Blackouts Will Be Banned After Tuesday, Feb. 2

SAN ANTONIO.—Practice blackouts in Texas will be suspended after February 2, R. E. Smith, Eighth Region Civilian Defense Director, announced. From that date until further notice the Regional Office of Civilian Defense will authorize no more practice blackouts, he said.

Two exceptions are Wichita Falls and the Beaumont-Port Arthur industrial area. Mr. Smith explained that those cities have been planning practice blackouts for some time past, and their experience will afford valuable lessons in procedure applicable to other oil field and refinery areas. East Texas oil areas also may be excepted, Smith said.

Most of the larger Texas cities and many smaller communities have held initial blackout tests, and Civilian Defense officials agree that further trials should await the completion of training programs and the advancement of organizational work. Industries and municipalities also need time to effect blackout, installations that have appeared in the tests.

Printing Costs For State Are Reduced

AUSTIN.—Weaver Baker of Junction, new chairman of the state board of control, is working on a plan to standardize state-used stationery supplies.

Now each state department and agency orders supplies to suit itself. Requisitions are sent to the Board of Control and the board's only function is to see that what is asked is supplied at the prices on file from bidders.

PRICE BILL IS SIGNED TODAY BY PRESIDENT

WASHINGTON, D. C., Jan. 30 President Roosevelt today signed the price control bill, but warned that this law does not mean the battle against inflation has been won, and he criticized provisions of the measure which would permit agricultural prices to rise 110 per cent of parity.

"I have doubts as to the wisdom and adequacy of certain sections of the act," the president said, referring to the section covering agricultural prices, and the provision which gives the secretary of agriculture veto power on farm commodity prices.

He described the bill, however, as "an important weapon in our army against the onslaught of the Axis powers."

Texas Gained 50 New Firms in Dec.

AUSTIN.—Texas gained 50 new business enterprises during December, as 63 new firms were granted charters while only 13 were lost by bankruptcy.

In 1940 new corporations numbered 1,282, with capitalization of \$24,138,000, while failures totaled 287 with liabilities of \$6,952,000.

Expert Says "V" For Victory Was A 1917 Invention

TULSA, Okla. (UP)—The slogan "V for Victory" was used in the last war. Phil W. McMahon of Tulsa can prove it.

McMahon has collected propaganda posters from all over the world. He has placards from every nation that was engaged in the last World War and now has started collecting new ones from the present conflict.

The V for Victory slogan was used by the Allies in 1917, but then it was a flag, the collector said.

Some of his choicest propaganda paintings are in an art museum in Tulsa. They have been assembled in a separate room and praised for their artistic value.

Some of them are elaborate affairs. They vary from post-card size to six feet square.

Recently he wrote to a public minister in Italy asking him for some late propaganda posters, they never arrived because when they reached the Bahama islands the British censored them. Some from Germany also have not yet been delivered. He received Russian posters on the first boat to reach America following the beginning of war between Germany and the Soviet. One of the prize paintings, McMahon said, is from China, sent him by Mme. Chiang Kai-shek.

Passing Of "Little" Man Is As Quiet As Life He Lived

GLADEWATER, Tex. (UP)—He was one of those "little" men you never hear about: working at anything he could to earn an honest dollar, but never getting ahead. If he had died at home, there'd been only a meager notice in the local obituary column.

But he died away from home, a search was made for his family.

Justice of the Peace Earl Bullock said that Wamman Leslie Yeargan, 35, died as insignificantly as he lived—he just let go. He was traveling, riding somewhere to something new, when he became too numbed by the cold to hold on to the freight train.

Then his body fell. The train and Yeargan both vanished into the night.

Even his death went unnoticed until morning. In the pockets of his thin jumper was his social security card. For three days Bullock sent telegrams until he notified the mother, Mrs. Lou Yeargan in Oklahoma City. She, with her daughter, came to claim the body. But they couldn't afford to take it back for burial.

They were Yeargan's only mourners when Rev. Joe Shaw recited the ceremony in the nearby cemetery.

Earlier in the day President Roosevelt signed a bill appropriating \$12,500,000,000 for construction of 33,000 more army airplanes and equipping them.

Let's Not Kid Ourselves

Because a 56-year-old man, who insisted on boxing with heavyweights, running a quarter-mile in close to a minute, and swimming rivers suddenly dropped dead of a heart attack, some amateur strategists assume that the German high command is falling to pieces.

