalry, the army of today is rapidly being equipped with mechanized cavalry, where officers and men move rapidly in combat or reconnaissance (scouting) operations in motor-driven combat cars, armored cars and on motorcycles. There have been developed also, special trucks which can transport horse cavalry swiftly over highways to points where the troops can use their horses for travel over the rougher types of country.

Your true cavalryman always has been a sports-loving type who heeds the call of far places and the thrill of a good horse moving freely under him. But today he is also a practical mechanic, an expert signal man, a trained scout and a specialist in radio, telephone, map-making and many other specialties that are taught by experts to the thousands of young, wide-awake Americans who each year join the United States Army to learn a trade that will provide the basis for a well-paid career in the army as well as later on in civilian life.

The cavalryman's career is one of travel, too, to interesting places all over the United States and many of its overseas possessions. For, the cavalry is trained in and for the wide open spaces.

The cavalry always has produced some of the most famous leaders of American military history. Today, with the rapid expansion of the army, the cavalry is growing even more rapidly in size and importance because of the wider range of its usefulness as both a combatant and a scouting arm of the service under the influence of mechanization. Today's promotions to higher grades for enlisted men and the consequent increased pay are particularly rapid in the cavalry. (Tomorrow: The Infantry)

CALIFORNIAN WINS CLASSIC

LANGHORNE, Pa., Sept. 3 (AP)—Ed Kretz of Wilmar, Calif., held the national 100-mile motorcycle championship today—won in a race which cost the life of one driver.

A Labor Day crowd of 20,000 at the Langhorne speedway saw George Matheson, Paterson, N. J., hurled to death as his machine skidded coming into the stretch turn on the second lap.

A BIG SURPRISE NEW YORK, Sept. 3 (AP)—The fellow who lifted a two-gram vial from a World's Fair exhibit is in for a huge surprise—and is big sneeze. The harmless-looking bottle contains ragweed pollen and, if open, could cause an "ach-oo" of considerable proportions even for non-hay fever sufferer, the exhibit director said.

Byron Nelson Is PGA Champ

Trojans To Be Strong Again This Year

By ROBERT MYERS LOS ANGELES, Sept. 3 (AP)—The new Trojan machine of the University of Southern California goes into the 1940 grid wars minus many important cogs, knuckles and bolting backs of its winning Rose Bowl contraption of a year ago.

Sam Snead Final Round Victim By A One-Up Count

HERSHEY, Pa., Sept. 3 (AP)—Byron Nelson of Toledo, O., today joined the select handful of professional golfers who have won both the medal and the match play championships of the United States and once again the triumph was at the expense of Sam Snead, the luckless.

WT-NM Loop Playoff To Begin Wed.

LUBBOCK, Sept. 3 (AP)—Locked in a "hoss" race right down to the finish, when Shaughnessy playoff opponents were not known until last night's games were over, the West Texas-New Mexico league prepares Wednesday to go into the final phase of selecting a 1940 champion.

Lubbock's hopeful Hubbers, faced with the realization that their two-year reign as WT-NM league champions is seriously threatened, march into the first playoff series opposite Amarillo's Gold Sox at Amarillo.

SPORTS ROUNDUP

By EDDIE BRIEZE NEW YORK, Sept. 3 (AP)—Up East football coaches are investigating to find out how come five of the best prospects in the Boston area and one from New Hampshire have enrolled at the Citadel in South Carolina.

Nix New Invitational Golf Champ

The Sports Parade

By Hank Hart

Will Ramsdell Ties Marek's Record... Willard Ramsdell, the popular Kansas tosser who formerly called Big Spring home, Monday went after Jodie Marek's WT-NM league pitching record in total games won, succeeded only in tying it as he worked 18 innings for Odessa against Midland, shutting out the Cowboys in the first bout, 7-0, for his 23rd win, lost the second, 4-1, to Warren "Lefty" Kanagy, a former mate and another ex-Big Spring as his mates failed to give him the required support.

Ramsdell is assured of a chance in higher company in 1941, is confident he can win in Class B ball or better. The Kansan boasts an excellent earned run average. He won six games in seven starts for the local club last summer.

Up in Lamesa, Lloyd "Pat" Patterson Sunday accounted for his 22nd victory in blanking the Lubbock Hubbers, 8-0, as he bested two Lubbock hurlers, limiting the 1939 champions to five hits.

Rain A Bit Late But It Arrived... The annual golf tournament rain was a bit tardy but nevertheless arrived—and almost washed out the championship final between E. C. Nix and Obie Bristow. Annually moisture falls at some time during the Labor day classic. To date, it has been far more consistent than any of the players.

