

Only Roosevelt's Signature Needed To Start Military Registration

WASHINGTON, Sept. 14. (AP)—The traditional congressional aversion to peace-time conscription is being overcome today and the president's signature, expected early next week, was the last remaining step necessary to start the machinery for raising a conscript army of 900,000 men.

The millions of America's young manhood will be registered by some local 700,000 election officials on a day to be set by the president, perhaps early in October. In mid-November the first batch of 75,000 draftees are due to be called to the colors. Under the war department's plans, subsequent calls would build up the army to 400,000 early in 1941 and to 900,000 by the spring of 1941.

The president, anticipating congressional action, dispatched a request to Speaker Bankhead for an additional \$1,733,886,976 for the defense program. The bulk of the money is to finance conscription, members of the house appropriations committee said. It includes money for pay, subsistence, housing, clothing, etc.

Obviously prepared before congress finished its job, this proposed appropriation would speed the conscription process. Although registration may take place when the registration date, the legislation president has signed and fixed the requires that appropriations must precede the actual calling of men.

The first congressional action, approval first by the senate and then by the house of a compromise version of the legislation, came quickly at midday after brief debate. The senate approved 47 to 25 and the house 252 to 124.

This compromise version included authority for the president to take over and operate on a rental basis plants from which the government could not obtain defense orders as expeditiously as desired. At the insistence of the senate, the bill had been shorn of restrictions which, several senators complained, weakened this industrial section and made it unenforceable in the court.

The controversy in the senate over the provision prevented congress from voting approval of the legislation last night. The bill was returned to a conference committee, composed of senators and representatives, for revision to include the industry provision previously passed by the house. It was this revised form that was approved.

Although the bill permits only 900,000 will be drafted. As conscripts are mustered out, new men are to be called. Under the army's plans, the drafting process is to go on for five years, the time limit set in the bill, and about 4,500,000 men are to be trained. The recruits will be drawn from men without dependents, will receive \$21 a month during the first four months of training and at least \$30 monthly, new pay of back privates, for the remaining eight months.

VOL. 13, NO. 82 BIG SPRING, TEXAS, SUNDAY, SEPTEMBER 15, 1940 Full AP Leased Wire Price Five Cents

Supplemental Beer Licenses Surrendered

Liquor Control Board Acts To Ban 'After-Hour' Sales By Honky-Tonks

Thirty beer tavern operators had surrendered their supplementary licenses for cancellation for cause Saturday as agents of the Texas Liquor Control board pressed its campaign to clean up the "honky-tonks."

Billy McElroy, district supervisor, estimated that there might be 35 to 40 ultimately affected by the drive to put beer dispensaries "in line." He said the effort was being exerted over the 26-county district, with the work already completed in Gaines county.

By nullifying supplementary licenses, it and when the state board so decrees, the general effect will be to close down the vast majority of places selling beer after midnight on Sundays.

No supplementary licenses (which permit the sale of alcoholic beverages—beer and wine—during the prohibited hours of 12 midnight to 7 a. m. and from midnight Saturday to 7 a. m. Monday) yet have been cancelled, but it was presumed the state board likely would take such action in view of the basis under which the 30 operators offered to surrender the permits.

All admitted that they were not selling food in excess of the amount of beer and wine during prohibited hours and offered their supplementary licenses for "cancellation for cause" and waived notice of hearing by the state board.

"Beer tavern operators did not comply with the law (concerning supplementary permits) in that they failed to keep a record of food and beer sales during prohibited hours," said McElroy.

When licenses are cancelled for cause, it is six months until another application can be made. However, should a basic license expire in the interim, then the applicant could ask for a supplementary test period.

"But once we get this matter in hand," added the supervisor, "we are going to try to keep it that way. We will assign men to conduct these checks before licenses are issued."

Not only were tavern owners "lining up" on the license deal, but many were conducting an external clean-up as well. Scores of glaring beer signs came tumbling down off the highway and from around tavern buildings.

McElroy indicated that only bona fide cafes would be left with supplementary permits when the drive is over. He urged cooperation by the general public in handling the situation and asked that his office be contacted on reported violations or for suggestions.

Over the district the job is a big one, he said, for only four agents are assigned to this district.

WILLIAM B. BANKHEAD

Speaker Of House Dies

WASHINGTON, Sept. 15 (Sunday)—Speaker William B. Bankhead of Alabama died at 1:35 a. m. today in Naval hospital. He was 66 years old.

His death, was due to a ruptured artery in the abdomen. He had been unconscious for four hours before his death.

The democratic leader was stricken on last Tuesday in Baltimore where he had gone to deliver a political address. At that time Dr. George W. Calver, capitol physician, announced that the speaker had fainted as the result of a painful attack of sciatica.

Dr. Calver explained that he had withheld the true nature of the illness because Bankhead was able to converse with others and read newspapers and he did not wish him to learn how seriously ill he was.

Duce's Units Push 10 Miles Into Egypt

Advancing Armored Units Attacked By British Air Force

CAIRO, Sept. 14 (AP)—Italy's sand-whipped legions swept across the Egyptian frontier tonight, tanks and armored cars rolling into the ruined villages of Sollum and Musaid under heavy attacks by the British air force.

British armored cars also harassed Italian Marshal Rodolfo Graziani's troops in what may be the initial thrust of a drive.

Although the Italians forced a wedge 10 miles deep, a British communiqué declared the "situation is well in hand."

How many troops the Italians were putting into their advance was not known but they were believed to be considerable numbers.

This apparent prelude to a desert blitzkrieg came with all Egypt momentarily expecting a big fascist offensive.

British headquarters described the Italian move as an "advance" rather than an "attack," emphasizing that the British never had made any pretense of trying to hold Sollum, a port, or Musaid which, they said, were only much-bombed villages used chiefly as centers for British patrols harassing the Italians.

The British, on the alert for the start of a real mechanized offensive against Egypt, the Sudan, or both, said the Italians were using airplanes, armored cars and trucks to transport their troops and were continuing their thrust beyond the two occupied villages.

Attacks On London Beaten Back; Berlin Issues A Warning To City

Surrender Or Suffer Same Fate As Warsaw, British Capital Told; Heavy Bombing Raids Continue

BERLIN, Sept. 14 (AP)—Britain must hand over London to the armed forces of Germany or see it bombed like Warsaw, a well-informed spokesman told the foreign press today.

Hand over London and all will be well, he intimated.

This commentary from the German viewpoint was delivered just a week after Germany began the heavy raids on London which the spokesman called "a measure of retaliation for months of planeless bombing of German civilians and non-military objects by the British."

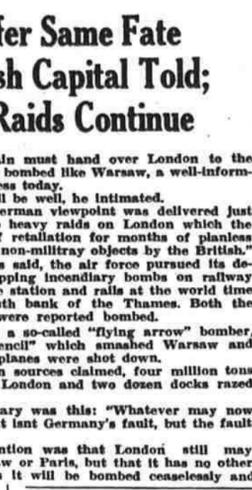

Again today, German accounts said, the air force pursued its destructive mission in London, dropping incendiary bombs on railway shops and tracks, among them the station and rails at the world time center of Greenwich, on the south bank of the Thames. Both the west and east India docks also were reported bombed.

The Germans said they used a so-called "flying arrow" bomber, similar to the Dornier "flying pencil" which smashed Warsaw and Rotterdam. They said 21 British planes were shot down.

Throughout the week, German sources claimed, four million tons of bombs have been dropped on London and two dozen docks razed by fire.

The essence of the commentary was this: "Whatever may now befall London and its population, it is Germany's fault, but the fault of the British government."

The spokesman's main contention was that London still may choose between the fate of Warsaw or Paris, but that it has no other choice; that unless it capitulates it will be bombed ceaselessly and

CONFIDENTIAL—WASHINGTON, Sept. 14 (AP)—The senate confirmed today the appointment of Arnold Wilson Coven (above) of Texas as regional director for the farm security administration.

Fighter Planes Prove Effective Defense Without Anti-Aircraft; RAF Blasts At 'Invasion' Bases

LONDON, Sept. 15 (Sunday) (AP)—Four German air raids on London beaten back last night and early today, three of them by British fighter planes alone and the fourth by a thundering anti-aircraft barrage.

Some bombs fell, whistling, but the clear signal came at 3:37 a. m., when the noise of plane motors died away after a two-hour and 11-minute alarm.

The attack, by a few German planes shutting over the capital, was the lightest in more than a week. Only odd bombs were dropped, and the raid appeared similar to the "insomnia" flights over London preceding the past week of all-night onslaughts.

The guns blazed away for 20 minutes before an alarm—the seventh since Saturday morning—was sounded.

Heavy barrages from the Thames Estuary direction and from north London indicated the Germans attempted to break into the heart of London from two directions.

The gunfire along the Thames crept toward the north, apparently tracing the course of the raiders.

The successive night alarms, with "clean" intervals up to three hours, constituted a departure from the week-long German tactics of all-night raids and came as Britain's own bombers pounded heavily at German "invasion ports" on the coast of France.

The British press association said these latest blows for Britain were heavier even than the fierce British attacks which ceased at dawn Saturday.

The British defense by fighter planes alone against the first three German night raids was without precedent since the start Sept. 7 of the almost continuous German air offensive.

The air ministry news service said that despite help of the clouds "only a few bombers managed to penetrate to central London" in Saturday's raids.

The gunfire meeting this morning's raid grew heavier as the drone of plane engines increased by the minute.

Guns in the southwest burst into action, and shell fragments fell on roofs and streets.

When the clouds rolled back the main London network of guns opened up. Buildings shook with the intensity of the barrage as the planes passed over.

The Nazis came in great numbers—the high drone of many motors was heard over central London.

The authoritative British press association estimated that 300 bombers had been thrown back by early evening in a "huge battle" over the southeast coast which watchers described as "the biggest ever."

The raiders' first evening appearance here—after three forays made by late afternoon—was at 6:17 p. m. Their second at 7:47 p. m.; their third at 9:38.

This third alarm was the shortest of all three, lasting only 17 minutes.

By the habit of a week that had seemed endless, London's people had gone to their accustomed air raid shelters, and the unexpected freedom—if only for the time being—astonished them.

All this time, the Royal Air Force had been defending the metropolis alone, and only an

REVIEWING THE
BIG SPRING
WEEK
BY JOE PICKLE

Here's something to think about. Pat Murphy, high school football coach, said last week that "in 15 years of coaching I never worked with a finer bunch of boys than I have this year." That's a lot, win, lose or draw.

One of our friends very picturesquely refers to the conscription measure, in the process of becoming law, as that "suction bill."

Incidentally, the machinery for effecting the draft here is already set up to the extent that a draft board has been named. It is, pending word from the powers that be, supposed to be a secret.

Decision week will again be operated by the chamber of commerce, directors decided. When the dates are announced, here will be an excellent opportunity for airing that pet suggestion for community improvement. Be thinking it over now along with some other ideas.

The city has taken steps to refund half of a \$60,000 bond issue after retiring the other half next spring. The whole transaction will save many thousands dollars in interest not only because half the debt is to be killed, but because the other half is to carry a 3-4 per cent rate instead of the current 6. In the words of a

Funds Asked For Draft, Defense

SCHOOL BUDGET HEARING MON.

Public hearing on the proposed 1940-41 budget for the Big Spring Independent School District will be held Monday at 7:30 p. m. in the school administrative building.

The tentative budget, awaiting final action following the hearing, calls for total disbursements of \$185,064.38, nearly half of which goes for instructional services.

Tax rate is at the constitutional maximum of \$1 and will be divided to give maintenance (operation) 75 cents and debt service 25 cents. Based on estimated collections of 85 per cent on a \$6,150,000 roll, a total of \$5,026,250 will go to local maintenance and \$1,123,825 to debt service.

Another \$75,423 would come from the state scholastic apportionment, \$10,000 from delinquent taxes, and \$7,000 from athletic gate receipts.

Principal budgeted items are as follows: General control, \$17,182; instructional services (35 high school and 61 elementary teachers), \$113,420; plant operation, \$11,960; maintenance \$1,535; auxiliary agencies \$1,000; fixed charges \$2,232; capital outlay \$4,232; and debt service \$31,402.

GOODWILL DINNER TICKETS ON SALE

Tickets for the Garden City goodwill dinner will go on sale this week, Darrell Douglas, chairman of the chamber of commerce goodwill committee, announced Saturday. His committee is hoping for a large delegation of local business and professional men to attend the affair, he said.

WEATHER FORECAST

WEST TEXAS—Scattered afternoon or evening showers and thunderstorms Sunday and over southeast and southeast portions Monday; not much change in temperature.

EAST TEXAS—Generally fair south portion, partly cloudy north portion Sunday and Monday.

FIRST PARITY CHECKS HERE

First of the flow of parity checks, which is due to net the cotton producers of Howard county by some \$142,000 before it is over this season, rolled in Saturday.

M. Weaver, county AAA administrative assistant, said that 68 checks covering the first transmission on parity or subsidy applications, brought \$4,704.57.

The checks arrived two weeks after the transmission was made. To date 750 applications have been transmitted and another 80 were to be sent Monday, leaving only 130 to go. Most of the latter are applications sent off for signatures of absentee landlords.

Payments are based on the acreage allotment times the normal adjusted yield per acre times 150 cents per pound.

With some 200 offices and producer copies on another batch of applications returned to the county office, it was assumed that approximately that many more checks would be received in a few days.

Georgia Coleman, Diving Champion, Taken By Death

LOS ANGELES, Sept. 14 (AP)—Georgia Coleman, once acclaimed as the world's greatest diving champion, died in a hospital tonight of a liver ailment. She had been unconscious since Tuesday.

Mrs. Coleman, who was 28, was stricken with infantile paralysis on Thanksgiving Day, 1937, and had never completely recovered although she fought with the cheerfulness to regain her health.

She first competed in the Olympic games at Amsterdam in 1928 and won honors for the United States in both the springboard and tower diving. In the 1932 Olympics she took the three-meter event and placed second in the high diving.

Four Children Suffocated In Sliding Gravel

MONTGOMERY, Ala., Sept. 14 (AP)—Tons of falling earth rapped and suffocated four children in an abandoned gravel pit 10 miles west of here today. A fifth barely escaped with his life.

The dead: Joe Winford Armstrong, 11; Dorothy May Armstrong, 9; Lurline Armstrong, 8; children of Mr. and Mrs. George Armstrong; Joe Hubert Powell, 6, son of Mr. and Mrs. James Isaac Howell.

William Thomas Morrison, 10, a playmate aiding in the digging of a cave into the gravel pit's high bank, escaped with his life by running "when I heard the ground crack."

French Area 'Closed Up'

VICHY, France, Sept. 14 (AP)—Unoccupied France was practically cut off from the outside world today by closure of extraordinary vigilance, tightening passage along all its borders.

Americans were among the hardest hit.

The Germans tightened the restrictions on the border between the occupied and the unoccupied zones, letting through a trickle of refugees homeward bound, but refusing entry to all others except for the most urgent reasons.

The Germans are also restricting departures from the occupied territory.

(Travelers returning to Chanzy, Switzerland, from the unoccupied zone said today defeated France fears the Germans might take over the entire country within a few weeks.)

Twenty Americans now in Paris are vainly attempting to get permits to leave. Many French who procured permits and entered the occupied zone on business in the past few days are finding many difficulties in returning here.

The few coming through report the Germans are now searching all allowing the export of only 20 francs.

Grice

(Continued From Page 1)

son at the courthouse at 2 p. m. and finished its work 30 minutes later.

Grice's name will go on the general election ballot along with other democratic nominees for state and county offices. Some of those who had sought the nomination were reported to be considering making the race an independent, but there was no confirmation on this point.

The nominee was a candidate for the post in the first primary, ranking third in the total vote behind Newton Robinson and L. A. Coffey. As nominee, he will replace Robinson, who was fatally injured nine days ago in a car mishap.

In a statement, Grice said that "I deeply regret the circumstances which made necessary the naming of another nominee, for I regarded Newton Robinson as my friend. However, I am grateful for the honor and opportunity bestowed upon me by the committee."

The Week

(Continued From Page 1)

local banker, the new low rate is a testimony to the solvent, sound condition of the city.

Cotton farmers, in a fair way to harvest bumper crop this season, will face about the only major threat left in the next 10 days to two weeks. The last and largest generation of worms (they have been the lightest in years this season) is now maturing. Not a great deal of damage is forecast and many observers now are guessing production may be above 22,000 bales, if the frost behaves.

This alien registration brought up a ticklish point. "Do you guys born in Arkansas have to register," a man joked with Elmer Boatler, assistant postmaster. "Yeah," said Elmer, pointing to a heavy fine and prison term for failure to register. "I'd rather take that than have to put it down I was born in Arkansas," replied the man.

School enrollment was down slightly on the first day in comparison with a year ago, but substantial gains were recorded toward the end of the week to about pull even. Maybe Big Spring's population is less, but those left seem to be having more children.

FOR HERALD WANT ADS PHONE 728

R. A. F. FLIER SHOT DOWN IN GERMANY—German sources say this is the body of an English flier whose plane was shot down over northern Germany. His parachute failed to open. In the group are German and foreign newspaper men.

Home Demonstration Clubs Plan Exhibit

Groundwork for an autumn show

was laid by the home demonstration council in its regular monthly meeting Saturday in the office of Lora Farnsworth, county home demonstration agent.

Dates for the event were set for Nov. 1-2, the place to be selected later. There will be displays of cotton goods, kitchen exhibits and bedroom displays. A tea will be held in connection. Mrs. Duke Lipscomb led the discussion.

Mrs. C. W. Cunningham and Mrs. V. Van Gieson appeared at the meeting to discuss the possibility of a city-county club federation.

Mrs. Ross Hill, Mrs. U. S. Dalton and Mrs. W. J. Jackson were named as a committee to return nominations for the 1941 council officers.

Reports from the clubs indicated that much canning is being undertaken currently, that many means for utilizing cotton are being found, and that considerable progress has been made in bedroom improvements.

Questionnaires have gone out on a freezer locker proposal, said Mrs. Glen Cantrell, educational chairman, and results will determine the amount of interest and possibility of success. Purchase of a punch bowl set

was authorized, Miss Farnsworth gave a report on the mattress building program. Mrs. Hart Phillips, Jr., president, presided and Mrs. H. S. Hanson presided at the punch bowl. Nine of the 10 clubs were represented by 20 persons.

Attacks

(Continued From Page 1)

occasional searchlight crept about in the sky.

The anti-aircraft gunners, who night after night had been throwing steel all about the horizon, idled through it all.

Up to 8:30 p. m. the air ministry announced, eleven German planes had been shot down during the day to four British craft lost.

The three earlier daylight attacks seemed to be intended principally to feel out the state of the English coastal defenses—a significant detail in the light of the declaration of neutral military observers that this week-end would be one of "intense danger of invasion."

