County Committee Kept Busy on Vast Farming Program

Moore. ABOUT EASTLAND by Virgil E. Moore

Comes a friendly post card from Henry Pullman from Hialeah, Fla. Henry, on an extended vacation there, reports, "Having a fine time. Keeping up with Eastland news. Your paper is five days late. This is the rainy season and it has been raining every day."

On the back side of the card this is printed: "COME TO FLOR- the wool incentive payment pro-IDA! Why Stay North Feeling gram, the acreage and conserva-Half Dead? You can be buried tion reserve programs under the beautifully in Sunny Florida for Soil Bank Act, the sugar program, only \$49.50 (no tax). No more, and any other program assigned to food, drinks, hotels, races night it by the Secretary of Agriculture or doctor bills.

"Convenient Layway Plan. Make Reservations Now! Write for free booklet, 'How to Kick the Bucket Gracefully,' Stiff and Deadly, planting specialists for Northerners."

Oil activity all over Eastland County has been amazing now in Eastland County than there has been at anytime since we came to Eastland, back some four years ago. And not only are wells being drilled, they are being completed.

Noticed in the big city press where the new 1958 license plates have already started arriving in some of the larger cities. Checked with County Tax Collector-Asses-sor J. M. Allison and he tells us he doesn't look for the tags to arrive here until sometime in November. Mr. Allison was quick to explain that he hoped that they didn't come in until then at any rate, since all he could do would be store them until Feb. 1 when they will go on sale.

We understand this years license plates, which will cost you about 10 percent more (no new state taxes the Legislature bragged) will be the reverse of this year' tags. They will feature white letters and numbers on black back ground. That plate will be a relief to lot of motorists we are

Cute Saying Dept. - "My grandson, two year old Doyal Wayne, got a hole burned in his blue jeans and when he saw it he looked very serious and said, 'It bake," writes Mrs. E. G. Rone of Gorman. "From then on every one he saw he showed the hole to with the same explanation."

And Mrs. Neil Eaves of Carbon tells us that one Sunday afternoon her brother, F. L. Spurlen, was moving his boat house to a new location when her daughter, Delores, 5, looked up and saw a jeep crossing a dam. Delores looked up and said, "Oh, Mother, look at that antique."

Another time Delores was watching her brother, Kenneth, 11, shooting his gun at turtles in a tank. She ran into the house and told her parents, "I want you you to know that gun has just blown off three times."

is engaged in the business of farming in any way at all, large or small, will sooner or later come in contact with the Agricultural Stabilization and Conservation Committee, whose members are shown at the right in the picture accompanying this story.

As far as the general public is concerned the ASC is heard of perhaps less than any other organization connected with the farm program, yet its authority touches every phase of farm life The County Committee, subject

to the general supervision of the State Committee, and acting through community committeemen and other personnel at the community level, is generally responsible for carrying out the agricultur support programs as assigned to the county, the acreage allotment and marketing quota programs,

or the Congress.

In carrying out its many duties, the County Committee will in the course of a year, reform, among other things, the duties listed be-

(a) Submit to the State Committee an estimate of the amount of administrative funds required for ea fiscal year;

(b) Enter into leasing agreements for such office space as needed in accordance with prescribed procedures; (c) Fix the rate of compensat-

ion for all personnel in accordance with schedules or instructions approved by the Deputy Administrator: (d) Direct the activities of the

community committee elected in the county; (e) Pursuant to official instruc-

tions, review, approve, and certify forms, reports and documents requiring such action under such instructions; (f) Recommend to the State

committee needed changes in boundaries of communities; (g) Make available to the public information concerning the objectives and operations of the programs administered

through the county committee; (h) Make available to agencies of the Federal Government and others information with respect to the county committee (Continued on Page 2)

THE COUNTY COMMITTEE: This is perhaps one of the least heard of committees in the county as far as the general public is concerned, yet it is one of the most important since it has general direction and supervision of everything connected with the farm program in the county. At left is Emmett Powell of Eastland, office manager, and then comes E. E. Blackwell of Ranger, chairman, W. R. Ussery of Carbon, vice-chairman and W. E. Cooper of Rising Star, committee member. They comprise the Agricultural Stabilization and Conservation Committee with offices in the courthouse.

The "East" team on which East-and's Jimmy Martin was playing n a backfield position, upset the 'West" by a score of 6-0 in the Greenbelt Bowl game played at Childress Friday night.

Quarterback Harvey Klinkerman of Iowa Park made the lone tally on a sneak from the one after the East got the ball on an exchange

of fumbles on the 7-yard line. The West made four trips inside the East's 10-yard line but rockribbed defense kept them out of he promised land.

The East and West split individual player honors with Royce West of Stamford being named by visiting coaches as outstanding lineman, while Larry Dawson of Stinnett, who played quarterback, ket and an estimated another 2 for the West, received the outstanding back award.

A United Fund Budget for the calendar year 1958 of \$6,500 was submitted for Eastland by the Screening and Budget Committee at a meeting held Thursday night and the budget was approved by the United Fund Board of Direct ors. It was an advance of \$300 over the 1957 budget. The budget accepted by the

Board was as follows: \$1,500.00 Boy Scouts 1,800.00

Salvation Army Red Cross 1,750.00 United Defense \$6,300.00 In addition to the above

amount, the sum of \$200 was voted for campaign expenses, making a total of \$6,500.00. Tommy Wilson, president of the Eastland National Bank, was chairman of the Screening and Budget Committee.

In addition to the above-named rganizations, Wilson said, "We Iso invited the 'March of Dimes' and the 'Cancer Society' to join he Fund for the calendar year of 958. The 'Cancer Society' declined as directed from their National Headquarters. We did not hear from the 'March of Dimes.' In preparing the budget which

Scientific healing — healing through the power of God, Soul—will be a topic dealt with at Christan Science services Sunday.

Matthew's account of Christ Jesus' healing of the two blind men (9:27-31) will be included in the readings from the King James Version of the Bible. The subject of the Lesson-Sermon is "Soul.

From "Science and Health with Yey to the Scriptures" by Mary Baker Eddy the following will be read (210:11-16): "Knowing that Soul and its attributes were forever manifested through man, the Master realed the sick, gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific action of the divine Mind on human minds and bodies and giving a better under-standing of Soul and salvation."

Continuing, she added: "If people only knew what a revelation and a joy The LISTENER is, they would not for a moment hesitate to wear one. This is the first hearing aid that exactly fits my needs. I didn't realize a hearing aid could be as good as this."

So widespread is the interest in this remarkable new electronic hearing achievement, the makers have prepared an illustrated booklet giving full details. Those interested may obtain a free copy from:
