

MOORE about... EASTLAND by Virgil E. Moore

In recent years a baseball program of no little importance has developed in Eastland. With Little League and Junior and Senior League play, more and more are becoming interested in the fine American sport.

We believe, therefore, that it will not be much longer that Eastland High School can keep from fielding a baseball team. The demand, of course, will come from the boys.

Eastland is notably missing from the Interscholastic League's just released list of participating schools. In District 3-A competing teams will be from Wylie (Abilene), Clyde, Throckmorton, Merkel, Rotan and Stanton. In District 5-AA teams from Cisco, DeLeon, Dublin, Granbury and Coleman will compete for honors.

We also noted that teams from Carbon, Desdemona, Putnam, Strawn, Scranton, Baird and Moran will all participate.

Eastland should be able to field a winning ball club.

Mrs. Art Johnson is starting a project which few persons would even attempt. She is going to make a "window painting" out of postage stamps. Before she can even start the project, Marene must first acquire thousands and thousands of postage stamps. For a person who serves as postmaster that might seem an easy task. But it isn't.

That's where you fit in. Marene would like folks in Eastland to start saving their cancelled stamps for her. All you have to do is tear them off the envelope and put them in a box or something to save for her. Do not try to part the stamp from the paper.

What will the design of the picture be? That's something Mrs. Johnson hasn't completely figured out. It will depend a lot on the color of stamps she gets. And since most postage stamps are blue (because the most common U.S. stamp is blue, that will probably be the basic color.

Harvey Kimbler, pastor of the First Baptist Church, came up with the answer to our problem on the charcoal garden. The right combination is salt on coals, with bluing added for color.

A group of Eastland Golden Gloves boxers, including such boys as Don Slatton, are working out each afternoon at City Hall here under the direction of Lois Dunlap and Gene Townsend. More boys are still needed, so if you're interested drop by and talk it over.

About poll taxes: All we can say is that if you are a conservative and don't want the liberals to gain control of the Democratic Party in Texas you better pay that poll tax by Friday. By the same token, if you are a liberal and don't want to see the party remain in the hands of the conservatives, you better pay your tax.

Control of the party will go to the side that does the most work. That's as it should be.

We hope by this time you have your Quarterback Club membership card. If you do not, we hope you'll get up as soon as you get through reading this and go get it. Your membership costs you less than two cents a day. We can't understand anyone turning down an offer to join the club.

The good that the Quarterback Club has done, and will continue to do, is amazing. We will venture to say that no other club here in Eastland does anywhere near as much for the town. We have yet to hear a criticism of the club.

Yet there are a few guys who haven't joined the organization. They are still waiting for someone else to carry their part of the load. It just doesn't seem right.

HOST THROCKMORTON FRIDAY Mavs Beat Wylie In District Game

Faced by Johnny McMahan, the Eastland Mavericks scored an upset, 36-31, victory over the Wylie Bulldogs Tuesday night to take their first District 10-A win of the year. The Mavericks also got their first district victory, downing the Wylie girls, 41-38.

McMahan, who had developed into a top-ranked player in the last few games, continued to loop in long shots, as Coach Jon Tate's charges avenged their worst defeat of the year. Wylie beat the

Mavs 21 points in Eastland's own gym earlier in the year. The loss was the only lopsided one of the year for the Tatemen.

For the season the Mavs now hold a record of seven wins and 16 losses. Eastland lost to Albany by a 46-42 count last Friday.

While the Mavs were winning, the girls were too. Brenda Evans had one of her best nights, getting 22 points to pace the Mavericks to their victory. The win was also a revenge for the Eastland girls, since they were beaten earlier this year by the Wylie sextette.

Larry Hollis had nine points for Eastland. Clint Humphreys got eight, Phillip Lewis hit three and Otis Green one.

Throckmorton again surprised the district dopesters by knocking off favored Clyde for the second time in a row. This time the Hoards, who beat Eastland by just six points in their first meeting, nipped Clyde, 45-43.

Friday night the Mavs get a chance at the district leaders in the home court. There will be both a boys and girls game, and a boys B team tilt. Tip off time for the B game is 6 p.m.

While Eastland plays host to Throckmorton, Albany will test Wylie.