Britain was ready and some Englishmen said simply that they hoped the Germans would try invasion "so we can wipe their eye."

Dies Hearing Set Tuesday At Dallas

DALLAS, Sept. 14 (AP)—Wick Fowler, investigator for the Dies committee on un-American activities, predicted today fifth column activities in the Dallas area by communists and, to some extent, nazis, would be disclosed in a hearing of the committee opening here Tuesday.

Rep. Martin Dies (D-Tex) will conduct the hearing.

Fowler said subpoenas had been issued for several witnesses in addition to law enforcement officers, and that Sheriff Chris Fox of El Paso county would attend.

Fox may be used as a witness on the relation of subversive border activities to influences at work in the Dallas area, Fowler said. He said Fox's investigations had carried him into the Dallas section.

The Dallas hearing will continue two days, and another hearing be held here later, Fowler said, after more evidence is collected.

"Communists have been more active in the Dallas area, which covers a 150-mile radius of this city, but the nazis are the more dangerous," Fowler said.

After the hearing Fowler plans to visit Arizona, New Mexico, Oklahoma, Louisiana and Arkansas for conversations with state officials to coordinate investigations of local authorities with the Dies committee.

Dies will speak at an Americanism rally here Tuesday night.

Convicted On Kidnap Charge

CHICAGO, Sept. 15 (Sunday) (AP)—Jack Russell, former Oklahoma desperado, was convicted of violating the federal kidnaping law by a federal court jury early today in the kidnaping and killing of William Scott Hamilton, but escaped a punishment of death in the electric chair.

The jury returned a guilty verdict but voted against the death penalty. Under this verdict, Judge Charles E. Woodward may pass a sentence of from a year and a day to life imprisonment.

FROM BEAUTY TO BEAUTY—Hilde Patricia Donnelly of Detroit, 'Miss America of 1938' is shown crowning brown-haired Frances Marie Burke Tyler the 19-year-old Philadelphia model was selected as 'Miss America' in 1940 at the annual Atlantic City beauty pageant.

Two-Ocean Navy Is Announced As A Definite Aim

WASHINGTON, Sept. 14 (AP)—A new United States naval policy for 1940 was promulgated today, crystallizing in a formal public statement the navy department's intentions to build a two-ocean fleet, utilize the lessons of Europe's war and keep the navy ready to "uphold national policies and interests."

Prepared by the navy's general board and approved by the secretary to replace the 1937 policy,

the document sets down as one of its general policies this proposal:

"To organize and maintain the navy for major operations in both the Atlantic and Pacific oceans."

By contrast, the corresponding policy in 1937 was simply "to organize the navy for operations in either or both oceans so that expansion will only be necessary in the event of war."

Increased emphasis on aviation appeared in the inclusion of a new general policy "to maintain and develop naval aviation as an integral part of the naval forces." No such general statement appeared in the 1937 statement.

Would Maintain Govt. Benefits For Drafted Men

WASHINGTON, Sept. 14 (AP)—President Roosevelt recommended to congress today that it adopt legislation to preserve for draftees during their year in army service the insurance and benefit coverage under federal programs which they have in civilian life.

Promptly, Senator Vandenberg (R-Mich) offered and the senate approved an amendment to the excess profits tax bill which he said would carry out that request. Mr. Roosevelt recommended legislation "preserving insurance protection under the social security act, the railroad retirement act and the railroad unemployment insurance act."

Although the senate agreed to the Vandenberg amendment, it was expected that an administration version of the legislation would be offered later. A social security board spokesman said technicians were considering several proposals for continuing the draftee's insurance or benefits.

Distilleries And Liquor Wholesalers Named In Suit

AUSTIN, Sept. 14 (AP)—The attorney general's department filed anti-trust suits here today against seven distilleries and 23 wholesalers, seeking "statutory penalties from \$50 to \$1,500 daily from Jan. 1, 1936, to date and permanent injunctions against alleged price fixing and other agreements.

The suits represented one of the largest anti-trust actions ever brought by the state.

The suits were similar but not identical. The common allegation was that distillers agreed with their wholesale outlets on a fixed territory in which to sell products upon a fixed wholesale and retail price and, further, that wholesalers refused to sell to retailers who offered to the public the distiller's brands at a price lower than that agreed upon by distiller and wholesaler.

Filing of the suits climaxed a year's investigation by the attorney general's department. Penalties were asked against each group of defendants.

BUS, CAR COLLIDE
A Westbrook school bus driven by Byrl Claxton collided with a car driven by Ruth McDowell at 900 Scrubby street Friday evening. None was injured.

GEORGE ROBERTSON, eight years a deputy sheriff at Paris, whose body was found in the automobile in which he was abducted by two men he and Sheriff J. H. Ratliff had placed under arrest.

DOROTHY MOORE, 19-year-old Paris girl, who told officers she rode with the men now sought as Robertson's slayers, from east of Memphis, Tenn., to Paris, and who was questioned.

Two Are Granted Suspended Terms

Two suspended sentences were meted out in the 70th district court over the weekend as the tribunal rounded out its third week.

Earnest R. Perry, charged with willfully burning personal property in connection with the destruction of an automobile, entered a plea of guilty and was given a five-suspended term. Randolph Marion, billed for burglary of the Albert McKinney farm place, got a similar sentence on his guilty plea.

The jury failed to agree in the case of A. D. Martin, indicted for usurping of mortgaged property. Judge Cecil Collins declared a mistrial.

On the civil docket, the case of O. L. Sanders versus United Employers, compensation, was settled by agreed judgment and Darling Value Manufacturing company won a judgment over R. N. Wagener.

PREMIER — Tough, strategy-minded General Ion Antonescu (above), has become premier of Rumania, assuming powers of state which King Carol had previously retained for himself.

Lamesa Post To Emphasize Patriotism

LAMESA, Sept. 14 (Sp)—Patriotic programs in every community of Dawson county during the year, a desire to cooperate in defense plans, and supplying merchants with United States flags have been set up as objectives of the Allen-Houston American Legion post here following installation of officers.

The post went on record as favoring the conduct of patriotic programs in each community during the year, and also took similar action in pledging defense cooperation.

Already members are busy supplying merchants with flags, and W. T. Webb, new post commander, made an appeal for the emblems to be flown on all appropriate occasions.

"I am of the opinion," he said, "all American homes should have a flag and fly it on appropriate occasions. We believe the displaying of the flag will arouse in all people greater love of our country and cause all people to back the president and congress in their efforts to arm in order to assure peace."

Initial plans for the post's Armistice Day program were discussed. Other officers installed were A. D. Blackmon, adjutant; J. D. Dyer, vice-commander; Ray Hollingshead, finance officer; G. M. Roberts, historian; W. J. Peters, sergeant-at-arms; Sam Richardson, service officer; and V. Z. Rogers, child welfare officer.

The post has a membership of 48 and established a goal of 100 for the year. Webb reaffirmed the service aims of the Legion post.

RETURNS TO HOUSTON
Allen A. Stripling, who has been at the bedside of his mother, Mrs. Fox Stripling, for the past month, left Saturday morning to resume his duties with the weather bureau in Houston.

NAVY SHARPENS WITS AND EYES—A model plane which flies on wires is used for training gunners of the fleet air arm in southern England, to combat Nazi convoy raiders.

Geraldine Woods has returned from a week's vacation in Amarillo. Heartsill, have returned from Hankell where they visited for five weeks in the home of Mr. and Mrs. Cliff Berry. While there, a daughter, Linda Lorretta, was born to the Berry's.

Dawson Fair Opens Oct. 10

LAMESA, Sept. 14 (Sp)—The annual Dawson County Fair, promising to be the biggest in the history of the event, has been scheduled to open on Oct. 10.

Local committees, working on fair plans, have about completed arrangements. Abandoned, at least temporarily, will be the horse and mule division, but the poultry, dairy and beef cattle and agricultural divisions will remain intact.

Particular stress is being given to the agricultural unit, affording an opportunity to parade this phase of Dawson county's best resource. Fair officials said it was possible that the horse and mule show might be resumed at a later time.

Although the premium list has been completed, announcement of the totals and distribution has not yet been made. A side feature of

the fair will be a carnival. W. B. Collins is serving as president of the Dawson County Fair association, and W. Connally Baldwin, local publisher, is serving his third term as vice-president. Secretary of the fair is Raymond Lee Johns, chamber of commerce manager.

TO GRAHAM
Mr. and Mrs. A. C. Bass, accompanied by Mr. and Mrs. Prentiss Bass, were to leave Sunday for Graham where Mr. and Mrs. A. C. Bass will visit with their daughter, Mrs. Lowell Baird, for a week. Mr. and Mrs. Prentiss Bass will return here Sunday evening.

The island of Jamaica has an area of 4,000 square miles.

HURRY! WE CAN'T GUARANTEE THAT QUANTITIES WILL LAST WHEN PRICES ARE CUT SO LOW AT MONTGOMERY WARD

Streamlined Divisions To Be Revamped

WASHINGTON, Sept. 14 (AP)—Reorganization of its new "streamlined" divisions to provide greater striking power and simplicity of command has been ordered by the war department.

A substantial increase in armaments, already far exceeding World war or national guard division strength, was embraced in the orders issued as a result of deficiencies uncovered during maneuvers and field exercises of the past year.

"There will be decided increases in the number of machine guns, rifles (both automatic and semi-automatic), mortars and anti-tank weapons," the department announced.

The authorized strength of the new type divisions is to be approximately 14,000 officers and enlisted men, compared to the authorized war strength of approximately 12,000 officers and enlisted men of the present "streamlined" divisions.

Artillery and infantry sections in division headquarters, and artillery regimental headquarters, are to be eliminated in the reorganization.

Increased fire power would be provided in the reorganization, the department said, by the formation of an anti-tank company for each infantry regiment, by doubling the number of 81-millimeter mortars, and 50 caliber machine-guns, by providing three active 60 millimeter guns in each rifle company and by the substitution of 105 millimeter howitzers for 75 millimeter guns in the artillery.

The department said that the "streamlined" division would continue to be a marching unit but that sufficient motorized transportation would be provided to move all of its supplies and about half of its men.

More Power, Greater Luxury Keynotes Of Plymouth For 1941, Now Being Displayed By Local Dealers

SMART STYLING and luxurious comfort are demonstrated in these views of the new Plymouth for 1941, now on display at Big Spring dealers. Plymouth's new Powermatic shift cuts down driving effort. Interiors have been made roomier, with many features added for comfort and beauty.

Declaring that "the lid's off on luxury," Plymouth dealers are this week presenting their new Plymouth cars for 1941. The latest models introduce scores of new quality features and engineering advancements for added comfort and luxury, snapper performance and greater driving ease.

Aggressive pioneering by Chrysler Corporation's great engineering laboratories again shows important results in the newest Plymouth. Radical advances in handling ease, road performance and safety match new luxury and elegance of appointments beyond anything formerly expected in a low priced motor car.

Many Valuable Improvements
Brilliant design for even stronger "eye appeal" reveals at once the latest increase in purchasing power of the public's motoring dollar.

Big, 117-inch wheel base is standard, with the following highspot features topping the list of Plymouth improvements for 1941:

New "High-Torque" Plymouth engine, with power stepped up to 87 h.p. and torque increased over entire speed range. High-duty bearings of latest design for 5 times longer bearing life.

New "Get-away Gear," which, under normal road conditions, makes it possible to start in second gear for rapid getaway... with third gear in reserve for up-hill starts or pulling out of ruts. Made possible by new transmission and rear axle ratios, combined with added engine power.

New Powermatic Gearshift, optional as extra equipment, that gives fullest advantage of new design by controlling gearshifts with the lightest finger flick. Standard manual-type lever on steering post this year also is much easier to operate.

New safety rim wheel design, that greatly reduces hazard of blowout or puncture, by preventing "throwing" flat tire off wheel even at high speeds. With this new rim a completely flat tire gives the same driving effect as a tire inflated to 10 pounds pressure on the standard-type wheel.

Four smart 2-tone color combinations, available at low extra cost on special deluxe sedans.

New fashion-tone interior, creating another big step-up in luxury and elegance of low priced motor cars. Softer, more luxurious seat cushions in all models, and new 2-tone upholstery standard in closed models of special deluxe.

Improved sealing throughout bodies against dust, water, heat, and noise. "Hurricane-tested" at the factory by newest artificial storm machine, and new "vacuum test" applied as part of regular production.

Trunk lids are counter-balanced, move up or down easily at a touch. Eliminates lifting strain for women. Also a safety factor for accidental falling of the lid is prevented.

New grooved spring leaves of Amola steel at the rear, for softer spring action, longer life. Metal spring covers are now standard on all Plymouth models. Individual front wheel coil springs are also standard on all models without extra cost.

New one-piece hood with inside lock, is longer and wider at the front; is controlled from the driver's seat and has an extra safety catch outside for service attendant to release.

New oil-bath air cleaner on the engine, standard for all models throughout the line, is 98.5 per cent efficient in keeping dust and other gritty particles that ordinarily enter the engine with air drawn through the carburetor. Safeguards engine parts against wear caused by the abrasive action of dust particles.

Although declaring that the president's motives "are always noble" the republican presidential candidate said that "it doesn't do any good to have noble motives if you don't know what you're talking about."

Referring to a statement by Henry A. Wallace, democratic vice presidential nominee, that the republican party is the party of appeasement, Willkie said: "Appasement? He (Wallace) has appeased the democratic world to destruction. Of all the men I know who have any acquaintanceship with international affairs, Franklin Roosevelt is the least qualified to lead this nation."

Congress Appropriations Of Over 13 Billion Set A New High Mark

WASHINGTON, Sept. 14 (AP)—Congress has appropriated \$13,127,427,195 so far this session and may be asked to appropriate \$1,500,000,000 in additional funds before adjournment.

In addition, it has authorized another \$8,256,082,000 for expenditure in the future years—the actual cash to be voted in subsequent sessions—for a grand total of \$21,383,509,204.

Appropriations and commitments for defense account for more than \$15,000,000,000 of that total.

Congressional records show that the \$13,127,427,195, in direct appropriations already exceed those of any full peacetime year in the nation's history. Last year's total was \$9,719,258,467.

Only the World war outlays were greater—\$18,881,940,243 in the fiscal year of 1918, and \$27,065,148,993 in 1919.

The World war totals, however, include the so-called "permanent and indefinite" expenditures, for fixed charges such as interest on the public debt.

If this year's fixed charges

\$3,975,524,448—are added to the current session's appropriations, the government's contemplated cash expenditures are boosted close to the 1918 level.

The estimated \$1,500,000,000 in additional appropriations congress may be asked to approve before adjournment include roughly \$1,250,000,000 for training army conscripts, \$150,000,000 for defense housing, and \$138,000,000 for various civil functions, some related to defense.

WANTED HAIR STYLE JUST LIKE DADDY'S

COLUMBIA, S. C., Sept. 14 (AP)—A six year old boy, being spruced up for school here by his barber, was docile enough at first.

But, he wailed angrily when his mother refused to have the barber shave out a bare spot on top of his head "like daddy's."

Uruguay's constitution of 1919 separated church and state.

Willkie Puts Blame On FD For Crisis

ENROUTE TO KANSAS CITY, Sept. 14 (AP)—In a voice so hoarse that aides summoned throat specialists from Chicago and California, Wendell L. Willkie charged today that President Roosevelt had been one of the principal contributors to the breakdown in Europe.

Speaking in Peoria, Ill., after a series of rear platform addresses had strained his voice, Willkie said huskily: "Where was Franklin Roosevelt, this great, indispensable man, when Germany was reaching out? If he had given encouragement, this thing would never have happened."

"Franklin Roosevelt, instead of being one of the principal factors in the destruction of the democratic way, has been one of the principal factors in the preservation of it."

Although declaring that the president's motives "are always noble" the republican presidential candidate said that "it doesn't do any good to have noble motives if you don't know what you're talking about."

Referring to a statement by Henry A. Wallace, democratic vice presidential nominee, that the republican party is the party of appeasement, Willkie said: "Appasement? He (Wallace) has appeased the democratic world to destruction. Of all the men I know who have any acquaintanceship with international affairs, Franklin Roosevelt is the least qualified to lead this nation."

FHA Building Holds Pace

Home-mortgage insurance operations of the Federal Housing Administration continued at their unusually rapid summer pace during August, Administrator Stewart McDonald has announced.

Applications received for insurance of mortgages on new small homes totaled the third largest monthly volume in FHA's history, only being exceeded by small amounts in April and May. The total was 45 per cent larger in number than August 1939 and 40 per cent larger in amount.

Altogether, 20,934 mortgages amounting to \$95,875,500 were selected for appraisal by the FHA in August on homes to be built under its inspection. This compares with 20,499 mortgages for \$94,120,780 in July and 14,409 for \$68,408,320 in August last year.

At the same time, the volume of all mortgages accepted for insurance reached the highest monthly total on record at 20,475 in the amount of \$89,379,400. This compares with 14,143 in the amount of \$62,268,500 in August 1939.

The month's operations brought total small-home mortgages selected for appraisal by the FHA during its six years of operations above the 1,000,000 mark, in the amount of approximately \$1,400,000,000. Total mortgages accepted for insurance, including some outstanding and expired commitments, cross the 700,000 mark during the month in the amount of just more than \$3,000,000,000.

The summer holidays, combined with poor weather, caused a small decline during August in the number of homes being started under FHA inspection from the record levels attained in July. The continued large volume of applications being received, however, points to higher levels of construction during coming weeks, Mr. McDonald said. The last three weeks of August, he pointed out, saw the heaviest volume of applications covering new construction since May.

During the first eight months of 1940, new home mortgages selected for appraisal totaled 147,987 in the amount of \$681,968,314, compared with 112,912 totaling \$539,352,904 in the same period of 1939, a gain of 31 per cent in number and 26 per cent in amount.

In addition to mortgage-insurance operations under Title II of the National Housing Act, improved housing conditions throughout the country are resulting from the modernization and property-improvement program. Modernization loans insured under Title I during August numbered 55,712 in the amount of \$23,744,022.

ALL HIGHWAY DEPT. EMPLOYEES TO BE FINGERPRINTED

AUSTIN, Sept. 14 (AP)—The highway department has authorized fingerprinting of its employees as a protection against possible frauds in claims made under laws insuring workers and to cooperate with the federal government in the national defense program.

The plan was worked out in conference between highway department workers, the federal bureau of investigation and the public safety department. Print records of the 8,500 employees will be filed by the FBI and the safety department also.

SENATORS BOW TO BROWNS, 5 TO 2

ST. LOUIS, Sept. 14 (AP)—The St. Louis Browns combined three timely singles, two errors and a walk in the eighth inning today to come from behind and defeat the Washington Senators, 5 to 2, in their final clash here this season. Bob Harris held the Nats to six hits before being taken out for a pinch hitter in the eighth.

