

Coach of Year to Speak At Annual Grid Banquet

MOORE
about...
EASTLAND
by Virgil E. Moore

The Eastland County political picture will be a large 8x10 inch shot this year. When we say county political picture we are actually talking about any post which directly concerns this area.

Reason for this year's ballot being extra long is the fact that two unexpired officers will be filled. The county attorney's office and one seat on the Eleventh District Court of Civil Appeals will be filled. The candidate or candidates seeking the county attorney's seat will be running for the remaining two year unexpired term. Four years remain on the unexpired term of the late Judge M. S. Long. Of course there was one other appointment in the county during the year due to the death of Judge Jim Boggs. Since all justices of the peace in the county will be up for election, that will not create a special election, however.

Other candidates who will see their terms of office expire are the county judge, county school superintendent, district clerk, county treasurer and commissioners of precincts 2 (Gorman) and 4 (Cisco). State Representative Paul Brasher will also be up for re-election.

Add the other state offices, including the Governor's seat, to this state and you can see it will be wise to pay that poll tax this year.

As for announcements they have been few so far. The third candidate for the Cisco commissioners post, J. J. Houma, has announced. The other two men seeking the post Ed McCantley will give up are Don Rupe and Carl Lamb. Then Paul Brasher has indicated he will seek a third term as representative.

Talking with some office holders in the county about their plans we have received assurances from many that they would announce soon. One office holder wouldn't say one way or the other, though. "When the dog wood blooms in East Texas I'll make my plans known," he said, taking a line from Sen. Ralph Yarborough, who by the way, will also have to run again this year if he wants to keep his present job.

We don't know about the rest of you folks, but all of these jet sonic booms have practically made us a nervous wreck. In our business, loud noises just do not make one feel secure. While writing about politics up above there, one of the jet boys shot a boom down our way that shook the whole building. We had to go drink a cup of coffee before finishing our little essay. Thought sure one of the court-house crowd had lowered the boom on us.

We can't help but mention the outstanding play of Eddie Munn, Olden's fine basketball star. Munn, we predict, will make someone and outstanding college cage player. Eddie tells us he would like to enroll at Hardin-Simmons when he graduates this year. If HS-U is on the ball they will take advantage of his preference.

If you haven't bought your tickets to the Football banquet yet, here's your chance. We personally have a few of them left and they are going at bargain (Continued on Page Six)

Eastland football fans will have the opportunity Thursday to hear one of the most successful college coaches in the nation speak. That's when Claude (Chena) Gilstrap will speak at the annual Quarterback Club Football banquet. Gilstrap, head football coach

Death Takes Mrs. Huff In Abilene Monday

Mrs. Sallie Huff, mother of Mrs. Johnnie Aaron of Eastland, passed away Monday afternoon at Saint Ann's Hospital in Abilene where she has been a patient for the past three weeks.

Funeral services are tentatively set for Thursday morning at 10 a.m. at Elliott's Chapel of Memories in Abilene.

Ag Workers to Discuss Range Practices Tonight

The regular monthly meeting of the Eastland County Agricultural Workers will be held tonight and "Range Practices" will be the subject discussed.

The meeting will be held in the Texas Electric Co. conference room in Eastland beginning at 7:30.

E. E. McAlister, head of the Eastland Soil Conservation unit, has charge of the program. He will be assisted by Lou Yarett, an extension department specialist in the field.

The group was organized so that ag workers could meet to discuss "interesting and informative subjects," according to Ben McKinnis, secretary of the organization. McKinnis urged everyone interested in agricultural activities to plan to attend the meeting.

Charles Pettis Is Assigned To Germany Station

U. S. Forces, Germany (A11 NC)—Army Sergeant First Class Charles W. Pettis, whose wife Bernice, and mother Mrs. Lillian Pettis, live at 204 W. Plumme St., Eastland, recently was assigned to the 67th Antiaircraft Artillery (Heavy) Battalion in Germany. Sergeant Pettis, crewman in the Battalion's Pattern B, entered the service in 1942 and was last stationed at Fort Bliss. He arrived in Germany on this tour of duty last November.

Installment Loans Custom Made For Each Customer EASTLAND NATIONAL BANK Member F. D. I. C.

an athletic director of Arlington State College, has a colorful career. During his playing days in the mid-thirties, Gilstrap was an end at Schreiner Institute at Kerrville and later at the University of Texas. At the university, he played under the tutelage of Jack Chevigny, Notre Dame great.

Gilstrap started his coaching career in 1937 at Levee's Chapel high school. Subsequently he held coaching positions at Wharton High, Cibola High, Paris Junior College and Schreiner Institute.

Since moving from Schreiner to Arlington State in 1953, Gilstrap has coached teams which have won 44, lost 7, and tied one. His 1953 team won the Pioneer Conference championship. In 1954, the Rebels finished in a tie for third. They were runner-up to champion San Angelo in 1955. In 1956, they tied with San Angelo and Tarleton State for the Conference crown, won 8, lost 1, and tied one in regular season play, then climaxed the year with an upset 20-13 victory over Compton College of California in the famous Pasadena Junior Rose Bowl game, giving the West Coast team its first licking in 37 games.

In 1957, Gilstrap steered the Rebels to 11 straight scheduled victories for a Conference championship and the first undefeated and untied season in the school's history. The record brought a second straight bid to the Junior Rose Bowl and a 21-12 Rebel victory over Corvallis Junior College of Seiwak, California.

Jan. 6, 1958, Gilstrap was named "Junior College Coach of the Year" by Texas sports writers. It is the fourth time the honor has come his way and the second time in as many years. He won the title at Paris in 1949 and at Arlington in 1954.

CLAUDE GILSTRAP, football banquet speaker

Fort Worth Group To Visit City To Plug Stock Show

Eastland will be visited Thursday Jan. 16, by a busload of leading Fort Worth business and professional men who will extend an invitation to this area to the Southwestern Exposition and Fat Stock Show, which will be held in Fort Worth Jan. 24 through Feb. 2.

