

Moore... ABOUT Eastland

Undoubtedly there are a lot of good things you can say for Dublin.

But there are at least a couple of things we can mention that Dublin definitely lacks.

Fact is, the three would-be refs gave a very enjoyable comedy in four acts Tuesday night.

We also got a kick out of the clipping penalty in the first part of the game.

The Dogie first string saw very little action as Coach Hughes gave his reserves a good workout.

The bank just about had two holidays this week instead of one.

You know, that's the same story we tell Dick when we drag in late.

Today's Birthdays: Judy Elevins, Mrs. C. W. Pettit and Judy Lee Haskell.

Five new directors have been named by the Chamber of Commerce.

Thirty-seven 4-H Clubbers To Attend Fair

"Saturday, Oct. 16, is a day that has been long talked about and looked forward to by a number of Eastland County boys and girls."

The boys and girls will be admitted to the fair ground free, and they will also receive a free lunch.

The group will be accompanied by R. S. Higgins Jr., assistant county agent.

Those attending from Ranger are Sue Stoker, Dot Gibbs, Sandra Taylor, Roma Kay Plovman, and Mainelle Cole.

Paving Being Done In City

Six blocks of paving is being done by city workers in Eastland at present.

Taylor said today, from Daugherty to Seaman Street on Sadosa are being paved and that three more blocks on Oaklawn in the Hillcrest Addition are being prepared for topping.

Oil Progress Week

Oil Big Word In County's History--Past and Present

Oil — how much that three-lettered word has meant to Eastland County! In fact, how much it still means to the 23,542 citizens of this West Texas county.

Let us, during Oil Progress Week, stop and consider just what the oil business does mean to us.

Eastland County has, as of Jan. 1 of this year, a total production of 111,923,497 barrels of oil.

Near Eastland, six miles southeast at Mangum, the Clark P. Chandler field has seen several good producers brought in.

At the same time, Texas oil men noted that production in the Rocky Mountain states and New Mexico was up nearly 13 million barrels, indicating some shifts in demand patterns.

Vote Intelligently

Voting on constitutional amendments has become common place in Texas.

Nov. 2 Texans will have an opportunity to save themselves \$250,000 per year by merely voting yes to Amendment Four.

Our state is in desperate need of adequate physical facilities for our high courts and our attorney general.

Vote intelligently Nov. 2. Vote yes to amendment four.

Maverick B-Teamers To Take On Cisco Tonight

LOCALS SEEK SECOND WIN AT CISCO

The top game of the week-end as far as local grid fans are concerned, will match the Eastland High School B teamers against the Cisco Bees tonight at 7:30.

Coach Bobby Blair's B-Mavs will be home for their second win in three starts.

Coach Blair's probable starting line-up will have J. C. Jarrett at quarterback, Don Lee at left half.

The starting line will be composed of Don Smith at left end, Gene Reagan at left tackle.

Royal Neighbor Convention In Ranger Today

Approximately 175 women from all over West Texas gathered in Ranger this morning to begin the Royal Neighbors all day district convention in Elk's Hall.

Traveling in force from Abilene, Breckenridge, Wichita Falls, Graham, Mineral Wells, Eastland, and Gainesville, the visitors will climax the meeting this evening with a banquet at 6:30 and an evening session that will be open to the public.

The meeting was kicked-off this morning with registration and coffee hour from 9:30 to 10:30.

Income from oil and gas operations means a "second crop" to many farmers, ranchers, and other landowners.

Sales of Texas crude oil in 1953 were estimated to be about \$2.8 billion, topping Texas crop and livestock sales by about \$1 billion.

Crude oil production is the state's largest single source of tax revenue.

Demonstration Meeting Called

"Selecting and Arranging Furniture" will highlight the home demonstration training meeting to be held Monday.

The meeting will be conducted in the County Home Demonstration Office in Eastland by the agent, Minnie Mae Billingsley.

According to Miss Billingsley, the meeting is being scheduled in the morning this month because she is expected at the Lake Cisco Home Demonstration Club that afternoon.