Correspondents Don't Have To Go To War—War Comes To Them

LONDON, Sept. 14 (AP)—In the kind of "total war" raging over Britain today, the Associated Press employees don't have to go to a distant front. The front comes to them. It's their office and their doorstep, their automobiles or the bus or taxis they're riding in. It's everywhere they move.

Here are examples of a few Associated Press staff experiences: DWIGHT PITKIN, native of Alton, Ill., reporter:

"Coming out of a theatre during a night attack I saw searchlights playing over an angry red sky. Anti-aircraft guns were blasting away and I heard the occasional crump of a bomb. I grabbed a taxi and we sped away.

"All of a sudden there was a flash and a blast that swerved the cab. But there was no debris. I thought it must have been an anti-aircraft gun, and I said so to the driver as we reached my hotel.

"That was no gun," he said. "No guns in that part of town. That was an incendiary bomb. Didn't you notice the blue white flash?"

TOM YARBROUGH, Oklahoma City, Okla., reporter: "The plane bringing me from Ireland last week crossed the channel seven times in two days before it was able to land safely. Then things moved fast. I waited outside com- mons until the all clear signal to hear Prime Minister Churchill. Two days later as planes circled over the center of London, I stood on an apartment house roof and watched the puff of smoke grow to a gigantic glow, then tumbled to the scene of the fire. I heard time bombs exploding startlingly close.

Back on my rooftop observation post that night I watched the silhouetted panorama flecked with intermittent flashes. The whistling scream and an ear-splitting crash seemed to be next door, although actually it was a mile or more away. But I took a belly landing and since then have been learning to do without sleep, and without buses and taxis."

REPORTER HUGH WAGNON, native of Calvin, Okla.: "I've got a bandage over my left eye and another around the left knee. Everybody asks, 'air raid casualty?' and laugh when I say 'No, I missed the bus.'"

"But that's what happened. I fell trying to catch one and was fixed up in a hospital. After changing my torn clothing the air sirens sounded. From the roof I saw fires in the dock area, luckily managed to snag a cab, picked up a photographer and hurried to the scene.

"Firemen were playing jets of water on great fires as new explosions rent the air. One landing particularly close clinched the argument of police to take cover on one side of a brick wall. After returning to the office I wrote my story before remembering, ten hours after the bus accident, that I hadn't had dinner and that knee and head were throbbing with pain."

EDWIN STOUT, Winterst.

MURDER PROBE IS CLOSED AFTER THIRD DEATH

DEL RIO, Sept. 14 (AP)—Sheriff A. E. Steinmetz said today he had closed his investigation into the slaying of Antonia Gomez and her sister, Marguerita, after the death of Eleuterio Gonzalez.

Gonzales, 28, was charged with murder in the slayings after he was found yesterday by a highway near where the bullet-riddled bodies of the sisters were discovered Thursday. Gonzalez's throat had been slashed and his abdomen ripped with a knife. He died last night in a hospital here.

Officers said he was scheduled to be tried soon in Eagle Pass on a charge of criminally assaulting a 14-year-old girl.

RECORD THRONGS AT MONTICELLO

CHARLOTTESVILLE, Va., Sept. 14 (AP)—If you hear politicians shouting in the next six weeks about folks getting back to Thomas Jefferson, there's something to it.

In August 16,521 persons visited Monticello, the home of Jefferson, the largest number for any August on record.

1940 Ballot Is Smaller

AUSTIN, Sept. 14 (AP)—The official ballot for the general election in Texas November 5 may be smaller than that presented to the voters four years ago.

It will be unless the Union or some other little fellow among the parties quickly and unexpectedly pops up and demands representation on it.

In 1936 the ballot was eight columns wide, listing democratic, republican, socialist, communist, union and prohibition parties, in that order, and also having columns for independents and "write ins."

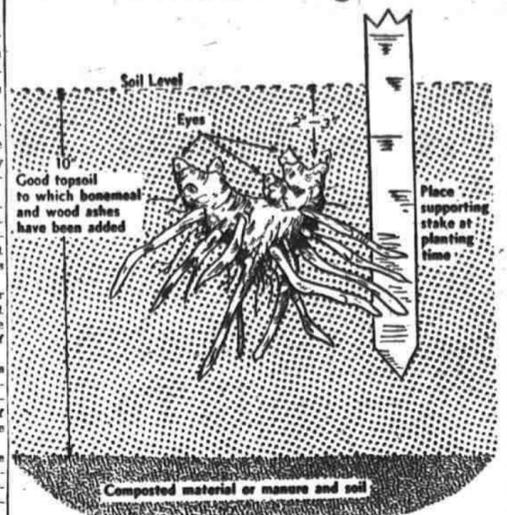

The tentative draft this year calls for the same lineup except for the unionists, who so far have filed no nominees with Secretary of State M. O. Flowers.

Flowers will certify the names of presidential electors and candidates for statewide offices to county clerks during the first week of October. The clerks prepare the ballot finally.

Also shortening the ballot is the fact four constitutional amendments will be submitted, compared with six in the last general election.

All parties named on the tentative ballot put presidential electors in the field, but only the democrats offered a full state ticket. The republicans made nominations for all state offices except commissioner of agriculture.

Bright Blue Squills And Daffodils Should Be Planted Right Now

Give your peonies a proper start.

By CLAIRE NORTON
Author of "Spring Flowers From Bulbs"

This is a story of bright blue squills, of daffodils, of peonies and the reason why you should plant them right now.

The squills are shade lovers. They will grow in places that less attractive plants disdain.

They grow naturally on the forest floor and they'll like just such a spot, or one with just as shady conditions, in your garden.

Both the tiny, early ones and the later, taller varieties are suited for rock gardens, for naturalizing in this grass, for edging, for mixed borders. They self-sow industriously. Their bulbs multiply.

Scilla biflora blooms earliest of all the varieties, grows but three inches high, and forms bright blue masses. Next comes Siberian squill blooming in March. It's from three to four inches tall. Taller and more vigorous are Spanish wood hyacinths, scilla campanulata and English bluebell.

All scillas should be planted in September.

The bulbs of small species should be covered with three to four inches of earth, others with five to six inches.

They thrive in ordinary garden soil but make sturdier growth if leafmold or peat moss is added. They should be mulched each fall with decayed leaves or pine needles.

Good News About Daffodils
Good news for daffodil fans is this: The finest varieties are within reach of even the modest garden budget.

It likewise is good news that American growers are producing

better bulbs than were formerly imported and their products have the additional advantage of being especially adapted to American conditions.

If you've forgotten daffodils, glance again through your bulb catalog and you'll fall in love once more with their butter-coldness, their puckered, velvet mouths.

Plant daffodils early, preferably in September, four to six inches deep in well drained garden loam. Incomparables and plecticus types and larger bulbs of trumpet class need deepest planting.

In measuring depth, measure from shoulder of bulb, not tip.

Space three to eight inches apart, depending upon bulb size.

Two of three inches of mulch after ground freezes is desirable. Remove mulch when shoots appear in spring.

Place For Permanence
As for peonies, select a permanent location where soil is well drained, and in the sun most of the day.

Good garden loam, well drained, produces best results.

Plant from early September until second or third week of October.

A standard three-to-five-eye division of root, or a division grown for a year in the nursery is considered best.

Set the crowns so that the eyes, or buds, will not be more than three inches nor less than two inches below surface. In light soil greater depth and in heavy soil lesser depth, is the rule. After the ground freezes, mulch newly set plants with straw, hay, or leaves. Mulch is not required after the first winter.

Amarillo Is All Ready To Greet Wilkie

AMARILLO, Sept. 14 (AP)—Amarillo relaxed tonight, its preparations for the reception of Wendell L. Wilkie next Tuesday morning complete.

The city, which has, in the last three years, entertained President Roosevelt, Mrs. Roosevelt, James A. Farley and other notables, is ready to greet the first republican candidate ever to visit Texas.

Estimates of the expected crowd vary from 50,000 to 100,000.

The Tri-State fair opens Monday morning, but things are expected to be comparatively quiet until Tuesday. On that day a dozen major delegations from Panhandle Plains towns, complete with bands and banners and scores of smaller groups will converge on Amarillo to hear Wilkie in the morning and parade along the midway in the afternoon.

Republicans and Wilkie democrats from every corner of the state have accepted invitations to attend. Chartered buses will bring some of the delegations.

The arrangements have been in charge of a committee of three Amarilloans, Miles Olvina, rancher and member of the Texas for Wilkie club directorate; Joe Sneed, Jr., rancher, and L. S. Hobbs, Panhandle representative on the state republican committee.

Mexicans Will Observe Their 'July Fourth'

Piasta atmosphere will prevail over the Mexican quarter of the city today and Monday as people of Mexican extraction observe the 117th anniversary of the declaration of Mexico's independence from Spain.

Joe Garcia and Stephen Duron are heading arrangements for the festivities which get underway at 8 p. m. today and continue throughout Monday.

Celebration plans call for a dance to begin today at 8 p. m. in the Blue Cross hall with one hour of speeches set for 11 p. m. After midnight the dancing will start again and continue until the gaily subsidies, possibly sometime before dawn.

A somewhat similar schedule of events holds good for Monday, with a liberal sprinkling of appropriate talks inter-mingled.

CANADIAN VESSEL HIT BY JAPS IN TEST BOMBING

TOKYO, Sept. 14 (AP)—The 16,909-ton Canadian liner Empress of Asia was hit by a test bomb dropped by Japanese naval pilots engaged in bombing practice off Oshima Island, at the mouth of Tokyo bay, but suffered no damage, the Japanese admiralty announced tonight. Four Chinese crewmen were injured.

Japanese officials hurried aboard to apologize and naval surgeons attended the injured.

The liner, a World war veteran which served as an armed auxiliary cruiser and helped transport American troops to Europe, sailed tonight for Vancouver, B. C., her home port.

Market Up Slightly, Though Trading Slow

NEW YORK, Sept. 14 (AP)—Stocks recovered a bit of lost ground today in a market concerned more with the battle for England than with trading.

Only 166,390 shares changed hands, compared with 224,010 last Saturday. But of those few transactions, the only semblance of anything approaching normal activity occurred on the uptake and the Associated Press index of 60 selected stocks rose 2 of a point at 43.1.

The closing found gains of major fractions or more recorded for U. S. Steel, Bethlehem, Youngstown, American Can, Westinghouse, Dow Chemical, DuPont, Union Carbide, Douglas, Sears Roebuck, American Telephone, Consolidated Edison, and Great Northern preferred.

Novice Has A Try With New Garand Rifle, And Finds That It Works

By FRETZ HOWELL
CAMP PERRY, Ohio, Sept. 14 (AP)—An open letter to follows between 21 and 25:

Say, if your big draft worry is fear of being kicked about by the army's new Garand (M-1) semiautomatic 30-caliber rifle, stop fretting.

With all this talk about the M-1 some say it's the best combat gun ever made, and some say it's the worst) we decided today to fire a few rounds, and perhaps get a sore shoulder.

It was our first experience with any kind of a rifle, so Capt. Rothwell Brown, the army's M-1 expert instructor, lay down beside us on the 200-yard range.

Two hundred yards away was a silhouette target, 26 inches wide and 14 inches high, representing the head and shoulders of a man prone.

Hold the rifle tight against your shoulder, get the sights dead on the center of the target, and squeeze the trigger," Capt. Brown ordered.

Never having fired one of the dog-gone things, we expected the recoil to knock off our hat, stop our watch and untie our shoes, but when we squeezed the trigger the "kick" was like a friendly clap on the shoulder.

The scoring pits flashed that the shot was about two inches off the "black," the captain clicked on a bit of "windage" and dropped the "elevation" just a mite.

Then we fired a string of eight in a minute and a half, slow shooting for the semi-automatic, but we were having trouble since each shot kicked the muzzle skyward.

The pits signaled the score—seven "5's" and a single "4," which was just one point away from perfect.

It was the first time we had

KICKING MACHINES
NEW BERN, N. C., Sept. 14 (AP) Tom Haywood, who became widely known through his original four-shoe self-kicking machine that he set up in front of his home at

Croatan, now has competition. A two-shoe kicking machine, equipped with high rubber boots and overall tops, has been installed in front of a CCC camp between Elizabethtown and Clinton.

Yanks Show Old-Time Power In Blasting Detroit, 16 To 7

Now Are Only 2 Games Out Of Top Spot

Hits Mean Runs As Champs Hammer Six Tiger Tossers

DETROIT, Sept. 14 (AP)—Yankees power dormant for three games, exploded with old-fashioned violence today as the world champions slaughtered the Detroit Tigers, 16 to 7, before a crowd of 56,697 fans.

The victory lifted the world champions to within two games of first place in their belated quest for a fifth straight American league pennant. Despite the defeat, the Tigers stayed on top of the standings by a half game inasmuch as the Boston Red Sox moved down the second place Cleveland Indians, 6 to 1.

Almost every hit meant a run to day as the Yankees combined six Detroit pitchers for 16 safeties that included two homers by Joe Gordon and one by Bill Dickey. All of the Yankee scoring was confined to the space of four innings, the victors getting five runs in the fourth and seventh innings, four in the sixth and two in the fifth.

Tigers Lead Early
The Tigers took a 4 to 0 lead in the opening inning when they chased Spurgeon Chandler and looked to be on the road to another victory before the first Yankee outburst in the fourth. Louie (Buck) Newsom, who had faced but nine batters in the first three frames, lost his stuff without warning and before the fourth was over Gordon and Dickey had homered, George Selkirk had tripled and Joe DiMaggio had singled and the Yankees were on the road to triumph.

Newsom stayed on the hill until two were out in the fifth, yielding two more runs, one of them Gordon's second homer of the afternoon. Archie McKain, Tom Seaver, Bob Uhl, Paul Trout and Clay Smith followed Newsom in order and of the quintet only Smith was more than slightly annoying to the Yankee batsmen.

DiMaggio, fighting to win the American league batting title, furthered his cause with four blows in five trips and drove home three runs. Gordon had a single in addition to the pair of homers which lifted his season total of circuit blows to 27.

Mavin Brewer, who relieved Chandler in the first, turned in a workmanlike relief performance, checking the Tigers completely until his teammates had presented him with an overwhelming lead. Although they won, the Yankees didn't stop Hank Greenberg, the slugging left fielder of the Bengals. Greenberg smacked his 34th homer of the year and his eighth in ten games with L. D. Meyer on base in the eighth.

Rudy York swatted his 27th circuit bow in the big first inning upswing.

Indians Held To Six Hits, Red Sox Win

CLEVELAND, Sept. 14 (AP)—Earl Johnson, of the Boston Red Sox gave up only four hits today to defeat the Cleveland Indians 6 to one. Boston scored six runs in the sixth inning on five hits and two walks. Cleveland's only run was in the first without a hit on two walks and two forceouts.

Lamesa Overruns Slaton, 19-0, In Season's Opener

LAMESA, Sept. 14—A poisonous pass combination rocked Slaton's Tigers to the wall here last night as the Lamesa Tornados opened the 1940 season with a 19-0 win before 2,900 people at McCollum Field.

Putrell, Tornado fullback, found Gus White, Jr. crack Lamesa end, twice for touchdown heaves in the first half, and White dropped back once to boot the extra point. Putrell drove over from the two yard line midway in the third quarter for the final count.

Six times Putrell passed for Lamesa, and five times his tosses fell into waiting arms, two for touchdowns. The sixth pass was another perfect pass for 104 yards for the Tornados and Collier booted six times for the Tigers for 174 yards. Lamesa drew 55 yards in five penalties and Slaton got 35 in three, one a 13 yard set-back because of Coach Stump Hamilton's eloquence toward Referee Hart.

On the first play from scrimmage Lamesa fumbled and Slaton recovered on the 20 only to get the stunt. Lamesa took over and counted the hard way, driving down the field with Putrell and Barnard carrying the brunt until Putrell tossed to White for 25 and then for the last 30 yards. White kicked the point.

Pass In End Zone
In the middle of the second, after carrying the fight, the Tornados rammed over a brace of first downs to the 29 on runs by Putrell, Reeves and Cates. Barnard picked up three and Putrell found White in the end zone for the score. White missed goal.

Half time found Lamesa knocking at the door again, when Collier, tackled on the one foot line on the kick-off booted out to the 38. Barnard contributed nine yards in two tries and Putrell and Cates made it a first down on the 23 yard line. Putrell ripped off nine through center and added two more for a first down. Then Putrell pitched to Cates for 11 yards, but two plays failed as the half ended with the ball on the half yard line.

Slaton started poorly in the third, but given life by their initial first down via a penalty, the Tigers opened up an offensive from their own 35 yard line only to bog down near mid-field. Putrell and Cates, with Reeves joining in, powered the ball downfield for another score, Putrell going over. White's kick was wide.

Have In The Line
Near the end of the quarter Collier took over for the Tigers and worked great havoc with the Lamesa line, maneuvering to the Tornado 49. Bell picked up a first down on the 40 and Collier scampered 19 yards to the Lamesa 21. Three Tiger thrusts netted six yards, and the fourth lost three, but Lamesa drew an offensive penalty to give the Tigers a first on the 10. Collier got two at tackle and then fumbled across the goal line, Lamesa recovering to end the threat.

White kicked out nicely 45 yards out of bounds. Slaton got to fumbling and then a substitute talked to cost 15 yards more, leaving it second down and 35 yards. Collier hit Blasingsame for 25 of the needed yards, but Collier was short to Bell and kicked only 15 yards. Reeves and Putrell took over for Lamesa and picked up a first down before stalling. Collier passed to Bell for eight and gained three for the first down. Collier connected with Bell for seven, then failed to gain, missed Sparkman and had to kick. Cates and Reeves picked up a pair of first downs for Lamesa before Putrell's goal line toss was missed by White. Barnard made four as the game ended.

Bufs Meet Beaumont In Texas Finale

Krist Or Novak Due To Take The Mound For Houston

HOUSTON, Sept. 14 (AP)—Howard Krist or Hank Novak will be on the hill tomorrow, as the Houston Buffs face the Beaumont Exporters in the first game of a best four out of seven series for the Texas league championship.

Krist, who was named for the opening assignment Friday before the start of the final battle with Oklahoma City, was nursing a heavy cold as the herd returned home Saturday noon and unless the loop's best right hander is much improved the nod will go to Novak.

The young right hander has been effective against Beaumont this season. Manager Eddie Culler also announced that Nick Dylo, veteran outfielder, would not be used as a starter in the Beaumont series.

Managers Al Vincent is expected to shoot Les Mueller, cross fire right hander, at the Buffs. Mueller, who has a no-hitter just before the close of the regular campaign and checked in with a two hitter in the San Antonio series for a shutout, won 18 and lost 11 during the regular season. Krist had 23 wins during the year against eight setbacks and Novak scored 13 while losing six.

