

## Moore... ABOUT EASTLAND

by Virgil E. Moore

We were surprised, sir, we were surprised, getting made a colonel in the Confederate Air Corps is something that doesn't happen to a fellow just every day. We tried to get Larry McGraw to give us a little information on the Corps, but he was a little shy on information. Larry, by the way, was highly praised by those Alabama folks himself.

One of the best honors a school system could receive came to Eastland High School recently. That was when Janis Little and Alice Joyce Cushman were both listed on the Texas University Summa Cum Laude spring semester honor roll.

The two 1956 E.H.S. graduates, from a town of 4000, represented their school well. For instance, Abilene had but one student named on the roll, as did San Antonio, San Angelo, Lubbock, Corpus Christi and Beaumont. Dallas also had two students represented. In all only three cities—Houston, Austin and Port Arthur—were better represented on the roll.

Our hats off to Supt. Wendell Siebert and his staff, for these are but another example of the high type education offered on the hill.

One of our youngest friends told us the other day that he sure did see our name in the Fort Worth Star-Telegram a lot. Having missed the occasion we asked more about it. "Why it's in there about a dozen times today," he said. We got the paper, looked through it and couldn't find it one time. "Where?" we asked. "Why, here and here and here," he said pointing with his finger. What our friend saw was those little headlines they put on stories continued from page one. They say, "More About Murder," "More About Train Wreck," etc.

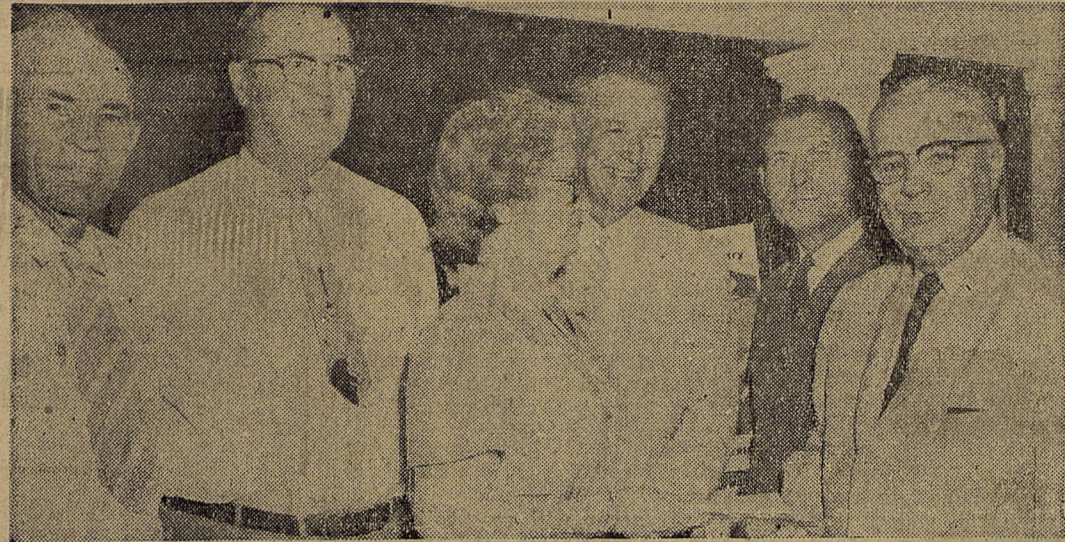

Steve Lund, seven year old son of Dr. and Mrs. Fehrman Lund, is a real Elvis Presley fan. His mother tells us. The other day, he came in saying he believed he was growing sideburns. "What makes you think that?" his mother asked. "Because my face burns," Steve replied. "Isn't that when you get sideburns?"

That of course, is our "cute saying" for the day. The contest is open until Aug. 15 so you still have time to tell us what that smart child or grandchild said. To make it interesting we have arranged with Joe Canaris to present a free 8X10" photo of the child our judges say made the cutest remark.

Benny Butler, The Rising Star Record publisher, tells us in his column not to be alarmed about that Cisco Breakfast Club which meets at night. He says they are an on-the-ball outfit and meet at night for their "early breakfast" in order to get a head start on the others. Benny admits, however, that "A lot of people, nowadays, do have days and nights mixed up."

The columnist from the South also tells us not to worry about our Thursday Afternoon club meeting occasionally on Wednesdays. Says he: "We have in Rising Star—and have had for many years—an even greater instance of such progressive-ness. The Saturday Club meets on Wednesday afternoon, and gets its work done three days before it is supposed to."

We hate to steal all of BAB's column, but we just couldn't quit without repeating this one: "Some of the Ranger people were wondering the other day why Lake Leon, despite the long (Continued On Page Four)

**PRESENT BONDS TO BOY SCOUT TRUST FUND:** Mrs. Ora Lee Rice, trustee of the Ed G. Hall estate, Brownwood, is pictured presenting \$1,600 in bonds to A. O. Newman, chairman of trustees of the Boy Scout Trust Fund of the Comanche Trail Council. The Hall estate had previously given \$1,400 in bonds to the fund, which Scout trustees hope will soon reach \$100,000. Others in the picture, left to right, E. P. Woodruff and Dean Rippetoe, Hall Estate trustees, Rio Cox, president of Comanche Trail Council and Boy Scout Fund trustee, and Joe Galbraith, Comanche Trail Council Scout Executive. All Scouting activities in Eastland are under the guidance and direction of the Comanche Trail Council.

## Pipkin Lifetime Member Of Scout Fund Trustees

Trustees of the Comanche Trail Council trust fund have revealed total contributions of \$3000 have been made to the fund since its founding some two years ago.

The fund was pushed to a figure recently when \$1600 in savings bonds was presented to the Council by trustees of the Ed G. Hall Estate. Scout trust fund trustees are Grady Pipkin of Eastland, L. M. Stephens of Lometa, W. Wayne Dees and Judge A. O. Newman, both of Brownwood, Dr. J. C. Terrell of Stephenville, Pat Cagle of Comanche and Rio Cox, president of the Council.