Fifth of A Series Confederate Pension Fund Is Involved In Fourth Amendment

(Editor's Note: This is the fifth in a series of 11 articles giving both sides of the question on the proposed constitutional amendment voters will vote on Nov. 2.)

The fourth proposed amendment voters will vote yes or no on during the Nov. 2 general election concerns the Confederate Pension Fund.

This amendment would transfer the idle surplus of the Confederate Pension Fund to a new State Building Fund to be administered by a newly created State Building Commission.

The amendment would provide that the State Building Fund could be expended by the Commission upon appropriation by the Legislature, and then would specify that the first major structure would be for the use of the Supreme Court and other courts and state agencies as would be provided by law.

The present 2c per \$100 valuation ad valorem tax levied by the Constitution for Confederate pensions would not be changed by this amendment.

The State "loses" over \$500,000 yearly in rent to private landlords. It is advantageous to use cash rather than to increase the State debt by issuing bonds to construct courts and office buildings.

This amendment would not increase the tax burden. There is nearly \$6,000,000 idle in the Confederate Pension Fund, with

about \$1,250,000 increase yearly. Approximately \$500,000 provides for those on the pension roll.

There is only one surviving veteran who receives \$200 per month with 444 widows of veterans who receive \$100 per month and 21 widows living in the Confederate Women's Home who receive \$25 per month.

This amendment provides for construction but not maintenance of certain proposed State buildings. The cost of maintenance and administration of the fund would add immeasurably to our already great state government expense.

Greyhound's luxurious new double-deck Scenicruiser begins service Eastland Saturday, J. S. Judd, general traffic manager for Southwestern Greyhound Lines, Inc., announced today.

The Scenicruiser — carrying a price tag of nearly \$50,000 — will operate through schedules from Memphis to Los Angeles, stopping in Eastland en route to lead passengers.

Five hundred of these new highway travelers are going into service all over the country on Greyhound's extensive network of transportation lines.

The Scenicruiser features such innovations as raised observation deck, panoramic picture windows, improved air-conditioning, Greyhound's famous air suspension ride, individual smoking vents, individual overhead lighting and completely-equipped washroom.

The bus is 40 feet long and seats 43 — 33 on the upper deck and 10 on the lower.

Twain diesel engines, either of which can propel the bus and run accessories alone, are mounted as single unit for quick removal for repairs.

Air-suspension floats the Scenicruiser on pillars of compressed air. Power steering and power brakes insure positive control by driver.