The trip is sponsored by the Downtown Lions Club of Fort Worth. The visiting group will arrive here at 9:35 a.m. and will be met by Eastland City officials, the business men and Chamber of Commerce representatives.

While in Eastland, the visitors will give away four tickets to the Fort Worth Stock Show Rodeo. Winners will be determined by a drawing held at the bus. Ticket distribution will take place immediately after the bus arrives.

Residents are urged to come out to help add sparkle to the ticket award and to welcome the boosters.

The Fort Worth visitors will be accompanied by the Sinclair Sisters, three girls who have appeared on radio and TV stations throughout the Southwest. They will provide music during the 20 minute Eastland stop.

The 1958 stock show will open with a parade through downtown Fort Worth. Gail Davis, television's Annie Oakley, will be featured in both matinee and night rodeo performances each day.

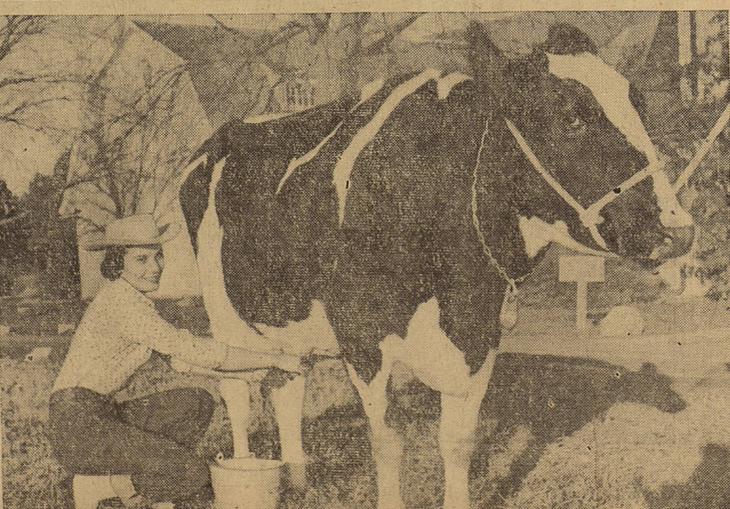

Thousands of head of livestock and more than 1,000 horses will be judged during the 10-day show. Prize money for winning horses, livestock and for top rodeo contestants will total almost \$200,000.

Two Oil Tries Are Staked In Eastland County

Two oil tries have been staked in the county.

The No. 1 Anderson and McCrea is a wildcat try being drilled by Paramount Oil Co., Inc. of Abilene. Location is 2240 feet from the north line and 1104 feet from the west line of Section 115, Block 3, H&TC Survey, two miles southeast of Nimrod on an 87-acre lease. Proposed depth is 2900 feet with rotary.

G. W. Daniels No. 3 is being drilled by Lone Star Producing Co. of Dallas two miles northeast of Cisco on a 143 acre lease. Proposed depth is 3564 with cable tools.

BEAUTY AND THE BUCKET—Obviously not cowed by the task at hand, pretty Barbara David is quite a handy girl to have around the farm. The 19-year-old native of Winfield, Kan., displayed enough farming ability to be named "Queen of the Agriculture Barnyard Dance" at Kansas State College in Manhattan. Barbara's a sophomore at the school.

Olden Hornets Beat Mavericks For Title

Huckaby Girls Are Victors In Finals

Olden's Hornets copped their own tournament championship Monday night, scoring a decisive 60-52 victory over the Eastland Mavericks in the final round of play. Huckaby was winner of the girls division, coming through as expected to bowl over Olden 74-61 in the finals.

In winning the tourney, Olden beat Abilene Christian High School 66-63, and Seranton 57-56. ACHS won consolation honors with a 77-64 win over Putnam, and Rising Star's girls downed the Eastland girls, 28-14, in the girls consolation finals.

The championship boys game saw the two finalists, each who had previously beaten the other by two point margins, tied at the end of the first quarter, 11-all, and at halftime, 25-25. Olden's Eddie Munn held tight in the first two periods by Otis Green, got the range in the third quarter, however, and paced Olden to a 20-point period and a lead they never gave up. Munn personally got 11 of the points after being freed of Green's guarding via the five-foul rule.

The Mavs successfully double-teamed Munn in the final stanza and managed to outscore the Hornets 19-15, but the damage was done. The game was marred by 55 fouls called by hawk-eyed officials. Thirty-two fouls were called against the Mavs and 23 against Olden. Eastland lost four starters by the foul route and two other Eastland players were handicapped with four fouls. Olden lost three men by the same route, however.

Huckaby's girls were held to a 34-34 tie at halftime by Olden, but they moved away in the final half to wrap up the title. Olden's Wilma Edwards and Huckaby's Loquita Pack had a scoring race, with Miss Pack winning with 43 points to Miss Edwards' 34. At halftime Wilma had 25 points and Loquita 24.

Elizabeth Fox played one of her best games of the year, pushing 23 points through the hoop for Olden, and Linda Pack got 21 for the champions.

Huckaby led 17-14 at the end of the first quarter, the game was tied at halftime and the winners built up a 58-47 margin by the end of three periods.

Both teams saw their guards outclassed by some outstanding work by the forwards of the opposing teams.

ACHS Easy Winner Abilene Christian High, the pre-tourney favorite to win the trophy, had a fairly easy time with Putnam, although they were forced to score a lot to do it. Jack Francisco paced the winners with 22 points, but every player on the Abilene team pushed through at

Installment Loans Custom Made For Each Customer EASTLAND NATIONAL BANK Member F. D. I. C.

least five points in a great display of balance. Jim McCrown got 19 points for the losers.

