

Man Dies In Collision, Truck Driver Held

A head-on collision of a truck and passenger automobile, which occurred at approximately 3:12 p. m. Monday on Highway 80, 11 miles east of Big Spring, resulted in the death of Francis M. Potts, 38, of Kermit and injuries to two other persons riding with the victim.

Driver of the truck, Walter W. Downing, 42, of Dallas, was being held in the county jail this morning on a charge of driving while under the influence of intoxicants. In a written statement made in the sheriff's office late Monday, Downing admitted he had been drinking and said he was probably dozing at the wheel when the crash occurred.

Francis M. Potts was born in Broken Arrow, Okla., on Jan. 19, 1909. Besides his wife, he leaves his father, Laurie Potts, one sister, Martha McCoy, and three brothers, Jewel Potts, Jesse Potts, and Laurie Potts, Jr., all of Houghton, Calif., and all of whom will be unable to attend the funeral.

County Heads Study Local Road Matters

County commissioners devoted most of their attention to road matters Monday afternoon in the closing session of the regular monthly meeting, spending an hour and a half in conference with S. J. Treadway, Abilene, district highway engineer.

Judge W. S. Morrison disclosed that the court had secured a conference date with State Highway Engineer D. C. Greer in Austin on Feb. 26 and with the state highway commission on the following day.

He and members of the court told Treadway that they considered the state highway department was under commitment to finish the Snyder road to the county line promptly, and that the court also would ask early action on the Andrews road.

Together with George White, chairman of the highway committee for the chamber of commerce, and R. L. Cook, chairman of the chamber's oil and gas committee, the court talked with Treadway about the possibility of a paved lateral road extending northward into the potential new oil pool in northern Howard county. Based on a tentative route staked several years ago for the Gall road, it appeared that such a project was feasible in the eyes of the court and the engineer.

Also talked was the potentialities for a general lateral program, plus the possibility of getting the state highway department to assume a great portion of the county's paved lateral roads.

Commissioners named a county soil conservation committee composed of Carl Grant from precinct No. 1, Leroy Echols from No. 2, Ross Hill from No. 3 and B. O. Brown from No. 4. These will cooperate with the district committee.

Employment of a deputy to assist the county attorney and to devote extra time to assisting in the county clerk's office was authorized by the court, the schedule of office hours to be worked out between George Thomas, county attorney, and Lee Porter, county clerk.

Commissioners also approved the appointment of Lucille Thompson as deputy treasurer without expense to the county. She is taking the place of Mrs. Ida Collins, who is in Hot Springs, N. M. for a short time.

During the morning session H. W. Wright and Dee Davis had asked for assistance in grading the fair ground area south of the airport, and the matter was taken under advisement. There was not a quorum present at the time. Considered but not acted upon was the matter of purchasing the law library of the late James T. Brooks, former county judge, for the county's use. J. B. Collins inquired Tuesday morning about more space for the tax collector's office.

Attack In Greece

SALONIKA, Greece, Feb. 10. (AP)—A large force of guerrillas fired 12 mountain artillery shells into this city this morning, killing four persons, an official announcement said.

TOMORROW LENT BEGINS

New Orleans Is Off On Its Annual Mardi Gras Bender

NEW ORLEANS, Feb. 10. (AP)—New Orleans went on its annual Mardi Gras bender today, celebrating a modern version of the world's oldest surviving festival. The pre-Greek shepherds who started the business 5,000 years ago might have been a bit surprised if they had chanced upon the scene. But nobody would have noticed them—what with folks disguised as decks of cards and aspirin bottles, gypsies and convicts, apes and ballet dancers. By various twists and turns, their festival was changed into the orgies of European carnivals. The French carnival celebration

CHINA ELBOWS WORRIES ASIDE AND CELEBRATES ITS BIRTHDAY

SHANGHAI, Feb. 10. (AP)—Today marked the world's biggest birthday party. More than 450,000,000 Chinese became a year older with the advent of the lunar new year. The troubled nation elbowed its worries aside and celebrated noisily.

In Shanghai, there were fireworks, whistles, clamorous beatings of cymbals and drums. Lusty thumping of washtubs. Everyone stopped work. At home, the Chinese sat down to the best meal they could afford—which wasn't much.

There were huge earthen jugs of Hsiaohsing, a mild yellow wine served hot. Some quaffed Pai Gah, an alcoholic beverage so potent that it is used in some hospitals to preserve corpses. It was a day of reckoning, too. Everyone had a moral obligation to pay his bills. But many avoided their creditors. A favorite refuge is a Chinese bathhouse. Aware that many patrons dropped in for an unneeded bath, operators were charging the debt dodgers a double rate.

The lunar holiday celebration lasts four days. On the fifth—"the God of wealth day"—Chinese shops will reopen. This is the "Year of the Rat." Chinese hope earnestly that it will be better than the last, which was the "Year of the Pig."

BATTLE FOR PLANE SEATS

Thousands Fleeing From Chinese Reds

SHANGHAI, Feb. 10. (AP)—A mass flight of thousands from danger spots in China's civil war is straining all available airlines. The only escape from most communist threatened cities is by air—for officer and civilian alike.

Americans returning from Mukden, southern Manchuria, say the situation is critical. Government workers, high military officers and moneyed civilians are battling each other to get air transportation to safety.

Calire L. Chennault's civil air transport is flying 17,000 government technicians from Mukden to Peiping. Other lines are carrying similarly heavy loads.

The government's Chinese National Aviation Corp. (CNAC) complained that passengers fight their way onto the planes, and fight even after they are aboard.

One general threatened to shoot a CNAC official if he tried to get the general off an overloaded plane.

In Changchun, Manchurian capital, American and British residents have been evacuated and the consulates closed.

Peiping reports another large evacuation is scheduled soon from Lingching, important north China city on the grand canal.

Foreign missionaries have been evacuated from scattered points in central China, and more are leaving.

While thousands are evacuated, millions are left behind. They are the plain people who have no money.

Local Water Line Is Accidentally Broken

A six-inch water line was broken accidentally by earth-moving equipment at the Veterans Hospital site this morning, but no interference with service in the city occurred, officials reported.

The line served the Municipal golf course and a few other connections outside the city limits.

School Board To Meet

Regular meeting of the board of trustees for the Big Spring Independent School district has been set for 6 p. m. today at the administrative office. Only routine business matters were on the docket at noon Tuesday, said W. C. Blankenship, superintendent.

Ching Promises No Coal Strike To Be Allowed

WASHINGTON, Feb. 10. (AP)—Cyrus S. Ching, chief Federal labor conciliator, said last night the government won't permit a soft coal shutdown this spring.

Members of the Southern Coal Producers association were still yelling "foul" today.

They said Ching has practically handed John L. Lewis a loaded gun if a strike is what the United Mine Workers has in mind.

"Lewis comes into the negotiations with an ace in the hole," protested Raymond Salvati, a West Virginia mine official.

"If we cannot get together and his demands are such that we cannot concede them, the government would step in and grant Lewis what he wants."

Ching said flatly the nation "will not tolerate a coal stoppage."

If a strike develops, he told the southern producers at a dinner meeting, "the government will step in."

Lewis already has taken what many coal operators regard as a possible first step to end his present contract April 1.

He has notified the operators a dispute exists over his proposed \$100 a month pension for miners 60 or older who have 20 years of service in the pits.

Under the Taft-Hartley act, a union desiring to pave the way for a walkout must give 60 days notice. The government can still stall off an actual strike for another 60 days by using other machinery in the act.

Reds Promise Proof Allies Helped Hitler

MOSCOW, Feb. 10. (AP)—The Russians promised today to publish secret German documents which they said would prove their charges that the Western Allies paved the way for World War II.

The Soviet information bureau stated last night that the United States, Britain and France had, in their relations with Germany, provided Adolf Hitler with the strength to launch the Second World War.

The Russians said it was done by "a golden rain of American dollars" and by French and British diplomacy.

The Russian statement was in reply to the U. S. state department's publication Jan. 21 of 2600 documents captured from the Nazis during the smash-up of Hitler's Germany.

The information bureau charged: 1. A "golden rain of American dollars x x x fertilized heavy industry for Hitler Germany and in particular her war industry."

2. "It was the billions of American dollars invested by overseas monopolies in the war economy of Hitler Germany that re-established Germany's war potential and placed into the hands of the Hitler regime the weapons it needed for aggression."

3. In 1934 Britain and France maneuvered a non-aggression pact between Germany and Poland which was instrumental "in the preparation of Germany's aggression."

The statement asserted that American financial aid to a beaten Germany after World War I enabled the former Reich quickly to re-establish a powerful war industry.

The Soviet statement dwelt at length on the U. S. state department's publication of Nazi documents.

American Freighter Has Crack In Hull

NEW YORK, Feb. 10. (AP)—An American freighter radioed today she had a crack in her hull and was taking water fast in rough seas 800 miles east of Newfoundland, but later messaged she was holding her own.

The vessel, the Pierre S. DuPont, operated by U. S. Lines, carries a crew of about 52 men, the line said.

The DuPont, a 7,176-ton freighter, left Rouen, France, Jan. 31, the U. S. Lines said. It was scheduled to arrive in New York Feb. 14.

City Heads Will Hear Paving Report

Big Spring city commission was scheduled to meet at 5 p. m. today in the city hall.

Commissioners were to hear reports on paving and consider several routine business matters at the session.

Price Break Hits In Stock Market

MARSHALL TITO ISSUES WARNING

BELGRADE, Yugoslavia, Feb. 10. (AP)—Marshal Tito, premier of Yugoslavia, says anyone who attacks neighboring Albania will have to deal with Yugoslavia.

In an address before a meeting of workers Sunday, Tito described Albania as a "hard nut to crack" since "we have an alliance with her and obligations to protect her freedom."

He said Ching has practically handed John L. Lewis a loaded gun if a strike is what the United Mine Workers has in mind.

"Lewis comes into the negotiations with an ace in the hole," protested Raymond Salvati, a West Virginia mine official.

"If we cannot get together and his demands are such that we cannot concede them, the government would step in and grant Lewis what he wants."

Ching said flatly the nation "will not tolerate a coal stoppage."

If a strike develops, he told the southern producers at a dinner meeting, "the government will step in."

Lewis already has taken what many coal operators regard as a possible first step to end his present contract April 1.

He has notified the operators a dispute exists over his proposed \$100 a month pension for miners 60 or older who have 20 years of service in the pits.