In December, 1955 the Hall turned over \$1400 in bonds to the Council. The new gift pushes the total to \$3000.

Pipkin said it is hoped that gifts would some day reach \$100,000. Trustees of the Scout fund have been given authority by the declaration of the trust to hold the principal of all money or property given to the fund, Pipkin explained.

However, all persons making gifts may specifically authorize the money to be spent for certain projects.

Pipkin's appointment as trustee by the Council is for life. He has long been active in work of the Council.

The way the fund works gives the Council an unending income.

## James Lee Eakin One of Nine Killed In Crash

James Lee Michael Eakin, 15, grandson of Mr. and Mrs. Carl Eakin of Ranger, was killed instantly Saturday near Kenedy, Texas, in what has been described as one of the worst car accidents in Texas history when nine people were killed in a head-on collision.

James Lee, who had been living with his step-father and mother, Mr. and Mrs. Henry Moas, of Ingleside, was being taken by the Moas family to Kerrville where they were going to carry out an annual custom, which was putting James on a bus to visit his grandparents in Ranger.

The Moas car, a brand new 1957 model which was making its first trip anywhere, was in a head-on collision with another car on an open stretch of highway on a bright, dry afternoon, and everybody in it was killed including Mr. and Mrs. Moas, James Lee, a 2-year-old daughter, and even a pet dog, all of whom were killed instantly, and 5-year-old Leslie Moas died of his injuries Sunday morning.

Killed in the other car were four San Antonio residents including Mervin Hardy, 31, Beatrice Hardy, 41, Joe Barrientes, 66 and Jesus Jimenez, 57.

Kenedy Police Chief Ross Schuster said a motorist, who was following the Moas car, told him the car carrying the San Antonio people pulled out of lane to pass another car and met the Moas car head-on. Officers said neither driver had time to even touch his brakes, as there was not a sign of a skid mark on the pavement.

Young James' father, Vonelle Eakin, son of Mr. and Mrs. Carl Eakin, is in Japan with the armed services, and is said to be flying home for the funeral of his son.

Funds are deposited and only the income from the principal is spent. Joe Galbraith, Council Scout executive, said contributions to the fund are ways for people to make gifts which will have a lasting benefit. He said he thought the fund and gifts which have been given to it are examples of

"Christianity at work." "I feel the trust fund is the finest means of giving boys and future boys a program which will aid to the finest in physical, spiritual and mental training, which will be needed in the atomic age," President Cox said.

Garrett pointed to the State's need for more teachers, saying one out of every 14 teachers hired in the state last year were unqualified. He said Eastland County could be proud that of the 200 teachers in the county last year, only two did not meet full qualification.

"Married women who teach help us a lot," he explained. He said the county was fortunate to have the large number of qualified teachers who have married men working in the county. Garrett told Rotarians that science and math teachers are the hardest to keep since industry can offer much higher pay than the teaching field can.

The county school superintendent's office is located in Eastland, Garrett explained that field supervisors working out of his district assist the independent districts in many ways, mainly by giving aptitude tests and other similar work. He also pointed out that some districts share vocational education teachers who are also working out of his office.

He said that during the past few years he has initiated a teachers association which meets regularly and a superintendents and principals group which meets monthly.

Falling under his supervision are schools in Carbon, Olden, Desdemona, Scanton, Rising Star and Gorman. Most of these are independent districts. He explained that Olden, Desdemona and Scanton districts have approximately 100 students each. Carbon has some 185, Rising Star and Gorman about 250 students each, Eastland some 700, Ranger about 800 and Cisco, the largest district in the county, 1150.

He said that during the past few years he has initiated a teachers association which meets regularly and a superintendents and principals group which meets monthly.

He said that during the past few years he has initiated a teachers association which meets regularly and a superintendents and principals group which meets monthly.

Ranger squeezed by Eastland, 4-3, and the Brownwood Nationals slaughtered the Brownwood American League All-Stars, 19-4, last night in first round play of the Area 1 Little League Tournament at Wright Field in Eastland.

The Ranger-Eastland game was nip and tuck all the way. Ranger's ability to get out of trouble probably being the difference. The Nats, who went into the game heralded as the team with pitching but little hitting, preceded to blast the supposed to be hard-hitting American Leaguers out of the park and never let up through four pitchers.

Tonight Ranger meets Cisco in the featured game of the tourney. The Cisco team drew a first round bye and the Brownwood Nationals drew a bye into the finals, which will be played Wednesday night. Eastland and the Brownwood Americans get things underway tonight at 6 in consolation play. The Cisco-Ranger game is slated for 7:30.

Ranger's Donald Gore gave up seven hits and his teammates com-

mitted five errors, but when things got the blackest they played their best. Gore went all the way for the victory, while Larry Howell was the loser. Howell also was touched for seven hits.

Twice Eastland loaded the bases in the game, and twice Ranger got out of the situation with little damage inflicted. In the first frame the visiting team got a one tally after Carrol Jowers led off with a single. Howell got the next two men, but then David Lockwood pounded out a hard hit single to drive Jowers to third. Jowers then scored on an error by the plate-man.

Eastland tied the score in the bottom of the inning, however. Cliff Thomas smashed out a double six lead off man, and Tommy Beck sent him to third on an error. Ranger then deliberately walked hard

hitting Bubba Hunter to load the bases with none away. Gore then got the next three men to face him, but before Jodie Cooper had sacrificed home Thomas to tie the score.

Neither team could score in the second frame. Then in the top of the third with two away Charlie De Los Santos smashed Howell's offering over the left field fence for a home run, Eastland matched that, however, as Tommy Beck took a one and two count and then knocked the longest ball ever hit over the right field of the Eastland park. Thus at the end of three it was two-all.

The fourth inning was a big one for Ranger. Bobby Owens reached first on an error and Bato Jimenez scored him with a double. Vern Peterson then singled home Jimenez. Eastland got out of the hole with their second double play of the night.