Should Vincent decide to tilt Mueller for the second tilt, Luther (Bud) Thomas, a veteran moundman, is due out.

B'Spring Riders To Test Lamesa

Big Spring's poloists will be defending their home grounds when they meet Lamesa riders on Bennett field today at 3 o'clock.

Having been rained out of a proposed tilt two weeks ago when they were to play in Big Spring, these two quartets of riders have never met before.

The Lamesa positions are filled by A. C. Woodward, number one; Leo Barron, riding in the number 2 slot; Walter Lawrence, number three post; Banks Stocks of Pecos, number four rider.

Opposing the Lamesa poloists will be Lewis Rix, number one; M. H. Bennett, number two; Lloyd Waason, number three; Pat Patterson, number four.

Plans are being made to arrange for a turf field next spring. It will probably be located about one and one-half miles east of the rodeo grounds.

W'Brook In Opener Tie With Forsan

Forsan's underdog six-man footballers taught the heavier and more experienced Westbrook gridiron to a 32-32 tie Friday afternoon at Forsan.

Westbrook, last year's champions in the six-man circuit, were slow in getting started and had two touchdowns against them before they opened up a drive that mixed passes and running plays for a break through the Forsan line. They were able to run across five touchdowns in quick succession. Forsan's Kenneth Kelly, fullback, turned on the heat once during the time Westbrook was running wild and kept Cagle Hunt's aggregation in the running with three markers on their side of the board. Late in the game, Forsan broke loose and broke through Westbrook's defenses to even the score.

Kelly played the outstanding game for Forsan and Darrell Farmer, fullback, shined in the best all-around performance for the visitors. Palmer and Frank Oglesby formed a passing combination that made long gains against the Forsan home defenders.

Cosahoma's Bulldogs got off to a good start in the six-man football race Friday by vanquishing Hill Garner sextet on the latter's home ground, 37-6. Cosahoma commanded the situation all the way.

KIMBROUGH SCORES TWICE IN A&M SCRIMMAGE
COLLEGE STATION, Sept. 14 (AP)—The Texas Aggies A. and B teams, labelled the Whites, ran over the Grays, 33-0 here today in a regulation game intrasquad scrimmage.

Burrus Has Major Role In Cowboys' 33-0 Win

Betty Jameson Adds Western Amateur To Her Bag Of Titles

BETTY JAMESON

SEATTLE, Sept. 14 (AP)—Shooting a sensational four-under-par afternoon round, Betty Jameson, the solemn-faced national champion from San Antonio, added the women's western amateur championship to her collection with a 6 and 5 victory over Marion Milley of Lexington, Ky., in the finals at the Seattle Golf club today.

They were even-up at the end of the first eighteen holes, but Betty took command on the very first hole of the afternoon round. In square accounts with the girl who gave her a 7 and 6 being in the finals of the western three years ago.

Betty went out in the afternoon in 36, one under par, then birdied three of the next four holes to wind up four under par for the final 18 holes. Miss Milley's unexciting putter, plus hooks and slices at vital points, made her game no match for that of the national tilist.

Reds, Dodgers Both Make A Clean Sweep

NEW YORK, Sept. 14 (AP)—Jim Rippie's ninth inning homer gave the Cincinnati Reds a 3-2 victory over the New York Giants today and a clean sweep of the series. The losers got 11 hits, including a homer by Mel Ott, to seven for the winners.

BROOKLYN, Sept. 14 (AP)—The Brooklyn Dodgers made a clean sweep of their five-game series with the Pittsburgh Pirates today winning the second game, 4-2 on Tex Carleton's timely relief pitching after Freddie Fitzsimmons pitched and won the first game 5-0.

BOSTON, Sept. 14 (AP)—Despite a five-run rally tying the score in the eighth inning, the Boston Bees lost to the St. Louis Cardinals 6-5 today as Pitcher Clyde Shoun won his 13th victory of the season. Shortstop Eddie Miller's bobble of Mickey Owen's single in the ninth gave the Cards a chance to score the winning run.

PHILADELPHIA, Sept. 14 (AP)—Behind Syd Johnson's five hit pitching, the Phillies turned a triple and homer into five runs today to beat the Chicago Cubs 5-3. Chuck Klein hit the triple and young Danny Litwiler the four bagger.

Borger Takes WT-NM Title

LUBBOCK, Sept. 14—Championship of the West Texas-New Mexico league passed into the hands of the Borger Gassers tonight, as the crew from the upper Panhandle blanked Lubbock, 5-0, in the final game of the playoff.

Borger had finished fourth in the season's standing, and bested Pampa in first-round playoffs while Lubbock was eliminating Amarillo. The Hubbers, out after their third straight title, took only two games in the final playoff.

Borger.....000 002 100—5 8 0
Lubbock.....000 000 000—0 4 2
Crues and Potocar; Kramer, Williams and Castino.

NELSON AND MERKA NAMED CO-CAPTAINS OF BEAR SQUAD
WACO, Sept. 14 (AP)—Robert Nelson, all-conference center, and Milton Merka, steady blocking back, both of Bryan, today were elected co-captains of the Baylor football team.

The Bears romped through their second straight day of vigorous scrimmaging. Dwight Parks of Elkhart, squadman in 1939, flashed the form of his freshman year as he picked up long gains, putting out the morning workout, putting on a one-man show.

Jack Wilson led in the aerial fireworks, connecting time and again with the Bruin ends. Nelson was sending placement kicks through the uprights regularly as far back as the 30-yard line.

H-SU Aerial Attack Blanks Hill Billies

Local Player Accounts For Two Of Touchdowns
ABILENE, Sept. 14 (AP) The Hardin-Simmons University Cowboys traveled the easy way—by air—to crush the Daniel Baker Hill Billies of Brownwood here tonight in the city's first 1940 football battle. The score was 33 to 0.

The Cowboys struck twice in the first quarter with touchdown passes that were good for 50 and 44 yards, respectively. A second quarter aerial that netted 11 yards scored the third touchdown, and a 21 yard pitch accounted for the fourth touchdown midway the third period. Tiring of their overhead game, the Ranchers drove 54 yards for the final marker, registered in the fourth.

H. C. Burrus scored the first touchdown, then Deward Marcum the second, James Crocker the third, Burrus the fourth and Harry McRae the fifth on a line plunge.

The Cowboys made 13 first downs, the Billies 3.

Lineups:
Daniel Baker—Pate and Adams, ends; Trussell and Shultz, tackles; Campbell and Howard, guards; English, center; Stewart, quarterback; Childs and Chambers, halfbacks; Lewis, full.

Hardin-Simmons—Parker and Burrus, ends; Thompson and Trendway, tackles; Tucker and Moore, guards; Lewis, center; Russell, quarterback; Molkenthin and Walsh, halfbacks; Oatman, full.

Score by quarters:
Billies.....0 0 0 0—0
Cowboys.....14 6 6 7—33

Lew Says He Can Get The Job Done In Six Rounds

PHILADELPHIA, Sept. 14 (AP)—There were plenty of boys around Broad and Locust streets today who would give even money that the non-title fracas between lightweight champion Lew Jenkins and Bob Montgomery Monday night won't go beyond six of the scheduled ten rounds.

Foremost among those who subscribed to this belief was none other than the Sweetwater, Tex., socker himself. He not only predicted he would win in six beats but that he would do it with a knockout punch that will "make this Philly feller think he was hit by a mule's kick."

"If they don't stop it in six rounds," said Lew, "I'll put him down for keeps. I'm in much better shape than when I met Henry Armstrong—in as good condition as when I knocked out Lou Ambers. You Montgomery rotter had better feel sorry for him."

The Montgomery camp agreed the scrap probably would end in six rounds, but they said Jenkins—not the young Philadelphia negro—would be on the receiving end of the knockout blow. All you have to do, they contended, is to look at Montgomery's record—16 knockouts in 19 bouts and two decisions.

WOLCOTT DOING OK AS OWL DRINGER

HOUSTON, Sept. 14 (AP)—On Coach Jess Neely's own words and on performance in this afternoon's first scrimmage, Fred Wolcott is doing O.K. with his football.

The erstwhile world's outstanding hurdler is going to play plenty of football for the Owls this season, according to a pre-publication statement by Neely.

And Wolcott snagged a lateral from Whitlock Zander and sped about 50 yards for a touchdown in the feature play of Rice Institute's opening scrimmage. The world's record holder in the 220 yard low hurdles made several other short dashes to prove himself surprisingly adept with a football under his arm despite absence from the gridiron since high school days.

REPORTS BEING ROBBED OF 40c
Travis Aaron reported to police early Saturday morning that he had been robbed of 40 cents by an unmasked man on scenic Drive. He said that he was hijacked at 1 a. m. Saturday by a man who appeared to be a-out 25-30 years old, who wore khaki clothes and a dark hat.

Dick Chapman Takes Amateur Title By Margin Of 11-9

MAMARONECK, N. Y., Sept. 14 (AP)—They threw a tournament golfer in against a week-end golfer in the final of the National Amateur championship today, and the result was a foregone conclusion after the first nine holes.

What was supposed to be a 36-hole final ended on the 27th green, where Dick Chapman, the week-end player, racing across the turf to shake the hand of Dick Chapman, the seasoned campaigner and now champion.

Chapman—Richard Dorval Chapman is the full name—thus supplanted Bobby Jones as the second most decisive winner in the history of the tournament. For Chapman whipped McCullough by 11 and 9, while Bobby's biggest score was 10 and 9 against Phil Perkins at Brae Burn in 1928.

McCullough, 32-year-old Philadelphia who reached the finals with conquests of two ex-champions and a two-time finalist, looked as if he were going to make a match of it when he won two of the first three holes with birdies this morning. But two holes later the match was squared. From there on McCullough could win only two holes.

Longhorns Battle Mountaineers To A 6 To 6 Standstill

Big Spring Shows Potential Threat

By JACK DOUGLAS
Climaxing a drive that started in midfield when Ralph Stewart, fast-moving Longhorn end, took a short pass and raced down the field to put the ball in scoring position, Pat Murphy's Big Spring gridders crashed through the Mineral Wells Mountaineers' defense to tie the score, 6 and 6, in the opening tussle of the 1940 football season for both teams.

Owen Brummett, hustling Bovine halfback, ripped through to even things for the night's session.

Cy Perkins' mountain boys had previously hung up a six-point lead when Gregory Ware, Mountaineer halfback, hurled a pass to Frank McQuery, right end, who then tore down for a counter.

Having been put on the defensive in the opening rounds of the game, the Longhorns made an uphill fight to overcome the Mountaineer lead.

During the entire first quarter and about half of the second, Big Spring battled in their section of the field. The maroon and white jerseyed Mountaineers were able on several occasions to get within hitting range of the Steers' goal line, but were unable to show a touchdown drive of sufficient strength to push through for a counter. It was not until the third quarter that the Mineral Wells aggregation was able to put on sufficient steam to roll into the payoff zone.

In addition to Stewart's spectacular dash down the field with the pass that paved the way for the Longhorns' counter, Pete Presley, shifty and hard-hitting Big Spring fullback, provided one of the highlights of the night's affray when he booted the ball on about the 50-yard line and watched it sail down the field to land on the Mineral Wells 5-yard stripe and then roll out of bounds. This was, by far, the longest ride given the pigskin in the evening's performance.

Kash Strong On Defense
Paul Kash, rangy center, turned in what looked to be an outstanding defensive game for the Bovines. Brummett put in his bid for recognition as a top-flight defensive man with the manner in which he kept in the Mountaineers' beads throughout the festivities.

On the whole, both Steers and Mountaineers played the type of game that the paying customers like to see. There were few outstanding spots during the fray, but those that did occur made up in some measure for the raggedness that is to be expected in an opening game.

To start the game Mineral Wells kicked off to Big Spring, the ball going over the goal line and then being placed on the 20-yard line. Big Spring was forced to punt out of the danger zone. The maroon and white team hit the line twice for gains of four and five yards and Ware drove over for the initial first down of the night. A potentially dangerous passing attack was inaugurated by the Mountaineers, but it was soon abandoned when any progress failed to result.

Brummett nailed Mineral Wells' Ware with a hard tackle that knocked the oval out of the Mountaineer's hand, but the ball was recovered by one of the maroon and white linemen. The Perkins boys' touchdown drive came to an abrupt end on the Bovines' 20-yard stripe. Big Spring's Tabor Rowe, quarterback, attempted a line play to get out of danger but failed to gain. A punt sailed down to Ware, who returned the ball a short distance before he was chopped down by Brummett.

Fail To Gain on "Break"
A fumble by the Steers on their own 7-yard line was recovered before the Mountaineers could take advantage of the first clear-cut break of the game. Lady Luck gave the nod to Big Spring's short time later when Horace Bostick, ball-toting Longhorn halfback, captured a pass hurled by Hill Billy Ware. A fake by Big Spring gained a short distance and it looked as though the Steers were finally getting on the right trail up the mountain, but the Mineral Wells ends and backs started sifting through a hole in the black and gold interference and Murphy's proteges were forced to kick.

Late in the second quarter, Lemuel Nations, substituting in the Big Spring backfield, got out in the open to receive a possible touchdown pass, but the ball sailed over his head and the chance was ruined.

During the latter part of the second quarter, Big Spring started taking advantage of the south wind and kept Mineral Wells in almost as bad a position as they had been in during the first quarter. This wind played a large part in the showing made by each team. It seemed as though the gridders with the wind to their backs were able to keep their opponents at a disadvantage with punts that floated down the field.

Mineral Wells' score was marked up after Edwin Evans, left end, snared a Longhorn pass. The passing combination of Ware to McQuery failed to work out as planned on the following play, but they fulfilled their promise as a scoring threat on the next play to ring the bell in Mineral Wells' favor.

Near the first of the last quarter, Brummett broke through the forward wall of the Mountaineers and was bound for pay dirt, when two maroon and white backs thundered through the Steers' interference and smothered him.

A last scoring threat for Mineral Wells was put on near the end of the game when Ware's pass to McQuery put them in scoring position. This last minute attack was squelched by Rowe when he intercepted a repeat performance attempted by the two stellar Mountaineer backs.

Big Spring's showing was one that had few highlights and bogged down occasionally but it very likely fulfilled the purpose of a non-district game. Namely, it brought out in glaring detail the rough edges that must be worked on if Big Spring is to acquire a winning combination polish. The blocking and interference was slow and confused, thereby contributing to setbacks to plays that should have paved the way for additional markers in their favor. But, regardless of the inconsistent playing exhibited, Friday night's tussle with Mineral Wells brought out that, although they don't have a first-flight winning team, Pat Murphy and his gridders are not whistling in the dark when they declare they have the best prospects this time than they have had in the last few years.

Officials: Referee—Harry Taylor, T. O. U.; Umpire—Frank Kimbrough, Hardin-Simmons; Head Linesman—Tonto Coleman, A. C. C.

LOOKING 'EM OVER

With Jack Douglas

"They're not bad but are not exactly what could be called a district title threat"—such seems to be the general opinion on the basis of the Big Spring Steers' showing Friday night in the non-district game with the Mineral Wells Mountaineers. Of course, no actual opinion can be given as to their prospects in the loop, since a debut tilt is usually expected to show a team all the weak spots that must be ironed out before a title race is at stake.

Pat Murphy's gladiators will have two more non-district tests, one with the Austin high school of El Paso next week and the following week with "Goober" Keyes' state crown-holding footballers of Lubbock. With these two non-circuit tilts under their belts, the Longhorns should be able to let the opposing gridders know they have played a game of ball when the last whistle is blown during the rest of the season.

It appears that the Bovines have yet to develop the maximum degree of blocking and interference on end sweeps and off-tackle plays before they have an efficient scoring machine. Also, judging from the press box, that old through-the-line punch is not all there yet.

According to "Goober" Keyes, Lubbock's defending football champions of Texas are not in as good a position to be at the top of the list as they were last year. He claims the Westerners have been hit heavily by the loss of a majority of the headliners from last season and just don't have the players they had on their roster last year. Where have we heard the same line of talk? Regardless of what the boss of the outfit says, we are going to reserve any and all opinion on the gun-toters from Lubbock until a much later date.

San Angelo's hopes for a district winner in the gridiron wars will be placed on a team that has three first-line veterans in the forward wall and none in the rear position. One of these backs, Lewis Hill, is a regular tackle from 1939 moved to the fullback's berth. Coach Harry Taylor is pinning a lot of his hopes on the performance of Lee Sandlin, last year's first-string center who has graduated from the 135 pound class to the 160. Both guards are lacking in experience on the starting roster and a tackle and an end are rookies.

All Summer Talk To The Contrary, Jack Crain Is Still A Trim 170

By FELIX R. MCKNIGHT
AUSTIN, Sept. 14. (AP)—Cowboy Jack Crain will ride again, and at the old weight of 170 pounds.

It probably will come as a terrific disappointment to the summer gossipers who hiked the cowboy's waistline to proportions of a cider barrel and listed his waddling weight at 200 pounds, but Cowboy Jack is very trim.

So trim, in fact, that members of the coaching staff solemnly swear that the Nocona nugget reported for fall training in the best condition of any back on the University of Texas squad.

Furthermore, the cowboy has made no demands for a first mortgage on the administration building or a shot at Dana X. Bible's job.

He is just quietly worrying along in his old capacity as perhaps the nation's outstanding ball carrier. The cowboy is a very normal lad, he is assured, and is a favorite with his mates.

The rumors concerning the stumpy little genius gathered more momentum than a chain letter the past few months. The simple fact is that he quietly worked as a counselor in a summer camp for teen-age youngsters for three months.

To quote a man extremely close to cowboy:

"Rumors had the more impressionable citizens believing that Crain would report for practice weighing more than 190 pounds and dragging the ground fore and aft; that he would insist on a valet to help with his uniform and a couple of stooges to do his blocking and tackling, that he could come to practice only on photographer's day, and perhaps order up beer and sandwiches between each quarter.

"The stark truth is that Crain has been a model of industry and attentiveness since reporting, hasn't given the coaches a minute's worry, takes his share of the drudgery without hesitation, and, in general has exhibited a perfect attitude."

The cowboy is brown as a nut, is the first man on the practice field at each workout and could probably play 60 minutes of football tomorrow.

To get down to the meat of the matter—Jack Crain may be better than ever this season.

Volunteers WANTED!
This is a second call for volunteers. We want men that are willing to help defend America by producing something—plenty for our own citizens and to help prevent starvation in Europe and Asia.

Men, those who survive must be fed, and America must be prepared to prevent wholesale starvation. So, if you are willing to help in the great fight, then join our ranks, and let us learn how to do the job better by preparing ourselves now.