The statement asserted that American financial aid to a beaten Germany after World War I enabled the former Reich quickly to re-establish a powerful war industry.

The Soviet statement dwelt at length on the U. S. state department's publication of Nazi documents.

Price Feuders Cry 'Politics'

WASHINGTON, Feb. 10. (AP)—The cry of "politics" echoed on both sides today in the election year price feud between President Truman and Senator Taft (R-Ohio).

The latest jab came from Secretary of Agriculture Anderson. Anderson said Taft, a candidate for the Republican presidential nomination, acted for "political reasons" when he declared the administration was trying to keep prices high for political gain.

There was no immediate reply from Taft.

The latest chapter of the squabble between Taft and the administration over why prices are high got started last Thursday when Anderson talked about grain exports at a news conference.

In a letter to Taft yesterday, the secretary said he made no definite announcement that the government plans to buy an additional 50,000,000 bushels of wheat.

Taft said over the week-end that advance announcement of government purchase plans was an attempt to raise prices at a time the market was skidding.

The Ohioan also said: "The Administration, which talks about bringing prices down, is afraid they actually will come down."

White Is Named Farm Bureau Head

B. F. White has been named president of the Martin County Farm Bureau and is due to head a delegation to the district meeting in Sweetwater on Friday.

Other officers are Earl McKaskie and Dick Butcher, vice-presidents, and Bill Howell, secretary-treasurer. Directors are Edgar Standefer, T. A. Bullard, Dale Kelly, White, McKaskie, Bill Everett, Robert Dunn and Butcher. The board is to meet at 7:30 p. m. the second Friday of each month in the office of the county agent.

HAM TAKES A CRACK AT THE HIGH COST OF LIVING — Wallace McPhail, butcher in Boston's historic Faneuil Hall market, grins as he changes the per-pound price of an 18-pound ham from 69c to 59c as meat prices tumbled in the Boston area. McPhail holds up three fingers to indicate to a customer that they may buy three extra pounds of ham for what they would have had to pay under the old price. (AP Wirephoto).

EL PASO THIS TIME

Escapee Sought In Slaying Case

EL PASO, Feb. 10. (AP)—An escaped convict was sought today as a suspect in yesterday's daylight slaying of a Los Angeles advertising executive and the wounding of an El Paso man.

He is Harvey Lee Glass, 24, who with two other prisoners escaped Saturday from Darrington prison farm. The two other convicts were captured Sunday.

Officers said he fitted the description of the gunman who yesterday shot and killed Maurice Heaton of Los Angeles, vice president of Williams, Lawrence and Cresmer Advertising Agency, and wounded R. D. MacNeil, advertising director of the Newspaper Printing Co., of El Paso.

MacNeil told police he was showing Heaton a view of the city from El Paso's scenic drive when the bandit accosted them. He said the gunman forced him to drive out of town, where he shot both of them and escaped in MacNeil's car. Police later recovered the abandoned automobile.

Robbery was believed to be the motive for the shootings.

Local Veteran's Body Is Aboard U.S. Funeral Ship

The body of Sgt. John W. Payne, Jr., son of Mr. and Mrs. John W. Payne, Sr., 304 N. W. 3rd street, was aboard the Cardinal O'Connell, which is docking in San Francisco with the remains of 2,785 men and seven women, who fell in the Pacific during World War II.

The AAF sergeant's body is due to be the first returned to Big Spring for interment. From 10 days to three weeks will be required for the bodies to be sent from San Francisco to final resting places.

Among other bodies being returned are those of Art. 2 Thomas Ray Coffey, Navy, son of Mrs. Vivian S. Coffey, Sulphur Springs, and a cousin of John A. Coffey, Big Spring; Cpl. Raymond G. George, Army, son of Jessie S. George, Blackwell; Pfc. George T. Pool, Marines, son of Mrs. Alma I. Pool, San Angelo; MM3 Carrol E. Seiden, Navy, son of Mrs. Bertha A. Seiden, San Angelo.

Battle Of U.T. Professors Is Brought Out Into Open

AUSTIN, Feb. 10. (AP)—A long-standing feud between two groups of scientists at the University of Texas came out into the open today.

Dr. E. J. Lund, outstanding biophysicist, accused President T. S. Painter and the board of regents of having violated his tenure by reducing his salary without good reason or cause.

Dr. Lund had been placed on probationary status Jan. 22 by the regents on charges he had refused to teach and to cooperate with the zoology department.

In a 24-page letter to Painter yesterday, Lund denied the charges and blamed Dr. Painter for difficulties between zoologists and teach-

Grain Slams Down In New, Drastic Fall

Cotton, Butter And Livestock Join In Skid

NEW YORK, Feb. 10. (AP)—The price break became general today, hitting all commodities and pulling stock market prices down \$1 to \$3.

Grain slammed downward with the sharpness that characterized last week's drastic fall.

Livestock was selling at yesterday's lowest prices. Cotton was down a bale. Even butter, which had been at record high recently, skidded.

There were scattered reports of further declines in cost-of-living items.

Less than an hour after trading opened in the Chicago pits all deliveries of corn were down the daily limit of eight cents a bushel. Grain had staged a one-day rally yesterday.

Wheat and oats dropped rapidly and several deliveries hit the daily allowable decline of 10 cents and six cents, respectively.

Lard topped the 200 points allowed in a day's trading.

A general nervousness predominated all markets. The nation's economists studied the downward trend closely for clues to the business picture ahead.

Traders in both stocks and commodities were cautious everywhere. Many agreed with the observation of the President of the American Bankers association, Joseph M. Dodge of Detroit, who told his organization the country is "riding on a manufactured prosperity" which he said could not last.

The bankers association was told by a leading economist, Dr. Marcus Nadler of New York University, that a price readjustment now would be "painful," but not necessarily serious. The sooner the inflation period is ended, the better it will be, he said.

Hog prices were at yesterday's lowest quotations at Chicago as suppliers put only 5,000 hogs on sale. The trade had expected 15,000 would be available to purchasers.

At New York, stocks were lower all along the line and cotton prices fell more than \$1 a bale in early dealings.

Consumers were hopeful of meat bargains after yesterday's sharp drop in livestock prices, but economists warned them not to be too optimistic.

Butane Shortage Will Be Discussed

AUSTIN, Feb. 10. (AP)—Butane distributors and state officials gathered here today to talk shortages and how to remedy them.

Basic distributors of the fuel were called into a 2 p. m. conference yesterday by Gov. Beauford H. Jester.

Also invited were members of Jester's emergency fuel commission and representatives of the attorney general's office.

Three Are Injured In Blast On Tanker

NEW YORK, Feb. 10. (AP)—Police headquarters said three crew members were injured in an explosion in the engine room of the 6,190-ton tanker Richmond today off the Statue of Liberty. There was no indication the tanker exploded; police said.

Earlier the Coast Guard had reported tanker exploded in the upper bay.

Crane Well Hearing

AUSTIN, Feb. 10. (AP)—The railroad commission today announced a hearing March 25 on application of the Lion Oil company for a discovery allowable and new field designation for its G. H. Cowden well No. 1, Crane county.

BIOPHYSICIST LASHES PAINTER

Battle Of U.T. Professors Is Brought Out Into Open

AUSTIN, Feb. 10. (AP)—A long-standing feud between two groups of scientists at the University of Texas came out into the open today.

Dr. E. J. Lund, outstanding biophysicist, accused President T. S. Painter and the board of regents of having violated his tenure by reducing his salary without good reason or cause.

Dr. Lund had been placed on probationary status Jan. 22 by the regents on charges he had refused to teach and to cooperate with the zoology department.

In a 24-page letter to Painter yesterday, Lund denied the charges and blamed Dr. Painter for difficulties between zoologists and teach-

you and the board of regents on March 1, 1947.

He said he had been called to the University of Texas 21 years ago to develop teaching and research in physiology and the new field of biophysics, that the zoologists under Dr. Painter's leadership had over a period of many years interfered, and now had succeeded in "obliterating" this work.

Dr. Lund said he would not appeal to the grievance committee of the regents, as suggested by Chairman Dudley K. Woodward, Jr., because such appeal would be "futile and pointless." In view of the board's vote supporting Painter's recommendations, this, Lund said, was "unanimous and without a hearing on the facts supporting my side of the case."

WSCS Circle Meetings Discuss Great Prayers Of Biblical People

Mrs. Dave Duncan was hostess to Circle One of the First Methodist WSCS Monday afternoon, with Mrs. W. F. Cook leading the study of "Great Prayers of the Bible."

Mrs. R. L. Warren was appointed secretary of literature and publications and Mrs. Clyde Johnston was elected to the office, Status of Women.

Mrs. M. L. Musgrove will be hostess to the next meeting Feb. 16.

Attending the meeting were Mrs. W. F. Cook, Mrs. R. L. Warren, Mrs. W. A. Underwood, Mrs. H. M. Rowe, Mrs. T. J. Walker, Mrs. Abby Anderson, Mrs. Clyde Johnston, Mrs. S. R. Nobles, Mrs. H. F. Taylor, Mrs. M. L. Musgrove, Mrs. H. M. Robinson, Mrs. L. W. Croft, Mrs. W. L. Vaughn and the hostess, Mrs. Duncan.

"Prayers of the Kings and prophets," was given by Mrs. Bob Eubanks at the meeting of Circle Two in the home of Mrs. R. E. Satterwhite Monday afternoon.

Others on the program were Mrs. H. H. Haynes, Mrs. N. W. McCleskey and Mrs. W. V. Nichols.

Mrs. Robert Hill, Circle chairman, presided at the business session and Mrs. W. D. McDonald gave a report on finances.

District Four Of Christian Church Meets

The First Christian Woman's Council was hostess to the District four Crusade worker's institute Monday at the church.

Four state workers were present. They were Joe R. Babb, Fort Worth; Rev. G. C. Schurman, Fort Worth; Mrs. Paul Campbell, Bonham and Mrs. Bessie Hart of Fort Worth.

A covered dish luncheon was served by the members of the Big Spring council.

Others present were S. P. Hall, Mrs. A. Boring, and Clyde Lindsey of Midland; the Rev. and Mrs. G. N. Goldston, Mrs. G. I. Bannfield, and Mrs. W. I. Marshall of San Angelo; Mrs. L. M. Brooks, Don Williams, Mrs. D. H. Robinson, Mrs. J. R. Parks, Mrs. and Mrs. H. E. Clay, Mrs. Shelby Hall, Mrs. W. B. Martin, Mrs. J. D. Benson, Mrs. A. A. Marchant, Mrs. H. L. Bohannon, Mrs. Tom Rossen, Mrs. F. R. Creath, Mrs. Harry Lees, Mrs. Justin Holmes, and the Rev. Lloyd H. Thompson of Big Spring.