This is wishful thinking, and it does no good at all to speculate along these lines. Von Reichenau, the German general concerned, may have had no heart trouble before, but he has certainly been flirting with it for a long time if the reports of his athletic exhibitionism are correct. So after three grueling military campaigns in the course of which he has been under great strain continually, he falls dead. So what? As to his own internal condition it proves something or other, on which medical men may speculate clinically. As to the internal condition of Germany it proves just nothing at all.

Mussolini is a vain, fat, baldheaded man of 59, who also loves to go around thumping on his bare chest in emulation of youthful virility. He, too, may well be flirting with the undertaker, but that doesn't prove that Italy is about to break into thirty thousand pieces.

The sooner we stop wishful thinking about how soon the axis countries are going to fall apart, and get busy tearing them apart, the better it will be for us.

We must fight all the way. It will not do to mark time complacently until 1943 when our legendary volume of production will so astound the Axis partners that they will all simultaneously fall flat on their faces.

We must fight in 1942. We must fight now. We must fight in the Philippines, giving General MacArthur and his admirable fighting men any support we can. We must fight in Malaya, and at Midway Island. We must fight in the Dutch Indies and in Australia. We must get the men and the planes on the scene and fight—now. Fortunately there are signs that it is being done.

It will not do to sit and dream of some overpowering offensive in 1943. If nothing more is done than that, we may wake up and find that the Axis has won the war in 1942, and that our fighting must be done in the Western Hemisphere.

Germany, badly mauled as her eastern army has been in the Russian campaign, is by no means through. No competent military observer doubts that she is able right now to take the offensive in other theaters, and may well be back pounding at the door of Russia in the spring. The British victory in Libya, while magnificent, is inconclusive as long as Tripoli remains in German-Italian-Vichy hands. Japan has not yet lost a trick, and shows no sign whatever of weakness on land, sea or air.

This year is not just one long year to sit and wait for 1943. The French tried that on their Maginot Line and regretted it later. This is a year to fight, not to sit open-mouthed waiting for a break in the form of Axis cave-ins which our past slackness makes us ill deserve.

Weekly News of

First Methodist Church

Eastland, Texas

SERMONS CONTINUED

Sunday morning the pastor will bring his second message in a course of sermons on How to Get the Most Out of Our Religion. The service, as usual, will be enriched with uplifting music and other features of worship. During the past months great congregations have responded generously to the church services of worship. Absentees are denying themselves more than a little.

WHAT IS THIS?

Last Sunday the pastor dwelt upon the fact that World Service is the natural fruit of the Christian mind. Sunday evening it came up in the youth forum and to the elation of the morning speaker the youth were able to hand back to him the sum and substance and for good measure threw in some statistics that were given.

MRS. ED SPARR

Our esteemed sister in Christ and wholehearted worker in our church, Mrs. Ed Sparr, lies critically ill in the home of her sister, Mrs. June Kimble, 606 Seaman. Her condition as yet does not permit visiting on the part of her many friends. Cards and letters, however, can reach her and doubtless would bring cheer to her big heart. As soon as her strength will allow, visitors will be admitted and we shall not only give but receive when we drop in to see her.

OUR SERVICE MEN

Many men related to our church either as members or sons of members are in military service. The church desires to keep in touch with them by correspondence. It is conducting two services a week primarily for them and their families. It wants to minister to them insofar as it can. You will render them a great service if you will give us the name and address of all you know. This is extremely difficult to obtain, in fact impossible, without your aid.

TALK OF THE TOWN

Strange to say, the fact our church is keeping all its financial obligations paid in full on time is the talk of the town. Maybe it is news! If so, it is good news. Let all who help take pride, then, in creating and circulating news of victory.

GUEST SUNDAY EVENING

Dr. Roy L. Langston will bring the message in the 5 o'clock vesper service Sunday and conduct the first quarterly conference following that hour. Dr. Langston has many friends made here during his pastorate of this church twenty years ago. A large congregation will hear him and all officials of the conference will be present for the meeting.

LARGEST YET

The congregation at the vesper service last Sunday was the largest yet. If the crowds continue to increase, the evening group will be as large as the morning congregation. This is an inspiration to us all.

A LOVELY AFFAIR

The Morning Coffee sponsored by the executive committee of the Woman's Society of Christian Service in the home of Mrs. Frank Castleberry last Monday was a social event of the highest quality.