Troop 6 Scouts Elect Leaders; Eight Promoted

Members of Boy Scout Troop 6 this week elected Dick Whittington as senior patrol leader. Receiving patrol leader patches at the Monday meeting were Bill Horn, Ray Edwards and Wayne Harris.

Dean Allen and Eddie Cox were named assistant patrol leaders.

An investiture service was also held, and eight Scouts received their Tenderfoot badges. Those receiving the promotion were Floyd Robinson, Larry Goldson, James Joe Basham, Eddie Cox, Stanley Underwood, Phillip Kline, Johnny Hall and Micky Sargent.

Steve Potts was in charge of the candle-lighting ceremony, and was assisted by Life Scout Mike Potts, his son.

Jimmy Horn, scoutmaster, pinned the boys' badges on upside down, then told them that they could wear them that way until they completed their first good turns. Assistant Scoutmaster is W. T. Eaton.

Roy L. Lane Announces for Re-Election

Roy L. Lane, district clerk, announced today that he would be a candidate for re-election to his present post.

Lane is a resident of Eastland. His candidacy will be subject to the democratic primary in July.

He will make a formal statement at a later date.

Olden Splits Two Games With Hogtown Teams

Olden's boys scored a victory over Desdemona in district play Tuesday night, continuing their unbeaten circuit record.

The Hornets posted a 57-39 victory but Olden's girls lost, 70-54.

Eddie Munn hit 21 points for scoring honors in the boys game. Jerry Colburn got 12, Jack Hilliard got seven, Buddy Woods had six and Tommy Alford six. Rainey was high for the losers with 14.

Wilma Edwards got 35 points for the night for Olden. Miss Yancey had 31 points for Desdemona and Miss Carr had 25.

Dates For Livestock Show Are Announced

Show to be Held In Eastland In March

March 28 and 29 has been named as the dates for the annual Eastland County Livestock Show according to officials of the County Livestock Raisers Association, sponsors of the affair, after a recent meeting of the board of directors of that organization.

At the recent meeting held in the conference room of the Texas Electric Service Company a total of 18 officers and directors from every section of the county were present to develop plans for the annual affair, one of the out-

standing agricultural events of the year in the county.

C. M. McCain presided in the absence of Bob Pressley, Cisco, president and of the vice-president, McCain has served as treasurer for the group for the past several years. Ben McKinnis, Eastland, was named secretary to replace Don Hart.

Catalogue advertising committees were named. For Ranger Morris Newham, Dr. Dick Hodges, James Rathiff and K. E. McDonald were chosen. Harold Durham, Vernon Humphrey, Hood King and Bernard Hanna will work in Eastland.

The committee for Cisco will be Sam Kimmell, Sutton Crofts, Punk Thornton, Dr. J. H. Denton, Elby Donovan and Jimmy Lee, while John Kimble, Ed Harrison, Keith Gregory and Ed Brown were selected to work Gorman.

Jim Sparks, R. M. Pack and J. B. Williams were named for Desdemona and Bill Pope of Rt. 4 Cisco, for Nimrod.

The Rising Star committee will be J. D. Clark, Jay Koonce, Charles Rutherford, Weldon Roach, A. D. Jenkins and Cecil Shults while A. D. Campbell and Gilbert Copeland were to work Olden.

Ben McKinnis, J. M. Cooper and K. E. McDonald were named as the overall catalog committee to assemble ads, set up the catalogue, see bids for the printing, proof read the pages, secure cuts of pictures and then make the final distribution.

The show has grown tremendously in the past few years and is now one of the largest county stock shows in this part of the state, officials said.

The livestock men will meet again Friday night 31 to further the plans of the event.

Brotherhood Is Outlined For Eastland Groups

Eastland Lions and Rotarians and Eastland High School Students, Tuesday, in two different meetings, heard a Jew, Protestant and Catholic tell why they believe in brotherhood of man.

Speakers were H. C. Maiden Jr., vice president of the First National Bank of Dallas, a Protestant; Tim Kelly, Dallas attorney, a Catholic; and A. Robert Beer, Dallas relator, a Jew.

"Prejudice is really silly, and it begins at home," Maiden declared.

All of us have it (prejudice) in one way or another," Kelly added.

"Prejudice simply means to pre-

judge," Beer reasoned.