Eastland Loses

Rising Star's girls jumped out front of the Eastland girls in the first period of play and it was the Wildcats all the way. Rising Star led 8-2 at the end of the first quarter and 15-7 at halftime. The Mavericks narrowed the margin to 19-13 at the end of the third quarter, but Rising Star pulled away in the final period.

Martha Duggan was high pointer for the victors, getting nine points. Brenda Evans had eight for Eastland.

Olden - Seranton

The Olden - Seranton boys semifinals game was perhaps the best game of the tournament. It was a nip and tuck affair all the way, with the Hornets coming out on top with a 60-59 count. Munn had 37 points in the game and Hilliard got 16. Leroy Blackwell and Morgan Flemming each got 17 for the losers.

Eastland - Carbon

Eastland won the Carbon game the same way they lost the Olden tilt. The Mavs were far behind going into the final quarter, but Carbon lost three starters, and that combined with a full court press gave Eastland a 50-47 win.

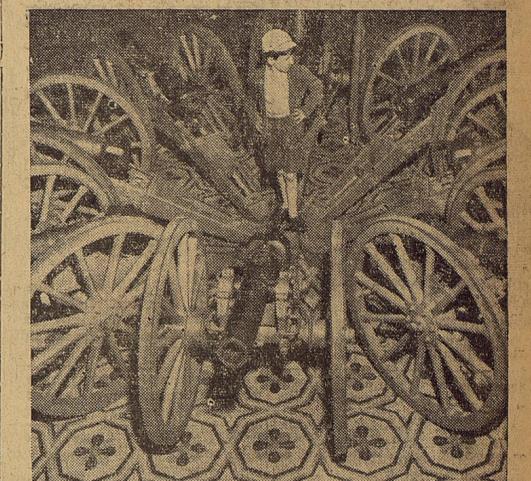

Clint Humphrey had 15 points for Eastland, Larry Hollis had 13, Johnny McMahon 10 and Phillip Lewis 10.

ALL-TOURNEY TEAM

Olden dominated the all-tourney teams, landed two boys on the squad. Six players were listed in all. Eddie Munn and Jack Hilliard were the Olden sections, Douglas Beaty was the Abilene Christian High choice, Ranger's David Wharton made the team, Red Blackwell was the Seranton selection and Johnny McMahon was picked from the Eastland team.

Forwards who made the girls all-tournament team were Letha Easter of Seranton, Ann Mangum of Carbon and Wilma Edwards of Olden. Guards picked were Jane

DREAMS OF GLORY—This youngster, surrounded by ancient cannon, assumes a hands-on-hips pose in the African Museum in Rome, Italy, perhaps dreaming of stirring military exploits. The weapons are relics of Italy's 1910 campaign in Libya.

Masonic Officers Take Their Oaths

New officers of the Cisco Commandery No. 47, Knights of Templar, were installed in public ceremonies at the Masonic Hall in Cisco Monday night.

Litt Perry of Abilene, state Grand Sword Bearer, was the installing officer.

New officers installed were Frank M. Hicklin of Ranger, commander; E. L. Laird, Cisco, generalissimo; Harshall Penn of Cisco, captain general; Aubrey C. Van Hoy, senior warden; John W. Moore of Breckenridge, junior warden; George D. Boyd of Cisco, prelate; Haywood Cabaness of Cisco, treasurer; and R. E. Grantham of Cisco, recorder and instructor K. T. of Texas.

New appointive officers are A. J. Buckanan of Breckenridge, standard bearer; Joe Britain of

The service was open to the public. Wives of members were present. J. L. Martin of Abilene assisted in the program.

Egg Grading Meet Is Held Tuesday

A one-day egg grading school got underway in Eastland this morning at 9 a.m. and will continue until 4 this afternoon.

The meeting is being held in the Texas Electric building and officials of the State Department of Agriculture are explaining the new State egg grading law.

Rotarians to Sponsor City Fix-Up Campaign

Eastland Rotarians Monday voted to sponsor a clean-up drive in Eastland and plans were beginning to jell by this morning.

At the suggestion of the Board of Directors, club members voted unanimously to back the drive. They also voted to ask the Civic League and Garden Club to join in as co-sponsors.

Under present plans efforts would be made to get all businessmen to improve the looks of their stores. A general paint up drive would be launched. The club also hopes to secure vacant stores in the downtown area so that other businesses which want to put displays in them can.

Rotary President Don Person said that the project would be one which would require a lot of hard work, but one which would pay big dividends in the long run.

About 10 years ago Eastland was a national center in a Clean Up, Fix-Up, Paint-Up campaign which was sponsored by the Civic League.

Special emphasis will be placed on getting businessmen to help the looks of their stores by repainting signs.

Following the regular club meeting a meeting of the Board of Directors was held to work out more details.

Donald Burton was named to head the drive as committee chairman and Bernard Hanna agreed to

check on all playground equipment in the city to see what work was needed on it.

Contacted by a reporter today, Person pointed to the success of (Continued on Page Two)

Mother Searches For Lost Child

A Ranger mother who has seven children at home she must support from a Social Security check each month is searching for her 16-year-old daughter she has not seen in two years.

The mother, Mrs. Geneva McCain, has not seen her daughter since she left Sweetwater in June, 1956, to join her husband, Carl Stanley, in Cisco.

The 16-year-old girl, Mary, left Cisco shortly after arriving there and was reported in Kermit. Her mother wrote several letters to her in Kermit. All but one of the letters were returned.

The family has been living in Ranger since June, 1957. The father was killed in a car wreck as he was returning from a fishing trip at San Angelo.

A ray information of her whereabouts may be delivered to Mrs. McCain. She resides at 511 Melvin Street in Ranger.

The girl is about five feet, five inches in height, has brown hair and blue eyes. She is slender and light complexioned.

If anyone has any information about this girl they may call Mrs. McCain collect at 993 Ranger.

John T. King Buried Tuesday In Eastland

Funeral services for John Thomas King were held Monday at 2 p.m. at the Hamner Funeral Home chapel with Otto Johnson, Church of Christ minister, officiating.