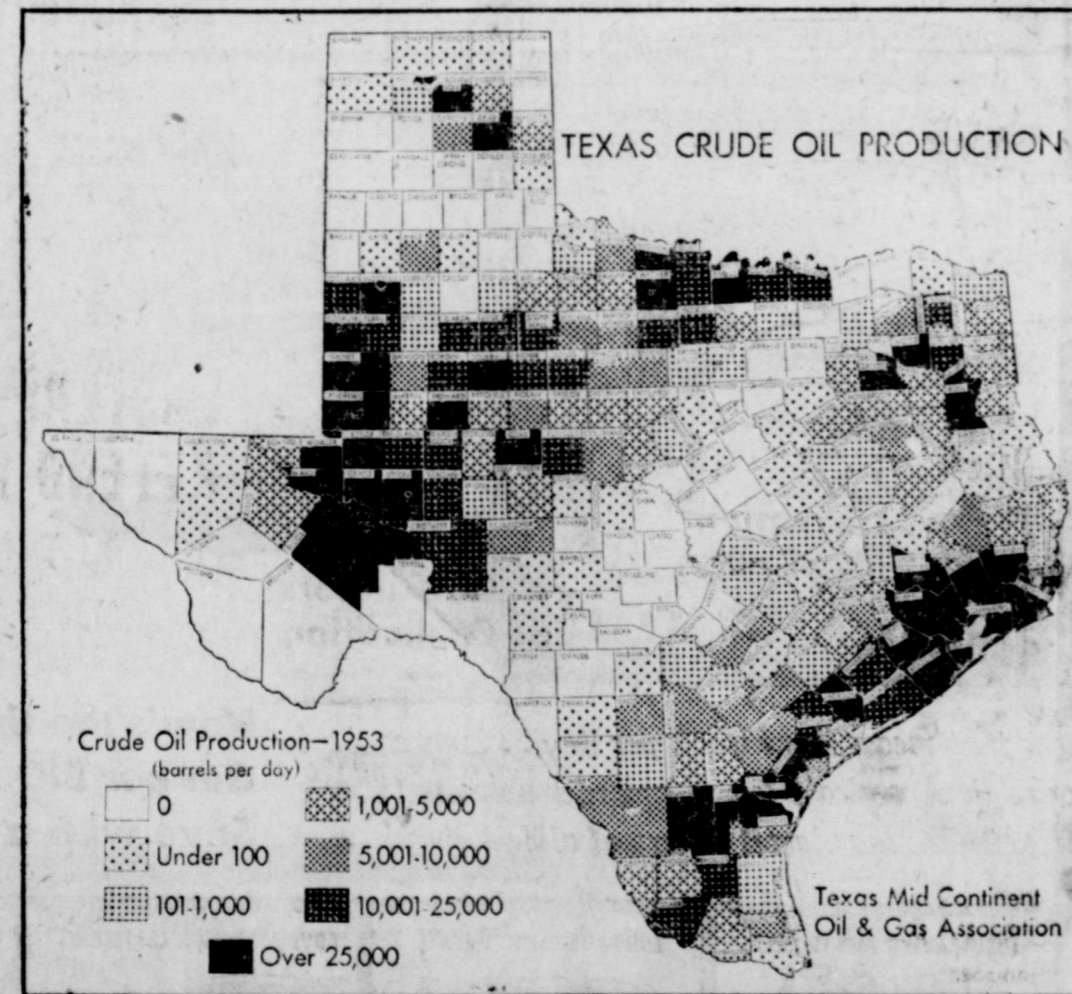

The Scenicruiser was developed after 15 years of design and experimentation by the Greyhound Corporation.

Determined Dogies Dump Dublin 34 To 6

DUBLIN (TNS) — Eastland's touchdowns as did his substitute, Phillip Lewis. Quarterback Clinton Ray (Button) Humphreys ran over three extra points and passed to Left End Otis Green for 35 yards and a touchdown and Jerry Robinson ran over the other extra point.

Coach Hughes gave his starters a night's rest as he played his reserves most of the game.

Dublin kicked off to the 30 where Humphreys raced out to the 45. From there Lethalf Mike Manning smashed over the middle

of the line and carried to the Dublin 33. A penalty rubbed out the play and drove Eastland back to their own 40. Hollis then went to the 49 and then Fullback Billy Don Turner stepped smartly through a hole in the right side of the line and raced 51 yards for a TD. A clipping penalty on the play nullified the score and drove Eastland back to their own 34.

The referee stepped off the penalty from the original line of scrimmage instead of the spot of the

four, thus costing the Dogies 54 yards instead of 15. Three plays later Hollis took a pitch out and raced over to the 12 to score, however, and then Humphreys carried over the extra point try to put Eastland ahead 7-0.

Hollis broke loose on a 37 yard scamper just as the first quarter ended to score again for the Dogies. Humphreys again ran over the point and Eastland led 14-0 as the second period of play began. The reserves came into the game at this point and played most of the remainder of the game.

three plays late in the second period, just long enough for the shifty quarterback to hit Green with a 35 yard scoring pass. Humphreys then ran over the extra point. Score: 21-0.

Eastland's next touchdown came in the third quarter. This time Phillip Lewis stepped off 53 yards to paydirt and Jerry Robinson ran over the extra point to make it 28-0.

The final Eastland TD also came on a run by Lewis. This time the 110-pounder ran 26 points for the tally. Humphreys came into the game to attempt to kick the extra-point try, but the ball fell short.