The speakers made their pleas for more understanding at a joint luncheon meeting of the Lions and Rotary clubs held at the First Methodist Church Fellowship Hall. Then Tuesday afternoon they spoke at the High School assembly. H. J. Tanner arranged both programs.

The trio represented the Conference of Christian and Jews, which was founded in 1928.

Maiden, who served as moderator for the meeting, summed up Brotherhood for the groups as, "Treating the other fellow the way you would like to be treated yourself."

Final Rites for E. C. Hightower Held Thursday

Funeral services for Elvis Carlton Hightower, 43, were held Thursday at 2:30 p.m. in the Hamner Funeral Home Chapel with Rev. Harvey Kimbler, pastor of the First Baptist Church, officiating.

Mr. Hightower died Tuesday at his home, 106 Williams. He was a native of Eastland and lived here all of his life. He was a member of the Baptist Church.

Survivors include his mother, Mrs. Irene Hightower of Eastland, and a brother, Dan Hightower of Alexander, La.

Barial was in Eastland Cemetery.

SOIL CONSERVATION DISTRICT NEWS

County Needs 1600 Miles of Terraces

(Editor's Note: The following story is another in a series written by Soil Conservation workers.)

Terraces are regarded by many landowners as a vital part of conservation farming.

The terracing need of Eastland County is great as based on soils information to include soil, slope and amount of erosion. Some 1600 miles of terraces remain to be done by landowners. Terraces and contour cultivation supported by a good vegetative program prove highly effective in holding maximum soil and water in place for continued crop production and improvement.

Terraces also are very beneficial in carrying surplus water slowly to protected outlets. Terrace outlets must be stable, if the terrace system is to function properly without severe damage. Native grasses make excellent outlets, in some instances outlets are not available onto pasture and waterways must be established along natural drains prior to terrace construction.

The all-time record rainfall for 1957 has convinced many landowners of the immediate need for a terrace system on their cropland. Several excessive rains of high intensity, last year, did a great deal of damage in the form of gully and sheet erosion resulting in excessive soil and moisture losses.

Cropland with terraces and cover crops had a very minimum loss of soil and moisture during these excessive soil and moisture losses.

Cropland with terraces and cover crops had a very minimum loss of soil and moisture during these excessive rains and by contrast fields without terraces and no cover crop suffered the maximum damage.

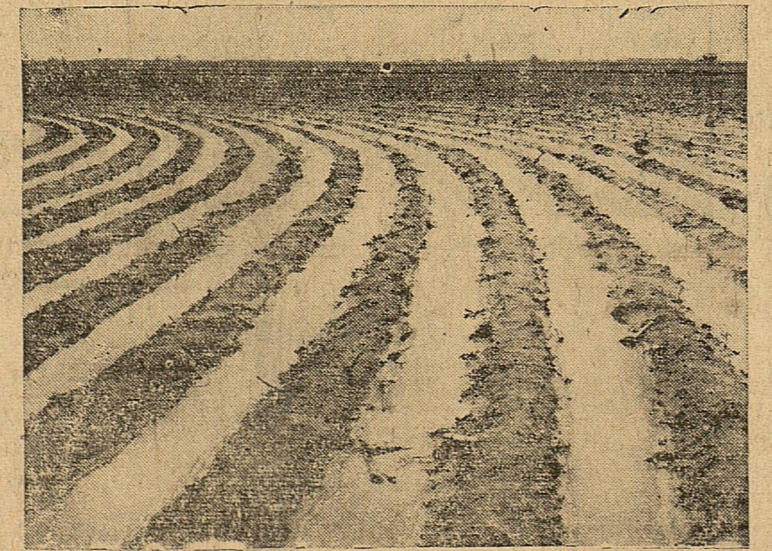

Landowners growing row crops must do needed terracing between harvest time in the fall and planting time in the spring. Now is an ideal time for these men to terrace. Small grain farmers normally do their terracing during the summer and early fall after small grains have been harvested. Since this practice is seasonal with most

landowners it becomes very important to take necessary action during such periods of time.