The tourney host team didn't score in the fourth, but in the fifth frame loaded the bases again. Hunter got on via an error, and Gary Graham walked. Cooper

got on with a fielders choice, forcing out Hunter at third. Then Beck singled to load the bases. Graham came on home on an error at home plate, then Ranger pulled off a double play of their own to stop the fireworks. That was all the scoring.

Brownwood Battle It looked like a battle for a while in the second game, but the Brownwood Nats had too much power for their rival Brownwood team, the Americans.

It was three up, three down for both teams in the first inning. The Americans couldn't score in the second frame, but the Nats got four off as many hits. Phillip Penton smashed a three run homer to get the scoring started, and then Benny Elledge, batting right behind him, blasted another out of the park to make it 4-0.

The Americans tied it up in the third, though. Four hits in a row gave the losers as many runs before fast-baller Eddie Daniels, the winning pitcher, could put out the fire. That was all the scoring for

(Continued on Page Five)

# Masked Intruders Invade Olden Home

## Woman Left Bound And Gagged by Pair

An Olden woman was left bound and gagged Sunday night by two intruders who broke into her home and ransacked the place. The two men were wearing women's hose pulled down over their faces and gloves on their hands.

Eastland County Sheriff J. B. Williams identified the woman as Mrs. C. A. Yarborough, who lives on old Highway 80 which runs through the community, which is located between Eastland and Ranger.

Mrs. Yarborough said the two men broke into her home about 10 Sunday night. She said they forced her arms behind her back, tied her hands and feet with strings pulled from a bed spread, and pushed a gag in her mouth. She related how she watched the two men then proceed to rip up her house, going through drawers and apparently looking for some unknown object. Sheriff Williams and Chief Deputy Sheriff Johnny Boyd ruled out routine burglary since the intruders left about \$11 in her purse untouched.

Mrs. Yarborough said she was terrified when she saw the two men. "They looked like animals," she declared. Sheriff Williams, who is conducting a full investigation, said the hose trick is often used to hide identities. "It could have been someone she knows well," he stated, "and she still wouldn't be able to identify him." Williams pointed out that a person can see out of the hose, but that it is almost impossible to see in it. The Sheriff told a reporter that this wasn't the first time the Yarborough home has been broken into. He said his department had received other complaints recently.

Mrs. Yarborough finally worked

## Five Pound Cat Caught At Lake Leon Monday

J. C. Poe was showing off a five pound yellow cat Monday, but broke down under a reporter's questioning, and admitted he didn't catch it.

Poe brought the "perfect-sized eating cat" to town after his son-in-law, Ralph Green of Midland, caught it Monday morning at Lake Leon. Fishing, which has been slow at the lake in recent days, is catching on again now, it seems. Reports from the lake were that the water has begun to clear up now on the far end of the lake. It has been extremely muddy in recent weeks.

**MARTIN GETS AWARD**—A certificate of merit and a check for \$100 is presented to Everett T. Martin, county performance supervisor for the Eastland County ASC office by L. L. Womack, of the State ASC office and L. F. Bain of Stephenville, fieldman for the State office. Martin got the award for "superior performance of field work." (Staff Photo).

## FOR SUPERIOR PERFORMANCE

# Martin Receives ASC Recognition

Everett T. Martin, county performance supervisor for the Eastland County Agricultural Stabilization and Conservation Committee, this week received a certificate of merit and a check for \$100 for "superior performance of field work from July 1, 1955 to May 1, 1957."

The certificate was presented by L. F. Bain of Stephenville, fieldman for the ASC State Office, and L. L. Womack of College Station, of the State ASC office. Martin, who has been employed by the County ASC office since 1940, was recommended for the award by Emmett Powell, county office manager. He began as an assistant to the performance supervisor, and in 1947 was appointed performance supervisor.

In July, 1955, Powell became ill and was absent from the office until October, the official report reads. "Fourteen reporters had been employed and partially trained for the job of measuring the planted acres of allotment crops on 1300 peanut farms and 750 cotton farms. When the office manager became ill Mr. Martin assumed full responsibility for the measuring and completing the training of the reporters. When it became evident that some of the reporters could not perform the work in a satisfactory manner, they were dismissed. Mr. Martin secured and trained other reporters so that the work would continue on schedule. He, at the same time, was supervising the ACP work. There were several contractors working on oak control on range land and Mr. Martin had to make the preliminary and final inspections for this practice while supervising and spot-checking the crop reporters."

"Mr. Martin's thorough knowledge of the ACP program, both from the contractor's standpoint and the performance regulations, enables him to complete his work in less time than is required of other performance supervisors."

Through Mr. Martin's untiring efforts and long hours of work the measuring of allotment crop was finished 16 days ahead of schedule and with the same high standard of accuracy that is so essential to this work. Not only did Mr. Martin supervise the actual field work, he maintained an understanding relationship between the producers, reporters, contractors and office personnel which made the work easier and more pleasant for all concerned.

"When the Soil Bank program was started in the summer of 1956, Mr. Martin became familiar with the details of the program. In the measuring and supervising of the acreage reserve he was able

to be of great service to the farmers in explaining all the details and requirements of the program. "When the Conservation Reserve program began Mr. Martin checked all the farms that had a conservation reserve contract. Being familiar with the requirements of the program and at the same time knowing the farming conditions of the county, he was very valuable in working out a program with the producer that would fit his particular conservation reserve acreage problems.

"The Acreage Reserve and Conservation Reserve Programs were just extra as Mr. Martin kept up the other work of crop measuring and supervising ACP practices.

"Mr. Martin has conducted his work over the past years in such a high standard of accuracy and efficiency that he has never received an unfavorable report from an audit or from a performance supervisor from the State office."

## Two Oil Tests Staked In Area During Week

Two new wildcat oil tests have been staked in Eastland County.