PRAYERS AT 5:15

Those who have been attending prayers in the sanctuary of the church at 5:15 on Wednesdays and Fridays testify that they have derived great values from them. We continue them in the hope they will minister to the spiritual life of an increasing number of people. Quietness, dignity, simplicity, sincerity, spiritual vitality, characterize these brief meditations and prayers for people in a world at war.

WORLD SERVICE

The World Service offering last Sunday was \$18. Our monthly installment is \$62.60. We doubtless will make it up with the offerings that come in during the month. Contributions marked "World Service" will be credited to the donors by the treasurer any time they are received.

ADVOCATES

We lack very few having our quota of The Christian Advocate. We lack many more having it on The Southwestern Advocate. Would you like to have a sample copy or two of these excellent magazines to see if you would be interested in subscribing? If so, call the pastor and he will route them to you.

YOUTH FELLOWSHIP

The Youth Fellowship enjoyed a stimulating meeting last Sunday evening in the home of Mr. and Mrs. W. F. Davenport, discussing How God Works in His World Through Us. The following were present: Dorothy Sue Johnson, Sue Bender, Betty Jean Burton, Dick Brogdon, Bob Harrison, Billy Guy Patterson, Julia Brown, Kathleen Collier, Jean Crossley, Billy Kelly, Billy Mickle, Isaac Head, Edwin Edmondson, Charles Beskow, Max Harvey, Howard Brock, Estes Halkias, Joe Bob Davenport, Janice Titsworth, and the pastor.

HISTORICAL NOTES

The April 22, 1928, issue of the Eastland Argus-Tribune and the Eastland Daily Tribune carries some historical notes of our church by T. M. Johnson. The first service by the Methodists in Eastland was in April of 1875 and was held in a school building of post oak logs, covered with boards ten by twelve feet in dimension. The spaces between the logs were covered with paint made of lime and sand. There were no windows, no place for a fire, and there was only one door, which opened on the south side. This building stood in what is now the southeast part of Eastland. For seats the men had driven stakes into the ground and nailed poles across the tops of them, placing strips of oak across the poles for seats. The men all carried guns of some kind for protection against the Indians and beasts. The guns were stacked in the corner of the building during the service. Most of the people came in wagons pulled by oxen or horses. Some came horseback. The country was thinly settled, having only 32 voters in the county. Those present at the first service were Judge and Mrs. R. B. Truly, Dr. Ed Townsend, C. R. Jenkins, J. S. Bedford and about 25 others. There were ten members of the family of C. R. (Dick) Johnson.

Is Candidate

Clyde Karkalits, Tax Assessor-Collector of Eastland, who has become a candidate for re-election to the position he now holds.

Clyde Karkalits Has Announced His Candidacy

This issue of the paper carries the announcement of Clyde Karkalits for the office of Assessor and Collector of Eastland County. For one man to supervise two jobs is an unusual undertaking. For one man to accomplish it with outstanding efficiency is something worthy of the consideration of the people of the entire county.

Clyde's genial personality has been a most impressive asset in his jurisdiction in handling the affairs of his office. But above all his honesty and integrity combined with the smoothness of operation of the office is the thing that makes every person sit up and take notice. That is just what Clyde has shown as he rounds out his first term in office. The major portion of the money that goes into the coffers of both state and county for its operation goes through the hands of the office of Assessor and Collector. It is a big job and a most trustful one. Clyde has shown that he can handle it perfectly. Below we are glad to give you his statement:

To the voters and friends of Eastland county:

I am deeply grateful to you for the opportunity you gave me to serve you as Tax Assessor-Collector.

It has been my sincere purpose to serve you faithfully and efficiently and I have striven toward that end as I promised I would do. I feel that I have done this regardless of the fact that work in some departments of the office grows more complicated each year.

In making my announcement for a second term for the office of Assessor and Collector, I do so realizing that you entrusted me with an office that all people may be served equally and effectively for your best interest. I have endeavored to render you a service even better than you may have expected in me. In humble appreciation to all the people who have been so kind and considerate of me while in office, I ask your vote and influence in the coming primary election.

Sincerely,
Clyde Karkalits.

Baptist Reminder

Franklin E. Swanner, Pastor
We had 400 in Sunday School last Sunday save thirty and nine. Where were the thirty and nine? Were you one of them? We should do even better next Sunday. How about counting on you?