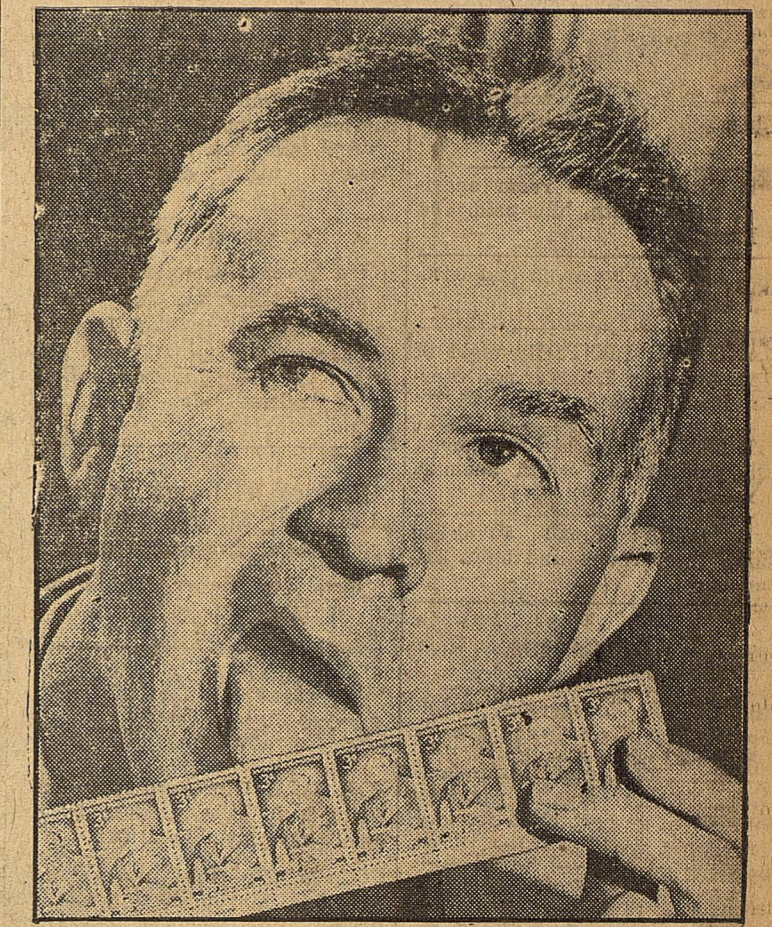

Soil Conservation Service technicians assisting supervisors of the local Soil Conservation districts are available to (1) Assist landowners in the planning and laying out of terrace systems, (2) Give necessary supervision during terrace construction, (3) Check completed terraces to determine that each terrace meets all specifications which insure its functioning properly.

If the landowner has requested cost share on the practice from the ASC County Committee then the total amount of terraces con-

That's why many area farmers have terraced that land in recent years. A good vegetative program makes the practices, pictured above, even more effective.

County School Committee Is Faced With Busy Work In Coming Months

The Hale-Aikin Committee of 24 has approved a "grassroots" study procedure which should yield at least 42,418 separate replies (107 in each county's report) to questions which the Committee believes are pertinent to its state-wide survey of the public schools, Mrs. Joseph M. Perkins, Eastland County chairman, revealed Thursday.

State Representative L. DeWitt Hale, vice-chairman of the Committee and co-sponsor with Senator A. M. Aikin, Jr. of the legislation which authorized the public school study, said that he and other legislators plan to make direct use of all 254 county reports in determining what school legislation, if any, may be needed, Mrs. Perkins said.

"Twenty-five thousand copies of the study guide prepared by the Hale-Aikin Committee will be mailed throughout Texas before Feb. 15," the Corpus Christi legislator said. "It will be obvious to all persons requesting and using the 44-page study guide that much research and many group meetings will be needed in each county if the local committees are to fulfill their responsibilities in this study."

Representative Hale said all local committees are invited to add questions of their own choosing to the 167 questions posed by the Hale-Aikin Committee. Facts and opinions about any public school matter, whether local or state, may in this way be brought to the attention of the State Committee.

"In view of the vital importance of our schools, no County Committee should feel unduly burdened by the size and scope of this survey," Representative Hale continued. "The Legislature needs

this information. Also, the local boards of school trustees and the average citizen whose votes, taxes, and influence contribute toward the local management and control of their schools need this information.