The circle will meet with Mrs. A. C. Hart next week.

Those present were Mrs. Frank Wilson, Mrs. Jake Bishop, Mrs. Fred L. Eaker, Mrs. L. B. Russell, Mrs. Clyde Thomas; Sr. Mrs. A. C. Hart, Mrs. M. A. Cook, Mrs. Lewis Murdoch, Mrs. J. E. Foote, Mrs. J. A. Iden, Mrs. D. T. Lovelace, Mrs. Arthur Woodall, Mrs. Herbert Johnson, Mrs. L. E. Eddy, Mrs. C. E. Johnson, Mrs. H. J. Whittington, Mrs. H. G. Keaton and Mrs. G. W. Chowns.

Mrs. J. P. Showen and Mrs. Stanley Cameron gave the program at the meeting of Circle five in the church parlor.

Mrs. C. A. Long led the opening prayer.

Those present were Mrs. Showen, Mrs. Mamie Lee Dodds, Mrs. Boswell, Mrs. G. E. McMahon, Mrs. R. H. Flaherty, Mrs. Stanley Cameron, Mrs. William Reinwald, Mrs. H. W. Morgan, Mrs. Tena Coffee, Mrs. Howard Salisbury, Mrs. Dan E. Thomas, Mrs. Tommy Gage, Mrs. E. J. Hughes, Mrs. C. A. Long and Mrs. Fred Boren.

Presbyterian Women Announce Prayer Day

Today the women of the First Presbyterian church urge all who will of Big Spring to unite with them in the observance of World Day of Prayer at the First Methodist church at 3 p. m. Friday, Feb. 13.

Those who gather on this World Day of Prayer will come to feel the oneness of the Christians in every land as they seek to include "the whole family of the whole church in the whole world" in their intercession. Both overseas and home projects are greatly in need of prayer, is the feeling of the Federated council of Church women of Big Spring and they urge that everyone join with them.

Roll Call Is Answered By News And Reviews

Roll call was answered by reviews and news of interest on the Convocation in Amarillo last month at the meeting of the Auxiliary of the St. Mary's Episcopal Church Monday afternoon.

Mrs. Lee Hanson read sermon of the Convocation which was a highlight of the convocation.

Mrs. E. B. McCormick presided in the absence of Mrs. Bristol. Those present were Mrs. McCormick, Mrs. Owens, Mrs. Lee Hanson, Mrs. John Warfield, Mrs. A. M. Ripp, Mrs. M. H. Bennett, Mrs. R. B. G. Cowper, Mrs. John Hodges, Mrs. Jake Johnson, Mrs. Verd Van Gieson and Mrs. Shine Phillips.

Mrs. B. Y. Dixon Hosts Nazarene WMS Meeting

Mrs. B. Y. Dixon was hostess to the Nazarene Woman's Foreign Mission Society at her home Monday afternoon, with Mrs. E. E. Holland presiding at the lesson study, "World Evangelization—its purpose, objective and motive."

Attending the meeting were Mr. and Mrs. Raymond Ball and daughter, Theda, Mr. and Mrs. J. H. Turner, Kelly Mize, Mrs. E. E. Holland, Mrs. B. Y. Dixon and daughter, Jean, and the Rev. and Mrs. Henry C. Thomas.

Mrs. R. H. Miller Wins High Score At Bridge

Mrs. R. H. Miller won high score at the Kill Kare Klub meeting in the home of Mrs. Watson Hammond Monday afternoon.

Mrs. Roy Tidwell won second high, Mrs. Elvis McCrary bingoed and Mrs. Pat Blalack won floating prize.

Valentine motif was used throughout the party rooms.

Members attending were Mrs. R. H. Miller, Mrs. Roy Lassiter, Mrs. Bob Satterwhite, Mrs. Carl Madison and Mrs. Watson Hammond.

Guests attending were Mrs. George Tillinghast, Mrs. Alvin Thigpen, Mrs. L. R. Terry, Mrs. Bill Dehlinger, Jr., and Mrs. Pat Blalack.

Brownie Classification Rules Are Changed At Girl Scout Council

Mrs. George White, organizational chairman, announced a change in classifying Brownies into intermediate scouts at the general meeting of the Girl Scout council at the high school tax office Monday evening.

Prior to this announcement, a child could become a Brownie scout when she reached seven years of age; now, a child can become a Brownie when she enters the second grade at school.

Formerly, a Brownie could become a Girl Scout at the age of ten; now, she can become a scout when she enters the fifth grade.

It was decided that each leader of the group could decide what kind of Juliet Lowe observance that group should have. Every child brings a penny for each year of her life and gives a birthday offering.

The council voted to write a letter of congratulation to the Boy Scouts on their birthday.

Attending the meeting were Mrs. Larson Lloyd, Mrs. Joe Bluhm, Mrs. Ross Boykin, Mrs. A. W. Smith, Mrs. R. E. McEwen, Jr., Mrs. George White, Mrs. Roy Anderson, Mary Miller, Neil Brown, Dan Conley and Lawrence Robinson.

Announcement was made that the Girl Scout Council meetings would be changed from the second Tuesday of each month to the fourth Tuesday.

Lewis Zafran, Magician, Will Be On Program At Rotary Banquet

Lewis Zafran, who scored such a hit with the Jaycee banquet crowd here a month ago, will be back at 7:30 p. m. today as the featured entertainer on the Rotary club annual ladies' night program at the Settles.

Traffic manager for Pioneer Air Lines, Zafran lays aside his work frequently to make appearances as a sleight-of-hand artist. Much in demand because of his proficiency, Zafran is recognized as one of the leading amateur masters of magic in the country. He has been a member of the art since he was 10 years old. During the war he performed on Guadalcanal and was shifted to other theatres.

Zafran is a charter member of the Port Worth Magic club and is a member of many others, including the International Brotherhood of Magicians. When he appeared here recently, he kept a large crowd amused and mystified for more than half an hour.

Mrs. Bullulon Speaks At Sub-Deb Session

Mrs. Bullulon, interior decorator, discussed interior decoration at the Sub-Deb club meeting Monday evening in the home of Dot Caultie.

Further plans for the cabaret dance were made at the meeting. Joe Kreklow entertained members of the club Saturday afternoon in the home of Mrs. K. H. McGibbon because they sold the most tickets to the quiz show program.

Those attending the meeting were Marietta Staples, June Cook, Jane Stripling, Dot Wasson, Rose Nell Parks, Betty Lou Huett, Vevega Apple, Sue Wasson, Ann Currie, P. A. McCoy, McCormick, Jean Pearce, Mrs. Don Seale, sponsor and the hostess.

Conoco Film To Be Shown

Featuring a cast of Hollywood players, Continental Oil company's latest motion picture, "The Miracle of Oil Plating," will be shown to Conoco dealers and friends at the Settles hotel at 8 p. m. today, it was announced by H. W. Smith, local distributor.

The program will be under the direction of J. B. Helms, district sales representative for Continental Oil company who arranged for the showing here.

The movie is a 45-minute feature recently produced in Hollywood and Ponca City, Okla.

In a highly entertaining story, an achievement in the field of modern lubrication is dramatized in Continental's 1,280-acre refinery at Ponca City thread into the film. The movie industry sees at close hand a giant industry in action, producing a modern "miracle" in lubrication.

O'Briens In Abilene

Dr. and Mrs. P. D. O'Brien were in Abilene Tuesday where he was to appear on the program of a two-day Bible conference. He took the place of Dr. W. R. White, who had to cancel his appointment when he was named president of Baylor. Dr. and Mrs. O'Brien were due back here late Wednesday afternoon.

Stomach Trouble Gone Since Taking MertoX, Says Houston Man

"I was bothered with indigestion and sour stomach," says Mr. Frank E. Ferrell, 55 Burgess Street, Houston, Texas. "I would bloat and have such gas pains that it seemed to place so much pressure on my heart that it would be almost unbearable at times. Since taking MertoX Compound a short time, I feel much better in every way; don't bloat or have a sick stomach as the former trouble has disappeared."

This amazing medicine contain-

ing 25 herbal and other spendid ingredients is being endorsed by hundreds of people who have found it just the medicine they need. It helps to relieve many conditions that may have been causing you untold misery over a long period of time. It can be taken by every member of the family and will not make you sick, gripe or nauseate you in the slightest degree. Why not get MertoX today? But be sure and get the genuine MertoX. Don't be "switched."

Peggy Todd Has Charge Of Play

Peggy Todd was in charge of the program for the Junior Girls Auxiliary of the First Baptist Church Monday afternoon at the church.

She told a story, "Territo goes to Bible school" and directed a playlet, "At The Dinner Table." Those having a part in the playlet were Janice Anderson, Neida Boatman, Glenna Coffey, Doris Ann Daniel, and Peggy Todd.

Twila Phillips started a chain of sentence prayers and Emma Tucker closed it.

Others present were Janice Brooks, Ethel Chapman, Lila Jean Turner, Delores Hagood, Margie Ann Morris, Virginia Carpenter, Lila Curry, Anna Belle Lane, Earlene Berry, Beatrice Hobbs, Louise Eddy, Frances Reagan, Londa Coker, Mrs. J. W. Arnett and Mrs. G. L. Brooks.

Ash Wednesday Begins Lent

Special services will be held Wednesday night at the St. Paul's Lutheran church in observance of Ash Wednesday which marks the beginning of the Lent season.

These services will be held every Wednesday from now to Easter. The topic this week is "Viewing the Cross of Christ in Gethsemane."

Special services are scheduled at the St. Mary's Episcopal church at 7:30 p. m. with J. F. Warfield, layreader, in charge. Mass will be held as usual at the St. Thomas Catholic church. Ashes will also be dispensed at the service.

Training Circle Has Lesson Study

Mrs. Noble Kennemur led the lesson study, "Do I have what it Takes," at the regular meeting of the Training Circle of the First Presbyterian church Monday afternoon.

As this is the beginning of Literature week, Mrs. Bill Edwards led the discussion on literature and accepted subscriptions for the various magazines.

Mrs. F. H. Talbott led in prayer and presided at the business meeting.

Mrs. Paul Solden gave a report of the nursery committee.