Dublin's touchdown came late in the final period of play on a 15 yard scamper. The Kittens tried to run over the extra point but failed.

Martin Day highlighted the Ekstland defense. Knicky Arther, Otis Green, Don Hull, Kenneth Tucker and Larry Alldredge also turned in fine play.

What's The Score?

By Virgil Moore

We had a perfect week in predicting high school grid games last week, but missed four out of six college tilts to end up with seven right guesses out of 11.

Texas Ranks 7th In Federal Tax Over 69 Million

Texas ranked seventh among states of the Union in its grand total for the fiscal year 1954 of Federal taxes collected by the Internal Revenue Service.

The Texas tax total was \$2,193,724,847, and represented the combined collection activities of both the Dallas and Austin districts offices.

The regional total recorded for the five states comprising the Dallas region was \$3,633,933,278.

In rounded figures the Texas corporation and income and profits tax total was 620 million dollars. Withheld income taxes and old age insurance accounted for 760 million dollars.

Both Oklahoma and Louisiana recorded fiscal year collections of over one-half billion dollars, with Arkansas and New Mexico, the other two regional states, making up the balance of the region's grand total.

That puts our record for the year at 43 correct predictions out of 61 trials for an average of .705. Our average for the week was a sorry .636, knocking our batting average down from .720 for the season.

This week is open week for just about everybody. The only District 7-A game matches Clyde against unbeaten Cross Plains.

Despite our bad luck in college guessing we are going to pick overrated Texas over underrated Arkansas, SMU over Rice, TCU over A&M, Oklahoma A&M over Houston and Washington over Baylor.

Hope we get a few right at any rate.

As of March, 1954, one person was receiving old-age and disability benefits for every eight persons employed, the Chamber of Commerce of the United States reports.

World's Largest Safety Event To Be Held In Chicago October 18

CHICAGO — What makes a heel at the wheel? Is he a heel to begin with? Or does an automobile change some drivers from nice guys to jerks?

The answers to those questions will be sought at the 42nd annual National Safety Congress, where members of the Cincinnati Psychological Association will take the auto driver apart to see what makes him tick.

Concern with the psychology of the motorist is just one of more than 200 sessions which will jam-pack the five day annual convention of the National Safety Council opening Monday, Oct. 18 in Chicago.

As the nation's No. 1 accident killer, traffic mishaps will receive heavy emphasis. But industrial, home, farm and school safety will come in for their share of discussion by 12,000 delegates expected to attend from every state in the Union and many foreign countries.

Speakers at the opening session Monday in the grand ballroom of the Hilton will be Dr. Henry T. Heald, chancellor of New York University; Mrs. Jean Wade Rindlaub, vice president of Batten, Barton, Durstine & Osborn, Inc.,

Nagging Backache Sleepless Nights

Often Due to Kidney Slow-down

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Two hundred years ago "do-it-yourself" householders used tacks to hang wallpaper. Paste was substituted for tacks in 1750.

Approximately 60 per cent of all employed Americans now have a daily coffee break on the job, a nationwide survey reveals.

Sorority Hears Mrs. D. Pittman Tell Experience

Her experiences in Japan were the subject for a talk by Mrs. Dudley Pittman of Ft. Levensworth, Kansas, Monday night at a meeting of the study in water colors on which Mrs. D. W. Benson is working.

The Exemplar Chapter met in the home of Mrs. H. C. Gage, 203 South Ammerman Street.

Mrs. Pittman described the voyage she and her two sons, Douglas and David, made to Yokohama, in April 1952, to join her husband, a captain with the U. S. Army.

She told of their interesting and varied personal experiences among the Japanese people during a ten months' stay there.

Mrs. Pittman, formerly a resident of Eastland and a charter member of the sorority here, will remain here with her parents, Mr. and Mrs. H. F. Hodges, 517 South Bassett, until late December while Captain Pittman attends Medical Service School in San Antonio.

During the business session of the meeting, Mrs. LeJeune Horton presided. Refreshments were served after the meeting by the hostess, Mrs. Gage.