H. M. Neel, manager of the Big Spring Feed and Seed Co., a begging the real, progressive farmers and ranchmen of this area to join him on a 4 or 5 days educational trip to the world's largest Experimental Farms at Gray Summit, Mo., 35 miles west of St. Louis, at the foot of the Ozark Mts., thence to the World's largest laboratories and biological feeding tests.

If you are interested in trying to learn more about your business of farming, dairying or ranching this is the one opportunity of your life. The man who has something to sell these days is the man on top.

This Farm trip is intended to teach with the eye and to show living examples of the new way of making more money at less cost in feed.

By joining the party which is to leave Big Spring on Sept. 22, we will guarantee that all expenses of the round trip will be just one-half what it usually costs to make a similar trip.

If you are a farmer or ranchman you will be eligible. Call around at once and let us talk over the matter, and let us show you how it would pay you to make this trip, or phone 640 and learn more of same. Call at Big Spring Feed and Seed Co., 205 W. First St. in Big Spring, H. M. Neel, owner and manager.

THE DAILY HERALD

District 3-AA Officials In Parley Here

Eligibility lists of member schools were exchanged at a meeting of the executive committee of district 3-AA of Texas interscholastic league in Big Spring Saturday morning. No questions of eligibility were brought before the group.

Tentative plans were made for a double round-robin basketball schedule between members of the district. The organization was suggested by V. Z. Rogers, superintendent of Lamesa schools. He was appointed to arrange the schedule for the season.

A motion was made that the committee make some arrangement concerning the admission and seating of coaches scouting games. Heretofore, letters and other means of identification have been used, although there have been complaints about the difficulty of obtaining recognition at times. It was proposed that district passes be issued to each school for a number of coaches to be used by the individual staff. The proposal was set aside until a later date.

The time limits of quarters for football was taken up for consideration. It was decided to continue letting the coaches decide for each game how long each quarter should be.

W. C. Blankenship, superintendent of the Big Spring schools, was re-elected to the chairmanship of the committee. Ross Covey, superintendent of schools at Sweetwater, and L. E. Dudley of Abilene were elected first and second vice-presidents, respectively. C. H. Kenley of San Angelo was voted to succeed himself as secretary to the district governing body. Mr. Kenley presided over the meeting in the absence of Mr. Blankenship and Mr. Covey.

Superintendents, principals and coaches present were: Murry Fy, Taylor Rushing, Jim Williams, Bryan Dickson, Harry Taylor, Hervey Blue, C. C. Harless, T. P. Baker, Pat Murphy, Edmund Notevine, Lawrence Priddy, Adrian Clark, F. T. McCullum, Bud Taylor, Earl Clark, Joe Coleman.

To N. T. S. T. C.
Mrs. Ruth Burnam is to leave Sunday morning for Denton to attend school at North Texas State Teachers college. She is the daughter of Mr. and Mrs. O. T. Arnold.

Arkansas Without Passers This Year

FAYETTEVILLE, Ark., Sept. 14. (AP)—The famed tag that identified University of Arkansas football teams the past three seasons has been shelved.

No longer is Arkansas "the pass-hungry team in the nation."

Not that Coach Thomsen wearied of the spectacular play that started making him an old man. He just doesn't have the equipment.

Gone is Kay Eakin, the nimble boy who passed and passed and then kicked and ran some last season. He's gone to the professional New York Giants.

No one is there to replace him. But Coach Thomsen passes it off with:

"Maybe with more runners than passers we'll get away from the dangerous plays that often failed us the past few seasons."

Frankly, Arkansas will come out with the heaviest backfield in ten years, and the trend is definitely towards the running game. If a star is to be found in the backfield, it will be Jay Lawhon, a boy who has never played a Southwest conference game.

The boy they tagged as the "sophomore most likely to succeed" last season finally accumulated so many wounds and ailments in the training sessions that he just didn't get to play. He has the makings of a great fullback, however, and is Thomsen's starting choice.

With him will be Aubrey (Pug) Neal, a 172-pounder who started in the last two games Arkansas played last season at quarterback; Felice Chalona, a fine looking Italian boy from Fort Smith, Ark.; and Estes McDaniel, 190-pound senior back who was "found" in the middle of the '39 campaign.

"Naturally, we have room for a lot of improvement in strategy on the field," Thomsen admitted.

No different from any other football team in lean years, Arkansas will be no stronger than its tackles. Right now it looks as if Jan Carter, 225 pound senior, and Jeff Coats, 205-pound junior, will make the starting tackle positions. Only sophomores and one transfer are in reserve. It worries Thomsen.

The guard situation is none too bright although in Milt Simington, the 225-pound veteran who owns the great kicking foot, they have at least one spot plugged. Co-Capt. A. J. Yates, a 187 pounder handicapped by injuries last year, is the other starter. But again the

Kegler Loop To Organize

Final details for the organization of a class A bowling league will be worked out Monday night at 8 o'clock at Billy Simons bowling alley. The league is to consist of eight teams.

Teams and captains are as follows: Hall Wrecking Company—Ward Hall; R. & R. Theaters—Gus Hopner; Lee Hanson—Jack Smith; Barrow Furniture—Stanley Wheeler; White Swan Laundry—James Eason; Harry Lester Auto Supply—E. Compton; Cornellos Cleaners—J. C. Loper; Douglass Hotel—Clyde West.

AIR BATTLE RINGSIDE—Helmsted Winston Churchill, England's doughty prime minister, watches an air battle from some spot in Dover while the mayor of Dover stands calmly by his side. The prime minister has one of his habitual cigars, although on another occasion he had to toss a cigar aside, by order of the warden at an air raid shelter.

AN ANALYSIS OF THE WAR DEVELOPMENTS

Air war tactics, the calendar and new threats from Berlin combine to reinforce the warning in London that the next 48 hours is a "period of intense danger of invasion to England."

The targets sought by Royal Air Force bombers testify that the men who direct the latest aerial defenses are guided by the judgment that the supreme Nazi bid for victory may come at any moment.

With a single purpose, British bombs are being directed against the spearhead of the menace across the channel.

When Berlin for the second night escaped attention, Germany was told that enemy bombers had been forced back. What is more probable is that the British never headed for the German capital at all. More than ever just now, Britain is compelled by necessity to shun mere reprisals lest the hammering be weakened against nearby Nazi airfields, big guns, troops and ships.

The calendar, tide tables and weather records are eloquent of the immediate peril to Britain. Friday night German bombers were guided to their targets by bright moonlight. There is a full moon this week and Wednesday will bring the highest tide of the period. The channel and North sea are free from storms for the moment.

These considerations figured prominently in Prime Minister Churchill's warning of last Wednesday that "we must regard the next week or so" as ranking in importance with the days when the Spanish armada was approaching the channel.

An incidental consideration is suggested by American air experts. They calculate that regardless of the effect of moon, tides and weather on the chances for invasion by sea, several weeks of good flying weather remain for aerial warfare. It will end, by this judgment, when cold weather brings ice to coat warplanes wings and controls.

New Chrysler Models Being Shown Here

Chrysler's models for 1941—Improved cars in engineering, appearance and performance—are now being displayed locally by the Big Spring dealer, Marvin Hull Motor company, 207 Goliad street. "Big news" with the Chrysler line this year is that Fluid Drive, introduced to the public by Chrysler in

K. T. KELLER

1938 and heretofore available only on the higher priced models, will be optional equipment on the lower priced units.

An announcement concerning Fluid Drive has come from K. T. Keller, president of the Chrysler corporation.

"Two full model-years of very successful experience on our higher priced cars have shown us the public will welcome the extension of Fluid Drive to our less expensive models," Keller said. "We are very happy to be able to make this important engineering development available to a much larger number of motorists. We are confident of an enthusiastic public acceptance in this wider group and we are assured that our dealer body will welcome this added sales opportunity."

"Many thousands of motorists, driving many millions of miles, have already attested the fundamental merits of Fluid Drive. Their experience has confirmed our original conviction that it is the most modern and practicable method of power transmission. Extensive laboratory and road tests had proved this to the complete satisfaction of our best engineering department long before we offered it to the public in our most expensive Custom line.

"Fluid Drive is so different from ordinary driving that it is a wholly new experience. Fluid Drive is an example of applying sound engineering principles that give practical benefit to the man or woman who drives a car. It is so easy, so effortless, so much simpler and safer, it so simplifies driving, that I believe Fluid Drive must be compared in motoring importance to hydraulic brakes and Floating Power... two of the many other pioneering achievements of Chrysler Corporation engineers.

"Fluid Drive has been available only upon your higher-priced Chrysler cars. Now, in response to public demand, we have made it available also on 1941 models of the lower priced Chryslers. Not only that, but we are adding to the basic principle some further advances that make it even more extraordinary in operation."

Oil Workers Class Opens On Monday

Organization of a class for oil field workers at the Coahoma high school Monday at 7:30 p. m. will officially induct the 1940-41 adult evening school program, E. C. Pennington, coordinator, announced Saturday.

The class to be organized at Coahoma is the second undertaken there. Sixteen men received certificates at the hands of the state department of education in June for their work in "petroleum production practices" with W. T. Wynn as instructor. Pascal Buckner, district vocational education supervisor for the state department, will attend the meeting.

Pennington said he hoped to have two other classes going by Oct. 1. One is an electricians shop mathematics course to be taught by H. C. Hamilton, telephone company wire chief, and the other a household service course for negro women. A similar course for Mexican women is contemplated.

Other oil field worker classes are indicated for the year, according to the supervisor.

The field for adult evening school education is practically unlimited in the distributive and industrial fields. Only 12 are required to form a class and an instructor is chosen from that field of endeavor or an allied trade or vocation. Any person interested in organizing a class should contact Pennington at 415.

Assisting him this year will be an advisory committee composed of Marvin Wood (automotive), C. J. Staples (distributive), St. Merritt (employment), J. E. Monteith (carpentry and contracting), and J. C. Rogers (shop foreman).

20 Mattresses Produced On New Project

Twenty mattresses were produced during the first four days of operation of a program to furnish 230 low income farm families with better bedding, Lora Farnsworth, county home demonstration agent, said Saturday.

She hoped that the rate of production would be stepped up during the coming week at the center in the community center building at the city park.

A second center is to be put into operation at Coahoma Tuesday, possibly doubling production.

One handicap in the program thus far has been the fact that frequently only one member of the family to receive the mattresses has appeared to assist in the work, said Miss Farnsworth. She appealed for three or four members of each family to participate in the work.

During the past week the Fairview home demonstration club members have served as supervisors and this week Overton club members will do this chore. The work is due to continue until 200 additional mattresses have been made.

Phillips 66 Men In Sales Parley

More than 150 dealers and agents for the Phillips Petroleum Corp. heard optimistic predictions for business at the regular autumn Phillips 66 sales meeting here Friday.

H. O. Starks, Amarillo, division manager, presided over the session for the 17 agencies in West Texas. Others participating in discussions were G. D. Henderson, Amarillo, district sales promotion manager; W. O. Stephens, district credit manager; Walter Kindeman, Bartlesville, Okla., general sales manager, and J. A. Whitley, P. D. Verthelet and Paul Hunt, assistant division managers.

Following the sales parley, a Berthelet and Paul Hunt, assistant show by a troupe of Dallas girls—and a dance were staged in the Settles hotel.

Industrial Production Is Heading Toward New High Marks

By FREDERICK GARDNER

NEW YORK, Sept. 14 (AP)—Government "speed up" plans for defense production and a big boost in automobile assemblies prodded industry this week on its march toward new records.

The great backlog of orders previously accumulated in war industries was augmented by naval contracts for 200 ships costing \$3,861,053,312. The war department authorized numerous companies to proceed with plant expansion for defense needs.

Steel, construction, machine-making and other heavy industries quickly regained momentum lost in the Labor Day curtailments. General activity in these fields was at the highest September levels since 1929.

Rising with the quickened post-Labor Day uptrend in heavy industry, the Associated Press index of industrial activity came close to duplicating the peak on the initial war upswing of business last autumn. The index climbed to 111 per cent of the 1929-30 level compared with 109.8 the previous week and 97 a year ago.

Industrial barometers have been climbing since May, pausing in July and early August, then showing renewed vigor as arms spending increased and factory expansion plans moved out of the blueprint stage.

At the rate war industry enlargement was going ahead, steel men and builders counted on further gains before the autumn stimulus to activity waned.

The largest run of corporate financing since the Nazi invasion of the low countries last spring encouraged business circles to look to the capital markets for needed funds.

Listed security markets, however, remained in an atmosphere of suspense over the battle of England.

Commodities likewise felt the suspense over the fate of England but certain industrial materials, notably steel scrap, were quoted higher in reflection of the drive behind arms manufacture.

The Associated Press index of residential building climbed to 114.7 per cent of the 1929-30 level, a new high for the year, from 107.1 the previous week. A year ago it was 98.3.

Retail trade, after sharp August gains, continued to feed on larger payrolls at industrial centers and cash rolling into farm regions from the marketing of crops.

High School Enrollment Increases

High school enrollment increased during the week over figures shown after the first day, a report by John A. Coffey, principal, showed Saturday.

The total had mounted to 865 Saturday, a gain of 60 for a four-day period.

In the seventh grade division, the number enrolled gained slightly to 229, only six above the figure posted Monday when schools opened. Weekend figures for elementary schools were not immediately available.

This year a student's handbook has been distributed at the high school to each enrollee in an effort to clarify many situations, particularly those arising out of requirements for graduation.

The booklet outlines requirements, lists the available courses, explains about dropping and adding courses, classification of students, attendance, textbook, library study halls, lockers guidance periods, reports to parents and grades and marks.

Coffey, in distributing the handbooks, suggested that they be kept as a permanent possession as a reference during high school years.

STRONGER CORD FOR TIRES ANNOUNCED

MEMPHIS, Tenn., Sept. 14 (AP)—Development of a "stronger, more resistant and longer-wearing" cord for use in the manufacture of high-speed and heavy-duty tires was announced by the national cotton council today.

The council said laboratory findings conducted by the Cotton Research Foundation in collaboration with the Firestone Tire and Rubber company, showed that in addition to better flexing properties, the new cord was a "35 per cent higher breaking strength than the best conventional cord and very low sensitivity to both heat and moisture."

The council said the new cord-making process would be made available to the whole tire industry and that revenues gained from royalties would be used for further research.

TOURNEY OPENS SUNDAY AT TEXARKANA

TEXARKANA, Sept. 14 (AP)—The fifth annual renewal of the four states invitation golf tournament will open here at the Texarkana country club next Monday and continue through Sunday.

A wide-open shot at the title was left when Bill Clark of Gladewater, Tex., the 1939 winner, turned pro. Clark, however, will be on hand for the pro-amateur event which features the qualifying Friday and Jimmy McGonigill of Shreveport will also compete in pro ranks.

McGonigill won the four states event in 1937 before turning professional. There was a possibility that Dutch Harrison, the money player from Little Rock, also would compete.

Match play begins Saturday. The semi-finals will be played Sunday morning and the finals in the afternoon.

Athens, Greece, got its name from the patron goddess, Athena.

Couple Marry On 21st Anniversary Of The Bridegroom's Parents

Rose Festival To Be In Tyler On October 3-4

TYLER, Sept. 14.—The world's largest rose show displaying more than 500 varieties and employing 60,000 blooms during a three-day exhibition, opens as a leading attraction of the Texas Rose Festival in Tyler Oct. 3 through Oct. 5.

Mrs. Henry Eagle, chairman of the show, has announced that the huge rose display will be designed by Henry Thompson, graduate architect from Cornell university. Some 20,000 blooms will go daily into the elaborate arrangements that will show hundreds of varieties of roses in mass effects and by individual specimens. The displays will be replaced daily with fresh flowers from the fields.

The rose show, housed in the Claude Holley commodious building easily accessible to visitors, will open at 8 a. m. each day and will close at 10 p. m. Rose field tours and garden pilgrimages will be continuous each day of the festival at Tyler.

The four and rose show will give visitors an insight into the vast rose industry of the Tyler area where annual shipments range from 18,000,000 to 20,000,000 plants that move into every state of the union and into 25 foreign countries.

Thousands of roses will also embellish the floral parade on the morning of Oct. 5, and vast numbers will be used in decorating streets and buildings.

Center Point HD Club Hears Review Of Carnegie Book

The members of the Center Point home demonstration club met in Mrs. H. S. Hanson's home Thursday afternoon, with Mrs. Hanson giving a review of "How to Win Friends and Influence People."

A demonstration on making a serving tray of plywood and rope was given by Mrs. Glenn Cantrell and Mrs. Hanson.

Mrs. Cantrell led the group in a short recreation period, and refreshments were served to Mrs. Jessie Griffith, Mrs. Treba Griffith, Mrs. Albert McKinney, Mrs. U. S. Daimont, Mrs. Leonard Hanson, Mrs. Glenn Cantrell and the hostess.

The club will have its next meeting September 26 which will be an all-day session at the home of Mrs. Jessie Griffith. Serving trays will be made.

Tommy Neels Parents Of Son Born Saturday

Mrs. and Mr. T. H. Neel, 1013 Wood, are the parents of an 8 pound 11 ounce son born Saturday at the Big Spring Hospital. Neel is associated with the Neel Hatchery.

Parish Council To Have Meeting Tuesday Night

St. Thomas Catholic Parish Council will meet Tuesday at 7:30 o'clock at the rectory.

In Hospital

J. D. Knight of Coahoma entered the Big Spring Hospital Friday for medical attention.

Miss Applewhite And Dee Foster Wed Saturday

On the 21st wedding anniversary of Mr. and Mrs. Dee Foster, Martha Applewhite and Dee Foster, Jr., were united in marriage Saturday night at 8 o'clock at the Church of Christ.

The bride is the daughter of H. S. Applewhite of Gustine and Dee Foster, Jr. is the son of Mr. and Mrs. Dee Foster, Sr. The single ring ceremony was read by Melvin J. Wise, minister.

The bride wore a soldier blue street length dress with black accessories. The dress was made with a full draped skirt and short sleeves. Her corsage was of red roses.

The church was decorated with fern and summer flowers and white tapers in candelabra burned on either side of the altar.

Mrs. D. R. Gartman, sister of the bridegroom, was her only attendant and dressed in a black ensemble. Lewis Stahl was the bridegroom's attendant.

The couple will have a short trip to Midland and Odessa and on their return will be at home temporarily at 403 E. 12th.

The bride was graduated from Gustine high school in 1939 and came to Big Spring last November. She has been employed at Cunningham & Phillips for the past eight months.

Dee Foster, Jr., was graduated from Big Spring high school in June, 1940, and is employed at the filtration plant.

A reception was held at the home of Mr. and Mrs. Foster, Sr., for close friends and relatives and cake and punch were served.

Out-of-town guests for the wedding were H. C. Applewhite, McDonald Applewhite, Mrs. Phil Bertram, mayor of Gustine, Leroy Bertram and Mrs. W. D. McDonald.