Mr. King died at his home, 705 West Main, Saturday. He was born at Eddy Dec. 29, 1863. He was 94.

Interment was in Eastland Cemetery under direction of Hamner Funeral Home. Pallbearers were Amon Anderson, Marvin Brock, Lee Whorton, Jim Hart, Charles Lucas and Eddie Smith.

Survivors include two sons, Roy of Carrizo, N. M. and Carl of Tutum, Okla.; and a daughter, Mrs. Earline Whorton of Eastland.

"I'LL TAKE THAT ONE!"—Four-year-old Johnnie Rose tells Lt. (jg) Ralph Blanchard that he wants to buy one of the four surplus "Mars" flying boats that the Navy is trying to sell at Alameda, Calif. Originally costing about two million dollars each, the Navy feels it will be lucky to get 7 to 10 per cent back. Want to buy one? Bids are still open.

Dwight Squires, son of Mr. and Mrs. Eddie Squires, has a Hereford heifer that he wants to show in the county show next spring. He plans to keep the heifer as the start of a herd of his own. Dwight has been a member of the 4-H Clubs in Ranger for the past four years and he is now president of the Junior High Club.

Vice-president of the Hodges Oak Club in Ranger is Larry D. Wilhelm, who has a flock of 13 Angora goats for his demonstration project. Larry has had the goats for the past several years.

Jack Callaway, Rising Star, plans to show his calves in the beef division at both the Abilene show in January and at the Houston Show in February. One of his calves is a scramble calf that he got from the scramble in the Houston Show last February. Warnie Kanady, Nimrod and Jimmy Johnson, Scranton will be in the calf scramble in Houston at the coming show.

Club members interested in the 4-H electric contest for 1958 are invited to a meeting in the courthouse on January 13 at 7 p.m. Ideas about the contest will be discussed. The county eliminations will be held in the spring and the winners will compete in the district contest at Tarleton College at Stephenville. Ben McKinnis, agricultural representative of the Texas Electric Service Co., Eastland has been working with the agents in this contest.

Jimmy Easter who lives in the Corinth Community between Eastland and Cisco is a club boy happy to cooperate and help in any club activity. He recently helped out at the registration tables at the annual 4-H Christmas party. Jimmy is the son of Mr. and Mrs. Aubrey Easter.

Pat Perkins, Ranger, is a member of the Hodges Oak Park Club. Pat is interested in taking some project dealing with electricity. Pat may want to attend the Jan. 13 electric meeting in the courthouse in Eastland. The meeting will begin at 7 p.m. on that date. Any club boy or girl interested in electricity is invited to attend.

Harold Reese and his parents, who live several miles west of Scranton, were at the Christmas party. Harold has been in 4-H work for several years and has done a good job with his Duroc hogs. He is a brother to James who also was a good club member for several years and who graduated from Scranton High school last spring.

Have you started making all those delicious Christmas candies? Extension specialists say candy thermometers are the best guides for testing a candy mixture. Before you begin, make sure

HOME MAKERS Views and News

Candra Kirkland Home Dem. Agent Nancy Weathers Asst. Home Dem. Agent

Ever panic at the thought of all the children and relations home for Christmas dinner? Advance planning preparation will set you free to enjoy your guests on Christmas day. A detailed written plan, thought out carefully ahead of time, will allow time to visit and manage the constant interruptions while making final preparations for dinner.

Begin with the menu. Check it for interesting color, appetite appeal, texture variety, harmonious flavor, ease of service, and possibility for advance preparation.

Now think through the steps necessary for preparing the dinner. Write out a work plan or schedule as you plan. Include the grocery order time for shopping, table decorations and arrangement, equipment needed for cooking and baking, and surface units and oven space needed for preparation. Consider refrigerator space needed. If there are several babies visiting, refrigeration for individual bottles may be necessary. Schedule time for working on foods which can be prepared ahead of time. List foods and details that must wait until the last minute. A good plan will keep last minute preparation to a minimum. It will help you "come out even" at mealtime.

That is, all foods will have had the proper time to turn out in perfect condition at the right time. If it's a family affair, let your guests help with the final preparation and serving of the meal as well as with the dishes. They will feel more at home and a part of the celebration if they have contributed in some way.

Have you started making all those delicious Christmas candies? Extension specialists say candy thermometers are the best guides for testing a candy mixture. Before you begin, make sure

your thermometer is accurate. You can check it quickly by placing it in boiling water. To get a correct reading, make sure the thermometer does not touch any part of the pan, and that the bulb is completely covered with the candy mixture. Read the temperature at eye-level—not from above or below.

You can use the cold water test as a cross-check. Drop a small portion of the candy mixture into a bowl of cold water and note the kind of ball formed. Fondants, when done, should form a small soft ball which flattens out when held on the tip of the thumb. A firm ball—the test for caramels—will hold its shape when lifted on the finger. For divinity and popcorn balls the syrup should form a hard ball which can be manipulated with the fingers. The soft crack stage for butterscotch or taffy means that threads are hard but not brittle. Hard crack threads will snap when tapped against the side of the bowl. Use a fresh bowl of cold water each time you make a test.

Rotarians-

Each winning team received a trophy, and individual awards went to each all-tourney player.

Carbon School News

By LINDA COLLINS
Telegram School Reporter

Ole' C.H.S. was buzzing with lots of talk about the holidays Thursday which was the first day back. But everyone is just about to settle down to the regular routine of school work. And it's about time for those mid-term

exams so there will be quite a lot of midnight fuel being burned in the next week or so. Carbon basketball teams played in the Olden tournament Friday and Saturday. With tough luck though Carbon did not end up in the finals. Eastland boys won over Carbon and Olden girls beat Carbon girls.

I would like to remind you that it is time for those library fees again. The fee of 50 cents each semester is to be paid by mid-term. Just before school was out for the holidays the seniors sponsored a Variety Show. It was a "cute" little show. I think that most everyone enjoyed it. There just isn't much happening around C.H.S. so therefore I do not know much to talk about.

Maybe there will be more next week. This is a little off of school news but all the young people are invited so thought I would mention it in case you do not know about it. A Youth Rally will be held at the First Baptist Church at 7 p.m. Everyone is invited.

E. H. S. School Views

By Martha Connell

Well, it has been back to the old grind the past two days after the Christmas holidays, and I can't say that I've seen anyone glad about it. The holidays brought a lot of old friends and Ex's into town that don't have to be back to school until the sixth and the hill has been full of visitors.

The Christmas Dance went over with a big bang. Everyone enjoyed it very much and the decorations were beautiful. At the New Years Dance the Legion Hall was full of Ex's and visitors not counting all of the students from E.H.S. At 11:30 the dance broke up and everyone headed for the Majestic for the mid-night show. The hall was very nicely decorated with balloons and crepe paper and stars.

We are sorry to say that Mrs. Woloszynski, the typing teacher at E.H.S., spent most of the holidays in the hospital. She is feeling fine and is back at school now.

Miss Johnson got a surprise visit from her sister and family during the holidays.

Mr. Tate spent part of the holidays in New Mexico where he visited relatives.

THE PARTY LINE

1. I've heard that several girls think that Hampton Stamey is a perfect doll. AIN'T IT THE TRUTH!

2. By the way, Betty Y., who is your favorite fellow, or are you just going to play the field until you find the one and only!

3. Honestly fellows! Yvonne Green is turning out to be quite a dish. Let's get busy!

4. Sometimes I wonder if Saul Pullman is actually crazy or if he is just a natural flirt.

5. You can certainly see a lot of couples at the hill with both girl and boy wearing a football jacket nowadays, can't you?

6. Allen Miller and Dixie made a darling couple at the NEW YEARS' dance last Tuesday night. Could this be a budding romance?

7. You know there was an awful feeling of tension between Judy Corkrall and David Carothers at the dance Tuesday night. I wonder if it was because of C. W.?

8. I simply can't understand why Mary Ann Tombs doesn't "lower" herself to go with any of the boys around here!

9. Why doesn't someone latch on to Gerry Haynes. She is what one might describe as a "living doll!"

10. Don't you agree that Kathy Williamson and Johnny McMahan make a simply darling couple?

11. I'm beginning to believe that Glenn came back to town only to see Jan Robertson.

12. Why is Sandy Taylor unattached? Honestly, these boys up here just must be blind if they can't see her.

13. Cathy Jones seems to be doing all right for herself with some of E.H.S.'s exes

14. Sidney Seale is one girl who can do all right with the boy's She travels from Ranger to Cisco College.

15. Bobby Love isn't one of the "stay at home" girls, either.

16. Don't Juan Jay Smith and Lanny Lee have girl friends? It seems a shame to waste all of their good looks.

17. I guess that Barbara Brock and Kenneth Watson will never quit going steady. They are so darling together!

18. By the way, did Miss Johnson ever find her Christmas tree, J. J.?

Several of the seniors in E.H.S. received class pins Friday afternoon. They are small gold pins like this:

They were ordered by those who wished to have them.

IT'S THE LAW in Texas

There is no time like the present to start a procedure that will aid you with next year's income tax calculations. That is to maintain a record of your income and outgo. Such a record can be simple and brief but it may save you tax dollars and many hours of work in filling out tax forms.

The average man who works

for a wage or salary doesn't have to concern himself about keeping books and records—at least so he thinks. His employer keeps a reliable record of his earnings and Uncle Sam looks primarily to the employer for information on his earnings and for the withholding of various taxes out of his wages.

But whether or not you run a business of your own, you have a partner who each year is claiming a substantial interest in your personal income. And the law requires that you keep books for him in case he ever asks for an accounting.

Perhaps you own your home or are paying it out in installments. It's likely that some day you may sell that house. When you do you'll want to be able to prove whether you realized a gain or a loss on that sale. If a gain in

capital resulted, it probably will add to your income tax. If a loss was suffered, it probably will reduce your income tax.

You may have made certain capital improvements on the house while you lived in it, but unless you can show what out-of-pocket expense you incurred while making them, you may not get credit for them in your cost basis so as to prove that you had no capital gain or that you had a loss.

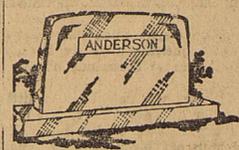

Or perhaps you received that little summer cottage on the lake as a gift from your father. If you ever sell it, you should be able to show Uncle Sam not only the cost of improvements you made on it while you owned it, but also what its fair market value was at the time Dad gave it to you. It may be that you are receiv-

ing an annuity on an insurance policy. If so, do you know how much that policy costs you and how much of that cost you have recovered tax-free to date?

There are many kinds of transactions you enter into that may some day affect the computation of your personal income tax. The best proof of the cost of anything you've purchased is a receipted bill or canceled check. If one of these pieces of evidence relates to any transaction that may affect your income in later years, it's a good idea to keep it. Your "partner" may some day ask to see it.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight

variance in facts may change the application of the law.)

KEEPING POSTED

By MARENE JOHNSON
Eastland Postmaster
Our Eastland Post Office is a direct link in the chain of postal communication which is nothing more or less than the biographies

of men who have given, through the ages, many forward-looking and courageous ideas to provide mail service for mankind.

Long before the Christian era, for example, an unknown Chinese originated the use of pigeons to send messages. Such "air mail" was frequently used by the ancient Chinese thousands of years ago.

A letter was rolled in a little cylinder and attached to the middle tail feather of the bird. To frighten off birds of prey, small bells or whistles were also attached and often inscribed on the bells or whistles was the wish that "Fair Winds Follow Thee."