Mrs. Ernest Barber was elected chairman, Mrs. Al Atton, co-chairman; Mrs. Elvin McCrary, secretary and treasurer; and Mrs. Grady McCrary, flower chairman.

Attending were Mrs. Ernest Barber, Mrs. B. E. Freeman, Mrs. Al Atton, Mrs. Bill Edwards, Mrs. Noble Kennemur, Mrs. J. D. McCrary, Mrs. Paul Solden, Mrs. F. H. Talbott and Mrs. Elvin McCrary.

Prayer Will Be Theme Of Meet

Prayer will be the theme of the meeting when the Council of Church Women meets Friday at 3 p. m. in the First Methodist church.

Following the opening hymn, "Come Thou Almighty King," Mrs. W. A. Laswell will give the devotional. Mrs. W. K. Edwards, Jr. will sing the "Lord's Prayer" and Mrs. Bernard Fisher is to lead the responsive reading.

Under the direction of Mrs. Lloyd Brooks, a First Christian church group will present a pantomime, "The World at Prayer."

Thru 12 Freezing Winters THE QUINTUPLETS

have used this for coughs of CHEST COLDS

The Quintuplets have always relied on Muterole to relieve coughs, sore throat and aching muscles of colds. Muterole instantly starts to bring wonderful, long-lasting relief! It actually helps break up painful surface congestion.

In 3 Strengths: Child's Mild Muterole, Regular and Extra Strong for grown-ups. At all drugstores.

MUSTEROLE

ENJOY this Mountain Grown Coffee

So Extra Rich in Flavor It Is Economical Too

This is an invitation to enjoy a coffee flavor so individual—so distinctive—it is known as a special coffee flavor—the Folger Flavor.

And it is a special kind of coffee—Mountain Grown coffee—with a rare winy tang. A rich vigorous completeness of flavor that is truly delightful.

And when you discover the extra enjoyment of the Folger Flavor, you will also discover its amazing economy—for Folger's is so extra rich in flavor it is economical, too!

Won't you try this coffee that promises you more enjoyment with a dividend of economy, too.

Mrs. R. T. Lytle Directs Royal Service Program

Mrs. R. T. Lytle directed the royal service program at the East Fourth Baptist church Monday afternoon on the subject, "Unfinished Task in the Homeland."

Mrs. A. S. Wood gave the devotional from Joshua 17 and 18. The meeting was opened with a song, "Jesus Shall Reign" and Mrs. O. R. Smith led the opening prayer.

Mrs. Lytle discussed our country. Mrs. Jack Deering brought out the points of the home mission tasks which showed that the real task is to take the gospel to those who have it not in the isolated areas of our own country. She also stated that the basic functions for the home missions is evangelism.

Mrs. O. R. Smith discussed the task unfinished showing that only 47 percent of the American people are Christians. There are 25 million unchurched people in the Southern Baptist convention.

Mrs. H. Reeves discussed working at the task showing that 900 home missionaries are working in Cuba with the Indians, Mexicans and Jews.

Mrs. J. B. Riddle discussed the urgency of the task and emphasized that we are in the atomic age and in the midst of a world crisis. This particular situation may be used for good instead of evil and often the people fail to realize the graciousness of God. The crux of the matter is that the Christian ideals will be the only thing to carry us through this crisis.

The meeting closed with a prayer by Mrs. George McLellan.

Those attending were Mrs. Cleve Reace, Mrs. C. M. Harrell, Mrs. Jack Deering, Mrs. Sam Bennett, Mrs. Bessie King, Mrs. J. C. Harmon, Mrs. D. J. Wright, Mrs. Walter Grice, Mrs. Lula Satterwhite.

Slayer Of Girl Hunted In Canyon

BEAUMONT, Calif., Feb. 10 (AP)—Possemen using walkie-talkie radio beat through the brush of the San Geronimo hills today in a search they hoped was closing in on the holdup-killer of pretty Marjorie Winn, 17, Redlands high school girl. A hundred or more sheriff's deputies and special officers systematically searched gullies and ravines, believing they had the fugitive blocked off in Lamb's canyon. They figured hunger might force the hunted man to attempt to break through the ring of searchers.

Try this Easy Way to... CLEAN DENTAL PLATES

At last, a scientific way to clean dental plates and bridges REALLY clean. Just put your plate in a glass of water. Add a little KLEENITE. With magic-like speed, discoloration, stains and denture odor vanish—the original clean brightness returns! It's easy, economical. Ask your dentist for KLEENITE today.

COMMODITY INDEX AT LOWEST IN THREE MONTHS — This chart illustrates the steady decline of The Associated Press Commodity Index from its record high of 208.1 on January 9 to the present low of 197.5, lowest since early November. The index is based on wholesale prices of 35 commodities with the 1926 prices representing 100. (AP Wirephoto Chart).

France And Spain Open Their Border

PARIS, Feb. 10 (AP)—The French-Spanish border was opened to commerce today for the first time in nearly two years. Officially the opening was at midnight, but since no night travel ever was permitted, the first opening was a formality. Barriers were raised briefly and lowered again at Hendaye, France, a bay of Biscay seaport. Officials of both countries greeted each other. It was not until after daybreak that border guards re-opened posts closed since March 1, 1946. Then the border actually was open. Telephone lines never fully set up again after the end of the Spanish civil war in 1939 were reestablished. Service was resumed at midnight. Rex Brenton, Associated Press traffic chief here, sent the first message, a telegram to check the line to Irun, Spain, near Hendaye. French-Spanish trade talks were to begin immediately. France is interested in Spanish fruit, fish and textiles. Spain needs fertilizers, machinery and electric power. The border was closed when there were communists in the French government. Six battalions of Hendaye found anti-Franco posters had been put up. Six battalions of French troops were assigned to the frontier to maintain public order. No disorders were reported. Generally the French are pleased with the border reopening, but the Paris communist newspaper said: "Beginning Tuesday our Pyrenees frontier will be reopened—to Nazi spies." (A Moscow radio commentator said that France, in allowing the reopening was doing "the bidding of Washington." The broadcast said France's government is "helping to put into effect the American plan to extend the Marshall program to Spain, and to include Spain in the western union projected by British Foreign Secretary Bevin.") It also appeared the Spanish were pleased and many Spanish families were reported to have already rented houses in France for the summer holidays.

Mexico Hits Drug Racket

MEXICO CITY, Feb. 10 (AP)—The federal attorney general's office reported today over 500 persons are being held without bail in northern jails to face trial on charges of dealing in narcotics. In a report on progress of Mexico's drug campaign the office said federal agents are rounding up "all persons who produce, process, and deal in drugs, or have them in their possession." Persons charged under new anti-narcotics legislation are being held in jails in Mazatlan, Durango, Chihuahua, and Baja California, the office reported. "Those guilty will receive exemplary punishment," it added. President Miguel Aleman personally ordered the general offensive against the drug traffic last year, instructing the army, federal police, and the attorney general's office to co-operate in the campaign.

Oil Workers Draft New Wage Demands

FORT WORTH, Feb. 10 (AP)—A general policy toward 1948 wage demands is being drawn up by key men of the Oil Workers International union. Twenty-four members of the union, including three top officers, began a two-day meeting here yesterday. At the opening session union representatives reported on wage scale reactions of fellow workers to OWIU President O. A. Knight, Vice President A. R. Kintley, and Secretary-Treasurer T. M. McCormick. Headquarters of the union is in Fort Worth. Cannon were first cast from bronze in 1326.

Siren Whistle Kills Flies, Mosquitoes

NEW YORK, Feb. 9 (AP)—A siren whistle that kills flies and mosquitoes in ten seconds is described in the journal of the Acoustical Society of America today. The whistle is hooked to a horn that directs the sound. But don't make one yet. It has to be almost as close to the fly as a swatter. If you started whistling the flies to death, you soon would become dizzy and probably start seeing double. The human risks of this whistle are new to science. They are reported by Doctors C. H. Allen, H. Frings and I. Rudnick of the Pennsylvania State College. The scientists are hunting for some sort of a loud-speaker to kill crop insects. The siren makes a noise too high pitched for human ears to hear. But after a little while a person close to it gets dizzy. He does not have to be in the sound stream—in fact, if any part of him is directly in the beam of sound, close up, that part gets very hot. If a hand is placed in the stream, with fingers touching, the places where they touch get burned. The temperature at these flesh contacts points jumps to more than 150 fahrenheit. Workers spending an entire day in the state college whistle room report that they become more than ordinarily tired. Those who open their mouths while the whistle is blowing, feel a cool tickling sensation in their mouths. Some like this tickle, others don't. The reasons for these effects are not known, except the burning. The whistle kills the insects because the sound waves overheat their bodies. It heats anything the sound blast touches. These burns kill cockroaches and caterpillars in three to four minutes. The roaches used were about two inches long. White mice died in one minute from the sound burns. Except one mouse that was shaved. Naked, he lived more than two minutes. The reason was that fur traps the heat faster. The wings of flies and mosquitoes shirveled and almost disappeared.

Oil Workers Draft New Wage Demands

All-Time Average Is Set In Crude Output

TULSA, Okla., Feb. 10 (AP)—The nation's crude oil production set a new all-time average of 5,369,105 barrels daily during the week ended Feb. 7, the Oil & Gas Journal reported today. The figure was an increase of 25,905 barrels over the previous week and 18,600 barrels more than the previous record set the week ended last Jan. 24. Texas' output accounted for most of the net gain, increasing 47,125 barrels to 2,432,825 barrels.

Ginners' Convention Will Close Today

SAN ANTONIO, Feb. 10 (AP)—The annual convention of the Texas Cooperative Ginners association closes here today. Yesterday R. V. Davis of Dawson, president of the group, told the ginners that the mechanization of cotton harvesting in Texas is still in its infancy. He said only 2,500 machines were used last year in the states.

How Good Is An Opinion?

That depends on who gives it. And on what it is based.

Certified Public Accountants give opinions on whether company financial statements fairly show assets, liabilities, profits. The CPA's opinion is based on an independent audit—which means an extensive financial examination.

In this examination he tests a wide variety of the concern's transactions, enough to satisfy him that its records in their entirety are reliable.

This kind of opinion is an informed and expert judgment by a responsible professional man. Naturally, the investor, banker, or creditor is reassured by this independent appraisal of a company's accomplishments.

A MILLION MILES of telephone wire

PROGRESS REPORT ON TELEPHONE SERVICE

This year we will install a million miles of wire in telephone cables in the Southwest. These cables will connect telephones to switching equipment in the telephone office. Inside the lead cable sheath are hundreds of tiny wires, and it takes one pair of those wires for each telephone line. Most telephone cables are full today. All wires are in use serving as many people as possible. New applications keep coming in almost as fast as we can install new cables to connect telephones. That's why we need more cables in practically every telephone exchange. Even a million miles of wire in cables won't be enough. We need to continue asking people to take party-line service—so that one pair of wires may serve as many as four families. If you're one of those waiting, you may be sure that we're working hard to get and place cables to connect your telephone as soon as we can. We don't like to keep anyone waiting for telephone service.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning

The liver should pour out about 2 pints of bile juice into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then gas blocks up your stomach. You get constipated. You feel sour, sunk and the world looks punk. It takes those mild, gentle Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 33¢ at any drugstore.

Pointing Toward A Planned Program

Within a fortnight, Howard county should know about its lateral road program as it concerns the state highway department. The local commissioners court has booked a conference with the state highway engineer and the state highway committee on Feb. 26 and 27. These parleys should go a long way to giving a chart for a general program.

There is no definite, cut-and-dried order, but the commissioners court likely will assume both a positive and cooperative attitude with the state highway department. The court will not be adamant, but it is likely to take the position that the remaining half of the contract in Howard county on the Snyder road ought to be let at once and in keeping with a commitment by the state highway department. On this basis,

it is likely to be ready to talk turkey about starting work on the Andrews road, assuming that the Snyder project is water over the mill.

Beyond this, the court is interested in a cooperative program with the highway department on two fronts: 1) Turning over to the state all acceptable lateral roads already paved by the county, and 2) development of additional all-weather construction. The latter includes a road to the area of a potentially new oil pool in northern Howard county.

It is noteworthy that the court's idea of extended laterals and that of suggested laterals by the state highway department are surprisingly close together. There is ground for hoping that our road matters are looking up.

A Pity And Parallel For Some Of Us

Up in Long Island, New York community one of two spinster sisters—reputedly wealthy—died Sunday.

When medical aid was summoned for the sister, and ultimately other aid to remove her body, outsiders found them living in the midst of squalid conditions. Rooms were littered with junk, tin cans, old things kept over the years.

The two had been in retirement from the world since the death of their father 10 years ago. Police had to batter down a nailed and bolted rear door to get into the big but crumbling house.

Perhaps no one really knows if the two women were wealthy although it is certain they were on comfortable financial circumstances. There isn't so much in hav-

ing a lot of wealth and yet living as some one in poverty, but in an attitude which would prevent using of wealth even for bodily comforts. While their material resources musted away in a bank, their home grew unkempt and cluttered. They clung to things that had no value at all—trash, cans, junked furnishings. And they told themselves that this was the way mother would have wanted it.

A pity, we say. A pity yes, but no more so than perhaps our own lives. Whether it is money, or time or talent, too many in our society assume an attitude not unlike the sisters. It is impossible to withdraw from social responsibility without cluttering up one's life with mental and spiritual cobwebs.

The Nation Today—James Marlow

Iron Ore Supplies In U. S. Dwindle

(FOR JAMES MARLOW)

WASHINGTON (U. S. A.)—Americans, used to thinking they are eternally blessed with natural resources, are having to face a new fact:

The country is running low on some of the materials it needs most.

Secretary of Interior Krug issued another warning last week in his annual report. And the matter of iron boded up in Congress during debate on the St. Lawrence seaway.

Iron means steel, and steel is basic in our complex industrial life.

All Krug said about iron ore was this: "Supplies of high-grade iron ore are limited."

Summarizing the views of industry and government experts, the commerce department says our best reserves, around Lake Superior, may run out in 20 years.

That region produces 80 per cent of all the iron ore mined in this country.

Half the nation's output comes from one place—a great, yawning

pit called the Mesabi range, in Minnesota.

Since 1922 Americans have been taking iron ore out of the Mesabi pits with steam shovels. This simple process has been a key factor in America's development of cheap mass production items. And the Mesabi ore beat Germany and Japan.

From 1940 to 1945, the industry drew on Mesabi ore at three times the rate of the 1930's. Now that peace has come, the withdrawals aren't much lighter. Last year 77,000,000 tons were mined around Lake Superior, compared with 79,000,000 tons in 1944.

Government officials say the big companies have men hunting for new ore. But they are not looking in the United States. They are looking in South America and elsewhere.

Does that mean we must rely on foreign sources when our own good ores have vanished?

No. Around Lake Superior are some 63,000,000 tons of sub-marginal ore called taconite. It's a hard rock with 25 to 35 per cent iron content, against nearly 50 per cent in present ores.

It's not worth shipping as mined, so the industry is building experimental plants near the mines to find a way to concentrate the iron ore in taconite.

One expert said using taconite would add \$5 a year to the cost of living for every family.

Foreign ores are the alternative.

The two sources most talked about are Labrador and Brazil.

But in both countries the ore is more than 300 miles from the sea, in a wilderness. Industry would have to start from scratch.

Then there's the security angle. Labrador is close, but Brazilian ores would call for a long overwater haul.

During the St. Lawrence debate, backers of the bill said this: if we had the seaway, Labrador ores might move to lake steel plants at reasonable cost. Otherwise, foreign ores might cause a wrenching shift of industry from the Great Lakes to the Atlantic Coast.

On the other side it was argued that the St. Lawrence project might delay the taconite development.

There is no easy answer.

"HOW ARE WE COMING ALONG WITH THOSE ATOMS, DAVE?"

Washington Merry-Go-Round—Drew Pearson

Marshall Speaks Plainly On Aid

WASHINGTON—Secretary of State George Marshall did some plain talking on the "philosophy" behind his European recovery plan at a recent meeting with representatives of the U. S. junior chamber of commerce.

The junior chamber spokesmen had suggested to Marshall that the United States invite outstanding young farmers of other nations to an annual exposition for the exchange of information on livestock breeding, soil conservation and other farm techniques.

"That sounds like an idea worth considering," responded the secretary of state. "It's in line with what we are trying to do—helping others to help themselves. There has been a lot of misunderstanding in Congress and elsewhere about our European reconstruction program."

"The job before us is not so much putting oil in heaters or food on the tables of people less fortunate than ourselves. It is to encourage others, to give them

the incentive to improve their economic condition. We supply the tools, so to speak, but they do the work themselves."

Nobody can truthfully call that "Yankee imperialism," said Marshall.

"I remember showing some American films when I was in China," he added. "One was a picture called 'State Fair,' about a typical farming community in the Midwest. I showed it in a courtyard one night to some Chinese government officials. They were simply amazed that American farmers could work such vast tracts of land, produce so much, and still have time to relax and enjoy themselves."

"Chinese farmers have to work practically all the time to eke an existence out of their little patches of land. We've got to help them and others to raise their standards. In doing so, we promote world peace and understanding."

PRIZES TO FARMERS

One of Marshall's callers, Gregory Dozier, a young rancher of Texarkana, Arkansas, suggested that, under the junior chamber's plan, prizes might be awarded to young farmers who have made important contributions to agriculture in other countries.

But the big inducement, he said, would be a trip to the United States.

"Say, for instance, 10 youths in a small farming community in Italy are competing for the trip," explained Dozier. "The whole community will get into the spirit, and better production is bound to result. This ties right in with your efforts, under the Marshall plan, to help others help themselves."

"However, our main objective is to promote friendship and better understanding between farmers of the United States and other countries. The junior chamber is convinced that its plan will accomplish this."

"I think you have a great idea," responded Marshall. "The state department is going to give it some serious thought."

Note—The junior chamber officials also got a favorable response from the agriculture and interior departments.

PEOPLE'S ARMY

Last December this columnist tossed out the idea that one good way to get behind the iron curtain and win friends for the U. S. was to write letters to relatives in Europe.

Relatives are inclined to believe what their kinfolk say. And if word comes by letter that the U. S. isn't all that the commie radio says it is, that it isn't looking for war, and would chiefly like to see a stable, prosperous United States of Europe, then those relatives are likely to believe the true facts.

Various people have acted on this suggestion and so effectively that some of the communist newspapers in Europe are yelling "uncle!" They want the letter barrage to cease.

More effective inspirer of letters has been Generoso Pope, the Italian-American newspaper publisher in New York, who has organized letter-writing clubs and committees among Italian-Americans throughout the U. S. He estimates that perhaps 2,000,000 letters have now been written to Italy alone. No wonder the commie press is howling! Equally effective can be letters written to Poland, Yugoslavia, Czechoslovakia—the countries just inside the iron curtain.

These are some of the real weapons of peace. Whether the state department is voted new propaganda funds or not, individual Americans can automatically enlist in the people's army for peace by getting busy in all sorts of ways to build up American friendship.

Drawing It Fine

MOSCOW, U. S. A. (U. P.)—Use of a device sensitive enough to measure daily growth of a tree's diameter down to one one-thousandth of an inch was reported in a research paper by Dr. M. E. Deters, University of Idaho, and Dr. R. F. Daubenmire, Washington State College.

Make Good

SAVANNAH, Ga. (U. P.)—The first Negro policeman appointed here since reconstruction days have made such a good record that Savannah has decided to add three more. Nine Negro patrolmen were appointed last March to work in areas where the population is predominantly Negro.

Hal Boyle's Notebook

Hooray For Football, Fun

NEW YORK (U. P.)—If college football could be beaten to death with a Phi Beta Kappa key, Robert Maynard Hutchins would have done it long ago.

At the ripe old age of 49 this ex-boy wonder of the educational world—he became president of the University of Chicago at 30—is still trying to protect America's ivory towers from the evils of the inflated pigskin. It's no longer on the program at Chicago.

Just a few days ago "Fighting Bob" renewed the attack in a lecture in Buffalo during which he remarked:

"Football, fraternities and fun were designed to make a college education palatable for those who shouldn't be there."

In his theory the people "who shouldn't be there" are those who go to college for a vocational or technical education. He believes universities should be reserved for those who seek the intellectual life on a high and ardent level—Aristotle for breakfast, Thomas Aquinas for lunch, Kant for dinner.

His ideal is the medieval university at which students pored over metaphysics and philosophical classic thereby, Hutchins holds, learning to think so that

they could discover the truth for themselves. This system of course, created its share of wandering intellectual bums just as amateur tennis today has produced a number of traveling athletic tramps.

These unemployed career high-brows could argue learnedly on how many angels could sit on the point of a needle—a hot argument in those days—but they weren't much help when somebody had to get in the hay for harvest from the fields.