Central P-T.A. Has Executive Meet And Social In Home

The executive society of the Central Parent-Teacher association held a business and social meet Friday in the home of Mrs. H. E. Howie and discussed projects for the year.

Recommendations for the year's work were made to be put before the association at the next meeting Wednesday.

Refreshments were served and attending were Mrs. J. V. Birdwell, Mrs. Monroe Johnson, Mrs. O. M. Waters, Mrs. M. M. Mancil, Mrs. Tom Slaughter, Mrs. Larson Lloyd, Mrs. R. V. Middleton, Mrs. E. H. Happel, Mrs. L. D. Jenkins, Mrs. Pascal Buckner, Mrs. F. M. Arington, Mrs. G. H. Wood, Mrs. H. C. Hamilton, Mrs. James Wilcox.

Sew And Chat Club Has Dinner Party In Forsan

FORSAN, Sept. 14 (Sp) — The Sew and Chat club members entertained their husbands and families Friday evening at the home of D. F. Yarbro with a no-host chicken dinner and party.

Those present were Mr. and Mrs. U. L. Drake and family, Mr. and Mrs. O. S. Butler and family, Mr. and Mrs. M. J. Bransfield and family, Mr. and Mrs. C. M. Adams and family, Mr. and Mrs. T. E. Yarbro, Mr. and Mrs. E. K. Sawdy, Mr. and Mrs. J. D. McCallin, Mr. and Mrs. J. E. Thompson, Mrs. Ed Chaney and Mr. and Mrs. Yarbro.

The wedding theme was carried out in place cards which were shaped like horse shoes, and love birds, the ice cream was molded into the shape of wedding bells.

The guest list included Beth Houston, Jeanette Thornton, Bert Fowler of Odessa, Bernard Houston, the honorees and the host and hostess.

Mrs. Jim Tom entertained her niece, Eleanor Houston, with a midnight supper and slumber party Thursday night.

Those present were Jeanette Thornton, Mrs. J. T. Bell, Jr., Clowa McClain, Josephine Houston Beth Houston, Corrine Wilson, Beasie Lena Bell and Angela Schell.

Those present were Mrs. and Mrs. U. L. Drake and family, Mr. and Mrs. O. S. Butler and family, Mr. and Mrs. M. J. Bransfield and family, Mr. and Mrs. C. M. Adams and family, Mr. and Mrs. T. E. Yarbro, Mr. and Mrs. E. K. Sawdy, Mr. and Mrs. J. D. McCallin, Mr. and Mrs. J. E. Thompson, Mrs. Ed Chaney and Mr. and Mrs. Yarbro.

The table was laid with an imported grass linen cloth, centered with white blossoms, and flanked with white tapers.

Mrs. Calvin Jones gave a reading, Mrs. James Jones presented several accordion numbers and Mrs. R. L. Daniels presented a violin solo.

Gifts were presented in a large white wedding slipper, pulled with a white satin ribbon by Janice Houston, sister of the honoree.

The young couple was entertained Saturday evening with a dinner party Saturday evening in the home of Mr. and Mrs. Edmund Tom.

The table was laid with an imported grass linen cloth, centered with white blossoms, and flanked with white tapers.

The wedding theme was carried out in place cards which were shaped like horse shoes, and love birds, the ice cream was molded into the shape of wedding bells.

Mrs. Jim Tom entertained her niece, Eleanor Houston, with a midnight supper and slumber party Thursday night.

For that extra special cocktail date, there's nothing will make you more bewitching than black set off with white lace. And that's a tip—lace will be news for this winter. A narrow row belt and a softly flaring skirt are other chic details.

Eleanor Houston Complimented At Three Parties

STANTON, Sept. 14 (Sp) — Eleanor Houston, bride-elect of J. D. Poe, and popular young Stanton girl, was honored this week with three affairs preceding her wedding which is to take place September 17th in Stanton.

Mrs. Ector Thornton and Mrs. Floyd Smith entertained with a gift tea for the bride-elect Friday afternoon in the Smith home.

The house was decorated with roses and Irene Barker, Mrs. Bob Hoover, Frances Clements, Mrs. J. T. Bell Jr., Beth Houston, Clowa McClain, Corrine Wilson, Angela Schell, and Jeanette Thornton were included in the house party and assisted the hostess in greeting guests. More than 200 guests were invited.

Mrs. Gerald Poe presided at the tea table assisted by Miss Bessie Bell of Garden City. The lace-laid table was centered with roses and flanked with white tapers in pink holders.

Mrs. Calvin Jones gave a reading, Mrs. James Jones presented several accordion numbers and Mrs. R. L. Daniels presented a violin solo.

Gifts were presented in a large white wedding slipper, pulled with a white satin ribbon by Janice Houston, sister of the honoree.

The young couple was entertained Saturday evening with a dinner party Saturday evening in the home of Mr. and Mrs. Edmund Tom.

Child Welfare Unit Talks End Friday

Talks on the foster care of children were given Friday at the last of a series of discussions held this week at the parish house of St. Mary's Episcopal church. The discussions were sponsored by the Council of Church Women, who with other workers are endeavoring to establish a child welfare unit in Big Spring.

Miss Lydia Cagle of Austin, of the department of child welfare, was here for the talks and Friday described both institution life for the delinquent child and foster homes for the children.

She pointed out that the child welfare worker investigates both the homes and studies the background of the child in order that the nearest thing to family life and family love may be provided for him.

She also discussed institutional care and showed examples where some children needed the regimenting of such group life.

Miss Cagle also explained the type of work to be done in this community and the type of work most needed by Howard county.

Mignone Crunk gave a log of the working hours of a welfare worker and Marjorie Whitaker of the department of public welfare talked on the daily work done by the department.

Mrs. W. J. McAdams presided and Mrs. Bill Edwards gave a resume of the week's talks.

Rook Club Has First Meeting Of Fall In J. R. Manion Home

The Rook club met with Mrs. J. R. Manion Friday afternoon at 3 o'clock and a rose and white color scheme was carried out in the decorations and refreshments.

Mrs. Satterwhite won high for the guests and Mrs. S. P. Jones won high for the members.

Miss Annie Speed, Mrs. Manion's sister, who is visiting from Cuero, assisted the hostess in the serving of refreshments.

The guests included Mrs. Frank Wilson, Mrs. W. R. Ivey, Mrs. W. A. Underwood, Mrs. S. H. Newberg and Mrs. Roy Wilcox.

Members present were Mrs. R. L. Warren, Mrs. W. A. Miller, Mrs. S. P. Jones, Mrs. M. L. Musgrove, Mrs. C. E. Talbot, Mrs. G. S. True, Mrs. D. C. Sadler, Mrs. W. G. Fulton, Mrs. Sam Eason and the hostess.

Mrs. Jerome Lusk will be the next hostess.

Mrs. H. Reeves Hostess To Rainbow Sewing Club

Mrs. H. Reeves entertained the Rainbow Sewing club in her home Wednesday and roses decorated the room. The group embroidered and sewed and shelled peas for the hostess.

A sandwich and sweet course was served with punch and Mrs. Bernard Reeves was present as the only guest.

Others attending were Mrs. S. Womack, Mrs. Zeb Womack, Mrs. Bob Wren, Mrs. E. L. Eudy, Mrs. Dewey Phelan, Mrs. Tom Stewart, Mrs. J. J. Porter, Mrs. Poisson, Mrs. C. E. Morgan.

Mrs. Tom Stewart is to be next hostess.

Wedding Rites Of Couple Told By Parents

Announcement has been made of the Thursday, September 13th marriage of Margie Davis and Paul Adams in the home of the Rev. R. Elmer Dunham, pastor of East 4th St. Baptist church.

The bride is the daughter of Mr. and Mrs. W. W. Davis and he is the son of Mr. and Mrs. Reece Adams of Ackerly.

The single ring ceremony was used and the bride wore a black crepe street length dress with black accessories.

The couple is at home six miles north of Ackerly where Adams farms. Both attended Big Spring high school and Adams was graduated from Ackerly.

Forty-Two Club Has Election Of New Officers At Meet

The All Around Forty-Two club met in the home of Mrs. Jim Harper for games and prizes went to Mrs. D. P. Day and Mrs. Johnnie Carter.

Visitors were Mrs. W. E. Harper and Mrs. Marshall Byerley. A salad course and iced tea were served and others present were Mrs. P. M. Bradley, Mrs. Paul Harper, Mrs. W. C. Jones, Mrs. D. S. Orr, Mrs. Loy Thompson, Mrs. Claude Harper, Mrs. Marvin Wood, Mrs. F. M. Gray, Mrs. R. V. Fore-syth, Mrs. Joe Carter.

Mrs. Paul Bradley was named president, Mrs. Claude Harper, reporter, and Mrs. Gray, secretary.

Mrs. W. E. Jones, 307 1-2 E. 7th street, will be next hostess.

Woodmen Circle Members Exchange Gifts Friday

Circle Sisters exchanged gifts at the Woodman Circle meeting Friday at the W. O. Wall and Mrs. Lillie Bell Montgomery was elected attendant.

Present were Mrs. Ethel Clifton, Mrs. Viola Bowles, Mrs. Altha Porter, Mrs. Mary Womack, Mrs. Carrie Ripps, Mrs. Ethel Ewell, Mrs. Mattie Wren, Mrs. Anna Potefish.

Mrs. Myrtle Estes, supervisor of the West District, and Mrs. Margaret Brown, deputy, both of Abilene, were guests at the Royal Neighbors meeting Thursday at the W. O. Wall. Mrs. L. S. Bonner presided.

Plans for the district meeting in Odessa, October 25th, were completed and Mrs. Estes talked on a new insurance plan of the organization.

Mrs. Constance Bissard was present as a new member. Mrs. E. W. Burleson, Mrs. J. T. Byer and Mrs. Claud Wright were hostesses and others present were Mrs. Della Hicks, Mrs. Shelby Hall, Mrs. D. S. Orr, Mrs. Opal Ford, Mrs. J. S. Nabors, Mrs. R. L. Hollo, Mrs. Osa McCormick, Mrs. Lena Ewell.

Two Sunday Morning Weddings To Take Place Here And In Odessa

Miss Stamper And Elwood Scott To Marry Today

Edith Frances Stamper and Elwood Scott, both of Odessa, will marry at 10 o'clock Sunday morning in the home of the bridegroom's parents, Mr. and Mrs. C. W. Scott of Odessa. Miss Stamper is the daughter of Mr. and Mrs. L. C. Stamper of Big Spring.

The Rev. Mr. Kee of the Baptist church of Odessa will perform the single ring ceremony.

The bride, who is to be given in marriage by her father, L. C. Stamper, will wear a beige wool street dress with brown accessories. Her dress is made with a high neck and three-quarter length bell sleeves. The only trimming is cartridge pleated pockets and the skirt is made with a fly pleat that extends from the neckline to the skirt. Her flowers will be a single orchid.

Mrs. George Thomas of Big Spring will be her only attendant and will wear a navy blue street length dress with black and red accessories. Her corsage is to be of gardenias.

Andy Anderson of Odessa is to be best man.

"The Bridal Chorus" from "Lohengrin" by Wagner will be played by Dorothy Scott.

The ceremony will be read before an improvised altar in front of the mantle and white mums and palms will be banded before the mantle.

For something old, the bride is to wear a pin belonging to her great-grandmother and for something new, she will wear a new dress.

See STAMPER, Page 3, Col. 1

District Officers Are Guests At Royal Neighbor Session

Mrs. Myrtle Estes, supervisor of the West District, and Mrs. Margaret Brown, deputy, both of Abilene, were guests at the Royal Neighbors meeting Thursday at the W. O. Wall. Mrs. L. S. Bonner presided.

Plans for the district meeting in Odessa, October 25th, were completed and Mrs. Estes talked on a new insurance plan of the organization.

Mrs. Constance Bissard was present as a new member. Mrs. E. W. Burleson, Mrs. J. T. Byer and Mrs. Claud Wright were hostesses and others present were Mrs. Della Hicks, Mrs. Shelby Hall, Mrs. D. S. Orr, Mrs. Opal Ford, Mrs. J. S. Nabors, Mrs. R. L. Hollo, Mrs. Osa McCormick, Mrs. Lena Ewell.

The classic afternoon dress with simplicity as its keynote — White Petersham ribbon forms the trimming and belt. The neckline is squared and the sleeves are the interesting new elbow length. A dress for night and day.

Imogene Barnett To Wed In Home Of Her Mother

Imogene Barnett, daughter of Mrs. Imogene Barnett, and Cecil Phillips of Moore community, son of Mr. and Mrs. J. W. Phillips, Sr., of Moore, will be married at 8 o'clock Sunday morning in the home of the bride's mother.

The Rev. C. E. Lancaster, pastor of the First Baptist church, will perform the single ring ceremony.

The bride will wear a light blue sheer wool dress with navy accessories and her shoulder corsage will be of pink roses.

Miss Barnett was graduated from Big Spring high school in 1937 and has been employed at the telephone office. Phillips was graduated from the Big Spring high school in 1934 and later attended West Texas State Teachers college at Canyon for one year.

Following the ceremony, the couple will leave for a week's trip to South Texas and the bride will wear a soldier blue tailored dress with navy accessories.

They will be at home temporarily in Big Spring and then at Moore where Phillips farms.

Attending the wedding were Billie Barnett, Arab Phillips, Mrs. Joe Barnett, Mr. and Mrs. J. W. Phillips and Dorothy Mae Miller.

Three Guests Attend Meeting Of Informal Bridge Club Here

Three guests, Mrs. E. O. Ellington, Mrs. Albert Fisher and Mrs. Elmer Cravens, attended the Friday meeting of the Informal club in the home of Mrs. George Wilks.

Mrs. Ellington won high score for guests and Mrs. C. W. Cunningham for members.

This marked the last meeting of the round and others present were Mrs. George McMahon, Mrs. V. Van Gleason, Mrs. J. B. Young, Mrs. Shine Phillips, Mrs. J. D. Biles is to be next hostess.

Errol Flynn Heads Big Cast In 'Sea Hawk', Opening Today At Ritz

Adventure Tale Of Piracy Is Unfolded

All of romance, adventure and thrills are packed into one great screen saga, "The Sea Hawk," which is scheduled for today and Monday at the Ritz theatre. Errol Flynn heads the cast of thousands, and featured with him are Brenda Marshall, Claude Rains, Donald Crisp, Flora Robson and Alan Hale.

Rife, with dramatic incidents revolving about England's famous sea hawks, who sailed the seven seas in their pirate galleons, their sails full-bellied in the wind, "The Sea Hawk" is a tale of the Old World in the sixteenth century.

The film concerns itself with the intrigues of Spain's King Phillip and his henchmen directed against the court and possessions of England's good Queen Bees, played by Flora Robson. Flynn is seen as Geoffrey Thorpe, daring captain of a buccanier ship engaged in piratical pursuits against England's enemies. With his husky crew of privateers, he attacks home-bound Spanish galleons loaded with rich booty and robs them to swell England's dwindling coffers. In his capacity of a sort of "Robin Hood of the seas," he has the unofficial but wholehearted approval of his Queen.

On one of these plundering expeditions, he takes prisoner one of Phillip's emissaries to England, a haughty Spanish nobleman, portrayed by Claude Rains. With the Spanish ambassador in his lovely niece, Maria, played by Brenda Marshall. She displeases Thorpe as a pirate thief until he makes amends by returning her jewel casket to her, and explaining that on the Spanish ship were hundreds of Englishmen who had been taken prisoner and impressed as galley slaves. Thus begins a romance

SCENE FROM 'THE SEA HAWK'—Brenda Marshall and Errol Flynn have top roles in "The Sea Hawk," the Ritz theatre's offering for today and Monday, and a stirring adventure tale of England's earlier days, when pirates roamed the seas. Flynn has the role of a swashbuckling man of the sea, Miss Marshall that of the lady he loves.

which blossoms into true love despite the barriers that strive to separate them.

Lavishly produced, "The Sea Hawk" richly recreates the colorful days of Elizabeth's reign, the awe-inspiring clash of mighty galleons, cutlasses ringing in battles for gold, for beautiful ladies, for supremacy of the Spanish Main. Michael Curtiz, Hollywood's ace action film director, has kept it moving at a speedy pace, with emphasis on stirring adventure from the moment of its unfolding on the screen to the final scene.

Odessa Schools Show Big Jump In Enrollment

ODESSA, Sept. 14.—Odessa public schools through the first four days of this school year had enrolled a total of 3412 students, an increase of 442 over the enrollment at the end of the first five days of the last school year, announced Murry H. Fly, superintendent of schools, today.

Enrollment by schools this year is senior high 675, junior high 1215, north elementary 706, south elementary 533, Goldsmith 200, negro 83.

Crowded conditions in the north and the south elementary schools has necessitated running double schedules in those buildings until completion of the new east elementary building and the annex to the south elementary. The new quarters are expected to be available following the Thanksgiving holidays.

The senior high school is offering for the first time this year a course in Diversified Occupations taught by Roscoe Morgan of Amarillo. Morgan reports splendid cooperation by the Odessa business and industrial firms in working the students as part of the course training.

Dietrich And Stewart In Western Opus 'Destry Rides Again' Featured At Queen

Marlene Dietrich in the role of a frontier entertainer co-stars with lanky James Stewart in Universal's "Destry Rides Again," which returns here for Sunday-Monday showings at the Queen theatre. "Destry Rides Again" is a marked departure from Miss Dietrich's recent screen roles. It is said to afford her a characterization greatly similar to her work in "The Blue Angel," the film in which she first attained stardom.

Producer Joe Pasternak, the man responsible for the Deanna Durbin and Gloria Jean success, has assembled an imposing supporting cast for "Destry Rides Again." The list of players include Mischa Auer, Charles Winninger, Brian Donlevy, Irene Hervey, Una Merkel, Allen Jenkins, Warren Meyer, Samuel S. Hinds, Billy Gilbert and many others.

The picture is frankly a dramatic spectacle of the old west in which hard riding and quick shooting are interspersed with the stirring mob scenes that have filled so many pages in the history of the American frontier.

A highlight of "Destry Rides Again" is an epochal fist-fight between Miss Dietrich and Miss Merkel, with Stewart as the unwitting mediator who draws Marlene's wrath on his own head. The fight was five days in the filming and is rated the feminine counterpart of that historic battle in "The Spoilers."

Stewart, mentioned for Motion Picture Academy honors for his work in "Mr. Smith Goes To Washington," contributes one of his best jobs in the title role of "Destry Rides Again." He appears as the shy young deputy sheriff who brings a new order of civilization to the rough town of Bottle Neck by showing the people that guns aren't essential to law and justice.