H. R. Emerson of Cisco will drill the No. 2 C. V. Fox 6 1/2 miles south of Ranger on a 100 acre lease. It offsets a 1200 foot depleted production well. Location is 1050 feet from the south line and 200 feet from the east line of Subdivision 28, McLennan DSL Survey No. 2. Proposed depth is 1250 feet with casing tools.

W. G. Poteet No. 1 is being put down by Harding Bros. of Dallas. The try is six miles northeast of Eastland on a 160 acre lease, one-fourth of a mile north of a marginal producer. Location is 1650 feet from the east line and 1090 feet from the south line of Section 9, Block 4, H&TC Survey. Proposed depth is 2400 feet with rotary.

## Monday Hottest Day of Year So Far In Eastland

Eastland sweated under 103 degree temperature readings Monday, the hottest day of the year. But if that was rough, today promises to be rougher. The forecast calls for readings up to 105 degrees. But before you begin to feel sorry for yourself, remember how hot it was back in 1954 in Eastland. Then the readings climbed as high as 113 in July.

Around the state the weather was almost that hot yesterday. Dallas had 107, for instance.

**District Scout Executive Asks, What Is Scouting?**  
In a series of articles written by District Scout Executive Vall A. Hinkle, and distributed for publication throughout the Comanche Trail Council Area, Mr. Hinkle asks "What Is Boy Scouting?" and answers the question in the following piece:

So often we hear terms such as "Scouts Honor", "Be Prepared", "Do a Good Turn Daily", and others which are definitely connected with Boy Scouting. Yet how many of us know just what is behind these phrases and what they stand for? Certainly every one of us know a Boy Scout when we see him in uniform—but what does that uniform stand for? Is it the Scout Oath and Law? Is it the Cub Promise or the Explorer Citizenship Pledge? Just what is "Boy Scouting?"

Scouting is known to boys as a game and something to do to have fun. Surely Scouting is a game—a game with a purpose. That purpose may not be so noticeable to the boy—he only knows he has fun scouting. The purpose—to help men of today build men for tomorrow. In our modern day world we live at such a rapid pace that we are often unable to do the things with our boys that we would like to. Scouting gives our boys the opportunity to have the fun that we are unable to give them. Scouting directs this fun in such a way that it gives our boys citizenship training, character building, and physical development. All this is done by doing things the boy enjoys doing. Throughout the program of Scouting the boy is taught to be faithful in his religious obligation to God.

The boys in scouting are led by volunteer men who are dedicated to the job they are doing for our boys. Men whose purpose is not self-glorification, but rather the development of boys into citizens. Their reward is not monetary—rather it is in the satisfaction of seeing today's youth, who get a Scouting start, develop into the kind of citizen that America can be proud of.

## Texas Pacific Coal and Oil Earnings Up

Directors of Texas Pacific Coal and Oil Company today declared a regular quarterly dividend of 25c per share, payable September 5 to shareholders of record August 9.

The company reported net income of \$1,880,931 on gross of \$6,398,322 for the quarter ending June 30, equal to 52c per share. This is 4c above second quarter earnings of 1956. Gross income for the first six months of 1957 was \$12,922,865, \$1,101,821 over 1956, with six months' net earnings of \$8,949,056, equal to \$1.10 per share, 5c ahead of last year.

"We are glad that our company could absorb the effects of continued cost increases in labor and materials and still increase earnings," said H. B. Fuqua, Board Chairman and President. "Crude oil prices today are only 18 percent above 1947 levels. Hourly wage rates have increased 61 percent since then, and oil field machinery generally is up 55 percent. We face further problems of continued imports of foreign oil, and a certain reduction in production

## Warden's Finish Panhandle Area Antelope Count

AUSTIN.—The total count of antelope in the Panhandle area of Texas this year showed a decrease over a similar count last year, but more bucks are present, according to the Director of Law Enforcement of the Texas Game and Fish Commission.

The count was made by Pilot Warden Frank Hamer, Jr. and biologist Bob Van Cleave. They flew 57 hours in making the check, and counted 1564 antelope. On a similar count last year Hamer checked 1822.

This showed a decrease of 299, with 205 antelope killed on the Panhandle hunt in 1956.

"In 1956 there were 563 bucks counted in the area," Hamer said. "There were 205 taken on the hunt, leaving 358. This year there

during the third quarter, 13-day allowables being set July and August.

"However, with recent discoveries and some more good prospects, we hope to be able to make our discovery rate compensate for reductions in allowables."

were 419 adult buck antelope counted, giving a gain of 61 bucks since October of 1956." The count showed 838 does and 307 fawns, all in good condition. Hamer believed many of the Texas antelope might have been driven

across the line into New Mexico by recent aerial spraying for grasshoppers just prior to the count. Prospects for a limited hunt this fall are promising at this time.

Coast Fishing Reported Tops

AUSTIN, — Coastal fishing right now is at its best, according to all reports reaching the Texas Game and Fish Commission. They are catching boat loads of all kinds of salt water fish from Port Arthur to Port Isabel, and a hundred miles out in the Gulf.
Calm water on the Gulf has made for more comfortable fishing, too, the reports indicate. Boats working the snapper banks a hundred miles out in the Gulf report excellent water over the past week end. One boat fishing in the snapper "flower bed" area 130 miles south of Lake Charles, came in with a load of snapper, 'cudda and other fish caught in 30

fathoms of water that resembled a looking glass. Only movement in the water was the playful flying fish.

In the Freeport area they were catching big tackle busting kings: Rockport and Corpus Christi areas reported excellent trout fishing. Farther on down in the Mansfield-Port Isabel area they were catching big trout and reds.

Troat fishermen were finding plenty of fish all the way from

DON'T SCRATCH THAT ITCH! IN JUST 15 MINUTES.

Your 40c back at any drug store if not pleased. Easy-to-apply ITCH-ME-NOT deadens itch in MINUTES; kills germs on CONTACT. Fine for eczema, ringworm, insect bites, foot itch and other surface itches. Guaranteed locally by Eastland Drug.