"The Hale-Aikin Committee is working on the premise that all who act in behalf of the public schools should do so with the assurance that their actions are based upon facts as well as upon the will of the people."

Each County Committee has been encouraged to organize and conduct the study in any suitable manner. In many counties, each school district is making a district study before reporting to the over-all County Committee. Other counties are conducting the study through four sub-committees, one for each of the major study topics of School Program, Teacher Supply, School Construction, and School Finance.

"Regardless of the procedure used, it is important that every school district be ably represented in all the county meetings," Representative Hale said. "A full and open discussion of the school problems in each county will provide a sound basis for the County Committee to prepare and approve an official report that reflects the public opinion and the school needs of the county."

Carolyn's MOVIE Comments By Carolyn Collins

Rock Hudson returns to the Majestic screen this week playing the part of an inept reporter in "The Tarnished Angels"—the book they said could never be filmed.

Hudson heads a list of such stars as Robert Stack, Dorothy Malone and Jack Carson. It's a story of tempestuous romance, based on William Faulkner's book "Pylon." The scene is New Orleans . . . and true to the reputation of that city.

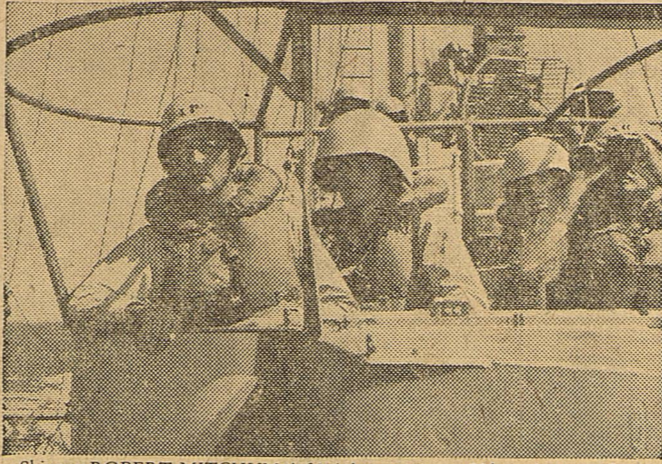

"The Enemy Below" is a dramatic sea battle between an American destroyer and a German submarine starring Robert Mitchell and Curt Jurgens, a noted European actor.

As each skipper tries to outwit the other the movie ends with a thrilling climax. This movie was filmed on the waters near Hawaii. This is an outstanding movie to be seen at the Majestic Theater this week as one destroyer tries to track down the other destroyer.

Barbara Stanwyck plays the role of a political boss with forty hired gunmen at her side in "Forty Guns" to be seen at the Majestic Theater this week.

Starting with Barbara Stanwyck is Barry Sullivan, a U. S. marshal, John Ericson, her brother, Dean Jagger, sheriff hired by her, and Gene Barry, brother of the marshal. The story of the bloody battles between political bosses is tinged with some romance.

Forty-One Persons Voted Into National Cowboy Hall Of Fame

Forty-one persons were voted into the National Cowboy Hall of Fame by trustees in annual meeting here, as contracts were signed on architects' plans and specifications leading to construction start by autumn for the first \$1 1/2 million unit of the western shrine.

Trustees from 16 of the 17 historic western states chose 11 persons at large to be honored in the memorial, with 30 from other states after nominations had been screened in those states. Oregon did not present nominations this year and Colorado deferred to await polls in connection with its fund raising campaign for the shrine.

All persons to be honored this year are deceased; all were identified with the livestock industry, had a hand in development of the American West or were prominent in perpetuation of traditions and ideals of the West, which were the basic criteria for selection and approval by a three-fourths majority of trustees.

The list includes territorial and early state governors; trail blaz-

ers of western migration and development; empire builders; colonizers, regionally and nationally known cattlemen; a triple world's champion rodeo cowboy; one of the most popular all time western movie stars and two of the century's most prominent animal husbandmen.

Previously voted into the Cowboy Hall of Fame were Will Rogers of Oklahoma; Theodore Roosevelt of New York and North Dakota; Charles Goodnight of Texas; Charles Russell of Montana and Jake McClure of New Mexico.