An eighth-century ruler of the Arabian Empire—Caliph Abu Djasar Manssar, by name—was reported to have said that his throne rested on four pillars and his rule on four persons: a blameless Cadi (Chief Justice), an energetic Chief of Police, and honest Minister of Finance and a faithful

Postmaster who gave him true information about everything.

During the reign of Queen Elizabeth I, of England, "Post Boys" were often reminded of their important duties by patrons writing on their envelopes the warning phrase, "Haste, Post, Haste; for thy Lyfe. For Thy Lyfe, Haste." This, incidentally, is the origin of our phrase, "Post, Haste" used today.

And to Paul Revere, confidential post rider of Massachusetts, in company with William Daves, was to be flashed the now-historic signal, "One if by land—two if by sea" from Boston's North Church's steeple enabling them to warn their fellow-citizens of the approach of British troops, resulting in the Battles of Lexington and Concord, first battles for American freedom.

Nations, large and small, have always looked to free and efficient communications systems as vital cogs in their advancement and development.

Without such systems, or where they are permitted to become inefficient, no nation, no matter how strong, can long survive.

The basic strength of this nation is, to a large measure, dependent on such belief.

And all of us in the Eastland Post Office or in the thousands of other post offices throughout the country, are dedicated to the preservation and advancement of those ideals.

Interestingly enough, no other than Martin Luther once said, "the violation of letter secrecy is a mortal sin, which will bring with it the loss of divine mercy."

As your Postmaster, I have the solemn responsibility of fulfilling my duty and developing, within the limits of my ability, the best possible mail service.

You, as patrons of the Eastland Post Office, are the ones to whom I and the other employees of this post office must, under the Constitution, be responsible.

Together, we make up one important segment—not large nor small—in our nation's planning and building for the future.

It is our duty, yours as well as mine, to give of our best for the sake of future peace and prosperity.

A Happy New Year To All.

Hand Beauty Care While You Work

New Soft-lined Hostess Latex gloves keep your hands out of touch with harsh household cleansing agents, detergents and just plain dust and dirt, and they enable the precious natural skin oils (which are nature's own built-in beauty aids) to stay where they belong—in your hands.

Women find these gloves ideal for doing all types of routine

household tasks—dishwashing, laundry, scrubbing floors and bathrooms, waxing and polishing floors and furniture, cleaning silver and copper, and dozens of outdoor and garden tasks. Hostess gloves are a must when working with oven cleaners or other harsh household chemicals, and most women keep a special pair for home permanents.

Look Who's New

Mr. and Mrs. O. Z. Kellar of Olden have announced the arrival of their baby son, Lonnie Clay. He was born Dec. 26 in the Ranger General Hospital. He has two older brothers, Randall, 5, and Keith, 1½.

Grandparents are Mr. and Mrs. R. L. Kellar of Eastland, Mrs. Hulon Hogan of Eunice, N. M., and D. J. Walker of Eastland.

Great grandparents are Mr. and Mrs. W. G. Walker of Eastland. Great-grandparents are Mr. and Mrs. W. G. Walker of Eastland, Mr. and Mrs. Lon Norris of Carbon and Mr. and Mrs. G. W. Kellar of Eastland.

Mr. and Mrs. Glen D. Wood of Denver, Colo., have announced the birth of their son, Patrick Eugene. He was born Saturday at 9:30 a.m. in the Denver Hospital. He weighed 8 pounds and 9 ounces. He has two brothers, Charles 14, and Ronald, 8.

Grandparents are Mr. and Mrs. Charles G. Bonnett of Dallas and Mr. and Mrs. Harry Wood of Eastland. Great-grandmothers are Mrs. Bonnett of Dallas and Mrs. L. H. Qualls of Cisco.

OLDEN HIGH SCHOOL

By Elizabeth Fox

We here at Olden resumed our classes Jan. 2. Several signs that Santa had been here were shown but classes were the same.

Still talking about Christmas, high school was given a Christmas party at the Homemaking Cottage the day school was out. All of the girls spent about two weeks planning and preparing for the party. The Freshmen and Sophomore girls decorated the windows in holiday designs with glass stencils. The Junior and Senior girls made the refreshments of cookies, candies, and punch. In the far corner of the building was a beautifully decorated tree surrounded by stockings filled with goodies. Gifts were passed out and games were played. Altogether everyone had a wonderful time.

Card of Thanks

The First Baptist Church (Colored) wishes to thank all the merchants of the city who so graciously responded to our effort in the Treasure Hunt, and in their assistance with gifts donated to the project.

The Treasure Hunt was a success and we are able to report an appreciable amount, even though several tickets were left on hand.

We regret that all could not receive gifts and a few gifts were left, which will go back to the merchant. Thank you sincerely,

The Pastor and Members of the First Baptist Church

Home Comfort News

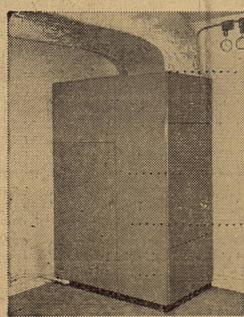

PUBLISHED IN THE INTEREST OF BETTER LIVING, ELECTRICALLY

Only AIR and ELECTRICITY used to heat in winter, cool in summer, with the ALL-ELECTRIC HEAT PUMP

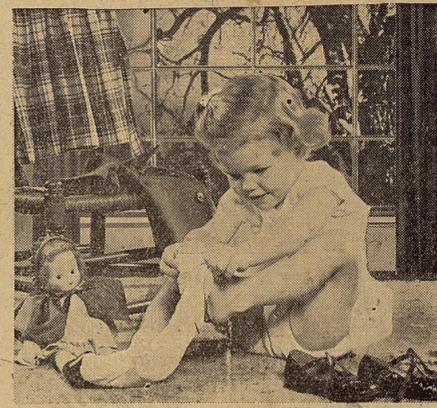

Provides Year-round Home-wide Indoor Climate Control with One Setting of a Thermostat

Completely automatic home-wide comfort is available now with the All-Electric Heat Pump that "comfort conditions" your home the year around, using only air and electricity. The same unit that heats your home also cools it. In addition, it removes excess humidity, filters out dust and pollen, completely conditions the air throughout your home. Because it uses only air and electricity in its operation, the Heat Pump provides maximum cleanliness.