Port Arthur to Galveston. Rollover area was reported as being "very hot."

ATTEND CHURCH SUNDAY

Mr. and Mrs. Hoyt Reed, Mike, Pat and Oleta, were guests in the home of Mr. and Mrs. Virgil Moore over the weekend. They are from Lewisville.

Moore About—

(Continued from Page One) season of dry weather, was still muddy. Well, any lake that has been stirred up as much as that is bound to be muddy. Ain't I Catty, though."

of Dr. Colvert in planning a conference which proved so helpful to so many.

NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO. 2 proposing an amendment to Article III, Section 51a of the Constitution of Texas, so as to increase the limit on the maximum monthly payment to needy aged persons from state funds and on the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children; and allocating and appropriating additional sums, supplementing legislative appropriations, for payment of assistance grants.

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 51a. The Legislature shall have the power, by General Laws, to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may be by the Legislature deemed expedient for assistance to, and for the equal monthly installment to:

(1) Needy aged persons who are actual bona fide citizens of Texas and who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any state-supported institution, while such inmate, or to any person who shall not have actually resided in Texas for at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application; provided that the maximum payment per month from state funds shall not be more than Twenty-five Dollars (\$25) per person; and provided further that no payment in excess of Twenty-one Dollars (\$21) shall be paid out of state funds to an individual until and unless such additional amounts are matched by the Federal Government.

(2) Needy blind persons who are actual bona fide citizens of Texas and are over the age of twenty-one (21) years; provided that no such assistance shall be paid to any inmate of any state-supported institution, while such inmate, or to any person who shall not have actually resided in Texas for at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application.

(3) Needy children who are actual bona fide citizens of Texas and are under the age of sixteen (16) years; provided that no such assistance shall be paid on account of any child over one (1) year old who has not continuously resided in Texas for one (1) year immediately preceding the application for such assistance, or on account of any child under the age of one (1) year whose mother has not continuously resided in Texas for one (1) year immediately preceding such application.

"The Legislature shall have the authority to accept from the Federal Government of the United States such financial aid for the assistance of the needy aged, needy blind, and needy children as such Government may offer

not inconsistent with restrictions herein set forth; provided however, that the amount of such assistance out of state funds to each person assisted shall never exceed the amount so expended out of federal funds; and provided further, that the total amount of money to be expended out of state funds for such assistance to the needy aged, needy blind, and needy children shall never exceed the sum of Forty-seven Million Dollars (\$47,000,000) per year.

"Supplementing legislative appropriations for assistance payments authorized by this section, the following sums are allocated out of the Omnibus Tax Clearance Fund and are appropriated to the State Department of Public Welfare for the period beginning December 1, 1957 and ending August 31, 1959: Four Million, Nine Hundred Thousand Dollars (\$4,900,000) for Old Age Assistance, One Hundred, Seventy-five Thousand Dollars (\$175,000) for Aid to the Blind, and Five Hundred, Twenty-five Thousand Dollars (\$525,000) for Aid to Dependent Children. Such allocations and appropriations shall be made available on the conditions for payment in excess of Twenty-one Dollars (\$21) per month and on the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children from Forty-two Million Dollars (\$42,000,000) per year to Forty-seven Million Dollars (\$47,000,000) per year, and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants."

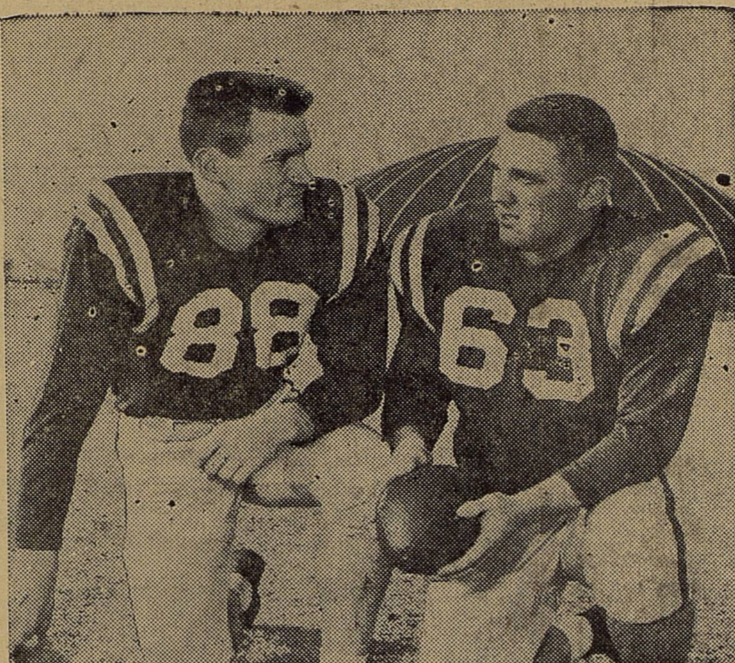

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of Texas at an election to be held throughout the State of Texas on the 5th day of November, 1957, at which election there shall be printed on such ballot the following clauses:

"FOR the Constitutional Amendment increasing the limit on the maximum monthly payment to needy aged persons from state funds from Twenty Dollars (\$20) per month to Twenty-five Dollars (\$25) per month subject to certain conditions for payment in excess of Twenty-one Dollars (\$21) per month and on the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children from Forty-two Million Dollars (\$42,000,000) per year to Forty-seven Million Dollars (\$47,000,000) per year, and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants."

"AGAINST the Constitutional Amendment increasing the limit on the maximum monthly payment to needy aged persons from state funds from Twenty Dollars (\$20) per month to Twenty-five Dollars (\$25) per month subject to certain conditions for payment in excess of Twenty-one Dollars (\$21) per month and on the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children from Forty-two Million Dollars (\$42,000,000) per year to Forty-seven Million Dollars (\$47,000,000) per year, and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published as required by the Constitution and laws of this State.