During the annual trustees meeting here ground was broken for the shrine atop its 37-acre hill-top site, by governors, other state officials and trustees of all the historic 17 western states that are to share in the project. The other 16 states will be decided one square yard of land at the site so the memorial will, in fact, be built on land of all these states.

The at large honorees are Edward Beale of California; Dean W. L. Blizard of Oklahoma; Frank Boice of Arizona; William F. "Buffalo Bill" Cody of Nebraska; Dr. Charles F. Curtis of Iowa; James J. Hill of Minnesota; Pete Knight of Alberta; Henry Miller of California; Tom Mix of Texas and Hollywood; Eugene Manlove Rhodes of New Mexico and Brigham Young of Utah.

Honorees by states were: Arizona, Ramon Aluamado and Geo. Ruffner; California, Henry C. Daulton and Fred H. Bixby; Idaho, Frank Gooding and John Hailley; Kansas, Dan C. Casement and Calvin F. Floyd; Montana, Robert C. Ford and Carston C. Kohrs; Nebraska, Frank North and Edward Creighton; Nevada, J. O. H. Sparks and Daniel Wheeler; New Mexico, John Chisum and Vic Culbertson.

And North Dakota, Wilsie Richards and John W. Goodall; Oklahoma, Charles H. Tompkins and Otto Barby; South Dakota, James Philip and Ed Lemmon; Texas, Stephen F. Austin and Oliver Loving; Utah, Anthony Ivins and Jacob Hamblin; Washington, Andrew J. Spawm and Benjamin E. Snipes; Wyoming, John B. Kendrick and Francis E. Warren.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M.D., Commissioner

The curtains looked dingy, so she decided to clean them in a pan of gasoline in the bathtub. She forgot about the pilot light on the floor furnace just outside the bathroom door.

She was buried just a couple of weeks ago, this usually alert woman who was "accustomed" to doing her own dry cleaning. It happens to someone somewhere practically every day.

Many victims of home dry cleaning accidents, like the woman above, routinely used flammable liquids to clean curtains or clothes. Others were beginners, motivated by economy or convenience.

Most of them were ordinarily sensible, with full awareness of the peril of gasoline or naphtha or other dry cleaning preparations. One moment of carelessness to which we are all prone turned them from happy homemakers into sad statistics.

Explosions are only one of several risks run by the thoughtless do-it-yourself operators. Some cleaning agents are flammable; others give off injurious vapors; still others are harmful to human skin. All could be lethal if taken internally.

So inflammable is gasoline that to keep it stored at home is to openly court disaster. Gasoline emits vapors to form explosive mixtures in the air. A transient spark from a light switch or cigarette and the mixture may be ignited.

Vapors may flow in an invisible stream for 200 feet from the point of use, flashing back and exploding the main container when touched off by flame or spark. Static electricity generated by synthetic or silk fabric being cleaned is fully capable of igniting the fumes of gasoline or naphtha. Care must be taken to avoid inhaling concentrated vapors, since the common one—excluding turpentine—are anesthetics. Some, after prolonged exposure, are injurious to internal organs.

If gasoline or naphtha can gasoline dirt and grime on fabrics, obviously these same fluids are able to cut through the natural oils of human skin.

You still insist on doing your own dry cleaning? Then do it right.

Use only non-flammable cleaning agents, keeping in mind that

Mary Helen Bailey Says Vows With Billie Stafford Abernathy

Wedding vows were exchanged at 8 o'clock p.m. Friday, January 24, in the Memorial Chapel of the First Methodist Church in Fort Worth by Miss Mary Helen Bailey and Billie Stafford Abernathy. Parents of the couple are Mr. and Mrs. Odell Wilbert Bailey, 2260 Sixth Avenue, Fort Worth, formerly of Ranger, and Mr. and Mrs. Stafford Abernathy of Fort Worth. The Rev. Lamar Smith, associate pastor of the First Methodist Church of Fort Worth, officiated at the double ring ceremony.

The church was decorated with white urns filled with white stock. White Virgil lights in spiral candleabra decorated the altar. Musical selections presented by Mrs. Patsy Mallicote, vocalist, and Robert Clark, organist, were "At Dawning" and "The Lord's Prayer."