The Cradle Roll, Beginners and Primary Departments reached their goals. In the Adult Department the T. E. L., Fidelis Matrons, and Home Makers classes reached their goals. Other departments and classes made a good showing. It does one good to have a goal to work toward.

Our music under the direction of Mr. Womack and Mrs. Kinnaid as organist certainly adds to the spirit of our services. The Anthem last Sunday was excellent.

A very exciting thing happened in our services Sunday. One of our ushers having been up late Saturday night, was somewhat nervous. Somehow he tilted the collection plate and much of the money rolled in various directions. A frown appeared on the expressions of the finance committee. It was reported after services that all the money was recovered without any serious damage to any one.

Come and be with us Sunday in all our services. We try to major on inspiration, information, and friendliness in our services.

John Hart Is A Candidate For Office of Sheriff

Appearing in the political announcement column of this paper may be found the name of John Hart as a candidate for sheriff.

A native of Eastland county and as a member of one of the pioneer families of this section, John Hart grew to manhood in Eastland county and has spent his entire life here. He taught for some years in the public schools of the county and served the county as its sheriff during some of the most trying times.

As to Hart's character, ability and qualifications to fill the office for which he is announcing, these are too well known to need reiterating here.

Hart stated that he expected to make an active campaign and would endeavor to contact every voter in the county between now and the coming primaries. He asks that the voters give his candidacy careful consideration.

Non-College Men Win Quiz Games With Other Soldiers

CAMP BOWIE, Tex. (UP)—Quiz Kings of this Texas army camp are a group of soldiers who did not attend college.

For five straight weeks the non-college team proved the mental masters of select regimental groups composed of men with college and university training.

Program rules pit the winner of one week's contest against a selected team in the following week's broadcast quiz. The high school educated team was on the first program, won, and since

hasn't been budged by any team sent against it.

Nine men have represented the winning regiment, answering questions on sports, history, music, current events, and other topics. None of the nine, however, has appeared on all the programs.

The non-college group has been so arranged for each program that it contains men whose reading and observation has given them an above-the-average knowledge of certain subjects.

Thus Corporal Carl C. McEwen of Harlingen has battled consistently high on sports questions. It was he who answered "Curling" to the question that stumped college-educated soldiers. The question was: "What sport is played on ice, in which round stones are used?"

Sergeant Roland M. Lawrence of Amarillo, a former newspaperman, has pulled the team through with many a winning answer on sundry subjects he dealt with in his civilian profession.

Others among the champion non-college team have been:

Sergeant Wilson W. Fain, Canyon; Corporal Leecroy Clifton, Westbrook; Private William D. Schwartz, Houston; Private James V. Deniston, Corpus Christi; Private Arthur W. Bender, Saginaw, Mich.; Private Hubert D. Worsham, Fort Worth, and Private First Class Jess F. Donnel, Woodson.

Bride-To-Be Gets A Fine Suspended

By United Press
FORT WORTH.—A pretty Fort Worth girl showed up in Corporation Court with an over-parking ticket.

"You see," she told Judge W. H. Gilmartin, "I'm leaving tonight for Philadelphia to be married."

"I've been doing some last-minute shopping, and I guess I was just too excited about everything to notice the parking meter."

Judge Gilmartin suspended the fine.

Loosens Up Thick Choking Phlegm of BRONCHIAL ASTHMA!

Spend 45c today at Toombs & Richardson or any drug store for a bottle of Buckley's CANADIOL Mixture (triple acting). Pour yourself a teaspoonful, let it lie on your tongue a moment then swallow slowly. Feel its instant powerful effective action, spread through throat, head and bronchial tubes. Start at once to loosen thick choking phlegm making breathing easier.

No claim is made that Buckley's is a cure for Chronic Bronchitis or Asthma but suffers often find Buckley's CANADIOL Mixture (the largest selling cough medicine in all Canada) starts right in to quiet coughing spasms and loosen up that choking phlegm which seems to clog the tubes and makes breathing difficult. It helps many to get a better night's rest.

Records in the auditor's office show that as county clerk I turned more money back to the general fund of the county for the year 1941 above operating expenses than has been turned back to the county since the boom days for a like period by this office.

"Now, friends, I have been your county clerk long enough to know how to handle the affairs of this important office, and I hope that I have proven to you by my past service that I am sincerely interested in performing my duty conscientiously. Of course the salary that is paid is interesting, but back of that, my primary interest is to serve well and earn this sal-

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 1 1/2 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