Attending the meeting were Mmes. Horton, Art Johnson, F.W. Graham, M. H. Perry, Bill Collings, Bob King, Bill Walters, Bill White and Jack Germany.

Local FHA Girls And Sponsor Go To Abilene Meet

Miss Loretta Morris, teacher of the Homemaking department of Eastland High School, and sponsor of their organization Future Homemakers of America, and five of the girls attended the District 2 meeting held Saturday in Abilene.

The meeting was held at Abilene Christian College, with the college students furnishing the program.

They gave the program in the "form of building a home, with the first feature as the foundation and working up from there until their home was complete, from the different program parts," Miss Morris said.

Eastland FHA girls attending were Misses Annette Sherman, Wanda Bivins, Nell Urban, Marian Woods, Laverne Trout.

General George Washington, on Jan. 14, 1776, initiated re-enlistment furloughs in an effort to help re-enlistments and recruiting. This policy has continued in the Army to this day.

Eastland County CWF Has Meeting in Ranger Church

Members of the Eastland County Christian Women's Fellowship met at 2:30 Monday afternoon at the First Christian Church in Ranger.

The program began with a congregational hymn. Mrs. Henry Martin, president of the Ranger CWF introduced Mrs. L. E. Huckaby of Eastland, County president,

who presided and heard various reports.

Mrs. Huckaby offered the opening prayer, after which Mrs. B. G. Firkle gave the devotional entitled "Well, A Little More Time".

Miss Anice Locke entertained with a delightful piano skit.

The main address was given by Rev. Don Fordyce, pastor of the Ranger Church, who spoke on missionary work in South America.

Following the program, refreshments were served. There were 3 present from Cisco, 14 from Eastland and 19 from Ranger.

Assure Butter Quality In Parafined Carton

The flavor for which butter is treasured can be changed when exposed to more dominant foods in storage. To get the most for your money, buy and store butter protected in parafined cartons as it left the creamery. The sturdy carton protects and prevents weight loss, denting, or crushing.

For the three dishes here, butter highlights different sauces. Butter, wine and herbs contribute a sauce that enriches the subtle chicken flavor. Butter and lemon juice give moistness and accent to fish filets. The cheese butter sauce adds food value and novelty to eggs as a luncheon course.

Chicken With Butter Wine Sauce
1 3-pound broiler-fryer, cut up
1-2 teaspoon salt
1-8 teaspoon pepper
1-2 teaspoon paprika
4 tablespoons butter
1 4-ounce can mushrooms
1-2 cup dry red wine
1-16 teaspoon each, savory, rosemary, thyme, marjoram and basil, optional

1-4 cup water
3 cups hot cooked rice
Sprinkle chicken with salt, pepper and paprika. Melt butter in skillet; brown chicken. Drain liquid from mushrooms; add to chicken with wine. Sprinkle with herbs; cover and simmer 45 minutes. Paste several times during cooking, adding water when liquid in skillet is partially reduced. Add mushrooms last 10 minutes cooking time. Serve with hot cooked rice. Yield: 4 servings.

Fish With Amadine Butter Sauce
2 pounds fresh or frozen fish filets, (haddock, flounder, perch, etc.)
1-2 cup melted butter, divided
Paprika
1-4 cup blanched slivered almonds
1 tablespoon lemon juice
Thaw frozen filets before broiling. Place in greased ovenproof platter or foil lined pan. Brush with 1-4 cup of the melted butter; sprinkle with paprika. Place in broiler 2 inches below medium heat. Broil until fish is easily flaked and moist, 10 to 12 minutes. While fish is broiling, brown almonds in 1 tablespoon of the remaining butter. Add remaining butter and lemon juice; heat. Pour over fish. Yield 6 servings.