Dr. Ashton Back From Instructors Stint at Texas

Dr. Price Ashton, president of Ranger Junior College, has returned from Austin where he was guest instructor at a Junior College workshop and conference held at the University of Texas.

Dr. C. G. Colvert, Professor and Consultant in Junior College Education at the university was the director of the workshop.

Included in Dr. Ashton's lecture topics were "Bonding and Taxation", "Junior College Finance", and "Legal Aspects of Junior College Administration".

Other educators taking part in the conference were H. A. Hodges, Vice-President of Pan American College, M. P. Baker, President of Panola Junior College, C. N. Reese, President of Southwestern Junior College, H. E. McCallek, Associate Dean of Technology, University of Houston, Douglas L. Laird, President of Jacksonville College, H. E. Stillwell, President of Texarkana College, Hubert Dawson, Dean of Temple College, Vernon Parrott, President of Weatherford Junior College, Dr. J. Anthony Hunt, President of Howard County Junior College, Gaston Gooch, Dean of Navarro County Junior College, Dr. Tom Spencer, President of Blinn College, Ben Johnson, Dean of Howard County Junior College, and Henry J. Bulm, Registrar at Blinn College.

Dr. Ashton reported a very interesting and informative workshop. He was highly complimentary

**NEWS FROM DESEMONA**  
By Anell McMasters

"Aunt" Sally Eaton has been on the sick list for several days.

Mrs. N. S. Portain of Dablin spent the past week with her daughter, Mrs. Ethel Keith.

Mrs. Zell Lindley, daughter and a friend of Coahoma were visitors for one day the past week with Mr. and Mrs. Hugh Abel.

Mrs. Jessie Clark and children of Electra spent last week with her mother, Mrs. Effie Rouse and his parents, Mr. and Mrs. L. E. Clarks.

Mr. and Mrs. Bernard Keith and Vickie of Cisco spent Friday night with his mother, Mrs. Ethel Keith.

Little David Fien, son of Mr. and Mrs. H. O. Fien of Fort Worth spent this week with his grandmother, Mrs. Ollie Fien.

Miss Nettie Lee Carroll is visiting Miss Anell McMaster this week.

Mr. and Mrs. Johnny Ray Ash visited this weekend with his parents, Mr. and Mrs. John Ash and Eula also visiting with Mr. and Mrs. Ash was Arlington Ash of Cayon.

Miss Nancy Tidwell is visiting with her aunt in Tennessee this week.

**VISITING HER SON**

Mrs. Mary Duval is visiting her son Dick Stewart in Tokyo, Japan.

Judge and Mrs. L. B. Lewis of Baird visited with the Pop Whitakers Sunday.

**FIRE "SAIL"**—Water, sun and shadow combine to make a fanciful sail effect as firemen battle a warehouse blaze in New York City. Note the rule-sharp shadow of the "sail" on building wall, at right.

**Gorman Gatherings**  
By Mrs. R. E. Boucher

That good rain we had Monday has changed that expression on everyone's face. The downward look has become a bright and shiny smile. Even my husband was up early Tuesday morning, filling his hoe and was off to the farm to help Mr. Rogers cut weeds at the ends of the peanut rows. I think he looks and acts ten years younger.

Mrs. Minnie Richie is visiting with her son and family, Mr. and Mrs. Sam Richey in Tulsa, Okla.,

this week.

Mrs. George Blackwell, Mrs. Chuck Foster, Mrs. G. D. Riley, Miss Linda Speck and Miss Martha Sue Clark drove to Abilene Thursday to see Miss La Joyce Hamilton, who is a patient in the Hendricks Memorial Hospital. It was her birthday so they carried her birthday cake and a Sunshine box. It was a surprise to her and a joy to the guest.

John Wheeler underwent surgery at the Hendricks Memorial Hospital Thursday. His family is with him. He is in critical condition. Rev. Don Turner, D. B. Warren and Neil Clark went Friday to give blood. Others were to give blood Saturday. Mrs. T. O. Shelley accompanied Mrs. Wheeler to the hospital Thursday.

**Final Rites of Mrs. J. O. Gowan**  
Funeral services were held at the First Baptist Church at 3 p.m. July 24. She was born in Aug., 1872 and died on July 23. She was married to J. O. Gowan in 1906.

She came to Texas with her father, three sisters and three brothers from Arkansas. Her mother passed away before they came to Texas. She was the oldest of the family. She was a mother to the other children. Since her marriage to Mr. Gowan she has been a mother to his daughter, Mrs. Jim Johnson.

Mrs. Gowan was converted and joined the church at an early age. She lived a faithful Christian life. Those surviving her, are her husband, and daughter, two sisters, Mrs. Allie Rawls and Mrs. S. E. Miears, and several nieces and nephews.

Rev. Don Turner officiated. Pallbearers were Hillary Seay, A. V. Gilmore, Homer Richardson, Ardis Porter and Hummell Watson. Burial was in the Gorman Cemetery.

Out of town relatives and friends attending Mrs. Gowan's funeral were: Mr. and Mrs. Perry Westmoreland, Mr. and Mrs. Alton Blair, Mr. and Mrs. J. R. Palmer of Stephenville.

**Funeral Services Held for Mr. W. L. Alsabrook**

Mr. W. L. (Bill) Alsabrook was born Feb. 21, 1878 and died July 26 at the home of his sister, Mrs. Eva Stout. Funeral services were held at the First Baptist Church in Gorman at 3:30 p.m. Saturday with Rev. Don Turner officiating.

He moved to Gorman with his mother, three brothers, and five sisters. His father died when Mr. Alsabrook was in his early teens. He, being the oldest child, was just like a father to the other children. He has also been a father to several of his nieces and nephews.

Those surviving him were Mr. and Mrs. J. L. M. Roberts, Mrs. Eva Stout, Mrs. J. Frank Dean and Mrs. J. W. Richardson and several nieces and nephews.