Harold "Lefty" Bethell, Big Spring high school's 1939 grid ace, failed to accumulate enough credits to graduate from high school, is going to attend John Tarleton Junior college, Stephenville, a year, hopes to go from there to the Texas Christian campus in 1941.

Howard Schwarzenbach, assistant grid coach at the local high school last fall and now a student at Texas A&M, is visiting in the village. He returns to College Station next week. His successor has not yet been named.

Hagen Labels Harry Vardon As Top Hand

By DILLON GRAHAM NEW YORK, Sept. 3 (AP)—Looking back over a quarter-century of golf Walter Hagen singles out Harry Vardon of England as the most accurate player he ever saw.

Hagen's career covers most of the years since golf has been an international sport. He has seen all of the great shooters, and beat on most of them at one time or other.

And so the other day, during the Professional Golfers' Association championship at Hershey, Pa., I asked Walter to skip through the years and give his idea of an all-time all-star golf team.

"Vardon should top any all-star list," Hagen quickly replied. "His marvelous accuracy with both put and iron is what he had, and he had it from the start. He would have beaten them."

There are Others Walter took a sip of scotch. "You have to think about the others," he said. "There've been some fine players."

"For his length and accuracy, too, Sammy Snead must be chosen as the driver. Gosh, he hits 'em a mile, doesn't he? And Bob Jones, consistently good wood player and the greatest of the amateurs. No one has been able to handle a spoon any better than Paul Runyan. He's short off the tee, you know, and has hit a lot of those spoons."

Now for the long irons. Pic (Henry Picard) and Denny Shute are as good as I've seen. Byron Nelson has great control over the intermediate irons. And that English guy, Cotton, Henry Cotton, he was a pip. Put Gene Sarazen along with them. Nelson, Cotton and Sarazen, you've got some real iron players there."

Vardon, Mashie Master "No one could make a mashie behave like Vardon. I like Jack Hutchinson and Chick Evans among the older players for the short irons. Jock was particularly good with the spade and Chick with the niblick. Dick Metz and Jimmy Demaret of the youngsters are just about as good."

Walter motioned to his locker room attendant. "Another round, boy," he said. "Make mine scotch and plain water."

Travers (Jerome Travers) was probably the greatest putter we've ever had. Boy, how he could break your heart with that putter. Francis Ouimet was almost as good.

For trap shots, I'll take Freddie McLeod, Joe Kirkwood and Johnny Revolta. McLeod was a star in the days before the modern niblick or the sand wedge came along. He still uses that old-time niblick of his and he can come out just as near the hole with it as any of us can with the wedge.

Leo Diegel was the best trouble player I ever faced. He could get out of any difficulty and still sneak away with a par. And put down Al Barnes for the pitch-and-run."

"That's a good team, Walter, but what about Hagen? He belongs, doesn't he?" The Hag grinned.

"Yeah," he said. "Walter was a pretty nifty lad in his prime. Just say that Walter was a sorta handy with the mashie-niblick and the putter."

FAIRLY SAFE LONDON, Sept. 3 (AP)—A Briton's chances of being killed by German air bombs in the period from June 9 to Aug. 20 were around one in 5,000,000, in any 24 hours, Lord Croft, undersecretary of state for war, said in a statement today.

On this basis the average of fatalities among the island's 44,937,444 inhabitants was less than 15 a day.

OBIE BRISTOW IS TRIPPED IN FINALS

Assuming a lead on the first hole he never relinquished, E. C. Nix, Colorado City, grabbed the title in the tenth annual Big Spring Invitational golf tournament Monday afternoon by defeating Obie Bristow, Big Spring, 2 and 1, in the scheduled 18 hole finals after subduing the meeting's favorite, Big Spring's Doug Jones by a 3 and 1 count in the next to last round in his morning assignment.

Three times a finalist but never before champion, Nix combatted intermittent rains and a soggy course to earn the laurel wreath.

Bristow came onto his game after losing the first three holes and it was all Nix could do to stave him off. Two birdies and a par proved good enough to post the Coloradoan to a three-up advantage going onto four.

Bristow, playing a noticeable hook, rarely employed his woods.

A downpour caught the pair on the third fairway and apparently served to cool off the leader Nix. He halved four with a par and Bristow hung on gamely until the seventh when a birdie and a par vanquished two thirds of Nix's lead. Nix one-putted the ninth green, however, to boast a two-up advantage going onto the back side.

Nix ran into another of Bristow's birds on the short 13 and lost part of his advantage but that was as close as the giant old man ever came to catching him.

The 14th, 15th and 16th were halved before Nix canned a long putt on the 17th for the hole and the match.

Nix earned the right to argue with Bristow in the finals by out-standing Jones in the semifinals. He led Doug by two holes at the turn.

Jones ruined his chances on the long 17th when he sprayed his tee shot into the rough, then lost honors to a birdie.