Eggs With Cheese Butter Sauce
8 slices toast
Butter
1 small can deviled ham
4 eggs, poached
Cut toast into rounds to fit individual serving dishes. Butter 4 of the rounds; spread with deviled ham. Top with remaining toast. Put small amount "Cheese Sauce" in each dish; place toast sandwiches on top. Top with poached egg; spoon remaining sauce over top. If desired, garnish with chopped parsley.
Yield: 4 servings.

***Cheese Butter Sauce**
3 tablespoons butter or margarine
3 tablespoons flour
1-2 teaspoon salt
3-4 teaspoon prepared mustard
1 1-2 cups milk
1 cup grated American cheese
Melt butter; blend in flour, salt and prepared mustard. Add milk and cook, stirring constantly until mixture thickens and comes to a boil. Remove from heat; add grated cheese, stirring occasionally, until cheese is melted.

Dallas Editor Talks On Mexico At Civic League Luncheon, Wed.

Sam Acheson, editorial writer of the Dallas Morning News spoke on "Mexico, and Their Relationship As Neighbors," to members of the Civic League and Garden Club at their opening meeting, a luncheon, at noon Wednesday on the roof garden of the Connellee Hotel.

Mrs. Horace Horton, president, welcomed members and guests, introduced the speaker, and outlined the programs following his talk. Mrs. Frank Sparks sang, "One Fine Day" from Madam Butterfly by Puccini, and the "Iceicle" by Carolyn Bassett accompanied by Mrs. Donald Kinnaird.

Mmes. L. E. McGraw, A. D. Dabney and Curtis Kimbrell decorated the tables, which were laid with white linen and had arrangements of fall fruit and vegetables with autumn leaves and ripened wheat heads. The speaker's table held an arrangement of bronze and gold Chrysanthemums. Seated there were Mr. Acheson, Mrs. John Turner, Mrs. Horton, and Mmes. Frank Sparks, Bill Frost and Jack Germany who with Mrs. Sidney Seale were hostesses.

One hundred and fifteen attended. Recorded background music was furnished by James Dabney.

Trees And Shrubs Should Be Planted Early In The Fall

In the fall months, with a full summer of growth behind them under ideal conditions in nurseries, trees and shrubs are at their peak physical condition, according to the Texas Association of Nurserymen. When planted in the fall they are able to take greater advantage of late winter and very early spring growth and they will produce their full complement of spring and summer foliage and flowers.

Plants generally do most of their growing in the spring and early summer and become dormant in the fall even when, like evergreens, they still have full foliage. Deciduous trees and shrubs of course shed their foliage and renew it the following season. But

whether evergreens or deciduous, fall planting is desirable and often preferred by many nurserymen. There are only a few plants that are better planted in the spring and your nurseryman will advise with respect to them.

The fall months offer cool days when the home owner usually is not crowded with other chores, and has time to fill out his foundation planting with new shrubs, or to establish a rose garden. He can plant a space for an outdoor living room or put in a windbreak, or plant a hedge and trees for more privacy. Most home fruits, both the large fruits, and the small fruits like raspberries and strawberries may be planted in the fall. Late summer and very early fall are excellent times to study what you need in the way of plants to make your home grounds more livable and enjoyable. The summer days are not long past and you know better what you would have liked in order to improve your outdoor living and the appearance of the property. Good landscaping and planting offers a more respectable look both to the home property and the neighborhood. If well done, it will far more than pay for itself by increasing the resale value of the property approximately 20 per cent, in addition to providing better living.

Family Fares Are Announced By Bus Firm

Reduced fares for family travel on Continental Trailways Bus System will be placed in effect November 1, company officials announced this week.

The plan, similar to those in effect on railroads and airlines, reduces the cost for a wife or husband and children between the ages of 5 and 22 to exactly half rate. Children under five ride free as usual.

However, the half rate travel is more flexible than previous plans in that while the passengers must originate their trips on Monday, Tuesday or Wednesday, a round trip return ride may be made on any day of the week within the normal limits of round trip tickets.

The effective date of the plan in the Southeastern states or those east of Memphis, Jackson and New Orleans, will be December 1, according to G. G. Rountree, traffic director of Continental Southern Lines.