SWITCHES AUTOMATICALLY FROM HEATING TO COOLING OR BACK AGAIN, AS NEEDED

During changeable weather, the Heat Pump switches automatically from heating to cooling or back again, as required for your comfort, even within the same hour. There's nothing to remember. You just set the thermostat once and enjoy perfect year-around indoor climate... automatically.

Eliminates Seasonal Start-Ups and Shut-Downs

With the Heat Pump there's no manual shutting off of cooling equipment and starting up of heating equipment in the fall and reversing the process in the spring. The Heat Pump automatically adjusts to weather changes, without any attention on your part.

HOW THE HEAT PUMP OPERATES

Heat Pump operation involves the basic scientific principle that indoor heating or cooling is a matter of transferring heat from one place to another.

In winter, the Heat Pump extracts heat units from outside air—even in freezing weather—and pumps warm air into your home. In summer, the Heat Pump automatically reverses itself and operates as a refrigerated air conditioner. It extracts heat from indoor air and pumps it outside.

For additional information about the Heat Pump, come by our office or write us. We'll be glad to answer your questions and provide other assistance—at no obligation.

David Eisenman to Lead Program On 'Fabulous Feet' Wednesday

"Fabulous Feet" Civic League and Garden Club's unusual program subject will bring to Eastland Wednesday, Jan. 8, a panel of shoe experts, representing the manufacturer the merchandiser and the fashion co-ordinator.

The program will begin at 3 p.m. in the Woman's Club. David Eisenman, head of the shoe department of The Fair in Fort Worth, will lead the discussion.

With him on the panel will be Mrs. Barbara Lund, fashion co-ordinator at The Fair, and Herbert Bauer of Dallas, manufacturer's representative of Custom Craft shoes.

Mrs. Lund operates a charm and modeling school and is a model herself.

Bauer was born and educated in Europe and was formerly associated with Andrew Geller of New York. He has been with Custom Craft for the past seven years. He will discuss present day trends in designing and manufacturing and will present an exhibit of shoes.

Mrs. Ben Hamner is leader for the program. Mrs. Joseph M. Perkins, chairman of the hostess committee, will be assisted by Meses. B. W. Patterson, Virgil Seaberry, Jr., Cyrus Frost, Jr., D. L. Kinnaid, Ronald Burton, and David Fry.

Mrs. Art Johnson, president of the organization, has extended an

DAVID EISENMAN

invitation to all women of this area to attend the meeting.

WEEKEND GUESTS

Mr. and Mrs. Howard M. Brock and children of Freeport visited in the home of his parents, Mr. and Mrs. Howard Brock. They were left for Dallas where he will enter SMU for a short session in the school of Human Relations. He is connected with the Dow Chemical Co. of Freeport.

Eastland Public Library Is Open Four Days Weekly

Eastland Public Library is open on Monday, Wednesday, Friday and Saturday from 2 p.m. to 5:30 p.m. It was reported that 10 books have been added to the library.

These books should be of interest to the readers of historical and religious novels as well as humorous and western stories.

"The Sound of Thunder" by Taylor Caldwell; "The Wind in The Forest", Inglis Fletcher; "The Gift and the Giver," Nella Gardner White; "The Return of Lady Brace", Nancy Wilson Ross; "How To Live 365 Days a Year", John A. Schindler; "Blue Camelia", Frances P. Keys; "Letters From Peking", Pearl S. Buck; "Silver Platter", Ellin Berkin; "A Man Ten Feet Tall", Helen Topping Miller; "Fair Oaks", Frank Yearby; "The Fugitive Trail", Zane Gray, are the books added.

In addition to the above list there are several mystery stories and children's books in the library.

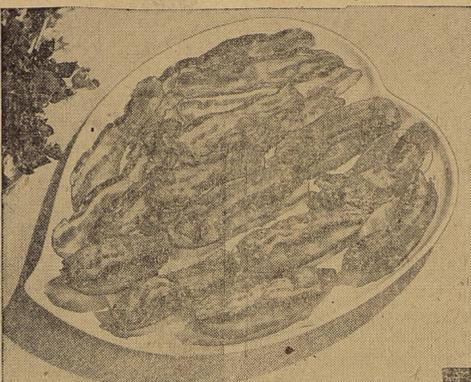

NEW YEAR'S GUESTS

New Year's guests in the home of Mrs. S. M. Hagar were Mr. and Mrs. Carl McGough of Abilene, Mr. and Mrs. Dub Hagar and son, Jimmy of Ranger, Mr. and Mrs. Duane Rose and daughter, Debra, of College Station, Mr. and Mrs. Herschel Smith and son, Don of Abilene, Miss Patricia Tucker of Abilene, Mr. and Mrs. D. C. Hagar of Eastland, Robert Veal of Ranger, Mr. and Mrs. Dewayne Motés and daughter, Brenda of Abilene and Mrs. Hagar's mother, Mrs. Susie Tucker.

RETURNS HOME

Mrs. F. L. Drago has returned home from San Angelo where she visited over the holidays. She was accompanied home by her daughter, Mrs. C. B. Beall, granddaughter, Mrs. Billye Beall Wendland and son, Wendt, of Dallas. They will return to their homes Tuesday.

A Tree Trimmer's Delight

A bacon and sweet potato bake is a real "filler-upper" for hungry tree trimmers who need to be fed. The flavors of the brown sugar cured Swift's Premium Bacon and the glazed sweet potatoes are delightful together.