Bristow won his semi-final argument from Red Roden, Glen Rose, by a one-up count.

Other results: (Player from Big Spring unless otherwise designated). CHAMPIONSHIP CONSOLATIONS—D. P. Watt felled Bob Battle, Colorado City, 3 and 2.

FIRST FLIGHT—Pat Riley, Midland, axed Theron Hicks, 7 and 6. FIRST FLIGHT CONSOLATIONS—Charles Townes, Tahoka, throttled Phil Rinehart, 3 and 1.

SECOND FLIGHT—W. G. Hayter, Monahan, thumped J. E. Gardner, Jr., Foran, 4 and 3.

SECOND FLIGHT CONSOLATIONS—John Shophire, Colorado City, ousted C. L. Rowe, one up, 20 holes.

THIRD FLIGHT—Claude Wilkins dropped Leonard Morgan, one up, 20 holes.

THIRD FLIGHT CONSOLATIONS—Tom Coffee declined Novice Womack, 2 and 1.

FOURTH FLIGHT—Sam McCombs stopped Carroll Sipes, 2 and 1.

FOURTH FLIGHT CONSOLATIONS—Jeff Pike, Foran, routed Travis Reed, 2 and 1.

FIFTH FLIGHT—J. M. Aldridge humbled Buel Cardwell, 3 and 2.

FIFTH FLIGHT CONSOLATIONS—James Walker edged Hank Doty, Monahan, one up.

SIXTH FLIGHT—George Connell, Jr., shaded T. E. Yarbrough, Foran, 5 and 3.

SIXTH FLIGHT CONSOLATIONS—Lola Madison outlasted Jim Zack, one up, 20 holes.

Yanx Threaten To Hurdle Wigwam

Tribe Loses Two Decisions To The Browns

By JUDSON BAILEY Associated Press Sports Writer

The American league is heading for its wildest win-up in modern history. The big Labor Day blow off just about raised everybody's temperature to the boiling point.

The Cleveland Indians and Detroit Tigers dropped doubleheaders while the New York Yankees split with the Philadelphia Athletics.

The world champions thus moved into second place by a slender percentage margin, .5634 to .5625, over the Detroit Tigers while the lead of the Indians over each now is 3 1/2 games.

The National league has virtually awarded the championship to the Cincinnati Reds in another term and the fact that all the first division clubs in that circuit divided the spoils yesterday didn't change matters.

With Lefty Matuszko pitching five-hit ball the Yankees had no trouble taking the opener from the A's 6-3. They simply couldn't do anything with the "slider" of Johnny Babich in the nightcap and were shutout 3-0 on five hits.

The outcome gave them a record of 14 victories in 16 games.

Cleveland's collapse was another scalp to the credit of the St. Louis Browns, who have made life miserable for every club in the first division. The unpredictable Vernon Kennedy held the Indians to seven hits in the opener and rapped out three himself to lead the Browns to a 2-1 triumph. In the nightcap Elden Auker submarined a 3-0 shutout.

Same Fate The Tigers met the same fate at Chicago. Julius Solters broke up the first game with a single in the eighth for a 2-1 decision. John Rigney shut them out 4-0 in the second game.

The most astounding pitching duel was a blinding struggle between old Lefty Grove of the Boston Red Sox and young Sid Hudson of the Washington Senators. Youth finally prevailed when rookie Jack Sanford singled across a run in the 13th to win 1-0 for Washington. The Senators also won the second game 5-4 in six innings.

Paul Derringer got his 18th victory by holding the St. Louis Cardinals to five hits as the Cincinnati Reds captured the first game 2-1. Mort Cooper hulked with the bases loaded to let in the winning run. The Cards managed to hang on to third place by taking the nightcap 7-4.

The Boston Bees squeezed out a 7-6 verdict over the Brooklyn Dodgers in an 11-inning first game. The first game and in the nightcap Bob Bragan led off with a homer but Brooklyn bagged the second game 6 behind Curt Davis, who homered for two of his runs.

The Pittsburgh Pirates whipped the Chicago Cubs 5-2 for Rip Sewell's 13th triumph, but dropped the nightcap 7-1.

The Phillies won 11-2 and 6-5 from the New York Giants. Danny Litwiler drove in six runs in the first game and in the nightcap Bob Bragan led off with a homer in the 16th inning to win.

West Point of the Air Is Now Ready for 12,500 More Flying Cadets

Best Aviation Training in the World. \$75 per Month Pay while Training. A Commission upon Graduation. ONE of the greatest opportunities ever offered to young Americans is now open. The expansion of the Army Air Corps makes it possible for qualified young men to receive thorough flying instruction at Government expense; \$75 per month pay while training—a Second Lieutenant's Commission in the U. S. Army Air Reserve with active duty pay and allowances ranging from \$205.50 to \$245.50 per month upon graduation.