Pallbearers were J. Davis Smith, John F. Kimble, Bill Parr, Guss Frossard and O. J. Thompson.

Out of town relatives attending Mr. Alsabrook's funeral were Mr. and Mrs. Vencil Alsabrook of Round Rock, Mr. and Mrs. Odie Alsabrook of Dallas, Mr. and Mrs. Carlton Bassett of Cisco, Mr. and Mrs. Bob Jones, of Fort Worth, Mr. and Mrs. Bill Woods of Waco, Mr. and Mrs. Billy D. Hamrick of San Antonio, Mr. and Mrs. Jimmie Dean of Odessa and Mr. and Mrs. Bill Hefley of Fort Worth.

**Ranger Nips-**

(Continued from Page One)  
iels stuck it out on the mound and the Americans, however, as Dan never got in trouble again.

The Nats were just started. They got a single run in the third and 12 in the fourth. James Scott and James Bunnell both had home runs in that hectic inning. In the fifth the Nationals got two more runs to cinch the affair.

**Alabama--**

(Continued from Page 1)

to praise the glories of the Deep South, consume a true gentleman's share of the fare mentioned above, pay respectful homage to lovely Southern Belles, save his confederate money, harass the carpetbaggers and always remember that damn-yankee is one word.

"As secretary of the Corps, I strictly charge and require all officers of the air militia of the South to render such obedience and courtesies as are due an Officer of this distinguished rank and honored position.

"Done at the City of Montgomery, Ala, the Cradle of the Confederacy, this 26th day of July in the year 1957. Signed: Thadeus P. Throckmorton."

**Your Magic Link to Better Living!**

**Modern Home Wiring for FULL HOUSEPOWER**

It takes more than modern appliances to get full benefit from your dependable electric service. It takes modern home wiring, too ... with a large enough service entrance and enough electrical outlets and circuits to operate your appliances with maximum efficiency, convenience and economy. A 100 ampere service entrance is the minimum recommended for most homes.

If your lights dim when your refrigerator comes on, if heating appliances operate sluggishly, if fuses blow repeatedly due to overloaded circuits, it's a sign of low HOUSEPOWER. You may need larger wire, an additional circuit or more outlets to get best performance from your work-saving appliances.

Your electrical contractor will gladly make a check of the wiring in your home and tell you what you need for full HOUSEPOWER. See him about it soon. Live Better Electrically!

### Newly Discovered Cave Is Now Great Wonder of Modern World

One of the great wonders of the modern world—a massive underground cathedral carved completely from salt—has been known to man only eight years but already is attracting more than 200,000 visitors annually.

The Cathedral of Our Lady of the Rosary, deep in an ancient salt mine near Bogota, Colombia, is less than seven hours from the U. S. on the Latin American routes of Braniff Airways. Larger than Notre Dame, its glistening gray salt walls will comfortably hold 5000 worshippers.

The vast salt mine of Zipaquira is located thirty-two miles from Bogota near the village of Zipaquira. When the Spanish conquistadors first came to South America in the 16th century, the Indians showed them the mine, but there is historical evidence that Colombia's earliest peoples had worked the salt deposits for many centuries before.

For the past several years, the

state-owned Bank of the Republic has operated the mine. About eight years ago miners working in the deep tunnels came upon a great cavern. It was long and broad and high. Gigantic squarish columns, spaced in planned symmetry, perfectly balanced the high roof.

The cavern so resembled a cathedral that the people decided to establish a place of worship there. Work began in 1950 and more than \$300,000 has been spent to mold the existing wonder into a beautiful cathedral.

A visitor can either drive his car through one of the long twisting tunnels down to the cathedral or walk several hundred feet from another entrance. More than 50 miles of lighted tunnels zigzag through the known parts of the mine. In front of the cathedral is parking space for 200 cars.

From the gridded entrance gates, three naves stretch 400 feet to the altar area. The main altar is

dominated by a large cross silhouetted against the dark gray of the salt crystal walls. To the right is a chapel where Mass is celebrated twice on Sundays and on Saturdays and Feast Days. In a niche on this altar is an image of Our Lady of Rosario, the patron of miners, in whose honor the cathedral was dedicated in 1950. There are nine other altars and innumerable shrines.

Soft fluorescent lighting playing on the natural salt crystal accents the beauty and depth of the giant chamber. Two great supporting columns are about thirty feet square and the nave approximately 73 feet high. The floor area of the Cathedral is more than 28,000 square feet and covered with a locally made ceramic tile. A pipe organ was flown from Italy in 1956 and assembled within the mine.

When the Cathedral is finished, its capacity will be doubled to accommodate 10,000 people. In the meantime, the mine continues to be one of Colombia's most valuable assets, and in 1956 produced more than 172,000 tons of salt.

Tours to the mine and Cathedral can be arranged for visitors to Bogota through Braniff's offices in the Hotel Tequendama. Via Panama, the airline operates first class and tourist service to Bogota from the Miami gateway. Through service from New York and Washington to Bogota is flown by an inter-change agreement with Eastern Air Lines.

**VISITORS FROM CRANE**  
Mrs. C. W. Pettit, 204 W. Plummer had as her guest Wednesday her son and wife, Mr. and Mrs. W. G. Pettit, their daughter, Mrs. Charles Mathews and Children, Dan and Deborah all of Crane.

**VISITING IN RUIDOSO**  
Mr. and Mrs. Curtis Koen and Mr. and Mrs. Hood King of Eastland made a short visit to Ruidoso just to see the sights.

MISS PAULINE COGBURN

### Pauline Cogburn Becomes Teacher

Miss Pauline Cogburn will be teaching the fourth grade in Midland Grade School when school starts on Sept. 3. She will leave Aug. 19 to attend the workshop in Midland. In the workshop she will become acquainted with the school and the children she will be teaching.