Baking the bacon is a neat trick worth remembering when you have quite a crew to feed. Place the slices of bacon on a rack in a baking pan. In a hot oven (400°F.) it will take 10 to 15 minutes to crisp the bacon. In the Bacon Sweet Potato Bake recipe this is the same length of time required to glaze the sweet potatoes.

Bacon Sweet Potato Bake

Yield: 6 servings
1/2 pound Swift's Premium Bacon
6 sweet potatoes
orange, juice and grated rind
1 cup brown sugar

Cook sweet potatoes until just tender. Remove the skin. Cut lengthwise slices 1/2 inch thick and arrange in one layer in a shallow pan. Combine grated rind of orange, brown sugar and enough orange juice to make a consistency to spread over sweet potatoes. Place slices of bacon on a rack in a baking pan. Bake the sweet potatoes and bacon in a hot oven (400°F.) 10 to 15 minutes to glaze the sweet potatoes and crisp the bacon. Serve 2 strips of bacon on each glazed slice of sweet potato.

Bacon is a handy standby for many a meal. At breakfast it gets the day off to a good start by providing stick-to-the-rib power to keep busy folk on the go until noon. Dainty appetizers or hearty sandwiches get a flavor boost with the addition of crisp bacon. The same is true of soups, sauces, and salads when bacon bits are sprinkled liberally on top.

SOCIAL CALENDAR

Tuesday, Jan. 7

9:30 a.m.—Woman's Society of Christian Service will meet for a business session in the church parlor. The program will be given by Mrs. Turner Collie on "To Identify Herself with People of the World."

7:30 p.m.—Zeta Pi Chapter of Beta Sigma Phi will be honored in the home of Mrs. Truman Brown, South Hillcrest, by the Exemplar Chapter of Beta Sigma Phi.

7 p.m.—Eastland Chapter No. 280 Order of Eastern Star will meet for stated meeting at the

Masonic Hall. Mrs. Nadine Bruster, D. G. Matron, will make her official visit. All officers and members are requested to be present. Visitors are welcome. A covered dish supper will be served at 6 p.m.

Nell Carney, Worthy Matron and Corrine Weathersby, secretary, made the announcement.

Wednesday, Jan. 8

3 p.m.—Civic League and Garden Club will meet at the Woman's Club for a program on "Fabulous Feet." A panel discussion will be held by Hubert Bauer and David Eisenman. Mrs. Barbara Lund will be fashion co-ordinator. Mrs. Ben Hamner will be leader. Hostesses for the meeting will be Meses. Joseph M. Perkins, B. W. Patterson, Virgil Seaberry, Jr., Cyrus Frost Jr., D. L. Kinnaid, Ronald Burton and David Fry.

Thursday, Jan. 9
3 p.m.—Alpha Delphian Club will meet for their regular meeting at the Woman's Club for a program on Hobbies. Mrs. E. S. Wallace will give a topic on "Hobbies in the Family" and Mrs. N. N. Rosenquest will speak on "My Secret Hobby." Mrs. C. M. Pogue will speak on "Hobbies—Build Character." They will also elect new officers.

Does your husband earn between \$2,000 and \$9,999 a year?

If so, saving is probably your responsibility.

A recent survey reports that in families with incomes between \$2,000 and \$9,999 a year, it's the wife who usually pays the bills and keeps track of family finances. And these women are more diligent about saving money than their husbands.

In almost every instance, a family's sound financial standing is dependent as much upon a woman's ability to manage money as it is her husband's ability to make it.

Many women are helping their families win financial independence by encouraging their husbands to invest regularly in U. S. Series E Savings Bonds on the Payroll Savings Plan. It's the easiest way to save—one of the safest—and one of the best ways to guarantee future prosperity.

Once your husband signs up for Payroll Savings, you can relax and know that your saving is being done for you automatically. Each payday a set amount goes into Savings Bonds—where the principal is assured and a good interest is guaranteed.

Say you save just \$18.75 every two weeks. In 5 years you'll have a cash backlog of \$2,567. In 9 years and 8 months, \$5,348. In 19 years and 8 months, \$12,894. With a savings program like that, there's no need to worry about cash for sudden illnesses or emergencies. You'll even have a comfortable nest egg for your retirement or children's educations.

So help your family win financial security tomorrow—by inspiring your husband to start investing in United States Savings Bonds today.

Part of every American's savings belongs in U. S. SAVINGS BONDS

ON SOME FOREIGN STRAND—Nearing completion in Rangoon, Burma, is this impressive war cemetery for allied soldiers killed during World War II. Supervised by the British War Graves Commission, the cemetery will be for about 27,000 soldiers, including Americans, Britons, Australians, Indians, New Zealanders and Pakistanis. It is third war cemetery located in Burma.

Leave Crop Stubble for Wildlife

Game birds such as quail, doves, ducks, geese and wild turkeys often have a difficult time during the winter season finding food. Ed Cooper, extension wildlife conservation specialist, of College Station, suggests leaving crop stubble as long as possible after harvest as a food source for our feathered friends.

Cooper points out that crop residues plus the seed of native weeds that are available in harvested fields make one of the best food sources for game birds. But, he adds, some birds, particularly quail, will not utilize food in a

field unless there is some cover to protect them from natural enemies. Plant stubble left in the field will give this needed protection, he says.

Rice, corn, grain sorghum and other crop fields are especially good feeding areas following harvest if left undisturbed for as long as possible. Native weeds and woody vegetation along field borders serve as natural travel lanes for the birds attempting to feed in a field.

Leaving stubble on the field, Cooper points out, is also recognized in many areas as a good conservation practice. The stubble aids in controlling both wind and water erosion and in holding snow in areas where snows occur.

That three-fourths of an inch of rain we got was the wettest we have seen in a longtime. Guess it's just that the soil is pretty saturated with water, but we have never seen that much rain get things as muddy as this did.