With aviation expanding rapidly all over the world—this training equips a young man for a glorious career—well paid and rich in opportunity for advancement. Nat'l Amateur Begins Mon.

NEW YORK, Sept. 3 (AP)—A threesome composed of Herbert S. Hall of Springfield, N. J., James Frisina of Springfield, Ill., and Melvin F. Demarais of Beverly, Mass., will have the doubtful honor of stepping off at the head of the parade on the famous west coast at the Winged Foot Club, Mamaroneck, N. Y., in the 44th National Amateur golf championship next Monday.

Groupings and starting times were announced today. The honor is doubtful because at 7 a. m. there won't be any spectators around. It's customary to give early times to players who aren't likely to be heard of again and save the stars for the cash customers. They'll get a better break with a 10:02 a. m. start on the second day of the 36-hole qualifying test.

The original field of 788 entries was reduced to 150 through last week's sectional qualifying rounds. Two more rounds of medal play will reduce it to 64, and these will begin match play Wednesday.

Texas Wins Title

EL DORADO, Ark., Sept. 3 (AP)—W. H. "Bill" Blackledge of Fort Arthur, Texas, held the Oil Belt golf championship today.

The Texan won El Dorado's annual tournament yesterday by defeating Charley Woodward of Magnolia two up in the finals.

ATZ'S OILERS WIN PENNANT

By The Associated Press Jake Atz started winning baseball pennants before many of the present day players saw the light of day—and he hung up another flag last night.

It was the full season championship of the East Texas league, his second in a row as manager of the Henderson Oilers.

Henderson thus went into the Shaughnessy playoff opening tomorrow night, against Marshall, the fourth-place finisher.

Tyler meets Longview to decide the other finalist.

Yesterday's scores: Henderson 7-6, Kilgore 4-4, Marshall 8-3, Tyler 7-13, Texarkana 5-1, Longview 4-2.

INDIANS FAIL TO THROW IN CLINCHER IN TEXAS RACE

By The Associated Press You could drop a pin and the Dallas Rebels would jump right out of the park.

They're that jittery as they live in hopes Oklahoma City won't win another game and they can take the remaining six to tie the Oklahoma City for fourth place in the Texas league play-off.

Oklahoma City obligingly dropped a doubleheader yesterday to Tulsa, 8-6 and 5-2, while Dallas swept a twin bill with Fort Worth, 5-2 and 5-1.

The Indians have five games to play and by winning one can clinch a spot in the play-off. Should Dallas lose one the Rebels could not tie for fourth place.

Coach Hurry Cain of Southwestern Louisiana Institute, did everything but call out the fire department when he learned his No. 1 left tackle, John Ramsey, was spending the summer catching sharks.

Maley Is Star In 15-6 Win

WICHITA FALLS, Sept. 3 (AP)—Howard (Red) Maley, Dallas' brilliant passer and punter, proved the difference here last night as the North defeated the West 15-6 in the annual high school all-star oil bowl football game.

Maley passed and plunged for one touchdown and kicked a field goal from the 14-yard line to score nine of his mate's points.

BULLITT'S WORD FOR IT—Without the British navy, the Atlantic would give us no more protection than the Maginot line gave France, said U. S. Ambassador to France William Bullitt (right), in a recent fiery speech at Philadelphia. He warned against Germany's future pact, strongly urged conscription. At left is U. S. Ambassador to Poland A. J. Drexel Biddle, Jr.

Save! Save! New low prices on the world's most famous tire! Goodyear TROY GIFFORD 214 W. 3rd Phone 563

Fifty-six years ago The Franklin Life Insurance Company was founded . . . For forty-two of those years (since 1898) it has served the people of Texas; helped to protect their families from unforeseen calamities; educated their children; bolstered their thrift plans; and today after all these years of continuous service has in force over \$31,000,000.00 of insurance on Texas lives. Throughout the 20 states from coast to coast in which it operates, The Franklin has insurance in effect exceeding \$177,500,000.00 and assets of nearly \$41,000,000.00.

The Great American Life Insurance Company likewise has made insurance history. Born of Texas initiative, energy, and capital, it first saw the light of day a short ten years ago in the depths of the nation's worst depression. (Certainly a beginning under most trying conditions.) But the indomitable courage, will, and determination which in Texas are legendary, dared all obstacles. And today, after ten strenuous years, the Great American is a sturdy, thriving company, with a record of growth and success unparalleled in the South—or the nation—during the same decade, and with over \$40,000,000.00 of protection in effect.

A few months ago, the same financial interests which have successfully guided the Great American Life through its first ten years of achievement acquired the entire capitalization of The Franklin Life. And now the major resources of two great companies are combined to create a still greater institution.