As the singing, fighting star-entertainer of the Last Chance saloon, Miss Dietrich has a role that gives full scope to her talents for drama, comedy and music. Her costumes, ranging from the sketchiest brevities to a highly decorative cowgirl outfit, are in keeping with the part. Songs written for her by Frank Losser and Frederick Hollander include "Little Joe," "You've Got That Look" and "The Boys in the Back Room."

IN LYRIC DRAMA—Spirited melodrama is the essence of "The House Across The Bay," playing at the Lyric today and Monday, with George Raft and Joan Bennett in the principal roles. It's a story of the woman left behind by men who are destined to enter the "big house."

George Raft, Joan Bennett Co-Starred

Appear At Lyric In Thrill Drama, 'House Across The Bay'

Emotional drama with a generous sprinkling of thrills is promised filmgoers in "The House Across The Bay," which is offered today and Monday at the Lyric with George Raft and Joan Bennett in the featured roles.

This new picture not only introduces a new romantic team composed of Raft and Miss Bennett, but it brings the beautiful Miss Bennett forward in one of her most varied and exciting roles to date.

Miss Bennett, in a word, looking more ravishing than ever, plays a straight dramatic role. In addition, the star with the brunette tresses does her first dancing on the screen—a new type of rumba which required tireless practice and intricate studio rehearsals.

As for George Raft, his impersonation of Steve Larwitz, a latter-day gentleman of means and ambitions, is as deft as it is clever. Others who portray in "The House Across The Bay" are Gladys George, Walter Pidgeon, June Knight and Lloyd Nolan. Gladys George, as a worldly-wise wife whose husband is serving a prison sentence, does an impressive piece of down-to-earth acting, while Walter Pidgeon as the second male lead is a romantic hero who hasn't been typed at the studios.

Archibald Mayo directed "The House Across The Bay" with tempo and rhythm, working steadily and surely to an exciting and unexpected climax. The story is told compactly and with speed; the dialogue is excellent and the background scenes are beautifully lighted and photographed.

The story deals with women whose husbands cross the law and leave them behind while they serve prison sentences. The picture spotlights the plight of these women, beautiful, exposed to temptations, but trying to be faithful to their men behind bars. Joan Bennett, playing the role of Brenda Bentley, speaks for all those women who are left without their men to battle a hostile world and to save their faith and loyalty.

\$376 Deficit Is Shown On 1940 Rodeo

Quaranters of the seventh annual Big Spring Cowboy Reunion and Rodeo likely will be called upon to pay on the basis of 35 per cent of the amount they signed to underwrite the event.

Financial statements on the 1940 show, held on Aug. 16-17, shows a deficit of \$376 whereas the total amount underwritten by merchants and civic leaders was \$1,000.

All revenues for the two-day event amounted to \$4,156, according to the statement, and expenses to \$4,532.

Bulk of the receipts came from general admissions in the amount of \$2,212. Grandstand seats netted \$902 and entry fees ran to \$935. Concessions contributed \$106. On the other side of the ledger, the picture stacked up like this: Advertising \$71.00, feed \$99, lights and water \$107, prizes \$1,975, rent on livestock \$1,993, repairs \$50, rodeo help salaries \$486, stamps \$5, taxes \$285, telephone and telegraph \$13.82, supplies \$186.43, exhibitions \$100, judges \$88.36, rental on parking grounds \$17.50, medical service \$3.

Taxes this year were slightly higher and livestock rentals were up around \$100 over other years except in 1936 when the cost was \$1,200. Average general admission per show stood at \$522 this year in comparison with \$522 for last year, more than \$700 in 1938 and well over \$900 in 1937, peak financial year of the show.

Network Is 2 Years Old

The Texas State Network with which Station KBST is affiliated, today celebrates its second anniversary.

It was on Thursday evening, September 15, 1938 that a new radio voice—"The Texas State Network"—became a reality, a radio network tying together the distant points of the Lone Star State, into a medium of great industrial, educational and cultural significance.

Approximately 9,000 people gathered in the mammoth, outdoor Casa Manana in Fort Worth to witness TSN's hour-long inaugural broadcast, carried coast-to-coast over the Mutual Broadcasting System, with which TSN became affiliated that September evening two years ago.

Today the Texas State Network, in its efforts to serve the citizens of Texas, has sixteen affiliated stations at strategically located points throughout the State.

TSN stations are: KFJZ, Fort Worth, the network's key station; KFDA, Amarillo; KFYO, Lubbock; KBST, Big Spring; KRLH, Midland; KRBC, Abilene; KGKL, San Angelo; KWVC, Vernon; WRR, Dallas; KRRV, Sherman; Denison; KPLT, Paris; KCMC, Texarkana; WACO, Waco; KTEM, Temple; KNOW, Austin; and KAAC, San Antonio.

Food Costs A Bit Higher

CHICAGO, Sept. 14. (UP)—Feeding the American family takes a bit more cash now than it did just before the European war began a year ago, commodity market statistics indicated today, but there has been no hint of wartime skyrocketing of food prices.

Food costs prior to last September's sharp upturn, resulting from a speculative and hoarding rush to buy commodities, were the lowest in five years. Not the average is approximately 3 per cent higher but still 2 per cent below the peak two weeks after the war began.

Statisticians based their figures on wholesale rather than retail markets, regarding the former as better barometers of food costs in general because retail prices usually reflect varying conditions in different localities. They attributed much of the price bulge since the first of the year to domestic conditions such as the expanding defense program and increased industrial activity, which is putting more funds into consumers' pockets.

Among items whose current wholesale price is below that of Aug. 31, 1939 are rye, potatoes, lamb, pork loins, lard, sugar, and coffee. Items now priced higher include wheat, corn, oats, eggs, butter, cattle, hogs, beef, and flour. Improved consumer demand has been felt particularly in the meat trade, although a decline in hog slaughtering last month also helped stiffening of prices. Part of the August increase in meat has been eliminated the past week and experts forecast a decline after mid-September.

Mrs. Woodrow Scuddy Honor Guest At Happy Thirteen Bridge Club

FORSAN, Sept. 14 (Sp.) — Mrs. Guy C. Rainey used poinsettias, stinnas and marigolds as decorations when she entertained the Happy Thirteen Bridge club Thursday. Mrs. Woodrow Scuddy was guest of honor and the affair was given in the home of Cleo Wilson.

Mrs. J. D. Galt won high score for guests and club high went to Mrs. W. K. Scuddy. Bingo awards went to Mrs. Walter Gresset, Mrs. C. M. Adams, Mrs. Bill Conger and the honoree, who also received a gift from each guest.

Trophy Presented By Golf Association To Mrs. Gordon Phillips

A luncheon and business session was held Friday at the country club by the Ladies' Golf association and Mrs. Gordon Phillips was presented with the golf trophy she won in last week's tournament.

Mrs. Harry Stalcup, who presided, made the presentation of the trophy.

Mrs. E. M. Conley and Mrs. Jim Kelly were hostesses and 33 members attended.

The registration committee reporting on the golf tournament announced that it had been financially successful and other committees reported on their work.

MODEST MAIDENS

"Even as a child I was just naturally demonstrative."

NEWS NOTES FROM THE OIL FIELD COMMUNITIES

L. B. Griffin of the American Maricao lease underwent minor surgery in a Big Spring hospital this week and is reported to be recuperating nicely.

C. L. West sold 575 mixed lambs to J. C. Reed of Sterling City at 7c per lb. October delivery.

Mr. and Mrs. Bobby Asbury have been transferred by the Coaden Oil Corporation to Coahoma and plan to move there soon.

Mrs. A. C. Rawlins, Jr., and daughter, of Galveston, Mary Elizabeth Dodge, and Mrs. J. P. Dodge will drive to Lubbock Sunday to take Jenn Elta Dodge to school.

Mr. and Mrs. D. D. Douglass and Virginia and Darrell, Jr., returned this week from El Paso where they went to accompany Betty Jane Douglass home.

J. C. Douglass, Jr., and Frances Douglass are spending the weekend in Ruidoso, N. M., and are accompanied by Mrs. G. C. Vandergriff of Lubbock, who has been visiting her daughter, Mrs. H. W. McCannless, here.

Mrs. D. D. Douglass and Betty Jane will spend Sunday in Abilene.

Mrs. E. W. Potter returned Saturday from Roswell, N. M., where she accompanied her son, Robert, to N. M. M. I. Elmer, Jr., enrolled in Oklahoma university.

Mrs. Velva Glass and Jane Sheppard are spending the weekend in Fort Worth.

Mr. and Mrs. Eugene Thomas arrived Saturday from Shawnee, Okla., where they visited her sister, Mrs. Ben Halford. Mrs. Ben Halford visited two weeks and Mr. Halford went down Wednesday to accompany them home.

Eleanor and John Morschauer are spending the weekend in Fort Worth.

Alma Borders and Madeline Cummins are in Fort Worth for the weekend.

San Angelo B&PW Club Members Here On Goodwill Tour

On a goodwill tour, a group of 12 San Angelo members of the Business and Professional Woman's club arrived here at 3:45 o'clock Saturday afternoon and were entertained at the Settles hotel with a coke party by the Big Spring B. and P. W. club.

From here the group went to Midland where they were entertained by Maria Spencer and then on to Pecos where they will have a dinner party given by the Pecos chapter and where they spent the night. Sunday they went on to McCamey and Fort Stockton.

Club members, from Ballinger, Coleman, Abilene, Stanton, Colorado City and Sweetwater were on the tour.

Sewing Club Members Entertained in Forsan

DOWNTOWN STROLLER

At the football game: Opening of the football season and first chance for the women to get to wear their fall outfits. It looked like a fifty-fifty tie between skirts and jackets and slacks as to what feminine Big Spring will wear to football games.

Mrs. William Tate arrived wearing a rust-colored pair of corduroy slacks with matching jacket. Looked mighty nice.

Roberta Lee Hanson was wearing a dark blue wool dress with darker blue hat. Mr. and Mrs. Gene McAllen and Mr. and Mrs. Clyde Waits, Jr., arrived together. Mrs. McAllen wore a black and red plaid dress with black accessories and Mrs. Waits had on a tan corduroy jacket over a dark green skirt. Perfect outfits for football weather.

Mr. and Mrs. Doug Perry were rooting for the home team and Mrs. Perry wore a blue and white striped alk dress with a red turban. Most of the ladies were smart enough to wear something on their heads (all except us who peered at the touchdowns through straggling locks).

Mr. and Mrs. G. C. Dunham were interested spectators and Mrs. Dunham had on a tan outfit with a golden-brown coat and contrasting turban.

Dr. and Mrs. Clyde Thomas arrived at the kick-off and Mrs. Thomas was wearing a grey wool with pleated skirt. Dr. and Mrs. Preston R. Sanders were spectators. Mrs. Sanders wore a plaid skirt with white sweater and tied a white kerchief over her head. Mr. and Mrs. Vance Lebkowsky hurried in a little late and Mrs. Lebkowsky wore a checked short jacket with blue skirt and matching blue hat. The score was 6 to 6.

FROM THE AIRWAYS

The second group of ground training school students will take their examinations this week. There are 50 competitive students and 10 scholarships will be given from West Virginia. Lieutenant winning students will begin their flying lessons the first part of October.

Three navy ships spent Thursday night here en route to San Diego from West Virginia. Lieutenant Turner was in charge of the three ships that are being flown to the coast where pontoons will be fitted on them.

Graduations are in order for Vernon Winthelster and Garland Sanders who Wednesday passed their private pilot's tests and are now licensed pilots.

Two new employees in the C. A. A. office at the airport are P. K. McDaniel who was transferred from Shreveport and W. T. Ditson, who came here from Houston.

Five boys from the advanced C. A. A. flying class have signed for army training at Randolph Field and will leave some time this week. These include Jack G. Blishop, Jack A. Cartwright, Carl E. Greenwood, Warner B. Lyle and Robert L. Pewitt. They will begin their work on October 19th.

Mrs. W. H. Scott and daughter, Lynn, will leave this week for Atlanta, Ga., where they will visit her mother, Mrs. Ida J. Bobo.

SEVERELY ILL. Mrs. Sallie Wright of Pecos, mother of Claud Wright of Big Spring, who has been critically ill in Pecos, is still seriously ill. Mrs. Wright left Sunday to join Claud Wright, who has been in Pecos since Wednesday.

Two Officers Attend District Meeting Of P.T.A. in Angelo

Mrs. W. B. Younger, president of the City Council of P.T. A. and Mrs. W. W. McCormick, district vice president, attended the meeting of the executive board of the sixth district of the Texas Congress of parents and Teachers in San Angelo Friday.

Reports of officers and committees were made and both Mrs. Younger and Mrs. McCormick reported.

Luncheon was served at the Cactus hotel Friday noon and a school of instruction was held during the afternoon. "Know Thy Ship" was the district motto and used in the blue and gold ships that sailed on a mirror sea with cargoes of sweet peas and clematis and queens wreath decorating the table.

Mrs. Jams B. Day of Rotan, who conducted the school of instruction, will be here October 8th, to conduct an all-day school. Mrs. Day is stat. vice president of the P.T. A.

Turner presided at the business session after which lemonade and cake were served to Mrs. Vernon Duncan, Mrs. C. R. Graves, Mrs. H. H. Colley, Mrs. K. G. Blalock, Mrs. Randolph Walker, Mrs. J. R. Harris, Mrs. G. M. Boswell, Mrs. Jimmie Brooks, Mrs. R. F. Darsey, the

Rev. and Mrs. J. W. Price and the hostess.
 The women of the Coahoma Methodist church are sponsoring a better baby and pure food show to be held the middle of October. A style show and amateur hour contest are two of the scheduled events. A better baby contest will be held and prizes awarded for this and various other entries. Proceeds will go to the Methodist building fund.
 Mrs. D. W. Christian, Jr., and son, Weldon, returned Thursday from Collinsville, Ill., where they visited the Daves Christian family for two weeks. They were accompanied home by Snead Christian who will enroll at Texas Tech. Weldon also will be at Tech again this year.

Special Rates Offered By The Lubbock Fair
 LUBBOCK, Sept. 14 — South Plains Fair directors announced early this week that an advanced ticket sale would begin immediately and continue until Saturday, September 28, thereby giving residents of the South Plains an opportunity of securing special rates to visit their fair.
 Tickets have been placed on sale in Lubbock and other places at a special price. Regular fifty-cent single admission tickets, four to a strip, are being placed on sale for \$1—a regular \$2 value. The regular

50c front gate admission will remain the same, officials declared. The special bargain sale makes the cost of tickets only 25c.
 This special advance ticket sale will be in effect until Saturday, September 28. After that time the regular admission price will be in effect. All those interested in securing these bargain tickets may do so by writing the Panhandle South Plains Fair Association.

★ SAVE LIVES ★
DRIVE CAREFULLY

A STATEMENT FROM THE PRESIDENT OF THE BIG SPRING SAFETY COUNCIL

Safety is but an empty word unless it is practiced. It is well and fine to impress upon children the importance of safety, but after all children do not drive.

We, as responsible adults, are charged with the task of protecting the lives of these precious children. They cannot always be depended upon to act rationally in emergencies. It is our job to see to it that they are not confronted with unsafe situations brought on by our carelessness and thoughtlessness.

Let us make it our resolve that we will drive carefully and sanely not just for the sake of safety, but for the more meaningful and living sake of our children.

Roy B. Reeder,
 President
 Big Spring Safety Council

This is a life saving crusade. A crusade in which business men and other individuals have committed themselves to protect the safety of school children. These children are now going back to school. They need your help.

Although it is heartening to know that Big Spring motorists usually observe driving regulations, that is not enough! And although it is also good to point out that our splendid police force is wholeheartedly cooperating with the school safety patrols, that too is not enough! For it must be remembered that children will at times be willful... will suddenly dash across streets... will be late for school, take short cuts and cross a street in the middle of the block. Then, you the motorist must exercise unusual caution. It is the motorist, only, who has the power to inflict injury... cause death!

It is nigh unbelievable that anybody would intentionally injure a child. Yet, grim statistics reveal a horrifying total of young lives tak-

en... of youngsters permanently injured! We contend that the motorist was at fault in practically every accident involving children! No one can regard with complacency the motorist who obeys traffic laws, keeps on the right side of the street, but makes no further attempt to guard against crippling and killing children. It is a lamentable fact that many a life and limb has been lost even though rules and regulations had been followed by both the motorist and pedestrian... the motorist had not had the extra courtesy, the extra consideration, the extra carefulness, which surely would have prevented the catastrophe.

Let us resolve, then, to make sure that our automobile is mechanically safe. Let us resolve, then, to do more than just obey the law. Let us not depend upon luck and the nimble footedness of the child. Let us not be indifferent drivers. And may these words have the pious power to restrain wild, reckless, inexperienced driving... the pious power to prevent tragedy. Save lives—drive carefully always!

Tarzan

by EDGAR RICE BURROUGHS

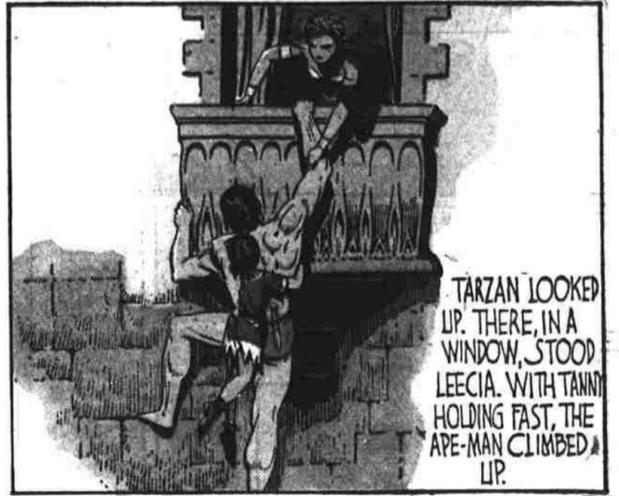

SECRET SIGNAL

TARZAN'S KEEN EARS CAUGHT THE CLATTER OF ARMED PATROLS SWEEPING DOWN ON HIM.

SUDDENLY FROM ABOVE, CAME AN URGENT WHISPER: "TARZAN---TARZAN!"

TARZAN LOOKED UP. THERE, IN A WINDOW, STOOD LEECIA. WITH TANNY HOLDING FAST, THE APE-MAN CLIMBED A LIP.

"YOU CAN HIDE HERE," LEECIA URGED. "NO," TARZAN REFUSED. "IF THEY FOUND ME, YOU'D BE PUNISHED."

UNITED FEATURE SYNDICATE, INC.

"YES, THEY'D KILL ME, BUT I'LL TAKE THE RISK---FOR YOU!" THE GIRL ANSWERED SOFTLY.