The bride was given in marriage by her father. She wore a gown of white Chantilly lace over white bridal satin, with a fitted bodice and a V neckline outlined in scallops of lace. Long sleeves ended in points over the hands. The bouffant skirt was ballerina length and scalloped with lace at the hemline. She wore pearl earrings and a pearl necklace. A Juliet cap of seed pearls held her fingertip veil, which had appliques of lace from the dress. The bridal bouquet was of stephanotis and lace leaves, centered with a white orchid.

Miss Madell Bailey, sister of the bride, was maid of honor. She wore a pale blue, ballerina length princess dress with a bouffant skirt, and a matching headdress.

Bobbie Abernathy, brother of the groom, was best man. Ushers were Odell W. Bailey Jr., William Bailey, Robert Brey, and Jack Steadham.

The bride's mother wore a coffee brown dress with a corsage of brown orchids. The bridegroom's mother wore an aqua marine taffeta dress, with a brown orchid corsage.

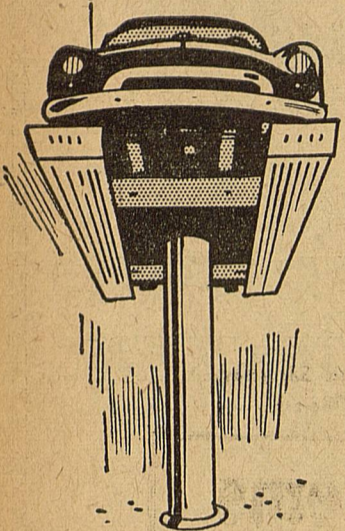

A reception was held in the church parlor immediately following the ceremony. The bride's table was covered with a handmade lace cloth and centered with an arrangement of white flowers in a silver container. The three tiered white cake was topped with a wedding bell.

For a short wedding trip the bride wore away a two piece navy blue dress, with blue and white accessories.

Out of town guests included: Mr. and Mrs. Frank Pearsall of Ranger; Mr. and Mrs. Garland Powell and Janice Powell of Abilene; Mr. and Mrs. Com Anderson, Mr. and Mrs. Stanley Abernathy, and Mr. and Mrs. Earl Talbert, all of Rio Vista; and Mr. and Mrs. S. G. McClanahan and Marylin of Cleburne. The bride is a senior at TCU in Fort Worth. The bridegroom is a graduate of Arlington State College.

Freeman Entries Win In Pecan Show

A Ranger pecan grower placed high in the 1957 State Pecan Show held recently on the campus of Texas A and M College.

Entries by B. F. Freeman won two first place awards, three seconds, and one third place award in the annual show sponsored by the Texas Pecan Growers Association in cooperation with the A and M College System.

Only other Eastland County pecan grower to place in the event was Lee Lieske of Cisco. Lieske's entry in the John Garner division placed first.

Sixteen entries in the show were from Ranger. All sixteen were winners in the Eastland County Pecan Growers show held in early December.

Freeman's entries placed first in the hybrid pecans and first in the unknown varieties.

The unknown variety, 58.85 percent kernel, may bear the name Ranger, it was indicated by J. M. Cooper, county agent.

He forwarded the unknown variety to the United States Pecan Laboratory in Albany, Ga. for identification. However, a comparison with 250 varieties of nuts still did not determine the type of nut it is.

In the hybrid division, Freeman's entries placed first, second, and third. In the Texas Prolific division, Freeman placed second.

In the best kernel division, Freeman's entry placed second.

Officers and directors of the association attended the two-day event. Directors present at the meet were J. L. Rainey, Elmo Cook, Joe Orchard, Tom Bradley, J. M. Cooper, Ted Brumalaw, J. H. Ross, Everett Smith, and Hugo Pape, vice president.

A panel of judges from the college and from directors of the association made final decisions on winners of the different classes.

The directors began to outline

the program for the 1958 convention to be held in Austin. The program will be completed at a meeting in Austin in early April. Members of the horticulture and agriculture departments of the college aided the group in the annual show.

Trustees are certified for payment. The Eastland County ASC committee has a cost share payment of \$2.50 per 100 feet of completed terraces and also share the cost of shaping and seeding of waterways.

Landowners in need of these practices are encouraged to contact their ASC Committee, local Soil Conservation Service technicians or the District Supervisor in their area. Terracing is timely and for many landowners now is the time.