The advantages to Texas will be numerous. The unity of the two organizations produces an institution with combined insurance of over \$200,000,000.00. The Franklin Life already has an investment of nearly \$6,000,000.00 in Texas mortgages, bonds, and real estate and will now be an even greater factor in the future development of Texas. Additional funds will be available for investment in innumerable Texas

enterprises. And for the purpose of properly administering these funds throughout Texas and other Southern states, Franklin investment offices will be maintained in several important cities of the state.

In order that maximum economy may be secured, and important tax savings effected, the ordinary business of the Great American will hereafter be joined and united with that of The Franklin. The Great American Life will remain in San Antonio, primarily an industrial company with a substantial capital structure, and with approximately \$10,000,000.00 of industrial insurance in force. The Franklin and the Great American will join hands cooperatively to the extent that all stockholders of the Great American will become stockholders in The Franklin.

Every dollar of cash and investments now maintained by the Great American in Texas, either in its own vaults or on deposit with the State Treasurer or under the specific control of the Texas State Insurance Department will remain in Texas. This means that a large amount of voluntary and additional insurance reserves (in excess of legal requirements) are on deposit in Texas to guarantee all policies.

Capital and surplus of The Franklin has been increased to over \$2,000,000.00. And in this greater company, over \$200,000,000.00 of insurance will be in force beginning with today. Volume of new business produced will likely exceed \$30,000,000.00 annually, of which over \$10,000,000.00 should be on lives of Texans.

We are proud of our past record of success in Texas and our contribution to its growth. With the combined strength and resources of two companies, the 56 year old Franklin Life can look forward to making even greater contributions to the development of the vast empire of Texas.

moles and small-pox scars. I don't say that "Potemkin" did all or any of these first or did them best, but the combination of so many eye-openers in a magnificent film most certainly had an impact that radically changed our minds about movie-making.

Memory Of The Moon

By Jeanne Bowmar

Chapter Five Spanish Soreness To forestall further questions Marietta lifted a towel from a huge pitcher: "Warm water," she announced gravely.

on the mantel, and Constance, catching the sudden flame in his eyes, felt it had touched some dry timber in her heart and set an answering flame there.

Constance sat up, alert. She was about to be one foolish girl who could lose many cattle in the fascination of that man who watched her. Surely he couldn't read her mind, but his lips were curved slightly and his eyes dancing with devilment as though he understood her reaction to Marietta's words.

abashed embarrassment. Pedro interpreted at length, and the rider began stuttering his answer in Spanish.

"Buenos noches, Senorita Michael," he returned, laughing. But Constance was interested, interested and angry at herself for her interest. And when she had blown out the candles she went to the window to look out to where the moon made a black-and-silver pattern of trees on the all of the white adobe; and up to the hilltop where the fog hovered in a silver mass as though it were truly afraid to drop.

THE WAR TODAY

By DeWitt MacKENZIE

The hot-spot of the European war today is Rumania where the Nazi chief bids fair to achieve notable gain as the result of the axis "settlement" of the Hungarian-Rumanian territorial dispute. Announcement that Germany intends to send troops of occupation to safeguard Rumania's frontiers sheds a lot of light on the situation growing out of the axis award of about half Rumanian Transylvania to Hungary.

This means that Herr Hitler is establishing what nazism calculates to be a protectorate over the strategically important domains of King Carol.

With the military occupation of Rumania Hitler will have driven a great wedge through Germany to the Black sea, since Hungary must be considered as working along with the reich. This will at once increase Germany's politico-economic domination of the Balkans and tend to stymie Russia's efforts to extend her own influence over the peninsula.

The tense situation in the Balkans was further complicated by the threat of Rumanians in Transylvania to resist by force transfer of this territory to Hungary. Already there have been considerable disorders, but the only result of this thus far has been a semi-official Nazi threat to occupy all Rumania unless the agitation is stopped. Complete occupation would, of course, serve Germany's purpose even better than the original proposal of sending troops to protect the borders.

Moscow's view of this German operation naturally is of vast importance, but the bolsheviks have been watching the move through their army binoculars without doing any talking. Whether the soviet has given tacit acquiescence or not, it has made no move as yet to counter Hitler's opportunist coup. It wouldn't surprise most observers, however, to see Russia stick her thumb into the pie and pull out a plum to match the nazis.

In my mind we have no fundamental fact which we can use as a yardstick in measuring Russo-German relations. This is that their interests clash heavily, and especially in the Danubian basin which is one of the greatest grain growing districts in the world. He is going to need food supplies from there (especially if he was gone through the winter.