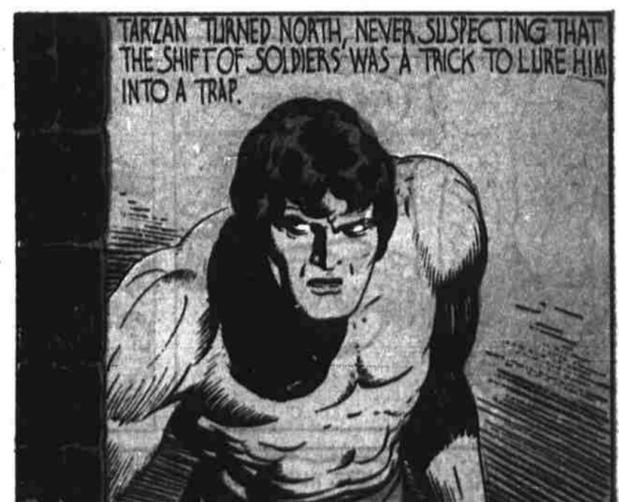

TARZAN REFUSED. HE ASKED HER ONLY TO HIDE TANNY UNTIL HE COULD SPY OUT AN EXIT FROM THE HOSTILE CITY.

THE APE-MAN TOOK TO THE ROOFS, BUT EVERYWHERE HE WAS HANDICAPPED BY FISHING NETS HUNG OUT TO DRY.

AS HE DROPPED DOWN TO A DESERTED STREET, THE SOUND OF HIS PURSUERS MOVED OFF TO THE SOUTH.

TARZAN TURNED NORTH, NEVER SUSPECTING THAT THE SHIFT OF SOLDIERS WAS A TRICK TO LURE HIM INTO A TRAP.

SOON THE APE-MAN CAME WITHIN SIGHT OF THE CITY WALL. YES, HE COULD SCALE IT EASILY.

HE WHIRLED SWIFTLY AND STARTED BACK TO GET TANNY.

HOGARTH

497-9-15-40

BUT ON THE ROOF ABOVE A LOOKOUT WAS WATCHING HIM. SUDDENLY THE FELLOW RAISED A HAND IN A SECRET SIGNAL
NEXT WEEK: THE TRAP

JERRY SIEGEL AND JOE SHUSTER

SPEEDING AHEAD OF THE TRAIN BRINGING LOIS TO HER 5000 ACRE INHERITANCE, SUPERMAN NOTES THAT WIRE BOGS HAVE RAINED DOWN UPON A TRESTLE. ON HURTTLES THE TRAIN...!

ONE SIDE!

BUT ONCE THE TRACKS HAVE BEEN CLEARED, HE SEES A BROKEN RAIL DANGLING IN AIR!

HM-MMI I'LL HAVE TO DO SOMETHING ABOUT THAT!

A DARING LEAP OUT INTO SHEER SPACE!

HERE GOES!

...THEN SUPERMAN SWINGS UNDER THE TRACKS, AND HEAVES THE RAIL UP INTO PLACE

GET BACK WHERE YOU BELONG!

AND BARELY IN TIME... FOR AT THAT INSTANT, THE TRAIN THUNDERS ONTO THE TRESTLE!

ANOTHER FEW SECONDS AND IT'LL BE SAFELY OVER!

DOGGEDLY SUPERMAN HOLDS THE BROKEN RAIL IN PLACE AS THE PONDEROUS TRAIN PASSES OVERHEAD!

A NEW MENACE! THE MOUNTAIN-SIDE BEGINS TO SPLIT...

WHEW! TALK ABOUT YOUR TICKLISH JOBS...!

BARELY DOES THE TRAIN SAFELY REACH THE OTHER SIDE WHEN TRESTLE AND MOUNTAIN-SIDE COLLAPSE UPON SUPERMAN!

BUT THE MAN OF STEEL ESCAPES UNSCATHED!

IMPENETRABLE SKIN-TREMENDOUS STRENGTH-WITHOUT THEM, I WOULDN'T HAVE STOOD A CHANCE!

PASSENGERS AND TRAINMEN POUR FROM THE TRAIN....

WILL YOU LOOK AT THAT? A MOMENT LATER-AND WE'D ALL HAVE BEEN KILLED!

IT'S A MIRACLE!

(MIRACLE, EH? MIRACLES SEEM TO BE RIGHT UP SUPERMAN'S ALLEY!-)

NAVY BOB STEELIE ★★★ by WILSON STARBUCK

BATTLESHIP'S MOTOR LAUNCH, SOME OF WHICH CAN CARRY 190 MEN. THESE ARE VERY HANDY BOATS AND DO MUCH OF THE SHIP'S HEAVY WORK. EACH IS COMMANDED BY A COXSWAIN.

CLIP AND SAVE FOR YOUR NAVY SCRAP BOOK. ©-15 McClure Newspaper Syndicate

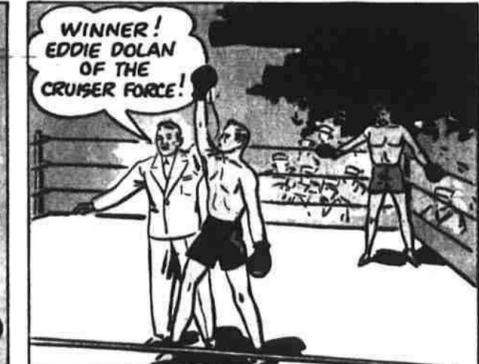

RED'S OUT ON HIS FEET!

STOP THE FIGHT!

ALL RIGHT, DOLAN. THAT'S ENOUGH! YOU WIN!

WINNER! EDDIE DOLAN OF THE CRUISER FORCE!

RED MALDINE'S HURT!

SOMETHING'S WRONG WITH RED! HE'S OUT AGAIN!

HOW IS HE, DOCTOR?

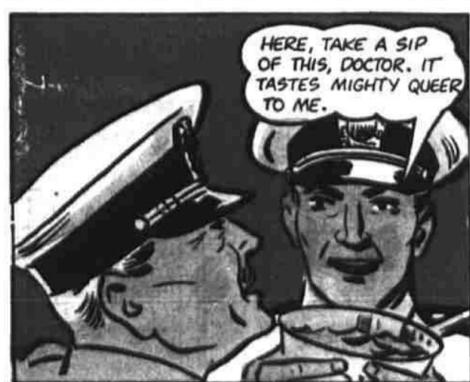

JUST A MINUTE, STEELE, TILL I FIND OUT.

GET THIS MAN TO THE SICK BAY, QUICK! HE WASN'T KNOCKED OUT! HE'S BEEN DRUGGED!

DRUGGED! I WONDER IF IT COULD HAVE BEEN THE WATER?

HERE, TAKE A SIP OF THIS, DOCTOR. IT TASTES MIGHTY QUEER TO ME.

YOU'RE RIGHT, STEELE! THIS WATER HAS ENOUGH DOPE IN IT TO KILL A HORSE!

C'MON, LET'S BEAT IT OFF THIS SHIP, QUICK!

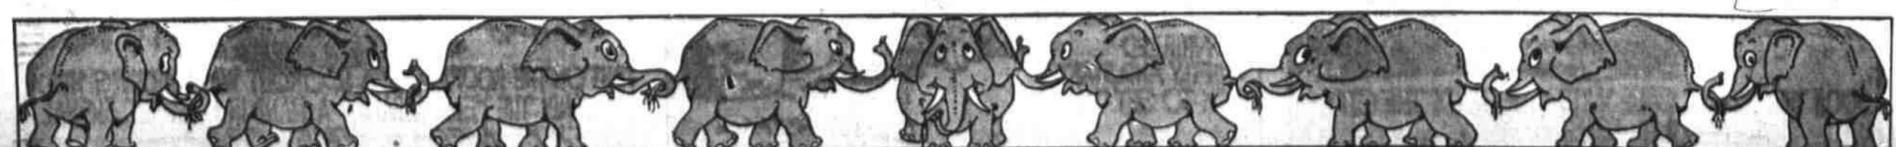

YOU SAID IT, ROWDY! THIS IS NO PLACE FOR US!

HAVE YOU GOT A BOAT LEAVING FOR THE SHORE?

LEAVING SO SOON? A MOTOR LAUNCH IS SHOVING OFF RIGHT AWAY. IT'S AT THE GANGWAY NOW.

ARE THE GANGSTERS GOING TO GET AWAY WITH THE COPIES OF RED? HOW CAN THE MEN ON THE ALASKA PREVENT THEM?

LUCY JONES MEETS THE CHAMP!

DON'T MISS America's favorite movie family in 20th Century-Fox's next smash hit... The Jones Family in "ON THEIR OWN"... at your theatre soon!

LUCY, I WANT YOU TO GO OUT TO AUNT SALLY'S WITH ME TODAY. YOU CAN PLAY TENNIS WITH YOUR COUSIN RUTH!

AW...RUTH'S NO FUN...SHE'S SO STUCK-UP ABOUT HER TENNIS GAME!

NOW, LUCY... RUTH IS A NICE GIRL. OF COURSE SHE'S PROUD OF BEING THE CHAMPION PLAYER OF HER SCHOOL!

LATER

HI'YA, LUCY. HOW ABOUT SOME TENNIS? I'VE GOT A NEW SERVE I WANT TO TRY OUT! I'LL GO EASY ON YOU!

O-KAY, RUTH!

SHE JUST WANTS TO SHOW ME HOW GOOD SHE IS... BUT I'LL SHOW HER!

GAME AND SET, RUTH!

LET'S STOP, LUCY. IT'S GETTING SO HOT

GOSH, SHE BEAT ME A "LOVE SET"

WELL, LUCY HAS A LOT OF ENERGY. SHE EATS WELL AND I'VE ALWAYS WATCHED HER DIET. YOU SEE, A DIETITIAN ADVISED ME...

MY GOODNESS... I DIDN'T KNOW LUCY WAS SUCH A GOOD TENNIS PLAYER!

A DAILY SUPPLY OF VITAMIN B₁ IS ESSENTIAL FOR ABUNDANT ENERGY, GOOD APPETITE, AND SOUND NERVES...

"Vitamin B₁ is often lost in the preparation of foods. However, science is able to restore this precious element to many of our favorite foods. For example, Post Toasties now contain the full Vitamin B₁ value that nature puts into her choicest corn. A serving of Post Toasties with milk gives up to 1/2 the daily requirement for young children — 1/3 that for older children and adults. Serve more foods like Post Toasties—that are good sources of Vitamin B₁."

SO, YOU SEE, SALLY, WHY I SERVE FOODS LIKE POST TOASTIES WITH A GOOD SUPPLY OF VITAMIN B₁!

I'M GOING TO MAKE A BEELINE FOR VITAMIN B₁... AND I'M STARTING TOMORROW WITH POST TOASTIES FOR BREAKFAST!

YES, AND DON'T FORGET, POST TOASTIES ARE EXTRA CRISP AND TASTE SWELL!

POST TOASTIES ONLY CORN FLAKES RICH IN VITAMIN B₁!

MOST PEOPLE NEED MORE VITAMIN B₁... YOU SHOULD HAVE VITAMIN B₁ EVERY DAY—IT IS AN ESSENTIAL "PROTECTIVE FOOD ELEMENT." THE EASIEST, MOST NATURAL WAY TO GET IT IS FROM THE FOODS WHICH BEST SUPPLY THIS PRECIOUS ELEMENT. SO MAKE IT A DAILY RULE TO EAT FOODS THAT ARE RICH IN VITAMIN B₁—THE ENERGY VITAMIN!

EXTRA BENEFITS—NO EXTRA COST! Post Toasties cost far less per ounce than most ready-to-eat cereals on your grocer's shelf—only half as much as some. For proof—compare the net weight and price of Post Toasties with other popular brands. You'll find, on the average, that the price you pay for a big Post Toasties package buys you 4 1/2 ounces more—4 big, extra servings at no extra cost!

And now, adding value to value, the new Post Toasties bring you what no other corn flakes offer—full Vitamin B₁, content of choicest sun-ripened corn. And Post Toasties give you this extra benefit not only at no extra cost—but at a saving over many other ready-to-eat cereals!

THE COST THAT COUNTS IS THE COST PER OUNCE!

ALLEY OOP

WELL, DOCTOR BRONSON, WE SEEM TO HAVE LOST ALL TRACE OF ALLEY OOP'S TRAIL!

THE WIND HAS BLOWN AWAY HIS FOOTPRINTS, BUT LET'S HAVE A LOOK ABOUT THAT EGYPTIAN TEMPLE BEFORE WE GIVE UP!

T. M. REG. U. S. PAT. OFF.

WELL, ANYONE KNOWING ALLEY OOP CERTAINLY WOULD KNOW THAT HE'D BEEN HERE! WHAT A MESS! HE MUST HAVE MADE IT INTERESTING FOR SOME-BODY!

THAT'S RIGHT, OOOOLA... AND IF YOU WISH ANY MORE EVIDENCE, JUST HAVE A LOOK AT WHAT I'VE FOUND!

ALLEY OOP'S ARMOR!

CORRECT! IT'S HERE, EXCEPT HIS AX AND SWORD-- SO I'D SAY THAT HE'S STILL OKAY

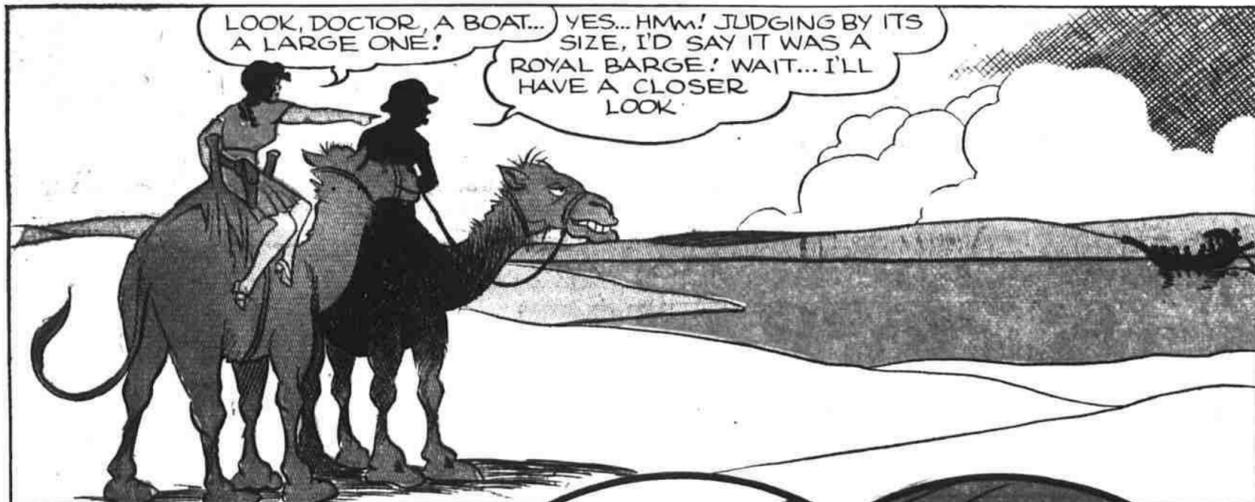

BUT WHERE CAN HE BE? HE'S NOT HERE, AND WE'VE FOUND NONE OF HIS TRACKS LEADING AWAY!

HE COULD HAVE LEFT HERE BY BOAT-- LET'S TAKE A RIDE DOWN THIS OLD RIVER NILE AND SEE

I HATE TO BRING IT UP, BUT I'M AFRAID WE'RE JUST WASTING OUR TIME

PERHAPS, BUT LET'S GOON A LITTLE FARTHER

LOOK, DOCTOR, A BOAT... A LARGE ONE!

YES... HMM! JUDGING BY ITS SIZE, I'D SAY IT WAS A ROYAL BARGE! WAIT... I'LL HAVE A CLOSER LOOK!

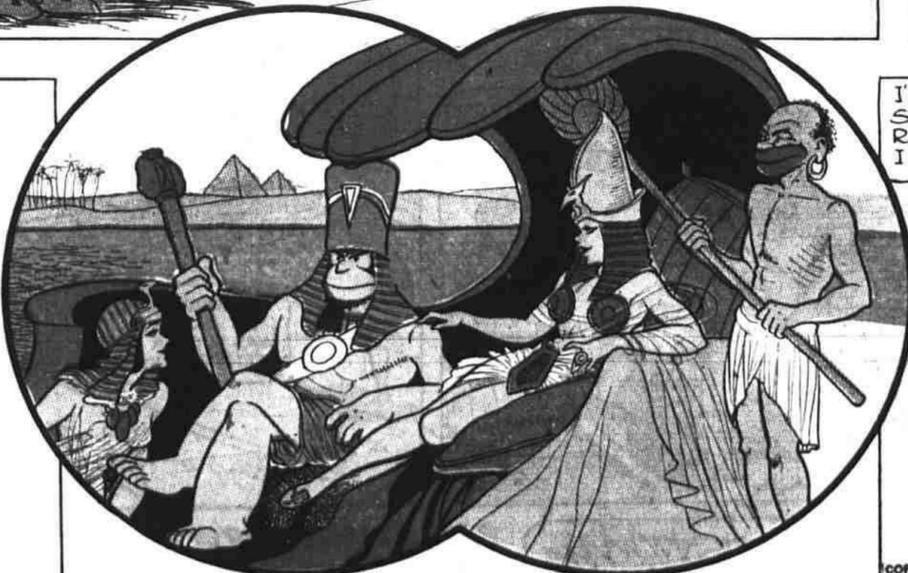

WELL, I'LL BE...!

WHAT IS IT, DOCTOR? WHAT DO YOU SEE?

HERE, OOOOLA... TAKE A GOOD LOOK AT THAT BARGE YOURSELF!

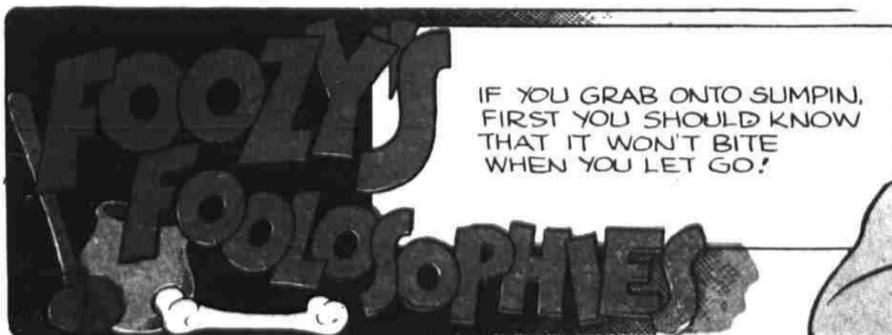

I'D SAY YOUR BOY FRIEND SEEMS TO BE DOING ALL RIGHT FOR HIMSELF! SO I GUESS WE CAN STOP WORRYING!

PERHAPS YOU CAN STOP WORRYING... BUT I'M GOING TO KEEP RIGHT AT IT UNTIL I GET MY HANDS ON HIM!