Miss Cogburn is the daughter of Mr. and Mrs. A. W. Cogburn of 215 South Maderia. She is a graduate of Eastland High School, Cisco Junior College and North Texas State College.

### Rachel Group Holds Meeting In Turner Home

Rachel group of the First Christian Church met Monday at 9 a.m. in the home of Mrs. Roy Turner.

The study period was brought by Mrs. Jane Edison. Mrs. Charles Beskow gave the devotional. Coffee, blueberry coffee cake and iced melon was served to the following: Mmes. Charles Freyschlag, B. F. Hanna, F. G. McCullough, Gerald Ables, J. W. Edison, A. L. Gallagher, Hugh Neeld, and Ray Pool.

The next meeting will be held in the home of Mrs. Charles Besow on Monday Aug. 12 at 9 a.m.

**VISITING HERE**  
Daughter of Mr. and Mrs. H. P. Pentecost, Mrs. W. T. Harris of Electra, and her daughter, Mrs. Jimmy Sellers, Debora, Dan and Dale and Mr. and Mrs. Paul Cunningham and two children of Fort Worth visited in the home of Mr. and Mrs. H. P. Pentecost.

Mr. and Mrs. Ralph Green of Midland are spending the week with her parents, Mr. and Mrs. J. C. Poe of Eastland and his parents, Mr. and Mrs. E. E. Green, of Cisco.

### Atoms for Peace Display Set for Fair at Waco

"Atoms for Peace"—unique and elaborate display developed by the U. S. Atomic Energy Commission—will be a major feature of the Heart of Texas Fair in Waco, Sept. 28 through Oct. 4.

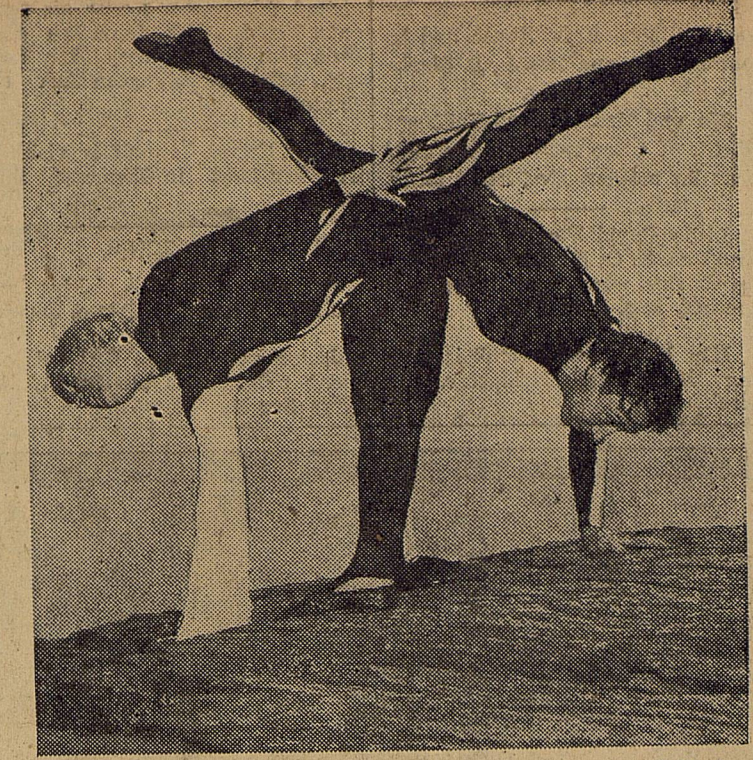

This amazing exhibit has been featured at several major expositions of the nation—for example, the recent Southwest American Exposition in Oklahoma City where it was viewed by many thousands. The exhibition will be free to all on the grounds.

The peaceful uses of atomic power are becoming of more and more importance and this new exhibit is designed to acquaint the general public with the effect of atomic energy on the world of today and its potentialities for the world of tomorrow.

One of the outstanding portions of the 82-panel display is an explanation, in simple terms, of what the components of the atom are, what a chain reaction is and how it is carried out, what radioisotopes are and how they are produced, and how these radioisotopes are used in the fields of medicine, agriculture, and industry.

No scientific background is necessary for visitors to understand this fascinating exposition of the growth of this amazing field of science. The graphic panel and "Island" displays in the "Atoms for Peace" exhibit are readily comprehensible to school children and adults alike. By pushing a button, the spectator can see just how a chain reaction works; by pushing another button, he can operate a 16-foot model of an atomic energy plant for producing electricity; a third button activates a visual and audible explanation of the use of radioisotopes in plant - fertilization studies.

Othel M. Neely, general manager of the fair, declares that the Waco exposition counts itself fortunate to be able to present so important, timely and educational attraction.

ON A ROCK IN THE PARK—Dance satirists Mata and Hari greet balmy weather in New York's Central Park with a two-way stretch. The pleasant day lured them from their studio on the edge of the park. The Swiss-born stars have gained nationwide fame with their unusual dance routines.

### SOCIAL CALENDAR

Wednesday, July 31  
9 a.m.—12 noon—The Civic League and Garden Club will hold their monthly bridge and luncheon in the Women's Club. Bridge will begin at 9 a.m. and then the luncheon will be at 12 noon so that the working women will have time to return to work by 1 p.m. Reversation must be made with Mrs. Frank Castleberry, phone 289, by Monday, July 29, Luncheon will be \$1 per plate.

This one wants you to get choosy! For Chevrolet loves to show what it's got inside, outside and in performance. Chevrolet is the only car in its field with Body by Fisher—sturdily put together, with a solid, substantial look. Fine finishing touches on every side confirm the craftsmanship that goes into its making. Chevrolet's response and performance are pretty special, too. There's a well-what-are-we-waiting-for spirit in the engine, especially when you show a Chevrolet a mountain. And you'll do a lot of looking to find comparable smoothness, steadiness and nimbleness on the road—at any price! See a Chevrolet at your dealer's—see how much more it has to spark excitement and your pride!