Bombings
(Continued From Page 1)

known that long-range British RAF bombers, flying 1,600 miles round trip from their home bases, raided northern Italy, killing two persons and wounding 15 at Genoa.

Other RAF bombers pounded German bases near Boulogne on the east coast of France, dropping salvos of bombs whose explosions reverberated like thunder clear across the channel.

Still other RAF bombing squadrons—carrying on the strafing of axis territory which the London air ministry announced has taken them 17,000,000 miles "or 700 times around the world" in the year-old struggle—raided military objectives in west and southwest Germany.

'Food Candy' Is Reducing Agent

Reducing the pleasant way is a new theory but one that is possible when you purchase Aids, pronounced "aids." The manufacturers state you can safely reduce up to five pounds a week simply by eating candy before you eat and following the directions for the use of the new "food candy," which takes the place of heavy fats and bulk of your accustomed diets.

The candy is a chewy caramel that contains vitamins, A, B, D. The way it works, you drink a large glass of warm water about 15 minutes before your meals, and then eat two pieces of the caramel candy. When mealtime comes, you won't be so hungry and naturally eat less.

New Flood Threats In Southern Jersey

MILLVILLE, N. J., Sept. 3 (AP)—Flood waters in Union lake began to recede today, lessening the mighty pressure against the dam protecting this factory city of 13,000 persons, but flood crests brought new trouble elsewhere in southern New Jersey.

Guards still patrolled the 35-foot-high Union lake dam after a night of frantic sandbagging but the water level dropped eight inches in less than four hours.

Citizens returned to normal activities after more than 400 families had left their homes, but with bridge approaches washed out by the Maurice river, it was still a 20-mile vehicle trip from one side of town to the other.

Vinceland had been imperilled by water from dams washed out upstream during the weekend down-pour. Less impetuous crests rolling out of the pipeline closed roads and threatened bridges in Atlantic county.

Almazan
(Continued from Page 1)

gress was formed by force with the sole purpose to impose Avila Camacho upon the Mexican people as his (Cardenas) puppet successor." He termed the Mexican president's action "shameless disregard for the popular will clearly expressed on July 7."

"He cannot pass the blame to me," Almazan said.

General Almazan continued: "From the moment of my entry into the United States I have been at pains to guard against word or deed that might be construed as an abuse of American hospitality. The hysterical activities of the Cardenas government, searching ships and homes, are due to no act of mine. They proceed entirely from a justifiable fear that the people of Mexico are sick of racketeer government—sick to the point of revolt with or without my leadership.

"Proof of this is furnished by the fact that although I am in Exile, more with my family, Cardenas and Avila Camacho have filled the City of Mexico with thousands of armed peasants, brought in by truck, to stand guard over panicky gangsters. What plainer confession of guilt by the Cardenas government when it admits inability to rely on the army or the police, and is forced to fool farm workers by promise of two pesos a day and a free ride.

"The present Mexican government has a right to fear the anger of an aroused people. After six years of short cuts to Utopia—six years during which every known Russian plan has been copied—conditions are worse than in 1934. Housing is still a reproach, public health remains neglected, illiteracy has not been decreased, civil liberty is a farce, and famine shadows the land."

MARKETS
Wall Street

NEW YORK, Sept. 3 (AP)—Industrial stocks were in the van of another modest recovery move in today's market but most faltered after an early forenoon push. Steels led the swing in the first hour when prices and activity were the best.

Notwithstanding intermittent sluggishness, transfers were in the vicinity of 325,000 shares.

Livestock

FORT WORTH
FORT WORTH, Sept. 3 (AP)—(U.S. Dept. Agr.)—Cattle 3,000; calves 2,500; most common and medium slaughter steers and yearlings 5.50-8.50; two loads steers 8.15; load 894 lb. yearlings 9.00; load 1251 lb. steers 9.25; two loads 1012 lb. 9.75; load choice light steers 10.60; butcher and beef cows 4.25-6.00; bulls 4.25-6.00; slaughter calves largely 5.50-8.50; choice 8.50 and better; good and choice stock steer calves 9.00-10.25; stock heifer calves 8.00-9.25.

New Flood Threats In Southern Jersey

MILLVILLE, N. J., Sept. 3 (AP)—Flood waters in Union lake began to recede today, lessening the mighty pressure against the dam protecting this factory city of 13,000 persons, but flood crests brought new trouble elsewhere in southern New Jersey.

Guards still patrolled the 35-foot-high Union lake dam after a night of frantic sandbagging but the water level dropped eight inches in less than four hours.

Citizens returned to normal activities after more than 400 families had left their homes, but with bridge approaches washed out by the Maurice river, it was still a 20-mile vehicle trip from one side of town to the other.

Vinceland had been imperilled by water from dams washed out upstream during the weekend down-pour. Less impetuous crests rolling out of the pipeline closed roads and threatened bridges in Atlantic county.