As a graduate of a state university which had its share of "football, fraternities and fun," I find it difficult to understand the learned doctor's abhorrence of this happy trinity of American education.

Plato, one of the intellectual rockets of history, was an able wrestler. Most of the football players I knew did better than fair in their studies, and their only complaint was they weren't being paid enough for the labors in the stadium—which was true at that time. I understand now football players generally are better paid and that is as it should be. Football is work.

College fraternities do make some snobs, but so does Phi Beta Kappa, the honorary fraternity of the learned. The school fraternities also teach shy country boys how to get along with people and to refrain from wiping their noses with their dinner napkins. Phi Beta Kappa doesn't do this—it merely honors a number of high-ranking students who may know nothing they haven't read in a book.

The third thing Dr. Hutchins objects to—fun—keeps all life and learning from becoming sterile nonsense. No greater threat to democracy could exist than a generation educated without a sense of humor. If Hitler was capable of a belly laugh, we might have been spared the Second World War.

There is no reason why a boy can't go to college, study for a career, learn to enjoy Socrates and the world of ideas—and still find time to watch a football game Saturday afternoon and go to a fraternity dance Saturday night. A man ought to quit any college he doesn't have fun at—or resign from living altogether, for that matter, if it ceases to entertain him to a reasonable degree.

As an admirer of the glacial consistency of Bob Hutchins, A. B. A. M., LL. B., LL. D., I can't quite understand the logic of his wrath against college fraternities. The latest volume of "Who's Who in America" lists him as belonging to eight social and business clubs and two honorary clubs in three cities on two continents.

Why, Doctor!

Trains Doomed

COLUMBUS, Ga. (U. P.)—Narrow-gauge railroad trains which hauled students to classes at the famed Fort Benning Infantry School during two world wars are headed for the last round-trip. The Army announced that the trains, including 10 locomotives and 88 cars, have been turned over as surplus to the War Assets Administration.

Today's Birthday

ANDREI Y. VISHINSKY, born Feb. 10, 1883, Russia's deputy foreign minister has long been one of the important Communist leaders. Son of bourgeois parents, he attended K. V. law school, participating in radical programs. Often imprisoned and exiled for his activities, he fought in the revolution and is said to be the leading founder of the Soviet legal system. Author of more than 100 books, he was long a law professor.

U. N. Takes 'Half Loaf' Of Korea

Sometimes, somewhere, there must be a show-down between the big democratic majority of the United Nations and the Red minority comprising Russia and her satellites who must have hamstrung the peace organization—and Korea may well furnish an early important (if not definitive) test.

The position leading up to the present disorders in southern Korea is this: at the end of the late war the hermit kingdom, as Korea was called, was occupied by Russian troops in the northern half and by Americans in the southern half. It was understood that the aim should be to consolidate the two areas and hold free elections for establishment of an independent Korean government.

Instead of pursuing this policy, Russia sealed off the North from the South completely and communized the Soviet sector. At the same time Red agents made an intensive drive to organize communist cells in the South and have done their best to create unrest among the people.

Korea, being a mighty atom strategically from the military standpoint, is a pivotal point for peace in the Far East. What more natural, then, that the U. N. general assembly finally should send a commission to Korea with instructions to hold elec-

tions throughout the country—meaning both South and North. The Soviet Ukraine declined a place on the commission.

Well, of course the Russians have refused to permit this commission even to enter northern Korea. Not only that, but a wave of sabotage and bloody political disturbances, aimed at hampering the commission, has swept the United States zone and American sources attribute this trouble to leftists.

The commission now has reported its failure to the U. N. little assembly (which sits when the general assembly isn't in session) and has settled back to await the decision. So now the big speculation is what line the little assembly will take.

An American spokesman at Lake Success was quick to express the view that the correct procedure would be to instruct the commission to carry on, that is, to re-establish a government in southern Korea with the idea that the North should be brought in as soon as possible. That sounds like horse-sense and also breathes the urgency and determination with which Secretary of State Marshall himself advocated the creation of the commission by the general assembly.

The old adage that half a loaf is better than none is particularly

ly apt as applied to Korea. For America to abandon the southern Koreans and let the bolsheviks take them over not only would outrage justice but would place in ruthless hands a powerful weapon for military operations. It was Russian influence in Korea back in 1904 which was the main immediate cause of the Russo-Japanese war, for Nippon maintained that Korea was a "dagger pointing at her heart."

So if the American spokesman at Lake Success is a good prophet, southern Korea will be protected until its people can establish their own government. Probably the protection will be extended beyond that, because it's highly improbable that the Koreans would want to be left to the mercy of the Soviet forces who already have to all intents annexed northern Korea to the Soviet Union. Apropos of this it should be noted that northern Korea adjoins Soviet Siberia not far from the great Russian naval port of Vladivostok.

With the half loaf the U. N. will have to be contented until such time as Russia has a change of heart. The peace organization will at least have done all possible to implement the vast majority of world opinion in these trying times.

NATIONAL

WINNER IN NINE OF 14 GAMES, the Big Spring high school reserve basketball team has shown its biggest improvement within the last three weeks. Left to right, top row, are Merle Click, Howard Jones, Virgil Rountree, David Garvie and Coach Herschel Stockton. Middle row, Charles Porch, Amos Jones and Ray Walker. First row, Earl Rusk (since moved from town), Ken Currie, Culin Grigsby and Howard Washburn. Conn Isaacs helps Stockton coach the club. (Photo by Jack M. Haynes).

BIG MONEY MAKER

Pro Tennis Tour Topping Tilden Gate Aggregate

CHICAGO, Feb. 10. (AP)—Maybe their obvious hankering to bash each other's tennis brains all over the court will wane before Jack Kramer and Bobby Riggs finish traipsing through some 75 matches in this country and a projected junket into foreign lands.

But until it does, Promoter Jack Harris has himself the hottest and most lucrative professional tennis

expedition since the play-for-pay days of Big Bill Tilden in the early Thirties.

As a matter of fact, after Kramer and Riggs had sailed into each other through their first 21 matches, Harris had counted up a record-breaking attendance of 110,827 and gross receipts of \$218,175 which the promoter enthusiastically said "tops everything, including Tilden's tours, by far."

The two rivals properly set the stage for a crowd-enticing feud as Riggs confidently opined that "I'm too smart for Jack" and Kramer retorted "Riggs thinks he has a corner on all the tennis brains in the land. I shall try to disprove such a theory."

When Kramer, Davis Cup world-beater and amateur champion of 1946 and 1947, scored his 12th victory here recently, the largest tennis crowd in the city's history—11,522—paid upwards of \$21,000 to watch Jack and Bobby slug it out at the Chicago stadium.

Almost as much as Tilden when he turned professional in 1931, Kramer entered the moneyed ranks with a brilliant amateur record. But whereas Tilden easily hurled such opponents as Vinnie Richards, Bruce Barnes, Emmett Pare, George Lott and Henri Cochet and had clear sailing until time and Ellsworth Vines slacked him down, Kramer had copped Bobby Riggs, pro net king, waiting to pin his ears back, in Bobby's own words.

It was a box-office "natural" from the start and Harris actually was putting money in the bank himself when he signed Kramer for a \$50,000 guarantee and assured Riggs a champion's share of the gate.

Longhorns Play 3AA Makeup Game With S'Angelo Thursday

Johnny Malaise and his Big Spring high school basketball Steers, leading the District 3AA standings by two full games, invade San Angelo's Bobcats at 3 p. m. Thursday to play a game originally booked for Jan. 27.

On that occasion, cold weather interfered and Malaise and Johnny Kieck, the Angelo mentor, failed to agree on a date until this week.

The afternoon contest will be the first for the Steers this season and probably the first in 3AA.

In a previous meeting between the two quintets, the Bobcats won a 42-33 decision. However, the issue was in doubt until the final two minutes of play.

The Bobcats recently upset the powerful Abilene Eagles and always seem tough as a boot at home.

Both teams will be at top strength for the contest.

Angelo is currently riding in

third place in league standings and have all but clinched a spot in the Shaughnessy playoff.

Tonight the Longhorns invade Odessa for a tough assignment with Gail Smith's Odessa Bronchos. The Hosses have been getting tougher as the season progresses and are especially hard to lick in their own gymnasium. The Steers nosed them out by a bare two points in an exciting clambake here several weeks ago.

The Cayuses are fighting to remain among the top four clubs in league standings. They're primed for an upset.

Forsan Invades Coahoma Gym

COAHOOMA, Feb. 10. (AP)—Two old athletic rivals, Coahoma's Bulldogs and the Forsan Buffaloes, come to grips in a District 21B basketball game here tonight and, as usual, past performances mean nothing when it comes to picking a winner.

The two quintets have had their ups and downs in district play this season. Coahoma was an early threat for the league lead. Forsan has now blossomed out as one of the strongest threats in 21B.

Clovis Phinney, Jack Wolf, Rex Shive and Joe Horton are Coahoma's leading threats while Wayne Huestis and Eldon Prater lead Forsan into action.

Louis Can Still Hit, Says Leo Matricciani

BALTIMORE, Feb. 10. (AP)—Leo Matricciani—who should know—says Heavyweight Champion Joe Louis may be a little slower on his feet than a few years ago "but you can't say that of his body or his punches."

Leo, a Baltimore heavyweight, boxed four rounds with Louis in a no-decision four-round exhibition before 3,020 fans here last night.

He went the same distance under the same conditions against the Brown Bomber in 1944, when they were both soldiers in England.

Leo said "Joe hit me pretty hard," a few times and that he had been hurt by a punch to the abdomen in last night's bout.

Joe's weight was announced at 220. He had a roll of fat around his girth and ringsiders thought his poundage should have been announced at somewhere between 225 and 230.

He stalked Matricciani, 208, all the way, but threw few punches. Matricciani tired hard and struck out time and again, but did not succeed in hurting the champion.

Most of the action came in the third round, after Joe was stung on the nose by two jabs. Louis let loose a sharp left and followed it with a right jab that made 23-year-old Matricciani cover up.

Late in the final round Louis opened up again and was banging away with both hands, but the bell came before there was any damage.

It was Louis' last ring appearance in the United States before sailing for England on February 19, where he will engage in exhibitions preparatory to a title defense against Jersey Joe Walcott next summer.

Louis reiterated last night the Walcott fight will be his last—"win, lose or draw."

Courtney Plays Buffs Tonight

COURTNEY, Feb. 10.—Two of the bitter rivals in District 21B basketball circles, Courtney's Eagles and the Stanton Buffaloes, clash here tonight in the final game of regular season's play.

The game is a toss-up. Courtney has been improving steadily of late and is especially tough to beat at home. The Eagles knocked over Sterling City, league leader, last week.

Stanton has lost games to Sterling and Knott but beat Courtney in an earlier fracas.

Abilene Edges Odessa Quint

ABILENE, Feb. 10.—Abilene's Eagles strengthened their hold on second place in District 3AA basketball standings by defeating the Odessa Bronchos, 42-33, here Monday night.

Bill Row led a late surge that insured victory for the Flocks after the Odessans had fought the home club on even terms all the way.

Abilene held a 20-18 advantage at half time.

Seventeen Persons Burned To Death

ST. JOHN'S, N.D., Feb. 10. (AP)—Seventeen persons were reported burned to death in a fire which destroyed an old people's home here early today.

The fire was whipped out of control by winds of 50 miles an hour in near-zero temperatures. A number of the inmates escaped into the bitter cold in their night attire.

It could not be learned immediately how many had been in the wooden structure when flames broke out, but police said at least 17 lost their lives.

Maybank-Marshall's Trial Continues

DALLAS, Feb. 10. (AP)—The murder trial of G. A. McFaul, 48, former Mabank city marshal, continued here today.

McFaul was charged in the slaying of Jeff Pledger, Kaufman county, on July 25, 1945.

A new trial and change of venue was granted after a first trial in 1945, when a Kaufman county jury gave McFaul four years in the slaying.

Poland VD Estimate Set At Two Million

WARSAW (AP)—The newspaper Robotnik reported venereal diseases in Poland had shown a 40 per cent increase over pre-war figures. The journal urged the ministry of health to "start immediate activities to stop a further spread of these diseases." The number of venereal cases in Poland, based upon demands for drugs, has been estimated at 2,000,000.

Jayhawk's Play Odessa Here Thursday In Zone Contest

Horace Rankin Begins To Hit

Fresh from a road trip that carried them into Central Texas, the Howard County Junior college basketball Jayhawks return to action here Thursday night in a Western Zone conference game with the Odessa Wranglers.

The Hawks lost two of three games on the road but Coach Harold Davis says he is satisfied with their overall performance. A lack of reserves is what is beating them, Davis says.

The locals dropped Texas Wesleyan's Frosh the first night, then lost to North Texas State Teachers college Eaglets and the Cisco Junior college team.

Perhaps the most impressive thing about the trip was the development of little Horace Rankin as a scoring threat. Little Hoss was tossed out of the TWC game in the first eight minutes of play but managed to get nine points before he exited.

He returned the next night to rack up 21 against Denton's Teachers and then reared to 25, his high for the season against Cisco.

Odessa has drubbed the Hawks three times this season but Davis feels that his team is capable of measuring the Wranglers. A victory would tie the Hawks with Odessa for third place in the Western Zone standings.

The game will be played at Steer gym, starting at 8 o'clock.

Ackerly Teams Register Wins

ACKERLY, Feb. 10.—Ackerly basketball teams swept five games from Sparenburg representatives here Monday night, wrapping up a 16-11 decision in the feature boys' attraction.

In other contests, the Ackerly reserves won without difficulty 14-2; the resident senior girls settled for a 19-11 decision; the home town grammar school boys won, 16-5; while the Ackerly grammar school girls copped the dud, 6-3.

Wanda Pearl Hodnett, Venita Hogg and Harold Criswell were the standout performers in the respective bouts.

ACKERLY	FG	FT	PF	TP
Williams	0	1	1	0
Brown	4	0	2	8
Rogers	1	1	4	3
Criswell	0	0	0	0
Crass	1	0	3	2

Harlingen Open Delayed A Day

HARLINGEN, Feb. 10. (AP)—Qualifying in the Lower Rio Grande Valley \$10,000 Open golf tournament has been postponed until tomorrow.

Tony Butler, Harlingen pro, said yesterday that many of the golfers would not arrive in time to compete today.

A golf clinic will be held tomorrow with Jimmy Demaret acting as commentator.

The 72-hole stroke play begins Thursday and continues through Sunday.

Texans Win, Lose In Kansas City

KANSAS CITY, Feb. 10. (AP)—Joseph Humphrey of Fort Worth took a knockout punch from Connie Stamps, Kansas City, in the first round of the Golden Gloves Tournament of Champions here last night.

Humphrey was counted out in one minute and 14 seconds of the first round of their match in the 135 pound Open division.

Two other Fort Worth fighters, Lonnie Meyers and George Christian of Griffis Field, 175 pound novice, each won first bouts. Meyers outpointed Carl Glass of Haskell Institute and Christian stopped Cecil Nesly, Springfield, Mo., in the first round.

Purnell Sterrett, Fort Worth, won from Kenneth Butrick, Springfield, Mo., by default.

New York authorities claim the city produces \$4,000,000,000 worth of goods every year, which they say is greater than that of Detroit, Philadelphia and Cleveland combined.

LOOKING 'EM OVER
With TOMMY HART

The fine hand of Mose Simms, the ubiquitous Texans, is behind the plan to stage an all-star game of the nation's high school football stars, the East against the West. Mose and the word promotion are practically synonymous. Simms fielded strong semi-pro baseball teams in Abilene a long time ago and in later years has served as athletic director and football publicist of such schools as St. Mary's (Texas), St. Mary's (Moraga, Calif.), and Oklahoma City university.

At any rate, Simms has laid the ground work for the football classic and has gone so far as to pick four teams of the nation's prep standouts, one of whom is Byron Townsend, the Odessa star of stars.

In a recent interview with Ray Gillespie, a St. Louis, Mo., scribe, Simms says he would unrelent the adventure in August. Any one of five cities, Dallas included, could host the bout, which would become an annual event.

Simms conducted a poll of the nation's sports writers sounding them out on such a game and the response, says he, was most encouraging.

Mose made one interesting observation in his talk with Gillespie. He said probably the greatest player of the 44 picked for the four squads was Harry Agganis, an 18-year-old Lynn, Mass., back.

Incidentally, Mose is on leave of absence now from Oklahoma City university.

THREE OTHER TEXAS BOYS ON ALL-STAR SQUAD

Other Texans who would be eligible to participate in the spangled contest, in addition to Townsend, are Leon Lippman, the El Campo phenom who led the state in scoring during 1947, Keith Flowers, Perryton, both backs; and Bill Wilson, Houston, a tackle.

Lippman is headed for Texas A&M, by the way, while Flowers is enrolling at Texas Christian.

HANK FOLDBERG RETURNING TO HOME IN DALLAS

Hank Foldberg, the Texan who made several All-America football clubs as a member of the West Point team in 1946, has resigned the Academy and returned to his home in Dallas. He played out his string two seasons ago but wasn't to graduate until 1949.

Hank says he quit school to alleviate the financial condition of his family. There has been some doubt expressed by members of his family that he will play professional ball.

ENSEY STILL LOOKING FOR OILER BASEBALL SKIPPER

George White, in his Sunday pillar in a Dallas periodical, hinted that two Dallas players, Bob Finley and Eddie Borom, were proffered the managerial post of the odessa baseball club but turned it down. The athletes expressed a desire to remain with the Rebels.

A. D. Ensey, the Odessa skipper, is still trying to find a 'name' player to replace Howard McFarland, who won't be back with the Oilers this year.

He made a desperate effort to land Lloyd Rigby as straw boss but could not top the offer made the former Texas leaguer by Bob Huntley at Vernon.

Who ever lands the Odessa job will probably be the highest paid skipper in the league. The front office there usually divvies up a bonus at season's end, if the club makes a creditable showing.

The story got out last year that Paul Dean was to earn \$500 a month and would have a \$5,000 bonus coming his way at season's end, if he'd come to Odessa. Dean took a managerial post at Ottawa, Canada, instead.

Wilbur Sooter, the baseball jack-of-all-trades who was with Ballinger last year, and Dallas "Moose" Womack, Odessa's first sacker, are figuring in the 1948 plans of the Little Rock Travelers.

Both may be back in the Longhorn league by May 1, however.

The House of David basketball team, which used to stop here every year, will play an exhibition in Midland Saturday night, Feb. 21. The Bearded Beauts will meet the Humble Oilers, an independent club in that city.

Cowan Bros., Clerks

Main Eventers Are Rematched

Roderick Fenton and Leon Kirilenko have been lined up to meet again in the main event of the Big Spring Athletic club's wrestling program next week.

The two tangled last night and settled exactly nothing. Fact of the matter is, the pair elected to mix and mingle with the spectators and spent a lot of time outside the ropes with the result that the arbiter disqualified both of them.

Dory Funk registered a victory in the opener, despite the fact that he suffered a head wound. He scored over Salvador Flores of Mexico City. Later, Funk had to have three stitches taken in his head.

Riggs Evens Series

HOUSTON, Feb. 10. (AP)—Bobby Riggs and Jack Kramer stood 13-13 today in their current series of professional tennis matches.

At their appearance here last night Dimmy Pails and Pancho Segura split two matches, 6-2 and 7-5.

In doubles, Kramer and Pails won 8-6 from Riggs and Segura.

TRUMANS ATTEND CARNIVAL BALL. — Escorted by two masked members of the Krewe of Moslem, Mrs. Harry S. Truman and Margaret Truman walk across the ballroom floor at the Ball of Moslem held in New Orleans as part of the annual Mardi Gras. The two Air Force officers in the background acted as escorts and were also featured in the Ball which depicted Winged Birds. (AP Wirephoto).

Voting Begins For Ten New C-C Directors

Members of the Big Spring chamber of commerce today began balloting in the annual election to choose 10 new directors for the organization.

Ballots were mailed to members along with the February issue of "Big Spring" the chamber's monthly publication.

Listed on the ballots are names of 30 nominees from which members are asked to select 10 as new directors. The 10 men elected will join 10 directors held over from the 1947 board, and they, in turn, will name officers for the year and additional directors not to exceed 10 in number.

Ballots should be mailed or turned in at the chamber office not later than Saturday, officials said, since tabulation of votes will be made on Monday. The new directors must be named in ample time for the 1948 officers' slate to be completed before the annual banquet, scheduled for the night of Feb. 27. The new officers will be announced at the banquet.