NOT ON PROGRAM

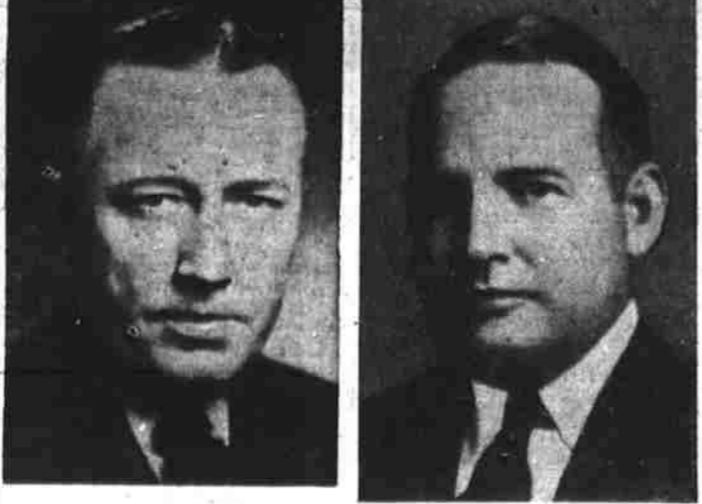

FLORENCE, Ariz., Sept. 3 (AP)—State prison convicts petitioned Warden Gene Shute to add vaulting poles to their athletic equipment.

The penitentiary publication, "Big House Bugle," reported the answer was "no."

GREAT AMERICAN INSURANCE UNITES WITH FRANKLIN LIFE

CHAS. E. BECKER WILLIAM L. DUGGER

WALTER WILSON JOE POND

Announcement that the major resources and business of the Great American Life Insurance company of Springfield, Illinois, was made today by Chas. E. Becker, president of both companies.

The Franklin Life is one of the prominent companies of America, operating from coast to coast in 20 states. It has done business in this state since 1898 and will now have over \$65,000,000 of Texas business in force. The funds it holds to guarantee policies, together with those which have been disbursed since it was founded in 1884, total over \$112,000,000.

The Great American Life was organized in San Antonio 10 years ago, and has had a phenomenal growth. The company has approximately \$40,000,000 of insurance in force.

Several months ago the entire capitalization of The Franklin Life was acquired by The Great American organization and the unification program, effective today throughout the operating areas of the two companies, is the result of the identical ownership. Stockholders of the Great American will also become stockholders in The Franklin through the distribution of Franklin stock on a share-for-share basis. The Great American management states that the arrangement has been developed in order that maximum economy and important tax savings may be effected.

The business of The Franklin will be increased to over \$200,000,000 and its assets to a point in excess of \$43,000,000. It will be the largest life insurance company domiciled in Illinois writing ordinary business exclusively.

Welfare Group Here Wednesday

State department of public welfare workers from 30 counties comprising three West Texas areas will gather in Big Spring Wednesday for an all-day conference which will put stress on the Civilian Conservation Corps program.

Some 55 workers from the Big Spring, Lubbock and San Angelo areas are expected to be here, said Miss Marjorie Whitaker, district supervisor here.

The meeting will be under direction of C. J. Sweeney of Austin, state supervisor of CCC selection, and the CCC's position in connection with the military preparedness program will be discussed.

Sessions will be at the Settles hotel, beginning at 10 a. m. The public is invited to attend.

Famed Impresario Is Death Victim

NEW YORK, Sept. 3 (AP)—Giulio Gatti-Casazza, whose 27-year-old tenure as manager of the Metropolitan Opera company made the American organization one of the foremost grand opera companies of the world, is dead.

Discoverer of Caruso, Chaliapin and other great singers of the era, the 71-year-old impresario died in retirement Sunday at his ancestral home in Ferrara, Italy, and was buried privately yesterday.

Madame Frances Alda, the opera singer, received word of the death of her former husband from the death she was divorced in 1928, by cablegram in New York. Gatti-Casazza's second wife was Rosina Galli, who died in Italy last April.

Jerry Sadler May Quit Rail Post

AUSTIN, Sept. 3 (AP)—A report circulated here today that Jerry Sadler soon would resign from the state railroad commission to enlist in a national service air corps.

In Merkle Sadler declined to confirm or deny the report, saying "I have no statement to make at this time."

He planned to return to Austin during the day.

Sadler, recent unsuccessful candidate for democratic nomination for governor, has been taking private flying lessons but does not hold a pilot's license.

If he resigned, Governor W. Lee O'Daniel would name his successor.

A LONG WAIT

CHARLES TOWN, W. Va., Sept. 3 (AP)—A yellowed county order, drawn on a bank which no longer exists by sheriff who has been out of office 30 years, stumped Cashier Herman Willis of the People's Bank.

Then he submitted the paper to Sheriff Richard J. Madison, who approved a new order. The payee got his money—\$1.

Paving May Be Held Up Until Collections In

With "finished" marked on the Ayilford street paving project, the city put its paving crews on Johnson street Monday to add a seal coat of asphalt. Four blocks on Ayilford were opened to traffic Monday morning.

There is strong probability that the paving program will be slackened—or stopped—until additional collections are made on outstanding and delinquent accounts, the city management said Monday. Funds for the work, set up on a revolving basis, are growing short, and collections must come in on work done before additional projects are undertaken. Crews at present are busy on Main street, with Fourth, Seventh and Goliad stretches next in line. A halt in WPA labor assignments is due this week, to make up credits in time.

The county, meanwhile, furthered plans for an early start of work on paving the new road connecting highway 1 and the city lakes. The commissioners court wants to undertake this project as soon as possible, while at the same time continuing construction of the Coahoma-Vincent road.

Fugitives
(Continued From Page 1)

the swampy, thickly wooded swamp section reported seeing two groups of men, presumably the convicts, indicating they had split in their efforts to break through the cordons. Two bloodhounds were sent into the woods and only one returned, leading to believe the other had been shot.

Gartman, Columbia automobile dealer, was shot and killed when, as a citizen-deputy, he approached the parked automobile of the convicts shortly after midnight.

The abducted youths are Anna Lou Diamond, daughter of the Rayville marshal, Venciele Williams and Jerry Harnigie, all about 16 or 17 years old.

The break, biggest in Arkansas' penal history, was led by four of these prison guards and four prisoners from the ranks. The break started in a pea field, far from the main prison camp, with a picking crew of 134 rank men and 10 guards relaxed after the noon meal.

The four renegade trustees began disarming their fellow guards quietly, but violence broke out when Frank Conley, 34, a rank man serving 21 years for robbery and kidnaping, attacked Troy Wade, a shotgun armed guard, with a knife.

When Claude Martin, 41, another guard, started to lift his rifle, Conley seized Wade's gun and shot Martin with both barrels, prison authorities said.

As Martin fell face downward, they added, Percy Larkin, 25, a rifle-armed guard serving life plus 52 years for murder, kidnaping and robbery, shot Martin in the back. He died instantly. Wade was only slightly wounded by the knife attack.

Anna Belle Edwards Winner In Sponsors' Contest At Midland; Big Crowd From Here At Show

Big Spring fared prominently in closing festivities of Midland's annual rodeo Monday night, as a crowd estimated at close to 6,000 attended a performance that was fast despite a shower that fell just as show time.

More honors went to Anna Belle Edwards, daughter of Mr. and Mrs. Marion Edwards of Big Spring, as she won first place in the regular cowgirl sponsors contest, receiving a \$125 saddle. Anna Belle, with her sister, Mary Nell, has been bagging up rodeo sponsor honors around the Texas circuit for the past several seasons.

Big Spring had a delegation of close to 300 in the stands at Midland Monday evening. A motorcade was run from here to the neighbor city, the boosters staging a street demonstration before going to the show. They were joined in the stands by others who had driven over to help make a good-neighbor gesture. Nearly 250 Midland tickets had been sold here.

Final rodeo results announced last night were:

Cow milking—first, Homer Pettigrew; second, Clyde Burk; third, Ted Powers.

Calf roping—first, Leo Huff; second, Clyde Burk; third, Royce Sewall.

Saddle bronc-riding—A. C. Wilks, Pat Boulton and Morris Cooper, tied for first; George Yardley, fourth.

Bareback bronc-riding—Smoky Snyder and Buttons Yonick, tied for first; third, Pee Wee Henson.

Bulldogging—first, Lefty McGinty; second, Jim Irwin; third, Doug Phillips; fourth, Hugh Bennett.

Junior boys' calf roping—first, Delbert Riddle; second, Earl Teague; third, Clarence Schaubauer, Jr.

Other winners in the sponsors' contest and prizes were:

Christine Northcutt, Colorado City, \$75 luggage.

Sydney Yorkley, Canadian, \$37.50 wrist watch.

Thena Mae Farr, Seymour, \$35 luggage.

Bobbie Lou Watters, Spur, \$30 pair of boots.

Elizabeth Miller, Fluvanna, \$30

SCHOOL BOARD TO STUDY NEW BUDGET

Important topics related to the new year will be taken up by the school board when it meets at 7:30 this evening at the school administrative offices.

Trustees will devote attention to the proposed budget for the new year, preparatory to calling a public hearing; and they will also consider teacher appointments and other matters in connection with the beginning of the new school term next Monday.