Directors held over from 1947 include Merle Stewart, Ira Thurman, H. W. Whitney, Walton S. Morrison, J. L. LeBieu, Harold P. Steck, Dr. R. B. G. Cowper, R. L. Cook, C. H. Rainwater, W. L. Mead.

Man Is Held Here For Sinton Lawmen

City police this morning were holding a Negro man for authorities in Sinton where he is wanted on unspecified charges.

Local officers made the arrest Monday afternoon in connection with a petty theft here, recovering a jacket which a local man had reported stolen. Police said the man had served previous sentences in the state penitentiary.

Man Is Fined \$100 For Intoxication

Jesse R. Goodman entered a plea of guilty to the charge of driving while under the influence of intoxicants in county court Monday afternoon and was fined \$100 and costs by Judge Walton Morrison.

Goodman was one of six persons picked up here over the weekend by local peace officers.

District Court Grants Divorces

Blaz Bailon was granted a divorce from Adelada Bailon in a case brought before Judge Cecil C. Collings in 70th district court proceedings Monday. The plaintiff also won custody of two minor children.

In another case cleared from the docket, A. L. Lewis won a decree from Lucille Lewis. Madien name of Wrenn was restored to the woman.

Porpoise milk is slightly sweeter than cow's milk.

SENATOR—John Stennis (above) has succeeded the late Theodore G. Bilbo, as U. S. senator from Mississippi.

Willard Locke Funeral Set

Last rites were to be said at 4 p. m. today in the Eberley chapel for Willard Locke, 40, former Big Spring resident, who died Sunday in a Levelland hospital of injuries sustained in an oilfield mishap Friday.

Locke suffered head and body injuries, plus severe burns to his hand, when caught by a falling pipe on a derrick floor 10 miles south of Levelland.

Services were to be in charge of the Rev. Hancock, a Baptist pastor from Lamesa, and burial was to be in the city cemetery where his parents and a brother are buried.

Locke had been in Levelland only eight days, having left his family in Edinburg, Texas until he got established on his new job. They had moved to Edinburg from here.

Survivors are his wife, Mrs. Clyde Locke; one daughter, Willa Dean; two sons, Leldon and Hershel; three brothers, R. H. Locke, Mercedes, Carl Locke, Big Spring, Walter Locke, Wheeler Ridge, Calif.; two sisters, Mrs. Minnie Davis, Lubbock, and Mrs. Bertha Goodrich, Royoso Springs, Colo.

Palbearers were to be T. L. Milan, Gene Long, Elton R. Goforth, Aubrey Thompson, Red Moore and Orville Johnson.

Regular Red Cross Meeting Postponed

Regular monthly meeting of the Red Cross executive board, which had been scheduled for this evening, has been postponed due to conflicting events, it has been announced.

The Red Cross meeting will be held next Tuesday, Feb. 17, at 7:30 p. m.

CERDAN, ROACH WILL BATTLE

NEW YORK, Feb. 10 (AP)—Marek Cerdan, European middleweight champion, and Lavern Roach of Plainview, today were signed for a 10-round bout in Madison Square Garden March 12, the Twentieth Century sport club announced.

Although Milan, Italy, was founded in ancient times, its relics of antiquity are few because the city was burned several times.

Baptists Honor Scout Troop 5

Approximately 30 members of Boy Scout troop No. 5, Scoutmaster Arnold Seydler, Assistant Scoutmaster Jack Cecil and several parents of the boys were honored at the regular Baptist Brotherhood meeting Monday evening.

Henry D. Norris, assistant area executive, told the adults that there was no bigger business than in dealing with young lives, that church people had the responsibility of teaching boys and girls to think right and then to clinch teachings with examples. Character can be taught only by direct contact, he said, urging men to give time and effort as well as money to Sunday schools, scouting and other programs. He also projected colored slides of the proposed Davis Mountain scout ranch.

Seydler's report on troop activity showed 26 advancements to second class, 15 to first class, 10 to star and seven to Life. In addition, there were 165 merit badges earned and an imposing camping record established. George Melear, commissioner and long-time friend of the troop, praised Seydler for his accomplishments. Orville Bryant, president of the Brotherhood, was in charge, and Arnold Marshall, accompanied by Mrs. Ernest Hoek, sang.

Among parents introduced by boys were Mr. and Mrs. Frank Martin, Mr. and Mrs. G. W. Dabney, whose son, Ray, incidentally is the fourth member of his family to be in the troop. Stinson Garner, Mr. and Mrs. J. E. Brigham, Mr. and Mrs. R. H. Snyder, Mr. and Mrs. M. I. Royalty, G. J. Early, Mrs. Ethel Bartlett, John Coffey, and Mr. and Mrs. J. H. Jennings.

New Election Judges Named

General election judges for 1948 were named Monday afternoon by the Howard county commissioners court.

Unless there are elections on bonds or special issues, these judges will serve only in the November balloting.

Those selected are:

No. 1—Stella Schubert, judge; Mrs. R. A. Humble, Mrs. Jim Skalicky, assistants.

No. 2—W. L. McColister, judge; Denver Dunn, H. L. Bohannon, W. B. Younger, assistants.

No. 3—A. G. Pruitt, judge; H. L. Aulry, Paul Carroll, M. E. Byerley, assistants.

No. 4—S. P. Jones, judge; J. E. Fort, Charles Harwell, George O'Brien, assistants.

No. 5 (Vincent)—Willis Winter, judge; Guy Guffee, assistant.

No. 6 (Gay Hill)—C. W. Lawrence, judge; W. B. Puckett, Mrs. Tom Spencer, W. L. Poe, assistants.

No. 7 (R-Bar)—R. E. (Ed) Martin, judge; H. C. Reid, assistant.

No. 8—L. R. Mundt, judge; A. J. Stallings, Mrs. R. N. Hill, Mrs. C. E. Johnson, assistants.

No. 9 (Coahoma)—Leroy Echois, judge; Charles Read, Ralph White, K. G. Birkhead, assistants.

No. 10 (Forsan)—Mrs. C. M. Adams, judge; Mrs. Claud L. King, Mrs. Earl Thompson, Mrs. B. M. Fairchild, assistants.

No. 11 (Center Point)—Glenn Cantrell, judge; Albert McKinney, E. L. Bynum, J. W. Brigrance, assistants.

No. 12 (Moore)—Edgar Phillips, judge; Mrs. Lester Newton, W. J. Rogers, assistants.

No. 13 (Knott)—F. O. Shortes, judge; H. C. Riddle, T. J. Brown, Rufus Stallings, assistants.

No. 14 (Morris)—W. L. Wilson, judge; Lloyd Brannon, assistant.

No. 15 (Soash)—W. C. Taylor, judge; H. R. Unger, assistant.

Reds Trade Miller
CINCINNATI, Feb. 10 (AP)—The Cincinnati Reds announced today they had traded shortstop Eddie Miller to the Philadelphia Phils in a deal in which they acquired Johnny Wyrostek, an outfielder.

Court Is Given Physics Lesson

A 70th district court jury got a lesson in physics this morning.

Conn Isaacs, high school teacher, was called to the witness stand to testify how long it would take an automobile to stop on a paved road traveling at a certain rate of speed, taking for granted that the vehicle's brakes were in good working order.

Isaac's testimony was heard in connection with the damage suit filed by Marvin Dunlap against the Wes-Tex Oil company, which grew out of a motor vehicle accident that occurred near Cosden Refinery Feb. 11.

The mishap resulted in the death of Henry Clay Parr, an occupant of the Dunlap machine.

Local Radio Ham In On Emergency Set-Up From Carolina Town

For a time Tuesday morning Big Spring was a pivot for emergency messages in and out of Wilmington, N. C., where severe icing disrupted communications.

Dick Hooper, veteran radio ham, was in touch with W4FT, W4NY and W4HAK, all in Wilmington. He succeeded in helping set up a circuit between Raleigh, N. C. and Wilmington via Fort Brannon, Manitoba, Canada to handle press and emergency messages.

Shortly after noon Hooper lost contact but could still hear Raleigh trying to contact some point which could pick up the Wilmington stations and relay messages.

Lawmen On Lookout For Stolen Car

Local law enforcement agencies were on the lookout today for an automobile belonging to Porfirio Saldivas, taken in the northwest section of town sometime Saturday night.

The vehicle was a wine-colored Ford tudor bearing the license number FH6328.

Saldivas, who works for E. M. Reese near Ackerly, said he was offering a reward for recovery of the auto.

The offensive odor associated with cockroaches is due largely to an oily liquid secreted by scent glands.

Markets

LOCAL MARKETS
No. 2 No. 1 2 1/2 cwt. FOB Big Spring. No. 2 Kaffir and mixed grains 2.70 cwt. New candied, 36 cents a dozen, cash market; cream 75 cents lb.; hens 22 cents lb.

NEW YORK, Feb. 10 (AP)—Stocks generally retreated fractionally in today's trading, although real selling pressure, as in the preceding session, was lacking.

Sleazewares were frequent after a moderately active opening but declines held a wide majority near midday.

Brokerage customers still held aloof or trimmed accounts.

Occasional resistance was displayed by Southern Railway, American Smelting, and Packard Motors.

Backward most of the time were U. S. Steel, Bethlehem Steel, Studebaker, Electric Power Light, Philip Morris, Texas Gulf Producing, Standard Oil (Ind.), Texas Co., Illinois Central, and Southern Pacific.

Bonds were uneven and cotton futures lower.

COTTON
NEW YORK, Feb. 10 (AP)—Cotton futures at noon were 95 cents to \$2.63 a bale lower than the previous close.

LIVESTOCK
FORT WORTH, Feb. 10 (AP)—CATTLE: 1,400; calves 600; very slow and weak; most classes down 1.00 or more for 180 days; medium and low grade calves and yearlings 1.00-2.00 lower; medium and good slaughter steers and yearlings 20.00-25.00; common sorts 15.00-19.00; good beef cows 18.50-21.00; common to medium 16.00-18.00; canners and cutters 11.00-14.00; bulls 15.00-21.00; good and choice fat calves 21.00-25.00; common to medium 16.00-20.00; culls 13.00-16.00; stocker steers calves 23.00 down; steer calves 24.00 down; older stocker calves 24.00 down; older stocker calves 24.00 down; older stocker calves 24.00 down.

Tired, "All-In"-Listless Feeling Brought To Halt

As Vibrant Energy is Released To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloats and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Surety Health.

ACTION NOT DELAYED LAKE SUCCESS, Feb. 10.

India today sought to put off United Nations action on Kashmir, where casualties were reported mounting, but Pakistan objected.
